Item 7.01 Regulation FD Disclosure.

Assets Under Management and Management Fee-generating Assets Under Management as of September 30, 2014
Oaktree Capital Group, LLC (the “Company,” “we” or “us”) is making this disclosure contemporaneous with our periodic update of information in our fund presentation materials and on our website. As previously announced in our press release on October 9, 2014, we will report our third quarter 2014 financial results prior to the opening of the New York Stock Exchange on Thursday, October 30, 2014.

The term “AUM” generally refers to the assets we manage and equals the net asset value of the assets we manage, the fund-level leverage on which management fees are charged, the undrawn capital that we are entitled to call from investors in our funds pursuant to their capital commitments and the aggregate par value of collateral assets and principal cash held by our collateralized loan obligation vehicles. The term “management fee-generating AUM” is a forward-looking metric and reflects the AUM on which we will earn management fees in the following quarter. It generally excludes certain AUM, such as (i) differences between AUM and either committed capital or cost basis for most closed-end funds, other than for closed-end funds that pay management fees based on NAV and leverage, as applicable; (ii) undrawn capital commitments to closed-end funds that have not yet commenced their investment periods; (iii) undrawn capital commitments to funds for which management fees are based on drawn capital or NAV; (iv) the investments we make in our funds as general partner; (v) closed-end funds that are beyond the term during which they pay management fees and co-investments that pay no management fees; and (vi) AUM in restructured and liquidating evergreen funds for which management fees were waived.

As of September 30, 2014, AUM was \$93.2 billion, and management fee-generating AUM was \$79.1 billion.

The information in this Current Report is “furnished” but not “filed” for purposes of Section 18 of the U.S. Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Forward-Looking Statements

In some cases, you can identify forward-looking statements by words such as “anticipate,” “approximately,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “outlook,” “plan,” “potential,” “predict,” “seek,” “should,” “will” and “would” or other comparable or similar words. These statements identify prospective information. Important factors could cause actual results to differ, possibly materially, from those indicated in these statements. Forward-looking statements are based on the Company’s beliefs, assumptions and expectations of its future performance, taking into account all information currently available to the Company. Such forward-looking statements are subject to risks and uncertainties and assumptions relating to the Company’s operations, financial results, financial condition, business prospects, growth strategy and liquidity, including, but not limited to, changes in our anticipated revenue and income, which are inherently volatile; changes in the value of our investments; the pace of our raising of new funds; changes in assets under management; the timing and receipt of, and the impact of taxes on, carried interest; distributions from and liquidation of our existing funds; changes in our operating or other expenses; the degree to which we encounter competition; and general economic and market conditions. The factors listed in the item captioned “Risk Factors” in the Company’s Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC on February 28, 2014, which is accessible on the SEC’s website at www.sec.gov, provide examples of risks, uncertainties and events that may cause the Company’s actual results to differ materially from the expectations described in its forward-looking statements.
