## **ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

This report contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Skkynet's actual results could differ materially from those set forth on the forward looking statements as a result of the risks set forth in Skkynet's filings with the Securities and Exchange Commission, general economic conditions, and changes in the assumptions used in making such forward looking statements.

### **OVERVIEW**

The Company operates its business through its wholly-owned subsidiary Cogent Real-Time Systems, Inc. (Cogent). The Company has taken the existing business lines of Cogent and integrated these with Cloud based systems.

The Company provides software and related systems and facilities to collect process and distribute real-time information over a network. This capability allows the customers to both locally and remotely manage, supervise and control industrial processes and financial information systems. By using this software and where requested by a client, our web based assets, this gives clients and their customers (to the extent relevant) the ability and the tools to observe and interact with these processes and services in real-time as they are underway and to give them the power to analyze, alter, stop or otherwise influence these activities to conform to their plans.

### **RESULTS OF OPERATIONS**

For the three month periods ending January 31, 2015, revenues were \$231,864 compared to \$287,049 for the same period in 2014. Revenue decrease for the three month period ending January 31, 2015 over the three month period ended January 31, 2014 are the result of higher deferred revenue in 2015 over 2014 plus slower sales to customers during the respective periods. The Company has concentrated on launching the cloud services which in the long term should result in dramatic increased sales.

General and administrative expense increased to \$762,389 for the three months ended January 31, 2015 from \$383,362 for the same period in 2014. The increase in general and administrative expenses for the three months ended January 31, 2015 included options expensed of \$125,826, compared to \$139,424 in 2014, increased consulting, the opening of a new office plus added marketing expenses in the business growth.

For the three month periods ending January 31, 2015 the Company posted an operating loss of \$538,825 compared to an operation loss of \$96,835 for the same periods in 2014. The increase in operating loss is attributable to increased expenses in consulting, salaries and office opening expenses plus the stock compensation of \$37,250, amortization of intangibles of \$5,190 and option expenses of \$125,826.

Other income and expenses for the three month periods ending January 31, 2015 included interest expense of \$2,012 compared to other expense of \$3,088 for the same periods in 2014. The result was other income of \$2,012 in 2015 compared to other expense of \$3,088 for the same period in 2014.

A net loss of \$540,837 was recorded for the three months period ending January 31, 2015 compared to a net loss of \$99,923 for the same periods in 2014. The loss can be attributed to added employee costs and increased marketing activity in 2015 compared to 2014.

## LIQUIDITY AND CAPITAL RESOURCES

At January 31, 2015, Skkynet had current assets of \$867,187 and current liabilities of \$586,676, resulting in working capital of \$280,511 and a current ratio of 1.47:1. Accumulated deficit as of January 31, 2015 was \$2,213,650 with total shareholders' equity of \$355,365.

Net cash used in operations for the three months ending January 31, 2015 was \$294,617 compared to net cash used of \$173,872 for the same period in 2014. Net cash used in operations increased primarily due to an increase in the net loss of \$540,837, an increase in related party accrued expense of \$47,818. These were offset by stock based compensation of \$37,250, stock option based compensation of \$125,826 and accounts payable and accrued expenses of \$2,971 increase in accounts receivable of \$20,865 and deferred revenue of \$12,454.

Cash used in investing activities in the three months period ended January 31, 2015 and 2014 were \$1,118 and zero. The investing activity in 2015 included the acquisition of Nic Corporation for \$110,000 in cash, offset by cash received of \$108,882, plus stock of \$74,500.

Net cash provided in financing activities during the three months ended January 31, 2015 was \$100,000 compared to net cash provided of \$301,221 for the same period in 2014. The difference was due to the sale of common stock of \$337,125 offset by the reduction of notes payable to related parties of \$35,904 in 2014 compared to the sale of common stock for cash of \$100,000 in the same period in 2015.

## OFF-BALANCE SHEET ARRANGEMENTS

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

## **ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, Skkynet is not required to provide information required under this Item.

**ITEM 4: CONTROLS AND PROCEDURES**

This report includes the certifications of our Chief Executive Officer and Chief Financial Officer required by Rule 13a-14 under the Securities Exchange Act of 1934 (the "Exchange Act"). See Exhibits 31.1 and 31.2. This Item 4 includes information concerning the controls and control evaluations referred to in those certifications.

### **Evaluation of Disclosure Controls and Procedures**

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to management, including the Principal Executive Officer and the Principal Financial Officer, to allow timely decisions regarding required disclosures.

In connection with the preparation of this report, our management, under the supervision and with participation of our Principal Executive Officer and Principal Financial Officer (the “Certifying Officers”) conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of January 31, 2015. Based on that evaluation, our management concluded that there is a material weakness in our disclosure controls and procedures over financial reporting. The material weakness results from a lack of written procedures which effectively documents the proper procedures and descriptions of the duties of all persons involved in the disclosure controls of the Company. The Company hopes to implement plans to document the procedures and internal controls of the Company. A material weakness is a deficiency, or a combination of control deficiencies, in disclosure control over financial reporting such that there is a reasonable possibility that a material misstatement of the Company’s annual or interim financial statements will not be prevented or detected on a timely basis. This does not include an evaluation by the Company’s registered public accounting firm regarding the Company’s internal control over financial reporting.

### **Changes in Internal Control over Financial Reporting**

There have been no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our most recent quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Our management believes that the Unaudited Financial Statements included herein present, in all material respects, the Company’s financial condition, results of operations and cash flows for the periods presented.

**PART II – OTHER INFORMATION**

**ITEM 1: LEGAL PROCEEDINGS.**

From time to time, we may become involved in various lawsuits and legal proceedings, which arise, in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business. We are currently not aware of any such legal proceedings or claims that we believe will have a material adverse effect on our business, financial condition or operating results.

**ITEM 1A: RISK FACTORS**

There have been no material changes to Skkynet’s risk factors as previously disclosed in our most recent 10-K filing for the year ending October 31, 2014.

**ITEM 2: SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.**
