Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

Effective July 27, 2016, the Board of Directors (“Board”) of Noble Energy, Inc. (the “Company”) amended and restated the Company’s By-Laws (“By-Laws”) to make certain changes to the proxy access provision in Article III, Section 2 of the By-Laws. The revisions to the Company’s proxy access provision include the following:

- the minimum percentage of the Company’s outstanding common stock that must be owned by an eligible stockholder or group of stockholders was reduced from 5% to 3%;
- the limit on the number of stockholders who may aggregate their stock ownership for purposes of satisfying the 3% ownership requirement was increased from 20 to 25;
- certain funds holding Company common stock that are under common management and/or investment control will be counted as a single stockholder for aggregation purposes;
- the maximum number of Board candidates that can be nominated by means of proxy access and included in the Company’s proxy materials was increased from 20% to 25% of the Board;
- eligible stockholder(s) may always nominate at least one Board candidate by means of proxy access; and
- Board candidates nominated by eligible stockholder(s) who do not receive at least 15% of the votes cast will be ineligible for nomination at the next two annual stockholder meetings, reflecting a reduction from the previous requirement of 25% of votes cast.

The revised proxy access provision will be available to stockholders in connection with the Company’s 2017 annual meeting of stockholders.

The foregoing description of the amendments to the By-Laws is qualified in its entirety by reference to the full text of the By-Laws, a copy of which is filed as Exhibit 3.1 to this Current Report on Form 8-K and incorporated herein by reference.
