However, shareholders of record on September 23, 2004 will be entitled to vote at the Annual General Meeting. A shareholder entitled to attend and vote at the Annual General Meeting is entitled to appoint a proxy to attend and vote on his or her behalf. A proxy need not also be a shareholder. Our net tangible assets and the consolidated net tangible assets of us and our subsidiaries will be reduced by the dollar value of the ordinary shares purchased or acquired. The purchase or acquisition of 10% of our issued ordinary shares as at the date of the Annual General Meeting will not have any material impact on our consolidated earnings for the current financial year.

The entire cost of soliciting proxies will be borne by us. Following the original mailing of the proxies and other soliciting materials, we and/or our agents may also solicit proxies by mail, telephone, telegraph or in person. Following the original mailing of the proxies and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our ordinary shares forward copies of the proxy and other soliciting materials to persons for whom they hold ordinary shares and request authority for the exercise of proxies. In these cases, we will reimburse the record holders for their reasonable expenses if they ask us to do so. We have retained Georgeson Shareholder Services, an independent proxy solicitation firm, to assist in soliciting proxies at an estimated fee of \$10,000.00 plus reimbursement of reasonable expenses.

VOTING RIGHTS AND SOLICITATION OF PROXIES

The close of business on August 5, 2004 was the record date for shareholders entitled to notice of the Annual General Meeting. As of that date, we had 556,111,183 ordinary shares, \$0.01 par value per share, issued and outstanding. All of the ordinary shares issued and outstanding on September 23, 2004 are entitled to vote at the Annual General Meeting, and shareholders of record on September 23, 2004 entitled to vote at the meeting will on a poll have one vote for each ordinary share so held on the matters to be voted upon.

Ordinary shares represented by proxies in the accompanying form which are properly executed and returned to us will be voted at the Annual General Meeting in accordance with the shareholders' instructions contained therein. Representation of at least 33 1/3% of all issued and outstanding ordinary shares is required to constitute a quorum. The affirmative vote by a show of hands of a majority of the shareholders present and voting at the Annual General Meeting, or if a poll is demanded by the chair or by any 10% or greater shareholder in accordance with our Articles of Association, a simple majority of the shares voting at the Annual General Meeting, is required to re-elect and re-appoint the Directors nominated pursuant to Proposals No. 1 and 2, to approve Proposal No. 3, and to approve the ordinary resolutions in Proposals No. 8 through 12. The affirmative vote of a majority of all issued and outstanding ordinary shares voting in person or by proxy at the Annual General Meeting is required to approve Proposals No. 4, 5, 6 and 7.

If a shareholder abstains from voting, including brokers holding their customers' shares of record who cause abstentions to be recorded, these shares are considered present and entitled to vote at the Annual General Meeting. These shares will count toward determining whether or not a quorum is present. However, these shares will not be counted in the tabulation of the votes cast on proposals presented to shareholders. If a shareholder does not give a proxy to its broker with instructions as to how to vote the shares, the broker has authority under New York Stock Exchange rules to vote those shares for or against certain routine matters, such as all of the proposals to be voted on at the Annual General Meeting. If a broker votes shares that are unvoted by its clients for or against a proposal, these shares are considered present and entitled to vote at the Annual General Meeting. These shares will count toward determining whether or not a quorum is present. However, these shares will not be counted in the tabulation of the votes cast on proposals presented to shareholders.

In the absence of contrary instructions, shares represented by proxies will be voted FOR the Board of Directors nominees in Proposals No. 1 and 2 and FOR Proposals No. 3 through 12. Management does not know of any matters to be presented at this Annual General Meeting other than those set forth in this proxy statement and in the Notice accompanying this proxy statement. If other matters should properly come before the meeting, the proxy holders will vote on such matters in accordance with their best judgment. Any shareholder of record

PROPOSALS NO. 1 AND 2:

RE-ELECTION AND RE-APPOINTMENT

Under Article 95 of our Articles of Association, at each Annual General Meeting, at least one-third of the Directors, or, if their number is not a multiple of three, then the number nearest to but not less than one-third of the Directors, are required to retire from office. The Directors required to retire in each year are those who have been in office longest since their last re-election or appointment. As between persons who became or were last re-elected Directors on the same day, those required to retire are (unless they otherwise agree among themselves) determined by lot. Retiring Directors are eligible for re-election. Mr. Marks and Mr. Moritz are the members of the Board of Directors who will retire by rotation in the manner stated above. They are both eligible for re-election and have been nominated to stand for re-election at the 2004 Annual General Meeting.

Under Section 153(2) of the Companies Act, Cap. 50, the office of a director of a public company or of a subsidiary of a public company becomes vacant at the conclusion of the Annual General Meeting commencing next after such director attains the age of 70 years. In the event any nominee is unable or declines to serve as a Director at the time of the Annual General Meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors, in accordance with Article 100 of our Articles of Association, to fill the vacancy. In the event that additional persons are nominated for election as Directors, in accordance with Article 100 of our Articles of Association, the proxy holders intend to vote all proxies received by them for the nominees listed below. Shareholders can recommend to our nominating and corporate governance committee qualified candidates for our Board by submitting recommendations to our corporate secretary at Flextronics International Ltd., 2090 Fortune Drive, San Jose, California 95131. Submissions that are received and meet the criteria outlined below will be forwarded to the nominating and corporate governance committee for review and consideration. Shareholder recommendations for our 2005 Annual Shareholder Meeting should be made at least three months prior to September 23, 2005 to ensure adequate time for meaningful consideration by the nominating and corporate governance committee.

The goal of the nominating and corporate governance committee is to ensure that our Board possesses a variety of perspectives and skills derived from high-quality business and professional experience. The nominating and corporate governance committee seeks to achieve a balance of knowledge, experience and capability on our Board, while maintaining a sense of collegiality and cooperation that is conducive to a productive working relationship within the Board and between the Board and management. To this end, the nominating and corporate governance committee seeks nominees with the highest professional and personal ethics and values, an understanding of our business and industry, diversity of business experience and expertise, a high level of education, broad-based business acumen, and the ability to think strategically. Although the nominating and corporate governance committee uses these and other criteria to evaluate potential nominees, we have no stated minimum criteria for nominees. The nominating and corporate governance committee does not use different standards to evaluate nominees depending on whether they are proposed by our directors and management or by our shareholders. To date, we have not paid a third party to assist us in finding nominees for our Board.

Finance Committee. The Finance Committee is currently composed of Mr. Marks and Mr. Moritz. The Finance Committee reviews and approves various financial matters that are not reserved for approval by our Board. The Finance Committee held 23 meetings in fiscal year 2004.

Code of Business Conduct and Ethics. We have adopted a Code of Business Conduct and Ethics that applies to all employees and directors. The code is available on our website at <http://www.flextronics.com/Investors/CorporateGovernance.asp>. Any amendment to or waiver of a provision of the code that applies to our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions and relates to elements of the code specified in the rules of the Securities and Exchange Commission will be posted on our website.

Shareholder Communications with Our Board

Our shareholders may communicate with our Board by submitting an email to Board@flextronics.com. All emails received will be sent to the chairman of the board and the chief financial officer and/or vice president of finance. The vice president of finance will review all of the email correspondence and provide regular summaries to our Board. Our Board has adopted a policy that encourages each director to attend the Annual General Meeting of Shareholders, but attendance is not required.

Table of Contents**Director Compensation**

Each individual who first becomes a non-employee Board member is granted a stock option to purchase 25,000 ordinary shares, pursuant to the automatic option grant provisions of our 2001 Equity Incentive Plan. After this initial grant, pursuant to the terms of the automatic option grant provisions of the 2001 Plan, on the date of each Annual General Meeting, each individual who is at that time serving as a non-employee director receives a stock option to purchase 12,500 ordinary shares. Pursuant to this program, in fiscal 2004, Mr. Foley, Mr. Goh, Mr. Moritz and Mr. Sharp each received a stock option to purchase 12,500 ordinary shares in fiscal year 2004. Also, under the terms of the discretionary option grant provisions of the 2001 Plan, non-employee directors are eligible to receive stock options granted at the discretion of the board. Pursuant to this program, in fiscal 2004, Mr. Foley, Mr. Goh, Mr. Moritz and Mr. Sharp each received stock options to purchase 10,000 ordinary shares in fiscal year 2004. The maximum number of ordinary shares that may be received by each non-employee director under this program is 100,000 ordinary shares per year.

Each non-employee director receives annual cash compensation of \$37,200 for services rendered as a director. In addition, each director receives \$700 for each quarterly meeting of the Board of Directors that he attends as well as reimbursement of reasonable out-of-pocket expenses incurred in connection with meetings of the Board of Directors. We are currently seeking approval by our shareholders to increase non-employee director compensation annually by \$10,000 for services rendered on one or more committees of the Board. No director who is our employee receives compensation for services rendered as a director.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee of our Board of Directors during fiscal year 2004 were Mr. Sharp and Mr. Moritz. None of our executive officers serve on our Compensation Committee. No interlocking relationships exist between our Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company.

PROPOSAL NO. 3:**APPOINTMENT OF INDEPENDENT AUDITORS AND****AUTHORIZATION OF BOARD TO FIX THEIR REMUNERATION**

The Board of Directors intends to engage Deloitte & Touche LLP as independent auditors to audit our accounts and records for the fiscal year ending March 31, 2005, and to perform other appropriate services. We expect that a representative from Deloitte & Touche LLP will be present at the 2004 Annual General Meeting. Such representative will have the opportunity to make a statement if he or she so desires and is expected to be available to respond to appropriate questions.

Principal Accountant Fees and Services

Set forth below are the fees paid for the services of Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates in fiscal 2004 and fiscal 2003 (in millions).

	Fiscal 2004	Fiscal 2003
Audit Fees	\$4.5	\$3.8
Audit-Related Fees	1.0	0.1
Tax Fees	2.0	1.7
All Other Fees		
Total:	\$7.5	\$5.6

Edgar Filing: FLEXTRONICS INTERNATIONAL LTD - Form DEF 14A

Audit Fees consist of fees billed for professional services rendered by our independent auditors for the audit of our annual financial statements included in our report on Form 10-K, the review of our quarterly financial statements included in our reports on Form 10-Q, the issuance of consents related to the preparation of registration statements, and other services that generally only the independent auditors reasonably can provide in connection with statutory and regulatory filings.

Audit-Related Fees consist of fees billed for assurance and related services by our auditors that are reasonably related to the performance of the audit or review of our financial statements and not included in

Table of Contents

Audit Fees. In fiscal year 2004, these fees related primarily to accounting consultation services and readiness services related to Section 404 of the Sarbanes-Oxley Act of 2002.

Tax Fees consist of fees billed for professional services rendered by our independent auditors for tax compliance, tax advise, tax consultation and tax planning services.

All Other Fees consist of billed for professional services rendered by our independent auditors for permissible no-audit services, if any. We did not incur fees under this category during fiscal 2004 and fiscal 2003.

Audit Committee Pre-Approval Policy

The audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services. The independent auditors and management are required to periodically report to the audit committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The audit committee may also pre-approve particular services on a case-by-case basis.

The audit committee has determined that the provision of no-audit services under appropriate circumstances may be compatible with maintaining the independence of Deloitte & Touche LLP, and that all such services provided by Deloitte & Touche LLP to us in the past were compatible with maintaining such independence. The audit committee is sensitive to the concern that some non-audit services, and related fees, could impair independence and the committee believes it important that independence be maintained. However, the committee also recognizes that in some areas, services that are identified by the relevant regulations as tax fees or other fees are sufficiently related to the audit work performed by Deloitte & Touche LLP that it would be highly inefficient and unnecessarily expensive to use a separate firm to perform those non-audit services. The audit committee intends to evaluate each such circumstance on its own merits, and to approve the performance of non-audit services where it believes efficiency can be obtained without meaningfully compromising independence.

**The Board recommends a vote FOR the
appointment of Deloitte & Touche LLP as independent
auditors for fiscal year 2005 and authorization for the Board to fix their remuneration.**

PROPOSAL NO. 4:

**ORDINARY RESOLUTION TO APPROVE THE INCREASE
IN THE NUMBER OF ORDINARY SHARES AUTHORIZED
FOR ISSUANCE UNDER THE 1997 EMPLOYEE SHARE PURCHASE PLAN**

Our shareholders are being asked to approve an amendment to our 1997 Employee Share Purchase Plan, which was adopted by the Board of Directors and approved by the shareholders in 1997, and which we refer to as the Share Purchase Plan, to increase the number of our ordinary shares authorized for issuance under the Share Purchase Plan by 1,000,000 ordinary shares, from 4,400,000 ordinary shares to 5,400,000 ordinary shares.

As of June 30, 2004, there were 707,225 ordinary shares available for issuance under the Share Purchase Plan and if this Proposal No. 4 is approved, 1,707,225 ordinary shares will be available for issuance under the Share Purchase Plan. The Board believes the share increase is necessary for us to continue to have a sufficient reserve of ordinary shares available under the Share Purchase Plan to attract and retain the services of key employees and other qualified personnel essential to our long-term success and to effectively compete for qualified personnel in our markets.

Share Purchase Plan History

Our Board adopted the Share Purchase Plan in September 1997 and our shareholders approved the adoption in October 1997. We have made it our practice to reserve enough shares to satisfy what we believe will be two years of purchases under the Share Purchase Plan and to see

annual approval from our shareholders of enough

Table of Contents

shares to maintain that level. Our shareholders approved increases to the number of shares reserved for issuance under the Share Purchase Plan in August 1999, September 2000, August 2002 and September 2003. The purpose of the Share Purchase Plan is to provide our employees and employees of our subsidiaries and parent (when designated by our Board as eligible to participate in the Share Purchase Plan) with a convenient means to acquire an equity interest in us through payroll deductions and to provide an incentive for continued employment. We intend that the Share Purchase Plan will qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended.

Ordinary Shares Subject to the Share Purchase Plan

The ordinary shares subject to issuance under the Share Purchase Plan consist of our authorized but unissued ordinary shares. With approval of this amendment, a total of 5,400,000 ordinary shares will have been reserved for issuance by our Board under the Share Purchase Plan. This number of ordinary shares is subject to proportional adjustment to reflect stock splits, bonus issuances and other similar events (if any) in the future.

Administration

The Share Purchase Plan will be administered by the Board of Directors or a committee of at least two members of the Board, which we refer to in this section as the Committee. The interpretation or construction by the Committee of any provisions of the Share Purchase Plan will be final and binding on all employees.

Eligibility

All of our employees and those of any of our subsidiaries and parent (when designated by our Board) are eligible to participate in an Offering Period, as defined below, under the Share Purchase Plan, except (a) employees who are not employed by us or, as the case may be, by a subsidiary or parent, one month from the beginning of such Offering Period; (b) employees who are customarily employed for 20 hours or less per week; (c) employees who are customarily employed for five months or less in a calendar year; (d) employees who own shares or hold options to purchase shares or who, as a result of participation in the Share Purchase Plan, would own shares or hold options to purchase shares, possessing 5% or more of the total combined voting power or value of all classes of our shares or any of our subsidiaries and parent; and (e) individuals who provide services to us as independent contractors who are reclassified as common law employees for any purpose other than federal income and employment tax purposes.

As of June 30, 2004, approximately 8,100 persons were eligible to participate in the Share Purchase Plan and 3,692,775 shares had been issued pursuant to the Share Purchase Plan.

Employees participate in the Share Purchase Plan through payroll deductions. An employee sets the rate of such payroll deductions, which may not be less than 2% nor more than 10% of the employee's compensation, including base salary, commissions, bonuses and shift premiums before any deductions from the employee's salary pursuant to Sections 125 or 401(k) of the Internal Revenue Code. No employee is permitted to purchase shares under the Share Purchase Plan at a rate which, when aggregated with such employee's rights to purchase stock under all of our similar purchase plans, exceeds \$25,000 in fair market value determined as of the Offering Date for each calendar year. We do not maintain any other similar purchase plan, nor do any of our subsidiaries.

Transferability

In general, rights under the Share Purchase Plan may not be transferred in any manner other than by will or by the laws of descent and distribution.

Offering Periods

Each offering of ordinary shares under the Share Purchase Plan is for a period of six months, which we refer to as an Offering Period. Offering Periods commence on December 1 and June 1 of each year and end on May 31 and November 30 of the next calendar year, respectively. Each Offering Period consists of one six-month Purchase Period during which payroll deductions of the employees are accumulated under the Share Purchase Plan. The Board of Directors has the power to set the beginning of any Offering Period and to change the date or the duration of Offering Periods or Purchase Periods without shareholder approval, including adopting 24-month Offering Periods consisting of four six-month Purchase Periods, if such change is announced

Table of Contents

at least 15 days before the scheduled beginning of the first Offering Period to be affected. The first day of each Offering Period is the Offering Date for such Offering Period and the last business day of each Purchase Period is the Purchase Date for such Purchase Period.

Employees will participate in the Share Purchase Plan during each Offering Period through regular payroll deductions as described above. Employees may elect to participate in any Offering Period by enrolling as provided under the terms of the Share Purchase Plan. Once enrolled, an employee will automatically participate in each succeeding Offering Period unless the employee withdraws from the Offering Period or the Share Purchase Plan is terminated. After the rate of payroll deductions for an Offering Period has been set by an employee, that rate will continue to be effective for the remainder of the Offering Period (and for all subsequent Offering Periods in which the employee is automatically enrolled) unless otherwise changed by the employee. The employee may increase or lower the rate of payroll deductions for any subsequent Offering Period, but may only lower the rate of payroll deductions for an ongoing Offering Period. No more than one change may be made during a single Offering Period.

Purchase Price

The purchase price of ordinary shares that may be acquired in any Purchase Period under the Share Purchase Plan is 85% of the lesser of: (a) the fair market value of the ordinary shares on the Offering Date; or (b) the fair market value of the ordinary shares on the Purchase Date. In no event may the purchase price be less than the par value of the ordinary shares. The fair market value of our ordinary shares is deemed to be the closing price of our ordinary shares on the NASDAQ National Market on the date of determination as reported in The Wall Street Journal. As of June 30, 2004, the closing price of our ordinary shares on the NASDAQ Stock Market was \$15.95 per share.

Purchase of Shares Under the Share Purchase Plan

The number of whole shares an employee may purchase in any Purchase Period will be determined by dividing the total payroll amount withheld from the employee during the Purchase Period pursuant to the Share Purchase Plan by the purchase price for each share determined as described above, rounded down to the nearest whole number. The purchase will take place automatically on the Purchase Date of such Purchase Period.

Withdrawal

An employee may withdraw from any Offering Period. Upon withdrawal, the accumulated payroll deductions will be returned to the withdrawn employee, without interest, provided that the withdrawal occurs at least 15 days before the related Purchase Date. If the withdrawal occurs less than 15 days before such Purchase Date, payroll deductions will continue for the remainder of that Purchase Period. No further payroll deductions for the purpose of shares will be made for the succeeding Offering Period unless the employee enrolls in the new Offering Period at least 15 days before the Offering Date.

Amendment and Termination of the Share Purchase Plan

The Board of Directors may at any time amend, terminate or extend the term of the Share Purchase Plan, except that any such termination cannot affect the terms of subscription rights previously granted under the Share Purchase Plan, nor may any amendment make any change to the terms of subscription rights previously granted which would adversely affect the right of any participant, nor may any amendment be made without shareholder approval if such amendment would:

increase the number of shares that may be issued under the Share Purchase Plan; or

change the designation of the employees, or class of employees, eligible for participation in the Share Purchase Plan.

Term of the Share Purchase Plan

The Share Purchase Plan will continue until the earlier to occur of: (a) termination of the Share Purchase Plan by the Board of Directors; (b) the issuance of all the ordinary shares reserved for issuance under the Share

U.S. Federal Income Tax Information

The following is a general summary as of the date of this proxy statement of the United States federal income tax consequences to us and those of our employees in the United States who participate in the share purchase plan. Federal tax laws may change and the federal, state and local tax consequences for any participating employee will depend upon his or her individual circumstances. Each participating employee has been and is encouraged to seek the advice of a qualified tax adviser regarding the tax consequences of participation in the share purchase plan. The following discussion does not purport to describe state or local income tax consequences in the United States, nor tax consequences for participants in other countries.

The Share Purchase Plan is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code.

Tax Treatment for Employees. Employees will not recognize income for federal income tax purposes either upon enrollment in the Share Purchase Plan or upon the purchase of shares. All tax consequences are deferred until an employee sells the shares, disposes of the shares by gift or dies. Payroll deductions, however, remain fully-taxable as ordinary income at the time the deduction is taken, and there is no deferral of the ordinary income assessed on these amounts.

If ordinary shares are held for more than one year after the date of purchase and more than two years from the beginning of the applicable Offering Period, or if the employee dies while owning the shares, the employee realizes ordinary income on a sale, or a disposition by way of gift or upon death, to the extent of the lesser of: (a) the excess of the fair market value of the shares at the beginning of the Offering Period over the option price; or (b) the actual gain, the amount by which the fair market value of the ordinary shares on the date of sale, gift or death exceeds the purchase price. All additional gain upon the sale of shares is treated as capital gain. If the shares are sold and the sale price is less than the purchase price, there is no ordinary income and the employee has a capital loss for the difference between the sale price and the purchase price.

If the ordinary shares are sold or are otherwise disposed of including by way of gift, but not death, bequest or inheritance (in any case, a disqualifying disposition), within either the one-year or the two-year holding periods described above, the employee realizes ordinary income at the time of sale or other disposition to the extent that the fair market value of the ordinary shares at the date of purchase is greater than the purchase price. This excess will constitute ordinary income, not currently subject to withholding, in the year of the sale or other disposition even if no gain is realized on the sale or if a gratuitous transfer is made. The difference, if any, between the proceeds of sale and the aggregate fair market value of the ordinary shares at the date of purchase is a capital gain or loss. Capital gains may be offset by capital losses, and up to \$3,000 of capital losses may be used annually against ordinary income.

Tax Treatment for Flextronics. We will be entitled to a deduction from our income that is taxed by the United States in connection with the disposition of shares acquired under the Share Purchase Plan only to the extent that the employee recognizes ordinary income on a disqualifying disposition of the shares. We will treat any transfer of record ownership of shares as a disposition, unless we are notified to the contrary. In order to enable us to learn of disqualifying dispositions and ascertain the amount of the deductions to which it is entitled, employees will be required to notify us in writing of the date and terms of any disposition of shares purchased under the Share Purchase Plan.

ERISA. The Share Purchase Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974 nor is it qualified under Section 401(a) of the Internal Revenue Code.

PROPOSALS NO. 5 AND 6:

**ORDINARY RESOLUTIONS TO APPROVE THE INCREASE IN THE NUMBER
OF ORDINARY SHARES AUTHORIZED FOR ISSUANCE UNDER THE
2001 EQUITY INCENTIVE PLAN AND TO AMEND AND RESTATE
THE 2001 EQUITY INCENTIVE PLAN TO ALLOW FOR THE ISSUANCE
OF STOCK BONUSES**

Our shareholders are being asked to approve amendments to our 2001 Equity Incentive Plan, which we refer to below as the 2001 Plan. The principal features of the 2001 Plan are summarized below. However, this summary is not a complete description of all of the provisions of the 2001 Plan, which is attached to this proxy statement as *Annex A*. The amendments to the 2001 Plan provide that:

- (a) The share reserve will increase by 20,000,000 ordinary shares to an aggregate of 27,000,000 ordinary shares from an aggregate of 7,000,000 ordinary shares; and
- (b) Approve the addition of contingent stock bonuses as a type of award under the 2001 Plan.

The Board believes these amendments are necessary for us to continue to attract and retain the services of well-qualified employees (including officers) and directors given the highly competitive global market for the talents of these individuals.

As of June 30, 2004, there were 2,941,196 ordinary shares available for issuance under the 2001 Plan and if Proposal No. 5 is approved, 22,941,196 ordinary shares will be available for issuance under the 2001 Plan. The Board believes the share increase is necessary for us to continue to have a sufficient reserve of ordinary shares available under the 2001 Plan to attract and retain the services of employees, officers and directors essential to our long-term success and to effectively compete for qualified personnel in our markets.

2001 Plan Voting Power Dilution (VPD)

Many shareholders evaluate increases in stock compensation plans by an evaluation of VPD. VPD assesses the relative reduction in voting power as outstanding options are exercised and existing shareholders' proportional ownership is diluted. VPD is measured based on the following formula:

$$\frac{A + B + C}{A + B + C + D}$$

Where: A = shares reserved for a new plan or plan amendment
 B = shares available for issuance under existing plans
 C = shares underlying options granted but not yet exercised under all existing plans
 D = shares outstanding, plus share equivalents under convertible debt

As of June 30, 2004, the Company had 531,002,666 ordinary shares issued and outstanding and 19,047,617 ordinary shares subject to issuance upon conversion of its outstanding junior subordinated notes. The Company also had 54,454,466 ordinary shares underlying options granted but not yet exercised, and 5,474,299 ordinary shares available for issuance under all the existing option plans.

The proposed increase of 20,000,000 shares to the existing 2001 Plan will result in a VPD of 12.7% as of June 30, 2004.

2001 Plan History

The Board of Directors adopted the 2001 Plan in August 2001 and our shareholders approved our Board's adoption of the 2001 Plan in September 2001 with an initial reserve of 7,000,000 ordinary shares. In addition to the ordinary shares reserved by the Board, subject to the terms of the 2001 Plan, the remaining ordinary shares that were available for issuance under our 1993 Share Option Plan and any ordinary shares that were issuable upon exercise of options granted under our 1993 Share Option Plan that expired or became unexercisable for any reason without having been exercised in full, became available for grant under the 2001 Plan. On June 29, 2004, our Board approved the above amendments to the 2001 Plan.

Ordinary Shares Subject to the 2001 Plan

The ordinary shares subject to issuance under the 2001 Plan consist of our authorized, but unissued, ordinary shares. A total of 7,000,000 ordinary shares have been reserved for issuance by the Board. In addition to the ordinary shares reserved by the Board, subject to the terms of the 2001 Plan, any ordinary shares issuable upon exercise of options granted under our 1993 Share Option Plan that expire or become unexercisable for any reason without having been exercised in full will be available for grant under the 2001 Plan. As of June 30, 2004, there were 14,974,998 ordinary shares still subject to outstanding options granted under our 1993 Share Option Plan and there were 2,941,196 ordinary shares available for issuance under the 2001 Plan.

In the event any change is made to our outstanding ordinary shares by reason of any recapitalization, bonus issue, stock split, combination of shares, exchange of shares or other changes affecting the outstanding shares as a class without our receipt of consideration, appropriate adjustments will be made to the maximum number and/or class of securities issuable under the 2001 Plan, the maximum number and/or class of securities for which any participant may be granted awards over the term of the 2001 Plan and the number and/or class of securities and price per share in effect under each outstanding award, and the class of securities for which automatic option grants are to be subsequently made to newly-elected or continuing non-employee directors.

Administration

The 2001 Plan contains two separate equity incentive programs: a discretionary stock option/stock bonus program, and an automatic stock option grant program. The discretionary program is administered by the Compensation Committee with respect to executive officers and directors and by the Chairman of our Board, Mr. Richard L. Sharp, with respect to all other employees. The Compensation Committee and the Chairman of the Board are referred to in this section as the Plan Administrator. The Plan Administrator has complete discretion, subject to the provisions of the 2001 Plan, to authorize option grants and awards of stock bonuses under the 2001 Plan. However, all grants under the automatic option grant program must be made in strict

Table of Contents

compliance with the provisions of that program, and no administrative discretion can be exercised by the Plan Administrator with respect to the automatic grants.

Eligibility

Our executive officers, members of our Board of Directors, and all of our employees and those of our subsidiaries and parent are eligible to participate in the discretionary program. Non-employee directors are also eligible to participate in the automatic option grant program. Non-employee directors may not participate in the automatic option grant program if such participation is prohibited or restricted, either absolutely or subject to various securities requirements, whether legal or administrative, then being complied with in the jurisdiction in which such director is a resident. Non-employee directors are eligible to receive options to purchase an aggregate of 100,000 ordinary shares per calendar year. In no event may any one participant in the 2001 Plan be granted options to purchase more than 4,000,000 ordinary shares in the aggregate per calendar year under the 2001 Plan.

As of June 30, 2004, six executive officers, five directors and approximately 18,800 employees were eligible to participate in the 2001 Plan, and five non-employee directors were eligible to participate in the automatic option grant program.

Transferability

In general, awards granted under the 2001 Plan may not be transferred in any manner other than by will or by the laws of descent and distribution. Awards may be transferred to family members through a gift or domestic relations order. Subject to applicable laws, certain optionees who reside outside of the United States and Singapore may assign their award to a financial institution located outside of the United States and Singapore.

Equity Incentive Programs

Discretionary Stock Option/Stock Bonus Program

Options may be granted under the discretionary program at an exercise price per share not less than 100% of the fair market value per ordinary share on the option grant date. Each option granted under this program generally is exercisable as determined by the Compensation Committee. Options will not be exercisable more than ten years after the date of grant, and options granted to non-employees will not be exercisable more than five years after the date of grant.

Options granted under the 2001 Plan generally may be exercised as to vested shares for a period of time after the termination of the option holder's service to us or a parent or subsidiary. Generally, the Plan Administrator has complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised and/or to accelerate the exercisability or vesting of such options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding, whether before or after the optionee's actual cessation of service.

Singapore law prevents us from granting restricted stock. As a result, we are proposing to expand our compensation program by granting stock bonuses. Stock bonuses may be granted under the discretionary program contingent upon satisfaction of conditions determined by the Compensation Committee and communicated to the potential recipient in advance. As the conditions to grant must be met in advance, when a stock bonus is granted, the shares issued will not be subject to vesting and no additional payment will be required (satisfaction of the condition being viewed as a form of payment). The condition(s) to grant a stock bonus could be a single requirement such as remaining in our service for a period of time, or many requirements, such as meeting individual or company-wide performance goals.

Automatic Option Grant Program

Under the automatic option grant program, each individual who initially becomes a non-employee director, will automatically be granted at that time stock options to purchase 25,000 ordinary shares. In addition, on the date of each Annual General Meeting, individuals who first become non-employee directors on that date automatically will be granted options to purchase 25,000 ordinary shares, and continuing non-employee directors automatically will be granted options to purchase 12,500 ordinary shares.

Table of Contents

Each option granted under this program must have an exercise price per share equal to 100% of the fair market value per ordinary share on the grant date and a maximum term of five years. Each option becomes exercisable as to 25% of the total shares one year after the date of grant and as to 1/48 of the total shares each month thereafter.

Each automatic option grant will automatically accelerate upon an acquisition of us by merger or asset sale or a hostile change in control of us. In addition, upon the successful completion of a hostile take-over, each automatic option grant which has been outstanding for at least six months may be surrendered to us for a cash distribution per surrendered option share in an amount equal to the excess of (a) the take-over price per share over (b) the exercise price payable for such share.

Valuation

The fair market value per ordinary share on any relevant date under the 2001 Plan is the closing sales price per share on that date on the NASDAQ National Market. As of June 30, 2004, the closing price of our ordinary shares on the Nasdaq National Market was \$15.95 per share.

Acceleration

Except for grants made under the automatic option grant program described above, in the event of a dissolution or liquidation or if we are acquired by merger or asset sale, each outstanding option under the discretionary program shall automatically accelerate so that each such option or stock bonus award shall, immediately prior to the effective date of such transaction, become fully vested with respect to the total number of shares then subject to such option may be exercised for all or any portion of such shares. However, subject to the specific terms of a given option, vesting shall not so accelerate if, and to the extent, such option is either to be assumed or replaced with a comparable right covering shares of the capital stock of the successor corporation or parent thereof, or is replaced with a cash incentive program of the successor corporation which preserves the inherent value existing at the time of such transaction or the acceleration of vesting of such option is subject to other limitations imposed by the Plan Administrator at the time of its grant.

The acceleration of vesting in the event of a change in the ownership or control of us may be seen as an anti-takeover provision and may have the effect of discouraging a merger proposal, a takeover attempt or other efforts to gain control of us.

Payment for Shares

The consideration for shares to be issued under the 2001 Plan may be paid in cash, by executing a same-day sale, by cancellation of indebtedness, by conversion of a convertible note issued by us or through waiver of compensation due.

Amendment and Termination

The Board of Directors may at any time amend or modify the 2001 Plan in any or all respects, except that any such amendment or modification cannot adversely affect the rights of any holder of an option previously granted under the 2001 Plan unless such holder consents. The Board may terminate the 2001 Plan at any time. In addition, the automatic option grant program may not be amended more frequently than once every six months, other than to the extent necessary to comply with applicable U.S. income tax laws and regulations. In addition, the Board may not, without the approval of our shareholders:

amend the 2001 Plan to materially increase the maximum number of ordinary shares issuable under the 2001 Plan, the number of ordinary shares for which options may be granted to newly-elected or continuing non-employee directors, or the maximum number of ordinary shares for which any one individual participating in the 2001 Plan may be granted options;

materially modify the eligibility requirements for participation in the 2001 Plan; or

materially increase the benefits accruing to participants in the 2001 Plan.

Term of the 2001 Plan

Unless terminated earlier, the 2001 Plan will continue until August 2011, ten years after the date the 2001 Plan was adopted by the Board of Directors.

U.S. Federal Income Tax Consequences of Option Grants and Stock Bonus Awards

The following is a general summary as of the date of this proxy statement of the United States federal income tax consequences to us and employees participating in the 2001 Plan. Federal tax laws may change and the federal, state and local tax consequences for any participating employee will depend upon his or her individual circumstances. Each participating employee has been and is encouraged to seek the advice of a qualified tax adviser regarding the tax consequences of participation in the 2001 Plan. The following discussion does not purport to describe state or local income tax consequences in the United States, nor tax consequences for participants in other countries.

Options granted under the 2001 Plan may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-statutory options which are not intended to meet such requirements. The United States federal income tax treatment for the two types of options differs as follows:

Incentive Stock Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is generally recognized at the time the option is exercised unless the optionee is subject to the alternative minimum tax. The optionee will, however, recognize taxable income in the year in which the purchased shares are sold or otherwise disposed of. For Federal tax purposes, dispositions are divided into either qualifying or disqualifying. A qualifying disposition occurs if the sale or other disposition is made after the optionee has held the shares for more than two years after the option grant date and more than one year after the exercise date. Upon a qualifying disposition, any gain or loss, measured by the difference between the option exercise price and amount realized on the sale of shares, will be treated as capital gain or loss. If either of these two holding periods is not satisfied, then a disqualifying disposition will result. Upon a disqualifying disposition, any gain up to the difference between the option exercise price and the fair market value of the shares on the date of exercise, or, if less, the amount realized on the sale of shares, will be treated as ordinary income. Any additional gain will be capital gain.

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to a deduction from our income taxed by the United States for the taxable year in which such disposition occurs, equal to the excess of the fair market value of such shares on the option exercise date over the exercise price paid for the shares. In no other instance will we be allowed a deduction with respect to the optionee's disposition of the purchased shares.

Non-Statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and we will be entitled to a deduction with respect to, and be required to satisfy the tax withholding requirements applicable to, such income.

Stock Bonuses. Upon issuance of a stock bonus, the employee will have ordinary income in the amount of the fair market value of the issued stock on the date of grant. Any further gain or loss upon disposition of the stock will be short- or long-term capital gain or loss, depending on the employee's holding period as measured from the date of grant. We will generally have a withholding obligation, and be entitled to a deduction, in the amount the employee recognizes as ordinary income.

PROPOSAL NO. 7:

**ORDINARY RESOLUTION TO APPROVE THE CONSOLIDATION OF THE
ORDINARY SHARES AUTHORIZED FOR ISSUANCE UNDER CERTAIN
EQUITY AWARD PLANS OR SUBJECT TO ASSUMED OPTIONS
INTO THE 2001 EQUITY INCENTIVE PLAN**

In addition to Proposals 5 and 6 amending the 2001 Plan, we are asking our shareholders to approve the consolidation of the ordinary shares issuable under our 1997 Interim Plan, 1998 Interim Plan, 1999 Interim Plan and stock compensation plans of companies we have acquired, or the assumed plans, into our 2001 Plan. The material features of the 2001 Plan, new plan benefits and tax information are set forth under Proposals 5 and 6 above. The 2001 Plan is attached to this proxy statement as *Annex A*.

Approval of this proposal will have the following effects:

- (a) 2,346,191 ordinary shares will immediately become available for issuance under the 2001 Plan; and

- (b) The increases to the 2001 Plan will be offset by equivalent decreases in certain of our other stock compensation plans (including assumed plans).

The assumed plans each have separate and distinct provisions on matters such as: eligibility, minimum exercise price and post-termination exercise period. We will not make any further grants under the assumed plans.

Table of Contents

As of June 30, 2004, there was an aggregate of 11,120,810 ordinary shares under the stock compensation programs we are consolidating, of which an aggregate of 8,774,619 ordinary shares were subject to already-outstanding options.

The following is a list of each plan with the number of shares available for issuance and/or subject to already-outstanding options as of June 30, 2004:

1999 Interim Option Plan	2,416,277
1998 Interim Option Plan	219,070
1997 Interim Option Plan	534,342
Assumed Plans	7,951,121

The ordinary shares subject to already-outstanding options will only become available under the 2001 Plan as the already-outstanding options to which they are currently subject expire or become unexercisable for any reason without having been exercised in full. On June 30, 2004, the closing price for our ordinary shares was \$15.95 while the weighted average price of the already-outstanding options was \$6.53. Consequently, most of the already-outstanding options are likely to be exercised. Based on our experience to date, we anticipate the ordinary shares subject to the already-outstanding options will become available under the 2001 Plan at an average annual rate of approximately 400,000 ordinary shares.

Our Board believes the consolidation of the above stock compensation plans into the 2001 Plan will simplify the administration of our stock compensation plans. The consolidation of these plans and assumed options would enhance our ability to use our 2001 Plan for all of our employees. Our Board also believes the amendment will improve our success in continuing to attract and retain the services of well-qualified employees (including officers) and directors, given the highly competitive global market for the talents of these individuals.

PROPOSAL NO. 8:

ORDINARY RESOLUTION TO AUTHORIZE

ORDINARY SHARE ISSUANCES

We are incorporated in the Republic of Singapore. Under Singapore law, our Directors may only issue ordinary shares and make or grant offers, agreements or options that might or would require the issue of ordinary shares, with the prior approval of our shareholders. If this proposal is approved, the authorization would be effective from the date of 2004 Annual General Meeting until the earlier of (i) the conclusion of the 2005 Annual General Meeting or (ii) the expiration of the period within which the 2005 Annual General Meeting is required by law to be held. The 2005 Annual General Meeting is required to be held no later than 15 months after the date of the 2004 Annual General Meeting and no later than 6 months after the date of our fiscal year end.

The Board believes that it is advisable and in our best interest for our shareholders to authorize the Directors to issue ordinary shares and to make or grant offers, agreements or options that might or would require the issue of ordinary shares. In the past, the Board has issued shares or made agreements that would require the issue of new ordinary shares in connection with strategic transactions and acquisitions, pursuant to public and private offerings of our ordinary shares as well as instruments convertible into our ordinary shares and in connection with our equity compensation plans. Notwithstanding this general authorization to issue our ordinary shares, we will be required to seek shareholder approval with respect to future issuances of ordinary shares where required under the rules of the Nasdaq National Market, such as where we intend to issue ordinary shares that will result in a change in our control or in connection with a transaction involving the issuance of ordinary shares representing 20% or more of our outstanding ordinary shares. As of the date of the Proxy Statement, we have no plans, agreements or commitments to issue any ordinary shares for which approval of this Proposal No. 8 is required. The Board expects that we will continue to issue shares and grant options in the future under

Table of Contents

circumstances similar to those in the past. Having additional ordinary shares authorized for issuance gives us greater flexibility to pursue these corporate opportunities.

At the 2000 Annual General Meeting, our shareholders approved an increase in our authorized share capital to 1,500,000,000 ordinary shares, par value S\$0.01 per share. As of August 5, 2004, 556,111,183 ordinary shares were issued and outstanding. Further, as of that date, we had 54,470,363 ordinary shares reserved for issuance upon exercise of outstanding options and other awards under our equity compensation plans and 4,737,109 ordinary shares available for grant pursuant to options and other awards under our equity compensation plans (which number does not give effect to Proposals No. 4 and 5, which seeks shareholder approval of an increase in 1,000,000 and 20,000,000 ordinary shares available for grant pursuant to our 1997 Employee Share Purchase Plan and 2001 Equity Incentive Plan, respectively). If this Proposal is approved, our Directors would be authorized to issue, during the period described above, all remaining ordinary shares out of our authorized but unissued ordinary share capital, subject to applicable Singapore laws and the rules of the Nasdaq National Market, although we currently do not intend to so. The issuance of a large number of ordinary shares could be dilutive to existing shareholders or reduce the trading price of our ordinary shares on the Nasdaq National Market.

We are submitting this Proposal because we are required to do so under Singapore law before we can issue ordinary shares in connection with strategic transactions, public offerings and in connection with our equity compensation plans. We are not submitting this Proposal in response to a threatened takeover. In the event of a hostile attempt to acquire control of us, we could seek to impede the attempt by issuing ordinary shares, which may dilute the voting power of our existing shareholders. This could also have the effect of impeding the efforts of our shareholders to remove an incumbent Director and replace him with a new Director of their choice. These potential effects could limit the opportunity for our shareholders to dispose of their ordinary shares at the premium that may be available in takeover attempts.

The following agreements, which are not affected by approval of this Proposal, may have anti-takeover effects:

Our Articles of Association permit the Chairman of the Annual General Meeting (provided he is a person entitled to vote at the Annual General Meeting) or any shareholder(s) present representing not less than one-tenth of the total voting rights of all shareholders having the right to vote at that meeting to demand that votes at the Annual General Meeting be decided by a poll (where each one ordinary share is entitled to one vote), rather than by a show of hands (where each shareholder is entitled to one vote, irrespective of the number of shares held by that shareholder).

Our option agreements with each executive officer provide that if the executive officer is terminated without cause or leaves for good reason within the first 12 months following a change in control, the vesting of any unvested portion of the option will be accelerated in full. If the executive officer is still employed upon the first year anniversary of such a change of control, the vesting of any unvested portion of the option will be accelerated in full. Each option includes a limited stock appreciation right pursuant to which the option will automatically be canceled upon the occurrence of certain hostile tender offers, in return for a cash distribution from us based on the tender offer price per share.

Further, under Singapore law, the Singapore Code on Take-overs and Mergers prescribes that (a) any person who acquires whether by a series of transactions over a period of time or not, shares which carry 30% or more of our voting rights (taken together with shares held or acquired by persons acting in concert with him); or (b) any person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of our voting rights and such person, or any person acting in concert with him, acquires in any period of 6 months additional shares carrying more than 1% of our voting rights, must, extend a mandatory take-over offer immediately for our remaining shares which carry voting rights. We have no current plans or proposals to enter into any arrangement that could have material anti-takeover consequences.

The Board recommends a vote FOR the resolution

relating to ordinary share issuances.

PROPOSALS NO. 9 AND 10:

ORDINARY RESOLUTIONS TO APPROVE ANNUAL DIRECTOR

**COMPENSATION AND TO INCREASE ANNUAL
DIRECTOR COMPENSATION FOR COMMITTEE PARTICIPATION**

Under Singapore law, we may only provide cash compensation to our directors for services rendered in their capacity as directors with the prior approval of our shareholders at a general meeting. We and our Board believe that it is advisable and in our best interest for our shareholders to authorize us to provide each of our non-employee directors annual cash compensation of \$37,200 for services rendered as a director. We believe that this authorization will benefit our shareholders by enabling us to attract and retain qualified individuals to serve as members of our board of directors and to continue to provide leadership for our company.

Our shareholders are being asked to approve an increase in cash compensation to our directors for participation on one or more committees of our board of directors. In connection with recent amendments to SEC and Nasdaq Stock Market rules, our directors have incurred additional committee responsibilities in addition to their existing Board responsibilities. We and our Board believe that it is advisable and in our best interest for our shareholders to authorize us to provide additional compensation of \$10,000 annually to reflect the additional commitment that is required of our directors by their membership on the committees. We believe that this authorization will benefit our shareholders by enabling us to attract and retain qualified individuals to serve as members of our board of directors and to continue to provide leadership for our company.

The Board recommends a vote FOR both resolutions

relating to annual director compensation.

PROPOSAL NO. 11:

ORDINARY RESOLUTION TO APPROVE THE PROPOSED

RENEWAL OF THE SHARE PURCHASE MANDATE

The Proposed Renewal of the Share Purchase Mandate

Our purchases or acquisitions of our ordinary shares must be made in accordance with, and in the manner prescribed by, the Companies Act, Cap. 50, the listing rules of the NASDAQ National Market and such other laws and regulations as may for the time being be applicable.

It is a requirement that a company that wishes to purchase or otherwise acquire its own shares should obtain the approval of its shareholders to do so at a general meeting of its shareholders. At our 2003 Annual General Meeting, our shareholders approved the general and unconditional mandate, which we refer to as the Share Purchase Mandate, for the purchase or acquisition by us of our issued ordinary shares, although we did not purchase any of our issued ordinary shares under the Share Purchase Mandate. We are now seeking the approval of our shareholders at the Annual General Meeting for the renewal of the Share Purchase Mandate. Accordingly, this resolution will be proposed as an Ordinary Resolution pursuant to which the Share Purchase Mandate will be given to the Directors to exercise all our powers to purchase or otherwise acquire our issued ordinary shares on the terms of the Share Purchase Mandate.

If renewed by shareholders at the Annual General Meeting, the authority conferred by the Share Purchase Mandate will, unless varied or revoked by our shareholders at a general meeting continue in force until the earlier of the date of our next Annual General Meeting or the date by which our next Annual General Meeting is required by law to be held.

The authority and limitations placed on our share purchases or acquisitions under the proposed Share Purchase Mandate, if renewed at the 2004 Annual General Meeting, are substantially the same as were

Table of Contents

previously approved at our 2003 Annual General Meeting, and, for the benefit of our shareholders are summarized below:

(a) Maximum number of ordinary shares

We may purchase or acquire only ordinary shares which are issued and fully paid up. The total number of ordinary shares which we may purchase or acquire is limited to that number of ordinary shares representing not more than 10% of our issued ordinary share capital at the date of the Annual General Meeting at which the Share Purchase Mandate is approved.

Purely for illustrative purposes, on the basis of 556,111,183 issued ordinary shares as of August 5, 2004, and assuming that no further ordinary shares are issued on or prior to the Annual General Meeting, pursuant to the proposed Share Purchase Mandate, we may purchase not more than 55,611,118 issued ordinary shares (representing 10% of our issued ordinary share capital at that date).

(b) Duration of authority

Purchases or acquisitions of ordinary shares may be made, at any time and from time to time, on and from the date of approval of the Share Purchase Mandate up to the earlier of:

- (i) the date on which our next Annual General Meeting is held or required by law to be held; or
- (ii) the date on which the authority conferred by the Share Purchase Mandate is revoked or varied.

(c) Manner of purchases or acquisitions of ordinary shares

Purchases or acquisitions of ordinary shares may be made by way of:

- (i) market purchases on the NASDAQ National Market or any other stock exchange on which our ordinary shares may for the time being be listed and quoted, through one or more duly licensed dealers appointed by us for the purpose; and/or
- (ii) off-market purchases (if effected other than on the NASDAQ National Market or, as the case may be, any other stock exchange on which our ordinary shares may for the time being be listed and quoted), in accordance with an equal access scheme.

In connection with or in relation to any equal access scheme or schemes, our Directors may impose such terms and conditions which are not inconsistent with the Share Purchase Mandate, the listing rules of the NASDAQ National Market and the Singapore Companies Act, as they consider fit in our interests. An equal access scheme must, however, satisfy all the following conditions:

- (1) offers for the purchase or acquisition of ordinary shares shall be made to every person who holds ordinary shares to purchase or acquire the same percentage of their ordinary shares;
- (2) all of those persons shall be given a reasonable opportunity to accept the offers made; and
- (3) the terms of all the offers are the same (except that there shall be disregarded (1) differences in consideration attributable to the fact that offers may relate to ordinary shares with different accrued dividend entitlements and (2) differences in the offers introduced solely to ensure that each person is left with a whole number of ordinary shares).

(d) Purchase price

The purchase price (excluding brokerage, commission, applicable goods and services tax and other related expenses) to be paid for an ordinary share will be determined by our Directors. The maximum purchase price to be paid for the ordinary shares as determined by our Directors must not exceed:

- (i) in the case of a market purchase, 105% of the Average Closing Price of our ordinary shares; and
- (ii) in the case of an off-market purchase pursuant to an equal access scheme, 110% of the Average Closing Price of our ordinary shares,

in either case, excluding related expenses of the purchase or acquisition.

For the above purposes, the term Average Closing Price means the average of the last dealt prices of an ordinary share for the five consecutive trading days on which our ordinary shares are transacted on the

25

Table of Contents

NASDAQ National Market or, as the case may be, any other stock exchange on which our ordinary shares may for the time being be listed and quoted, immediately preceding the date of the market purchase by us or, as the case may be, the date of the making of the offer pursuant to the off-market purchase. The date of the making of the offer refers to the date on which we announce our intention to make an offer for the purchase or acquisition of ordinary shares from holders of ordinary shares, stating the purchase price (which shall not be more than the maximum purchase price calculated on the foregoing basis) for each ordinary share and the relevant terms of the equal access scheme for effecting the off-market purchase.

Sources of Funds

Only funds legally available for purchasing or acquiring ordinary shares in accordance with our Articles of Association and applicable laws of Singapore, shall be utilized. We intend to use our internal sources of funds to finance our purchase or acquisition of ordinary shares. We do not intend to obtain or incur any borrowings to finance our purchase or acquisition of ordinary shares. Our Directors do not propose to exercise the Share Purchase Mandate in a manner and to such extent that our working capital requirements and those of our subsidiaries and us would be materially affected.

Any purchases and acquisitions of ordinary shares must be made out of our distributable profits which are available for payment as dividends, excluding any amount in our share premium account and capital redemption reserve fund.

Status of Purchased or Acquired Ordinary Shares

Any ordinary share we purchase or acquire is deemed cancelled immediately on purchase or acquisition, and all rights and privileges attached to that ordinary share will expire on cancellation.

We will cancel and destroy certificates in respect of purchased or acquired ordinary shares as soon as reasonably practicable following settlement of any purchase or acquisition of such ordinary shares.

Financial Effects

The amount by which our issued share capital is diminished on cancellation of ordinary shares purchased or acquired must be transferred to a reserve called the capital redemption reserve. In the event we implement a bonus issue of shares in the future, such reserve may be applied by us in paying up any unissued shares to be allotted and issued to our shareholders as fully paid bonus shares.

Our total issued share capital will be diminished by the total nominal amount (or par value) of the ordinary shares purchased or acquired by us. The consideration paid by us for the purchase or acquisition of ordinary shares (excluding related brokerage, goods and services tax, stamp duties and clearance fees) will correspondingly reduce the amount available for the distribution of cash dividends by us.

Our net tangible assets and the consolidated net tangible assets of our subsidiaries and us will be reduced by the dollar value of the ordinary shares purchased or acquired. The purchase or acquisition of up to 10% of our issued ordinary share capital as at the date of the Annual General Meeting will not have any material impact on our consolidated earnings for the current financial year.

Rationale for the Share Purchase Mandate

We presently maintain listing status on the NASDAQ National Market. Our need to repurchase our ordinary shares reflects in part the practices of our competitors and in part the dominance of the U.S. capital markets for us. Many international companies, including those in the United States, United Kingdom and Hong Kong are permitted by their governing jurisdictions to buy back their own shares. Share repurchases are thus widely available to and utilized by many other companies with which we compete for talent, capital, and investor and analyst interest.

Share repurchase programs are important because of volatility in the stock market. A share repurchase program tends to buffer short term share price volatility, provide additional liquidity to the market and offset the effects of short-term speculators and investors. Minimizing unnecessary volatility bolsters shareholder confidence and employee morale. The latter can be a critical factor in employee retention, especially in the

Table of Contents

U.S. Silicon Valley, where we have significant operations. Minimizing extreme volatility can also facilitate use of our ordinary shares for acquisitions of other companies, which can enable us to acquire ongoing technological improvements with minimal cash outlay.

Take-Over Implications

If, as a result of our purchase or acquisition of our issued ordinary shares, a shareholder's proportionate interest in our voting capital increases, such increase will be treated as an acquisition for the purposes of The Singapore Code on Take-overs and Mergers. If such increase results in a change of effective control, or, as a result of such increase, a shareholder or a group of shareholders acting in concert obtains or consolidates effective control of us, such shareholder or group of shareholders acting in concert could become obliged to make a take-over offer for us under Rule 14 of The Singapore Code on Take-overs and Mergers.

Under The Singapore Code on Take-overs and Mergers, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal) co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate effective control of that company. Unless the contrary is established, the following persons will be presumed to be acting in concert, namely, (i) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts) and (ii) a company, its parent, subsidiaries and fellow subsidiaries, and their associated companies and companies of which such companies are associated companies, all with each other. For this purpose, ownership or control of at least 20% but not more than 50% of the equity share capital of a company will be regarded as the test of associated company status.

The circumstances under which shareholders (including Directors) and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 of The Singapore Code on Take-overs and Mergers after a purchase or acquisition of our issued ordinary shares by us are set out in Appendix 2 of The Singapore Code on Take-overs and Mergers.

The effect of Appendix 2 is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of us purchasing or acquiring our issued ordinary shares, the voting rights of such Directors and their concert parties would increase to 30% or more, or if the voting rights of such Directors and their concert parties fall between 30% and 50% of our voting rights, the voting rights of such Directors and their concert parties would increase by more than 1% in any period of six months.

Under Appendix 2, a shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of us purchasing or acquiring our issued ordinary shares, the voting rights of such shareholder in us would increase to 30% or more, or if such shareholder holds between 30% and 50% of our voting rights, the voting rights of such shareholder would increase by more than 1% in any period of six months. Such shareholder need not abstain from voting in respect of the resolution authorizing the Share Purchase Mandate.

Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under The Singapore Code on Take-overs and Mergers as a result of any share purchase by us should consult the Securities Industry Council of Singapore and/or their professional advisers at the earliest opportunity.

The Board recommends a vote FOR the resolution

relating to the proposed share purchase mandate.

PROPOSAL NO. 12:

**ORDINARY RESOLUTION TO APPROVE A BONUS ISSUE OF ONE ORDINARY SHARE FOR
EVERY ONE EXISTING ORDINARY SHARE HELD BY OUR SHAREHOLDERS**

Under Singapore law, a company may capitalize its reserves and apply such capitalized sum in payment for additional ordinary shares, which may then be allotted and issued, to its shareholders, credited as fully paid, in a transaction commonly referred to as a bonus issue. A bonus issue is similar to a stock dividend by a Delaware or California corporation. However, under our Articles of Association, we may allot and issue shares in a bonus issue, which we refer to as bonus shares, only upon recommendation of the Board of Directors and

Table of Contents

with the prior approval of our shareholders at a general meeting. The Board believes that it is advisable and has recommended that it is in the best interest for our shareholders that the Board be granted the authority to allot and issue, at its sole discretion, after the date of the 2004 Annual General Meeting, but on or before 5:00 p.m., PDT, August 31, 2005, a bonus issue of up to an aggregate of 556,111,183 bonus shares and, in the event that any new ordinary shares are allotted and issued by us after the close of business on August 5, 2004, which we refer to in this proposal as the Record Date, but on or before 5:00 p.m., PDT August 31, 2005, an additional one bonus share for each new ordinary share so allotted and issued, to be credited as fully paid, which we refer to as the Bonus Shares.

The Board believes that such discretionary authority is in the best interest of our shareholders since it provides the Board an opportunity to review economic and financial conditions prior to making the decision as to whether a bonus issue should be effected.

If the Board exercises its authority to allot and issue the Bonus Shares after the date of the 2004 Annual General Meeting but on or before 5:00 p.m., PDT, August 31, 2005, then the Bonus Shares are to be allotted and issued to the holders of record of the ordinary shares on the date specified by our Board of Directors after the date of the 2004 Annual General Meeting, but no later than 5:00 p.m., PDT, August 31, 2005, on the basis of one bonus share for every one ordinary share then held. Fractional bonus shares will not be issued, but will be disposed of in such a manner as the Board of Directors deems fit. As a result, if the bonus issue is approved at the 2004 Annual General Meeting and the Board exercises its authority to allot and issue the Bonus Shares after the date of the 2004 Annual General Meeting, but on or before 5:00 p.m., PDT, August 31, 2005, then each holder of record of ordinary shares on the date specified by our Board of Directors after the date of the 2004 Annual General Meeting, but no later than 5:00 p.m., PDT, August 31, 2005, would receive an additional one ordinary share, credited as fully paid, for every one ordinary share then held of record by such shareholder. If the bonus issue is approved at the 2004 Annual General Meeting but the Board does not exercise its authority to allot and issue the Bonus Shares after the date of the 2004 Annual General Meeting, but on or before 5:00 p.m., PDT, August 31, 2005, then no bonus issue would be effected and, accordingly, no bonus shares would be allotted and issued to shareholders.

The Bonus Shares, if and when allotted and issued, would rank *pari passu* in all respects with the existing ordinary shares, and would have identical rights. A sum of up to S\$5,561,111.83 and, in the event that any new ordinary shares are allotted and issued by us after the Record Date, but on or before 5:00 p.m., PDT, August 31, 2005, an additional amount of S\$0.01 for each new share so allotted and issued, from our Share Premium Account as at March 31, 2004, which sum we refer to as the Capital Sum, would be capitalized and applied in paying up in full the Bonus Shares to be issued. Accordingly, our issued and paid up capital would increase by up to S\$5,561,111.83 after the allotment and issuance of the Bonus Shares and, in the event that any new shares are allotted and issued by us after the Record Date but on or before 5:00 p.m., PDT, August 31, 2005, an additional amount of \$0.01 each for each new share so allotted and issued. Our independent auditors have advised us that the balance in our Share Premium Account at March 31, 2004 is sufficient for the purpose of the bonus issue.

The Board recommends a vote FOR the resolution

approving the proposed Bonus Issue.

Option Grants in Fiscal 2004

The following table presents information regarding option grants during fiscal 2004 to our chief executive officer and each of our four other most highly compensated executive officers. Option grants to our executive officers in fiscal 2004 were awarded pursuant to our existing equity compensation plans.

In accordance with the rules of the Securities and Exchange Commission, the table presents the potential realizable values that would exist for the options at the end of their four- or ten-year terms, as the case may be. These values are based on assumed rates of annual compound stock price appreciation of 5% and 10% from the date the option was granted to the end of the option term. These are based on assumed annual rates of return mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of future ordinary share prices. The closing sale price per ordinary share as reported on the NASDAQ National Market on March 31, 2004, the last trading day of fiscal 2004, was \$17.09.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term	
	Number of Securities Underlying Options Granted	Percent of Total Options Granted to Employees in Fiscal 2004	Exercise Price Per Share	Expiration Date	5%	10%
	Michael E. Marks					
Michael McNamara						
Ronny Nilsson	75,000	0.85%	\$ 17.50	01/22/2008	\$ 282,852	\$ 609,131
Robert R.B. Dykes	1,000,000	11.31	17.50	01/22/2014	11,005,656	27,890,493
Ash Bhardwaj	1,000,000	11.31	17.50	01/22/2014	11,005,656	27,890,493

The options shown in the table above were granted with an exercise price equal to the fair market value of our ordinary shares on the date of grant and are non-statutory stock options. With the exception of options granted to Mr. Nilsson, options granted to our executive officers expire ten years from the date of grant, subject to earlier termination upon termination of the optionee's employment. In the case of Mr. Nilsson, Swedish tax legislation imposes significant adverse consequences if there are any restrictions on exercisability or transfer of options. The term of Mr. Nilsson's option has therefore, been shortened to four years from the date of grant.

Mr. Nilsson's options were 100% vested and exercisable at the date of grant. Mr. Dykes' options vest and become exercisable with respect to 10% of the total shares on each of the first and second anniversaries of the date of grant, with respect to 20% of the total shares on each of the third and the fourth anniversaries of the date of grant, and with respect to 40% of the total shares on the fifth anniversary of the date of grant. Mr. Bhardwaj's options vest and become exercisable with respect to 10% of the total shares on each of the first and second anniversaries of the date of grant, with respect to 20% of the total shares on each of the third and the fourth anniversaries of the date of grant, and with respect to 40% of the total shares on the fifth anniversary of the date of grant. Our Compensation Committee has the discretion to provide for alternative vesting schedules to maximize the retention value of our equity compensation. See "Change in Control Arrangements" below for a description of the acceleration provisions of these options. The exercise price of each option may be paid in cash or through a cashless exercise procedure involving a same-day sale of the purchase shares. We granted options to purchase an aggregate of 8,841,856 ordinary shares to our employees during fiscal 2004.

**Aggregated Option Exercises in Fiscal 2004
and Option Values at March 31, 2004**

The following table presents information concerning the exercise of options during fiscal 2004 by our chief executive officer and each of our four other most highly compensated executive officers.

Name	Shares Acquired on Exercise	Value Realized	Number of Securities Underlying Unexercised Options at March 31, 2004		Value of Unexercised In-the-money Options at March 31, 2004	
			Vested	Unvested	Vested	Unvested
Michael E. Marks	733,333	\$5,771,331	2,354,167	4,845,833	\$7,058,584	\$41,453,416
Michael McNamara	1,244,113	9,879,041	1,476,042	2,123,958	7,131,990	18,516,010
Ronny Nilsson			608,333		3,698,666	
Robert R.B. Dykes	410,834	3,109,088	935,063	1,377,604	5,126,709	2,916,013
Ash Bhardwaj	392,800	3,049,101	750,625	1,392,708	8,521,602	3,577,393

The amounts set forth in the column entitled Value Realized represent the fair market value of the ordinary shares underlying the option on the date of exercise less the aggregate exercise price of the option.

In addition, the table includes the number of shares covered by both exercisable and unexercisable stock options as of March 31, 2004. Also reported are values of in-the-money options that represent the positive spread between the respective exercise prices of outstanding stock options and \$17.09 per share, which was the closing price per ordinary share as reported on the NASDAQ National Market on March 31, 2004, the last day of trading for fiscal 2004. These values, unlike the amounts set forth in the column entitled Value Realized, have not been, and may never be, realized.

Change in Control Arrangements

Our option agreements with our executive officers provide that if the executive officer is terminated without cause or leaves for good reason within the first 12 months following a change in control transaction, the vesting of any unvested portion of the option will be accelerated in full, or if the executive officer is still employed upon the first year anniversary of such a change of control, the vesting of any unvested portion of the option will be accelerated in full. Each option includes a limited stock appreciation right pursuant to which the option will automatically be canceled upon the occurrence of certain hostile tender offers, in return for a cash distribution from us based on the tender offer price per share.

Supplemental Executive Retirement Plan

On May 18, 2004, we established a supplemental retirement plan for Mr. Marks under which potential cash payments are based on the increase in value, if any, under a Contingent Share Award for 1,000,000 notional shares of Flextronics based on a price of \$17.40 per share (a 10% premium above the \$15.82 closing price of our ordinary shares on the Nasdaq Stock Market on May 18, 2004). Under this plan, once the 30-day average trading price of our share price at the end of any quarter exceeds \$17.40, a cash payment would be made to a rabbi trust for the benefit of Mr. Marks in an amount equal to the net increase in value over \$17.40 multiplied by the 1,000,000 notional shares. At the end of each subsequent quarter, if the 30-day average trading price our share price has further increased since the last quarter for which a cash payment was made under the plan, an additional payment would be made in an amount equal to the additional net increase in value since such prior quarter multiplied by 1,000,000 notional shares. The total cash payments may not exceed \$7,500,000 in the aggregate over the life of the Plan, and no payments will be made following the termination of Mr. Marks employment. Upon Mr. Marks death or disability or upon a change of control of Flextronics, the entire \$7,500,000 will be credited to the rabbi trust. All amounts credited to Mr. Marks account will be made only in cash (no shares will be issued under this Plan), and all cash contributions shall be fully vested and nonforfeitable.

OTHER EQUITY COMPENSATION PLANS

Total	43,804,742	\$ 13.90	9,853,552

- (1) Of these, 7,053,084 ordinary shares remained available for grant under the 2001 Equity Incentive Plan and 902,897 ordinary shares remained available for purchase under the 1997 Employee Share Purchase Plan.
- (2) Of these, 534,342 ordinary shares remained available for grant under the 1997 Interim Option Plan, 219,070 ordinary shares remained available for grant under the 1998 Interim Option Plan and 1,144,159 ordinary shares remained available for grant under the 2002 Interim Incentive Plan. There are no additional ordinary shares available for grant under the 1999 Interim Option Plan.
- (3) Companies acquired by us have adopted option plans, which we refer to as the Assumed Plans. Options to purchase a total of 6,499,257 ordinary shares under the Assumed Plans have been assumed. These options have a weighted average exercise price of \$5.81 per share. These options have been converted into options to purchase our ordinary shares on the terms specified in the applicable acquisition agreement, but are otherwise administered in accordance with the terms of the Assumed Plans. Options under the Assumed Plans generally vest over four years and expire 10 years from the date of grant. No further awards may be made under the Assumed Plans. Options outstanding under the Assumed Plans are not included in the above table.

Interim Plans

Our 1997 Interim Option Plan, 1998 Interim Option Plan, 1999 Interim Option Plan and 2002 Interim Incentive Plan were adopted by our Board in June 1997, January 1998, December 1998 and May 2002, respectively. The adoption of these interim plans was necessitated by our internal growth, our multiple acquisitions and the requirement to provide equity compensation for employees consistent with competitors and peer companies. These interim plans are not subject to shareholder approval.

The Board reserved an aggregate of 2,000,000 ordinary shares, 3,200,000 ordinary shares, 5,200,000 ordinary shares and 20,000,000 ordinary shares for issuance under the 1997 Plan, the 1998 Plan, the 1999 Plan and the 2002 Plan, respectively. These plans provide for the grant to qualified persons of non-statutory stock options to purchase our ordinary shares. Information regarding outstanding options under the 1997 Plan, the 1998 Plan, the 1999 Plan, and the 2002 Plan as of March 31, 2004 is set forth in the table above. Since March 31, 2004, we have granted additional options under the these plans. As of June 30, 2004, we had a total of 940,324 shares available for issuance under our 1997 Plan, 1998 Plan and 2002 Plan. There are no additional ordinary shares available for grant our 1999 Plan.

Shares subject to options granted pursuant to these interim plans that expire or terminate for any reason without being exercised will again become available for grant and issuance pursuant to awards under the interim plans. Options granted under these plans have an exercise price of not less than 85% of the fair market value of the underlying ordinary shares on the date of grant. Options issued under these plans generally vest over a four-year period and expire ten years from the date of grant. The other general terms of the these interim plans are similar to our 2001 Equity Incentive Plan.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 which might incorporate this proxy statement by reference to future filings under those statutes, the following Compensation Committee Report on Executive Compensation will not be incorporated by reference into any of those previous filings; nor will such report be incorporated by reference into any future filings made by us under those statutes.

The Compensation Committee of the Board of Directors sets the base salaries and approves individual bonus programs for Flextronics executive officers and authorizes option grants to Flextronics executive officers. The Compensation Committee has complete discretion in establishing the terms of option grants to executive officers.

Each member of the Compensation Committee is a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934 and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. The current members of the Compensation Committee are Mr. Sharp and Mr. Moritz. Each is an independent director as defined by the rules of the NASDAQ Stock Market. The following is a summary of the policies that affect the compensation paid to executive officers, as reflected in the tables and text presented elsewhere in this proxy statement.

General Compensation Policy. The Compensation Committee's overall policy is to offer Flextronics executive officers cash-based and equity-based compensation opportunities based upon their personal performance, Flextronics financial performance and their contribution to that performance. One of the Compensation Committee's primary objectives is to have a significant portion of each officer's compensation contingent upon Flextronics performance as well as upon his or her own level of performance. The principal factors taken into account in establishing each executive officer's compensation package are summarized below. Additional factors may be taken into account to a lesser degree, and the relative weight given to each factor varies with each individual at the discretion of the Compensation Committee. The Compensation Committee may, at its discretion, apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Cash-Based Compensation. The Compensation Committee sets base salary for executive officers on the basis of personal performance and internal and industry comparability considerations. Bonuses are generally paid at the discretion of the Compensation Committee. In determining the amount of the bonus to be paid to each executive officer, including the chief executive officer, the Compensation Committee first establishes a percentage of the officer's base salary as a target bonus. The amount of the actual bonus paid to the officer can be greater or less than this percentage, and depends on Flextronics earnings per share, the performance of Flextronics operations that are under the officer's supervision and other performance factors, each as compared to budgeted performance for the period. Flextronics also has a 401(k) retirement savings plan for U.S. employees to which it can contribute a portion of profits and such contribution is allocated to eligible participants in proportion to their total compensation for the year relative to the total aggregate compensation for all eligible participants.

Long-Term Equity-Based Compensation. The Compensation Committee grants stock options, which are designed to align the interests of Flextronics executive officers with those of the shareholders and provide each individual with a significant incentive to manage Flextronics from the perspective of an owner, with an equity stake in the business. Each grant generally allows the officer to acquire Flextronics ordinary shares at a fixed price per share (the market price on the grant date) over a period of up to ten years, thus providing a return to the officer only if he or she remains in Flextronics employ and the market price of the shares appreciates over the option term. The size of the option grant to each executive officer generally is set at a level that is intended to create a meaningful opportunity for share ownership based upon the individual's current position with Flextronics, but there is also taken into account the individual's potential for future responsibility and promotion over the option term, the individual's personal performance in recent periods and the number of options held by the individual at the time of grant. The relative weight given to these factors varies with each individual at the sole discretion of the Compensation Committee.

Chief Executive Officer Compensation. Mr. Marks' base salary is based on our expectation of his personal performance and comparisons to the base salaries of other Flextronics executive officers and in the industry.

Table of Contents

With respect to Mr. Marks' base salary, it is the Compensation Committee's intent to provide him with a level of stability and certainty each year and not have this particular component of compensation affected to any significant degree by short-term company performance factors. Mr. Marks' base salary is \$785,442. In fiscal 2004, Mr. Marks received a bonus of \$605,000. Mr. Marks did not receive any stock options in fiscal 2004.

As part of the Compensation Committee's annual review of Mr. Marks' compensation, an independent consultant was engaged to assess the competitiveness of Flextronics' nonqualified executive retirement plans. The information the Compensation Committee reviewed indicates that the substantial majority of Fortune 1000 corporations (and all of Flextronics' larger competitors) provide their chief executive officers with either a non-qualified retirement plan under which the Company provides and funds additional retirement benefits for executives.

The Compensation Committee considered that Mr. Marks has served in his position as chief executive officer for over ten years and Flextronics currently does not provide any pension plan benefits for him other than a 401(k) plan. Additionally, the Compensation Committee considered it in Flextronics' best interest to retain, provide incentives to and reward Mr. Marks for his past and future service to Flextronics by providing supplemental cash retirement benefits to him on terms that are competitive with similar benefits provided by Flextronics' competitors, upon the achievement of certain share performance targets. The terms of this arrangement are set forth under Supplemental Executive Retirement Plan.

Deduction Limit for Executive Compensation. Section 162(m) of the Internal Revenue Code limits federal income tax deductions for compensation paid to the chief executive officer and the four other most highly compensated officers of a public company to \$1.0 million per year, but contains an exception for performance-based compensation that satisfies certain conditions.

The Compensation Committee believes that stock options granted to Flextronics' executive officers qualify for the performance-based exception to the deduction limit and because it is unlikely that other compensation payable to any of Flextronics' executive officers would exceed the deduction limit in the near future, the Compensation Committee has not yet qualified compensation other than options for the performance-based exception. In approving the amount and form of compensation for Flextronics' executive officers, the Compensation Committee will continue to consider all elements of cost to Flextronics of providing that compensation.

AUDIT COMMITTEE REPORT

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 which might incorporate this proxy statement by reference to future filings under those statutes, the following Audit Committee Report will not be incorporated by reference into any of those previous filings; nor will such report be incorporated by reference into any future filings made by us under those statutes.

The Audit Committee assists the Board of Directors in overseeing Flextronics' financial accounting and reporting processes and systems of internal controls. The committee also evaluates the performance and independence of Flextronics' independent auditors. The Audit Committee operates under a written charter. Under the written charter, the Audit Committee consists of at least three directors, a majority of whom are not officers or employees of Flextronics. The current members of the committee are Mr. Foley, Mr. Moritz and Mr. Davidson. Each is an independent director as defined by the rules of the NASDAQ Stock Market.

Flextronics' financial and senior management supervise its systems of internal controls and the financial reporting process. Flextronics' independent auditors perform an independent audit of Flextronics' consolidated financial statements in accordance with accounting principles generally accepted in the United States of America and issue a report on these consolidated financial statements. The Audit Committee monitors these processes.

The Audit Committee has reviewed Flextronics' audited consolidated financial statements for the fiscal year ended March 31, 2004 and has met with both the management of Flextronics and its independent auditors to discuss the consolidated financial statements. Flextronics' management represented to the Audit Committee that its audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee also discussed with Flextronics' independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. The Audit Committee has also received from Flextronics' independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Flextronics' independent auditors the independence of that firm. The Audit Committee has also considered whether the provision of non-audit services by Flextronics' independent auditors is compatible with maintaining the independence of the independent auditors.

Based on the Audit Committee's discussions with the management of Flextronics and Flextronics' independent auditors and based on the Audit Committee's review of Flextronics' audited consolidated financial statements together with the report of Flextronics' independent auditors on the consolidated financial statements and the representations of Flextronics' management with regard to these consolidated financial statements, the Audit Committee recommended to Flextronics' Board of Directors that the audited consolidated financial statements be included in Flextronics' Annual Report on Form 10-K for the fiscal year ended March 31, 2004, filed with the Securities and Exchange Commission on June 14, 2004.

Capitalized terms not defined in the text are defined in Section 21.

2. SHARES SUBJECT TO THE PLAN

2.1 Number of Shares Available

Subject to Sections 2.2 and 15, the total number of Shares reserved and available for grant and issuance pursuant to this Plan will be 7,000,000 Shares plus shares that are subject to issuance upon exercise of an Award but cease to be subject to such Award for any reason other than exercise of such Award. Should any change be made to the Shares issuable under the Plan by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Shares as a class without the Company's receipt of consideration, then appropriate adjustments shall be made to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the maximum number and/or class of securities for which any Participant may be granted Awards over the term of the Plan, (iii) the number and/or class of securities and price per Share in effect under each Award outstanding under Sections 5, 7, and 20, and (iv) the class of securities for which automatic Option grants are to be subsequently made to newly elected or continuing Outside Directors under Section 7. 5.2 Date of Grant

The date of grant of an Option will be the date on which the Committee makes the determination to grant such Option, unless otherwise specified by the Committee. The Stock Option Agreement and a copy of this Plan will be delivered to the Participant within a reasonable time after the granting of the Option.

5.3 Exercise Period

Options may be exercisable within the times or upon the events determined by the Committee as set forth in the Stock Option Agreement governing such Option; provided, however, that no Option will be exercisable after the expiration of ten (10) years from the date the Option is granted; and provided further that (i) no ISO granted to a person who directly or by attribution owns more than ten percent (10%) of the total combined voting power of all classes of shares or stock of the Company or of any Parent or Subsidiary of the Company (TEN PERCENT SHAREHOLDER) will be exercisable after the expiration of five (5) years from the date the ISO is granted and (ii) no Option granted to a person who is not an employee of the Company or any Parent or Subsidiary of the Company on the date of grant of that Option will be exercisable after the expiration of five (5) years from the date the Option is granted. The Committee also may provide for Options to become exercisable at one time or from time to time, periodically or otherwise, in such number of Shares or percentage of Shares as the Committee determines.

5.4 Exercise Price

The Exercise Price of an Option will be determined by the Committee when the Option is granted; provided that: (i) the Exercise Price will be not less than 100% of the Fair Market Value of the Shares on the date of grant; and (ii) the Exercise Price of any ISO granted to a Ten Percent Shareholder will not be less than 110% of the Fair Market Value of the Shares on the date of grant. In no event may the Exercise Price of an Option be less than the par value of the Shares. Payment for the Shares purchased may be made in accordance with Section 6 of this Plan.

5.5 Method of Exercise

(a) Options may be exercised only by delivery to the Company (or as the Company may direct) of a written stock option exercise agreement (the Exercise Agreement) (in the case of a written Exercise Agreement, in the form approved by the Board or the Committee, which need not be the same for each Participant), in each case stating the number of Shares being purchased, the restrictions imposed on the Shares purchased under such Exercise Agreement, if any, and such representations and agreements regarding Participant's investment intent and access to information and other matters, if any, as may be required or desirable by the Company to comply with applicable securities laws, together with payment in full of the Exercise Price for the number of Shares being purchased.

(b) A written Exercise Agreement may be communicated electronically through the use of such security device (including, without limitation, any logon identifier, password, personal identification number, smartcard, digital certificate, digital signature, encryption device, electronic key, and/or other code or any access procedure incorporating any one or more of the foregoing) as may be designated by the Board or the Committee for use in conjunction with the Plan from time to time (Security Device), or via an electronic page, site, or environment designated by the Company which is accessible only through the use of such Security Device, and such written Exercise Agreement shall thereby be deemed to have been sent by the designated holder of such Security

Table of Contents

Device. The Company (or its agent) may accept and act upon any written Exercise Agreement issued and/or transmitted through the use of the Participant's Security Device (whether actually authorized by the Participant or not) as his authentic and duly authorized Exercise Agreement and the Company (or its agent) may treat such Exercise Agreement as valid and binding on the Participant notwithstanding any error, fraud, forgery, lack of clarity or misunderstanding in the terms of such Exercise Agreement. All written Exercise Agreements issued and/or transmitted through the use of the Participant's Security Device (whether actually authorized by the Participant or not) are irrevocable and binding on the Participant upon transmission to the Company (or as the Company may direct) and the Company (or its agent) shall be entitled to effect, perform or process such Exercise Agreement without the Participant's further consent and without further reference to the Participant.

(c) The Company's records of the Exercise Agreements (whether delivered or communicated electronically or in printed form), and its record of any transactions maintained by any relevant person authorized by the Company relating to or connected with the Plan, whether stored in audio, electronic, printed or other form, shall be binding and conclusive on the Participant and shall be conclusive evidence of such Exercise Agreements and/or transactions. All such records shall be admissible in evidence and, in the case of a written Exercise Agreement which has been communicated electronically, the Participant shall not challenge or dispute the admissibility, reliability, accuracy or the authenticity of the contents of such records merely on the basis that such records were incorporated and/or set out in electronic form or were produced by or are the output of a computer system, and the Participant waives any of his rights (if any) to so object.

5.6 Termination

Notwithstanding the exercise periods set forth in the Stock Option Agreement, exercise of an Option will always be subject to the following:

- (a) If the Participant is Terminated for any reason except death or Disability, then the Participant may exercise such Participant's Options only to the extent that such Options would have been exercisable upon the Termination Date no later than three (3) months after the Termination Date (or such shorter or longer time period not exceeding five (5) years as may be determined by the Committee, provided, that any Option which is exercised beyond three (3) months after the Termination Date shall be deemed to be an NQSO), but in any event no later than the expiration date of the Options.
- (b) If the Participant is Terminated because of the Participant's death or Disability (or the Participant dies within three (3) months after a Termination other than for Cause or because of the Participant's Disability), then the Participant's Options may be exercised only to the extent that such Options would have been exercisable by the Participant on the Termination Date and must be exercised by the Participant (or the Participant's legal representative or authorized assignee) no later than twelve (12) months after the Termination Date (or such shorter or longer time period not exceeding five (5) years as may be determined by the Committee, provided, that any Option which is exercised beyond twelve (12) months after the Termination Date when the Termination is for Participant's Disability, shall be deemed to be an NQSO), but in any event no later than the expiration date of the Options.
- (c) If the Participant is terminated for Cause, then the Participant's Options shall expire on such Participant's Termination Date, or at such later time and on such conditions as are determined by the Committee (but in any event, no later than the expiration date of the Options).

5.7 Limitations on Exercise

The Committee may specify a reasonable minimum number of Shares that may be purchased on any exercise of an Option, provided that such minimum number will not prevent Participant from exercising the Option for the full number of Shares for which it is then exercisable.

5.8 Limitations on ISO

The aggregate Fair Market Value (determined as of the date of grant) of Shares with respect to which ISO are exercisable for the first time by a Participant during any calendar year (under this Plan or under any other incentive stock option plan of the Company, Parent or Subsidiary of the Company) will not exceed US\$100,000. If the Fair Market Value of Shares on the date of grant with respect to which ISO are exercisable for the first

Table of Contents

time by a Participant during any calendar year exceeds US\$100,000, then the Options for the first US\$100,000 worth of Shares to become exercisable in such calendar year will be ISO and the Options for the amount in excess of US\$100,000 that become exercisable in that calendar year will be NQSOs. In the event that the Code or the regulations promulgated thereunder are amended after the Effective Date of this Plan to provide for a different limit on the Fair Market Value of Shares permitted to be subject to ISO, such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

5.9 Modification, Extension or Renewal

The Committee may modify, extend or renew outstanding Options and authorize the grant of new Options in substitution therefor, provided that any such action may not, without the written consent of a Participant, impair any of such Participant's rights under any Option previously granted, and provided further that the exercise period of any Option may not in any event be extended beyond the periods specified in Section 5.3. Any outstanding ISO that is modified, extended, renewed or otherwise altered will be treated in accordance with Section 424(h) of the Code.

5.10 No Disqualification

Notwithstanding any other provision in this Plan, no term of this Plan relating to ISO will be interpreted, amended or altered, nor will any discretion or authority granted under this Plan be exercised, so as to disqualify this Plan under Section 422 of the Code or, without the consent of the Participant affected, to disqualify any ISO under Section 422 of the Code.

6. PAYMENT FOR SHARE PURCHASES

6.1 Payment

Payment for Shares purchased pursuant to this Plan may be made in cash (by check) or, where expressly approved for the Participant by the Committee and where permitted by law:

- (a) by cancellation of indebtedness of the Company to the Participant;
- (b) by waiver of compensation due or accrued to the Participant for services rendered;
- (c) with respect only to purchases upon exercise of an Option, and provided that a public market for the Company's Shares exists:
 - (i) through a same day sale commitment from the Participant and a broker-dealer that is a member of the National Association of Securities Dealers (an NASD DEALER) whereby the Participant irrevocably elects to exercise the Option and to sell a portion of the Shares so purchased to pay for the Exercise Price, and whereby the NASD Dealer irrevocably commits upon receipt of such Shares to forward the Exercise Price directly to the Company; or
 - (ii) through a margin commitment from the Participant and a NASD Dealer whereby the Participant irrevocably elects to exercise the Option and to pledge the Shares so purchased to the NASD Dealer in a margin account as security for a loan from the NASD Dealer in the amount of the Exercise Price, and whereby the NASD Dealer irrevocably commits upon receipt of such Shares to forward the Exercise Price directly to the Company;
- (d) conversion of a convertible note issued by the Company, the terms of which provide that it is convertible into Shares issuable pursuant to the Plan (with the principal amount and any accrued interest being converted and credited dollar for dollar to the payment of the Exercise Price); or
- (e) by any combination of the foregoing.

7. AUTOMATIC GRANTS TO OUTSIDE DIRECTORS

7.1 Types of Options and Shares

Options granted under this Plan and subject to this Section 7 shall be NQSOs.

7.2 Eligibility

Options subject to this Section 7 shall be granted only to Outside Directors. In no event, however, may any Outside Director be granted any Options under this Section 7 if such grant is (a) prohibited, or (b) restricted (either absolutely or subject to various securities requirements, whether legal or administrative, being complied with), in the jurisdiction in which such Outside Director is resident under the relevant securities laws of that jurisdiction.

7.3 Initial Grant

Each Outside Director who first becomes a member of the Board after the Effective Date will automatically be granted an Option for 20,000 Shares (an INITIAL GRANT) on the date such Outside Director first becomes a member of the Board. Each Outside Director who became a member of the Board on or prior to the Effective Date and who did not receive a prior option grant (under this Plan or otherwise and from the Company or any of its corporate predecessors) will receive an Initial Grant on the Effective Date.

7.4 Succeeding Grant

Immediately following each Annual General Meeting of shareholders of the Company, each Outside Director will automatically be granted an Option for 6,000 Shares (a SUCCEEDING GRANT), provided, that the Outside Director is a member of the Board on such date and has served continuously as a member of the Board for a period of at least twelve (12) months since the last Option grant (whether an Initial Grant or a Succeeding Grant) to such Outside Director. If less than twelve (12) months has passed, then the number of shares subject to the Succeeding Grant will be pro-rated based on the number of days passed since the last Option grant to such Outside Director, divided by 365 days.

7.5 Vesting and Exercisability

The date an Outside Director receives an Initial Grant or a Succeeding Grant is referred to in this Plan as the START DATE for such Option.

(a) *Initial Grant.* Each Initial Grant will vest and be exercisable as to 25% of the Shares on the first one year anniversary of the Start Date for such Initial Grant, and thereafter as to 1/48 of the Shares at the end of each full succeeding month, so long as the Outside Director continuously remains a director or a consultant of the Company.

(b) *Succeeding Grant.* Each Succeeding Grant will vest and be exercisable as to 25% of the Shares on the first one year anniversary of the Start Date for such Succeeding Grant, and thereafter as to 1/48 of the Shares at the end of each full succeeding month, so long as the Outside Director continuously remains a director or a consultant of the Company. No Options granted to an Outside Director will be exercisable after the expiration of five (5) years from the date the Option is granted to such Outside Director. If the Outside Director is Terminated, the Outside Director may exercise such Outside Director's Options only to the extent that such Options would have been exercisable upon the Termination Date for such period as set forth in Section 5.6. Notwithstanding any provision to the contrary, in the event of a Corporate Transaction described in Section 15.1, the vesting of all Options granted to Outside Directors pursuant to this Section 7 will accelerate and such Options will become exercisable in full prior to the consummation of such event at such times and on such conditions as the Committee determines, and must be exercised, if at all, within three (3) months of the consummation of said event. Any Options not exercised within such three-month period shall expire. Notwithstanding any provision to the contrary, in the event of a Hostile Take-Over, the Outside Director shall have a thirty-day period in which to surrender to the Company each option held by him or her under this Plan for a period of at least six (6) months. The Outside Director shall in return be entitled to a cash distribution from the Company in an amount equal to the excess of (i) the Take-Over Price of the Shares at the time subject to the surrendered Option (whether or not the Option is otherwise at the time exercisable for those Shares) over (ii) the

Table of Contents

aggregate Exercise Price payable for such Shares. Such cash distribution shall be paid within five (5) days following the surrender of the Option to the Company. Neither the approval of the Committee nor the consent of the Board shall be required in connection with such option surrender and cash distribution. The Shares subject to each Option surrendered in connection with the Hostile Take-Over shall NOT be available for subsequent issuance under the Plan.

7.6 Exercise Price

The Exercise Price of an Option pursuant to an Initial Grant and Succeeding Grant shall be the Fair Market Value of the Shares, at the time that the Option is granted.

8. WITHHOLDING TAXES

8.1 Withholding Generally

Whenever Shares are to be issued in satisfaction of Awards granted under this Plan, the Company may require the Participant to remit to the Company an amount sufficient to satisfy federal, state and local withholding tax requirements prior to the delivery of any certificate or certificates for such Shares. Whenever, under this Plan, payments in satisfaction of Awards are to be made in cash, such payment will be net of an amount sufficient to satisfy federal, state, and local withholding tax requirements.

8.2 Stock Withholding

When, under applicable tax laws, a Participant incurs tax liability in connection with the exercise or vesting of any Award that is subject to tax withholding and the Participant is obligated to pay the Company the amount required to be withheld, the Committee may in its sole discretion, and subject to compliance with all applicable laws and regulations, allow the Participant to satisfy the minimum withholding tax obligation by electing to have the Company withhold from the Shares to be issued that number of Shares having a Fair Market Value equal to the minimum amount required to be withheld, determined on the date that the amount of tax to be withheld is to be determined. All elections by a Participant to have Shares withheld for this purpose will be made in accordance with the requirements established by the Committee and be in writing in a form acceptable to the Committee.

9. TRANSFERABILITY

9.1 Except as otherwise provided in this Section 9, Awards granted under this Plan, and any interest therein, will not be transferable or assignable by a Participant, and may not be made subject to execution, attachment or similar process, otherwise than by will or by the laws of descent and distribution or as determined by the Committee and set forth in the Award Agreement with respect to Awards. Notwithstanding the foregoing, (i) Participants may transfer or assign their Options to Family Members through a gift or a domestic relations order (and not in a transfer for value), and (ii) if the terms of the applicable instrument evidencing the grant of an Option so provide, Participants who reside outside of the United States and Singapore may assign their Options to a financial institution outside of the United States and Singapore that has been approved by the Committee, in accordance with the terms of the applicable instrument, subject to Code regulations providing that any transfer of an ISO may cause such ISO to become a NQSO. The Participant shall be solely responsible for effecting any such assignment, and for ensuring that such assignment is valid, legal and binding under all applicable laws. The Committee shall have the discretion to adopt such rules as it deems necessary to ensure that any assignment is in compliance with all applicable laws.

9.2 All Awards other than NQSO s

All Awards other than NQSO s shall be exercisable: (i) during the Participant s lifetime, only by (A) the Participant, or (B) the Participant s guardian or legal representative; and (ii) after Participant s death, by the legal representative of the Participant s heirs or legatees.

Table of Contents

9.3 NQSOs

Unless otherwise restricted by the Committee, an NQSO shall be exercisable: (i) during the Participant's lifetime only by (A) the Participant, (B) the Participant's guardian or legal representative, (C) a Family Member of the Participant who has acquired the NQSO by permitted transfer; as defined below, (ii) by a transferee that is permitted pursuant to clause (ii) of Section 9.2, for such period as may be authorized by the terms of the applicable instrument evidencing the grant of the applicable Option, or by the Committee, and (iii) after Participant's death, by the legal representative of the Participant's heirs or legatees. Permitted transfer means any transfer of an interest in such NQSO by gift or domestic relations order effected by the Participant during the Participant's lifetime. A permitted transfer shall not include any transfer for value; provided that the following shall be permitted transfers and shall not be considered to be transfers for value: (a) a transfer under a domestic relations order in settlement of marital property rights or (b) a transfer to an entity in which more than fifty percent of the voting interests are owned by Family Members or the Participant in exchange for an interest in that entity.

10. PRIVILEGES OF STOCK OWNERSHIP

No Participant will have any of the rights of a shareholder with respect to any Shares until the Shares are issued to the Participant. After Shares are issued to the Participant, the Participant will be a shareholder and have all the rights of a shareholder with respect to such Shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such Shares.

11. CERTIFICATES

All certificates for Shares or other securities delivered under this Plan will be subject to such stock transfer orders, legends and other restrictions as the Committee may deem necessary or advisable, including restrictions under any applicable federal, state or foreign securities law, or any rules, regulations and other requirements of the SEC or any stock exchange or automated quotation system upon which the Shares may be listed or quoted.

12. EXCHANGE AND BUYOUT OF AWARDS

The Committee may, at any time or from time to time and subject to compliance with all applicable laws and regulations, authorize the Company, with the consent of the respective Participants, to issue new Awards in exchange for the surrender and cancellation of any or all outstanding Awards. The Committee may at any time and subject to compliance with all applicable laws and regulations buy from a Participant an Award previously granted with payment in cash, Shares or other consideration, based on such terms and conditions as the Committee and the Participant may agree.

13. SECURITIES LAW AND OTHER REGULATORY COMPLIANCE

An Award will not be effective unless such Award is in compliance with all applicable federal and state securities laws, rules and regulations of any governmental body, and the requirements of any stock exchange or automated quotation system upon which the Shares may then be listed or quoted, as they are in effect on the date of grant of the Award and also on the date of exercise or other issuance. Notwithstanding any other provision in this Plan, the Company will have no obligation to issue or deliver certificates for Shares under this Plan prior to: (a) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and/or (b) completion of any registration or other qualification of such Shares under any state or federal law or ruling of any governmental body that the Company determines to be necessary or advisable. The Company will be under no obligation to register the Shares with the SEC or to effect compliance with the registration, qualification or listing requirements of any state securities laws, stock exchange or automated quotation system, and the Company will have no liability for any inability or failure to do so.

14. NO OBLIGATION TO EMPLOY

Nothing in this Plan or any Award granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or any Parent or Subsidiary of the Company or limit in any way the right of the Company or any Parent or

Table of Contents

Subsidiary of the Company to terminate Participant's employment or other relationship at any time, with or without cause.

15. CORPORATE TRANSACTIONS

15.1 Assumption or Replacement of Awards by Successor

Except for automatic grants to Outside Directors pursuant to Section 7 hereof, in the event of (a) a dissolution or liquidation of the Company, (b) a merger or consolidation in which the Company is not the surviving corporation (other than a merger or consolidation with a wholly-owned subsidiary, a reincorporation of the Company in a different jurisdiction, or other transaction in which there is no substantial change in the shareholders of the Company or their relative share holdings and the Awards granted under this Plan are assumed, converted or replaced by the successor corporation, which assumption will be binding on all Participants), (c) a merger in which the Company is the surviving corporation but after which the shareholders of the Company immediately prior to such merger (other than any shareholder that merges, or which owns or controls another corporation that merges, with the Company in such merger) cease to own their shares or other equity interest in the Company, (d) the sale of substantially all of the assets of the Company, or (e) the acquisition, sale, or transfer of more than 50% of the outstanding shares of the Company by tender offer or similar transaction (each, a CORPORATE TRANSACTION), each Option which is at the time outstanding under this Plan shall automatically accelerate so that each such Option shall, immediately prior to the specified effective date for the Corporate Transaction, become fully exercisable with respect to the total number of Shares at the time subject to such Option and may be exercised for all or any portion of such Shares. However, subject to the specific terms of a Participant's Award Agreement, an outstanding Option under this Plan shall not so accelerate if and to the extent: (i) such Option is, in connection with the Corporate Transaction, either to be assumed by the successor corporation or parent thereof or to be replaced with a comparable Option to purchase shares of the capital stock of the successor corporation or parent thereof, (ii) such Option is to be replaced with a cash incentive program of the successor corporation which preserves the Option spread existing at the time of the Corporate Transaction and provides for subsequent payout in accordance with the same vesting schedule applicable to such Option or (iii) the acceleration of such Option is subject to other limitations imposed by the Committee at the time of the Option grant. The determination of Option comparability under clause (i) above shall be made by the Committee, and its determination shall be final, binding and conclusive.

15.2 Other Treatment of Awards

Subject to any greater rights granted to Participants under the foregoing provisions of this Section 15 or other specific terms of a Participant's Award Agreement, in the event of the occurrence of any Corporate Transaction described in Section 15.1, any outstanding Awards will be treated as provided in the applicable agreement or plan of merger, consolidation, dissolution, liquidation, or sale of assets.

15.3 Assumption of Awards by the Company

The Company, from time to time, also may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of such other company or otherwise, by either: (a) granting an Award under this Plan in substitution of such other company's award; or (b) assuming such award as if it had been granted under this Plan if the terms of such assumed award could be applied to an Award granted under this Plan. Such substitution or assumption will be permissible if the holder of the substituted or assumed award would have been eligible to be granted an Award under this Plan if the other company had applied the rules of this Plan to such grant. In the event the Company assumes an award granted by another company, the terms and conditions of such award will remain unchanged (except that the Exercise Price and the number and nature of Shares issuable upon exercise of any such Option will be adjusted appropriately pursuant to Section 424(a) of the Code). In the event the Company elects to grant a new Option rather than assuming an existing Option, such new Option may be granted with a similarly adjusted Exercise Price.

16. ADOPTION AND SHAREHOLDER APPROVAL

This Plan will become effective on the date on which the Board adopts the Plan (the EFFECTIVE DATE). This Plan shall be approved by the shareholders of the Company (excluding Shares issued pursuant to

Table of Contents

this Plan), consistent with applicable laws, within twelve (12) months before or after the date this Plan is adopted by the Board. Upon the Effective Date, the Committee may grant Awards pursuant to this Plan; provided, however, that: (a) no Option may be exercised prior to initial shareholder approval of this Plan; (b) no Option granted pursuant to an increase in the number of Shares subject to this Plan approved by the Board will be exercised prior to the time such increase has been approved by the shareholders of the Company; (c) in the event that initial shareholder approval is not obtained within the time period provided herein, all Awards granted hereunder shall be cancelled; and (d) in the event that shareholder approval of such increase is not obtained within the time period provided herein, all Awards granted pursuant to such increase will be cancelled.

17. TERM OF PLAN/ GOVERNING LAW

Unless earlier terminated as provided herein, this Plan will terminate ten (10) years from the date this Plan is adopted by the Board or, if earlier, the date of shareholder approval. This Plan and all agreements thereunder shall be governed by and construed in accordance with the laws of the State of California.

18. AMENDMENT OR TERMINATION OF PLAN

The Board has complete and exclusive power and authority to amend or modify the Plan (or any component thereof) in any or all respects whatsoever. However, (i) no such amendment or modification shall adversely affect rights and obligations with respect to Options at the time outstanding under the Plan, unless the Participant consents to such amendment, and (ii) the automatic grants to Outside Directors pursuant to Section 7 may not be amended at intervals more frequently than once every six (6) months, other than to the extent necessary to comply with applicable U.S. income tax laws and regulations. In addition, the Board may not, without the approval of the Company's shareholders, amend the Plan to (i) materially increase the maximum number of Shares issuable under the Plan or the number of Shares for which Options may be granted per newly-elected or continuing Outside Director or the maximum number of Shares for which any one individual participating in the Plan may be granted Options, (ii) materially modify the eligibility requirements for plan participation or (iii) materially increase the benefits accruing to Participants. The Board may at any time terminate or amend this Plan in any respect, including without limitation amendment of any form of Award Agreement or instrument to be executed pursuant to this Plan; provided, however, that the Board will not, without the approval of the shareholders of the Company, amend this Plan in any manner that requires such shareholder approval.

19. NONEXCLUSIVITY OF THE PLAN

Neither the adoption of this Plan by the Board, the submission of this Plan to the shareholders of the Company for approval, nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock options and bonuses otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

20. STOCK BONUSES

A Stock Bonus is a grant of Shares by the Company to an individual who has satisfied the terms and conditions set by the Committee on the making of such grant. The Committee will determine to whom a grant may be made, the number of Shares that may be granted, the restrictions to the making of such grant, and all other terms and conditions of the Stock Bonus. The conditions to grant may be based upon completion of a specified number of years of service with the Company or upon completion of the performance goals as set out by the Committee. Grants of Stock Bonuses may vary from Participant to Participant and between groups of Participants. Prior to the grant of a Stock Bonus, the Committee shall: (a) determine the nature, length and starting date of any Performance Period that may be a condition precedent to grant of a Stock Bonus; (b) select from among the Performance Factors to be used to measure performance goals, if any; and (c) determine the number of Shares that may be awarded to the Participant. Prior to the grant of any Stock Bonus, the Committee shall determine the extent to which such Stock Bonus has been earned. Performance Periods may overlap and Participants may participate simultaneously with respect to Stock Bonuses that are subject to different Performance Periods and having different performance goals and other criteria. Participants shall be required to pay the par value for any Shares issued as a Stock Bonus.

These statutory financial statements are the responsibility of the Parent's directors. Our responsibility is to express an opinion on these statutory financial statements based on our audit. The statutory financial statements for the year ended March 31, 2002 were audited by another firm of auditors whose report dated June 15, 2002 expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with Singapore Standards on Auditing. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the statutory financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statutory financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the directors, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion:

- a) the statutory financial statements are properly drawn up in accordance with the provisions of the Singapore Companies Act, Cap. 50 (Act) and accounting principles generally accepted in the United States of America (as approved by the Registrar of Companies and Businesses of Singapore) so as to give a true and fair view of the state of affairs of the Company and of the Parent as at March 31, 2004, and of the results, changes in equity and cash flows of the Company for the financial year then ended; and

This is a copy of the audit report previously issued by Arthur Andersen LLP, the Company's former independent accountants, in connection with the Company's Annual Report on Form 10-K for the year ended March 31, 2002. This audit report has not been reissued by Arthur Andersen LLP nor has Arthur Andersen LLP provided consent to the inclusion of its report in this Form 10-K. The consolidated balance sheet as of March 31, 2002, the related consolidated statements of operations, comprehensive income (loss), shareholders' equity and cash flows for the year ended March 31, 2000 and the information in the financial statement schedule (Schedule II - Valuation and Qualifying Accounts) for the year ended March 31, 2001, each of which is referenced in the audit report, are not included in the Company's Form 10-K for the year ended March 31, 2004.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To Flextronics International Ltd.:

We have audited the accompanying consolidated balance sheets of Flextronics International Ltd. (a Singapore Company) and subsidiaries (collectively the Company) as of March 31, 2002 and 2001 and the related consolidated statements of operations, comprehensive income (loss), shareholders' equity and cash flows for each of the three years in the period ended March 31, 2002. These financial statements and the schedule referred to below are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and the schedule based on our audits. We did not audit the consolidated statement of operations, shareholders' equity and cash flows of The DII Group, Inc., a company acquired during fiscal year 2001 in a transaction accounted for as a pooling of interests, for the year ended January 2, 2000, as discussed in Note 11. Such statements are included in the consolidated financial statements of Flextronics International Ltd. and reflect total revenues of 19% of the related consolidated total for the year ended March 31, 2000. These statements were audited by other auditors whose report has been furnished to us and our opinion, insofar as it relates to amounts included for The DII Group, Inc., is based solely upon the report of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the report of other auditors, the consolidated financial statements referred to above present fairly in all material respects, the financial position of Flextronics International Ltd. and subsidiaries as of March 31, 2002 and 2001, and the results of their operations and their cash flows for each of the three years in the period ended March 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audits and the report of other auditors were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule listed under Item 14(a)2 is presented for the purpose of complying with the Securities and Exchange Commission's rules and is not part of the basic financial statements. This schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly states in all material respects the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.
