For fiscal 2018, 87% of the target total direct compensation of our Chief Executive Officer (CEO) consisted of variable pay pay that is either performance-based or tied to the price of our common stock and 70% of his target compensation consisted of long-term equity awards. The following charts illustrate the compensation pay ratio for our CEO and NEOs. These charts do not include other compensation, pension values and nonqualified deferred compensation earnings, which are shown in the Summary Compensation Table in this Proxy Statement.

CEO Target Direct Compensation**Other NEOs Target Direct Compensation**

The allocation of variable compensation for our CEO and other NEOs aligns with our compensation philosophy of motivating our executive officers to achieve our overall performance objectives in the short term and to grow the business to create long-term value for our shareholders. The following table provides highlights of the compensation of our CEO and other NEOs in fiscal 2018 as reported in the 2018 Summary Compensation Table in this Proxy Statement. PROPOSAL 1: ELECT FOUR MEMBERS OF OUR BOARD OF DIRECTORS 2018 Proxy
Statement | **CATALENT, INC.** **5**

Proposal 1:

[Elect Four Members of our Board of Directors](#)

(ITEM 1 ON THE PROXY CARD)

While Proposal 6, if adopted, will lead to an unclassified Board, our Board currently consists of ten directors divided into three classes, I, II and III, with directors serving class-based staggered terms of three years until their successors are duly elected and qualified, or until their earlier death, resignation, or removal. Unless and until our shareholders approve declassification, there is an election each year with respect to the class of directors whose terms are expiring. The directors in Class I, whose terms expire at the 2018 Annual Meeting of Shareholders, are John Chiminski, Rosemary A. Crane, Donald E. Morel, Jr., and Jack Stahl. Our Board has nominated each of these directors to stand for re-election for a three-year term, which will expire at the 2021 Annual Meeting of Shareholders. Each of the nominees has consented to being named in this Proxy Statement and to serve if elected.

Note that if Proposal 6, as described below beginning on page 87, is approved by our shareholders at this Annual Meeting of Shareholders, our Board would be declassified over the next three years, with this year's election being the last one electing directors to serve a multi-year term.

Background to the Board's

Recommendation in Favor of the Nominees

The Nominating and Corporate Governance Committee of our Board (the "Nominating Committee") is directed under its charter to identify qualified individuals to become directors, and to recommend individuals it identifies to our Board for nomination. The Nominating Committee considers a number of factors and principles in recommending the slate of director nominees for election, as described below under the heading "Director Nomination Process" beginning

on page 18.

The Nominating Committee has evaluated each of Mr. Chiminski, Ms. Crane, Dr. Morel, and Mr. Stahl against the factors and principles it uses to select nominees for director. The Nominating Committee considered, among other things, that each of the nominees is an existing member of our Board, is familiar with us and the risks and opportunities we face, and has demonstrated an ability to work collegially and productively with the other members of our Board. The Nominating Committee also considered particular aspects of each of the director nominees, as noted below with the nominee's biography under the heading Specific qualifications, experience, skills and expertise.

Following its evaluation, the Nominating Committee voted to recommend the nominees to our Board as candidates for election to a new term of office. Based in part on the Nominating Committee's evaluation and recommendation, our Board has concluded that it is in our best interest and the best interest of our shareholders for each of the proposed nominees to continue to serve as a director.

Table of Contents**CORPORATE GOVERNANCE** 2018 Proxy Statement | **CATALENT, INC.** **11**Corporate **Governance**

We are committed to ensuring strong corporate governance practices on behalf of our shareholders. We believe strong corporate governance and an independent Board provide the foundation for financial integrity and shareholder confidence. In 2018, as part of its ordinary course review of our corporate governance program, and taking into account, among other things, developments in corporate governance, shareholder interactions, legal or regulatory developments, proxy advisory firm positions, SEC guidance, and New York Stock Exchange (NYSE) requirements, our Nominating Committee concluded that it was in the best interests of the company and our shareholders to recommend to our Board that it approve declassification of the Board over a three-year period. Based upon this recommendation, and conditioned on approval by our shareholders, our Board approved amendments to our current certificate of incorporation (our Current Certificate) to reflect this change. Unanimously, our Board recommends that shareholders vote in favor of Proposal 6 described later in this Proxy Statement, which embodies this proposed change.

Our commitment to good corporate governance is evidenced by our Corporate Governance Guidelines (our Governance Guidelines), which are available on our corporate website at <http://investor.catalent.com/corporate-governance>. Our Governance Guidelines set forth the principles and practices that our Board follows in carrying out its responsibilities, including ongoing review of our corporate governance practices in light of our business initiatives, the interests of our shareholders, and evolving best practices.

Key Corporate Governance Features

Important aspects of our corporate governance include the following:

Board Independence Our Board has determined that nine out of ten of our directors are independent under the NYSE listing standards, with our CEO being the only member of management who serves as a director.

Board Committees We have five committees of the Board the Audit Committee, the Compensation and Leadership Committee, the Nominating Committee, the Quality and Regulatory Compliance Committee, and the Mergers & Acquisitions Committee each of which is composed entirely of independent directors.

Edgar Filing: Catalent, Inc. - Form PRE 14A

Each of our five Committees operates under a written charter and reports regularly to the Board concerning its activities.

Lead Director

When a non-independent director serves as Chair of our Board, our Governance Guidelines require the independent directors to appoint a Lead Director from among them. Mr. Stahl has served in that role since October 2016.

Executive Sessions

Our Board holds regular executive sessions of non-management directors, which are chaired by our Lead Director.

Board Oversight of Risk

Risk management is overseen by our Audit Committee.

Our Compensation and Leadership Committee reviews risks arising from our compensation practices so that those practices encourage management only to act in the best interests of our shareholders.

Our Nominating Committee oversees risk associated with potential conflicts of interest as well as effectiveness of our Governance Guidelines.

Our Quality and Regulatory Compliance Committee focuses on risks arising out of the extensive food, drug, and cosmetics regulations that govern our operations and our relationships with our customers.

Corporate Governance Guidelines

Our Board operates under our Governance Guidelines, which define director qualification standards and other appropriate governance procedures.

**Majority Voting and
Director Resignation
Policy**

Directors in uncontested elections must garner the approval of a majority of the shares cast. Any director not receiving a majority of the cast shares in an uncontested election must tender his or her resignation to the Nominating Committee, which shall promptly consider such resignation and make a recommendation to our Board with respect to what action should be taken.

Accountability

Our only authorized stock consists of one class of common stock and one class of preferred stock. Each share of our common stock is entitled to one vote. We have not issued any preferred stock.

Stock Ownership

Each non-employee director is required to own shares of our common stock in an amount equal to five times the non-employee director annual cash retainer.

Guidelines adopted by our Compensation and Leadership Committee state that each of our executive officers must own shares of our common stock: our CEO must own an amount equal to 5 times his annual salary, and each of our other executive officers must own an amount equal to two and one-half times the officer's salary.

**Open Lines of
Communication**

Our Board promotes open and frank discussions with senior management.

Our directors have access to all members of management and other employees and are authorized to hire outside consultants or experts at our expense.

Self-Evaluation

Our Board and each of the Committees conduct annual self-evaluations.

Code of Ethics

Our Standards of Business Conduct, which, among other things, requires compliance with law and the maintenance of appropriate ethical standards, is applicable to all of our directors and employees.

Overboarding

Without specific approval from our Board, no director will serve on more than four other public company boards; no Audit Committee member will serve on more than two other public company audit committees; and it is expected that directors who also serve as CEOs or in equivalent positions at other public companies generally should not serve on more than two outside public company boards.

**Shareholder Proxy
Access**

Shareholders who satisfy the standards set forth in our bylaws have the ability to include on our proxy their own nominees for election to our Board, provided that such director nominees satisfy the eligibility requirements set forth in our bylaws.

The Board and Committees of the Board

We are governed by our Board, which provides overall direction to and oversight of our business. As described in the table below, our Board consists of ten directors divided into three classes (I, II and III), nine of whom have been determined by our Board to be independent under our Governance Guidelines and the NYSE listing standards. Each director serves for a staggered term (based on class membership) of three years until the director's successor is duly elected and qualified, or until the director's earlier death, resignation, or removal. Each year, there is an election with respect to the class of directors whose terms are expiring. Note that if Proposal 6, as described below beginning on page 87, is approved by our shareholders at this Annual Meeting of Shareholders, our Board would be declassified over the next three years, with this year's election being the last one electing directors to serve a multi-year term.

Four of the committees established by our Board—the Audit Committee, the Compensation and Leadership Committee (the Compensation Committee), the Nominating Committee, and the Quality and Regulatory Compliance Committee (the Quality Committee)—each meet regularly. Our Board also has a standing Mergers & Acquisitions Committee (the M&A Committee) that meets on an as-needed basis. Each committee has a written charter, which can be found on our website at <http://investor.catalent.com/corporate-governance>, and is comprised solely of independent directors as determined under our Governance Guidelines and applicable NYSE listing standards and the requirements of Securities Exchange Act of 1934, as amended (the Exchange Act).

Director Independence

Under our Guidelines and the NYSE listing standards, a director is not independent if the director has or had certain specified relationships with us. As a result of its review, our Board determined that each of our current directors other than Mr. Chiminski is independent. Our Board also determined that each other director who served during a portion of fiscal 2018, Melvin D. Booth, James Quella, and Uwe Röhrhoff, was also similarly independent. Mr. Chiminski serves on our Board of Directors, but as our President and CEO he cannot be deemed independent.

Board Leadership Structure

Our Governance Guidelines, which can be found on our website at <http://investor.catalent.com/corporate-governance>, provide our Board flexibility in determining its leadership structure. Our Board considers its structure and leadership each year, in particular whether the roles of Chair and CEO should be combined or separated, based on what it believes is in the best interests of the company at a given point in time. Currently, Mr. Chiminski serves as our CEO as well as Chair of our Board. Our Board has determined that combining the positions is the appropriate leadership structure at this time. Mr. Chiminski, given his primary responsibility for managing the company's day-to-day operations and his extensive knowledge and understanding of the company, is best positioned to lead our Board at this time and to focus its attention on the issues of greatest importance to the company and its shareholders. The Chair presides at all Board and shareholder meetings and performs such other duties as may be designated in our bylaws or by our Board as a whole. Our Board will continue periodically to evaluate its leadership structure and determine whether continuing the combined roles of CEO and Chair is in our best interest based on circumstances existing at the time.

Our Governance Guidelines require that the independent directors on the Board elect from among themselves a Lead Director whenever the Chair of our Board is also the CEO or is a director who does not otherwise qualify as an independent director. Mr. Stahl currently serves as our independent Lead Director. The Lead Director helps to assure the appropriate oversight of company management by our Board, as well as maintain the optimal functioning of our Board. Among other things, the Lead Director has the authority to:

convene meetings of the independent directors as the Lead Director deems necessary;

preside over all meetings of our Board at which the Chair is not present, including any executive sessions of the independent directors;

act as a liaison between the Chair and the independent directors; and

recommend to the other members of our Board the retention of consultants and advisors who directly report to it, without consulting or obtaining the advance authorization of any officer of the company.

Table of Contents**CORPORATE GOVERNANCE** 2018 Proxy Statement | **CATALENT, INC.** **17****Board and Committee Evaluation Process**

The Nominating Committee leads an annual performance evaluation of our Board and each Board committee as described below.

Evaluate

Each director completes a Board self-evaluation questionnaire and a separate questionnaire for each committee on which the director serves. The questionnaires request ratings and solicit suggestions for improving Board and committee governance processes and effectiveness.

Compile

Questionnaire results are compiled by the Corporate Secretary. Specific director comments are reported without attribution. Each director receives the Board self-evaluation results and the self-evaluation results for each committee on which the director serves. The Chair and the Lead Director receive all of the self-evaluation results.

Discuss

Committee self-evaluation results are discussed by each committee, and Board self-evaluation results are discussed by the full Board, in each case in executive session. The committees and our Board each identify areas for further consideration and opportunities for improvement, and implement plans to address those matters.

Review

Each committee and the full Board review progress with respect to any identified areas for further consideration.

Board's Role in Risk Oversight

Our Board as a whole and through its committees oversees our risk management. Members of senior management regularly report to our Board on areas of material risk. Our Board regularly reviews information regarding our strategy, finances, liquidity, operations, legal and regulatory developments, our research and development activities, and our competitive environment, as well as the risks related to these matters. The Audit Committee oversees the management of risks related to financial reporting and monitors the annual internal audit risk assessment, which identifies and prioritizes risks related to our internal controls in order to develop internal audit plans for future fiscal years. The Audit Committee also periodically meets with members of our information technology department to assess information security risks (including cybersecurity risks) and to evaluate the status of the company's cybersecurity efforts, which include a broad range of tools and training initiatives that are designed to work together to protect the data and systems used in our business. The Nominating Committee oversees the management of risks associated with the independence of the members of our Board. The Compensation Committee oversees risks relating to our compensation plans and arrangements. The Quality Committee focuses on risks arising out of the extensive food, drug, and cosmetics regulations that govern our operations and our relationships with our customers. Each Committee provides periodic reports to the full Board regarding its area of responsibility and oversight. We do not

believe there is any relationship between how our Board oversees management of our risks and its leadership structure.

Majority Voting and Director Resignation Policy

In August 2017, our Board, following its strategic review of our corporate governance program, practices, and policies and the recommendation of our Nominating Committee, amended and restated our bylaws to provide, among other things, that director nominees in uncontested elections shall be elected by the affirmative vote of a majority of the votes cast in respect of the shares present in person or represented by proxy at any annual or special meeting of shareholders for the election of directors and entitled to vote on the election of directors (meaning the number of shares voted for a nominee for director must exceed the total number of shares voted against such nominee for director, with abstentions and broker non-votes not counted as a vote cast either for or against that nominee for director's election).

Table of Contents**18 CATALENT, INC. | 2018 Proxy Statement CORPORATE GOVERNANCE**

Pursuant to our Governance Guidelines, any incumbent director nominee who does not receive a majority of votes cast for his or her election must offer to resign from our Board. The Nominating Committee will promptly consider the offer and recommend to our Board whether to accept or reject the offer to resign. In deciding the action to be taken with respect to any such resignation offer tendered under this policy, the Nominating Committee and our Board will consider what they believe is in our best interests and the best interests of our shareholders. Our Board will act on the Nominating Committee's recommendation within ninety days following the date of the shareholder meeting during which the election occurred, taking into account the factors considered by the Nominating Committee and any additional relevant information.

Any director who offers a resignation will not participate in the consideration by the Nominating Committee or our Board concerning whether to accept the offered resignation. If a majority of the members of the Nominating Committee did not receive more for votes than against votes, then the independent directors (excluding those independent directors, if any, who did not receive more for votes than against votes in the most recent election) will appoint a Board committee solely for the purpose of considering the offered resignations and making a recommendation to our Board whether to accept them; *provided, however*, that if there are fewer than three independent directors who received more for votes than against votes in the election, then such committee will be comprised of all independent directors, and each independent director who is required by the Governance Guidelines to offer a resignation will not participate in the consideration by such committee and our Board concerning whether to accept that director's offer to resign.

We will promptly publicly disclose the decision of our Board regarding any offer to resign, including an explanation of how the decision was reached and, if applicable, the reasons an offer to resign was not accepted, in a Current Report on Form 8-K to be filed or furnished with the SEC. If our Board determines to accept a director's offer to resign, the Nominating Committee will recommend whether to fill such vacancy or whether to reduce the size of our Board.

Director Nomination Process

The Nominating Committee considers and recommends the annual slate of director nominees for approval by our Board. The Nominating Committee considers a number of factors and principles in recommending the slate of director nominees for election to our Board. In particular, the Nominating Committee considers the following when evaluating and selecting nominees: the candidate's individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought, an ability to work collegially, and all other factors it considers appropriate, which may include age, gender, and ethnic and racial background, existing commitments to other businesses, potential conflicts of interest with other pursuits, legal considerations such as antitrust issues, corporate governance background, various and relevant career experience, relevant technical skills and education, relevant business or government acumen, financial and accounting background, executive compensation background, and the size, composition, and combined expertise of the existing Board.

Although our Board and Nominating Committee consider diversity of viewpoints, background, and experiences when identifying and reviewing candidates for our Board, our Board does not have a separate diversity policy. In identifying and evaluating prospective director candidates, the Nominating Committee may seek referrals and assistance from other members of our Board, management, shareholders, and other sources, including third-party search consultants. The Nominating Committee uses the same criteria for evaluating candidates regardless of the source of the referral. When considering director candidates, the Nominating Committee seeks individuals with backgrounds and qualities that, when combined with those of our incumbent directors, provide a blend of skills and experiences to further enhance our Board's effectiveness.

Shareholders may nominate directors for election by following the provisions set forth in our bylaws concerning such matters. The Nominating Committee, in accordance with our Governance Guidelines, will consider the qualifications of any nominee proposed by one or more shareholders.

Proxy Access

In August 2017, we amended and restated our bylaws to implement proxy access, which, subject to certain limitations as set forth in our bylaws, allows a shareholder or a group of up to 20 shareholders owning, continuously for at least three years,

Table of Contents**CORPORATE GOVERNANCE** 2018 Proxy Statement | **CATALENT, INC.** **19**

shares representing at least 3% of our outstanding voting stock entitled to vote in the election of directors, to nominate and include in our Proxy Statement for each Annual Meeting of Shareholders at which directors may be elected, their own qualifying director nominees constituting up to the greater of 2 or 20% of the total number of directors then serving on our Board (subject to certain limitations as set forth in our bylaws). Each of our Board (prior to each Annual Meeting of Shareholders) and the chair of any Annual Meeting of Shareholders shall have the power to determine whether a director nominee has been nominated by a shareholder in accordance with the requirements of the proxy access provisions. Notice of director nominees submitted under the proxy access provisions must include the information required under our bylaws. Such notice must be delivered to our Corporate Secretary at Catalent, Inc., 14 Schoolhouse Road, Somerset, NJ 08873 for nominations for the 2019 Annual Meeting of Shareholders by the dates specified under Shareholder Proxy Access on page 93. The foregoing description of the shareholder proxy access provision included in our bylaws does not purport to be complete and is qualified in its entirety by reference to our bylaws, which are available on our website under <http://investor.catalent.com/corporate-governance>.

Communications with the Board of Directors

Shareholders or other interested parties wishing to communicate with our Board, any of our Committees, any director individually, or the independent directors as a group may do so by contacting the Corporate Secretary either:

By mail, addressed care of Corporate Secretary, Catalent, Inc., 14 Schoolhouse Road, Somerset, New Jersey 08873;
or

By email to CorpSec@catalent.com.

Communications will be sent to the appropriate recipient, depending on the facts and circumstances outlined in the communication, but the Corporate Secretary will not forward to directors any spam, junk mail, mass mailing, product complaint, product inquiry, new product suggestion, job inquiry, survey, or business solicitation or advertisement. Material that is unduly hostile, threatening, illegal, or similarly unsuitable will also be excluded.

Standards of Business Conduct

Our Board and all of our employees, including our CEO, principal financial officer, principal accounting officer, and all other executive officers are required to abide by our Standards of Business Conduct to ensure that our business is conducted in a consistently legal and ethical manner. A copy of our Standards of Business Conduct can be found on our website under <http://investor.catalent.com/corporate-governance>. We will disclose on our website any future amendment to, or waiver from, provisions of our Standards of Business Conduct affecting our directors or executive officers as and to the extent required under applicable SEC and NYSE rules.

Transactions with Related Persons

Our Board has adopted a written policy regarding the review, approval, and ratification of transactions with related persons. This policy provides that a related person must promptly disclose to our Board any related person transaction. No related person transaction will be executed without the approval or ratification of our Board or the Audit Committee. It is our policy that directors interested in a related person transaction will recuse themselves from any vote on a related person transaction in which they have an interest if the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest. In general, related persons are our directors and executive officers, shareholders beneficially owning more than 5% of our outstanding stock, and their immediate family members. We refer to such a transaction as a related person transaction.

Since our initial public offering (our IPO) on July 30, 2014, we have not entered into any reportable related person transaction, nor is any related person transaction currently proposed, in which any of our directors, CEO, or executive officers has a direct or indirect material interest.

26 **CATALENT, INC. | 2018 Proxy Statement** **DIRECTOR COMPENSATION**

Director [Compensation](#)

We provide competitive compensation to our non-employee directors to attract and retain qualified directors. The principal elements of our non-employee director compensation are an annual cash retainer; an annual equity award of restricted stock units, each of which represents the right to receive one share of our common stock (RSUs); and additional cash fees for our Lead Director, Committee Chairs and Audit Committee members. Our director who is employed by us receives no cash or equity compensation for service as a director.

During fiscal 2018, the Nominating Committee, with the assistance of Frederic W. Cook & Co., Inc. (FW Cook), an independent, third-party consultant that also serves as a consultant to the Compensation Committee, conducted a review of our non-employee director compensation program, which had not been revised since our IPO in 2014, in order to evaluate its efficacy and attractiveness for recruiting and retaining high-quality directors. Based on the work done by FW Cook, which included a study of our compensation practices compared to those of the same compensation peer group used by our Compensation Committee (described below in our Compensation Discussion & Analysis starting on page 35) as well as a review of other market data, the Nominating Committee recommended, and our Board subsequently approved, certain changes to the program, as described below, to bring it in line with market medians and maintain its competitiveness versus our peer group.

Annual Cash Retainer

Each non-employee director receives an annual cash retainer of \$100,000 for service as a director, with an additional \$30,000 annual cash retainer for the non-employee director, if any, serving as the Lead Director. All cash retainers are paid on a quarterly basis, in arrears. Directors do not receive meeting attendance fees, but each of our directors is reimbursed for out-of-pocket expenses incurred in connection with the director s service. Non-employee directors who are newly appointed or elected to our Board during a fiscal year receive an annual cash retainer, paid on a quarterly basis in arrears, in an amount that is prorated from the effective date of appointment or election to the end of such fiscal year.

Equity-Based Compensation

Each non-employee director receives an annual grant in the form of RSUs with a grant date fair value equal to \$140,000 (which will increase to \$175,000 in fiscal 2019), with any fractional share rounded down to the nearest whole share. The grant date fair value is equal to the closing sales price of our common stock as reported on the NYSE on the date of grant. Ownership of the RSUs vests on the first anniversary of the grant date (provided that the director is still serving as of such date), subject to accelerated vesting upon a change of control. Non-employee directors who are newly appointed or elected to our Board during a fiscal year receive an RSU grant that is prorated from the effective date of appointment or election to the end of such fiscal year.

Committee Chair/Member Fees

We pay an annual cash fee to the Chair of the Audit Committee of \$15,000 (which will increase to \$25,000 in fiscal 2019) and \$10,000 to each of the other Audit Committee members. We similarly pay an annual cash fee to the Chair of each of the Compensation, Nominating, Quality, and M&A Committees of \$10,000 (with the fee for the Compensation Committee Chair increasing to \$12,500 in fiscal 2019), but no additional fee to the other members of those Committees. All Committee fees are paid on a quarterly basis, in arrears, and prorated in the case of service for a portion of a fiscal year.

Director Stock Ownership Policy

Each of our non-employee directors is required to own stock in an amount equal to five times the annual cash retainer. For purposes of this requirement, a director's holdings include shares held directly or indirectly, individually or jointly, shares underlying vested equity-based awards and shares held under a deferral or similar plan. Each non-employee director is required to retain 100% of the shares received following exercise of options or upon settlement of vested RSUs (net of

shares used to satisfy applicable tax withholding obligation, if any) until the required ownership level is met. All of our directors complied with the retention provisions of this policy throughout fiscal 2018 and through the printing of this Proxy Statement.

Deferred Compensation Plan

Under the amended and restated Catalent Pharma Solutions, Inc. Deferred Compensation Plan (the **Deferral Plan**), our directors may separately elect to defer any portion of their cash fees and up to 100% of RSU awards on a pre-tax basis by making appropriate elections in the calendar year prior to the year in which the services giving rise to such compensation being deferred is rendered. The terms of our Deferral Plan are described generally in the executive compensation section below beginning on page 42.

Matching Gift Program

Our directors may participate in the Catalent Cares matching gift program, which matches on a 1-to-1 basis gifts made by our employees and directors to eligible health and human service nonprofit organizations, subject to a yearly maximum of \$1,000.

Director Compensation for Fiscal 2018

This CD&A explains our executive compensation philosophy and programs, and the decisions made by the Compensation Committee of our Board during fiscal 2018, unless otherwise noted. Each reference in this section to a year is a reference to our fiscal year, which ends on June 30, unless otherwise noted.

Our executive compensation program is intended to attract, motivate, retain, and reward our leadership so that they will act to increase shareholder value and to align the interests of our leadership with those of our shareholders on an annual and long-term basis.

In accordance with SEC rules and regulations, this CD&A also discusses the elements of our executive compensation program during fiscal 2018 for our President and Chief Executive Officer, our Senior Vice President and Chief Financial Officer, our other three most highly compensated executive officers, and one additional former executive officer (these six officers collectively are our Named Executive Officers or NEOs). In fiscal 2018, our NEOs were:

EXECUTIVE

John Chiminski
Wetteny Joseph
Jonathan Arnold
William Downie
Steven L. Fasman
Matthew Walsh*

TITLE

Chair of the Board, President and CEO
Senior Vice President and Chief Financial Officer
President, Oral Drug Delivery
Senior Vice President, Global Sales and Marketing

Former Executive Vice President and Chief Financial Officer

*Mr. Walsh's service as our chief financial officer ended on February 6, 2018 and his employment ended on February 16, 2018.

Executive Summary

Our executive compensation program is intended to attract, motivate, retain, and reward our leadership team. We believe that attracting and retaining superior talent is a key to delivering shareholder returns, and that a competitive compensation program supports this. Therefore, our executive compensation package ties a significant portion of executive pay to performance.

The following is a summary of important aspects of our executive compensation program.

Principle

Balanced mix of pay components and incentives. Our compensation program targets a market-based mix of cash and equity compensation, and of short and long-term incentives. The principal elements of our program are salary, performance-based annual bonus and long-term equity awards.

Pay for Performance. We emphasize pay-for-performance to align executive compensation with our business strategy. Approximately 87% of the target total direct compensation of our CEO in 2018 was variable or performance-based.

Share Retention. Our Compensation Committee has established stock ownership guidelines directing our executive officers to hold a multiple of annual salary in the form of shares of common stock in order to align management and shareholder interests.

Pledging and Hedging. Our executives are prohibited from pledging our shares or hedging against the economic risk of such ownership.

Use of Independent Consultant. The Compensation Committee has engaged an independent, third-party consultant, Frederic W. Cook & Co., Inc. (FW Cook), to assist it in designing our compensation program and making compensation decisions as we seek to align with best practices.

Table of Contents**30 CATALENT, INC. | 2018 Proxy Statement COMPENSATION DISCUSSION AND ANALYSIS****Principle**

Claw-Back/Forfeiture Provisions. The terms of our long-term, equity-based awards allow us in certain circumstances to claw back shares received pursuant to such awards or to require the repayment of all gains realized on the vesting or exercise of such awards.

Compensation Peer Group. The Compensation Committee uses a group of peer companies, selected with the assistance of its independent compensation consultant, FW Cook, to benchmark its pay levels and benefit packages.

Shareholder Say-on-Pay. At the 2017 Annual Meeting of Shareholders, our shareholders voted 98.1% in favor of our say-on-pay proposal, demonstrating their concurrence that our executive compensation program reflects a pay for performance philosophy. In fiscal 2018, the Compensation Committee took into account the outcome of the shareholder advisory vote when making decisions relating to the compensation of our NEOs and our executive compensation program and policies. Based on the level of support, the Compensation Committee did not see a need for substantive changes to our compensation program.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS** 2018 Proxy Statement | **CATALENT, INC.** **31****2018 COMPENSATION HIGHLIGHTS**

As highlighted above, in 2018 we delivered strong financial performance. The Compensation Committee determined that our CEO exceeded his individual goals for 2018 and each of our other NEOs partially met or exceeded their respective individual goals for 2018.

EXECUTIVE PAY MIX FOR 2018

As shown in the charts below, the majority of target total direct compensation for our CEO and other NEOs during 2018 consisted of variable pay elements specifically, the short-term incentive award (which was targeted as 17% and 25%, respectively, of our CEO's and our other NEOs' target total direct compensation) and long-term, equity-based compensation (which was targeted as 70% and 42%, respectively, of our CEO's and our other NEOs' target total direct compensation). The Compensation Committee believes this allocation aligns with our compensation philosophy of motivating our CEO and other NEOs to achieve our performance objectives in the short term and to grow the business to create value for our shareholders in the long term. In addition, at the 2017 Annual Meeting of Shareholders, our shareholders voted 98.1% in favor of our say-on-pay proposal, demonstrating their concurrence that our executive compensation program reflects a pay for performance philosophy.

These charts do not include other compensation, pension values, and nonqualified deferred compensation earnings, which are shown in the Summary Compensation Table in this Proxy Statement.

CEO 2018 COMPENSATION OVERVIEW**EMPLOYMENT AGREEMENT**

Mr. Chiminski, our CEO, entered into a three-year employment agreement in October 2014. In connection with the end of that agreement's term, the Compensation Committee worked with its independent compensation consultant to review the terms of the agreement in light of Mr. Chiminski's performance over the life of the contract as well as the comparable compensation data from our compensation peer group. In light of his performance, the lack of any revision to this target total direct compensation during the period, and the relevant market data, the Compensation Committee and our Board concluded in August 2017 that certain revisions should be made to the terms of his compensation, as described below, and that the agreement should be extended for an additional three-year term. The employment agreement aligns Mr. Chiminski's compensation with comparable CEOs in our executive compensation

benchmarking peer group. Mr. Chiminski's total compensation consists of salary, an annual bonus opportunity, long-term equity incentives, and the right to participate in benefit programs generally available to executives. The employment agreement with Mr. Chiminski is discussed in detail in Executive Agreements.

Table of Contents**32 CATALENT, INC. | 2018 Proxy Statement COMPENSATION DISCUSSION AND ANALYSIS****SALARY**

Mr. Chiminski's base salary increased from \$975,000 to \$1,025,000 effective August 23, 2017 (when his employment agreement was amended) in consideration of his performance and reflecting market data provided by the Compensation Committee's independent compensation consultant.

BONUS

Mr. Chiminski received a \$1,774,400 bonus in respect of his performance in fiscal 2018 under the terms of our Management Incentive Plan (the "MIP"), which is our annual bonus incentive plan for our senior executives, including our NEOs. His MIP award was based on performance in relation to the annual cash bonus opportunity target of \$1,371,780 (reflecting a target of \$1,500,000 at the beginning of the year, revised downwards to \$1,350,000 with the August 2017 amendment of his employment agreement), with a maximum limit under the MIP of 174.4% of target. As described below in the section titled "Management Incentive Plan," our performance in fiscal 2018 resulted in 120.5% achievement against the business performance targets that determined 70% of the MIP bonus for Mr. Chiminski and all other senior executives, with the Compensation Committee determining the remaining 30% based on individual achievement.

Mr. Chiminski's MIP award was equal to 129.4% of his target opportunity. The Compensation Committee believes that his 2018 MIP compensation appropriately reflected our financial performance for the year and his individual contributions as our CEO, in particular his strategic accomplishments and execution in connection with the acquisitions and dispositions carried out in pursuit of our long-term strategic plan.

LONG-TERM INCENTIVE AWARD

During fiscal 2018, Mr. Chiminski, along with our other NEOs, received long-term incentive compensation awards as part of our long-term incentive plan (the "LTIP"). Those awards are discussed in detail below.

TOTAL DIRECT COMPENSATION

The chart below shows Mr. Chiminski's total direct compensation for the fiscal years 2017 and 2018 and is comprised of salary, MIP, and LTIP (using grant date fair value). This chart does not include other compensation, pension values and nonqualified deferred compensation earnings, which are shown in the Summary Compensation Table. The chart includes Mr. Chiminski's actual bonus for fiscal 2018 and assumes that his long-term incentive compensation will pay out at target. The actual amounts paid could be higher or lower (for further information on our long-term incentive plan, see the section entitled "Compensation Determinations for 2018 Long-Term Incentive Awards").

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**2018 Proxy Statement | **CATALENT, INC.****33****EXECUTIVE AGREEMENTS**

As discussed in more detail later in this CD&A, we are party to agreements with our NEOs to attract and retain these executives. The agreements with Messrs. Chiminski and Arnold are employment agreements that define the nature of each officer's employment, compensation and benefits, including certain compensation and benefits following termination, and restrictive covenants. Our former executive, Mr. Walsh, also had an employment agreement. Messrs. Joseph, Downie, and Fasman have offer letters that set forth the nature of each executive's employment, compensation, and benefits, and Mr. Downie also has a relocation agreement as he formerly worked from and still frequently visits our corporate offices in New Jersey even though his primary residence is in the U.K.

Our Executive Compensation Program**OUR COMPENSATION PHILOSOPHY AND PRINCIPLES**

Our executive compensation program ties executive compensation to the successful execution of our overall business goals and adherence to our core values, which we believe best serves the interests of our shareholders. We believe that attracting, motivating, retaining, and rewarding superior executive talent is a key to delivering attractive shareholder returns, and that an appropriately structured executive compensation program is critical to that end. We believe that each element of our program supports the achievement of our compensation philosophy.

Our executive compensation program is designed to attract and retain highly qualified executives, motivate our executives to achieve our business objectives, reward company and individual performance, and align our executives' interests with those of our shareholders. Our executives must be of a caliber and level of experience necessary to manage our complex, global business effectively. Given the long-cycle nature of most of our businesses, the complexity and highly regulated nature of our operations, and the competitive nature of our industry, it is especially important for us to retain our executive talent to ensure continuity of management. We seek to implement this philosophy by following three key principles:

Competitive compensation. Providing a competitive compensation package that enables us to attract, motivate, retain, and reward superior executive talent.

Alignment with shareholder interests. Align our executives' interests with our shareholders through equity compensation, short- and long-term absolute and relative performance metrics and share retention guidelines.

Linking compensation to performance. Fostering a pay-for-performance philosophy by tying a significant portion of pay to financial and stock-price performance as well as other goals that support the creation of sustainable long-term shareholder value.

The Compensation Process

THE ROLE OF THE COMPENSATION COMMITTEE, ITS CONSULTANT, AND MANAGEMENT

The Compensation Committee oversees the compensation program for our CEO and our other officers, including our other Named Executive Officers. Management typically formulates the initial proposal concerning a new aspect of executive compensation, including proposing salary levels and the form and content of various compensation programs, including incentive compensation programs and benefit programs such as healthcare and retirement programs. All management proposals as they relate to our NEOs are subject to Compensation Committee review and approval. The Compensation Committee has retained an independent consultant, FW Cook, to help it fulfill its responsibilities, including its review of management proposals. Among other things, FW Cook benchmarks compensation proposals using available market data and trends. In compliance with the NYSE's listing standards and SEC rules, the Compensation Committee in April 2018 conducted its annual independence assessment of FW Cook and concluded that it remains independent of management.

THE COMPENSATION COMMITTEE PROCESS

In accordance with its charter, the Compensation Committee is responsible for, among other duties:

reviewing and approving our overall compensation philosophy;

overseeing the administration of compensation and benefit programs, policies, and practices;

reviewing and approving the identification of our peer companies with respect to various benchmarking activities and data sources used in evaluating our compensation competitiveness;

evaluating the performance of the CEO against performance goals and objectives approved by our Board; and

approving the performance goals, evaluating the performance, and approving the compensation of our executive officers.

THE USE OF MARKET DATA IN DETERMINING COMPENSATION

The Compensation Committee considers numerous factors as it formulates, reviews and approves pay components and the overall structure of our executive compensation program. Among these factors are survey data, scoped to focus on companies with revenue comparable to ours, and the compensation practices of select peer companies, which we refer to as the Comparison Group. During fiscal 2018, the Compensation Committee used a Comparison Group recommended by management with input from FW Cook based on, among other things, similarities in our line of business, revenue, earnings, market capitalization, enterprise value and number of employees. The Committee believed that reference to the Comparison Group was appropriate when reviewing our compensation program during fiscal 2018 because it believed that this group may have competed with us for executive talent. The companies in the Comparison Group that informed compensation decisions for fiscal 2018 were:

Catalent Peer Group	Align Technology, Inc.	Bio-Rad Laboratories, Inc.
	C.R. Bard, Inc.*	Charles River Laboratories International, Inc.
	The Cooper Companies, Inc.	Haemonetics Corporation
	Hill-Rom Holdings, Inc.	Horizon Pharma plc
	ICON plc	Impax Laboratories, Inc.
	Mallinckrodt plc	Mettler-Toledo International Inc.
	PAREXEL International Corporation*	PerkinElmer, Inc.
	STERIS plc	Syneos Health, Inc. (formerly INC Research Holdings, Inc.)*
	United Therapeutics Corporation	West Pharmaceutical Services, Inc.

*Removed by the Compensation Committee on January 30, 2018 for purposes of fiscal 2019 as the companies were no longer considered peers following mergers. Varian Medical Systems and Hologic, Inc. have been added to the Comparison Group for fiscal 2019.

Table of Contents**36 CATALENT, INC. | 2018 Proxy Statement COMPENSATION DISCUSSION AND ANALYSIS**

The Compensation Committee attempts to set the compensation of our executive officers at levels that are generally in the range of the median of the market data, with deviations as appropriate based on individual factors, including tenure, proficiency in role, and criticality to our performance. The Compensation Committee reviews the range of salary, annual incentive targets, and long-term incentive grant values (and the combined total of these elements) of persons holding the same or similar positions at the Comparison Group, based on the most recent market data available. The Compensation Committee then generally seeks to approve compensation elements for our NEOs within a competitive range, assuming payout of performance-based compensation at target. Our executives' actual compensation will vary from the target amounts set by the Compensation Committee based on our overall performance and the individual's own performance, as reflected through annual incentive payouts and the value realized upon vesting and exercise of stock-based, long-term incentive awards.

SECTION 162(M) OF THE INTERNAL REVENUE CODE

Subject to certain limitations and terms, § 162(m) of the U.S. Internal Revenue Code (the Code) and its implementing regulations provide that we may not deduct compensation of more than \$1,000,000 paid in any year to our CEO and certain other executive officers. Because we only became a publicly traded company upon our IPO on July 30, 2014, we have been subject to a transitional period, during which the restrictions in these rules do not apply to us (though they may apply with respect to certain equity awards granted during the transitional period but that vest and settle thereafter) (the 162(m) Transitional Period). This period is expected to end at our 2018 annual meeting. Thereafter, we expect that the limitations imposed by Code § 162(m) will apply to a portion of the compensation paid by the company.

Furthermore, the exception from the deduction limit in Code § 162(m) for qualified performance-based compensation has been repealed by the Tax Cuts and Jobs Act, effective for taxable years beginning after December 31, 2017, making unavailable the benefits of that exception except in limited circumstances. While we intend to structure executive compensation so as to minimize any limitation imposed by Code § 162(m), we will continue to maintain flexibility and the ability to pay competitive compensation by not requiring all compensation to be deductible to the extent that doing so is consistent with the best interests of our company and shareholders.

Compensation Determinations for 2018

For fiscal 2018, compensation paid to our NEOs consisted of the following elements: base salary, short-term incentive pay in the form of participation in the MIP, equity-based, long-term incentive awards subject to multi-year time- and performance-vesting criteria, and the opportunity to participate in certain benefit programs and other perquisites.

We generally review the base salary and other incentive compensation target amounts of our executive officers, including our NEOs, annually, consistent with the process for our employees generally.

BASE SALARY

Base salary is the principal fixed component of target total direct compensation for NEOs, and is determined by considering the executive's job responsibilities, market data, and the individual's performance and contributions. The Compensation Committee has adopted a practice of reviewing the salaries of our NEOs annually.

Mr. Chiminski's base salary increased to \$1,025,000 per year in fiscal 2018, as described above under CEO 2018 Compensation Overview Base Salary. Messrs. Downie and Fasman remained at \$390,659 and \$550,000, respectively. In connection with Mr. Joseph being promoted to Senior Vice President and Chief Financial Officer in February 2018 (having previously served as President of our Clinical Supply Services business unit), his base salary was increased from \$355,000 to \$475,000, reflecting his promotion, his performance, and the increased scope of his position. Mr. Joseph's base salary was further increased by the Compensation Committee to \$500,000 in July 2018, to more closely align him with our Comparison Group. In connection with Mr. Arnold being promoted to President of our Oral Drug Delivery business unit in October 2017 (having previously served as Vice President and General Manager of Catalent's Drug Delivery Solutions business unit), his base salary was increased from \$340,000 to \$400,000, reflecting his promotion, his performance, and the increased scope of his position.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS** 2018 Proxy Statement | **CATALENT, INC.** **37****MANAGEMENT INCENTIVE PLAN****SUMMARY**

The MIP is an annual cash incentive program that rewards performance against annual individual and overall business goals. We extend MIP participation to a broad group of our executives, including our NEOs. For fiscal 2018, 70% of MIP target payouts was based on business goals and 30% was based on individual goals. The Compensation Committee selects the overall business goals for the MIP from among the corporate financial and strategic growth objectives set each year by our Board. The individual goals for each of our NEOs other than our CEO are set jointly by that NEO and the CEO, and the individual goals for our CEO are set jointly by our CEO and the Compensation Committee. These individual goals relate generally to the following categories but are not assigned numerical weightings or measuring criteria: quality and compliance, operational excellence, customer innovation/growth, organizational vitality/leadership, and financial accountability.

A graphical summary of how we calculate payment under our MIP is set forth in the charts labeled "MIP Calculation Summary for Fiscal 2018" at the end of this section.

PERFORMANCE TARGETS

For fiscal 2018, the Compensation Committee based 65% of the business goals portion of our MIP on achievement of our Budget-Based EBITDA goal (as defined in Appendix A to this proxy statement); 20% on achievement of our Budget-Based Revenue goal (also as defined in Appendix A); and 15% on achievement of our Annual Capital Deployed goal (with Annual Capital Deployed defined as the average of Capital Deployed over the 12-month period ending on the month of measurement, Capital Deployed for a given month being equal to the working capital for such month divided by the revenue for the 90-day period ending on the last day of such month, computed on an annualized basis).

The Compensation Committee uses Budget-Based EBITDA and Budget-Based Revenue because:

- (a) it believes that they are important indicators of increasing value and growth,
- (b) they are the primary measures by which we set and measure performance for the fiscal year,
- (c) they exclude certain items that would normally be part of a calculation of net earnings but that we believe are not representative of our core business, and
- (d) they are widely used measures of overall financial performance.

The Compensation Committee uses Annual Capital Deployed because it believes that this measure incentivizes management to be as efficient as possible in its deployment of our cash resources and thereby enhance our overall profitability.

The Compensation Committee believes that (x) using a weighted combination of these three measures provides a balanced set of business performance targets that focus on growth, profitability, and the most efficient use of our cash resources, (y) the performance targets provide a reasonably achievable, but challenging set of goals for our NEOs and other MIP participants, and (z) tying the NEOs' bonuses to company-wide performance goals encourages collaboration across the executive leadership team. These goals are intended to incentivize all participants to maximize their performance for the benefit of our shareholders.

FUNDING FOR, AND PAYMENT OF, MIP AWARDS

Achievement at the levels of our performance targets results in payment of the business-goal portion of the MIP award at 100% of the participant's target amount.

Lesser amounts were payable for achievement between 90% and 100% of targeted performance for Budget-Based EBITDA and Budget-Based Revenue, with 90% achievement entitling the participant to 50% of the participant's target amount. For Annual Capital Deployed, lesser amounts were payable for achievement between a reduction of 0.25% and 1.00%, with a 0.25% reduction entitling the participant to 50% of the participant's target amount.

More was payable for greater achievement, with 184.875% of the target amount payable at the maximum performance of 115% of Budget-Based EBITDA and Budget-Based Revenue and a 2.00% reduction in Annual Capital Deployed (representing a maximum of 187.5% for the Budget-Based EBITDA and Budget-Based Revenue goals and a maximum of 170% for the Annual Capital Deployed goal).

Table of Contents**38 CATALENT, INC. | 2018 Proxy Statement COMPENSATION DISCUSSION AND ANALYSIS**

Achievement between threshold/target and target/maximum results in a decreased or increased payment, as applicable, calculated on a linear basis.

Achievement under 90% of targeted performance on a given goal would result in no payment under our MIP with respect to that goal.

Achievement by each participant, including each of our NEOs, against individual goals can result in payment of the individual portion of the MIP award between 0% and 150% of the target amount. The target amount for each participant in our MIP, including each of our NEOs, is a fixed sum and is reviewed annually by the Compensation Committee, consistent with the process for our employees generally.

For fiscal 2018, the business goals were collectively weighted at 70% of the total payout, and the individual goals were weighted at 30%. Thus, the maximum payout under our MIP is 174.41% of each executive target opportunity (184.875% x 70%, plus 150% x 30%). The Compensation Committee approves the funding for our MIP based on the minimum, target, and maximum payouts.

2018 MIP AWARDS

The business performance goals and achievement level for fiscal 2018, which represented 70% of the overall target MIP award, are as follows (in millions of U.S. dollars, using our internal budget-based currency exchange rates, or percentages):

Performance Measure	Weighting	Threshold Performance (50% of Target)	Target Performance (100% of Target)	Maximum Performance (187.5% of Target)	Actual Performance ⁽¹⁾	Business	Business Factor Payout

(2) Mr. Walsh's employment ended on February 16, 2018, rendering him ineligible for a fiscal 2018 MIP award.

MIP CALCULATION SUMMARY FOR FISCAL 2018

Provided below is a graphical summary of how we calculated payment under our MIP for fiscal 2018.

LONG-TERM INCENTIVE AWARDS

Our long-term incentive compensation program is extended to a broad group of our senior executives, including our NEOs, and has generally included three types of equity-based grant:

time-based stock options;

time-based RSUs or restricted stock (Restricted Stock), in which there is a fixed grant to the recipient subject only to a time-based vesting requirement; and

performance-based restricted stock units (PSUs) or Restricted Stock (Performance Shares), in which there is a variable grant, with the number of units or shares ultimately earned based on the achievement of performance criteria over a multi-year performance period, subject to continuing service through the date of performance-period certification.

Table of Contents**40 CATALENT, INC. | 2018 Proxy Statement COMPENSATION DISCUSSION AND ANALYSIS**

By awarding grants with a multi-year performance and vesting period, we appropriately align executives with the long-term best interests of our shareholders. Grants to our NEOs in fiscal 2017 were divided into PSUs (50% of the value awarded), stock options (30%), and RSUs (20%). In fiscal 2018, grants were similarly distributed, but our NEOs and certain other senior executives received Performance Shares and Restricted Stock rather than PSUs and RSUs, respectively, in order to maximize the availability of the exception from the tax deduction limitations imposed by Code § 162(m).

In fiscal 2018, the following long-term incentive grants were awarded to our CEO and our other NEOs (which awards are also set forth in the Fiscal 2018 Summary Compensation Table on page 50 under the heading, "Stock Awards" and "Option Awards"):

Name	Total Grant Value of 2018 Long-Term Incentive Awards (\$)	Value of 2018 Stock Option Grants (\$)	# of 2018 Stock Options Granted	Grant Value of Other Stock-Based 2018 Awards (\$)⁽¹⁾	#of Stock-Based Awards Granted⁽¹⁾
John Chiminski	5,625,227	1,687,513	164,803	3,937,714	110,029
Wetteny Joseph	900,089	120,006	11,528	780,083	19,735
Jonathan Arnold	840,109	132,011	11,998	708,098	19,050

William Downie	500,096	150,008	14,410	350,088	9,702
Steven L. Fasman	840,092	195,000	18,732	645,092	17,612
Matthew Walsh ⁽²⁾	950,071	285,005	27,378	665,066	18,431

(1) Includes RSUs, PSUs, Restricted Stock, and Performance Shares, where the number and value of PSUs and Performance Shares assume performance at target. For more information, see the table entitled, Grant of Plan-Based Awards Table for 2018, following this CD&A. Certain PSUs previously granted to the NEOs were cancelled and reissued as Performance Shares subject to identical performance criteria in order to take full advantage of the Code § 162(m) Transitional Period. These replacement grants are not reflected above.

(2) The grants awarded to Mr. Walsh in fiscal 2018 were cancelled in accordance with their terms when his employment ended on February 16, 2018.

Awards under our LTIP, which operated prior to our IPO under the Pre-IPO Stock Plan and now operates under the Omnibus Plan, are generally determined and approved by the Compensation Committee on a dollar-value basis, which is then translated into a fixed or target number of options, RSUs, PSUs, Restricted Stock, or Performance Shares as follows:

We use the Black-Scholes method to calculate the value of an option on one share of our common stock, using the closing price per share as reported on the NYSE (the Grant Date Share Price), and divide the option value into the grant value, rounding up to the nearest whole number, to calculate the number of options to award.

We divide the grant value of RSUs and Restricted Stock by the Grant Date Share Price, rounding up to the nearest whole number, to calculate the number of RSUs or shares of Restricted Stock to award.

We divide the grant value of PSUs and Performance Shares by the Grant Date Share Price (or, in the case of Relative Return PSUs and Performance Shares, as defined below, the value derived from a Monte Carlo pricing model, reflecting the valuation's dependence on market conditions), rounding up to the nearest whole number, to calculate the number of PSUs or Performance Shares to award at target, with the actual number of PSUs awarded at vesting or of Performance Shares not forfeited determined by performance compared to a pre-set target level of performance.

Subject to the recipient's continued service with us through each applicable vesting date, one-fourth of the shares subject to stock options will vest on each one-year anniversary of the grant date, and the entire award of RSUs and Restricted Stock will vest on the third anniversary of the grant date. Subject to the recipient's continued service with us

through the vesting date, the PSUs and Performance Shares will vest when we determine whether we have met the performance criteria following the end of the three-year performance period.

The target size of the 2018 LTIP award for our CEO was fixed in his employment agreement. Any adjustment to that target, as well as setting the targets for our other NEOs, is performed by the Compensation Committee using a market-based determination of LTIP grant value.

For fiscal 2018, the Compensation Committee set the performance metrics for the PSUs and Performance Shares awarded under our LTIP using adjusted diluted earnings per share (Adjusted EPS) and relative total shareholder return (Relative Return), each of which will apply to 50% of the overall value of PSUs and Performance Shares to be awarded. The target

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS** 2018 Proxy Statement | **CATALENT, INC.** **41**

number of Relative Return PSUs and Performance Shares awarded differs slightly from the target number of Adjusted EPS PSUs and Performance Shares due to a slight difference in the U.S. GAAP valuation of each type of performance-based compensation.

Our Adjusted EPS is calculated using the same adjustments used to calculate our Budget-Based EBITDA, which is then further reduced by interest expense, depreciation expense, and tax expense adjusted for discrete items, divided by the weighted average of diluted shares outstanding for the fiscal year (the same methodology used in calculating Adjusted Net Income, which is described in our 2018 Annual Report on Form 10-K). The Adjusted EPS calculations for each fiscal year in the 3-year performance period are then added together and compared to the cumulative target set by the Compensation Committee at the beginning of the performance period.

Achievement of the Adjusted EPS target will earn the participant 100% of the Adjusted EPS target number of shares set forth in an Adjusted EPS PSU. We will distribute fewer shares for achievement below target, with a 75% achievement threshold. At 75% achievement, 50% of the target number of Adjusted EPS PSUs will be earned; no shares are earned for achievement below the threshold. Similarly, the maximum achievement is 125%, with a distribution at 200% of target. The foregoing range of results is also applicable to Adjusted EPS Performance Shares. However, because Performance Shares are issued at the maximum level of achievement (*i.e.*, 200% of target), they are subject to forfeiture percentages ranging from 0% (in the case of maximum achievement) to 100% (in the case of achievement below the threshold), with 50% being forfeited for achievement at target. Earnouts and forfeitures are interpolated for levels of performance between threshold and target, and between target and maximum.

Total shareholder return for both our common stock and the stocks of the Relative Return comparator group will be calculated by determining the change in the price per share of common stock over the performance period, and then adding the total amount of dividends paid during the performance period, assuming reinvestment of dividends for those companies that pay them (we do not currently pay dividends).

Relative Return will be determined by the percentile rank of our total shareholder return during the 3-year performance period relative to the companies comprising the S&P Composite 1500 Healthcare Index, which was made up of 169 companies as of July 2018.

Achievement of the median Relative Return will earn the participant 100% of the Relative Return target number of shares set forth in a Relative Return PSU grant. We will distribute fewer shares for achievement below target, with a 25th percentile achievement threshold. At this percentile, 50% of the target number of Relative Return PSUs will be earned; no shares are earned for achievement below the threshold. Similarly, the maximum achievement is the 75th percentile, with a distribution at 150% of target. The foregoing range of results is also applicable to Relative Return Performance Shares. However, because Performance Shares are issued at the maximum level of achievement (*i.e.*, 150% of target), they are subject to forfeiture percentages ranging from 0% (in the case of maximum achievement) to 100% (in the case of achievement below the threshold), with 33% being forfeited for achievement at target. Earnouts and forfeitures are interpolated for levels of achievement between threshold and target, and between target and maximum.

The Compensation Committee believes that the PSU and Performance Share performance targets in all periods represent reasonably achievable but challenging goals and are intended to incentivize all participants to maximize their performance for the long-term benefit of our shareholders.

The PSUs issued at the beginning of fiscal 2015 with a three-year performance period vested early in fiscal 2018 at a performance level of 108% of target.

Other Benefits Under Our Executive Compensation Program

BENEFITS AND PERQUISITES

We provide to all our employees, including our NEOs, broad-based benefits that are intended to attract and retain employees while providing them with retirement and health and welfare security. Broad-based employee benefits available to our NEOs include:

a 401(k) savings plan for U.S. NEOs, and an equivalent plan under U.K. law for U.K.-domiciled NEOs, both of which provide for a partial employer match of employee contributions;

Table of Contents**42 CATALENT, INC. | 2018 Proxy Statement COMPENSATION DISCUSSION AND ANALYSIS**

medical, dental, vision, life and accident insurance, disability coverage, dependent care and healthcare flexible spending accounts; and

employee assistance program benefits.

Under our 401(k) savings plan and the equivalent U.K. plan, we match a portion of the funds set aside by the employee. In the U.S., we match 50% of the first 6% of annual compensation contributed, up to federal tax law limits on both compensation that may be considered for contribution and the amount employees may contribute. In the U.K., the plan provides for an employer matching contribution of 5-8% of eligible base salary compensation dependent on the participant contributing 3-6% of eligible base salary compensation. At no cost to the employee, we provide basic life and accident insurance coverage valued at two times the employee's annual base salary. The employee may also select supplemental life and accident insurance, for a premium to be paid by the employee.

We also provide our NEOs with limited perquisites and personal benefits that are not generally available to all employees, such as executive relocation assistance. We provide these limited perquisites and personal benefits in order to further our goal of attracting and retaining our executive talent. These benefits and perquisites are reflected in the All Other Compensation column of the Summary Compensation Table and the accompanying footnotes in accordance with SEC rules. During 2018, we did not gross up for the income tax consequences of any benefit or perquisite (though there were some tax equalization payments made in respect of two of our NEOs, Messrs. Arnold and Downie, as described below in note 7(D) to our Fiscal 2018 Summary Compensation Table starting on page 50).

DEFERRED COMPENSATION PLAN

Our Deferral Plan permits a broad group of U.S.-based executives, including our U.S.-based NEOs, to defer up to 80% of base salary, commissions (not applicable to NEOs), and MIP bonus by making appropriate elections in the calendar year prior to the year in which the services giving rise to such compensation being deferred is rendered. In addition, as discussed below, these executives may defer their incentive compensation grants (other than options). We credit the first 6% of cash compensation deferred with a matching contribution equal to 50% of the amount deferred. Participants are immediately vested in all amounts they contribute and the related investment gains, but matching contributions and their related investment gains vest ratably over the participant's first four years of service. Participants may choose from a variety of investment options for the cash amounts deferred.

Under the Deferral Plan, we also credit each participant's deferral account with earnings and/or losses based on the deemed investment of the accounts in one or more of a variety of investment alternatives selected by such participant. Participants may elect from a variety of forms of payout, including lump-sum payment and various types of annual installments, with the timing depending on the form selected.

Cash and equity deferrals, company contributions, and applicable gains are held in a rabbi trust. Rabbi trust assets are ultimately controlled by us. Operating the Deferral Plan this way permits participants to defer recognition of income for tax purposes on the amounts deferred until they are paid to the participants.

We believe that providing the NEOs and other eligible participants with deferred compensation opportunities is a market-based benefit plan necessary for us to deliver competitive benefit packages. Additional details of the Deferral Plan follow the table entitled Fiscal 2018 Non-Qualified Deferred Compensation Table, following this CD&A.

DEFERRED VESTING OR SETTLEMENT OF INCENTIVE COMPENSATION GRANTS

From time to time, we have agreed, in the course of arm's-length bargaining with our executives over the terms and conditions of their employment, to set the terms of a PSU or RSU grant so that settlement of the grant (*i.e.*, delivery of the shares of our common stock underlying the RSU or PSU) occurs at a time after the date of vesting. An effect of post-vesting settlement is to defer until settlement recognition of income for U.S. income tax purposes on the receipt of the underlying shares. Messrs. Chiminski and Walsh have each obtained at least one RSU grant that settled on a date after vesting. In addition, the current version of the Deferral Plan permits participants to place unvested incentive compensation grants (other than options) into the plan's rabbi trust in order to delay recognition of income on these awards upon vesting.

Table of Contents**SEVERANCE AND PAYMENTS ON A CHANGE OF CONTROL**

Our NEOs are eligible for severance benefits in connection with a termination of employment and/or a change of control in certain circumstances. The severance benefits are discussed below, and certain aspects of these benefits are further presented in the Fiscal 2018 Potential Payments upon Employment Termination or Change of Control Tables beginning on page 60.

MR. CHIMINSKI SEVERANCE, TERMINATION, AND CHANGE OF CONTROL BENEFITS

Mr. Chiminski's employment agreement, the Omnibus Plan, and the grant agreements thereunder each provide for certain benefits to be paid to him upon termination.

If Mr. Chiminski's employment terminates due to his disability or death, he or his estate (as the case may be) would become entitled to a pro-rata portion of any annual bonus he would have earned for the year of termination, based on our actual performance in respect of the full bonus year, to be paid within 2 ½ months of the end of the fiscal year in which termination occurred.

Should Mr. Chiminski's employment terminate due to death, his beneficiaries (i) will receive a death benefit equal to 1.5 times his base salary (currently \$1,537,500) under a group life insurance program we provide that covers all eligible active employees, and (ii) will be entitled to accelerated vesting of all unvested grants under the Omnibus Plan. If his employment is terminated due to disability, all unvested grants under the Omnibus Plan will continue to vest as if Mr. Chiminski had continued employment through each applicable anniversary of the grant date.

Mr. Chiminski's employment agreement provides that, upon any termination for good reason or due to Mr. Chiminski's election not to extend the term, he will be entitled to receive certain accrued amounts and benefits, and a pro-rata portion of any annual bonus he would have earned for the year of termination.

The employment agreement further provides that, if Mr. Chiminski's employment is terminated by us without cause, by Mr. Chiminski for good reason, or due to our election not to extend the term, then, subject to his execution, delivery, and non-revocation of a release of claims in our favor, Mr. Chiminski will be entitled to receive, in addition to certain accrued amounts and benefits, and a pro-rata bonus, in the amount set forth in the immediately prior paragraph, an amount equal to two times the sum of (x) Mr. Chiminski's annualized then-current base salary (which salary, for purposes of calculating severance amounts, will in no event be less than \$1,025,000) and (y) his annual target bonus, payable in equal monthly installments over a two-year period; *provided, however*, that if such termination occurs within the two-year period following a change in control, such payment will instead be made in a single lump-sum payment within thirty days following the termination date. Notwithstanding the foregoing, our obligation to make such payments will cease in the event of a material breach by Mr. Chiminski of the restrictive covenants contained in the employment agreement (described below), if such breach remains uncured for a period of

ten days following written notice of such breach.

In addition to the payments described above, if Mr. Chiminski's employment is terminated by us without cause, by Mr. Chiminski for good reason, or due to our election not to extend the term, Mr. Chiminski (and his spouse and eligible dependents, to the extent covered prior to such termination) will also be entitled to continued participation in our group health plans for up to two years.

The employment agreement provides that Mr. Chiminski would have good reason to terminate employment if any of the following events occur without his consent: (a) any material diminution in his duties, authorities, or responsibilities, or the assignment to him of duties that are materially inconsistent with, or that significantly impair his ability to perform, his duties as our CEO; (b) any material adverse change in his positions or reporting structures, including ceasing to be our CEO or ceasing to be a member of our Board; (c) any reduction in his base salary or target annual bonus opportunity (other than a general reduction in base salary or target annual bonus opportunity that affects all members of senior management proportionately); (d) any material failure by us to pay compensation or benefits when due under his employment agreement; (e) any relocation of our principal office or of his principal place of employment to a location more than 50 miles from its current location in Somerset, New Jersey; or (f) any failure by us to obtain the assumption in writing of our obligation to perform his employment agreement by any successor to all or substantially all of our assets. No termination of his employment based on a specified good reason event will be effective as a termination for good reason unless (x) Mr. Chiminski gives notice to us of such event within 90 days after he learns that such event has occurred (or, in the

Table of Contents**44 CATALENT, INC. | 2018 Proxy Statement COMPENSATION DISCUSSION AND ANALYSIS**

case of any event described in clauses (e) or (f), within 30 days after he learns that such event has occurred), (y) such good reason event is not fully cured within 30 days after such notice, and (z) Mr. Chiminski's employment terminates within 60 days following the end of the cure period.

In the event of any termination of Mr. Chiminski's employment, other than in the limited circumstances described with respect to a termination for death or disability, without good cause, with good reason, or because of non-renewal of the term (each, a "Good Termination"), all unvested options granted under the Pre-IPO Stock Plan that remained outstanding would be immediately forfeited under these agreements without consideration as of the termination date. In the event of a Good Termination, Mr. Chiminski would retain the opportunity through the expiration of a portion of the grant of options to him in June 2013 to become vested, subject to attaining any specified performance goal, in a portion of the unvested grant equal to a fraction, not greater than one, the numerator of which is the number of days elapsing from the grant date through the termination date and the denominator of which is the number of days elapsing from the grant date through the date of the event that triggers additional option vesting.

For grants under the Omnibus Plan, if Mr. Chiminski incurred a termination, other than for death, disability, or a change of control that occurs during the period commencing on the date of the consummation of a change of control and ending on the date that is eighteen months following the consummation of such change of control, we could cancel any unvested option, RSU, or PSU and he would forfeit any unvested Restricted Stock or Performance Shares.

Unless otherwise specifically provided for in the stock option agreement, any options that are not vested and exercisable upon Mr. Chiminski's termination of employment will be immediately cancelled. Any option that already vested at the time of a Good Termination will remain outstanding and exercisable generally for one year from the termination date or the date on which the option vested, as applicable, although the period is reduced to 90 days in the case of a termination of employment that is not a good termination and vested options will terminate immediately if we terminate Mr. Chiminski's employment for cause. Any vested option that he does not exercise within the applicable post-termination exercise period will terminate.

SEVERANCE, TERMINATION, AND CHANGE OF CONTROL BENEFITS FOR MESSRS. JOSEPH, ARNOLD, DOWNIE, AND FASMAN

Mr. Joseph's, Mr. Arnold's, Mr. Downie's, and Mr. Fasman's severance agreements, the Omnibus Plan, and the grant agreements thereunder provide for certain benefits to be paid to each of them if their employment terminates for one of the reasons described below. Under the Omnibus Plan, if the employment of any of the foregoing was to terminate due to death, any unvested grant would become fully vested and exercisable; however, if termination was due to disability, any unvested awards under the Omnibus Plan would continue to vest as if the executive had continued employment through each applicable anniversary of the date of grant.

Should Mr. Joseph's or Mr. Fasman's employment terminate due to death, their respective beneficiaries would receive a death benefit equal to 1.5 times their current base salary (currently \$750,000 and \$825,000, respectively) under our

group life insurance program, which covers all eligible active employees. Should Mr. Arnold's employment be terminated due to death, his beneficiaries would receive a death benefit equal to 100% of his current base salary (totaling \$401,377 after converting to U.S. dollars) under our benefit plans applicable to Swiss-based employees. Should Mr. Downie's employment be terminated due to death, his beneficiaries would receive a death benefit equal to 4 times his current base salary (totaling \$1,562,636 after converting to U.S. dollars) under our U.K. life assurance plan.

If the employment of Mr. Joseph, Mr. Arnold, Mr. Downie or Mr. Fasman was terminated by us without cause or by the executive for good reason, he would become entitled to a severance payment equal to the sum of annual base salary and target annual bonus, payable in equal installments over the one-year period following the date of termination. Messrs. Joseph and Fasman would also be entitled to continued participation in our group health plans (to the extent the executive was receiving such coverage as of the termination date), at the same premium rates as may be charged from time to time for our employees generally, which coverage would be provided until the earlier of (1) the expiration of one year following the date of termination and (2) the date the executive becomes eligible for coverage under at least one group health plan of any other employer. Each NEO is required to enter into a binding general release of claims as a condition of receiving most severance payments and benefits.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS** 2018 Proxy Statement | **CATALENT, INC.** **45**

Under the Omnibus Plan, in the event of a change in control, to the extent the acquiring or successor entity does assume, continue or substitute for a granted option, if the NEO were to incur a termination without cause during the period commencing on the date of the consummation of a change in control and ending on the date that is eighteen months following the consummation of such change in control, the grants thereunder would become fully vested and exercisable. Other than in the cases of change of control, death, or disability, a termination will result in the cancellation of unvested awards under the Omnibus Plan held by any of Messrs. Joseph, Arnold, Downie, and Fasman.

MR. WALSH SEVERANCE, TERMINATION, AND CHANGE OF CONTROL BENEFITS

Mr. Walsh's employment agreement, the Pre-IPO Stock Plan, the Omnibus Plan, and the grant agreements thereunder each provided for certain benefits to be paid to him upon termination. None of them were applicable upon Mr. Walsh's voluntary departure in February of 2018.

Other Compensation Practices and Policies

EXECUTIVE AGREEMENTS

The following is a description of Mr. Chiminski's employment agreement, as well as of the provisions of agreements and offer letters with our other NEOs, as in effect during fiscal 2018. In addition, our NEOs have entered into agreements with respect to the long-term incentive grants they have received, the terms of which are described elsewhere in this Proxy Statement. Severance agreements and arrangements affecting our NEOs are further described above and in the table entitled the Fiscal 2018 Potential Payments upon Employment Termination or Change of Control Tables including the footnotes, beginning on page 60.

EMPLOYMENT AGREEMENT OF JOHN CHIMINSKI

Mr. Chiminski's current employment agreement provides for a three-year employment term commencing August 23, 2017, which initial term will automatically extend for successive one-year periods thereafter unless one of the parties provides the other with written notice of non-renewal at least sixty days prior to the end of the applicable term.

The terms of the employment agreement include (1) an annual base salary of \$1,025,000 (increased from \$975,000), subject to discretionary increases from time to time, (2) continued participation in our MIP with an annual target amount of \$1,350,000 (compared to target of \$1,500,000 and a maximum of \$2,000,000 previously), and (3) continued participation in our annual LTIP with target grant value of \$5,625,000 for fiscal 2018 (compared to a target of \$3,600,000 previously). The agreement permits us to grant Performance Shares and Restricted Stock in lieu of PSUs and RSUs, respectively.

Under his agreement, Mr. Chiminski is entitled to participate in all group health, life, disability, and other employee benefit and perquisite plans and programs in which our other senior executives generally participate. The employment agreement also provides for reimbursement to Mr. Chiminski, on an annual basis during each calendar year of the employment term, for the reasonable cost of (1) premiums for an executive life insurance policy (not to exceed \$15,000) and (2) financial services/planning (not to exceed \$15,000). He is also entitled to reimbursement for the reasonable legal fees and expenses incurred in connection with negotiating and documenting the 2017 amendment of his employment agreement, subject to customary documentation and an aggregate cap of \$20,000.

Pursuant to the terms of the employment agreement, Mr. Chiminski is subject to a covenant not to (x) compete with us or solicit the business of any client or prospective client while employed and for one year following his termination of employment for any reason and (y) solicit our employees or consultants while employed and for two years following his termination of employment for any reason, in each case, subject to certain specified exclusions. The agreement also contains a covenant not to disclose confidential information, an assignment of intellectual property rights and customary indemnification provisions.

The employment agreement also contains a covenant not to disclose confidential information and an assignment of intellectual property rights.

Table of Contents

EXECUTIVE STOCK OWNERSHIP GUIDELINES

Our executive stock ownership guidelines for our CEO and certain of our executives, including the other NEOs, set a multiple of each executive’s base salary as the amount of qualifying equity to be acquired and held by each executive. In assessing compliance with the guidelines, we count shares held outright, 50% of the value of unvested Restricted Stock and RSUs, and 100% of shares held in benefit plans, if any. Our guidelines by executive level are as follows:

Class of Executive	Multiple of Base Salary	
Mr. Chiminski	5X	
Other NEOs	2.5X	

If, on the date of any exercise of an option to purchase our common stock or the delivery of our common stock underlying any vested RSU or PSU, an executive has not reached the minimum ownership level under the guidelines, then the executive should retain and not sell that portion of the delivered shares whose market value is equal to at least 50% of the after-tax market value of all shares delivered on that date. For purposes of complying with this provision of the guidelines, the market value is equal to the average closing price per share of our common stock as reported on the NYSE for all trading days in the last month of the prior fiscal year.

All of our NEOs have complied with the retention provisions of these guidelines during fiscal 2018.

HEDGING AND PLEDGING

Our Securities Trading Policy prohibits directors and executive officers from hedging or monetization transactions involving our stock, including, but not limited to, through the use of financial instruments such as exchange funds, variable forward contracts, equity swaps, puts, calls, and other derivative instruments, or through the establishment of a short position in our securities. Though our Securities Trading Policy allows the pledging of our securities to those situations approved by our General Counsel, our current policy is that no such pledging is allowed.

(1) As Messrs. Joseph and Arnold did not qualify as Named Executive Officers in any previous year, disclosure of their compensation for prior years is not required.

(2)

Mr. Walsh's service as our chief financial officer ended on February 6, 2018 and his employment ended on February 16, 2018.

- (3) Values reflect the amount actually paid to the NEOs in each fiscal year reported. Mid-year base salary adjustments are not retroactive to the beginning of the fiscal year unless otherwise noted. Amounts reported include any compensation an NEO elected to defer under the Deferral Plan. During fiscal 2018, the Compensation Committee switched to an annual review for our most senior executives, including our NEOs. Prior to that, the Compensation Committee generally reviewed compensation of all employees with a salary of at least \$275,000 on an 18-month cycle. Actual changes in compensation may occur earlier based on changes to an employment agreement, performance, and market competitiveness. Mr. Chiminski's base salary increased from \$975,000 to \$1,025,000 effective August 23, 2017. Mr. Joseph's base salary increased from \$355,000 to \$385,000 effective July 24, 2017 and from \$385,000 to \$475,000 effective February 6, 2018. Mr. Arnold's base salary increased from \$340,000 to \$400,000 effective October 4, 2017, which was then converted to 389,195 Swiss francs effective January 1, 2018 in connection with his relocation to our office in Cham, Switzerland. Mr. Fasman's base salary increased from \$500,000 to \$550,000 effective April 14, 2016. Mr. Downie's base salary increased from GBP 278,570 to GBP 290,000 effective September 1, 2016. Mr. Walsh's base salary increased from \$650,000 to \$675,000 effective January 1, 2016. The amounts in Base Salary that were paid to Mr. Arnold in Swiss francs were converted to U.S. dollars at an exchange rate of 1.0313 for fiscal 2018, which represents the average of the monthly rates during fiscal 2018. The amounts in Base Salary that were paid to Mr. Downie in pounds sterling were converted to U.S. dollars at an exchange rate of 1.3471 for fiscal 2018, 1.2681 for fiscal 2017, and 1.4846 for fiscal 2016, which represents the average of the monthly rates during each of those fiscal years, respectively.

(4) Represents the aggregate grant date fair value of stock awards for fiscal years 2018, 2017, and 2016 and computed in accordance with FASB ASC Topic 718, using the assumptions discussed in Note 12, Equity-Based Compensation, to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended June 30, 2018. The amounts reported in this column for the Adjusted EPS PSUs and Performance Shares for fiscal years 2018, 2017, and 2016 assume, in accordance with FASB ASC Topic 718, that the NEOs will receive or retain the target number of PSUs or Performance Shares, respectively, awarded to them in each such fiscal year. If, instead, the performance during the 2018-20 performance period is such that the NEOs receive or retain the maximum number of Adjusted EPS PSUs or Performance Shares capable of being awarded/retained (200% of target), the value of the grants, calculated in accordance with FASB ASC Topic 718, would be as follows:

Name	Fiscal Year	ASC Topic 718 Value
		at Maximum (\$)
John Chiminski	2018	4,922,260
Wetteny Joseph	2018	350,104
Jonathan Arnold	2018	385,116

Relative Return PSUs and Performance Shares are subject to market conditions, and not performance conditions, as defined under ASC 718, and therefore do not have maximum grant date fair values that differ from the grant date fair values presented in the table. The actual value of the PSUs or Performance Shares, if any, that ultimately convert to shares of our common stock or are no longer subject to forfeiture, respectively, on the vesting dates will depend on (x) our share price on such dates and (y) our performance according to the applicable performance criteria.

The amount reported for Mr. Fasman in this column for fiscal 2016 includes a one-time equity award of 15,000 RSUs granted on January 28, 2016 to recognize his leading performance and dedication as our General Counsel and for fiscal 2018 a one-time equity award of 5,000 shares of Restricted Stock granted on November 10, 2017 for retention purposes. The amount reported for Mr. Joseph in this column includes a one-time equity award of 11,974 shares of Restricted Stock granted on February 6, 2018 to recognize his promotion to Chief Financial Officer. The amount reported for Mr. Arnold in the column includes a one-time equity award of 11,105 RSUs granted on July 24, 2017 to recognize his impending promotion to President, Oral Drug Delivery.

During fiscal 2018, the PSUs issued to the NEOs (other than Mr. Walsh) during fiscal 2017 were cancelled and reissued as Performance Shares with identical performance criteria in order to take full advantage of the Code § 162(m) Transitional Period. There was no incremental fair value compensation charge associated with this change.

- (5) Reflects options we granted to the NEOs to acquire shares of our common stock. Amounts reported reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 using the assumptions discussed in Note 12, Equity-Based Compensation, to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended June 30, 2018. The Black-Scholes value of each stock option granted on October 4, 2017, August 23, 2017, July 24, 2017, July 26, 2016, and August 27, 2015 was \$12.12, \$9.95, \$10.41, \$7.15, and \$10.76, respectively.
- (6) Amounts reported reflect the MIP awards earned by each of our NEOs. Amounts reported include any compensation an NEO elected to defer under the Deferral Plan. Amounts reported were paid in pounds sterling and Swiss francs for Mr. Downie and Mr. Arnold, respectively, and converted to U.S. dollars at the exchange rates set forth in note (3) above.
- (7) The amounts set forth as All Other Compensation for fiscal 2018 are further detailed below:

- (1) Represents potential payments for fiscal 2018 under our MIP. MIP awards are paid in cash. Pursuant to the terms of Mr. Chiminski's employment agreement, his MIP target at the start of fiscal 2018 was \$1,500,000 with a maximum of \$2,000,000, which was amended effective August 23, 2017 to \$1,350,000 with no maximum other than those inherent in the MIP. As a result, the target amount reported in this column for Mr. Chiminski represents a blended amount to account for the change. Mr. Joseph's MIP target at the start of fiscal 2018 was 75% of base salary which was later increased to \$360,000 pursuant to the terms of Mr. Joseph's January 31, 2018 offer letter. Mr. Arnold's MIP target at the start of fiscal 2018 was 75% of base salary which was later increased to \$300,000 pursuant to the terms of Mr. Arnold's October 4, 2017 offer letter. Messrs. Downie's and Fasman's MIP targets for fiscal 2018 are \$292,994 and \$412,500, respectively. Mr. Downie's MIP target was converted U.S. dollars using an exchange rate of 1.3471, which represents the average of the monthly rates during fiscal 2018. For fiscal 2018, the payout range for the MIP is 0-174.41% of target. See the section in our CD&A entitled "Compensation Determinations for 2018 Management Incentive Plan" for a further description of our MIP.
- (2) Represents PSUs and Performance Shares granted during fiscal 2018 with respect to the 2018-20 performance period. The PSUs granted to the NEOs (other than Mr. Walsh) in fiscal 2017 and fiscal 2018 were cancelled and replaced by Performance Shares during fiscal 2018, which were issued at the maximum target (200% of target for Adjusted EPS Performance Shares and 150% of target for Relative Return Performance Shares) with identical vesting terms and performance measures as the PSUs in order to avoid deductibility issues under Code § 162(m). There was no incremental fair value compensation charge associated with these changes. All remaining grants reported in this column are Performance Shares with the exception of Mr. Walsh who received PSUs. In fiscal 2018, the Compensation Committee continued to set the performance metrics for the PSUs and Performance Shares awarded under our LTIP using Adjusted EPS and Relative Return, each of which will apply to 50% of target value awarded. The number of PSUs or Performance Shares earned or retained, respectively, can range from 0-200% of the target number of Adjusted EPS PSUs/Performance Shares and 0-150% of the target number of Relative Return PSUs/Performance Shares, depending on our achievement against the performance metrics that the Compensation Committee established at the beginning of the performance period. See the section in our CD&A entitled "Compensation Determinations for 2018 Long-Term Incentive Awards" for a further description of our long-term incentive compensation program.
- (3) Represents RSUs and Restricted Stock granted during fiscal 2018. All of the NEOs received RSUs on July 24, 2017. Mr. Chiminski received a Restricted Stock grant on August 23, 2017 which represented an incremental value as a result of the increase in his LTIP target from \$3,600,000 to \$5,625,000 effective August 23, 2017. Mr. Joseph received a one-time Restricted Stock grant on February 6, 2018 in recognition of his promotion to Chief Financial Officer. Mr. Fasman received a one-time Restricted Stock

grant on November 10, 2017 for retention purposes. The vesting and settlement terms of the RSUs and Restricted Stock are described in more detail in the section in our CD&A entitled "Compensation Determinations for 2018 Long-Term Incentive Awards."

- (4) Represents non-qualified stock options granted during fiscal 2018. Stock options have an exercise price based on the closing price per share of our common stock on the date of grant, as reported on the NYSE. All of the NEOs were granted stock options on July 24, 2017. In addition, Messrs. Chiminski and Arnold received an incremental option grant on August 23, 2017 and October 4, 2017, respectively. Mr. Chiminski's LTIP target increased from \$3,600,000 to \$5,625,000 effective August 23, 2017 and Mr. Arnold's LTIP target increased from \$272,000 to \$440,000 effective October 4, 2017. See the section in our CD&A entitled "Compensation Determinations for 2018 Long-Term Incentive Awards" for a further description of our long-term incentive compensation program.
- (5) The values of equity-based grants presented in this table were calculated in accordance with FASB ASC Topic 718 using the assumptions discussed in Note 12, "Equity-Based Compensation," to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended June 30, 2018. The stock price used in each calculation is the closing price per share of our common stock on each respective grant date, as reported on the NYSE. Option values are calculated using the Black-Scholes model. The values of Adjusted EPS PSU and Performance Share grants reported in this column assume that the awards will vest at their target values.
- (6) The grants awarded to Mr. Walsh in fiscal 2018 were cancelled in accordance with their terms when his employment ended on February 16, 2018, which also made him ineligible for a bonus under our MIP for fiscal 2018.

(1) Our common stock split 70-for-1 in connection with our IPO. All stock information for pre-split periods has been restated in this Proxy Statement as if the split had occurred prior to the events reported. Mr. Walsh's service as our chief financial officer ended on February 6, 2018 and his employment ended on February 16, 2018. As such, Mr. Walsh had no equity-based award outstanding as of the end of fiscal 2018.

(2) The number of outstanding time-based, performance-based, and exit options vested and exercisable is reported in column (b). Unvested outstanding time-based options are reported in column (c) and ordinarily become vested pursuant to the vesting schedule for time-based options described in the section in our CD&A entitled Compensation Determinations for 2018 Long-Term Incentive Awards. Unvested outstanding performance-based options are reported in column (d) and ordinarily vest when the financial performance criteria set at the granting of these options prior to fiscal 2018, are met, subject to the grantee remaining in our employ through the vesting date. The exit options outstanding as of June 30, 2018 vested in September 2016, when our former principal owner sold the last of its shares of common stock, triggering the vesting condition. Other than with respect to the options granted on June 25, 2013, which have a vesting reference date of June 30 for Mr. Chiminski and July 1 for Messrs.

Joseph and Downie, all vesting of time-based and performance-based options granted to the NEOs occurs on the applicable anniversary of the grant date. The outstanding performance-based options granted on October 23, 2009 all vested no later than October 23, 2014. The first 20% of the performance-based options granted to Mr. Chiminski in fiscal 2013 vested on June 30, 2014 and the second 20% vested on September 2, 2015, which is the date we confirmed the performance metrics were achieved. The first 20% of the performance-based options granted to Messrs. Joseph and Downie in fiscal 2013 vested on July 1, 2014 and the second 20% vested on September 2, 2015, which is the date we confirmed the performance metrics were achieved. The fiscal 2016 and fiscal 2017 performance metrics were not achieved for the performance-based options granted on June 25, 2013 to Messrs. Chiminski, Joseph and Downie. The first, second, and third 25% of the time-based options granted to Messrs. Chiminski, Joseph, Arnold, Downie, and Fasman in fiscal 2015 vested on July 30, 2015, 2016, and 2017, respectively, for Messrs. Chiminski, Joseph, Arnold, and Downie, and on October 23, 2015, 2016, and 2017, respectively, for Mr. Fasman. The first, second, and third 25% of the time-based options granted to Mr. Chiminski on October 23, 2014 vested on October 23, 2015, 2016, and 2017, respectively. The first and second 25% of the time-based options granted to Messrs. Chiminski, Joseph, Arnold, Downie, and Fasman in fiscal 2016 vested on August 27, 2016 and 2017, respectively. The first and second 25% of the time-based options granted to Mr. Joseph on October 13, 2015 vested on October 13, 2016 and 2017, respectively. The first 25% of the time-based options granted to Messrs. Chiminski, Joseph, Arnold, Downie, and Fasman in fiscal 2017 vested on July 26, 2017. As described in the section of the CD&A entitled "Fiscal 2018 Potential Payments Upon Employment Termination or Change in Control Tables," all or a portion of each option grant may vest earlier in connection with a change of control of the company or certain terminations of employment. The metrics for performance-based options granted to Messrs. Chiminski, Joseph, and Downie on June 25, 2013 were not achieved for fiscal 2016 and fiscal 2017. The terms and conditions of the Pre-IPO Stock Plan award agreements allow for catch-up vesting in the next fiscal year in the event the cumulative performance target is met in the following fiscal year; therefore, the performance-based options related to meeting the target/cumulative target for fiscal 2018 remain outstanding as of June 30, 2018.

- (3) Each expiration date shown is the tenth anniversary of the grant date. Options may terminate earlier in certain circumstances, such as in connection with an NEO's termination of employment or in connection with certain corporate transactions, including a change of control of the company.

- (5) Shares are valued based on the \$41.89 closing price per share of our common stock on June 29, 2018 (the last trading day of fiscal 2018), as reported on the NYSE.
- (6) The amounts reported in column (i) represent (a) PSU awards, assuming 100% payout due to achievement of the performance goals at 100% of target and (b) Performance Shares which have been issued at the maximum possible level (200% of target for Adjusted EPS Performance Shares and 150% of target for Relative Return Performance Shares). On August 23, 2017, the PSUs granted during calendar years 2016 and 2017 to Messrs. Chiminski and Fasman were cancelled and an identical target number of Performance Shares with identical vesting terms and performance measures were issued at the maximum target for Adjusted EPS and Relative Return in order to avoid deductibility issues under Code § 162(m). (1) We report the value realized on exercise as the difference between the fair market value of the shares acquired on exercise, as determined by the closing price per share of our common stock on the exercise date, as reported on the NYSE, and the exercise price of the stock option. As a result, the value realized on exercise does not make any adjustment for those shares forfeited to us by the option holder in order to pay (a) the exercise price and (b) the amount of withholding tax due from the option holder upon exercise, pursuant to the cashless exercise provisions of the plan under which each stock option was granted.

(2) Represents RSU and PSU grants awarded for the fiscal 2015-17 performance period which fully vested in fiscal 2018 upon the third anniversary of the applicable date of grant. In addition to the vesting of the fiscal 2015-17 grants, Mr. Chiminski's September 16, 2011 grant of 50,480 RSUs, which vested 100% on the date of grant, were settled on September 16, 2017.

Deferred Compensation

We provide certain of our U.S.-based executives, including our U.S.-based NEOs, with the opportunity to participate in the Deferral Plan, which allows participating executives to defer receipt of a portion of their compensation. Deferrals occur and may be invested on a pre-tax basis, in addition to the amounts that the executive is allowed to contribute to our tax-qualified 401(k) plan.

The Deferral Plan permits a broad group of U.S.-based executives, including our U.S.-based NEOs, to defer up to 80% of base salary, commissions (not applicable to NEOs), and MIP bonus. In addition, these executives may defer their PSU and RSU grants. We credit the first 6% of cash compensation deferred with a matching contribution equal to 50% of the amount deferred. Participants are immediately vested in all amounts they contribute and the related investment gains, but matching contributions and their related investment gains vest ratably over the participant's first four years of service.

Table of Contents**60 CATALENT, INC. | 2018 Proxy Statement EXECUTIVE COMPENSATION TABLES**

Under the Deferral Plan, we also credit each participant's deferral account with earnings and/or losses based on the deemed investment of the accounts in one or more of a variety of investment alternatives we make available from time to time. Participants select the investment alternatives in which they wanted their accounts to be deemed to be invested and are credited with earnings and/or losses based on the performance of the relevant investments. Participants are able to change the investment elections for their accounts on a daily basis.

Newport Group serves as the plan administrator of our Deferral Plan. Participants in the Deferral Plan may elect from a variety of forms of payout under the plan, including lump-sum payment and various types of annual installments, with the timing depending on the form selected.

The accounts of participants in the prior version of the Deferral Plan that are paid out in a lump-sum cash payment are paid on the 15th day of the month immediately following the month that includes the six-month anniversary of the participant's separation from our service (other than due to death) (separation as defined by Section 409A of the Internal Revenue Code). In the event of the death of a participant prior to the commencement of the distribution of benefits under the plan, such benefits will be paid no later than the later of (x) December 31 of the year in which the participant's death occurs and (y) the 90 day following the date of the participant's death.

A participant in the prior version of the Deferral Plan may also elect to receive a payout in annual installments over a period of 5 or 10 years after the participant's separation from service (including death), although, notwithstanding any such election, the participant's account will be paid in a lump-sum cash payment in connection with a participant's separation from service within two years following a change of control. The Deferral Plan also permits participants to receive a distribution in connection with an unforeseeable emergency, in accordance with the requirements of Section 409A of the Internal Revenue Code.

Cash and equity deferrals, company contributions, and applicable gains are held in a rabbi trust. Rabbi trust assets are ultimately controlled by us. Operating the Deferral Plan this way permits participants to defer recognition of income for tax purposes on the amounts deferred until they are paid to the participants.

Table of Contents**64** **CATALENT, INC. | 2018 Proxy Statement** **PAY RATIO****Pay Ratio**

Presented below is the ratio of annual total compensation of our CEO to the annual total compensation of our median employee (excluding our CEO). We believe the ratio presented below is a reasonable estimate calculated in a manner consistent with the rules set forth in Item 402(u) of Regulation S-K promulgated under the Exchange Act (the Pay Ratio Rule).

In identifying our median employee, we calculated the target annual total cash compensation for fiscal 2018 of each employee as of June 30, 2018. For these purposes, annual total cash compensation included base salary or hourly wages, cash incentives, commissions, and comparable cash elements of compensation in non-U.S. jurisdictions and was calculated using internal human resources records. All amounts were annualized for permanent employees who did not work for the entire year, such as new hires, employees on paid or unpaid leave of absence and employees called for active military duty. We did not apply any cost-of-living adjustment as part of the calculation.

We selected the median employee from among 10,111 full-time and part-time workers who were employed as of June 30, 2018. As permitted by the Pay Ratio Rule, we excluded 813 employees who joined the company during fiscal 2018 as part of our acquisition of Cook Pharmica LLC when making this determination. We did not exclude any other employee (whether pursuant to the de minimis exemption for foreign employees or any other permitted exclusion).

In accordance with the Pay Ratio Rule, we calculated the median employee's annual total compensation in the same manner as the CEO's annual total compensation was calculated in the Fiscal 2018 Summary Compensation Table on page 50. The median employee's annual total compensation was \$50,005, which includes other forms of compensation including financial and wellness benefits. The CEO's annual total compensation was \$8,526,868, the amount reported in the Total column of the Summary Compensation Table plus the same other forms of compensation as are included in the calculation of the median employee's annual total compensation. As calculated in this manner, the ratio of our CEO's total compensation to our median employee's total compensation for fiscal 2018 was 170.5 to 1.

In considering this pay ratio, please note that the Pay Ratio Rule permits companies to calculate pay ratios using a variety of methods, both in determining the median employee and in determining the compensation to be used in calculating the ratio. Thus, our ratio may not be comparable to the ratio determined by any other company.

2019** 2018 Proxy Statement | CATALENT, INC. **65**

Proposal 2:

[Ratification of Appointment of Independent Auditor for Fiscal 2019](#)

(ITEM 2 ON THE PROXY CARD)

The Audit Committee of our Board has selected Ernst & Young LLP (Ernst & Young) as our independent auditor for the fiscal year ending June 30, 2019. Ernst & Young has served as our independent auditor since prior to our IPO. Our Board unanimously recommends this appointment, and we are asking shareholders to ratify the appointment of Ernst & Young for 2019. Although ratification is not required by our bylaws or otherwise, our Board is submitting the selection of Ernst & Young to our shareholders for ratification because we value our shareholders' views on the choice of independent auditor. If shareholders fail to ratify the appointment, the Audit Committee will reconsider the appointment of such firm. A representative of Ernst & Young is expected to be present at the Annual Meeting of Shareholders to respond to appropriate questions, and to make a statement if desired.

Our Board unanimously recommends that you vote FOR the ratification of the appointment of Ernst & Young as our independent auditor for fiscal 2019 because it believes that Ernst & Young has appropriately and professionally audited our financial statements for the last several years, it has the resources to do a proper audit of a company of our size and complexity, and it is familiar with our business, our business model, and our personnel, which will enhance the efficiency and effectiveness of the audit and is in our best interest and in the best interests of our shareholders. The Audit Committee, under its charter, reviews, at least annually, the qualifications, performance, and independence of the auditor and considers, among other matters, the following: the auditor's internal quality control procedures, the selection of the lead audit partner, the rotation of the audit partners on the audit engagement team, the qualifications and experience of the members of the audit engagement team, and the views of management, including our internal audit group, concerning the performance and capabilities of the auditor.

The following table presents the fees for professional services rendered by Ernst & Young for the audit of our annual financial statements for the fiscal years that ended on June 30, 2018 and June 30, 2017, and the fees billed for other services rendered by Ernst & Young during those same periods.

Specifically, these costs include fees for audits of employee benefit plans, accounting and audit consultation and other attest services.

66 CATALENT, INC. | 2018 Proxy Statement **PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR FOR FISCAL 2019**

Pre-Approval of Audit and Non-Audit Services

Consistent with requirements of the SEC and the Public Company Accounting Oversight Board regarding auditor independence, the Audit Committee charter provides that the Audit Committee has responsibility for appointing, setting compensation for, and overseeing the work of the independent auditor. Accordingly, all audit and permitted non-audit services for which Ernst & Young was engaged were pre-approved by the Audit Committee.

Prior to engagement of the independent auditor for 2019, management will submit for Audit Committee approval a list of services and related fees expected to be rendered in 2019 within each of the following categories of services:

Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.

Audit-Related services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

Tax services include all services, except those services specifically related to the financial statements, performed by the independent auditor's tax personnel, including tax analysis; assisting with coordination of execution of tax-related activities, primarily in the area of corporate development; supporting other tax-related regulatory requirements; tax planning; and tax compliance and reporting.

All Other services are those services not captured in the audit, audit-related or tax categories.

Table of Contents**REPORT OF THE AUDIT COMMITTEE** 2018 Proxy Statement | **CATALENT, INC.** **67****Report of the Audit Committee**

The Audit Committee assists our Board in its oversight of our financial reporting process. All four members of the Audit Committee qualify as independent directors under the listing standards of the NYSE for public companies and the independence requirements of Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), and all are qualified as audit committee financial experts within the meaning of Item 407(d)(5) of Regulation S-K, promulgated under the Exchange Act. Additionally, our Board has also determined that each Audit Committee member has accounting and related financial management expertise within the meaning of the NYSE's listing standards. The Audit Committee's charter can be viewed online on our website at <http://investor.catalent.com/corporate-governance>.

In fulfilling its duties, the Audit Committee reviewed and discussed the audited financial statements contained in Catalent's 2018 Annual Report on Form 10-K with management and the independent auditor, Ernst & Young LLP. Management is responsible for the financial statements and the reporting process, including the systems for internal control over financial reporting. The independent auditor is responsible for performing an independent audit of Catalent's financial statements in conformance with accounting principles generally accepted in the United States, and for expressing an opinion on these financial statements based on the audit.

The Audit Committee met with the independent auditor with and without management present and discussed those matters required to be discussed by Auditing Standard No. 1301, Communications With Audit Committees, as adopted by the Public Company Accounting Oversight Board. The Audit Committee has also received the written disclosures and the letter from the independent auditor required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence and discussed with the independent auditor its independence.

Based on the above reviews and discussions, the Audit Committee recommended to our Board, and our Board approved, that the audited financial statements be included in Catalent's 2018 Annual Report on Form 10-K for the fiscal year ended June 30, 2018, for filing with the U.S. Securities and Exchange Commission.

68 CATALENT, INC. | 2018 Proxy Statement PROPOSAL 3: ADVISORY VOTE ON THE APPROVAL OF EXECUTIVE COMPENSATION (SAY-ON-PAY)

Proposal 3:

[Advisory Vote on the Approval of Executive Compensation \(Say-on-Pay\)](#)

(ITEM 3 ON THE PROXY CARD)

The compensation we provide to our Named Executive Officers is described in detail in the Compensation Discussion and Analysis section of this Proxy Statement. Section 14A of the Exchange Act requires that we provide shareholders with the opportunity to vote, on a non-binding, advisory basis, on the compensation of our Named Executive Officers. Accordingly, you are being asked to vote on the following resolution:

RESOLVED, that Catalent's shareholders APPROVE, on an advisory basis, the compensation of the named executive officers, as disclosed in Catalent's Proxy Statement for the 2018 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

Our Board unanimously recommends that you vote FOR this resolution because it believes that our executive compensation program promotes the following objectives and philosophies, as described in detail in the Compensation Discussion and Analysis section of this Proxy Statement:

competitive compensation to attract, maintain, retain, and reward high-caliber executive talent,

paying for performance, and

alignment with shareholder interests.

This vote is advisory, which means that the vote is not binding on us, our Board, or the Compensation Committee. Nonetheless, our Board and the Compensation Committee will take into account the outcome of the vote when considering future compensation decisions.

Consistent with the outcome of a shareholder vote that occurred during our 2015 Annual Meeting of Shareholders, our Board has resolved that a shareholder advisory vote on named executive officer compensation should occur every year. Unless this changes, the next advisory vote on named executive officer compensation will be at the 2019 Annual Meeting of Shareholders. A shareholder advisory vote on the frequency of advisory votes on named executive officer compensation will be conducted again no later than our 2021 Annual Meeting of Shareholders.

Table of Contents**PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN** 2018 Proxy
Statement | **CATALENT, INC.** **69**

Proposal 4:

Approval of 2018 Omnibus Incentive Plan**(ITEM 4 ON THE PROXY CARD)**

We are asking our shareholders to approve our 2018 Omnibus Incentive Plan (the 2018 Plan), which will supersede our existing Omnibus Plan and therefore play a pivotal role in our effort to attract and retain key personnel essential to our long-term growth and financial success. Like the Omnibus Plan, the 2018 Plan is structured to provide flexibility in designing equity incentive programs with a broad array of equity incentives, including stock options, stock appreciation rights, restricted stock, restricted stock units, other stock-based awards, and performance compensation awards, so that we may implement competitive incentive compensation programs for our employees, officers and non-employee directors. Critically, the 2018 Plan will include a replenished reserve of up to 15,600,000 shares of our common stock, subject to adjustment as described below, for issuance to our officers and employees, non-employee members of our Board (or the boards of our affiliates), as well as consultants and other independent advisors in our employ or service. The share reserve may be adjusted, and additional or fewer shares may be awarded under the 2018 Plan, as described in more detail in the section titled Securities Subject to 2018 Plan below. Our Board adopted the 2018 Plan on August 23, 2018, subject to shareholder approval at the 2018 Annual Meeting of Shareholders. If approved, the 2018 Plan will become effective as of the date of that approval (the Plan Effective Date).

We are asking you to adopt the 2018 Plan because the Omnibus Plan does not have sufficient shares available for continued equity awards to our employees, non-employee directors, consultants, and advisors over the next few years. If you approve the 2018 Plan, we will not make any future award under the Omnibus Plan, although it will continue to govern outstanding awards granted under it. We also have options outstanding under the Pre-IPO Stock Plan, the predecessor to the Omnibus Plan. The Pre-IPO Stock Plan terminated on May 7, 2017; accordingly, we cannot make any future awards under the Pre-IPO Stock Plan, although it will continue to govern outstanding awards granted under it. Upon approval, the 2018 Plan will be the only discretionary plan under which we may grant new equity awards to our employees and other service providers, although grants may be made outside of a plan under certain circumstances. If this proposal is not approved, we believe we would be at a disadvantage against our competitors for recruiting, retaining, and motivating individuals critical to our success and could be forced to increase cash compensation, thereby reducing resources available to meet our business needs.

We seek your approval of the 2018 Plan in order to (i) meet NYSE listing requirements, (ii) allow for incentive stock options that meet the requirements of the Code, and (iii) allow equity awards and other bonuses that may be grandfathered under Code § 162(m) to continue to be exempt from the deductibility limit of one million dollars (\$1,000,000) per person imposed by Code § 162(m) on compensation paid to certain of our executive officers.

The Number of Shares Available for Awards under the 2018 Plan

If you approve this Proposal, the maximum aggregate number of shares of our common stock that may be issued under the 2018 Plan will be 15,600,00 shares, which is comprised of (i) 13,415,141 new shares authorized for issuance under the 2018 Plan, plus (ii) 2,184,859 shares, which is the number of shares that remained available for awards under the Omnibus Plan as of June 30, 2018, subject to the adjustments described in the section titled "Securities Subject to the 2018 Plan" and further detailed in the text of the 2018 Plan, which is annexed to this Proxy Statement as Appendix B. We will use the so-called "fungible" share counting method to reduce the share reserve as we issue shares under the 2018 Plan, pursuant to which (a) each share of stock issued under the 2018 Plan pursuant to a stock option or stock appreciation right will reduce the number of shares of our common stock reserved for issuance under the 2018 Plan on a one-for-one basis, and (b) each share of stock issued under the 2018 Plan pursuant to an award other than a stock option or stock appreciation right, such as restricted stock or restricted stock units, will reduce the number of reserved shares by 2.25 shares. For example, if we issue 1,000 shares pursuant to a vested award of 1,000 restricted stock units, the share reserve under the 2018 Plan will be reduced by 2,250 shares.

Table of Contents**70 CATALENT, INC. | 2018 Proxy Statement PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN**

In determining the number of shares to recommend for the reserve under the 2018 Plan, our Board considered a number of factors, including the number of shares remaining available under the Omnibus Plan, our past share usage (sometimes called our "burn rate"), our estimate of the number of shares needed for future awards, a dilution analysis, competitive data from relevant peer companies, and the current and anticipated future accounting expenses associated with our equity award practices.

Current Overview of Outstanding Equity Awards

We currently have awards outstanding under the Omnibus Plan and the Pre-IPO Stock Plan. As of June 30, 2018, there were 1,414,086 shares subject to outstanding options, 1,004,236 shares of unvested Restricted Stock or subject to outstanding RSUs, and 1,060,953 shares of unvested Performance Shares or subject to outstanding PSUs under the Omnibus Plan, and 966,840 shares subject to outstanding options under the Pre-IPO Stock Plan, as summarized in the table below. The total shares of our common stock outstanding as of June 30, 2018 was 133,423,628.

	Shares Subject to Outstanding Stock Options⁽¹⁾	Shares Subject to Outstanding Full-Value Awards⁽²⁾	Shares Remaining Available for Future Grant	Total Aggregate Shares
Plans as of June 30, 2018				
Omnibus Plan	1,414,086	2,065,189	2,184,859	5,664,134
Pre-IPO Stock Plan	966,840	-	-	966,840
Shares Available for Future Grant Upon Approval of the 2018 Plan ⁽³⁾			13,415,141	15,600,000

(1) As of June 30, 2018, the 1,414,086 stock options outstanding under the Omnibus Plan had a weighted average exercise price per share of \$28.07 and a weighted average life of 7.70 years and the 966,840 stock options outstanding under the Pre-IPO Stock Plan had a weighted average exercise price per share of \$16.99 and a weighted average life of 4.28 years.

(2) Consists of RSUs, Restricted Stock, PSUs, and Performance Shares.

(3) This is subject to adjustment, up or down, for grants and non-delivery terminations of awards under the Omnibus Plan as discussed in the section titled "Securities Subject to 2018 Plan" below.

Based on our shares of common stock outstanding as of June 30, 2018, the 6,630,974 shares issuable under existing grants or available for future grants under the Omnibus Plan and the Pre-IPO Stock Plan, as set forth in the table above, represent an overhang of approximately 4.7% of shares. If you approve the 2018 Plan, the additional 13,415,141 shares available for issuance would increase the overhang to approximately 13.1% if shares available for future grant are expressed in stock options, or 8.6% if shares available for future grant are expressed in full-value shares. We calculate overhang as (a) the total number of shares underlying outstanding awards plus shares available for issuance under future equity awards, divided by (b) the total number of shares outstanding, shares underlying outstanding awards, and shares available for issuance under future equity awards.

PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN 2018 Proxy
Statement | **CATALENT, INC.** **71**

We recognize that equity awards dilute existing shareholders. In connection with our stock-based compensation programs, we are committed to using equity incentive awards prudently and within reasonable limits. Accordingly, we closely monitor our stock award burn rate each year. Our annual burn rate is determined by dividing the number of shares of our common stock subject to stock-based awards we grant in a fiscal year by the weighted average number of our fully diluted shares of our common stock outstanding for that fiscal year.

Fiscal Year	Options	RSUs & Restricted Stock	PSUs & Performance Shares⁽¹⁾	Total Granted	Weighted Average Common Stock Outstanding	Burn Rate
2018	441,901	487,080	787,555	1,716,536	131,226,110	1.3%
2017	515,671	549,271	435,068	1,500,010	124,954,248	1.2%
2016	368,995	283,976	323,013	975,984	124,787,819	0.8%
3-Year Average	442,189	440,109	515,212	1,397,510	126,989,392	1.1%

(1) Reported at target in the case of PSUs, which does not include additional shares that may vest should performance exceed target.

Based on our current equity award practices, the Compensation Committee's independent consultant, FW Cook, has estimated that the authorized shares under the 2018 Plan should be sufficient to provide us with an opportunity to grant equity awards for approximately three to five years, in amounts determined appropriate by the Compensation Committee, which will administer the 2018 Plan (as discussed below). This is only an estimate, and circumstances could cause the share reserve to be used more quickly or more slowly. These circumstances include, but are not limited to, the future price of shares of our common stock, the mix of options and full-value awards provided as long-term incentive compensation, grant amounts provided by our competitors, payout of performance-based awards in excess of target in the event of superior performance, hiring activity, and promotions during the next few years.

Highlights of the 2018 Plan

The 2018 Plan contains a number of provisions that we believe are consistent with best practices in equity compensation and protect our shareholders' interests, as described below.

No evergreen authorization: The 2018 Plan does not have an evergreen provision, which would permit an automatic annual increase in the share pool without further shareholder approval.

Reasonable limit on full-value awards: For purposes of calculating the shares that remain available for issuance under the 2018 Plan, grants of options and stock appreciation rights will be counted as the grant of one share for each one share actually granted. All grants of full-value awards will be deducted from the 2018 Plan's share reserve as 2.25 shares for every one share actually granted.

Prohibition on repricing: The 2018 Plan prohibits reducing the exercise price in effect for outstanding options or stock appreciation rights, cancelling and replacing stock options or stock appreciation rights with a grant with a lower exercise price, or a cash buyout of an underwater option or stock appreciation right (except as permitted in a change in control or in the case of an adjustment event as described in the section titled "Changes in Capitalization and Similar Events" below or with shareholder approval).

No automatic vesting upon a change in control: The 2018 Plan allows for an acquiring corporation to assume or cancel outstanding awards and does not provide for automatic vesting upon a change in control. The Compensation Committee also has the discretion to take alternative actions such as accelerating the vesting of outstanding awards or requiring that participants exchange outstanding accelerated awards for cash.

No discounted stock options or stock appreciation rights: Stock options and stock appreciation rights must have an exercise price at or above the fair market value on the date of grant of the shares subject to the option or right.

Limit on director pay: The maximum number of shares subject to awards made to a non-employee director under the 2018 Plan in a single fiscal year, taken together with any cash fees (including the annual retainer and any other compensation) paid to such non-employee director in respect of such fiscal year, shall not exceed \$600,000 in total value.

72 CATALENT, INC. | 2018 Proxy Statement PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN

No tax gross-ups: The 2018 Plan does not provide for any tax gross-ups.

No liberal change-in-control definition: The 2018 Plan defines change in control based on the consummation of the transaction rather than the announcement or shareholder approval of the transaction.

Limitation on dividends and dividend equivalents: Any dividend or dividend equivalent will be subject to the same vesting restrictions as the underlying award and will not be paid until and unless such vesting restrictions are satisfied.

Administered by an independent committee: The 2018 Plan will be administered by our Compensation Committee, which consists entirely of independent directors. Our Board or the Compensation Committee may delegate administration of certain aspects of the 2018 Plan to one or more officers, and our Board retains certain authority as described in more detail below.

Summary Description of 2018 Plan

The principal terms and provisions of the 2018 Plan are set forth below. The summary, however, is not intended to be a complete description of all the terms of the 2018 Plan and is qualified in its entirety by reference to the complete text of the 2018 Plan, annexed to this Proxy Statement as Appendix B.

Purpose. The purpose of the 2018 Plan is to assist the company and its affiliates in attracting and retaining selected employees, directors, consultants and/or advisors by providing such individuals with equity compensation, thereby strengthening their long-term commitment to the welfare of the company and its affiliates.

Types of Awards. The following types of awards may be granted under the 2018 Plan: options, stock appreciation rights, restricted stock, restricted stock units, other stock-based awards, and performance compensation awards. The principal features of each type of award are described below.

Administration. The Compensation Committee has the authority to administer the 2018 Plan. However, the Board may grant awards and administer the Plan with respect to such awards, subject to applicable securities exchange rules. Additionally, to the extent permitted by law, the Compensation Committee may delegate any or all of its authority to administer the 2018 Plan to one or more officers (other than with respect to grants to executive officers and non-employee directors). For purposes of this Proposal, the term **Compensation Committee** will mean our Compensation Committee or such other entity or person, as applicable, that may be properly delegated authority to administer the 2018 Plan.

Eligibility. Officers and employees, non-employee directors, as well as consultants and other advisors, in our employ or service or in the employ or service of our affiliates (and any prospective employee, non-employee director, consultant, or advisor) are eligible to participate in the 2018 Plan. As of July 31, 2018, approximately 10,200 employees (including 11 executive officers) and contractors and nine non-employee directors were eligible to participate in the 2018 Plan.

Securities Subject to 2018 Plan. Subject to the capitalization adjustments and the add-back provisions related to outstanding awards under the Omnibus Plan, each as described below, an aggregate of up to 15,600,00 shares shall be reserved for issuance under the 2018 Plan. This share reserve is comprised of (i) 13,415,141 new shares authorized for issuance under the 2018 Plan, plus (ii) 2,184,859 shares, which is the number of shares that remained available for awards under the Omnibus Plan as of June 30, 2018. In addition, the number of shares subject to outstanding awards under the Omnibus Plan that expire or are cancelled, forfeited, or terminated, settled in cash, or otherwise settled without delivery to the participant of the full number of shares to which the award related, after June 30, 2018 will be available for issuance under the 2018 Plan. Further, the number in clause (ii) above will be reduced (using the exchange ratio described below) by all awards granted (and not later forfeited) under the Omnibus Plan between July 1, 2018 and the Plan Effective Date (the aggregate share limit after such reduction and after adding back any shares as described above relating to an award under the Omnibus Plan, the Absolute Share Limit).

Shares subject to outstanding awards under the 2018 Plan and, after June 30, 2018, under the Omnibus Plan that expire or are canceled, forfeited, terminated, settled in cash, or otherwise settled without delivery to the participant of the full number of shares to which the award related (for purposes of this Proposal, such awards will be known as retired awards) will be available for subsequent issuance under the 2018 Plan as follows: (a) for each share subject to a retired option or stock appreciation right, one share shall become available for subsequent issuance under the 2018 Plan, and (b) for each share

Table of Contents

PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN 2018 Proxy
Statement | **CATALENT, INC.** **73**

subject to an retired award other than an option or stock appreciation right, 2.25 shares of our common stock shall become available for subsequent issuance under the 2018 Plan.

The Absolute Share Limit shall be reduced on a one-for-one basis for each share of our common stock subject to an outstanding option or stock appreciation right granted under the 2018 Plan and by a fixed ratio of 2.25 shares for each share of our common stock subject to an outstanding award other than an option or stock appreciation right granted under the 2018 Plan.

In addition, the following share counting procedures will apply in determining the number of shares available from time to time for issuance under the 2018 Plan, subject to compliance with any applicable securities exchange rules:

Should the exercise price of an option or any withholding taxes incurred in connection with the exercise of an option granted under the 2018 Plan or (after June 30, 2018) the Omnibus Plan be paid in shares of our common stock (whether through the withholding of a portion of the otherwise-issuable shares or through tender of actual outstanding shares), then in each such case the number of shares so tendered or withheld will be added to the shares reserved for issuance under the 2018 Plan on a one-for-one basis.

Should shares of our common stock be withheld by us, or if shares are tendered by the participant, in each case in satisfaction of the withholding taxes incurred in connection with the issuance, vesting, or settlement of an award other than an option or stock appreciation right, granted under the 2018 Plan or (after June 30, 2018) the Omnibus Plan, then in each case the number of shares so tendered or withheld will be added to the shares available for issuance under the 2018 Plan on a 2.25-for-one basis.

With respect to any stock appreciation right granted under the 2018 Plan, the share reserve will be reduced by the net number of shares subject to the award.

The maximum number of shares of our common stock that may be issued pursuant to options intended to qualify as incentive stock options under the federal tax laws shall be limited to the Absolute Share Limit.

The Compensation Committee may grant awards in assumption of, or in substitution for, outstanding awards previously granted by an entity acquired by us or with which we combine. Such substitute awards will not reduce the shares of our common stock authorized for issuance under the 2018 Plan (but will count against the aggregate number of incentive stock options available for awards, as described above). Additionally, subject to applicable stock exchange requirements, if the acquired company's equity plan has shares available, such shares may be available for grant under the 2018 Plan, which will not reduce (or be added back to) the shares authorized for issuance under the

2018 Plan.

Shares of our common stock that we issue in settlement of awards may be authorized and unissued shares, shares held in our treasury, shares purchased on the open market or in private transactions, or a combination of the foregoing.

Participant Award Limits. No more than 1,500,000 shares may be issued under the 2018 Plan in any fiscal year to any single participant pursuant to options or stock appreciation rights that are settled in shares.

During any fiscal year, no participant may be granted performance compensation awards that are denominated in shares under which more than 750,000 shares may be earned in the aggregate.

During any fiscal year, no participant may be granted performance compensation awards that are denominated in cash under which more than \$10,000,000 may be earned in the aggregate.

The maximum number of shares subject to awards made to a non-employee director under the 2018 Plan in a single fiscal year, taken together with any cash fees (including the annual retainer and any other compensation) paid to such non-employee director in respect of such fiscal year, shall not exceed \$600,000 in total value.

Awards. The Compensation Committee has discretion to determine (a) which eligible individuals are to receive awards, (b) the type or types of awards to be made, (c) the number of shares or amount of payment subject to each such award, (d) the terms and conditions of any award, (e) the circumstances under which awards may be settled or exercised in cash, shares of our common stock, other securities, other awards, or other property, or cancelled, forfeited, or suspended, and the method by which awards may be settled, exercised, cancelled, forfeited, or suspended, and (f) whether the delivery of cash, shares, other securities, or other awards with respect to an award will be deferred. The Compensation Committee also has

Table of Contents**74 CATALENT, INC. | 2018 Proxy Statement PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN**

the authority to interpret and administer the 2018 Plan, establish or amend any rule or regulation related to the 2018 Plan, appoint such agents as the Compensation Committee deems appropriate for the proper administration of the 2018 Plan, adopt sub-plans for purposes of granting awards to eligible individuals located outside of the United States, and take any other action that the Compensation Committee deems necessary or desirable for the administration of the 2018 Plan.

Stock Options. Each granted option will have an exercise price per share determined by the Compensation Committee, but the exercise price will not be less than the fair market value on the grant date of the shares subject to the option (except possibly with respect to substitute awards in the case of acquired businesses, as described above). No granted option will have a term in excess of ten (10) years. The shares subject to each option will generally vest in one or more installments over a specified period of service measured from the grant date or upon the achievement of pre-established performance objectives. Payment of the exercise price may be paid in one or more of the following forms: cash, shares of our common stock, or by such other method as the Compensation Committee may permit, including through a cashless exercise procedure pursuant to which the optionee effects a same-day exercise of the option and sale of the purchased shares through a broker in order to cover the exercise price for the purchased shares and the applicable withholding taxes or through a net exercise procedure pursuant to which we withhold a number of shares otherwise issuable upon exercise of the option having a value equal to the exercise price and applicable withholding taxes. All options under the 2018 Plan will be nonqualified stock options unless the applicable award agreement expressly states that the option is intended to be an incentive stock option (*i.e.*, an option described in Section 422 of the Code).

Upon cessation of service, the optionee will have a limited period (generally, 90 days) in which to exercise outstanding vested options. The Compensation Committee will have discretion to waive certain terms of the options when an optionee departs, including waiving the time limit on the post-service exercise period, waiving the requirement of continued service for vesting, or accelerating the vesting of options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding.

Stock Appreciation Rights. We will be able to issue two types of stock appreciation rights under the 2018 Plan:

A tandem stock appreciation right granted in conjunction with an option, which provides the holder with the right to surrender the related option following its vesting in exchange for an appreciation distribution from us in an amount equal to the excess of (i) the fair market value of the shares subject to the surrendered option over (ii) the aggregate exercise price payable under the option for those shares.

A stand-alone stock appreciation right, which allows the holder to exercise the right as to that number of shares stated in the grant of the right and receive in exchange an appreciation distribution from us in an amount equal to the excess of (i) the fair market value of the shares as to which the right is exercised over (ii) the aggregate exercise price under the right for those shares.

The exercise price per share for each stock appreciation right may not be less than the fair market value per share of our common stock on the date we grant the stock appreciation right, and the right may not have a term in excess of ten (10) years.

The appreciation distribution on any exercised stock appreciation right will be paid in (i) cash, (ii) shares of our common stock, or (iii) a combination of cash and shares. Upon cessation of service with us, the holder of a vested stock appreciation right will have a limited period (generally, 90 days) in which to exercise that right. The Compensation Committee will have discretion to waive certain terms of the stock appreciation rights when a holder departs, including waiving the time limit on the post-service exercise period, waiving the requirement of continued service for vesting, or accelerating the vesting of stock appreciation rights in whole or in part. Such discretion may be exercised at any time while the stock appreciation rights remain outstanding.

Repricing. The Compensation Committee may not implement any of the following repricing programs (except in the case of a corporate transaction as described in the section titled "Changes in Capitalization and Similar Events" below) without shareholder approval: (i) a reduction of the exercise price in effect for an outstanding option or stock appreciation right, (ii) cancellation of an outstanding option or stock appreciation right in return for a new option or stock appreciation right with a lower exercise price per share, (iii) cancellation of an outstanding option or stock appreciation right with an exercise price per share in excess of the then-current fair market value per share for consideration payable in cash or another award,

Statement | CATALENT, INC. **75**

or (iv) any other action that is considered a repricing under a rule of the NYSE (or such other securities exchange on which our securities are listed).

Restricted Stock and Restricted Stock Units. Shares of our common stock may be issued under the 2018 Plan subject to specified restrictions. Shares of our common stock may also be issued under the 2018 Plan pursuant to restricted stock units that entitle the recipients to receive those shares (or cash in lieu of shares), upon vesting or a later date determined by the Compensation Committee, subject to specified restrictions. In either case, the specified restrictions may include a requirement that the recipient remain continuously employed or providing services to us for a specified period or a requirement that certain performance-based goals are met.

Unless otherwise provided in the award agreement, the holder of a share of restricted stock will have the rights of a shareholder from the date of grant of the award to which the share relates, including the right to vote the shares of common stock and the right to receive dividends; however, any dividend will be subject to the same restrictions as the underlying share of restricted stock, so, if such share is forfeited because the restrictions are not satisfied, the holder will also forfeit the right to such dividends. To the extent provided in an award agreement, the holder of a restricted stock unit will be entitled to be credited with dividend equivalent payments upon the payment by us of dividends on shares of our common stock, either in cash or shares; however, any such dividend equivalent will be subject to the same restrictions as the underlying restricted stock unit, so, if such restricted stock unit is forfeited because the restrictions are not satisfied, the holder will also forfeit the right to collect such dividend equivalents.

Should the recipient cease to remain in service while holding one or more unvested shares of restricted stock or restricted stock units or otherwise fail to satisfy any of the specified restrictions, then those shares or units will automatically be canceled and will not vest. The Compensation Committee, however, will have discretion to waive certain of the specified restrictions, including the requirement of continued employment or service.

Other Stock-Based Awards. Under the 2018 Plan, the Compensation Committee may grant other types of awards that are denominated in shares of our common stock to anyone eligible to participate in the 2018 Plan. The Compensation Committee will determine the terms and conditions of such awards.

Performance Compensation Awards. The Compensation Committee may designate any award granted under the 2018 Plan, including a cash bonus, as a performance compensation award. The Compensation Committee will determine the length of performance periods, the performance criteria that will be used to establish the performance goals, the kinds and levels of performance goals and any performance formula used to determine whether a performance compensation award has been earned for the performance period. Such performance criteria may be based on the attainment of specific levels of our performance (or the performance of any affiliate, division or operational or business unit, product line, brand, business segment, administrative department or any combination of the foregoing) and may include one or more of the following: (i) net earnings or net income (before or after taxes);

(ii) basic or diluted earnings per share (before or after taxes); (iii) net revenue or net revenue growth; (iv) gross revenue or gross revenue growth, gross profit or gross profit growth; (v) net operating profit (before or after taxes); (vi) return measures (including, but not limited to, return on investment, assets, capital, employed capital, invested capital, equity, or sales); (vii) cash flow measures (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital), which may but are not required to be measured on a per-share basis; (viii) earnings before or after interest, taxes, depreciation, amortization or rent (including EBIT, EBITDA and EBITDAR); (ix) gross or net operating margins; (x) productivity ratios; (xi) share price (including, but not limited to, growth measures and total shareholder return, whether measured on an absolute or relative basis); (xii) expense targets or cost reduction goals, general and administrative expense savings; (xiii) operating efficiency; (xiv) objective measures of customer satisfaction; (xv) working capital targets; (xvi) measures of economic value added or other value creation metrics; (xvii) inventory control; (xviii) enterprise value; (xix) sales; (xx) shareholder return; (xxi) client retention; (xxii) competitive market metrics; (xxiii) employee retention; (xxiv) timely completion of new product rollouts; (xxv) timely launch of new facilities; (xxvi) measurements related to a new purchasing co-op ; (xxvii) objective measures of personal targets, goals or completion of projects (including but not limited to succession and hiring projects, completion of specific acquisitions, reorganizations or other corporate transactions or capital-raising transactions, expansions of specific business operations, achieving specified operational objectives, and meeting divisional or project budgets); (xxviii) system-wide revenues; (xxix) royalty income; (xxx) comparisons of continuing operations to other operations; (xxxii) market share; (xxxii) cost of

capital, debt leverage year-end cash position or book value; (xxxiii) strategic objectives, development of new product lines and related revenue, sales and margin targets, co-branding or international operations; or (xxxiv) any combination of the foregoing. The Compensation Committee may also grant awards that are based on performance goals other than those set forth above.

The Compensation Committee may specify adjustments or modifications to be made to the calculation of a performance goal for such performance period, based on and in order to appropriately reflect the following events: (i) an asset write-down; (ii) litigation or any claim judgment or settlement; (iii) the effect of a changes in tax law, an accounting principle, or another law, stock exchange listing standard, or regulatory rule affecting reported results; (iv) any reorganization or restructuring program; (v) any unusual, infrequently occurring or nonrecurring item or event or as described in management's discussion and analysis of financial condition and results of operations appearing in our annual report to shareholders for the applicable year; (vi) any acquisition or divestiture; (vii) any other specific, unusual, infrequently occurring or nonrecurring event, or objectively determinable category thereof; (viii) any foreign exchange gain or loss; (ix) discontinued operations and nonrecurring charges; and (x) a change in our fiscal year.

Unless otherwise provided in the applicable award agreement, (i) a participant must be employed by us on the last day of a performance period to be eligible for payment in respect of a performance compensation award for such performance period and (ii) a participant will only be eligible to receive payment in respect of a performance compensation award to the extent that the performance goals for such period are achieved. However, unless otherwise provided in the applicable award agreement, the Compensation Committee shall have the discretion to (i) provide payment in respect of performance compensation awards for a performance period if the performance goals have not been attained or (ii) increase a performance compensation award, subject to the applicable limitations set forth in the section titled "Securities Subject to 2018 Plan" above.

Dividends and Dividend Equivalents. The Compensation Committee may provide a participant as part of an award (other than options or stock appreciation rights) with dividends or dividend equivalents, payable in cash, shares of our common stock, other securities, other awards or other property, on such terms as determined by the Compensation Committee. However, any dividend or dividend equivalent will only be paid if the underlying award vests and will be subject to a risk of forfeiture to the same extent as the underlying award.

New Plan Benefits

No awards have been granted under the 2018 Plan. Any awards following approval of this Proposal shall be at the discretion of the Compensation Committee. Accordingly, except as otherwise discussed below, the benefits or amounts that may be received by or allocated to each of (i) the officers listed in the Summary Compensation Table, (ii) each of the nominees for election as a director, (iii) all non-employee directors as a group, (iv) all of our present executive officers as a group, and (v) all of our employees, including all other current officers, as a group under the

2018 Plan are not determinable at this time.

Under the terms of his employment agreement, our CEO, John Chiminski, is entitled to receive through August 2020 an annual grant of incentive compensation under the 2018 Plan having a target total grant date value of \$5,625,000. Under the non-employee director compensation program, our non-employee directors (currently, there are 9), are each entitled to receive an annual grant of restricted stock units with a grant-date value of \$175,000.

General Provisions

Changes in Capitalization and Similar Events. In the event of (a) any dividend (other than regular cash dividends) or other distribution (whether in the form of cash, shares of our common stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, repurchase or exchange of shares of common stock or other of our securities, issuance of warrants or other rights to acquire shares of common stock or other of our securities, or other similar corporate transaction or event (including a change in control) that affects the shares of our common stock, or (b) unusual or nonrecurring events (including a change in control) affecting us, any affiliate, or our financial statements or those of any affiliate, or changes in applicable rules, rulings, regulations, or other requirements of any governmental body or securities exchange or inter-dealer quotation system, accounting principles, or

Statement | **CATALENT, INC.** 77

law, such that in either case an adjustment is determined by the Compensation Committee in its sole discretion to be necessary or appropriate, then the Compensation Committee shall make any such adjustments in such manner as it may deem equitable, including any or all of the following:

adjusting any or all of (A) the number of shares available for grant under the 2018 Plan, (B) the number of shares of common stock or other securities (or number and kind of other securities or other property) that may be issued in respect of awards or with respect to which awards may be granted under the 2018 Plan (including adjusting any or all of the limitations as set forth above in the section titled "Securities Subject to 2018 Plan") and (C) the terms of any outstanding award;

providing for a substitution or assumption of awards (or awards of an acquiring company), accelerating the exercisability of, lapse of restrictions on, or termination of, awards or providing for a period (which shall not be required to be more than ten (10) days) for participants to exercise outstanding awards prior to the occurrence of such event (and any such award not so exercised shall terminate upon the occurrence of such event); and

cancelling any one or more outstanding awards and causing to be paid to the holders holding vested awards (including any award that would vest as a result of the occurrence of such event but for such cancellation) the value of such awards, if any, as determined by the Compensation Committee (which if applicable may be based upon the price per share of common stock received or to be received by our other shareholders in such event), including, in the case of an outstanding option or stock appreciation right, a cash payment in an amount equal to the excess, if any, of the fair market value (as of a date specified by the Compensation Committee) of the shares of common stock subject to such option or stock appreciation right over the aggregate exercise price of such option or stock appreciation right, respectively (it being understood that, in such event, any option or stock appreciation right having a per-share exercise price equal to, or in excess of, the fair market value of a share of common stock subject thereto may be canceled and terminated without any payment or consideration therefor).

Unless the Compensation Committee establishes a different definition for one or more awards, a change in control will be deemed to occur for purposes of the 2018 Plan in the event (a) we are acquired (by asset sale, purchase, merger, consolidation, combination or other similar transaction) or (b) there is a change in the majority of our Board effected through one or more contested elections for membership on our Board.

Valuation. The fair market value per share of our common stock on any relevant date under the 2018 Plan is deemed to be equal to the closing selling price per share on that date as determined by the NYSE (or if there was no sale on that date, on the last preceding date on which a sale was reported). As of September 12, 2018, the fair market value of

our common stock determined on such basis was \$ per share.

Shareholder Rights and Transferability. No option holder has or may exercise, by reason of holding such option, any right that a shareholder would have with respect to the shares subject to that option unless and until such holder has exercised the option and paid or otherwise satisfied the exercise price for the purchased shares. No holder of a stock appreciation right has or may exercise, by reason of holding such right, any right that a shareholder would have with respect to the shares subject to that right unless and until such holder has exercised the right (and paid or otherwise satisfied the exercise price relating to such right, if any) and thereby becomes the holder of record of one or more shares distributed upon such exercise.

Awards under the 2018 Plan (a) may not be assigned, alienated, pledged, attached, sold, or otherwise transferred or encumbered by a participant other than by will or the laws of descent and distribution and (b) may only be exercised by a participant during the participant's lifetime or, if permissible under applicable law, by the participant's legal guardian, representative or devisee. However, the Compensation Committee may permit awards (other than incentive stock options) to be transferred (without consideration) to one or more members of the award recipient's family, to a trust established for the award recipient or one or more such family members, or to such other transferee as permitted under the 2018 Plan, subject to such rules as the Compensation Committee may adopt.

Withholding taxes. A participant shall be required to pay us, and we shall have the right to withhold, from any cash, share, or other securities or property issuable under any award or from any other compensation, any required withholding or any other applicable taxes or other amounts due from the participant in respect of an award. The Compensation Committee may

Table of Contents**78 CATALENT, INC. | 2018 Proxy Statement PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN**

provide one or more holders of awards under the 2018 Plan with the right to have us withhold a portion of the shares otherwise issuable to such individuals in satisfaction of the withholding taxes to which they become subject in connection with the issuance, vesting, exercise, or settlement of those awards. Alternatively, the Compensation Committee may allow such individuals to deliver previously acquired shares of our common stock in payment of such withholding tax liability. Notwithstanding the foregoing, any shares withheld in excess of the shares required to satisfy a withholding liability at the minimum statutory withholding rates will not be added back to the share reserve under the recycling rules of the plan.

Clawback/Forfeiture. An award agreement may provide that the Compensation Committee may cancel such award, or require that the participant forfeit any gain realized on the vesting, exercise, or settlement of such award, if the participant has engaged in or engages in any detrimental activity (as set forth in the 2018 Plan). The Compensation Committee may also provide in an award agreement that, if the participant receives any amount in excess of what the participant should have received under the terms of the award for any reason (including by reason of a financial restatement, mistake in calculation, or other error or problem), then the participant shall be required to repay to us any such excess amount. Without limiting the generality of the foregoing, all awards shall be subject to reduction, cancellation, forfeiture, or recoupment to the extent necessary to comply with applicable law.

Amendment and Termination. Our Board may amend the 2018 Plan at any time, subject to shareholder approval to the extent required under applicable law or regulation or pursuant to the listing standards of the stock exchange on which our common stock is at the time primarily traded. Unless sooner terminated by our Board, the 2018 Plan will terminate on the earliest of (i) the tenth anniversary of the Plan Effective Date, (ii) the date on which all shares available for issuance under the 2018 Plan have been issued as fully vested shares, or (iii) the termination of all outstanding awards in connection with certain changes in control or ownership.

Summary of Federal Income Tax Consequences

The following is a summary of certain material aspects of the U.S. federal income tax consequences applicable to us and the participants who receive awards under the 2018 Plan but does not purport to be a complete analysis of all potential tax consequences. This summary is based on the provisions of the Code and related regulations, administrative rulings, and judicial decisions as in effect on the date of this proxy statement. Those authorities may change, perhaps retroactively, and are subject to differing interpretations that may result in consequences other than those described in this section. Further, individual participant circumstances not anticipated in this summary may also result in different consequences. This summary does not address other possibly applicable laws, including other kinds of U.S. tax laws or foreign, state, or local tax laws.

Option Grants. Options granted under the 2018 Plan may be either incentive stock options, which satisfy the requirements of Section 422 of the Code, or non-statutory options, which are not intended to meet such requirements.

The federal income tax treatment for the two types of options differs as follows:

Incentive Options. The holder of an incentive stock option does not ordinarily recognize taxable income at the time of the option grant, and no ordinary taxable income is recognized at the time the option is exercised, although there may be taxable income at that time under the alternative minimum tax. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For federal income tax purposes, dispositions are divided into two categories: (i) qualifying, and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two (2) years after the date the option for the shares involved in such sale or disposition is granted and more than one (1) year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain or loss recognized upon the disposition will be a capital gain or loss.

Table of Contents**PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN** 2018 Proxy
Statement | **CATALENT, INC.** **79**

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-Statutory Options. The holder of a non-statutory option does not ordinarily recognize taxable income at the time of the option grant. The optionee will, in general, recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the optionee.

Stock Appreciation Rights. No taxable income is recognized upon receipt of a stock appreciation right. The holder will recognize ordinary income in the year in which the stock appreciation right is exercised, in an amount equal to the excess of the fair market value of the underlying shares on the exercise date over the base price in effect for the exercised right, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder in connection with the exercise of the stock appreciation right. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Stock Awards. The recipient of unvested shares of common stock issued under the 2018 Plan will not recognize any taxable income at the time those shares are issued but will have to report as ordinary income, as and when those shares subsequently vest, an amount equal to the excess of (i) the fair market value of the shares on the vesting date over (ii) the cash consideration (if any) paid for the shares. The recipient may, however, elect under Section 83(b) of the Code to include as ordinary income in the year the unvested shares are issued an amount equal to the excess of (i) the fair market value of those shares on the issue date over (ii) the cash consideration (if any) paid for such shares. If the Section 83(b) election is made, the recipient will not recognize any additional income as and when the shares subsequently vest. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the recipient with respect to the unvested shares. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the recipient.

Restricted Stock Units. No taxable income is recognized upon receipt of restricted stock units. The holder will recognize ordinary income in the year in which the shares subject to the units are actually issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The

deduction will be allowed for the taxable year in which such ordinary income is recognized.

Other Stock-Based Award. In general, no taxable income is recognized upon receipt of other stock-based awards. The holder will recognize ordinary income in the year in which the stock-based awards are actually settled, and the participant will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time of settlement. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Performance Compensation Award. In general, no taxable income is recognized upon receipt of performance awards. The holder will recognize ordinary income in the year in which the performance awards are settled. The amount of that income will be equal to the fair market value of the common shares or cash received in settlement of the performance awards, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the performance awards at the time those awards are settled. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

Dividend and Dividend Equivalent Rights. No taxable income is recognized upon receipt of a right to dividend or dividend equivalents. The holder will recognize ordinary income in the year in which a dividend or distribution, whether in cash, securities, or other property, is paid to the holder. The amount of that income will be equal to the fair market value of the

Table of Contents**80 CATALENT, INC. | 2018 Proxy Statement PROPOSAL 4: APPROVAL OF 2018 OMNIBUS INCENTIVE PLAN**

cash, securities, or other property received, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder at the time the dividend or distribution is paid to such holder. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

Section 162(m) of the Code. Prior to 2018, Code § 162(m) imposed a \$1 million limit on the amount a public company may deduct for compensation paid to a company's chief executive officer or any of the company's three other most highly compensated executive officers (other than the chief financial officer) who are employed as of the end of the year. This limitation did not apply to compensation that meets the tax code requirements for qualifying performance-based compensation (*i.e.*, compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by shareholders, including stock options).

The performance-based compensation exemption and the exemption of the chief financial officer from Code § 162(m)'s deduction limit have been repealed, among other changes, effective for taxable years beginning after December 31, 2017, such that awards paid to our covered executive officers (including our chief executive officer) in excess of \$1 million will not be deductible in future years, unless it is grandfathered by qualifying for transition relief applicable to certain arrangements that were in effect as of November 2, 2017 and are not materially modified thereafter.

As in prior years, while deductibility of executive compensation for federal income tax purposes is among the factors the Compensation Committee considers when structuring our executive compensation arrangements, it is not the sole or primary factor considered. Our Board and the Compensation Committee retain the flexibility to authorize compensation that may not be deductible if they believe it is in our best interests.

Accounting Treatment

Pursuant to FASB ASC Topic 718, we must expense all share-based payments, including grants of stock options, stock appreciation rights, restricted stock, restricted stock units and all other stock-based awards under the 2018 Plan. Accordingly, stock options and stock appreciation rights which are granted to our employees and non-employee directors and payable in shares will have to be valued at fair value as of the grant date under an appropriate valuation formula, and that value will then have to be charged as a direct compensation expense against our reported earnings over the designated vesting period of the award. Stock appreciation rights that are to be settled in cash will be subject to variable mark-to-market accounting until the settlement date. For shares issuable upon the vesting of restricted stock units awarded under the 2018 Plan, we will be required to amortize over the vesting period a compensation cost equal to the fair value of the underlying shares on the date of the award. If any other shares are unvested at the time of their direct issuance, then the fair value of those shares at that time will be charged to our reported earnings ratably over the vesting period. Such accounting treatment for restricted stock units and direct stock issuances will be

applicable whether vesting is tied to service periods or performance goals, although, for performance-based awards, the grant date fair value will initially be determined on the basis of the probable outcome of performance goal attainment. The issuance of a fully vested stock bonus will result in an immediate charge to our earnings equal to the fair value of the bonus shares on the issuance date. Dividends or dividend equivalents paid on the portion of an award that vests will be charged against our retained earnings. If the award holder is not required to return the dividends or dividend equivalents if they forfeit their awards, dividends or dividend equivalents paid on instruments that do not vest will be recognized by us as additional compensation cost.

Finally, it should be noted that the compensation expense accruable for performance-based awards under the 2018 Plan will, in general, be subject to adjustment to reflect the actual outcome of the applicable performance goals, and any expense accrued for such performance-based awards will be reversed if the performance goals are not met, unless those performance goals are deemed to constitute market conditions (*i.e.*, because they are tied to the price of shares of our common stock) under FASB ASC Topic 718.

Vote Required

Approval of the 2018 Plan requires the affirmative vote of a majority of the votes cast, with abstentions considered votes cast under current NYSE rules and therefore having the effect of a vote against. Should such shareholder approval not be

obtained, then the 2018 Plan will not become effective and awards will continue to be granted under the Omnibus Plan, subject to previously authorized share limits.

Recommendation of the Board of Directors

Our Board recommends that the shareholders vote FOR the approval of the implementation of the 2018 Plan.

Our Board believes that it is in our best interests and yours to provide certain employees, non-employee directors, and certain consultants and advisors with the opportunity to acquire an ownership interest in the company through their participation in the 2018 Plan and thereby encourage them to remain in the company's service and more closely align their interests with those of the shareholders. Our Board believes that the 2018 Plan is necessary for us to be able to attract and retain the services of individuals essential to our long-term growth and success.

Proposal 5:

[Approval of 2019 Employee Stock Purchase Plan](#)

(ITEM 5 ON THE PROXY CARD)

We are asking our shareholders to approve the adoption of our 2019 Employee Stock Purchase Plan (the Purchase Plan), under which 3,800,000 shares of our common stock will be reserved for issuance. Our Board adopted the Purchase Plan on August 23, 2018, subject to shareholder approval of the Purchase Plan at the 2018 Annual Meeting of Shareholders.

The Purchase Plan is designed to allow our eligible employees as well as those of any participating parent corporation or of our participating subsidiaries and other related entities (whether now existing or subsequently established or acquired) to purchase shares of our common stock at designated intervals at a discounted price through their accumulated payroll deductions or other contributions. The Purchase Plan will be broadly available to all employees (other than employees in non-U.S. jurisdictions where such participation is prohibited by local law or would otherwise be impractical). We believe that the Purchase Plan will help us attract, retain, and motivate employees and promote stock ownership by employees, which aligns their interests with those of our shareholders.

The Purchase Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Code (Section 423). Favorable tax treatment is available for United States tax residents participating in a Section 423 plan. The Purchase Plan also authorizes the grant of rights to purchase shares that do not qualify under Section 423 pursuant to offerings implemented by the plan administrator to achieve tax, securities law, or other compliance requirements and objectives in particular locations outside of the United States.

We currently anticipate implementing the Purchase Plan on July 1, 2019. However, the plan administrator may delay the start date of one or more offerings under the Purchase Plan.

The following is a summary of the principal features of the Purchase Plan. The summary, however, is not intended to be a complete description of all the provisions of the Purchase Plan and is qualified in its entirety by reference to the complete text of the Purchase Plan, which is attached as Appendix C to this Proxy Statement.

Administration

The Purchase Plan will be administered by the Compensation Committee, which as plan administrator shall have full authority to adopt administrative rules and procedures and to interpret the provisions of the Purchase Plan.

Securities Subject to the Purchase Plan

The number of shares of our common stock reserved for issuance under the Purchase Plan will be limited to 3,800,000 shares. The shares issuable under the Purchase Plan may be made available from authorized but unissued shares of common stock or from shares of common stock that we may repurchase, including shares repurchased on the open market.

In the event of any (i) dividend (other than regular cash dividends) or other distribution (whether in the form of cash, common stock, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, reincorporation, other reorganization, split-up, spin-off, combination, repurchase, or exchange of common stock or other of our securities, issuance of warrants or other rights to acquire shares of common stock or other of our securities, or other similar corporate transaction or event that affects the shares of common stock, or (ii) unusual or nonrecurring events affecting us, any of our affiliates, or the financial statements of us or any affiliate, or changes in applicable rules, rulings, regulations or other requirements of any governmental body, securities exchange or inter-dealer quotation system, accounting principles or law, such that in either case an adjustment is determined by the plan administrator in its sole discretion to be necessary or appropriate, then the plan administrator will, in such manner as it deems equitable, adjust the maximum number of shares and class of common stock that may be issued under the Purchase Plan, the purchase price per share and the number of shares of common stock covered by each outstanding purchase right under the Purchase Plan, and the maximum number of shares purchasable per participant during any offering period.

Statement | **CATALENT, INC.** **83**

Offering Periods and Purchase Rights

Shares of our common stock will be offered for purchase under the Purchase Plan through a series of successive offering periods which will be of such duration as determined by the plan administrator. Unless otherwise specified by the plan administrator prior to the start of the applicable offering period, offering periods will commence on the first trading day in January, April, July, and October each year and end on the last trading day in March, June, September and December, respectively, each year. The initial offering period under the Purchase Plan is expected to commence on July 1, 2019.

On the first day of each offering period, each participant will be granted a purchase right to acquire shares of our common stock on the last day of that offering period, subject to certain limitations described below.

Eligibility and Participation

All of our employees (though as a holding company, we currently do not have any of our own) or of any participating parent or subsidiary corporation (whether any such corporation is currently a parent or subsidiary or subsequently acquired or is subsequently established at any time during the term of the Purchase Plan) will be eligible to participate in any offering period implemented under the Purchase Plan, subject to any restriction imposed by the plan administrator. In addition, with respect to offerings not intended to qualify under Section 423, the plan administrator may permit employees of other entities in which we have a significant equity or other ownership interest to participate in the Purchase Plan. The Purchase Plan provides that an employee who is employed on a basis under which he or she is regularly expected to work for more than twenty hours per week for more than five months per calendar year is eligible to participate in an offering period under the Purchase Plan; however, the plan administrator may waive one or all of the service requirements. Individuals employed outside the United States may be subject to similar eligibility restrictions, unless prohibited by the laws of the jurisdiction in which they are employed. The plan administrator may also exclude from participation in offerings not intended to qualify under Section 423 employees in jurisdictions where participation is not advisable or practicable.

To participate in a particular offering period, an eligible employee must complete and file the requisite enrollment forms during the enrollment period for that offering period.

As of July 31, 2018, almost all of our approximately 10,200 employees, including our 11 executive officers, would have been eligible to participate in the Purchase Plan had it been in effect on such date.

Contributions and Stock Purchases

Each participant may authorize contributions in any multiple of one percent up to a maximum of fifteen percent (or such other limit established by the plan administrator) of the base salary paid to such participant for the offering period.

Participants contribute to the Purchase Plan through payroll deductions or, if permitted, through other means specified by the plan administrator. Currently, contributions are expected to be permitted only through payroll deductions.

The accumulated contributions will automatically be applied to the acquisition of common stock at quarterly intervals. Accordingly, on each such purchase date (the last business day in March, June, September and December each year), each participant's contributions accumulated for the offering period ending on that purchase date will automatically be applied to the purchase of whole and fractional shares of common stock at the purchase price in effect for that purchase date. The first purchase under the Purchase Plan is expected to occur on September 30, 2019.

Purchase Price

The purchase price of the common stock acquired on each purchase date will not be less than eighty-five percent of the *lower* of the fair market value per share of the common stock on the first day of the offering period or the fair market value on the last day of that offering period (such lower amount, the Look-Back Price). Initially, the purchase price will be ninety percent of the Look-Back Price.

Table of Contents

84 CATALENT, INC. | 2018 Proxy Statement ROPOSAL 5: APPROVAL OF 2019 EMPLOYEE STOCK PURCHASE PLAN

The fair market value per share of our common stock on any particular date under the Purchase Plan will be deemed to be equal to the closing price per share on such date on the primary national securities exchange on which the shares are listed at that time (or if there is no closing price on such date, then the closing price per share on the last preceding date for which such quotation exists). On September 12, 2018, the fair market value of our common stock determined on such basis was \$ 14.50 per share, the closing price per share on that date on the New York Stock Exchange.

Special Limitations

The Purchase Plan imposes certain limitations upon a participant's rights to acquire common stock, including the following limitations:

Purchase rights granted to a participant may not permit such individual to purchase more than \$25,000 worth of our common stock (valued at the time each purchase right is granted) for each calendar year those purchase rights are outstanding at any time.

Purchase rights may not be granted to any individual if such individual would, immediately after the grant, own or hold outstanding options or other rights to purchase, stock possessing 5% or more of the total combined voting power or value of all classes of our outstanding stock or the outstanding stock of any of the company's affiliates.

No participant may purchase more than 5,000 shares of our common stock during any offering period (subject to adjustment as indicated above). The plan administrator will have the discretionary authority to increase or decrease the per-participant limitation as of the start date of any new offering period under the Purchase Plan, with the new limit to be in effect for that offering period.

Termination of Purchase Right

The participant may withdraw from the Purchase Plan at any time prior to the next scheduled purchase date, and his or her accumulated contributions for the offering period in which that withdrawal occurs will be refunded promptly.

The participant's purchase right will immediately terminate upon his or her cessation of employment or other loss of eligible employee status. Any contribution that the participant may have made for the offering period in which such cessation of employment or loss of eligibility occurs will be refunded or used to purchase shares on the purchase date for that offering period.

Shareholder Rights

No participant will have any of the rights of a shareholder with respect to the shares covered by his or her purchase rights until such shares are actually purchased on the participant's behalf and the participant has become a holder of record of the purchased shares. No adjustment will be made for dividends, distributions or other rights for which the record date is prior to the date of such purchase.

Assignability

No purchase right will be assignable or transferable by the participant, and purchase rights will be exercisable only by the participant.

Change of Control

In the event of a change of control, all outstanding purchase rights will automatically be exercised immediately prior to the effective date of such change in control. The purchase price for any abbreviated offering period will be based on the purchase price formula in effect for the offering period in which such change in control occurs.

Statement | **CATALENT, INC.** **85**

Share Pro-Ration

Should the total number of shares of common stock to be purchased pursuant to outstanding purchase rights on any particular date exceed the number of shares then available for issuance under the Purchase Plan, then the plan administrator will make a pro-rata allocation of the available shares on a uniform and nondiscriminatory basis, and the contributions of each participant, to the extent in excess of the aggregate purchase price payable for the common stock pro-rated to such individual, will be refunded.

Amendment and Termination

The Purchase Plan will terminate on October 30, 2028, unless terminated earlier by our Board or the plan administrator.

Either our Board or the plan administrator may alter or amend the Purchase Plan at any time. In no event may the plan administrator effect either of the following amendments or revisions to the Purchase Plan without the approval of the shareholders: (i) increase the number of shares of our common stock issuable under the Purchase Plan, except for permissible adjustments in the event of certain changes in the company's capitalization or (ii) modify the class of corporations that may be designated for participation in the Purchase Plan.

New Plan Benefit

The Purchase Plan will not become effective unless it is approved by the shareholders at the 2018 Annual Meeting of Shareholders, and no purchase right will be granted under the Purchase Plan until after such approval. Participation in the Purchase Plan is entirely within the discretion of the eligible employees. Because we cannot presently determine the participation levels by employees, the rate of contributions by employees and the eventual purchase price under the Purchase Plan, it is not possible to determine the value of benefits which may be received by participants under the Purchase Plan.

Summary of Federal Income Tax Consequences

The following is a summary of certain material aspects of the U.S. federal income tax consequences applicable to us and the participants under the Purchase Plan but does not purport to be a complete analysis of all potential tax consequences. This summary is based on the provisions of the Code and related regulations, administrative rulings, and judicial decisions as in effect on the date of this proxy statement. Those authorities may change, perhaps retroactively, and are subject to differing interpretations that may result in consequences other than those described in this section. Further, individual participant circumstances not anticipated in this summary may also result in different consequences. This summary does not address other possibly applicable laws, including other kinds of U.S. tax laws

or foreign, state, or local tax laws.

The Purchase Plan is intended to be an employee stock purchase plan within the meaning of Section 423. Under a plan which so qualifies, no taxable income will be recognized by a participant, and no deductions will be allowable to us, upon either the grant or the exercise of the purchase rights. Taxable income will not be recognized until there is a sale or other disposition of the shares acquired under the Purchase Plan or in the event the participant should die while still owning the purchased shares.

If the participant sells or otherwise disposes of the purchased shares within two years after the start date of the offering period in which such shares were acquired or within one year after the purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price paid for those shares, and we will be entitled to an equivalent income tax deduction, for the taxable year in which such sale or disposition occurs.

If the participant sells or disposes of the purchased shares more than two years after the start date of the offering period in which the shares were acquired and more than one year after the purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the *lesser* of (i) the amount by which the fair market

86 CATALENT, INC. | 2018 Proxy Statement ROPOSAL 5: APPROVAL OF 2019 EMPLOYEE STOCK PURCHASE PLAN

value of the shares on the sale or disposition date exceeded the purchase price paid for those shares or (ii) fifteen percent (15%) of the fair market value of the shares on the start date of that offering period, and any additional gain upon the disposition will be taxed as a long-term capital gain. We will not be entitled to an income tax deduction with respect to such sale or disposition.

If the participant still owns the purchased shares at the time of death, then the participant will recognize ordinary income at such time equal to the *lesser* of (i) the amount by which the fair market value of the shares on the date of death exceeds the purchase price or (ii) fifteen percent (15%) of the fair market value of the shares on the start date of the offering period in which those shares were acquired.

Foreign Taxation

The income tax consequences to participants in the Purchase Plan who reside outside the U.S. will vary by country. Generally, those participants will be subject to taxation at the time the shares are purchased.

Registration with the SEC

If the Purchase Plan is approved by shareholders, we expect to file a Registration Statement on Form S-8 with the SEC to register the shares of common stock that will be issuable under the Purchase Plan.

Vote Required

Approval of the Purchase Plan requires the affirmative vote of a majority in voting power of the shares present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting of Shareholders. Should such shareholder approval not be obtained, the Purchase Plan will not become effective.

Recommendation of Our Board

Our Board unanimously recommends that our shareholders vote FOR the approval of the Purchase Plan. Our Board believes that it is in our best interests and yours to provide our employees with the opportunity to acquire an ownership interest in the company through their participation in the Purchase Plan and thereby encourage them to remain in the company's employ and more closely align their interests with yours.

PROPOSAL 6: AMENDMENT AND RESTATEMENT OF SECOND AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS Statement | CATALENT, INC. **87**

Proposal 6:

[Amendment and Restatement of Second Amended and Restated Certificate of Incorporation to Declassify Our Board of Directors](#)

(ITEM 6 ON THE PROXY CARD)

Our Board unanimously recommends that our shareholders approve our proposal to amend and restate our Current Certificate to remove provisions that (i) provide for a classified board of directors and (ii) require a super-majority vote to amend the classified Board provisions. If this Proposal 6 is approved, we will cause the amendments set forth in this Proposal to become effective by filing a certificate of amendment setting forth the amendments with the Office of the Delaware Secretary of State.

Summary of the Proposal

Article VI of the Current Certificate requires that our Board be divided into three staggered classes, with the directors in each class serving three-year terms and only one class facing election each year. Thus, each year, shareholders elect only one class of directors, constituting approximately one-third of the entire Board.

When fully implemented, Board declassification will permit our shareholders to vote annually for all directors. If this Proposal is adopted by the shareholders and thereafter implemented, declassification of the Board would be phased-in over a period of three years and three annual meetings of shareholders beginning with the 2019 Annual Meeting of Shareholders and concluding at the 2021 Annual Meeting of Shareholders. Directors elected at or after the 2019 Annual Meeting of Shareholders would be elected to one-year terms expiring at the next Annual Meeting of Shareholders following their election. However, directors elected or appointed to the Board before the 2019 Annual Meeting of Shareholders, including the current nominees described in Proposal 1 above, would complete the remainder of their respective three-year terms. Similarly, any directors elected or appointed to fill a vacancy opened by the departure of a director serving a classified term would serve the remainder of such departed director's term. Declassification of our Board would be complete as of the 2021 Annual Meeting of Shareholders, and as of that year and going forward, all directors would serve one-year terms.

In addition, Article VI currently provides that a director may only be removed for cause by the affirmative vote of a majority of our common stock. Consistent with the declassification of the Board, directors serving a one-year term would become subject to removal, with or without cause, by that same majority vote.

Pursuant to Article V.A of our Current Certificate, the provisions of Article VI that provide for a classified Board are subject to amendment only by the affirmative vote of a 66-2/3% super-majority of our common stock. While our

Board believes this is an appropriate protection of the classified Board provisions, the elimination of these provisions would render the super-majority requirement unduly restrictive. Therefore, as part of the declassification proposal, we propose to amend Article V.A of our Current Certificate to provide for the expiration of the super-majority requirement applicable to the classified Board provisions of Article VI as of the 2021 Annual Meeting of Shareholders. Thereafter, other than with respect to Article VI.B, amendment of Article VI would require the affirmative vote of a simple majority of our common stock.

The text of our proposed amended and restated certificate of incorporation implementing the revisions to Articles V and VI of the Current Certificate that are proposed to be amended by this Proposal 6 is attached to this Proxy Statement as Appendix D, with additions of text indicated by bold double underlining and deletions of text indicated by strike-outs. The text of Appendix D is incorporated into this discussion by reference. This description of the proposed amendment to the Current Certificate is only a summary and is qualified in its entirety by reference to the actual, full text of the proposed amendment as set forth in Appendix D, which you are encouraged to read.

Corresponding Amendments to our Bylaws

Our Board also has conditionally approved conforming amendments to our bylaws. If this Proposal is approved by shareholders, these conforming amendments would become effective. Shareholder approval is not required for these conforming amendments to our bylaws, and shareholders are not being asked to vote on those amendments.

Background

Our Board recognizes that many institutional investors believe that the election of directors is the primary means for shareholders to influence corporate governance policies and to hold management accountable for implementing those policies. Similarly, many institutional investors believe that a classified structure may reduce directors' accountability to shareholders because such a structure does not enable shareholders to express their approval or other views on each director's performance on an annual basis. Upon thoughtful consideration and consistent with the feedback received from shareholders, our Board determined that it is in the best interests of the company and its shareholders to propose a declassification of the Board. Our Board believes that declassification supports the company's commitment to strong corporate governance and shareholder democracy.

Vote Required

Approval of this Proposal requires the affirmative vote of 66 $\frac{2}{3}$ % of the outstanding shares of our common stock entitled to vote on the Proposal (each share conferring one vote). Because the vote required for the Proposal is based on the total number of shares outstanding rather than the votes cast at the meeting, abstentions and broker non-votes (if any) will have the effect of a vote against the Proposal.

The table below describes the vote requirements and the effect of abstentions and broker non-votes, as prescribed under our bylaws and Delaware law, for the election of directors and the approval of the other items on the agenda for the meeting.

Your broker may vote without your instructions only on Proposal 2 Ratification of Appointment of Independent Auditor for Fiscal 2019.

Effect of not Casting your Vote

If we timely receive a proxy specifying your voting choice, your shares will be voted in accordance with that choice.

Shareholder Proposals for the 2019 Annual Meeting of Shareholders

We currently intend to hold our 2019 Annual Meeting of Shareholders on October 30, 2019.

Proposals Pursuant to Rule 14a-8. Pursuant to Rule 14a-8 promulgated under the Exchange Act (Rule 14a-8), shareholders may present proper proposals for inclusion in our Proxy Statement. To be eligible for inclusion in our 2019 Proxy Statement under Rule 14a-8, your proposal must be received by us no later than the close of business on May 24, 2019 and must otherwise comply with Rule 14a-8. While our Board will consider shareholder proposals, we reserve the right to omit from our proxy statement shareholder proposals that we are not required to include under the Exchange Act and its implementing rules, including Rule 14a-8.

Business Proposals and Nominations Pursuant to Our Bylaws. Under our bylaws, in order to nominate a director or bring any other business before the shareholders at the 2019 Annual Meeting of Shareholders, you must comply with the advance notice eligibility and procedural requirements specifically described in our bylaws (unless you wish to nominate a director in accordance with the eligibility and procedural requirements set forth in the proxy access provision included in our bylaws, as described below). In addition, assuming the date of the 2019 Annual Meeting of Shareholders is not more than 30 days before and not more than 70 days after the anniversary date of the 2018 Annual Meeting of Shareholders, you must notify us in writing, and such written notice must be delivered to our Corporate Secretary at Catalent, Inc., 14 Schoolhouse Road, Somerset, NJ 08873 no earlier than July 3, 2019, and no later than August 2, 2019.

Shareholder Proxy Access. In August 2017, we amended and restated our bylaws to implement proxy access, which allows a shareholder, or a group of up to 20 shareholders, that has continuously owned for three years or more at least 3% of our outstanding common stock to nominate and include in our Proxy Statement for each Annual Meeting of Shareholders at which directors may be elected their own qualifying director nominees constituting up to the greater of two or 20% of the number of directors then serving on our Board (subject to certain limitations as set forth in our bylaws). Pursuant to our bylaws, each of our Board (prior to each Annual Meeting of Shareholders) or the chair of any Annual Meeting of Shareholders shall have the power to determine whether a director nominee has been nominated by a shareholder in accordance with the eligibility and procedural requirements of the proxy access provisions included in our bylaws. Notice of director nominees submitted under the proxy access bylaw provision must include the information required under our bylaws. Such notice must be delivered to our Corporate Secretary at Catalent, Inc., 14 Schoolhouse Road, Somerset, NJ 08873 no earlier than the close of business on April , 2019 and no later than the close of business on May , 2019 unless the date of the fiscal 2019 Annual Meeting of Shareholders is more than thirty (30) days before or after October 31, 2019, in which case such notice must be received by our Corporate Secretary by the close of business on the later of the 180th day prior to the 2018 Annual Meeting of Shareholders or the close of business on the 10th day following the day on which public announcement of the date of the 2019 Annual

Meeting of Shareholders is first made. The foregoing description of the shareholder proxy access provision included in our bylaws does not purport to be complete and is qualified in its entirety by reference to our bylaws.

A copy of our bylaws setting forth the requirements for the nomination of director candidates by shareholders and the requirements for proposals by shareholders may be obtained free of charge from our website, <http://investor.catalent.com/corporate-governance>, or from our Corporate Secretary. We are not required to consider a nomination or proposal that does not comply with the eligibility requirements and procedures set forth in our bylaws and compliance with these procedures does not necessarily require us to include the proposed nominee or proposal in our proxy solicitation material.

Householding of Shareholder Documents

SEC rules permit us to satisfy delivery requirements for proxy statements and notices with respect to two or more shareholders sharing the same address by delivering a single proxy statement or a single notice addressed to those shareholders. This process, which is commonly referred to as householding, reduces the cost of the proxy solicitation process. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received

notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request, and we will promptly deliver, a separate copy of the Notice of Internet Availability or the proxy materials by writing our Corporate Secretary at Catalent, Inc., 14 Schoolhouse Road, Somerset, NJ 08873 or CorpSec@catalent.com or by calling (732) 537-6200.

INC. A-1**

Appendix A:

Non-GAAP Financial Measures**Use of EBITDA from Continuing Operations and Adjusted EBITDA**

Management measures operating performance based on consolidated earnings from continuing operations before interest expense, expense/(benefit) for income taxes, and depreciation and amortization, and this amount is adjusted for the income or loss attributable to non-controlling interest (EBITDA from continuing operations). EBITDA from continuing operations is not defined under U.S. generally accepted accounting principles (U.S. GAAP) and is not a measure of operating income, operating performance or liquidity presented in accordance with U.S. GAAP and is subject to important limitations.

We believe that the presentation of EBITDA from continuing operations enhances an investor's understanding of its financial performance. We believe this measure is a useful financial metric to assess its operating performance from period to period by excluding certain items that it believes are not representative of its core business and uses this measure for business planning purposes.

In addition, given the significant investments that we have made in the past in property, plant and equipment, depreciation and amortization expenses represent a meaningful portion of our cost structure. We believe that EBITDA from continuing operations will provide investors with a useful tool for assessing the comparability between periods of our ability to generate cash from operations sufficient to pay taxes, to service debt and to undertake capital expenditures because it eliminates depreciation and amortization expense. We present EBITDA from continuing operations in order to provide supplemental information that we consider relevant for the readers of our consolidated financial statements, and such information is not meant to replace or supersede U.S. GAAP measures. Our definition of EBITDA from continuing operations may not be the same as similarly titled measures used by other companies.

Under our credit agreement, our ability to engage in certain activities, such as incurring certain additional indebtedness, making certain investments and paying certain dividends, is tied to ratios based on Adjusted EBITDA, which is not defined under U.S. GAAP and is subject to important limitations. Set forth below is a calculation showing the adjustments made to EBITDA from continuing operations to obtain Adjusted EBITDA. Adjusted EBITDA is the covenant compliance measure used in the credit agreement governing debt incurrence and restricted payments. Because not all companies use identical calculations, our presentation of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies.

The most directly comparable U.S. GAAP measure to EBITDA from continuing operations and Adjusted EBITDA is earnings/(loss) from continuing operations. Included in this appendix is a reconciliation of earnings/(loss) from

continuing operations to EBITDA from continuing operations and Adjusted EBITDA.

Use of Constant Currency, Budget-Based Revenue, and Budget-Based EBITDA

Because we are a company with substantial foreign operations, changes in exchange rates, over which we have no control, can be an important factor in understanding period-to-period comparisons. We therefore use results on a constant currency basis, including revenue and EBITDA computed using constant currency exchange rates, as one means to evaluate our performance as we operate our business. We also believe the presentation of results on a constant currency basis in addition to reported results helps improve investors' ability to understand our operating results and evaluate our performance in comparison to prior periods. Constant currency information compares results between periods as if exchange rates had remained constant period over period. We calculate constant currency results by calculating current-year results using foreign currency exchange rates from earlier periods. We generally refer to such amounts calculated on a constant-currency basis as excluding the impact of foreign exchange or being on a constant-currency basis.

When we set the financial goals that we use to operate the business, including the goals that our executives must meet to qualify for our fiscal 2018 performance-based incentive compensation, and when we determine whether those goals have

Table of Contents**A-2 CATALENT, INC. | 2018 Proxy Statement
MEASURES****APPENDIX A: NON-GAAP FINANCIAL**

been met, we use, among other metrics, revenue and Adjusted EBITDA computed using the currency exchange rates that we use internally in budgeting and in measuring performance against budget, in part because we believe that the compensation of our executives should not be affected, to the extent practicable, by factors beyond those executives control. We refer in this Proxy Statement to revenue and Adjusted EBITDA computed on this type of constant-currency basis as Budget-Based Revenue and Budget-Based EBITDA, respectively.

Results at constant currency, Budget-Based Revenue, and Budget-Based EBITDA should be considered in addition to, not as a substitute for, results reported in accordance with U.S. GAAP. Results on a constant-currency basis, Budget-Based Revenue, and Budget-Based EBITDA, as we present them, may not be comparable to similarly titled measures used by other companies and are not measures of performance presented in accordance with U.S. GAAP.

The reconciliation in this Appendix of Earnings/(Loss) from Continuing Operations to Adjusted EBITDA also includes a reconciliation to Budget-Based EBITDA. The reconciliation of fiscal 2018 consolidated revenue reported in accordance with U.S. GAAP to revenue on a constant-currency basis is as follows (in millions of U.S. dollars):

Revenue	\$ 2,463.42
Foreign exchange impact	(46.7)
Budget-Based Revenue	\$ 2,416.75

intent to assume the defense, the Company shall have sole control over such defense with counsel of the Company's choice. The foregoing right of indemnification shall not be available to an Indemnifiable Person to the extent that a final judgment or other final adjudication (in either case not subject to further appeal) binding upon such Indemnifiable Person determines that any act, omission or determination of such Indemnifiable Person giving rise to the indemnification claim resulted from such Indemnifiable Person's fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law or the Company's or any Subsidiary's organizational documents or its Standards of Business Conduct or other applicable code of conduct. The foregoing right of indemnification shall not be exclusive of or otherwise supersede any other right of indemnification to which such Indemnifiable Persons may be entitled under the Company's certificate of incorporation, bylaws or other organizational document, as a matter of law, individual indemnification agreement or contract or otherwise, or any other power that the Company may have to indemnify such Indemnifiable Persons or hold them harmless.

(f) Notwithstanding anything to the contrary contained in the Plan, the Board may, in its sole discretion, at any time and from time to time, grant Awards and administer the Plan with respect to such Awards. Any such action by the Board shall be subject to the applicable rules of the NYSE or any other securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted. In any such case, the Board shall have all the authority granted to the Committee under the Plan.

5. Grant of Awards; Shares Subject to the Plan; Limitations.

(a) The Committee may, from time to time, grant Awards to one or more Eligible Persons.

(b) Subject to Section 12 and Section 5(d) of the Plan, no more than 15,600,000 shares of Common Stock shall be available for Awards under the Plan (which share limit is comprised of (i) 13,415,141 new shares of Common Stock authorized for issuance under the Plan plus (ii) 2,184,859 shares of Common stock that remained available for future grants under the 2014 Plan as of June 30, 2018). The number of shares set forth in clause (ii) above will be reduced by one share for each share subject to an option or stock appreciation right granted under the 2014 Plan on or after July 1, 2018 and prior to the Effective Date and by 2.25 shares for each share subject to awards (other than options and stock appreciation rights) granted under the 2014 Plan on or after July 1, 2018 and prior to Effective Date (the aggregate share limit after such reduction and after adding any share added back to the Plan under Section 5(d) relating to an award under the 2014 Plan, the Absolute Share Limit). The Absolute Share Limit shall be reduced on a one-for-one basis for each share of Common Stock subject to an Option or Stock Appreciation Right granted under the Plan and by a fixed ratio of 2.25 shares of Common Stock for each share of Common Stock subject to an Award other than Option or Stock Appreciation Right granted under the Plan.

(c) Awards granted under the Plan shall be subject to the following limitations: (i) subject to Section 12 of the Plan, grants of Options or SARs under the Plan in respect of no more than 1,500,000 shares of Common Stock may be made to any individual Participant during any single fiscal year of the Company (for this purpose, if a SAR is granted in tandem with an Option (such that the SAR expires with respect to the number of shares of Common Stock for which

the Option is exercised), only the shares underlying the Option shall count against this limitation); (ii) subject to Section 12 of the Plan, no more than the number of shares of Common Stock equal to the Absolute Share Limit may be issued in the aggregate pursuant to the exercise of Incentive Stock Options granted under the Plan; (iii) subject to Section 12 of the Plan, during any single fiscal year of the Company, no individual Participant may be granted Performance Compensation Awards that are denominated in shares of Common Stock pursuant to Section 11 of the Plan under which more than 750,000 shares of Common Stock may be earned in the aggregate; (iv) the maximum number of shares of Common Stock subject to Awards granted during a single fiscal year to any Non-Employee Director, taken together with any cash fees paid to such Non-Employee Director for services rendered for such fiscal year, shall not exceed \$600,000 in total value (calculating the value of any such Awards based on the grant date fair value of such Awards for financial reporting purposes and counting compensation towards this limit for the year in which it is earned, and not a later year, in the event payment of the compensation is deferred); and (v) subject to Section 12 of the Plan, during any single fiscal year of the Company, no individual Participant may be granted Performance Compensation Awards that are denominated in cash under which more than \$10,000,000 may be earned in the aggregate.

Table of Contents**B-8 CATALENT, INC. | 2018 Proxy Statement APPENDIX B: PROPOSED 2018 OMNIBUS INCENTIVE PLAN OF CATALENT, INC.**

(d) Other than with respect to Substitute Awards, (i) to the extent that an Award under the Plan expires or is canceled, forfeited, terminated, settled in cash, or otherwise is settled without a delivery to the Participant of the full number of shares of Common Stock to which the Award related, and (ii) after June 30, 2018, an award granted under the 2014 Plan expires or is cancelled, forfeited, terminated, settled in cash, or otherwise is settled without a delivery to the Participant of the full number of shares of Common Stock to which the award related, then in each case the undelivered shares shall be added to the shares available for Awards under the Plan in accordance with Section 5(e) below. Shares of Common Stock withheld by the Company or tendered by the Participant in payment of the Exercise Price or taxes and other amounts relating to an Award (or, after June 30, 2018, shares withheld or tendered to pay the exercise price or taxes or other amounts relating to an award under the 2014 Plan), shall be deemed to constitute shares not issued to the Participant and shall in each case be added to the shares available for Awards under the Plan in accordance with Section 5(e); *provided, however*, that such shares shall not become available for issuance hereunder if either (i) the applicable shares are withheld or surrendered following the termination of the Plan or (ii) at the time the applicable shares are withheld or surrendered, it would constitute a material revision of the Plan subject to stockholder approval under any then-applicable rules of the national securities exchange on which the Common Stock is listed. Upon the exercise of any SAR under the Plan, the Absolute Share Reserve shall be reduced only by the net number of shares issued upon such exercise and not by the gross number of shares as to which such right is exercised.

(e) Any shares that again become available for Awards under the Plan pursuant to this Section 5 shall be added as (A) one share for every one share subject to Options or SARs granted under the Plan or options or stock appreciation rights granted under the 2014 Plan, and (B) as 2.25 shares for every one share subject to Awards other than Options or SARs granted under the Plan or awards other than options or stock appreciation rights granted under the 2014 Plan.

(f) Shares of Common Stock issued by the Company in settlement of Awards may be authorized and unissued shares, shares held in the treasury of the Company, shares purchased on the open market or by private purchase or a combination of the foregoing. Following the Effective Date, no further award shall be granted under the 2014 Plan.

(g) Awards may, in the sole discretion of the Committee, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted by an entity directly or indirectly acquired by the Company or with which the Company combines (Substitute Awards). Substitute Awards shall not be counted against the Absolute Share Limit (nor shall Substitute Awards be added to the Absolute Share Limit as provided above); *provided*, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding options intended to qualify as incentive stock options within the meaning of Section 422 of the Code shall be counted against the aggregate number of shares of Common Stock available for Awards of Incentive Stock Options under the Plan. Subject to applicable stock exchange requirements, available shares under a stockholder approved plan of an entity directly or indirectly acquired by the Company or with which the Company combines (as appropriately adjusted to reflect the acquisition or combination transaction) may be used for Awards under the Plan and shall not reduce (or be added back to) the number of shares of Common Stock available for issuance under the Plan.

6. Eligibility. Participation in the Plan shall be limited to Eligible Persons.

7. Options.

(a) General. Each Option granted under the Plan shall be evidenced by an Award agreement, in written or electronic form, which agreement need not be the same for each Participant. Each Option so granted shall be subject to the conditions set forth in this Section 7, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement. All Options granted under the Plan shall be Nonqualified Stock Options unless the applicable Award agreement expressly states that the Option is intended to be an Incentive Stock Option. Incentive Stock Options shall be granted only to Eligible Persons who are employees of the Company and its Affiliates, and no Incentive Stock Option shall be granted to any Eligible Person who is ineligible to receive an Incentive Stock Option under the Code. No Option shall be treated as an Incentive Stock Option unless the Plan has been approved by the stockholders of the Company in a manner intended to comply with the stockholder approval requirements of Section 422(b)(1) of the Code, *provided* that any Option intended to be an Incentive Stock Option shall not fail to be effective solely on account of a failure to obtain such approval, but rather such Option shall be treated as a Nonqualified Stock Option unless and until such approval is obtained. In the case of an Incentive Stock Option, the terms and conditions of such grant shall be subject to and comply with such rules as may

Statement | **CATALENT, INC.** **B-9**

be prescribed by Section 422 of the Code. If for any reason an Option intended to be an Incentive Stock Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option or portion thereof shall be regarded as a Nonqualified Stock Option appropriately granted under the Plan.

(b) **Exercise Price.** Except as otherwise provided by the Committee in the case of Substitute Awards, the exercise price (Exercise Price) per share of Common Stock for each Option shall not be less than 100% of the Fair Market Value of such share (determined as of the Date of Grant); *provided, however*, that in the case of an Incentive Stock Option granted to an employee who, at the time of the grant of such Option, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate, the Exercise Price per share shall be no less than 110% of the Fair Market Value per share on the Date of Grant.

(c) Vesting and Expiration; Termination.

(i) Options shall vest and become exercisable in such manner and on such date or dates or upon such events as determined by the Committee; *provided*, however, that notwithstanding any such vesting date or event, the Committee may, in its sole discretion, accelerate the vesting of any Option at any time and for any reason. Options shall expire upon a date determined by the Committee, not to exceed ten years from the Date of Grant (the Option Period); *provided*, that if the Option Period (other than in the case of an Incentive Stock Option) would expire at a time when trading in the shares of Common Stock is prohibited by the Company's insider trading policy (or Company-imposed blackout period), then the Option Period shall be automatically extended until the 30 day following the expiration of such prohibition. Notwithstanding the foregoing, in no event shall the Option Period exceed five years from the Date of Grant in the case of an Incentive Stock Option granted to a Participant who on the Date of Grant owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate.

(ii) Unless otherwise provided by the Committee, whether in an Award agreement or otherwise, in the event of (A) a Participant's Termination by the Service Recipient for Cause or should a Participant engage in conduct constituting Cause while holding one or more Options, all outstanding Options granted to such Participant shall immediately terminate and expire, (B) a Participant's Termination due to death or Disability, each outstanding Option shall remain exercisable for one year thereafter (but in no event beyond the expiration of the Option Period) and (C) a Participant's Termination for any other reason, each outstanding Option shall remain exercisable for ninety (90) days thereafter (but in no event beyond the expiration of the Option Period). During the applicable post-Termination exercise period under the foregoing clauses (B) and (C), the Option may not be exercised for more than the number of vested shares for which the Option is at the time exercisable. No additional shares shall vest under the Option following the Participant's Termination except to the extent (if any) specifically authorized by the Committee in its sole discretion pursuant to an express written agreement with the Participant. Upon the expiration of the applicable exercise period under the foregoing clauses (B) and (C) or (if earlier) upon the expiration of the Option Period, the Option shall terminate and cease to be outstanding for any shares for which the Option has not been exercised.

(d) Method of Exercise and Form of Payment. No shares of Common Stock shall be issued pursuant to any exercise of an Option until payment in full of the Exercise Price therefor is received by the Company and the Participant has paid to the Company an amount equal to any income, employment or other applicable taxes or other amounts required to be withheld or accounted for to any applicable tax authority. Options which have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company (or telephonic instructions to the extent provided by the Committee) in accordance with the terms of the Option accompanied by payment of the Exercise Price. The Exercise Price shall be payable (i) in cash, check, cash equivalent or shares of Common Stock valued at the Fair Market Value at the time the Option is exercised (including, pursuant to procedures approved by the Committee, by means of attestation of ownership of a sufficient number of shares of Common Stock in lieu of actual issuance of such shares to the Company); *provided*, that such shares of Common Stock are not subject to any pledge or other security interest and have been held for the requisite period (if any) necessary to avoid any resulting charge to the Company's earnings for financial reporting purposes; or (ii) by such other method as the Committee may permit in its sole discretion, including: (A) in other property having a fair market value on the date of exercise equal to the Exercise Price, (B) if there is a public market for the shares of

Common Stock at such time, by means of a broker-assisted cashless exercise pursuant to which the Company is delivered (including telephonically to the extent permitted by the Committee) a copy of irrevocable instructions to a stockbroker to sell the shares of Common Stock otherwise issuable upon the exercise of the Option and to deliver promptly to the Company an amount equal to the Exercise Price or (C) a net exercise procedure effected by withholding the minimum number of shares of Common Stock otherwise issuable in respect of an Option that are needed to pay the Exercise Price and all applicable required withholding and any other applicable taxes or other amount. Any fractional share of Common Stock shall be settled in cash.

(e) Notification upon Disqualifying Disposition of an Incentive Stock Option. Each Participant awarded an Incentive Stock Option under the Plan shall notify the Company in writing immediately after the date he or she makes a disqualifying disposition of any Common Stock acquired pursuant to the exercise of such Incentive Stock Option. A disqualifying disposition is any disposition (including any sale) of such Common Stock before the later of (A) two years after the Date of Grant of the Incentive Stock Option or (B) one year after the date of exercise of the Incentive Stock Option. The Company may, if determined by the Committee and in accordance with procedures established by the Committee, retain possession, as agent for the applicable Participant, of any Common Stock acquired pursuant to the exercise of an Incentive Stock Option until the end of the period described in the preceding sentence, subject to complying with any instructions from such Participant as to the sale of such Common Stock.

(f) Compliance with Laws, etc. Notwithstanding the foregoing, in no event shall a Participant be permitted to exercise an Option in a manner which the Committee determines would violate the Sarbanes-Oxley Act of 2002 or any other applicable law, any applicable rule of the SEC or any applicable rule or regulation of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or traded.

8. Stock Appreciation Rights.

(a) General. Each SAR granted under the Plan shall be evidenced by an Award agreement. Each SAR so granted shall be subject to the conditions set forth in this Section 8, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement. Any Option granted under the Plan may include tandem SARs. The Committee also may award SARs to Eligible Persons independent of any Option.

(b) Strike Price. Except as otherwise provided by the Committee in the case of Substitute Awards, the strike price (Strike Price) per share of Common Stock for each SAR shall not be less than 100% of the Fair Market Value of such share (determined as of the Date of Grant). Notwithstanding the foregoing, a SAR granted in tandem with (or in substitution for) an Option previously granted shall have a Strike Price equal to the Exercise Price of the corresponding Option.

(c) Vesting and Expiration; Termination.

(i) (i) A SAR granted in connection with an Option shall become exercisable and shall expire according to the same vesting schedule and expiration provisions as the corresponding Option. A SAR granted independent of an Option shall vest and become exercisable in such manner and on such date or dates or upon such events as determined by the Committee; *provided, however*, that, notwithstanding any such vesting date or event, the Committee may, in its sole discretion, accelerate the vesting of any SAR at any time and for any reason. SARs shall expire upon a date determined by the Committee, not to exceed ten years from the Date of Grant (the SAR Period); *provided* that, if the SAR Period would expire at a time when trading in the shares of Common Stock is prohibited by the Company's insider trading policy (or Company-imposed blackout period), then the SAR Period shall be automatically extended until the 30th day following the expiration of such prohibition.

(ii) Unless otherwise provided by the Committee, whether in an Award agreement or otherwise, in the event of (A) a Participant's Termination by the Service Recipient for Cause or should a Participant engage in conduct constituting Cause while holding one or more SARs, all outstanding SARs granted to such Participant shall immediately terminate and expire, (B) a Participant's Termination due to death or Disability, each outstanding SAR shall remain exercisable for one (1) year thereafter (but in no event beyond the expiration of the SAR Period) and (C) a Participant's Termination for any other reason, each outstanding SAR shall remain exercisable for ninety (90) days thereafter (but in no event beyond the expiration of the SAR Period). During the applicable post-Termination exercise period under the foregoing clauses (B) and (C), the SAR may not be exercised for more than

Statement | **CATALENT, INC.** **B-11**

the number of vested shares for which the SAR is at the time exercisable. No additional share shall vest under the SAR following the Participant's Termination except to the extent (if any) specifically authorized by the Committee in its sole discretion pursuant to an express written agreement with the Participant. Upon the expiration of the applicable exercise period under the foregoing clauses (B) and (C) or (if earlier) upon the expiration of the SAR Period, the SAR shall terminate and cease to be outstanding for any shares for which the SAR has not been exercised.

(d) Method of Exercise. SARs which have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company in accordance with the terms of the Award, specifying the number of SARs to be exercised and the date on which such SARs were awarded.

(e) Payment. Upon the exercise of a SAR, the Company shall pay to the Participant an amount equal to the number of shares subject to the SAR that are being exercised multiplied by the excess of the Fair Market Value of one share of Common Stock on the exercise date over the Strike Price, less an amount equal to any income, employment, or other applicable taxes or other amount required to be withheld or accounted for to any tax authority. The Company shall pay such amount in cash, in shares of Common Stock valued at Fair Market Value, or any combination thereof, as determined by the Committee. Any fractional share of Common Stock shall be settled in cash.

9. Restricted Stock and Restricted Stock Units.

(a) General. Each grant of Restricted Stock and Restricted Stock Units shall be evidenced by an Award agreement. Each Restricted Stock and Restricted Stock Unit grant shall be subject to the conditions set forth in this Section 9, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement.

(b) Stock Certificates and Book Entry; Escrow or Similar Arrangement. Upon the grant of Restricted Stock, the Committee shall cause a stock certificate registered in the name of the Participant to be issued or shall cause share(s) of Common Stock to be registered in the name of the Participant and held in book-entry form subject to the Company's directions and, if the Committee determines that the Restricted Stock shall be held by the Company or in escrow rather than issued to the Participant pending the release of the applicable restrictions, the Committee may require the Participant to additionally execute and deliver to the Company (i) an escrow agreement satisfactory to the Committee, if applicable, and (ii) the appropriate stock power (endorsed in blank) with respect to the Restricted Stock covered by such agreement. If a Participant shall fail to execute and deliver (in a manner permitted under Section 14(a) of the Plan or as otherwise determined by the Committee) an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and blank stock power within the amount of time specified by the Committee, the Award shall be null and void. Subject to the restrictions set forth in this Section 9 and the applicable Award agreement, the Participant generally shall have the rights and privileges of a stockholder as to such Restricted Stock, including the right to vote such Restricted Stock; *provided* that any dividend payable on a share of Restricted Stock shall be held by the Company and delivered (without interest) to the Participant within fifteen (15) days following the date on which the restrictions on such Restricted Stock lapse (and the right to any such accumulated dividend shall be forfeited upon the forfeiture of the Restricted Stock to which such dividend relates). To the extent any share of

Restricted Stock is forfeited, any stock certificate issued to the Participant evidencing such share shall be returned to the Company, and all rights of the Participant to such share and as a stockholder with respect thereto shall terminate without further obligation on the part of the Company.

(c) Restricted Period: Termination.

(i) The Restricted Period with respect to Restricted Stock and Restricted Stock Units shall lapse in such manner and on such date or dates or upon such events as determined by the Committee; *provided, however*, that, notwithstanding any such date or event, the Committee may, in its sole discretion, accelerate the lapse of the Restricted Period at any time and for any reason.

(ii) Unless otherwise provided by the Committee, whether in an Award agreement or otherwise, in the event of a Participant's Termination for any reason prior to the time that such Participant's Restricted Stock or Restricted Stock Units, as applicable, have vested, (x) all vesting with respect to such Participant's Restricted Stock or Restricted Stock Units shall cease and (y) unvested shares of Restricted Stock and unvested Restricted Stock Units, as applicable, shall be forfeited to the Company by the Participant for no consideration as of the date of such Termination.

(d) Issuance of Restricted Stock and Settlement of Restricted Stock Units.

(i) Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in the applicable Award agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award agreement. If an escrow arrangement is used, upon such expiration, the Company shall issue to the Participant, or his or her beneficiary, without charge, the stock certificate (or, if applicable, a notice evidencing a book entry notation) evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (rounded down to the nearest full share). Dividends, if any, that may have been withheld by the Committee and attributable to any particular share of Restricted Stock shall be distributed to the Participant in cash or, at the sole discretion of the Committee, in shares of Common Stock having a Fair Market Value (on the date of distribution) equal to the amount of such dividends, upon the release of restrictions on such share and, if such share is forfeited, the Participant shall have no right to such dividends.

(ii) Unless otherwise provided by the Committee in an Award agreement or otherwise, upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall issue to the Participant, or his or her beneficiary, without charge, one share of Common Stock (or other securities or other property, as applicable) for each such outstanding Restricted Stock Unit; *provided, however*, that the Committee may, in its sole discretion, elect to (i) pay cash or part cash and part shares of Common Stock in lieu of issuing only shares of Common Stock in respect of such Restricted Stock Units or (ii) defer the issuance of shares of Common Stock (or cash or part shares of Common Stock and part cash, as the case may be) beyond the expiration of the Restricted Period if such extension would not cause adverse tax consequences under Section 409A of the Code. If a cash payment is made in lieu of issuing shares of Common Stock, the amount of such payment shall be equal to the Fair Market Value of the Common Stock as of the date on which the Restricted Period lapsed with respect to such Restricted Stock Units. To the extent provided in an Award agreement, the holder of outstanding Restricted Stock Units shall be entitled to be credited with dividend equivalent payments (upon the payment by the Company of dividends on shares of Common Stock) either in cash or, at the sole discretion of the Committee, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends (and interest may, at the sole discretion of the Committee, be credited on the amount of cash dividend equivalents at a rate and subject to such terms as determined by the Committee), which accumulated dividend equivalents (and interest thereon, if applicable) shall be payable at the same time as the underlying Restricted Stock Units are settled following the release of restrictions on such Restricted Stock Units, and, if such Restricted Stock Units are forfeited, the Participant shall have no right to such dividend equivalent payments.

(e) Legends on Restricted Stock. Each certificate, if any, representing Restricted Stock awarded under the Plan, if any, shall bear a legend substantially in the form of the following, in addition to any other information the Company deems appropriate, until the lapse of all restrictions with respect to such shares of Common Stock:

TRANSFER OF THIS CERTIFICATE AND THE SHARES REPRESENTED HEREBY IS RESTRICTED PURSUANT TO THE TERMS OF THE CATALENT, INC. 2018 OMNIBUS INCENTIVE PLAN AND A RESTRICTED STOCK AWARD AGREEMENT, BETWEEN CATALENT, INC. AND PARTICIPANT. A COPY

OF SUCH PLAN AND AWARD AGREEMENT IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICES OF CATALENT, INC.

10. Other Stock-Based Awards. The Committee may issue unrestricted Common Stock, rights to receive grants of Awards at a future date, or other Awards denominated in Common Stock (including performance shares or performance units), under the Plan to Eligible Persons, alone or in tandem with other Awards, in such amounts as the Committee shall from time to time in its sole discretion determine. Each Other Stock-Based Award granted under the Plan shall be evidenced by an Award agreement. Each Other Stock-Based Award so granted shall be subject to such conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement, including those set forth in Section 14(c) of the Plan.

11. Performance Compensation Awards.

(a) General. The Committee shall have the authority, at or before the time of grant of any Award, to designate such Award as a Performance Compensation Award. The Committee shall also have the authority to make an award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award.

Statement | **CATALENT, INC.** **B-13**

(b) Discretion of Committee with Respect to Performance Compensation Awards. With regard to a particular Performance Period, the Committee shall have sole discretion to select the length of such Performance Period, the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) or level(s) of the Performance Goal(s) that is (are) to apply and the Performance Formula. To the extent required under Section 162(m) of the Code, within the first ninety (90) days of a Performance Period (or, within any other maximum period allowed under Section 162(m) of the Code), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence and record the same in writing.

(c) Performance Criteria. The Performance Criteria that will be used to establish the Performance Goal(s) may be based on the attainment of specific levels of performance of the Company (or the performance of one or more Affiliates, divisions or operational or business units, product lines, brands, business segments, administrative departments, or any combination of the foregoing) and may include one or more of the following: (i) net earnings or net income (before or after taxes); (ii) basic or diluted earnings per share (before or after taxes); (iii) net revenue or net revenue growth; (iv) gross revenue or gross revenue growth, gross profit or gross profit growth; (v) net operating profit (before or after taxes); (vi) return measures (including, but not limited to, return on investment, assets, capital, employed capital, invested capital, equity, or sales); (vii) cash flow measures (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital), which may but are not required to be measured on a per share basis; (viii) earnings before or after interest, taxes, depreciation, amortization or rent (including EBIT, EBITDA and EBITDAR); (ix) gross or net operating margins; (x) productivity ratios; (xi) share price (including, but not limited to, growth measures and total stockholder return, whether measured on an absolute or relative basis); (xii) expense targets or cost reduction goals, general and administrative expense savings; (xiii) operating efficiency; (xiv) objective measures of customer satisfaction; (xv) working capital targets; (xvi) measures of economic value added or other value creation metrics; (xvii) inventory control; (xviii) enterprise value; (xix) sales; (xx) stockholder return; (xxi) client retention; (xxii) competitive market metrics; (xxiii) employee retention; (xxiv) timely completion of new product rollouts; (xxv) timely launch of new facilities; (xxvi) measurements related to a new purchasing co-op ; (xxvii) objective measures of personal targets, goals or completion of projects (including but not limited to succession and hiring projects, completion of specific acquisitions, reorganizations or other corporate transactions or capital-raising transactions, expansions of specific business operations, achieving specified operational objectives, and meeting divisional or project budgets); (xxviii) system-wide revenues; (xxix) royalty income; (xxx) comparisons of continuing operations to other operations; (xxxii) market share; (xxxiii) cost of capital, debt leverage year-end cash position or book value; (xxxiiii) strategic objectives, development of new product lines and related revenue, sales and margin targets, co-branding or international operations; or (xxxiv) any combination of the foregoing. Any one or more of the Performance Criteria may be stated as a percentage of another Performance Criteria, or used on an absolute or relative basis to measure the performance of the Company or one or more Affiliates as a whole or any divisions or operational or business units, product lines, brands, business segments, administrative departments of the Company or one or more Affiliates or any combination thereof, as the Committee may deem appropriate, or any of the above Performance Criteria may be compared to the performance of a selected group of comparison companies, or a published or special index that the Committee, in its sole discretion, deems appropriate, or as compared to various

stock market indices. The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of Performance Goals pursuant to the Performance Criteria specified in this paragraph. To the extent required under Section 162(m) of the Code, the Committee shall, within the first ninety (90) days of a Performance Period (or, within any other maximum period allowed under Section 162(m) of the Code), define in an objective fashion the manner of calculating the Performance Criteria it selects to use for such Performance Period. The Committee may also grant Performance Compensation Awards that are based on Performance Criteria other than those set forth above.

(d) Modification of Performance Goal(s). The Committee may specify adjustments or modifications to be made to the calculation of a Performance Goal for such Performance Period, based on and in order to appropriately reflect the following events, provided that, to the extent required under Section 162(m) of the Code, unless otherwise determined by the Committee at the time the Performance Compensation Award is granted, such adjustment or modification shall be specified during the first ninety (90) days of a Performance Period (or, within any other maximum period allowed under Section 162(m) of the Code), or at any time thereafter to the extent the exercise of such authority at such time would not cause the Performance Compensation Awards granted to any Participant for such Performance Period to fail to qualify as

performance-based compensation under Section 162(m) of the Code: (i) an asset write-down; (ii) litigation or any claim judgment or settlement; (iii) the effect of a changes in tax law, an accounting principle, or another law, stock exchange listing standard, or regulatory rule affecting reported results; (iv) any reorganization or restructuring program; (v) any unusual, infrequently occurring or nonrecurring item or event or as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (vi) any acquisition or divestiture; (vii) any other specific, unusual, infrequently occurring or nonrecurring event, or objectively determinable category thereof; (viii) any foreign exchange gain or loss; (ix) discontinued operations and nonrecurring charges; and (x) a change in the Company's fiscal year.

(e) Payment of Performance Compensation Awards.

(i) Condition to Receipt of Payment. Unless otherwise provided in the applicable Award agreement, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.

(ii) Limitation. Unless otherwise provided in the applicable Award agreement, a Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (A) the Performance Goals for such period are achieved; and (B) all or some of the portion of such Participant's Performance Compensation Award has been earned for the Performance Period based on the application of the Performance Formula to such achieved Performance Goals.

(iii) Certification. Following the completion of a Performance Period, the Committee shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the amount of each Participant's Performance Compensation Award actually payable for the Performance Period and, in so doing, may apply Negative Discretion.

(iv) Use of Negative Discretion. In determining the actual amount of an individual Participant's Performance Compensation Award for a Performance Period, the Committee may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion. Unless otherwise provided in the applicable Award agreement, the Committee shall have the discretion to (A) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained or (B) increase a Performance Compensation Award, subject to the applicable limitations set forth in Section 5 of the Plan.

(f) Timing of Award Payments. Unless otherwise provided in the applicable Award agreement, Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this Section 11. Any Performance Compensation Award that has been deferred shall not (between the date as of which the Award is deferred and the payment date)

increase (i) with respect to a Performance Compensation Award that is payable in cash, by a measuring factor for each fiscal year greater than a reasonable rate of interest set by the Committee or (ii) with respect to a Performance Compensation Award that is payable in shares of Common Stock, by an amount greater than the appreciation of a share of Common Stock from the date such Award is deferred to the payment date. Any Performance Compensation Award that is deferred and is otherwise payable in shares of Common Stock shall be credited (during the period between the date as of which the Award is deferred and the payment date) with dividend equivalents (in a manner consistent with the methodology set forth in the last sentence of Section 9(d)(ii) of the Plan).

12. Changes in Capital Structure and Similar Events. In the event of (a) any dividend (other than regular cash dividends) or other distribution (whether in the form of cash, shares of Common Stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, repurchase or exchange of shares of Common Stock or other securities of the Company, issuance of warrants or other rights to acquire shares of Common Stock or other securities of the Company, or other similar corporate transaction or event (including a Change in Control) that affects the shares of Common Stock, or (b) unusual or nonrecurring events (including a Change in Control) affecting the Company, any Affiliate, or the financial statements of the Company or any

Affiliate, or changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange or inter-dealer quotation system, accounting principles or law, such that in either case an adjustment is determined by the Committee in its sole discretion to be necessary or appropriate, then the Committee shall make any such adjustments in such manner as it may deem equitable, including any or all of the following:

(i) adjusting any or all of (A) the Absolute Share Limit, (B) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) which may be issued in respect of Awards or with respect to which Awards may be granted under the Plan (including adjusting any or all of the limitations under Section 5 of the Plan) and (C) the terms of any outstanding Award, including (1) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) subject to outstanding Awards or to which outstanding Awards relate, (2) the Exercise Price or Strike Price with respect to any Award or (3) any applicable performance measures (including Performance Criteria and Performance Goals);

(ii) providing for a substitution or assumption of Awards (or awards of an acquiring company), accelerating the exercisability of, lapse of restrictions on, or termination of, Awards or providing for a period of time (which shall not be required to be more than ten (10) days) for Participants to exercise outstanding Awards prior to the occurrence of such event (and any such Award not so exercised shall terminate upon the occurrence of such event); and

(iii) cancelling any one or more outstanding Awards and causing to be paid to the holders holding vested Awards (including any Award that would vest as a result of the occurrence of such event but for such cancellation) the value of such Awards, if any, as determined by the Committee (which if applicable may be based upon the price per share of Common Stock received or to be received by other stockholders of the Company in such event), including, in the case of an outstanding Option or SAR, a cash payment in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the shares of Common Stock subject to such Option or SAR over the aggregate Exercise Price or Strike Price of such Option or SAR, respectively (it being understood that, in such event, any Option or SAR having a per share Exercise Price or Strike Price equal to, or in excess of, the Fair Market Value of a share of Common Stock subject thereto may be canceled and terminated without any payment or consideration therefor);

provided, however, that, in the case of any equity restructuring (within the meaning of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor pronouncement thereto)), the Committee shall make an equitable or proportionate adjustment to outstanding Awards to reflect such equity restructuring. Any adjustment in Incentive Stock Options under this Section 12 (other than any cancellation of Incentive Stock Options) shall be made only to the extent not constituting a modification within the meaning of Section 424(h)(3) of the Code, and any adjustments under this Section 12 shall be made in a manner that does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act. Any such adjustment shall be conclusive and binding for all purposes. Payments to holders pursuant to clause (iii) above shall be made in cash or, in the sole discretion of the Committee, in the form of such other consideration necessary for a Participant to receive property, cash, or securities (or combination thereof) as such Participant would have been entitled to receive

upon the occurrence of the transaction if the Participant had been, immediately prior to such transaction, the holder of the number of shares of Common Stock covered by the Award at such time (less any applicable Exercise Price or Strike Price). In addition, prior to any payment or adjustment contemplated under this Section 12, the Committee may require a Participant to (A) represent and warrant as to the unencumbered title to his Awards, (B) bear such Participant's pro rata share of any post-closing indemnity obligations, and be subject to the same post-closing purchase price adjustments, escrow terms, offset rights, holdback terms, and similar conditions as the other holders of Common Stock, and (C) deliver customary transfer documentation as reasonably determined by the Committee.

13. Amendments and Termination.

(a) Amendment and Termination of the Plan. The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; *provided* that no such amendment, alteration, suspension, discontinuation or termination shall be made without stockholder approval if (i) such approval is necessary to comply with any regulatory requirement applicable to the Plan (including as necessary to comply with any rule or regulation of any securities exchange

or inter-dealer quotation system on which the securities of the Company may be listed or quoted) or for any change in GAAP, (ii) it would increase the number of securities that may be issued under the Plan (except for increases pursuant to Section 5 or 12 of the Plan), or (iii) it would materially modify the requirements for participation in the Plan; *provided, further*, that any such amendment, alteration, suspension, discontinuance or termination that would materially and adversely affect the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary. Notwithstanding the foregoing, no amendment shall be made to the last proviso of Section 13(b) of the Plan without stockholder approval.

(b) Amendment of Award Agreements. The Committee may, to the extent consistent with the terms of any applicable Award agreement, waive any condition or right under, amend any term of, or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted or the associated Award agreement, prospectively or retroactively (including after a Participant's Termination); *provided* that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely affect the rights of any Participant with respect to any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant; *provided, further*, that without stockholder approval, except as otherwise permitted under Section 12 of the Plan, (i) no amendment or modification may reduce the Exercise Price of any Option or the Strike Price of any SAR, (ii) the Committee may not cancel any outstanding Option or SAR and replace it with a new Option or SAR (with a lower Exercise Price or Strike Price, as the case may be) or other Award or cash payment that is greater than the intrinsic value (if any) of the cancelled Option or SAR, (iii) the Committee may not cancel an Option or SAR (when the Exercise Price or Strike Price per share exceeds the Fair Market Value of one share) in exchange for cash or another Award and (iv) the Committee may not take any other action which is considered a repricing for purposes of the stockholder approval rules of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or quoted.

14. General.

(a) Award Agreements. Each Award under the Plan shall be evidenced by an Award agreement, which shall be delivered to the Participant and shall specify the terms and conditions of the Award and any rule applicable thereto, including the effect on such Award of the death, Disability or Termination of a Participant, or of such other events as may be determined by the Committee. For purposes of the Plan, an Award agreement may be in any such form (written or electronic) as determined by the Committee (including a Board or Committee resolution, an employment agreement, a notice, a certificate or a letter) evidencing the Award. The Committee need not require an Award agreement to be signed by the Participant or a duly authorized representative of the Company.

(b) Nontransferability.

(i) Each Award shall be exercisable only by a Participant during the Participant's lifetime, or, if permissible under applicable law, by the Participant's legal guardian, representative or devisee. No Award may be assigned, alienated,

pledged, attached, sold or otherwise transferred or encumbered by a Participant other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or an Affiliate; *provided* that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

(ii) Notwithstanding the foregoing, the Committee may, in its sole discretion, permit Awards (other than Incentive Stock Options) to be transferred by a Participant, without consideration, subject to such rules as the Committee may adopt consistent with any applicable Award agreement to preserve the purposes of the Plan, to: (A) any person who is a family member of the Participant, as such term is used in the instructions to Form S-8 under the Securities Act or any successor form of registration statement promulgated by the SEC (collectively, the Immediate Family Members); (B) a trust solely for the benefit of the Participant and his or her Immediate Family Members; (C) a partnership or limited liability company whose only partners or stockholders are the Participant and his or her Immediate Family Members; or (D) a beneficiary to whom donations are eligible to be treated as charitable contributions for federal income tax purposes; (each transferee described in clauses (A), (B), (C) and (D) above is hereinafter referred to as a Permitted Transferee); *provided* that the Participant gives the Committee advance written notice describing the terms and conditions of the proposed transfer and the Committee notifies the Participant in writing that such a transfer would comply with the requirements of the Plan.

APPENDIX B: PROPOSED 2018 OMNIBUS INCENTIVE PLAN OF CATALENT, INC. 2018 Proxy
Statement | **CATALENT, INC.** **B-17**

(iii) The terms of any Award transferred in accordance with the immediately preceding sentence shall apply to the Permitted Transferee and any reference in the Plan, or in any applicable Award agreement, to a Participant shall be deemed to refer to the Permitted Transferee, except that (A) Permitted Transferees shall not be entitled to transfer any Award, other than by will or the laws of descent and distribution, (B) Permitted Transferees shall not be entitled to exercise any transferred Option unless there shall be in effect a registration statement on an appropriate form covering the shares of Common Stock to be acquired pursuant to the exercise of such Option if the Committee determines, consistent with any applicable Award agreement, that such a registration statement is necessary or appropriate, (C) the Committee or the Company shall not be required to provide any notice to a Permitted Transferee, whether or not such notice is or would otherwise have been required to be given to the Participant under the Plan or otherwise, and (D) the consequences of the Termination of the Participant under the terms of the Plan and the applicable Award agreement shall continue to be applied with respect to the Participant, including that an Option shall be exercisable by the Permitted Transferee only to the extent, and for the periods, specified in the Plan and the applicable Award agreement.

(c) Dividends and Dividend Equivalents. The Committee in its sole discretion may provide a Participant as part of an Award with dividends or dividend equivalents, payable in cash, shares of Common Stock, other securities, other Awards or other property, on such terms and conditions as may be determined by the Committee in its sole discretion, including accumulation of dividends or dividend equivalents, or reinvestment in additional shares of Common Stock, Restricted Stock or other Awards; *provided* that no dividend or dividend equivalent shall be payable in respect of outstanding (i) Options or SARs or (ii) other unearned Awards subject to any vesting condition (although dividends and dividend equivalents may be accumulated in respect of unearned Awards and paid within fifteen (15) days after such Awards are earned and become payable or distributable). Any dividend or dividend equivalent payable in connection with an unvested Award shall not be paid until and unless the underlying Award vests and shall be subject to risk of forfeiture to the same extent as the underlying Award.

(d) Tax Withholding.

(i) A Participant shall be required to pay to the Company or any Affiliate, and the Company or any Affiliate shall have the right and is hereby authorized to withhold, from any cash, share of Common Stock, other securities or other property issuable or deliverable under any Award or from any compensation or other amounts owing to a Participant, the amount (in cash, shares of Common Stock, other securities or other property) of any required withholding or any other applicable taxes or other amount in respect of an Award, its exercise, or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Committee or the Company to satisfy all obligations for the payment of such withholding or any other applicable taxes and other amount.

(ii) Without limiting the generality of clause (i) above, the Committee may, in its sole discretion, permit a Participant to satisfy, in whole or in part, the foregoing withholding liability by (A) the delivery of shares of Common Stock (which are not subject to any pledge or other security interest) owned by the Participant having a Fair Market Value equal to such withholding liability or (B) having the Company withhold from the number of shares of Common Stock otherwise issuable or deliverable pursuant to the exercise or settlement of the Award a number of shares with a Fair

Market Value equal to such withholding liability at a withholding rate determined by the Company in its sole discretion (but in no event to exceed the maximum statutory tax rates of the Participant's applicable jurisdiction (or such other rate as would not trigger a negative accounting impact)). Any shares withheld in excess of the shares required to satisfy withholding liability at the minimum statutory withholding rates shall not be added back to the share reserve under Section 5(e).

(e) No Claim to Awards; No Rights to Continued Employment; Waiver. No employee of the Company or any Affiliate, or other person, shall have any claim or right to be granted an Award under the Plan or, having been selected for the grant of an Award, to be selected for a grant of any other Award. There is no obligation for uniformity of treatment of Participants or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant and may be made selectively among Participants, whether or not such Participants are similarly situated. Neither the Plan nor any action taken hereunder

shall be construed as giving any Participant any right to be retained in the employ or service of the Company or any Affiliate, nor shall it be construed as giving any Participant any rights to continued service on the Board. The Company or any of its Affiliates may at any time dismiss a Participant from employment or discontinue any consulting relationship, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or any Award agreement. By accepting an Award under the Plan, a Participant shall thereby be deemed to have waived any claim to continued exercise or vesting of an Award or to damages or severance entitlement related to non-continuation of the Award beyond the period provided under the Plan or any Award agreement, except to the extent of any provision to the contrary in any written employment contract or other agreement between the Company and its Affiliates and the Participant, whether any such agreement is executed before, on or after the Date of Grant.

(f) International Participants. With respect to Participants who reside or work outside of the United States of America and who are not (and who are not expected to be) covered employees within the meaning of Section 162(m) of the Code, to the extent applicable, the Committee may in its sole discretion amend the terms of the Plan and create or amend Sub-Plans or amend outstanding Awards with respect to such Participants in order to conform such terms with the requirements of local law or to obtain more favorable tax or other treatment for a Participant, the Company or its Affiliates.

(g) Designation and Change of Beneficiary. Each Participant may file with the Committee a written designation of one or more persons as the beneficiary(ies) who shall be entitled to receive the amounts payable with respect to an Award, if any, due under the Plan upon his or her death to the extent such beneficiary designation is valid under local law. A Participant may, from time to time, revoke or change his or her beneficiary designation without the consent of any prior beneficiary by filing a new designation with the Committee. The last such designation received by the Committee shall be controlling; *provided, however*, that no designation, or change or revocation thereof, shall be effective unless received by the Committee prior to the Participant's death, and in no event shall it be effective as of a date prior to such receipt. If no beneficiary designation is filed by a Participant, the beneficiary shall be deemed to be his or her spouse or, if the Participant is unmarried at the time of death, his or her estate.

(h) Termination. Except as otherwise provided in an Award agreement, unless determined otherwise by the Committee at any point following such event: (i) neither a temporary absence from employment or service due to illness, vacation or leave of absence (including a call to active duty for military service through a Reserve or National Guard unit) nor a transfer from employment or service with one Service Recipient to employment or service with another Service Recipient (or vice-versa) shall be considered a Termination; and (ii) if a Participant undergoes a Termination of employment, but such Participant continues to provide services to the Company and its Affiliates in a non-employee capacity, such change in status shall not be considered a Termination for purposes of the Plan. Further, unless otherwise determined by the Committee, in the event that any Service Recipient ceases to be an Affiliate of the Company (by reason of sale, divestiture, spin-off, or other similar transaction), unless a Participant's employment or service is transferred to another entity that would constitute a Service Recipient immediately following such transaction, such Participant shall be deemed to have suffered a Termination hereunder as of the date of the consummation of such transaction.

(i) No Rights as a Stockholder. Except as otherwise specifically provided in the Plan or any Award agreement, no person shall be entitled to the privileges of ownership in respect of shares of Common Stock that are subject to Awards hereunder until such shares have been issued or delivered to such person.

(j) Government and Other Regulations.

(i) The obligation of the Company to settle Awards in shares of Common Stock or other consideration shall be subject to all applicable laws, rules, and regulations, and to such approvals by governmental agencies as may be required. Notwithstanding any term or condition of any Award to the contrary, the Company shall be under no obligation to offer to sell or to sell, and shall be prohibited from offering to sell or selling, any share of Common Stock pursuant to an Award unless such share has been properly registered for sale pursuant to the Securities Act or unless the Company has received an opinion of counsel (if the Company has requested such an opinion), satisfactory to the Company, that such share may be offered or sold without such registration pursuant to an available exemption therefrom and the terms and conditions of such exemption have been fully complied with. The Company shall be under no obligation to register for sale under the Securities Act any share of Common Stock to be offered or sold under the Plan. The Committee shall have the authority to provide that all shares of Common

Stock or other securities of the Company or any Affiliate issued under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan, the applicable Award agreement, the federal securities laws, or the rules, regulations and other requirements of the SEC, any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or quoted and any other applicable federal, state, local or non-U.S. law, rule, regulation or other requirement, and, without limiting the generality of Section 9 of the Plan, the Committee may cause a legend or legends to be put on certificates representing shares of Common Stock or other securities of the Company or any Affiliate issued under the Plan to make appropriate reference to such restrictions or may cause such Common Stock or other securities of the Company or any Affiliate issued under the Plan in book-entry form to be held subject to the Company's instructions or subject to appropriate stop-transfer orders. Notwithstanding any provision in the Plan to the contrary, the Committee reserves the right to add any additional term or provision to any Award granted under the Plan that it in its sole discretion deems necessary or advisable in order that such Award complies with the legal requirements of any governmental entity to whose jurisdiction the Award is subject.

(ii) The Committee may cancel an Award or any portion thereof if it determines, in its sole discretion, that legal or contractual restrictions or blockage or other market considerations would make the Company's acquisition of shares of Common Stock from the public markets, the Company's issuance of Common Stock to the Participant, the Participant's acquisition of Common Stock from the Company or the Participant's sale of Common Stock to the public markets, illegal, impracticable or inadvisable.

(k) No Section 83(b) Election Without Consent of Company. No election under Section 83(b) of the Code or under a similar provision of law may be made unless expressly permitted by the terms of the applicable Award agreement or by action of the Committee in writing prior to the making of such election. If a Participant, in connection with the acquisition of shares of Common Stock under the Plan or otherwise, is expressly permitted to make such election and the Participant makes the election, the Participant shall notify the Company of such election within ten (10) days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition to any filing and notification required pursuant to Section 83(b) of the Code or other applicable provision.

(l) Payments to Persons Other Than Participants. If the Committee shall find that any person to whom any amount is payable under the Plan is unable to care for his or her affairs because of illness or accident, or is a minor, or has died, then any payment due to such person or his or her estate (unless a prior claim therefor has been made by a duly appointed legal representative) may, if the Committee so directs the Company, be paid to his or her spouse, child, relative, an institution maintaining or having custody of such person, or any other person deemed by the Committee to be a proper recipient on behalf of such person otherwise entitled to payment. Any such payment shall be a complete discharge of the liability of the Committee and the Company therefor.

(m) Nonexclusivity of the Plan. Neither the adoption of this Plan by the Board nor the submission of this Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including the granting of stock options otherwise

than under this Plan, and such arrangements may be either applicable generally or only in specific cases.

(n) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate, on the one hand, and a Participant or other person or entity, on the other hand. No provision of the Plan or any Award shall require the Company, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any asset in a trust or other entity to which contributions are made or otherwise to segregate any asset, nor shall the Company maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants shall have no right under the Plan other than as unsecured general creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other employees under general law.

(o) Reliance on Reports. Each member of the Committee and each member of the Board shall be fully justified in acting or failing to act, as the case may be, and shall not be liable for having so acted or failed to act in good faith, in reliance upon any report made by the independent public accounting firm of the Company or any Affiliate or any other information furnished in connection with the Plan by any agent of the Company, the Committee or the Board, other than himself.

(p) Relationship to Other Benefits. No payment under the Plan shall be taken into account in determining any benefit under any pension, retirement, profit sharing, group insurance or other benefit plan of the Company except as otherwise expressly provided in such other plan or as required by applicable law.

(q) Governing Law. The Plan shall be governed by and construed in accordance with the internal laws of the State of Delaware applicable to contracts made and performed wholly within the State of Delaware, without giving effect to the conflict of laws provisions thereof.

(r) Severability. If any provision of the Plan or any Award or Award agreement is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any person or entity or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be construed or deemed stricken as to such jurisdiction, person or entity or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

(s) Obligations Binding on Successors. The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company.

(t) Section 409A of the Code.

(i) Notwithstanding any provision of the Plan to the contrary, it is intended that the provisions of this Plan comply with Section 409A of the Code, and all provisions of this Plan shall be construed and interpreted in a manner consistent with the requirements for avoiding any tax or penalty under Section 409A of the Code. Each Participant is solely responsible and liable for the satisfaction of any tax or penalty that may be imposed on or in respect of such Participant in connection with this Plan (including any tax or penalty under Section 409A of the Code), and neither the Company nor any Affiliate shall have any obligation to indemnify or otherwise hold such Participant (or any beneficiary) harmless from any such tax or penalty. With respect to any Award that is considered deferred compensation subject to Section 409A of the Code, references in the Plan to termination of employment (and substantially similar phrases) shall mean separation from service within the meaning of Section 409A of the Code. For purposes of Section 409A of the Code, each of the payments that may be made in respect of any Award granted under the Plan is designated as a separate payment.

(ii) Notwithstanding anything in the Plan to the contrary, if a Participant is a specified employee within the meaning of Section 409A(a)(2)(B)(i) of the Code, no payment in respect of any Award that is deferred compensation subject to Section 409A of the Code and would otherwise be payable upon the Participant's separation from service (as defined in Section 409A of the Code) shall be made to such Participant prior to the date that is six months after the date of

such Participant's separation from service or, if earlier, the Participant's date of death. Following any applicable six-month delay, all such delayed payments will be paid in a single lump sum on the earliest date permitted under Section 409A of the Code that is also a business day.

(iii) Unless otherwise provided by the Committee in an Award agreement or otherwise, in the event that the timing of any payment in respect of any Award (that otherwise is deferred compensation subject to Section 409A of the Code) would be accelerated upon the occurrence of (A) a Change in Control, no such acceleration shall be permitted unless the event giving rise to the Change in Control satisfies the definition of a change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation, pursuant to Section 409A of the Code or (B) a Disability, no such acceleration shall be permitted unless the Disability also satisfies the definition of disability pursuant to Section 409A of the Code.

(u) Clawback/Forfeiture. Notwithstanding anything to the contrary in the Plan, an Award agreement may provide that the Committee may, in its sole discretion, cancel such Award if the Participant has engaged in or engages in any Detrimental Activity. The Committee may also provide in an Award agreement that, if the Participant otherwise has engaged in or engages in any Detrimental Activity, the Participant will forfeit any gain realized on the vesting or exercise of such Award and must repay the gain to the Company. The Committee may also provide in an Award agreement that, if the

Participant receives any amount in excess of what the Participant should have received under the terms of the Award for any reason (including by reason of a financial restatement, mistake in calculation or other administrative error), then the Participant shall be required to repay any such excess amount to the Company. Without limiting the foregoing, all Awards shall be subject to reduction, cancellation, forfeiture or recoupment to the extent necessary to comply with applicable law.

(v) Expenses; Titles and Headings. The expenses of administering the Plan shall be borne by the Company and its Affiliates. The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings shall control.

Catalent, Inc. 2019

Employee Stock Purchase Plan

I. PURPOSE OF THE PLAN

This 2019 Employee Stock Purchase Plan is intended to promote the interests of Catalent, Inc., a Delaware corporation, by providing Eligible Employees with the opportunity to acquire a proprietary interest in the Company.

The Company intends that the Plan qualify as an employee stock purchase plan under Code Section 423 for one or more specified offerings made under the Plan. The Company may, however, establish one or more offerings under the Plan that are not designed to comply with the requirements of Code Section 423 but are intended to comply with the tax, securities and other compliance requirements of, and obtain tax and other objectives in, the foreign jurisdictions in which those offerings are conducted in order to allow participants in such offerings to purchase shares in a manner similar to the Plan. Such offerings shall be separate from any offering designed to comply with the Code Section 423 requirements but may be conducted concurrently with any such offering.

II. ADMINISTRATION OF THE PLAN

A. The Plan shall be administered by the Committee. The Committee may in turn delegate such portions of its authority and responsibilities (other than the authority to designate Participating Corporations or make adjustments pursuant to Section III.B) to such officers(s) of the Company as it deems appropriate. Notwithstanding the foregoing, the Board may itself take any action under the Plan in its discretion at any time.

B. The Plan Administrator shall have full authority to interpret and construe any provision of the Plan and to adopt such rules and regulations for administering the Plan as it may deem necessary in order to administer the Plan in accordance with the Plan Documents, bring one or more offerings under the Plan into compliance with the requirements of Code Section 423 or accommodate the specific requirements of local laws and procedures for foreign jurisdictions.

C. Decisions of the Plan Administrator shall be final and binding on all parties having an interest in the Plan.

III. STOCK SUBJECT TO PLAN

A. The stock purchasable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares of Common Stock in the Company's treasury or purchased on the open market. The number of shares of Common Stock reserved for issuance under the Plan shall be limited to the Absolute Share Limit.

B. In the event of (i) any dividend (other than regular cash dividends) or other distribution (whether in the form of cash, shares of Common Stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, repurchase or exchange of shares of Common Stock or other securities of the Company, issuance of warrants or other rights to acquire shares of Common Stock or other securities of the Company, or other similar corporate transaction or event that affects the shares of Common Stock, or (ii) unusual or nonrecurring events affecting the Company, any Affiliate, or the financial statements of the Company or any Affiliate, or changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange or inter-dealer quotation system, accounting principles or law, such that in either case an adjustment is determined by the Plan Administrator in its sole discretion to be necessary or appropriate, then the Plan Administrator shall make any such adjustment in such manner as it may deem equitable, to the maximum number and kind of shares of Common Stock available for issuance under the Plan, the maximum number and kind of shares of Common Stock purchasable per Participant on a Purchase Date, the number and kind of shares in effect under each outstanding purchase right, and the price per share in effect under each outstanding purchase right of Common Stock to preclude, to the extent practicable, the

enlargement or dilution of rights and benefits under the Plan and such outstanding purchase rights; *provided, however*, that any fractional share resulting from such adjustment shall be eliminated. In addition, in the event of a Change of Control, the provisions of Section VII.G shall apply. Any adjustment to outstanding purchase rights shall be consistent with Code Section 424, to the extent applicable. Any adjustment determined by the Plan Administrator shall be final, binding and conclusive.

IV. OFFERING PERIODS

A. Shares of Common Stock shall be offered for purchase under the Plan through a series of successive offering periods until such time as (i) the maximum number of shares of Common Stock available for issuance under the Plan shall have been purchased or (ii) the Plan shall have been sooner terminated.

B. Each offering period shall be of such duration (not to exceed twenty-seven (27) months) as determined by the Plan Administrator prior to the start date of such offering period. Until such time as otherwise provided by the Plan Administrator, offering periods shall commence on the first Trading Day in January, April, July and October each year and end on the last Trading Day in March, June, September and December, respectively, each year.

C. The terms and conditions of each offering period may vary, and two or more offerings periods may run concurrently under the Plan, each with its own terms and conditions. In addition, special offering periods may be established with respect to entities that are acquired by the Company (or any subsidiary of the Company) or under such other circumstances as the Plan Administrator deems appropriate. In no event, however, shall the terms and conditions of any offering period contravene the express limitations and restrictions of the Plan, and to the extent required by Code Section 423, the Participants in each separate offering shall have equal rights and privileges under that offering in accordance with the requirements of Code Section 423(b)(5).

D. An Eligible Employee may participate in only one offering period at a time.

V. ELIGIBILITY

A. Each individual who is an Eligible Employee on the start date of any offering period under the Plan may enter that offering period on such start date unless the Plan Administrator determines that, with respect to an offering not intended to comply with Code Section 423, participation of such Eligible Employee is not advisable or practicable.

B. Each U.S. corporation that is a Corporate Affiliate on the Effective Date shall automatically be a Participating Corporation as of such date. Each U.S. corporation that becomes a Corporate Affiliate after the Effective Date shall automatically become a Participating Corporation effective as of the start date of the first offering period coincident with or next following the date on which it becomes such an affiliate, unless the Plan Administrator determines otherwise prior to the start date of that offering period. Each non-U.S. Corporate Affiliate shall become a Participating Corporation when authorized by the Plan Administrator to extend the benefits of the Plan to its Eligible Employees.

C. The Eligible Employee must, in order to participate in the Plan for a particular offering period, complete and timely submit the Enrollment Agreement in accordance with enrollment procedures prescribed by the Plan Administrator (which may include accessing the website designated by the Company and electronically completing and submitting the Enrollment Agreement), including, as to all U.S.-resident Eligible Employees, the undertaking described in Section VII.J(ii), on or before the start date of the offering period, or such earlier date as the Plan Administrator or the Company may determine. Once an Eligible Employee becomes a Participant in an offering period, then such Participant will automatically participate in each subsequent offering period commencing immediately following the last day of such prior offering period at the same Contribution level unless the Participant withdraws or terminates further participation in the offering period as set forth in Section VII.G below or otherwise notifies the Company of a change in the Participant's Contribution level in accordance with Section VII.F VII.G.

VI. PAYROLL DEDUCTIONS

A. Except to the extent otherwise determined by the Plan Administrator, payment for shares of Common Stock purchased under the Plan shall be effected by means of the Participant's authorized payroll deductions. The Contributions (whether through payroll deductions or other contributions permitted under the Plan) that each Participant may authorize in the Enrollment Agreement for any offering period for purposes of acquiring shares of Common Stock during such offering

period may be in any multiple of one percent (1%) of the Base Salary paid to that Participant during such offering period, up to a maximum of fifteen percent (15%), unless the Plan Administrator establishes a different maximum percentage prior to the start date of the applicable offering period.

B. Except as provided in Section VII.G, Section VII.G, or as otherwise determined by the Plan Administrator, during an offering period, a Participant may not increase or reduce the rate of his or her Contributions; the Participant may, however, change his or her rate of Contributions to be effective beginning with the first offering period that begins no earlier than 10 business days after the receipt of a new authorization form from the Participant, unless otherwise determined by the Plan Administrator.

C. If Contributions are made in the form of payroll deductions, such payroll deductions shall begin on the first pay day administratively feasible following the start date of the offering period and shall (unless sooner terminated by the Participant) continue through the pay day ending with or immediately prior to the last day of that offering period. Contributions collected from a Participant shall be credited to the Participant's book account under the Plan, but, except to the extent otherwise required by applicable law or the terms of that offering period, no interest shall be paid on the balance from time to time outstanding in such account. Unless the Plan Administrator determines otherwise prior to the start of the applicable offering period, Contributions collected from the Participant shall not be required to be held in any segregated account or trust fund and may be commingled with the general assets of the Company and used for general corporate purposes.

D. Contributions collected in a currency other than U.S. Dollars shall be converted into U.S. Dollars as of the date collected, with such conversion to be based on the exchange rate determined by the Plan Administrator in its sole discretion. Any change or fluctuation in the exchange rate at which Contributions collected on the Participant's behalf are converted into U.S. Dollars shall be borne solely by the Participant.

E. Notwithstanding anything to the contrary in this Plan, contributions shall automatically cease upon the termination of the Participant's purchase right in accordance with the provisions of the Plan.

F. The Plan Administrator may permit Eligible Employees of one or more Participating Corporations to participate in the Plan by making contributions other than through payroll deductions, whether in cash, by check or using other means permitted under applicable laws.

G. The Plan Administrator may adopt such rules and regulations for administering the Plan as it may deem necessary or appropriate, in its sole and absolute discretion, to facilitate contributions under this Section. Except as required by law, such rules and regulations need not be uniform, need not apply to all Eligible Employees, and need not be the same from one offering period to another.

H. The Participant's participation in any offering period under the Plan shall neither limit nor require the Participant's participation in any other offering period, except as and to the extent set forth in Article VIII.

VII. PURCHASE RIGHTS

A. Grant of Purchase Right. A Participant shall be granted a separate purchase right for each offering period in which he or she participates. The purchase right shall be granted on the start date of the offering period.

Notwithstanding anything to the contrary in this Plan, no Participant shall be granted a purchase right with respect to any offering period if such Participant would, immediately after the grant of any such purchase right, own (within the meaning of Code Section 424(d)) or hold outstanding options on or other rights to purchase, stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any Corporate Affiliate.

B. Exercise of the Purchase Right. Each purchase right shall be automatically exercised as of the Purchase Date for the offering period, and shares of Common Stock shall accordingly be issued to or otherwise acquired by or on behalf of each Participant (other than Participants whose Contributions have previously been refunded or suspended pursuant to Section VII.F or Section VII.G) on such Purchase Date. The purchase shall be effected by applying the Participant's Contributions (in each case in or as converted to U.S. Dollars in accordance with Section VI.D) for the offering period to the purchase of whole and, to the extent required and subject to Section VI.D, fractional shares of Common Stock (subject to the limitations set forth in the Plan on the maximum number of shares purchasable) at the purchase price in effect for that Purchase Date.

Table of Contents**C-4 CATALENT, INC. | 2018 Proxy Statement
STOCK PURCHASE PLAN OF CATALENT, INC.****APPENDIX C: PROPOSED 2019 EMPLOYEE**

Notwithstanding anything to the contrary in the foregoing provisions of this Section VII.B, the Plan Administrator may exercise discretion in the treatment of any fractional share, including, without limitation, electing to refund Contributions attributable to fractional shares to the Participant as soon as administratively practicable or hold such amounts for the purchase of Common Stock at the next Purchase Date in lieu of purchasing fractional shares on behalf of the Participant.

C. Purchase Price. The purchase price per share of Common Stock applicable at any Purchase Date shall be determined by the Plan Administrator at the start of the offering period to which the Purchase Date relates and shall not be less than eighty-five percent (85%) of the *lower* of (i) the Fair Market Value per share of Common Stock on the start date of that offering period or (ii) the Fair Market Value per share of Common Stock on that Purchase Date. Until such time as otherwise determined by the Plan Administrator, the purchase price per share of Common Stock applicable at any Purchase Date shall be equal to ninety percent (90%) of the *lower* of (i) the Fair Market Value per share of Common Stock on the start date of the offering period to which the Purchase Date relates or (ii) the Fair Market Value per share of Common Stock on that Purchase Date. Unless the Plan Administrator determines otherwise prior to the start of an offering period, the most recent prior determination by the Plan Administrator of a different purchase price formula shall apply for such offering period.

D. Number of Purchasable Shares. Notwithstanding anything to the contrary in this Article VII, the maximum number of shares of Common Stock purchasable per Participant on any one Purchase Date shall not exceed 5,000, as such limitation may be adjusted in accordance with Section III.B. In addition, prior to the start of an offering period, the Plan Administrator shall determine the maximum number of shares of Common Stock purchasable in total by all Participants on the Purchase Date for that offering period, subject to any adjustment in accordance with Section III.B; *provided, however*, that such maximum for all Participants shall never be greater than and, in the absence of any determination by the Plan Administrator prior to the start of an offering period for any reason, shall be deemed to be equal to the Offering Period Limit with respect to such offering period. However, the Plan Administrator shall have the discretionary authority, exercisable prior to the start of any offering period under the Plan, to increase or decrease the limitation to be in effect for the number of shares purchasable per Participant on the Purchase Date for that offering period and to establish the maximum number of shares purchasable in total by all Participants on such Purchase Date. Unless the Plan Administrator determines otherwise prior to the start of an offering period, the most recent prior determinations by the Plan Administrator of the maximum number of shares purchasable per Participant and in total by all Participants on any Purchase Date shall apply for such offering period.

E. Excess Payroll Deductions. Any portion of any Contribution not applied to the purchase of Common Stock by reason of the limitation on the maximum number of shares purchasable per Participant or in the aggregate on the Purchase Date shall be promptly refunded in the currency in which the Participant made such Contribution.

F. Suspension of Payroll Deductions. In the event that a Participant is, by reason of the accrual limitations in Article VIII, precluded from purchasing additional shares of Common Stock as of a Purchase Date for the offering period in which he or she is enrolled, then no further Contribution for that offering period shall be collected from such

Participant with respect to that Purchase Date.

G. Termination of Purchase Right. The following provisions shall govern the termination of outstanding purchase rights:

(i) A Participant may withdraw from the offering period in which he or she is enrolled by filing the appropriate form with the Plan Administrator (or its designee) at any time prior to the scheduled Purchase Date for that offering period, and no further Contribution shall be collected from the Participant with respect to the offering period once the paperwork for such withdrawal is processed. Any Contribution collected during the offering period in which such withdrawal occurs shall, at the Participant's election, be promptly refunded (in the currency in which the Participant made such Contribution) or held for the purchase of shares on the next Purchase Date. If no such election is made at the time of such withdrawal, then the Contributions collected with respect to the offering period in which such withdrawal occurs shall be refunded.

(ii) Any permitted withdrawal from an offering period shall be irrevocable, and the Participant may not subsequently rejoin that offering period. In order to resume participation in any subsequent offering period, such individual must re-enroll in the Plan (by making a timely filing of the prescribed enrollment forms) on or before the start of that offering period.

(iii) Should the Participant cease to remain an Eligible Employee for any reason (including death, disability, separation from employment for any reason, the Eligible Employee's employer ceasing to be a Corporate Affiliate, or change

in status) while his or her purchase right remains outstanding, then that purchase right shall immediately terminate, and all of the Participant's Contributions for the offering period in which the purchase right so terminates shall be promptly refunded in the currency in which the Participant made such Contributions. A Participant shall be deemed to have ceased to be an Eligible Employee either upon an actual termination of employment or upon the Participating Corporation employing the Participant during an offering period ceasing to be a Corporate Affiliate under the Plan. Notwithstanding the foregoing, the Plan Administrator may establish different rules to govern when a Participant ceases to be an Eligible Employee and to otherwise govern transfers of employment among Participating Corporations including, without limitation, transfers of employment between any separate offering established under the Plan, consistent with the applicable requirements of Code Section 423.

(iv) Should the Participant cease to remain in active service as an Eligible Employee by reason of an approved unpaid leave of absence, then the Participant shall have the right, exercisable up until the last business day of the offering period in which such leave commences, to (a) withdraw all the Contributions collected to date on his or her behalf for that offering period or (b) have such funds held for the purchase of shares on his or her behalf on the next scheduled Purchase Date. In no event, however, shall any further Contributions be collected on the Participant's behalf during such leave. Upon the Participant's return to active service (x) within three (3) months following the commencement of such leave or (y) prior to the expiration of any longer period for which such Participant is provided with reemployment rights by statute or contract, his or her payroll deductions or other contributions under the Plan shall automatically resume at the rate in effect at the time the leave began, unless the Participant withdraws from the Plan prior to his or her return. An individual who returns to active employment following a leave of absence which exceeds in duration the applicable (x) or (y) time period above will be treated as a new Eligible Employee for purposes of subsequent participation in the Plan and must accordingly re-enroll in the Plan (by making a timely filing of the prescribed enrollment forms) on or before the start date of the offering period.

H. Change of Control. In the event of a Change of Control, (i) notwithstanding the provisions of Section IV.B to the contrary, any offering period during which such Change of Control shall otherwise have occurred shall be deemed to have ended on the day immediately prior to the date on which such Change of Control occurred, and (ii) each outstanding purchase right with respect to such offering period shall automatically be exercised on the amended Purchase Date with respect to such offering period; *provided* that the applicable limitation on the number of shares of Common Stock purchasable per Participant shall continue to apply to any such purchase, but not the limitation applicable to the maximum number of shares of Common Stock purchasable in total by all Participants.

The Company shall use reasonable efforts to provide at least ten (10) days prior written notice of the occurrence of any Change of Control to all Participants in the then current offering period in such form and through such method as the Plan Administrator determines (including, without limitation, by email to the Participant's Company email address), and Participants shall, following the receipt of such notice, have the right to terminate their outstanding purchase rights prior to the effective date of the Change of Control in accordance with Section IV.B.

I. Proration of Purchase Rights. Should the total number of shares of Common Stock to be purchased pursuant to outstanding purchase rights on any particular date exceed the number of shares then available for issuance under the Plan, the Plan Administrator shall make a pro-rata allocation of the available shares on a uniform and nondiscriminatory basis, and the Contributions of each Participant, to the extent in excess of the aggregate purchase price payable for the Common Stock pro-rated to such individual, shall be promptly refunded.

J. ESPP Broker Account.

(i) The shares of Common Stock purchased by or on behalf of each Participant under this Plan shall be deposited directly into the Participant's ESPP Broker Account.

(ii) Each U.S.-resident Participant shall, prior to the start of each offering period undertake not to transfer the deposited shares (either electronically or in certificate form) from the ESPP Broker Account or designate such shares as collateral for a loan until the *later* of: (a) the end of the two (2)-year period measured from the start date of the offering period in which the shares were purchased and (b) the end of the one (1)-year period measured from the actual purchase date of those shares; *provided, however*, that the limitations imposed by the foregoing undertaking shall not in any way limit when the Participant may sell or gift his or her shares. The limitations set forth in this Section VII.J(ii) shall apply to all shares purchased by each Participant resident in the United States, whether or not that Participant continues in Employee status.

STOCK PURCHASE PLAN OF CATALENT, INC.****APPENDIX C: PROPOSED 2019 EMPLOYEE**

K. Assignability; Beneficiary Designation. The purchase right shall be exercisable only by the Participant and shall not be assignable or transferable by the Participant. The Plan Administrator may, at its sole discretion, permit a Participant to file with the Plan Administrator, a written designation of one or more persons as the beneficiary(ies) who shall be entitled to receive (i) any Contributions not applied to purchase of shares of Common Stock prior to the Participant's death and (ii) any shares of Common Stock and cash (including cash attributable to any fractional shares), if any, from the Participant's ESPP Broker Account in the event of such Participant's death prior to delivery of such shares and cash.

L. Stockholder Rights. A Participant shall have no stockholder rights with respect to the shares subject to his or her outstanding purchase right until the shares are purchased on the Participant's behalf in accordance with the provisions of the Plan and the Participant has become a holder of record of the purchased shares.

M. No Fractional Shares. Notwithstanding anything to the contrary in the Plan, no fractional shares will be issued to a Participant under the Plan. Any fractional shares purchased on behalf of a Participant on any Purchase Date will be allocated as a book entry to the Participant's ESPP Broker Account to be aggregated with other fractional shares on future Purchase Dates and a Participant shall have no rights as a stockholder with respect to amounts credited to his or her ESPP Broker Account that are denominated as fractional shares. Upon withdrawal or transfer of shares from a Participant's ESPP Broker Account, the Participant will receive cash in lieu of any fractional shares credited to the account based on the Fair Market Value per share on the date prior to the date of such withdrawal or transfer or such other date as determined by the Plan Administrator.

N. Withholding Taxes. The Company's obligation to deliver shares upon exercise of a purchase right under the Plan shall be subject to the satisfaction of all income, employment and payroll taxes, social insurance, social security, national insurance and other contributions, payment on account obligations or other payments required to be collected, withheld or accounted for in connection with the purchase right. The Company or appropriate Corporate Affiliate may, but shall not be obligated to, withhold from any compensation or other accounts payable to the Participant the amount necessary to satisfy such obligations.

VIII. ACCRUAL LIMITATIONS

A. Notwithstanding any other provision of this Plan, no Participant shall be entitled to accrue rights to acquire Common Stock pursuant to any purchase right outstanding under the Plan if and to the extent such accrual, when aggregated with (i) rights to purchase Common Stock accrued under any other purchase right granted under the Plan and (ii) similar rights accrued under other employee stock purchase plan (within the meaning of Code Section 423) of the Company or any Corporate Affiliate, would permit such Participant to purchase more than twenty-five thousand U.S. Dollars (US\$25,000.00) worth of stock of the Company or any Corporate Affiliate (determined on the basis of the Fair Market Value per share on the date or dates such rights are granted) for each calendar year such rights are at any time outstanding.

B. For purposes of applying the limitations to the purchase rights granted under the Plan set forth in Section VIII.A, the following provisions shall be in effect:

(i) The right to acquire Common Stock under each outstanding purchase right shall accrue on the Purchase Date for the offering period on which such right remains outstanding.

(ii) No right to acquire Common Stock under any outstanding purchase right shall accrue to the extent the Participant has already accrued in the same calendar year the right to acquire Common Stock under one or more other purchase rights at a rate equal to twenty-five thousand U.S. Dollars (US\$25,000.00) worth of Common Stock (determined on the basis of the Fair Market Value per share on the date or dates of grant) for each calendar year such rights were at any time outstanding.

C. If, by reason of the limitations set forth in Section VIII.A, any purchase right of a Participant does not accrue for a particular offering period, then the Contributions which the Participant made during that offering period with respect to such purchase right shall be promptly refunded.

D. In the event there is any conflict between the provisions of this Article VIII and one or more provisions of the Plan or any instrument issued thereunder, the provisions of this Article VIII shall be controlling.

A. The Plan shall become effective on the Effective Date; *provided, however*, that (i) the Plan shall have been approved by the stockholders of the Company and (ii) no purchase rights granted under the Plan shall be exercised, and no shares of Common Stock shall be issued hereunder, until the Company shall have complied with all applicable requirements of the 1933 Act (including the registration of the shares of Common Stock issuable under the Plan on a Form S-8 registration statement filed with the Securities and Exchange Commission), all applicable listing requirements of any stock exchange on which the Common Stock is listed for trading and all other applicable requirements established by federal, state or non-U.S. laws, rules or regulations.

Notwithstanding anything in Section IV.B to the contrary, any offering period still in effect at the termination date shall be deemed to have ended and reached its Purchase Date as of such termination date, and, notwithstanding the termination of the Plan, shares may be purchased and distributed as of such Purchase Date in the manner and to the extent permitted by the Plan. No offering period may continue in effect, no new purchase right may be granted or exercised, and no further Contribution may be collected, under the Plan, following termination in accordance with this Article IX.

X. AMENDMENT OF THE PLAN

In addition, the Board may suspend or terminate the Plan at any time to become effective immediately following the close of any offering period then in effect.

B. In no event may the Board amend the Plan without the approval of the Company's stockholders to the extent such stockholder approval is required under Code Section 423 or other applicable law; in the event that stockholder approval is needed and obtained, the date of the Plan amendment for purposes of Section X.A shall be the date of stockholder approval

ARTICLE VI

BOARD OF DIRECTORS

A. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. Except as otherwise provided for or fixed pursuant to the provisions of Article IV (including any certificate of designation with respect to any series of Preferred Stock) and this Article VI relating to the rights of the holders of any series of Preferred Stock to elect additional directors, the total number of directors shall be determined from time to time exclusively by resolution adopted by the Board of Directors. ~~The~~

1. **Beginning at the 2021 annual meeting of stockholders, directors shall be elected to hold office for a one-year term expiring at the next annual meeting of stockholders, and the directors shall not be divided into classes, with all directors elected at the 2021 annual meeting of stockholders and each annual meeting thereafter being elected in accordance with this Section (A)(1) of Article VI; provided that, prior to the 2021 annual meeting of stockholders, the Board of Directors shall be divided into classes in the manner set forth below in Section (A)(2) of this Article VI. The term of each director shall continue until the annual meeting at which such director's term expires and until such director's successor shall be elected and qualified, or, if earlier, such director's death, resignation, retirement, disqualification or removal from office.**

2. **Solely with respect to** directors **holding office prior to the 2021 annual meeting of stockholders** (other than those directors elected by the holders of any series of Preferred Stock, voting separately as a series or together with one or more other such series, as the case may be), **the directors** shall be divided into three classes designated Class I, Class II and Class III. Each class shall consist, as nearly as possible, of one-third of the total number of such directors. ~~Class I directors shall initially serve for a term expiring at the 2015 annual meeting of stockholders, Class II directors shall initially serve for a term expiring at the 2016 annual meeting of~~

~~stockholders and Class III directors shall initially serve for a term expiring at the 2017 annual meeting of stockholders. At each annual meeting, successors to the class of directors whose term expires at that annual meeting shall be elected for a term expiring at the third succeeding annual meeting of stockholders. If the number of such directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, and any such additional director of any class elected to fill a newly created directorship resulting from an increase in such class shall hold office for a term that shall coincide with the remaining term of that class, but in no case shall a decrease in the number of directors remove or shorten the term of any incumbent director. Any such director shall hold office until the annual meeting at which such director's term expires and until such director's successor shall be elected and qualified, or such director's death, resignation, retirement, disqualification or removal from office. The Board of Directors is authorized to assign members of the Board of Directors already in office to their respective class-classes. **The Class I directors or such directors successors shall hold office for a term expiring at the 2021 annual meeting of stockholders. At the 2019 annual meeting of stockholders, the Class II directors or such directors successors shall be elected to hold office for a one-year term expiring at the 2020 annual meeting of stockholders. At the 2020 annual meeting of stockholders, the Class III directors or such directors successors shall be elected to hold office for a one-year term expiring at the 2021 annual meeting of stockholders.**~~

B. Subject to the rights granted to the holders of any one or more series of Preferred Stock then outstanding, any newly created directorship on the Board of Directors that results from an increase in the number of directors and any vacancy

occurring in the Board of Directors (whether by death, resignation, retirement, disqualification, removal or other cause) shall be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director. Any director elected to fill a vacancy ~~or~~ **occurring in the Board of Directors (whether by death, resignation, retirement, disqualification, removal or other cause) shall hold office for a term equal to the then-existing remainder of the term of the director originally elected to hold the directorship now vacant and shall remain in office until such director's successor shall be elected and qualified, or such director's earlier death, resignation, retirement, disqualification or removal. Any director elected to fill** a newly created directorship **on the Board of Directors resulting from an increase in the number of directors** shall hold office ~~until the next election of the class for which such director shall have been chosen and~~ **for a term expiring at the next annual meeting of stockholders and shall remain in office** until such director's successor shall be elected and qualified, or until such director's earlier death, resignation, retirement, disqualification or removal.

C. Any **or all of the directors elected (other than the directors elected by the holders of any series of Preferred Stock of the Corporation, voting separately as a series or together with one or more other such series, as the case may be) for a term of more than one year (as well as any successor to such director if such director does not serve the entirety of such term) may be removed from office at any time but only for cause and only by the affirmative vote of a majority in voting power of all the then-outstanding shares of stock of the Corporation entitled to vote thereon, voting together as a single class. Except as set forth in the immediately preceding sentence, any** or all of the directors (other than the directors elected by the holders of any series of Preferred Stock of the Corporation, voting separately as a series or together with one or more other such series, as the case may be) may be removed from office at any time ~~but only for,~~ **with or without** cause ~~and only,~~ by the affirmative vote of a majority in voting power of all the then-outstanding shares of stock of the Corporation entitled to vote thereon, voting together as a single class.

D. Elections of directors need not be by written ballot unless the Bylaws shall so provide.

E. During any period when the holders of any series of Preferred Stock have the right to elect additional directors pursuant to the provisions of such Preferred Stock, then upon commencement and for the duration of the period during which such right continues: (i) the then otherwise total authorized number of directors of the Corporation shall automatically be increased by such specified number of directors, and the holders of such Preferred Stock shall be entitled to elect the additional directors so provided for or fixed pursuant to said provisions, and (ii) each such additional director shall serve until such director's successor shall have been duly elected and qualified, or until such director's right to hold such office terminates pursuant to said provisions, whichever occurs earlier, subject to such director's earlier death, resignation, retirement, disqualification or removal. Except as otherwise provided by the Board of Directors in the resolution or resolutions establishing such series, whenever the holders of any series of Preferred Stock having such right to elect additional directors are divested of such right pursuant to the provisions of such Preferred Stock, the terms of office of all such additional directors elected by the holders of such stock, or elected to fill any vacancies resulting from the death, resignation, disqualification or removal of such additional directors, shall forthwith terminate and the total authorized number of directors of the Corporation shall be reduced accordingly.

ARTICLE VII

LIMITATION OF DIRECTOR LIABILITY

A. To the fullest extent permitted by the DGCL or any other law of the State of Delaware (as they exist on the date hereof or as they may hereafter be amended), a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty owed to the Corporation or its stockholders.

B. Neither the amendment nor repeal of this Article VII, nor the adoption of any provision of this ~~Second~~**Third** Amended and Restated Certificate of Incorporation, nor, to the fullest extent permitted by the DGCL or any other law of the State of Delaware (as they exist on the date hereof or as they may hereafter be amended), any modification of law shall eliminate, reduce or otherwise adversely affect any right or protection of a current or former director of the Corporation existing at the time of such amendment, repeal, adoption or modification.

CONSENT OF STOCKHOLDERS IN LIEU OF MEETING, ANNUAL AND SPECIAL MEETINGS OF STOCKHOLDERS

A. Any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of such holders and may not be effected by any consent in writing by such holders; *provided, however*, that any action required or permitted to be taken by the holders of Preferred Stock, voting separately as a series or separately as a class with one or more other such series, may be taken without a meeting, without prior notice and without a vote, to the extent expressly so provided by the applicable certificate of designation relating to such series of Preferred Stock.

B. Except as otherwise required by law and subject to the rights of the holders of any series of Preferred Stock, special meetings of the stockholders of the Corporation for any purpose or purposes may be called at any time only by or at the direction of the Board of Directors or the Chair of the Board of Directors.

C. An annual meeting of stockholders for the election of directors to succeed those whose terms expire and for the transaction of such other business as may properly come before the meeting, shall be held at such place, if any, on such date, and at such time as shall be fixed exclusively by resolution of the Board of Directors or a duly authorized committee thereof.

ARTICLE IX

A. The Corporation hereby expressly elects not to be governed by Section 203 of the DGCL.

B. Notwithstanding the foregoing, the Corporation shall not engage in any business combination (as defined below), at any point in time at which the Corporation's Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act, or any successor provisions thereto, with any interested stockholder (as defined below) for a period of three (3) years following the time that such stockholder became an interested stockholder, unless:

1. prior to such time, the Board of Directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder, or
2. upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned (as defined below) at least 85% of the voting stock (as defined below) of

the Corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned by (i) persons who are directors and also officers and (ii) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer, or

3. at or subsequent to such time, the business combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66-2/3% of the outstanding voting stock of the Corporation which is not owned by the interested stockholder.

C. For purposes of this Article IX, references to:

1. affiliate means a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, another person.
2. associate, when used to indicate a relationship with any person, means: (i) any corporation, partnership, unincorporated association or other entity of which such person is a director, officer or partner or is, directly or indirectly, the owner of 20% or more of any class of voting stock; (ii) any trust or other estate in which such person has at least a 20% beneficial interest or as to which such person serves as trustee or in a similar fiduciary capacity; and (iii) any relative or spouse of such person, or any relative of such spouse, who has the same residence as such person.

- (i) any merger or consolidation of the Corporation or any direct or indirect majority-owned subsidiary of the Corporation with (a) the interested stockholder, or (b) any other corporation, partnership, unincorporated association or other entity if the merger or consolidation is caused by the interested stockholder and as a result of such merger or consolidation Section (B) of this Article IX is not applicable to the surviving entity;
 - (ii) any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), except proportionately as a stockholder of the Corporation, to or with the interested stockholder, whether as part of a dissolution or otherwise, of assets of the Corporation or of any direct or indirect majority-owned subsidiary of the Corporation which assets have an aggregate market value equal to 10% or more of either the aggregate market value of all the assets of the Corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock of the Corporation;
 - (iii) any transaction which results in the issuance or transfer by the Corporation or by any direct or indirect majority-owned subsidiary of the Corporation of any stock of the Corporation or of such subsidiary to the interested stockholder, except: (a) pursuant to the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into stock of the Corporation or any such subsidiary which securities were outstanding prior to the time that the interested stockholder became such; (b) pursuant to a merger under Section 251(g) of the DGCL; (c) pursuant to a dividend or distribution paid or made, or the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into stock of the Corporation or any such subsidiary which security is distributed, pro rata to all holders of a class or series of stock of the Corporation subsequent to the time the interested stockholder became such; (d) pursuant to an exchange offer by the Corporation to purchase stock made on the same terms to all holders of said stock; or (e) any issuance or transfer of stock by the Corporation; *provided, however*, that in no case under items (c)-(e) of this subsection (iii) shall there be an increase in the interested stockholder's proportionate share of the stock of any class or series of the Corporation or of the voting stock of the Corporation (except as a result of immaterial changes due to fractional share adjustments);
 - (iv) any transaction involving the Corporation or any direct or indirect majority-owned subsidiary of the Corporation which has the effect, directly or indirectly, of increasing the proportionate share of the

stock of any class or series, or securities convertible into the stock of any class or series, of the Corporation or of any such subsidiary which is owned by the interested stockholder, except as a result of immaterial changes due to fractional share adjustments or as a result of any purchase or redemption of any shares of stock not caused, directly or indirectly, by the interested stockholder; or

(v) any receipt by the interested stockholder of the benefit, directly or indirectly (except proportionately as a stockholder of the Corporation), of any loans, advances, guarantees, pledges, or other financial benefits (other than those expressly permitted in subsections (i)-(iv) above) provided by or through the Corporation or any direct or indirect majority-owned subsidiary.

4. control, including the terms controlling, controlled by and under common control with, means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting stock, by contract, or otherwise. For the purpose of determining whether a person is an interested stockholder, the voting stock of the Corporation deemed to be outstanding shall include stock deemed to be owned by the person through application of the definition of owner below but shall not include any other unissued stock of the Corporation which may be issuable pursuant to any agreement, arrangement or understanding, or upon exercise of conversion rights, warrants or options, or otherwise.
