PROPOSAL 1

ELECTION OF DIRECTORS

Election of Directors

The Board of Directors, acting through the Corporate Governance/Nominating Committee, is responsible for identifying and evaluating candidates for Board membership. The Board currently consists of ten members and the Company's Amended and Restated Articles of Incorporation provides that the Board of Directors be divided as equally as possible into three classes designated as Class I, Class II and Class III. Generally, the directors in each class are elected to serve staggered three year terms so that the term of office of one class of directors expires at each annual meeting. Currently, the Board of Directors has two directors in Class I with terms expiring in 2016, and four directors in Class II with terms expiring in 2017, and four directors in Class III with terms expiring in 2018.

The term of office of current Class I directors James V. Hanna and Frank L. Paden will expire at the annual meeting on October 27, 2016. The current Class I directors along with Phillip R. Mueller, whom the Board of Directors unanimously approved the nomination of, constitute the nominees to be elected to serve until the 2019 annual meeting and until their successors are elected. Additional information concerning the nominees for director, the directors and executive officers of Consumers Bancorp is provided in the following pages.

The common shares represented by the accompanying proxy will be voted **for** the election of the nominees to serve as directors, unless contrary instructions are indicated on the proxy card. The nominees for director receiving the greatest number of "for" votes will be elected as directors. If the election of directors is by cumulative voting, the persons appointed by the accompanying proxy intend to cumulate the votes represented by the proxies they receive and distribute such votes in accordance with their best judgment.

If one or more of the nominees should at the time of the Annual Meeting be unavailable or unable to serve as a director, the common shares represented by the proxies will be voted to elect the remaining nominees and any substitute nominee or nominees designated by the Board of Directors. The Board of Directors knows of no reason why any of the nominees will be unavailable or unable to serve.

The Board of Directors recommends that the shareholders vote "FOR"

the election of the nominees for Class I directors.

Board Leadership Structure; Role in Risk Oversight

In accordance with our regulations, the Board elects our Chairman and Chief Executive Officer, or CEO, and both of these positions may be held by the same person or may be held by different people. Currently the offices of Chairman and CEO are separated. The Board believes that the separation of offices of the Chairman and CEO is appropriate at this time as it allows our CEO to focus primarily on management and operating responsibilities.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including economic risks, financial risks, legal and regulatory risks, and others, such as the impact of competition. Management is responsible for the day-to-day management of the risks that we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board is responsible for satisfying itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Director Compensation

The Compensation Committee annually reviews and recommends to the Board of Directors the proposed director fees after consideration of information from peer surveys, past compensation practices and the Company's performance. The Board is responsible for approving the fees for attending Board meetings and committee meetings. The Board believes the fees are competitive with the fees paid by other peer banks of a comparable size and will ensure the Company attracts and retains qualified Board members.

Fees Paid in Cash

Non-employee directors receive an annual retainer and are compensated for each Consumers National Bank Board of Directors meeting and each committee meeting they attend. Effective in January 2016, the annual retainer increased to \$4,000 per year, the compensation for attendance at a Board of Directors meeting increased to \$1,000 per meeting and the Vice Chairman will receive an additional \$2,000 per year for serving in this capacity. PROPOSAL TWO – ADVISORY VOTE ON THE RATIFICATION OF EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act, we are seeking advisory shareholder approval of the compensation of the Named Executive Officers as disclosed in this Proxy Statement. This proposal, commonly known as a “Say-on-Pay” proposal, gives you as a shareholder the opportunity to endorse or not endorse our executive pay program through the following resolution:

“RESOLVED, that the compensation of the Company’s Named Executive Officers as disclosed in this proxy statement pursuant to Item 402 of SEC Regulation S-K, including in the Compensation Discussion and Analysis, the Summary Compensation Table, and the related executive compensation tables, notes and narratives, is hereby approved on an advisory, non-binding basis.”

Because your vote is non-binding and advisory, the outcome of the vote will not be binding upon the Board of Directors. However, the Compensation Committee and the Board of Directors will seriously consider the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors believes the Company’s compensation structure is effective in aligning the compensation of the executive officers with the Company’s short-term and long-term goals, and that such compensation and incentives are designed to attract, retain and motivate the executive officers who are directly responsible for the Company’s continued success.

Shareholders are encouraged to carefully review the information provided in this proxy statement regarding the compensation of the Company’s named executive officers in the section captioned “Compensation Discussion and Analysis” of this proxy statement.

The non-binding advisory resolution regarding the compensation of the named executive officers described in this proposal shall be approved if the votes cast in favor of the resolution exceed the votes cast against the resolution. Abstentions will not be counted as either votes cast for or against the resolution. If no voting specification is made on a properly returned or voted proxy card, the proxies will vote FOR the compensation of the named executive officers.

The Board of Directors recommends that the shareholders vote “FOR”

the adoption of the advisory resolution set forth above.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction and Overview

This Compensation Discussion and Analysis provides information regarding the compensation awarded to, earned by, or paid to the named executive officers serving as of June 30, 2016 whose compensation is detailed in this proxy statement. These named executive officers are the president and chief executive officer, chief financial officer and senior loan officer. The Board of Directors has delegated to the Compensation Committee responsibility for the oversight and administration of compensation for the Company. The committee reviews and recommends company benefit and incentive plans and reviews the individual performance of the chief executive officer and executive management.

Compensation Philosophy and Objectives

The objective of the Company's compensation program is to fairly compensate the executive officers in light of their individual performances and their contributions to the performance of the Company, thereby aligning executives' incentives with shareholder value creation. The compensation philosophy is designed to reward effort and achievement by the officers and provide them with compensation targeted at market competitive levels. The Company's compensation program includes the following core components: base salary, cash incentive compensation, equity-based awards, and long-term compensation. The Compensation Committee manages all components on an integrated basis to achieve the following objectives: to attract and retain highly qualified management, to provide shorter-term incentive compensation that varies directly with the Company's financial performance and to focus management on both annual and long-term goals. The Company believes that, by setting and adjusting these elements, it has the flexibility to offer appropriate incentives to its executive officers.

From time to time, the Compensation Committee utilizes outside consultants to provide analysis regarding our executive compensation program. Typically we do this once every three years. Most recently, during the 2014 fiscal year, the Compensation Committee engaged Blanchard Consulting Group in order to review executive officers compensation and to make recommendations regarding the structure of their compensation packages. Per the Compensation Committee's instructions, Blanchard performed a market assessment and made recommendations on base salary, incentive pay and benefits for each named executive officer as compared to peer banks. Based on that analysis, the direct compensation for the executive officers as a group was initially set within 15% of the market median. During the past two years, incremental adjustments have been made for a variety of reasons, including individual and corporate performance, executive retention and to reflect cost of living adjustments.

Although the Compensation Committee makes independent determinations on all matters related to compensation of executive officers, certain members of management are requested to attend committee meetings and provide input to the Compensation Committee. Input may be sought from the chief executive officer, Human Resources, Finance and others as needed to ensure the Compensation Committee has the information and perspective it needs to carry out its duties. In particular, the Compensation Committee will seek input from the chief executive officer on matters relating to strategic objectives, company performance goals and input on his assessment of the other executive officers. The Compensation Committee delegates some responsibilities to management to assist in development of design considerations of the annual incentive compensation program for the Committee's consideration. The Compensation Committee does not delegate the determination of compensation of the named executive officers to management.

Components of Compensation

Base Salary

Base salary is a major factor in attracting and retaining key personnel and therefore is the primary component of our executive officer's compensation. In setting an officer's base salary, the Company considers parameters set by its size and complexity and the salaries offered by peers. The Compensation Committee has adopted the philosophy to target executive compensation to the midpoint of its peer group that was developed for the compensation analysis, as defined above. The Company's performance as measured by its results compared to previous years is also considered in determining the overall adjustments to executive officers salaries. Specific salaries are adjusted to reflect the contributions of the executive officer to the Company's operations and the accomplishment of its long-term goals.

Based on a review of the company's strategic direction, individual career path objectives and succession planning in conjunction with the broad databases and other publicly available information, the Company believes that its executive compensation practices are in line with its compensation philosophy and objectives described above.

Long-term Compensation

Long-term compensation includes a qualified retirement plan in the form of a 401(k) Plan, a non-qualified Salary Continuation Program and the 2010 Omnibus Incentive Plan. The Company provides safe harbor contributions under the 401(k) Plan, matching up to 100% of the first 4.0% contributed by the employee. The amount contributed on behalf of the executive officers is determined in accordance with the provisions of the plan applicable to all employees. The Salary Continuation Plan is designed to retain executive and senior management personnel. Entrance to the Salary Continuation Plan is limited and is subject to meeting performance criteria established by the Compensation Committee and approved by the Board of Directors. Under the 2010 Omnibus Incentive Plan, Restricted Stock awards have been made to all directors, executive officers and vice presidents based on the results for the 2012 and 2013 fiscal years and are expected to be made for the 2017 fiscal year if certain specified net income performance targets as established by the Compensation Committee are achieved for the 2017 fiscal year. There were no awards in the 2015 and 2016 fiscal years and the awards scheduled to vest in September 2016 were forfeited since the net income performance target for the 2016 fiscal year was not achieved. The value of Restricted Stock granted to each participant for the 2017 fiscal year will approximate 9.0% of each executive officer's base salary and will vest based on a graduated vesting schedule. These long-term incentive compensation plans are designed to promote a vested interest in the long-term strategic performance goals of the Company and discourage turnover among its executive officers and other employees.

The following table sets forth the cash compensation and certain other compensation paid or earned by the Company's principal executive officer, principal financial officer, and one other of the most highly compensated executive officer serving at the end of the 2016 fiscal year. The individuals listed in this table are sometimes referred to in this Proxy Statement as the "named executive officers."

DEFINED CONTRIBUTION PLAN

Under the Consumers National Bank 401(k) Savings and Retirement Plan & Trust (401(k) Plan) as in effect during the fiscal year ended June 30, 2016, the Consumers National Bank's Board of Directors have the discretion and authority to determine the amount to be contributed to the 401(k) Plan. The 401(k) Plan is administered by Consumers National Bank. Each participant in the 401(k) Plan has credited to their account a maximum of 4.0% of their annual salary, provided they have voluntarily contributed the same amount. The 401(k) Plan states that each participant shall be fully vested in the 401(k) Plan immediately upon contribution. Benefits under the 401(k) Plan cannot be estimated for the participants because the benefits are based upon future earnings of Consumers National Bank and future compensation and contributions of the participants. An eligible participant is one who has completed six months of service and has attained the age of 21. At the time of retirement, attainment of age 59 ½, death, disability or other termination of employment, a participant is eligible to receive a distribution of all vested amounts credited to their account in either a single lump sum payment or a series of substantially equal installment payments over a period not longer than the joint life expectancy of the participant and beneficiary. The trustees of the 401(k) Plan are Ralph J. Lober and Laurie L. McClellan.

SALARY CONTINUATION PROGRAM

In September 1995, the Board of Directors of Consumers National Bank adopted a salary continuation program (Plan) to encourage the long-term retention of Consumers National Bank executives and avoid the cost of executive turnover. Pursuant to the Plan, salary continuation agreements were entered into between Consumers National Bank and certain executives. The participants in the Plan are determined by the Board of Directors. In 2008, all of the agreements were amended to comply with Internal Revenue Code Section 409A. On February 11, 2011, Mr. Lober, President and Chief Executive Officer, entered into an amended and restated salary continuation agreement that replaced a separate change of control agreement and a prior salary continuation agreement. On December 30, 2015, Mrs. Wood, Chief Financial Officer, entered into an amended and restated salary continuation agreement that replaced a previous agreement. The agreements with Mr. Lober and Mrs. Wood incorporate covenants against competition, solicitation or disclosure of confidential information that were previously contained in separate agreements. The agreements entered into with Mr. Lober, Mrs. Wood and the amended agreements entered into in 2008 are collectively referred to as the "Amended Agreements."

The Amended Agreements provide such executives (and, in the event of the executive's death, surviving beneficiary) with 180 months of salary continuation payments equal to a certain percentage of an executive's average compensation, as defined within each agreement, using three full calendar years prior to Normal Retirement Age. For purposes of these Amended Agreements, "Normal Retirement Age" means the executive's 65th birthday. Vesting under the Amended Agreements commences at age 50 and is prorated until age 65. If any of the executives die during active service, the executive's beneficiary is entitled to the Normal Retirement Benefit. The executive can become fully vested in the Accrual Balance upon termination of employment following a disability. Following a change in control of Consumers National Bank, Mr. Lober can become fully vested and eligible to receive a payment equal to the greater of (1) two times Mr. Lober's base salary in effect immediately preceding termination of employment or (2) the amount accrued by the Company as of the month preceding termination of employment. Following a change in control of Consumers National Bank, Mrs. Wood can become fully vested and eligible to receive a payment equal to the greater of (1) one times Mrs. Wood's base salary in effect immediately preceding termination of employment or (2) the amount accrued by the Company as of the month preceding termination of employment. All the remaining executives participating in the Plan can become fully vested in the Accrual Balance upon termination of employment following a change in control of Consumers National Bank. For purposes of these Amended Agreements, "Accrual Balance" means the liability that should be accrued by the Company for the Company's obligation to the executive under the Amended Agreements. For purposes of calculating the Accrual Balance, the discount rate in effect at June 30, 2016 was 4.5%.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company is not party to any change in control agreements with its current named executive officers. Under the Salary Continuation Program, Mr. Lober would have received a payment of \$452,252 and Mrs. Wood would have received \$147,923 as of June 30, 2016 if a change of control and a termination of their employment had occurred. No participant will receive a benefit payment under the Salary Continuation Program if they are terminated for cause.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, certain of its officers and persons who own more than 10% of its registered equities to file reports with the Securities and Exchange Commission indicating their holdings of, and transactions in, the Company's equity securities. Based solely on a review of the copies of such reports it received, and written representations from reporting persons, the Company believes that during the fiscal year ended June 30, 2016, its reporting persons complied with all Section 16(a) filing requirements.

CERTAIN TRANSACTIONS AND RELATIONSHIPS AND LEGAL PROCEEDINGS

Directors and executive officers of Consumers Bancorp and Consumers National Bank and their associates were customers of, or had transactions with, Consumers Bancorp or Consumers National Bank in the ordinary course of business during the fiscal year ended June 30, 2016. Transactions with these persons are expected to continue to take place in the future. In the ordinary course of business, loans are made to officers and directors on substantially the same terms as those prevailing at the same time for comparable transactions with unrelated third parties. Such loans do not, and will not, involve more than the normal risk of collectability or present other unfavorable features.

Mr. Goris, a director, is an Agent of the Goris-Meadows Insurance Agency of Alliance. The Goris-Meadows Insurance Agency is a subsidiary of A.A. Hammersmith Insurance Inc. and, in the ordinary course of business, the Company has retained the services of A.A. Hammersmith Insurance Inc. for insurance needs and may continue to retain their services in the future. The non-interested directors have reviewed the transactions and have determined that Mr. Goris' interest in the transactions is not material. The amount paid to A.A. Hammersmith Insurance Inc. was \$104,803 in fiscal year 2016; however the vast majority of that amount was premiums that were forwarded to other insurance companies.

Consumers National Bank is party to an operating lease agreement for the Malvern Branch location with Furey Holdings, LLC. Mr. Furey is the managing member of Furey Holdings, LLC. The lease commenced on December 23, 2005, with an original term of ten years. After the initial term of the lease, the lease renews annually unless the Lessee gives notice of termination as outlined within the lease agreement. Lease payments for the fiscal year ended June 30, 2016 totaled \$36,007 and the aggregate amount of lease payments for the 2017 fiscal year to the end of the renewal term of the lease are estimated to be \$18,004. This leasing arrangement and the terms of the lease were unanimously approved by directors without an interest in the transaction.

Mr. Kiko, a director, is associated with Kiko Auctioneers and Kiko Realty. In the ordinary course of business, the Company has retained the services of Kiko Auctioneers and Kiko Realty to liquidate property and may continue to retain their services in the future. Also, Mr. Kishman, a director, is associated with Kishman's IGA and GasNGo in which the Company purchases goods and services from in the ordinary course of business. The value of the services received from Kiko Auctioneers, Kiko Realty and Kishman's IGA was less than \$120,000 in fiscal year 2016.

There are no family relationships among directors and executive officers that require disclosure.

Each officer and director is expected to bring any relationship or transaction with the Company in which he or she has a direct or indirect interest to the attention of the Board of Directors. The non-interested directors review the transaction and consider, among other things, whether the transaction impacts the independence of any independent Board member, whether the related party's interest in the transaction is material and whether the terms of the transaction are comparable to those that could be negotiated with an unrelated third party.
