PART III

**Item 10. *Directors, Executive Officers and Corporate Governance*
Corporate Governance Matters**

Board Structure

Our Board of Directors currently consists of seven directors and is divided into three classes as provided in our Certificate of Incorporation and Amended and Restated Bylaws (*Bylaws*). Stockholders elect a portion of our Board of Directors each year. Class II directors' terms will expire at the annual meeting of stockholders to be held in 2011, Class III directors' terms will expire at the annual meeting of stockholders to be held in 2012 and Class I directors' terms will expire at the annual meeting of stockholders to be held in 2013. Currently, the Class II directors are Tom L. Ward and Roy T. Oliver, Jr.; the Class III directors are Daniel W. Jordan and Everett R. Dobson; and the Class I directors are Jim J. Brewer, William A. Gilliland and Jeffrey S. Serota. At each annual meeting of stockholders, the stockholders will elect a successor to each of the directors whose term expires on the date of the meeting, or re-elect each such director, with each successor or re-elected director to serve from the time of election until the third annual meeting following election.

Our Bylaws also provide that the authorized number of directors that shall constitute the whole Board of Directors may be changed by resolution duly adopted by the Board of Directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the total number of directors. Vacancies and newly created directorships may be filled by the affirmative vote of a majority of directors then in office, even if such number is less than a majority of the authorized number of directors.

Director Qualifications

The Nominating and Governance Committee has the responsibility under its charter to recommend nominees for election to the Board of Directors. Rather than maintaining a formal list of minimum qualifications in making its identification, evaluation and recommendation of nominees, the Nominating and Governance Committee considers the entirety of each candidate's credentials, including relevant skills and experience, independence under applicable Securities and Exchange Commission (*SEC*) and New York Stock Exchange (*NYSE*) standards, business judgment, service on the boards of directors of other companies, personal and professional integrity, openness and ability to work as part of a team, willingness to commit the required time to serve as a Board member, and familiarity with the Company and its industry.

The Board believes that each of its directors and director nominees understands fully the responsibilities of service as a director and the governance requirements applicable to public companies resulting from the orientation and ongoing education provided by the Company's general counsel, their service on the boards of directors of other public companies and their involvement as directors in initial public offerings, including that of the Company.

In identifying, nominating and approving director candidates, the Nominating and Governance Committee and the Board also believe the Board, as a whole, should have:

significant senior management experience;

experience overseeing public company financial management matters, including expertise in financial reporting and internal control, which experience and expertise are essential to the Company's ability to comply with its many and complex financial reporting responsibilities;

substantial experience in varied facets of the oil and natural gas industry so as to deal most effectively with its vendors, peers and downstream counterparties; and

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

a background in investing and capital raising activities, which the Board believes is made necessary by the Company's growth profile.

The Nominating and Governance Committee, in recommending director candidates, considers diversity based on the extent to which a candidate's experiences in the areas described above differ from those of the other members of the Board. A candidate is nominated only if the Nominating and Governance Committee believes the combination of the candidate's experiences will bring a unique perspective to Board deliberations and the oversight of the Company's affairs.

As a result of the experiences of its individual members detailed below, the Nominating and Governance Committee and the Board believe that the Board, as a whole, has the following qualifications and experience valued by them.

* On November 10, 2010, the Company announced the departure of Dirk Van Doren, who held the role of Executive Vice President and Chief Financial Officer of the Company. Mr. Van Doren's employment with the Company ended effective December 31, 2010.

Overview

We believe a strong, experienced senior management team is necessary to execute our business plan. Accordingly, our compensation philosophy reflects our need to attract, retain and motivate top talent and supports our position as an employer of choice in the oil and gas industry. Our competitive compensation package allows us to strategically and opportunistically attract executive officers by offering competitive cash compensation packages and the potential of returns that can be achieved through equity ownership, evidenced by the fact that all of our named executive officers joined us during periods of intense competition for experienced exploration and production company executives. Their retention creates value for our Company and stockholders through the continuity we maintain in our leadership and operations.

Our compensation program remained competitive in recent periods of declining stock price, primarily because the reasons for such declines were a direct result of a declining commodity market and not a result of management decisions. As illustrated below, providing competitive compensation to our executive team was particularly important during 2010, even in light of such declines in market value, in order to ensure the successful transition of the Company during a waning natural gas market.

In 2008 and the first half of 2009, the Company generated substantially all of its revenue from natural gas production.

During that period, the Company had as many as 44 rigs drilling for natural gas, and natural gas sold for as much as \$13.00 per Mcf and, at the end of 2008, on an equivalent unit basis, for approximately the same price as oil.

The high price of gas notwithstanding, the Company's management team identified the potential for a prolonged period of low natural gas prices and moved aggressively to shift the Company's focus from natural gas production to oil production in the second half of 2009 and through 2010.

From 2008 to 2010, the Company increased its oil production by over 300% and reduced the number of rigs drilling for natural gas to one.

Meanwhile, natural gas prices tumbled to less than \$3.00 per Mcf and have failed to significantly recover as oil prices have continued to increase.

At the end of 2010, the price for natural gas, on an equivalent unit basis, was less than one-third the price for oil.

The benefits of this strategic and timely shift to oil were solidified as the Company, under management's direction, entered into derivatives contracts that locked in attractive prices for oil through 2013.

It is our belief that the Company's current position as a premier independent oil producer in West Texas and the Mid-Continent is a direct result of attracting, retaining and motivating its current strong and experienced management team with the compensation discussed below. As described above and detailed further below under Performance Evaluation, we believe the Company has benefitted greatly from the leadership provided by the management team for which our executive compensation program is designed.

Philosophy

As illustrated in the table below, our philosophy for compensating executive officers, including our named executive officers, is to employ measured amounts of various types of compensation to achieve multiple and varied objectives.

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

Compensation Element	General Objectives	Key Features
Base Salary	Provide a fixed level of cash compensation for performing day-to-day responsibilities	Salary levels are intended to be competitive with our peers, while aligned with individual responsibilities and performance.
Cash Bonus Awards	Reward near-term operational and financial performance	Discretionary payments are intended to be competitive with our peers, while aligned with individual responsibilities and performance.
Long-Term Incentives	Align executives' compensation with interests of stockholders, encourage retention and reward long-term operational and financial performance	Semi-annual restricted stock grants vest ratably over four years.
Health, Welfare and Retirement Benefits	Maintain a competitive position in terms of attracting and retaining executives	Participation in health, welfare and 401(k) plans is on the same terms for all employees. Non-qualified deferred compensation plan is available to executives and certain other eligible employees.
Perquisites	Maintain a competitive position in terms of attracting and retaining executives though not intended to represent a significant role in total compensation	Includes benefits that provide for the protection and well-being of our Chief Executive Officer, including air travel, some personal security services and accounting support.

Additionally, we have entered into written employment agreements with each of our executive officers, including each named executive officer, to help ensure the retention of these individuals in a highly competitive marketplace.

Process

As further discussed below, Mr. Ward and our Senior Vice President Human Resources assume active roles in the evaluation, design and administration of our compensation program for all of our executive officers, including the named executive officers. Mr. Grubb and our Chief Financial Officer (Dirk M. Van Doren in 2010 and now James D. Bennett) participate in making recommendations regarding, and administering, the program for other of our executive officers.

The Compensation Committee typically reviews the components of our executive officer compensation program on a semi-annual basis, in December and June of each year, and approves adjustments as it deems appropriate. The Compensation Committee has selected and directly retained the services of an independent compensation consulting firm, Longnecker & Associates (Longnecker), to perform comparative analyses of compensation paid by exploration and production companies that compete with us in the labor and capital markets. No member of the Compensation Committee or any named executive officer has any affiliation with Longnecker. The committee periodically seeks input from Longnecker on a range of external market factors, including evolving compensation and market trends, appropriate comparison companies and market survey data.

Our Senior Vice President Human Resources works with the Compensation Committee and Longnecker to establish an agenda and prepare meeting materials for each meeting during which the committee reviews the compensation of our executive officers. Mr. Ward and our Senior Vice President Human Resources typically attend and participate in all or a portion of each Compensation Committee meeting, depending on the nature of the matters to be discussed. For the December 2009 and June and December 2010 compensation reviews, and taking into account the input of Messrs. Grubb and Van Doren, Mr. Ward provided his recommendations regarding each element of executive officer compensation at the same time Longnecker provided its analysis. After receiving recommendations and analysis from Mr. Ward and Longnecker and considering the totality of the information provided, including its assessment of Company and individual performance, the Compensation Committee determined appropriate adjustments to our executives' compensation.

Peer Company Comparison

Our Compensation Committee recognizes that the amount of compensation we provide to our executive officers must be competitive in the marketplace and believes that industry trends should be considered when assessing the forms and amounts of compensation provided to our executive officers. To ensure the Company's compensation practices are competitive, the committee takes into account the levels of compensation paid to executives in comparative positions in our industry when determining the compensation to be paid to our executive officers. The committee does not, however, target or benchmark a specific percentile or range of percentiles, when compared to pay at such other companies, for any element of any executive officer's compensation or any executive's compensation as a whole.

Table of Contents

For the purpose of the Compensation Committee’s review of compensation paid to our executive officers in 2010, the committee reviewed information assembled by Longnecker, which consisted of the executive compensation programs of the following companies:

Mid-sized Peer Companies	Large Peer Companies
ATP Oil & Gas Corporation	Anadarko Petroleum Corporation
Denbury Resources Inc.	Apache Corporation
Forest Oil Corporation	Chesapeake Energy Corporation
Mariner Energy, Inc.	Devon Energy Corporation
Newfield Exploration Company	EOG Resources, Inc.
Petrohawk Energy Corporation	Noble Energy, Inc.
Pioneer Natural Resources Company	
Plains Exploration & Production Company	
Range Resources Corporation	
Southwestern Energy Company	
Ultra Petroleum Corp.	

We refer to the companies whose compensation program information was used by the Compensation Committee collectively as our Peer Companies.

We believe we must recruit and retain executive officers with significant and diverse experience and skills to properly execute our business plan. In order to compete with larger Peer Companies for appropriately qualified officers who are capable of handling a high degree of responsibility, we often pay compensation levels that are greater than those of mid-sized Peer Companies with total revenues comparable to ours. With the advice of Longnecker, our Compensation Committee may periodically review and update the companies that comprise our Peer Companies in order to continually make informed decisions regarding our executive compensation program.

At the time of the December 2010 compensation review, the amount of total direct compensation provided to our Chief Executive Officer ranked above and equal to the 90th percentiles of such amounts provided to executive officers at mid-sized Peer Companies and large Peer Companies, respectively. The amount of total direct compensation provided to our other named executive officers ranked below the 75th and 50th percentiles of the amounts of total direct compensation provided to executive officers at mid-sized Peer Companies and large Peer Companies, respectively. The table below illustrates how each named executive officer’s total cash compensation and long-term incentive compensation (which, at the Company, is comprised of restricted stock awards) compare to similar compensation for comparable positions at mid-sized Peer Companies and large Peer Companies.

Named Executive Officer	Total Cash Compensation at Mid-Sized Peer Companies	Total Cash Compensation at Large Peer Companies	Long-Term Incentive Compensation at Mid-Sized Peer Companies	Long-Term Incentive Compensation at Large Peer Companies
Tom L. Ward	Above 90 th percentile	Below 75 th percentile	Above 90 th percentile	At 90 th percentile
Matthew K. Grubb	Above 90 th percentile	Below 75 th percentile	Below 75 th percentile	Below 50 th percentile
Dirk M. Van Doren	Above 90 th percentile	Below 75 th percentile	Below 90 th percentile	Below 50 th percentile
Todd N. Tipton	At 75 th percentile	Below 50 th percentile	Below 50 th percentile	Below 50 th percentile
Rodney E. Johnson	Below 90 th percentile	Below 75 th percentile	Below 50 th percentile	Below 50 th percentile

Elements of our Executive Compensation Program

As discussed above, the Compensation Committee employs multiple compensation elements as a means to achieving various objectives, including compensating executives for performing day-to-day responsibilities, recognizing and rewarding near-term performance, aligning the interests of executives and stockholders and retaining a highly qualified executive team. The most significant compensation elements employed by the committee to realize these goals include base salaries, cash bonuses and grants of long term incentive awards such as restricted stock. Because the committee’s paramount concerns are aligning the interests of executives and stockholders and retaining executive talent, it directs the largest portion of total direct compensation (salary plus bonus plus restricted stock awards) to restricted stock awards that vest over time.

The committee does not otherwise attempt to adjust any element of compensation for the purpose of affecting how it relates to any other element.

Table of Contents

Base Salaries. We provide our executive officers with annual base salaries to compensate them for services rendered during the year. Our philosophy is to establish base salaries that are commensurate with job responsibilities and competitive with salaries paid by our Peer Companies. In addition to providing compensation that is competitive with the market, the base salaries of our executive officers are intended to reflect the relative importance of each individual's position within the Company.

The Compensation Committee reviews each executive officer's base salary in December and June of each year. The Compensation Committee's reviews consist of assessing Mr. Ward's recommendations regarding each executive officer's salary, including his own, and evaluating the recommendations in light of the Peer Company comparative information provided to the committee.

Factors the Compensation Committee considers when determining semi-annual salary adjustments include:

the responsibilities of the executive officer;

the period over which the executive officer has performed these responsibilities;

the scope, level of expertise and experience required for the executive officer's position and the period during which the officer has performed these responsibilities;

the strategic impact of the officer's position; and

the potential future contribution and demonstrated individual performance of the officer.

In addition, salary adjustments are made based on our overall performance (discussed below) and competitive market conditions. Although no formulaic weighting is assigned to any one of these factors, significant emphasis is placed on current market levels and the individual's skills, seniority and previous industry experience, which are evaluated on a case-by-case basis.

Cash Bonus Awards. In addition to competitive base salaries, we provide our executive officers semi-annual cash bonuses intended to encourage and reward the attainment of our near and long-term strategic, operational and financial goals. The payment of semi-annual bonuses also encourages executive officer retention and continuity because (a) as compared to the more typical annual bonus schedule, it reduces by half the amount of each bonus payment as well as the horizon for an executive's next potential bonus payment and (b) an executive officer must be employed by us on the relevant bonus payment date in order to receive his or her bonus payment.

Our Compensation Committee reviews cash bonus award levels for our executive officers by assessing Mr. Ward's recommendations regarding each executive officer's cash bonus award, including his own, and evaluating the recommendations in light of the Peer Company comparative information provided to the committee. Cash bonus awards are based on the committee's subjective evaluation of the performance of the Company and each executive's contribution thereto over the previous six months in light of the considerations described above. Currently, and as discussed in more detail below under Performance Evaluation, greater consideration is given to strategic and operational performance, rather than short-term financial or stock price performance, as strategic and operational performance most directly result in long term value to our stockholders. Cash bonuses are discretionary and not awarded pursuant to a formal plan or an agreement with any executive officer. Additionally, cash bonuses are not awarded based on specific Company or individual performance criteria or targets. We believe this discretionary and subjective approach helps to mitigate the incentive an executive officer may have to expose the Company to excessive risk in order to increase his or her potential cash bonus.

The Compensation Committee evaluated Mr. Ward's bonus recommendations for the compensation reviews conducted in June and December 2010. Following discussion and analysis of the factors referenced above, including an evaluation of the Company's performance, and after making any necessary adjustments to Mr. Ward's recommendations, the members of the Compensation Committee approved the cash bonus awards for our executive officers, including the payments to our named executive officers reflected in the Summary Compensation Table below.

Restricted Stock Grants. Our Board of Directors has the discretion to grant restricted stock under our 2005 Stock Plan and 2009 Incentive Plan pursuant to our restricted stock awards program. Restricted stock awards are granted on a semi-annual basis and typically vest over a four-year

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

period. We believe these long term incentive awards help us to attract highly qualified individuals and align their compensation with the interests of our stockholders. The four-year vesting period of these awards serves as a tool for the retention of our employees, including our executive officers. In addition, as with cash bonus awards, we believe awarding shares of restricted stock semi-annually encourages executive officer retention and continuity because (a) as compared to the more typical annual restricted stock award schedule, it reduces by half the amount of each restricted stock award as well as the horizon for an executive's next vesting of restricted stock and (b) an executive officer must be employed by us on the relevant vesting date in order for unvested shares of restricted stock to be released to him.

Table of Contents

Grants of restricted stock are based on a subjective evaluation of the same factors that are used to determine the cash bonus awards, taking into consideration the Peer Company comparative information provided to the Compensation Committee. In addition, the committee considers the cost of such equity awards, the potential impact on dilution and, as discussed above, the relative value in relation to the other components of the executive compensation program.

Performance Evaluation

Oil and natural gas prices historically have been volatile and are beyond the control of our executive officers. Therefore, we do not currently base executive officer compensation decisions on pre-established performance targets as most of the applicable operational and financial performance measures, as well as the Company's stock price, are contingent upon the prices we receive or expect to receive from the sale of oil and natural gas. When making determinations regarding cash bonuses and restricted stock awards in 2010, the Compensation Committee chiefly considered the executive team's contributions to, and the success of the Company with respect to (a) identifying and acquiring new assets cost effectively and realizing the full potential of the Company's existing asset base, (b) mitigating risk posed by fluctuating commodity prices, (c) achieving financial security and flexibility, and, as applicable (d) sustaining progress on special projects. These elements are not specifically weighted in the committee's consideration because the relative importance of each element may change from time to time and the responsibilities of each executive officer as they contribute to the achievement of any particular objective may vary. The committee considered the following in particular in 2010 and believes the compensation awarded appropriately reflects the executives' contributions to the described achievements and the value created thereby:

Identifying and Acquiring New Assets and Realizing Full Potential of Existing Assets

In the fourth quarter of 2009, the Company acquired the first of its two oil-rich properties located in the Permian Basin from Forest Oil Corporation. In 2010, the Company increased the production from such properties by 51%.

In July 2010, the Company acquired Arena Resources, Inc., which owned and operated oil-rich properties located primarily in the Permian Basin. In the second half of 2010, the Company increased production from such properties by 15%.

In 2009 and 2010, the Company built a position of more than 650,000 net acres in the developing horizontal Mississippian oil play in Oklahoma and Kansas at a per acre cost below \$200, well below the value of other comparable plays in the United States.

Risk Mitigation

Under executive management's direction, the Company enters into derivative contracts in order to mitigate commodity price volatility inherent in the oil and natural gas industry. In so doing, the Company increases the predictability of cash inflows and ensures funding for, and stabilizes rates of return associated with, longer term development plans.

Financial Security and Flexibility

In April 2010, the Company extended the maturity of its revolving credit facility from 2011 to 2014, ensuring ready access to working capital that will allow the Company to exploit its significant holdings in a high oil price environment.

In November 2010, the Company successfully executed the sale of \$300 million in convertible preferred stock at an attractive coupon of 7.0%.

In 2010, the Company sold certain non-core assets for approximately \$400 million, which allowed it to reduce its debt.

Special Projects

The Company commissioned Phase I of an \$800 million CO₂ treatment plant in Pecos County, Texas (the Century Plant). In determining the cash bonus and restricted stock awarded to Mr. Ward, the Compensation Committee further considered Mr. Ward's particular foresight in transforming the Company into one focused on acquiring and producing oil, as opposed to natural gas. Mr. Ward recognized early on, and prior to many of the Company's competitors, that natural gas prices would remain depressed for an extended period and promptly reallocated Company resources to a higher priced commodity. He then spent a significant amount of time furthering that effort by (a) educating the investing community about the Company's transition, which made capital more accessible to the Company, (b) advocating the benefits of the proposed merger between the Company and Arena to Arena's stockholders and other interested parties, and (c) overseeing the reallocation of the Company's internal resources. The committee deemed all of this essential to the Company's viability during a difficult natural gas price environment. In addition, the committee recognizes that the Company's current form as an oil-focused producer is the result of Mr. Ward's vision and, accordingly, his particular leadership is key to the Company's success. Further, the committee appreciates that, as a result of his nearly 20 years of

Table of Contents

experience as the co-founder of a successful multi-billion dollar exploration and production Company, Mr. Ward is presented with opportunities that most other Peer Company executives do not have. Therefore, Mr. Ward's cash bonus and restricted stock awards reward the specific achievements described, encourage similar achievements in the future, reflect the importance of his particular leadership, and address the risks associated with him choosing to pursue other opportunities.

Other Benefits

We also provide our executive officers the following forms of compensation:

Health and Welfare Benefits. Our executive officers are eligible to participate in medical, dental, vision, disability and life insurance to meet their health and welfare needs. These benefits are provided to assure that we are able to maintain a competitive position in terms of attracting and retaining officers and other employees. This is a fixed component of compensation and the benefits are provided on a nondiscriminatory basis to all of our employees.

Perquisites and Other Personal Benefits. We believe that the total mix of compensation and benefits provided to our executive officers is competitive and, generally, perquisites should not play a large role in our executive officers' total compensation. As a result, the perquisites and other personal benefits we provide to our executive officers are limited. Under the terms of each named executive officer's employment agreement, we will pay the fees and expenses related to one membership in a club in the Oklahoma City, Oklahoma area. The terms of Mr. Ward's employment agreement provide for accounting support from certain Company employees for his personal investments. Mr. Ward reimburses us for half of each such accounting support employee's annual salary and cash bonus. We have also agreed to provide access to an aircraft at our expense for the personal travel of Mr. Ward and his family and guests who accompany him or them. Mr. Ward pays all personal income taxes accruing as a result of aircraft use for personal travel. In addition, from time to time, the Company provides personal security services to Mr. Ward and his family.

Retirement Plan. We maintain a 401(k) retirement plan for the benefit of all of our executive officers and employees on a non-discretionary basis. Under the plan, eligible employees may elect to defer a portion of their earnings up to the annual maximum allowed by regulations promulgated by the Internal Revenue Service. We make matching contributions equal to 100% on the first 15% of employee deferred wages. Matching contributions are made in shares of our common stock.

Nonqualified Deferred Compensation Plan. We maintain a nonqualified deferred compensation plan (NQDC Plan) to provide our executive officers and other eligible employees flexibility for meeting their future income needs and assisting them in their retirement planning. Under the terms of the plan, eligible employees are provided the opportunity to defer income in excess of the Internal Revenue Service annual limitations on qualified 401(k) retirement plans.

Under the NQDC Plan, we may make discretionary contributions to the deferred compensation account of each participant. The Board of Directors has approved matching contributions for the plan equal to 100% of employee contributions up to 15% of the employee's annual cash compensation minus any matching contributions made under the 401(k) retirement plan. Matching contributions are made in shares of our common stock.

Employment Agreements, Severance Benefits and Change in Control Provisions

Employment Agreements of our Named Executive Officers. We maintain employment agreements with our named executive officers to help ensure the retention of our executive officers in a competitive marketplace. These agreements are described in more detail below. Please read

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements. These agreements provide for severance compensation to be paid if the employment of the named executive officer is terminated under certain conditions, such as a change in control or termination without cause, each as defined in the agreements.

The employment agreements between us and our named executive officers and the related severance provisions are designed to meet the following objectives:

Change in Control. In certain scenarios, the potential to merge with or be acquired by another company may be in the best interest of our stockholders. We have agreed to provide severance compensation to our named executive officers if employment is terminated following a change in control transaction in recognition of the fact that our named executive officers may take actions in the best interest of our stockholders that ultimately lead to the termination of their employment.

Termination without Cause. If we terminate any of our named executive officers' employment without cause, we will pay certain compensation and other benefits to the terminated named executive officer. We believe these payments are appropriate because they represent the general market triggering events found in employment agreements of companies against whom we compete for executive-level talent. We also believe it is beneficial for us and our named executive officers to have a mutually agreed upon severance package in place prior to any termination event, which we believe provides us with more flexibility to make a change in senior management if such a change is in our and our stockholders' best interest.

Other Matters

Stock Ownership Guidelines and Hedging Prohibition. We do not currently have ownership requirements or a stock retention policy for our named executive officers in general. However, Mr. Ward's employment agreement requires the value of the shares of our common stock that he beneficially owns to remain above 500% of his annual salary and bonus. Based on Mr. Ward's salary and bonus paid during 2010, the current price of our common stock and Mr. Ward's current share ownership levels, he is well above the required holding amount. We do not have a policy that restricts our executive officers from limiting their economic exposure to our stock. We will continue to periodically review best practices and reevaluate our position with respect to stock ownership and hedging guidelines.

Risk. Our compensation program for executives is designed to discourage excessive risk taking. In that regard, (i) cash bonuses are discretionary and not awarded pursuant to a formal plan or agreement or based on specific individual or Company performance metrics; and (ii) incentive compensation is currently provided only in the form of restricted stock awards, which (a) unlike awards in the form of stock options, does not provide an incentive to take unnecessary risk to increase stock price; (b) is not tied to formulas that could focus executives on specific short-term outcomes; and (c) vests over a four year to better align the compensation of our executive officers with the interests of our long-term stockholders.

Tax Treatment of Executive Compensation Decisions. Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1,000,000 paid to our principal executive officer, our principal financial officer or any of the three other most highly compensated executive officers, unless the compensation qualifies as performance-based compensation. Our Compensation Committee considers the impact of Section 162(m) when making compensation decisions and attempts to preserve the tax deductibility of executive compensation when doing so is consistent with the committee's overall compensation philosophy and in the Company's best interest. However, the Compensation Committee may award nondeductible compensation when it believes that such awards are in the Company's best interest, balancing short term tax efficiency with the Company's long-term strategic objectives.

Changes to Executive Compensation Due to Market Conditions. As of the date of this report, current economic conditions and recent financial institution crises have not affected how we evaluate executive compensation. However, we are mindful of the current state of the United States and world economies and continue to evaluate whether adjustments to executive compensation are appropriate in light of such circumstances.

Compensation of Former Officer. On November 10, 2010, the Company announced the departure of Dirk Van Doren, who held the role of Executive Vice President and Chief Financial Officer of the Company. Mr. Van Doren's employment with the Company ended effective December 31, 2010. On December 20, 2010, the Company entered into a Transition Agreement that provided that (i) Mr. Van Doren's termination would be deemed to be a Termination without Cause under the terms of his employment agreement, (ii) Mr. Van Doren would be paid a lump sum cash retention payment of \$350,000, and (iii) all of Mr. Van Doren's then outstanding shares of restricted stock would vest by the thirtieth calendar date following his separation. All other material terms of the Transition Agreement are consistent with his employment agreement.

Compensation Decisions for 2011. During the compensation review conducted in December 2010, the Compensation Committee approved base salaries for our named executive officers for 2011 in the following amounts: Mr. Ward \$1,500,000; Mr. Grubb \$900,000; Mr. Tipton \$408,000 and Mr. Johnson \$400,000. In addition, the Compensation Committee approved the following awards of restricted stock for our named executive officers to be effective as of January 14, 2011: Mr. Ward 1,625,000 shares; Mr. Grubb 250,000 shares; Mr. Tipton 62,500 shares; and Mr. Johnson 62,500 shares.

On January 5, 2011, the Company appointed James Bennett as its new Executive Vice President and Chief Financial Officer. On January 10, 2011, the Company and Mr. Bennett entered into an employment agreement in conjunction with his appointment as the Company's Executive Vice President and Chief Financial Officer. Under the terms of the agreement, Mr. Bennett will receive (a) an annual base salary equal to \$700,000; (b) an annual bonus for his first year of employment in an amount equal to at least \$700,000; and (c) shares of restricted stock in the following amounts and at the following times: (i) 700,000 shares granted on February 1, 2011; (ii) during Mr. Bennett's first year of employment with the Company, a number of shares with an aggregate fair market value at the time of grant of at least \$1,500,000; and (iii) during Mr. Bennett's second year of employment with the Company, a number of shares with an aggregate fair market value at the time of grant of at least \$2,000,000.

Employment Agreements

Employment Agreement of Tom L. Ward. Mr. Ward serves as our Chief Executive Officer and President under the terms of an employment agreement that is extended each year on the anniversary of the effective date so that, until the Company provides notice of non-renewal, the agreement's remaining term is at least two years and no more than three years. The agreement entitles Mr. Ward to a base salary of not less than \$950,000, subject to increase at the discretion of the Board of Directors, and the opportunity to earn a cash bonus to be determined in the sole discretion of the Board of Directors or the Compensation Committee of the Board. The employment agreement also describes the following forms of compensation to be provided to Mr. Ward:

compensation we provide to our employees that provide accounting support for his personal investments, excluding 50% of the salaries and bonuses paid to such individuals that Mr. Ward reimburses to the Company;

Table of Contents

the fees and expenses related to one country club membership in Oklahoma City, Oklahoma;

use of the Company's aircraft for the personal travel for himself and his family and guests who accompany him; and

participation in all of our benefit plans and programs.

Mr. Ward's employment agreement also contains non-competition and confidentiality provisions in the event Mr. Ward's employment with us is terminated and further includes provisions governing the payment of severance benefits if his employment is terminated by us without cause or in connection with a change in control. The agreement also addresses termination due to Mr. Ward's death or disability. For a description of these payments, please read *Potential Payments upon Termination or Change in Control* below.

Additionally, if any of the payments or benefits described above are subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended (the Code), Mr. Ward is entitled to receive a gross-up payment equal to the amount of excise tax imposed plus all taxes imposed on the gross-up payment.

Employment Agreements of our Other Named Executive Officers. Each of our other named executive officers serves as an officer under the terms of an employment agreement. The employment agreements with each of Messrs. Grubb, Tipton and Johnson are effective as of November 1, 2010 and the employment agreement of Mr. Bennett is effective as of February 1, 2011. Each such agreement provides for an initial term ending on December 31, 2012 and automatically extends for an additional one-year term on the expiration date of the agreement, unless terminated in accordance with its terms. Pursuant to each of these employment agreements, we agreed to pay an annual base salary equal to or greater than the minimum amount set forth in each respective agreement as follows: Mr. Grubb \$750,000; Mr. Bennett \$700,000; Mr. Tipton \$400,000; and Mr. Johnson \$375,000. Except as described below with respect to Mr. Bennett, the terms of the agreements also provide for (i) additional bonus compensation, to be determined in our sole discretion, (ii) awards of restricted stock under and subject to our equity compensation plans, (iii) the fees and expenses related to one membership in a club in the Oklahoma City, Oklahoma area; and (iv) benefits under all other benefit plans generally provided to our other executive officers.

Under the terms of Mr. Bennett's employment agreement, we agreed to provide (i) an annual bonus for his first year of employment in an amount equal to at least \$700,000; (ii) shares of restricted stock in the following amounts and at the following times: (x) 700,000 shares granted on February 1, 2011; (y) during Mr. Bennett's first year of employment with the Company, a number of shares with an aggregate fair market value at the time of grant of at least \$1,500,000; and (z) during Mr. Bennett's second year of employment with the Company, a number of shares with an aggregate fair market value at the time of grant of at least \$2,000,000; and (iii) relocation compensation to assist with his move to Oklahoma City, Oklahoma.

Each employment agreement also includes provisions governing the payment of severance benefits if employment is terminated by us without cause or in connection with a change of control. Each agreement also addresses termination due to death or disability. For a description of these payments, please read *Potential Payments Upon Termination or Change in Control* below.

2005 Stock Plan

Prior to the initial public offering of our common stock in November 2007, we assumed the Riata 2005 Stock Plan (the 2005 Stock Plan). The 2005 Stock Plan authorizes the granting of stock options, stock appreciation rights, restricted stock, phantom stock and other equity-based awards to our employees, directors and consultants. In addition, the 2005 Stock Plan authorizes cash-denominated awards that may be settled in cash, stock or any combination thereof. The purpose of the 2005 Stock Plan is to attract, retain and provide incentives to our officers, other associates, directors and consultants and to thereby increase overall stockholder value. Currently, only awards of restricted stock are made under the terms of the 2005 Stock Plan.

Restricted stock awards are grants of common stock made to eligible persons subject to restrictions, terms and conditions as established by the Compensation Committee. The grants of restricted stock are issued and outstanding shares from the date of the grant but are subject to forfeiture. An eligible person will become the holder of shares of restricted stock free of all restrictions if he or she complies with all restrictions, terms and conditions. Otherwise, the shares will be forfeited back to the Company. In most cases, holders of outstanding shares of restricted stock will not have the right to vote the shares of restricted stock granted under the 2005 Stock Plan until all restrictions, terms and conditions are satisfied.

The 2005 Stock Plan authorizes 7,074,252 shares of common stock to be used for awards. As of February 28, 2011, 2,387,221 shares, representing 0.6% of the outstanding shares of our common stock, are available to be used for future awards. If an award made under the 2005 Stock Plan expires, terminates or is forfeited, cancelled, settled in cash without issuance of shares of common stock covered by the award, or if

award shares are used to pay for other award shares, those shares will be available for future awards under the 2005 Stock Plan.

Table of Contents**2009 Incentive Plan**

In June 2009, our stockholders approved the adoption of the 2009 Incentive Plan. The 2009 Incentive Plan authorizes the granting of stock options, stock appreciation rights, shares of restricted stock, restricted stock units and any other form of award based on the value (or the increase in value) of shares of our common stock. The 2009 Incentive Plan also permits cash incentive awards. Any current employee, officer, director, consultant or advisor of the Company and any of its present or future parent or subsidiary entities or any other business venture in which we have a controlling interest is eligible to be granted an award.

Subject to adjustments allowed under the 2009 Incentive Plan, the 2009 Incentive Plan authorizes up to 12,000,000 shares of common stock to be used for awards. As of February 28, 2011, 778,156 shares, representing 0.2% of the outstanding shares of our common stock, are available to be used for future awards. If any award made under the 2009 Incentive Plan expires or is terminated, surrendered or canceled without having been fully exercised, is forfeited in whole or in part, or results in any shares not being issued, the unused shares covered by such award shall again be available for grants under the plan. Further, shares tendered to the Company by a participant to exercise an award shall be added to the number of shares available for grants under the plan.

Nonqualified Deferred Compensation

We maintain a nonqualified deferred compensation plan (the "NQDC Plan") for the benefit of eligible employees, including all of our named executive officers. Under the NQDC Plan, we may make discretionary contributions to the deferred compensation account of each participant. The Board of Directors has approved matching contributions for the NQDC Plan equal to 100% of employee contributions up to 15% of the employee's annual cash compensation minus matching contributions made under our 401(k) plan. Matching contributions are made with shares of our common stock. Matching contributions are calculated on behalf of each participant following the end of each calendar quarter. All matching contributions vest at the rate of 25% per year over the four-year period beginning on the date the employee first participates in the plan. The participant must be employed on the last day of the plan year in order to be eligible for vesting of contributions for that plan year.

An active participant of the NQDC Plan shall be fully vested upon the first to occur of the following events: (a) attainment of normal retirement age; (b) death; (c) disability; (d) change in control; or (e) satisfaction of the plan's vesting requirements.

The maximum employee compensation that can be deferred under our 401(k) plan and the NQDC Plan is a total of 75% of base salary and 75% of cash bonus. Participant contributions to the NQDC Plan are held in a rabbi trust and are adjusted for earnings and losses based on deemed investment choices selected by the participant from the fund selections made available under the plan. We do not provide guaranteed, above-market or preferential earnings on deferred compensation. The available investment choices mirror the investment choices available under our 401(k) plan.

No in-service distributions are permitted under the plan unless in the event of an unforeseeable emergency or a change in control of the Company. Upon separation of service of a participant for any reason other than retirement, the participant's balance is paid in a lump sum in cash as soon as practicable following the date of the qualifying distribution event. In the event the separation of employment is due to retirement after turning age 60, the vested balance is paid to the participant in the manner specified by the participant.

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

Any assets we place in trust to fund future obligations of the NQDC Plan are subject to the claims of creditors in the event of our insolvency or bankruptcy. Participants have no greater rights than those of an unsecured creditor as to their rights to receive payment of deferred compensation in the plan.

Potential Payments Upon Termination or Change in Control**Severance Under Employment Agreement of Tom L. Ward**

Termination Other Than For Cause. In the event we terminate Mr. Ward's employment other than for Cause (as defined in Mr. Ward's employment agreement), Mr. Ward is entitled to receive (1) his base salary in effect on the date of termination during the remaining term of the employment agreement or through the expiration date of the agreement and (2) any vacation pay accrued but unused through the date of termination.

Termination in Connection with Change in Control. In the event that Mr. Ward's employment is terminated within one year of a Change in Control event (as defined in the agreement) other than for Cause, death or disability, Mr. Ward is entitled to receive (1) a single, lump sum severance payment within ten days of termination equal to three times his base salary for the last twelve calendar months and bonus paid (based on an average of the last three annual bonuses paid) and (2) any applicable Gross-Up Payment (as defined below). If the foregoing amount is not paid within ten days after the Change in Control event, the unpaid amount will bear interest at a rate equal to 12% per annum. To the extent that any payment or distribution is subject to excise tax under Section 4999 of the Code or any other interest or penalties related to such excise tax (collectively, Excise Tax), the agreement provides we will pay an additional amount (the Gross-Up Payment) such that, after payment by Mr. Ward of all taxes on the Gross-Up Payment, he will retain an amount of the Gross-Up Payment equal to the Excise Tax.

In addition, notwithstanding any provision to the contrary in any option agreement, restricted stock agreement, plan or other agreement relating to equity based compensation, in the event of a termination without Cause or in connection with a Change in Control, all of Mr. Ward's units, stock options, incentive stock options, performance shares, stock appreciation rights and restricted stock (collectively, awards) will immediately become 100% vested. Further, Mr. Ward's right to exercise any previously unexercised options will not terminate until the latest date on which such option would expire but for Mr. Ward's termination. To the extent we are unable to provide for one or both of the foregoing rights, we will provide in lieu thereof a lump-sum cash payment equal to the difference between the total value of such awards with the foregoing rights and the total value without the foregoing rights.

Termination for Cause. In the event Mr. Ward is terminated for Cause, we will have no obligation to provide further payments or benefits.

Voluntary Termination. In the event Mr. Ward voluntarily terminates with or without Cause, we have no further obligations except for any obligations expressly surviving termination of employment. If Mr. Ward desires to voluntarily terminate, he must give 90 days notice of his intent to terminate during which time he can use accrued vacation time or be paid for such days.

Edgar Filing: SANDRIDGE ENERGY INC - Form 10-K/A

Table of Contents

Termination due to Death. In the event Mr. Ward's employment terminates due to death, then his estate is entitled to receive his base salary payment for twelve months after termination and any accrued benefits.

Severance Under Employment Agreements of our Other Named Executive Officers

Termination Other Than For Cause. In the event we terminate a named executive officer's employment other than for Cause (as defined in the executive's employment agreement), the terminated executive is entitled to receive an amount equal to twelve months base salary in effect on the date of termination, and if at the time of such termination Mr. Ward is not the Chairman and Chief Executive Officer of the Company, then (a) all units, stock options, incentive stock options, performance shares, stock appreciation rights and restricted stock granted and held by the executive immediately prior to such termination will immediately become 100% vested; and (b) the executive's right to exercise any previously unexercised options will not terminate until the latest date on which such option would expire but for the executive's termination of employment.

Termination in Connection with Change in Control. In the event that employment is terminated within two years of a Change in Control event (as defined in the agreements) other than for Cause, death or disability, the executive is entitled to receive a single, lump sum severance payment within sixty days of termination equal to two times his base salary for the last twelve calendar months and bonus paid (based on an average of the last three annual bonuses paid or such lesser number of years as he was employed). If the foregoing amount is not paid within sixty days after the Change in Control event, the unpaid amount will bear interest at a rate equal to 12% per annum. The right to this termination compensation upon a Change in Control is subject to the executive's execution of a severance agreement at the time of termination which will operate as a release of all legally waivable claims against us. Such payment is further conditioned upon the executive's compliance with all of the provisions of his employment agreement, including all post-employment obligations.

In addition, notwithstanding any provision to the contrary in any option agreement, restricted stock agreement, plan or other agreement relating to equity based compensation, in the event of a termination in connection with a Change in Control, all of the executive's units, stock options, incentive stock options, performance shares, stock appreciation rights and restricted stock (collectively, awards) will immediately become 100% vested. Further, the executive's right to exercise any previously unexercised options will not terminate until the latest date on which such option would expire but for the executive's termination. To the extent we are unable to provide for one or both of the foregoing rights, we will provide in lieu thereof a lump-sum cash payment equal to the difference between the total value of such awards with the foregoing rights and the total value without the foregoing rights. The right to this termination compensation is subject to the executive's execution of a severance agreement at the time of termination which will operate as a release of all legally waivable claims against us. Such payment is further conditioned upon the executive's compliance with all of the provisions of his employment agreement, including all post-employment obligations.

Termination for Cause. In the event the executive is terminated for Cause, we will have no further obligation to provide further payments or benefits.

Voluntary Termination. In the event the executive voluntarily terminates with or without Cause, we have no further obligations except for any obligations expressly surviving termination of employment. If the executive desires to voluntarily terminate, he must give 30 days notice of his intent to terminate.

Termination due to Disability. If the executive's employment is terminated due to disability, then he is entitled to receive twelve months base salary. This amount will be reduced by any benefits payable under any disability plans provided by us pursuant to his employment agreement.

Termination due to Death. In the event the executive's employment terminates due to death, then his estate is entitled to receive base salary payments for twelve months after termination.

If any amount payable to the executive under the executive's employment agreement or otherwise would constitute a parachute payment within the meaning of Section 280G of the Code and, but for the terms of the agreement, would be subject to the excise tax imposed by Section 4999 of the Code (the Excise Tax), then the executive's payments under the agreement will be reduced to the greatest amount that would not be subject to the Excise Tax if, after taking into account applicable federal, state, local and foreign income and employment taxes, the Excise Tax, and any other applicable taxes, the executive would retain a greater amount on an after-tax basis following such reduction.

Table of Contents**Summary of Potential Payments upon Termination or Change in Control**

The following table presents our reasonable estimate of the benefits that would have been payable to our named executive officers under their employment agreements assuming that each triggering event took place on December 31, 2010. While we have made reasonable assumptions regarding the amounts, there can be no assurance that the named executive officers would have received the amounts reflected below in the event of an actual termination of employment.

Indemnification

We have entered into an indemnification agreement with each of our directors and executive officers (each an indemnitee), which is intended to permit indemnification to the fullest extent now or hereafter permitted by the General Corporation Law of the State of Delaware. It is possible that the applicable law could change the degree to which indemnification is expressly permitted.

Each indemnification agreement covers expenses (including attorneys' fees), judgments, fines and amounts paid in settlement incurred by an indemnitee when, in his or her capacity as a director or officer, the indemnitee is made or threatened to be made a party to any suit or proceeding. Each indemnification agreement generally covers claims relating to the fact that the indemnitee is or was an officer, director, employee or agent of ours or any of our affiliates, or is or was serving at our request in such a position for another entity. Each indemnification agreement also obligates us to promptly advance all reasonable expenses incurred in connection with any claim. The indemnitee is, in turn, obligated to reimburse us for all amounts so advanced if it is later determined that the indemnitee is not entitled to indemnification. The indemnification provided under the indemnification agreements is not exclusive of any other indemnity rights of an indemnitee; however, double

recovery by an indemnitee is prohibited.

Table of Contents

We are not obligated to indemnify the indemnitee with respect to claims brought by the indemnitee against:

the Company, except for:

claims regarding the indemnitee's rights under the indemnification agreement;

claims to enforce a right to indemnification under any statute or law; and

counter-claims against us in a proceeding brought by us against the indemnitee; or

any other person, except for claims approved by our Board of Directors.

We have also agreed to obtain and maintain director and officer liability insurance for the benefit of each of our directors and executive officers. These policies include coverage for losses for wrongful acts and omissions and to ensure our performance under the indemnification agreements. Each of our directors and executive officers is named as an insured under the policies and provided with the same rights and benefits as the most favorably insured of our directors and officers.

Director Compensation

Directors who also serve as employees receive no compensation for serving on our Board of Directors. Non-employee directors are each entitled to receive a \$50,000 annual retainer. In addition, non-employee directors receive \$12,500 for each in-person meeting attended not to exceed \$75,000 in any given year. In 2010, each non-employee director also received grants of shares of restricted stock that will vest in 25% increments on each of the first four anniversaries following the date of grant.

Item 13. *Certain Relationships and Related Transactions and Director Independence*
Related Party Transactions

A related party transaction is a transaction, proposed transaction, or series of similar transactions, in which (a) we are a participant, (b) the amount involved exceeds \$120,000 and (c) a related person (as defined below) has or will have a direct or indirect material interest. A related person is (i) any person who is, or at any time since the beginning of our last fiscal year was, a director, executive officer, or nominee to become a director, (ii) a person known to be the 5% beneficial owner of any class of our voting securities, (iii) an immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of such director, executive officer, nominee for director or more than 5% beneficial owner, and (iv) any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee for director or more than 5% beneficial owner. The written policy includes factors to be considered by the disinterested members of our Board of Directors when determining whether to approve a proposed related party transaction. Factors to be considered include the terms of the transaction with the related party, availability of comparable products or services from unrelated third parties, terms available from unrelated third parties and benefits provided to us by the transaction.

Oklahoma City Thunder Sponsorship and Suite License

Messrs. Ward and Dobson own a 19.23% and 3.85% interest, respectively, in Professional Basketball Club, LLC (PBC), which owns and operates the Oklahoma City Thunder (Thunder), a National Basketball Association team playing in Oklahoma City, where our headquarters is located. Like other prominent Oklahoma City-based companies, we entered into an agreement related to the sponsorship of the team in September 2008. Under the five-year agreement, we will pay an average annual sponsorship fee of approximately \$3,275,000 for advertising and promotional activities related to the Thunder.

Table of Contents

In addition, in October 2009, we entered into an agreement to license a suite at the arena where the Thunder plays its home games. Under the four-year agreement, we will pay an annual license fee in return for access to the suite during Thunder games and for other events held at the arena. The annual license fee for the first year is \$200,000 and may increase each year at the option of PBC in an amount not to exceed 3% of the license fee for the previous year; provided that if PBC elects not to increase the license fee in any given year, then its option for each subsequent year shall be equal to an amount not to exceed 3% of the what the license fee would have been had PBC elected to increase the license fee 3% each year under the agreement.

Other Transactions with Mr. Ward

We lease rights to minerals under certain areas of land in northwest Oklahoma from TLW Land & Cattle LP (TLW LC), an entity in which Mr. Ward has an ownership interest. In 2010, we developed some of the surface lands associated with these mineral interests and paid \$33,046 to TLW-LC pursuant to the development. We also paid royalties totaling \$302,554 to TLW-LC in connection with the production of oil and natural gas from these properties.

In September 2010, we purchased a portion of the working interest in leases covering acreage in northeast Oklahoma from WCT Resources, L.L.C., a limited liability company formed in 2002 and owned by trusts established in 1989 for the benefit of Mr. Ward's children (WCT), for \$1,791,120, and in January 2011, we acquired a working interest in additional acreage in the area for \$391,955. Our Board approved the transactions in accordance with its Related Party Transactions Policy. WCT also participates as a working interest owner in wells we operate in northwest Oklahoma, and during 2010, we paid revenue of \$242,363 to WCT as a working interest owner.

From time to time, the Company purchases from Mr. Ward tickets to various sporting and other entertainment events for use by Company employees. During 2010, the Company paid Mr. Ward approximately \$321,000 for use of such tickets.

Director Independence

The Board of Directors has determined that Messrs. Brewer, Dobson, Gilliland, Jordan, Oliver and Serota have no material relationships with the Company other than as directors and stockholders of the Company and are independent for purposes of the NYSE listing standards. Mr. Ward, our Chief Executive Officer, is not independent. In making these determinations, the Board considered all relevant facts and circumstances that could affect such person's exercise of independent judgment in carrying out the responsibilities of a director. The Board determined that Mr. Dobson's interest in the transaction between the Company and the Oklahoma City Thunder, whereby the Company has agreed to be a corporate sponsor for the team and purchase a suite license from the team, is not material because Mr. Dobson's minority ownership interest in the team is relatively small in value compared to his other business interests and the value derived by the Company pursuant to the sponsorship arrangement. Please see Related Party Transactions for a more detailed discussion of these transactions. The Board of Directors additionally has determined that all Audit Committee members meet the independence requirements for audit committee members set forth in Rule 10A-3 under the Exchange Act.
