AMERICAN BUSINESS CORPORATION NOTES TO THE CONDENSED FINANCIAL STATEMENTS

Note 1 - Basis of Presentation

The interim financial statements included herein are presented in accordance with United States generally accepted accounting principles and have been prepared by the Registrant, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Registrant believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. The Registrant's operating results for the six and three month periods ended June 30, 2004, and 2003 are not necessarily indicative of the results that may be or were expected for the years ended December 31, 2004, and 2003. It is suggested that these interim financial statements be read in conjunction with the audited financial statements and notes thereto of the Registrant included in its Form 10-KSB for the period ended December 31, 2003.

Note 2 - Redirection of the Registrant's Activities

At a Special Meeting of Shareholders held June 17, 2004 (the "Meeting"), a majority of the Registrant's shareholders approved amending the Registrant's Articles of Incorporation to change its name to American Business Corporation, increase the authorized Common Stock from 75,000,000 to 500,000,000 shares, and increase the par value of the Common Stock from no par value to \$.001 per share. The increase in par value and the number of authorized shares of the Registrant's Common Stock has been reflected as a restatement of the related opening account balances. The actions taken at the Meeting were in anticipation of a planned reorganization of the Registrant's liabilities and shareholders' accounts and the election by the Registrant to be regulated as a business development company.

Edgar Filing: LOGISTICS MANAGEMENT RESOURCES INC - Form 10QSB

Note 3 - Related Party Transactions

As previously reported, and by virtue of (i) a 6% secured convertible promissory note due to Brentwood Capital Corp., an affiliated privately owned New York merchant banking corporation ("Brentwood"), dated September 27, 2002, in the aggregate principal amount of \$1,981,961 and convertible into 198,196,143 shares of the Registrant's Common Stock, \$.001 par value per share; and (ii) Brentwood's record

7

ownership of 1,435,000 shares of the Registrant's common stock, equaling 199,631,143 shares and equivalents or 52% of the Registrant's total capitalization, the Registrant may be deemed to be controlled by Brentwood.

Similarly, and as previously reported, Midwest Merger Management, LLC, a Kentucky limited liability company and its affiliated entities ("Midwest") is the record owner of 3,459,800 shares of the Registrant's common stock, 9,990,000 common shares issuable upon conversion of outstanding shares of Series A preferred stock and 45,000,000 common shares issuable upon conversion of outstanding shares of Series C preferred stock or 18% of the Registrant's common stock and equivalents. Accordingly, the Registrant may be deemed to be controlled by Midwest. During the period covered by this Quarterly Report, and in connection with its ongoing support of the Registrant, Midwest contributed an aggregate of \$181,905 to the Registrant to fund its activities.

At June 30, 2004, the aggregate indebtedness to related parties was \$3,330,588. The Registrant intends to settle its aggregate obligations to Midwest and Brentwood in the course of its planned reorganization to a business development company.

Note 4 - Per Share Results

The common share equivalents associated with the Registrant's issued and outstanding convertible notes and Preferred Stock were not included in computing per share results as their effects were anti-dilutive.

Note 5 - Income Taxes (Benefits)

At December 31, 2002, the Registrant had available approximately \$23,000,000 of net operating loss carry-forward, which expires between December 31, 2008 and December 31, 2021, that may be used to reduce future taxable income. As utilization of this carry-forward is less than certain, its potential tax benefit to the Registrant of approximately \$8,000,000 is fully reserved.

Note 6 - Going Concern

The Registrant's condensed consolidated financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

As shown in the accompanying financial statements, the Registrant had negative working capital at June 30, 2004, of \$17,471,872. In addition, the Registrant has

8

Edgar Filing: LOGISTICS MANAGEMENT RESOURCES INC - Form 10QSB

incurred an accumulated deficit of \$(37,732,705) through June 30, 2004. The Registrant is dependent upon the efforts of Midwest and Brentwood to raise proceeds for its continued survival. The Registrant's ability to continue to receive this level of support from Midwest and Brentwood is uncertain. The condensed consolidated financial statements do not include any adjustments that might be necessary if the Registrant is unable to continue as a going concern.

Note 6 - Material Transactions

A. Hybrid-Systems.com, Inc.

On May 28, 2004, and as previously reported in the Registrant's Form 8-K filed on June 3, 2004, the Registrant executed a Stock Exchange Agreement (the "Exchange Agreement") with Hybrid-Systems.com, Inc., a Florida corporation engaged in the assembly, marketing and sale of computer components and systems ("Hybrid"). The Agreement called for the Registrant to acquire all of the issued and outstanding capital stock of Hybrid from its shareholders in exchange for 5,000,000 newly-issued and restricted shares of the Registrant's common stock, par value \$.001 per share (the "Exchange Shares"). The Agreement is subject to the Exchange Shares: (i) being held in escrow pending an audit of Hybrid's financial statements to be delivered on or before July 1, 2004; and (ii) being reduced by 500,000 Exchange Shares for each \$10,000 that Hybrid's total assets are less than \$100,000 and 500,000 Exchange Shares for each \$30,000 that net sales are less than \$480,000.

On July 26, 2004, the Registrant received Hybrid's audited financial statements which reflected \$25,000 in assets and sales of \$6,000. Pursuant to the refund provisions of the Exchange Agreement, the required reduction to the number of Exchange Shares would exceed the number of Exchange Shares due to Hybrid. Accordingly, the Registrant abandoned the transaction with Hybrid and initiated the cancellation of the Exchange Shares and restoration thereof to authorized but unissued status.

B. Y2 Ultra Filters, Inc.

On May 21, 2004, and as previously reported in the Registrant's Form 8-K filed on July 21 2004, the Registrant and Y2 Ultra-Filters, Inc., a privately owned Wyoming corporation ("Y2") agreed upon the terms and conditions of a form of Purchase and Contribution Agreement to be effective on April 28, 2004, wherein the Registrant agreed to purchase the exclusive worldwide rights to market and sell Y2's filtration system technology known as U2-Ultra Filter™ for applications within the worldwide gaming industry for the life of the technology (the "License"). The U2-Ultra Filter™ technology is the subject of four United States patents which rights were also applied for in the European Community, Australia, Canada and Taiwan.

9

Pursuant to an amendment to the original agreement effective June 30, 2004 (the "Amendment"), the parties changed the Purchase and Contribution Agreement to a License and Joint Venture Agreement and provided for the formation of A.I.R. Filters, LLC, a Delaware limited liability company (the "LLC") as a joint venture to commercialize the U2-Ultra Filter™ technology within the worldwide gaming industry. The LLC, which was formed on June 4, 2004, has been created to execute the party's marketing and sales efforts in which Y2 as chief operating member and the Registrant as chief executive member will each have a 50% interest. In consideration for the License, the Registrant agreed to originally

Edgar Filing: LOGISTICS MANAGEMENT RESOURCES INC - Form 10QSB

issue 27,000,000 restricted shares of its common stock to Y2 and, subject to certain performance milestones, granted to Y2 a five year option to purchase an additional 39,000,000 restricted shares (19,000,000 at \$.10 and 20,000,000 at 100% of fair market value when earned).

Note 7 - Commitments

On July 12, 2004, and pursuant to a Loan Agreement and annexed 10% promissory note of even date therewith among the Registrant as lender, Clayton, Dunning & Company Inc., a Florida corporation and registered broker dealer ("CDC") as borrower, and Robert C. Lau and Patricia D. Lau, as co-makers, the Registrant lent \$125,000 (the "Loan") to CDC. The terms and conditions of the Loan are described in Item 5 of this Quarterly Report on page 13.

Item 2. Management's Discussion and Analysis

The following discussion contains forward-looking statements regarding the Registrant, its business, prospects and results of operations that are subject to certain risks and uncertainties posed by many factors and events that could cause the Registrant's actual business, prospects and results of operations to differ materially from those that may be anticipated by such forward-looking statements. Factors that may affect such forward-looking statements include, without limitation, the Registrant's ability to resolve the affairs of its creditors and other investors; or to locate and thereafter negotiate and consummate a business combination with a profitable privately owned company.

When used in this discussion, words such as "believes," "anticipates," "expects," "intends," and similar expressions are intended to identify forward-looking statements, but are not the exclusive means of identifying forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. The Registrant undertakes no obligation to revise any forward-looking statements in order to reflect events or circumstances that may subsequently arise. Readers are urged to carefully review and consider the various disclosures made by us in this report and other reports filed with the SEC that attempt to advise interested parties of the risks and factors that may affect the Registrant's business.

10

Six Month Periods Ended June 30, 2004 and 2003:

Revenues. - As a direct result of the Registrant's inability to continue its failing freight transportation services beyond November 2000, the Registrant had no revenues during either the six month period ended June 30, 2004 ("6M04") or the six month period ended June 30, 2003 ("6M03"). The Registrant continues working through the restructure of its debt and the mitigation of outstanding litigation.

Expenses and Income Taxes - General and administrative expenses for 6M04 were \$414,684 compared to \$208,892 for 6M03. This increase is consistent with the Registrant's strategy of redirecting its focus toward becoming a candidate to acquire or merge with a profitable, privately-held business operation. Accordingly, the Registrant's recurring administrative expenses include: (i) professional fees (legal and accounting) associated with the resolution of the Registrant's affairs with its former creditors and investors, and the maintenance of

Edgar Filing: LOGISTICS MANAGEMENT RESOURCES INC - Form 10QSB

its reporting requirements and good standing, (ii) interest on its outstanding convertible note due to Brentwood (commencing on October 1, 2003), (iii) other ancillary expenses, and (iv) the payment of minimum franchise taxes.

Net Income (Loss) - Accordingly, the Registrant experienced a net loss of \$414,684 for 6M04 compared to a net loss of \$208,892 for 6M03. When related to the weighted average number of common shares outstanding during 6M04 and 6M03 per share loss results were \$0.00 and \$0.00, respectively.

Quarters Ended June 30, 2004 and 2003:

Revenue - As a direct result of the Registrant's inability to continue its failing freight transportation services beyond November 2000, the Registrant had no revenues during either the second quarter June 30, 2004 ("2Q04") or the second quarter ended June 30, 2003 ("2Q03"). The Registrant continues working through the restructure of its debt and the mitigation of outstanding litigation.

Expenses and Income Taxes - General and administrative expenses for 2Q04 were \$294,765 compared to \$180,913 for 2Q03. This increase is consistent with the Registrant's strategy of redirecting its focus toward becoming a candidate to acquire or merge with a profitable, privately-held business operation. Accordingly, the Registrant's recurring administrative expenses include: (i) professional fees (legal and accounting) associated with the resolution of the Registrant's affairs with its former creditors and investors, and the maintenance of its reporting requirements and good standing, (ii) interest on its outstanding convertible note due to Brentwood (commencing on October 1, 2003), (iii) other ancillary expenses, and (iv) the payment of minimum franchise taxes.

11

Net Income (Loss) - Accordingly, the Registrant experienced a net loss of \$294,765 for 2Q04 compared to a net loss of \$180,913 for 2Q03. When related to the weighted average common shares outstanding during each period, per share results were \$0.00 and \$0.00, for 2Q04 and 2Q03, respectively.

Liquidity and Capital Resources.

The Registrant does not have any permanent capital resources. Consistent with the inability to continue its failing freight transportation services business beyond November 2000, and its subsequent disposition in connection with arranging the funding of the GE Credit Corp. settlement in September 2002, the Registrant's principal activity has been centered in resolving the claims of its former creditors so it may seek a business combination. In this connection, Midwest and Brentwood have agreed to provide Registrant with reasonable legal, accounting and administrative resources to resolve its affairs and conduct its search for a business combination candidate.

Accordingly, the Registrant is entirely dependent upon: (i) Midwest providing the Registrant with certain advisory services in connection with the resolution of its affairs on favorable terms; (ii) the willingness of Brentwood to provide the Registrant with certain office and administrative facilities and to fund virtually all of the Registrant's settlements with its creditors; and (iii) the Registrant's successfully implementing a business combination with a profitable operating company.

Edgar Filing: LOGISTICS MANAGEMENT RESOURCES INC - Form 10QSB

There can be no assurances that Midwest will be successful in resolving all or substantially all of Registrant's affairs, that Brentwood will fund any further settlements, or that the combined efforts of Midwest and Brentwood will lead to a successful business combination.

Item 3. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

The Registrant maintains controls and procedures designed to ensure that information required to be disclosed in the reports that the Registrant files or submits under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission. Based upon their evaluation of those controls and procedures performed within 90 days of the filing date of this report, the Chief Executive and Chief Financial officers of the Registrant concluded that the Registrant's disclosure controls and procedures were adequate.

(b) Changes in Internal Controls

12

The Registrant made no significant changes in its internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation of those controls by the Chief Executive and Chief Financial officers.

PART II - OTHER INFORMATION

Item 4. Submission of Matters to a Vote of Security Holders

At a Special Meeting of Shareholders held June 17, 2004 (the "Meeting"), a majority of the Registrant's shareholders approved the following three matters: (i) amending the Registrant's Certificate of Incorporation to change its name to American Business Corporation ("Item 1"); increase the number of shares of Common Stock the Registrant is authorized to issue from 75,000,000 shares to 500,000,000 shares ("Item2"); and (iii) increasing the par value of the Registrant's Common Stock from no par value to \$.001 per share ("Item3"). The actions taken at the Meeting were in anticipation of a proposed reorganization of the Registrant into a business development company. The votes cast for, against and abstained from each matter were as follows:
