**Pro Forma Information**

The accompanying unaudited pro forma condensed consolidated statements of operations of SCC, SunGard Capital Corp. II ( SCCII ) and SunGard for the years ended December 31, 2008, 2009 and 2010 and for the nine months ended September 30, 2011 are presented as if the sale of the Higher Education Businesses had occurred on January 1, 2008. The accompanying unaudited pro forma condensed consolidated balance sheets of SCC, SCCII and SunGard as of September 30, 2011 are presented as if the sale of the Higher Education Businesses had occurred on September 30, 2011. The unaudited pro forma condensed consolidated financial information contains specific assumptions and adjustments related to the sale of the Higher Education Businesses. The adjustments are based on information presently available and assumptions management believes are reasonable under the circumstances as of the date of this filing. Actual adjustments, however, may differ materially from the information presented.

The unaudited pro forma condensed consolidated financial information is intended for informational purposes only. It is not necessarily indicative of and does not purport to represent what SCC, SCCII or SunGard s future financial condition or operating results will be after giving effect to the sale and does not reflect actions that may be undertaken by management after the sale.

The following is a brief description of the amounts recorded under each of the column headings in the unaudited pro forma condensed consolidated statements of operations:

*Historical SunGard*

This column reflects SunGard's historical audited operating results for the years ended December 31, 2008, 2009 and 2010, and the historical unaudited operating results of continuing operations and financial condition as of and for the nine months ended September 30, 2011 prior to any adjustment for the sale described above. The nine month period ended September 30, 2011 does not include the results of the HE business due to its presentation in discontinued operations in that period.

*Disposition*

This column reflects the elimination of the historical operating results of SunGard's Higher Education business for the years ended December 31, 2008, 2009, and 2010 and the historical unaudited financial condition as of September 30, 2011 at the amounts that have been reflected in SunGard's consolidated financial statements for such periods.

*Pro Forma Adjustments*

This column reflects the pro forma effect of the use of \$1.222 billion of net cash proceeds from the sale of the Higher Education Businesses to repay a portion of outstanding term loans and the related interest savings assuming the repayment occurred at the beginning of 2010.

The unaudited pro forma condensed consolidated financial information set forth below, including notes thereto, should be read in conjunction with Management's Discussion and Analysis of Results of Operations and Financial Condition and the historical consolidated financial statements and notes thereto included in SunGard's annual report on Form 10-K for the year ended December 31, 2010 and in the SunGard's quarterly report on Form 10-Q/A for the quarterly period ended September 30, 2011 that have been filed with the Securities and Exchange Commission.

## Edgar Filing: SunGard VPM Inc. - Form 424B3

- 1 Gross proceeds of \$1.775 billion less purchase price adjustments of approximately \$4 million.
- 2 Represents estimated transaction fees and expenses to be paid in connection with the sale of the Higher Education Businesses.
- 3 Net cash proceeds (as defined in SunGard's senior secured credit agreement), which were approximately \$1.222 billion after applicable taxes, transaction fees, expenses and other adjustments, to repay a portion of SunGard's senior secured credit facility term loans on a pro-rata basis and the write-off of the pro-rata portion of deferred financing costs associated with the term loans.
- 4 Interest related to the \$1.222 billion term loan repayment was computed using the actual weighted average historical interest rates of the term loans and the pro-rata portion of amortization of deferred financing costs included in interest expense for the periods presented.
- 5 Represents adjustments to tax balances to reflect: the reversal of existing deferred tax assets and liabilities associated with the outside tax basis differences in the Higher Education Business, the reversal of existing deferred tax assets for foreign tax credits that can be utilized to offset the expected current taxes to be paid on the transaction, and the estimated current taxes (net of foreign tax credits) on the transaction.
