PROXY STATEMENT

INFORMATION ABOUT THE MEETING AND VOTING PROCEDURES

General

This proxy statement is being furnished to you in connection with the solicitation of proxies by the Board of Directors of Cognex Corporation (Cognex or the company) for use at the 2019 Annual Meeting of Shareholders to be held at 9:00 a.m. local time on Thursday, April 25, 2019, at our headquarters at One Vision Drive, Natick, Massachusetts 01760, and at any adjournments or postponements of that meeting. Our telephone number is (508) 650-3000. At this meeting, shareholders will consider and vote on the following proposals:

1. To elect three Directors to serve for a term of three years;
 2. To ratify the selection of Grant Thornton LLP as our independent registered public accounting firm for fiscal year 2019; and
 3. To cast a non-binding advisory vote to approve executive compensation (say-on-pay).
- The Board of Directors recommends you vote your shares **FOR** each proposal. The Board knows of no other matters to be presented at this meeting.

This proxy statement is first being made available to our shareholders on or about March 13, 2019.

Voting Rights and Quorum

Shareholders of record at the close of business on March 6, 2019 (the Record Date) are entitled to receive notice of and to vote at the meeting. As of the close of business on the Record Date, there were 171,361,704 shares of our common stock outstanding and entitled to vote. Each outstanding share of our common stock entitles the record holder to one vote. Our common stock is listed and trades on the NASDAQ Global Select Market.

The holders of a majority of our common stock outstanding on the Record Date are required to be present in person or be represented by proxy at the meeting to constitute a quorum for the transaction of business. Following the determination of a quorum, the vote required for approval of the matters to be considered at the meeting is as follows:

Nominees for Director will be elected if the votes cast for such nominee s election exceed the votes cast against such nominee s election. An incumbent director who does not receive more votes for than against his or her election will promptly offer to tender his or her resignation. The resignation would be considered by the Nominating and Corporate Governance Committee and acted upon by our Board of Directors (without participation by the incumbent Director who tendered his or her resignation) within 90 days of the election. Thereafter, the Board will promptly disclose its decision whether to accept the Director s resignation in a

Current Report on Form 8-K furnished to the U.S. Securities and Exchange Commission (the SEC).

Other matters presented at the meeting require the affirmative vote of a majority of votes cast on the matter.

Treatment of Abstentions and Broker Non-Votes

We will count both abstentions and broker non-votes as present for the purpose of determining the existence of a quorum for the transaction of business. A broker non-vote refers to shares held by a broker or

Table of Contents

nominee that does not have the authority, either express or discretionary, to vote on a particular matter. For the purpose of determining the number of shares voting on a particular proposal, we will not count abstentions and broker non-votes as votes cast or shares voting. As a result, abstentions and broker non-votes, if any, will have no effect on the voting for Director elections, the ratification of the selection of our independent registered public accounting firm or the non-binding advisory proposal regarding executive compensation.

Voting Your Shares

If you received a paper copy of the proxy materials, you may vote your shares by submitting the proxy card accompanying the material for use at the meeting. Please complete, date, sign and submit the proxy card as instructed on the card. You may also vote your shares by telephone or via the Internet by following the instructions included on the proxy card or on the Notice of Internet Availability of Proxy Materials. The Internet and telephone voting facilities for shareholders of record will close at 1:00 a.m. Eastern time on April 25, 2019.

The Board recommends an affirmative vote on all proposals described in the notice for the meeting. Proxies will be voted as specified. If your proxy is properly submitted, it will be voted in the manner that you direct. **If you do not specify instructions with respect to any particular matter to be acted upon at the meeting, proxies will be voted in favor of the Board of Directors' recommendations as set forth in this proxy statement.**

You may revoke your proxy at any time before your proxy is voted at the meeting by:

Giving written notice of revocation of your proxy to the Secretary of Cognex;

Completing and submitting a new proxy card relating to the same shares and bearing a later date;

Properly casting a new vote through the Internet or by telephone at any time before the closure of the Internet or telephone voting facilities; or

Voting in person at the meeting, although meeting attendance will not, by itself, revoke a proxy.

Expense of Solicitation

The cost of this solicitation will be borne by Cognex. It is expected that the solicitation will be made primarily by delivery of these materials, but regular employees or representatives of Cognex (none of whom will receive any extra compensation for their activities) may also solicit proxies by telephone, email, fax and in person and arrange for brokerage houses and other custodians, nominees and fiduciaries to send proxy materials to their principals at our expense.

Table of Contents

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics that applies to our Board of Directors and our employees, including our named executive officers. Pre-dating this code are our company's ten corporate values, which include integrity and are the basis for ensuring that we maintain the highest ethical standards in all that we do. Copies of our company's Code of Business Conduct and Ethics and ten corporate values are available on our website at www.cognex.com under Company Investor Information Governance. We intend to disclose on our website any amendment to, or waiver of, any provision of this code applicable to our directors and named executive officers that would otherwise be required to be disclosed under the rules of the SEC or The NASDAQ Stock Market LLC (Nasdaq).

Director Independence

Our Board of Directors has determined that all of the Director nominees and incumbent Directors are independent as such term is defined in the applicable listing standards of Nasdaq, except for Robert J. Shillman and Robert J. Willett, who are executive officers of Cognex, and Patrick A. Alias, who is a non-executive employee of Cognex.

Board Leadership Structure

The positions of Chief Executive Officer and Chairman of the Board of Directors were separated in March 2011. At that time, Mr. Willett was promoted to become our Chief Executive Officer. Dr. Shillman retained his position as Chairman of the Board of Directors.

Because Dr. Shillman continues to serve as an executive officer of Cognex, our Board has appointed Anthony Sun to serve in the role of Lead Independent Director. As Lead Independent Director, Mr. Sun presides at all meetings of our Board of Directors at which the Chairman is not present, and Mr. Sun chairs the executive sessions of independent Directors, who regularly meet in executive sessions at which only independent Directors are present. Mr. Sun may also provide input regarding meeting agendas and bear such further responsibilities as our Board may designate from time to time.

Our Board believes this leadership structure promotes unified leadership and direction for the Board and management that, together with having a Lead Independent Director, assists the Board in the administration of its risk oversight responsibilities.

The Board's Role in Risk Oversight

The role of our Board of Directors in our company's risk oversight process includes receiving regular reports from management on areas of material risk to our company, including operational, financial, legal and regulatory, as well as strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate risk owner within our company so that it can understand our risk identification, risk management and risk mitigation strategies. When a committee receives the report, the Chairman of the relevant committee reports on the discussion to the full Board. This enables the Board and its committees to coordinate the risk oversight role. Our Board of Directors also administers its risk oversight function through the required approval by the Board (or a committee of the Board) of significant transactions and other material decisions, and regular periodic reports

Table of Contents

from our company's independent registered public accounting firm and other outside consultants regarding various areas of potential risk, including, among others, those relating to our cybersecurity, internal controls and financial reporting. As part of its charter, the Audit Committee discusses with management and our independent registered public accounting firm significant risks and exposures and the steps management has taken to minimize those risks.

On December 4, 2008, the Board put in place a Shareholder Rights Agreement to provide our shareholders with the opportunity to benefit from the long-term prospects and value of the company and to ensure that shareholders receive fair and equal treatment in the event of any proposed takeover of the company. The Board allowed the Shareholder Rights Agreement and associated rights to expire in accordance with their terms on December 5, 2018 without renewal.

Policy on Pledging, Hedging and Trading of Cognex Stock

Our insider trading policy governs the timing and type of transactions in Cognex stock by our Board of Directors and certain Cognex employees who have regular access to material non-public information, including our executive officers. Among other provisions, the policy:

prohibits our Directors and any Cognex employee, including our executive officers, from engaging in short sales of Cognex stock (with violators subject to immediate termination);

prohibits our Directors and executive officers from trading in exchange-traded options for Cognex stock or any other derivative security designed to hedge or offset risk of a decline in the market value of Cognex stock; and

prohibits our Directors and executive officers from pledging Cognex stock as collateral for a loan without the approval of the Compensation/Stock Option Committee of the Board of Directors.

Communications to Directors

Shareholders who wish to communicate with our Board of Directors or with a particular Director may send a letter to the Secretary of Cognex Corporation at One Vision Drive, Natick, Massachusetts 01760. The mailing envelope should contain a clear notation indicating that the enclosed letter is a Shareholder-Board Communication or

Shareholder-Director Communication. The letter should clearly state whether the intended recipients are all members of our Board or certain specified individual Directors. The Secretary will make copies of all letters and circulate them to the appropriate Director(s).

Board Meetings, Committees and Attendance

Our Board of Directors held nine meetings during 2018. During 2018, each Director attended at least 75% of the total number of meetings of the Board of Directors and meetings of the committees of which such Director was a member. Our Directors are strongly encouraged to attend the annual meeting of shareholders or the special meeting in lieu of the annual meeting; however, we do not have a formal policy with respect to attendance at that meeting. All of our Directors attended the 2018 Annual Meeting of Shareholders held on April 25, 2018.

Edgar Filing: COGNEX CORP - Form DEF 14A

The Board has three standing committees: The Compensation/Stock Option Committee, the Audit Committee and the Nominating and Corporate Governance Committee. Each committee acts according to a written charter approved by the Board. The charters are available on our website at www.cognex.com under Company Investor Information Governance. Each Director who served on a Board committee during 2018

was independent as such term is defined in the applicable listing standards of Nasdaq and SEC rules. The agenda for committee meetings is determined by its Chairman in consultation with the other members of the committee and management. The Chairman reports the actions and determinations of the committee to the full Board on a regular basis.

The following table provides current committee membership information for each of the Board committees:

Compensation/Stock Option Committee

In accordance with its written charter, the Compensation/Stock Option Committee:

Discharges the Board's responsibilities relating to the compensation of Cognex's executives, including the determination of the compensation of our Chief Executive Officer and other executive officers;

Oversees our overall compensation structure, policies and programs;

Administers our stock option and other equity-based plans;

Reviews and makes recommendations to the Board regarding the compensation of our Directors; and

Is responsible for producing the annual report included in this proxy statement.

Our Chief Executive Officer, other Cognex executives, and the Cognex Employee Services department support the Compensation/Stock Option Committee in its duties and may be delegated authority to fulfill certain administrative

duties regarding Cognex's compensation programs. In addition, our Chief Executive Officer makes recommendations to the Compensation/Stock Option Committee on an annual basis regarding salary increases, potential bonuses, and stock option grants for each of our other executive officers. Our Chief Executive Officer also has been delegated the authority to approve stock options and other equity-based awards to non-executive employees of Cognex not to exceed 80,000 shares to any one individual in the aggregate per calendar year.

The Compensation/Stock Option Committee has sole authority under its charter to retain, approve fees for, determine the scope of the assignment of, and terminate advisors and consultants as it deems necessary to assist in the fulfillment of its responsibilities. The Compensation/Stock Option Committee typically does not retain compensation consultants, but may utilize independent third-party benchmarking surveys acquired by Cognex.

Table of Contents

Committee meetings are regularly attended by our Chief Executive Officer, except when his compensation is being discussed, and may also include other executives at the invitation of the Committee. The Compensation/Stock Option Committee also meets in executive session as appropriate. The Compensation/Stock Option Committee met four times in 2018.

The full Board determines the compensation of our Directors, after considering any recommendations of the Compensation/Stock Option Committee.

Further information regarding the processes and procedures of the Compensation/Stock Option Committee for establishing and overseeing our executive compensation programs is provided under the heading Compensation Discussion and Analysis.

Audit Committee

In accordance with its written charter, the Audit Committee's general responsibilities include, among other things, the following:

Being directly responsible for the appointment, compensation, retention and termination, and oversight of the work of, Cognex's independent registered public accounting firm;

Reviewing and approving related party transactions; and

To the extent deemed necessary by the Audit Committee to carry out its responsibilities, engaging independent counsel and other advisers and determining the compensation payable to them.

For 2018, among other functions, the Audit Committee reviewed with our independent registered public accounting firm the scope of the audit for the year, the results of the audit when completed and the independent registered public accounting firm's fees for services performed. The Audit Committee also appointed the independent registered public accounting firm and reviewed with management various matters related to our internal controls. The Audit Committee held five meetings during 2018.

The Board of Directors has determined that all members of the Audit Committee are financially literate, and that each of Messrs. Krantz and Schneider qualifies as an audit committee financial expert under the rules of the SEC.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to serve as members of the Board and recommending to the Board nominees for election as Directors at each annual meeting of shareholders and when vacancies in the Board occur for any reason. The Nominating and

Table of Contents

Corporate Governance Committee is also responsible for developing and recommending to the Board a set of corporate governance guidelines to assist and guide the Board in the exercise of its responsibilities, periodically reviewing these guidelines and recommending changes deemed appropriate, and coordinating any evaluations of the Board and its committees. The Nominating and Corporate Governance Committee met one time during 2018.

In 2017, our Board amended our corporate governance guidelines to implement a policy addressing board diversity when identifying potential director nominees. The policy provides that our Nominating and Corporate Governance Committee will include women and individuals from minority groups who meet the required qualifications on the initial list of director candidates from which new board nominees are chosen. In addition, any search firm retained by the Nominating and Corporate Governance Committee will be required to abide by these guidelines.

In February 2019, the Nominating and Corporate Governance Committee met and recommended the Director nominees for election at the meeting. Robert J. Shillman, Anthony Sun and Robert J. Willett have been nominated for re-election to the Board.

Compensation/Stock Option Committee Interlocks and Insider Participation

No member of the Compensation/Stock Option Committee served as an officer or employee of Cognex or any of its subsidiaries, nor had any business relationship or affiliation with Cognex or any of its subsidiaries during 2018 other than his or her service as a Director.

Certain Relationships and Related Transactions

In accordance with its written charter, the Audit Committee conducts an appropriate review of all related party transactions for potential conflict of interest situations on an ongoing basis, and the approval of the Audit Committee is required for all related party transactions. Under our Code of Business Conduct and Ethics, any transaction or relationship engaged in by our employees that reasonably could be expected to give rise to a conflict of interest should be reported promptly to our Compliance Officer (currently, Mr. Curran), who may notify our Board of Directors or a committee thereof as he deems appropriate. Actual or potential conflicts of interest involving a Director or executive officer are required to be disclosed directly to the Chairman of our Board of Directors.

Director Nominees

When considering a potential candidate for membership on our Board of Directors, the Nominating and Corporate Governance Committee will consider any criteria it deems appropriate, including, among other things, the experience and qualifications of any particular candidate as well as such candidate's past or anticipated contributions to our Board and its committees. At a minimum, each nominee is expected to have high personal and professional integrity and demonstrated ability and judgment to be effective, with the other Directors and management, in collectively serving the long-term interests of our shareholders. Each nominee is expected to be personable and support our "Work Hard, Play Hard, Move Fast" culture. Further, each nominee is expected to have direct and significant experience in one or more industries or markets in which our company does, or plans to do, business, and/or significant senior-level management experience in functions or roles which are helpful to our company. This includes, for example, finance, accounting, legal, human resources, engineering, manufacturing, and sales and marketing.

Table of Contents

In addition to the minimum qualifications set forth above, when considering potential candidates for our Board of Directors, the Nominating and Corporate Governance Committee seeks to ensure that the Board of Directors is comprised of a majority of independent Directors, that the committees of the Board are comprised entirely of independent Directors, and that at least one member of the Audit Committee qualifies as an audit committee financial expert under SEC rules. The Nominating and Corporate Governance Committee may also consider any other standards that it deems appropriate.

The Nominating and Corporate Governance Committee and our Board seek the talents and backgrounds that would be most helpful to Cognex when selecting Director nominees. In particular, the Committee, when recommending Director candidates to the full Board for nomination, may consider whether a Director candidate, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience.

In 2017, our Board amended our corporate governance guidelines to implement a policy addressing board diversity when identifying potential director nominees. The policy provides that our Nominating and Corporate Governance Committee will include women and individuals from minority groups who meet the required qualifications on the initial list of director candidates from which new board nominees are chosen. In addition, any search firm retained by the Nominating and Corporate Governance Committee will be required to abide by these guidelines.

At our 2019 Annual Meeting of Shareholders, Robert J. Shillman, Anthony Sun and Robert J. Willett have been nominated for re-election to the Board.

In practice, the Nominating and Corporate Governance Committee generally will evaluate and consider all candidates recommended by our Directors, officers and shareholders. The Nominating and Corporate Governance Committee intends to consider shareholder recommendations for Directors using the same criteria as potential nominees recommended by the members of the Nominating and Corporate Governance Committee or others. The Nominating and Corporate Governance Committee did not receive any shareholder nominations for Director with respect to this meeting.

Shareholders who wish to submit Director candidates for consideration as nominees for election at our 2020 Annual Meeting of Shareholders should send such recommendations to the Secretary of Cognex Corporation at our executive offices on or before November 14, 2019. These recommendations must include:

the name and address of record of the shareholder;

a representation that the shareholder is a record holder of our common stock, or if the shareholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) of the Exchange Act;

the name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding ten full fiscal years of the proposed Director candidate;

a description of the qualifications and background of the proposed Director candidate which addresses the minimum qualifications described above and any other criteria for Board membership approved by the

Board from time to time;

a description of all arrangements or understandings between the shareholder and the proposed Director candidate; and

the consent of the proposed Director candidate to be named in the proxy statement, to serve as a Director if elected at such meeting, and to give our company the authority to carry out a detailed and thorough investigation of his/her educational, professional, financial and personal history.

Shareholders must also submit any other information regarding the proposed Director candidate that is required to be included in a proxy statement filed pursuant to SEC rules. See also the information under the heading Shareholder Proposals.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Board of Directors currently consists of eight Directors and is divided into three classes, with one class being elected each year for a term of three years. We are proposing that Robert J. Shillman, Anthony Sun and Robert J. Willett be elected to serve terms expiring at the 2022 Annual Meeting of Shareholders and in each case until a successor is duly elected and qualified or until sooner death, resignation or removal.

Biographical information including the key attributes and skills these director nominees bring to our Board are set forth below.

Recommendation

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF ROBERT J. SHILLMAN, ANTHONY SUN AND ROBERT J. WILLETT.

The persons named in the accompanying proxy will vote, unless authority is withheld, FOR the election of the nominees named above. Our Board of Directors anticipates that each of the nominees, if elected, will serve as a Director. If any nominee is unable to accept election, the persons named in the accompanying proxy will vote for such substitute as our Board of Directors may recommend. Should our Board not recommend a substitute for any nominee, then the proxy will be voted for the election of the remaining nominees. There are no family relationships between any incumbent Director or Director nominee and any executive officer of Cognex or its subsidiaries.

Information Regarding Directors and Director Nominees

Set forth below is information furnished to us by the Director nominees and the incumbent Directors whose terms will continue after the meeting. The biographical description for each Director and Director nominee includes his or her age, all positions he or she holds with Cognex, his or her principal occupation and business experience over the past five years, and the names of other publicly held companies for which he or she currently serves as a director or has served during the past five years. It also includes the specific experience, qualifications, attributes and skills that led to our Board's conclusion that the nominees should serve as a director of Cognex or, with respect to each Director who is not standing for election, that the Board would expect to consider if it were making a conclusion currently as to whether he or she should serve as a director.

We believe that all of our Directors have a reputation for integrity, honesty and adherence to high ethical standards. Each has demonstrated business acumen and an ability to exercise sound judgment as well as a commitment of service to Cognex and, to the extent applicable, our Board. Our Board does not currently evaluate whether incumbent Directors who are not standing for election should serve as directors, as the terms for which they were previously elected continue beyond the meeting.

COMPENSATION POLICIES AND PROCEDURES

Cognex's approach to compensation and performance management is to provide a competitive total compensation package with periodic reviews to encourage ongoing high-quality performance. We strive to hire, retain and promote talented individuals based on their achievements, to reward employees based on their overall contribution to the success of our company, and to motivate employees to continue increasing shareholder value.

In addition to salary, total compensation may include overtime pay, commissions, stock options and potential bonuses depending on the employee's job and level within Cognex. It also includes benefits consistent with our "Work Hard, Play Hard, Move Fast" culture that recognize employee achievement and encourage new levels of success, such as President's Awards, which are given annually to our top performers, and Perseverance Awards, which reward employee longevity, commitment and loyalty. Other benefits available to all employees include company-paid basic group term life insurance, basic accidental death and dismemberment insurance, an employer match of eligible compensation that employees invest in their 401(k) accounts, and tuition reimbursement.

The Compensation/Stock Option Committee oversees the compensation program for all Cognex employees. The Committee has discussed the concept of risk as it relates to our compensation program and does not believe that our compensation program is structured to encourage excessive or inappropriate risk taking for the following reasons:

Compensation consists of both fixed and variable components. The fixed portion (i.e. base salary) provides a steady income to our employees regardless of the performance of our company or stock price. The variable portion (i.e. annual company bonus, sales commissions and stock option awards) is based upon individual, company and stock price performance. This mix of compensation is designed to motivate our employees, including our named executive officers, to produce superior short- and long-term corporate performance without taking unnecessary or excessive risks to the detriment of important business metrics.

For the variable portion of compensation, the company bonus is an annual program and is focused on profitability, while the stock option program generally has a five year service-based vesting period and is focused on stock price performance. We believe that these programs provide a check on excessive risk taking because to inappropriately benefit one would be a detriment to the other. For example, focusing solely on profitability would be detrimental to our company over the long term, ultimately harming our stock price and the value of stock options.

In addition, we prohibit all hedging transactions involving Cognex stock by our Board of Directors and certain employees who have regular access to material non-public information, including our named executive officers, so that they cannot insulate themselves from the effects of poor stock performance. Further, any Cognex employee engaged in short sales of Cognex stock is subject to immediate termination.

In order for any employee to be eligible for a company bonus, Cognex must first achieve certain financial goals that are established annually by the Compensation/Stock Option Committee related to our consolidated operating income as a percentage of revenue (we refer to this metric as "operating margin"). We believe that focusing on profitability rather than other measures encourages a balanced approach to performance and emphasizes consistent behavior across the organization.

Our annual bonus program is capped for each employee at director level and above, which includes our named executive officers, which we believe mitigates excessive risk taking by limiting bonus payouts even if our company dramatically exceeds its operating margin target.

Table of Contents

Our annual bonus program has been structured around attaining a certain level of profitability for many years and we have seen no evidence that it encourages unnecessary or excessive risk taking.

The calculation of our operating margin target is defined annually by our Compensation/Stock Option Committee and is designed to keep it from being susceptible to manipulation by any employee, including our named executive officers. We have a Code of Business Conduct and Ethics that covers, among other things, accuracy of books and records. And, pre-dating this code is our company's ten corporate values, which include integrity and are the basis for ensuring we maintain the highest ethical standards in all that we do.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

We maintain a performance-based compensation philosophy. The compensation program for our named executive officers utilizes a combination of base salaries, annual bonuses and stock option awards. We target paying our named executive officers a base salary that is in the mid-range of benchmarks from Radford's Global Technology Survey, which includes executive compensation levels across a wide spectrum of technology sector companies comparable in revenue size; we establish a potential annual bonus that is market competitive and linked to individual and company performance objectives; and we grant stock options in a manner that aligns the interests of our named executive officers with those of our shareholders.

Total compensation for our named executive officers also includes other benefits that are available to Cognex employees generally. This includes Perseverance Awards (which reward employee longevity, commitment and loyalty), company-paid basic group term life insurance and basic accidental death and dismemberment insurance, an employer match of eligible compensation that employees invest in their 401(k) accounts, and tuition reimbursement.

The Compensation/Stock Option Committee, which consists entirely of independent directors, reviews and approves compensation for our named executive officers, using its judgment and experience in determining the mix of compensation.

The Committee views salary and bonuses as short-term compensation to reward our named executive officers for meeting individual and company performance objectives, and stock option awards as a reward for increasing shareholder value and improving corporate performance over the long term. The Compensation/Stock Option Committee also believes that the stock option program is instrumental in our ability to recruit, retain and motivate our high caliber employees.

Determinations with respect to compensation for a fiscal year are generally made in conjunction with our Board of Directors' approval of Cognex's annual budget for that year, which typically occurs at the end of the prior fiscal year.

Say-on-Pay Feedback from Shareholders

At our 2018 Annual Meeting of Shareholders, approximately 95% of the votes cast on the say-on-pay proposal were in favor of the approval of the compensation of our named executive officers, with approximately 5% of the votes cast against such proposal. The Compensation/Stock Option Committee believes that this shareholder vote endorses the compensation philosophy of our company, and the Compensation/Stock Option Committee did not make any changes to our executive compensation program for 2018 as a result of the say-on-pay vote by our shareholders. Based on the voting results at our 2017 Annual Meeting, and consistent with the recommendation of the Board of Directors, we will continue to conduct an advisory vote on the compensation of our named executive officers on an annual basis until the next advisory vote on the frequency of the say-on-pay vote, which we expect will occur at our 2023 Annual Meeting of Shareholders.

2018 Business Results

Cognex reported record financial results for 2018 with the highest revenue, net income and earnings per share from continuing operations in its 38-year history. Revenue was \$806 million, a 5% increase over the

Table of Contents

\$766 million reported for the prior year. This was our ninth consecutive year of record revenue from continuing operations. We were also highly profitable, reporting an operating margin of 27%. Furthermore, we spent \$204 million to repurchase our common stock and paid out \$32 million in dividends to shareholders.

During 2018, Cognex performed well in multiple end markets, including logistics, which grew by more than 50% year-on-year and generated more than \$100 million of annual revenue. Consistent with our belief that investing for the future remains key to our ongoing success, we invested a record \$116 million, or 14% of revenue, in engineering during 2018, marking the company's ninth consecutive year of RD&E growth. Cognex also continued to expand its world-wide sales force and to make strategic IT and infrastructure investments which included the implementation of an SAP® Enterprise Resource Planning system.

Our achievements in 2018 reflect the hard work and dedication of our employees, who we refer to as Cognoids, around the world and the entrepreneurial spirit that is an integral part of our corporate culture. We believe that our investments in them, including employee stock options, have contributed to our success, and that the loyalty of our people, and their unique sense of company pride and ownership, help to fuel our growth.

Compensation Program Highlights

Our executive compensation program is designed to be largely performance-based with base salary providing a steady income and the annual company bonus and stock option awards based upon individual, company and stock price performance. In its deliberations of compensation for our named executive officers, the Compensation/Stock Option Committee considers the following:

The levels of responsibility associated with each executive's position;

The past performance of the individual executive;

The extent to which individual, departmental and company-wide goals have been met;

The overall competitive environment and the level of compensation necessary to attract and retain talented and motivated individuals in key positions;

The recommendations of our Chief Executive Officer with respect to the salary increases, potential bonuses and stock option grants for those executive officers that report to him; and

The outcome of advisory shareholder votes on executive compensation (commonly known as say-on-pay proposals).

The Compensation/Stock Option Committee also considers ways to maximize deductibility of executive compensation under U.S. tax laws, while retaining the discretion of the Compensation/Stock Option Committee as is appropriate to compensate executive officers at levels commensurate with their responsibilities and achievements. Beginning in 2018, the new U.S. tax legislation impacts the company's ability to deduct annual compensation in excess

of \$1 million for anyone who served as a named executive officer in any year after 2016. The Compensation/Stock Option Committee believes that shareholder interests are best served if its discretion and flexibility in awarding compensation is not restricted, even though some compensation awards may result in non-deductible compensation expenses.

Neither Cognex nor the Compensation/Stock Option Committee typically uses compensation consultants other than independent third-party benchmarking surveys of annual compensation paid by companies in the high-technology industry, such as the Global Technology Survey described above.

Table of Contents

Base Salary

In determining the base salaries paid to our named executive officers for fiscal year 2018, the Compensation/Stock Option Committee considered, in particular, their levels of responsibility, salary increases awarded in the past, and the executive's experience and potential. The base salary approved for each of our named executive officers for fiscal year 2018 was made based on the following criteria:

Radford's Global Technology Survey of annual compensation paid by companies in the high-technology industry that have between \$750 million and \$1 billion of annual revenue, with our named executive officers salaries in 2018 falling below the 50th percentile of their respective positions;

The levels of responsibility associated with each executive's position;

The past performance of the individual employee; and

The increase in salary levels approved by our Board of Directors in the fourth quarter of 2017 in conjunction with its approval of our annual budget for fiscal year 2018.

During 2018, Mr. Willett's and Ms. DiPalma's salary remained consistent with 2017 at approximately \$375,000 and \$245,000, respectively. Mr. Curran received a salary increase of 1.67% to an annual base salary of approximately \$305,000 in 2018. Consistent with prior years, Dr. Shillman elected to forgo his annual salary for 2018 and, as requested by him, we donated this amount to a public charity.

Annual Company Bonuses

The Compensation/Stock Option Committee views annual company bonuses as a way to reward employees for meeting individual and company performance objectives. Cognex employees, including our named executive officers, are eligible to participate in the performance-based annual company bonus program except for those employees on a sales commission plan. The Compensation/Stock Option Committee approves the annual company bonus plan in conjunction with our Board of Directors' approval of Cognex's annual budget, which typically takes place at the end of the prior fiscal year.

The annual company bonus plan is designed to be variable. In order for any employee to be eligible for an annual company bonus, Cognex must first achieve financial goals set forth in the annual budget related to budgeted non-GAAP consolidated operating income as a percentage of revenue (we refer to this metric as "operating margin"). Once the operating margin criterion is met, the amount each employee at director level and above, which includes our named executive officers, receives depends upon the achievement of individual performance goals, which are established annually.

The Compensation/Stock Option Committee determined that operating margin is an appropriate metric for our bonus plan because the Committee believes employee performance is integral in achieving desired levels of company profitability. Non-GAAP operating income as used in the calculation of operating margin for purposes of our bonus program is calculated by adjusting our operating income as determined in accordance with generally accepted accounting principles (GAAP) for certain items including expense related to stock options and other equity-based

awards and foreign currency gains or losses.

In order for any cash bonus to be paid to an employee, a minimum level of operating margin for the company must be achieved. Once the minimum level has been achieved, each employee's eligible bonus is calculated as follows:

If the actual operating margin is above the minimum level but below the operating margin target in the annual budget, each employee is eligible to receive up to a pro-rata portion of his or her target bonus;

Table of Contents

If the actual operating margin is equal to the operating margin target in the annual budget, each employee is eligible to receive up to 100% of his or her target bonus; and

If the actual operating margin is above the operating margin target in the annual budget, all exempt employees are eligible to receive an additional amount depending upon his or her grade level up to a maximum level approved by the Compensation/Stock Option Committee. The payout is scaled in such a way that this additional amount is funded by a portion of the incremental operating income above Cognex's operating margin target. (Exempt employees are those employees who receive an annual salary and are exempt from certain wage and hour laws.)

The Compensation/Stock Option Committee approves the target bonus for each employee at the vice president level and above, which includes our named executive officers, and the amount by which each individual can participate in any increase due to company performance in excess of the operating margin target. The target bonus amount is based upon a percentage of base salary with the percentage based upon the individual's level of responsibility. Individual performance goals are established annually and generally relate to near-term strategic, financial and operational performance that supports the company's business objectives. A weighting is assigned to each individual performance goal. For fiscal year 2018:

The target bonus for Dr. Robert J. Shillman, our Executive Chairman, was \$100,000, with the opportunity to earn 0-250% of this amount based on company performance and the achievement of individual performance goals;

The target bonus for Robert J. Willett, our President and Chief Executive Officer, was \$243,750, with the opportunity to earn 0-325% of this amount based on company performance and the achievement of individual performance goals;

The target bonus for John J. Curran, our Senior Vice President and Chief Financial Officer, was \$152,500, with the opportunity to earn 0-200% of this amount based on company performance and the achievement of individual performance goals; and

The target bonus for Sheila M. DiPalma, our Senior Vice President of Corporate Employee Services, was \$104,125, with the opportunity to earn 0-175% of this amount based on company performance and the achievement of individual performance goals.

The Compensation/Stock Option Committee believes that the payment of an annual company bonus based upon the achievement of company and individual performance goals is an appropriate way to reward our named executive officers for meeting performance objectives while also achieving desired levels of company profitability.

For 2018, the operating margin target, as calculated for bonus purposes, was consistent with our long-term financial objectives. The actual operating margin achieved for bonus purposes was 32.4%, which was below the target. As a result, each of our named executive officers was eligible to receive up to 82% of the individual's bonus target. The annual bonuses for 2018 for our named executive officers are listed under the heading Executive Compensation Summary Compensation Table and will be paid in the first quarter of 2019. Consistent with prior years, Dr. Shillman elected to forgo his 2018 bonus, and, as requested by him, we will donate this amount to a public charity.

Stock Option Awards

Cognex's stock option program is intended to reward the majority of our eligible exempt employees, which includes our named executive officers, for their efforts in building shareholder value and improving corporate performance over the long term. The Compensation/Stock Option Committee believes that the stock option program is instrumental in our ability to recruit, retain and motivate our high caliber employees.

The Compensation/Stock Option Committee approves the options granted to our named executive officers on an individual basis. Our Chief Executive Officer has been delegated the authority to approve stock options and other equity-based awards to our non-executive employees not to exceed 80,000 shares to any one individual in the aggregate per calendar year.

Each year, the Compensation/Stock Option Committee determines the stock options to be granted to current employees in the form of annual grants by considering, among other factors, the impact of the options on shareholder dilution. We have always been, and will continue to be, sensitive to shareholders' concerns about the increase in the number of outstanding shares caused by new option grants. In that regard, we have kept our yearly option grants relatively flat over the past ten years. In 2018, our option grants consisted of only 1.74% of the average outstanding shares in 2018. We have also reduced share dilution by repurchasing Cognex stock on the open market during that period. As a result, the number of outstanding shares has decreased by about 1% from 2013 to 2018 (disregarding the impact of stock splits effected through the issuance of stock dividends). We intend to continue to actively manage our use of shares each year.

Mr. Willett and Mr. Curran participated in our annual stock option grants, which were completed in the first quarter of 2018. Their annual option grants were consistent with the vesting schedules and expiration dates of the majority of grants made to our other employees. Ms. DiPalma did not participate in our annual stock option grants because Ms. DiPalma received a special grant at the end of 2017 in connection with her promotion to Senior Vice President. Dr. Shillman declined to accept an annual option award when offered by the Compensation/Stock Option Committee as he feels that he has been adequately rewarded in the past and would prefer that any options that would be granted to him be available for granting to other employees.

Our policy is to grant stock options on certain fixed dates. The annual grants are predetermined to occur each year on the fourth Monday in January of such year. The options for employees hired or promoted during a month are granted on the last Monday of that month. If any such Monday falls within a designated quiet period, then the grants will instead be made on the first Monday following the completion of the quiet period. If Nasdaq is closed on the appropriate Monday as described above, then the grants will instead be made on the next day that Nasdaq is open for trading. The Compensation/Stock Option Committee retains the discretion to grant options at such other times as it may otherwise deem appropriate. The exercise price for all stock options granted equals the closing price of our common stock on Nasdaq on the date of grant.

The Compensation/Stock Option Committee believes that the primary purpose of stock option awards is to align employee interests with the interests of our shareholders, and to provide our employees, including our named executive officers, with incentives to increase shareholder value over time. Change of control transactions typically represent events where our shareholders are realizing the value of their equity interests in our company. We believe it is appropriate for our Directors and named executive officers to share in this realization of shareholder value.

All stock option agreements covering the unvested options held by our non-employee Directors, Dr. Shillman, and Messrs. Alias and Curran, and the November 2017 options held by Ms. DiPalma, provide for

such options to vest immediately upon a change of control of Cognex. All options held by Mr. Willett are subject to immediate vesting if there is both a change in control of Cognex and his employment is involuntarily terminated within twelve months following such transaction. In providing for the immediate vesting of options held by Mr. Curran and Ms. DiPalma, the Compensation/Stock Option Committee noted that, given their roles with Cognex, it was unlikely that their employment with Cognex would be continued following a change of control transaction.

We do not have a stock ownership policy for our named executive officers or members of our Board of Directors.

- (3) No amounts listed in this column for each year, presented individually, equal or exceed \$10,000 except for a \$15,000 payment made to Ms. DiPalma for travel, lodging and entertainment for Ms. DiPalma's 20-year Perseverance Award, which all Cognex employees and Directors are eligible to receive.

Discussion of Summary Compensation and Grants of Plan-Based Awards Tables

Compensation to our named executive officers consists primarily of salary, bonus and stock option awards as well as other benefits which are also available to all Cognex employees generally. These benefits include company-paid basic group term life insurance, basic accidental death and dismemberment insurance, an employer match of eligible compensation that employees invest in their 401(k) accounts, tuition reimbursement, and benefits consistent with our Work Hard, Play Hard, Move Fast culture such as Perseverance Awards, which reward employee longevity, commitment, and loyalty. Cognex's executive compensation policies, pursuant to which the compensation set forth in the Summary Compensation Table and Grants of Plan-Based Awards Table was paid or awarded, are described under the heading Compensation Discussion and Analysis.

During 2018, Mr. Willett's and Ms. DiPalma's salary remained consistent with 2017 at approximately \$375,000 and \$245,000, respectively. Mr. Curran received a salary increase of 1.67% to an annual base salary of approximately \$305,000 in 2018. Consistent with prior years, Dr. Shillman elected to forgo his annual salary for 2018 and, as requested by him, we donated this amount to a public charity.

Cognex provides each named executive officer with the opportunity to earn a cash bonus pursuant to a performance-based annual company bonus program that is based first on the achievement of the consolidated financial goal set forth in Cognex's annual budget related to non-GAAP operating income as a percentage of revenue (we refer to this metric as operating margin), and then on the achievement of individual performance goals, which are also established annually. The Compensation/Stock Option Committee approves the target

bonus for each named executive officer. For 2018, the target bonus for Dr. Shillman was \$100,000, with the opportunity to earn 0-250% of this amount; the target bonus for Mr. Willett was \$243,750, with the opportunity to earn 0-325% of this amount; the target bonus for Mr. Curran was \$152,500, with the opportunity to earn 0-200% of this amount; and the target bonus for Ms. DiPalma was \$104,125, with the opportunity to earn 0-175% of this amount.

Cognex's actual consolidated operating margin for 2018 bonus purposes was 32.4%, which was below the target. As a result, each of our named executive officers was eligible to receive up to 82% of the individual's bonus target. Dr. Shillman achieved 92.6% of his individual performance goals, Mr. Willett achieved 88.2% of his individual performance goals, Mr. Curran achieved 67.7% of his individual performance goals, and Ms. DiPalma achieved 86.0% of her individual performance goals.

During 2018, Mr. Willett and Mr. Curran participated in our annual stock option grants, which were completed in the first quarter of 2018. Their annual option grants were consistent with the vesting schedules and expiration dates of the majority of grants made to our other employees. Ms. DiPalma did not participate in our annual stock option grants because Ms. DiPalma received a special grant at the end of 2017 in connection with her promotion to Senior Vice President. Dr. Shillman declined to accept an annual option award when offered by the Compensation/Stock Option Committee as he feels that he has been adequately rewarded in the past and would prefer that any options that would be granted to him be available for granting to other employees. A total of 2,997,200 options were granted to Cognex employees in fiscal year 2018.

Table of Contents**EMPLOYMENT AGREEMENT WITH ROBERT J. WILLETT**

We entered into an employment agreement with Mr. Willett in June 2008 when he joined our company as Executive Vice President and President of the Modular Vision Systems Division, which entitles him to receive benefits that are available to all Cognex employees generally.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

All stock option agreements covering the unvested options held by our non-employee Directors, Dr. Shillman, and Messrs. Alias and Curran, and the November 2017 options held by Ms. DiPalma, provide for such options to vest immediately upon a change of control of Cognex, which is defined as a corporate transaction in which the holders of Cognex common stock before the transaction control less than 51% of the stock of Cognex or any successor corporation after the transaction.

All stock option agreements covering unvested options held by Mr. Willett provide for any unvested options held by him to become fully vested if the following two conditions are met: 1) there is a change in control of Cognex (as defined above) and 2) his employment is involuntarily terminated within twelve months following such transaction. Mr. Willett's employment will be considered to be involuntarily terminated if Cognex terminates his employment without cause or he resigns his employment for good reason. Cause means his willful and continued failure to perform substantially his duties with Cognex (other than any failure resulting from incapacity due to physical or mental illness), or his willful engagement in illegal conduct or gross misconduct which is materially injurious to Cognex.

Good reason means a material diminution in his duties or responsibilities (excluding for this purpose any diminution related solely to Cognex ceasing to be a public reporting company), or the requirement to be based at any office or location that is more than 50 miles from his current office.

The following table indicates the amount of unvested shares held by each named executive officer that would have become fully exercisable assuming that with respect to Dr. Shillman's, Mr. Curran's and Ms. DiPalma's option grants, a change of control of Cognex occurred at December 31, 2018, and with respect to the options granted to Mr. Willett, the termination of his employment occurred in the circumstances described above at December 31, 2018 following a change of control. These amounts are estimates only and do not necessarily reflect the actual number of shares that would accelerate or their value, which would only be known at the time that the individual becomes entitled to the accelerated vesting of his options.

Name	Number of Option Shares That Would Have Accelerated Vesting	Value of Option Shares That Would Have Accelerated Vesting(1)

Robert J. Willett	1,115,000	\$ 16,789,300
John J. Curran	375,000	\$ 2,289,625
Sheila M. DiPalma	88,000	\$

(1) Amounts shown in this column are based on the positive difference, if any, between the closing price of our common stock on Nasdaq on December 31, 2018 (\$38.67) and the exercise prices for such options.

CEO Pay Ratio

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Robert J. Willett, our President and Chief Executive Officer. For 2018, our last completed fiscal year:

The median of the annual total compensation of all employees of our company (other than our Chief Executive Officer) was \$80,625; and

The annual total compensation of our Chief Executive Officer, as reported in the Summary Compensation Table included elsewhere in this proxy statement, was \$2,562,093.

Based on this information, for 2018, the ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all employees was approximately 32 to 1.

We believe our CEO Pay Ratio for 2018 demonstrates our pay-for-performance philosophy. Our compensation program consists of both fixed and variable components, and is designed to motivate all employees to produce superior short- and long-term corporate performance. The approximate ratio of our CEO's salary to the salary of our median employee was a relatively low 5 to 1 because the fixed portion of our CEO's compensation was set below the 50th percentile of his position per the Radford Global Technology Survey. Given our CEO's level of responsibility, experience and potential, the Compensation/Stock Option Committee awards him a mix of compensation with a higher variable component (i.e. annual company bonus and stock option awards) that is based upon individual, company and stock price performance. As a result, a substantial percentage of our CEO's total compensation is at risk every year, providing him with greater incentive to increase shareholder value and improve corporate performance over the long term.

To identify the median of the annual total compensation of all our employees for 2018, as well as to determine the annual total compensation of our median employee and our Chief Executive Officer, we took the following steps:

We selected October 2, 2018, which is within the last three months of 2018, as the date upon which we would identify a new median employee to allow sufficient time to identify the median employee given the global scope of our operations.

We determined that, as of October 2, 2018, our employee population consisted of approximately 2,030 individuals working for Cognex and its consolidated subsidiaries, with approximately 44% of these individuals located in the United States, 31% in Asia and 25% in Europe. This population consisted of our full-time, part-time and temporary employees. We do not have seasonal employees, and we excluded independent contractors.

To identify the median employee from our employee population, we examined the annual base salary, annual bonus target and annual sales commissions for 2018 for all full-time, part-time and temporary

employees employed by Cognex and its consolidated subsidiaries at the start of business on October 2, 2018. We believe these pay elements are appropriate because it was impractical to gather actual data from multiple payroll systems utilized to pay our worldwide workforce, and the actual achievement of the variable portion of compensation can vary widely from year to year.

No adjustments were made for cost-of-living differences; and

An average 2018 U.S. dollar exchange rate was applied to compensation reported in a foreign currency.

All employees except for our CEO were ranked from lowest to highest with the median determined from this list.

Once we identified our median employee, we combined all of the elements of such employee's compensation for 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$80,625.

With respect to the annual total compensation of our Chief Executive Officer, we used the amount reported in the Total column of our Summary Compensation Table included in this proxy statement under the heading Executive Compensation .

**PROPOSAL 2: RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Grant Thornton LLP (Grant Thornton) as Cognex's independent registered public accounting firm to examine the consolidated financial statements of Cognex and its subsidiaries for the fiscal year ended December 31, 2019. Grant Thornton has served as Cognex's independent registered public accounting firm since 2007. Although ratification by shareholders is not required by law or by our By-laws, the Audit Committee believes that submission of its selection to shareholders is a matter of good corporate governance. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time if the Audit Committee believes that such a change would be in the best interests of our company and its shareholders. If our shareholders do not ratify the selection of Grant Thornton, the Audit Committee will take that fact into consideration, together with such other factors as it deems relevant, in determining its next selection of an independent registered public accounting firm. A representative of Grant Thornton is expected to be present at our 2019 Annual Meeting of Shareholders, and will have the opportunity to make a statement if he or she so desires and to respond to appropriate questions.

Recommendation

OUR BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE SELECTION OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2019.

Fees Paid to Independent Registered Public Accounting Firm and Other Matters

The aggregate fees charged or expected to be charged by Grant Thornton and its affiliates for services rendered during 2017 and 2018 are as follows:

Type of Fee	2018	2017
Audit Fees	\$ 1,146,376	\$ 1,078,763
Audit-Related Fees	\$ 10,400	\$
Tax Fees	\$	\$
All Other Fees	\$	\$

Audit Fees. These are fees for services rendered in connection with the audit of the annual financial statements included in our Annual Report on Form 10-K; the review of the financial statements included in our Quarterly Reports on Form 10-Q; the audit of our internal control over financial reporting; and for services that are normally provided by an independent auditor in connection with statutory and regulatory filings or engagements.

Audit-Related Fees. These are fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements or our company's internal control over financial reporting. Audit-related fees for 2018 include services rendered in connection with the filing of a Form S-8 Registration Statement.

Tax Fees. These are fees for tax compliance, planning and preparation, and tax consulting and advice.

All Other Fees. These are fees for any service not included in the first three categories.

Audit Committee's Pre-Approval Policies

The Audit Committee pre-approves all auditing services and the terms of such services and non-audit services provided by Cognex's independent registered public accounting firm, but only to the extent that the non-audit services are not prohibited under applicable law and the Audit Committee reasonably determines that the non-audit services do not impair the independence of the independent registered public accounting firm. The authority to pre-approve non-audit services may be delegated to one or more members of the Audit Committee, who present all decisions to pre-approve an activity to the full Audit Committee at its first meeting following such decision.

The pre-approval requirement is waived with respect to the provision of non-audit services for Cognex if:

the aggregate amount of all such non-audit services provided to us constitutes not more than 5% of the total amount of fees paid by us to the independent registered public accounting firm during the fiscal year in which such non-audit services were provided;

those services were not recognized at the time of the engagement to be non-audit services; and

those services are promptly brought to the attention of the Audit Committee and approved prior to the completion of the audit by the Audit Committee or by one or more of its members to whom authority to grant such approvals has been delegated by the Audit Committee.

The Audit Committee approved all audit and audit-related services provided to Cognex by Grant Thornton during fiscal years 2017 and 2018. There were no non-audit services provided to Cognex by Grant Thornton for fiscal years 2017 and 2018 that required review by the Audit Committee.

PROPOSAL 3: EXECUTIVE COMPENSATION (SAY-ON-PAY)

We are providing our shareholders with the opportunity to vote on a non-binding, advisory resolution to approve the compensation paid to our named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion. This proposal, commonly known as a say-on-pay proposal, gives our shareholders the opportunity to express their views on our named executive officers' compensation. At our 2017 Annual Meeting, a majority of votes were cast in favor of holding annual say-on-pay votes. Based on these results, and consistent with the recommendation of the Board of Directors, we will continue to conduct an advisory vote on the compensation of our named executive officers on an annual basis until the next advisory vote on the frequency of such say-on-pay votes, which we expect will occur at our 2023 Annual Meeting of Shareholders.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our shareholders to vote **FOR** the following resolution at the meeting:

RESOLVED, that the compensation paid to Cognex's named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Total compensation for our named executive officers consists primarily of salary, bonus and stock option awards as well as other benefits which are also available to all Cognex employees generally. Salary and bonuses are viewed as short-term compensation to reward our named executive officers for meeting individual and company performance objectives, and stock option awards are viewed as a reward for increasing shareholder value and improving corporate performance over the long term. We also believe that stock option awards promote the retention of talented employees. Determinations with respect to compensation for a fiscal year are generally made in conjunction with our Board of Directors' approval of Cognex's annual budget for that year, which typically takes place at the end of the prior fiscal year.

The compensation philosophy and programs for our named executive officers are set forth under the headings Compensation Discussion and Analysis and Executive Compensation.

Recommendation

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS SAY-ON-PAY PROPOSAL.

The resolution that is the subject of this proposal is advisory in nature and, therefore, is not binding on Cognex, the Compensation/Stock Option Committee or our Board of Directors. However, the Compensation/Stock Option Committee intends to take the results of the vote on this proposal into account when considering future decisions regarding the compensation of our named executive officers.
