We may conduct further solicitation personally, telephonically or by facsimile through our officers, directors and regular employees, none of whom will receive additional compensation for assisting with the solicitation.

A stockholder's shares can be voted at the Annual Meeting only if the stockholder is present in person or represented by proxy. Required Vote and Recommendation of Board of Directors

Under the Company's Certificate of Incorporation, as amended, and the Company's Bylaws, directors are elected by a plurality vote. Any shares that are not voted, whether by abstention, broker non-votes or otherwise, will not affect the election of directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* EACH OF THE NOMINEES IDENTIFIED ABOVE.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) requires that stockholders have the opportunity to cast an advisory (non-binding) vote on executive compensation every three years commencing with our 2012 Annual Meeting of Stockholders (a so-called "say-on-pay" vote).

The advisory vote on executive compensation is a non-binding vote on the compensation of the Company's Named Executive Officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this Proxy Statement. The advisory vote on executive compensation is not a vote on the Company's general compensation policies, compensation of the Company's Board of Directors, or the Company's compensation policies as they relate to risk management. The Dodd-Frank Act requires the Company to hold the advisory vote on executive compensation at least once every three years.

Our philosophy in setting compensation policies for executive officers has two fundamental objectives: (1) to retain a highly skilled team of executives and (2) to align our executives' interests with those of our

stockholders by motivating our executives to increase stockholder value on both an annual and longer term basis. The Compensation Committee believes that executive compensation should be directly linked both to continuous improvements in corporate performance (so-called pay for performance) and accomplishments that are expected to increase stockholder value. The Compensation Discussion and Analysis section herein provides a more detailed discussion of the executive compensation program and compensation philosophy.

The vote under this Proposal No. 2 is advisory, and therefore not binding on the Company, the Board of Directors or our Compensation Committee. However, our Board of Directors, including our Compensation Committee, values the opinions of our stockholders and, to the extent there is any significant vote against the executive officer compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns and evaluate what actions may be appropriate to address those concerns.

Stockholders will be asked at the Annual Meeting of Stockholders to approve the following resolution pursuant to this Proposal No. 2:

RESOLVED, that the stockholders of the Company vote in favor of a non-binding, advisory vote approving the compensation of the Company's Named Executive Officers.

Required Vote and Recommendation of Board of Directors

The affirmative vote of the holders of a majority of the shares present and entitled to vote on the proposal at the Annual Meeting is required to approve this proposal. Abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect upon the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* PROPOSAL NO 2.

PROPOSAL NO. 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has selected EKS&H LLLP (EKS&H) as our independent registered public accounting firm to audit and report upon our consolidated financial statements for the fiscal year ending December 31, 2015 and is submitting this matter to our stockholders for their ratification. A representative of EKS&H is expected to be present at the Annual Meeting to respond to appropriate questions. The representative will have an opportunity to make a statement and will be able to respond to appropriate questions.

Fees for Independent Registered Public Accounting Firm

The following table presents aggregate fees for professional services rendered by EKS&H for the audit of our annual consolidated financial statements for the years ended December 31, 2014 and 2013, respectively.

	2014	2013
Audit Fees (1)	\$ 161,786	\$ 139,500
Audit-related fees (2)	141,889	24,952
Tax fees (3)	18,727	14,000

Total fees	\$ 322,402	\$ 178,452
------------	------------	------------

- (1) Audit fees are comprised of annual audit fees and quarterly review fees.
- (2) Audit-related fees for fiscal years 2014 and 2013 are comprised of fees related to registration statements and accounting consultation fees.
- (3) Tax fees are comprised of tax compliance, preparation and consultation fees.

Policy on Audit Committee Pre-Approval of Services of Independent Registered Public Accounting Firm

Our Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. Prior to engagement of the independent registered public accounting firm for the following year's audit, management will submit to the Audit Committee for approval a description of services expected to be rendered during that year for each of following four categories of services:

Audit services include audit work performed in the audit of the annual financial statements, review of quarterly financial statements, reading of annual, quarterly and current reports, as well as work that generally only the independent auditor can reasonably be expected to provide.

Audit-related services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, special procedures required to meet certain regulatory requirements and the provision of consents and comfort letters in connection with the filing of registration statements.

Tax services consist principally of assistance with tax compliance and reporting, as well as certain tax planning consultations.

Other services are those associated with services not captured in the other categories. We generally do not request such services from our independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted, and the Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Required Vote and Recommendation of Board of Directors

The affirmative vote of the holders of a majority of the shares present, in person or represented by proxy, and entitled to vote on the proposal at the Annual Meeting is required to ratify the appointment of the independent registered public accounting firm. Abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect upon the proposal. If our stockholders do not ratify the selection of EKS&H, our Board of Directors will consider other independent auditors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* RATIFICATION OF THE APPOINTMENT OF EKS&H LLLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2015.

We believe that the composition of our Compensation Committee meets the requirements for independence under, and the functioning of our Compensation Committee complies with, any applicable requirements of the NYSE Market LLC and SEC rules and regulations.

Our Compensation Committee and our Board of Directors have not yet established a succession plan for our chief executive officer.

In fulfilling its responsibilities, the Committee is permitted under the Compensation Committee charter to delegate any or all of its responsibilities to a subcommittee comprised of members of the Compensation Committee or the Board, except that the Committee may not delegate its responsibilities for any matters that involve compensation of any officer or any matters where it has determined such compensation is intended to comply with Section 162(m) of the Code or is intended to be exempt from Section 16(b) under the Exchange Act pursuant to Rule 16b-3 by virtue of being approved by a committee of independent or nonemployee directors.

Nominating and Governance Committee. Our Nominating and Governance Committee oversees and assists our Board of Directors in reviewing and recommending corporate governance policies and nominees for election to our Board of Directors. The Nominating and Governance Committee is responsible for, among other things:

evaluating and making recommendations regarding the organization and governance of the Board of Directors and its committees;

assessing the performance of members of the Board of Directors and making recommendations regarding committee and chair assignments;

recommending desired qualifications for Board of Directors membership and conducting searches for potential members of the Board of Directors; and

reviewing and making recommendations with regard to our corporate governance guidelines.

The members of our Nominating and Governance Committee are currently Messrs. Coelho, Giles and Stevens. Mr. Coelho is the chairman of our Nominating and Governance Committee. Our Board of Directors has determined that each member of our Nominating and Governance Committee is independent within the meaning of the independent director guidelines of the NYSE Market LLC.

Our Board of Directors may from time to time establish other committees.

Annual Meeting Attendance and Executive Sessions

Commencing January 1, 2011, our policy has been that directors attend the annual meeting of stockholders. We previously did not have a policy concerning director attendance at annual meetings. Commencing January 1, 2011, our policy has been that our non-employee directors are also required to meet in separate sessions without management on a regularly scheduled basis four times a year. Generally, these meetings are expected to take place in conjunction with regularly scheduled meetings of the Board of Directors throughout the year.

Director Nominations and Stockholder Communications

Our Nominating and Governance Committee's policy is to evaluate any recommendation for director nominee proposed by a stockholder. Our bylaws permit stockholders to nominate directors for consideration at an annual meeting, subject to certain conditions. Any recommendation for director nominee must be submitted in writing to:

Ampio Pharmaceuticals, Inc.

Attention: Corporate Secretary

373 Inverness Parkway, Suite 200

Englewood, Colorado 80112

The Nominating and Governance Committee generally identifies potential candidates for director by seeking referrals from our management and members of the Board of Directors and their various business contacts. There are currently no specific, minimum or absolute criteria for Board of Directors membership. Candidates are evaluated based upon factors such as independence, knowledge, judgment, integrity, character, leadership, skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths. There are no differences in the manner in which the Committee will evaluate nominees for director based on whether the nominee is recommended by a stockholder.

We have not implemented a formal policy or procedure by which our stockholders can communicate directly with our Board of Directors. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board of Directors or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe that we are responsive to stockholder communications, and therefore have not considered it necessary to adopt a formal process for stockholder communications with our Board. During the upcoming year, our Board of Directors will continue to monitor whether it would be appropriate to adopt such a policy. Communications will be distributed to the Board, or to any individual director or directors as appropriate, depending on the facts and circumstances outlined in the communications. Items that are unrelated to the duties and responsibilities of the Board of Directors may be excluded, such as:

junk mail and mass mailings;

resumes and other forms of job inquiries;

surveys; and

solicitations or advertisements.

In addition, any material that is unduly hostile, threatening, or illegal in nature may be excluded, provided that any communication that is excluded will be made available to any outside director upon request.

Director Independence

Our common stock is listed on the NYSE MKT LLC. The NYSE MKT Rules require that a majority of the members of the Board of Directors be independent. The NYSE MKT Rules require that, subject to specified exceptions, each member of our Audit, Compensation, and Nominating and Governance Committees be independent. Audit Committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. Under the NYSE MKT Rules, a director will only qualify as an independent director if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered to be independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of

directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

In October 2015, our Board of Directors undertook a review of its composition, the composition of its committees and the independence of each director. Based upon information provided by each director concerning his or her background, employment and affiliations, including family relationships, our Board of Directors has determined that none of Messrs. Coelho, Giles and Stevens, representing three of our five directors, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is defined by the NYSE MKT Rules. Our Board of Directors also determined that Messrs. Giles, Coelho and Stevens, who comprise our Audit Committee and our Compensation Committee, and Messrs. Coelho, Giles and Stevens, who comprise our Nominating and Governance Committee, satisfy the independence standards for those committees established by applicable SEC rules and the NYSE MKT Rules. In making this determination, our Board of Directors considered the relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that is applicable to all of our employees, officers and directors. The code is available on our web site, www.ampiopharma.com, under the Investors tab. We intend to disclose future amendments to, or waivers from, certain provisions of our code of business conduct and ethics, if any, on the above website within four business days following the date of such amendment or waiver.

Leadership Structure of the Board

The Board of Directors does not currently have a policy on whether the same person should serve as both the chief executive officer and chairman of the Board of Directors or, if the roles are separate, whether the chairman should be selected from the non-employee directors or should be an employee. The Board of Directors believes that it should have the flexibility to make these determinations at any given point in time in the way that it believes best to provide appropriate leadership for us at that time. Our current chairman, Michael Macaluso, was appointed our chief executive officer effective January 9, 2012. Mr. Macaluso has served as a member of our Board of Directors since March 2010, and has been a member of the board of directors of Life Sciences from December 2009.

Risk Oversight

The Board of Directors oversees risk management directly and through its committees associated with their respective subject matter areas. Generally, the Board of Directors oversees risks that may affect our business as a whole, including operational matters. The Audit Committee is responsible for oversight of our accounting and financial reporting processes and also discusses with management our financial statements, internal controls and other accounting and related matters. The Compensation Committee oversees certain risks related to compensation programs and the Nominating and Governance Committee oversees certain corporate governance risks. As part of their roles in overseeing risk management, these committees periodically report to the Board of Directors regarding briefings provided by management and advisors as well as the committees' own analysis and conclusions regarding certain risks faced by us. Management is responsible for implementing the risk management strategy and developing policies, controls, processes and procedures to identify and manage risks.

Involvement in Certain Legal Proceedings

No director, executive officer, promoter or control person of our company has, during the last ten years: (i) been convicted in or is currently subject to a pending a criminal proceeding (excluding traffic violations and

other minor offenses); (ii) been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to any Federal or state securities or banking or commodities laws including, without limitation, in any way limiting involvement in any business activity, or finding any violation with respect to such law, nor (iii) any bankruptcy petition been filed by or against the business of which such person was an executive officer or a general partner, whether at the time of the bankruptcy or for the two years prior thereto.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview. The following Compensation Discussion and Analysis describes the material elements of compensation for our executives identified in the Summary Compensation Table (Named Executive Officers). The Compensation Committee of the Board of Directors assists the Board of Directors in discharging the Board's responsibilities regarding compensation of our executives, including the Named Executive Officers. In particular, the Compensation Committee makes recommendations to the Board of Directors regarding the corporate goals and objectives relevant to executive compensation, evaluates executives' performance in light of such goals and objectives, and recommends the executives' compensation levels to the Board of Directors based on such evaluations. The Compensation Committee's recommendations relating to compensation matters are subject to approval by the Board.

Compensation Philosophy and Objectives. Our executive compensation program is designed to retain our executive officers and to motivate them to increase stockholder value on both an annual and longer term basis. These objectives are to be accomplished primarily by positioning us to maximize our product development efforts and to transform, over time, those efforts into collaboration revenues and income. To that end, compensation packages include significant incentive forms of stock-based compensation to ensure that each executive officer's interest is aligned with the interests of our stockholders.

Named Executive Officers

For our most recently completed fiscal year (the year ended December 31, 2014), our Named Executive Officers were: (i) Michael Macaluso, our Chief Executive Officer, who has served as our Chief Executive Officer since January 9, 2012, (ii) David Bar-Or, M.D., our current Chief Scientific Officer, who has served as our Chief Scientific Officer since March 2010, (iii) Vaughan Clift, our current Chief Regulatory Affairs Officer, who has served as our Chief Regulatory Affairs Officer since March 2010, (iv) Joshua Disbrow, our former Chief Operating Officer, who served as our Chief Operating Officer from December 15, 2012 until April 16, 2015, and now serves as the Chief Executive Officer of our 81.5% owned subsidiary Aytu BioScience, Inc. (v) Gregory Gould, our Chief Financial Officer, who has served as our Chief Financial Officer since June 10, 2014 and has also served as the Chief Financial Officer of Aytu BioScience, Inc. since April 2015, and (vi) Mark D. McGregor, our former Chief Financial Officer, who served as our Chief Financial Officer from April 2011 until June 2014. We had no other executive officers serving during the year ended December 31, 2014.

Executive Compensation Components

Our compensation program for our Named Executive Officers, consists of three components: (i) a base salary, (ii) discretionary bonuses based on performance, and (iii) equity compensation. Each of these components is reflected in the Summary Compensation Table below.

Salaries. The initial cash salaries paid to Messrs. Macaluso, Gould, Disbrow and Drs. Bar-Or and Clift were established at the time they became officers. Each of these persons has an employment agreement with us, a copy of which is an exhibit to, or incorporated by reference herein. Mr. McGregor was an at-will employee and did not have an employment agreement with us. Since the respective dates of their becoming Named Executive Officers, any increases in the salaries of our Named Executive Officers have been made at the discretion of the Compensation Committee. Mr. Macaluso and Dr. Bar-Or receive no additional compensation for serving on our Board of Directors.

Cash Incentive Compensation. Cash incentive or bonus compensation is discretionary under our employment agreements with Drs. Bar-Or and Clift and Messrs. Macaluso, Gould and Disbrow. However, each employment agreement contains performance objectives tailored to the individual officer's duties, and Company performance. All

cash incentive compensation grants are intended to be paid in accordance with Section 162(m)

of the Code. For 2014, we awarded a cash bonus to Mr. Macaluso of \$155,000, to Dr. Bar-Or of \$5,000, to Dr. Clift of \$5,000, to Mr. Gould of \$5,000 and to Mr. Disbrow of \$180,000 which were awarded on a discretionary basis by the Compensation Committee based on the Compensation Committee's assessment of 2014 performance. Of Mr. Disbrow's \$180,000 bonus, \$175,000 was related to his superior performance as Chief Executive Officer of Luoxis. We also paid Mr. Gould \$22,000 in connection with his relocation to Colorado.

Equity Compensation. In 2014, we granted stock options to certain of our officers, directors and consultants for their services, all of which were granted pursuant to written agreements under the 2010 Plan. All future grants are expected to be made under the 2010 Plan. The vesting period for option grants varies.

Perquisites. We offer health benefits to all of our employees. None of our Named Executive Officers receives any further perquisites.

Why Each Element of Compensation is Paid; How the Amount of Each Element is Determined. The Compensation Committee intends to pay each of these elements in order to ensure that a desirable overall mix is established between base compensation and incentive compensation, cash and non-cash compensation, and annual and long-term compensation. The Compensation Committee also intends to evaluate on a periodic basis the overall competitiveness of our executive compensation packages as compared to packages offered in the marketplace for which we compete with executive talent. Overall, our Compensation Committee believes that our executive compensation packages are currently appropriately balanced and structured to retain and motivate our Named Executive Officers, while necessarily taking into account our presently limited financial resources.

How Each Compensation Element Fits into Overall Compensation Objectives and Affects Decisions Regarding Other Elements. In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, our operational and financial performance as a company, and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation. The Compensation Committee also endeavors to properly allocate between cash and non-cash compensation and between annual and long-term compensation.

Risk Assessment. Our Compensation Committee has reviewed our compensation program and believes that the program, including our cash incentive compensation and equity incentive compensation, does not encourage our Named Executive Officers to engage in any unnecessary or excessive risk-taking. As a result, the Compensation Committee has to date not implemented a provision for recovery by us of cash or incentive compensation bonuses paid to our Named Executive Officers.

Role of Compensation Consultants in Executive Compensation Decisions. The Compensation Committee has the authority to retain the services of third-party executive compensation specialists in connection with the establishment of the Company's compensation policies. The Compensation Committee did not use a compensation consultant in connection with setting 2014 executive compensation, and relied upon the professional and market experience of the Committee members in determining 2014 executive compensation. The Compensation Committee may engage a compensation consultant in the future if it deems such services to be appropriate and cost-justified.

Role of Executives in Executive Compensation Decisions. The Compensation Committee seeks input and specific recommendations from our Chief Executive Officer when discussing the performance of, and compensation levels for, executives other than himself. The Chief Executive Officer provides recommendations to the Compensation Committee regarding each executive officer's level of individual achievement other than himself. However, he is not a member of the Compensation Committee and does not vote. The Compensation Committee also works with our Chief Executive Officer and our Chief Financial Officer to evaluate the financial, accounting, tax and retention implications of our various compensation programs. Neither our Chief Executive Officer nor any of our other executives

participates in deliberations relating to his or her own compensation.

Tax and Accounting Implications

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1.0 million for compensation paid to certain executives of public companies. However, performance-based compensation that has been approved by stockholders is not subject to the \$1.0 million limit under Section 162(m) if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals, and the Board of Directors committee that establishes such goals consists only of outside directors. All members of the Compensation Committee qualify as outside directors. Additionally, stock options will qualify for the performance-based exception where, among other requirements, the exercise price of the option is not less than the fair market value of the stock on the date of the grant, and the plan includes a per-executive limitation on the number of shares for which options may be granted during a specified period.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the Board of Directors or Compensation Committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Compensation Committee Report

The Compensation Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company's Annual Report on Form 10-K.

Submitted by the Compensation Committee of the Board of Directors

Employment Agreements

We entered into an employment agreement with Mr. Michael Macaluso, our Chief Executive Officer, effective January 9, 2012 which provided for an annual salary of \$195,000, with an initial term ending January 9 2015. On October 1, 2013, Ampio increased Mr. Macaluso's annual salary from \$195,000 to \$300,000. On December 20, 2014, Ampio extended the Employment Agreement of Mr. Macaluso for three additional years, expiring January 9, 2017. In connection with this Amendment, Mr. Macaluso was awarded 400,000 options for Ampio common stock at an exercise price of \$3.46 vesting annually over three years beginning on January 1, 2015.

In August 2010, we entered into employment agreements with Dr. David Bar-Or, our Chief Scientific Officer, and Dr. Vaughan Clift, our Chief Regulatory Affairs Officer. The employment agreement with Dr. Bar-Or supersedes his prior agreement with Life Sciences. Dr. Clift's employment agreement was amended on October 1, 2010 and May 26, 2011. The terms of the employment agreements with Dr. Bar-Or and Dr. Clift are substantially identical except as noted below. Each agreement had an initial term ending July 31, 2013. The agreements provide for annual salaries of \$300,000 for Dr. Bar-Or and \$250,000 for Dr. Clift. On July 15, 2013, Ampio extended the Employment Agreements of Dr. David Bar-Or and Dr. Vaughan Clift for one additional year, expiring July 31, 2014. In connection with these Amendments, Dr. Bar-Or and Dr. Clift were awarded 300,000 and 170,000 options, respectively, for Ampio common stock at an exercise price of \$6.15 with 50% vesting upon grant and 50% after one year. On August 11, 2014, Ampio extended the Employment Agreements of Dr. David Bar-Or and Dr. Vaughan Clift for one additional year, expiring July 31, 2015. On August 3 and July 31, 2015, Ampio extended the Employment Agreements of Dr. Bar-Or and Dr. Clift, respectively, for one additional year, expiring July 31, 2016. In connection with these Amendments, Dr. Bar-Or and Dr. Clift were awarded 300,000 and 170,000 options, respectively, for Ampio common stock at exercise prices of \$2.60 and \$2.68, respectively, with such options vesting on the date that Ampio meets all endpoints in connection with the Ampion clinical trial as determined in the sole discretion of Ampio's Compensation Committee.

We entered into an employment agreement with Mr. Joshua Disbrow, our former Chief Operating Officer, effective December 15, 2012. This agreement had an initial term ending December 15, 2015 and provided for an annual salary of \$210,000. Mr. Disbrow also received an annual salary of \$35,000 from Luoxis effective June 16, 2013. He terminated his position at Ampio Pharmaceuticals, Inc. in April 2015 and became the Chief Executive Officer of Aytu BioScience, Inc.

We entered into an employment agreement with Mr. Gregory Gould, our Chief Financial Officer, on June 10, 2014, which provided for an annual salary of \$250,000, with an initial term ending June 10, 2017. In connection with this employment agreement, Mr. Gould was awarded 300,000 options for Ampio common stock at an exercise price of \$7.14 vesting annually over two years beginning on June 10, 2014.

Each officer is eligible to receive a discretionary annual bonus each year that will be determined by the Compensation Committee of the Board of Directors based on individual achievement and Company performance objectives established by the Compensation Committee. Included in those objectives, as applicable for the responsible officer, are (i) obtaining successful phase II and phase III clinical trial results, (ii) preparation and compliance with a fiscal budget, (iii) the launch of clinical trials for additional products approved by the Board of Directors, (iv) the sale of intellectual property not selected for clinical trials by the Company at prices, and times, approved by the Board of Directors and (v) making significant scientific discoveries acceptable to the Board of Directors. The targeted amount of each officer's annual bonus is 50% of the applicable base salary, although the actual bonus may be higher or lower.

The employment agreements for Dr. Bar-Or and Dr. Clift provided for an initial grant of stock options in the amount of 700,000 (subsequently reduced to 400,000) and 365,000 options, respectively. Each option is

exercisable for a period of ten years at an exercise price per share equal to the quoted closing price of our common stock on August 11, 2010. Mr. Disbrow was granted 450,000 (subsequently reduced to 400,000) stock options which upon his departure from Ampio, the Company modified by accelerating vesting of 27,790 options and extending the exercise period from 90 days after termination to April 15, 2020 for 400,000 options. All of the \$692,000 expense related to this modification was recognized in the period ended June 30, 2015.

Potential Payments Upon Termination or Change in Control

If the employment of Dr. Bar-Or, Dr. Clift or Mr. Gould is terminated at our election at any time, for reasons other than death, disability, cause (as defined in the agreement) or a voluntary resignation, or if an officer terminates his employment for good reason, the officer in question shall be entitled to receive a lump sum severance payment equal to two times his base salary and of the continued payment of premiums for continuation of the officer's health and welfare benefits pursuant to COBRA or otherwise, for a period of two years from the date of termination, subject to earlier discontinuation if the officer is eligible for comparable coverage from a subsequent employer. Mr. Macaluso is not entitled to any such termination payments pursuant to the terms of his employment agreement. All severance payments, less applicable withholding, are subject to the officer's execution and delivery of a general release of us and our subsidiaries and affiliates and each of their officers, directors, employees, agents, successors and assigns in a form acceptable to us, and a reaffirmation of the officer's continuing obligation under the propriety information and inventions agreement (or an agreement without that title, but which pertains to the officer's obligations generally, without limitation, to maintain and keep confidential all of our proprietary and confidential information, and to assign all inventions made by the officer to us, which inventions are made or conceived during the officer's employment). If the employment is terminated for cause, no severance shall be payable by us.

Good Reason means:

a material reduction in the officer's overall responsibilities or authority or scope of duties;

a material reduction of the officer's compensation; or

relocation of the officer to a facility or location not within 40 miles of the state capitol building in Denver, Colorado.

Cause means:

willful malfeasance or willful misconduct in connection with employment;

conviction of, or entry of a plea of guilty or *nolo contendere* to, any crime other than a traffic violation or misdemeanor;

willful and deliberate violation of a company policy;

unintended but material breach of any written policy applicable to all employees which is not cured within 30 business days;

unauthorized use or disclosure of any proprietary information or trade secrets of the company;

willful and deliberate breach of the employment agreement;

any other material breach of the employment agreement which is not cured within 30 business days; or

gross negligence in the performance of duties.

Change in Control means the occurrence of any of the following events:

The acquisition by an individual, entity, or group, other than Ampio or any of its subsidiaries, of beneficial ownership of 50% or more of the combined voting power or economic interests of the then outstanding voting securities of Ampio entitled to vote generally in the election of directors (excluding any issuance of securities by Ampio in a transaction or series of transactions made principally for bona fide equity financing purposes);

The acquisition of Ampio by another entity by means of any transaction or series of related transactions to which Ampio is party (including, without limitation, any stock acquisition, reorganization, merger or consolidation but excluding any issuance of securities by Ampio in a transaction or series of related transactions made principally for bona fide equity financing purposes) other than a transaction or series of related transactions in which the holders of the voting securities of Ampio outstanding immediately prior to such transaction or series of related transactions retain, immediately after such transaction or series of related transactions, as a result of shares in Ampio held by such holders prior to such transaction or series of related transactions, at least a majority of the total voting power represented by the outstanding voting securities of Ampio or such other surviving or resulting entity (or if Ampio or such other surviving or resulting entity is a wholly-owned subsidiary immediately following such acquisition, its parent); or

The sale or other disposition of all or substantially all of the assets of Ampio in one transaction or series of related transactions.

In the event of a Change of Control, all outstanding stock options, restricted stock and other stock-based grants held by Mr. Macaluso, Dr. Bar-Or, Mr. Gould and Dr. Clift become fully vested and exercisable, and all such stock options remain exercisable from the date of the Change in Control until the expiration of the term of such stock options.

Notwithstanding the foregoing, a Change in Control shall not be deemed to have occurred by virtue of the consummation of any transaction or series of integrated transactions immediately following which the record holders of the common stock of Ampio immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity which owns all or substantially all of the assets of Ampio immediately following such transaction or series of transactions.

The employment agreements do not provide for the payment of a gross-up payment under Section 280G of the Internal Revenue Code. The following table provides estimates of the potential severance and other post-termination benefits that each of Dr. Bar-Or, Dr. Clift, Mr. Disbrow, Mr. Macaluso, and Mr. Gould would have been entitled to receive assuming their respective employment was terminated as of December 31, 2014 for the reason set forth in each of the columns.

The value of such benefits is determined based on the estimated cost of providing health benefits to the Named Executive Officer for a period of two years.

- (2) Amounts represent the intrinsic value (that is, the value based upon the Company's stock price on December 31, 2014 of \$3.43 per share), minus the exercise price of the equity awards that would have become exercisable as of December 31, 2014.
- (3) Dr. Clift has a provision in his employment agreement that his options would all fully vest if he was let go without cause or if he left for good reason.
- (4) The unvested options of these officers have a value higher than the stock price on December 31, 2014 of \$3.43 per share, therefore there is no intrinsic value.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee evaluates auditor performance, manages relations with the Company's independent registered public accounting firm, and evaluates policies and procedures relating to internal control systems. The Audit Committee operates under a written Audit Committee Charter that has been adopted by the Board, a copy of which is available on the Company's website. All members of the Audit Committee currently meet the independence and qualification standards for Audit Committee membership set forth in the listing standards provided by NYSE MKT LLC and the SEC.

The Audit Committee members are not professional accountants or auditors. The members' functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2014. This review included a discussion of the quality and the acceptability of the Company's financial reporting, including the nature and extent of disclosures in the financial statements and the accompanying notes. The Audit Committee also reviewed the progress and results of the testing of the design and effectiveness of its internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee also reviewed with the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61, as adopted by the Public Company Accounting Oversight Board. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the Public Company Accounting Oversight Board. The Audit Committee discussed with the independent registered public accounting firm their independence from management and the Company, including the matters required by the applicable rules of the Public Company Accounting Oversight Board.

In addition to the matters specified above, the Audit Committee discussed with the Company's independent registered public accounting firm the overall scope, plans and estimated costs of their audit. The Committee met with the independent registered public accounting firm periodically, with and without management present, to discuss the results of the independent registered public accounting firm's examinations, the overall quality of the Company's financial reporting and the independent registered public accounting firm's reviews of the quarterly financial statements, and drafts of the quarterly and annual reports.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Related Party Transactions

In addition to the director and executive compensation arrangements discussed above in *Executive Compensation*, we or Life Sciences have been a party to the following transactions since January 2012 in which the amount involved exceeded or will exceed \$120,000, and in which any director, executive officer or holder of more than 5% of any class of our voting stock, or any member of the immediate family of or entities affiliated with any of them, had or will have a material interest.

Ampio entered into a sponsored research agreement with Trauma Research LLC or, TRLLC, an entity controlled by our director and Chief Scientific Officer, Dr. Bar-Or, on September 1, 2009, which has been amended five times with the last amendment occurring in March of 2014. Under the amended terms of the research agreement, Ampio will provide personnel with an equivalent value of \$325,000 per year. With the most recent amendment, Ampio also agreed to pay a sum of \$725,000 which is being amortized over the contractual term of 60.5 months and is divided between current and long-term on the balance sheet. In return, TRLLC will assign any intellectual property rights it develops on our behalf under the research agreement and undertake additional activities to support Ampio's commercial activities and business plan. This agreement is set to expire on March 31, 2019 and cannot be terminated prior to March 31, 2017.

In June 2013, Luoxis also entered into an agreement with TRLLC. The agreement, which was amended in September 2013, provides for Luoxis to pay \$8,000 per month to TRLLC in consideration for services related to research and development of Luoxis' Oxidation Reduction Potential platform. Starting in March of 2014, Luoxis also agreed to pay a sum of \$615,000 which is being amortized over the contractual term of 60.5 months and is divided between current and long-term on the balance sheet. This agreement has the same termination and expiration as the agreement between Ampio and TRLLC and was assigned to Aytu in April 2015.

Ampio had license agreements with the Institute for Molecular Medicine, Inc. (IMM), a nonprofit research organization founded by an officer and director of Ampio who also serves as IMM's executive director. The license agreements were assigned to Life Sciences as a part of the asset purchase from BioSciences. Under the license agreements, Ampio paid the costs associated with maintaining intellectual property subject to the license agreements. As further noted in Note 3 to our financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2014, the intellectual property associated with the license agreements was assigned to Luoxis.

Immediately prior to the Merger on March 2, 2010, Chay Enterprises, Inc. or Chay, accepted subscriptions for an aggregate of 1,325,000 shares of common stock from six officers and employees of Life Sciences, for a purchase price of \$150,000. The purchase price was advanced to the six officers and employees by Chay at the time the subscriptions were accepted. These shares were issued immediately before the closing of the Merger but after the shareholders of Chay had approved the merger. The advances are non-interest bearing and due on demand and are classified as a reduction to stockholders' equity. During 2012 and 2011, advances of \$37,000 and \$23,000 were repaid to the Company, respectively. As of December 31, 2014, \$91,000 of advances to stockholders remained outstanding.

Indemnification of Officers and Directors

We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law.

Policies and Procedures for Related Party Transactions

We have adopted a formal written policy that our executive officers, directors, nominees for election as directors, beneficial owners of more than 5% of any class of our common stock and any member of the immediate family of any of the foregoing persons, are not permitted to enter into a related party transaction with us without the prior consent of our Audit Committee, subject to the pre-approval exceptions described below. If advance approval is not feasible then the related party transaction will be considered at the Audit Committee's next regularly scheduled meeting. In approving or rejecting any such proposal, our Audit Committee is to consider the relevant facts and circumstances available and deemed relevant to our Audit Committee, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. Our Board of Directors has delegated to the chair of our Audit Committee the authority to pre-approve or ratify any request for us to enter into a transaction with a related party, in which the amount involved is less than \$120,000 and where the chair is not the related party. Our Audit Committee has also reviewed certain types of related party transactions that it has deemed pre-approved even if the aggregate amount involved will exceed \$120,000, including employment of executive officers, director compensation, certain transactions with other organizations, transactions where all stockholders receive proportional benefits, transactions involving competitive bids, regulated transactions and certain banking-related services.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding beneficial ownership of our common stock as of September 30, 2015, by:

each person or group of affiliated persons known by us to be the beneficial owner of more than 5% of our common stock;

each of our Named Executive Officers;

each of our directors; and

all executive officers and directors as a group.

We have determined beneficial ownership in accordance with SEC rules. The information does not necessarily indicate beneficial ownership for any other purpose. Under these rules, the number of shares of common stock deemed outstanding includes shares issuable upon exercise of options and warrants held by the respective person or group which may be exercised within 60 days after September 30, 2015. For purposes of calculating each person's or group's percentage ownership, stock options and warrants exercisable within 60 days after September 30, 2015 are included for that person or group but not the stock options, debentures, or warrants of any other person or group. Applicable percentage ownership is based on 51,998,306 shares of common stock outstanding at September 30, 2015.

Unless otherwise indicated and subject to any applicable community property laws, to our knowledge, each stockholder named in the following table possesses sole voting and investment power over the shares listed. Unless otherwise noted below, the address of each stockholder listed on the table is c/o Ampio Pharmaceuticals, Inc., 373 Inverness Parkway, Suite 200, Englewood, Colorado 80112.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own greater than 10% of a registered class of its equity securities to file certain reports with the SEC with respect to ownership and changes in ownership of the Common Stock and our other equity securities. Prior to our listing on the NYSE MKT LLC, our common stock was listed on the NASDAQ Capital market and was previously registered pursuant to Section 15(d) of the Exchange Act. Upon our listing on the NASDAQ Capital Market, our executive officers, directors and greater than 10% stockholders became subject to the filing obligations described in Section 16(a).

Other than as described above, none of our executive officers or directors engaged in any transaction that would have been required to be reported under Section 16(a) of the Exchange Act during the period starting on the date the reports were originally due and ending on the date such reports were filed. To our knowledge, no shareholder beneficially owns more than 10% of our common stock.

STOCKHOLDER PROPOSALS

Stockholder proposals will be considered for inclusion in the Proxy Statement for the 2016 Annual Meeting in accordance with Rule 14a-8 under the Exchange Act, if they are received by the Secretary of the Company, on or before August 14, 2016.

If the meeting is advanced by more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice must be delivered prior to the later of (a) the 90th day before the annual meeting or (b) the 10th day after which announcement of the meeting day is first made, but no earlier than 120 days prior to the annual meeting. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.
