ABOUT THIS INFORMATION STATEMENT

What is the purpose of this Information Statement?

This Information Statement is being provided pursuant to Section 14 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), to notify stockholders of the Company, as of the close of business on the Record Date, of the corporate actions taken pursuant to the written consent of two stockholders holding, in the aggregate, a majority of the voting power of the Company. The majority of stockholders of the Company’s Common Stock have approved amendments to the Company’s Articles of Incorporation to (i) increase the number of shares of authorized stock of the Company from 55,000,000 shares to 155,000,000 shares, and (ii) vest authority in the board of directors (the “Board”) to prescribe the classes, series and number of shares of each class or series of stock and the voting powers, designations, preferences, limitations, restrictions and relative rights of each class or series of stock (the “Action”). In order to eliminate the costs and management time involved in holding a special meeting, and in order to effect the corporate action as soon as possible, the Company decided to proceed with the corporate action by obtaining the written consent of stockholders holding a majority of the voting power of the Company.

Who is entitled to notice?

All holders of shares of Common Stock of record on the close of business on the Record Date are entitled to notice of the Action.

On what corporate matters did the majority stockholders vote?

The stockholders have voted for and, thereby, approved, the following:

- For approval of an amendment to the Articles of Incorporation of the Company to increase the number of shares of authorized stock of the Company from 55,000,000 shares to 155,000,000 shares.
- For approval of an amendment to the Articles of Incorporation of the Company to vest authority in the board of directors to prescribe the classes, series and number of shares of each class or series of stock and the voting powers, designations, preferences, limitations, restrictions and relative rights of each class or series of stock

Under Section 78.320 of the Nevada Revised Statutes, certain activities requiring stockholder approval (including the Action) may be taken by obtaining the written consent and approval of more than 50% of the holders of voting stock entitled to vote on such action in lieu of a meeting of the stockholders. Because the two stockholders held 10,522,493 shares of Common Stock entitled to vote on the Action on the Record Date (which shares are equal to approximately 50.3% of the total issued and outstanding voting capital stock of the Company on the Record Date), no meeting of or further action by the stockholders in connection with the Action is required.

ACTION

Amendment to the Company's Articles of Incorporation to Increase the Number of Authorized Shares of Stock

On March 23, 2012, the Board adopted a resolution declaring it advisable to amend the Company's Articles of Incorporation to increase the number of shares of authorized stock of the Company from 55,000,000 shares to 155,000,000 shares. On April 3, 2012, the Company received a written consent in lieu of a meeting of stockholders from the holders of 10,522,493 shares of Common Stock (representing approximately 50.3% of the issued and outstanding shares of Common Stock on the Record Date) approving this amendment (as part of the Action described in this Information Statement). A copy of the Certificate of Amendment to the Articles of Incorporation is attached as Exhibit A hereto.

Purpose of Increasing the Number of Authorized Shares of Stock of the Company

The continuation of the Company's business is dependent upon raising additional capital, which may include the issuance of common or preferred stock, securities convertible into Common Stock, or secured or unsecured debt, an investment by a strategic partner in a specific clinical indication or market opportunity, selling all or a portion of the Company's assets, liquidating assets, or seeking relief through a filing under the U.S. Bankruptcy Code. The Company has formed a special committee of the Board who has retained the services of Canaccord Genuity Inc., a leading investment bank, to explore capital fund raising and/or strategic options for the Company. To the extent these options will require the Company to issue additional equity securities, the Company needs to increase the number of authorized shares.

Effects of the Increase in Authorized Stock

The additional shares of capital stock will have the same rights as the presently authorized shares, including the right to cast one vote per share of stock. Although the authorization of additional shares will not, in itself, have any effect on the rights of any holder of our Common Stock, the future issuance of additional shares of Common Stock (other than by way of a stock split or dividend) would have the effect of diluting the voting rights and could have the effect of diluting earnings per share and book value per share of existing shareholders.

It is possible that some of these additional shares could be used in the future for various other purposes without further shareholder approval, except as such approval may be required in particular cases by our charter documents, applicable law or the rules of any stock exchange or other system on which our securities may then be listed. These purposes may include: raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies, and expanding the Company's business or product lines through the acquisition of other businesses or products.

The Company could also use the additional shares of capital stock to oppose a hostile takeover attempt or to delay or prevent changes in control or management of the Company. Although the Board's recommendation of the amendment to the Articles of Incorporation was not prompted by the threat of any hostile takeover attempt (nor is the Board currently aware of any such attempts directed at the Company), nevertheless, shareholders should be aware that the amendment could facilitate future efforts by the Company to deter or prevent changes in control of the Company; including transactions in which shareholders of the Company might otherwise receive a premium for their shares over then current market prices.

Amendment to the Company's Articles of Incorporation to Vest Designation Authority in the Board of Directors

On March 23, 2012, the Board adopted a resolution declaring it advisable to amend the Company's Articles of Incorporation to provide that the Board is vested with the authority to prescribe the classes, series and number of shares of each class or series of stock and the voting powers, designations, preferences, limitations, restrictions and relative rights of each class or series of stock. On April 3, 2012, the Company received a written consent in lieu of a meeting of stockholders from the holders of 10,522,493 shares of Common Stock (representing approximately 50.3% of the issued and outstanding shares of Common Stock on the Record Date) approving this amendment (as part of the Action described in this Information Statement). A copy of the Certificate of Amendment to the Articles of Incorporation is attached as Exhibit A hereto.

Purpose of Vesting Designation Authority in the Board

Under Nevada law, corporations may provide for the prescription of classes or series of capital stock, and the number and characteristics of each class or series of capital stock in their articles of incorporation, or, alternatively, may vest such authority in the board of directors of the corporation. In order to maintain flexibility and agility in responding to future financing needs of the Company, the Board believes that it is in the best interests of the Company and its shareholders to vest authority in the Board to make any such future designations without the need for further shareholder action to amend the Articles of Incorporation.

Effects of Vesting Designation Authority in the Board

Vesting designation authority as to future classes or series of the Company's capital stock in the Board will have no direct effect on existing holders of the Company's Common Stock. Any changes in the voting powers, designations, preferences, limitations, restrictions and relative rights of each outstanding class or series of capital stock of the Company may not be changed, unless by affirmative vote of the required number of shareholders prescribed under Nevada law, and may not be changed by action of the Board, irrespective of whether this proposed amendment is made to the Company's Articles of Incorporation.

Holders of the Company's Common Stock would only be affected by this proposed amendment, in so far as further classes or series of capital stock of the Company may be designated by the Board—without the need for shareholder action—with certain rights or privileges (such as, for example, the right to receive dividends) that are superior in certain aspects to the existing Common Stock of the Company. The Board currently has no current plans to issue securities under any such class or series of capital stock.

Effective Date of the Amendments

The increase in the number of authorized shares of the Company to 155,000,000 shares and the vesting of further designation authority in the Board will become effective upon the filing of the Certificate of Amendment to the Company's Articles of Incorporation with Secretary of State of the State of Nevada. Pursuant to Rule 14c-2 under the Exchange Act, the foregoing Action may not become effective until a date that is at least 20 days after the date on which this Information Statement has been mailed to the stockholders of the Company.

Dissenters' Right of Appraisal

Under Nevada law and the Company's Articles of Incorporation and Bylaws, no stockholder has any right to dissent, or is otherwise entitled to appraisal of or payment for their shares of Common Stock as a result of the effectuation of the Action.

No Meeting of Stockholders Required

The Company is not soliciting any votes with regard to the Action. The stockholders that have consented to the Action hold a majority of the total issued and outstanding shares of voting capital stock, sufficient to approve the Action by written consent.
