Summary

This summary highlights information contained elsewhere in this prospectus or incorporated by reference therein. This summary may not contain all of the information that you should consider before deciding whether or not you should purchase any shares of common stock offered hereby. You should read the entire prospectus carefully, including the section entitled "Risk Factors" beginning on page 3 of this prospectus. This prospectus and the documents incorporated by reference herein contain more detailed descriptions of the terms and conditions of the offering and provide additional information about us and our business, including potential risks related to the offering, our common stock, and our business.

Our Business

Products and Services

eDiets.com, Inc. leverages the power of technology to bring weight loss solutions to both consumers and businesses. We generate revenue in four ways.

We sell digital weight-loss programs.

We offer a nationwide weight loss oriented meal delivery service.

We derive licensing revenues for the use of our intellectual property and development revenues related to the planning, design and development of private-label nutrition Websites.

We sell advertising throughout our content assets, which are primarily our diet, fitness and healthy lifestyle-oriented Websites.

Subscription Business (includes our digital subscription-based plans and our meal delivery plans)

We have been offering digital subscription-based plans in the United States since 1998, when we launched our first diet plan. Our digital diet plans are personalized according to an individual's weight goals, food and cooking preferences and include the related shopping lists and recipes. eDiets offers a variety of approximately twenty different diet plans, some of which we have developed and some of which we have licensed from third parties under exclusive arrangements. We also offer a subscription-based nationwide weight loss oriented meal delivery service.

Subscribers to our digital diet and meal delivery plans are acquired through our own advertising or through co-marketing arrangements with third parties. In addition to a digital diet or meal delivery product, they receive access to support offerings including interactive online information, communities and education as well as telephone and online support. eDiets offers message boards on various topics of interest to our subscribers, online meetings presented by registered dietitians and the resources of approximately 30 customer service representatives and nutritionists.

Digital subscription programs ranging from four weeks to 52 weeks are billed in advance in varying increments of time. Substantially all of our digital subscribers purchase programs via credit/debit cards, with renewals billed automatically, until cancellation. During 2010 we recorded approximately \$3.7 million in digital plans revenue, or approximately 16.0% of total revenues for 2010.

Meal delivery subscribers purchase a full week or five days of prepared breakfasts, lunches, and dinners, supplemented by snacks that are generally shipped to arrive within two to three days. During 2010 we recorded approximately \$16.2 million in meal delivery revenue, or approximately 69.5% of total revenues for 2010.

License Business (includes business-to-business and royalty revenue)

Our eDiets Corporate Services subsidiary is actively engaged in providing private label online nutrition, fitness and wellness programs to companies mainly in the health insurance, pharmaceutical and food industries. During 2010 we recorded approximately \$2.5 million in business-to-business revenue, or approximately 10.7% of total revenues for 2010.

We also recognized \$0.6 million in royalty revenue in 2010 as a result of having licensed to Tesco plc (Tesco) the exclusive rights to use eDiets brand and diet plan technology in the UK and Ireland. Effective July 31, 2009, we terminated this exclusive licensing agreement with Tesco. The termination agreement provides Tesco with certain continuing rights in the Company technology used by or incorporated into Tesco's diet website prior to termination, including a three-year non-exclusive right to use such technology and, thereafter, an assignment of certain intellectual property rights relating to such technology.

Content Business (includes advertising and ecommerce revenue)

Our advertising sales revenues were approximately \$0.2 million, or 1.0% of total revenues for 2010, and are derived from our flagship Website, www.eDiets.com. The site includes free, regularly updated content developed primarily by our in-house editorial staff. Content is grouped into channels including Diet & Nutrition, Fitness, Mind & Body, Health, Food & Recipes and Success Stories.

Additional advertising revenues are generated through placements in our free opt-in email newsletters and through placements within the subscription sales process.
