We have made significant strides with IomabTM-B as we transition the product into its upcoming pivotal trial. With respect to Actimab-A, we plan to announce interim results before the shareholder meeting, which will further enhance the Company’s profile in the stock market. We look forward to the future with confidence in our strategy as we progress into 2015. We will strive to deliver sustainable results that will drive growth and generate shareholder value as we continue to drive the business forward in 2015 and beyond.

Enhanced Stock Market Profile with NYSE Markets Uplisting, Addition to the Russell® Indexes, Greater Trading Volume Coverage and Research Analyst Coverage

We successfully uplisted from the OTC bulletin board to the NYSE-MKT, a national exchange, in March 2014. This action enables a broader base of potential investors to invest in our strong future. We were privileged to join the broad-market Russell 3000® Index as well as the Russell 2000®, Russell Global and Russell Microcap® on June 27, 2014. *These exchange and index inclusions coupled with our investor outreach efforts have resulted in an approximate 8x improvement in liquidity (3-month average daily trading volume) since the last shareholder update in December 2013.* Additional equity research coverage was initiated by Canaccord Genuity and MLV. The research reports from all three equity analysts are highly favorable and recognize the potential of our Company in the near and longer-term with share price targets in the \$16-18 range. We continue to extend our outreach efforts to buy and sell-side research analysts and portfolio managers in both the U.S. and Europe in order to gain greater visibility and research coverage. We believe that our efforts should result in greater liquidity for our existing shareholders as appreciation of Actinium's prospects with a wider audience takes hold and investor purchases increase.

Further Developed Company Infrastructure with Key Executive Hires and Establishment of a New Operation Site

We have implemented and established the infrastructure necessary to support our development programs and also future commercial supply of the resulting products. We have attracted top caliber senior executives, each with more than 20 years of experience and prior success in the healthcare industry, which validates our technology platform and core Iomab-B and Actimab-A programs. The team will play a critical role in ensuring that we meet or exceed our objectives across all key areas including Clinical Operations, Regulatory and Quality, Development, Investor and Public Relations, and Business Development. We have also established an operational site in MetroPark, Edison, NJ, which provides access to a larger, highly experienced, talent pool which we can access to support our development and pre-commercialization activities.

Iomab-B on Track to Enter Its Pivotal Trial Next Year

Iomab-B, the Company's lead product candidate, is on the cusp of entering a Pivotal Phase 3 trial to potentially address the significant unmet medical need for older patients who require less toxic conditioning prior to a bone marrow transplant. We have worked diligently to put in place strong contract manufacturing partners to ensure the highest quality manufacturing, labelling, and distribution of Iomab-B to support both the clinical trial and potential commercialization. The necessary development, scale-up and validation for both the monoclonal antibody itself and the finished Iomab-B drug product are currently at an advanced stage. Although these milestones are not immediately visible to investors, they are critical to the continued advancement of Iomab-B as we move the development program closer to potential commercialization. Therefore, we are making every effort to address all the requirements for not only a successful pivotal clinical study but also to ensure rapid regulatory approval and support full commercial launch. This has been a transition year in which the Actinium team has been focused on getting the commercial manufacturing for both the antibody and the drug product ready to support the commencement of our Phase 3 clinical trial. In 2015, we anticipate being able to provide more specific updates regarding the advancement of the program. Since the last shareholder update, we executed an agreement with ACT Oncology, a full-service, oncology focused, clinical research organization, to help us prepare and execute the Phase 3 clinical trial of Iomab-B. We have started preparations for the trial including initiating clinical center recruiting outreach. We also held a scientific advisory board (SAB) meeting in October to further inform our clinical protocol and get final input on the clinical study.

Actimab-A Development Advancements Supported By ASH Abstract

Actimab-A is in a Phase 1/2 trial as a first line treatment of Acute Myeloid Leukemia (AML) in elderly patients. We continue to march forward with the Actimab-A Phase 1/2 trial and are on target to reveal interim results in November 2014 as part an abstract to be published by the American Society of Hematology ("ASH"), the preeminent scientific society for blood cancer research. This is the fourth clinical trial supporting our HuM 195 alpha program with the first three having demonstrated a clinically relevant pharmacologic response. Given the current trial has several elements that de-risk the trial, we have confidence the current Phase 1/2 trial for Actimab-A can demonstrate effectively that it is a viable drug candidate for the treatment of AML in the elderly. In addition, in December, around the time of ASH, we anticipate providing additional information related to this trial. Baylor Charles A. Sammons Cancer Center, one of the largest oncology centers in the nation treating over 55,000 cancer patients every year, and Columbia University Medical Center join several leading U.S. cancer centers which include Memorial Sloan Kettering Cancer Center, MD Anderson Cancer Center, Fred Hutchinson Cancer Research Center, Johns Hopkins University School of Medicine and University of Pennsylvania Health System. The addition of Baylor and other leading cancer centers with which we are in active discussions will support the ongoing enrolment in our Phase 1/2 study. Separately, we recently announced the development of another antibody-actinium-225 labeled construct to support a third clinical program at Memorial Sloan Kettering Cancer Center and will look to advance select additional programs where we already have a significant amount of both clinical and preclinical data. We expect that, in 2015, we will make significant strides in enrolment and anticipate we will be in a position to reveal additional interim results from the Phase 2 portion of our Phase 1/2 study in time for next year's ASH annual meeting to be held in December of 2015.

Financial Condition

During the first nine months of 2014, we strengthened our cash position in preparation of moving Iomab-B into Phase 3 and the advancement of our Actimab-A phase 1/2 development program. Year to date, we raised approximately \$17.0 million in total proceeds which includes the successful completion of an underwritten secondary offering in June of 2014 which provided us \$13.7 million. We believe this is sufficient additional capital to continue to meet our major near-term milestones.

2014 Outlook

We have an ambitious agenda that we are working steadily to achieve in order to advance our development programs and to create value for our shareholders. The Actinium team will diligently to move Iomab-B and Actimab-A as quickly as possible through the clinic while prudently managing development and operating costs. We are very excited and encouraged with our progress to date.

Actinium's major objectives for 2015 are to:

File an IND for Iomab-B and Initiate a pivotal Phase 3 study for Iomab-B,

Continue enrolment in the Actimab-A Phase 1/2 study and evaluate interim results as we progress the trial to completion,

Evaluate the seven physician sponsored trials for Iomab-B and assess the potential for additional indications appropriate for company sponsored trials for Iomab-B,

Actively explore strategic licensing and collaborations as appropriate,

Further expand the business, technical and clinical development teams to scale with expanded operating plan for 2015 and beyond.

As we enter 2015, we are a stronger company with the foundation to support future growth opportunities. Moving forward, our primary focus will be on the successful development of Iomab-B. In addition, we plan to form alliances with potential development and commercialization partners for Actimab-A that will accelerate our time to market and

extend our geographic reach in global markets outside the United States. We also plan to seek opportunities to expand our product pipeline beyond AML and evaluate licensing and acquisition opportunities involving innovative clinical stage or marketed drug candidates that address unmet medical needs, offer excellent market potential and provide synergies with our business model with a specific interest in oncology, especially bone marrow transplant.

As demonstrated above, we have been extremely busy this year executing our business plan for both the near-term and longer-term. In the near-term, we expect to release interim results on the Actimab-A trial as part of an abstract which will be published in November as part of the ASH annual meeting and plan to provide more information on the clinical trial around the time of the ASH annual meeting in December. In addition, we remain on track to commence the Phase 3 Iomab-B trial in the first half of 2015. Longer-term, we expect to deliver on our primary objectives of bringing Iomab-B to market in 2017 and establishing the clinical validity of Actimab-A, as we seek to build an advanced, world-class oncology company that can address challenges of many types of cancer. We are confident our technologies can provide us with many potentially first-in-class drugs to address unmet medical needs.

Our team wishes to thank our shareholders for their support in Actinium this year. As can be clearly seen from the highlights of our achievements listed above, we have made great progress since our shareholder update in December 2013. However, we are acutely aware that delivering on our primary objectives of bringing Iomab-B to market in 2017 and establishing the clinical validity of Actimab-A for the treatment of AML, requires us to meet nearer-term milestones on time. I assure you that our entire team is energized and completely focused on meeting our corporate objectives.

We hope that you will be supportive of our goals to continue on your behalf to provide breakthrough cancer therapies for unmet medical needs and in the process enhance value to the company and its shareholders. Please send in your completed proxy form as soon as possible as indicated in the proxy materials. We hope we will see many of you at the Shareholder Meeting.

On behalf of everyone at Actinium Pharmaceuticals, I would like to reiterate our appreciation to our stockholders for their support and continued confidence. The coming year will be a very important year for Actinium and we look forward to serving you.

Sincerely,

/S/ Kaushik J. Dave

How do I vote?

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. If you vote by proxy, the individuals named on the proxy card applicable to your class of stock, or your “proxies,” will vote your shares in the manner you indicate. You may specify whether your shares: should be voted for or withheld for the nominee for director; and should be voted for, against or abstained with respect to the ratification of the appointment of the Company’s independent registered public accounts. Voting by proxy will not affect your right to attend the annual meeting. If your shares are registered directly in your name through our transfer agent, Action Stock Transfer Corporation, or you have stock certificates registered in your name, you may submit a proxy to vote:

By Internet or by telephone. Follow the instructions attached to the proxy card to submit a proxy to vote by Internet or telephone.

By mail. If you received one or more proxy cards by mail, you can vote by mail by completing, signing, dating and returning the enclosed proxy card applicable to your class of stock in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

In person at the meeting. If you attend the annual meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the annual meeting. You are required to register in advance of the annual meeting if you plan to attend the annual meeting in person. If you wish to register in advance of the annual meeting, please contact our investor relations office by no later than December 15, 2014, by e-mail to esmith@actiniumpharma.com, fax at (732) 243-9499, mail to Actinium Pharmaceuticals, Inc., 546 5th Avenue, 14th Floor, New York, New York 10036 or telephone at (646) 459-4201.

If your shares are held in “street name” (held in the name of a bank, broker or other nominee who is the holder of record), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

By Internet or by telephone. Follow the instructions you receive from the record holder to vote by Internet or telephone.

By mail. You should receive instructions from the record holder explaining how to vote your shares.

In person at the meeting. Contact the broker, bank or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the annual meeting. You will not be able to vote at the annual meeting unless you have a proxy card from your broker, bank or other nominee.

What happens if additional matters are presented at the annual meeting?

Other than the election of directors, the ratification of the appointment of our auditor, the amendment of our charter to increase the authorized shares of the Company, and the amendment of our charter to remove the board size and update the classified board provisions, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the person named as proxy holder, Kaushik Dave, Ph.D., our CEO, President and corporate secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting.

What happens if I do not give specific voting instructions?

If you hold shares in your name and you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors on all matters and as the proxy holder may determine in her discretion with respect to any other matters properly presented for a vote before the annual meeting. If you hold your shares through a stockbroker, bank or other nominee and you do not provide instructions on how to vote, your stockbroker or other nominee may exercise their discretionary voting power with respect to certain proposals that are considered as “routine” matters. For example, Proposal 2 - ratification of the appointment of GBH CPAs, PC as our independent registered public accounting firm is commonly considered as a routine matter, and thus your stockbroker, bank or other nominee may exercise their discretionary voting power with respect to Proposal 2. **If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform us that it does not have the authority to vote on these matters with respect to your shares.** This is generally referred to as a “broker non-vote.” When the vote is tabulated for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present, but will not otherwise be counted. In the absence of specific instructions from you, your broker does not have discretionary authority to vote your shares with respect to Proposal 1 - the election of David Nicholson and Richard Steinhart as members to our Board of Directors, Proposal 3 – the amendment to the certificate of incorporation to increase the authorized shares of the company, and Proposal 4 – the amendment to the certificate of incorporation to remove the board size provision and update the classified board provision. **We encourage you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the notice.**

What is the quorum requirement for the annual meeting?

On November 3, 2014, the Record Date for determining which stockholders are entitled to vote, there were 30,005,507 shares of our common stock outstanding which is our only class of voting securities. Each share of common stock entitles the holder to one vote on matters submitted to a vote of our stockholders. A majority of our outstanding common shares as of the Record Date must be present at the annual meeting (in person or represented by proxy) in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted for

purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the annual meeting, if you are present and vote in person at the meeting or have properly submitted a proxy card or voted by fax, by phone or by using the Internet.

How can I change my vote after I return my proxy card?

You may revoke your proxy and change your vote at any time before the final vote at the annual meeting. You may do this by signing a new proxy card with a later date, by voting on a later date by using the Internet (only your latest Internet proxy submitted prior to the annual meeting will be counted), or by attending the annual meeting and voting in person. However, your attendance at the annual meeting will not automatically revoke your proxy unless you vote at the annual meeting or specifically request in writing that your prior proxy be revoked.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within our company or to third parties, except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation of votes and certification of the vote; and
- to facilitate a successful proxy solicitation.

Any written comments that a stockholder might include on the proxy card will be forwarded to our management.

Where can I find the voting results of the annual meeting?

The preliminary voting results will be announced at the annual meeting. The final voting results will be tallied by our Inspector of Elections and reported in a Current Report on Form 8-K which we will file with the SEC within four business days of the date of the annual meeting.

How can I obtain a separate set of voting materials?

To reduce the expense of delivering duplicate voting materials to our stockholders who may have more than one Actinium Pharmaceuticals, Inc. stock account, we are delivering only one Notice to certain stockholders who share an

address, unless otherwise requested. If you share an address with another stockholder and have received only one Notice, you may write or call us to request to receive a separate Notice. Similarly, if you share an address with another stockholder and have received multiple copies of the Notice, you may write or call us at the address and phone number below to request delivery of a single copy of this Notice. Abstentions and broker non-votes will be treated as shares that are present, or represented and entitled to vote for purposes of determining the presence of a quorum at the annual meeting. Abstentions will not be counted in determining the number of votes cast in connection with any matter presented at the annual meeting. Broker non-votes will not be counted as a vote cast on any matter presented at the annual meeting.

Do I Have Dissenters' (Appraisal) Rights?

CORPORATE GOVERNANCE

Board of Directors

The Board of Directors oversees our business affairs and monitors the performance of management. In accordance with our corporate governance principles, the Board of Directors does not involve itself in day-to-day operations. The directors keep themselves informed through discussions with the Chief Executive Officer, the Executive Chairman, other key executives and by reading the reports and other materials that we send them and by participating in Board of Directors and committee meetings. Our directors hold office until their successors have been elected and duly qualified unless the director resigns or by reason of death or other cause is unable to serve in the capacity of director. Biographical information about our directors is provided in “Election of Directors – Proposal No. 1” on page 24.

Term of Office

Our directors are divided into three classes, designated Class I, Class II and Class III. Class I shall consists of two directors, Class II shall consist of two directors, and Class III shall consist of the chief executive officer.

The term of each director is set forth below or until their successors are duly elected:

Director	Class	Term (from 2013 Annual Meeting)
Kaushik Dave	Class III	36 months
David Nicholson	Class I	12 months
Sandesh Seth	Class II	24 months
Sergio Traversa	Class II	24 months
Richard Steinhart	Class I	12 months

Notwithstanding the foregoing, each director shall serve until his successor is duly elected and qualified, or until his or her retirement, death, resignation or removal. In order to implement a classified board of directors, Class I shall serve a 12 month term from the date of the 2013 Annual Shareholders Meeting (December 2013); Class II shall serve a 24 month term from the date of the 2013 Annual Shareholders Meeting; and Class III shall serve a 36 month term from the date the date of the 2013 Annual Shareholders Meeting. Directors elected at each annual meeting commencing in 2014 shall be elected for a 3 year term.

Director Independence

We use the definition of “independence” of the NYSE MKT to make this determination. We are listed on the NYSE MKT under the symbol “ATNM”. NYSE MKT corporate governance rule Sec. 803(A)(2) provides that an “independent director” means a person other than an executive officer or employee of the company. No director qualifies as independent unless the issuer's board of directors affirmatively determines that the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The following is a non-exclusive list of persons who shall not be considered independent under NYSE MKT rules:

a director who is, or during the past three years was, employed by the company, other than prior employment as an interim executive officer (provided the interim employment did not last longer than one year);

a director who accepted or has an immediate family member who accepted any compensation from the company in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than the following:

(i) compensation for board or board committee service,

(ii) compensation paid to an immediate family member who is an employee (other than an executive officer) of the company,

(iii) compensation received for former service as an interim executive officer (provided the interim employment did not last longer than one year), or

(iv) benefits under a tax-qualified retirement plan, or non-discretionary compensation;

a director who is an immediate family member of an individual who is, or at any time during the past three years was, employed by the company as an executive officer;

a director who is, or has an immediate family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization to which the company made, or from which the company received, payments (other than those arising solely from investments in the company's securities or payments under non-discretionary charitable contribution matching programs) that exceed 5% of the organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the most recent three fiscal years;

a director who is, or has an immediate family member who is, employed as an executive officer of another entity where at any time during the most recent three fiscal years any of the issuer's executive officers serve on the compensation committee of such other entity; or

a director who is, or has an immediate family member who is, a current partner of the company's outside auditor, or was a partner or employee of the company's outside auditor who worked on the company's audit at any time during any of the past three years.

Since our common stock is listed on the NYSE MKT exchange, we are required to meet the exchanges independence requirements. Under the above-mentioned NYSE MKT director independence rules, David Nicholson, Richard Steinhart and Sergio Traversa are the only independent directors of the Company.

Executive Chairman

On August 12, 2014, our Board created the office of Executive Chairman of the Company and appointed Sandesh Seth, our Chairman of the Board, as Executive Chairman of our Company.

As Executive Chairman of our Company, Mr. Seth acts as an officer and consultant and, as such, performs his duties subject in all instances to the oversight of our board of directors and the power of our board of directors to approve all applicable corporation actions (which powers shall not be vested in the office of Executive Chairman). The Executive Chairman is not an “executive officer” (as defined in SEC Rule 3b-7) of our Company as the role of the Executive Chairman by design is not an officer who performs a policy making function for our Company. Rather, the Executive Chairman serves as a conduit between our board and our executive management team and is available to act as an advisor and consultant to our executive management team, who are responsible for development and implementation of our corporate policies under the supervision of our board of directors.

Subject to such other roles, duties and projects as may (consistent with the terms and provisions of our Amended and Restated Bylaws and the resolutions of our board that formed the office of Executive Chairman) be assigned by our board to the Executive Chairman, the primary responsibilities of the Executive Chairman are as follows:

- i) Chair annual and special board meetings and annual stockholder meetings and, subject to availability, attend meetings of the committees of the board;
- ii) Provide overall board leadership and establish guiding principles for the board;
- iii) Manage the affairs of the board and facilitate board action in such a way that strategic and policy decisions are fully discussed, debated and decided by the board;

- iv) In cooperation with the President and Chief Executive Officer, and other Company Officers as appropriate or selected by the Executive Chairman/Board, ensure that our strategic orientation is defined and communicated to the board for its approval and that all material issues are dealt with by the board in a timely manner;
- v) Ensure that the board has efficient communication channels regarding all material issues concerning the business and see to it that directors are informed about these issues;
- vi) Act as a representative of the board and consult with board members outside the regularly scheduled meetings of the board and of board committees;
- vii) Meet and confer as often as required with our President and Chief Executive Officer and executive management to ensure that there is efficient communication between the Executive Chairman, the President and Chief Executive Officer, other executive management and board members;
- viii) Offer advice and consultation to the President and Chief Executive Officer and executive management on the overall management of the business and affairs of our company as well as specific matters upon the request of the President and Chief Executive Officer and or the board;
- ix) In consultation and partnership with the President and Chief Executive Officer, the Executive Chairman may act as our representative with business partners of our company; and
- x) At the request of the board or the President and Chief Executive Officer the Executive Chairman may be placed in charge of special corporate strategic initiatives or projects.

Board Leadership Structure

Our Board has a policy that calls for the role of Chairman of the Board and Chief Executive Officer (CEO) to be separate, as it believes that the most effective leadership structure for us at this time is not to have these roles combined. Dr. Kaushik J. Dave serves as our President and Chief Executive Officer and Sandesh Seth is our Chairman of the Board who serves as the Executive Chairman. We believe this structure of having a separate CEO and Chairman provides proper oversight of our operations.

Board of Directors Meetings and Attendance

During the fiscal year 2013, the Board of Directors held 35 meetings. Each member of our Board was present at eighty-five (85%) percent or more of the Board meetings held. No actions were approved by unanimous written consent. It is our policy that directors should make every effort to attend the annual meeting of stockholders, and each of our directors. Sandesh Seth, Kaushik Dave, David Nicholson, Richard Steinhart and Sergio Traversa, attended the annual meeting of stockholders in 2013.

Code of Business Conduct and Ethics

We adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer and principal financial and accounting officer. A copy of the Code of Business Conduct and Ethics is available on the Investor section of our website at www.actiniumpharma.com. We will post on our website any amendment to our Code of Business Conduct and Ethics or waivers of our Code of Business Conduct and Ethics for directors and executive officers.

Complaints Regarding Accounting Matters

The Audit Committee has established procedures for:

the receipt, retention and treatment of complaints regarding accounting, internal accounting controls, or auditing matters; and

the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters.

Communications with Directors

The Board of Directors has approved procedures for stockholders to send communications to individual directors or the non-employee directors as a group. Written correspondence should be addressed to the director or directors in care of Sandesh Seth, Chairman of the Board of Actinium Pharmaceuticals, Inc., 546 5th Avenue, 14th Floor, New York, NY 10036. Correspondence received that is addressed to the non-employee directors will be reviewed by our corporate secretary or his designee, who will regularly forward to the non-employee directors a summary of all such

correspondence and copies of all correspondence that, in the opinion of our corporate secretary, deals with the functions of the Board of Directors or committees thereof or that the corporate secretary otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by Actinium Pharmaceuticals, Inc. that is addressed to the non-employee members of the Board of Directors and request copies of any such correspondence. You may also contact individual directors by calling our principal executive offices at (646) 459-4201.

Legal Proceedings

There are no legal proceedings to which any director, director nominee, officer or affiliate of our company, any owner of record or beneficially of more than 5% of common stock, or any associate of any such director, officer, affiliate of our company or security holder that is a party adverse to our company or any of our subsidiaries or has a material interest adverse to us.

Compliance With Section 16(a) of the Exchange Act

Based solely upon a review of copies of such forms filed on Forms 3, 4, and 5, and amendments thereto furnished to us, except for Kaushik Dave and Dragan Cicic, we believe that as of the date of this Report, our executive officers, directors and greater than 10 percent beneficial owners have complied on a timely basis with all Section 16(a) filing requirements.

BOARD COMMITTEES

Our board of directors has formed two standing committees: audit and compensation. Actions taken by our committees are reported to the full board. Each of our committees has a charter and each charter is posted on our website.

Audit Committee

Our audit committee, which currently consists of two directors, provides assistance to our board in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, financial reporting, internal control and compliance functions of the company. Our audit committee employs an independent registered public accounting firm to audit the financial statements of the company and perform other assigned duties. Further, our audit committee provides general oversight with respect to the accounting principles employed in financial reporting and the adequacy of our internal controls. In discharging its responsibilities, our audit committee may rely on the reports, findings and representations of the company's auditors, legal counsel, and responsible officers. Our board has determined that all members of the audit committee are financially literate within the meaning of SEC rules and under the current listing standards of the NYSE MKT. The Board has determined that Mr. Steinhart is an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K.

Compensation Committee

Our compensation committee, which currently consists of three directors, establishes executive compensation policies consistent with the company's objectives and stockholder interests. Our compensation committee also reviews the performance of our executive officers and establishes, adjusts and awards compensation, including incentive-based compensation, as more fully discussed below. In addition, our compensation committee generally is responsible for:

establishing and periodically reviewing our compensation philosophy and the adequacy of compensation plans and programs for our directors, executive officers and other employees;

overseeing our compensation plans, including the establishment of performance goals under the company's incentive compensation arrangements and the review of performance against those goals in determining incentive award payouts;

overseeing our executive employment contracts, special retirement benefits, severance, change in control arrangements and/or similar plans;

acting as administrator of any company stock option plans; and

overseeing the outside consultant, if any, engaged by the compensation committee.

Our compensation committee periodically reviews the compensation paid to our non-employee directors and the principles upon which their compensation is determined. The compensation committee also periodically reports to the board on how our non-employee director compensation practices compare with those of other similarly situated public corporations and, if the compensation committee deems it appropriate, recommends changes to our director compensation practices to our board for approval.

Outside consulting firms retained by our compensation committee and management also will, if requested, provide assistance to the compensation committee in making its compensation-related decisions.

AUDIT COMMITTEE REPORT**Report of the Audit Committee of the Board of Directors**

The Audit Committee provides assistance to the Board of Directors in fulfilling its oversight responsibilities relating to our corporate accounting and reporting practices toward assurance of the quality and integrity of our consolidated financial statements. The purpose of the Audit Committee is to serve as an independent and objective party to monitor our financial reporting process and internal control system; oversee, review and appraise the audit activities of our independent registered public accounting firm and internal auditing function, maintain complete, objective and open communication between the Board of Directors, the independent accountants, financial management and the internal audit function.

Our independent registered public accounting firm reports directly to the Audit Committee and the Audit Committee is solely responsible to appoint or replace our independent registered public accounting firm and to assure its independence and to provide oversight and supervision thereof. The Audit Committee determines compensation of the independent registered public accounting firm and has established a policy for approval of non-audit related engagements awarded to the independent registered public accounting firm. The Audit Committee determines the extent of funding that we must provide to the Audit Committee to carry out its duties and has determined that such amounts were sufficient in 2013.

With respect to the fiscal year ended December 31, 2013, in addition to its other work, the Audit Committee:

Reviewed and discussed with management our audited consolidated financial statements as of December 31, 2013 and for the year then ended; and

Discussed with GBH CPAs, PC the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended, with respect to its review of the findings of the independent registered public accounting firm during its examination of our financial statements.

The Audit Committee recommended, based on the review and discussion summarized above, that the Board of Directors include the 2013 audited consolidated financial statements in the 2013 Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC.

EXECUTIVE COMPENSATION

The following discussion provides compensation information pursuant to the scaled disclosure rules applicable to "smaller reporting companies" under SEC rules and may contain statements regarding future individual and Company performance targets and goals. These targets and goals are disclosed in the limited context of the Company's compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. We specifically caution stockholders not to apply these statements to other contexts.

The Board of Directors administers the compensation program for the executive officers. The Compensation Committee is responsible for reviewing and recommending our compensation and employee benefit policies to the Board for its approval and implementation. The Compensation Committee reviews and recommends to the Board of Directors for approval the compensation for our Chief Executive Officer, including salaries, bonuses and grants of awards under our equity incentive plans. The Compensation Committee and the Board of Directors review and act upon proposals by non-interested management to determine the compensation to other executive officers. The Compensation Committee, among other things, reviews and recommends to the Board of Directors employees to whom awards will be made under our equity incentive plans, determines the number of options to be awarded, and the time, manner of exercise and other terms of the awards.

The intent of the compensation program is to align the executive's interests with that of our stockholders, while providing incentives and competitive compensation for implementing and accomplishing our short-term and long-term strategic and operational goals and objectives. The compensation of the named executive officers consists of base salary, discretionary bonus, and equity in the Company.

Advice of Compensation Consultant

In June 2013, the Compensation Committee engaged Parthenon Associates, LLC, a compensation consultant, to advise us on the compensation provided to our Chief Executive Officer, Dr. Dave, and determine what actions, if any, were appropriate regarding future executive compensation arrangements.

In developing their assessment, the consultant considered pay practices of companies in similar industries and of similar size. Taking into consideration the results of the analysis in the compensation report, the Compensation Committee recommended to the Board that the target compensation to Dr. Dave should generally be positioned at the median of comparably sized companies in similar industries. The consultant further recommended components and terms of each components of Dr. Dave's future compensation. Based on the analysis and recommendations, the Compensation Committee adopted and approved Dr. Dave's Employment Agreement as described above under "Chief Executive Officer's Compensation".

The Placement Agent also was engaged by Actinium Corporation as placement agent for its Stock Offering and notes financing in 2011 and, as a part of the fee for that engagement, designees of the Placement Agent also hold warrants to purchase 1,245,226 shares of the Company’s Common Stock.

On May 9, 2011, Actinium Corporation entered into a transaction management agreement with Jamess Capital Group, LLC. (formerly known as Amerasia Capital Group, LLC), a consulting firm affiliated with Mr. Sandesh Seth, a Director of the Company. Mr. Seth is a Managing Partner of the consulting firm some of whose member interests are held by entities owned by officers and employees of the Placement Agent. None of the Company's current officers or directors had a prior relationship or affiliation with the Company prior to the closing of the Share Exchange. Pursuant to the agreement, the management firm was engaged to provide consulting services to Actinium Corporation related to the consummation of a going public transaction for Actinium. The management firm received a monthly fee of \$12,500 which is terminable by the Company three months after the effective date of the going public transaction and designees of Jamess, including entities affiliated with Mr. Seth, were issued warrants to purchase common stock equal to 10% of the fully-diluted capital stock of the Company as of the effective date of the going public transaction. The fully diluted shares for this calculation included all issued and outstanding shares as well as those reserved under the Employee Stock Option Plan. Jamess Capital Group does not retain beneficial ownership of the warrants as they were issued to designees of the members in amounts which do not qualify either Jamess or the warrant holders for inclusion in the beneficial ownership table. The warrants contain a provision wherein the holder may waive the 90 day exercise notice requirement by giving 65 days prior notice of such waiver. The shares available by exercise of this Warrant are also restricted and may not be sold or otherwise transferred until the earlier of twelve months from December 28, 2012, the closing date of the Share Exchange; or for six months after the Registration Statement of which this prospectus is a party declared effective. The consulting firm is also eligible to be reimbursed upon the submission of proper documentation for ordinary and necessary out-of-pocket expenses not to exceed \$5,000 per month. The transaction management agreement was terminated on March 31, 2013.

On December 9, 2013, the Company entered into an engagement agreement with Laidlaw & Company (UK) Ltd. (the "Placement Agent") for the December 2013 Offering, of which Mr. Seth, a director of the Company, is Head of Healthcare Investment Banking. Pursuant to the agreement, the Placement Agent was engaged as the exclusive agent for the December 2013 Offering. In consideration for its services, the Placement Agent received (a) a cash fee equal to 10% of the gross proceeds raised in the December 2013 Offering, and (b) a non-accountable expense reimbursement equal to 2% of the gross proceeds raised in the December 2013 Offering. The Placement Agent or its designees have also received warrants to purchase shares of the Company's Common Stock in an amount equal to 10% of the shares of Common Stock issued as part of the Units sold in the December 2013 Offering and the shares of Common Stock issuable upon exercise of the common stock warrants included in such Units. The Placement Agent will also receive the same fee and expense schedule for any cash exercise of Warrants within 6 months of the final closing of the December 2013 Offering and a 5% solicitation fee for any Warrants exercised as a result of being called for redemption by the Company. Upon the final closing of the December 2013 Offering the Placement Agent has been engaged by the Company to provide certain financial advisory services to the Company for a period of 6 months, unless extended by mutual consent between the Company and the Placement Agent. for a monthly fee of \$25,000. The agreement also provides that (i) if the Company consummates any merger, acquisition, business combination or other transaction (other than the Share Exchange) with any party introduced to it by the Placement Agent, the Placement Agent would receive a fee equal to 10% of the aggregate consideration in such transactions, and (ii) if, within a period of 12 months after termination of the advisory services described above, the Company requires a financing or similar advisory transaction the Placement Agent will have the right to act as the Company's financial advisor and investment banker in such financing or transaction pursuant to a set fee schedule set forth in the December 9, 2013 engagement agreement. The agreement was terminated in June 2014.

On July 10, 2014 the Company completed a public offering that totaled 1,827,123 common shares, representing gross proceeds of approximately \$13.7 million and a net amount of approximately \$12.6 million after deducting the underwriting discount and the other offering expenses. Canaccord Genuity Inc. acted as sole book-running manager for the offering, Laidlaw & Company (UK) Ltd. acted as lead manager and MLV & Co. acted as co-manager. The offering was made pursuant to a shelf registration statement (File No. 333-194768) previously filed with and declared effective by the U.S. Securities and Exchange Commission.

PROPOSAL 3

TO APPROVE AN AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF SHARES THE CORPORATION IS AUTHORIZED TO ISSUE TO 375,000,000 SHARES, OF WHICH 300,000,000 SHARES OF COMMON STOCK, PAR VALUE \$0.001 PER SHARE, AND 75,000,000 SHARES OF PREFERRED STOCK, PAR VALUE \$0.001 PER SHARE, SHALL BE AUTHORIZED

Shareholders are being asked to approve an amendment to the Company's Certificate of Incorporation (the "Certificate") to (i) increase the number of authorized shares of Company common stock from two hundred million shares (200,000,000) to three hundred million shares (300,000,000) and (ii) increase the number of authorized shares of Company preferred stock from fifty million shares (50,000,000) to seventy five million shares (75,000,000). At its meeting held on October 17, 2014, the Board of Directors approved this amendment, subject to shareholder approval, and directed that this amendment be submitted to a vote of the Company's shareholders at this Annual Meeting of Shareholders. The Board has determined that this amendment is in the best interests of the Company and its shareholders and recommends approval by the shareholders.

The Certificate currently authorizes the issuance of (i) up to 200,000,000 shares of Company common stock, each with a par value of \$0.001 per share, and (ii) up to 50,000,000 shares of Company preferred stock, each with a par value of \$0.001 per share. As of the close of business on November 14, 2014, 30,005,507 shares of common stock were outstanding and no shares of preferred stock were outstanding. In addition, as of the close of business on November 11, 2014, the Company had 3,013,084 shares of common stock subject to outstanding stock options and 2,426,516 shares reserved for issuance pursuant to future grants under the Company's current stock incentive plans. The Company also had 732,871 shares reserved subject to the exercise of restricted stock units. The Company also had 7,916,959 shares reserved subject to the exercise of outstanding warrants. This means that as of November 14, 2014, the Company had just 155,905,063 shares of common stock available for corporate purposes, including, among other things, the issuance shares for potential financings.

Purpose of Amendment

The Board believes it is in the best interest of the Company to increase the number of authorized shares of common stock and preferred stock in order to give the Company greater flexibility in considering and planning for future potential business needs.

The Company has no current plan, commitment, arrangement, understanding or agreement regarding the issuance of the additional shares of common stock resulting from the proposed increase in authorized shares. The additional shares of common stock will be available for issuance by the Board for various corporate purposes, including but not

limited to, stock splits, stock dividends, grants under employee stock plans, financings, potential strategic transactions, including mergers, acquisitions, strategic partnerships, joint ventures, divestitures, and business combinations, as well as other general corporate transactions.

Having this additional authorized common stock available for future use will allow the Company to issue additional shares of common stock without the expense and delay of arranging a special meeting of shareholders.

Possible Effects of the Amendment and Additional Anti-takeover Consideration

If the amendment to the Certificate is approved, the additional authorized shares would be available for issuance at the discretion of the Board and without further shareholder approval, except as may be required by law. The additional shares of authorized common stock would have the same rights and privileges as the shares of common stock currently issued and outstanding. There are currently no shares of preferred stock outstanding. The adoption of the amendment would not have any immediate dilutive effect on the proportionate voting power or other rights of existing shareholders. Shares of common stock issued otherwise than for a stock split may decrease existing shareholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the voting rights of existing shareholders and have a negative effect on the market price of the common stock. Current shareholders have no preemptive or similar rights.

The Company cannot provide assurances that any such transactions will be consummated on favorable terms or at all, that they will enhance shareholder value or that they will not adversely affect the Company's business or the trading price of our stock.

The Company has not proposed the increase in the number of authorized shares of common stock with the intention of using the additional authorized shares for anti-takeover purposes, but the Company would be able to use the additional shares to oppose a hostile takeover attempt or delay or prevent changes in control or management of the Company. For example, without further shareholder approval, the Board could sell shares of common stock in a private transaction to purchasers who would oppose a takeover or favor the current Board. Although this proposal to increase the authorized number of shares of common stock has been prompted by business and financial considerations and not by the threat of any known or threatened hostile takeover attempt, shareholders should be aware that approval of this proposal could facilitate future efforts by the Company to oppose changes in control of the Company and perpetuate the Company's management, including transactions in which the shareholders might otherwise receive a premium for their shares over then current market prices.

If the Company's shareholders approve the increase in the number of authorized shares of common stock to 375,000,000, the Board will have authority to file with the Secretary of State of Delaware an amendment to the Company's Certificate to designate an additional 100,000,000 shares of common stock and 25,000,00 shares of preferred stock. Upon approval and following such filing with the Secretary of State of the State of Delaware, the amendment will become effective on the date it is filed. The amendment proposed by the Company to the Article FOURTH of our Certificate is attached to this proxy statement as Appendix A.

Neither Delaware law, the Company's Certificate, nor the Company's by-laws provides for appraisal or other similar rights for dissenting shareholders in connection with this proposal. Accordingly, the Company's shareholders will have no right to dissent and obtain payment for their shares.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES.

PROPOSAL 4

TO APPROVE AN AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO REMOVE THE BOARD SIZE AND UPDATE THE CLASSIFIED BOARD PROVISIONS OF OUR CHARTER.

Shareholders are being asked to approve an amendment to the Company's Certificate of Incorporation (the "Certificate") to update the classified board provisions contained in Article TENTH. Article TENTH currently reads as follows:

"(a) Board Size. The authorized number constituting the entire Board of Directors shall be (5). The Board of Directors will remain unchanged at five members and shall not be modified or have an increase in size without the prior written consent of the placement agent for the 2012 common stock offering by Actinium Corporation (formerly known as, Actinium Pharmaceuticals, Inc. ("Actinium")), a subsidiary of the Corporation, for a period of one year following the expiration of any lock-up agreement entered into in connection with the reverse merger transaction that closed on December 28, 2012, by and among the Corporation, Actinium, Diane Button, and the shareholders of Actinium.

"(b) Term. The directors shall initially be divided into three classes, designated Class I, Class II, and Class III. Class I shall consist of two directors, Class II shall consist of two directors, and Class III shall consist of the chief executive officer. Each such director shall serve for a term ending on the date of the third annual meeting of shareholders following the annual meeting at which the director was elected. Notwithstanding the foregoing, each director shall serve until his successor is duly elected and qualified, or until his retirement, death, resignation or removal. In order to implement a classified Board of directors, Class I shall serve a twelve (12) month term from the date of the 2013 annual shareholders meeting; Class II shall serve a twenty four (24) month term from the date of the 2013 annual shareholders meeting; and Class III shall serve a thirty-six (36) month term from the 2013 annual shareholders meeting. Directors elected at each annual meeting commencing in 2014 shall be elected for a 3 year term as specified above."

The Board recommends that Article TENTH of the Certificate be amended to read as follows:

The directors shall be divided into three classes, designated Class I, Class II, and Class III. Class I shall consist of up to three directors, Class II shall consist of up to three directors, and Class III shall consist of up to three directors. Each such director shall serve for a term ending on the date of the third annual meeting of stockholders following the annual meeting at which the director was elected. Notwithstanding the foregoing, each director shall serve until his successor is duly elected and qualified, or until his retirement, death, resignation or removal. No class shall have more than one director than any other class and each class shall be approximately the same size. For example, if there are seven (7) directors, Class I may have 2 directors, Class II may have 2 directors, and Class III

may have three directors. In order to implement a classified Board of directors, Class I shall serve a twelve (12) month term from the date of the 2013 annual stockholders meeting; Class II shall serve a twenty four (24) month term from the date of the 2013 annual stockholders meeting; and Class III shall serve a thirty-six (36) month term from the 2013 annual stockholders meeting. Directors elected at each annual meeting commencing in 2014 shall be elected for a 3 year term as specified above.

At its meeting held on October 31, 2014, the Board of Directors approved this amendment, subject to stockholder approval, and directed that this amendment be submitted to a vote of the Company's stockholders at this Annual Meeting of Stockholders. The Board has determined that this amendment is in the best interests of the Company and its stockholders and recommends approval by the stockholders.

The term of each director is set forth below or until their successors are duly elected.

Material Differences Between Current and Proposed Classified Board Provisions

Under the proposed amendment to Article Tenth of our Certificate, we are removing clause (a) Board Size. Our board size will be governed by Section 3.1 of our bylaws, that states that "The number of directors who shall constitute the whole board shall be such number not less than one (1) not more than nine (9) as the Board of Directors shall at the time have designated." In addition, as stated in clause (a) the placement agent no longer has the right to approve an increase in our board size. As a result we are seeking to remove this outdated provision.

Under the proposed amendment, our classified board provisions of the Company's Certificate, Class III directors may consist of up to three directors. Prior to the proposed amendment Class III directors only included the CEO. In addition, under the proposed amendment, no class shall have no more than one director than any other class and each class shall be approximately the same size, which is in alignment with NYSE MKT rules, where our common stock is traded. The terms of each of our directors will not change under the proposed amendment. The table below shows the term of each director under the current certificate and proposed amended certificate:

Director	Class	Term (from 2014 Annual Meeting)
Kaushik J. Dave	Class III	24 months
David Nicholson	Class I	36 months (if re-elected)
Sandesh Seth	Class II	12 months
Sergio Traversa	Class II	12 months
Richard I. Steinhart	Class I	36 months (if re- elected)

Purpose of Amendment

The Board believes that it is in the best interest of the Company to have our board size governed by our bylaws and update the classified board provisions of the Certificate. The Board based this decision on the need to have flexibility to have that ability to have up to nine board members, the need to remove the outdated provision that gives the placement agent the right to approve an increase in our board size, and the need ensure that there is a continuity of board member leadership considering the Company's ambitious growth program.

If the Company's stockholders approve the removal of the board size provision and update to the classified board provision of our Certificate, the Board will have authority to file with the Secretary of State of Delaware an amendment to the Company's Certificate to update Article TENTH. Upon approval and following such filing with the Secretary of State of the State of Delaware, the amendment will become effective on the date it is filed. The amendment proposed by the Company to the Article TENTH of our Certificate is attached to this proxy statement as Appendix A.

Neither Delaware law, the Company's Certificate, nor the Company's by-laws provides for appraisal or other similar rights for dissenting stockholders in connection with this proposal. Accordingly, the Company's stockholders will have no right to dissent and obtain payment for their shares

The amendment proposed by the Company to the Article TENTH of our Certificate is attached to this proxy statement as Annex Appendix A.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO UPDATE THE CLASSIFIED BOARD PROVISIONS.

HOUSEHOLDING OF PROXY MATERIALS

SEC rules concerning the delivery of annual disclosure documents allow us or your broker to send a single Notice or, if applicable, a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as “householding,” benefits both you and us. It reduces the volume of duplicate information received at your household and helps us to reduce our expenses. The rule applies to our Notices, annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be “household,” the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If your household received a single Notice or, if applicable, a single set of proxy materials this year, but you would prefer to receive your own copy, please contact Broadridge Financial Solutions, Inc., by calling their toll free number, 1-888-237-1900.

If you do not wish to participate in “householding” and would like to receive your own Notice or, if applicable, set of our annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another holder of our Common Stock or Preferred Stock and together both of you would like to receive only a single Notice or, if applicable, set of our annual disclosure documents, follow these instructions:

If your shares are registered in your own name, please contact Broadridge Financial Solutions, Inc., and inform them of your request by calling them at 1-888-237-1900 or writing them at 51 Mercedes Way, Edgewood, New York 11717.

If a broker, bank or other nominee holds your shares, please contact the broker, bank or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.
