Key Drivers Enabling Capital Return

Less-volatile income stream and strong track record with rating agencies supports aggressive capital management strategy

Strong net income generation benefitting from strength of combined platform and synergies

Increasing contribution from less capital intensive businesses, leading to further capital efficiencies

Strong growth prospects without a commensurate increase in required capital, driven by increased scale and diversification

Third-party capital actively used to drive stable / high return on equity fee income and to liberate capital

Capital Deployment

\$750mm expected to be returned to combined company shareholders immediately after closing

In addition, \$2.2bn+ of buybacks and dividends expected through year-end 2017

equivalent to 100% of operating earnings

Further deployable capital anticipated from third-party capital vehicles

Expected to maintain peer leading dividend payout ratio

Capital Optimization / Third-Party Capital

Leverages franchise position, generates incremental fees and reduces capital requirements

Availability of third party alternative capital creates meaningful opportunities to leverage

franchise, offer broader range of cost effective solutions to clients and brokers, generate

attractive fee revenue and release capital

Edgar Filing: PARTNERRE LTD - Form 425

Long history and deep management experience with third party capital
Both organizations have increased leverage of third party capital relationships in recent history
Already place multiple lines and risks with third party capital
Different stages of execution across a broad range of third party capital opportunities to
optimize flexibility in allocating risks to best form of risk funding
Combination magnifies potential

the
SEC
and
the
factors
given
below:

the failure to obtain the approval of shareholders of PartnerRe or AXIS in connection with the proposed transaction;

the failure to consummate or delay in consummating the proposed transaction for other reasons;

the timing to consummate the proposed transaction;

the risk that a condition to closing of the proposed transaction may not be satisfied;

the risk that a regulatory approval that may be required for the proposed transaction is delayed, is not obtained, or is obtained on terms that are not anticipated;

AXIS

or PartnerRe's ability to achieve the synergies and value creation contemplated by the proposed transaction;

the ability of either PartnerRe or AXIS to effectively integrate their businesses; and

the diversion of management time on transaction-related issues.

PartnerRe's forward-looking statements are based on assumptions that PartnerRe believes to be reasonable but that may not prove to be accurate.

AXIS

forward-looking statements are based on assumptions that AXIS believes to be reasonable but that may not prove to be accurate.

PartnerRe nor AXIS can guarantee future results, level of activity, performance or achievements. Moreover, neither PartnerRe nor AXIS

assumes any responsibility

for

the

accuracy

and

completeness

of

any

of

these

forward-looking

statements.

PartnerRe

and

AXIS

do not

assume

any

obligation

to

update

or

revise

any

forward-looking

statements

as

a

result

of
