Item 8.01 Other Events

Dividend

On September 9, 2013, the Company announced that its Board of Directors declared a quarterly cash dividend of \$0.10 per share of common stock, payable on September 30, 2013 to all shareholders of record as of the close of business on September 19, 2013. This quarterly dividend is intended to partially satisfy the requirement that a REIT must distribute at least 90% of its annual REIT taxable income to its stockholders. This distribution primarily reflects earnings from the deployment of the Company's \$100 million initial capital contribution and the proceeds from its repurchase facility. A copy of the press release announcing the dividend is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Residential Mortgage Loan Acquisitions

In August 2013, the Company agreed in principle to acquire a portfolio of residential mortgage loans, substantially all of which were non-performing, consisting of an aggregate of 2,966 mortgage loans with approximately \$922 million of unpaid principal balance ("UPB") and approximately \$790 million in aggregate market value of underlying properties for an aggregate purchase price of approximately \$537 million. The loans were originated by various entities related and unrelated to the seller. The Company is actively conducting secondary due diligence on this portfolio. Subject to satisfactory due diligence results and final agreement on terms, the Company currently anticipates completing this acquisition in two separate closings in the third and fourth quarters of 2013. There can be no assurance that the Company will be able to reach a definitive agreement with the seller regarding the acquisition of this portfolio in whole or in part on a timely basis or at all.

In June 2013, the Company agreed to acquire for the Department of Housing and Urban Development ("HUD") and SerVertis

REO LLC ("SerVertis") two separate portfolios of residential mortgage loans, substantially all of which were non-performing, consisting of an aggregate of 2,698 mortgage loans with approximately \$470 million of UPB and approximately \$370 million in aggregate market value of underlying properties for an aggregate purchase price of approximately \$253 million. The loans were originated by various entities related and unrelated to the respective sellers. In August 2013, the Company consummated the acquisition of 1,854 of these mortgage loans with approximately \$322 million of UPB and approximately \$252 million in aggregate market value of underlying properties, which included all of the SerVertis loans and a majority of the HUD loans. The HUD-sponsored sale requires two separate settlements for the transaction, and the Company currently expects to consummate the acquisition of the remainder of the HUD portfolio in September 2013. There can be no assurance that the Company will acquire the remainder of the HUD portfolio in whole or in part on a timely basis or at all.
