PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 6, 2010

This proxy statement is being furnished to stockholders of OceanFirst Financial Corp. (the Company) the holding company of OceanFirst Bank (the Bank) in connection with the solicitation by the Board of Directors of proxies to be used at the Annual Meeting of Stockholders to be held on May 6, 2010 at 10:00 a.m. Eastern time, at the Crystal Point Yacht Club, 3900 River Road, at the intersection of State Highway 70, Point Pleasant, New Jersey, 08742 and at any adjournment or postponement of the Annual Meeting. The Annual Report of Stockholders, including the consolidated financial statements of the Company and its subsidiaries for the fiscal year ended December 31, 2009, accompanies this proxy statement which is first being mailed to record holders on or about April 2, 2010.

Voting and Proxy Procedure

Who Can Vote at the Annual Meeting

You are entitled to vote your shares of the Company's common stock only if the records of the Company show that you held your shares as of the close of business on March 9, 2010. As of the close of business on that date, a total of 18,821,956 shares of OceanFirst Financial Corp. common stock were outstanding and entitled to vote. Each share of common stock has one vote. As provided in Article Fourth of the Company's Certificate of Incorporation, record holders of common stock who beneficially own in excess of 10% of the outstanding shares of common stock are not entitled to any vote in respect of the shares held in excess of this limit. A person or entity is deemed to beneficially own shares owned by an affiliate of, as well as by persons acting in concert with, such person or entity. The Company's Certificate of Incorporation authorizes the Board of Directors (i) to make all determinations necessary to implement and apply the limit, including determining whether persons or entities are acting in concert, and (ii) to demand that any person who is reasonably believed to beneficially own stock in excess of the limit supply information to the Company to enable the Board of Directors to implement and apply the limit.

Attending the Annual Meeting

If you are a beneficial owner of OceanFirst Financial Corp. common stock held by a broker, bank or other nominee (i.e., in street name), you will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of OceanFirst Financial Corp. common stock held in street name in person at the meeting, you must obtain a written proxy in your name from the broker, bank or other nominee who is the record holder of your shares.

Quorum and Vote required

The Annual Meeting will be held only if there is a quorum. A majority of the outstanding shares of common stock entitled to vote and represented at the Annual Meeting constitutes a quorum. If you return valid proxy instructions or attend the meeting in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not receive voting instructions from the beneficial owner and casts an uninstructed vote.

In voting on the election of directors, you may vote in favor of all nominees, withhold votes as to all nominees or withhold votes as to specific nominees. There is no cumulative voting for the election of directors. Directors must be elected by a plurality of the votes cast at the Annual Meeting. This means that the nominees receiving the greatest number of votes will be elected. Broker non-votes may not be counted as votes cast in the election of directors. Votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In voting to ratify the appointment of KPMG LLP as the independent registered public accounting firm, you may vote in favor of the proposal, against the proposal or abstain from voting. To be approved, this matter requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Broker non-votes and abstentions will not be counted as votes cast and will have no effect on the voting.

Voting by Proxy; Revocation of Proxy

This proxy statement is being sent to you by the Board of Directors of the Company for the purpose of requesting that you allow your shares of Company common stock to be represented at the Annual Meeting by the persons named in the enclosed proxy card. All shares of Company common stock represented at the Annual Meeting by properly executed and dated proxies will be voted in accordance with the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. **The Board of Directors recommends a vote FOR each of the nominees for director and FOR ratification of KPMG LLP as the independent registered public accounting firm.**

If any matters not described in this proxy statement are properly presented at the Annual Meeting, the persons named in the proxy card will use their own judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the Annual Meeting in order to solicit additional proxies. If the Annual Meeting is adjourned or postponed, your Company common stock may be voted by the persons named in the proxy card on the new meeting dates as well, unless you have revoked your proxy. The Company does not know of any other matters to be presented at the Annual Meeting.

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. To revoke your proxy you must either advise the Corporate Secretary of the Company in writing before your common stock has been voted at the Annual Meeting, deliver a later dated and signed proxy card, or attend the Annual Meeting and vote your shares in person. Attendance at the Annual Meeting will not in itself constitute revocation of your proxy.

If your Company common stock is held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted. Your broker, bank or other nominee may allow you to deliver your voting instructions via the telephone or the Internet. Please see the instruction form provided by your broker, bank or other nominee, that accompanies this proxy statement.

Participants in OceanFirst Financial Corp.'s and OceanFirst Bank's Benefit Plans

If you participate in the OceanFirst Bank Employee Stock Ownership Plan or the OceanFirst Bank Matching Contribution Employee Stock Ownership Plan (collectively the ESOP), or the OceanFirst Bank Retirement Plan, (the 401(k) Plan), you will receive a voting instruction form for each plan that reflects all shares you may vote under the particular plan. Under the terms of the ESOP, the trustee votes all shares held by the ESOP, but each participant in the ESOP may direct the trustee how to vote the shares of the Company common stock allocated to his or her account. The ESOP trustee, subject to the exercise of its fiduciary duties, will vote all unallocated shares of Company common stock held by the ESOP and allocated shares of Company common stock for which no voting instructions are received in the same proportion as shares for which it has received timely voting instructions. Under the terms of the 401(k) Plan, a participant is entitled to direct the trustee how to vote the shares of Company common stock in the plan credited to his or her account. The trustee will vote all shares for which no directions are given or for which timely instructions were not received in the same proportion as shares for which such trustee received timely voting instructions. The deadline for returning your voting instructions to each plan's trustee is April 30, 2010.

If you have any questions about voting, please contact the Company's proxy solicitor, Georgeson Inc., by calling toll free at 866-206-4955.

CORPORATE GOVERNANCE

General

The Company periodically reviews its corporate governance policies and procedures to ensure that the Company meets the highest standards of ethical conduct, reports results with accuracy and transparency and maintains full compliance with the laws, rules and regulations that govern the Company's operations. As part of this periodic corporate governance review, the Board of Directors reviews and adopts best corporate governance policies and practices for the Company.

Corporate Governance Policies and Procedures

The Company has adopted a Corporate Governance Policy to govern certain activities, including:

- (1) the duties and responsibilities of the Board of Directors and each director;
- (2) the composition and operation of the Board of Directors;
- (3) the establishment and operation of Board committees;
- (4) convening executive sessions of independent directors;
- (5) succession planning;
- (6) the Board of Directors' interaction with management; and
- (7) the evaluation of the performance of the Board of Directors, its committees and of the Chief Executive Officer.

In accordance with the Corporate Governance Policy, at least a majority of the directors on the Board must be independent directors as defined in the listing requirements of the Nasdaq Stock Market.

Effective February 21, 2007, upon the recommendation of the Corporate Governance/Nominating Committee, the Board adopted the stock ownership guidelines (Guidelines) for non-employee directors and those executive officers named in the proxy statement (proxy officers). The Guidelines were adopted to better align the interests of the non-employee directors and those executive officers named in the proxy statement with those of the Company's stockholders. The Guidelines provide that each non-employee director must own shares of the Company's common stock equal in market value to three times the value of the combined annual director retainers received from the Company and the Bank. Current directors are expected to attain the minimum ownership within three years of adoption of the Guidelines. Newly elected directors must meet the Guidelines within three years of first being elected and qualified. For purposes of the Guidelines, the following shares count towards meeting the ownership requirements: 1) shares beneficially owned by the director and by immediate family members sharing the same household; 2) vested and unvested restricted stock awards; 3) shares acquired upon the exercise of stock options; and 4) shares held in trust where the director or an immediate family member is the beneficiary. Until the Guidelines are met, all retainers will be paid in Company stock, and a director must retain the net shares delivered upon the vesting of restricted share awards or the exercise of stock options. Once achieved, the ownership guidelines must continue to be met during the period the director serves on the Board.

Similarly, the Guidelines require the Chief Executive Officer to own Company stock with a value equal to five times his annual base salary. The other proxy officers must own Company stock with a value equal to three times their annual base salary. Each officer must meet the share ownership requirements within five years of the Guidelines' adoption. Shares that count towards the Guidelines' requirement include those shares listed under the directors share ownership requirements with the addition of shares held in the officer's ESOP and 401(k) account and the value of vested and unvested stock options, where such value is calculated as the cumulative expense recognized by the Company on its financial statements.

Edgar Filing: OCEANFIRST FINANCIAL CORP - Form DEF 14A

Board leadership structure. The Board is led by the Chairman of the Board, John R. Garbarino. Mr. Garbarino also serves as the President and Chief Executive Officer of the Company. The Board believes that combining the roles of Chairman and CEO provides an efficient and effective leadership model for the Company by fostering clear accountability, effective decision-making, and alignment on corporate strategy. To assure effective independent oversight, the Board has adopted a number of governance practices, including:

the establishment of an independent lead director (Lead Director),

executive sessions of the independent directors at least twice per year to discuss, among other matters, the performance of the CEO, management succession planning and such other matters as the independent directors deem appropriate,

the opportunity at each regularly scheduled Board meeting to enter into executive session if desired by the independent directors,

seven of eight of the Board members are independent,

annual performance evaluation of the Chairman and CEO by the independent directors, and

the Company's Board Committees are comprised entirely of independent members.

The Company's Corporate Governance Policy provides that the Chairman of the Corporate Governance/Nominating Committee, currently Mr. John E. Walsh, shall also serve as the Lead Director. The Corporate Governance Policy provides that the duties of the Lead Director include assisting the Board in assuring compliance with and implementation of the Company's Corporate Governance Policy, coordinating the agenda for and moderating sessions of the Board's independent directors, and acting as principal liaison on certain issues between the independent and inside directors, including the Chairman of the Board, as applicable.

While the Board believes that the current leadership structure is best suited for the Company, it recognizes that other leadership models in the future might be more appropriate, depending on the circumstances. Accordingly, the Board periodically reviews its leadership structure.

Board role in the oversight of risk.

Under the Company's Corporate Governance Policy, the business and affairs of the Company are managed by the officers under the direction of the Board. The Board is charged with providing oversight of the Company's risk management processes. The Audit Committee is primarily responsible for overseeing the risk management function at the Company on behalf of the Board. In carrying out its responsibilities, the Audit Committee works closely with the Company's Chief Risk Officer and other officers of the Company involved in risk management. The Audit Committee meets at least quarterly with executive management, the Chief Risk Officer, the internal auditor and the independent registered public accounting firm and receives a comprehensive report on risk management, including management's assessment of risk exposures (including risks related to liquidity, credit, operations and regulatory compliance, among others), and the processes in place to monitor and control such exposures. The Audit Committee also receives updates between meetings, as may be necessary, from the Chief Risk Officer, the Chief Executive Officer, the Chief Financial Officer and other members of management relating to risk oversight matters. The Audit Committee provides a report on risk management to the full Board on at least a quarterly basis. In addition, each quarter, the Audit Committee will discuss with management and the independent registered public accountant their review of the Company's financial statements and significant findings based upon the independent registered public accounting firm's review. The Company's Chief Risk Officer performs a risk-based assessment of each of the Bank's products, services, operations and regulatory requirements to determine the overall risk to the Bank. The Chief Risk Officer's compliance report, including the latest risk-based assessment, is provided annually to the Board. During the period in which the Company participated in the U.S. Treasury's TARP program, the Human Resources/Compensation Committee reviewed the compensation plans of the Senior Executive Officers (SEOs) to ensure that these plans did not encourage SEOs to take unnecessary and excessive risks that would threaten the value of the Company.

Code of Ethics and Standards of Personal Conduct

The Company and Bank have adopted a Code of Ethics and Standards of Personal Conduct that is designed to ensure that all directors, executive officers and employees of the Company and Bank, meet the highest standards of ethical conduct. The Code of Ethics and Standards of Personal Conduct requires that all directors, executive officers

and employees avoid conflicts of interest, protect confidential information and customer privacy, comply with all laws and other legal requirements, conduct business in an honest and ethical manner and otherwise act with integrity and in the Company's best interest. Under the terms of the Code of Ethics and Standards of Personal Conduct, all directors, executive officers and employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code.

As a mechanism to encourage compliance with the Code of Ethics and Standards of Personal Conduct, the Company and Bank established procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters. These procedures ensure that individuals may submit concerns regarding questionable accounting or auditing matters in a confidential and anonymous manner. The Code of Ethics and Standards of Personal Conduct also prohibits the Company from retaliating against any director, executive officer or employee who reports actual or apparent violations of the Code.

Meetings of the Board of Directors

The Board of Directors of the Company and the Bank conduct business through meetings and the activities of the Boards and their committees. Board members are encouraged to attend all Board and Committee meetings. Their attendance and performance are among the criteria considered for re-nomination to the Board of Directors. During the fiscal year ended December 31, 2009, the Company's Board of Directors held 17 meetings. All of the Directors of the Company attended at least 75% of the Board meetings and the committee meetings held on which such Directors served during the fiscal year ended December 31, 2009. Proposal 2. Ratification of Appointment

of the Independent Registered Public Accounting Firm

OceanFirst Financial Corp.'s independent registered public accounting firm for the fiscal year ended December 31, 2009 was KPMG LLP. Acting on the recommendation of the Audit Committee, the Board of Directors reappointed KPMG LLP to continue as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2010, subject to ratification of such appointment by the stockholders. If stockholders do not ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm, the Audit Committee may consider other independent registered public accounting firms.

Representatives of KPMG LLP will be present at the Annual Meeting. They will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders present at the Annual Meeting.

The Board of Directors recommends that you vote FOR ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company.

Audit Fees

The following table sets forth the fees billed to the Company for the fiscal years ended December 31, 2009 and December 31, 2008 by KPMG LLP:

	2009	2008
Audit fees	\$ 415,000	\$ 435,000
Audit related fees (1)	240,000	55,000
Tax related fees (2)	72,700	186,757
Other fees		
	\$ 727,700	\$ 676,757

(1) Audit-related fees are excluded from Audit Fees because the services were not required for reporting on the Company's consolidated financial statements. Such fees are principally related to audits of financial statements of employee benefit plans, audit procedures relating to the U.S. Department of Housing and Urban Development (HUD) reporting requirements and services rendered in connection with registration statements on Forms S-3 and S-4 filed with the SEC in 2009.

(2) Consists of tax filing and tax related compliance and other advisory services.

The Audit Committee believes that the provision of non-audit services by KPMG LLP is compatible with maintaining KPMG LLP's independence.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In accordance with its Charter, the Audit Committee approves, in advance, all audit and permissible non-audit services to be performed by the independent registered public accounting firm. Such approval process ensures that the independent registered public accounting firm does not provide any non-audit services to the Company that are prohibited by law or regulation.

During the year ended December 31, 2009, 100% of the audit related fees, tax related fees and other fees set forth above were approved by the Audit Committee.

Report of the Audit Committee

The Company's management is responsible for the Company's internal controls and financial reporting process. The Director of Internal Audit reports directly to the Audit Committee. The Director of Internal Audit conducted a risk assessment of the organization and submitted and implemented an internal audit plan for 2009.

The independent registered public accounting firm is responsible for performing an independent audit of the Company's financial statements and issuing an opinion on the conformity of these financial statements with generally accepted accounting principles. The Audit Committee oversees the Company's internal controls and financial reporting process on behalf of the Board of Directors.

The Audit Committee reviewed and discussed the annual financial statements with management and the Company's independent registered public accounting firm. As part of this process, management represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee also received and reviewed written disclosures and a letter from the independent registered public accounting firm regarding their independence as required under applicable standards for independent registered public accounting firms of public companies. The Audit Committee discussed with the independent registered public accounting firm the contents of such materials, their independence and additional matters required under Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3600T and has discussed with the independent registered public accounting firm, the independent registered public accounting firm's independence from the Company and its management. In concluding that the independent registered public accounting firm was independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the independent registered public accounting firm were compatible with the independent registered public accounting firm's independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm who, in their report, express an opinion on the conformity of the Company's financial statements to generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent registered public accounting firm is in fact independent.

Based on such review and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the Securities and Exchange Commission. The Audit Committee also has approved, subject to stockholder ratification, the selection of the Company's independent registered public accounting firm.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This section provides (i) a description of the structure and function of the Human Resources/Compensation Committee of the Board of Directors, (ii) a description of the objectives of the compensation program for the SEO positions, (iii) a discussion of the design of the SEO compensation program and (iv) a discussion of each material element of the SEO compensation program and the rationale for choosing to make the payments listed in the tables following this section.

Objectives of the Compensation Programs

The Company has the following objectives for the executive officer compensation program:

Attract, retain and reward highly qualified and productive executives by providing overall compensation that is competitive with other institutions with whom the Company competes for executive talent;

Motivate each individual to perform, to the best of their ability, in order to achieve targeted goals for the Company and the individual;

Improve Company performance, balance and avoid any unnecessary risk-taking with fundamental concepts of safety and soundness;

Establish compensation levels that provide the greatest potential rewards for positions of greatest responsibility within a framework that is internally equitable; and

Promote the long-term increase in the value of the Company by providing a portion of compensation in the form of Company common stock and stock options that vest over a period of years.

Impact of Company's Participation in the Capital Purchase Program on Executive Compensation

On January 16, 2009, the Company voluntarily elected to participate in the Capital Purchase Program (CPP) of the Troubled Asset Relief Program (TARP) as established by the Emergency Economic Stability Act of 2008 (EESA) through the issuance of preferred stock and warrants to the U.S Department of the Treasury. One of the consequences of such participation was that the Company became subject to various restrictions on executive compensation and corporate governance imposed by EESA, as amended by the American Recovery and Reinvestment Act of 2009 (ARRA), and the regulations of the Department of the Treasury. These restrictions were applicable to the Company until December 30, 2009, the date on which the Company redeemed all of the preferred stock previously issued to the Department of the Treasury. During that period, the Company complied with the following requirements:

The Company's Human Resources/Compensation Committee semi-annually reviewed with the Chief Risk Officer the compensation arrangements of SEOs to ensure that such arrangements did not encourage the SEOs to take unnecessary and excessive risks and discussed and reviewed the relationship between risk management policies and SEO incentive compensation.

Bonuses, retention awards and incentive compensation paid to the CEOs and any of the next 20 most highly compensated employees were subject to recovery or clawback if the payments were based on materially inaccurate financial statements or any other materially inaccurate information.

No golden parachute payments were permitted to be paid to the CEOs and any of the next five most highly compensated employees. The term golden parachute means any severance payment resulting from termination of employment, except for services performed or benefits accrued.

The Company could not take income tax deductions for compensation payments to CEOs in excess of \$500,000.

The Company could not pay to, or accrue for the benefit of, the five most highly compensated employees any bonus, retention award or incentive compensation, during the period in which the Treasury Department held the Company's stock. The only exception was for the payment of long-term restricted stock that had a value that was not greater than $\frac{1}{3}$ of the CEO's total annual compensation. These restricted stock awards could not fully vest during the period in which the Treasury Department held the Company's stock. This

restriction did not apply to any bonus payment required to be paid pursuant to a written employment contract executed on or before February 11, 2009, or any bonus payment paid or accrued prior to June 15, 2009.

The Company could not maintain any employee compensation plan that would encourage any SEO to take unnecessary or excessive risks that would threaten the value of the Company or that would encourage any employee to manipulate the Company's reported earnings in order to enhance his or her compensation. Compensation paid in violation of such restrictions would be subject to recovery or clawback.

The Company's Human Resources/Compensation Committee was required to meet at least semi-annually to discuss and evaluate employee compensation plans in light of any proposed risk to the Company from such plans.

In accordance with the rules applicable to CPP participants set forth above, the Company paid in 2009 bonuses to its SEOs which were accrued and based upon the SEOs' and the Company's performance and attainment of goals under the Incentive Compensation Plan for fiscal 2008. These amounts are set forth in the Summary Compensation Table. During fiscal 2009, the Company was permitted to accrue for SEO bonuses up to June 15, 2009. No accruals or payments of bonuses were permitted for the period beginning on June 15, 2009 through the end of the TARP period, which for the Company was December 30, 2009. Accordingly, the Company paid in 2010 a bonus to its SEOs based upon the SEOs' and Company's performance and attainment of goals under the Incentive Compensation Plan for the period from January 1, 2009 through June 15, 2009. In addition, in accordance with the rules applicable to participants in the CPP, the Company granted shares of restricted stock to the SEOs which had a value not greater than one-third of the SEO's total annual compensation and which did not fully vest at least until the end of the TARP period. A portion of the restricted share awards were performance based and were earned by the SEOs utilizing the Company performance criteria under the Incentive Compensation Plan for the year ended December 31, 2009. These shares are set forth in the Summary Compensation Table.

As part of the analysis and decision-making relating to the Company's participation in the CPP, the Human Resources/Compensation Committee and the Board of Directors were apprised of the restrictions and limitations on executive compensation that would be imposed on the Company's executive compensation program during the period in which the Company participated in the CPP.

Compensation Corporate Governance

Human Resources/Compensation Committee

The Human Resources/Compensation Committee is responsible for establishing compensation for the SEOs and other officers subject to the reporting requirements of Section 16 under the Securities Exchange Act of 1934, as amended ("Section 16 Officers") and for establishing certain guidelines and limits for compensation and benefits programs for other salaried officers and employees of the Company and the Bank. The Human Resources/Compensation Committee annually reviews and evaluates base salary and annual bonus recommendations made for SEOs and Section 16 Officers by the CEO along with the rationale for such recommendations. The Human Resources/Compensation Committee also recommends to the Board for approval the compensation for the CEO, SEOs and Section 16 Officers. The CEO does not participate in the Human Resources/Compensation Committee's decision as to his compensation package. In establishing compensation levels, the Human Resources/Compensation Committee considers the Company's overall objectives and performance, peer group comparisons and individual performance. The Human Resources/Compensation Committee is composed entirely of independent non-employee directors. The members of the Human Resources/Compensation Committee for fiscal 2009 were Diane F. Rhine (Chairperson), John E. Walsh and Carl Feltz, Jr.

Human Resources/Compensation Committee Charter

The Human Resources/Compensation Committee's Charter reflects the Human Resources/Compensation Committee's responsibilities described above. The Charter is periodically reviewed by the Human Resources/Compensation Committee and the Board of Directors. The Charter was revised in February 2009, and November 2009 based upon the Interim Final Rule issued by the Department of the Treasury on June 15, 2009, to clarify the Human Resources/Compensation Committee's responsibilities regarding compliance with the CPP and the regulations related thereto issued by the U.S. Department of the Treasury. Following the redemption of the preferred shares issued to the Treasury, the Committee, in February 2010, amended the Charter to read in the form which existed prior to the Company's participation in the CPP. A copy of the current Charter is available on the Company's website (www.oceanfirst.com).

Compensation Consultant/Role of Management

The Human Resources/Compensation Committee has authority under its Charter to engage the services of independent third party experts to assist in reviewing and determining executive officer compensation. Pursuant to this authority, in December 2006 the Human Resources/Compensation Committee engaged Mercer Consulting, a nationally recognized consulting firm specializing in compensation and employee benefits, to provide an independent review of the executive officer and director compensation and benefits. The objectives of the independent review were to (i) assess the competitiveness of the Company's total compensation program for executive officers and non-employee directors; and (ii) review performance based cash and stock compensation practices among peer banks. The consultant compared base salary, benefits, annual incentive and long term incentive compensation for each executive officer to a peer group of banking institutions having similar characteristics to the Company. Mercer's 2006 Executive Compensation Survey report indicated that the Company's total cash compensation benefits and long-term stock based incentives were competitive and within market practice. The report was used as a reference point for setting the 2007 and 2008 compensation.

In late May 2008, the Human Resources/Compensation Committee engaged Watson Wyatt Worldwide (Watson Wyatt) to perform a similar study to be used for setting compensation for 2009 through June 30, 2010. Watson Wyatt developed a peer group which approximates the Company's operations, locale and size, which was used as a benchmark for pay and performance; reviewed the current level of executive compensation against peers; assessed the Company's performance against peers and studied current director compensation levels against peers. The peer group selected by Watson Wyatt included:

Alliance Financial Corp. (NY) NASDAQ: ALNC

Center Bancorp, Inc. (NJ) NASDAQ: CNBC

Dime Community Bancshares (NJ) NASDAQ: DCOM

Flushing Financial Corp. (NY) NASDAQ: FFIC

In 2009, the Company retained Watson Wyatt to update its 2008 study. In both its 2008 study and its 2009 update, Watson Wyatt found that the Company's executive compensation closely tracks the median of the peers in both total cash and total direct compensation. The 2008 study, together with the 2009 update, were used to set and establish executive compensation for the second half of 2009 and the first half of 2010 compensation. The Human Resources/Compensation Committee intends to engage a compensation consultant in March 2010 to perform a similar study for establishing CEO, Section 16 Officer and director compensation for the last half of 2010 and the first half of 2011.

Edgar Filing: OCEANFIRST FINANCIAL CORP - Form DEF 14A

Executive management and outside advisors are invited to Human Resources/Compensation Committee meetings to provide their views on compensation matters. The CEO participates in the process of determining senior officer compensation by making recommendations to the Human Resources/Compensation Committee as requested by the Human Resources/Compensation Committee regarding base salary adjustments, incentive plan awards and equity plan awards. Mr. Garbarino does not participate in decisions relating to his compensation.

Human Resources/Compensation Committee Activities in 2009 and Early 2010

The Human Resources/Compensation Committee met four times during the fiscal year ended December 31, 2009. Among other actions taken in 2009, the Human Resources/Compensation Committee reviewed the Bank Officers' compensation, incentive goals and incentive compensation, recommended the awards of stock options and awards of restricted stock to the Bank Officers, SEOs, Section 16 Officers and non-employee directors for consideration by the Board and reviewed the Company's compliance with the restrictions imposed on executive compensation under the TARP.

In March and November 2009, the Human Resources/Compensation Committee met with the Chief Risk Officer as required by Treasury Department regulations. As part of its review, the Human Resources/Compensation Committee received a presentation regarding risks to which the Company is subject, including strategic, liquidity, interest rate, operational, credit quality, regulatory and other risks. The Human Resources/Compensation Committee also received an analysis of the controls in place, as well as an analysis of the Company's executive compensation program. Based on this review, the Human Resources/Compensation Committee concluded that the Company's executive compensation program does not encourage the Company's SEOs or Section 16 Officers to take excessive or unnecessary risks that threaten the value of the franchise.

Compensation Program Design

Cash Compensation

Current cash compensation consists of base salary and a performance-based cash bonus under the annual Incentive Compensation Plan. The base salary levels for the SEOs and Section 16 Officers are intended to be competitive with the practices of comparable financial institutions at appropriate levels to motivate individuals to discharge the responsibilities of their position. The Human Resources/Compensation Committee adjusts the SEOs' and Section 16 Officers' base salary annually. In making these adjustments, the Human Resources/Compensation Committee takes into account individual and Company performance; the total current and potential compensation of a given officer; the levels of compensation paid by institutions that compete with OceanFirst for executive talent; and the relative level of compensation in comparison to other executive officers. Messrs. Garbarino, Nardelli and Fitzpatrick have employment agreements with OceanFirst and receive base salaries under those agreements, subject to annual review and adjustments. The Human Resources/Compensation Committee makes salary decisions in an annual review for the SEOs and Section 16 Officers with input from the CEO. Mr. Garbarino does not participate in decisions relating to his compensation.

Impact of Performance on Cash Compensation

Under the 2009 Incentive Compensation Plan, a significant portion of each executive officer's annual cash compensation is contingent on the performance of the Company, the Bank and the individual. Under the Incentive Compensation Plan, a variable bonus pool is established annually based on the Company's level of achievement of pre-established financial performance objectives. Ordinarily, bonuses to SEOs and Section 16 Officers are awarded based on the total amount of the bonus pool reflecting Company performance and individual performance.

While annual cash-based incentive bonus awards play an appropriate role in the executive compensation program, the Company believes that it maintains the appropriate balance of base salary and incentive compensation that would not encourage strategies and risk-taking that might not align with the long term best interests of the Company and its stockholders. The Company utilizes an Incentive Compensation Plan which sets forth target bonuses ranging from 25% to 50% of base salary for its SEOs and Section 16 Officers. The use of equity-based long term compensation, in combination with executive share ownership requirements, reflects the Company's compensation program's goals of aligning the interests of executives and stockholders, thereby reducing the exposure to unnecessary risk taking.

In addition to the performance-based compensation paid under the Incentive Compensation Plan, the Company may from time to time make discretionary cash bonus payments to rectify inequities or recognize outstanding performance. No such discretionary bonuses were made to SEOs or Section 16 Officers during fiscal 2009.

Equity Compensation Plan

During fiscal 2009, the Company used the 2000 Stock Option Plan and 2006 Stock Incentive Plan (the *Stock Plans*) to attract, retain and motivate non-employee directors and employees by providing for or increasing their economic interests in the success of the Company. Equity grants under the Stock Plans complement total compensation packages as well as enable the Company to align director and executive management interests as shareholders of the Company. The 2006 Stock Incentive Plan provides for awards of stock options and restricted stock. The 2000 Stock Option Plan expired by its terms on January 19, 2010. Both the 2000 Stock Option Plan and the 2006 Stock Incentive Plan were presented to, and approved by, the Company's stockholders. Awards under the Stock Plans are described under *Elements of Compensation Equity Incentive Awards*.

Elements of Compensation

Overview

The SEO compensation program consists of the following elements: (1) base salary; (2) a performance-based annual cash bonus under the annual Incentive Compensation Plan; (3) retirement benefits under the Employee Stock Ownership Plan and 401(k) Plan and welfare benefits under the group benefit programs; (4) supplemental retirement benefits for select SEOs under the Supplemental Executive Retirement Plan; (5) Company-paid automobile benefit for selected SEOs; (6) awards of stock options and restricted shares of Company common stock under the equity compensation plans; (7) eligibility for payments and benefits in the event of certain employment terminations and/or in the event of a change in control of the Company; and (8) nonqualified deferred compensation under the Deferred Compensation Plan for Executives. The following describes the elements of compensation and provides information on the decisions regarding 2009 compensation.

Cash Incentive Awards

The Company determined cash incentive awards for 2009 in accordance with guidelines established by the Human Resources/Compensation Committee. The SEO and Section 16 Officers annual Incentive Compensation Bonus is contingent on the performance of the Company, the Bank and the individual. The Incentive Compensation Plan compares actual Bank performance against targets that are approved by the Human Resources/Compensation Committee at the beginning of each year. The targets are weighted between individual objectives and the Company's success in achieving its financial goals. Targeted bonus levels for SEOs in 2009 ranged from 25% to 50% of base salary. Generally, the higher the level of responsibility of the officer or employee in the Company, the greater the percentage of base salary that may be awarded under the Plan for achievement of performance goals. Ordinarily, if incentive compensation is paid out under the Plan, actual bonus payments may range from 50% of targeted bonus levels for threshold performance to 150% for superior performance. For 2009, the payout under the Incentive Compensation Plan was reduced to 45.8% of the payout that otherwise would have been made due to the restrictions on the payment or accrual of cash bonuses beginning June 15, 2009, through the end of the TARP period (December 30, 2009) in accordance with the regulations of the U.S Treasury.

For 2009, the Company performance metric was based on earnings per share, efficiency ratio, total shareholder return and internal audit scores, utilizing the following matrix:

Category	Weight	Threshold 50%	Target 100%	Superior 150%
Earnings Per Share (EPS)	50%	\$ 1.15	\$ 1.33	\$ 1.40
Efficiency Ratio	20%	65.80%	63.50%	62.30%
Total Shareholder Return Against Peers (TSR)	20%	50 th Percentile (8 th of 16)	62.5 Percentile (10 th of 16)	75 th Percentile (12 th of 16)
Internal Audit Score Average	10%	2.85	2.95	3.05
	100%			

For purposes of the matrix, Earnings Per Share (EPS) and Efficiency Ratio are the amounts set forth in the Company's financial statements, as adjusted for certain non-recurring items which are approved by the Board of Directors. Total Shareholder Return Against Peers (TSR) is based on the Company's stock and dividend performance measured against the group of fifteen similar financial institutions utilized by Watson Wyatt in its study. See Compensation Corporate Governance Compensation Consultant/Role of Management. Internal Audit Score Average is calculated using the average audit score as determined by the Company's Internal Auditor during the calendar year. Internal audit scores range from Unsatisfactory (1) to Superior (4). The Company must attain net income of at least \$1.5 million and meet the threshold level in at least one category in order to pay any bonus based on the Company's performance. For 2009, the Company's adjusted EPS was \$1.23, efficiency ratio was 62.3%, TSR was in the 44th Percentile and Audit Score Average was 3.12. Based on the weighting of the various Categories set forth above, the Bank's performance funded at 81.1% of Target. Actual payout was further adjusted by the SEO's performance. Based on the above matrix and performance of the Company, the Bank and the individual objectives established for each of the SEOs, payouts under the Plan totaled \$116,400, \$57,666, \$42,716, \$35,881 and \$21,891 for Messrs. Garbarino, Nardelli, Fitzpatrick, Lebel and Kelly, respectively. As a result of the Company's participation in the CPP, no cash bonuses were paid or accrued for the benefit of the SEOs from the period beginning on June 15, 2009 until December 30, 2009. Therefore, Incentive Compensation bonuses were paid out at 45.8% of the amount earned under the Plan. Had the Company not participated in the CPP, the payouts under the Plan would have been as follows: Mr. Garbarino - \$254,148; Mr. Nardelli - \$125,908; Mr. Fitzpatrick - \$93,265; Mr. Kelly - \$47,798 and Mr. Lebel - \$78,344. The Company could not deduct for tax purposes any compensation paid or accrued to certain executive officers in excess of \$500,000, during the period that the Company was a participant in the CPP.

Equity Incentive Awards

The Board, at the recommendation of the Human Resources/Compensation Committee, approved the grant of restricted stock awards to the SEOs, as permitted by ARRA, under the 2006 Stock Incentive Plan at a scheduled meeting in July 2009. The award levels and vesting schedule were determined based on various factors including performance and responsibilities of individual executives and the amount of awards previously granted. Awards in 2009 to the Senior Executive are presented under the Stock Award column of the Summary Compensation Table and the Grants of Plan-Based Awards Table.

Benefits

All SEOs participate in the benefit plans generally available to the employees, including medical insurance, the 401(k) Plan and the Employee Stock Ownership Plan. The Company also maintains a Supplemental Executive Retirement Plan covering selected eligible SEOs. This plan is intended to promote continued service of covered executives by providing a supplement to the executive's other qualified retirement plan benefits, which are limited by law. The benefit is based on the average of the highest compensation during any four consecutive calendar years and length of service with the Company.

Perquisites

The Company provided perquisites to selected SEOs in the form of Company-paid automobile benefits and golf club dues. In connection with the Company's participation in the CPP, the Board adopted the Excessive and Luxury Expenditure Policy as required by ARRA, which was applicable to all Company employees. In addition, the Company retained its longstanding Travel and Entertainment Policy during the TARP period. Following the Company's redemption of the preferred shares issued to Treasury, the Board rescinded the Excessive and Luxury Expenditure Policy. The adoption and rescission of the Excessive and Luxury Expenditure Policy had no material effect on the Company or on the benefits provided to SEOs. The SEOs remain subject to the Travel and Entertainment Policy.

Deferred Compensation

The Bank provides the SEOs with an opportunity to elect to defer current compensation under the Deferred Compensation Plan for Executives (Deferral Plan). The Deferral Plan permits eligible executives selected by the Bank's Board to elect to defer receipt of up to 100% of base salary and annual bonus pursuant to the terms of the Deferral Plan.

Employment Agreements

The Bank and the Company have entered into employment agreements with Messrs. Garbarino, Nardelli and Fitzpatrick (individually, the Executive). The employment agreements are intended to ensure that the Bank and the Company will be able to maintain a stable and competent management base. The continued success of the Bank and the Company depends to a significant degree on the skills and competence of Messrs. Garbarino, Nardelli and Fitzpatrick.

The employment agreements provide for a three-year term for the Executives. The Bank employment agreement provides that the Board of the Bank, annually, may extend the agreement for an additional year so that the remaining term shall be three years, unless written notice of non-renewal is given by the Board of the Bank after conducting a performance evaluation of the Executive. The term of the Company employment agreement is extended on a daily basis unless written notice of non-renewal is given by the Board of the Company. In addition to the base salary, the agreements provide for, among other things, participation in stock benefit plans and other fringe benefits applicable to executive personnel.

The agreements provide for termination, at any time, by the Bank or the Company for cause as defined in the agreements. In the event the Bank or the Company chooses to terminate the Executive's employment for reasons other than for cause, or in the event of the Executive's resignation from the Bank and the Company upon: (1) failure to re-elect the Executive to his current offices; (2) a material change in the Executive's functions, duties or responsibilities; (3) material change in the Executive's principal place of employment; (4) material reduction in the Executive's salary; (5) a material breach of the agreement by the Bank, the Company, or the Executive, or in the event of Executive's subsequent death, his beneficiary, beneficiaries or estate, as the case may be, would be entitled to receive an amount equal to the remaining base salary payments due to the Executive and the contributions that would have been made on the Executive's behalf to any employee benefit plans of the Bank or the Company during the remaining term of the agreement. The Bank and the Company would also continue to pay for the Executive's life, health and disability coverage for the remaining term of the employment agreement.

Under the agreements, if voluntary or involuntary termination follows a change in control of the Bank or the Company (as defined in the employment agreement), the Executive or, in the event of the Executive's death, his beneficiary, would be entitled to a severance payment equal to the greater of: (1) the payments due for the remaining term of the agreement; or (2) three times the average of the five preceding taxable years compensation. Such average compensation includes not only base salary, but also commissions, bonuses, contributions on behalf of the Executive to any pension or profit sharing plan, insurance payments, directors' or committee fees and fringe benefits paid or to be paid to the Executive during the preceding five taxable years. The Bank and the Company would also continue the Executive's life, health, and disability coverage for thirty-six months. Although both the Company and the Bank agreements provide for a severance payment in the event of a termination by the Company or the Bank, or in the event of a termination following a change in control, the Executive would only be entitled to receive a severance payment under one agreement.

Payments to the Executive under the Bank's agreement will be guaranteed by the Company in the event that payments or benefits are not paid by the Bank. Payment under the Company's agreement would be made by the Company. All reasonable costs and legal fees paid or incurred by the Executive pursuant to any dispute or question of interpretation relating to the agreements shall be paid by the Bank or Company, respectively, if the Executive is successful on the merits pursuant to a legal judgment, arbitration or settlement. The employment agreements also provide that the Bank and Company shall indemnify the Executive to the fullest extent allowable under federal and Delaware law, respectively.

Change in Control Agreements

For similar reasons as with the employment agreements, the Bank and the Company entered into change in control agreements ("CIC Agreements") with Messrs. Kelly and Lebel (the "Executive"). The CIC Agreement provides for a two-year term. Commencing on the date of the execution of the Company's CIC Agreement, the term is extended for one day each day until such time as the Board of Directors of the Company or the Executive elects by written notice not to extend the term, at which time the CIC Agreement will end on the second anniversary of the date of notice. The Company's CIC Agreement provides that in the event voluntary or involuntary termination follows a change in control of the Bank or the Company (as defined in the agreement), the Executive would be entitled to a severance payment equal to two (2) times the Executive's average annual compensation for the five years preceding termination. Annual compensation includes Base Salary, commissions, bonuses, contributions on behalf of the Executive to any pension and profit sharing plan, severance payments and fringe benefits paid or to be paid the Executive during such years. Additionally, in the event the Executive has been employed less than five years at the time of termination in connection with a change in control, the Executive's annual compensation shall be annualized for any partial taxable year of employment or service as if the Executive was employed or served for the full taxable year. The Bank's CIC Agreement is similar to that of the Company. The Bank CIC Agreement provides that the Board of the Bank may, annually, extend the CIC Agreement for an additional year so that the remaining term shall be two years, unless written notice of non-renewal is given by the Board of the Bank after conducting a performance evaluation of the Executive. However, any payments to the Executive under the Bank's CIC Agreement, would be subtracted from any amount due simultaneously under the Company's CIC Agreement. The Company and the Bank would also continue and pay for the Executive's life, health and disability coverage for thirty-six (36) full calendar months following termination.

Payments to the Executive under the Bank's CIC Agreement are guaranteed by the Company in the event that payments or benefits are not paid by the Bank.

Payments under the employment agreements and change in control agreements in the event of a change in control may constitute some portion of an excess parachute payment under section 280G of the Code for executive officers, resulting in the imposition of an excise tax on the recipient and denial of the deduction for such excess amounts to the Company and the Bank.

The Senior Executive Officers each granted a waiver acknowledging possible modifications to the Executive's compensation and benefits, including those benefits under the employment agreements and the change in control agreements. These waivers were granted in order to comply with the restrictions on compensation discussed above under *Impact of Company's Participation in the Capital Purchase Program on Executive Compensation* during the period in which the Company participated in the CPP. These waivers effectively terminated on December 30, 2009, the date that the Company repurchased all of the preferred stock issued to the Department of the Treasury, except that the Senior Executive Officers remain subject to the clawback provision discussed above under *Impact of Company's Participation in the Capital Purchase Program on Executive Compensation* .

Nonqualified Deferred Compensation

Supplemental Executive Retirement Plan

The Bank maintains a non-qualified Supplemental Executive Retirement Plan (SERP) to provide eligible executive officers with additional retirement benefits. The benefits provided under the SERP make up the difference between an amount up to 70% of the average of the highest compensation during any four consecutive calendar years and the benefits provided from the Bank's 401(k) Retirement Plan plus the benefits which would have been provided from the Bank's Retirement Plan (Pension Plan) which was frozen in 1996 and terminated in 1998. In addition, the SERP provides a benefit equal to the benefits lost from the ESOP due to the application of limitations imposed by the Code, as amended, on compensation and maximum benefits under the ESOP. The Bank established an irrevocable trust in connection with the SERP. This trust is funded with contributions from the Bank for the purpose of providing the benefits promised under the terms of the SERP. The assets of the trust are beneficially owned by the SERP participants, who recognize income as contributions are made to the trust. Earnings on the trust's assets are taxable to the participants.

Nonqualified Deferred Compensation Plan for Executives

SEOs may participate in the Deferred Compensation Plan for Executives (Deferral Plan). This plan allows eligible officers selected by the Bank's Board to defer receipt of up to 100% of base salary and annual bonus pursuant to the terms of the plan. The participating executive's deferral is credited to a bookkeeping account and increased on the last day of each month by interest earned at the rate equal to the Stable Fund Rate for the 401(k) Plan plus 250 basis points.

The following table sets forth certain information regarding nonqualified deferred compensation benefits to SEOs of the Company during the Company's fiscal year ended December 31, 2009:

Name	Plan	Executive contributions in last FY (\$)	Registrant contributions in last FY (\$)(1)	Aggregate earnings in last FY (\$)	Aggregate withdrawals/distributions (\$)	Aggregate balance at last FYE (\$)(2)

(1) Represents Company annual SERP contributions. The Company's contributions are held in trust for the irrevocable benefit of SERP participants. Company contributions and trust earnings are taxed to participants in the year they are added to the trust. SERP account balances are treated as participant assets, rather than Company assets, and are not reflected on the Company's financial statements.

(2) Excludes SERP account balances.

Potential Payments Upon Termination or Change in Control

The following describes the provisions of contracts, agreements or plans (other than plans available generally to salaried employees that do not discriminate in favor of executive officers) which provide for payments to executive officers at, following or in connection with termination of employment or a change in control of the Company.

Employment Agreements - Involuntary or Constructive Termination

The employment agreement of Messrs. Garbarino, Nardelli and Fitzpatrick provide for certain severance payments in the event employment is terminated by the Company or the Bank without cause or the executive terminates employment under the circumstances described above under Employment Agreements. The severance payment provided under the employment agreements would be equal to (i) the amount of remaining payments the executive would receive if he had continued employment during the remaining term of the agreement at the executive's base salary as of the date of termination and (ii) an amount equal to the annual contributions that would have been made on executive's behalf to any employee benefit plans of the Company or the Bank during the remaining term of the agreement based on contributions made as of the date of termination. In addition, the executive would receive continued life, medical, dental and disability coverage for the remaining term of the agreement. Payments, other than continued welfare benefits, would be made on a lump sum basis. Payments and benefits would be provided by either the Company or the Bank.

Employment Agreements - Involuntary or Constructive Termination Following Change in Control

The employment agreements for Messrs. Garbarino, Nardelli and Fitzpatrick provide for certain payments if the officer's employment is terminated by the Company or the Bank following a change in control due to (i) the executive's dismissal, other than for cause, or (ii) the executive's voluntary resignation following any failure to reelect the Executive to his current offices, a material change in the Executive's functions, duties or responsibilities, a material change in the Executive's principal place of employment, material reduction in the Executive's salary, or material breach of the employment agreement unless such termination is due to death or for cause, as defined in the agreement.

Edgar Filing: OCEANFIRST FINANCIAL CORP - Form DEF 14A

A change in control means a change in control of the Company or the Bank involving (a) an event reportable on form 8-K pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934; (b) a Change in Control within the meaning of the Home Owners Loan Act of 1933, the Federal Deposit Insurance Act or Office of Thrift Supervision regulations; (c) a person becoming beneficial owner, directly or indirectly, of 20% the

outstanding securities of the Company or the Bank; (d) a change in majority control of the Board of Directors of the Company, other than a change approved by the incumbent board; (e) a plan of reorganization, merger, consolidation, sale of all or substantially all the assets of the Company or the Bank in which either entity is not the survivor; (f) a distribution soliciting proxies for shareholder approval of a plan of reorganization, merger or consolidation of the Company or the Bank as a result of which the outstanding shares of the class of securities then subject to the plan would be exchanged for or converted into cash or property or securities not issued by either entity; or (g) a tender offer is made for 20% or more of the voting securities of the Company or the Bank.

If the change in control benefit is triggered, the officer is entitled to a benefit equal to the greater of (A) three times the executive's average annual compensation paid in the preceding five taxable years or (B) the payments due for the remaining term of the agreement. In addition, the executive would become entitled to continued life, medical, dental and disability coverage for 36 months following the change in control. In the event payments and benefits under employment agreements, together with other payments and benefits he may receive, would constitute an excess parachute payment under Section 280G of the Internal Revenue Code, the employment agreements provide that the executive would be entitled to the greater of (i) the total net-after tax benefit or (ii) the net-after tax benefit after reduction of the aggregate parachute to an amount \$1.00 less than the executive's base amount, which is three times the executive's average taxable compensation for the five tax years ending with the tax year prior to the change in control. Payments, other than continued welfare benefits, would be made on a lump sum basis. Benefits would be provided by the Company or the Bank.

Change in Control Agreements – Involuntary or Constructive Termination Following Change in Control

The change in control agreements with Messrs. Lebel and Kelly provide for certain payments if the officer's employment is terminated by the Company or the Bank following a change in control due to (i) the executive's dismissal other than for cause or (ii) the executive's voluntary resignation following any failure to re-elect the Executive to his current offices, a material change in the Executive's functions, duties or responsibilities, a material change in the Executive's principal place of employment, a material change in the Executive's salary, or a material breach of the change of control unless such termination is due to death or for cause, as defined in the agreement.

A change in control means a change in control of the Company or the Bank involving (a) an event reportable on Form 8-K pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934; (b) a Change in Control within the meaning of the Home Owners' Loan Act of 1933, the Federal Deposit Insurance Act or Office of Thrift Supervision regulations; (c) a person becoming beneficial owner, directly or indirectly of 20% the outstanding securities of the Company or the Bank; (d) a change in majority control of the Board of Directors of the Company, other than a change approved by the incumbent board; (e) a plan of reorganization, merger, consolidation, sale of all or substantially all the assets of the Company or the Bank in which either entity is not the survivor; (f) a distribution soliciting proxies for a shareholder approval of a plan of reorganization, merger or consolidation of the Company or the Bank as a result of which the outstanding shares of the class of securities then subject to the plan would be exchanged for or converted into cash or property or securities not issued by either entity; or (g) a tender offer is made for 20% or more of the voting securities of the Company or the Bank.

If the change in control benefit is triggered, the officer is entitled to a benefit equal to two times the executive's average annual compensation paid in the most recent five taxable years. In addition, the executive would become entitled to continued life, medical, dental and disability coverage for 36 months following the change in control. In the event payments and benefits under the change in control agreements, together with other payments and benefits he may receive, would constitute an excess parachute payment under Section 280G of the Internal Revenue Code, the change in control agreements provide that payments under the agreements will be reduced to an amount \$1.00 less than the executive's base amount, which is three times the executive's average taxable compensation for the five tax years ending with the tax year prior to the change in control. Payments, other than continued welfare benefits, would be made on a lump sum basis. Benefits would be provided by the Company or the Bank.

Equity Incentive Plan – Change in Control Grant

In the event of a change in control, the 2006 Stock Incentive Plan provides that each option award under the plan will become fully exercisable and remain exercisable for the duration of their term and all restricted stock awards will become fully vested. In addition, the plan provides that all stock awards available for grant under the plan will

be automatically granted to employees and outside directors in proportion to the grants of awards previously made under the 2006 Stock Incentive Plan and the 2000 Stock Option Plan. In the event of a Change in Control, the 2000 Stock Option Plan provides that each option award under the Plan will become fully exercisable and remain exercisable for the duration of its term. In addition, the Plan provides that all options available for grant under the Plan will be automatically granted to current employees and outside directors in proportion to grants of options previously granted under the 2000 Stock Option Plan and the Amended and Restated 1997 Incentive Plan at a weighted average exercise price of all options granted under such Plans. Under both Plans, *Change in Control* has the same meaning as described above under *Employment Agreements Involuntary or Constructive Termination Following a Change in Control*.

Supplemental Executive Retirement Plan Involuntary or Constructive Termination

In the event of a *change in control* participants in the Supplemental Executive Retirement Plan are entitled to a lump sum contribution equal to the supplemental retirement income benefit contribution required for the year in which the change in control occurs plus the present value of the total supplemental retirement income benefit contributions which would have been required for the three years following the year in which the change in control occurs.

The following tables summarize potential payments to each executive officer listed on the summary compensation table assuming a triggering termination of employment occurred on December 31, 2009, the last business day of the 2009 fiscal year. The tables do not reflect benefits under plans that do not discriminate in favor of executive officers and are available generally to all salaried employees.

Deferred Compensation Plan for Directors

The Bank maintains a deferred compensation plan for the benefit of outside directors. The plan is a non-qualified arrangement which offers participating directors the opportunity to defer compensation through a reduction in fees in lieu of a promise of future benefits. Such benefits are payable commencing at an age mutually agreed upon by the Bank and the participating director (the Benefit Age). The benefits equal the account balance of the director annuitized over a period of time mutually agreed upon by the Bank and the director, and then reannuitized at the beginning of each calendar year thereafter. Lump sum payouts are also available upon eligibility for distribution of benefits or in the event of the death of the director. The account balance equals deferrals and interest. Currently, the plan credits interest on deferrals at a rate equal to the sum of (i) the Stable Fund investment option in the Bank's qualified 401(k) plan plus (ii) 250 basis points. Early distribution of benefits may occur under certain circumstances which include change in control, financial hardship, termination for cause, disability or termination of the plan by authorization of the Board of Directors.

HUMAN RESOURCES/COMPENSATION COMMITTEE REPORT

The Human Resources/Compensation Committee acts pursuant to the Human Resources/Compensation Committee Charter, a copy of which is available at the Company's website (www.oceanfirst.com). The Human Resources/Compensation Committee reviews and reassesses the adequacy of the Human Resources/Compensation Committee Charter on an annual basis.

The Company offers the following plans in which the named executive officers participate:

Employment agreements for the Chairman, President and Chief Executive Officer, the Executive Vice President and Chief Financial Officer and the Executive Vice President and Chief Operating Officer of the Bank;

Change in control agreements for other senior executive officers;

Incentive Compensation Plan;

2006 Stock Incentive Plan;

Nonqualified Deferred Compensation Plan for Executives;

Edgar Filing: OCEANFIRST FINANCIAL CORP - Form DEF 14A

Supplemental Executive Retirement Plan, referred to as the SERP ;

The Bank employee loan discount program;

The OceanFirst Bank Employee Stock Ownership Plan and The OceanFirst Bank Matching Contribution Employee Stock Ownership Plan, referred to as the ESOP ; and

The OceanFirst Bank Retirement Plan, referred to as the 401(k) plan .

The Compensation Committee reviewed each of the above plans and agreements and determined that none of them encourage the named executive officers to take unnecessary and excessive risks that threaten the value of the Company or the Bank. In this regard, the employment agreements with senior executive officers provide for severance payments if the officer is terminated by the Company without cause or following a change in control. The change in control agreements provide for severance benefits only in the event of termination following a change in control. In the event benefits are paid under the employment agreements, the executive would become subject to covenants not to compete for a period of one year in designated areas. In no event may a senior executive officer terminate employment without cause and receive benefits under the agreements.

The cash bonuses to be paid to senior executive officers under the Incentive Compensation Plan are based on the earnings per share, efficiency ratio, total shareholder return and average internal audit score of the Company. Bonuses for achieving targeted performance thresholds can range from 25% to 50% of base salary. The plan requires a minimum Company net income of \$1.5 million and attainment of one of the performance measures in order to receive any bonus. The Compensation Committee believes that the level of the bonuses and performance targets act as appropriate incentive and motivation to the executives without encouraging them to take unnecessary and excessive risks that threaten the value of the Company or the Bank.

The equity plans were each approved by the stockholders of the Company and provide for the granting of stock options and restricted stock awards. The Compensation Committee believes that, to create value for stockholders, it is important to utilize long-term equity incentives as a part of compensation to align the interests of management with stockholders. The awards include a long-term vesting schedule to further encourage positive long-range performance and to assist in the retention of management. In light of the long-term nature of these equity awards, the Compensation Committee believes that these equity awards do not encourage the named executive officers to take unnecessary and excessive risks that threaten the value of the Company or the Bank.

The Company maintains the Nonqualified Deferred Compensation Plan for Executives and the SERP for the benefit of key officers. The plans are designed to assist with the retention of key senior officers. The Deferred Compensation Plan allows the participants to defer up to 100% of base salary and annual bonus earned. The SERP provides supplemental retirement benefits. The Compensation Committee believes that these plans do not encourage participating senior executive officers to take unnecessary and excessive risks that threaten the value of the Company or the Bank as the benefits under these plans are paid out upon retirement and therefore do not encourage unnecessary short term risks.

The ESOP and 401(k) plans are tax-qualified plans that provide benefits to all employees who meet certain age and service requirements. Because participation and allocations in the plans are not based on Company or individual performance, the Compensation Committee believes that these plans do not encourage the named executive officers to take unnecessary and excessive risks that threaten the value of the Company or the Bank.

The Compensation Committee believes that the above plans and agreements encourage the creation of long-term value instead of behavior focused on achieving short-term results.

In addition to those plans and arrangements identified above, the Company maintains a commission-based compensation plan for its residential mortgage lending employees. Compensation to residential mortgage lending employees represented approximately 9.6% of the total compensation paid in fiscal 2009. The substantial majority of this amount related to sales commissions paid to mortgage loan officers in lieu of a base salary. These loan officers are compensated based on loan origination volume, which is subject to approval by a separate credit underwriting approval process. Further, mortgage division variable compensation arrangements include provisions for the recapture of compensation on certain loans. The Company also maintains a variable cash incentive program for commercial division employees. The payment of bonuses under this arrangement is affected by the level of non-performing loans and credit costs. The Compensation Committee reviewed the structure and implementation of these arrangements and discussed the risks that face the Company and determined that the arrangements do not encourage unnecessary and excessive risks that threaten the value of the Company or the Bank or the manipulation of reported earnings to enhance the compensation of any employee.

The following certification is provided pursuant to the Interim Final Rule of the U.S. Department of the Treasury, 31 C.F.R. Part 31:

The Human Resources/Compensation Committee of OceanFirst Financial Corp. (the Company), hereby certifies that the Human Resources/Compensation Committee has:

1. Reviewed with the Chief Risk Officer of OceanFirst Bank, the Senior Executive Officer (SEO) incentive compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the Company;

2. Reviewed with the Chief Risk Officer of OceanFirst Bank, the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks these plans pose to the Company; and

3. Reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of the Company to enhance the compensation of any employee

The following is the report of the Human Resources/Compensation Committee with respect to the Company's Compensation Discussion and Analysis for the fiscal year ended December 31, 2009:

The Human Resources/Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management of the Company. Based on the review and discussions, the Human Resources/Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's annual report on Form 10-K for the fiscal year ended December 31, 2009 and the Company's proxy statement for the annual meeting of stockholders to be held on May 6, 2010.

The Human Resources/Compensation Committee

Carl Feltz, Jr.

John E. Walsh

The above report of the Human Resources/Compensation Committee does not constitute soliciting material and should not be deemed to be filed with the Securities and Exchange Commission or incorporated by reference into any other filing of the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this report by reference in any of those filings.

Human Resources/Compensation Committee Interlocks and Insider Participation

No person serving as a member of the Human Resources/Compensation Committee, Diane F. Rhine, Carl Feltz Jr., or John E. Walsh, during the past fiscal year, is or was a current or former officer or employee of OceanFirst Financial Corp. or OceanFirst Bank or engaged in certain transactions with OceanFirst Financial Corp. or OceanFirst Bank that are required to be disclosed by Securities and Exchange Commission regulations. See *Transactions With Management Other Transactions*. Additionally, there are no compensation committee interlocks, which generally means that no executive officer of OceanFirst Financial Corp. or OceanFirst Bank served as a director or member of the compensation committee of another entity, one of whose executive officers serves as a Director or member of the Human Resources/Compensation Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires OceanFirst's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC. Executive officers, directors and greater than 10% stockholders are required by Securities and Exchange Commission regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of copies of such reports it has received and written representations provided to the Company from the individuals required to file the reports, the Company believes that each of the Company's executive officers and directors, and greater than 10% beneficial owners have complied with all applicable reporting requirements for transactions in OceanFirst Common Stock during the fiscal year ended December 31, 2009, except

for Mr. Joseph Iantosca, a Section 16 Officer, who experienced a late filing for a restricted stock award on February 18, 2009, and Mr. Joseph J. Lebel III who experienced a late filing for a purchase of Company shares through the 401(k) Plan on March 12, 2009.

Transactions with Management

Loans and Extensions of Credit. The Sarbanes-Oxley Act of 2002 generally prohibits loans by the Company to its executive officers and directors. However, the Sarbanes-Oxley Act contains a specific exemption from such prohibition for loans by OceanFirst Bank to its executive officers and directors as long as it is in compliance with federal banking regulations. The Bank’s policies require that all transactions between the Bank and its executive officers, directors, holders of 10% or more of the shares of any class of its common stock, and affiliates thereof, contain terms no less favorable to the Bank than could have been obtained by it in arm’s length negotiations with unaffiliated persons and must be prior approved by a majority of independent outside directors of the Bank not having any interest in the transaction. All loans made by the Bank to its executive officers and directors were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with other persons, and did not involve more than the normal risk of collectibility or present other unfavorable features.

Notwithstanding the above, the Bank offers to executive officers residential loans secured by their primary residence on terms not available to the public but available to all other full-time employees, as permitted under federal regulations. OceanFirst Bank has a policy of providing mortgage, home equity and auto loans to officers and employees who have completed one year of service, at a rate that is 1% below the Bank’s prevailing rate for the specific type of loan. The following chart reflects loans outstanding to executive officers and immediate family members sharing the same household as the executive officer, which were made at the discounted interest rate and which exceed \$120,000 in the period presented. The information is presented as of December 31, 2009:

Other Transactions. On April 20, 2006, the Board of Directors placed a moratorium on any transactions between the Company and Bank and any director, their family members or affiliated entities. No such transactions took place in 2009.

Corporate Governance/Nominating Committee Procedures

General

It is the policy of the Corporate Governance/Nominating Committee of the Board of Directors of the Company to consider director candidates recommended by shareholders who appear to be qualified to serve on the Company’s Board of Directors. The Corporate Governance/Nominating Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Corporate Governance/Nominating Committee does not perceive a need to increase the size of the Board of Directors. In order to avoid the unnecessary use of the Corporate Governance/Nominating Committee’s resources, the Corporate Governance/Nominating Committee will consider only those director candidates recommended in accordance with the procedures set forth below:

Procedures to be Followed by Stockholders

To submit a recommendation of a director candidate to the Corporate Governance/Nominating Committee, a shareholder should submit the following information in writing, addressed to the Chairman of the Corporate Governance/Nominating Committee, care of the Corporate Secretary, at the main office of the Company:

(1) The name of the person recommended as a director candidate;

38

- (2) All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended;
- (3) The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
- (4) As to the shareholder making the recommendation, the name and address, as they appear on the Company's books, of such shareholder; provided, however, that if the shareholder is not a registered holder of the Company's common stock, the shareholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's common stock; and
- (5) A statement disclosing whether such shareholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at the Company's annual meeting of shareholders, the recommendation must be received by the Corporate Governance/Nominating Committee at least 120 calendar days prior to the date the Company's proxy statement was released to shareholders in connection with the previous year's annual meeting, advanced by one year.

Criteria for Director Nominees

The Corporate Governance/Nominating Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. The same criteria are used for persons nominated by the Committee or by a shareholder. First a candidate must meet the eligibility requirements set forth in the Company's bylaws, which include an age limitation. A candidate also must meet any qualification requirements set forth in any Board or committee governing documents.

The Corporate Governance/Nominating Committee will consider the following criteria in selecting nominees: financial, regulatory and business experience; familiarity with and participation in the local community; integrity, honesty and reputation; dedication to the Company and its stockholders; independence; and any other factors the Corporate Governance/Nominating Committee deems relevant, including age, diversity of skills, size of the Board of Directors and regulatory disclosure obligations.

The Corporate Governance/Nominating Committee may weigh the foregoing criteria differently in different situations, depending on the composition of the Board of Directors at the time, and whether a director is expected to retire in the near future. While no single nominee may possess all of the skills needed to be a director, the Committee seeks to maintain a diversity of skills among the board members necessary for the optimal functioning of the Board in its oversight of the Company. The Committee will strive to maintain at least one director who meets the definition of "audit committee financial expert" under the Securities and Exchange Commission's regulations.

In addition, prior to nominating an existing director for re-election to the Board of Directors, the Corporate Governance/Nominating Committee will consider and review an existing director's Board and committee attendance and performance; length of Board service; experience, skills and contributions that the existing director brings to the Board; and independence.

Process for Identifying and Evaluating Nominees

Pursuant to the Corporate Governance/Nominating Committee Charter as approved by the Board, the Corporate Governance/Nominating Committee is charged with the central role in the process relating to director nominations, including identifying, interviewing and selecting individuals who may be nominated for election to the Board of Directors. The process the committee follows when it identifies and evaluates individuals to be nominated for election to the Board of Directors is as follows:

Identification. For purposes of identifying nominees for the Board of Directors, the Corporate Governance/Nominating Committee relies on personal contacts of the committee and other members of the Board of Directors as well as its knowledge of members of the Company's local communities. The Corporate Governance/Nominating Committee will also consider director candidates recommended by shareholders in accordance with the policy and procedures set forth above. The Corporate Governance/Nominating Committee has not received any recommended nominees from the Company's shareholders to be considered for election at this annual meeting. The Corporate Governance/Nominating Committee has not previously used nor currently uses an independent search firm to identify or evaluate potential director nominees.

Evaluation. In evaluating potential director candidates, the Corporate Governance/Nominating Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under the selection criteria set forth above. In addition, the Corporate Governance/Nominating Committee will conduct a check of the individual's background and interview the candidate.

A copy of the Form 10-K (without exhibits) will be furnished without charge to persons who were stockholders as of the close of business on March 9, 2010 upon written request to Jill Apito Hewitt, Senior Vice President and Investor Relations Officer, OceanFirst Financial Corp., 975 Hooper Avenue, Toms River, New Jersey 08754.

If you and others who share your address own your shares in street name, your broker or other holder of record may be sending only one annual report and proxy statement to your address. This practice, known as householding, is designed to reduce the printing and postage costs. However, if a shareholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, he or she should contact the broker or other holder of record. If you own your shares in street name and are receiving multiple copies of the annual report and proxy statement, you can request householding by contacting your broker or other holder of record.

Whether or not you plan to attend the annual meeting, please vote by marking, signing, dating and promptly returning the enclosed proxy card in the enclosed envelope. If you plan on attending and need directions to the meeting place, please contact Jill Apito Hewitt, Senior Vice President and Investor Relations Officer, OceanFirst Financial Corp., 975 Hooper Avenue, Toms River, New Jersey 08754.
