Notes to the Unaudited Condensed Interim Consolidated Financial Statements

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

Free translation from the original prepared in Spanish for publication in Argentina

1. The Group's business and general information

IRSA Inversiones y Representaciones Sociedad Anónima ("IRSA", "the Company", "Us" or "the Society") was founded in 1943 and is engaged in a diversified range of real estate activities in Argentina since 1991.

IRSA and its subsidiaries are collectively referred to hereinafter as "the Group".

As of September 30, 2015, the Group operates in six business segments. See Note 6 to the Consolidated Financial Statements as of June 30, 2015 for a description of such segments.

The group's real estate business operations are conducted primarily through IRSA and its principally subsidiary, IRSA Propiedades Comerciales S.A. ("IRSA CP"). Through IRSA CP and IRSA, the Group owns, manages and develops shopping centers across Argentina, a portfolio of office and other rental properties in the Autonomous City of Buenos Aires, and it entered the US real estate market in 2009, mainly through the acquisition of non-controlling interests in office buildings and hotels. Through IRSA or IRSA CP, the Group also develops residential properties for sale. The Group, through IRSA, is also involved in the operation of branded hotels. The Group uses the term "real estate" indistinctively in these consolidated financial statements to denote investment, development and/or trading properties activities.

During the fiscal year ended June 30, 2014, the Group made an investment in the Israeli market through Dolphin Fund Ltd. ("DFL") and Dolphin Netherlands B.V. ("DN B.V." and together with DFL "Dolphin"), in IDB Development Corporation Ltd. ("IDBD") (an Israeli Company), of an initial interest of 26.65%. During fiscal year ended June 30, 2015, the Group continued investing in IDBD, increasing its indirect interest as of June 30, 2015, to 49%. During the three-month-period ended on September 30, 2015 the Group did not

invest further in the company. IDBD is one of the Israeli largest and most diversified conglomerates, which is involved, through its subsidiaries, in several markets and industry, including real estate, retail, agribusiness, insurance, telecommunications, etc.; controlling or participating in companies as: Clal Insurance (Insurance Company), Cellcom (Mobile phone services), Adama (Agrochemicals), Super-Sol (supermarket), PBC (Real Estate), among others. IDBD is listed in Tel Aviv Stock Exchange ("TASE") since May, 2014.

1. The Group's business and general information (Continued)

The activities of the Group's segment "Financial operations and others" is carried out mainly through Banco Hipotecario S.A. ("BHSA"), where we have a 29.99% interest (without considering treasury shares of our own). BHSA is a commercial bank offering a wide variety of banking activities and related financial services to individuals, small and medium-sized companies and large corporations, including the provision of mortgaged loans. BHSA's shares are listed on the Buenos Aires Stock Exchange ("BASE"). Besides that, the Group has a 43.15% interest in Tarshop S.A ("Tarshop"), which main activities are credit card and loan origination transactions.

IRSA's shares are listed and traded on both the BASE and the New York Stock Exchange ("NYSE"). IRSA CP shares are listed and traded on both the BASE and the NASDAQ.

Cresud S.A.C.I.F y A. is our ultimate parent company and is a corporation incorporated and domiciled in Argentina. The address of its registered office is 877 Moreno St., Floor 23, Autonomous City of Buenos Aires, Argentina.

These Unaudited Condensed Interim Consolidated Financial Statements have been approved for issue by the Board of Directors on November 11, 2015.

2. Summary of significant accounting policies

2.1 Basis of preparation of the Unaudited Condensed Interim Consolidated Financial Statements

a) Basis of preparation

The Unaudited Condensed Interim Consolidated Financial Statements have been prepared in accordance with IAS 34 “Interim Financial Reporting”. Furthermore, some additional issues were included as required by the Business Companies Act and/or regulations of the CNV, including supplementary information provided in the last paragraph of section 1, Chapter III, Title IV of General Ruling 622/13 of the CNV. Such information is included in the Notes to the Unaudited Condensed Consolidated Interim Financial Statements, as admitted by the International Financial Reporting Standard (IFRS).

These Unaudited Condensed Interim Consolidated Financial Statements should be read together with the Annual Consolidated Financial Statements of the Group as of June 30, 2015 prepared in accordance with IFRS in force. These Unaudited Condensed Interim Consolidated Financial Statements are presented in thousands of Argentine Pesos.

These Unaudited Condensed Interim Consolidated Financial Statements corresponding to the three-month periods ended September 30, 2015 and 2014 have not been audited. The management believes they include all necessary adjustments to fairly present the results of each period. The Company’s three-month periods ended September 30, 2015 and 2014 results do not necessarily reflect the proportion of the Group’s full-year results.

2. Basis of preparation of the Unaudited Condensed Interim Consolidated Financial Statements (Continued)

2.2. Accounting policies

The accounting policies applied in the presentation of these Unaudited Condensed Interim Consolidated Financial Statements are consistent with those applied in the preparation of the information under IFRS as of June 30, 2015. The principal accounting policies are described in Note 2 of the Consolidated Financial Statements for the year ended June 30, 2015.

2.3. Use of estimates

The preparation of financial statements at a certain date requires the Management to make estimations and evaluations affecting the amount of assets and liabilities recorded and contingent assets and liabilities disclosed at such date, as well as income and expenses recorded during the period. Actual results might differ from the estimates and evaluations made at the date of preparation of these financial statements.

In the preparation of these Unaudited Condensed Interim Consolidated Financial Statements, the significant judgments made by Management in applying the Group's accounting policies and the main sources of uncertainty were the same applied by the Group in the preparation of the Annual Consolidated Financial Statements for the year ended June 30, 2015, save for changes in accrued income tax, provision for legal claims, provision for Directors' fees, allowance for bad debts and accrued supplementary rental.

Additionally, to estimate the market value of its investment in IDBD, in this period the Group chose to stop considering the listed price (Level 1 valuation) and to adopt a valuation model based on unobservable variables (Level 3 valuation), as a result of the circumstances described in Note 15.

2.4. Comparative Information

Balance items as of June 30, 2015 and September 30, 2014 shown in these financial statements for comparative purposes arise from the Consolidated Financial Statements then ended. Certain reclassifications have been made in order to present figures comparatively with those of this period.

3. Seasonal effects on operations

The operations of the Group's shopping centers are subject to seasonal effects, which affect the level of sales recorded by lessees. During summer time (January and February), the lessees of shopping centers experience the lowest sales levels in comparison with the winter holidays (July) and year-end holidays (December) when they tend to record peaks of sales. Apparel stores generally change their collections during the spring and the fall, which impacts positively on shopping mall sales. Sale discounts at the end of each season also affect the business. As a consequence, a higher level of revenues is generally expected in the second half of the year rather than the first in shopping center operations.

4. Acquisitions, dispositions, transactions and/or authorization pending approval

4.1. Acquisition and disposals

For the three-month period ended September 30, 2015

Sale of investment properties

On July 10, 2015, the Group through IRSA signed the transfer deed for the sale of the 16th floor of Maipú 1300 building. The transaction Price was set at US\$ 1.5 million. Such transaction generated a gain before tax of approximately Ps. 12.3 million.

On July 24, 2015, the Group through IRSA signed the transfer deed for the sale of the 4th floor of Maipú 1300 building. The transaction Price was set at Ps. 21.7 million. Such transaction generated a gain before tax of approximately Ps. 20.0 million.

On July 31, 2015, the Group through IRSA signed the transfer deed for the sale of the 18th floor of Maipú 1300 building. The transaction Price was set at US\$ 1.6 million. Such transaction generated a gain before tax of approximately Ps. 12.9 million.

On August 24, 2015, the Group through IRSA signed the transfer deed for the sale of the 3rd floor of Maipú 1300 building. The transaction Price was set at US\$ 1.5 million. Such transaction generated a gain before tax of approximately Ps. 11.9 million.

On September 3, 2015, the Group, through IRSA sold the lands of “Isla Sirgadero”, located in Santa Fe Province. The transaction Price was set at US\$ 4.0 million. Such transaction generated a gain before tax of approximately Ps. 32.6 million.

On September 10, 2015, the Group through IRSA CP, transferred 5,963 square meters corresponding to seven offices floors, 56 parking units and 3 storage units of Intercontinental Plaza Building. The transaction price was set at Ps. 324.5 million, which has already been fully paid. Gross profit of this operation amounted to Ps. 300.0 million.

All sales mentioned above led to a combined profit for the Group of Ps. 389.8 million, disclosed within the line "Gain from disposal of investment properties" in the statement of income.

Investment in IDBD

On May 7, 2014, a transaction was closed whereby the Group, acting indirectly through Dolphin, acquired, jointly with C.A.A. Extra Holdings Limited, a non-related company incorporated under the laws of the State of Israel, controlled by Mordechay Ben Moshé (hereinafter, "ETH"), an aggregate number of 106.6 million common shares in IDBD representing 53.30% of its stock capital, under the scope of the debt restructuring of IDBD's holding company, IDB Holdings Corporation Ltd. ("IDBH"), with its creditors (the "Arrangement"). Under the terms of the agreement entered into between Dolphin and E.T.H.M.B.M. Extra Holdings Ltd., a company controlled by Mordechay Ben Moshé, to which Dolphin and ETH agreed to (the "Shareholders' Agreement"), Dolphin jointly with other third party investors acquired a 50% interest in this investment, while ETH acquired the remaining 50%. The initial total investment amount was NIS 950 million, equivalent to approximately US\$ 272 million at the exchange rate prevailing on that date. During fiscal year 2015 Dolphin continued investing in IDBD and as of June 30, 2015, the IRSA's indirect equity interest in IDBD amounted to approximately 49%.

On August 27, 2015, DIC published a rights offering memorandum according to the Proposal to IDBD and DIC (see on this regard note 9 "Interest in associates" accompanying these financial statements) and on September 6, 2015 issued right for every 1000 shares of DIC, which would be exercised automatically and cost-free on the same day for 224 Series 3 warrants, 204 Series 4 warrants, 204 Series 5 warrants and 204 Series 6 warrants, each. Each DIC warrant is convertible to 1 share of DIC and has the following characteristics:

- Series 3 warrants are exercisable at NIS 6.54 and mature on December 21, 2015;
- Series 4 warrants are exercisable at NIS 7.183 and mature on December 21, 2016;
- Series 5 warrants mature on December 21, 2017. The exercise price is NIS 7.183 until December 20, 2016, and NIS 7.836 thereafter.
- Series 6 warrants mature on December 21, 2018. The exercise price is NIS 7.183 until December 20, 2016, and NIS 8.489 thereafter.

Pursuant to the above said, on September 6, 2015 Dolphin received 91,163 warrants Series 3 and 83,023 warrants Series 4, 5 and 6 from DIC.

4. Acquisitions, dispositions, transactions and/or authorization pending approval (Continued)

As a result of the transactions described above, as of September 30, 2015, Dolphin held an aggregate number of 324,445,664 shares, 15,998,787 Series 3 warrants, 24,897,859 Series 4 warrants, 109,342,966 Series 5 warrants and 97,833,180 Series 6 warrants, accounting for a 49.0% share interest in IDBD. Additionally, on September 30, 2015, Dolphin held 406,978 shares of DIC, 91,163 Series 3 warrants and 83,023 Series 4, 5 and 6 warrants of DIC, accounting for a direct equity interest of 0.48%.

As of September 30, 2015, IDBD's Board of Directors consists of nine members, three of whom have been designated by Dolphin, Eduardo Sergio Elsztain (President), Roni Bar-On (on July 7 Roni Bar-On replaced Alejandro Gustavo Elsztain) and Saúl Zang.

During February and March 2015 Dolphin and ETH initiate an exchange of letters mainly in relation to claims from ETH in connection with the Rights Offering and ETH's claim demanding a pro rata acquisition of the shares in IDBD owned by Dolphin and subscribed for under the Rights Offering and all the shares acquired thereafter by IFISA asserting in the latter case the rights under the Shareholders' Agreement (*first refusal*).

Based on the foregoing and in accordance with the provisions of the Shareholders' Agreement with respect to dispute resolution, on April 30, 2015 (the "Preliminary Hearing") arbitration proceedings were initiated in English language, in Tel Aviv, and the Israeli law applies thereto.

The arbitration proceedings are intended to settle the issues referred to above, and application and interpretation of certain clauses of the Shareholders' Agreement.

In addition, during such Preliminary Hearing, the parties agreed on the rules and procedures that would govern the conduct of the arbitration proceedings and a schedule for such purposes. Appointment of an arbitrator was approved and, as a result, any applicable statutory terms began running thereafter.

On May 28, 2015, before the filing of the arbitration claim, ETH made a preliminary petition to the arbiter that triggered application of the Buy Me Buy You ("BMBY") clause, which establishes that each party to the Shareholders' Agreement may offer to the counterparty to acquire (or sell, as the case may be) the shares it holds in IDBD at a fixed price; and within 14 days from delivery of the BMBY notice (the "Notice") recipient should let it know whether it desires to sell or acquire the other party's shares pursuant to the terms of the Notice, in accordance with the provisions of the Shareholders' Agreement. In such petition, ETH further added that the purchaser thereunder would be required to assume all obligations of seller under the Arrangement.

In addition, on June 10 and 11, 2015, Dolphin gave notice to ETH of its intention to buy all the shares in IDBD held by ETH, asserted its defenses and its interpretation about application and construction of the BMBY, establishing that ETH's interpretation of such mechanism was erroneous.

4. Acquisitions, dispositions, transactions and/or authorization pending approval (Continued)

As a result, the parties pursued arbitration to settle their disputes and in respect of the correct interpretation of the BMBY clause, in order to determine, first, who is the purchaser under the BMBY clause, and whether such party will be under the obligation to assume all the obligations of seller under the Arrangement.

For such purposes, the arbiter decided to divide the arbitration proceedings into two phases: the first one to deal with the disputes related to application and interpretation of the mechanism under the BMBY clause and the second one in relation to the parties' additional petitions or claims.

Moreover, on June 28 and 30, 2015 ETH filed a motion with the arbiter requesting an injunction preventing changes in IDBD's current Board of Director's composition at IDBD's annual shareholders' meeting held on July 7, 2015.

On July 6, 2015, the arbiter granted such injunction as requested by ETH, for which reason Dolphin appointed only 3 directors for the next meeting and could appoint such number of directors until the arbiter issues a final decision about who is the purchaser under the BMBY process.

On September 24, 2015 the arbitrator issued its award, which provided that: (i) Dolphin and IFISA are entitled to act as buyers in the BMBY process, and ETH should sell IDBD shares held by it (92,665,929 shares) at a NIS price of 1.64 per share; (ii) the buyer must fulfill all of the commitments included in the seller's Arrangement, including the commitment to carry out Tender Offers and the obligation to engage in capital increases; (iii) the buyer must pledge in favor of the Arrangement Trustees the shares that seller had pledged to them; (iii) the parties will have 16 days to complete the BMBY process from the time of

notice of this award.

As Dolphin is a subsidiary that qualifies as a VCO in accordance with the IAS 28 exemption referred to in Note 2.3 (d) to the Consolidated Financial Statements for the fiscal year ended June 30, 2015, the Company has recorded its interest in IDBD at fair value with changes in the income statement.

Changes in non-controlling interest

IRSA CP

During the three-month period ended September 30, 2015, the Group acquired 115,643 shares of IRSA CP for an amount of Ps. 3.1 million (14,501 were acquired by IRSA and the remaining 101,592 by the subsidiary Tyrus). As a result of this transaction, the non-controlling interest was reduced by Ps. 0.8 million and the interest attributable to the shareholders' of the controlling parents was reduced by Ps. 9.5 million. The equity interest in IRSA CP as of September 30, 2015 amounts to 95.90%. The effect on shareholders' equity of this change in the equity interest in IRSA CP is summarized as follows:

	Ps.
Carrying value of non-controlling interest	879
Price paid for the non-controlling interest	(9,478)
Reserve recognized in the Shareholders' equity	(8,599)

5. Financial risk management and fair value estimates

5.1 Financial risk

The group's diverse activities are exposed to a variety of financial risk: market risk (including foreign currency risk, interest rate risk and price risk) credit risk, liquidity risk and capital risk.

The Unaudited Condensed Interim Consolidated Financial Statements do not include all the information and disclosures on financial risk management; therefore they should be read along with the annual consolidated financial statements for the year ended June 30, 2015. There have been no changes in the risk management or risk management policies applied by the Group since year end.

5.2 Fair value estimates

Since June 30, 2015 there have been no significant changes in business or economic circumstances affecting the fair value of the Group's assets or liabilities (either measured at fair value or amortized cost). Furthermore, there have been certain transfers between the different hierarchies used to assess the fair value of the Group's financial instruments, which are described in Note 15.

6. Segment information

IFRS 8 requires an entity to report financial and descriptive information about its reportable segments, which are operating segments or aggregations of operating segments that meet specified criteria. Operating segments are components of an entity about which separate financial information is available that is evaluated regularly by the Group's Executive Committee (Chief Operating Decision Maker, "CODM"), without prejudice of the powers and responsibilities of the management body, that is the Board of Directors, in deciding how to allocate resources and in assessing performance. The Executive Committee evaluates the business based on the differences in the nature of its products, operations and risks. The amount reported for each segment item is the measure reported to the Executive Committee and subsequently informed for these purposes to the top management body that is the Group's Board of Directors. In turn, the Board of Directors' management is assessed by the Shareholders' Meeting, which is the governance body.

Operating segments identified are disclosed as reportable segments if they meet any of the following quantitative thresholds:

- The operating segment's reported revenue, including both sales to external customers and inter-segment sales or transfers, is ten per cent or more of the combined revenue, internal and external, of all operating segments;
- The absolute amount of its reported profit or loss is ten percent or more, in absolute amount, of the greater of:
 - the combined reported profit of all operating segments that do not report a loss; and

- the combined reported loss of all operating segments that report a loss.

- Its assets are ten percent or more of the combined assets of all operating segments.

As well as this, the operating segments that do not meet any of the quantitative thresholds may be considered as reportable segments if the management estimates that this information could be useful for the users of the financial statements.

6. Segment information (Continued)

If, after determining reportable segments in accordance with the preceding quantitative thresholds, the total external revenue attributable to those segments amounts to less than 75% of the total Group's consolidated external revenue, additional segments are identified as reportable segments, even if they do not meet the thresholds described above, until at least 75% of the Group's consolidated external revenue is included in reportable segments. Once the 75% of the Group's consolidated external revenue is included in reportable segments, the remaining operating segments may be aggregated in the "Other segments" column.

Segment information has been prepared and classified according to different types of businesses in which the Group conducts its activities. The Group operates in an area of "Investment and Development Properties business" which comprises the following segments:

- The "**Shopping Centers**" segment includes the operating results of the Group's shopping centers portfolio principally comprised of lease and service revenues related to rental of commercial space and other spaces in the shopping centers of the Group.
- The "**Offices and others**" segment includes the operating results of the Group's lease revenues of office and other rental space and other service revenues related to the office activities.
- The "**Sales and Development**" segment includes the operating results of the sales of Undeveloped parcels of land and/or trading properties, as the results related with its development and maintenance. Also included in this segment are the results of the sale of real property intended for rent, sales of hotels and other properties included in the international segment.

- The **"Hotel"** segment includes the operating results of the Group's hotels mainly comprised of room, catering and restaurant revenues.
- The **"International"** segment includes profit or loss on investments in subsidiaries and/or associates that mainly operate in the United States in relation to the lease of office buildings and hotels in that country, and the results arising from investment in IDBD at fair value.
- The **"Financial operations and others"** segment primarily includes the financial activities carried out by the associates Banco Hipotecario S.A. and Tarshop S.A., and consumer finance residual financial operations of Apsamedia S.A. (currently merged with IRSA CP). Furthermore, the e-commerce activities conducted through the associate Avenida Inc. were also included until the first quarter of the fiscal year ended June 30, 2015. This investment began to be considered a financial asset as from the second quarter of the mentioned year.

6. Segment information (Continued)

The Group's Executive Board periodically reviews the results and certain asset categories corresponding to these segments. The valuation criteria used in preparing this information are consistent with IFRS standards used for the preparation of the consolidated financial statements, except for the investments in joint ventures: Cyrsa S.A., Nuevo Puerto Santa Fe S.A., Puerto Retiro S.A., Baicom Networks S.A. and Quality Invest S.A., which are reported to the Group's Executive Board, applying proportional consolidation method. Under this method the income/loss generated and assets, are reported in the income statement line-by-line rather than in a single item as required by IFRS. Under this method, each reported asset contains the Group's proportionate share in the same asset class in these joint ventures. As an example, the amount of investment properties reported to the Executive Board includes (i) the balance of investment properties as stated in the statement of financial position, plus (ii) the Group's share in the balances of investment properties of joint ventures. Management believes that the proportional consolidation method provides more useful information to understand the business return. Moreover, operating results of Entertainment Holding S.A. ("EHSA") joint venture is accounted for under the equity method. Management believes that, in this case, this method provides more adequate information for this type of investment, given its low materiality and considering it is a company without direct trade operations, where the main asset consists of an indirect interest of 25% of La Rural S.A..

The following asset categories are reviewed by the Group's Executive Board: investment properties, property, plant and equipment; trading properties, goodwill, rights to receive future units through barter agreements, inventories, investment in associates and investment in EHSA joint venture. The sum of these assets, classified by business segment, is reported under "assets by segment". Assets are allocated to each segment based on the operations and/or their physical location.

Goods and services exchanged between segments are calculated on the basis of market prices. Intercompany transactions between segments, if any, are eliminated.

The shopping center properties of the Group are all located in Argentina, the country of domicile of the Group. Mainly, the Group's offices and other rental properties are also located in Argentina. Properties of the Group located in United States, are disclosed in column "International". The Group's hotels are located in Argentina and United States. The Group's trading properties are located in Argentina and Uruguay.

6. Segment information (Continued)

In the last quarter of the fiscal year ended June 30, 2015, the Group has changed the presentation of the Statements of income which is reviewed by the CODM for purposes of assigning resources and assessing performance for the fiscal year for a better alignment with the current business vision and the metrics used to such end. These amendments affected the shopping centers and office segments. The information examined by the CODM does not include the amounts pertaining to building administration expenses and collective promotion funds ("FPC", as per its Spanish acronym) from the Statements of income, and so does it exclude total recovered costs, as they are not analyzed to assess the operating performance of the segment. The CODM examines the net amount from these items (total surplus or deficit between building administration expenses and collective promotion funds and recoverable expenses). These costs and income are presented now for reconciliation of all segments and their respective consolidating operating income. The amounts corresponding to prior fiscal years have been retroactively adjusted to reflect these changes in segment information.

In addition, in the last quarter of the fiscal year ended June 30, 2015, the Group has modified how it presents the gain/loss on the sale of investment property in segment information, which is revised by CODM. The information revised by CODM includes the gain/loss on the sale of investment properties within sales and development segment, regardless of the segment where the property would have been originally located. These modifications affected the segments of sales and developments and international.

8. Interests in joint ventures

As of September 30, 2015 and June 30, 2015, the joint ventures of the Group were Cyrsa S.A., Puerto Retiro S.A., Baicom Networks S.A., Quality Invest S.A., NPSF, Entretenimiento Universal S.A. and EHSA. The shares in these joint ventures are not publicly traded.

Evolution of investments in joint ventures for the three-month period ended September 30, 2015 and for the year ended June 30, 2015 were as follows:

	September 30,	June 30,
	2015	2015
Beginning of the period /year	190,161	316,658
Capital contribution	-	8,369
Cash dividends (i)	-	(33,614)
Share of profit	403	9,608
Capital reduction (ii)	-	(110,860)
End of the period / year	190,564	190,161

(i) During the year ended June 30, 2015, the Group cashed dividends from Cyrsa and Nuevo Puerto Santa Fe S.A. in the amount of Ps. 31.0 million and Ps. 2.6 million, respectively.

(ii) During the year ended June 30, 2015, Cyrsa S.A. distributed to IRSA due to capital reduction in the amount of Ps. 110.9 million.

Restrictions, commitments and other matters in respect of joint ventures

According to the Argentine laws, 5% of the profit of the year is separated to constitute legal reserve until they reach legal capped amounts (20% of total capital). This legal reserve is not available for the dividend distribution and can only be released to absorb losses. The Group's joint ventures have not reached the legal capped amounts.

There are no contingent liabilities relating to the Group's interest in joint ventures, and there are no contingent liabilities of the joint ventures themselves.

Quality Invest S.A.

In March 2011, Quality subscribed an agreement of purchase for the property of an industrial plant owned by Nobleza Piccardo S.A.I.C. y F. (hereinafter "Nobleza") located in San Martín, Province of Buenos Aires. The facilities have the necessary features and scales for multiple uses. The purchase price was agreed on US\$ 33.0 million. At the same time, Quality subscribed a lease agreement with Nobleza, by means of which Nobleza will rent the property for a maximum term of 3 years. On March 2, 2015, an Agreement Letter has been signed for the completion of lease agreement and restitution of San Martín plant. On April 2011, Quality requested the CNDC's to issue an advisory opinion on the obligation to notify the operation or not. Later, the Court of Appeals confirmed the CNDC's decision regarding the obligation to serve notice and consequently, therefore, on February 23, 2012 local Form F1 was filed, which as of the date of these consolidated financial statements is still in process.

8. Interests in joint ventures (Continued)

As authorized by the relevant Ordinance, on January 20, 2015 Quality Invest S.A. entered into an Urbanization Agreement with the Municipality of San Martín which governs several regulatory aspects and sets forth a binding assignment of meters in exchange for cash contributions subject to formalization of certain administrative milestones included in the rezoning process. The Agreement contemplates a monetary compensation to the City Council totaling Ps. 40.0 million, payable in two installments of Ps. 20.0 million each. The first of such installments was paid on June 30, 2015.

Entertainment Holdings S.A.

During November 2012, IRSA CP acquired shares of common stock, representing 50% of Entertainment Holdings S.A. ("EHSA")'s capital stock and votes and as a consequence IRSA CP holds a jointly indirect interest in LRSA of 25% which operates the Exhibition Center "Predio Ferial de Buenos Aires".

In connection with the Exhibition Center, in December 2012 the Executive Branch issued Executive Order 2552/12 that annulled an executive order dated 1991 which approved the sale of the Exhibition Center to the SRA; the effect of this new order was to revoke the sale transaction. Subsequent to December 21, 2012, the Executive Branch notified the SRA of said executive order and further ordered that the property be returned to the Federal Government within 30 subsequent days. Then, the SRA issued a press release publicly disclosing the initiation of legal actions. Furthermore, as it has become publicly known, on August 21, 2013, the Supreme Court of Justice rejected the appeal filed by the National State against the injunction timely requested by the SRA.

Neither has IRSA CP been served notice formally nor is it a party involved in the legal actions brought by the SRA.

Given the potential dimension of the dispute, as it has been known to the public, we estimate that if Executive Order 2552/2012 was found to be unconstitutional, such order shall have no legal effects either in EHSA or in the acquisition by IRSA CP of an equity interest in EHSA. However, if the opposite happen, that is, a court order declaring the nullity of Executive Order 2699/91 could have a real impact on acquired assets. In this scenario, the judicial decision may render the purchase of the Plot of Land by SRA null and void , and all acts executed by SRA in relation to the Plot of Land, including the right of use currently held by the entity where EHSA has an indirect equity interest, through vehicle entities, would also become null and void.

8. Interests in joint ventures (Continued)

On June 1, 2015, a ruling was issued in case 4573/2012 Sociedad Rural Argentina vs. National State – Executive Power on Declaratory Action, whereby the injunction staying the effects of Executive Order 2552/12 was lifted.

On June 2, 2015 the Sociedad Rural Argentina filed a writ of appeals against the ruling indicated above and on that same date the appeal was admitted with staying effects. While a decision on the appeal filed with the Court is pending, the motion to lift the injunction filed by the National State will have no effect.

On September 17, 2015 the Second Chamber decided to reject the lifting of the injunction. Against this resolution the National Government appealed Extraordinary.

Notwithstanding the above, to the date we are not aware of any judicial measure petitioned by the owner of the Plot of Land and/or the National Government, or the corresponding appeals or rulings, may have affected the actual use of the Plot of Land.

There are no contingent liabilities relating to the Group's interest in joint ventures, and there are no contingent liabilities of the joint ventures themselves, different to the mentioned above.

Puerto Retiro S.A. ("Puerto Retiro")

On April 18, 2000, Puerto Retiro S.A. was notified of a filing made by the National Government, through the Ministry of Defense, to extend the petition in bankruptcy of Inversora Dársena Norte S.A. (Indarsa) to Puerto Retiro. At the request of plaintiff, the bankruptcy court for the Buenos Aires District issued an order restraining the ability of Puerto Retiro to sell or dispose in any manner the land.

Indarsa had acquired 90% of the capital stock of Tandanor to a formerly estate owned company in 1991. Tandanor is mainly engaged in ship repairs, which activity was carried out in premises with a surface of 19 hectares located near La Boca and where Syncrolift is currently installed.

Indarsa did not comply with the payment of the outstanding price for the acquisition of the stock of Tandanor, and therefore the Ministry of Defense requested the bankruptcy of Indarsa, pursuing to extend the bankruptcy to Puerto Retiro.

The evidence steps of the legal procedures have been completed. Puerto Retiro appealed the precautionary measure, being the same confirmed by the Court on December 14, 2000. The parties have submitted their claims in due time. The file was passed for the judge to issue a pronouncement, this being a decree adjourning the summoning of decisions to pronouncement in the understanding that there exists pre-judgment in respect of the penal cause filed against ex-officers of the Ministry of Defense and ex-directors of the Company. Consequently, the matter will not be solved until there is final judgment in penal jurisdiction.

Notice has been served upon the commercial court that the criminal cause of action was declared extinguished by operation of the statutes of limitation and that the accused were acquitted. However, this ruling was revoked by the Criminal Cassation Court; an extraordinary remedy was filed, which was denied. Then a grievance remedy was filed with the Argentine Supreme Court, which has not yet decided on the dispute.

The Management and legal advisors of Puerto Retiro estimate that there are legal and technical issues to consider that the request for bankruptcy will be denied by the court. However, given the current status of the case, we cannot predict its outcome.

In addition, Tandanor filed a civil action against Puerto Retiro and other accused parties in the criminal case for violation of section 174 subsection 5, under section 173 subsection 7 of Criminal Code. The claim expects that upon invalidation of executive order that approved the bid of Dársena Norte plot of land, Tandanor be reimbursed any other sum of money that it claims to have lost due to the alleged fraudulent purchase-sale transaction of the real property disputed in the case.

Puerto Retiro filed an answer to the complaint in due course in relation to the civil action, and filed some affirmative defenses. Tandanor requested the intervention of the National State as third party in the proceedings, which was admitted by the Court. In March 2015 both the National State and the plaintiffs answered the motion for affirmative defenses filed by the defendant. To date, no decision has been made regarding such defenses. Until the court rules on the admissibility of such affirmative defenses, we cannot predict the outcome; yet, there are some technical legal arguments that support the company's position.

Net loss on investments at fair value	(557,923)	(412,112)
End of the period / year (i)	2,196,761	2,619,457

(i) Includes Ps. (384,082) and Ps. (362,931) reflecting interests in companies with negative equity as of September 30, 2015 and June 30, 2015, respectively, which are disclosed in "Provisions" (see Note 23).

(ii) During the year ended June 30, 2015, the Group cashed dividends from BHSA in the amount of Ps. 12.9 million.

Restrictions, commitments and other matters in respect of associates

According to the Argentine laws, 5% of the profit of the year is separated to constitute legal reserve until they reach legal capped amounts (20% of total capital). This legal reserve is not available for the dividend distribution and can only be released to absorb losses. The Group's associates under these laws have not reached the legal capped amounts.

There are no contingent liabilities relating to the Group's interest in associates, and there are no contingent liabilities of the associates themselves.

Tarshop S.A.

Over the past two fiscal years, the BCRA modified certain aspects of the regulatory framework of the activities carried out by Tarshop S.A. Based on these changes, our Associate is going through a business reformulation process.

In addition, during October 2014 Banco Hipotecario S.A and IRSA CP approved a gradual capitalization plan to be carried out by shareholders pro rata their holdings; the first tranche of such capitalization has already been made for a total amount of Ps. 110.0 million.

No-competition agreement for the sale of the equity interest

Due to the sale assignment and transfer of the 80% of the equity interest in Tarshop to BHSA, made during the fiscal year ended June 30, 2011, the Group committed itself to not competing for 5 years in the credit card and/or consumer loan business in which Tarshop has a presence.

New Lipstick

New Lipstick has a pledge over the shares of its operating subsidiary Metropolitan 885 Third Avenue Leasehold LLC ("Metropolitan"). Metropolitan owns the building known as Lipstick Building in Manhattan.

Rigby 183 LLC

During fiscal year 2015, Rigby has received a statement of proposed audit changes from New York State relating to New York State Real Property Transfer Tax concerning a transfer of shareholdings between shareholders in November 2012 in the amount of US\$ 0.5 million. In September 2015, the State of New York notified the ruling in favor of Rigby, thereby dismissing the claim made.

IDBD

Under the Agreement, Dolphin and ETH promised to participate on a joint and several basis in the capital increases resolved by IDBD's Board of Directors in order to carry out its business plan for 2014 and 2015, for at least NIS 300 million in 2014 and NIS 500 million in 2015. As of September 30, 2015, Dolphin has contributed NIS 668.6 million in aggregate (NIS 400 million of which are creditable against its commitment) and ETH has contributed NIS 203.5 million in IDBD. In this way, Dolphin has completed its committed contributions, while IDBD is claiming from ETH, and Dolphin, under its joint and several liability, to pay the balance committed by ETH for an aggregate of NIS 196.5 million (equivalent to approximately US\$ 50.1 million at the exchange rate prevailing as of September 30, 2015).

9. Interests in associates (Continued)

Moreover, as part of the Arrangement, Dolphin and ETH promised jointly and severally to make Tender Offers for the purchase of IDBD's shares for a total amount of NIS 512.09 million (equivalent to approximately US\$ 128 million at the exchange rate prevailing as of September 30, 2015), as follows: (i) by December 31, 2015 at least NIS 249.8 million for a price per share of NIS 7.798 (value as of September 30, 2015, subject to adjustment) and (ii) by December 31, 2016, for at least NIS 512.09 million, less the offer made in 2015, for a price per share of NIS 8.188 (value as of September 30, 2015, subject to adjustment). As security for the performance of the tender offers, a total of 34,130,119 shares in IDBD were pledged as of September 30, 2015. In addition, as of September 30, 2015, 49,695,135 shares, 23,950,072 Series 4 warrants, 22,752,569 Series 5 warrants and 20,357,561 Series 6 warrants of IDBD held by Dolphin were deposited in escrow as pledge collateral, and are expected to be soon transferred to an account not subject to pledge. As of the date, of issuance of these financial statements, the Tender Offer has not been consummated.

On May 12, 2014, IDBD's shares became listed on the TASE. Consequently, all the shares acquired to date (including the pledged shares) were deposited in escrow with Bank Leumi Le-Israel as security in compliance with the lock-up provisions set forth in Chapter D of the TASE Regulations, which provide that initially listed shares may not be disposed of for a term of 18 months and allow the release of 2.5% per month beginning on the fourth month since the initial listing date. In this way, pursuant to the TASE's regulations as of September 30, 2015 5,240,822 shares and 335,715 Series 3 warrants remained deposited as set forth above. The lock-up provisions will be effective up to November 12, 2015.

Additionally, Dolphin promised to inject funds in IDBD, directly or through an affiliated company, for at least NIS 256 million and up to NIS 400 million, as follows: (i) NIS 256 million through the exercise of the New Rights arising from the Rights Offering by Dolphin; (ii) an additional investment (the "Additional Investment") for an amount equivalent to (a) the Maximum Immediate Payment (as such term is defined in Note 3 to the Consolidated Financial Statements for the fiscal year ended June 30, 2015), less (b) the amount received

by IDBD under the Rights Offering, excluding the exercise of the new warrants, but in no case for an amount higher than NIS 144 million. The Additional Investment will be made by Dolphin or a vehicle controlled by Eduardo Sergio Elsztain exercising additional rights to be acquired by them or, if such rights are not acquired, by participating in another rights offering to be made by IDBD. On February 10, 2015, Dolphin subscribed a total of NIS 391.5 million, with a remaining contribution commitment of NIS 8.5 million.

9. Interests in associates (Continued)

In addition, as set forth in Note 3 to the Consolidated Financial Statements as of June 30, 2015, Dolphin promised to (i) exercise the Series 4 warrants for a total amount of NIS 150 million if so requested by IDBD's Board of Directors within 6 to 12 months of the Rights Offering date; and (ii) exercise the remaining Series 4, 5 and 6 warrants received under the Rights Offering, subject to the satisfaction of two conditions simultaneously: (a) that IDBD and its lenders reach an agreement to amend certain covenants; and (b) that a control permit over Clal is given by the Capital Markets, Insurance and Savings Commissioner of Israel.

On May 6, 2015, Dolphin submitted to IDBD's Board of Directors the following binding and irrevocable proposal, which provided, among others, that Dolphin (directly or through any vehicle controlled by Eduardo Sergio Elsztain), promises to make a capital injection for up to NIS 100 million in IDBD, subject to the following conditions, among others:

(a) That IDBD make a public offering of its shares, under terms acceptable to the market and approved by IDBD's Board of Directors, for an amount of at least NIS 100 million and not to exceed NIS 125 million, and that the offering is made between October 1, 2015 and November 15, 2015.

(b) The commitment assumed by Dolphin would automatically expire upon the occurrence of any of the following events before the day of the public auction under the public offering: (i) if any of IDBD's creditors or any of the representatives of IDBD's bondholders files legal actions against IDBD, including a complaint seeking the early or immediate repayment or acceleration of any portion of IDBD's debt; (ii) if a meeting of any of IDBD's bondholders is called including in its agenda any of the matters set forth in paragraph (ii); (iii) if IDBD receives capital contributions for a total amount of NIS 100 million in any manner, whether through a rights offering, the exercise of warrants, a private or public placement, and if such contributions are made by Dolphin directly or through any vehicle controlled by Eduardo Sergio Elsztain (apart from the capital

contributions creditable against the NIS 158.5 million obligation under Dolphin's irrevocable proposal dated December 29, 2014), or by any other individual or legal entity, or the investor public, and at any event when the aggregate amount of such capital contributions under paragraph 5 (d) (iii) of the proposal so submitted is lower than NIS 100 million, Dolphin's commitment under Section 5 (c) above would be reduced accordingly; or (iv) if an adverse event or change occurs in IDBD or its control structure or in any of its material affiliates.

On May 7, IDBD's Board of Directors approved the proposal.

On June 29, 2015, Dolphin submitted an irrevocable proposal to IDBD and DIC (the "Proposal Sent to IDBD and DIC") which offered that, subject to its approval by the Boards of Directors of both companies, DIC would start as soon as possible a rights offering for up to approximately NIS 500 million ("DIC's Rights Offering") (equivalent to US\$ 127.4 million at the exchange rate prevailing as of September 30, 2015). Under DIC's Rights Offering, each shareholder of the company would receive, for no consideration, DIC's right units consisting of 4 series of warrants issued by DIC (which would be registered for trading in the TASE), each of which would be exercisable for one common share of DIC ("DIC's Warrants"), with the following features:

- DIC's Warrants would be divided into 4 series, and the exercise price of each of such series would be approximately NIS 125 million, as follows:
 - The first series of warrants would be exercisable until December 21, 2015, for a price to be determined based on acceptable market conditions and after consultation with capital market experts, but in no case for a higher price than NIS 6.53 ("DIC's 1 Warrants").
 - The second series of warrants would be exercisable until December 21, 2016, for an exercise price equivalent to 110% of DIC's 1 Warrants' exercise price.
 - The third series of warrants would be exercisable until December 21, 2017, for an exercise price of: (i) 110% of DIC's 1 Warrants' exercise price, in the event they are exercised before December 21, 2016; or (ii) 120 % of DIC's 1 Warrants' exercise price if they are exercised between December 21, 2016 and December 21, 2017.
 - The fourth series of warrants would be exercisable until December 21, 2018, for an exercise price of: (i) 110 % of DIC's 1 Warrants' exercise price, in the event they are exercised before December 21, 2016; or (ii)

130 % of DIC's 1 Warrants' exercise price if they are exercised between December 21, 2016 and December 21, 2018.

- As part of DIC's Rights Offering, IDBD would promise to exercise all DIC's 1 Warrants issued in favor of IDBD, for a total amount of approximately NIS 92.5 million ("IDBD's Investment Amount") by December 21, 2015, provided that the following conditions have been satisfied as of such date:

- IDBD should have the written consent of IDBD's main lenders for IDBD to exercise DIC's 1 Warrants issued in its favor under DIC's Rights Offering.
- IDBD should have conducted and completed a Rights Public Offering (as such term is defined below), under which it should have raised an amount of at least NIS 200 million.

○ IDBD should have received the written consent of its main lenders in order for any amount injected as capital in IDBD after the date of such proposal in excess of NIS 100 million and up to NIS 350 million, to be used at any time for injection from IDBD into DIC, through any capital injection method.

- In turn, Dolphin proposes the following to IDBD:

○ IDBD's public offering amount under Dolphin's proposal dated May 6 would be increased by at least NIS 100 million and up to NIS 125 million (the "Rights Public Offering under the Proposal to IDBD and DIC"). In other words, the total amount would be increased from a minimum of NIS 100 million to a maximum of NIS 200 million, and the maximum amount would be increased from a maximum of NIS 125 million to a maximum of NIS 250 million (the "Total Increased Amount").

○ Therefore, Dolphin's obligation to participate in the Rights Public Offering under the Proposal to IDBD and DIC would be increased (compared to the proposal dated May 6, 2015) by an amount equal to the difference between the Total Increased Amount and the total amount of commitments received, always provided that such amount were not higher than NIS 200 million (the "Capital Contribution Amount").

○ The approval of this proposal would constitute IDBD's confirmation and approval that all of Dolphin's commitments under this proposal would imply the full and complete settlement of its remaining obligations to inject NIS 8.5 million in IDBD, pursuant to Dolphin's irrevocable proposal dated December 29, 2014.

○ Dolphin's commitment would automatically expire upon the occurrence of any of the following events: (i) if any of DIC's creditors or any of the trustees of DIC's bonds filed any legal action against DIC, including a complaint seeking the early repayment or acceleration of any portion of DIC's debt; and/or (ii) if any meeting of DIC's bondholders included in its agenda any one or more of the following matters: (a) appointment of advisers (financial, legal or otherwise); (b) appointment of a committee of representatives of DIC's

bondholders; (c) filing of any legal action against DIC; and/or (d) complaints for early or immediate repayment of any portion of DIC's debt, or any similar discussion.

- The Proposal to IDBD and DIC was binding and irrevocable, and it was valid up to July 13, 2015 and expired on such date if the Boards of Directors of IDBD and DIC did not accept it and approve it unconditionally. The Proposal to IDBD and DIC was approved by IDBD's Board of Directors on July 16, 2015.

9. Interests in associates (Continued)

On July 9 and 16, 2015, Dolphin submitted explanations on the Proposal to IDBD and DIC. On July 9, 2015, the main explanations were as follows:

- The termination or expiration of the Proposal to IDBD and DIC would not repeal the commitments undertaken by Dolphin under the proposal submitted by Dolphin to IDBD on May 6, 2015, always provided that such commitments continued in full force and effect subject to the proposed terms, or Dolphin's remaining commitment to inject NIS 8.5 million in IDBD pursuant to its irrevocable proposal dated December 29, 2014.
- A further condition would be added to the Proposal to IDBD and DIC whereby if Dolphin's interest in the rights public offering were lower than NIS 8.5 million, Dolphin would remain obliged vis-à-vis IDBD to inject the remaining amount arising from subtracting NIS 8.5 million and the amount effectively injected at this instance by Dolphin.
- IDBD would replace its commitment to exercise DIC's Series 1 warrants for NIS 92.5 million with the commitment to exercise the Series 1 warrants for at least the amount that results from subtracting (a) the Capital Contribution Amount; and (b) NIS 100 million, always provided that such amount does not exceed NIS 92.5 million.

On July 13, 2015, Dolphin extended the maturity of the Proposal to IDBD and DIC until July 16, 2015.

In addition, on July 16, 2015, Dolphin submitted additional explanations on the Proposal to IDBD and DIC dated June 29, 2015 and July 9, 2015, which provided as follows:

- Dolphin agrees that the new shares to be acquired by Dolphin or any entity controlled by Eduardo Sergio Elsztain under the public offering of shares to be made by IDBD during October 2015 would not grant to it the right to participate in the Tender Offer (as such term is defined in Note 3 to the Consolidated Financial Statements as of June 30, 2015) always provided that such new shares are still held by Dolphin or an entity controlled by Eduardo Sergio Elsztain. Notwithstanding, nothing will prevent Dolphin and/or the entity controlled by Eduardo Sergio Elsztain that holds such new shares to be acquired under the public offering to be made in October 2015 by IDBD from freely disposing of them.

On July 16, 2015, IDBD's Board of Directors approved a capital increase by means of a public offering pursuant to the terms proposed by Dolphin in the Proposal to IDBD and DIC, and to exercise DIC's warrants, all based on Dolphin's irrevocable commitment to participate in the referred capital increase. IDBD plans to carry out the public offering between October and November 2015, subject to the company's corporate approvals, other statutory consents required and the fact that the exercise of DIC's warrants can be made pursuant to the terms and conditions set forth in Dolphin's proposal. Additionally, on July 16, 2015, DIC's Board of Directors accepted the Proposal to IDBD and DIC and instructed its management to take such steps as necessary in order to make a rights offering pursuant to Dolphin's proposal. On August 27, 2015 DIC published the rights offering prospectus and on September 6, 2014 DIC issued 4 series of warrants to its shareholders. As of the date of submittal of these financial statements, IDBD had not completed the capital injection in DIC.

On August 16, 2015 and amended on September 9, 2015, the Arrangement Trustees submitted a petition to the competent court (the "Petition of the Arrangement Trustees"), including Dolphin and IFISA among other stakeholders, for it to determine whether: (a) IFISA would be subject to the commitments related to the Tender Offer under identical terms as Dolphin; (b) the shares held by any other company controlled by Eduardo Sergio Elsztain (including Dolphin) would not be eligible to take part in the Tender Offer; and (c) the shares held by any company controlled by Eduardo Sergio Elsztain (including Dolphin) and transferred to other entities would not be eligible to take part in the Tender Offer.

On September 29, 2015 the Arrangement Trustees submitted a petition to the competent court for it to issue a temporary order prohibiting Dolphin, IFISA and others to carry out any transactions with IDBD's shares until the court decided on the petition made by the Arrangement Trustees. See Note 39 for further information.

Arcos del Gourmet

Injunction order:

In December 2013, the Judicial Branch confirmed an injunction that suspended the opening of the shopping center on the grounds that it did not have certain governmental permits in the context of two judicial processes, where a final decision has been rendered for the company.

The plaintiff filed a petition for the continuation of the preliminary injunction by means of an extraordinary appeal of unconstitutionality which was by the lower and appellate courts; consequently, it filed an appeal with the Autonomous City of Buenos Aires Higher Court of Justice, which so far has not rendered a decision.

Nowadays, the Shopping Center Distrito Arcos is open to the public and operating normally.

Concession Status:

The National State issued Executive Order 1723/2012 whereby several plots of land located in prior rail yards of Palermo, Liniers and Caballito rail stations ceased to be used for rail purposes, in order to be used for development of integral urbanization projects.

In this respect and as part of several measures related to other licensed persons and/or concessionaires, we have notified in the file of proceedings of the corresponding Resolution 170/2014 revoking the Contract for Reformulation of the Concession of Rights of use and Development number AF000261 issued by the Agencia de Administración de Bienes del Estado (State Assets Administration Office, or AABE in Spanish).

It should further be pointed out that such measure:

- (i) has not been adopted due to non-compliance of our controlled company;
- (ii) to date has not involved the interruption of the commercial development or operation of the shopping center, which continues to operate under normal conditions;

Notwithstanding the foregoing, Arcos del Gourmet S.A. has filed the relevant administrative remedies (appeal) and has also filed a judicial action requesting that the revocation of such concession be overruled.

Furthermore, it has started a so-called “juicio de consignación”, that is an action where the plaintiff deposits with the court sums of money that the defendant refuses to accept. Under this legal action, the company has deposited in due time and form all rental payments under the Contract for Reformulation of the Concession of Rights of Use and Development, which the Company considers to have been unduly revoked.

Determination of fair values

IFRS 9 defines the fair value of a financial instrument as the amount for which an asset could be exchanged, or a financial liability settled, between knowledgeable, willing parties in an arm's length transaction. All financial instruments recognized at fair value are allocated to one of the valuation hierarchy levels of IFRS 7. This valuation hierarchy provides for three levels.

In the case of Level 1, valuation is based on quoted prices (unadjusted) in active markets for identical assets and liabilities that the Company can refer to at the date of valuation. A market is deemed active if transactions of assets and liabilities take place with frequency and in sufficient quantity. Since a quoted price in an active market is the most reliable indicator of fair value, this should always be used if available. The financial instruments the Group has allocated to this level mainly comprise equity investments, mutual funds, derivatives, securities and non-convertible notes for which quoted prices in active markets are available. In the case of securities, the Group allocates them to this level when either a stock market price is available or prices are provided by a price quotation on the basis of actual market transactions.

In the case of Level 2, fair value is determined by using valuation methods based on inputs directly or indirectly observable in the market. If the financial instrument concerned has a fixed contract period, the inputs used for valuation must be observable for the whole of this period. The financial instruments the Group has allocated to this level mainly comprise interest rate swaps and foreign currency future contracts.

15. Financial instruments by category (Continued)

In the case of Level 3, the Group uses valuation techniques not based on inputs observable in the market. This is only permissible insofar as no market data are available. The inputs used reflect the Group's assumptions regarding the factors which market players would consider in their pricing. The Group uses the best available information for this, including internal company data. The Group has allocated to this level preferred shares and warrants of Condor, the commitment to tender offer of shares in IDBD, the investment in the associate IDBD and other borrowings.

The Group's Finance Division has a team in place in charge of estimating valuation of financial assets required to be reported in the financial statements, including the fair value of Level 3 instruments. The team directly reports to the Chief Financial Officer ("CFO").

The CFO and the valuation team discuss the valuation methods and results upon the acquisition of an asset and, if necessary, on a quarterly basis, in line with the Group's quarterly reports.

According to the Group's policy, transfers among the several categories of valuation tiers are recognized when occurred, or when there are changes in the prevailing circumstances requiring the transfer.

As described in Note 3 to the Annual Consolidated Financial Statements as of June 30, 2015, the Group has priced its investment in IDBD at market value using the exception provided in IAS 28 (see Note 2 for further details). The investment in IDBD consists of 324 million of common stocks representing 49% of IDBD's share capital, and 248 million warrants to purchase common stocks.

Until June 30, 2015 the Group considered that the listing value of IDBD's share in the Tel Aviv Stock Exchange was representative of the market value of its investment and, therefore, priced its holdings in accordance with such value, and categorized it as Level 1.

As mentioned in Note 9 to these Financial Consolidated Statements as part of the Arrangement, Dolphin promised to make one or more Tender Offers for the purchase of IDBD's shares at a fixed price for a total amount of NIS 512.09 million.

On October 20, 2015, a first instance judge of the Tel Aviv-Jaffo Court approved a petition made by the representatives of the Creditors subject to the Arrangement and resolved that the shares held by Dolphin or any company controlled by Eduardo S. Elsztain could not be offered in the Tender Offers committed for December 2015 and December 2016. Dolphin decided to challenge the ruling by filing an appeal with Israel's Supreme Court of Justice.

15. Financial instruments by category (Continued)

Even though IDBD's capital is composed of only one class of common shares holding the same rights, the cited ruling could be construed as creating "de facto" two classes of stocks with different rights, one that may be included in the Tender Offers and another class – which belongs to any company controlled by Eduardo S. Elsztein – which may not. This would imply that the stock's listed price (which has an embedded value component for the commitment of future Tender Offers) is not representative as such for pricing Dolphin's holding of stocks.

According to the Company's policy, transfers to and from different levels of category of market value of IFRS 13 as of the date of the event or change in the circumstances that lead to the transfer. Based on the above described circumstances, the Company believes that it should cease to consider the listed price (Level 1 valuation) and make use of a valuation model with unobservable variables (Level 3 valuation) to estimate the market value of its investment in IDBD.

To that end, the Company has developed an in-house pricing model based on a Black-Scholes model, which fixes the Tender Offer component value embedded in the share's listed price, and subtracts it to determine a market value for the investment. Furthermore, the model weights occurrence probabilities for different scenarios. The pricing of its investment in IDBD has been categorized as Level 3 because it uses significant unobservable variables, including, but not limited to, probability, interest rate and volatility, to determine the market value.

Based upon its legal advisors' opinion, Dolphin believes it has chances to revert the first instance ruling at the Supreme Court of Justice. Dolphin has assigned equal probabilities of success or failure in the appeal. Should Dolphin fails in the appeal, the company believes the Supreme Court's ruling could open up a range of possibilities as to the amounts that stocks could be offered in the Tender Offers.

Thus, the pricing model used to determine the investment market value considers the following scenarios:

Scenario 1:

The company has a 50% chance of a favorable outcome in the appeal filed with the Supreme Court of Justice and, therefore, all the shares held by Dolphin and any other company controlled by Eduardo S. Elsztain can be included in the Tender Offers. This implies a status quo with regard to the pricing methodology as of June 30, 2015 and, hence, the listing value of IDBD's stocks would only be affected for the pricing of the Company's holding regarding the valuation difference between June 30, 2015 and September 30, 2015.

15. Financial instruments by category (Continued)

Scenario 2:

The company has a 50% chance of an unfavorable ruling by the Supreme Court of Justice. This scenario is in turn divided into secondary scenarios in accordance with the amounts of the stocks held by Dolphin or other companies controlled by Eduardo S. Elsztain, which could be included in the Tender Offers. The ruling could prohibit all of the stocks in the hands of Dolphin or any other company controlled by Eduardo S. Elsztain from being included in the Tender Offers or and could set different amounts of eligible shares to be part in the Tender Offer. Therefore, the Company has assigned different probabilities of occurrence to the secondary scenarios under scenario 2, according to the number of IDBD shares in its hands that could be included in the Tender Offers.

The relevant variables used in calculating the market value of the investment in IDBD are as follows:

Rate in NIS	8.09 %
IDBD Spot Price	NIS 2.16
Exchange rate US\$ NIS	3.92
Exchange rate US\$ Ps	9.42
Share price volatility	70.6 %
Risk free rate in ILS as of 12/31/2015	0.02 %
Risk free rate in ILS as of 12/31/2016	0.10 %

The probability scenarios of secondary scenario 2 are sensitive to the amount of the stocks that may be included in the Tender Offers and, therefore, influence on the calculation of the stock's market value.

The warrants for purchasing IDBD's common shares have been priced at their listing value upon considering it representative of their market value.

15. Financial instruments by category (Continued)

Upon initial recognition (January, 2012), the consideration paid for the Shares and Warrants of Condor was assigned to both instruments based on the relative fair values of those instruments upon acquisition. The fair values of these instruments exceeded the price of the transaction and were assessed using a valuation method that incorporates unobservable market data. Given the fact that the fair value of these instruments was estimated by applying the mentioned method, the Group did not recognize a gain of US\$ 7.9 million at the time of initial recognition.

According to Group estimates, all things being constant, a 10% decline in the price of the underlying assets of preferred Shares and Warrants of Condor (data observed in the market) of Level 3 as of September 30, 2015, would reduce pre-tax income by Ps. 26.19 million.

According to Group estimates, all things being constant, a 10% increase in the credit spread (data which is not observable in the market) of the preferred Shares and Warrants of Condor used in the valuation model applied to Level 3 financial instruments as of September 30, 2015, would increase pre-tax income by Ps. 1.25 million. The rate used as of September 30, 2015 was 14.42%.

When no quoted prices in an active market are available, fair values (particularly with derivatives) are based on recognized valuation methods. The Group uses a range of valuation models for the measurement of Level 2 and Level 3 instruments, details of which may be obtained from the following table:

25. Taxes

The details of the provision for the Group's income tax, is as follows:

	September 30,	September 30,
	2015	2014
Current income tax	73,904	261,384
Deferred income tax	38,365	(85,860)
Minimum Presumed Income tax (MPIT)	-	807
Income tax	112,269	176,331

The gross movement on the deferred income tax account is as follows:

	September 30,	June 30,
	2015	2015
Beginning of the period / year	1,370	23,034
Use of tax loss carryforwards	(9,239)	(157,367)

Assets held for sale	-	(33,346)
Income tax expense and deferred income tax	(38,365)	170,282
End of period / year	(46,234)	1,370

The Group did not recognize deferred income tax assets of Ps. 37.9 million and Ps. 36.1 million as of September 30, 2015 and June 30, 2015, respectively. Although management believes that it will become

profitable in the foreseeable future, as a result of the history of recent losses incurred during the development phase of certain Group's business operations and the lack of verifiable and objective evidence due to the limited operating history of such Group's operations, the Board of Directors has determined that there is sufficient uncertainty as to the generation of sufficient taxable income to utilize the losses within a reasonable timeframe, therefore, no deferred tax asset is recognized in relation to these losses.

Below is a reconciliation between income tax recognized and that which would result applying the prevailing tax rate on Profit before income tax for the three-month periods ended September 30, 2015 and 2014:

	September 30, 2015	September 30, 2014
Tax calculated at the tax rates applicable to profits in the respective countries	(130,114)	126,052
<i>Permanent differences:</i>

26. Shareholders' equity

Share capital and premium

The share capital of the Group is represented by common shares with a nominal value of Ps. 1 per share and one vote each. As of June 30, 2013, no changes were recorded in the equity accounts. During this period, the Company accounted for purchases of treasury stock in share capital.

Inflation adjustment of share capital

Under Argentine GAAP, the Group's financial statements were previously prepared on the basis of general price-level accounting which reflected changes in the purchase price of the Argentine Peso in the historical financial statements through February 28, 2003. The inflation adjustment related to share capital was appropriated to an inflation adjustment reserve that formed part of shareholders' equity. The balance of this reserve could be applied only towards the issuance of common stock to shareholders of the Company. Resolution 592/11 of the CNV requires that at the transition date to IFRS certain equity accounts, such as the inflation adjustment reserve, are not adjusted and are considered an integral part of share capital.

Legal reserve

According to the Argentine laws, 5% of the profit of the year is separated to constitute legal reserve until they reach legal capped amounts (20% of total capital). This legal reserve is not available for the dividend

distribution and can only be released to absorb losses. The Group did not reach the legal capped amounts.

Special reserve

Pursuant to CNV General Ruling N° 609/12, the Company set up a special reserve reflecting the positive difference between the balance at the beginning of retained earnings disclosed in the first financial statements prepared according to IFRS and the balance at closing of retained earnings disclosed in the last financial statements prepared in accordance with previously effective accounting standards. This reserve may not be used to make distributions in kind or in cash, and may only be reversed to be capitalized, or otherwise to absorb potential negative balances in Retained Earnings.

Reserve for new developments

The Company and subsidiaries may separate portions of their profits of the year to constitute voluntary reserves according to company law and practice. These special reserves may be for general purposes or for specific uses such as new developments. The voluntary reserves may be released for dividend distribution.

26. Shareholders' Equity(Continued)

Repurchase plan involving common shares and GDS issued by IRSA

On July 25, 2013, IRSA's Board of Directors set forth the terms and conditions governing the purchase of the Company's own stock pursuant to Section 64 of Law N° 26,831 and the CNV's regulations, for up to an aggregate amount of Ps. 200.0 million and up to 5% of the capital stock, in the form of shares or Global Depositary Shares (GDS) representing 10 shares each, and up to a daily limit of 25% of the average daily transaction volume experienced by the IRSA's shares, along with the markets where they are listed, during the prior 90 business days, and at a price ranging from a minimum of Ps. 1 up to Ps. 8 per share. On September 18, 2013 the Board of Directors decided to increase the maximum price to Ps. 10.00 per common share and US\$ 10.50 per GDS. On October 15, 2013, IRSA's Board of Directors approved a new increase to the maximum price, raising it to Ps. 11.00 per common share and US\$ 11.50 per GDS. On October 22, 2013 IRSA's Board of Directors approved a new increase to the maximum price, raising it to Ps.14.50 per common share and US\$ 15.00 per GDS. During the year ended June 30, 2014, the Company repurchased 533,947 common shares (nominal value Ps. 1 per share) for a total of Ps. 5.2 million and 437,075 GDS (representing 4,370,750 common shares) for a total amount of US\$ 5.2 million.

On June 10 2014, the Board of Directors of IRSA resolved to terminate the stock repurchase plan that was approved by resolution of the Board on July 25, 2013, and modified by resolutions adopted on September 18, 2013, October 15, 2013 and October 22, 2013. During the term of the Stock Repurchase Plan, IRSA has repurchased 4,904,697 shares for an aggregate amount of Ps. 37,905,631.

Dividends

During the three-month period ended September 30, 2015 there were no distributions of dividends.

Additional Paid-in Capital from Treasury Stock

Upon sale of treasury shares, the difference between the net realizable value of the treasury shares sold and the acquisition cost will be recognized, whether it is a gain or a loss, under the non-capitalized contribution account and will be known as "Treasury shares trading premium".

35. CNV General Ruling N° 629/14 – Storage of documentation

On August 14, 2014, the Argentine Securities Exchange Commission (CNV) issued General Ruling N° 629 whereby it introduced amendments to rules related to storage and conservation of corporate books, accounting books and commercial documentation. In this sense, it should be noted that the Group has entrusted the storage of certain non-sensitive and old information to the following providers:

Storage of documentation responsible	Location
Iron Mountain Argentina S.A.	Av. Amancio Alcorta 2482, C.A.B.A.
Iron Mountain Argentina S.A.	Pedro de Mendoza 2143, C.A.B.A.
Iron Mountain Argentina S.A.	Saraza 6135, C.A.B.A.
Iron Mountain Argentina S.A.	Azara 1245, C.A.B.A. (i)
Iron Mountain Argentina S.A.	Polígono Industrial Spegazzini, Au. Ezeiza-Cañuelas KM 45
Iron Mountain Argentina S.A.	Cañada de Gomez 3825 – C.A.B.A.

(i) On February 5, 2014 there was a widely known fire in Iron Mountain's warehouse. To the date of these financial statements, the Group has not been notified whether the documentation submitted has been actually affected by the fire and its condition after the accident. Nevertheless, based on the internal review carried out by the Group, duly reported to the Argentine Securities Exchange Commission on February 12, 2014, the information kept at the Iron Mountain premises that were on fire do not appear to be sensitive or capable of affecting normal business operations.

It is further noted that a detailed list of all documentation held in custody by providers, as well as documentation required in section 5 a.3) of section I, Chapter V, Title II of the RULES (2013 as amended) are available at the registered office.

36. CNV General Resolution N° 622

As required by Section 1°, Chapter III, Title IV of CNV General Resolution N° 622, below there is a detail of the notes to the Unaudited Condensed Interim Consolidated Financial Statements that disclosure the information required by the Resolution in Exhibits.

Exhibit A - Property, plant and equipment	Note 10 Investment properties and Note 11 Property, plant and equipment

39. Subsequent events

- In October 2015, the deposit made as collateral for potential expenses related to the sale of the Madison building was released and distributed among the participating parties as follows: the Group, through Rigby, received US\$ 0.91 million; the buyer of the building received US\$ 0.06 million, and the remaining balance was applied to expenses.
- On October 30, 2015, the Company's Annual Shareholders' Meeting related to the fiscal year ended June 30, 2015, appointed the new members of the Supervising Commission and the Board of Directors; approved the Board of Directors' compensation; decided not to compensate the members of the Statutory Auditor Committee; it approved the amount to be paid on account of the tax on personal assets of shareholders; entrusted the Board of Directors with the implementation of a new Service Sharing Agreement; approved the Board of Director's power regarding the Global Corporate Note Issuance Program consisting of common corporate notes not convertible into shares, with or without collateral or collateralized by third parties, and for a maximum outstanding amount of up to US\$ 300 million. It was decided to adjourn the meeting to November 26, 2015, for the consideration of the following matters: (i) allocation of the income for the year, (ii) special financial statements of merger / merger – split off.
- On October 30, 2015, the Annual Shareholder's Meeting of our subsidiary IRSA CP corresponding to the fiscal year ended June 30, 2015, approved, among others, the following issues: (i) appropriate the sum of Ps. 283,580 to payment cash dividends; (ii) ratify the interim dividend approved by the Shareholder's Meeting dated June 13, 2015 in the amount of Ps. 298,5 million; (iii) approve the Director's fees in the amount of Ps. 76,440 and (iv) approve the increase in the amount of the Global Issuance Program of Non-Convertible Notes for a maximum outstanding amount up to US\$ 500 million, for an additional amount of US\$ 100 million.

- On November 5, 2015, the Group through IRSA signed the transfer deed for the sale of the 7th and 8th floors of the Maipú 1300 building. The total price of the transaction was US\$ 3.0 million. Such transaction generated a gain before tax of approximately Ps. 25.9 million.
- On October 9, 2015, the Company granted a loan in the amount of US\$ 40 million to Inversiones Financieras del Sur S.A. ("IFISA"). The term of the loan is one year calculated from the disbursement and will bear interest at a rate of 3% + LIBOR 1M, to be determined monthly. As collateral for the loan, 73,169,991 shares of IDBD which belong to IFISA were pledged.

IDBD

On October 1, 2015, Dolphin and IFISA submitted to the court their reply to the Petition made by the Arrangement Trustees. Dolphin requested that the court reject the petition of the Arrangement Trustees based on the following grounds: (a) IFISA is not obliged to carry out Dolphin's obligations under the Arrangement; (b) IFISA and any other company controlled by Eduardo Sergio Elsztain are eligible to engage as bidders of the Tender Offers, pursuant to the Agreement; and (c) the petition made by the Arrangement Trustees regarding the eligibility of the shares that would participate in the Tender Offers should be denied. Additionally, Dolphin stated that once the BMBY closing transaction has been completed, 106.6 million shares of IDBD in its hands would not participate as bidders in the Tender Offers, provided that such stocks are held by companies controlled by Eduardo S. Elsztain.

On October 7, 2015, the Arrangement Trustees filed with the Court their reply to Dolphin and IFISA regarding the Petition of the Arrangement Trustees.

The BMBY proceeding concluded on October 11, 2015 and IFISA acquired all ETH's shares of stock held by IDBD (92,665,925 shares), at a share price of NIS 1.64. On closing the transaction, all the directors of ETH in IDBD submitted their irrevocable resignation to the Board, and the Shareholders' Agreement ceased automatically in accordance with its own terms. Additionally, on the same date, Dolphin pledged additional shares as a performance bond for the Tender Offers, thereby increasing the number of pledged shares to 64,067,710.

On October 19, 2015, Dolphin and IFISA filed with the court their reply to the Petition of the Arrangement Trustees, whereby, among other things, Dolphin stated that as buyer of the Tender Offers, it is not its intention to participate, and will not participate, as seller in the Tender Offers. However, according to Dolphin's position, any other IDBD shareholder, including the companies controlled by Eduardo S. Elsztain, is entitled to act as bidder in the Tender Offers and, in addition, Dolphin is entitled to sell shares to third parties (including companies controlled by Eduardo S. Elsztain), and such shares sold are entitled to engage as bidders in the Tender Offers, all of this without abolishing Dolphin's commitment in respect of 106.6 million shares held by Dolphin which would not participate in the Tender Offers provided that they are held by companies controlled by Eduardo S. Elsztain.

39. Subsequent events (Continued)

On October 20, 2015, the court issued a declaratory ruling (*declaratory remedies*) regarding the Petition of the Arrangement Trustees, stating that:

- The shares in the hands of Dolphin and any other company controlled by Eduardo S. Elsztain are not entitled to participate as bidders in the Tender Offers
- The shares held by Dolphin and/or companies controlled by Eduardo Sergio Elsztain, and which were or are transferred to third parties, will not be entitled to participate as bidders in the Tender Offers.
- This remedy will not apply to the shares that were purchased from the minority shareholders in transactions carried out in the capital markets, which became held by IFISA.

The court dismissed the petition of the Arrangement Trustees regarding the determination that IFISA was obliged to fulfill all the commitments made under the Arrangement's terms and conditions, but ruled that Dolphin had violated its commitment to get IFISA to undertake to fulfill the same terms and conditions of the Agreement. Dolphin and IFISA reported to IDBD their intention to appeal the court's ruling.

On October 26, and after the court's ruling of October 20, 2015 and its declaratory remedy, Dolphin and IFISA sent a letter stating that pursuant to their position and the details included therein: (a) the exception prescribed by the court whereby the shares that were purchased from minority shareholders and became held by IFISA is applicable to the 127,441,396 shares of IDBD held by IFISA, and to the 131,600 shares of IDBD held by Dolphin, which should be entitled to participate as bidders in the Tender Offers; and (b) regarding the 51,760,322 additional shares of IDBD held then by Dolphin, originating from purchases made to minority shareholders of IDBD, Dolphin and IFISA consider that pursuant to the court's opinion, these

shares cannot participate as bidders in the Tender Offers, only for as long as they remain in Dolphin's possession, but Dolphin is not precluded from selling such shares to any third party, and in such case, that such third party should have the right to participate with such shares as bidder in the Tender Offers.

On October 29, 2015, the Arrangement Trustees filed an urgent petition for presumed disobedience of the court order regarding Dolphin's and IFISA's obligation to follow the court orders of October 20, 2015, alleging that Dolphin's and IFISA's letter published by IDBD on October 27, 2015, reporting the number of shares purchased from IDBD's minority shareholders in transactions carried out in the capital markets, was contrary to the court's decision; and, therefore, that Dolphin and IFISA were acting in contempt of court. The Arrangement Trustees also stated that given that Dolphin and IFISA were deliberately disregarding the court's decision, and in light of the damages caused daily to the public, including the creditors subject to the Arrangement, the court should impose a substantial fine to be defined by it, for each day that Dolphin and IFISA disregarded the court's ruling.

39. Subsequent events (Continued)

On October 29, 2015, Dolphin and IFISA filed an appeal with the Supreme Court challenging the court ruling dated October 20, 2015, requesting also to hold a hearing for the appeal urgently. The appeal hearing was set for September 16, 2015.

On November 2, Dolphin and IFISA submitted their reply to this petition, requesting that the court should reject the petition, on the ground that the Contempt of Court Ordinance is not applicable to declaratory remedies and that Dolphin and IFISA did not violate any court order. On November 4, the Arrangement Trustees submitted a replication to Dolphin and IFISA, and on November 5 the court decided to reject the petition to declare Dolphin and IFISA in contempt of court. However, the court stated that the interpretation of Dolphin and IFISA regarding the exception of the ruling dated October 20, 2015 contained in the letter sent by Dolphin and IFISA was contrary to the exception scope.

On that same November 5, the Arrangement Trustees sent a letter to Dolphin and IFISA requiring that, after the court ruling issued on that same date, they should amend the letter and report to the Israel Securities Authority and IDBD that the Tender Offers would be offered by IDBD's minority shareholders; and that Dolphin, IFISA and/or any other company under the control of Eduardo S. Elsztain should not act as bidders in the Tender Offers. And additionally, that any share transferred by them to any third parties should not be entitled to engage in the Tender Offers as bidders either. That same day, the Arrangement Trustees sent a letter to IDBD requesting them to amend the letter of Dolphin and IFISA on the same terms described above.

The company is discussing the impact of the court's decision dated October 20, 2015 on its financial statements, and its defense strategy; as well as the impact of the conclusion of the BMBY proceeding with IFISA as the buyer of ETH' stocks.

As of November 9, 2015, 33,825,397 IDBD's shares of Dolphin are locked up under TASE regulations (*lock-up provisions*) until November 11, 2015 (inclusive), when such lock-up provisions expire.

REVIEW REPORT ON THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

To the Shareholders, President and Directors of

IRSA Inversiones y Representaciones Sociedad Anónima

Legal address: Bolivar 108 – 1° floor

Autonomous City Buenos Aires

Tax Code No. 30-52532274-9

Introduction

We have reviewed the unaudited condensed interim consolidated financial statements attached of IRSA Inversiones y Representaciones Sociedad Anónima and its subsidiaries (hereinafter “the Company”) which included the unaudited condensed interim consolidated statements of financial position as of September 30, 2015, and the unaudited condensed interim consolidated statement of income and comprehensive income for the three-month period ended September 30, 2015 and the unaudited condensed interim consolidated statement of changes in shareholders’ equity and unaudited condensed interim consolidated statement of cash flows for the three-month period ended September 30, 2015 and selected explanatory notes.

The balances and other information corresponding to the fiscal year ended June 30, 2015 and the interim periods within that fiscal period are an integral part of these financial statements and, therefore, they should be considered in relation to these financial statements.

Management responsibility

The Board of Directors of the Company is responsible for the preparation and presentation of these unaudited condensed interim consolidated financial statements in accordance with the International Financial Reporting Standards , adopted by the Argentine Federation of Professional Councils in Economic Sciences (FACPCE) as professional accounting standards and added by the National Securities Commission (CNV) to its regulations as approved by the International Accounting Standard Board (IASB) and, for this reason, is responsible for the preparation and presentation of the unaudited condensed interim consolidated financial statements mentioned in first paragraph according to the International Accounting Standard No 34 "Interim Financial Reporting" (IAS 34). Our responsibility is to express a conclusion based on the review that we have performed with the scope detailed in paragraph "Scope of our review".

REVIEW REPORT ON THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

Scope of our review

Our review was limited to the application of the procedures established in the International Standard on Review Engagements ISRE 2410 "Review of interim financial information performed by the independent auditor of the entity", which was adopted as a review standard in Argentina through Technical Resolution No. 33 of the FACPCE as approved by the International Auditing and Assurance Standards Board (IAASB). A review of interim financial information consists of making inquiries of persons responsible for the preparation of the information included in the unaudited condensed interim consolidated financial statements, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on the consolidated statement of financial position, the consolidated statement of income, the consolidated statement of comprehensive income and consolidated statement of cash flow of the Company.

Conclusion

Nothing came to our attention as a result of our review that caused us to believe that these unaudited condensed interim consolidated financial statements mentioned in the first paragraph of this report have not been prepared in all material respects in accordance with the regulations of the International Accounting Standard No. 34.

1. General information and company's business

IRSA Inversiones y Representaciones Sociedad Anónima ("IRSA" or the "Company") was founded in 1943, primarily engaged in managing real estate holdings in Argentina since 1991.

IRSA is a corporation incorporated and domiciled in Argentina. The registered office is Bolívar 108, 1st Floor, Autonomous City of Buenos Aires, Argentina.

The Company owns, manages and develops, directly and indirectly through its subsidiaries, a portfolio of office and other rental properties in Buenos Aires. In addition, IRSA through its subsidiaries, associates and joint ventures manages and develops shopping centers and branded hotels across Argentina, and also office properties in the United States of America and Israel.

These Unaudited Condensed Interim Separate Financial Statements have been approved for issue by the Board of Directors on November 11, 2015.

2. Basis of preparation of the Unaudited Condensed Interim Separate Financial Statements

2.1. Basis of preparation

The Unaudited Condensed Interim Financial Statements have been prepared in accordance with the Technical Resolution N° 26 of the Argentine Federation of Professional Councils of Economic Science ("FACPCE", as per its Spanish acronym) and with IAS 34 "Interim Financial Reporting". Furthermore, some additional issues were included as required by the Business Companies Act and/or regulations of the CNV, including supplementary information provided in the last paragraph of section 1, Chapter III, Title IV of General Ruling 622/13 of the CNV. Such information is included in the Notes to these Unaudited Condensed Interim Separate Financial Statements according to IFRS.

These Financial Statements should be read together with the annual separate financial statements of the Company as of June 30, 2015 prepared in accordance with the Technical Resolution N° 26. These Unaudited Condensed Interim Separate Financial Statements are presented in Argentine Pesos.

These Unaudited Condensed Interim Separate Financial Statements corresponding to the three-month periods ended September 30, 2015 and 2014 have not been audited. The Company's Management believes they include all necessary adjustments to fairly present the results of each period. The Company's three-month periods ended September 30, 2015 and 2014 results do not necessarily reflect the proportion of the Company's full-year results.

(Continued)

2.2. Significant accounting policies

The principal accounting policies adopted for the preparation of these Unaudited Condensed Interim Financial Statements are consistent with those applied in the preparation of the information under RT 26 as of June 30, 2015, and are based on those IFRS in force as of June 30, 2015 (except for the accounting of investments in subsidiaries, associates and joint ventures, which are accounted for under the equity method as required in RT 26). In addition, the most significant accounting policies are described in the Annual Separate Financial Statements.

2.3. Use of estimates

The preparation of financial statements at a certain date requires the Management to make estimates and evaluations affecting the amount of assets and liabilities recorded and contingent assets and liabilities disclosed at such date, as well as income and expenses recorded during the period. Actual results might differ from the estimates and evaluations made at the date of preparation of these financial statements.

In the preparation of these Unaudited Condensed Interim Separate Financial Statements, the main significant judgments made by Management in applying the Company's accounting policies and the major sources of uncertainty were the same that the Company used in the preparation of financial statements as of and for the fiscal year ended June 30, 2015, save for changes in accrued income tax, provision for legal claims, allowance for bad debts and accrued supplementary rental.

2.4. Comparative Information

Balance items as of September 30, 2014 and June 30, 2015 shown in these financial statements for comparative purposes arise from financial statements then ended. Certain reclassifications have been made in order to present figures comparatively with those of this period.

3. Acquisition and disposals

Company's Merger and Spin-off – Merger with Solares de Santa María S.A. and Unicity S.A., and Spin-off – Merger with E-Commerce Latina S.A.

Pursuant to the previous merger and spin-off commitment undertaken on September 16, 2015, the following transactions were agreed upon:

- a) the “Takeover Merger” with Solares de Santa María S.A. (Solares) where Solares would be the acquired or target company and IRSA Inversiones y Representaciones Sociedad Anónima would be the acquirer;
- b) the “Takeover Merger” with Unicity S.A. (Unicity), where Unicity would be the acquired or target company and IRSA Inversiones y Representaciones Sociedad Anónima would be the acquirer;
- c) the spin-off of a 7.96% E-Commerce Latina S.A.'s (ECLSA) equity, which accounts for a 11.39% equity interest in Solares, in order for that interest to be subsequently merged into IRSA Inversiones y Representaciones Sociedad Anónima. ECLSA shall retain the ownership of all of its other rights, obligations, assets and liabilities.

The Company's annual shareholders' meeting held on October 30, 2015 was adjourned until November 26, 2015, at which time the shareholders will consider the approval of all documents related to the merger and the spin-off-merger.

The following table summarizes the effect the merger, and the spin-off-merger would have had on the Company's separate balance sheet as of June 30, 2015.

4. Financial risk management and fair value estimates

4.1 Financial risks

The Company's activities are exposed to a variety of financial risks: market risk (including foreign currency risk, interest rate risk and price risk), credit risk, liquidity risk and capital risk.

The Unaudited Condensed Interim Financial Statements do not include all the information and disclosures of the risk management, so they should be read together with the annual separate financial statements as of June 30, 2015. There have been no changes in the risk management or risk management policies applied by the Company since the end of the annual fiscal year.

4.2 Fair value estimates

Since June 30, 2015 there have been no significant changes in business or economic circumstances affecting the fair value of the Company's financial assets or liabilities (either measured at fair value or amortized cost) (see Note 5 to the Unaudited Condensed Interim Consolidated Financial Statements as of September 30, 2015) nor any transfers between the different hierarchies used to assess the fair value of the Company's financial instruments.

5. Information about principal subsidiaries, associates and joint ventures

The Company conducts its business through several operating and holding subsidiaries, associates and joint ventures.

Set out below is the summarized financial information for investments in subsidiaries, associates and joint ventures for the three-month period ended September 30, 2015 and for the year ended June 30, 2015:

Subsidiaries, Associates and Joint ventures

	September 30,	June 30,
	2015	2015
Beginning of the period / year	2,732,180	3,441,214

End of the period / year (iii)	2,430,257	2,732,180

- (i) During the year ended June 30, 2015, IRSA Propiedades Comerciales, Cyrsa S.A., BHSA, Inversora Bolivar S.A. and E-Commerce Latina S.A., distributed dividends for an amount of Ps. 418.4 million, Ps. 31.0 million, Ps. 2.2 million, Ps. 1.7 million, and Ps. 1.4 million, respectively.
- (ii) During the year ended June 30, 2015, Cyrsa S.A. and Nuevas Fronteras S.A. made a capital reduction to the Company in the amount of Ps. 110.9 and Ps. 12.2, respectively.
- (iii) As of September 30, 2015 and June 30, 2015 includes Ps. 327,956 and Ps. 583,074, respectively, corresponding to equity interest in IRSA Propiedades Comerciales S.A., included in Other liabilities non-current. Even though the Company has positive financial position and income, under applicable accounting standards, the Company has recorded an adjustment to consolidated income items included in the asset balance of the subsidiary (transferred to this as part of the transaction indicated in Note 3 to the Annual Financial Statements), resulting in a negative accounting exposure. This effect will be reverting in future fiscal years by way of an amortization over the residual useful life of the real property transferred and/or by total or partial disposition of those assets.
- (iv) See Note 3.

	June 30, 2015			
	Level 1	Level 2	Level 3	Total
Liabilities				
- Derivative financial instruments	-	-	-	-
Total liabilities	-	-	-	-

The derivative financial instruments are classified as Level 2 since their fair value is calculated under the discounted cash flow method. The main parameter used in that model is interest rate futures (see Note 14).

When no quoted prices in an active market are available, fair values (particularly with derivatives) are based on recognized valuation methods. The Company uses a range of valuation models for the measurement of Level 2 instruments, details of which may be obtained from the following table:

Description	Pricing model	Pricing method	Parameters
Foreign currency-contracts	Present value method	Theoretical price	Money market interest-rate curve, Foreign exchange curve.

The details of the provision for the Company's income tax are as follows:

	September 30,	September 30,
	2015	2014
Current income tax	(9,244)	-
Deferred income tax	(43,282)	44,743
Income tax	(52,526)	44,743

The gross movement on the deferred income tax account is as follows:

	September 30,	June 30,
	2015	2015
Beginning of the period / year	282,727	327,789
Additions as a result of the merger (i)	402	-
Use of tax loss carryforwards	(9,244)	(157,367)
Income tax	(43,282)	112,305
End of period / year	230,603	282,727

(i) See Note 3.

Below is a reconciliation between income tax expense and the amount that would arise using the income tax rate applicable to Profit Before Income Tax for the three-month periods ended September 30, 2015 and 2014:

	September 30, 2015	September 30, 2014
Net income at tax rate	(78,108)	(14,520)
<i>Permanent differences:</i>		
Share of profit / (loss) from subsidiaries, associates and joint ventures	129,932	(29,104)
Non-deductible items and others	702	(1,119)
Income tax	52,526	(44,743)

Deferred income tax assets are recognized for tax loss carry-forwards to the extent that the realization of the related tax benefits through future taxable profits is probable. Tax loss carry forwards in Argentina expire within 5 years.

**REVIEW REPORT ON THE UNAUDITED CONDENSED
INTERIM SEPARATE FINANCIAL STATEMENTS**

To the Shareholders, President and Directors of

IRSA Inversiones y Representaciones Sociedad Anónima

Legal address: Bolivar 108 – 1° floor

Autonomous City Buenos Aires

Tax Code No. 30-52532274-9

Introduction

We have reviewed the unaudited condensed interim separate financial statements attached of IRSA Inversiones y Representaciones Sociedad Anónima (hereinafter “the Company”) which included the unaudited condensed interim separate statements of financial position as of September 30, 2015, and the unaudited condensed interim separate statements of income and comprehensive income for the three-month period ended September 30, 2015 and the unaudited condensed interim separate statements of changes in shareholders’ equity and the unaudited condensed interim separate statements of cash flows for the three-month period ended September 30, 2015 and selected explanatory notes.

The balances and other information corresponding to the fiscal year ended June 30, 2015 and the interim periods within that fiscal period are an integral part of these financial statements and, therefore, they should be considered in relation to these financial statements.

Management responsibility

The Board of Directors of the Company is responsible for the preparation and presentation of these unaudited condensed interim separate financial statements in accordance with professional accounting standards of Technical Resolution No. 26 of the Argentine Federation of Professional Councils in Economic Sciences (FACPCE) added by the National Securities Commission (CNV) to its regulations. Those standards differ from the International Financial Reporting Standards (IFRS) and, especially, from the International Accounting Standard No 34 "Interim Financial Reporting" (IAS 34) approved by the International Accounting Standard Board (IASB) and used for the preparation of the unaudited condensed interim consolidated financial statements of IRSA Inversiones y Representaciones Sociedad Anónima with its subsidiaries as to the aspects mentioned in note 2.1 to the unaudited condensed interim separate financial statements attached. Our responsibility is to express a conclusion based on the review that we have performed with the scope detailed in paragraph "Scope of our review".

Free translation from the original prepared in Spanish for publication in Argentina

Scope of our review

Our review was limited to the application of the procedures established in the International Standard on Review Engagements ISRE 2410 "Review of interim financial information performed by the independent auditor of the entity", which was adopted as a review standard in Argentina through Technical Resolution No. 33 of the FACPCE as approved by the International Auditing and Assurance Standards Board (IAASB). A review of interim financial information consists of making inquiries of persons responsible for the preparation of the information included in the unaudited condensed interim separate financial statements, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on the separate statement of financial position, the separate statement of income, the separate statement of comprehensive income and separate statement of cash flow of the Company.

Conclusion

Nothing came to our attention as a result of our review that caused us to believe that these unaudited condensed interim separate financial statements mentioned in the first paragraph of this report have not been prepared in all material respects in accordance with the regulations of Technical Resolution No. 26 of the Argentine Federation of Professional Councils in Economic Sciences for separate financial statements of a parent company.

Report on compliance with current regulations

In accordance with current regulations, we report about IRSA Inversiones y Representaciones Sociedad Anónima that:

- a) the unaudited condensed interim separate financial statements of IRSA Inversiones y Representaciones Sociedad Anónima are recorded in the "Inventory and Balance Sheet Book", and comply, as regards those matters that are within our competence, with the provisions set forth in the Commercial Companies Law and in the corresponding resolutions of the National Securities Commission;

b) the unaudited condensed interim separate financial statements of IRSA Inversiones y Representaciones Sociedad Anónima arise from accounting records carried in all formal aspects in conformity with the applicable legal provisions;

c) we have read the additional information to the notes to the unaudited condensed interim separate statements required by section 68 of the listing regulations of the Buenos Aires Stock Exchange and by section 12 of Chapter III Title IV of the text of the National Securities Commission, on which, as regards those matters that are within our competence, we have no observations to make;

Summary as of September 30, 2015

I. Brief comment on the Company's activities during the period, including references to significant events occurred after the end of the period.

Buenos Aires, November 11, 2015 - IRSA Inversiones y Representaciones Sociedad Anónima (NYSE: IRS) (BASE: IRSA), Argentina's leading real estate company, announces today the results of its operations for the three-month period ended September 30, 2015.

Consolidated Income*

Revenues from sales, leases and services	713.5	588.6	124.9	21.2%
Operating Income	724.0	640.1	83.9	13.1%
Depreciation and Amortization	54.6	42.8	11.8	27.6%
EBITDA	778.6	682.9	95.7	14.0%
Net (Loss) / Income	(316.0)	135.8	(451.8)	(332.7)%
Attributable to the parent company's shareholders	(275.7)	3.3	(279.0)	(8,454.5)%
Attributable to non-controlling interest	(40.3)	132.5	(172.8)	(130.4)%

*It coincides with the Income Statement of the Financial Statements (Excludes interest in joint ventures).

Revenues from sales, leases and services for the first quarter of 2016 were 21.2% higher than in the first quarter of 2015, mainly explained by an increase in revenues from the "Shopping Centers" and "Hotels" segments, partially offset by the "Offices" and "Sales and Developments" segments, which recorded lower revenues than in the period under comparison.

The Company's Operating Income and EBITDA grew by 13.1% and 14.0%, respectively, mainly due to higher selling and administrative expenses and other operating income, offset by increased sales of investment properties.

Net loss for the first 3-month period of fiscal year 2016 was ARS 316.0 million, compared to net income for ARS 135.8 million in the same period of 2015, mainly due to a decrease in the value of the investment in IDB Development Corporation, which has changed its valuation method effective as of the quarter under analysis. Until June 30, 2015, the investment was recorded at the share's fair quoted price, but as a result of a first instance court decision it may be now inferred that two classes of shares with different rights have been created in the facts and that the shares held by us are different from those in the market. Accordingly, the quotation is no longer a reference of the fair value of our investment, and the valuation criterion had to be changed. For further details, see the information contained in this Summary under "Investment in IDB Development Corporation".

Revenues from the Offices segment decreased by 7.3% in the first quarter of fiscal year 2016 due to a 15.1% reduction in the leaseable area as a result of the sales made during the period. In addition, the portfolio's occupancy recorded a slight decline, down to 96.9% due to the vacancy of a floor in Torre BankBoston and two floors in Suipacha 652/64 which we expect to occupy in the short term. The segment's EBITDA dropped by 14.5% during the period compared to the same period of the previous fiscal year due to lower revenues and higher administrative and selling expenses.

The EBITDA margin stood at 71.5% (compared to 77.6% in the IQ15) due to lower revenues from sales made.

V. Hotels

According to the International Tourism Report prepared by the INDEC, during the first eight months of fiscal year 2015 3.9 million non-resident tourists arrived in Argentina, a year-on-year decrease of 0.9%. Outbound departures by Argentine citizens reached 5.4 million, a 14.1% increase with respect to the same period of 2014. Our hotels in the City of Buenos Aires maintained their income and occupancy levels during the period, and our Llao Llao premium resort located in the Patagonian city of Bariloche managed to recover from the eruption of the Chilean volcano that had affected the access to the city during the last quarter, causing hotel occupancy rates to decline sharply.

During the first quarter of fiscal year 2016, the hotel segment recorded an increase in revenues of around 14.5% due to the higher average portfolio occupancy, which reached 66.7%, and the rise in the average rate. However, Operating Income showed a negative result of ARS 6.9 million mainly due to higher selling and administrative expenses.

Lipstick Building, New York, United States

The Lipstick Building is a landmark building in the City of New York, located at Third Avenue and 53th Street in Midtown Manhattan, New York. It was designed by architects John Burgee and Philip Johnson (Glass House and Seagram Building, among other renowned works) and it is named after its elliptical shape and red façade. Its gross leaseable area is approximately 57,500 sqm and consists of 34 floors.

As of September 30, 2015, the building reached an occupancy rate of 95.47%, thus generating an average rent of USD 65.14 per sqm.

Gross Leaseable Area (sqm)	58,092	58,094	-
Occupancy	95.47%	91.86%	3.6pp
Rental price (USD/sqm)	65.14	64.74	0.62%

As of June 30, 2015, we had in place 2 lease agreements for a total additional area of 22,585 square meters, that were effectively occupied in August, causing occupancy to rise to 95.47%. This is the highest occupancy rate since we took possession of the building at the end of 2008.

Finally, since September 2014 there has been an exhibition of part of the work and life of the renowned Argentine architect Cesar Pelli, shown in the southern wing of the lobby. The exhibition was conceived, designed and staged with the close cooperation of this architectural firm.

Investment in Condor Hospitality Inc.

We maintain our investment in the Condor Hospitality Trust hotel REIT through our subsidiary Real Estate Strategies L.P. ("RES"), in which we hold a 66.8% interest. Condor is a REIT listed in Nasdaq focused on medium-class and long-stay hotels located in 21 states of the United States of America, operated by

various operators and franchises such as Comfort Inn, Days Inn, Hampton Inn, Holiday Inn, Sleep Inn, and Super 8, among others. During the last months, the company's results have shown an improvement in operating levels and it has continued with its strategy of selectively disposing of lower-class hotels at very attractive prices and replacing them with higher-class hotels.

Investment in IDB Development Corporation

On May 7, 2014, a transaction was closed whereby the Group, acting indirectly through Dolphin, acquired, jointly with C.A.A. Extra Holdings Limited, a non-related company incorporated under the laws of the State of Israel controlled by Mordechay Ben Moshé (hereinafter, "Extra"), an aggregate number of 106.6 million common shares in IDBD representing 53.30% of its stock capital, under the scope of the debt restructuring process of IDBD's holding company, IDB Holdings Corporation Ltd. ("IDBH"), with its creditors (the "Arrangement").

Under the terms of the agreement entered into between Dolphin and E.T.H.M.B.M. Extra Holdings Ltd., a controlled company of Mordachay Ben Moshé, to which Dolphin and Extra adhered (the "Shareholders' Agreement"), Dolphin, jointly with other third party investors acquired a 50% interest in this investment, while Extra acquired the remaining 50%. The total investment amount was NIS 950 million, equivalent to approximately US\$ 272 million at the exchange rate prevailing on that date. During fiscal year 2015, Dolphin continued investing in IDBD and as of June 30, 2015, IRSA's indirect interest in IDBD was approximately 49%.

IRSA Inversiones y Representaciones Sociedad Anónima

Summary as of September 30, 2015

On August 27, 2015, DIC published a prospectus for the issuance of rights under IDBD's and DIC's Proposal (as such term is defined in Note 9 to the financial statements) and on September 6, 2015 it issued one right for every 1,000 shares of DIC, exercisable automatically and at no expense on that same day, for 224 Series 3 warrants, 204 Series 4 warrants, 204 Series 5 warrants, and 204 Series 6 warrants each. Each warrant of DIC is convertible into one share of DIC, and has the following features:

- Series 3 warrants have an exercise price of NIS 6.54 and are due on December 21, 2015;
- Series 4 warrants have an exercise price of NIS 7.183 and are due on December 21, 2016;
- Series 5 warrants are due on December 21, 2017. Their exercise price is NIS 7.183 until December 20, 2016 and NIS 7.836 after such date.
- Series 6 warrants are due on December 21, 2018. Their exercise price is NIS 7.183 until December 20, 2016 and NIS 8.489 after such date.

Pursuant to the terms described above, on September 6, 2015 Dolphin received 91,163 Series 3 warrants and 83,023 Series 4, 5 and 6 warrants of DIC.

As a result of the transactions described above, as of September 30, 2015, Dolphin held an aggregate number of 324,445,664 shares, 15,998,787 Series 3 warrants, 24,897,859 Series 4 warrants, 109,342,966 Series 5 warrants and 97,833,180 Series 6 warrants, accounting for a 49.0% share interest in IDBD. In addition, as of September 30, 2015 Dolphin held 406,978 shares in DIC, 91,163 Series 3 warrants and 83,023 Series 4, 5 and 6 warrants of DIC, accounting for a direct interest of 0.48 %.

As of September 30, 2015, IDBD's Board of Directors consisted of nine members, three of whom were appointed by Dolphin as regular directors: Eduardo Sergio Elsztain (Chairman), Roni Bar-On (who replaced Alejandro Gustavo Elsztain on July 7) and Saúl Zang.

During February and March 2015 Dolphin and Extra started to exchange letters mainly in relation to claims from Extra in connection with the Rights Offering and Extra's claim demanding a pro rata acquisition of the shares in IDBD owned by Dolphin and subscribed for under the Rights Offering and all the shares acquired thereafter by IFISA asserting in the latter case the rights under the Shareholders' Agreement (first refusal).

Based on the foregoing and in accordance with the provisions of the Shareholders' Agreement with respect to dispute resolution, on April 30, 2015 (the "Preliminary Hearing") arbitration proceedings were initiated in English language, in Tel Aviv, and the Israeli law applies thereto.

The arbitration proceedings were intended to settle the issues referred to above, and application and interpretation of certain clauses of the Shareholders' Agreement.

In addition, during such Preliminary Hearing, the parties agreed on the rules and procedures that would govern the conduct of the arbitration proceedings and a schedule for such purposes. Appointment of an arbiter was approved and, as a result, any applicable statutory terms began running thereafter.

On May 28, 2015, before the filing of the arbitration claim, Extra made a preliminary petition to the arbiter that triggered application of the Buy Me Buy You ("BMBY") clause, which establishes that each party to the Shareholders' Agreement may offer to the counterparty to acquire (or sell, as the case may be) the shares it holds in IDBD at a fixed price; and within 14 days from delivery of the BMBY notice (the "Notice") recipient should let it know whether it desires to sell or acquire the other party's shares pursuant to the terms of the Notice, in accordance with the provisions of the Shareholders' Agreement. In such petition, Extra further added that the purchaser thereunder would be required to assume all obligations of the seller under the Arrangement.

IRSA Inversiones y Representaciones Sociedad Anónima

Summary as of September 30, 2015

In addition, on June 10 and 11, 2015, Dolphin gave notice to Extra of its intention to buy all the shares in IDBD held by Extra, asserted its defenses and its interpretation about application and construction of the BMBY, establishing that Extra's interpretation of such mechanism was erroneous.

As a result, the parties pursued arbitration to settle their disputes and in respect of the correct interpretation of the BMBY clause, in order to determine, first, who is the purchaser under the BMBY clause, and whether such party will be under the obligation to assume all the obligations of the seller under the Arrangement.

For such purposes, the arbiter decided to divide the arbitration proceedings into two phases: the first one to deal with the disputes related to application and interpretation of the mechanism under the BMBY clause and the second one in relation to the parties' additional petitions or claims.

Moreover, on June 28 and 30, 2015 Extra filed a motion with the arbiter requesting an injunction preventing changes in IDBD's Board's composition, as of such date, at IDBD's annual shareholders' meeting that would be held on July 7, 2015.

On July 6, 2015, the arbiter granted such injunction, for which reason Dolphin appointed only three directors for the next meeting and could appoint such number of directors until the arbiter issued a final decision about who the purchaser under the BMBY process was.

On September 24, 2015, the arbiter rendered an award whereby Dolphin and IFISA were designated purchasers under the BMBY clause, and therefore, Extra is required to sell to it all the IDBD shares held by it (92,665,925 shares) for a price of NIS 1.64 per share.

On October 11, 2015, the closing of the process on the BMBY clause occurred, and IFISA purchased all the shares held by Extra in IDBD (92,665,925 shares) for a price per share of NIS 1.64.

As Dolphin is a subsidiary that qualifies as a VCO in accordance with the IAS 28 exemption referred to in Note 2.3 (d), the Company has recorded its interest in IDBD at fair value with changes in the income statement.

As part of the Arrangement, Dolphin and Extra have promised to participate on a joint and several basis in the capital increases resolved by IDBD's Board in order to carry out its business plan for 2014 and 2015, for at least NIS300 million in 2014 and NIS 500 million in 2015.

As of September 30, 2015, Dolphin has contributed NIS 668.6 million in aggregate (NIS 400 million of which are creditable against its commitment) and Extra has contributed NIS 203.5 million in IDBD. In this way, Dolphin has completed its committed contributions, while IDBD is claiming from Extra, and Dolphin, under its joint and several liability, to pay the balance committed by Extra for an aggregate of NIS 196.5 million (equivalent to approximately US\$ 50.1 million at the exchange rate prevailing as of September 30, 2015).

Moreover, as part of the Arrangement, Dolphin and Extra promised to participate on a joint and several basis in the Tender Offers for a total amount of NIS 512.09 million (equivalent to approximately US\$ 128 million at the exchange rate prevailing as of September 30, 2015) under the following scheme: (i) by

December 31, 2015, at least NIS 249.8 million for a price per share of NIS 7.798 (value as of September 30, 2015, subject to adjustment) and (ii) by December 31, 2016, for at least NIS 512.09 million, less the offer made in 2015, for a price per share of NIS 8.188 (value as of September 30, 2015 subject to adjustment). As security for the performance of the Tender Offers, 34,130,119 shares in IDBD were pledged as of September 30, 2015. In addition, as of September 30, 2015, 49,695,135 shares, 23,950,072 Series 4 warrants, 22,752,569 Series 5 warrants and 20,357,561 Series 6 warrants of IDBD held by Dolphin were deposited in escrow as pledge collateral, and are expected to be soon transferred to an account not subject to pledge.

IRSA Inversiones y Representaciones Sociedad Anónima

Summary as of September 30, 2015

As of the date of issuance hereof, the Tender Offers have not been consummated.

On May 12, 2014, IDBD's shares became listed on the TASE. Consequently, all the shares (including the pledged shares) acquired as of to date are deposited in escrow with Bank Leumi Le-Israel as security in compliance with the lock-up provisions set forth in Chapter D of the TASE Regulations, which provide that initially listed shares may not be disposed of for a term of 18 months and allow the release of 2.5% per month beginning on the fourth month since the initial listing date of IDBD's shares.

In this way, pursuant to the TASE's regulations, as of September 30, 2015, 5,240,822 shares and 335,715 Series 3 warrants remained deposited as set forth above. The blocking provisions are in place until November 12, 2015.

In addition, Dolphin promised to inject funds in IDBD, directly or through an affiliated company, for at least NIS 256 million and up to NIS 400 million, as follows: (i) NIS 256 million through the exercise of the New Rights arising from the Rights Offering by Dolphin; (ii) an additional investment (the "Additional Investment") for an amount equivalent to (a) the Maximum Immediate Payment (as such term is defined in note 3 to the financial statements), less (b) the amount received by IDBD under the Rights Offering, excluding the exercise of the new warrants, but in no case for an amount higher than NIS 144 million. The Additional Investment will be made by Dolphin or a vehicle controlled by Eduardo Sergio Elsztein exercising additional rights to be acquired by them or, if such rights are not acquired, by participating in another rights offering to be made by IDBD. On February 10, 2015, Dolphin subscribed a total of NIS 391.5 million, with a remaining contribution commitment of NIS 8.5 million.

In addition, as set forth in Note 3, Dolphin promised to (i) exercise the Series 4 warrants for a total amount of NIS150 million if so requested by IDBD's board within 6 to 12 months of the Rights Offering date; and (ii) exercise the remaining Series 4, 5 and 6 warrants received under the Rights Offering, subject to the satisfaction of two conditions simultaneously: (a) that IDBD and its lenders reach an agreement to amend certain covenants; and (b) that a control permit over Clal is given by the Capital Markets, Insurance and Savings Commissioner of Israel.

On May 6, 2015, Dolphin submitted to IDBD's Board a binding and irrevocable proposal that provided, inter alia, that Dolphin (directly or through any vehicle controlled by Eduardo Sergio Elsztein) promised to make a capital contribution for up to NIS 100 million in IDBD, subject to the following conditions, among others:

(a) That IDBD makes a public offering of its shares under terms acceptable to the market and approved by IDBD's Board, for an amount of at least NIS100 million and not to exceed NIS125 million, which offering should be made between October 1, 2015 and November 15, 2015.

IRSA Inversiones y Representaciones Sociedad Anónima

Summary as of September 30, 2015

(b) The commitment assumed by Dolphin would automatically expire upon the occurrence of any of the following events before the day of the public auction under the public offering: (i) if any of IDBD's creditors or any of the representatives of IDBD's bondholders files legal actions against IDBD, including a complaint seeking the early or immediate repayment or acceleration of any portion of IDBD's debt; (ii) if a meeting of any of IDBD's bondholders is called including in its agenda any of the matters set forth in paragraph (ii); (iii) if IDBD receives capital contributions for a total amount of NIS100 million in any manner, whether through a rights offering, the exercise of warrants, a private or public placement, and if such contributions are made by Dolphin directly or through any vehicle controlled by Eduardo Sergio Elsztain (apart from the capital contributions creditable against the NIS158.5 million obligation under Dolphin's irrevocable proposal dated December 29, 2014), or by any other individual or legal entity, or the investor public, and at any event when the aggregate amount of such capital contributions under paragraph 5 (d) (iii) of the proposal so submitted is lower than NIS100 million, Dolphin's commitment under Section 5 (c) above would be reduced accordingly; or (iv) if an adverse event or change occurs in IDBD or its control structure or in any of its material affiliates.

On May 7, IDBD's Board approved the proposal.

On June 29, 2015, Dolphin submitted an irrevocable proposal to IDBD and DIC (the "Proposal Sent to IDBD and DIC") which offered that, subject to its approval by the Boards of Directors of both companies, DIC would start as soon as possible a rights offering for up to approximately NIS 500 million ("DIC's Rights Offering") (equivalent to US\$ 127.4 million at the exchange rate prevailing as of September 30, 2015). Under DIC's Rights Offering, each shareholder of DIC would receive, for no consideration, DIC's right units consisting of 4 series of warrants issued by DIC (which would be registered for trading in the TASE), each of which would be exercisable for one common share of DIC ("DIC's Warrants"), with the following features:

- DIC's Warrants would be divided into 4 series, and the exercise price of each of such series would be approximately NIS 125 million, as follows:

- The first series of warrants would be exercisable until December 21, 2015, for a price to be determined based on acceptable market conditions and after consultation with capital market experts, but in no case for a higher price than NIS 6.53 ("DIC's #1 Warrants").
- The second series of warrants would be exercisable until December 21, 2016, for an exercise price equivalent to 110% of DIC's #1 Warrants' exercise price.
- The third series of warrants would be exercisable until December 21, 2017, for an exercise price of:
 - (i) 110% of DIC's #1 Warrants' exercise price, in the event they are exercised before December 21, 2016; or
 - (ii) 120% of DIC's #1 Warrants' exercise price if they are exercised between December 21, 2016 and December 21, 2017.

IRSA Inversiones y Representaciones Sociedad Anónima

Summary as of September 30, 2015

- The fourth series of warrants would be exercisable until December 21, 2018, for an exercise price of:
 - (i) 110% of DIC's #1 Warrants' exercise price, in the event they are exercised before December 21, 2016; or
 - (ii) 130% of DIC's #1 Warrants' exercise price if they are exercised between December 21, 2016 and December 21, 2018.
- As part of DIC's Rights Offering, IDBD would promise to exercise all DIC's #1 Warrants issued in favor of IDBD, for a total amount of approximately NIS92.5 million ("IDBD's Investment Amount") by December 21, 2015, provided that the following conditions had been satisfied as of such date:
- IDBD should have the written consent of IDBD's main lenders for IDBD to exercise DIC's #1 Warrants issued in DIC's favor under DIC's Rights Offering.
- IDBD should have conducted and completed a Rights Public Offering (as such term is defined below), under which it should have raised an amount of at least NIS 200 million.
- IDBD should have received the written consent of its main lenders in order for any amount injected as capital in IDBD after the date of such proposal in excess of NIS 100 million and up to NIS350 million, to be used at any time for injection from IDBD into DIC, through any capital injection mechanism.

In turn, Dolphin proposes the following to IDBD:

- IDBD's public offering amount under Dolphin's proposal dated May 6 would be increased by at least NIS100 million and up to NIS 125 million (the "Rights Public Offering under the Proposal to IDBD and DIC"). In other words, the total amount would be increased from a minimum of NIS 100 million to a maximum of NIS 200 million, and the maximum amount would be increased from a maximum of NIS 125 million to a maximum of NIS250 million (the "Total Increased Amount").
- Therefore, Dolphin's obligation to participate in the Rights Public Offering under the Proposal to IDBD and DIC would be increased (compared to the proposal dated May 6, 2015) by an amount equal to the difference between the Total Increased Amount and the total amount of commitments received, always provided that such amount were not higher than NIS 200 million (the "Capital Contribution Amount").
- The approval of this proposal would constitute IDBD's confirmation and approval that all of Dolphin's commitments under this proposal implied the full and complete settlement of its remaining obligations to inject NIS 8.5 million in IDBD, pursuant to Dolphin's irrevocable proposal dated December 29, 2014.
- Dolphin's commitment would automatically expire upon the occurrence of any of the following events: (i) if any of DIC's creditors or any of the trustees of DIC's bonds filed any legal action against DIC, including a complaint seeking the early repayment or acceleration of any portion of DIC's debt; and/or (ii) if any meeting of DIC's bondholders included in its agenda any one or more of the following matters: (a) appointment of advisers (financial, legal or otherwise); (b) appointment of a committee of representatives of DIC's bondholders; (c) filing of any legal action against DIC; and/or (d) complaints for early or immediate repayment of any portion of DIC's debt, or any similar discussion.

Summary as of September 30, 2015

The Proposal to IDBD and DIC was binding and irrevocable, and it was valid up to July 13, 2015 and expired on such date if the Boards of IDBD and DIC did not accept it and approve it unconditionally. The Proposal to IDBD and DIC was approved by IDBD's Board of Directors on July 16, 2015.

On July 9 and 16, 2015, Dolphin submitted explanations on the Proposal to IDBD and DIC. The explanations made on July 9 were mainly the following:

- The termination or the expiration of the Proposal to IDBD and DIC would not derogate the commitments undertaken by Dolphin in the proposal filed by Dolphin to IDBD on May 6, 2015 (as described in Note 9 – Interest in Associates, to the Financial Statements), always provided that such commitments continued to be in full force and effect subject to the proposed terms, or Dolphin's remaining commitment to inject NIS 8.5 million in IDBD according to the irrevocable proposal dated December 29, 2014.
- An additional condition would be added to the Proposal to IDBD and DIC whereby if Dolphin's interest in the Rights Offering were lower than NIS 8.5 million, Dolphin would remain required to inject in IDBD the result from subtracting NIS 8.5 million from the amount actually injected by Dolphin in such opportunity.
- IDBD would replace its commitment to exercise DIC's Series 1 warrants for NIS 92.5 million with the commitment to exercise the Series 1 warrants for at least the amount that resulted from subtracting: (a) the Capital Contribution Amount (as defined in note 9 – Interest in Associates, to the Financial Statements), and (b) NIS 100 million, always provided that such amount did not exceed NIS 92.5 million.

On July 13, 2015, Dolphin extended the expiration of the Proposal to IDBD and DIC until July 16, 2015.

Moreover, on July 16, 2015, Dolphin submitted additional explanations on the Proposal to IDBD and DIC dated June 29, 2015 and July 9, 2015, mainly consisting of the following:

- Dolphin agrees that the new shares to be acquired by Dolphin or any entity controlled by Eduardo Sergio Elsztain under the public offering of shares to be made by IDBD during October 2015 do not entitle him to take part in the Tender Offer (as such term is defined in Note 3 to the Financial Statements) always provided that such new shares are still held by Dolphin or an entity controlled by Eduardo Sergio Elsztain. This notwithstanding, nothing will prevent Dolphin and/or the entity controlled by Eduardo Sergio Elsztain that holds such new shares to be acquired under the public offering to be made in October 2015 by IDBD from freely disposing of them.

On July 16, 2015 IDBD's Board of Directors resolved to approve a capital increase through a public offering pursuant to the terms proposed by Dolphin in the Proposal to IDBD and DIC and to exercise DIC's warrants, all based on Dolphin's irrevocable commitment to takepart in the referred capital increase. IDBD plans to make the public offering between October and November 2015, subject to IDBD's corporate approvals, other legal consents required and the fact that exercise of DIC's warrants may be made under the terms and conditions set forth in Dolphin's proposal.

Summary as of September 30, 2015

Besides, on July 16, 2015, DIC's Board of Directors accepted the Proposal to IDBD and DIC, and instructed its management to take all steps necessary for conducting a rights offering pursuant to Dolphin's proposal.

On August 27, 2015, DIC published the prospectus for the issuance of rights, and on September 6, 2015, DIC issued 4 series of warrants to its shareholders.

As of the filing date of the financial statements, IDBD had not completed the capital injection in DIC.

On August 16, 2015, the Arrangement Trustees filed a request before the competent court (as amended on September 9, 2015) (the "Arrangement Trustees Request"), adding Dolphin and IFISA as interested parties, for the court to determine that: (a) IFISA would be bound by the commitments related to the Tender Offer under the same terms as Dolphin; (b) the shares held by any other company controlled by Eduardo Sergio Elsztain (including Dolphin) would not be eligible to participate in the Tender Offers; and (c) the shares held by any company under Eduardo Sergio Elsztain's control (including Dolphin) and transferred to other entities would not be eligible to participate in the Tender Offer either.

On September 29, 2015 the Arrangement Trustees filed with the competent court a request for it to issue a temporary order preventing Dolphin, IFISA and others from entering into any transaction involving shares of IDBD until the court rendered a decision on the Arrangement Trustees Request. After fiscal year-end, Dolphin and IFISA filed responses in this regard, as set forth in the Note to the financial statements entitled "Subsequent Events".

Subsequent Events:

On October 1, 2015, Dolphin and IFISA filed with the court their response to the Arrangement Trustees Request. Dolphin motioned that the court should dismiss the Arrangement Trustees Request based on the following grounds: (a) IFISA is not required to perform Dolphin's obligations, in accordance with the Arrangement; (b) IFISA and any other company controlled by Eduardo Sergio Elsztain are eligible to take part as offerors under the Tender Offers in accordance with the Arrangement; and (c) the Arrangement Trustees' Request on the eligibility of the shares that would participate in the Tender offers should be dismissed. Moreover, Dolphin promised that at the time BMBY's closing was consummated, 106.6 million shares in IDBD held by it would not participate as offerors under the Tender Offers, always provided that such shares are held by entities controlled by Eduardo Sergio Elsztain.

On October 7, 2015, the Arrangement Trustees filed in court their response to Dolphin and IFISA with reference to the Arrangement Trustees Request.

On October 11, 2015 the closing of the process related to the BMBY clause took place, and IFISA acquired all the shares held by Extra in IDBD (92,665,925 shares), at a price per share of NIS1.64. As of the closing of the transaction, all the directors appointed by Extra in IDBD tendered their irrevocable resignation to the Board of Directors, and the Shareholders' Agreement automatically became ineffective, in accordance with its terms. Moreover, on that same date, Dolphin pledged additional shares as security for complying with the Tender Offers, causing the number of pledged shares to increase to 64,067,710.

On October 19, 2015, Dolphin and IFISA filed in court their response to the Arrangement Trustees Request, whereby, *inter alia*, Dolphin made it clear that as purchaser under the Tender Offers, it does not intend, and will not, participate as seller under the Tender Offers. However, according to Dolphin's position, any other shareholder of IDBD, including any entities controlled by Eduardo Sergio Elsztain, is entitled to be offeror under the Tender Offers, and additionally, Dolphin is entitled to sell shares to third parties (including any entities controlled by Eduardo Sergio Elsztain), and such sold shares are entitled to be offerors under the Tender Offers, all the foregoing without derogating Dolphin's commitment whereby 106.6 million shares would not participate in the Tender Offers for as long as they are held by any companies controlled by Eduardo Sergio Elsztain.

IRSA Inversiones y Representaciones Sociedad Anónima

Summary as of September 30, 2015

On October 20, 2015, the Tel Aviv-Jaffo court allowed a request by the Arrangement Trustees in the sense that IDBD's shares held by any company controlled by Eduardo Sergio Elsztain will not be entitled to participate in the Tender Offers in accordance with the Arrangement. This notwithstanding, it arises from the ruling that the shares purchased by Dolphin in the market would be entitled to be sold in the market and such shares would be eligible for participating in the Tender Offers, as defined below.

The court dismissed the Arrangement Trustees' motion that it be established that IFISA was bound under all the commitments set forth in the Arrangement conditions, but held that Dolphin had breached its commitment to cause IFISA to be bound under the same conditions as those set forth in the Arrangement. Dolphin and IFISA reported to IDBD that they intend to appeal against the court's decision.

On October 26, following the court's decision dated October 20, 2015, and its declaratory opinion, Dolphin and IFISA sent a letter stating that, according to their position and pursuant to the detail included in it: (a) the proviso established by the court whereby the shares acquired from minority shareholders and later held by IFISA is applicable to 127,441,396 shares of IDBD held by IFISA and 131,600 shares of IDBD held by DFL, which should be entitled to participate as offerors under the Tender Offers; and (b) with respect to 51,760,322 additional shares of IDBD then held by Dolphin, derived from purchases from minority shareholders of IDBD, Dolphin and IFISA consider that according to the court's opinion, such shares are not entitled to participate as offerors under the Tender Offers only for as long as they are held by Dolphin, but Dolphin is not prevented from selling such shares to a third party, in which case such third party will be entitled to participate as offeror under the Tender Offers with respect to such shares.

On October 29, 2015, the Arrangement Trustees filed an urgent request seeking a determination of presumed contempt against the decision ordering Dolphin and IFISA to follow the orders issued by the court on October 20, 2015, alleging that Dolphin and IFISA's letter published by IDBD on October 27, 2015, reporting the number of shares purchased from IDBD's minority shareholders under transactions made in the capital markets, was contrary to the court's decision and that therefore, Dolphin and IFISA were acting in contempt of court. The Arrangement Trustees also argued that since Dolphin and IFISA were deliberately ignoring the court's decision, and considering the damage that was being caused to the public each day, including the Arrangement's creditors, the court should impose a penalty for a material amount to be defined by the court for each day on which Dolphin and IFISA ignored the court's decision.

On October 29, 2015, Dolphin and IFISA filed an appeal with the Supreme Court against the court's decision dated October 20, 2015, and also requested that the appeal hearing be held urgently. The appeal hearing is scheduled to take place on December 16, 2015.

On November 2, Dolphin and IFISA filed their response to this request, asking the court to dismiss the request based on the fact that Contempt of Court Orders do not apply to declaratory opinions and because Dolphin and IFISA did not violate any order from the court. On November 4, 2015, the Arrangement Trustees filed a replication against Dolphin and IFISA, and on November 5, the court denied the request for declaring Dolphin and IFISA in contempt. However, the court held that Dolphin and IFISA's interpretation of the exception to the decision dated October 20, 2015 contained in Dolphin and IFISA's letter was contrary to the scope of the exception.

Also on November 5, the Arrangement Trustees sent a letter to Dolphin and IFISA demanding that after the court's decision of that same day, they should amend the letter and should report to the Israel Securities Authority and IDBD that the Tender Offers would be addressed to the minority shareholders of IDBD, and that neither Dolphin, nor IFISA or any company controlled by Eduardo Sergio Elsztain would be offerors under the Tender Offers, and that any shares transferred by them to third parties would not be eligible for participating in the Tender Offers as offerors either. In addition, on that same day, the Arrangement Trustees sent a letter to IDBD demanding it to amend Dolphin and IFISA's letter under the same terms described above.

Summary as of September 30, 2015

The Company is analyzing the impact of the court's decision dated October 20, 2015 on the financial statements and its defense strategy, as well as the impact of the termination of the BMBY process with IFISA as purchaser of Extra's shares.

As of November 9, 2015, 33,825,397 shares of IDBD held by Dolphin are blocked under the TASE's regulations (lock-up provisions) until and including November 11, 2015, when these lock-up provisions expire.

Change in Valuation Method of the Investment in IDB Development Corp.

As described in Note 3 to the annual consolidated financial statements as of June 30, 2015 and for the fiscal year then ended, the Group has valued its investment in IDBD at fair value, applying the exception contemplated under IAS 28 (see Note 2 for further details). The investment in IDBD consists of 324 million common shares representing 49% of IDBD's stock capital and 248 million warrants to purchase common shares.

Until June 30, 2015, the Group estimated that the quoted price of IDBD's shares in the Tel Aviv Stock Exchange represented the fair value of its investment and therefore, it valued its investment based on such price, classifying this measurement as Level 1.

As mentioned in Note 9 to the consolidated financial statements, as part of the Arrangement, Dolphin promised to make one or more Tender Offers for the purchase of IDBD's outstanding shares at a fixed price for a total amount of NIS 512.09 million.

On October 20, 2015, a first instance judge of the Tel Aviv-Jaffo Court allowed a request filed by the trustees representing the Creditors under the Arrangement and ruled that the shares held by Dolphin or any company controlled by Eduardo S. Elsztain could not participate in the Tender Offers scheduled for December 2015 and December 2016. Dolphin decided to appeal against the ruling before the Supreme Court of Justice of Israel.

Although IDBD's capital is composed of a single class of common shares entitled to the same rights, from the above mentioned ruling it could be inferred that two classes of shares with different rights are created in the facts: one class that would be eligible for participating in the Tender Offers and another class belonging to any company controlled by Eduardo S. Elsztain that would not be eligible to such end. This would imply that the share's quoted price (which contains a value embedded component due to the commitment to future Tender Offers) would not be representative as such for purposes of valuing the equity interest held by Dolphin.

It is the Company's policy to recognize transfers to and from different levels in the fair value hierarchy under IFRS 13 as of the date of the event or change in the circumstances that lead to such transfer. Based on the circumstances described above, the Company considers that it should depart from the quotation (Level 1 valuation) and should use a valuation model with unobservable inputs (Level 3 valuation) to estimate the fair value of its investment in IDBD.

To such end, the Company developed an internal valuation model based on a Black-Scholes model that determines the Tender Offer component value embedded in the share's quoted price and subtracts it in order to determine a fair value for the investment. In addition, the model weighs the occurrence probabilities for different scenarios. The valuation of its investment in IDBD has been considered to be Level 3 because it uses significant unobservable inputs, including, without limitation, probability, interest rate and volatility for purposes of determining the fair value.

Based on the opinion of its legal counsel, Dolphin considers that it has chances of reversing the first instance ruling at the Supreme Court of Justice. Dolphin has assigned equal probabilities to either succeeding in or losing the appeal. In the event that Dolphin is not successful in its appeal, the Company considers that the Supreme Court ruling could open an array of possibilities regarding the number of shares that could participate in the Tender Offers.

In this way, the valuation model used to determine the investment's fair value considers the following scenarios:

IRSA Inversiones y Representaciones Sociedad Anónima

Summary as of September 30, 2015

Scenario 1:

The Company has a 50% chance of succeeding in its appeal against the ruling before the Supreme Court of Justice and, therefore, all the shares held by Dolphin and any other company controlled by Eduardo S. Elsztain may participate in the Tender Offers. This situation implies a status quo with respect to the valuation method as of June 30, 2015 and therefore, the quoted value of IDBD's shares would only be affected for purposes of valuing the Company's investment to the extent of the difference in quotation between June 30, 2015 and September 30, 2015.

Scenario 2:

The Company has a 50% chance of not succeeding in its appeal against the ruling before the Supreme Court of Justice. This scenario opens up into different sub-scenarios depending on the number of shares held by Dolphin or other companies controlled by Eduardo S. Elsztain that could participate in the Tender Offers. The ruling could prohibit all the shares held by Dolphin or any other company controlled by Eduardo S. Elsztain to participate or could determine different numbers of shares eligible for participating in the Tender Offers. Therefore, the Company has assigned different occurrence probabilities to the sub-scenarios within Scenario 2 based on the number of IDBD shares held by it that could participate in the Tender Offers.

The significant inputs used in measuring the fair value of the investment in IDBD are the following:

Rate in ILS	8.09 %
IDBD Spot Price	ILS 2.16
USD ILS exchange rate	3.92
USD ARS exchange rate	9.42
Stock volatility	70.6 %
Risk-free rate in ILS as of 12/31/2015	0.02 %
Risk-free rate in en ILS as of 12/31/2016	0.10 %

The probability scenarios in sub-scenario 2 are sensitive to the number of shares that may participate in the Tender Offers and therefore, they influence on the determination of the share's fair value.

The following table shows the changes in fair value measurements classified as Level 3:

	Investment in associates

XVI. Brief comment on prospects for the next period

Our real estate businesses in Argentina and abroad have posted very good results in the first quarter of this new fiscal year. We believe that the diversification of our business, with real estate assets in Argentina and abroad, favorably positions us to face all the challenges and opportunities that may arise in 2016.

Our subsidiary IRSA Propiedades Comerciales S.A. keeps recording sound growth in both its shopping centers and premium offices segments. The most recent shopping center developments, “Distrito Arcos” and “Alto Comahue” opened during the last fiscal year, are reflecting very good results, with sales growing at rates higher than the portfolio average and operating at full occupancy.

We will also continue working during the year with a view to optimizing the performance of our current properties through improvements that result in taking better advantage of the leaseable square meters and creating higher functionality and appeal for the benefit of consumers and tenants alike. In our shopping centers we will continue to encourage marketing actions, events, and promotions seeking to attract consumers, through the joint efforts of the Company, stores and credit card issuer banks, which have proved to be highly effective in terms of sales and have been eagerly endorsed by the public.

We are optimistic regarding the opportunities that may arise in Argentina toward the second half of the year after the new administration takes office. We have a large reserve of lands intended for future shopping center and office developments in an industry scenario with high growth potential, as penetration levels in terms of sales and surface area per inhabitant are lower than in other countries of the region.

As concerns our investments outside Argentina, we will continue working in the improvement of the operating ratios of our only building in New York after the sale of Madison: the Lipstick Building. Our investment in “Condor Hospitality Trust” hotel REIT (NASDAQ: CDOR) has shown very good results in the last months derived from its sales of hotels, whilst it has managed to seize good opportunities for purchasing higher class hotels. We trust in the new senior management and hope to reap the benefits of this investment in the future. As concerns our recent investment in the Israeli company IDBD, we will continue working in 2016 with a view to optimizing returns from its various business lines and capital structure. We trust in the value of this investment, which we expect will deliver very good results in the medium term.

Taking into account the quality of the real estate assets in our portfolio, the Company's financial position and low indebtedness level and its franchise for accessing the capital markets, we remain confident that we will continue consolidating the best real estate portfolio in Argentina and diversifying our operations by adding businesses abroad with attractive value-creation opportunities.
