Item 2.05. Costs Associated with Exit or Disposal Activities.

On March 19, 2014, the Commercial Vehicle Group, Inc. (the Company) Board of Directors authorized management to announce the planned closure of its Tigard, Oregon, interior trim production and warehouse facility, in response to changing customer needs and industry dynamics.

The closure of the Tigard facility will impact approximately 80 employees. The Company expects to continue operations at the Tigard facility through December 2014.

The Company estimates it will incur total (net) expenses related to the closure of its Tigard facility of approximately \$3.2 million to \$3.5 million, consisting of approximately \$0.5 million of employee-related costs, approximately \$0.6 million of capital expenditure and approximately \$2.1 million to 2.4 million of equipment removal and other costs from March 2014 to December 2014. The Company anticipates annualized savings from the closure of the Tigard facility to be in the range of \$1.5 million to \$2.5 million.

The Company estimates that total (net) cash expenditures (excluding capital expenditures) resulting from these charges will be approximately \$2.6 million to \$2.9 million, which amounts are expected to be incurred in 2014.

The amounts and timing may vary materially based upon various factors. See Cautionary Note Regarding Forward-Looking Information below.
