Code of Ethics

We have adopted a Code of Ethics that applies to all our directors, officers and employees. The Code of Ethics is publicly available on our website at www.galectintherapeutics.com. Director Nominations

No material changes have been made to the procedures by which security holders may recommend nominees to our board of directors.

Board Determination of Director Independence

Our board of directors has reviewed the materiality of any relationship that each of our directors has with the Company, either directly or indirectly. Based upon this review, our board has determined that all of our directors other than Dr. Traber, our chief executive officer, and Mr. Czirr are independent directors as defined by The NASDAQ Stock Market. Our board of directors also determined that Dr. Amelio and Messrs. Greenberg and Mauldin, who comprise our nominating and governance committee, all satisfy the independence standards for such committees established by the SEC and the NASDAQ Marketplace Rules, as applicable. With respect to our audit committee, our board of directors has determined that Messrs. Prelack, Greenberg and Freeman satisfy the independence standards for such committee established by Rule 10A-3 under the Exchange Act, the SEC and the NASDAQ Marketplace Rules, as applicable. With respect to our compensation committee, our board of directors has determined that Drs. Omenn, Amelio and Rubin satisfy the independence standards for such committee established by Rule 10C-1 under the Exchange Act, the SEC and the NASDAQ Marketplace Rules, as applicable.

In making such determinations, the board of directors considered the relationships that each such non-employee director or director nominee has with our company and all other facts and circumstances the board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. In considering the independence of our directors, our board of directors considered the association of each such non-employee director has with us and all other facts and circumstances our board of directors deemed relevant in determining independence.

Audit Committee

The members of this committee are Steven Prelack (chair), Arthur Greenberg and Kevin D. Freeman. The Audit Committee is responsible for oversight of the quality and integrity of the accounting, auditing and reporting practices of Galectin Therapeutics. More specifically, it assists the Board of Directors in fulfilling its oversight responsibilities relating to (i) the quality and integrity of our financial statements, reports and related information provided to stockholders, regulators and others, (ii) our compliance with legal and regulatory requirements, (iii) the qualifications, independence and performance of our independent registered public accounting firm, (iv) the internal control over financial reporting that management and the Board have established, and (v) the audit, accounting and financial reporting processes generally. The Committee is also responsible for review and approval of related-party transactions. The Board has determined that Mr. Prelack is an audit committee financial expert within the meaning of SEC rules. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from the Company for, outside legal, accounting or other advisors as it deems necessary to carry out its duties.

Risk Management

The Board has an active role, as a whole and also at the committee level, in overseeing management of our risks. The Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. The Compensation Committee of our Board is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee of our Board oversees management of financial risks. The Nominating and Corporate Governance Committee of our Board manages risks associated with the independence of the Board members and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

We believe that any risks arising from our policies and programs are not reasonably likely to have a material adverse effect on the Company. Our programs reflect sound risk management practices including:

Use of multiple compensation vehicles that provide a balance of long- and short-term incentives with fixed and variable components; and

Equity incentive awards that vest over several years, so while the potential compensation payable for equity incentive awards is tied directly to appreciation of our stock price, taking excessive risk for a short term gain is discouraged because it would not maximize the value of equity incentive awards over the long-term.

Item 11. Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee is responsible for creating and reviewing the compensation of the Company's executive officers, as well as overseeing the Company's compensation and benefit plans and policies and administering the Company's equity incentive plans. The following CD&A describes our 2015 executive compensation program and explains the Company's compensation philosophy, policies, and practices, focusing primarily on the compensation of our named executive officers, or NEOs. This CD&A is intended to be read in conjunction with the tables that follow, which provide detailed historical compensation information for our following NEOs:

Name	Title
Peter G. Traber, M.D.	Chief Executive Officer, President and Director
James C. Czirr *	Executive Chairman and Director
Harold H. Shlevin, Ph.D.	Chief Operating Officer
Jack W. Callicutt	Chief Financial Officer

* Mr. Czirr ceased to be employed by the Company in January 2016 but still is a member of the board of directors.

Compensation Philosophy

The Company believes in providing a competitive total compensation package to its executives through a combination of base salary, annual performance bonuses, and long-term equity awards. The executive compensation program is designed to achieve the following objectives:

provide competitive compensation that will help attract, retain and reward qualified executives;

align executives' interests with our success by making a portion of the executive's compensation dependent upon corporate performance; and

align executives' interests with the interests of stockholders by including long-term equity incentives.

The Compensation Committee believes that the Company's executive compensation program should include annual and long-term components, including cash and equity-based compensation, and should reward consistent performance that meets or exceeds expectations. The Compensation Committee evaluates both performance and compensation to make sure that the compensation provided to executives remains competitive relative to compensation paid by companies of similar size and stage of development operating in the life sciences industry and taking into account the Company's relative performance and its own strategic objectives.

Executive Compensation Review and Design

The Company has historically conducted a review of the aggregate level of its executive compensation, as well as the mix of elements used to compensate its NEOs. The Company has based this review primarily on the experience of the members of the Compensation Committee and the Board of Directors, many of whom sit on the boards of directors of, or have previously advised, numerous companies, including companies in the life sciences industry.

Our 2013 annual meeting of stockholders was the first time the Company was required to conduct a stockholder advisory vote on the compensation of our NEOs. The Company was pleased that the holders of approximately 97% of our outstanding common stock voting on the matter voted in favor of the compensation of our NEOs, as disclosed in the proxy materials for the 2013 Annual Meeting. In addition, at the

Edgar Filing: GALECTIN THERAPEUTICS INC - Form 10-K/A

same Annual Meeting, the holders of approximately 62% of our outstanding common stock voting on the matter voted in favor of holding the stockholder advisory vote every three years. The Company's next stockholder advisory vote on the compensation of our NEOs will be held at our 2016 Annual Meeting.

In 2014, the Compensation Committee undertook a review of our compensation policies and practices and retained the compensation consulting firm of Barney & Barney LLC to provide compensation information and analysis with respect to the life science and healthcare industry and with respect to our peer companies within the industry. Barney & Barney LLC reviewed information from industry and other sources, surveys and databases, including publicly-available compensation information of other companies with which we compete, to gauge the competitiveness of our compensation programs. Barney & Barney LLC then reported its findings to the Compensation Committee, with recommendations to bring the Company's executive compensation closer to the 50th percentile of the total compensation of our competitor companies.

The Compensation Committee plans to continue to use a compensation consultant in the future and take into account publicly-available data relating to the compensation practices and policies of other companies within and outside our industry. For 2015 and future years, the Compensation Committee intends to benchmark its executive compensation program to target the 50th percentile of the total compensation programs of our competitor companies.

Elements of Executive Compensation

The compensation program for the Company's NEOs consists principally of three components:

base salary;

annual performance bonuses; and

long-term compensation in the form of equity-based awards.

Base Salary

Base salary is the only fixed-pay component in our executive compensation program. Base salaries for the NEOs are initially established through arm's-length negotiation at the time the NEO is hired, taking into account such NEO's qualifications, experience, prior salary, the scope of his or her responsibilities, and known competitive market compensation paid by other companies for similar positions within the industry. Base salaries are reviewed annually and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance, and experience. In making decisions regarding salary increases, the Company may also draw upon the experience of members of the Compensation Committee and the Board of Directors, many of whom sit on the boards of directors of, or have previously advised, numerous companies, including companies in the life sciences industry. The Compensation Committee has not previously applied specific formulas to determine increases. This strategy is consistent with the Company's intent of offering base salaries that are cost-effective while remaining competitive.

In February 2015, the Compensation Committee reviewed the base salaries of our NEOs, taking into account the considerations described above. As expressed in the following table, the Compensation Committee approved salary increases for Messrs. Traber, Czirr, Shlevin and Callicutt:

Name	2014 Base Salary	2015 Base Salary
Peter G. Traber, M.D.	\$ 485,000	\$ 500,000
James C. Czirr	\$ 240,000	\$ 250,000
Harold H. Shlevin, Ph.D.	\$ 230,000	\$ 250,000
Jack W. Callicutt	\$ 175,000	\$ 240,000

In 2016, the Compensation Committee will make further adjustments to base salaries of certain of our NEOs to move closer to our benchmark (see *Compensation Decisions Relating to Fiscal Year 2016* below).

Annual Performance Bonuses

In addition to the payment of base salaries, the Company believes that annual performance bonuses can play an important role in providing appropriate incentives to its NEOs to achieve the Company's strategic objectives.

Employee Short-Term and Long-Term Incentive Program

In 2013, upon recommendation by the Compensation Committee and approval by the Board of Directors, the Employee Short-Term and Long-Term Incentive Program (the Program) was adopted for executives and employees of the Company. The Program is a performance-based program and was adopted in recognition of the importance of aligning executive and employee interests with that of our stockholders. Our Program is designed to reward the efforts of our executives and employees and to be competitive in attracting and retaining them. There are two elements of the Program: (1) a short-term incentive in the form of cash bonuses and (2) a long-term incentive in the form of stock option grants. The cash bonus incentive is targeted to be up to 20% to 40% of the NEO's base salary as of the end of the applicable year. Half of each NEO's annual performance bonus is based upon achievement of the Company's documented performance objectives for the year and the other half is based upon achievement of individual performance objectives set for the year. The Chief Executive Officer may offer input to the Compensation Committee as to whether certain Company performance and individual performance objectives (other than the Chief Executive Officer's) have been achieved. The Compensation Committee also has the discretion to adjust (upward or downward) individual annual performance bonuses by up to 25%.

For 2015, the Compensation Committee set six Company performance objectives under the Program for 2015 annual performance bonuses to be payable:

- (1) Establish human proof of concept for GR-MD-02 treatment of non-alcoholic steatohepatitis with advanced fibrosis and/or cirrhosis.
- (2) Establish human proof of concept for use of galectin inhibitors in combination with immunotherapy for cancer and moderate to severe advanced plaque psoriasis.
- (3) Establish sustainable program for GR-MD-02 manufacturing and controls.
- (4) Establish appropriate quality assurance and quality control oversight and strengthen regulatory support.
- (5) Strengthen and expand pipeline and indications for galectin blocking drugs.
- (6) Strengthen business practices, financial resources, investor communication and strategic partnerships.

**For more information about GR-MD-02 and our drug development program please see Item 1 of our Annual Report on Form 10-K for the fiscal year ending December 31, 2015.*

The 2015 individual performance objectives for each NEO were:

Name	Individual Performance Goals
Peter G. Traber, M.D.	multiple individual objectives intended to measure contributions toward successful achievement of each Company performance objective.
James C. Czirr	manage the Board of Directors; and develop and implement financing strategies with management
Harold H. Shlevin, Ph.D.	multiple individual objectives intended to measure contributions toward successful achievement of each Company performance objective.
Jack W. Callicutt	maintaining appropriate financial, reporting and risk management reporting and controls; and support financing and investor relations activities.

Edgar Filing: GALECTIN THERAPEUTICS INC - Form 10-K/A

The following table represents each NEO's annual performance bonus target opportunity for 2015 (based on base salary as of the end of 2015):

Name	Target %	Maximum %
Peter G. Traber, M.D.	50%	75%
James C. Czirr	35%	60%
Harold H. Shlevin, Ph.D.	30%	55%
Jack W. Callicutt	30%	55%

For the 2015 performance year, the Compensation Committee awarded the NEOs the following annual performance bonuses paid in January 2016 based on its determination that all Company performance objectives and individual performance objectives were achieved and certain objectives were even exceeded. However, despite excellent performance on objectives, in view of the overall poor performance of the share price, the Compensation Committee, acting in its discretion, decided to reduce bonus payments by 20% across the board.

Name	Annual Performance Bonus Amount	Awarded Amount As % of Base Salary
Peter G. Traber, M.D.	\$ 210,000	42.0%
James C. Czirr	\$ 56,875	22.8%
Harold H. Shlevin, Ph.D.	\$ 66,000	26.4%
Jack W. Callicutt	\$ 69,120	28.8%

Annual performance bonuses under the Program are not designed to meet the performance-based compensation exception under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). However, in the past, our NEOs' compensation has not been high enough to make the Code Section 162(m) limit a critical issue for the Company. Deductibility under Code Section 162(m) is only one consideration in determining executive compensation.

Long-Term Incentive Compensation

The Company believes that by providing its NEOs the opportunity to increase their ownership of Company stock, the interests of its NEOs will be more closely-aligned with the best interests of the Company's stockholders and it will encourage long-term performance. The stock awards enable the NEOs to participate in the appreciation in the value of the Company's stock, while personally participating in the risks of business setbacks.

Under the long-term incentive portion of the Program, the NEOs are granted options based upon achievement of the Company performance and individual performance objectives and rank in the Company. All option grants under the Program have been made under the 2009 Incentive Compensation Plan.

On January 20, 2016, the NEOs were awarded the following options based on 2015 performance. 25% of the options vest immediately upon grant and 75% of the options vest on a pro-rata monthly basis over three years. The exercise price of the options is set at the closing price of our stock as of the grant date.

Name	Grant Date	Number of Securities Underlying Options	Exercise Price
Peter G. Traber, M.D.	01/20/2016	134,000	\$ 1.37
Harold H. Shlevin, Ph.D.	01/20/2016	38,000	\$ 1.37
Jack W. Callicutt	01/20/2016	38,000	\$ 1.37

Stock options granted under the 2009 Incentive Compensation Plan meet the performance-based compensation exception under Code Section 162(m). However, in the past, our NEOs' compensation has not been high enough to make the Code Section 162(m) limit a critical issue for the Company. Deductibility under Code Section 162(m) is only one consideration in determining executive compensation.

Material Terms of Employment Contracts of Named Executive Officers

Set forth below are descriptions of the principal terms of the employment agreements for each of our NEOs. Each employment agreement provides for post-termination restrictive covenants and payments due upon termination of employment or change in control of the Company, which is provided in further detail under the section entitled Potential Payments Upon Termination or Change in Control.

Peter G. Traber, M.D., Chief Executive Officer and President

On May 26, 2011, we entered into an employment agreement with Dr. Traber for a three-year term beginning March 17, 2011, which shall continue for up to two one-year additional terms unless either party provides at least 6 months' prior notice that the employment shall not continue. The first successive one-year renewal term of the agreement commenced on March 19, 2014 and the second successive one-year renewal term commenced on March 19, 2015. The agreement provided for an annual salary during the initial year in the amount of \$195,000, which was to be adjusted beginning the second year based on industry surveys of executive compensation in comparable companies, but not to be less than \$300,000. As part of our annual review of compensation for our executive officers, we increased Dr. Traber's base salary to \$485,000, effective March 1, 2014 and to \$500,000, effective March 1, 2015. Dr. Traber is also entitled to participate in incentive, retirement, profit-sharing, life, medical, disability and other plans generally available to our senior executives at our expense.

As contemplated by the agreement, on May 26, 2011, our Board of Directors granted Dr. Traber 125,000 fully-vested options exercisable for 10 years at \$7.50 per share. In addition, the agreement (i) accelerated the vesting 100,000 warrants that we granted to Dr. Traber in consideration for his service to the Company as Chief Medical Officer on a consultant basis prior his becoming an executive officer, (ii) amended our prior grant of 833,334 options to include a cashless exercise provision, and (iii) limited the number of vested options under Dr. Traber's prior grants to a maximum of 833,334 at any one time. The agreement requires us to register the offer and sale of the shares underlying such options and warrants. Dr. Traber also agreed not to sell any securities of the Company until after his obligation to report transactions in our securities has expired.

James C. Czirr, Executive Chairman

On June 28, 2011, we entered into an employment agreement with James C. Czirr, Executive Chairman of the Company for a three year term beginning June 28, 2011, which may continue for up to two one-year additional terms. The agreement provides for an annual base salary of \$185,000 for the first year of the initial term and \$240,000 for the second and third years. Mr. Czirr's employment continued into the first and second one-year renewal term. Effective March 31, 2015, Mr. Czirr's annual base salary was increased to \$250,000. Mr. Czirr is also entitled to (i) participate in incentive, retirement, profit-sharing, life, medical, disability and other plans generally available to senior executives of the Company, (ii) life insurance coverage of \$2,000,000 and long-term disability insurance at Company expense, and (iii) business expense reimbursement including up to \$4,000 per month, unless otherwise approved, for office expenses.

As contemplated by the agreement, our Board of Directors on June 28, 2011, granted Mr. Czirr 500,000 options of our common stock exercisable at \$7.02 per share, which vest in twenty quarterly installments of 25,000 shares beginning 90 days after the grant date, provided Mr. Czirr is employed on the applicable vesting date. We also agreed to register the offer and sale of the shares underlying such options. Mr. Czirr agreed not to loan or pledge securities of the Company until after his obligation to report transactions in our securities has expired, and not to effect short sales of our securities for 5 years after termination of the agreement.

On January 6, 2016, our Board of Directors removed Mr. James C. Czirr from his position as Executive Chairman and terminated his Employment Agreement.

Harold H. Shlevin, Ph.D., Chief Operating Officer

We entered into an amended and restated employment agreement with Dr. Shlevin on December 11, 2014. The restated agreement provides for an initial term from December 11, 2014 through December 31, 2015, and automatically renews for additional one-year periods, unless otherwise terminated by either party. In accordance with the terms of the restated Agreement, Dr. Shlevin will receive a base salary of \$230,000 per year beginning in 2015 and will receive an annual performance bonus based on attainment of one or more pre-established individual and/or Company performance goals established by the Compensation Committee. Effective March 31, 2015, Dr. Shlevin's annual base salary was increased to \$250,000. Dr. Shlevin's target performance bonus opportunity in a given year may not be less than 30% of his base salary in such year.

The restated agreement replaces his original agreement that provided for an initial term from October 1, 2012 through December 31, 2014. In accordance with the terms of the original agreement, Dr. Shlevin received an initial base salary of \$200,000 per year and was eligible for a performance bonus for 2014 of up to \$50,000, based on individual and Company performance. Dr. Shlevin's original agreement also provided for a one-time signing bonus of \$25,000 and a grant of options to purchase 250,000 shares of the Company's common stock. The exercise price of the options is \$2.32, which is equal to the closing price of the Company's stock price on August 27, 2012, and 50,000 shares vested upon execution of the original agreement, 50,000 shares vested on December 31, 2012, 75,000 shares vested on December 31, 2013, and 75,000 shares vested on December 31, 2014.

Jack W. Callicutt, Chief Financial Officer

We entered into an employment agreement with Mr. Callicutt dated July 1, 2013, in conjunction with Mr. Callicutt's appointment as our Chief Financial Officer. Pursuant to the terms of the agreement, Mr. Callicutt received an initial base salary of \$175,000 and is eligible to receive a performance bonus equal to 20% of his base salary. Effective March 31, 2015, Mr. Callicutt's annual base salary was increased to \$240,000. He also received a signing bonus of \$10,000. In addition to his cash compensation, the Company awarded Mr. Callicutt a grant of options to purchase 200,000 shares of the Company's common stock at an exercise price equal to the closing price of the Company's common stock on July 1, 2013, with 25,000 shares vesting on December 31, 2013, 50,000 shares vesting on December 31, 2014, 50,000 shares vesting on December 31, 2015 and 75,000 shares vesting on December 31, 2016. The options were granted pursuant to the 2009 Incentive Compensation Plan and expire ten years after the date of grant.

Employee Benefits & Perquisites

From time to time, the Company has provided the NEOs with employee benefits and perquisites that the Board of Directors believes are reasonable. Our NEOs are eligible to participate in the same broad-based employee benefit plans that are offered to our other employees, such as health insurance, disability insurance, life insurance and a 401(k) plan. These benefits are provided as part of the basic conditions of employment for all of our employees, and therefore providing them to our NEOs does not represent a significant incremental cost to us. The Company does not view employee benefits and perquisites as a significant element of its comprehensive compensation structure, but does believe they can be useful in attracting, motivating, and retaining the executive talent for which the Company competes. The Company believes that these additional benefits may assist the NEOs in performing their duties and provide time efficiencies for the NEOs in appropriate circumstances, and the Company may consider providing additional employee benefits and perquisites in the future. All future practices regarding employee benefits and perquisites will be approved and subject to periodic review by the Compensation Committee.

COMPENSATION COMMITTEE REPORT

The following report is not deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or the liabilities of Section 18 of the Exchange Act, and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by us under the Securities Act of 1933, as amended, or the Exchange Act.

Employment Agreements with our Named Executive Officers

Peter G. Traber, MD

On May 26, 2011, we entered into an employment agreement with Dr. Traber for a three-year term beginning March 17, 2011, which shall continue for up to two one-year additional terms unless either party provides at least 6 months prior notice that the employment shall not continue. The first successive one-year renewal term of the agreement commenced on March 19, 2014 and the second successive one-year renewal term commenced on March 19, 2015. The agreement provided for an annual salary during the initial year in the amount of \$195,000, which was to be adjusted beginning the second year based on industry surveys of executive compensation in comparable companies, but not to be less than \$300,000. As part of our annual review of compensation for our executive officers, we increased Dr. Traber's base salary to \$485,000, effective March 1, 2014 and to \$500,000, effective March 1, 2015. Dr. Traber is also entitled to participate in incentive, retirement, profit-sharing, life, medical, disability and other plans generally available to our senior executives at our expense.

Dr. Traber's employment agreement provides that he shall receive severance equal to one year of his then base salary paid in installments over a period of twelve months, two years medical coverage, and immediate vesting of all unvested warrants and options if his employment is terminated (i) by the Company without cause, (ii) by Dr. Traber for good reason, or (iii) following a change in control (as each term is defined in the Agreement). If Dr. Traber's employment is terminated for cause, as defined in the agreement, subject to cure rights in certain instances, he is not entitled to severance.

The agreement provides that during its term Dr. Traber shall not engage in any business competitive with the Company, and thereafter he shall not (i) accept for 12 months business from our customers or accounts relating to competing products or services of the Company, or (ii) render services for 6 months to any competing organization (as such terms are defined in the employment agreement). The employment agreement also contains provisions binding on Dr. Traber with respect to (i) protection of our confidential information; (ii) requirements to disclose and assign inventions or other intellectual property to the Company; (iii) non-solicitation of our executives, or persons with whom we have a business relationship such as investors, suppliers and customers; and (iv) advance review and approval of all writings he proposes to publish.

James C. Czirr

On June 28, 2011, we entered into an employment agreement with James C. Czirr, Executive Chairman of the Company for a three year term beginning June 28, 2011, which may continue for up to two one-year additional terms. Mr. Czirr is also entitled to (i) participate in incentive, retirement, profit-sharing, life, medical, disability and other plans generally available to senior executives of the Company, (ii) life insurance coverage of \$2,000,000 and long-term disability insurance at Company expense, and (iii) business expense reimbursement including up to \$4,000 per month, unless otherwise approved, for office expenses.

If his employment is terminated for cause, subject to cure rights in certain instances, he is not entitled to severance.

The agreement provides that during its term Mr. Czirr shall not engage in any business competitive with the Company. We entered into an amended and restated employment agreement with Dr. Shlevin on December 11, 2014. The restated agreement provides for an initial term from December 11, 2014 through December 31, 2015, and automatically renews for additional one-year periods, unless otherwise terminated by either party. In accordance with the terms of the restated Agreement, Dr. Shlevin received a base salary of \$230,000 per year beginning in 2015 and will receive an annual performance bonus based on attainment of one or more pre-established individual and/or Company performance goals established by the Compensation Committee. Effective March 31, 2015, Dr. Shlevin's annual base salary was increased to \$250,000. Dr. Shlevin's target performance bonus opportunity in a given year may not be less than 30% of his base salary in such year.

Dr. Shlevin's employment agreement provides that he shall receive severance equal to nine months of his then base salary paid in a lump sum, medical coverage for the remaining portion of the term of his agreement and a lump sum payment of a portion of the performance bonus for the then-current year based on the number of days elapsed in the year if his employment is terminated (i) by the Company without cause, (ii) by Dr. Shlevin for good reason, or (iii) following a change of control (as defined in his agreement). If his employment is terminated for cause, subject to cure rights in certain instances, he is not entitled to severance. If the agreement is terminated within 12 months after a change of control by the Company without cause, or by Dr. Shlevin for good reason, Dr. Shlevin is entitled to receive severance equal to 24 months' salary paid in a lump sum, medical coverage for the remaining portion of the term of his agreement and immediate vesting of all unvested options.

The agreement provides that during its term Dr. Shlevin shall not engage in any business competitive with the Company. Following termination of employment, Dr. Shlevin shall not, for 18 months (i) solicit customers or employees of the Company or (ii) render services to any competing business (as defined in the agreement). The agreement also contains provisions binding on Dr. Shlevin with respect to protection of our confidential information.

Item 12. Security Ownership Of Certain Beneficial Owners And Management and Related Stockholder Matters

The following table sets forth, as of April 15, 2016, certain information concerning the beneficial ownership of our common stock, Series A preferred stock and Series B preferred stock by (i) each person known by us to own beneficially five percent (5%) or more of the outstanding shares of each class, (ii) each of our directors and named executive officers, and (iii) all of our executive officers and directors as a group. The table also sets forth, in its final column, the combined voting power of the voting securities on all matters presented to the stockholders for their approval at the annual meeting, except for such separate class votes as are required by law.

The number of shares beneficially owned by each 5% stockholder, director or executive officer is determined under the rules of the Securities and Exchange Commission, or SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under those rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power and also any shares that the individual or entity has the right to acquire within 60 days after April 15, 2016 through the exercise of any stock option, warrant or other right, or the conversion of any security. Unless otherwise indicated, each person or entity has sole voting and investment power (or shares such power with his or her spouse) with respect to the shares set forth in the following table. The inclusion in the table below of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares.

Item 13. Certain Relationships and Related Transactions

Since the beginning of fiscal year 2015, we did not participate in any transactions in which any of the director nominees, Class B directors, executive officers, any beneficial owner of more than 5% of our common stock, nor any of their immediate family members, had a direct or indirect material interest.

Our Audit Committee Charter requires that members of the Audit Committee, all of whom are independent directors, conduct an appropriate review of, and be responsible for the oversight of, all related party transactions on an ongoing basis. There were no related party transactions in the fiscal year ended December 31, 2015.

The Audit Committee has considered whether the provision of non-core audit services to Galectin Therapeutics by Cherry Bekaert LLP is compatible with maintaining independence.

Pre-Approval Policy and Procedures

The Audit Committee of our Board of Directors has adopted policies and procedures which set forth the manner in which the Committee will review and approve all services to be provided by the independent auditor before the auditor is retained to provide such services. The policy requires Audit Committee pre-approval of the terms and fees of the annual audit services engagement, as well as any changes in terms and fees resulting from changes in audit scope or other items. The Audit Committee also pre-approves, on an annual basis, other audit services, and audit-related and tax services set forth in the policy, subject to estimated fee levels, on a project basis and aggregate annual basis, which have been pre-approved by the Committee.

All other services performed by the auditor that are not prohibited non-audit services under SEC or other regulatory authority rules must be separately pre-approved by the Audit Committee. Amounts in excess of pre-approved limits for audit services, audit-related services and tax services require separate pre-approval of the Audit Committee.

Our Chief Financial Officer reports quarterly to the Audit Committee on the status of pre-approved services, including projected fees. All of the services reflected in the above table were approved by the Audit Committee.
