Item 8.01 Other Events

Diebold Nixdorf, Incorporated (the “Company”) entered into a Managed Services Agreement (the “Agreement”) with TD Bank Group (“TD”), one of the largest financial institutions in North America, in the first quarter of 2017. Pursuant to the Agreement, the Company will provide support to TD’s multivendor network of more than 5,000 automated teller machines (“ATMs”) in North America. The renewal of the Agreement, originally entered into in 2012, represents the Company’s growing services business.

The Company’s managed services portfolio offering provides 24/7 monitoring services designed to prevent and quickly respond to any incidents, as well as detailed diagnostic and availability reporting showing near real-time ATM network status updates. Additionally, the Company’s technology has transformed and continues to support TD’s complete ATM network into a fully integrated system managed by a single service provider, enabling proactive monitoring, enhanced data security and remote repairs. To optimize the network, the Company will continue to provide its availability management service, which uses real-time terminal data and analytics to provide optimal network uptime, while allowing financial institutions to leverage their ATM network as a strategic channel by increasing efficiency and offering an enhanced customer experience.
