GENERAL INFORMATION ABOUT PROXIES AND VOTING

Solicitation, Use And Revocation Of Proxies

Our Board of Directors, or Board, solicits the accompanying proxy for use at our 2010 Annual Meeting of Stockholders (the Annual Meeting). Giving your proxy means that you authorize the persons indicated on the proxy card to vote your shares at the Annual Meeting in the manner you direct. Proxies properly executed and received by the Secretary prior to the meeting, and not revoked, will be voted in accordance with the terms of the proxies. If you sign, date and return or otherwise validly provide a proxy but do not specify how to vote, your shares will be voted for (i) the election of the nominees designated below to serve for an approximate one-year term ending at the annual meeting of stockholders in 2011, and (ii) the ratification of the appointment of Elliott Davis, LLC, as the independent registered public accounting firm for Computer Software Innovations, Inc. for the fiscal year ending December 31, 2010. You also authorize such persons to vote, in their discretion, on all other matters that may properly come before the Annual Meeting or any adjournments thereof and on matters which are incidental to conduct of the meeting.

Registered stockholders are urged to complete, sign and date the enclosed proxy or voting instruction and return it as promptly as possible in the postage-paid envelope enclosed for that purpose. Stockholders can also deliver proxies and voting instructions by calling a toll-free telephone number or by using the Internet. The telephone and Internet voting procedures are designed to authenticate stockholders identities, to allow stockholders to give their voting instructions and confirm that such instructions have been recorded properly. Instructions for voting by telephone or over the Internet are set forth on the enclosed proxy card or voting instruction. If your shares are held in street name with your bank or broker, please follow the instructions enclosed with this proxy statement.

You may revoke your proxy at any time before it is voted at the Annual Meeting by:

- (i) **delivering to our Secretary a signed notice of revocation or a later dated proxy (including a proxy via the Internet or by telephone); or**

- (ii) **voting in person at the Annual Meeting.**

The cost of soliciting proxies for the Annual Meeting will be borne by us. The cost of printing and mailing the proxy materials is estimated to be \$12,500. Certain of our officers and regular employees, without additional compensation, may use their personal efforts, by telephone or otherwise, to obtain proxies. We may also reimburse banks, brokerage firms and other custodians, nominees and fiduciaries, for their reasonable out-of-pocket expenses in forwarding proxy materials to the beneficial owners of shares of common stock.

Your attendance at the Annual Meeting in itself does not constitute revocation of your proxy. Before the Annual Meeting, any written notice of revocation should be sent to Computer Software Innovations, Inc., 900 E. Main Street, Suite T, Easley, South Carolina 29640, Attention: Secretary. Any notice of revocation that is delivered at the Annual Meeting should be hand delivered to our Secretary before a vote is taken. You may be asked to present documents for the purpose of establishing your identity as a Computer Software Innovations, Inc. stockholder.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on May 12, 2010

Along with this proxy statement, we have provided the Company's Proxy and its 2009 Annual Report to Shareholders. The 2010 proxy statement and the Annual Report to Shareholders for the year ended December 31, 2009 are also available at www.proxyvote.com.

Record Date, Voting Rights and Outstanding Shares

Our Board of Directors has established the close of business on April 6, 2010 as the record date for determining stockholders entitled to receive notice of and to vote on proposals at the Annual Meeting or any adjournment or postponement of the Annual Meeting. Only holders of record of our common stock on the record date are entitled to vote at the Annual Meeting. Holders of common stock on the record date are entitled to one vote per share on each matter voted upon at the Annual Meeting. As of the record date, there were 7,247,629 shares of common stock outstanding held by approximately 121 holders of record.

Table of Contents

Inspector

At the Annual Meeting, our inspector will be Charles H. Arndt of RBC Bank (USA). He will determine the presence of a quorum and tabulate the results of the voting by stockholders.

Quorum

The presence, in person or by proxy, of the holders of a majority of the total number of shares of common stock entitled to vote at the meeting is necessary to constitute a quorum at the meeting. Since many stockholders cannot attend the meeting, it is necessary that a large number be represented by proxy. Accordingly, the Board has designated proxies to represent those stockholders who cannot be present in person and who desire to be so represented. In the event there are not sufficient votes for a quorum or to approve or ratify any proposal at the time of the Annual Meeting, the meeting may be adjourned in order to permit the further solicitation of proxies.

We will count abstentions in determining whether a quorum exists. In contrast to prior years, we will not count broker non-votes for quorum purposes. Broker non-votes are described below.

Stockholders Holding Through Brokers and Other Nominees

Many of our stockholders hold their shares through a stockbroker, bank, or other nominee rather than directly in their own name. If you hold our shares in a stock brokerage account or by a bank or other nominee, you are considered the *beneficial owner* of shares held in street name, and these materials are being forwarded to you by your broker or nominee, which is considered the *stockholder of record* with respect to those shares. As the *beneficial owner*, you have the right to direct your broker or nominee how to vote and are also invited to attend the Annual Meeting. However, since you are not the *stockholder of record*, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the *stockholder of record* giving you the right to vote the shares. Your broker or nominee has enclosed or provided a voting instruction card for you to use to direct your broker or nominee how to vote these shares.

Votes Required; Broker Non-Votes

Provided a quorum is established at the meeting, the election of directors will be determined by a plurality vote. Stockholders of the Company do not have cumulative voting rights. All other matters to be considered and acted upon at the Annual Meeting, including the ratification of auditors, require that the number of shares voted in favor exceed the number of shares voted against.

Brokers who hold shares for the accounts of their clients may vote these shares either as directed by their clients or in their own discretion if permitted by the exchange or other organization of which they are members. Proxies on which brokers do not vote on some proposals but do vote on others are referred to as broker non-votes with respect to the proposals not voted upon. A broker non-vote does not count as a vote in favor of or against a particular proposal for which the broker has no discretionary voting authority. In addition, if a stockholder abstains from voting on a particular proposal, the abstention does not count as a vote in favor of or against the proposal.

New York Stock Exchange (NYSE) rules prohibit brokers from voting on Proposal 1 (election of directors) without receiving instructions from the beneficial owner of the shares. In the absence of instructions, shares subject to such broker non-votes will not be counted as voted or as present or represented on those proposals and so will have no effect on the vote. Please note that this year the rules regarding how brokers may vote your shares have changed. Brokers may no longer vote your shares on the election of directors in the absence of your specific instructions as to how to vote. We encourage you to provide instructions to your broker regarding the voting of your shares.

Table of Contents

Results of the Vote

We will report voting results from the Annual Meeting in a Form 8-K to be filed with the Securities and Exchange Commission (the SEC or Commission) within four business days after the Annual Meeting.

Other Matters

Management and the Board of Directors are not aware of any matters to be presented for action at the Annual Meeting other than the election of directors and the ratification of auditor, as stated in the Notice of Annual Meeting of Stockholders. If any such matter requiring a vote of the stockholders should properly come before the Annual Meeting, unless otherwise instructed, it is the intention of the persons named in the proxy card to vote such proxy in accordance with the judgment of a majority of our Board of Directors.

ELECTION OF DIRECTORS

Proposal 1 on the Proxy

General

Our Amended and Restated Certification of Incorporation and our Amended and Restated Bylaws set our Board of Directors at three to nine members, with the exact number within that range fixed from time to time by the Board of Directors. Our Board currently consists of five members. The Board of Directors has nominated Anthony H. Sobel, Nancy K. Hedrick, Shaya Phillips, Jeffrey A. Bryson and Thomas P. Clinton, each of whom is an incumbent director, for re-election to the Board of Directors for an approximate one-year term ending at the 2011 Annual Meeting.

All of our directors were elected at our May 7, 2009 annual meeting of stockholders. All directors serve for a term of approximately one year until our next annual meeting, their successors are elected and duly qualified, or their death, resignation, disqualification or removal from office, whichever is earliest.

If any nominee is unable to serve as a director, the persons named in the enclosed proxy reserve the right to vote for a lesser number of directors or for a substitute nominee designated by our Board of Directors, to the extent consistent with our Certificate of Incorporation, as amended, and our Amended and Restated Bylaws. GOVERNANCE OF THE COMPANY

Our business and affairs are managed under the direction of the Board of Directors in accordance with the Delaware General Corporation Law, our Amended and Restated Certificate of Incorporation and our Amended and Restated Bylaws. Members of the Board of Directors are kept informed of our business through discussions with management, by reviewing materials provided to them, and by participating in meetings of the Board and its committees. The corporate governance practices that we follow are summarized below.

Board Leadership Structure and Risk Oversight

The ultimate authority to oversee the business of the Company rests with the Board. The role of the Board is to effectively govern the affairs of the Company for the benefit of its stockholders and, to the extent appropriate under Delaware corporate law, other constituencies including employees, customers, suppliers and the communities in which it does business. The Board appoints the Company's officers, who have responsibility for management of the Company's operations.

Since we became a public company in 2005, our Board Chairman has been a non-employee, independent director. Our Board has no plans to alter this practice.

It is our Chairman's responsibility to lead the Board. Our CEO is responsible for leading our management team and our Company's employees in operating the Company. As directors continue to have ever increasing oversight responsibilities, we believe it beneficial to have an independent chairman whose sole job is Board leadership.

The Board currently consists of three independent members and two non-independent members, Ms. Hedrick and Mr. Clinton. Since 2005, each standing committee has consisted solely of outside directors. We have no plans to alter this practice. We believe that the number of independent, experienced directors that make up our Board, along with the independent leadership of the Board by the non-executive Chairman and the composition of Board committees by independent directors, benefits our Company and our stockholders.

The Board as a whole has responsibility for risk management, with reviews of certain areas being conducted by the relevant Board committees that report on their deliberations to the Board. The oversight responsibility of the Board and its committees is enabled by management reporting processes that are designed to provide visibility to the Board about the identification, assessment and management of critical risks and management's risk mitigation strategies. This requires the members of our Board to be actively engaged in Board discussions, review materials provided them, and know when it is appropriate to request further information from management and/or engage the assistance of outside advisors.

Functionally, Board risk oversight is accomplished primarily through our committees. We do not concentrate the Board's responsibility for risk oversight in a single committee. Instead, each of our committees concentrates on specific risks for which it has expertise, and each committee is required to regularly report to the Board on its findings. For example, the Company's audit committee monitors the Company's exposure to certain financial and reputational risks by establishing and evaluating the effectiveness of programs to report and monitor fraud and by monitoring the Company's internal control over financial reporting. Our compensation committee monitors executive compensation policies of the Company in order to assure they provide proper incentive for the retention and motivation of our executives, and do not provide incentives for excessive risk taking. The functions of these committees are explained in more detail below.

Table of Contents

Director Independence

The Company utilizes the rules of the NASDAQ Stock Market (the "NASDAQ Rules") for determining the independence of its directors. The NASDAQ Rules define specific relationships that would disqualify a director from independence. Based on the rules, we have conducted an evaluation of director independence, based primarily on a review of the responses of the directors to questions regarding employment and compensation history, affiliations and family and other relationships. As a result of this evaluation, we have affirmatively determined that each of our directors who served during 2009 who is not an executive officer of the Company was and is independent for the purposes of NASDAQ rules. These independent directors are Anthony H. Sobel, Shaya Phillips and Jeffrey A. Bryson.

We have two employee directors serving on our Board who, as executive officers, are not considered independent under the NASDAQ Rules. These employee directors are Nancy K. Hedrick, our President and CEO, and Thomas P. Clinton, our Senior Vice President of Strategic Relationships.

Code of Business Conduct and Ethics

The Board of Directors has approved a Code of Business Conduct and Ethics (the "Code") for our directors, chief executive officer, chief financial officer, other officers and employees. The Code addresses such topics as protection and use of our assets, compliance with applicable laws and regulations, accuracy and preservation of records, accounting and financial reporting, conflicts of interest and insider trading. Our code of ethics is posted on our website, www.csioutfitters.com.

Meeting Attendance

Board and Committee Meetings

Our Board held four meetings in 2009. During 2009, each incumbent member of the Board of Directors attended at least 75 percent of the aggregate meetings of the Board of Directors and the committees on which he or she served.

Annual Meeting of Stockholders

In the absence of extenuating circumstances, each member of the Board is expected to attend the Annual Meeting.

Committees of the Board

The standing committees of the Board of Directors are the Audit Committee and the Compensation Committee. Membership on the Board of Directors and each standing committee, as of the date of this proxy statement, was as follows:

Name	Board	Audit	Compensation
Anthony H. Sobel	X*	X	X
Nancy K. Hedrick	X		
Shaya Phillips	X	X	X*
Jeffrey A. Bryson	X	X*	X
Thomas P. Clinton	X		
Total Number of Meetings in 2009	4	4	6

* Chairman.

Audit Committee

The Audit Committee assists the Board of Directors in its oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company. The Audit Committee's role includes discussing with management the Company's processes to manage business and financial risk and for compliance with significant applicable legal, ethical, and regulatory requirements. The Audit Committee is responsible for the appointment,

Table of Contents

replacement, compensation and oversight of the independent registered public accounting firm engaged to prepare or issue audit reports on the financial statements of the Company. The Audit Committee relies on the expertise and knowledge of management and the internal auditors in carrying out its oversight responsibilities. The specific responsibilities in carrying out the Audit Committee's oversight role are delineated in the Audit Committee Charter. The charter is available to security holders on our website, www.csioutfitters.com.

The Board of Directors, in its business judgment, has determined that the members of the Audit Committee are independent as defined by regulations of the Securities and Exchange Commission and the NASDAQ Rules. The Board of Directors has also determined that the members of the Audit Committee have sufficient knowledge in financial and auditing matters to serve on the Audit Committee. Further, the Board has determined that Mr. Bryson, based on his qualifications, is an audit committee financial expert as that term is defined in Item 407(d)(5) of Regulation S-K.

The Audit Committee is authorized to engage or consult from time to time, as appropriate, at our expense, independent legal counsel and other experts and advisors it considers necessary, appropriate or advisable in the discharge of its responsibilities.

Compensation Committee

The primary responsibilities of the Compensation Committee are to (a) review and approve the compensation of the chief executive officer and other executive officers of the Company, (b) review executive bonus plan allocations, (c) oversee and advise the Board on the adoption of policies that govern the Company's compensation programs, (d) oversee the Company's administration of its equity-based compensation and other benefit plans, and (e) approve grants of stock options and stock awards to directors, officers and employees of the Company under its stock plan. The Compensation Committee is authorized to engage or consult from time to time, as appropriate, at our expense, consultants, independent legal counsel and other experts and advisors it considers necessary, appropriate or advisable in the discharge of its responsibilities. The members of our Compensation Committee are independent as defined in the NASDAQ Rules.

Our Compensation Committee has a charter, which was adopted on August 9, 2007. The charter is available to security holders on our website, www.csioutfitters.com.

With respect to the 2009 fiscal year, the primary actions of the Compensation Committee related to: (i) review of the performance of our chief executive officer, and consultation with our CEO on her review of the other named executive officers; and (ii) negotiation and approval of new employment agreements with each of our named executive officers. These new employment agreements are described below under Executive Compensation - New Employment Agreements.

Our chief executive officer, Nancy K. Hedrick, has participated in some executive compensation discussions. Such discussions include the formulation of compensation for our non-employee directors for the 2010-2011 term. Also, she has made recommendations to the Compensation Committee with respect to executive compensation and the terms of the new employment agreements of the named executive officers. However, approval of all compensation for named executive officers has been considered and approved by the committee acting alone.

Ms. Hedrick has been delegated the authority to determine the compensation of non-executive personnel and executive officers other than named executive officers, but does so in consultation with the committee. The compensation of all named executive officers is determined by the Compensation Committee. The Compensation Committee did not engage or utilize any compensation consultants during 2009.

Director Nominations

The Board of Directors does not have a standing nominating committee. Due to the current size of our Board of Directors, we believe it is more beneficial and efficient to have all of the directors identify and evaluate potential nominees. On March 20, 2006, the Board of Directors adopted a Policy for Nomination of Directors. This policy is available to security holders on our website, www.csioutfitters.com.

In the Policy for Nomination of Directors, the Board sets forth guidelines for the evaluation of potential nominees, including the following:

The ability of the prospective nominee to represent the interests of the stockholders of the Company;

Table of Contents

The prospective nominee's standards of integrity, commitment and independence of thought and judgment;

The prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

The extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board;

The extent to which the prospective nominee helps the Board reflect the diversity of the Company's stockholders, employees and customers; and

The willingness of the prospective nominee to abide by the Company's Code of Business Conduct and Ethics and other policies applicable to directors.

These guidelines apply to both potential nominees selected by the Board and those recommended by stockholders.

The Company does not have a diversity policy for its directors. However, the Board seeks and recommends candidates to serve as directors who have a variety of skills, business acumen, and work experience and who can contribute to the Board's overall effectiveness.

Stockholders entitled to vote for the election of directors may submit candidates for consideration if we timely receive written notice, in proper form, for each such recommended nominee. If the notice is not written and in proper form, then the Board of Directors cannot consider the nominee. To be in proper form, the notice must satisfy the requirements of our Amended and Restated Bylaws and applicable law, including: (a) each nominee's written consent to be named as a nominee and to serve, if elected; (b) the name, date of birth and business address of the nominee; and (c) information about the person nominated for election conforming with the Securities and Exchange Commission's biographical requirements for directors. Additionally, the stockholder submitting the nomination must provide: (x) his or her name and business address; (y) evidence setting forth the class and number of shares of the Company owned by the submitting stockholder; and (z) any other information relating to the stockholder that would be required to be disclosed in a proxy statement or other required filings in connection with solicitations of proxies for elections of directors in accordance with Section 14 of the Securities and Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder.

A notice submitted for the nomination of a director must be received at the Company's executive offices not less than 45 days nor more than 60 days prior to the anniversary date of the mailing of proxy materials for the immediately preceding annual meeting of stockholders. If that date is not within 30 days before or after such anniversary date, the notice must be received not later than 10 days after the notice of the date of the annual meeting was mailed or public disclosure of the annual meeting date was made, whichever first occurs. Likewise, each receives grants of stock under our 2005 Incentive Compensation Plan in the amount of \$8,333 and \$1,667 for services as director and service as a board or committee chairman, respectively. The stock grants are based on the fair market value under the Plan on the date of grant but not less than \$.70 per share (as required under the terms of our preferred stock). ⁽³⁾ Represents signing payment under the executive's new employment agreement dated March 1, 2009. See *-New Employment Agreements* below.

Old Employment Agreements

Our named executive officers have been compensated primarily through the payment of salary pursuant to written employment agreements. We entered into separate employment agreements with each of our named executive officers on February 11, 2005, in conjunction with the closing of the reverse merger. All of these employment agreements were identical except for name, job title, and responsibilities. The employment agreements provided that each executive would be compensated at a rate of \$185,000 a year, plus such bonuses and raises as our Board of Directors in its discretion may determine. In addition, each executive was entitled to benefits under any welfare benefit, business travel insurance or retirement plans or programs provided by the Company applicable generally to its employees (subject to any applicable eligibility or other provisions of such plans or programs).

These salary levels remained unchanged until 2008. In December 2007, the Compensation Committee approved a cost of living increase of 5% for the salaries of each of the named executive officers, which increase was retroactive to February 2007.

The term of the agreements was three years, expiring on February 10, 2008. The agreements provided for automatic renewal upon the expiration of the initial or any renewal periods in the absence of either party giving thirty days advance notice of termination. Pursuant to these renewal provisions, the agreements renewed for an additional term expiring on February 10, 2009, which the Company by notice extended until March 1, 2009.

New Employment Agreements

On March 1, 2009, the Company entered into new employment agreements (the *Employment Agreements*) with its four named executive officers. These persons include: Nancy K. Hedrick, President and Chief Executive Officer; Thomas P. Clinton, Senior Vice President of Strategic Relationships; William J. Buchanan, Senior Vice President of Technical Delivery and Support; and Beverly N. Hawkins, Senior Vice President of Software Development, Implementation and Support.

The term of the *Employment Agreements* is three (3) years. After the initial three year term, the agreements will renew for additional successive one (1) year terms, unless sooner terminated by one of the parties, including for *Convenience*.

In terms of compensation, the *Employment Agreements* provide for a Base Salary for each executive, as well as participation in executive compensation plans and benefit plans offered by the Company to employees generally. The Base Salary for Mr. Clinton, Mr. Buchanan, and Ms. Hawkins is \$210,000 annually, effective upon the March 1, 2009 date of the *Employment Agreements*. These three Executives also received a Signing Payment in the amount of \$7,875, or approximately six months of the increase in pay of their current base salary over their previous base salary in recognition of their continued support of the Company while working to finalize new agreements following the expiration of their original agreements. The Base Salary represents an increase for each of the three from their previous salary.

Under the *Employment Agreements*, Messrs. Clinton and Buchanan are also paid an annual Automobile Allowance of \$6,000, relating to those Executives' agreement to participate in the Company's program to utilize a Company-provided automobile not of their choosing.

The Base Salary provided in Ms. Hedrick's agreement is set at \$194,250, unchanged from her previous salary. Her Base Salary will increase to \$225,000 effective March 1, 2010. In recognition of her desire to delay the increase in her Base Salary, her *Employment Agreement* provided for the grant to Ms. Hedrick of an option to purchase 50,000 shares of the Company's common stock. The grant and pricing of such stock option at fair market value pursuant to our 2005 Incentive Compensation Plan were to occur twelve (12) trading days following the filing of the Company's 2008 Form 10-K. At that time, the option was priced at \$0.70 per share. The option expires on April 17, 2019.

Table of Contents

The Employment Agreements can be terminated: (i) upon the executive's death or disability; (ii) by the executive for Good Reason; (iii) by the Company for Cause; (iv) by either the executive or the Company unilaterally for Convenience; or (v) by either the Company or the executive giving notice of non-renewal of the Employment Agreement at the end of the initial three year or any subsequent one year term. In addition, Ms. Hedrick's contract provides an option for termination by the Company in connection with a Change in Control. This is a double-trigger change in control provision, requiring both a merger or other significant corporate event and Ms. Hedrick's subsequent termination of employment.

The Employment Agreements set forth certain amounts to be paid to the executives upon their termination of employment. In the event of termination because of death or disability, or for Cause, or by the executive for Convenience, the executive would generally receive only accrued salary and benefits. Upon termination by the executive for Good Reason, or by the Company for Convenience, or in the event of the nonrenewal of the agreement by the Company, in addition to accrued salary and benefits the executive would receive 175% of his or her Base Salary paid in twelve monthly installments. In the event of nonrenewal of the Employment Agreement by an executive, such executive would receive accrued salary and benefits and 75% of the executive's Base Salary paid in twelve monthly installments. Finally, under Ms. Hedrick's contract only, in the event of termination in connection with a Change in Control, Ms. Hedrick would receive 275% of her Base Salary, paid in equal monthly installments over twelve months. The provisions described immediately above are mutually exclusive: an executive would receive only one set of the described benefits.

The Employment Agreements also contain provisions which are customary for executive employment agreements of this type. These include nondisclosure covenants, and provisions prohibiting the executive from competing with the Company during his or her term of employment and for one year thereafter.

2008 Executive Bonus Plan

On July 11, 2008, the Compensation Committee approved an executive bonus plan (the Bonus Plan) providing for bonus awards to the named executive officers. The Bonus Plan is comprised of a monetary incentive program and a stock option award program. Stock options will be granted pursuant to the Company's 2005 Incentive Compensation Plan. All awards will be approved by the Compensation Committee. The monetary incentive program is tied to Company-wide performance and rewards teamwork. As the Company improves in its performance, the monetary bonus program rewards the named executive officers with cash bonuses for reaching certain milestones. The monetary incentive program coordinates with the Company's bonus plan for non-executive employees. Accordingly, the primary milestones for the monetary incentive plan are based on financial performance of the Company exceeding actual metrics and budget for the prior year.

The stock option portion of the program is intended to build loyalty and invest the executive in the future growth of the Company. Each named executive officer is assigned individual and applicable division performance goals for the fiscal year. These goals, which may be objective and subjective, may include: metrics based on those performance goals set forth under the monetary incentive program which reflect the individual or the individual's supervised unit's contribution to performance goals; software development timelines or software upgrade goals; addition of new technology products; addition of an accretive acquisition; addition of new accounts; meeting partner rebate goals; implementing collaborative tools for the software segment; continuing and improving investor relations efforts, improving communications with employees, management, board of directors and stockholders; implementing better planning and budgeting tools; and continuing process improvement to support Company growth. Following year end, each named executive will be reviewed, and results compared to specific performance goals. Excellent performance will be rewarded with stock options to purchase up to a maximum of 100,000 shares per executive.

Based on the Company's financial performance in 2008, milestones were not achieved and no cash bonuses or stock options were awarded under the plan for 2008. In 2009, given the Company's performance in 2008 and expected performance given the economic recession, the Bonus Plan was not implemented for 2009. The Compensation Committee has put the Bonus Plan back into effect for 2010.

Defined Contribution Plan

In 2007, the Company established a 401(k) defined contribution plan for the benefit of its employees, and terminated the Simple IRA savings plan maintained in previous years. Employees of the Company may participate

Table of Contents

in the 401(k) plan, whereby the employees may elect to make contributions pursuant to a salary reduction agreement. The Company's contributions to the plan, as determined by management, are discretionary and are allocated among the participants based on the participants' contributions. Contributions to the 401(k) plan totaled \$164,000 for the year ended December 31, 2009, and \$288,000 for the year ended December 31, 2008.

2005 Incentive Compensation Plan

On April 29, 2005, our Board of Directors adopted the 2005 Computer Software Innovations, Inc. Incentive Compensation Plan, which was ratified and approved by the stockholders on November 21, 2005. The Incentive Plan authorizes the Compensation Committee of the Board of Directors to grant one or more of the following awards to directors, officers, key employees, consultants and advisors to the Company and its subsidiaries who are designated by the committee:

non-qualified stock options;

stock appreciation rights (SARs); and

stock awards.

As originally adopted, we were authorized to issue under the Incentive Plan up to 1,100,000 shares of common stock pursuant to the exercise of options and SARs and grants of stock awards. At our 2008 Annual Meeting, the stockholders approved an amendment to the Incentive Plan to increase the number of awardable shares to 1,175,000. As of the date of this proxy statement, 936,330 such shares remain available for issuance.

We believe that the issuance of stock options, stock awards, and SARs promote the growth and profitability of the Company by providing additional incentives for participants to focus on our long term objectives. We also believe that awards under our plan have been effective in helping us attract, retain and motivate our officers, employees and directors.

Option Grants

In 2009, pursuant to the terms of her Employment Agreement, our CEO was awarded an option to purchase 50,000 shares of our common stock. The option is subject to the terms of our 2005 Incentive Compensation Plan.

The following table sets forth information with respect to options held by our named executive officers as of December 31, 2009.

(3) Based on a Schedule 13G/A filed by Barron Partners LP with the SEC on March 31, 2010, which indicates that Barron Partners LP holds 349,874 shares directly. Barron Partners LP is deemed to beneficially own an additional 5,531 shares it may acquire upon the conversion of preferred stock.

Security Ownership of Barron Partners LP

As of April 1, 2010, Barron Partners LP (Barron) beneficially held 6,739,736 shares of our Series A Convertible Preferred Stock which is convertible into common stock at any time on a one for one basis, subject to adjustments. The preferred stock is non-voting, except for certain events adversely affecting the rights of holders of such preferred stock and as otherwise provided under Delaware law with respect to class voting. The preferred stock contains prohibitions that restrict Barron from converting the preferred stock if its beneficial ownership of our common stock exceeded or would exceed 4.9%. Based on a Schedule 13G/A filed by Barron on March 31, 2010, Barron holds 349,874 shares or 4.83% directly. Accordingly, Barron is currently permitted to convert preferred for up to approximately 5,531 common shares.

The general partner of Barron is Barron Capital Advisors, LLC. Barron's address is 730 Fifth Avenue, 25 Floor, New York, New York 10019. The managing member of Barron Capital Advisors, LLC is Andrew Barron Worden.

Potential for Change of Control

As of April 1, 2010, our outstanding shares of common stock totaled 7,247,629, of which approximately 3,711,732 were owned by management and our directors. Accordingly, as of such date, our management held approximately 51% of outstanding shares and accordingly possessed the ability to exercise a significant amount of control over the Company. However, Barron holds 349,874 shares of our common stock and may acquire 6,739,736 additional shares upon conversion of the preferred stock it holds. As discussed above under -Security Ownership of Barron Partners LP, Barron is prohibited from converting its preferred if thereafter it would hold more than 4.9% of our shares of common stock (except under limited circumstances involving significant acquisition transactions). However, Barron may sell all of its shares in multiple transactions over time. Accordingly, one or more investors could acquire enough shares from Barron so as to effect a change of control of the Company. We are currently unaware of any plan or arrangement to effect a change of control of us.

Section 16(a) Beneficial Ownership Reporting Compliance

Based on a review of Forms 3, 4, and 5 and representations made to us, it appears that all executive officers and directors have made timely filings of Statements of Beneficial Ownership on Form 3, Form 4 and Form 5 during 2009, except the transactions listed below, for which a Form 4 was not filed within the required two days of the transaction:

- (i) Mr. Bryson reported on February 16, 2010 the acquisition of 3,571 shares on December 3, 2009.
- (ii) Mr. Sobel reported on February 16, 2010 the acquisition of 3,571 shares on December 3, 2009.
- (iii) Mr. Phillips reported on February 16, 2010 the acquisition of 3,571 shares on December 3, 2009.

The shares acquired by each reflect common stock awarded as directors' fees. Although the Company's obligation to issue the shares arose on December 3, 2009, the shares were not issued until on or about February 16, 2010.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Subordinated Notes Owed to Related Persons

On February 11, 2005, as part of our reverse merger and recapitalization, the five shareholders of our predecessor, CSI South Carolina, were issued subordinated notes by the Company. These subordinated notes are unsecured and are subordinated to the Company's senior debt, including its revolving credit and term debt with its bank lender. These five shareholders were: Ms. Hedrick, Ms. Hawkins and Messrs. Black, Buchanan and Clinton. All of the five former shareholders of CSI-South Carolina hold in excess of 5% of our common stock, and all but Mr. Black are executive officers of the Company.

Table of Contents

The original principal amount of each note was \$375,040, but a principal payment of \$150,000 each was made to the five former CSI South Carolina shareholders in March 2005. As discussed in our 2009 Form 10-K, we declined to repay the subordinated notes at maturity in May 2006. The five former shareholders of CSI South Carolina who were holders of the notes have cooperated with us and have not demanded repayment. Pursuant to the notes, default interest has been paid at the rate of 15% per annum rather than the pre-default rate of prime plus 2% per annum.

On April 23, 2008, we and each of the holders of the subordinated notes entered into a letter agreement which extended the maturity date of such notes until March 31, 2009. Each note holder also waived existing and past payment defaults and the notes continued to bear interest at the default rate of 15%. In exchange for the extension and waiver, we made principal payments on the subordinated notes totaling \$300,000, paid pro-rata among the note holders. Each of the five original CSI South Carolina shareholders received principal payments of \$30,000 each.

Again on May 13, 2009, similar to the action taken at April 23, 2008, we and each of the holders of the subordinated notes entered into an agreement to extend the notes until August 30, 2009. In exchange for the extensions, we made a principal payment on the subordinated notes totaling \$200,000 paid pro-rata among the note holders. Each of the five original CSI South Carolina shareholders received principal payments of \$20,000 each. Under this agreement, the Company sought to enter into a new and separate term loan facility with its bank lender to fund the payout of Barron, and to negotiate to restructure the notes payable to the remaining holders.

Prior to the new maturity at August 30, 2009, the Company attempted to negotiate with Barron for an additional extension of its subordinated debt accompanied by a partial payment. However, we were unable to reach an agreement for an extension and on September 4, 2009 received an invoice from Barron demanding full payment of the Barron subordinated note, including interest accrued through August 31, 2009. The invoice was accompanied by correspondence indicating that if payment were not received within ten days, unspecified actions would be taken by Barron. Thereafter, discussions have occurred between the Company and Barron, although no agreement as to payment or extension has been reached.

Reflecting the foregoing, the principal balance on each of the subordinated notes as of December 31, 2009 and the date of this proxy statement was \$175,040. The balance as of December 31, 2008 was \$195,040. Each of the five CSI South Carolina stockholders in 2009 received interest payments totaling \$34,731 and interest payments totaling \$31,901 in 2008.

Management will continue to consider other options to repay this debt. Such options may include refinancing the subordinated debt with another lender, issuing equity, or a restructuring arrangement with Barron. Such options, in the case of debt or restructuring, will likely be subject to approval by the bank. The issuing of equity may be subject to the terms and conditions of our preferred stock issued to Barron.

We have received a waiver from the bank with regard to any potential breach or default under the loan documents governing our bank debt as a result of our default under, and the acceleration of, our subordinated debt. Since the bank is in support of our actions with regard to our subordinated debt, we have paid the interest due at the 15% default rate, and the subordinated notes (including Barron's note) are subordinated to our senior bank debt, we believe the ability of Barron and the other note holders to have direct recourse against us is limited. However, we cannot predict what actions Barron might take or what a final resolution would be, nor can we give any assurances as to what impact adverse collection actions by Barron might otherwise have on our financial condition, or how such actions may be viewed by our other creditors. Nonetheless, based on experience during past events of non-payment on the subordinated notes, the support of the bank and our other creditors under similar conditions, we expect that the dispute concerning non-payment of the Subordinated Notes will not have a significant negative impact on our business or its operations.
