PROXY STATEMENT

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors (the Board) of Cheniere Energy, Inc. (Cheniere, the Company, we, us or our), a Delaware corporation, of proxies to be voted at the 2014 Annual Meeting of Stockholders and any adjournment or postponement thereof.

You are invited to attend our Annual Meeting of Stockholders (the Meeting) on September 11, 2014, beginning at 9:00 a.m., Central Daylight Time. The Meeting will be held in the Crystal Ballroom at the Post Rice Lofts, 909 Texas Avenue, Houston, Texas 77002.

This Notice of Postponed Annual Meeting, Proxy Statement, proxy card and 2013 Annual Report on Form 10-K for the year ended December 31, 2013, are being mailed to stockholders on or about July 28, 2014.

Are these proxy materials different from the proxy materials I already received?

Yes, although you may have received proxy materials dated April 28, 2014, these proxy materials are different in a few important ways, including:

The date of the Meeting has changed to September 11, 2014.

Two of the proposals in the previously sent proxy materials have been withdrawn, as described below.

The record date for determination of stockholders eligible to vote in the Meeting has changed to July 23, 2014. Proposals relating to the 2014-2018 Long-Term Incentive Compensation Program (the 2014-2018 LTIP) and the Cheniere Energy, Inc. 2011 Incentive Plan were included in the previously sent proxy materials. The Board in consultation with the Compensation Committee has subsequently withdrawn these proposals. After receiving feedback from stockholders and consulting with management, the Board determined that this is not the appropriate time to ask the stockholders to approve a new pool of shares. The Company will reassess its strategy in this context given the need to attract, retain and motivate employees with the talent and experience to effectively execute the Company's strategic business plan.

We urge you to read these entire proxy materials before submitting your proxy.

If I already submitted my proxy, do I need to submit my proxy again?

Because the record date for determination of stockholders eligible to vote in the Meeting has changed, you will need to submit your proxy again. Any proxies previously received by Cheniere will be disregarded for purposes of determining the number of votes cast for each proposal described in these proxy materials. Furthermore, because Cheniere is unable to count any previously submitted proxies, you will need to submit your proxy again even if your vote has not changed with respect to the proposals that are still being submitted to a vote of stockholders. We apologize for any inconvenience.

What should I do with the proxy materials I already received?

You should discard any previously received proxy materials. Please do not submit the proxy contained in any previously received proxy materials.

Do I need a ticket to attend the Meeting?

You will need proof of ownership and valid identification to enter the Meeting.

If your shares are held beneficially in the name of a bank, broker or other holder of record and you plan to attend the Meeting, you must present proof of your ownership of Cheniere stock, as of July 23, 2014, such as a bank or brokerage account statement, to be admitted to the Meeting.

If you have any questions about attending the Meeting, you may contact Investor Relations at info@cheniere.com or 713-375-5100.

Stockholders also must present a valid government-issued picture identification in order to be admitted to the Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted at the Meeting.

Who is entitled to vote at the Meeting?

Holders of Cheniere common stock at the close of business on July 23, 2014 (the Record Date), are entitled to receive this Notice and to vote their shares at the Meeting. As of July 23, 2014, there were 237,997,817 shares of common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with Cheniere's transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record of those shares. The Notice of Postponed Annual Meeting, Proxy Statement, proxy card and 2013 Annual Report on Form 10-K for the year ended December 31, 2013, have been sent directly to you by Cheniere. If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of such shares held in street name. The Notice of Postponed Annual Meeting, Proxy Statement, proxy card and 2013 Annual Report on Form 10-K for the year ended December 31, 2013, have been forwarded to you by your broker, bank or other holder of record, who is considered the stockholder of record of those shares. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

How do I vote?

You may vote using any of the following methods:

By mail

You may submit your proxy vote by mail by signing a proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your broker, trustee or nominee, and mailing it in the enclosed envelope. If you provide specific voting instructions, your shares will be voted as you have instructed. If you do not indicate your voting preferences, your shares will be voted as recommended by the Board; provided, however, if you are a beneficial owner, your bank, broker or other holder of record is not permitted to vote your shares on the following proposals if your bank, broker or other holder of record does not receive voting instructions from you: Proposal 1 to elect directors and Proposal 2 to approve, on an advisory and non-binding basis, the compensation awarded to the Company's named executive officers for the year 2013.

By telephone or on the Internet

If you have telephone or Internet access, you may submit your proxy vote by following the instructions provided on your proxy card or voting instruction form. If you are a beneficial owner, the availability of telephone and Internet voting will depend on the voting processes of your broker, bank or other holder of record. Therefore, we recommend that you follow the voting instructions in the materials you receive.

In person at the Meeting

If you are the stockholder of record, you have the right to vote in person at the Meeting. If you are the beneficial owner, you are also invited to attend the Meeting. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the Meeting unless you obtain a legal proxy from your broker, bank or other holder of record that holds your shares, giving you the right to vote the shares at the Meeting.

Can I revoke my proxy?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

written notice to the Corporate Secretary of the Company;

timely delivery of a valid, later-dated proxy; or

voting by ballot at the Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other holder of record. You may also vote in person at the Meeting if you obtain a legal proxy as described in the answer to the preceding question.

What shares are included on the proxy card?

If you are a stockholder of record, you will receive a proxy card for the shares you hold in certificate form or in book-entry form. If you are a beneficial owner, you will receive voting instructions from your bank, broker or other holder of record.

Is there a list of stockholders entitled to vote at the Meeting?

The names of stockholders of record entitled to vote at the Meeting will be available at the Meeting and for ten days prior to the Meeting for any purpose germane to the Meeting. The list will be available between the hours of 8:30 a.m. and 4:30 p.m. Central Daylight Time, at our offices at 700 Milam Street, Suite 800, Houston, Texas 77002, by contacting the Corporate Secretary of the Company.

What are the voting requirements to elect the directors and to approve each of the proposals discussed in this Proxy Statement?

The presence in person or by proxy of the holders of a majority in voting power of the outstanding shares of common stock entitled to vote at the Meeting is necessary to constitute a quorum. In the absence of a quorum at the Meeting, the Meeting may be adjourned from time to time without notice, other than an announcement at the Meeting, until a quorum shall be present. Abstentions and broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the Meeting for purposes of determining a quorum. Broker non-votes occur when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Proposal 1 Directors are elected by a majority of the votes cast at the Meeting, meaning that the number of votes cast for a director must exceed the number of votes cast against that director. If you are a beneficial owner, your bank, broker or other holder of record may not vote your shares with respect to Proposal 1 without specific instructions from you as to how to vote with respect to the election of each of the ten nominees for director because the election of directors is not considered a routine matter. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of the election of directors.

Proposal 2 To be approved, Proposal 2 regarding the compensation awarded to the Company's named executive officers for the year 2013 must receive the affirmative vote of the holders of a majority in voting power of the shares entitled to vote on the matter present in person or by proxy at the Meeting. Because your vote is advisory, it will not be binding on the Board of Directors or the Company. If you are a beneficial owner, your bank, broker or other holder of record may not vote your shares with respect to Proposal 2 without specific instructions from you because Proposal 2 is not considered a routine matter. Abstentions will be counted against Proposal 2. Broker non-votes will not count as shares entitled to vote on the matter.

Table of Contents

Proposal 3 To be approved, Proposal 3 to ratify the appointment of KPMG LLP must receive the affirmative vote of the holders of a majority in voting power of the shares entitled to vote on the matter present in person or by proxy at the Meeting. Proposal 3 is considered a routine matter and, therefore, if you are a beneficial owner, your bank, broker or other holder of record has the authority to vote your shares on Proposal 3 if you have not furnished voting instructions within a specified period of time prior to the Meeting. Abstentions will be counted as a vote against Proposal 3.

What if a director nominee does not receive a majority of votes cast?

Our Amended and Restated Bylaws (By-Laws) require directors to be elected by the majority of the votes cast with respect to such director (i.e., the number of votes cast for a director must exceed the number of votes cast against that director). If a nominee who is serving as a director is not elected at the Meeting and no one else is elected in place of that director, then, under Delaware law, the director would continue to serve on the Board as a holdover director. However, under our By-Laws, the holdover director is required to tender his or her resignation to the Board. The Governance and Nominating Committee of the Board then would consider the resignation and recommend to the Board whether to accept or reject the tendered resignation, or whether some other action should be taken. The Board of Directors would then make a decision whether to accept the resignation taking into account the recommendation of the Governance and Nominating Committee. The director who tenders his or her resignation will not participate in the Governance and Nominating Committee's or the Board's decision. The Board is required to disclose publicly (by a press release and a filing with the Securities and Exchange Commission) its decision regarding the tendered resignation and, if the tendered resignation is rejected, the rationale behind the decision within 90 days from the date of the certification of the election results.

Could other matters be decided at the Meeting?

As of the date of this Proxy Statement, we do not know of any matters to be raised at the Meeting other than those referred to in this Proxy Statement. If other matters are properly presented for consideration at the Meeting, the persons named in your proxy card will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, electronic transmission and facsimile transmission. We have hired Morrow & Co., LLC, 470 West Ave., Stamford, CT 06902, to solicit proxies. We will pay Morrow & Co., LLC a fee of \$15,000 plus expenses for these services.

Who will count the vote?

Broadridge Financial Solutions, Inc., an independent third party, will tabulate the votes.

PROPOSAL 1 ELECTION OF DIRECTORS

Directors and Nominees

The Board of Directors currently consists of thirteen members. The Board was previously divided into three classes, and prior to 2013, the directors of only one of the three classes were elected at each annual meeting for a three-year term. However, at a special meeting of stockholders in 2013, the stockholders approved an amendment to the Company's Restated Certificate of Incorporation to provide for the phased elimination of the classified structure of the Board over a three-year period, beginning with the 2013 annual meeting of stockholders.

This year, there are ten nominees standing for election as directors at the Meeting, for a term of one year. The terms of the three directors previously designated as Class II directors will expire at the 2015 annual meeting of stockholders. Beginning with the 2015 annual meeting, all directors will be elected annually at the annual meeting for a one-year term expiring at the following annual meeting.

The Board of Directors has nominated Charif Souki, Vicky A. Bailey, G. Andrea Botta, Keith F. Carney, David I. Foley, Randy A. Foutch, David B. Kilpatrick, Donald F. Robillard, Jr., Neal A. Shear and Heather R. Zichal for election as directors. Each nominee, if elected, will hold office for a one-year term expiring at the 2015 annual meeting of stockholders and will serve until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal.

Except for Messrs. Foutch, Robillard and Shear and Ms. Zichal, each of the director nominees currently serves on the Board and was elected by the Company's stockholders. Mr. Foutch was appointed to the Board in July 2013 and was first brought to the attention of our Governance and Nominating Committee by Mr. Souki, the Company's Chairman of the Board, Chief Executive Officer and President. Two new positions were created on the Board for Mr. Shear and Ms. Zichal, who were appointed in June 2014 and were first brought to the attention of our Governance and Nominating Committee by Mr. Botta and Mr. Deutch, respectively. Mr. Robillard has been nominated to replace current director Walter L. Williams and was first brought to the attention of our Governance and Nominating Committee by Mr. Foutch. If elected by the Company's stockholders, Mr. Robillard will be appointed by the Board following the Meeting. Each of the nominees has consented to serve as a director if elected or re-elected.

In keeping with Cheniere's director retirement policy, Mr. Williams, elected to the Board in 1996, will not stand for re-election.

Unless your proxy specifies otherwise, it is intended that the shares represented by your proxy will be voted for the election of these ten nominees. If you are a beneficial owner, your bank, broker or other holder of record is not permitted to vote your shares on Proposal 1 to elect directors if the bank, broker or other holder of record does not receive voting instructions from you. Proxies cannot be voted for a greater number of persons than the number of nominees named. The Board is unaware of any circumstances likely to render any nominee unavailable.

The Board of Directors recommends a vote **FOR the election of the ten nominees as directors of the Company, to hold office for a one-year term expiring at the 2015 annual meeting of stockholders or until their successors are duly elected and qualified.**

The individuals listed below currently serve or are nominated to serve on the Board of the Company.

GOVERNANCE INFORMATION

Director Independence

The Board determines the independence of each director and nominee for election as a director in accordance with the rules and regulations of the Securities and Exchange Commission (SEC) and the NYSE MKT LLC independence standards, which are listed below. The Board also considers relationships that a director may have:

as a partner, shareholder or officer of organizations that do business with or provide services to Cheniere;

as an executive officer of charitable organizations to which we have made or make contributions; and

that may interfere with the exercise of a director's independent judgment.

The NYSE MKT LLC independence standards state that the following list of persons shall not be considered independent:

a director who is, or during the past three years was, employed by the Company or by any parent or subsidiary of the Company;

a director who accepts, or has an immediate family member who accepts, any payments from the Company or any parent or subsidiary of the Company in excess of \$120,000 during any period of twelve consecutive months within the past three fiscal years other than compensation for Board or committee services, compensation paid to an immediate family member who is a non-executive employee of the Company, compensation received for former service as an interim executive officer provided the interim service did not last longer than one year, or benefits under a tax-qualified retirement plan, or non-discretionary compensation;

a director who is an immediate family member of an individual who is, or has been in any of the past three years, employed by the Company or any parent or subsidiary of the Company as an executive officer;

a director who is, or has an immediate family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments (other than those arising solely from investments in the Company's securities or payments under non-discretionary charitable contribution matching programs) that exceed 5% of the organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the most recent three fiscal years;

a director who is, or has an immediate family member who is, employed as an executive officer of another entity where at any time during the most recent three fiscal years any of the Company's executive officers serve on the compensation committee of such other entity; or

a director who is, or has an immediate family member who is, a current partner of the Company's outside auditor, or was a partner or employee of the Company's outside auditor who worked on the Company's audit at any time during any of the past three years.

As of April 2014, the Board determined that Messrs. Botta, Brandolini, Carney, Deutch, Foutch, Hoenmans, Kilpatrick, Robillard, Shear and Williams and Ms. Bailey and Zichal are independent, and none of them has a relationship that may interfere with the exercise of his or her independent judgment.

Board Leadership Structure and Role in Risk Oversight

Board Leadership Structure. Mr. Souki serves as Chairman of the Board and Chief Executive Officer. From time to time, the Board considers whether Mr. Souki continues to be the appropriate person to serve in the combined role of Chairman and Chief Executive Officer. The Board has determined that Mr. Souki should continue to serve in the combined role of Chairman and Chief Executive Officer based on various factors. First, as a co-founder of the Company, Mr. Souki's leadership and vision for the Company have been instrumental in its development and its overall strategy in the LNG marketplace. Second, the Company's execution of its liquefaction projects is dependent on Mr. Souki's continued leadership. Finally, Mr. Souki has the confidence of the Board and the Company to continue to implement the Company's business plan.

In addition to these factors, the Company has in place sound counter-balancing mechanisms to ensure the continued accountability of the Chief Executive Officer to the Board. These counter-balancing mechanisms include:

The Board has appointed a Lead Director to provide independent leadership to the Board, to ensure that the Board operates independently of management and that directors have an independent leadership contact;

Each of the Board's standing committees, including the Audit, Compensation and Governance and Nominating Committees, are comprised of and chaired solely by non-employee directors who meet the independence requirements under the NYSE MKT LLC listing standards and the SEC;

Table of Contents

The independent directors of the Board, along with the Compensation Committee, evaluate the Chief Executive Officer's performance, and the Compensation Committee determines his compensation;

The independent directors of the Board meet in executive sessions without management present and have the opportunity to discuss the effectiveness of the Company's management, including the Chief Executive Officer, the quality of the Board meetings and any other issues and concerns; and

The Governance and Nominating Committee has oversight of succession planning, both planned and emergency, and the Board has approved an emergency Chief Executive Officer succession process.

The Board does not believe that its leadership structure affects the Board's role in risk oversight. See the discussion on the *Board's Role in Risk Oversight* below. The Board does not currently have a policy as to whether the role of Chief Executive Officer and Chairman should be separate, and it has the ability to separate these roles in the future if it determines that such a separation would be in the best interest of the Company and its stockholders.

Independent Lead Director. In light of the fact that the Company's Chairman position is held by a non-independent director, the Board has established the position of Lead Director to provide independent leadership to the Board. The Lead Director's role exists to ensure that the Board operates independently of management and that directors have an independent leadership contact. Mr. Carney currently serves as the Lead Director of the Board. The responsibilities of the Lead Director, which have been formally adopted by the Board, outline the Lead Director's role. The responsibilities of the Lead Director are to:

recommend to the Chairman of the Board any changes to the schedule of Board meetings, as are necessary or appropriate to ensure that the independent directors have sufficient time to discuss all agenda items;

advise the Chairman of the Board of any matters that the Lead Director determines should be included in any Board meeting agenda;

advise the Chairman of the Board as to the quality, quantity and timeliness of the flow of information from the Company's management to the Board;

recommend to the Chairman of the Board the retention of consultants who report directly to the Board;

act as principal liaison between the independent directors and the Chairman of the Board on all issues, including, but not limited to, related party transactions;

in the discretion of the Lead Director, participate in meetings of the committees of the Board;

in the absence or incapacity of the Chairman of the Board or Chief Executive Officer, act as the spokesperson for the Company; and

be available, if requested, for consultation and direct communication with major stockholders of the Company.

Board's Role in Risk Oversight. Risks that could affect the Company are an integral part of Board and committee deliberations throughout the year. The Board has oversight responsibility for assessing the primary risks (including liquidity, credit, operations and regulatory compliance) facing the Company, the relative magnitude of these risks and management's plan for mitigating these risks. In addition to the Board's oversight responsibility, the committees of the Board consider the risks within their areas of responsibility. The Board and its committees receive regular reports directly from members of management who are responsible for oversight of particular risks within the Company. The Audit Committee discusses with management the Company's major financial and risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Board and its committees regularly discuss the risks related to the Company's business strategy at their meetings.

Director Nominations and Qualifications

Director Nomination Policy and Procedures. Our Director Nomination Policy and Procedures are attached to the Governance and Nominating Committee's written charter as Exhibit A, which is available on our website at www.cheniere.com. The Governance and Nominating Committee considers suggestions for potential director nominees to the Board of Directors from any source, including current members of the Board of Directors and our management, advisors and stockholders. The Governance and Nominating Committee of the Board of Directors evaluates potential nominees by reviewing their qualifications, results of personal and reference interviews and any other information deemed relevant. Director nominees are recommended to the Board of Directors by the Governance and Nominating Committee. The full Board of Directors will select and recommend candidates for nomination as directors for stockholders to consider and vote upon at the annual stockholders' meeting. The Governance and Nominating Committee reviews and considers any candidates submitted by a stockholder or stockholder group in the same manner as all other candidates.

Table of Contents

Qualifications for consideration as a director nominee vary according to the particular areas of expertise being sought as a complement to the existing Board composition. However, minimum criteria for selection of members to serve on our Board of Directors include the following:

- highest ethical standards and integrity;
- high level of education and/or business experience;
- broad-based business acumen;
- understanding of the Company's business and industry;
- strategic thinking and willingness to share ideas;
- loyalty and commitment to driving the success of the Company;
- network of business and industry contacts; and

diversity of experiences, expertise and backgrounds among members of the Board.

Practices for Considering Diversity. The minimum criteria for selection of members to serve on our Board of Directors ensures that the Governance and Nominating Committee selects director nominees taking into consideration that the Board will benefit from having directors that represent a diversity of experience and backgrounds. Director nominees are selected so that the Board represents a diversity of experience in areas needed to foster the Company's business success, including experience in the energy industry, finance, consulting, international affairs, public service, governance and regulatory compliance. Each year the Board of Directors and each committee participates in a self-assessment or evaluation of the effectiveness of the Board and its committees. These evaluations assess the diversity of talents, expertise, and occupational and personal backgrounds of the Board members.

Stockholder Nominations for Director. A stockholder of the Company who was a stockholder of record at the time the notice provided for below is delivered to the Corporate Secretary, who is entitled to vote at the meeting of stockholders called for the election of directors and upon such election or proposed business and who complies with the notice procedures set forth in our By-Laws may nominate candidates for election to the Board of Directors. Nominations made by a stockholder must be made by giving timely notice in writing to the Corporate Secretary of the Company at the following address: Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, Texas 77002. To be timely, a stockholder's notice must be delivered not later than the close of business on the ~~90~~ day, nor earlier than the close of business on the 120th day, prior to the first anniversary of the preceding year's annual meeting. However, if the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice by the stockholder must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual

meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by the Company. Please note that our 2015 annual meeting of stockholders is expected to be held in June 2015. In no event will the public announcement of an adjournment or postponement of an annual meeting of stockholders commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above. A stockholder's notice must include information about the stockholder and the nominee, as required by our By-Laws, which are available on our website at www.cheniere.com.

Director Qualifications. The Board has concluded that, in light of our business and structure, each of our directors possesses relevant experience, qualifications, attributes and skills and should continue to serve on our Board as of the date of this Proxy Statement. The primary qualifications of our directors are further discussed under "Director Biographies" above.

Director Retirement Policy. The Board has adopted a mandatory director retirement policy that requires each director who has attained the age of 75 to retire from the Board at the annual meeting of stockholders of the Company held in the year at which his or her current term expires unless the Board determines such mandate for a particular director is not at the time in the best interests of the Company. The Board believes this policy will ensure a healthy rotation of directors, which will promote the continued influx of new ideas and perspectives to the Board.

Code of Conduct and Ethics

Our Code of Business Conduct and Ethics, which is applicable to all directors, officers and employees of the Company, is available on the Company's website at www.cheniere.com.

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), a public company's corporate income tax deduction is capped at \$1 million per year for amounts paid to the company's chief executive officer and any of the three other highest paid executives, excluding the chief financial officer, who are employed as of the end of the year. However, the \$1 million cap does not apply to performance-based compensation that is paid because of the attainment of one or more pre-established and objective performance goals adopted by a compensation committee consisting of two or more outside directors. For a member of a compensation committee to be considered an outside director under Section 162(m) of the Code, the director must not:

be a current employee of the company;

Mr. Kilpatrick serves as Chairman of the Section 162(m) Subcommittee. The purpose of the Section 162(m) Subcommittee is to consider and approve performance-based awards under Section 162(m) of the Code. Review of Compensation Risk

The Compensation Committee considered the risks associated with our compensation policies and practices in 2013. The Compensation Committee concluded that our compensation policies and practices were not reasonably likely to have a material adverse effect on the Company and did not include risk-taking incentives or encourage our employees, including our executive officers, to take excessive risks in order to receive larger awards. As part of this analysis, the Compensation Committee considered the individual components of our executive officers' compensation, the performance measures required to be achieved to earn cash bonus and equity awards and the vesting schedule of the equity awards. In concluding that our incentive plans do not promote excessive risk, the Compensation Committee considered the following factors, among others:

A significant portion of our executive officers' compensation is tied to operational and corporate performance goals and the achievement of the performance goals is conducted in accordance with the Company's Risk Policy approved by the Board of Directors.

Our executive officer and non-employee director stock ownership requirements tie our executive officers' compensation to the stock value of the Company and our stockholders' interests and subject our executive officers to share ownership and retention guidelines.

Our compensation program design provides a mix of cash and equity, annual and longer-term incentives, and performance metrics.

Our compensation mix is not overly weighted toward annual incentives.

We do not maintain highly leveraged payout curves and uncapped payouts, nor do we maintain steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds.

All employees participate in the same bonus and equity plans.

We currently do not grant stock options.

Executive Summary: 2013 in Review

Overview

We are a Houston-based energy company primarily engaged in liquefied natural gas (LNG) related businesses. We own and operate the Sabine Pass LNG receiving terminal and Creole Trail Pipeline in Louisiana through our partial ownership interest in and management agreements with Cheniere Energy Partners, L.P. (Cheniere Partners), which is a publicly-traded partnership we created in 2007. The Sabine Pass LNG terminal has regasification facilities owned by Cheniere Partners' wholly owned subsidiary, Sabine Pass LNG, L.P. (Sabine Pass LNG). Sabine Pass LNG currently has two third-party long-term terminal use agreements that generate fixed fees of approximately \$250 million annually.

Cheniere Partners is developing and constructing natural gas liquefaction facilities at the Sabine Pass LNG terminal adjacent to the existing regasification facilities through a wholly owned subsidiary, Sabine Pass Liquefaction, LLC (Sabine Pass Liquefaction). Cheniere Partners plans to construct up to six natural gas liquefaction trains (Trains) which are in various stages of development. Each Train is expected to have nominal production capacity of approximately 4.5 metric tons per annum (mtpa) of LNG. We commenced construction of Trains 1 and 2 and the related new facilities at the Sabine Pass LNG terminal in August 2012. Construction of Trains 3 and 4 at the Sabine Pass LNG terminal began in May 2013. We are developing Trains 5 and 6 and commenced the regulatory approval process for these Trains in February 2013. Sabine Pass Liquefaction has entered into four fixed price, 20-year sale and purchase agreements (SPAs) with third parties that in the aggregate equate to approximately 16 mtpa of LNG that commence with the date of first commercial delivery for Trains 1 through 4, which are fully permitted. In addition, Sabine Pass Liquefaction has entered into two fixed price, 20-year SPAs with third parties for another 3.75 mtpa of LNG that commence with the date of first commercial delivery for Train 5, which has not yet received regulatory approval for construction. Upon completion of Trains 1 through 4, the fixed fee portion to be paid by the customers to Sabine Pass Liquefaction will be approximately \$2.3 billion annually, and \$2.9 billion annually if we make a positive final investment decision with respect to Train 5.

We are also developing a second natural gas liquefaction and export facility near Corpus Christi, Texas. As currently contemplated, the proposed Corpus Christi LNG terminal would be designed for up to three Trains with expected aggregate nominal production capacity of approximately 13.5 mtpa of LNG. We will make a final investment decision upon the completion of entering into a sufficient amount of SPAs, obtaining financing commitments and receiving regulatory approvals.

2013 Compensation at a Glance

Our NEO s compensation in 2013 was driven by a year of unprecedented gains in share price and the achievement of key strategic accomplishments and is summarized below:

Base Salary: Following a year and a half of no base salary increases, our NEOs with the exception of our CEO received base salary adjustments in December, 2013. These increases were determined after a comprehensive review revealed that the salaries of our NEOs were well below the median of similarly situated executives.

Annual Bonus: Annual bonus payments to all employees, including our NEOs, were made from a pool funded based on the achievement of specific operational and corporate performance goals and strategic success. In 2013, when adjusted for increased headcount, the pool for employees was funded 10% higher than in 2012 based on our performance in 2013. Annual bonuses for our NEOs resulted in increases in annual bonuses over 2012 in the range of 10-23%.

Long-Term Equity Awards: As disclosed in our 2013 Proxy Statement and Notice of Postponed Annual Meeting of Stockholders, in early 2013, each NEO received a grant of restricted stock from a pool of shares funded based on expected cash flows generated by Trains 3 and 4 at the Sabine Pass LNG terminal that would vest only upon meeting certain performance-based goals specifically, the achievement of performance milestones relating to financing and constructing Trains 3 and 4 at the Sabine Pass LNG terminal and stock price hurdles. In 2013, 20% of each NEO s Milestone Award (as defined below) and 100% of each NEO s \$25 and \$35 Stock Price Award (as defined below) vested.

Pay for Performance Alignment in 2013

The chart below highlights, for our CEO, the alignment of our three-year relative realizable pay to our relative three-year total shareholder return (TSR) performance. We define realizable pay, for Cheniere and the companies in our peer group, as the three-year total cash paid (base salary and annual bonus) plus the year-end 2013 value of equity

granted during the most recent three-year period. The individual peer companies are represented by the dots on the chart. The chart below demonstrates strong alignment between pay and CEO performance, with Cheniere positioned at the 100th percentile.

Strong Corporate Governance

We seek to abide by good compensation governance practices. The Compensation Committee regularly considers the competitive market trends and seeks to understand the views of our stockholders, including the results of our annual advisory vote on executive compensation, when adopting new, emerging compensation best practices or considering changes to existing policies. Examples of practices implemented include the following:

Limited Perquisites. We generally do not provide benefits to our executives that are not offered to all of our employees.

Single Peer Group. The Committee benchmarks both compensation opportunities and long-term stock performance against a single peer group and other relevant surveys.

Company-Wide Objectives and Performance Goals. For 2013, the short-term incentive opportunities for all of our NEOs were based on Company-wide objectives and corporate performance goals. Similarly, the long-term incentive awards granted to our NEOs in 2013 vest based on the achievement of performance milestones and stock price hurdles.

No Hedging. We have adopted measures to prevent our employees from hedging Company stock.

Stock Ownership Guidelines. Both our NEOs and the non-employee directors are subject to rigorous stock holding requirements.

Independent Consultant. The Compensation Committee currently engages an independent compensation consultant that does not provide any services to management and that had no prior relationship with management prior to its engagement.

Limited Employment Agreements. Outside of arrangements with overseas NEOs, we do not have employment agreements with our NEOs.

Risk Management. We maintain a strong risk management program, which includes our Compensation Committee's significant oversight of the ongoing evaluation of the relationship between our compensation programs and risk.

No Retirement or SERP. We do not provide our NEOs with post-retirement compensation that is not otherwise provided to all employees and we do not offer a defined benefit pension plan to any of our employees or NEOs.

2013 Say on Pay Vote and Stockholder Engagement

In 2013, we received support of approximately 57% of our stockholders who cast an advisory vote on the Company's say on pay proposal on the compensation paid to our NEOs. While we received majority support, our preference is to have more stockholders understand and approve our compensation plans. We take such voting results seriously and have made active and frequent efforts to engage our stockholders to understand the reasons for the voting pattern. The Compensation Committee and management also undertook a thorough review of our executive compensation program.

We have been actively engaging in dialogue with a significant number of investors to ensure that they benefit in tandem with the Company and our executive officers. We are committed to maintaining regular dialogue with our investors to solicit feedback on our executive compensation. The Compensation Committee and the Board of Directors value these discussions and encourage stockholders to provide their feedback.

Philosophy and Objectives of Our Executive Compensation

General

Our executive compensation programs and objectives are based on our need to attract, retain and motivate executives with the talent and experience necessary for us to achieve our strategic business plan. We need to hire the highest caliber executives available in the global LNG marketplace and we compete for talent with larger energy companies. We believe our executive team and all of our employees are motivated to perform at their highest levels when performance-based pay is a significant portion of their compensation. While we spend considerable time benchmarking levels of pay against similarly situated executives in the marketplace, we do not have a set formula for targeting pay at any particular level of the marketplace. Rather, we use such information as a market point of reference, from which the Compensation Committee applies discretion in setting compensation and making decisions for a company that is uniquely positioned both in terms of business development and achievements for the year.

In recent years, our philosophy has supported giving a high degree of discretion to our Compensation Committee to make determinations, based on recommendations from management, as to appropriate compensation levels as they relate to

Table of Contents

commensurate levels of achievement. We believe that our Compensation Committee members' experience and intricate knowledge of the Company's path to meet its strategic long-term goals is the best basis on which to assess appropriate levels of compensation. We do not believe that tailoring our compensation program to a one-size fits all formulaic approach to meet certain compensation test requirements is appropriate where it is contrary to the goals of attracting, motivating and retaining the highest caliber of talent necessary to achieve our long-term strategic plan and drive shareholder value.

Pay Mix

Our executive compensation programs are designed to result in payouts that are closely aligned with company and shareholder performance. Our NEOs receive an annual base salary and are entitled to annual performance-based cash awards to incentivize them to achieve annual operational and corporate performance goals. The largest component of our NEOs' compensation, however, is paid in performance-based equity awards to incentivize our executive officers to perform at their highest levels to obtain our strategic business plan and to align management's interests with our stockholders' interests. As a result, the vast majority of our NEOs' pay is variable, at-risk and pays out only upon achievement of performance. The following charts demonstrate the breakdown of elements in our NEOs' compensation for 2013:

Process for Determining Executive Compensation

Role of Compensation Committee and Management in Compensation Decisions

The Compensation Committee reviews and approves annual compensation, including the competitiveness of each component of the total compensation package, for our Chief Executive Officer (CEO) and each of our Executive Vice Presidents and Senior Vice Presidents. The Compensation Committee also reviews and approves the performance goals established by management which are required to be achieved for the executive officers to earn variable compensation. The performance goals are consistent with operational and corporate performance goals related to the strategic business plan of the Company.

Our Human Resources department and independent compensation consultant support the Compensation Committee in this effort but all compensation decisions for our NEOs are ultimately made by the Compensation Committee. All compensation recommendations reflect input from our Human Resources department and independent compensation consultant based on the Company's performance and their review of external market data. At the end of the year, the CEO proposes base salaries and annual bonus awards for the Executive Vice Presidents and Senior Vice Presidents to the Compensation Committee which then reviews, discusses and modifies, as appropriate, these recommendations. The Compensation Committee approves base salaries for the Executive Vice Presidents and Senior Vice Presidents based on external market data and individual considerations. The Compensation Committee also evaluates whether the annual objectives and corporate performance goals for the year have been achieved to determine the total amount of the bonus pool, as recommended by the CEO, and the amount of the annual bonus awards for each of the Executive Vice Presidents and Senior Vice Presidents. The Compensation Committee also reviews and approves long-term equity awards for the Executive Vice Presidents, Senior Vice Presidents and CEO. The Compensation

Committee generally meets in executive session to discuss and determine the amount of our CEO's compensation. No member of the management team, including the CEO, has a role in determining his or her own compensation.

Independent Compensation Consultant

The Compensation Committee has been delegated the authority by the Board to retain any compensation consultant to be used to assist the Compensation Committee and management in the evaluation of compensation decisions. The Compensation Committee engaged Deloitte Consulting LLP (Deloitte) from May 2006 through October 2013 to provide the Compensation Committee with advice and assistance related to the design of our incentive compensation plans. In October 2013, the Compensation Committee engaged Pearl Meyer & Partners, LLP (PM&P) as its independent compensation consultant.

The independent compensation consultant reports to the Compensation Committee Chairman and has direct access to Compensation Committee members. The independent compensation consultant attends Compensation Committee meetings on request and also meets with the Compensation Committee in executive session without management present. During 2013, the Company used certain Deloitte affiliates for additional services not related to executive compensation. The aggregate fees the Company paid to Deloitte's affiliates for these additional services was \$214,025, and the aggregate fees the Company paid to Deloitte for executive compensation consulting services was \$107,450 during 2013. With respect to engaging Deloitte and PM&P, we considered whether any conflict of interest existed under the SEC rules and NYSE MKT LLC listing standards. We reviewed the following related to each consultant in our evaluation: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (5) any Company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. We concluded that there were no conflicts of interest that prevented Deloitte or PM&P from serving as an independent consultant to the Compensation Committee on executive compensation matters.

Peer Group and Benchmarking

Each year, the Compensation Committee, with the assistance of management and our independent compensation consultant, reviews external market data to determine the competitiveness of the total compensation package of our NEOs. The market data selected is representative of the energy industry within which we operate and includes companies relative to our business activity with which we compete for executive talent. The Compensation Committee reviews the following components of each NEO's compensation relative to the amount paid to executives in similar positions within the market data: base salary, annual cash bonuses and equity compensation. The market data serves as a point of reference for measuring the compensation of our NEOs, but individual compensation decisions are made based on a combination of considerations, including the Company's overall performance; the individual roles, responsibilities and performance of each of the NEOs; and market competitiveness. As mentioned in our philosophy, we are not bound by rigid benchmark data in setting compensation; rather, such information is used as a market reference for the Compensation Committee when it exercises discretion in making compensation decisions.

We benchmark our executive compensation against both nationally recognized published survey data as well as proxy data from our peer group. With the assistance of our independent compensation consultant, the Compensation Committee reviews base salary, total cash compensation, equity compensation and total direct compensation for similar executive positions from published survey data and proxy data from our peer group. The Towers Watson Energy Services Executive Compensation Survey we used in 2013 reflected compensation data for executives in U.S. energy companies with total assets ranging from \$2.5 billion to \$39.5 billion. Attached to this Proxy Statement as Exhibit A is the list of companies included in the Towers Watson 2013 Energy Services Executive Compensation Survey.

The peer group we used to benchmark compensation against for 2013 is indicated below. Our peer group was developed based on a list of energy companies we consider most representative of us in type of business and that we measure our performance against. All of the companies in our peer group are companies we compete with for executive talent. In 2013, it was determined we should remove two companies, Energy Transfer Equity, L.P. (Energy Transfer) and Kinder Morgan, Inc. (Kinder Morgan), based on their business operations and market capitalization. The new peer group was used to benchmark the 2014 base salary adjustments.

Base Salary

The base salaries of our NEOs are designed to be comparable to like positions in the marketplace from where we recruit executive talent. However, historically and in 2013, our NEOs' base salaries trended well below the median of the market. During 2013, the Compensation Committee, with the assistance of PM&P and management, began reviewing recommended base salary increases for the NEOs to be competitive with base salaries in the marketplace in which we compete for executive talent.

On December 6, 2013, the Compensation Committee approved base salary increases to bring our NEOs closer to the market median with the exception of our CEO. These base salary increases were effective December 30, 2013. Consistent with our compensation philosophy, the Compensation Committee decided not to increase Mr. Souki's base salary but rather rely on the performance-based elements of his pay to ensure that he is fairly compensated.

Annual Cash Bonus

In 2013, annual cash bonuses (the Annual Cash Bonus) were payable to our NEOs pursuant to our 2011-2013 Bonus Plan. This plan was designed to pay Annual Cash Bonuses from a pool that is funded based on the achievement of operational and corporate performance goals, reassessed annually, that are related to the strategic business plan of the Company. The Annual Cash Bonus pool is distributed to all employees of the Company based on individual performance, including the NEOs.

The operational and corporate performance goals to establish funding for the 2013 performance year Annual Cash Bonus pool were approved by the Compensation Committee at the beginning of the year. The 2013 operational and corporate performance goals, and the corresponding outcomes reached by year end, included the following:

Budgeting and Operations

The Sabine Pass LNG terminal and Creole Trail Pipeline operations were conducted safely and in compliance with all regulatory requirements.

The Company and its subsidiaries managed the capital budget and operating expenditures within 10% of the approved 2013 expenditure budget.

Construction of Trains 1 through 4 at the Sabine Pass LNG terminal

Construction of Trains 1 and 2 at the Sabine Pass LNG terminal is within budget, ahead of schedule and in compliance with all regulatory requirements. Overall project completion as of December 31, 2013 was 54%.

We completed the financing for and commenced construction of Trains 3 and 4 at the Sabine Pass LNG terminal in May 2013. Construction of Trains 3 and 4 is within budget, ahead of schedule and in compliance with all regulatory requirements. Overall project completion as of December 31, 2013 was 20%.

Furthered Development of Trains 5 and 6 at the Sabine Pass LNG terminal

FERC Pre-filing for Trains 5 and 6 at the Sabine Pass LNG terminal was initiated in February 2013 and the full FERC application was submitted in September 2013.

Sabine Pass Liquefaction entered into an LNG SPA with Centrica that commences upon the date of first commercial delivery of Train 5 in March 2013, which together with the LNG SPA entered into with Total in December 2012 provides us the commercial contracts for five Trains at the Sabine Pass LNG terminal.

Furthered Development of the Corpus Christi LNG terminal

The FEED for the Corpus Christi LNG terminal was completed in September 2013 in support of achieving a final investment decision in 2015.

Corpus Christi Liquefaction entered into two lump-sum turnkey contracts with Bechtel for construction of three Trains and related facilities at the Corpus Christi LNG terminal in December 2013.

Corpus Christi Liquefaction entered into its first LNG SPA with Pertamina in December 2013.

Creole Trail Pipeline Expansion

We sold the Creole Trail Pipeline to our subsidiary, Cheniere Partners, and advanced the development of the Creole Trail Pipeline expansion project.

Financing

The financing for construction of Trains 3 and 4 at the Sabine Pass LNG terminal was completed in May 2013 at favorable rates and no additional equity was issued.

During February, April and November 2013, we refinanced a portion of the project debt facility at the Sabine Pass LNG terminal with bonds at favorable rates.

Table of Contents

Risk Management We achieved our 2013 staffing plans in support of commencing liquefaction operations in late 2015.

An engineering and construction risk management plan was implemented in April 2013.

A new hire training program to ensure operational preparation for liquefaction commissioning, start-up, performance testing and production was implemented in 2013.

Our internal controls and processes have undergone a thorough review and rationalization in 2013.

Completed Initial Public Offering of CQH We completed an initial public offering of 36,000,000 common shares representing limited liability company interests in CQH at \$20.00 per share in December 2013. The proceeds from the initial public offering will be used for the development of our existing assets, future projects and general corporate purposes.

Based on the above results, on November 22, 2013, the Compensation Committee approved the funding of an Annual Cash Bonus pool for all employees, including the NEOs, in the amount of \$32 million for 2013. In determining the amount of the Annual Cash Bonus pool, the Compensation Committee and management discussed the amount of last year's cash bonuses and determined 2013 Annual Cash Bonuses, when adjusted for increased headcount, should be approximately 10% greater than last year's bonuses based on 2013's performance relative to 2012 in addition to the significant shareholder value that was created as a result of the Company's strong stock price appreciation in 2013.

A portion of the Annual Cash Bonus pool was allocated by the Compensation Committee to each of the NEOs based on a recommendation by the CEO and such NEO's contributions in 2013. Prior to determining the Annual Cash Bonuses for each NEO, the Compensation Committee reviewed the market data to compare the cash bonus opportunities of our NEOs under the 2011-2013 Bonus Plan for the 2013 performance year to such opportunities of similar executive officer positions in the market data. In determining the amount of each NEO's Annual Cash Bonus, the Compensation Committee compared each NEO's new base salary amount, proposed Annual Cash Bonus amount and total cash compensation to the market data. Management and the Compensation Committee believe the Annual Cash Bonus payout must be competitive and the relationship between performance results and pay is strengthened when there are incentive opportunities for superior performance. Based on such information, the Compensation Committee approved Annual Cash Bonuses for each of the NEOs, payable on December 23, 2013, as follows:

2013 Annual Cash Bonuses

	2013

Long-Term Incentive Award		

The 2011-2013 Bonus Plan also provided for long-term equity-based incentive opportunities (LTI Awards) for our NEOs. The 2011-2013 Bonus Plan is a sub-plan under the Company s 2011 Incentive Plan (the 2011 Plan), which was approved by the stockholders in June 2011. On December 12, 2012, pursuant to the 2011-2013 Bonus Plan, the Compensation Committee approved LTI Awards for all employees of the Company, including the NEOs, which are earned based on our achievement of specific goals related to: (1) construction of Trains 3 and 4 at the Sabine Pass LNG terminal, and (2) the Company s stock price appreciation.

Like the Annual Cash Bonus pool, the Compensation Committee determined the amount of the long-term incentive award pool based on important Company performance measures specifically, expected cash flows generated pursuant to the LNG sale and purchase agreements entered into for Trains 3 and 4 at the Sabine Pass LNG terminal. Based on these measures, the long-term incentive award pool was funded with 18 million shares of restricted stock. Each of our NEOs received a LTI Award for construction of Trains 3 and 4 at the Sabine Pass LNG terminal in the form of restricted stock on February 18, 2013, that took into account the executive officer s individual achievements regarding Trains 3 and 4. The amount of the executive officers LTI Awards for Trains 3

and 4 were intended to be consistent with the percentage of the pool they received for construction of Trains 1 and 2 and to incentivize completion of the project.

The following table shows the market cap growth that was realized by our stockholders between 2011 and 2013 compared to the value at vesting of the LTI Awards for Trains 1 through 4 realized by management.

Market Cap Growth

A portion of each NEO's LTI Award for construction of Trains 3 and 4 at the Sabine Pass LNG terminal was granted as a milestone award (Milestone Award), with vesting of the Milestone Award conditional on certain milestones relating to financing and constructing Trains 3 and 4, and a portion was granted as a stock price award (Stock Price Award), with vesting of the Stock Price Award conditional on the achievement of minimum average Company stock price hurdles. The following table sets forth the LTI Awards for construction of Trains 3 and 4 at the Sabine Pass LNG terminal and the vesting schedule for the awards for each of the NEOs.

(1) The 2011 Plan provides that no individual may be granted, in any one calendar year, awards covering an aggregate of more than 6,000,000 shares of common stock; therefore, 300,000 of the 2,100,000 shares of restricted stock for Mr. Souki's Stock Price Award were granted under the Company's 2003 Incentive Compensation Plan (the "2003 Plan").

On May 28, 2013, the first installment of 30% of the Milestone Awards vested upon the closing of financing and issuance of notice to proceed ("NTP") to begin construction of Trains 3 and 4 at the Sabine Pass LNG terminal. The remaining installments of the Milestone Awards will vest as follows: (i) 20% will vest upon payment of 60% of the original contract price of the EPC Contract; (ii) 20% will vest upon substantial completion of construction of Train 4 at the Sabine Pass LNG terminal, and (iii) 30% will vest on the first anniversary of substantial completion of construction of Train 4 at the Sabine Pass LNG terminal. The performance milestones will continue to apply if an NEO's employment with the Company is terminated by the Company without Cause (as defined in the grant agreements), by the NEO for Good Reason (as defined in the grant agreements), by the Company due to the Disability (as defined in the grant agreements) of the NEO or due to the death of the NEO following any such termination of employment, such that the Milestone Award will vest if and only if the applicable performance milestones are achieved. A NEO's Milestone Award will vest in full in the event the Company terminates the NEO's employment without Cause (as defined in the grant agreements) or the NEO terminates his or her employment for Good Reason (as defined in the grant agreements) within one year after the effective date of a Change of Control (as defined in the grant agreements) of the Company.

The Stock Price Awards vested in two 50% installments based on the achievement of \$25 and \$35 average Company stock price hurdles. On May 22, 2013, the first installment of 50% of the Stock Price Awards vested based on the achievement of an average closing stock price of the Company of \$25 (as reported on the NYSE MKT LLC), and on December 6, 2013, the second installment of 50% of the Stock Price Awards vested based on the achievement of an average closing stock price of the Company of \$35 (as reported on the NYSE MKT LLC). The determination of the attainment of the average closing stock price was based on any 120-day average stock price of the Company after the grant date of the Stock Price Awards, calculated based on calendar days and on a rolling basis. The Stock Price Awards were designed based on the anticipated valuation of the Company's stock price for construction of the first four Trains at the Sabine Pass LNG terminal and to incentivize growth in the Company's share price up to \$35 per share, a hurdle that was achieved much earlier than anticipated in December 2013.

Other Executive Compensation and Benefits

Benefits

We offer the same benefits package to all of our employees and executive officers. The Cheniere Retirement Plan is a tax-qualified 401(k) savings plan pursuant to which we match 100% up to the lesser of 6% of salary deferrals or the maximum deferrals permitted by law. We also offer all employees medical, dental and vision benefits as well as a Section 125 Cafeteria Plan and health and dependent care reimbursement arrangements. In addition, employees are covered by short-term and long-term disability, basic life insurance equal to two times base salary and voluntary life (elective) insurance and accidental death and dismemberment insurance. We also provide voluntary home and auto insurance programs for our employees. We do not offer a defined benefit pension plan to any of our employees or executive officers.

Perquisites

Perquisites are not a significant part of our compensation program and are provided to the executive officers on a limited basis. Because Mr. Souki's duties require him to spend a significant amount of time traveling, the Company pays for charter flights for Mr. Souki for business purposes. Mr. Souki's personal guests are permitted to fly on such charter flights on occasion at nominal or no incremental cost to the Company. In addition, Mr. Souki occasionally uses Company-chartered aircraft to commute to the Company's headquarters. We pay for the costs of overseas assignments for all of our employees, including certain of our NEOs, and we have entered into an indefinite term employment agreement with Mr. Abiteboul in compliance with foreign laws.

Compensatory Arrangement for Overseas or Foreign NEOs

Outside of arrangements with overseas or foreign employees, we do not have employment agreements with our NEOs. Ms. Gentle began serving as Senior Vice President Marketing of the Company and President of Cheniere Marketing, LLC, a wholly owned subsidiary of the Company, in June 2013. On July 24, 2013, the Compensation Committee approved an Assignment Letter for Ms. Gentle to assign her to the London office, effective August 19, 2013. Ms. Gentle's assignment will continue until August 18, 2015, unless it is terminated earlier on three months' written notice or extended by mutual agreement. Ms. Gentle's assignment may also be terminated if any required visa or work permit in the U.K. is withdrawn or refused. Ms. Gentle remains an at-will employee of the Company at all times during her assignment, subject to the existing terms and conditions of her employment. Ms. Gentle also continues to be eligible to participate in the Company's bonus plan and the 2011-2013 Bonus Plan and any other incentive plan arrangements that may be approved by the Compensation Committee. We have agreed to a tax equalization arrangement so that Ms. Gentle will receive the same amount of compensation, after taxes, while on assignment as she would have received had she remained resident in the United States. Ms. Gentle will also receive certain allowances in connection with her assignment. Additional information about Ms. Gentle's Assignment Letter is provided below in *Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table*.

On January 30, 2014, the Compensation Committee approved the Terms and Conditions of Employment (the "U.K. Employment Agreement") between Jean Abiteboul, Senior Vice President-International of the Company, and Cheniere

Supply & Marketing, Inc. (U.K. Establishment) (Cheniere Supply & Marketing), a wholly owned subsidiary of the Company. Mr. Abiteboul was previously seconded by the Company to Cheniere Supply & Marketing pursuant to an amendment to his French employment agreement dated February 20, 2006, as amended. Pursuant to the U.K. Employment Agreement, Mr. Abiteboul's French employment agreement was terminated and his employment was transferred to Cheniere Supply & Marketing. He will serve as President of Cheniere Supply & Marketing and will continue to report to the Chairman of the Board, Chief Executive Officer and President of the Company. Mr. Abiteboul's employment under the U.K. Employment Agreement will continue until terminated by either party on six months' written notice or by Cheniere Supply & Marketing at any time for cause. The U.K. Employment Agreement also includes a six month non-competition and non-solicitation covenant by Mr. Abiteboul. Mr. Abiteboul is eligible to receive a discretionary bonus subject to performance and on terms and at a level as determined by the Compensation Committee pursuant to the U.K. Employment Agreement. In addition, Mr. Abiteboul will receive a housing allowance and a car allowance of, in each case subject to all deductions required by law. Cheniere Supply & Marketing will pay 60% of the total contributions paid to the Caisse des Français de l'Étranger (CFE) in relation to health insurance as well as additional health insurance (mutuelle) and retirement benefits (AGIRC /ARRCO) of Mr. Abiteboul, and Mr. Abiteboul will pay the remaining 40%. Additional information about Mr. Abiteboul's French employment agreement is provided below in the Summary Compensation under *Compensatory Arrangements for Certain Executive Officers*.

Change of Control Agreements

In 2008, the Compensation Committee approved Change of Control Agreements for certain employees of the Company, including the NEOs, which provide for a potential cash payment payable upon a change of control of the Company. The Change of Control Agreements were adopted in recognition that the possibility of a change of control existed and that such possibility, and the uncertainty it may create, may result in the distraction or departure of employees to the detriment of the Company and the stockholders. The Change of Control Agreements were designed to ensure that certain employees designated by management and confirmed by the Compensation Committee were not unduly distracted by the circumstances attendant to the possibility of a change of control and to encourage their continued attention and dedication to our necessary operations.

The Change of Control Agreements provide for the same formula for all participating employees. Specifically, upon a change in control, a cash payment in an amount equal to one times the employees' base salaries in effect at or immediately prior to the change of control will be payable to participating employees. The cash payments are payable within 30 days of the effective date of the change of control. A cessation of an employee's employment at the previously designated level (including as a result of death or disability) for any reason, a termination of an employee other than for Cause (as defined in the Change of Control Agreements), and a termination by the employee for good reason that occurs not more than three months prior to a change of control will be deemed to be a termination of employment pursuant to a change of control provided the employee demonstrates that such cessation or termination of employment was at the request of a third party who has taken steps reasonably calculated to effect a change of control or the employee's termination otherwise arose in connection with or in anticipation of a change of control. The Change of Control Agreements expire on December 31 of each calendar year, but are automatically extended for an additional year each January 1 unless the Compensation Committee determines and the Company provides notice to employees that the Change of Control Agreements will not be extended.

2014 Compensation Matters

On January 30, 2014, the Compensation Committee approved the range of bonus opportunities available to the NEOs under the Company's annual bonus program as set forth in the table below.

Annual Bonus Opportunities

	Target	Maximum (250% of Target)
Executive Officer		
Charif Souki Chairman, Chief Executive Officer and President	120%	300%
Meg A. Gentle Executive Vice President Marketing	80%	200%
R. Keith Teague Executive Vice President Asset Group	80%	200%
Greg W. Rayford Senior Vice President and General Counsel	80%	200%
Jean Abiteboul Senior Vice President International	80%	200%

On January 30, 2014, the Compensation Committee adopted the 2014-2018 LTIP, subject to stockholder approval. Proposals relating to the 2014-2018 LTIP and the 2011 Plan were included in the previously sent proxy materials. The Board in consultation with the Compensation Committee has subsequently withdrawn these proposals. After receiving feedback from stockholders and consulting with management, the Board determined that this is not the appropriate time to ask the stockholders to approve a new pool of shares. The Company will reassess its strategy in this context

given the need to attract, retain and motivate employees with the talent and experience to effectively execute the Company's strategic business plan.

Miscellaneous Compensation Matters

Stock Ownership Guidelines

The Board of Directors believes that they and the executive officers should demonstrate their commitment to the Company by owning a significant amount of Company stock. As a result, since April 3, 2008 (and amended in 2009) we have had rigorous stock ownership guidelines as follows:

Stock Ownership Guidelines for**Non-Employee Directors and Executive Officers**

Position	Stock Ownership Guidelines
Non-Employee Directors	50% of the director's annual compensation awarded for each of his/her 3 most recent service years
Chairman, CEO and President	5x base salary
Executive Vice Presidents and Senior Vice Presidents	2x base salary

All non-employee directors and executive officers are expected to be in full compliance with the guidelines by the fifth anniversary of the original effective date (April 3, 2008) of the guidelines or within five years of initial appointment to a position subject to the guidelines, with certain ownership thresholds that must be met in the interim period. If a non-employee director or executive officer is not in compliance with the guidelines, he or she is required to retain the entire after-tax value of Company stock received upon the vesting of stock awards and the exercise of stock options until the interim threshold requirements or compliance with the guidelines is achieved. The Board of Directors recognizes that there may be occasions in which the guidelines place a severe hardship on the individual and has delegated discretion to the Governance and Nominating Committee to determine whether an exemption should be granted to the individual in such instances. All of our non-employee directors were in compliance with the guidelines as of June 6, 2013, and all of our executive officers were in compliance with the guidelines as of December 31, 2013.

Guidelines for Granting Equity-Based Awards

We recognize that granting equity awards presents specific legal, tax and accounting issues and therefore, we adopted guidelines on December 17, 2007, for all grants of equity-based awards. The guidelines have been revised for grants that are made pursuant to the 2011 Plan that was approved by our stockholders in June 2011. The guidelines reflect the Company's prior practices for granting equity-based awards.

Under the guidelines, all equity awards granted to employees subject to the reporting requirements of Section 16 of the Exchange Act must be approved by the Compensation Committee or the Section 162(m) Subcommittee, and all stock options granted to members of the Board of Directors must be approved by the Compensation Committee or the Board. The Board established an Equity Grant Committee and appointed the Chairman of the Board as the sole member of such committee to act on behalf of the Board and the Compensation Committee in granting restricted stock and stock options to eligible plan participants (other than executive officers), subject to certain limitations. The Board has also authorized the CEO to designate eligible plan participants (other than executive officers) to be recipients of

stock options and to determine the terms of such stock options, subject to certain limitations. The Compensation Committee periodically ratifies all stock options granted by the CEO and Equity Grant Committee and restricted stock granted by the Equity Grant Committee. Under the provisions of the 2011 Plan, stock options cannot be granted at an exercise price less than the closing price of a share of the Company's common stock as reported on the NYSE MKT LLC on the grant date.

Tax and Accounting Considerations

In designing our compensation programs, we take into account the various tax, accounting and disclosure rules associated with various forms of compensation. We also review and consider the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code and design our compensation programs with the intent that they comply with Section 409A of the Internal Revenue Code. We generally seek to preserve tax deductions for executive compensation but recognize that it may be beneficial to grant compensation that is not fully tax deductible when we believe it is in the best interests of the Company and our stockholders.

A discussion of the assumptions used in calculating the award values may be found in Note 14 to our 2013 audited financial statements on page 81 of our Form 10-K filed with the SEC on February 21, 2014.

Compensatory Arrangements for Certain Executive Officers

On July 24, 2013, the Compensation Committee approved an Assignment Letter for Ms. Gentle to assign her to the London office, effective August 19, 2013. Ms. Gentle's assignment will continue until August 18, 2015, unless it is terminated earlier on three months' written notice or extended by mutual agreement. Ms. Gentle's assignment may also be terminated if any required visa or work permit in the U.K. is withdrawn or refused. Ms. Gentle remains an at-will employee of the Company at all times during her assignment, subject to the existing terms and conditions of her employment. Ms. Gentle also continues to be eligible to participate in the Company's bonus plan and the 2011-2013 Bonus Plan and any other incentive plan arrangements that may be approved by the Compensation Committee. Pursuant to the Assignment Letter, the Company agreed to a tax equalization arrangement so that Ms. Gentle will receive the same amount of compensation, after taxes, while on assignment as she would have received had she remained resident in the United States. Ms. Gentle will also receive certain allowances in connection with her assignment. Ms. Gentle's Assignment Letter is also described in the Compensation Discussion and Analysis under *Compensatory Arrangements for Overseas or Foreign NEOs*.

During 2013, Mr. Abiteboul had an employment agreement with our French subsidiary for an unlimited term. Pursuant to the agreement, Mr. Abiteboul received a fixed annual gross salary that was reviewed annually by the Compensation Committee and a portion of which was an expatriation allowance. He was also entitled to receive an annual bonus and an annual award of equity each in an amount up to 100 percent of his annual salary. Mr. Abiteboul's compensation was subject to deductions for social security, including his social security contribution, additional retirement and social welfare contributions, medical insurance and unemployment insurance, as provided by French law. Mr. Abiteboul participated in permanent and private medical insurance arrangements in France and was entitled to a death in-service benefit. The Company provided Mr. Abiteboul with use of a Company-owned car and the Company paid for insurance, fuel, parking and maintenance expenses related to the car, personal tax services, club memberships, discretionary French retirement plan contributions and home telecommunication services for Mr. Abiteboul. The agreement provided for non-compete and non-solicitation obligations on the part of Mr. Abiteboul for a period of 12 months following the termination of the agreement. In consideration for the non-compete obligation, Mr. Abiteboul would have received a monthly indemnity equal to 30 percent of his average fixed monthly salary over the previous 12-month period; provided, however, the Company was entitled to waive the non-compete obligation upon notice to Mr. Abiteboul. In April 2010, the Compensation Committee approved an amendment to Mr. Abiteboul's employment agreement to provide for a secondment arrangement with Cheniere Supply & Marketing and Mr. Abiteboul. As a result of Mr. Abiteboul's secondment, Mr. Abiteboul no longer received the expatriation allowance effective April 30, 2010. On January 30, 2014, the Compensation Committee approved a U.K. Employment Agreement between Mr. Abiteboul and Cheniere Supply & Marketing. Pursuant to the U.K. Employment Agreement, Mr. Abiteboul's French employment agreement was terminated and his employment was transferred to Cheniere Supply & Marketing. Additional information about Mr. Abiteboul's U.K. Employment Agreement is provided above in the Compensation Discussion and Analysis under *Compensatory Arrangements for Overseas or Foreign NEOs*.

Annual Cash Bonus

On November 22, 2013, the Compensation Committee approved the funding of an Annual Cash Bonus pool for all employees, including the NEOs, in the amount of \$32 million for 2013. In 2013, the Annual Cash Bonuses were

The 2013 operational and corporate performance goals, and the corresponding outcomes reached by year end, are described in detail in the Compensation Discussion and Analysis under *Annual Cash Bonus*. A portion of the Annual Cash Bonus pool was allocated by the Compensation Committee to each of the NEOs based on a recommendation by the CEO and such NEO's contributions in 2013. Narrative to the Potential Payments upon Termination or Change of Control

Change of Control Cash Payment

We have entered into Change of Control Agreements with each of the NEOs. The Change of Control Agreements provide for a cash payment upon a Change of Control (as defined in the Change of Control Agreements) in an amount equal to one times the NEOs' base salaries in effect at or immediately prior to the Change of Control. The cash payments are payable within 30 days of the effective date of the Change of Control. A cessation of a NEO's employment at the previously designated level (including as a result of death or disability) for any reason, a termination of a NEO other than for Cause (as defined in the Change of Control Agreements), and a termination by the NEO for Good Reason (generally, as defined in the 2011 Plan) that occurs not more than three months prior to a Change of Control will be deemed to be a termination of employment pursuant to a Change of Control provided the NEO demonstrates that such cessation or termination of employment was at the request of a third party who has taken steps reasonably calculated to effect a Change of Control or the NEO's termination otherwise arose in connection with or in anticipation of a Change of Control. The Change of Control Agreements expire on December 31 of each calendar year, but are automatically extended for an additional year each January 1 unless the Compensation Committee determines and the Company provides notice to employees that the Change of Control Agreements will not be extended.

Restricted Stock Awards

The restricted stock awards granted to the NEOs as the equity portion of their long-term bonus award for construction of Trains 1 and 2 at the Sabine Pass LNG terminal will immediately vest if the Company terminates the NEO's employment without Cause (as defined in the grant agreements), the NEO terminates his or her employment with the Company for Good Reason (as defined in the grant agreements), the NEO dies or incurs a disability or a Change of Control (as defined in the grant agreements) of the Company occurs. The restricted stock awards granted to the NEOs as their Milestone Award for construction of Trains 3 and 4 at the Sabine Pass LNG terminal will vest in full in the event the Company terminates the NEO's employment without Cause (as defined in the grant agreements) or the NEO terminates his or her employment for Good Reason (as defined in the grant agreements) within one year after the effective date of a Change of Control (as defined in the grant agreements) of the Company.

Pursuant to the grant agreements, Cause means the termination of employment of an NEO under any of the following circumstances: (i) the willful commission by the NEO of a crime or other act (or repeated acts) of misconduct that causes or is likely to cause substantial economic damage to the Company or an affiliate of the Company or substantial injury to the business reputation of the Company or an affiliate of the Company or which constitute a repudiatory breach of the NEO's contract of employment (or any other agreement under which the NEO is engaged); (ii) the commission by an NEO of an act of fraud in the performance of the NEO's duties on behalf of the Company or an affiliate; (iii) the willful and material violation by an NEO of the Company's Code of Business Conduct and Ethics Policy; or (iv) the continuing and repeated failure of an NEO to perform his or her the duties to the Company or an affiliate, including by reason of his or her habitual absenteeism. A Good Reason termination of an NEO will occur, assuming the Company fails to cure such circumstances within 30 days after receipt of notice of the Good Reason termination, upon the NEO's termination of employment due to one of the following events: (i) the removal from or failure to re-elect the NEO to the office or position in which he or she last served; (ii) the assignment to the NEO of any duties, responsibilities, or reporting requirements materially inconsistent with his or her position with the

Company or an affiliate, or any material diminishment, on a cumulative basis, of the NEO's overall duties, responsibilities, or status; or (iii) a material reduction by the Company or an affiliate in the NEO's annual base salary.

The 2011 Plan provides a Change of Control of the Company will occur if: (i) any person or entity directly or indirectly becomes the beneficial owner of 30% or more of the shares of voting stock of the Company then outstanding; (ii) the consummation of any merger, organization, business combination or consolidation of the Company or one of its subsidiaries with or into any other company; (iii) a majority of the current members of the Board or their approved successors cease to be our directors; or (iv) the consummation of a sale or disposition by the Company of all or substantially all of our assets (other than a sale or disposition in which the same stockholders before the sale or disposition own 50% of the outstanding common stock after the transaction is complete).

PROPOSAL 2 ADVISORY AND NON-BINDING VOTE TO APPROVE EXECUTIVE COMPENSATION FOR 2013

We are seeking approval, on an advisory and non-binding basis, of the compensation awarded to our NEOs for 2013, as we have described it in the Compensation Discussion and Analysis, compensation tables and narrative discussion in this Proxy Statement. This vote is commonly referred to as a "Say on Pay" vote because it gives our stockholders a direct opportunity to express their approval or disapproval of our pay practices. We take such voting results seriously and have made active and frequent efforts to engage our stockholders to understand the reasons for their voting pattern.

The following are the important highlights of our executive compensation in 2013:

Pay for Performance Philosophy Our executive compensation program for 2013 was based on our need to attract, retain and motivate executives with the talent and experience necessary for us to achieve our long-term strategic business plan. We hire the highest caliber executives available in the global LNG marketplace and we compete for talent with larger energy companies. We believe our executive team and all of our employees are motivated to perform at their highest levels when performance-based pay is a significant portion of their compensation.

Pay for Performance Alignment Our strong performance against our operational and corporate performance goals and significant progress towards our strategic business plan drove dramatic stock price appreciation in 2013. Our success during 2013 far exceeded expectations and our executive compensation program resulted in payouts that were closely aligned with company and shareholder performance.

2013 marked an unprecedented high in our stock price of over \$44 more than double 2012's high of \$21.

We delivered strong performance against our operational and corporate performance goals and significant progress towards our strategic business plan in support of commencing liquefaction operations in late 2015.

Pay Mix The majority of our NEO's compensation for 2013 was variable, at-risk compensation that will pay out only upon achievement of performance goals. The compensation received by our NEOs in 2013 included the following:

An annual base salary;

A cash bonus payment based on the achievement of annual operational and corporate performance goals; and

Performance-based equity awards for the construction of Trains 3 and 4 at the Sabine Pass LNG terminal the largest component of pay mix.

Performance-Based Compensation With the exception of annual base salaries, our NEOs compensation for 2013 was entirely performance-based and designed to incentivize management to achieve our long-term strategic plan and drive shareholder value. The annual cash bonus payments were made from a pool based on the achievement of specific operational and corporate performance goals designed to achieve our long-term strategic business plan. The achievement of these goals is described in detail on pages 28 and 29 of this Proxy Statement. The equity awards for the construction of Trains 3 and 4 at the Sabine Pass LNG terminal were granted in the form of restricted stock and were made from a pool of shares funded based on expected cash flows generated by Trains 3 and 4. The restricted stock awards are earned only upon meeting performance-based goals related to: (i) construction of Trains 3 and 4 at the Sabine Pass LNG terminal; and (ii) the Company's stock price appreciation.

We are asking our stockholders to indicate their support for the compensation awarded to our NEOs for 2013 as described in the Compensation Discussion and Analysis, compensation tables and narrative discussion in this Proxy Statement because we believe that our executive compensation program was aligned with our long-term strategic plan and drove unprecedented stock price appreciation and shareholder performance in 2013.

The Board of Directors recommends a vote **FOR the following resolution:**

RESOLVED, that the stockholders approve, on a non-binding and advisory basis, the compensation paid for 2013 to the Company's executive officers named in the Summary Compensation Table, as disclosed in the Company's 2013 Proxy Statement pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, which disclosure includes the Compensation Discussion and Analysis, the compensation tables and other executive compensation disclosures.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for oversight of the accounting and financial reporting processes of the Company and oversight of the audits of our financial statements. Management of the Company is responsible for preparing our financial statements and complying with applicable laws and regulations. It is the responsibility of management and the independent accountants to determine that our financial statements are complete and accurate and are in accordance with generally accepted accounting principles.

The Audit Committee discussed with both our internal and independent accountants the overall scope and plans for their respective audits. In addition, the Audit Committee met with both management and our independent accountants to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee's review with the independent accountants included discussions of those matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard AU Section 380 (Communication with Audit Committees) and Rule 2-07 of SEC Regulation S-X. The Audit Committee also discussed with the independent accountants, among other things, matters relating to their independence, and the Audit Committee received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. Finally, the Audit Committee continued to monitor the scope and adequacy of our internal control system.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the SEC.

PROPOSAL 3 RATIFICATION OF KPMG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed KPMG LLP (KPMG) to serve as our independent auditor for the fiscal year ending December 31, 2014. The Company is asking stockholders to ratify this appointment. Although the Company is not required to obtain stockholder ratification of the appointment of KPMG, the Board considers the selection of an independent registered accounting firm to be an important matter to stockholders and considers a proposal for stockholders to ratify such appointment to be an opportunity for stockholders to provide input to the Audit Committee and the Board on a key corporate governance issue.

On March 18, 2014, the Audit Committee approved the appointment of KPMG as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014, and approved the dismissal of Ernst & Young LLP (EY) as its independent registered public accounting firm.

The audit reports of EY on the Company's consolidated financial statements for the years ended December 31, 2013 and December 31, 2012 did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2013 and December 31, 2012 and through March 18, 2014, there were no disagreements with EY on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreement, if not resolved to the satisfaction of EY, would have caused EY to make reference thereto in its reports on the financial statements for such periods. During this time, there have been no reportable events, as that term is described in Item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended December 31, 2013 and December 31, 2012, and in connection with the internal restructuring and formation of a subsidiary of the Company, Cheniere Energy Partners LP Holdings, LLC, the Company consulted with KPMG regarding the application of ASC 810, *Consolidation*, with respect to accounting for variable interest entities and identification of primary beneficiaries. In connection with the issuance of Class B units by a subsidiary of the Company, Cheniere Energy Partners, L.P., the Company consulted with KPMG regarding the application of ASC 480, *Distinguishing Liabilities from Equity*, ASC 815, *Derivatives and Hedging*, ASC 470, *Debt*, and ASC 260, *Earnings per Share* with respect to the classification of the Class B units as debt or equity, the identification of any embedded or freestanding derivatives requiring separate accounting, identification and measurement of beneficial conversion features, and consideration of effects to the Company's earnings per share calculation. Also related to the issuance of the Class B units, the Company consulted with KPMG regarding the application of ASC 810, *Consolidation* relating to the consolidation of Cheniere Energy Partners, L.P. In connection with the Company's long-term debt and related interest rate swaps, the Company consulted with KPMG regarding the application of ASC 470, *Debt*, and ASC 815, *Derivatives and Hedging* with respect to the accounting for debt issuance costs, the identification of embedded derivatives requiring bifurcation and separate accounting, and the application of cash flow hedge accounting to the Company's interest rate swaps. The Company also consulted with KPMG regarding the application of ASC 718, *Compensation - Stock Compensation*, and ASC 505, *Equity* and ASC 260, *Earnings per Share*, to its stock compensation plans. Decisions regarding the accounting treatment of these items were made by the Company with consideration given to the interpretive guidance provided by KPMG related to the application of applicable accounting principles and the Company's accounting for the above mentioned matters as described in the notes to the financial statements was consistent with the views provided by KPMG.

The Company's accounting for these matters was discussed with EY and reflected in the Company's audited consolidated financial statements for the years ended December 31, 2013 and 2012.

Except for the consultations described in the preceding paragraphs, during the fiscal years ended December 31, 2013 and December 31, 2012 and through March 18, 2014, we have not consulted with KPMG regarding (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on its consolidated financial statements, and neither a written report was provided us nor oral advice was provided to us by KPMG that KPMG concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K, or a reportable event described in Item 304(a)(1)(v) of Regulation S-K.

In accordance with Instruction 2 to Item 304 of Regulation S-K, we furnished EY and KPMG a copy of the disclosures in this Proxy Statement required by Item 304(a) of Regulation S-K prior to the time the Proxy Statement was filed with the SEC. In the event that either EY or KPMG believed the disclosures were incorrect or incomplete, they were permitted to express their views in a brief statement to be included in this Proxy Statement. Neither EY nor KPMG submitted such a statement.

The Audit Committee will only approve related party transactions when it determines such transactions are in the best interests of the Company and its stockholders. In reviewing a transaction, the Audit Committee considers facts and circumstances which it considers relevant to its determination. In determining whether to approve or ratify a related party transaction, the Audit Committee will apply the following standards and such other standards it deems appropriate:

whether the related party transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar circumstances;

whether the transaction is material to the Company or the related party; and

OTHER MATTERS

Certain Litigation

On May 29, 2014, an alleged stockholder of the Company commenced a putative class and derivative action in the Court of Chancery of the State of Delaware (the "Court") against the Company, the members of the Board and certain of the Company's present and former officers captioned *Jones v. Souki, et al.*, C.A. No. 9710-VCL. Since May 29, 2014, additional litigations have been filed captioned *Macguire v. Souki, et al.*, C.A. No. 9746-VCL, and *Shenker v. Souki, et al.*, C.A. No. 9763-VCL. These three actions have been consolidated into *In re Cheniere Energy, Inc. Stockholders Litigation*, Consolidated C.A. No. 9710-VCL (Del. Ch.). A fourth litigation captioned *Davidoff v. Souki, et al.*, C.A. No. 9825-VCL has also been filed, but has not yet been formally consolidated with the other litigations. In general terms, these litigations challenge the fact that the Company did not count abstentions as "no" votes in connection with the stockholder vote on Amendment No. 1 to the Cheniere Energy, Inc. 2011 Incentive Plan ("Amendment No. 1"), pursuant to which, among other things, the number of shares of common stock available for issuance under the Cheniere Energy, Inc. 2011 Incentive Plan (the "2011 Plan") was increased from 10 million to 35 million. The lawsuits further contend that portions of the Amended and Restated Bylaws of Cheniere Energy, Inc. adopted on April 3, 2014 are invalid and that certain disclosures relating to these matters made by the Company are misleading. The lawsuits assert claims for breach of contract and breach of fiduciary duty (both on a class and a derivative basis) and claims for unjust enrichment (on a derivative basis). The lawsuits seek, among other things, a declaration that the February 1, 2013 stockholder vote on Amendment No. 1 is void, disgorgement of all compensation distributed as a result of Amendment No. 1, voiding the awards made from the shares reserved pursuant to Amendment No. 1 and monetary damages.

The Company asserts the plaintiffs' claims are not valid and intends to vigorously defend against these lawsuits. On June 16, 2014, the defendants filed with the Court a joint motion to stay or dismiss the consolidated action with prejudice and the Company filed a verified application pursuant to 8 Del. C. § 205 in which the Company asks the Court to declare valid the issuance, pursuant to the 2011 Incentive Plan, whether occurring in the past or future, of the 25 million additional shares of common stock of Cheniere covered by Amendment No. 1 to be reserved for issuance under the 2011 Plan. On June 23, 2014, the Company filed a memorandum of law in support of defendants' motion to stay or dismiss the consolidated action. On June 25, 2014, the Court determined to stay the consolidated action filed by putative stockholders against the Company and directed briefing concerning the Company's argument, raised in the Company's verified application pursuant to 8 Del. C. § 205, that it correctly tabulated votes in connection with the

stockholder vote on Amendment No. 1. On June 27, 2014, the Court entered an order staying the stockholder litigation pending resolution of the Section 205 action. On July 11, 2014, the Company filed a memorandum of law in support of its argument that it correctly tabulated votes in connection with the stockholder vote on Amendment No. 1. Briefing on these issues is expected to be completed on August 1, 2014.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Exchange Act, directors, certain officers and beneficial owners of 10% or more of any class of the Company's stock (Reporting Persons) are required from time to time to file with the SEC and NYSE MKT LLC reports on ownership and changes of ownership. Reporting Persons are required to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of forms and written representations received from Reporting Persons with respect to the fiscal year ended December 31, 2013, the Company believes that all filing requirements applicable to the Company's officers, directors and greater than 10% stockholders were met on a timely basis.

In the event that the 2015 annual meeting is moved by more than 30 days from September 11, 2015, the Company will announce a new deadline for the submission of stockholder proposals for action to be included in the proxy statement and form of proxy, which will be a reasonable time before the Company mails its proxy materials in connection with such meeting. Communications with the Board of Directors

The Board of Directors maintains a process for stockholders to communicate with the Board of Directors. Stockholders wishing to communicate with the Board of Directors should send any communication to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, Texas 77002. Any such communication must state the number of shares beneficially owned by the stockholder making the communication. The Corporate Secretary will forward such communication to the full Board of Directors or to any individual director or directors to whom the communication is directed, unless the Corporate Secretary determines that the communication does not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its committees, relates to routine or insignificant matters that do not warrant the attention of the Board of Directors, is an advertisement or other commercial solicitation or communication, is frivolous or offensive, or is otherwise not appropriate for delivery to the directors. The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees and whether any response to the person sending the communication is appropriate. Any such response will be made through the Corporate Secretary and only in accordance with the Company's policies and procedures and the applicable laws and regulations relating to the disclosure of information.

Householding of Proxy Materials

The SEC's rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Some brokers household proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address, although each stockholder will receive a separate proxy card. Once a stockholder has received notice from his or her broker that they will be householding materials, householding will

continue until the stockholder is notified otherwise or revokes consent. If at any time a stockholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report, the stockholder should notify his or her broker. If a stockholder would like to receive a separate copy of this Proxy Statement for the Meeting or of the annual report, he or she should contact the Company by writing to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, Texas 77002.
