PROXY STATEMENT

Annual Meeting of Stockholders of the Company to be held on June 4, 2009

Some Questions You May Have Regarding this Proxy Statement

Q: What is this document?

A: This document is the proxy statement of Amedisys, Inc. that is being furnished to stockholders in connection with our Annual Meeting of stockholders to be held on Thursday, June 4, 2009 (the Meeting). A form of proxy card also is being furnished with this document. We have tried to make this document simple and easy to understand. The Securities and Exchange Commission (SEC) encourages companies to use plain English, and we will always try to communicate with you clearly and effectively. We will refer to Amedisys, Inc. throughout as we, us, the Company or Amedisys.

Q: Why am I receiving these materials?

A: You are receiving this document because you were one of our stockholders on April 9, 2009, the record date for the Meeting. We are sending this proxy statement and the form of proxy card to you in order to solicit your proxy (*i.e.*, your permission) to vote your shares of Amedisys stock upon certain matters at the Annual Meeting. We are required by law to convene an annual meeting of our stockholders at which directors are elected. Because our shares are widely held, it would be impractical, if not impossible, for our stockholders to meet physically in sufficient numbers to hold a meeting. Accordingly, proxies are solicited from our stockholders. We began mailing this Proxy Statement and the accompanying form of proxy on or about April 28, 2009.

Q: Who may vote at the Meeting?

A: We have fixed the close of business on April 9, 2009, as the record date for determining who is entitled to vote at the Meeting. As of that date, there were 27,307,163 shares of our common stock outstanding and entitled to be voted at the Meeting. You may cast one vote for each share of common stock held by you on April 9, 2009 on all matters presented at the Meeting.

Q: What proposals will be voted on at the Meeting?

A: There are two proposals to be considered and voted on at the Meeting: (1) To elect the seven directors identified in this Proxy Statement to our Board of Directors, each to serve a one-year term expiring at the latter of the 2010 Annual Meeting of Stockholders or upon his successor being elected and qualified and (2) To ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2009.

We will also consider other business that properly comes before the Meeting in accordance with Delaware law and our Bylaws.

Q: What information is available on the Internet?

A: A copy of this Proxy Statement and our 2008 Annual Report to Stockholders is available for download free-of-charge at www.proxyvote.com.

Our company website address is www.amedisys.com. We use our website as a channel of distribution for important company information. Important information, including press releases, analyst presentations and financial, clinical, compliance and other information regarding the Company is routinely posted on and accessible on the Investor Relations subpage of our website, which is accessible by clicking on the tab labeled Investors on our website home page. We will also use our website to expedite public access to time-critical information regarding the Company in advance of or in lieu of distributing a press release or a filing with the disclosing the same information. Therefore, investors should look to the Investor Relations subpage of our website for important and time-critical information. Visitors to our website can also register to receive automatic e-mail and other notifications alerting them when new information is made available on the Investor Relations subpage of our website.

In addition, we make available on the Investor Relations subpage of our website (under the link SEC filings) free of charge our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, ownership reports on Forms 3, 4 and 5 and any amendments to those reports as soon as practicable after we electronically file such reports with the SEC. Further, copies of our Certificate of Incorporation and Bylaws, our Code of Ethical Business Conduct, our Corporate Governance Guidelines and the charters for the Audit, Compensation and Nominating and Corporate Governance Committees of our Board of Directors are also available on the Investor Relations subpage of our website (under the link Corporate Governance).

Q: How does our Board of Directors recommend that I vote?

A: Please see the information included in this Proxy Statement relating to the proposals to be considered and voted on at the Meeting. Our Board of Directors unanimously recommends that you vote **FOR** each of the nominees to our Board of Directors identified in this Proxy Statement and **FOR** the ratification of the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2009.

Q: What constitutes a quorum?

A: The presence in person or by proxy of holders of a majority of our common stock is needed for a quorum at the Meeting.

Q: What are broker votes and broker non-votes ?

A: On certain routine matters, including the election of directors and the ratification of the appointment of KPMG LLP as our independent registered public accountants described in this Proxy Statement, brokerage firms have authority under applicable stock exchange rules to vote their customers' shares if their customers do not provide voting instructions. When a brokerage firm votes its customers' shares on a routine matter without receiving voting instructions (a broker vote), these shares are counted both for establishing a quorum to conduct business at the Meeting and in determining the number of shares voted *for* or *against* the routine matter.

On non-routine matters, if the brokerage firm has not received instructions from its customer, the brokerage firm cannot vote the shares on that proposal.

When a brokerage firm does not have the authority to vote its customers' shares or does not exercise its authority, these are referred to as broker non-votes. Broker non-votes are only counted for establishing a quorum and will have no effect on the outcome of the vote.

We encourage you to provide instructions to your brokerage firm, bank or other nominee by voting your proxy. This action ensures your shares will be voted at the Meeting.

Q: How many votes are required to elect directors?

A: Directors are elected by a plurality of the votes cast at the Meeting. As a result, the seven directors receiving the highest number of *for* votes will be elected as directors.

Q: What if I abstain from voting?

Abstentions with respect to a proposal are counted for purposes of establishing a quorum. If a quorum is present, abstentions will have no effect on the outcome of the vote.

Q: How many votes are needed to approve the proposal to ratify the appointment of KPMG LLP as our independent registered public accountants?

A: Approval of the proposal to ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2009 requires the affirmative vote of a majority of the shares represented at the meeting and entitled to vote.

Q: How will my shares be voted if I return my proxy card? What if I return my proxy card but do not provide voting instructions?

Our Board of Directors has named William F. Borne, our Chief Executive Officer and Chairman, and Larry R. Graham, our President and Chief Operating Officer, as official proxy holders. They will vote all proxies, or record an abstention or withholding, in accordance with the directions on the proxy. If no contrary direction is given, all shares will be voted as recommended by our Board of Directors.

All shares represented by properly executed proxies, unless previously revoked, will be voted at the Meeting as you direct.

IF YOU GIVE NO DIRECTION, THE SHARES WILL BE VOTED **FOR** THE ELECTION OF THE PERSONS NAMED HEREIN AS DIRECTORS AND **FOR** THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2009.

Q: How do I vote?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer, you are considered a stockholder of record with respect to those shares. If you are a record holder, this Proxy Statement and the accompanying proxy card are being sent to you directly by Broadridge Financial Services, Inc. (formerly ADP). Please carefully consider the information contained in this Proxy Statement and, whether or not you plan to attend the Meeting, please vote by accessing the Internet website specified on your proxy card, calling the toll-free number specified on your proxy card or marking, signing and returning your proxy card promptly so that we can be assured of having a quorum present at the Meeting and so that your shares may be voted in accordance with your wishes, even if you later decide not to attend the Meeting. To vote at the Meeting, please bring the enclosed proxy card, or vote using the ballot provided at the Meeting. Please follow the directions on your proxy card carefully.

If, like most of our stockholders, you hold your shares in street name through a broker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of those shares, and this Proxy Statement is being forwarded to you together with a voting instruction card. To vote at the Meeting, beneficial owners will need to contact the broker, bank or other nominee that holds their shares to obtain a legal proxy to bring to the Meeting.

If you hold shares in the name of a broker, bank or other nominee you may be able to vote those shares by Internet or telephone depending on the voting procedures used by your broker, as explained below under the question **How do I vote if my shares are held in street name by a broker, bank or other nominee?**

No cumulative voting rights are authorized, and dissenters' rights are not applicable to the matters being voted upon.

Q: How do I vote if my shares are held in street name by a broker, bank or other nominee?

A: If your shares are held by a broker, bank or other nominee (this is called street name), those shares are not included in the total number of shares listed as owned by you on the enclosed proxy card. Instead, your broker, bank or other nominee will send you directions for voting those shares. Many (but not all) brokerage firms, banks and other nominees participate in a program provided through Broadridge Investor Communication Services that offers Internet and telephone voting options.

Q: May I revoke my proxy after I have delivered my proxy?

A: You may revoke your proxy at any time before it is voted by filing with our Corporate Secretary a written revocation or duly executed proxy with a later date. Your proxy will be considered revoked if you attend the Meeting and vote in person. If you are a beneficial stockholder (hold your shares in street name), you must contact your broker, bank or other nominee to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the Meeting.

Q: Who will bear the cost for soliciting votes for the Meeting?

A: We will bear the cost of soliciting proxies. In addition to the use of mail, our directors, officers and regular employees may solicit proxies in person or by telephone or other means. These persons will not be compensated for the solicitation but may be reimbursed for out-of-pocket expenses. We have also made arrangements with brokerage firms and other custodians, nominees and fiduciaries to forward this material to the beneficial owners of our common stock, and we will reimburse them for their reasonable out-of-pocket expenses.

Q: Who will count the votes?

A: We have hired a third party, Broadridge Financial Services, Inc., to judge voting, be responsible for determining whether or not a quorum is present and tabulate votes cast by proxy at the Meeting.

Q: Where can I find voting results of the Meeting?

A: We will announce preliminary voting results at the Meeting and publish final results in our Quarterly Report on Form 10-Q for the second quarter of 2009 (a copy of which will be available on our website at <http://www.amedisys.com>).

Q: May I propose actions for consideration at the next Annual Meeting of Stockholders or nominate individuals to serve as directors?

A: You may submit proposals for consideration at future stockholder meetings, including director nominations. Please see Other Matters for more details.

Q: Whom should I contact with questions about the Meeting?

A: If you have any questions about this proxy statement or the Meeting, please contact our Chief Financial Officer, Dale E. Redman, at 5959 S. Sherwood Forest Blvd, Baton Rouge, Louisiana 70816 or by telephone at (225) 292-2031 or (800) 467-2662.

PROPOSAL 1 ELECTION OF DIRECTORS
Nominees

Our Bylaws provide that the number of directors will be determined by our Board of Directors, which has set the maximum number of directors at seven persons and which has nominated the seven persons named below for election at the Meeting. All of the nominees currently serve as directors. Each person elected will serve until the next Annual Meeting of Stockholders and until his successor has been duly elected and has qualified. Although our Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises before the Meeting, the persons named in the enclosed Proxy will vote for the election of such other person(s) as may be nominated by our Board of Directors.

Our Board of Directors maintains a Nominating and Corporate Governance Committee to recommend to our Board of Directors all director nominees. Stockholders who wish to recommend a person for consideration as a director nominee should follow the procedures described below under the heading Stockholder Recommendation of Nominees. Our Board of Directors selected the nominees for election at this Meeting upon the unanimous recommendation of the members of the Nominating and Corporate Governance Committee.

Nominees for election to our Board of Directors must possess certain basic personal and professional qualities in order to properly discharge their fiduciary duties to our stockholders, provide effective oversight of our management and monitor our adherence to principles of sound corporate governance. In identifying candidates for membership on our Board of Directors, the Nominating and Corporate Governance Committee takes into consideration a number of factors, including: (i) relevant career experience, relevant technical skills, industry knowledge and experience and financial expertise; (ii) individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought and the ability to work collegially; and (iii) the extent to which the candidate would fulfill a present need on our Board of Directors.

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of our Board of Directors and whether any vacancies on our Board of Directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates who may come to the attention of the Committee through current board members, professional search firms, stockholders or other persons. Each candidate brought to the attention of the Nominating and Corporate Governance Committee, regardless of who recommended such candidate, is considered on the basis of the criteria set forth above.

BOARD COMMITTEES AND MEETINGS

Board and Committee Meetings 2008

Our Board of Directors held six in-person and sixteen telephonic meetings in 2008. Our Board of Directors maintains Audit, Compensation, Nominating and Corporate Governance and Investment Committees that are each comprised solely of independent directors. Each Board committee generally meets on or around the date of each regularly-scheduled quarterly in-person Board meeting. During 2008, the Audit Committee held two in-person and two telephonic meetings, the Compensation Committee held four in-person and four telephonic meetings and the Nominating and Corporate Governance Committee held two in-person meetings and one telephonic meeting. The Investment Committee did not meet formally during 2008. Each director attended at least 75% of the total number of Board meetings and meetings of the Committees on which he served during 2008.

Independent Directors Meetings in Executive Session

The independent directors meet in executive session on a regular basis (and at least once, quarterly) in connection with each in-person Board meeting without any members of our management or non-independent directors present. Mr. LaBorde presides over these executive sessions as Lead Director.

Board Committees

Audit Committee

The Audit Committee's responsibilities are covered by its charter, a copy of which appears on the Corporate Governance sub-page of our website, specifically: <http://www.amedisys.com/committees.cfm>. The Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the Exchange Act), and its responsibilities include hiring and supervising the work of our registered independent public accountants and our Senior Vice President of Internal Audit and overseeing our financial reporting process, internal controls and legal and regulatory compliance.

The Audit Committee is comprised of Jake L. Netterville (Chairman) and each of our other independent directors. Our Board of Directors has determined that each member of the Audit Committee also meets the definition of an independent director as defined by Rule 10A-3 under the Exchange Act and that Messrs. Netterville and LaBorde qualify as audit committee financial experts as defined by Item 407(d)(5) of SEC Regulation S-K and NASDAQ Marketplace Rule 4350(d)(2)(A). This determination is based on the fact that Mr. Netterville is a certified public accountant and Mr. LaBorde, in his previous capacity as Chief Executive Officer of Piccadilly Cafeterias, Inc., a publicly-traded company, directly supervised that company's Chief Financial Officer.

Compensation Committee

The Compensation Committee reviews and acts on compensation levels and benefit plans for our executives, approves director compensation and approves the issuance of stock options, nonvested stock and other equity-based awards under our stock option plans. The Compensation Committee is comprised of David R. Pitts (Chairman) and each of our other independent directors. Our Board of Directors has determined that each member of the Compensation Committee meets the definition of an outside director as defined by regulations promulgated pursuant to Section 162(m) of the Internal Revenue Code and is a non-employee director as defined in the SEC's Rule 16b-3. The Compensation Committee may not delegate any of its authority with respect to approving the compensation (including equity-based compensation) of our directors and executive officers. The Committee may delegate its authority to approve awards of equity-based compensation to persons other than our directors and Executive Officers to our Chief Executive Officer. A copy of the Compensation Committee's charter appears on the Corporate Governance sub-page of our website, specifically: <http://www.amedisys.com/committees.cfm>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, formed in October 2004, recommends to our Board of Directors all nominees for election to our Board of Directors. The Nominating and Corporate Governance Committee also provides assistance to our Board of Directors in the annual evaluations of our Board of Directors and our Chief Executive Officer and the review and consideration of corporate governance practices. The Nominating and Corporate Governance Committee is comprised of Donald A. Washburn (Chairman) and each of our other independent directors. A copy of the Nominating and Corporate Governance Committee's charter appears on the Corporate Governance sub-page of our website, specifically: <http://www.amedisys.com/committees.cfm>.

Investment Committee

The Investment Committee is comprised of Peter F. Ricchiuti (Chairman), Ronald A. LaBorde and David R. Pitts, and its purpose is to monitor our cash investments for investment quality, risk and rate of return consistent with established cash investments policy guidelines.

Lead Director

Ronald A. LaBorde is our Lead Director. The Lead Director performs the following functions: consulting with the Chairman regarding Board and Board committee meeting agendas, maintaining dialogue with executive management and presiding over executive sessions with our independent directors. The specific responsibilities of our Lead Director are set forth in our Bylaws.

Board Independence, Stockholder Communications and Board Attendance at the Annual Stockholders Meeting

Our Board of Directors has reviewed and analyzed the independence of each director nominee. The purpose of the review was to determine whether any particular relationships or transactions involving directors or their affiliates or immediate family members were inconsistent with a determination that the director is independent for purposes of serving on the Board of Directors and its committees. During this review, the Board of Directors examined whether there were any transactions and/or relationships between directors or their affiliates or immediate family members and the Company and the substance of any such transactions or relationships.

Following this review, our Board of Directors determined that all directors other than Mr. Borne and Mr. Graham are independent under the director independence requirements and listing standards of The NASDAQ Global Select Market. Mr. Borne and Mr. Graham are not considered independent because they are executive officers of the Company.

Stockholders who wish to communicate with our Board of Directors should address their communications to our Corporate Secretary, who is responsible for promptly disseminating such communications to our Board of Directors. Stockholders who would like to submit the name of a person for consideration as a director nominee should address any communication to our Corporate Secretary in accordance with the procedures described under the heading "Proposal 1 Election of Directors Stockholder Recommendation of Nominees."

We do not have a formal policy regarding attendance by Board members at our Annual Stockholders Meeting because management is available at the meeting to answer questions from stockholders in attendance. No directors attended the 2008 Annual Stockholders Meeting. Historically, we have had low stockholder attendance at our Annual Stockholders Meetings.

CODE OF ETHICAL BUSINESS CONDUCT

Our Board of Directors has adopted a Code of Ethical Business Conduct that is applicable to all our directors, Executive Officers and employees. The Code is available on the Investors section of our website, <http://www.amedisys.com>, using the link entitled Pledge to our Stockholders. The purpose of the Code is to, among other things, deter wrongdoing and promote: honest and ethical conduct; full, fair, accurate, timely and understandable disclosure in our filings with the SEC and in public communications; compliance with applicable laws, rules and regulations; the prompt internal reporting of violations; and accountability.

CORPORATE GOVERNANCE GUIDELINES

Our Board of Directors has adopted Corporate Governance Guidelines. The purpose of the Guidelines is to assist the Board in the exercise of its responsibilities and to serve the best interests of the Company and its stockholders. A copy of the Corporate Governance Guidelines appears on the Corporate Governance sub-page of our website, specifically: http://www.amedisys.com/corp_governance.cfm.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Exchange Act requires our directors and Executive Officers, and persons who own more than ten percent of our common stock to file reports of ownership and changes of ownership with the SEC. Copies of all filed reports are required to be furnished to us. Based solely upon a review of Forms 3, 4 and 5 and amendments thereto furnished to us during and with respect to 2008 and written representations by our directors and executive officers, we believe that each such person filed, on a timely basis, the reports required by Section 16(a) of the Exchange Act with respect to 2008.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General Information

The Audit Committee of the Board of Directors has appointed KPMG LLP (KPMG) as the independent registered public accounting firm to audit the Company's consolidated financial statements for the fiscal year ending December 31, 2009. The submission of this matter for ratification by stockholders is not legally required; however, our Board of Directors believes that such submission is consistent with best practices in corporate governance and is an opportunity for stockholders to provide direct feedback to the Audit Committee and the Board of Directors on an important issue of corporate governance. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm as our Company's external auditor. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm to be our Company's external auditor at any time during the year if it determines that such a change would be in the best interests of our Company and our stockholders.

REPORT OF THE AUDIT COMMITTEE

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under the Exchange Act.

What is the Audit Committee and what does it do?

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight and review of Amedisys accounting functions and internal controls. The committee recommends to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K and approves all fees paid to our independent registered public accounting firm. The committee also receives quarterly reports from our Internal Audit Department and approves the annual Internal Audit Work Plan and the compensation of the Senior Vice President of Internal Audit.

Are the members of the Audit Committee independent ?

Yes. The Audit Committee is comprised of five directors, all of whom are independent as determined in accordance with the listing standards of the NASDAQ Global Select Market and within the meaning of Rule 10A-3 under the Exchange Act.

Do the members of the Audit Committee meet regularly in executive session without members of Company management present? Do the members of the Audit Committee meet separately with representatives of the Company's independent registered public accounting firm and Internal Audit Departments?

Yes. The Audit Committee meets at least once quarterly in executive session without members of Company management present. During these executive sessions, the Audit Committee will also meet separately with representatives of the Company's independent registered public accounting firm (generally, the Lead Audit Partner) and the Senior Vice President of Internal Audit. The Audit Committee also meets separately with our Chief Compliance Officer.

What steps did the Audit Committee take in recommending that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2008 (our 2008 Annual Report)?

In connection with recommending that our audited financial statements be included in our 2008 Annual Report, the members of the Audit Committee took the following steps:

The members of the Audit Committee discussed with our independent registered public accounting firm their judgment as to the quality, not just the acceptability, of our accounting policies and principles and such other matters as are required to be discussed under generally accepted auditing standards, including

information concerning the scope and result of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process.

Management represented to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit Committee reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, as adopted by the Public Company Accounting Oversight Board (the PCAOB).

The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by PCAOB Rule 3520 (Auditor Independence), and the members of the Audit Committee discussed with the independent registered public accounting firm the firm's independence from the Company and its management. The members of the Audit Committee also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining the independent registered public accounting firm's independence. This discussion and disclosure informed the Audit Committee of the independent registered public accounting firm's independence, and assisted the Audit Committee in evaluating that independence. The members of the Audit Committee concluded that the independent registered public accounting firm is independent from the Company and its management.

The members of the Audit Committee reviewed and discussed, with our management and independent registered public accounting firm, our audited consolidated balance sheet as of December 31, 2008 and the related consolidated statements of operations, stockholders' equity and comprehensive income and cash flows for each of the years in the three-year period ended December 31, 2008, including associated footnotes and Management's Discussion and Analysis of Financial Condition and Results of Operations.

The members of the Audit Committee (or the Chairman of the Committee, pursuant to a delegation of authority) reviewed and pre-approved all permissible non-audit services by our independent registered public accounting firm.

The members of the Audit Committee reviewed and discussed Chief Executive Officer and Chief Financial Officer Certifications concerning the Company's 2008 Annual Report.

Based on the discussions with our independent registered public accounting firm concerning the audit, the independence discussions, the financial statement quarterly review, and additional matters deemed relevant and appropriate by this Committee, including internal audit activities, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our 2008 Annual Report.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) outlines our executive compensation philosophy, objectives and processes. It explains the decision making process used by our Compensation Committee (the Committee), the reasoning behind our executive compensation program, and the actions the Committee took related to the compensation of the executives listed below:

William F. Borne Chief Executive Officer

Larry R. Graham President and Chief Operating Officer

Dale E. Redman Chief Financial Officer

Alice A. Schwartz Chief Information Officer

Jeffrey D. Jeter Chief Compliance Officer

Executive compensation disclosure rules require us to report the compensation of our principal executive officer, who is Mr. Borne, our principal financial officer, who is Mr. Redman, and our next three highest-paid executive officers. We refer to these persons as the Named Executive Officers.

Executive Summary

Our executive compensation program currently consists of base salary, annual performance-based incentives (cash bonus awards), long-term equity awards in the form of restricted stock units and/or nonvested stock grants, and retirement, health and welfare benefits. Each year, the Compensation Committee determines the compensation for our Named Executive Officers.

The Compensation Committee believes our Company's compensation strategy has served our Company and stockholders well. As a result, we continue to rely on long-term equity awards to retain an outstanding executive team and to ensure a strong connection between executive compensation and financial performance. In addition, annual awards of performance-based cash incentives are designed to compensate our Named Executive Officers for achieving specific financial goals established annually by the Compensation Committee, as described under the heading Annual Performance-Based Incentive Compensation, below.

The Compensation Committee believes that the compensation program for our Named Executive Officers has been instrumental in helping our Company achieve its business objectives and is appropriate and fair in light of our Company's strong financial performance. For example, in fiscal year 2008, net service revenue increased 70.1% to \$1.2 billion compared to \$697.9 million in 2007. Net income also increased 33.1% to \$86.7 million in 2008 compared to \$65.1 million in 2007. In addition, earnings per share increased 29.8% to \$3.22 in 2008 compared to \$2.48 per share in 2007 while the number of diluted shares outstanding increased to 26.9 million in 2008 compared to 26.3 million in 2007.

Compensation Philosophy and Objectives

Our compensation philosophy, which extends to all employees including our Named Executive Officers, is designed to align employee and stockholder interests. The philosophy's objective is to pay fairly based upon the employee's position, experience and performance. Employees may be rewarded through additional compensation, for example, in the form of a cash bonus or an equity grant, when we meet or exceed targeted business objectives. Certain employees are also eligible to receive incentive compensation based on both individual and company performance. As an employee's level of responsibility increases, our compensation philosophy generally targets a greater portion of their incentive compensation to be contingent upon company performance.

The objectives of our compensation philosophy are described below:

Market-driven. We structure our compensation programs to be competitive in the total compensation that they offer.

Focused on the individual. We design our incentive compensation programs to attract, motivate and retain key management, including our Named Executive Officers.

Stockholder-aligned. Management-level employees generally have some portion of their incentive compensation aligned with our Company's overall financial performance through cash bonus programs or equity grants, the value of which is directly tied to the creation of stockholder value.

Performance-based. Management-level employees generally have some portion of their incentive compensation linked to a combination of company, operating unit, and/or individual performance. The application of performance measures as well as the form of the award may vary depending on the employee's position and responsibilities.

Values-oriented. Our Core Beliefs, as distributed to each employee upon hire, guide and support the design and administration of our compensation programs. We measure individual performance by taking into consideration both productivity and the extent to which each employee conducts business in accordance with our Core Beliefs. Our Core Beliefs are as follows:

Encourage all Amedisys employees to be stockholders;

Build careers, not jobs;

Have an owner's mentality;

Be a visionary;

Hire great people and invest in their personal and professional growth;

Choose accountability over popularity;

Focus on the things you can control;

Require continuous improvement;

Communicate without fear of retribution;

Embrace and accept change;

Communicate, communicate, communicate;

Practice lateral service; and

Remember why we are here.

Compensation Administration

Role of the Compensation Committee

Pursuant to the terms of its charter, the Committee is responsible for the review and approval of all aspects of our executive compensation program and makes all decisions regarding the compensation of our Named Executive Officers, including our Chief Executive Officer. The Committee's primary responsibilities are as follows:

Review and approval of corporate incentive goals and objectives relevant to executive compensation;

Evaluation of the performance of our Chief Executive Officer and review of the Chief Executive Officer's evaluation of the performance of our other Named Executive Officers;

Evaluation of the competitiveness of the total compensation package for our Named Executive Officers;

Evaluation and approval of Named Executive Officer employment, severance and change-in-control agreements; and

Approval of any changes to the total compensation package for our Named Executive Officers, including but not limited to changes to benefits, base salary, annual cash incentive and long-term equity incentive award opportunities and retention programs.

Additional information regarding the Committee's responsibilities is set forth in its charter, a copy of which is posted on our website at <http://www.amedisys.com/committees.cfm>

Role of the Chief Executive Officer

Our Chief Executive Officer, William Borne, makes recommendations to the Committee regarding the compensation of our other Named Executive Officers. The Committee often requests Mr. Borne to be present at Committee meetings when executive compensation is discussed and relies on Mr. Borne's performance evaluations of our other four Named Executive Officers when deliberating their performance-based compensation. Within the framework of the compensation programs approved by the Committee, Mr. Borne is encouraged to recommend base salary adjustments and make suggestions regarding incentive plan performance measures and equity compensation grants for these executives. Mr. Borne's recommendations are based upon his assessment of each Named Executive Officer's individual performance, the performance of their respective business units or functions, retention considerations and market factors. The Committee reviews these recommendations before making its decision. Mr. Borne does not play any role in the Committee's deliberation of matters impacting his own compensation, and only Committee members are permitted to vote on matters related to Named Executive Officer compensation.

Role of the Independent Compensation Consultant

The Compensation Committee's charter grants the Committee the authority to retain experts in the field of executive compensation to assist the Committee in fulfilling its duties. In 2008, the Compensation Committee engaged Pearl Meyer & Partners as its compensation consultant. In 2008, Pearl Meyer & Partners provided the following consulting services to the Committee:

Executive compensation review and related advice. The review involved the preparation and analysis of selected compensation information (including total compensation, base salaries, incentive compensation, and pay versus performance data) for a peer group of publicly held companies with comparable revenues in the healthcare services sector and published survey data (representing a broader group of companies than the peer group);

Compensation review and related advice for selected members of our non-Named Executive Officer senior management;

Non-employee director compensation review and related advice; and

Assistance with the preparation of the compensation-related portions of our Proxy Statement.

Because Pearl Meyer & Partners does not provide any non-compensation related services to our Company, we believe that they are independent of management and provide the Compensation Committee with objective advice.

As part of its engagement, Pearl Meyer & Partners participated in meetings with both the Compensation Committee and senior management to learn more about our business strategy and executive compensation objectives. The Committee retains Pearl Meyer & Partners directly, although in carrying out assignments, Pearl Meyer & Partners also interacts in certain capacities with our management-level employees.

Review of Peer Group and Survey Data

The Committee reviews each Named Executive Officer's compensation on an annual basis to ensure that it is consistent with our compensation philosophy. In connection with this review process, the Committee reviews compensation practices at peer companies in the healthcare services sector to help ensure that our executive compensation is within a reasonably competitive range. The Committee also reviews survey data regarding the executive compensation practices of similarly sized companies across multiple industries to provide context for

the compensation data of our peer group companies. However, while it considers the peer group and survey data to be helpful in understanding how our compensation levels compare to other companies, the peer group and survey data are only one factor that the Committee considers in making its decisions regarding executive compensation. For example, the Committee also considers the alignment of our then-current compensation practices with our compensation philosophy, program structure, retention goals and other factors (such as recent revenue growth and the integration of large acquisitions) before making compensation decisions.

The primary factors that the Committee considered when determining the members of our Company's peer group are industry and revenue size. Given our Company's recent growth, the Committee has decided to evaluate the appropriateness of its members of its peer group on an annual basis. For example, in late 2006, the Committee reviewed a report prepared by Pearl Meyer & Partners that compared components of our Named Executive Officers' compensation to survey data and the compensation practices adopted by a peer group of similarly sized companies in the healthcare services and facilities sector. In both November 2007 (the 2007 Peer Group) and June 2008 (the 2008 Peer Group), the Committee worked with Pearl Meyer and Partners to evaluate our peer group to better reflect changes due to our Company's growth and performance. For example:

As of December 31, 2006, we owned and operated 261 home health and 14 hospice agencies in 19 states and had net service revenue of \$541.1 million;

As of December 31, 2007, we owned and operated 325 home health and 29 hospice agencies in 30 states and Puerto Rico and had net service revenue of \$697.9 million; and

As of December 31, 2008, we owned and operated 480 home health and 48 hospice agencies in 37 states, the District of Columbia and Puerto Rico and had net service revenue of \$1.1874 billion. A large percentage of our Company's growth in 2008 was attributable to its largest acquisition-to-date, TLC Health Care Services, Inc. (the TLC Acquisition).

As we grew in size as a result of adding new agencies either by acquisition activity or by opening *de novo* start-up agencies, certain smaller health care services and facilities companies (in terms of market value) in our peer group were replaced with larger companies. Our 2007 Peer Group and 2008 Peer Group were comprised of the following companies:

2007 Peer Group	2008 Peer Group
Apria Healthcare Group, Inc.	Apria Healthcare Group, Inc.
Air Methods Corp.	Brookdale Senior Living, Inc.

Review of Named Executive Officer Compensation

During 2008, based on an assessment of our goals and objectives for the compensation of our Named Executive Officers, the Committee approved the following, which are discussed in further detail under related subheadings in this CD&A:

Adjustments to the Named Executive Officers' base salaries;

Annual performance-based cash awards;

Grants of performance-based restricted stock units to the Named Executive Officers; and

Grants of nonvested stock to the Named Executive Officers.

Components of Compensation

We compensate our Named Executive Officers through the following components:

Base salary;

Annual performance-based incentive compensation (cash bonus awards);

Long-term incentives (equity-based awards); and

Retirement, health and welfare benefits and, if deemed appropriate, perquisites.

In determining how our Named Executive Officers' total compensation package is allocated among these components, the Committee emphasizes the components that reward the accomplishment of business objectives and create stockholder value. Concurrently, the Committee believes it is appropriate to provide our Named Executive Officers with a reasonable level of guaranteed compensation through base salary and benefits, together with significant opportunity for additional compensation through annual and long-term incentives. Our Chief Executive Officer and other Named Executive Officers have a higher percentage of variable compensation relative to our other employees. The Committee believes this is appropriate because of the direct influence that our Named Executive Officers have on our financial performance.

Total compensation, consisting of base salaries and annual and long-term incentive compensation at target levels, is generally set between the median and 75th percentile based on an analysis of peer group and survey data, as described above. The Committee also believes that our Named Executive Officers' total compensation should be weighted toward variable compensation through annual cash incentives and equity-based awards. If targeted performance levels are not achieved, our Named Executive Officers' total compensation is likely to be below the median of comparable positions at our peer group companies. Alternatively, if the targeted performance levels are exceeded, our Named Executive Officers' total compensation is likely to be above the median of comparable positions at our peer group companies.

Base Salaries

We target our Named Executive Officers' base salaries to be competitive when compared to the salary levels of persons holding similar positions at competitor companies. The Committee reviewed the 2007 Peer Group and general survey data in making decisions about 2008 salary levels. The Committee also considers each Named Executive Officer's respective responsibilities, experience, expertise and individual performance when setting base salaries.

Our Named Executive Officers' base salaries were adjusted by the Committee in February 2008 (effective April 1, 2008), as follows:

Name	Base Salary through 3/31/08	Base Salary Effective 4/1/08	Percentage Increase
William F. Borne	\$ 650,000	\$ 750,000	15.4%
Larry R. Graham	\$ 475,000	\$ 550,000	15.8%
Dale E. Redman	\$ 300,000	\$ 375,000	25.0%
Alice Ann Schwartz	\$ 250,000	\$ 350,000	40.0%
Jeffrey D. Jeter	\$ 155,000	\$ 180,000	16.1%

These base salary adjustments were greater than our typical annual cost of living/merit adjustments. In making the salary adjustments, the Committee considered each Named Executive Officer's position relative to the market data and the expanded responsibilities of each Named Executive Officer after giving effect to the TLC Acquisition, which added 92 home health and 11 hospice agencies to our operations.

Annual Performance-Based Incentive Compensation

Prior to 2007, the Committee paid discretionary cash bonuses to management employees, including our Named Executive Officers, based on our financial and operational results for the year under consideration. The factors that the Compensation Committee would consider to determine annual incentive payment (i.e. cash bonus) amounts would vary from year to year. The Committee believed that discretionary bonuses provided flexibility to reward performance in a period where annual performance goals proved to be difficult to establish and may have to be continuously revised due to rapid expansion of our business.

Beginning with the 2007 fiscal year, the Committee established annual incentive compensation performance measures based on our Company's continued profitable growth and reserved the ability to reduce (but not increase) the amounts earned as a result of a subjective review of the individual performance of each Named Executive Officer. The Committee continued this approach to annual performance-based incentive compensation in 2008.

In 2008, the target bonus opportunity for each Named Executive Officer was expressed as a percentage of base salary: Mr. Borne 100% of base salary, Mr. Graham 75% of base salary, and the other Named Executive Officers 50% of base salary. Named Executive Officers could earn between zero and 150% of their target opportunity based on the achievement of a certain pre-defined corporate performance measure, and the Committee, in its discretion reserved the ability to reduce (but not increase) the amounts earned as a result of a subjective review of the performance of each Named Executive Officer. Threshold, target and maximum incentive opportunities were set based on our Company's historical practices and the Committee's desire to provide a meaningful award for achieving outstanding performance. In the course of setting the threshold, target and maximum incentive opportunities, the Committee reviewed the 2007 Peer Group and survey data to ensure that the potential awards were competitive.

For 2008, the incentive compensation opportunity was based on the overall corporate performance measure of diluted earnings per share (EPS), as follows:

	Threshold	Target	Maximum
2008 EPS Performance Levels	\$ 2.32	\$ 2.40	\$ 2.50
Incentive Earned as % of Target	50%	100%	150%

In establishing the performance measures, the Committee took into consideration organic growth, past experience integrating large acquisitions and general business opportunities and challenges. The 2008 target EPS

level was approximately 17% higher than the target EPS level that was selected in connection with 2007 incentive compensation opportunities. The Committee felt it was appropriate to set EPS as the sole performance measure because it believes that EPS growth encourages our Named Executive Officers to focus on improving earnings and profitable growth. It also believes that this measure is aligned with our overall objective of creating long-term value for our stockholders.

The target, threshold and maximum EPS levels were set by the Committee in February 2008 prior to the consummation of the TLC Acquisition. Although the TLC Acquisition increased the size of our Company's operations, the Committee chose not to adjust the EPS levels following the closing of the TLC Acquisition because of the risks inherent to integrating a large acquisition into our Company's operations.

Actual 2008 EPS performance substantially exceeded the maximum targeted EPS. The Committee decided to award the maximum cash bonus opportunity based on our Company's financial performance in 2008, including the achievement of EPS \$3.31 per share before one-time acquisition costs, as well as the Named Executive Officers' respective contributions towards the successful integration of the agencies acquired through the TLC Acquisition. Accordingly, our Named Executive Officers received the following cash incentive payments for the 2008 fiscal year: Mr. Borne: \$1,125,000, Mr. Graham: \$618,750, Mr. Redman: \$281,250, Ms. Schwartz: \$262,500 and Mr. Jeter: \$135,000.

Long-Term Incentives

Long-term incentives, in the form of equity-based compensation, are used to balance the short-term focus of our annual cash incentive compensation program with performance incentives over multi-year periods. The Committee believes that providing long-term incentive opportunities supports our compensation philosophy by aligning the interests of our Named Executive Officers, and other long-term incentive compensation participants, with those of our stockholders.

Currently, all equity-based compensation is granted in accordance with the terms of our 2008 Omnibus Incentive Compensation Plan, which is a comprehensive incentive compensation plan that provides for various stock and option awards and also provides for limited cash awards.

We believe that grants of equity-based compensation:

Motivate participants to focus on the creation of stockholder value;

Reinforce the link between the creation of stockholder value and compensation;

Enable us to provide competitive levels of total compensation; and

Aid in the retention of Named Executive Officers and other long-term incentive plan participants.

In 2008, the Compensation Committee granted restricted stock units (which included performance-based vesting requirements) and non-vested stock to our Named Executive Officers. The Committee believes that both time-based vesting and performance-based grant requirements are appropriate means of incenting our Named Executive Officers because they assist in achieving both our pay-for-performance and retention goals.

Restricted Stock Units (RSUs)

RSUs are a promise to deliver shares of our common stock at a later date provided that certain vesting requirements are met prior to the delivery date.

On March 30, 2008, effective April 1, 2008, the Committee approved an RSU grant to each of our Named Executive Officers, subject to the approval by our stockholders of our 2008 Omnibus Incentive Compensation Plan (which approval was obtained at the 2008 Annual Stockholders Meeting). Forty percent of the grant was

subject solely to time-based vesting conditions and sixty percent of the grant was subject to performance-based grant conditions and time-based vesting conditions. The total grant value of the RSU awards (assuming target performance) was as shown in the table below. The target grant values were set based on the Committee's desire to provide a meaningful reward for achieving target performance, were compared to peer group and survey data to ensure that the potential awards were competitive and were evaluated in combination with other elements of compensation to ensure that total compensation was competitive. For the Named Executive Officers other than Mr. Borne, the Committee also considered the recommendations of Mr. Borne in setting the target grant values, which are set forth below:

	Target Grant Value for 40% of RSU Award (Time-Vesting RSUs) (\$)	Target Grant Value for 60% of RSU Award (Performance- Based RSUs) (\$)	Total Target Grant Value (\$)
William F. Borne	\$ 600,000	\$ 900,000	\$ 1,500,000
Larry R. Graham	\$ 385,000	\$ 577,500	\$ 962,500
Dale E. Redman	\$ 150,000	\$ 225,000	\$ 375,000
Alice Ann Schwartz	\$ 140,000	\$ 210,000	\$ 350,000
Jeffrey D. Jeter	\$ 36,000	\$ 54,000	\$ 90,000

The Committee believes that a forty percent/sixty percent split between RSUs subject solely to time-based vesting requirements and RSUs subject to both performance-based grant requirements and time-based vesting requirements, respectively, strikes an appropriate balance between executive retention goals and pay-for-performance.

Time-Vesting RSUs The time-vesting RSUs vest ratably in one-third increments on April 1, 2009, April 1, 2010 and April 1, 2011, provided that the recipient is employed by the Company on each vesting date. The shares of common stock underlying the vested RSUs will be delivered to the Named Executive Officers on April 1, 2013.

The number of time-vesting RSUs granted was calculated by dividing the dollar value allocated to this portion of the award on the date of approval by the Committee (as shown in the table above) by the closing price of our common stock on April 1, 2008 (\$41.37) and resulted in a grant of 14,504 RSUs to Mr. Borne, 9,307 RSUs to Mr. Graham, 3,626 RSUs to Mr. Redman, 3,384 RSUs to Ms. Schwartz and 871 RSUs to Mr. Jeter.

Performance-Based RSUs The number of performance-based RSUs eligible to be earned was based on the achievement of EPS performance levels for our 2008 fiscal year, and the number of RSUs granted was determined on February 17, 2009, the date that we filed our Annual Report on Form 10-K for the year ended December 31, 2008 (the determination date).

The target dollar value of the performance-based RSUs is shown in the table above. The number of shares granted at the threshold, target and maximum levels was determined by dividing the threshold (50% of target value), target and maximum (125% of target value) performance-based RSU dollar values by the closing price of our common stock on April 1, 2008 (\$41.37), as follows:

	Threshold	Target	Maximum
2008 EPS Performance Levels	\$ 2.32	\$ 2.40	\$ 2.50
Incentive Earned as % of Target	50%	100%	125%
Equivalent Number of Shares			
William F. Borne	10,878	21,755	27,194
Larry R. Graham	6,980	13,959	17,449
Dale E. Redman	2,720	5,439	6,799
Alice Ann Schwartz	2,538	5,076	6,345
Jeffrey D. Jeter	653	1,305	1,632

If actual 2008 EPS fell between the threshold and target levels or between the target and maximum levels, the number of shares granted would have been adjusted pro-rata on the determination date. Performance below the threshold level would have resulted in no performance-based RSUs being granted on the determination date.

Our 2008 earnings per share was \$3.31, after adding back certain one-time costs relating to the TLC Acquisition. Based on the EPS performance, each Named Executive Officer was granted the maximum number of shares listed opposite his or her name.

The performance-based RSUs are subject to additional time-based vesting requirements and vest ratably in one-third increments on April 1, 2009, April 1, 2010 and April 1, 2011, provided that the recipient is employed by the Company on each vesting date. The shares of common stock underlying the vested RSUs will be delivered to the Named Executive Officers on April 1, 2013.

The Committee intends to provide long-term incentive compensation opportunities in fiscal 2009 under a similar program as described for fiscal 2008.

Nonvested Stock Grants

On March 30, 2008, effective April 1, 2008, the Committee also approved a grant of nonvested stock to each of our Named Executive Officers, subject to the approval by our stockholders of our 2008 Omnibus Incentive Compensation Plan (which approval was obtained at the 2008 Annual Stockholders Meeting). The Committee chose to grant the nonvested stock in order to provide an additional, discretionary award to our Named Executive Officers for their individual efforts in connection with our Company's outstanding 2007 financial performance (after taking into account the cash bonuses awarded in accordance with the 2007 annual incentive compensation performance goals established in early 2007) and in recognition of the individual efforts of each of our Named Executive Officers in negotiating and consummating the TLC Acquisition. The total value of the nonvested stock awards on the date of approval was \$260,650 for Mr. Borne, \$142,856 for Mr. Graham, \$60,150 for Mr. Redman, \$50,125 for Ms. Schwartz and \$31,078 for Mr. Jeter.

The number of shares granted was calculated by dividing the dollar value on the date of approval by the Compensation Committee by the closing price of our common stock on April 1, 2008 (\$41.37) and resulted in a grant of 6,301 shares of nonvested stock to Mr. Borne, 3,454 shares of nonvested stock to Mr. Graham, 1,454 shares of nonvested stock to Mr. Redman, 1,212 shares of nonvested stock to Ms. Schwartz and 752 shares of nonvested stock to Mr. Jeter. The nonvested shares vest ratably in one-third increments on April 1, 2009, April 1, 2010 and April 1, 2011, provided that the recipient is employed by the Company on each vesting date.

Grants of nonvested stock are not currently part of the fiscal 2009 long-term incentive compensation program, but the Committee retains the discretion to make additional grants of nonvested stock in the future.

Benefits

Named Executive Officers also participate in the retirement, health and welfare benefit programs generally available to our other employees, including paid vacation and paid company holidays. In a few limited circumstances, the Company provides other benefits to Named Executive Officers, as detailed in the tables following this Compensation Discussion and Analysis.

All Named Executive Officers are eligible to participate in our 401(k) plan on the same basis as other Company employees. All Company employees are automatically enrolled at a contribution rate of 3% of their base salary on the first day of the month following their employment date if they do not submit a waiver form. Eligible employees are permitted to defer between 1% and 90% of their salary on a pre-tax basis through bi-weekly payroll deductions. Historically, we have matched \$0.75 of each \$1.00 of each employee's contribution up to the first 6% of his or her salary with our common stock on a quarterly basis, which is a discretionary amount that is

subject to change. Plan participants are permitted to diversify out of our common stock; however, in the case of each Named Executive Officer and other employees who are considered insiders, this must be done in a quarterly trading window when the Named Executive Officer is not in possession of material, non-public information about the Company.

We maintain an aircraft to efficiently transport our employees to our multiple operating locations, many of which are not accessible via direct flight from our corporate headquarters in Baton Rouge, Louisiana. Named Executive Officers generally are not permitted to use the corporate aircraft for non-business activities. However, to the extent that the aircraft is being used for a business-related trip and there are open seats on the aircraft, we do permit the spouses of our executive officers to travel on the aircraft.

All of our Named Executive Officers were eligible to participate in our Executive Deferred Compensation Plan in 2008. The purpose of the plan is to provide each participant with an opportunity to defer receipt of a portion of his or her base salary, bonus and other specified types of cash compensation in accordance with his or her individual personal tax planning goals. Only certain highly-compensated upper-management level employees, including our Named Executive Officers, are eligible to participate in the plan (approximately 100 employees, based on job title). At the discretion of the Compensation Committee, we may make contributions to the plan on behalf of Named Executive Officer participants. No such discretionary contributions were made in 2008.

Stock Ownership

One of the stated Core Beliefs of our Company (as distributed to all employees upon hire) is to Encourage all Amedisys employees to be stockholders. All Named Executive Officers are informally encouraged to follow this Core Belief as an example to other employees and to align their interests with the interests of our stockholders. In furtherance of this objective, certain Named Executive Officers participate in our Employee Stock Purchase Plan. Eligible employees may elect to contribute on an after-tax basis between 1% and 15% of their annual pay through regular payroll deductions to purchase our common stock; provided, however, that an employee may not contribute more than \$25,000 to the plan on an annual basis pursuant to Internal Revenue Service restrictions. Shares are purchased at a 15% discount of the market value of our common stock at the close of business on the last day of each fiscal quarter.

Included in the Corporate Governance Guidelines adopted by our Board of Directors are stock ownership requirements applicable to our independent directors, our Chief Executive Officer and our President and Chief Operating Officer. In an effort to more closely align their interests with those of our stockholders:

Each non-employee (independent) director shall own Company shares with a fair market value equal to at least two times his or her base annual cash retainer

The Chief Executive Officer shall own Company shares with a fair market value equal to at least three times his or her base salary

The President and Chief Operating Officer shall own Company shares with a fair market value equal to at least two times his or her base salary

A person holding one of the titles listed above shall have five years from the date that he or she is elected or appointed (as applicable) to the position (or five years from the initial effective date of the Corporate Governance Guidelines, whichever date is later) to come into compliance with these ownership requirements.

Once a person subject to the stock ownership requirements accumulates shares with a value equal to the required multiple of base salary or annual retainer, he or she must retain the minimum number of shares originally accumulated to meet the threshold requirement on a going-forward basis. If the Company's stock price subsequently declines after the stock ownership requirements are met, he or she will not be required to acquire additional shares.

Equity Grant Practices

Annual incentive compensation is generally awarded, both to our Named Executive Officers and to other eligible employees, on April 1. All Committee decisions regarding annual incentive compensation are generally made around the time that we file our Annual Report on Form 10-K for the previous fiscal year.

Deductibility of Compensation

Internal Revenue Code Section 162(m) limits the amount of compensation paid to the Named Executive Officers that may be deducted by us for federal income tax purposes in any fiscal year to \$1 million. Performance-based compensation that has been approved by our stockholders is not subject to the \$1 million deduction limit. All of our equity-based incentive plans have been approved by our stockholders, and awards under those plans, other than certain time-based vesting RSUs and nonvested stock, constitute performance-based compensation that is not subject to the Code Section 162(m) deduction limit. While the Committee intends that all compensation be deductible, there may be instances where potentially non-deductible compensation is provided to reward our Named Executive Officers consistent with our compensation philosophy for each compensation element.

Our 2008 Omnibus Incentive Compensation Plan provides for qualifying performance-based compensation, including annual bonuses. The Plan allows us flexibility in structuring our executive compensation programs while maximizing the tax deductibility of awards to the benefit of the Company and our stockholders, whether they are denominated in cash or stock.

Employment Agreements

Effective December 31, 2007, Messrs. Borne, Graham, Redman and Jeter and Ms. Schwartz entered into new employment agreements with the Company. The agreements were drafted with the assistance of the Committee's outside counsel and information provided by Pearl Meyer & Partners.

The new agreements were designed to accomplish the following objectives:

Update agreement provisions to reflect current market practices related to executive compensation;

Update agreement provisions to comply with new legal requirements pertaining to executive compensation; and

Where appropriate, standardize the agreements to have the same or similar terms.

The employment agreements for each of our Named Executive Officers contain provisions entitling him or her to receive severance benefits for certain qualifying terminations, as described under Potential Payments upon Termination or Change-in-Control, below. These triggers for severance payments were selected in order to permit these key employees to focus on the interests of our Company and our stockholders without undue concern for their personal job security.

In return for severance benefits, our Named Executive Officers are bound by certain non-compete, non-solicitation, confidentiality and non-disclosure covenants, as defined in their agreements. If our Named Executive Officers breach these covenants, we are no longer obligated to make any severance payments otherwise due to them, and all unexercised stock options, nonvested stock and other nonvested equity awards are immediately forfeited. Additionally, in the event of a breach, each Named Executive Officer's agreement contains a claw-back provision obligating them to repay the Company any award gain (as defined below) realized during the six-month period prior to the occurrence of the breach (or, if the breach occurs after the Named Executive Officer ceases to be employed by the Company, the date of termination of their employment) and for a period of time following such date (24 months for Messrs. Borne and Graham and 18 months for Messrs. Redman and Jeter and Ms. Schwartz). As defined in the employment agreements, award gain means:

in respect of a given stock option exercise, the product of (X) the fair market value per share of common stock at the date of such exercise (without regard to any subsequent change in the market price of shares)

minus the exercise price times (Y) the number of shares as to which the stock option was exercised at that date; and

in respect of any other settlement of any other cash bonus or equity award granted to the Named Executive Officer, the fair market value of the cash or stock paid or payable to the Named Executive Officer (regardless of any elective deferral) less any cash or the fair market value of any stock or property (other than a cash award or equity award or award which would have itself then been forfeitable hereunder and excluding any payment of tax withholding) paid by the Named Executive Officer to us as a condition of or in connection with such settlement.

The Compensation Committee believes that these forfeiture provisions provide assurance that our business interests will be appropriately protected upon the termination of employment of a Named Executive Officer.

- (1) The amounts shown in columns (f), (g) and (h) reflect future payouts of performance-based RSUs set by the Compensation Committee pursuant to our 2008 Omnibus Incentive Compensation Plan. As of February 17, 2009, the Compensation Committee concluded that we had achieved the necessary performance levels for the award recipients to be entitled to the maximum award. The award is also subject to a vesting period and will be delivered on April 1, 2013.
- (2) The amounts shown in column (i) reflect the number of shares of nonvested stock and nonvested stock units granted to each of our Named Executive Officers pursuant to our 2008 Omnibus Incentive Compensation Plan.
- (3) The amounts shown in column (l) reflect the grant date fair value of nonvested stock awards under SFAS No. 123(R) granted to each of our Named Executive Officers. Generally, the grant date fair value is the amount that we would expense in our financial statements over the vesting period of the award. Assumptions used in the calculation of this amount are included in Note 7 to our audited financial statements for the year ended December 31, 2008, included in our Annual Report on Form 10-K filed with the SEC on February 17, 2009.
- (4) Time-vesting RSUs are also referred to as non-vested stock units in our SEC filings and performance-based RSUs are also referred to as performance-based awards in our SEC filings. In the case of dividends, recipients of these awards would be paid stock dividends in a similar manner as holders of our common stock, if such dividends were paid. However, only recipients of nonvested share awards would be paid cash dividends in a similar manner as holders of our common stock, if such dividends were paid. Holders of time-vesting RSUs and performance-based RSUs are not eligible to receive cash dividends prior to vesting.

- (2) Mr. Graham elected to defer \$158,942 of his salary and \$309,375 of his 2008 cash incentive payment under our Nonqualified Deferred Compensation Plan, as noted in the Summary Compensation Table.

The Amedisys, Inc. Executive Deferred Compensation Plan generally permits employees whose annual cash compensation exceeds certain dollar thresholds (including each of our Named Executive Officers) to defer receipt of all or a portion of their annual base salary, bonus and other types of specified cash compensation until a specific future date. A participant may choose to defer either a percentage (in a whole amount) or a specific dollar amount of his or her annual base salary or bonus (or other types of specified cash compensation) in an amount equal to up to 100% of such compensation. During the deferral period, the participant selects a deemed investment rate or rates to be applied to the deferred amount from the asset allocation options and core options that are offered as investment vehicles under the plan. Deemed investment rates are the performance rates the participant would earn if the deferred funds were actually invested in one of the third-party investment vehicles. Our common stock is not an investment option under the plan. Deferred amounts are credited with earnings or losses based on the performance of the applicable deemed investment rates. A participant may choose to receive either (i) an in-service distribution in the form of a lump sum or in annual installments from two to five years or (ii) a termination distribution in the form of a lump sum or in annual installments from two to fifteen years. An in-service distribution may be re-deferred to a later in-service distribution year or to a termination distribution, subject to plan limits on such re-deferrals and timing restrictions on electing them. At the time of initial enrollment into the plan, a participant may elect to receive a distribution of his or her deferred compensation a single lump sum upon a change-in-control. Deferred compensation is also distributed upon the death or disability of the participant in accordance with plan limits.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The following is a description of the termination and change-in-control payment provisions included in our Named Executive Officers' respective employment agreements. Unless otherwise defined herein, all capitalized terms have the meanings ascribed to them in the applicable employment agreement. The terms below describe certain, but not all, triggering events that may result in termination or change-in-control payments to our Named Executive Officers.

Cause is defined to include, among other things, willful gross neglect or misconduct, violation of our code of conduct, breach of the restrictive covenants of the employment agreement and misconduct in financial reporting.

Good Reason is defined as the occurrence of any of the following circumstances without the Named Executive Officer's express written consent, unless the breach is corrected within thirty days from the date we are put on notice of the occurrence: (i) a material change in the Named Executive Officer's base salary, (ii) a relocation of our corporate offices outside of a 50 mile radius from Baton Rouge, Louisiana (iii) a material diminution of the Named Executive Officer's authority, responsibility's or duties, or (iv) any material breach of the Named Executive Officer's employment agreement caused by us.

A *Change of Control* occurs when (i) any person or group (as defined in the Securities Exchange Act of 1934, as amended) becomes the beneficial owner, directly or indirectly, of our securities or the securities of any significant subsidiary, representing 50% or more of the combined voting power of our or such subsidiary's then outstanding securities; (ii) as a result of a contested election or the designation by a person who has entered into an agreement with us to effect a transaction with us specified in items (i), (iii) or (iv) of this definition, individuals who at the beginning of any 12-month period constitute our Board of Directors, cease to constitute at least a majority of the Board of Directors; (iii) the consummation of a merger or consolidation of us or any significant subsidiary with any other entity, other than a merger or consolidation which would result in our voting securities or the voting securities of a significant subsidiary outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving or resulting entity) more than 50% of the combined voting power of the surviving or resulting entity outstanding immediately after such merger or consolidation; or (iv) our stockholders approve a plan or agreement for the sale or disposition of all or substantially all of our consolidated assets (other than such a sale or disposition immediately after which such assets will be owned directly or indirectly by our stockholders in substantially the same proportions as their ownership of our common stock immediately prior to such sale or disposition).

Employment Agreement with Mr. Borne

Pursuant to his three-year employment agreement with the Company dated December 19, 2007 (which agreement supersedes and replaces his previous agreement dated April 1, 2005), Mr. Borne has agreed to serve as our Chief Executive Officer, with such duties and responsibilities as are customary for the chief executive officer of corporations of a similar size. Upon expiration of the three-year term, Mr. Borne's employment will continue on an at will basis; provided that if Mr. Borne is terminated without Cause or resigns for Good Reason thereafter, he will be compensated as if the employment agreement were still in effect.

Under the terms of his employment agreement, Mr. Borne, among other things, is entitled to:

- (1) an annual base salary of no less than \$650,000, subject to annual review for increase by the Board;
- (2) participate in our annual incentive plan, with a target award opportunity established by the Board;
- (3) participate in our other incentive compensation, pension, welfare and benefit plans and programs as are made available to our senior level executives or to our employees in general, including vacation, compensation deferral, health, medical, dental, long-term disability, travel, accident and life insurance plans, subject to eligibility;

 - (7) reimbursement for tax preparation services in an amount up to \$2,500; and
 - (8) use of an automobile, and reimbursement of all maintenance, insurance and gas expenses; Mr. Borne shall be entitled to a new automobile no less often than every two years. Mr. Borne will receive the title to the automobile if his employment is terminated without Cause or with Good Reason.

Until the expiration of the term of the agreement, we agree to use our reasonable best efforts, to the extent not inconsistent with applicable laws, rules, regulations and good governance standards, to nominate and cause the election of Mr. Borne to our Board of Directors and to the Board's Executive Committee, if one is constituted. If, at any time during the term of the agreement Mr. Borne is not elected to and serving on our Board of Directors, Mr. Borne is be entitled to terminate the agreement and be entitled to the remedies provided for a termination without Cause, which are described below.

Mr. Borne is entitled to certain compensation and benefits upon the following triggering events:

Death, Disability and Retirement. In the event Mr. Borne's employment is terminated due to his death, disability or retirement, Mr. Borne or his surviving spouse or estate (as the case may be) will be entitled to any benefits due or earned in accordance with applicable benefit plans, and the following amounts will be paid in a single lump sum within 15 days of the termination of his employment: (a) unpaid base salary through the date of termination; and (b) incentive awards earned in the prior year, but not yet paid. Additionally, all unvested equity awards held by Mr. Borne as of the date of his employment agreement will immediately vest.

Termination for Cause or Resignation without Good Reason. If Mr. Borne is terminated for Cause or if Mr. Borne voluntarily resigns without Good Reason (unrelated to a Change of Control), he will be entitled to any benefits earned in accordance with the applicable benefit plans, and the following amounts which will be paid in a single lump sum within 15 days of termination of his employment: (a) unpaid base salary through the date of termination; and (b) incentive awards earned in the prior year, but not yet paid. Further, he will be obligated to repay to us, in cash, within five business days after demand is made therefor by us, the total amount of Award Gain (as defined below) realized by him upon each exercise of a stock option or settlement of an equity award subject to vesting conditions (regardless of any elective deferral) that occurred during the six month period prior to his termination. As defined in his employment agreement, Award Gain means (i), in respect of a given stock option exercise, the product of (X) the fair market value per share of common stock at the date of such exercise (without regard to any subsequent change in the market price of shares) minus the exercise price times (Y) the number of shares as to which the stock option was exercised at that date, and (ii), in respect of any other settlement of an award given to him, the fair market value of the cash or stock paid or payable to him (regardless of any elective deferral) less any cash or the fair market value of any stock or property (other than an award which would have itself then been forfeitable hereunder and excluding any payment of tax withholding) paid by him to us as a condition of or in connection such settlement. Finally, he will be obligated to repay to us, in cash, within five business days after demand is made therefor by us, the total amount of any payments made by us to him or on his behalf under specified sections of his employment agreement.

Termination without Cause or resignation with Good Reason unrelated to a Change of Control. If Mr. Borne is terminated without Cause or resigns with Good Reason, in both cases unrelated to a Change of Control, Mr. Borne will be entitled to any benefits earned in accordance with applicable benefit plans and the following:

- (1) unpaid base salary through the date of termination, paid in a single lump sum within 15 days of termination;

- (2) unpaid incentive awards earned in the prior year, paid in a single lump sum with 15 days of the termination;

- (4) an amount equal to two times the sum of (A) his base salary and (B) the greater of (x) the Target Bonus for the year of termination or (y) the actual prior year bonus, which amount will be paid in 24 equal monthly installments following termination.

Termination without Cause Following a Change of Control, resignation with Good Reason following a Change of Control or resignation during an open window period following a Change of Control. In the event that Mr. Borne's employment is terminated without Cause or he resigns with Good Reason within one year of a Change of Control (including 90 days before a Change of Control), or in the event Mr. Borne voluntarily terminates his employment (for any reason) on or after 275 days (but no later than 305 days) following a Change of Control, Mr. Borne shall be entitled to any benefits earned in accordance with applicable benefit plans and the following:

- (1) unpaid base salary through the date of termination paid in a single lump sum within 15 days of the termination;
 - (2) unpaid incentive awards earned in the prior year paid in a single lump sum with 15 days of the termination;

 - (5) immediate vesting of all unvested equity awards held by Mr. Borne as of the date of the employment agreement.
- Mr. Borne may request that we or our successor provide financial security for payments required by the occurrence of a Change of Control.

Mr. Borne is entitled to receive tax gross up payments from us for any excise taxes imposed on payments received under the employment agreement that would constitute excess parachute payments within the meaning of Section 280G(b)(1) of the Internal Revenue Code of 1986, as amended, not to exceed \$1 million, unless the tax gross up payments would result in an increase in excise taxes of more than \$1 million.

Mr. Borne is subject to certain restrictive covenants, including prohibitions against competition and solicitation for 24 months following his termination. If Mr. Borne breaches the restrictive covenants, we will no longer be obligated to make any severance payments otherwise due to him, and all unexercised stock options will be immediately forfeited. Additionally, in the event of a breach, Mr. Borne will be obligated to repay us (i) the total amount of severance payments previously made to him and (ii) any Award Gain realized by him during the period six (6) months prior to the occurrence of the breach and for 24 months following the breach.

Both Mr. Borne and the Company are subject to arbitration for resolution of disputes arising out of the employment agreement.

Termination without Cause or resignation with Good Reason following a Change of Control. Mr. Redman does not have the option (that Mr. Borne and Mr. Graham have) to voluntarily resign during a window of time following a Change of Control and still receive severance benefits. In the event that Mr. Redman's employment is terminated without Cause or he resigns with Good Reason within one year of a Change of Control (including 90 days before a Change of Control), Mr. Redman shall be entitled to any benefits earned in accordance with applicable benefit plans and the following:

(1) unpaid base salary through the date of termination paid in a single lump sum within 15 days of the termination;

(2) unpaid incentive awards earned in the prior year paid in a single lump sum with 15 days of the termination;

(3) continued participation in our medical plan or an equal allowance for premiums for a period of time beginning on the date of termination and ending at the earlier occurrence of the expiration of 18 months or until Mr. Redman receives substantially comparable coverage provided by a subsequent employer;

(4) an amount equal to two (2) times the sum of (A) his base salary and (B) the greater of (x) the Target Bonus for the year of termination or (y) the actual prior year bonus, which amount will be paid in a lump sum following termination; and

(5) immediate vesting of all unvested equity awards held by Mr. Redman as of the date of the employment agreement.

Mr. Redman is entitled to receive tax gross up payments from us for any excise taxes imposed on payments received under the employment agreement that would constitute excess parachute payments within the meaning of Section 280G(b)(1) of the Internal Revenue Code of 1986, as amended, not to exceed \$1,000,000, unless the tax gross up payments would result in an increase in excise taxes of more than \$1,000,000.

Mr. Redman is subject to certain restrictive covenants, including prohibitions against competition and solicitation for 18 months following his termination. If Mr. Redman breaches the restrictive covenants, we will no longer be obligated to make any severance payments otherwise due to him, and all unexercised stock options will be immediately forfeited. Additionally, in the event of a breach, Mr. Redman will be obligated to repay us (i) the total amount of severance payments previously made to him and (ii) any Award Gain realized by him during the period six (6) months prior to the occurrence of the breach and for 18 months following the breach.

Both Mr. Redman and the Company are subject to arbitration for resolution of disputes arising out of the employment agreement.
