ANNUAL MEETING OF SHAREHOLDERS
May 1, 2012

PROXY STATEMENT

INTRODUCTION

The enclosed Proxy is solicited on behalf of the Board of Directors of the Company for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the enclosed Proxy will be mailed on or about March 22, 2012, to shareholders of record of the Company's Common Stock and Class B Common Stock as of the close of business on March 2, 2012.

At the Annual Meeting, holders of the Company's Common Stock, \$3.00 par value per share ("Common Stock"), and Class B Common Stock, \$3.00 par value per share ("Class B Common Stock"), will be asked to: (i) set the number of directors at nine and elect nine individuals to the Board of Directors for a term of one year each, (ii) approve the material terms of the performance goals for awards under the Company's 2012-2017 Incentive compensation Plan; (iii) ratify the appointment of Ernst & Young LLP to serve as independent registered public accountants of the Company for 2012, and (iv) transact any other business that may properly come before the meeting.

The Board of Directors recommends that the Company's shareholders vote (i) FOR electing the nine (9) nominees for director; (ii) FOR approving the material terms of performance goals for awards under the Company's 2012-2017 Incentive compensation Plan; and (iii) FOR ratifying the appointment of Ernst & Young LLP to serve as independent registered public accountants of the Company for 2012.

RECORD DATE, VOTE REQUIRED AND RELATED MATTERS

The Board has fixed the close of business on March 2, 2012, as the Record Date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. In accordance with the Company's Charter, each outstanding share of Common Stock is entitled to one vote, and each outstanding share of Class B Common Stock is entitled to 20 votes, exercisable in person or by properly executed Proxy, on each matter brought before the Annual Meeting. Cumulative voting is not permitted. As of March 2, 2012, 12,032,541 shares of Common Stock, representing 12,032,541 votes, were held of record by approximately 1,750 shareholders (including an estimated 1,250 shareholders whose shares are held in nominee names, but excluding 802 participants in the Company's 401(k) Plan who may direct the voting of shares allocated to their accounts), and 872,644 shares of Class B Common Stock, representing 17,452,880 votes, were held by 14 individual shareholders, together representing an aggregate of 29,485,421 votes.

Shares represented at the Annual Meeting by properly executed Proxy will be voted in accordance with the

instructions indicated therein unless such Proxy has previously been revoked. If no instructions are indicated, such shares will be voted (i) FOR electing the nine (9) nominees for director; (ii) FOR approving the terms of the performance goals for awards under the Company's 2012-2017 Incentive Compensation Plan; and (iii) FOR ratifying the appointment of Ernst & Young LLP to serve as independent registered public accountants of the Company for 2012.

Any Proxy given pursuant to this solicitation may be revoked at any time by the shareholder giving it by (i) delivering to the Secretary of the Company a written notice of revocation bearing a later date than the Proxy, (ii) submitting a later-dated, properly executed Proxy, or (iii) revoking the Proxy and voting in person at the Annual Meeting. Attendance at the Annual Meeting will not, in and of itself, constitute a revocation of a Proxy. Any written notice revoking a Proxy should be sent to The Dixie Group, Inc., P.O. Box 25107, Chattanooga, Tennessee 37422-5107, Attention: Starr T. Klein, Secretary.

The persons designated as proxies were selected by the Board of Directors and are Daniel K. Frierson, J. Don Brock and John W. Murrey, III. The cost of solicitation of Proxies will be borne by the Company.

The presence, in person or by Proxy, of the holders of a majority of the aggregate outstanding vote of Common Stock and Class B Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. In accordance with Tennessee law, Directors are elected by the affirmative vote of a plurality of the votes cast that are represented in person or by Proxy at the Annual Meeting.

Approval of the material terms of the performance goals of the Company's 2012-2017 Incentive Compensation Plan requires the affirmative vote of a majority of the votes present in person or by proxy at the Annual Meeting.

Ratification of the appointment of Ernst & Young LLP to serve as independent registered public accountants of the Company for 2012 will be approved if the votes properly cast favoring ratification exceed the votes cast opposing ratification.

Shares covered by abstentions and broker non-votes, while counted for purposes of determining the presence of a quorum at the Annual Meeting, are not considered to be affirmative votes. Abstentions and broker non-votes will have no effect upon the election of a nominee for director, so long as such nominee receives any affirmative votes. For purposes of ratification of the appointment of Ernst & Young LLP, as independent registered public accountants, abstentions and broker non-votes will not be considered negative votes. Abstentions and broker non-votes will, however, have the effect of negative votes in determining whether a majority of the total votes cast has been obtained for approval of the material terms of the performance goals for awards under the Company's 2012-2017 Incentive Compensation Plan.

A copy of the Company's Annual Report for the year-ended December 31, 2011, is enclosed herewith.

The Board is not aware of any other matter to be brought before the Annual Meeting for a vote of shareholders. If, however, other matters are properly presented, Proxies representing shares of Common Stock and Class B Common Stock will be voted in accordance with the best judgment of the proxy holders.

He is well known and respected throughout the industry. Mr. Paul Frierson has served with the Company in various management and executive positions his entire adult life, and has a long and relevant history of Board service with the Company, having served as a Director of the Company since 1988. Mr. Hubbard has highly relevant industry experience with businesses that are fiber producers and fiber suppliers, and that have served as fiber suppliers to the Company. Mr. Hubbard's experience in the management of Honeywell Nylon and BASF Corporation, as outlined above, has given him valuable experience in management, relevant to his duties as a Director of the Company. Ms. Murray has a long history of executive management experience at TPC Printing and Packaging, a provider to the specialty packaging business as well as experience with environmental controls and footprint through Greener Planet. Mr. Kline has a long history of management and board level experience with the world's largest bottler and distributor of Coca Cola Products. Additionally, he has an extensive background in business, corporate and securities law. Mr. Kline has served as a Director of the Company for several years, as reflected above, and serves on the Company's Audit, Compensation and Executive Committees. Mr. Murrey has extensive experience in corporate, securities and business law, has experience drawn from board and committee service with several publicly-traded Companies, other than the Company; prior to his retirement in 2001, he represented the Company as counsel.

The Board of Directors recommends that the Company's shareholders vote FOR electing the nine (9) nominees for director.

Meetings of the Board of Directors

The Board of Directors of the Company met seven (7) times in 2011.

Committees, Attendance, and Directors' Fees

The Company has a standing Executive Committee, Audit Committee, Retirement Plans Committee, and Compensation Committee. As described in detail below, pursuant to provisions in its charter, the Company's Compensation Committee, which consists entirely of independent directors, also performs the functions of a corporate governance committee and a nominating committee. Copies of the Charter of the Company's Audit Committee and Compensation Committee may be found on the Company's website at www.thedixiegroup.com/investor/investor.html.

Members of the Executive Committee are Daniel K. Frierson, Chairman, J. Don Brock and Lowry F. Kline. Except as otherwise limited by law or by resolution of the Board of Directors, the Executive Committee has and may exercise all of the powers and authority of the Board of Directors for the management of the business and affairs of the Company, which power the Executive Committee exercises between the meetings of the full Board of Directors. The Executive Committee did not meet in 2011.

Members of the Audit Committee are John W. Murrey, III, Chairman, J. Don Brock, Walter W. Hubbard, and Lowry F. Kline. All of the members of the Audit Committee are "independent directors" as that term is defined by the applicable rule of the National Association of Securities Dealers, Inc. ("NASD"). The Audit Committee evaluates audit performance, handles relations with the Company's independent auditors, and evaluates policies and procedures relating to internal accounting functions and controls. The Audit Committee has the authority to engage the independent accountants for the Company. The Audit Committee operates pursuant to an Audit Committee Charter adopted by the Board of Directors. The Audit Committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services performed by the independent auditors. Under these procedures, the Audit Committee approves the type of services to be provided and the estimated fees related to those services.

The Audit Committee met four (4) times in 2011.

Members of the Retirement Plans Committee are Daniel K. Frierson, Chairman, and Paul K. Frierson. The Retirement Plans Committee administers the Company's retirement plans. The Retirement Plans Committee met three (3) times in 2011.

Members of the Compensation Committee are Lowry F. Kline, Chairman, Walter W. Hubbard, and John W. Murrey, III. The Compensation Committee administers the Company's compensation plans, reviews and may establish the compensation of the Company's officers, and makes recommendations to the Board of Directors concerning such compensation and related matters. The Compensation Committee acts pursuant to a written Charter adopted by the Board of Directors.

The Compensation Committee may request recommendations from the Company's management concerning the types and levels of compensation to be paid to the Company's executive officers. Additionally, the Compensation Committee is authorized to engage compensation consultants and may review and consider information and recommendations of compensation consultants otherwise engaged by the Company or the Board of Directors in connection with the assessment, review and structuring of compensation plans and compensation levels. For a description of the Compensation Committee actions with respect to Compensation of Executive Officers in 2011, see Compensation Discussion and Analysis - Compensation for 2011.

Annually, the Compensation Committee reviews the performance of the Chief Executive Officer against goals and objectives established by the Committee as part of the process of determining his compensation. The Compensation Committee reports to the Board on its performance review.

In addition to its responsibilities with respect to executive and director compensation, the Compensation Committee discharges responsibilities with respect to corporate governance. In that capacity, the Compensation Committee develops and, recommends for board approval, corporate governance guidelines.

The Compensation Committee's Charter also includes the duties of a nominating committee. Only nominees approved by a majority of the Compensation Committee are recommended to the full Board. In selecting and approving director nominees, the independent directors that make up the Committee consider, among other factors, the existing composition of the Board and the mix of Board members appropriate for the perceived needs of the Company. The Compensation Committee believes continuity in leadership and board tenure increase the Board's ability to exercise meaningful board oversight. Because qualified incumbent directors provide stockholders the benefit of continuity of leadership and seasoned judgment gained through experience as a director of the Company, the Compensation Committee will generally give priority as potential candidates to those incumbent directors interested in standing for re-election who have satisfied director performance expectations, including regular attendance at, preparation for and meaningful participation in Board and committee meetings.

The Compensation Committee also considers the following in selecting the proposed nominee slate:

- at all times, at least a majority of directors must be "independent" in the opinion of the Board as determined in accordance with NASDAQ standards;

- at all times at least three members of the Board must satisfy heightened standards of independence for Audit Committee members; and

-

at all times the Board should have at least one member who satisfies the criteria to be designated by the Board as an “audit committee financial expert.”

The Committee did not specifically consider or address diversity as a separate topic in considering its selection of the current slate of director nominees. The Board did consider the considerable value of the incumbents' familiarity with the Company and its business as well as the considerations outlined above under the heading Considerations with Respect to Nominees.

The Compensation Committee met four (4) times in 2011.

Nominations for Director - Stockholder Recommendations

Generally, the Board will consider stockholder recommendations of proposed director nominees if such recommendations are timely received. To be timely for next year's annual meeting, recommendations must be received in writing at the principal executive offices of the Company no later than November 22, 2012. In addition, any stockholder director nominee recommendation must include the following information:

- the proposed nominee's name and qualifications and the reason for such recommendation;
- the name and record address of the stockholder(s) proposing such nominee;
- the number of shares of stock of the Company which are beneficially owned by such stockholder(s);
and

a description of any financial or other relationship between the stockholder(s) and such nominee or between the nominee and the Company or any of its subsidiaries.

In order to be considered by the Board, any candidate proposed by one or more stockholders will be required to submit appropriate biographical and other information equivalent to that required of all other director candidates.

Board Leadership Structure

Mr. Daniel K. Frierson currently serves as the Chairman of the Board and the Chief Executive Officer of the Company. The positions of Chief Executive Officer and Chairman of the Board are combined. Executive sessions of the Board are chaired by the chairman of the Compensation Committee, Lowry Kline, who, as noted above, has extensive management and Board experience independent of his experience with the Company. Mr. Kline and the independent directors set their own agenda for meetings in executive sessions and may consider any topic relevant to the Company and its business. The Company believes that regular, periodic, meetings held in executive session, in the absence of management members or management directors, provide the Board an adequate opportunity to review and address issues affecting management or the Company that require an independent perspective. Additionally, the Company's Audit Committee holds separate executive sessions with the Company's independent registered public accounts, internal auditor and management. This Committee also sets its own agenda and may consider any relevant topic in its executive sessions.

Board's Role in Risk Oversight

The Board receives an annual, in depth review of risks that may potentially affect the Company, as identified and presented by management, including all such risks reflected in the Company's periodic filings. Additionally, the Board receives regular, quarterly updates on all such elements of risk. The Board may, and from time to time has, requested supplemental information and disclosure about any other specific area of interest and concern relevant to risks it believes are faced by the Company and its business.

Director Attendance

During 2011, no director attended fewer than 75% of the total number of meetings of the Board of Directors and any Committee of the Board of Directors on which he served. All directors are invited and encouraged to attend the annual meeting of shareholders. In general, all directors attend the annual meeting of shareholders unless they are unable to do so due to unavoidable commitments or intervening events. All six (6) of the incumbent directors attended the 2011 annual meeting of shareholders.

Director Compensation

Directors who are employees of the Company do not receive any additional compensation for their services as members of the Board of Directors. Non-employee directors receive an annual retainer of \$24,000, payable one-half in cash and one-half in value of Performance Units under the Directors Stock Plan. Performance Units are redeemable upon a director's retirement for an equivalent number of shares of the Company's Common Stock, and the number of units issued is determined generally by the market value of the Company's Common Stock on the date of grant of the units. In addition to the annual retainer, directors who are not employees of the Company receive \$1,500 for each Board meeting attended and \$1,000 for each committee meeting attended (\$1,500 for the Committee Chairman). Fees for attending telephonic meetings are one-half those for in-person meetings, such that each non-employee director receives \$750 per telephonic board meeting and \$500 per committee meeting (\$750 for the Chairman of the Committee). For an additional discussion of Director Compensation, see the tabular information below under the

heading, "Director Compensation."

Independent Directors

The Board has determined that Charles E. Brock, Dr. J. Don Brock, Walter W. Hubbard, Lowry F. Kline, Hilda S. Murray and John W. Murrey, III are independent within the meaning of the standards for independence set forth in the Company's corporate governance guidelines, which are consistent with the applicable Securities and Exchange Commission ("SEC") rules and NASDAQ standards.

Executive Sessions of the Independent Directors

The Company's independent directors meet in executive session at each regularly scheduled quarterly meeting of the Board, with the chair of the Compensation Committee serving as chair of such executive sessions.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, and regulations of the SEC thereunder, require the Company's executive officers and directors and persons who beneficially own more than 10% of the Company's Common Stock, as well as certain affiliates of such persons, to file initial reports of such ownership and monthly transaction reports covering any changes in such ownership with the SEC and the National Association of Securities Dealers. Executive officers, directors and persons owning

more than 10% of the Company's Common Stock are required by SEC regulations to furnish the Company with all such reports they file. Based on its review of the copies of such reports received by it, the Company believes that, during fiscal year 2011, all filing requirements applicable to its executive officers, directors, and owners of more than 10% of the Company's Common Stock were complied with, with the exception of one filing on behalf of Lowry Kline, which was inadvertently filed one day after the required filing date.

Management Succession

Periodically, the Board reviews a succession plan, developed by management, addressing the policies and principles for selecting successors to the Company's executive officers, including the Company's CEO. The succession plan includes an assessment of the experience, performance and skills believed to be desirable for possible successors to the Company's executive officers.

Certain Transactions Between the Company and Directors and Officers

The Company's Compensation Committee has adopted written policies and procedures concerning the review, approval or ratification of all transactions required to be disclosed under the SEC's Regulation S-K, Rule 404. These policies and procedures cover all related party transactions required to be disclosed under the SEC's rules as well as all material conflict of interest transactions as defined by relevant state law and the rules and regulations of NASDAQ that are applicable to the Company, and require that all such transactions be identified by management and disclosed to the Company's Compensation Committee for review. If required and appropriate under the circumstances, the Compensation Committee will consider such transactions for approval or ratification. Full disclosure of the material terms of any such transaction must be made to the Compensation Committee, including:

- the parties to the transaction and their relationship to the Company, its directors and officers;
- the terms of the transaction, including all proposed periodic payments; and
- the direct or indirect interest of any related parties or any director, officer or associate in the transaction.

To be approved or ratified, the Compensation Committee must find any such transaction to be fair to the Company. Prior approval of such transactions must be obtained generally, if they are material to the Company. If such transactions are immaterial, such transactions may be ratified and prior approval is not required. Ordinary employment transactions may be ratified.

Certain Related Party Transactions

During its fiscal year ended December 31, 2011, the Company purchased a portion of its requirements for polyester fiber from Engineered Floors, an entity controlled by Robert E. Shaw, a shareholder of the Company. Mr. Shaw has reported holding approximately 11% of the Company's Common Stock, which as of year-end represented approximately 4.75% of the total vote of all classes of the Company's Common Stock. Engineered Floors is one of several suppliers of fiber to the Company, but is the principal supplier to the Company of polyester fiber. Total purchases from Engineered Floors for 2011 were approximately \$7 million; or approximately 8% of all the Company's comparable purchases in 2011. In accordance with the terms of its charter, the Compensation Committee reviewed the Company's supply relationship with Engineered Floors. The dollar value of Mr. Shaw's interest in the transactions with Engineered Floors is not known to the Company.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors is composed of four members, each of whom is an independent, non-employee director. The Audit Committee operates under a written Audit Committee Charter adopted and approved by the Board of Directors. The Charter is reviewed at least annually by the Committee. While the Committee has the responsibilities and powers set forth in its written charter, it is not the duty of the Committee to plan or conduct audits. This function is conducted by the Company's management and its independent registered public accountants.

The Committee has reviewed and discussed with management the audited financial statements of the Company for the year ended December 31, 2011 (the "Audited Financial Statements"). In addition, the Committee has discussed with Ernst & Young LLP the matters required by Statement on Auditing Standards No. 61, "Communications with Audit Committees" (SAS 61), as amended and as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T.

The Committee also has received the written report, disclosure and the letter from Ernst & Young LLP required by PCAOB Rule 3526, "Communication with Audit Committees Concerning Independence", and the Committee has reviewed, evaluated, and discussed with that firm the written report and its independence from the Company. The Committee also has discussed with management of the Company and Ernst & Young LLP such other matters and received such assurances from them as the Committee deemed appropriate.

Based on the foregoing review and discussions and relying thereon, the Committee has recommended to the Company's Board of Directors the inclusion of the Company's Audited Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, to be filed with the Securities and Exchange Commission.

For a brief list of Mr. Murrey's relevant experience, please refer to Mr. Murrey's biographical information as set forth in the Election of Directors section of this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee sets compensation for the Company's executive officers, and its decisions are reported to and reviewed by the Board of Directors. The Compensation Committee currently consists of three independent directors chosen annually by the Board.

Compensation of the Company's executive officers is intended to be competitive with compensation offered by other companies generally similar to the Company in size and lines of business. In determining what types and levels of compensation to offer, the Committee may review relevant, publicly available data and, from time to time, it may receive advice and information from professional compensation consultants. The Committee reviewed compensation information provided by Equilar, Inc. when reviewing Executive Officer salary and incentive ranges during 2011.

The Elements of Executive Officer Compensation

Compensation for each of the Company's executive officers consists generally of base salary, retirement plan benefits and other customary employment benefits, as well as potential cash incentive awards and stock plan awards pursuant to an annual incentive plan reviewed and adopted by the Committee at the beginning of each year. The annual incentive plan is customarily structured so that a significant portion of each executive's potential, annual compensation may consist of equity awards, the value of which is tied to increases in the value of the Company's common stock. Effective January 31, 2011, the Compensation committee established the performance goals and the range of possible incentives for the Company's 2011 Incentive Compensation Plan (the "2011 Plan"). The goals and range of incentives were set in accordance with the plan and performance goals approved by the Company's shareholders at the annual meeting in 2006. Pursuant to the 2011 Plan, each executive officer had the opportunity to earn a Cash Incentive Award, a Primary Long-Term Incentive Award of restricted stock, and an award of restricted stock denominated as "Career Shares." The potential range of cash incentives and conditions to vesting of the restricted stock awards are described below.

For 2011, each executive officer also received customary retirement plan benefits and other customary employment benefits, as in prior years.

Salary Changes for 2011. Salaries were restored for all Company associates, including officers, to the 2009 levels for those whose salaries were reduced in that year.

Potential Incentive Awards. For the CEO and all executive officers whose responsibilities are primarily related to corporate level administration, the Cash Incentive Award consisted of the opportunity to earn a cash payment ranging from 15% to 75% of such executive's base salary. For executive officers in this category, 40% of the amount of the potential award is based on achievement of specified levels of annual earnings before interest and taxes (EBIT) for the Company's residential business operations, as adjusted for unusual items, 40% of the amount is based on achievement of specified levels of the Company's annual consolidated EBIT, as adjusted for unusual items, and 20% of the amount is based on achievement of specified levels of the Company's contract operations, as adjusted for unusual items. The Compensation Committee retained the discretion to reduce the amount of any award by up to 30% of the amount otherwise earned based on the participant's failure to achieve individual performance goals set by the Compensation Committee.

For executive officers whose responsibilities are primarily related to one of the Company's business units, the Cash Incentive Award consisted of the opportunity to earn a cash payment ranging from 15% to 75% of such participant's base salary. For executive officers in this category, 50% of the amount is based on achievement of specified levels of their annual business unit EBIT, as adjusted for unusual items, 25% is based on the achievement of specified levels of the Company's consolidated EBIT, as adjusted for unusual items, and 25% is based on achievement of specified levels of the annual EBIT of the Company's other business units, as adjusted for unusual items. The Compensation Committee retained the discretion to reduce any award by up to 30% of the amount otherwise earned based on the participant's failure to achieve individual performance goals set by the committee.

The Company describes the cash incentive awards paid in 2012 for performance in 2011 to those persons named in the Summary Compensation table more fully below in the 2012 Awards section of this report and in the footnotes to the accompanying tables.

Primary Long-Term Incentive Share Awards and Career Shares. In accordance with the past practice, the incentive plan developed for 2011 provided for two possible awards of restricted stock: Primary Long-Term Incentive Share Awards and Career Share Awards. Receipt of the Primary Long-Term Incentive Share Awards was made contingent on the Company's achievement of minimum adjusted EBIT levels for the year. Career Share Awards were made contingent on achievement of increased adjusted EBIT levels over 2010. Awards were granted in 2012 for 2011, as described more fully below and in the footnotes to the accompanying tables.

The Primary Long-Term Incentive Share Award was designed as a possible award of restricted shares to each executive officer, in value equal to 35% of the executive's base salary as of the beginning of 2011 plus any cash incentive award paid for such

year. Career Shares were designed as a possible award of restricted stock valued at 20% of each executive officer's base salary as of the beginning of the year. In accordance with past practice, any such award, if earned, would be granted in 2012.

When the Committee adopted the incentive plan for 2011, it determined that any award granted under the plan consisting of the Company's Common Stock or Class B Common Stock would be granted subject to a minimum value per share of \$5.00. This minimum value limit was applied to the Career Share Awards granted in 2012 with respect to 2011.

The Career Share Awards granted in 2012 with respect to 2011 vest when the participant becomes (i) qualified to retire from the Company and (ii) has retained such shares for 24 months following the grant date. Awards granted to a participant who is age 60 or is already age 60 or older, vest ratably over the stated vesting or retention period of such awards. Additionally, Career Share Awards are subject to accelerated vesting or forfeiture under certain conditions as follows: Death, disability or a change in control will result in immediate vesting of Career Share Awards; termination without cause will also result in immediate vesting of Career Share Awards; voluntary termination of employment prior to retirement, or termination for cause will result in forfeiture of all unvested awards; upon retirement, vesting will accelerate to the extent that the Company has recognized compensation expense related to the shares subject to the awards.

2012 Awards. As stated above, Cash Incentive Awards were made contingent on meeting specific financial targets as well as achieving individual performance goals. Cash Awards were made to the following named executive officers in 2012 for 2011: Mr. Daniel K. Frierson - \$109,072, Mr. D. Kennedy Frierson - \$50,641, and Mr. Paul B. Comiskey - \$47,038.

The grant of the Primary Long-Term Incentive Share Awards was made contingent on the Company's achieving specific adjusted EBIT performance targets. The Primary Long-Term Incentive Share Awards were granted in 2012 with respect to 2011 for the following named executive officers: Mr. Daniel K. Frierson - 46,835 shares, Mr. D. Kennedy Frierson - 21,744 shares, and Mr. Paul B. Comiskey - 20,793 shares.

The Career Share Awards for 2011 were contingent on the Company's EBIT improving over 2010 levels. Such awards were granted in 2012 with respect to 2011 for the following named executive officers: Mr. Daniel K. Frierson - 22,400 shares, Mr. D. Kennedy Frierson - 10,400 shares, and Mr. Paul B. Comiskey - 10,000 shares.

For all share awards, the number of such shares was determined by application of the \$5.00 per share minimum value described above.

Retirement Plans and Other Benefits. The Company's compensation for its executive officers also includes the opportunity to participate in two retirement plans, one qualified and one non-qualified for federal tax purposes, and certain health insurance, life insurance, relocation allowances, and other benefits. Such benefits are designed to be similar to the benefits available to other exempt, salaried associates of the Company, and to be comparable to and competitive with benefits offered by businesses with which the Company competes for executive talent.

Executive officers may elect to contribute a limited amount of their compensation to the qualified plan and make deferrals into the non-qualified plan (up to 90% of total compensation). Although the plans permit the Company to make discretionary contributions in an aggregate amount equal to up to 3% of the executive officer's cash compensation, for 2011 no Company contribution was made to either plan.

Compensation Considerations for 2011. The tax effect of possible forms of compensation on the Company and on the executive officers is a factor considered in determining types of compensation to be awarded. Similarly, the accounting treatment accorded various types of compensation may be an important factor used to determine the form of compensation. For 2011, the Committee considered the tax effects of the possible grant of cash incentives and equity incentive awards that may not qualify as "incentive compensation" under Section 162m of the Internal Revenue Code and concluded that no executive would have compensation that exceeded the applicable threshold.

2012-2017 Incentive Compensation Plan. In February 2012, the Compensation Committee approved the 2012-2017 Incentive Compensation Plan, pursuant to which incentive compensation awards may be made to key executives (including the executive officers named in the accompanying compensation tables) of the Company based on results achieved by the Company. The material terms of the performance goals of the plan are described below, and submitted for approval by the Company's Shareholders at this year's annual meeting, as PROPOSAL NUMBER

TWO. If approved, awards granted under the Plan may be treated as performance-based compensation under relevant Internal Revenue Code regulations and may allow the Company to take a federal income tax deduction for the related compensation expense.

The plan is administered by the Compensation Committee which determines the type, range of potential awards and performance criteria for determining awards.

Both cash incentive awards and stock based incentive awards may be made under the plan. Performance goals for awards to be made under the 2012-2017 plan may include one or more of the following criteria determined annually in the discretion of the Committee: minimum annual levels of profitability, corporate and/or business unit operating income before unusual items, operating

income, total shareholder return, return on capital; return on equity, pre-tax earnings, after-tax earnings, earnings growth, EBIT, EBITDA, operating profit, earnings per share and return on investment or working capital, or any one or more of which criteria may be measured with respect to the Company or any one or more of its subsidiaries or business units.

For purposes of the plan, EBIT and EBITDA are defined as Operating Income and Operating Income less depreciation and amortization, determined in accordance with GAAP, and adjusted for any unusual or one-time items identified by the Compensation Committee.

Termination Benefits. The Company's restricted stock awards provide for acceleration of vesting of awards under certain circumstances upon termination of the participant's employment.

Upon retirement of the Participant, all Long-Term Incentive Plan and Career Share restricted stock awards vest to the extent such awards have been expensed in the Company's financial statements. As of year-end, Daniel K. Frierson and Paul B. Comiskey were the only Named Executive Officers eligible for retirement in accordance with the terms of the restricted stock awards. If Mr. Frierson had retired at year end, the number of shares subject to such awards that would have vested and the value of such shares would have been 19,297 shares and \$26,339. If Mr. Comiskey had retired at year end, the number of shares subject to such awards that would have vested and the value of such shares would have been 8,615 shares and \$25,328. For purposes of valuing the foregoing awards, the Company used the year-end market value of the Company's Common Stock, which was \$2.94/share. Vesting of the restricted stock award made in 2006 to Mr. Frierson of 119,873 shares of Class B Common Stock and 5,127 shares of Common Stock is contingent, in all events other than a change-in-control, on meeting the market condition of the award prior to June 6, 2014.

No termination benefit was paid to or accrued for any executive officer named in the accompanying tables in the fiscal year ended December 31, 2011.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis, set forth above, with management.

Based on our review and the discussions we held with management, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Materials.

Respectfully submitted,

Lowry F. Kline, Chairman

John W. Murrey, III

PROPOSAL TWO APPROVE MATERIAL TERMS OF PERFORMANCE GOALS FOR THE 2012-2017 INCENTIVE COMPENSATION PLAN

To the extent consistent with its other compensation goals, the Company seeks to preserve the ability to claim tax deductions for compensation paid to its executives. Section 162(m) of the Code sets limits on federal income tax deductions for compensation paid in a taxable year to "Covered Employees" - defined for these purposes as any individual who, on the last day of the relevant taxable year, was (i) the Company's chief executive officer or (ii) among the most highly compensated executive officers whose compensation is reported in the Summary Compensation Table. "Qualified Performance-based Compensation," as defined by the code, is not subject to the deduction limit, if certain conditions are met. One of the conditions is shareholder approval of the material terms of the performance goals under which such compensation is paid. Stock based or stock denominated awards are permitted under the Company's 2006 Stock Awards Plan, which was approved by shareholders at the 2006 annual meeting. The material terms of performance goals under the Company's 2007-2011 Incentive Compensation Plan were also approved by shareholders at that meeting.

The Compensation Committee will select annually from the range of performance criteria outlined below when establishing each year's version of the incentive plan.

The Company is seeking shareholder approval of the material terms of the Performance Goals applicable to the Company's 2012-2017 Incentive Compensation Plan so that incentive compensation paid under that plan may be treated as Qualified Performance-based Compensation.

The Company's incentive compensation plans are administered by the Compensation Committee, which determined the type, range of potential award payments that may be earned and the performance criteria for determining the amount earned by each executive. On February 16, 2012, the Compensation Committee approved the material terms applicable to the 2012-2017 Incentive Compensation Plan.

Material Terms of the Performance Goals

Under the plan both cash incentive awards and stock-based incentive awards may be granted. The material terms of the plan applicable to any such awards are: (i) the class or category of employees eligible to receive such awards; (ii) the performance criteria on which the plan's performance goals may be based; and (iii) the maximum payout of an award that may be provided to any eligible employee under the plan during any specified period.

Eligible Employees

All Covered Employees under Section 162(m) of the Code and any additional key executives annually chosen by the Compensation Committee are eligible to receive awards under the plan. This group currently consists of approximately 8 individuals.

Performance Criteria

The performance goals related to awards that may be paid to participants under the plan include one or possibly more of the following measures in the discretion of the Compensation Committee: minimum annual levels of profitability; corporate and/or business unit operating income before unusual items, operating income, earnings before interest and taxes (EBIT) or earnings before interest, taxes, and depreciation and amortization as adjusted (EBITDA) (with the categories of such adjustments established by the Committee at the beginning of each year), total shareholder return, return on capital, return on equity, pre-tax earnings, earnings growth, revenue growth, operating profit, earnings per share, and return on investment or working capital, any one or more of which may be measured with respect to the company, or any one or more of its subsidiaries, or business units and either in absolute terms or as compared to another company or companies. Maximum payouts for each category of award, based on achievement of such performance goals, are described below.

Cash Incentive Awards

A Cash Incentive Award component may be established for each participant in an amount expressed as a percentage of such participant's base salary as of the beginning of the applicable year. Such percentage or a range of percentages may be set annually by the Compensation Committee.

The maximum total amount of Cash Incentive Awards that may be paid to any one participant in any year would be \$650,000 and the maximum amount of awards that could be paid to all participants in any year who are Covered Employees would be \$1,850,000.

Share Based Awards

The Compensation Committee may elect annually to establish awards of restricted stock, stock options, stock appreciation rights, performance units, or other such types of awards as are permitted under the Company's 2006 Stock Awards Plan, to each participant, the value of which will be equal to a percentage of the sum of such participant's base salary at the beginning of the applicable year plus any cash incentive award paid for such year. The Committee shall determine such percentage annually. All such awards may be made contingent upon attainment of one or more of the other performance goals listed above and as set annually by the committee.

The maximum value of stock based awards that could be issued to any participant in any one year would be \$650,000 and the maximum value of stock based awards that could be issued in any year to all participants who are covered employees under Code Section 162(m) would be \$1,850,000.

Any award under the 2012-2017 Incentive Compensation Plan may be reduced, but not increased, by the Compensation Committee in its sole discretion based on criteria set by the Compensation Committee, relative to such participant's individual performance.

Certain United States Federal Income Tax Consequences

The following is a brief summary of the principal potential United States federal income tax consequences of awards of restricted stock under the 2012-2017 Incentive Compensation Plan, based on current United States federal income tax laws. This summary is not intended to be exhaustive, does not constitute tax advice and, among other things, does not describe state, local or foreign tax consequences, which may be substantially different.

Restricted Stock. A participant generally will not be taxed at the time a restricted stock award is granted, but will recognize taxable income when the award vests or otherwise is no longer subject to a substantial risk of forfeiture. The amount of taxable income recognized will equal the fair market value of the shares subject to the award (or the portion of the award that is then vesting) at that time. Participants may elect to be taxed based on the fair market value of the shares at the time of grant by making an election under Section 83(b) of the Code within 30 days of the award date. If a restricted stock award with respect to which a participant has made such an election under Section 83(b) is subsequently canceled, no deduction or tax refund will be allowed for the amount previously recognized as income. Unless a participant makes a Section 83(b) election, dividends paid to a participant on shares of an unvested restricted stock award will be taxable to the participant as ordinary income. If the participant made a Section 83(b) election, the dividends will be taxable to the participant as dividend income, which generally is subject to the same rate as capital gains income.

Subject to limitations imposed by Code Section 162(m) (described above), the Company will ordinarily be entitled to a deduction at the same time and in the same amount as the ordinary income recognized by the participant with respect to an award of restricted stock. Unless a participant has made a Section 83(b) election, the Company will also be entitled to a deduction, for federal income tax purposes, for dividends paid on unvested restricted stock awards.

General

The Compensation Committee has the authority to review and certify the achievement of the Performance Goals and to administer and interpret the Incentive Compensation Plan.

The type and range of potential awards that may be earned, and the performance criteria for determining the amount which may be earned by each executive have been set by the Compensation Committee for 2012. The maximum total amount of Cash Incentive Awards that may be paid to any one participant for 2012 results is \$425,000 and the maximum amount of awards that could be paid to all participants for 2012 results who are Covered Employees is \$1,425,000. The maximum value of stock based awards that could be issued to any participant for results in 2012 is \$460,000 and the maximum value of stock based awards that could be issued for 2012 results to all participants who

are Covered Employees is \$1,585,000. If all performance criteria are met, the maximum awards that may be made in 2013 for 2012 are as follows: Daniel K. Frierson \$420,000; D. Kennedy Frierson \$195,000; and Paul Comiskey \$187,500.

It is not otherwise possible to determine what awards would be payable under the Plan for services to be rendered in the years 2012 - 2017.

PROPOSAL THREE
