Cautionary Statements

This filing, the press release and the Company’s statements herein and in the attached press release contain “forward-looking” statements as defined in the Private Securities Litigation Reform Act of 1995. These statements are based on management's current expectations or predictions of future conditions, events or results based on various assumptions and management's estimates of trends and economic factors in the markets in which we are active, as well as our business plans. Words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates,” “projects,” “forecasts,” “may,” “should,” variations of such words and similar expressions are intended to identify such forward-looking statements. The forward-looking statements are subject to risks and uncertainties, which may cause results to differ materially from those set forth in the statements. Forward-looking statements in this filing and in the attached press release should be evaluated together with the many uncertainties that affect the business of the Company and its markets, particularly those discussed in the risk factors and cautionary statements contained in the Company's annual report filed with the SEC on March 16, 2018, as well as subsequent filings, including risks relating to our ability to realize the anticipated benefits of an authorized generic of Tekturna and the potential for other generic competition for Tekturna; and potential price erosion for Tekturna, whether due to competing products or governmental price pressures. All forward-looking statements are expressly qualified in their entirety by such factors. The forward-looking statements are representative only as of the date they are made, and the Company assumes no responsibility to update any forward-looking statements, whether as a result of new information, future events or otherwise.
