The Company intends to use the net proceeds from the offering of the Units (the **Offering**), excluding any future proceeds from the exercise of the warrants included therein or sold in connection therewith, to fund working capital and for other general corporate purposes. Item 1.01. Entry into a Material Definitive Agreement.

The information set forth in the Introductory Note is incorporated herein by reference.

Underwriting Agreement

On March 29, 2016, the Company entered into an underwriting agreement (the **Underwriting Agreement**) with H.C. Wainwright & Co., LLC (the **Underwriter**) relating to the sale and issuance by the Company of Units to the Underwriter in a firm commitment underwritten public offering. Each Series C Unit consists of one share of the Company's common stock, one Series F warrant to purchase one share of the Company's common stock (each, a **Series F Warrant**) and two Series H warrants, each to purchase one share of the Company's common stock (each, a **Series H Warrant**), and each Series D Unit consists of a pre-funded Series G warrant to purchase one share of the Company's common stock (each, a **Series G Warrant** and, together with the Series F Warrants and the Series H Warrants, the **Warrants**), one Series F Warrant and two Series H Warrants. The shares of common stock and Warrants comprising the Series C Units will be immediately separable and will be issued separately but will be sold together in the Offering. The Warrants comprising the Series D Units will be immediately separable and will be issued separately, but will be sold together in the Offering. The Series F Warrants will be exercisable during the period commencing on October 1, 2016 and ending on April 1, 2021 at an exercise price of \$0.35 per share of common stock (subject to adjustment under certain circumstances). The Series G Warrants will be exercisable during the period commencing from the date of issuance and ending on April 1, 2017 at an exercise price of \$0.35 per share of common stock. The exercise price of \$0.35 per share, except for a nominal exercise price of \$0.01 per share, will be pre-paid to us upon issuance of the pre-funded Series G warrants and, consequently, no additional payment or other consideration (other than the nominal exercise price of \$0.01 per share) will be required to be delivered to us by the holder upon exercise. The Series H Warrants will be exercisable during the period commencing on the date of original issuance and ending on October 1, 2016 at an exercise price of \$0.75 per share of common stock (subject to adjustment under certain circumstances). Subject to the terms and conditions contained in the Underwriting Agreement, the Underwriter has agreed to purchase, and the Company has agreed to sell, 3,721,429 Series C Units at the public offering price of \$0.35, less an underwriting discount of \$0.0245 per Series C Unit, resulting in a net purchase price to the Company of \$0.3255 per Series C Unit, and 6,571,429 Series D Units at the public offering price of \$0.34, less an underwriting discount of \$0.0245 per Series D Unit, resulting in a net purchase price to the Company of \$0.3155 per Series D Unit. The Company has agreed to reimburse the Underwriter for certain of its out-of-pocket expenses.

The Underwriting Agreement contains customary representations, warranties and agreements by the Company, customary conditions to closing, indemnification obligations of the Company and the Underwriter, including for liabilities under the Securities Act of 1933, as amended, other obligations of the parties and termination provisions.
