**Item 1.01. Entry into a Material Definitive Agreement.**  
***Contribution Agreement***

On January 13, 2015, SunCoke Energy, Inc. (the *Company*) announced that it had completed the previously announced contribution of a 75 percent limited liability company interest in Gateway Energy & Coke Company LLC ( *Gateway* ) to SunCoke Energy Partners, L.P. (the *Partnership* ) in exchange for a total transaction value of approximately \$245.0 million (the *Gateway Transaction* ), which included (a) the issuance by the Partnership of (i) approximately \$50.6 million of common units to a subsidiary of the Company by means of a private placement, and (ii) approximately \$1.0 million of general partner interests issued to SunCoke Energy Partners GP LLC, the Partnership's general partner (the *General Partner* ), to maintain the General Partner's 2% general partner interest in the Partnership, and (b) the Partnership's assumption and repayment of approximately \$135.0 million principal amount of the outstanding \$240.0 million principal amount of the Company's 7.625% senior unsecured notes due August 2019 (the *SunCoke 2019 Notes* ), and approximately \$5.6 million of accrued but unpaid interest on these notes to the date of redemption plus the applicable redemption premium of approximately \$7.7 million.

On January 20, 2015, the Company, at the Partnership's direction and in accordance with the terms of the Contribution Agreement, dated January 12, 2015, by and among Sun Coal & Coke LLC, the Partnership, the Company and agreed to for purposes of Section 2.9 thereof by Gateway (the *Contribution Agreement* ), exercised its right to optionally redeem the SunCoke 2019 Notes, and the Partnership expects that settlement of such redemption will occur approximately 30 days after the Partnership's assumption of the SunCoke 2019 Notes.

The foregoing description of the Contribution Agreement and the transactions contemplated thereby does not purport to be complete and is qualified in its entirety by reference to the Contribution Agreement, which is filed as Exhibit 2.1 to this Current Report on Form 8-K.

***Omnibus Agreement Amendment***

Simultaneously with the closing of the Gateway Transaction, the Company entered into Amendment No. 2 to Omnibus Agreement, dated January 13, 2015, by and between the Company, the Partnership and SunCoke Energy Partners GP LLC (the *General Partner* ) (the *Omnibus Agreement Amendment* ). Pursuant to the Omnibus Agreement Amendment, the Company will indemnify the Partnership for known remediation costs arising from environmental matters discovered and identified as requiring remediation prior to the closing of the Gateway Transaction, except for any liability or increase in liability as a result of changes in environmental regulations.

If, prior to the fifth anniversary of the Partnership's initial public offering, an environmental matter that was discovered either before or after the closing of the Gateway Transaction is identified as requiring remediation, the Company will indemnify the Partnership for such remediation costs, except for any liability or increase in liability resulting from changes in environmental regulations; provided, however, that the Partnership must bear the first \$5 million of such remediation costs, and the Company's liability for such currently unknown remediation costs will not exceed \$50 million.

Following the Gateway Transaction, the Partnership will indemnify the Company for events relating to the Partnership's operations except to the extent that the Partnership is entitled to indemnification by the Company. The Company will fully indemnify the Partnership with respect to any tax liability arising prior to or in connection with the closing of the Gateway Transaction. The Company will either cure or fully indemnify the Partnership for losses resulting from material title defects at the properties owned by Gateway or Gateway Cogeneration Company LLC, a wholly owned subsidiary of Gateway ( *Gateway Cogeneration* ), to the extent that such defects interfere with, or could reasonably be expected to interfere with, the operations of the Gateway cokemaking facility.

In addition, pursuant to the Omnibus Agreement Amendment, until the fifth anniversary of the Partnership's initial public offering, the Company will make the Partnership whole, in certain circumstances, to the extent a customer of Gateway fails to satisfy its purchase and payment obligations pursuant to a coke sales agreement in effect as of the closing of the Gateway Transaction, or to the extent any such customer obligations are reduced.

***Credit Agreement Amendment***

In connection with the Gateway Transaction the Company entered into Amendment No. 2 (the ***Second Amendment*** ) to the Credit Agreement, dated as of July 26, 2011 (the ***Credit Agreement*** ), among the Company, the banks and other financial institutions party thereto, and JPMorgan Chase Bank, N.A. as Administrative Agent. The Second Amendment (i) modified the negative covenant restricting dispositions to permit Sun Coal & Coke LLC, a wholly-owned subsidiary of the Company ( ***Sun Coal & Coke*** ) to consummate the Gateway Transaction and to allow the Company and its subsidiaries to effect certain other dispositions for fair market value, (ii) modified the negative covenant restricting investments to allow Sun Coal & Coke to retain a continuing equity interest of 25% in Gateway after the closing of the Gateway Transaction, (iii) provided that Gateway and its subsidiaries would no longer be restricted subsidiaries under the terms of the Credit Agreement, and (iv) added representations and covenants requested by the lenders regarding the compliance by the Company and its subsidiaries with anti-corruption and governmental sanctions laws. The Second Amendment became effective on January 13, 2015.
