NOTICE REGARDING PRESENTATION

OF OUR MINERAL RESERVE AND MINERAL RESOURCE ESTIMATES

Our mineral reserves and mineral resources have been calculated in accordance with National Instrument 43-101 *Standards of Disclosure for Mineral Projects* (**NI 43-101**), as required by Canadian securities regulatory authorities.

Table of Contents

For United States reporting purposes, the SEC has adopted amendments to its disclosure rules to modernize the mineral property disclosure requirements for issuers whose securities are registered with the SEC under the U.S. Securities Exchange Act of 1934, as amended (the **Exchange Act**). These amendments became effective February 25, 2019 (the **SEC Modernization Rules**). The SEC Modernization Rules replace the historical property disclosure requirements for mining registrants that were included in SEC Industry Guide 7, which was rescinded. As a result of the adoption of the SEC Modernization Rules, the SEC now recognizes estimates of measured mineral resources, indicated mineral resources and inferred mineral resources. In addition, the SEC has amended its definitions of proven mineral reserves and probable mineral reserves to be substantially similar to the corresponding Canadian Institute of Mining, Metallurgy and Petroleum definitions, as required by NI 43-101.

United States investors are also cautioned that while the SEC will now recognize measured mineral resources, indicated mineral resources and inferred mineral resources, investors should not to assume that any part or all of the mineral deposits in these categories will ever be converted into a higher category of mineral resources or into mineral reserves. These terms have a great amount of uncertainty as to their economic and legal feasibility. Accordingly, investors are cautioned not to assume that any measured mineral resources, indicated mineral resources, or inferred mineral resources that we report in this Prospectus are or will be economically or legally mineable.

Further, inferred resources have a great amount of uncertainty as to their existence and as to whether they can be mined legally or economically. In accordance with Canadian rules, estimates of inferred mineral resources cannot form the basis of feasibility or other economic studies, except in limited circumstances where permitted under NI 43-101.

THIRD PARTY DATA

Any reference to Tier One gold assets¹ of Barrick senior gold peers² included in this Prospectus is based on data obtained from Wood Mackenzie as of August 31, 2018 or in relation to Newmont, certain more recent information provided by Newmont which Barrick has not independently verified. Wood Mackenzie is an independent third-party research and consultancy firm that provides data for, among others, the metals and mining industry. Neither Wood Mackenzie nor Newmont is affiliated with Barrick.

Where figures for Barrick are compared to its senior gold peers,² other than Newmont, the data from Wood Mackenzie has been used to ensure consistency in the compared measure for Barrick and the comparator group. Barrick does not have the ability to verify the Wood Mackenzie figures, other than with respect to its own mines, and the non-GAAP financial performance measures used by Wood Mackenzie may not correspond to the non-GAAP financial performance measures calculated by Barrick or any of its senior gold peers. Please also refer to the heading Use of Non-GAAP Financial Performance Measures provided above and the heading Endnotes provided below.

ENFORCEABILITY OF CERTAIN CIVIL LIABILITIES

We have appointed an agent for service of process in the United States, but it may be difficult for holders of Securities who reside in the United States to effect service within the United States upon those directors, officers and experts who are not residents of the United States. It may also be difficult for holders of the Securities who reside in the United States to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of our directors and officers and experts under United States federal securities laws.

We have filed with the SEC, concurrently with the registration statement on Form F-10, an appointment of agent for service of process on Form F-X. Under the Form F-X, we have appointed CT Corporation System as our agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against us in a United States court arising out of or related to or concerning the offering of the Securities under the registration statement.

Additionally, it might be difficult for shareholders to enforce judgments of the United States courts based solely upon civil liability provisions of the United States federal securities laws or the securities or blue sky laws of any state within the

PRESENTATION OF FINANCIAL INFORMATION

Barrick presents its financial statements in United States dollars and its financial statements are prepared in accordance with IFRS, as issued by the IASB. Unless otherwise indicated, financial information included or incorporated by reference in this Prospectus has been prepared in accordance with IFRS, as issued by IASB. As a result, certain financial information

included or incorporated by reference in this Prospectus may not be comparable to financial information prepared by companies in the United States. Certain calculations included in tables and other figures in this Prospectus have been rounded for clarity of presentation.

RISK FACTORS

An investment in the Securities involves certain risks. A prospective purchaser of Securities should carefully consider the risks and uncertainties described in the documents incorporated by reference into this Prospectus (including subsequently filed documents incorporated by reference into this Prospectus) and, if applicable, those described in a Prospectus Supplement relating to a specific offering of Securities. Discussions of certain risks and uncertainties affecting our business are provided in our Annual Information Form and our Annual Management's Discussion and Analysis (or, as applicable, our annual information form and our management's discussion and analysis for subsequent periods), each of which is incorporated by reference into this Prospectus. These are not the only risks and uncertainties that we face. Additional risks not presently known to us or that we currently consider immaterial may also materially and adversely affect us. If any of the events identified in these risks and uncertainties were to actually occur, our business, financial condition or results of operations could be materially harmed.

In addition, prospective purchasers of Securities should carefully consider, in light of their own financial circumstances, the risk factors set out below, as well as the other information contained in this Prospectus (including the documents incorporated by reference herein) and in all subsequently filed documents incorporated by reference and those described in a Prospectus Supplement relating to a specific offering of Securities, before making an investment decision.

There is no existing public market for the Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units and a market may not develop.

There is currently no market through which the Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units may be sold and purchasers of Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units may not be able to resell such Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units purchased under this Prospectus. There can be no assurance that an active trading market will develop for the Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units after an offering or, if developed, that such market will be sustained. This may affect the pricing of the Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units in the secondary market, the transparency and availability of trading prices, the liquidity of the Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units and the extent of issuer regulation.

The public offering prices of the Securities may be determined by negotiation between Barrick and underwriters, dealers or agents based on several factors and may bear no relationship to the prices at which the Securities will trade in the public market subsequent to such offering, if any public market develops. See "Plan of Distribution".

Prevailing interest rates will affect the market price or value of the Debt Securities.

The market price or value of the Debt Securities will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

The Debt Securities will not be secured by assets of Barrick.

Holders of secured indebtedness of Barrick would have a claim on the assets securing such indebtedness that effectively ranks prior to the claim of holders of Debt Securities and would have a claim that ranks equal with the claim of holders of senior Debt Securities and senior to the claim of holders of subordinated Debt Securities to the extent that such security did not satisfy the secured indebtedness. Furthermore, although covenants given by Barrick in various agreements may restrict incurring secured indebtedness, such indebtedness may, subject to certain conditions, be incurred by us in the future.

Subordination.

The Debt Securities will be senior or subordinated indebtedness as described in the relevant Prospectus Supplement. In the event of the insolvency or winding-up of Barrick, any subordinated Debt Securities would be subordinated and postponed

Table of Contents

in right of payment to the prior payment in full of all other liabilities and indebtedness of Barrick, other than indebtedness that, by its terms, ranks equally with, or subordinate to, such subordinated Debt Securities.

Potential Dilution.

Our notice of articles and articles on continuation, each dated as of and effective on November 27, 2018 (collectively, the **Articles**), allow us to issue an unlimited number of Common Shares for such consideration and on such terms and conditions as shall be established by our Board of Directors, in many cases, without the approval of our shareholders. We may issue Common Shares in public or private offerings (including through the sale of Securities convertible into or exchangeable for Common Shares) and on the exercise of stock options or other securities exercisable for Common Shares. We may also issue Common Shares to finance or as consideration for future acquisitions and other projects or in connection with the establishment or development of strategic relationships. Any such future issuances of Common Shares could be significant and we cannot predict the effect that future issuances and sales of Common Shares will have on the market price of the Common Shares. Issuances of a substantial number of additional Common Shares, or the perception that such issuances could occur, may adversely affect prevailing market prices for our Common Shares. With any additional issuance of Common Shares, investors will suffer dilution to their voting power and we may experience dilution in our earnings per share.

Foreign Currency Risks.

Securities denominated or payable in foreign currencies may entail significant risks, and the extent and nature of such risks change continuously. These risks include, without limitation, the possibility of significant fluctuations in the foreign currency market, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending on the currency or currencies involved. Prospective purchasers should consult their own financial and legal advisors as to the risks entailed in an investment in Securities denominated in currencies other than the currency primarily used by such purchaser. Such Securities are not an appropriate investment for investors who are unsophisticated with respect to foreign currency transactions.

BARRICK

Overview

Barrick is a corporation continued under the *Business Corporations Act* (British Columbia). Barrick originally existed under the *Business Corporations Act* (Ontario) resulting from the amalgamation, effective July 14, 1984, under the laws of the Province of Ontario, of Camflo Mines Limited, Bob-Clare Investments Limited and the former Barrick Resources Corporation. By articles of amendment effective December 9, 1985, Barrick changed its name to American Barrick Resources Corporation. Effective January 1, 1995, as a result of an amalgamation with a wholly-owned subsidiary, Barrick changed its name from American Barrick Resources Corporation to Barrick Gold Corporation. In connection with its acquisition of Placer Dome Inc., Barrick amalgamated with Placer Dome Inc. pursuant to articles of amalgamation dated May 9, 2006. On January 1, 2009, Barrick amalgamated with its wholly-owned subsidiary, Arizona Star Resource Corp. Barrick continued under the *Business Corporations Act* (British Columbia) effective November 27, 2018. On January 1, 2019, Barrick completed its share-for-share merger with Randgold. Following the merger, Randgold was renamed Barrick Gold (Holdings) Limited. Barrick's head office is located at Brookfield Place, TD Canada Trust Tower, Suite 3700, 161 Bay Street, P.O. Box 212, Toronto, Ontario, Canada, M5J 2S1. Barrick's registered office is located at 1600 925 West Georgia Street, Vancouver, British Columbia, Canada, V6C 3L2.

The Barrick-Randgold Merger on January 1, 2019 has created a sector-leading gold mining company with five Tier One gold assets and a diversified asset portfolio positioned for growth in many of the world's most prolific gold

districts.¹ The combination of Barrick and Randgold holds interests in thirteen producing gold mines, which are located in Argentina, Australia, Canada, Côte d'Ivoire, the Democratic Republic of Congo, the Dominican Republic, Mali, Papua New Guinea, Peru and the United States. We also hold a 63.9% equity interest in Acacia, a company listed on the London Stock Exchange that owns gold mines and exploration properties in Africa, principally in Tanzania. Our copper business contains a wholly owned copper mine in Zambia and 50% interests in copper mines in Chile and Saudi Arabia. We also have projects located throughout the Americas and Africa. We sell our production in the world market through the following distribution channels: gold bullion is sold in the gold spot market; and gold and copper concentrate is sold to independent smelting companies.

Barrick changed its ticker symbol on the NYSE from ABX to GOLD beginning on the merged company's first day of trading on January 2, 2019. Barrick continues to trade on the TSX under the symbol ABX.

RECENT DEVELOPMENTS

On March 10, 2019, Barrick and Newmont entered into an implementation agreement (the **Implementation Agreement**) to create a joint venture combining their respective mining operations, assets, reserves and talent in Nevada (the **Barrick-Newmont Joint Venture**).

The Barrick-Newmont Joint Venture is an historic accord between the two gold mining companies, which have operated independently in Nevada for decades, but have previously been unable to agree terms for cooperation. The Barrick-Newmont Joint Venture is expected to allow Barrick and Newmont to capture an estimated \$500 million in average annual pre-tax synergies in the first five full years of the combination, which is projected to total \$5 billion pre-tax net present value³ over a 20-year period.

Following the completion of the Barrick-Newmont Joint Venture, the Nevada complex will be the world's single-largest gold producer, with a pro forma output of more than four million ounces in 2018, three Tier One gold assets,¹ potentially another one in the making, and 48 million ounces of reserves.^{4,5,6}

The establishment of the Barrick-Newmont Joint Venture is subject to the usual conditions, including regulatory approvals, and is expected to be completed in the coming months. The joint venture will exclude Barrick's Fourmile project and Newmont's Fiberline and Mike deposits, pending the determination of their commercial feasibility.

As a result of the Implementation Agreement, Barrick has withdrawn its Newmont acquisition proposal announced on February 25, 2019, and its proposals for the Newmont annual general meeting submitted on February 22, 2019.

SHARE STRUCTURE

Barrick's authorized share capital consists of an unlimited number of common shares. As of March 11, 2019, we had 1,751,981,799 Common Shares issued and outstanding.

CONSOLIDATED CAPITALIZATION

On January 1, 2019, we issued 583,669,178 Common Shares to former Randgold shareholders in connection with the Barrick-Randgold Merger. On January 14, 2019, we issued 465,711 Common Shares to Barrick shareholders in connection with our Dividend Reinvestment Plan. There have been no material changes in our loan capital, on a consolidated basis, from December 31, 2018 to the date of this Prospectus.

EARNINGS COVERAGE RATIOS

The applicable Prospectus Supplement will provide, as required, the earnings coverage ratios with respect to the issuance of Securities pursuant to such Prospectus Supplement.

USE OF PROCEEDS

Unless otherwise specified in a Prospectus Supplement, we intend to use the net proceeds from the sale of Securities for general corporate purposes. Specific information about the use of net proceeds of any offering of Securities under this Prospectus will be set forth in the applicable Prospectus Supplement. We may invest funds which we do not

immediately use. Such investments may include short-term marketable investment grade securities denominated in Canadian dollars, United States dollars or other currencies. We may, from time to time, issue securities other than pursuant to this Prospectus.

DIVIDENDS

Barrick's practice has been to declare dividends following a fiscal quarter in its announcement of the results for such quarter. Dividends declared are paid in the same quarter. On October 24, 2018, our Board of Directors declared a third quarter dividend of US\$0.03 per Common Share, which was paid on December 17, 2018 to holders of record on November 30, 2018. On December 17, 2018, our Board of Directors declared a fourth quarter dividend of US\$0.07 per Common Share, which was paid on January 14, 2019 to holders of record on December 28, 2018.

Barrick's dividend reinvestment plan resulted in 1,249,477 Common Shares issued to shareholders for the year ended December 31, 2018. The amount and timing of any dividends is within the discretion of Barrick's Board of Directors. The Board of Directors reviews the dividend policy quarterly based on, among other things, our current and projected liquidity profile.

DESCRIPTION OF SECURITIES OFFERED

Common Shares

There are no limitations contained in the Articles of Barrick or the *Business Corporations Act* (British Columbia) on the ability of a person who is not a Canadian resident to hold Common Shares or exercise the voting rights associated with our Common Shares.

The rights, preferences and privileges of holders of Common Shares are subject to the rights of the holders of shares of any class or series ranking in priority to the Common Shares that Barrick may issue in the future. A summary of the rights of the Common Shares is set forth below. Common Shares may be sold separately or together with Debt Securities, Subscription Receipts, Warrants or Share Purchase Contracts under this Prospectus. Common Shares may also be issuable on conversion, exchange, exercise or maturity of certain Debt Securities, Subscription Receipts, Warrants or Share Purchase Contracts qualified for issuance under this Prospectus.

Dividends

Subject to any preference as to the payment of dividends provided to any shares ranking in priority to Common Shares, the holders of Common Shares are entitled to receive dividends if, as and when declared by our Board of Directors in respect of the Common Shares. The *Business Corporations Act* (British Columbia) provides that a company may declare or pay a dividend unless there are reasonable grounds for believing that the company is unable to pay the company's debts as they become due in the ordinary course of business or the payment of the dividend would render the company unable to pay the company's debts as they become due in the ordinary course of business.

Liquidation

In the event of the liquidation, dissolution or winding-up of Barrick or other distribution of assets of Barrick among its shareholders for the purpose of winding-up its affairs, all of the property and assets of Barrick which remain after payment to the holders of any shares ranking in priority to Common Shares in respect of payment upon liquidation, dissolution or winding-up of all amounts attributed and properly payable to such holders of such other shares in the event of such liquidation, dissolution, winding-up or distribution, will be paid or distributed equally, share for share,

to the holders of the Common Shares without preference or distinction.

Voting Rights

The holders of Common Shares are entitled to (i) receive notice of and attend (in person or by proxy) and be heard at all general meetings of the shareholders (other than separate meetings of the holders of shares of any other class of shares of Barrick or any series of shares of such other class of shares); and (ii) vote at all such general meetings of the shareholders with each holder of Common Shares being entitled to one vote per share held.

Table of Contents

Debt Securities

The following sets forth certain general terms and provisions of the Debt Securities. The particular terms and provisions of a series of Debt Securities offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Debt Securities, will be described in the applicable Prospectus Supplement. One or more series of Debt Securities may be sold separately or together with Common Shares, Subscription Receipts, Warrants or Share Purchase Contracts under this Prospectus, or on conversion or exchange of any such Securities.

Priority

The Debt Securities will be senior or subordinated indebtedness of Barrick as described in the relevant Prospectus Supplement. If the Debt Securities are senior indebtedness, they will rank equally and rateably with all other unsecured indebtedness of Barrick, from time to time issued and outstanding, which is not subordinated.

If the Debt Securities are subordinated indebtedness, they will rank equally and rateably with all other subordinated Debt Securities from time to time issued and outstanding. In the event of the insolvency or winding-up of Barrick, the subordinated Debt Securities will be subordinated and postponed in right of payment to the prior payment in full of all other liabilities and indebtedness of Barrick, other than indebtedness that, by its terms, ranks equally with, or subordinate to, such subordinated Debt Securities.

The Debt Securities are Unsecured Obligations

The Debt Securities will be direct unsecured obligations of Barrick.

Terms of the Debt Securities

As required by United States federal law and in conformity with the applicable laws of Canada, for all bonds and notes of companies that are publicly offered, the Debt Securities will be governed by a document called an indenture. There will be a separate indenture for the senior Debt Securities and the subordinated Debt Securities. An indenture is a contract between a financial institution, acting on your behalf as trustee of the Debt Securities offered, and us. The trustee has two main roles. First, subject to some limitations on the extent to which the trustee can act on your behalf, the trustee can enforce your rights against us if we default on our obligations under the indenture. Second, the trustee performs certain administrative duties for us. The aggregate principal amount of Debt Securities that may be issued under each indenture is unlimited. A copy of the form of each indenture to be entered into in connection with offerings of Debt Securities has been filed with the SEC as an exhibit to the registration statement on Form F-10 filed on February 16, 2017, and will be filed with the securities regulatory authorities in Canada when it is entered into. A copy of any indenture or supplement thereto entered into by us will be filed with securities regulatory authorities and will be available on our SEDAR profile at www.sedar.com.

This Prospectus does not qualify for issuance Debt Securities in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to one or more underlying interests including, for example, an equity or debt security, a statistical measure of economic or financial performance including, but not limited to, any currency, consumer price or mortgage index, or the price or value of one or more commodities, indices or other items, or any other item or formula, or any combination or basket of the foregoing items. For greater certainty, this Prospectus may qualify for issuance Debt Securities in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to published rates of a central banking authority or one or more financial institutions, such as a prime rate or bankers acceptance rate, or to recognized market benchmark

interest rates such as LIBOR, EURIBOR or a United States federal funds rate.

Selected provisions of the Debt Securities and the indenture(s) under which such Debt Securities will be issued are summarized below. This summary is not complete. The statements made in this Prospectus relating to any indenture and Debt Securities to be issued thereunder are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable indenture.

Table of Contents

The indentures will not limit the amount of Debt Securities that we may issue thereunder. We may issue Debt Securities from time to time under an indenture in one or more series by entering into supplemental indentures or by our Board of Directors or a duly authorized committee authorizing the issuance. The Debt Securities of a series need not be issued at the same time, bear interest at the same rate or mature on the same date.

The Prospectus Supplement for a particular series of Debt Securities will disclose the specific terms of such Debt Securities, including the price or prices at which the Debt Securities to be offered will be issued. The terms and provisions of any Debt Securities offered under a Prospectus Supplement may differ from the terms described below, and may not be subject to or contain any or all of such terms. Those terms may include some or all of the following:

- (a) the designation, aggregate principal amount and authorized denominations of such Debt Securities;
- (b) the indenture under which such Debt Securities will be issued and the trustee(s) thereunder;
- (c) the currency or currency units for which the Debt Securities may be purchased and the currency or currency unit in which the principal and any interest is payable (in either case, if other than Canadian dollars);
- (d) whether such Debt Securities are senior or subordinated and, if subordinated, the applicable subordination provisions;
- (e) the percentage of the principal amount at which such Debt Securities will be issued;
- (f) the date or dates on which such Debt Securities will mature;

PLAN OF DISTRIBUTION

We may sell the Securities, separately or together, to or through one or more underwriters or dealers, purchasing as principals for public offering and sale by them, and may also sell Securities to one or more other purchasers directly or through agents. Securities sold to the public pursuant to this Prospectus may be offered and sold exclusively in Canada or the United States, or in both jurisdictions. The Prospectus Supplement relating to an offering of Securities will indicate the jurisdiction or jurisdictions in which such offering is being made to the public. Each Prospectus Supplement will set out the terms of the offering, including the name or names of any underwriters, dealers or agents, the purchase price or prices of the Securities (or the manner of determination thereof if offered on a non-fixed price basis, including sales in transactions that are deemed to be *at the market distributions* as defined in National Instrument 44-102 *Shelf Distributions*), and the proceeds to us from the sale of the Securities. Only underwriters, dealers or agents so named in the Prospectus Supplement are deemed to be underwriters, dealers or agents, as the case may be, in connection with the Securities offered thereby.

The Securities may be sold, from time to time in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. The prices at which the Securities may be offered may vary between purchasers and during the period of distribution. If, in connection with the offering of Securities at a fixed price or prices, the underwriters have made a *bona fide* effort to sell all of the Securities at the initial offering price fixed in the applicable Prospectus Supplement, the public offering price may be decreased and thereafter further changed, from time to time, to an amount not greater than the initial public offering price fixed in such Prospectus Supplement, in which case the compensation realized by the underwriters, dealers or agents will be decreased by the amount that the aggregate price paid by purchasers for the Securities is less than the gross proceeds paid by the underwriters, dealers or agents to us.

Underwriters, dealers or agents may make sales of Securities in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an *at the market* offering as defined in and subject to limitations imposed by and the terms of any regulatory approvals required and obtained under, applicable Canadian securities laws, which includes sales made directly on an existing trading market for the Common Shares, or sales made to or through a market maker other than on an exchange. In connection with any offering of Securities, except with respect to *at the market* offerings, underwriters may over-allot or effect transactions which stabilize or maintain the market price of the offered Securities at a level above that which might otherwise prevail in the open market. Such transactions may be commenced, interrupted or discontinued at any time. No underwriter or dealer involved in an *at the market* offering, as defined under applicable Canadian securities laws, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such an underwriter or dealer will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities. In the event that Barrick determines to pursue an *at the market* offering in Canada, Barrick will apply for the applicable exemptive relief from the Canadian securities commissions.

If underwriters or dealers purchase Securities as principals, the Securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters or dealers to purchase those Securities will be subject to certain conditions precedent, and the underwriters or dealers will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid may be changed from time to time.

The Securities may also be sold directly by us in accordance with applicable securities laws at prices and upon terms agreed to by the purchaser and us, or through agents designated by us, from time to time. Any agent involved in the

offering and sale of Securities pursuant to a particular Prospectus Supplement will be named, and any commissions payable by us to that agent will be set forth in such Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent would be acting on a best efforts basis for the period of its appointment.

In connection with the sale of the Securities, underwriters, dealers or agents may receive compensation from us in the form of commissions, concessions and discounts. Any such commissions may be paid out of our general funds or the proceeds of the sale of Securities. Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under Canadian securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of business.

ENDNOTES

- (1) A Tier One gold asset is a mine with a stated mine life in excess of 10 years with annual production of at least five hundred thousand ounces of gold and total cash cost per ounce within the bottom half of Wood Mackenzie's cost curve tools (excluding state-owned and privately owned mines). Total cash cost per ounce is based on data from Wood Mackenzie as of August 31, 2018, except in respect of Barrick's mines where Barrick relied on its internal data which is more current and reliable. The Wood Mackenzie calculation of total cash cost per ounce may not be identical to the manner in which Barrick calculates comparable measures. Total cash cost per ounce is a non-GAAP financial performance measure with no standardized meaning under IFRS and therefore may not be comparable to similar measures presented by other issuers. Total cash cost per ounce should not be considered by investors as an alternative to cost of sales or to other IFRS measures. Barrick believes that total cash cost per ounce is a useful indicator for investors and management of a mining company's performance as it provides an indication of a company's profitability and efficiency, the trends in cash costs as the company's operations mature, and a benchmark of performance to allow for comparison against other companies. See Use of Non-GAAP Financial Performance Measures and Third Party Data.

- (2) Senior gold peers means the following companies: Agnico Eagle Mines Limited, Goldcorp Inc., Newcrest Mining Limited and Newmont.

- (3) Represents the net present value of pre-tax synergies projected over a twenty-year period, assuming consensus commodity prices and a 5% discount rate. Based on Barrick estimates. Synergies (or net present value of synergies) as used in this Prospectus is a management estimate provided for illustrative purposes, and should not be considered a GAAP / IFRS or non-GAAP / non-IFRS financial measure. Synergies represent management's combined estimate of pre-tax synergies, supply chain efficiencies and cost improvements, as a result of the proposed Barrick-Newmont Joint Venture that have been monetized and projected over a twenty year period for purposes of the estimation, applying a discount rate of 5%. Such estimates are necessarily imprecise and are based on numerous judgements and assumptions. Expected synergies is a forward-looking statement subject to risks, uncertainties and other factors which could cause actual synergies to differ from expected synergies. See Cautionary Statement on Forward-Looking Information.

- (4) The potential pro forma proven and probable reserve figure of Barrick and Newmont's operations in Nevada was derived by adding the reserves reported by Barrick in its Annual Management's Discussion and Analysis and Newmont in its press release dated February 21, 2019 reporting its 2018 Reserves and Resources and its annual report on Form 10-K for the fiscal year ended December 31, 2018 in respect of the relevant Nevada properties set out in endnotes 5 and 6. The pro forma reserves are provided for illustrative purposes only. Barrick and Newmont calculate such figures based on different standards and assumptions, and accordingly such figures may not be directly comparable and the potential pro forma reserves may be subject to adjustments due to such differing standards and assumptions. In particular, Barrick mineral reserves have been prepared according to Canadian Institute of Mining, Metallurgy and Petroleum 2014 Definition Standards for Mineral Resources and Mineral Reserves as incorporated by NI 43-101, which differ from the requirements of U.S. securities laws. Newmont's reported reserves are prepared in compliance with the SEC Industry Guide 7. See Notice Regarding Presentation of our Mineral Reserves and Mineral Resource Estimates.

- (5) Proven and probable gold reserves of Barrick in Nevada are stated on an attributable basis as of December 31, 2018 and include Goldstrike, Cortez, Goldrush, South Arturo (60%) and Turquoise Ridge (75%). Proven reserves of 84.4 million tonnes grading 4.36 grams per tonne (**g/t**), representing 11.8 million ounces of gold. Probable reserves of 155.6 million tonnes grading 2.93 g/t, representing 14.7 million ounces of gold. Complete mineral reserve data for all Barrick mines and projects referenced in this Prospectus, including tonnes, grades, and ounces, as well as the assumptions on which the mineral reserves for Barrick are reported, are set out in Barrick's Annual Management's Discussion and Analysis.
- (6) Proven and probable gold reserves of Newmont in Nevada are stated on an attributable basis as of December 31, 2018 and include Carlin, Phoenix, Twin Creeks (including Newmont's 25% equity in Turquoise Ridge) and Long Canyon. Proven reserves of 46.6 million tonnes grading 3.84 g/t, representing 5.8 million ounces of gold. Probable reserves of 378.1 million tonnes grading 1.32 g/t, representing 16.0 million ounces of gold. Complete mineral reserve data for all Newmont mines and projects referenced in this Prospectus, including tonnes, grades, and ounces, as well as the assumptions on which the mineral reserves for Newmont are reported, are set out in Newmont's press release dated February 21, 2019 reporting its 2018 Reserves and Resources and its annual report on Form 10-K for the fiscal year ended December 31, 2018.

INFORMATION NOT REQUIRED TO BE DELIVERED TO OFFEREES OR PURCHASERS

Indemnification

Barrick Gold Corporation (**Barrick** or the **Registrant**) is governed by the *Business Corporations Act* (British Columbia) (the **BCBCA**).  - (b) is or may be liable for or in respect of a judgment, penalty or fine in, or expenses related to, the proceeding;
- (5) **expenses** includes costs, charges and expenses, including legal and other fees, but does not include judgements, penalties, fines or amounts paid in settlement of a proceeding; and

Table of Contents

Subject to the BCBCA, Barrick may do one or both of the following: (a) indemnify an eligible party against all eligible penalties to which the eligible party is or may be liable; and/or (b) after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by an eligible party in respect of that proceeding. Further, subject to the BCBCA, Barrick may pay, as they are incurred in advance of the final disposition of an eligible proceeding, the expenses actually and reasonably incurred by an eligible party in respect of that proceeding. However, Barrick must not make such payments unless Barrick first receives from the eligible party a written undertaking that, if it is ultimately determined that the payment of expenses is prohibited, as outlined below, the eligible party will repay the amounts advanced.

Under the BCBCA, Barrick must not indemnify an eligible party or pay the expenses of an eligible party if any of the following circumstances apply: (a) if the indemnity or payment is made under an earlier agreement to indemnify or pay expenses and, at the time that the agreement to indemnify or pay expenses was made, Barrick was prohibited from giving the indemnity or paying expenses by its memorandum or articles; (b) if the indemnity or payment is made otherwise than under an earlier agreement to indemnify or pay expenses and, at the time that the indemnity or payment is made, Barrick is prohibited from giving the indemnity or paying the expenses by its memorandum or articles; (c) if, in relation to the subject matter of the eligible proceeding, the eligible party did not act honestly and in good faith with a view to the best interests of Barrick or the associated corporation, as the case may be; or (d) in the case of an eligible proceeding other than a civil proceeding, if the eligible party did not have reasonable grounds for believing that the eligible party's conduct in respect of which the proceeding was brought was lawful. If an eligible proceeding is brought against an eligible party by or on behalf of Barrick or by or on behalf of an associated corporation, Barrick must not do either of the following: (a) indemnify the eligible party under the BCBCA in respect of the proceeding; or (b) pay the expenses of the eligible party under the BCBCA in respect of the proceeding.

Despite any other applicable provision of the BCBCA (including the prohibitions outlined above) and whether or not payment of expenses or indemnification has been sought, authorized or declined under the BCBCA, on the application of Barrick or an eligible party, the Supreme Court of British Columbia (the **court**) may do one or more of the following: (a) order Barrick to indemnify an eligible party against any liability incurred by the eligible party in respect of an eligible proceeding; (b) order Barrick to pay some or all of the expenses incurred by an eligible party in respect of an eligible proceeding; (c) order the enforcement of, or any payment under, an agreement or indemnification entered into by Barrick; (d) order Barrick to pay some or all of the expenses actually and reasonably incurred by any person in obtaining an order under the BCBCA; and/or (e) make any other order the court considers appropriate.

Barrick has entered into a Memorandum of Agreement with each Barrick director and officer under which Barrick has agreed to indemnify and hold harmless the individual in substantially the same circumstances as outlined in the above paragraphs.

In accordance with the provisions of the BCBCA summarized above, the articles of Barrick provide that, subject to the BCBCA, Barrick must indemnify an eligible party and his or her heirs and legal personal representatives against all eligible penalties to which such person is or may be liable, and Barrick must indemnify, and pay expenses in advance of the final disposition of an eligible proceeding in accordance with, and to the fullest extent permitted by, the BCBCA.

Barrick also maintains insurance for the benefit of its directors and officers against liability in their respective capacities as directors and officers. The directors and officers are not required to pay any premium in respect of the insurance. The policy contains standard industry exclusions.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed

that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.
