Chairman's
LETTER TO SHAREHOLDERS

Once again, I am pleased to report that over the 12-month period covered by this report your Fund continued to provide you with attractive monthly tax-free income. For more details about the management strategy and performance of your Fund, please see the Portfolio Managers' Comments and Performance Overview sections of this report.

Given recent reports of a strengthening economy, some market commentators are speculating about whether longer-term interest rates will soon begin to rise substantially, mirroring the rise that has taken place in shorter-term rates. If longer-term rates do begin to rise significantly, some have suggested that this would be a signal to begin selling your holdings of fixed-income investments.

"IN FACT, A WELL-DIVERSIFIED PORTFOLIO MAY ACTUALLY HELP TO REDUCE YOUR OVERALL INVESTMENT RISK OVER THE LONG TERM."

Nobody knows what the market will do in the future or what investments will turn out to be tomorrow's best performers. But from our experience, we do know that a well-balanced portfolio, structured and carefully monitored with the help of a trusted investment professional, can be an important component in helping you achieve your long-term financial goals. In fact, a well-diversified portfolio may actually help to reduce your overall investment risk over the long term. That is one reason why we believe that a municipal bond investment like your Fund can be an important building block in a comprehensive investment program designed to perform well in a variety of market conditions.

As an added convenience for you, I urge you to consider receiving future Fund reports and other Fund information by e-mail and the Internet. Not only will you be able to receive the information faster, but this also may help lower your Fund's expenses. Sign up is quick and easy - see the inside front cover of this report for instructions.

Earlier in 2005, The St. Paul Travelers Companies, Inc., which owned 79% of Nuveen Investments, Inc. (the parent of your Fund's investment adviser), sold a substantial portion of its stake in Nuveen. More recently, St. Paul sold the balance of its shares to Nuveen Investments or to others. Please be assured that these transactions only affect Nuveen's corporate structure, and they do not have any impact on the investment objectives or management of your Fund.

At Nuveen Investments, our mission continues to be to assist you and your

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

financial advisor by offering investment services and products that can help you to secure your financial objectives. We are grateful that you have chosen us as a partner as you pursue your financial goals, and we look forward to continuing to earn your trust in the months and years ahead.

Sincerely,
/s/ Timothy R. Schwertfeger

Timothy R. Schwertfeger
Chairman of the Board

Nuveen Investments Municipal Exchange-Traded Closed-End Funds
NUV, NMI

Portfolio Managers'
COMMENTS

Portfolio managers Tom Spalding and John Miller discuss the economic and municipal market environments, key investment strategies and the annual performance of NUV and NMI. With 30 years of investment experience at Nuveen, Tom has managed NUV since its inception in 1987. John, who has 12 years of municipal market experience, including 9 years with Nuveen, assumed portfolio management responsibility for NMI in 2001.

WHAT FACTORS AFFECTED THE U.S. ECONOMY AND MUNICIPAL MARKET DURING THE 12-MONTH PERIOD ENDED OCTOBER 31, 2005?

Between November 1, 2004, and October 31, 2005, the Federal Reserve implemented eight 0.25% increases in the closely-watched fed funds rate. These increases, which were aimed at controlling the pace of inflation, raised this short-term target rate to 3.75% from 1.75%. (On November 1, 2005 and December 13, 2005, the fed funds rate was increased by 0.25% to reach 4.25%.) Over this same 12-month period, shorter-term municipal market rates also rose significantly.

Longer-term yields declined throughout much of this period before rising toward the end of the fiscal year. The yield on the benchmark 10-year U.S. Treasury note ended October 2005 at 4.56%, compared with 4.03% one year earlier. Longer-term yields in the municipal market followed a similar pattern, with the yield on the Bond Buyer 25 Revenue Bond Index, a widely followed measure of longer-term municipal market rates, ending the reporting period at 5.21%, an increase of 24 basis points from October 31, 2004. Together, the steady rise in shorter-term rates and the much more modest increase in longer rates over this period produced an overall flattening of the yield curve, which generally led to better relative performance for bonds with longer effective maturities and poorer returns for bonds with shorter maturities or short call dates.

The economy continued to improve over the 12-month period. After expanding at an annualized rate of 3.3% in the fourth quarter of 2004, the U.S. gross domestic product (GDP) grew by annualized rates of 3.8% in the first quarter of 2005, 3.3% in the second quarter and 3.8% in the third quarter. The overall employment picture showed some improvement, with national unemployment at 5.0% in October 2005, down from 5.5% in October 2004. However, the 4.3% year-over-year increase

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

in the Consumer Price Index as of October 2005 raised some inflation concerns.

Over the 12 months ended October 2005, municipal bond new issue supply nationwide remained strong, as \$363.4 billion in new securities came to market. A major factor behind this strong supply was the flattening yield curve, which made advance refundings more economically attractive for many issuers. (Advance refundings, also known as pre-refundings or refinancings, occur when an issuer sells new bonds and uses the proceeds to fund the principal and interest payments of older, previously issued bonds that carry a higher coupon rate. This process usually results in lower total borrowing costs for bond

4

issuers.) Between January and October 2005, pre-refunding volume was nearly 50% higher than during the same period in 2004, as issuers sought to take advantage of the current interest rate environment.

WHAT KEY STRATEGIES WERE USED TO MANAGE THESE FUNDS DURING THE 12 MONTHS ENDED OCTOBER 31, 2005?

With the Fed continuing to raise short-term interest rates and the overall flattening of the yield curve, our focus during this reporting period centered on finding attractive bonds that we believed would add value to the portfolios of NUV and NMI and that, in our judgment, also had the potential to perform well under a variety of future market scenarios.

While both NUV and NMI are diversified, unleveraged Funds, their investment parameters differ slightly. For example, NMI can invest up to 25% of its portfolio in below investment-grade quality bonds that may carry more credit risk but typically offer higher yields. NUV is more restricted in its ability to invest in below-investment-grade securities. As a result, there were some minor differences in areas of emphasis between the two Funds during this reporting period. Overall, the ample new issue supply available during this period provided both Funds with good opportunities to find the types of bonds they were seeking, and we kept an opportunistic eye toward all types of issuance that we believed could add value to the Funds' portfolios.

In NUV, our purchase activity generally emphasized finding bonds with adequate call protection that matured in about 25 years. In particular, we looked for premium bonds, which are bonds trading above their par values because their coupons were higher than the coupon levels of newly issued bonds. Historically, premium bonds have held their value better than current coupon bonds when interest rates have risen. Premium bonds also are good candidates for advance refundings, and trading pre-refunded bonds at opportune times in the interest rate cycle has historically been a key strategy for adding value to this Fund.

In general in NUV, we tried to buy essential services revenue bonds that would also help us keep the Fund well diversified geographically. Lower-rated bonds generally were in great demand during this period. As a result we did not find many attractive opportunities among lower-rated issues to add securities that we believed would enhance the value of the portfolio. The majority of our purchase activity focused on higher quality bonds, especially during the second half of this 12-month period.

In NMI, we believed the Fund was already aggressively positioned in higher-yielding, lower-rated credits. Therefore, our new purchases during this period tended to focus on higher-grade and insured securities, primarily in the 20-year to 30-year part of the yield curve. As mentioned earlier, the flattening of the yield curve resulted in a dramatic rise in advance refundings. While this

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

had a positive impact on NMI's performance, it also had a shortening effect on the Fund's duration.¹ The longer durations of the bonds we added to

- 1 Duration is a measure of a bond's price sensitivity as interest rates change, with longer duration bonds displaying more sensitivity to these changes than bonds with shorter durations.

5

NMI's portfolio during this period enabled us to maintain the Fund's duration within our desired range and helped to improve the Fund's overall call protection. We found many of the higher-quality, longer maturity bonds that we sought in the healthcare and public power sectors.

HOW DID THE FUNDS PERFORM?

Individual results for these Funds, as well as for comparative indexes and averages, are presented in the accompanying table.

TOTAL RETURNS ON NET ASSET VALUE*

For periods ended 10/31/05

	1-YEAR	5-YEAR	10-YEAR
NUV	5.73%	6.27%	5.82%
NMI	5.93%	5.36%	5.15%
Lehman Brothers Municipal Bond Index ²	2.54%	5.98%	5.85%
Lipper General and Insured Unleveraged Municipal Debt Funds Average ³	4.28%	5.40%	5.44%

*Annualized

Past performance is not predictive of future results. Current performance may be higher or lower than the data shown. Returns do not reflect the deduction of taxes that shareholders may have to pay on Fund distributions or upon the sale of Fund shares.

For additional information, see the individual Performance Overview for your Fund in this report.

For the 12 months ended October 31, 2005, the total returns on net asset value (NAV) for both NUV and NMI significantly exceeded the return on the Lehman Brothers Municipal Bond Index. Both Funds also outperformed the average return for their Lipper peer group for this period.

As noted earlier, the municipal market yield curve flattened over the course of this reporting period. Longer maturity bonds generally performed better than securities with shorter maturities. Relatively heavier exposure to the longer part of the yield curve helped the performances of both Funds when compared with the Lehman Brothers index, which is more evenly weighted across the entire yield

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

curve.

Two of the key elements in the performance of both Funds for this period were credit exposure and advance refundings. Both Funds benefited from their allocations of lower-quality bonds, as securities rated BBB and lower generally outperformed higher-rated credits. This was largely the result of the interest rate environment during this time, as investor demand for the higher yields typically associated with lower-quality bonds drove up the value of these bonds even though values of higher-rated bonds were falling

- 2 The Lehman Brothers Municipal Bond Index is an unleveraged, unmanaged national index comprising a broad range of investment-grade municipal bonds. Results for the Lehman index do not reflect any expenses.
- 3 The Lipper General and Insured Unleveraged Municipal Debt Funds category average is calculated using the returns of all closed-end exchange-traded funds in this category for each period as follows: 1 year, 8 funds; 5 years, 8 funds; and 10 years, 8 funds. Fund and Lipper returns assume reinvestment of dividends.

6

because of rising interest rates. As of October 31, 2005, allocations of bonds rated BBB and lower and non-rated bonds accounted for 22% of NUV's portfolio and 52% of NMI. In an environment where the high-yield segment of the Lehman municipal index substantially outperformed the general municipal market, this higher weighting in lower-quality bonds gave NMI a slight performance advantage over NUV over this one-year period.

In assessing individual lower-rated credits during this period, deciding which securities to sell or avoid due to the potential for credit problems was just as important to the Funds' performances as deciding which securities to buy or continue to hold. Among the lower-rated holdings making significant contributions to the Funds' total returns for this period were bonds backed by the 1998 master tobacco settlement agreement. As the litigation environment improved and supply/demand dynamics drove tobacco bond prices higher, these securities made strong, positive contributions to the returns of both Funds. Both held approximately 6% of their portfolios in tobacco bonds as of October 31, 2005. Lower-rated hospital holdings also contributed to the Funds' total returns, as the healthcare sector ranked second in terms of performance among the Lehman municipal revenue sectors for the period. Two of the better-performing hospital bonds held by both Funds were securities issued for the Detroit Medical Center, which had its outlook upgraded to positive by all three major credit rating agencies, and Knox County hospital revenue bonds issued for Baptist Health System of East Tennessee. NMI sold its Detroit Medical Center position prior to the end of this reporting period.

An additional positive factor in the performance of these Funds was their holdings of zero coupon bonds. These bonds do not make periodic interest payments and therefore typically have very long initial maturities. The prices of these bonds tend to be very sensitive to changes in interest rates. Zero coupon bonds in the Lehman Municipal Bond Index outperformed the general market by 130 basis points.

In addition to yield curve positioning, credit exposure, and specific holdings, another important factor in the Funds' returns during this period was advance refundings. Refinancings rose sharply during this period, and the Funds'

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

performances benefited from the amount of their portfolios that became advance refunded and the timing of these events. Generally, newly refunded bonds received a higher credit rating, which usually translates to a higher price.

While newly pre-refunded bonds tended to enhance the Funds' returns, the Funds' holdings of older, previously pre-refunded bonds tended to underperform the general municipal market during this period, primarily because of the shorter effective maturities of these bonds. As more of the Funds' holdings became advance refunded, we were selling selected issues to keep our allocations of pre-refunded credits at desired levels.

7

HOW WERE THE FUNDS POSITIONED IN TERMS OF CREDIT QUALITY AND BOND CALLS AS OF OCTOBER 31, 2005?

Even though lower-rated credits continued to perform well during this period, we believed that maintaining overall strong credit quality was an important requirement. As of October 31, 2005, NUV held 65% of its portfolio in bonds rated AAA/U.S. guaranteed and AA. NMI, which can invest up to 25% of its portfolio in below investment-grade quality bonds, held 82% of its portfolio in securities either rated investment-grade or in unrated bonds considered by us to be of investment-grade quality.

As of October 31, 2005, potential call exposure for the period from November 2005 through the end of 2006 totaled 10% in NUV and 12% in NMI. The number of actual bond calls in these Funds depends largely on future market interest rates.

8

Dividend and Share Price INFORMATION

The dividends of both NUV and NMI remained stable throughout the 12-month reporting period ended October 31, 2005.

In addition, due to normal portfolio activity, common shareholders of these Funds received capital gains and net ordinary income distributions at the end of December 2004 as follows:

	LONG-TERM CAPITAL GAINS (PER SHARE)	ORDINARY INCOME (PER SHARE)
NUV	\$ 0.0559	\$ 0.0063
NMI	\$ --	\$ 0.0002

Each of these Funds seeks to pay stable dividends at rates that reflect the Fund's past results and projected future performance. During certain periods, each Fund may pay dividends at a rate that may be more or less than the amount of net investment income actually earned by the Fund during the period. If a Fund has cumulatively earned more than it has paid in dividends, it holds the excess in reserve as undistributed net investment income (UNII) as part of the

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

Fund's NAV. Conversely, if a Fund has cumulatively paid dividends in excess of its earnings, the excess constitutes negative UNII that is likewise reflected in the Fund's NAV. Each Fund will, over time, pay all of its net investment income as dividends to shareholders. As of October 31, 2005, both NUV and NMI had positive UNII balances for both tax purposes and financial statement purposes.

At the end of the reporting period, the Funds' share prices were trading at discounts to their NAVs as shown in the accompanying chart:

	10/31/05 DISCOUNT	12-MONTH AVERAGE DISCOUNT
NUV	-5.62%	-7.87%
NMI	-2.76%	-4.80%

- 1 Taxable-equivalent yield represents the yield that must be earned on a fully taxable investment in order to equal the yield of the Fund on an after-tax basis. It is based on a federal income tax rate of 28%. When comparing the Fund to investments that generate qualified dividend income, the taxable-equivalent yield is lower.
- 2 The Fund also paid shareholders capital gains and net ordinary income distributions in December 2004 of \$0.0622 per share.

- 1 Taxable-equivalent yield represents the yield that must be earned on a fully taxable investment in order to equal the yield of the Fund on an after-tax basis. It is based on a federal income tax rate of 28%. When comparing the Fund to investments that generate qualified dividend income, the taxable-equivalent yield is lower.

- 2 The Fund also paid shareholders a net ordinary income distribution in December 2004 of \$0.0002 per share.

Report of
INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

THE BOARD OF DIRECTORS AND SHAREHOLDERS
NUVEEN MUNICIPAL VALUE FUND, INC.
NUVEEN MUNICIPAL INCOME FUND, INC.

We have audited the accompanying statements of assets and liabilities, including the portfolios of investments, of Nuveen Municipal Value Fund, Inc. and Nuveen Municipal Income Fund, Inc. as of October 31, 2005, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the Standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Funds' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2005, by correspondence with the custodian and brokers or other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial positions of Nuveen Municipal Value Fund, Inc. and Nuveen Municipal Income Fund, Inc. at October 31, 2005, and the results of their operations for the year then ended, changes in their net assets for each of the two years in the period then ended, and their financial highlights for each of the five years in the period then ended in conformity with U.S. generally accepted accounting principles.

Notes to
FINANCIAL STATEMENTS

1. GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

The funds (the "Funds") covered in this report and their corresponding New York Stock Exchange symbols are Nuveen Municipal Value Fund, Inc. (NUV) and Nuveen Municipal Income Fund, Inc. (NMI). The Funds are registered under the Investment Company Act of 1940, as amended, as closed-end, diversified management investment companies.

Each Fund seeks to provide current income exempt from regular federal income tax by investing primarily in a diversified portfolio of municipal obligations issued by state and local government authorities or certain U.S. territories.

Effective January 1, 2005, Nuveen Advisory Corp. ("NAC"), the Funds' previous Adviser, and its affiliate, Nuveen Institutional Advisory Corp. ("NIAC"), were merged into Nuveen Asset Management ("NAM"), each wholly owned subsidiaries of Nuveen Investments, Inc. ("Nuveen"). As a result of the merger, NAM is now the Adviser to all funds previously advised by either NAC or NIAC.

The following is a summary of significant accounting policies followed by the Funds in the preparation of their financial statements in accordance with U.S. generally accepted accounting principles.

Investment Valuation

The prices of municipal bonds in each Fund's investment portfolio are provided by a pricing service approved by the Fund's Board of Directors. When market price quotes are not readily available (which is usually the case for municipal securities), the pricing service or, in the absence of a pricing service for a particular security, the Board of Directors of the Funds, or its designee, may establish fair market value using a wide variety of market data including yields or prices of municipal bonds of comparable quality, type of issue, coupon, maturity and rating, market quotes or indications of value from securities dealers, evaluations of anticipated cash flows or collateral, general market conditions and other information and analysis, including the obligor's credit characteristics considered relevant by the pricing service or the Board of Directors' designee. Temporary investments in securities that have variable rate and demand features qualifying them as short-term investments are valued at amortized cost, which approximates market value.

Investment Transactions

Investment transactions are recorded on a trade date basis. Realized gains and losses from transactions are determined on the specific identification method. Investments purchased on a when-issued or delayed delivery basis may have extended settlement periods. Any investments so purchased are subject to market fluctuation during this period. The Funds have instructed the custodian to segregate assets with a current value at least equal to the amount of the when-issued and delayed delivery purchase commitments. At October 31, 2005, there were no such outstanding purchase commitments in either of the funds.

Investment Income

Interest income, which includes the amortization of premiums and accretion of discounts for financial reporting purposes, is recorded on an accrual basis. Investment income also includes paydown gains and losses, if any.

Professional Fees

Professional fees presented in the Statement of Operations consist of legal fees incurred in the normal course of operations, audit fees, tax consulting fees and, in some cases, workout expenditures. Workout expenditures are incurred in an attempt to protect or enhance an investment, or to pursue other claims or legal actions on behalf of Fund shareholders.

Notes to
FINANCIAL STATEMENTS (continued)

Federal Income Taxes

Each Fund is a separate taxpayer for federal income tax purposes. Each Fund intends to distribute substantially all net investment income and net capital gains to shareholders and to otherwise comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies. Therefore, no federal income tax provision is required. Furthermore, each Fund intends to satisfy conditions which will enable interest from municipal securities, which is exempt from regular federal income tax, to retain such tax-exempt status when distributed to shareholders of the Funds. All monthly tax-exempt income dividends paid during the fiscal year ended October 31, 2005, have been designated Exempt Interest Dividends. Net realized capital gains and ordinary income distributions paid by the Funds are subject to federal taxation.

Dividends and Distributions to Shareholders

Dividends from tax-exempt net investment income are declared monthly. Net realized capital gains and/or market discount from investment transactions, if any, are distributed to shareholders not less frequently than annually. Furthermore, capital gains are distributed only to the extent they exceed available capital loss carryforwards.

Distributions to shareholders of tax-exempt net investment income, net realized capital gains and/or market discount, if any, are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles.

Derivative Financial Instruments

The Funds may invest in certain derivative financial instruments including futures, forward, swap and option contracts, and other financial instruments with similar characteristics. Although the Funds are authorized to invest in such financial instruments, and may do so in the future, they did not make any such investments during the fiscal year ended October 31, 2005.

Custodian Fee Credit

Each Fund has an arrangement with the custodian bank whereby certain custodian fees and expenses are reduced by credits earned on each Fund's cash on deposit with the bank. Such deposit arrangements are an alternative to overnight investments.

Indemnifications

Under the Funds' organizational documents, their Officers and Directors are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, in the normal course of business, the Funds enter into contracts that provide general indemnifications to other parties. The Funds' maximum exposure under these arrangements is unknown as this would

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results may differ from those estimates.

2. FUND SHARES

Neither of the Funds engaged in transactions in their own shares during the fiscal year ended October 31, 2005, nor during the fiscal year ended October 31, 2004.

34

3. SECURITIES TRANSACTIONS

Purchases and sales (including maturities) of investments in long-term municipal securities during the fiscal year ended October 31, 2005, were as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Purchases	\$148,551,090	\$5,836,445
Sales and maturities	172,423,260	8,361,413

4. INCOME TAX INFORMATION

The following information is presented on an income tax basis. Differences between amounts for financial statement and federal income tax purposes are primarily due to the treatment of paydown gains and losses, timing differences in recognizing taxable market discount and timing differences in recognizing certain gains and losses on investments transactions.

At October 31, 2005, the cost of investments was as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Cost of investments	\$1,800,191,314	\$78,987,217

Gross unrealized appreciation and gross unrealized depreciation of investments at October 31, 2005, were as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Gross unrealized:		
Appreciation	\$143,585,491	\$5,738,748
Depreciation	(8,773,619)	(196,126)
Net unrealized appreciation of investments	\$134,811,872	\$5,542,622

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

=====
 The tax components of undistributed net investment income and net realized gains at October 31, 2005, were as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Undistributed net tax-exempt income *	\$7,818,624	\$241,511
Undistributed net ordinary income **	752,964	13,932
Undistributed net long-term capital gains	3,970,072	--

=====

* Undistributed net tax-exempt income (on a tax basis) has not been reduced for the dividend declared on October 3, 2005, paid on November 1, 2005.

** Net ordinary income consists of taxable market discount income and net short-term capital gains, if any.

35

Notes to FINANCIAL STATEMENTS (continued)

The tax character of distributions paid during the fiscal years ended October 31, 2005 and October 31, 2004, was designated for purposes of the dividends paid deduction as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
2005		
Distributions from net tax-exempt income	\$91,241,029	\$4,284,126
Distributions from net ordinary income **	1,228,245	1,623
Distributions from net long-term capital gains	10,898,238	--
=====		
2004		
Distributions from net tax-exempt income	\$92,800,716	\$4,324,697
Distributions from net ordinary income **	3,643,302	--
Distributions from net long-term capital gains	12,577,331	--

=====

** Net ordinary income consists of taxable market discount income and net short-term capital gains, if any.

At October 31, 2005, Municipal Income (NMI) had an unused capital loss carryforward of \$8,204,024, available to be applied against future capital gains, if any. If not applied, \$116,138, \$7,005,363, \$916,759 and \$165,764 of the carryforward will expire in the years 2008, 2011, 2012 and 2013 respectively.

5. MANAGEMENT FEES AND OTHER TRANSACTIONS WITH AFFILIATES

Each Fund's management fee is separated into two components - a complex-level component, based on the aggregate amount of all fund assets managed by the

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

Adviser, and a specific fund-level component, based only on the amount of assets within each individual Fund. This pricing structure enables Nuveen fund shareholders to benefit from growth in the assets within each individual fund as well as from growth in the amount of complex-wide assets managed by the Adviser.

Municipal Value's (NUV) annual fund-level fee, payable monthly, at the rates set forth below, which are based upon the average daily net assets of the Fund as follows:

AVERAGE DAILY NET ASSETS	MUNICIPAL VALUE (NUV) FUND-LEVEL FEE RATE
For the first \$500 million	.1500%
For the next \$500 million	.1250
For net assets over \$1 billion	.1000

In addition, Municipal Value (NUV) pays an annual management fee, payable monthly, based on gross interest income as follows:

GROSS INTEREST INCOME	MUNICIPAL VALUE (NUV) GROSS INCOME FEE RATE
For the first \$50 million	4.125%
For the next \$50 million	4.000
For gross income over \$100 million	3.875

36

Municipal Income's (NMI) annual fund-level fee, payable monthly, at the rates set forth below, which are based upon the average daily net assets of the Fund as follows:

AVERAGE DAILY NET ASSETS	MUNICIPAL INCOME (NMI) FUND-LEVEL FEE RATE
For the first \$125 million	.4500%
For the next \$125 million	.4375
For the next \$250 million	.4250
For the next \$500 million	.4125
For the next \$1 billion	.4000
For the next \$3 billion	.3875
For net assets over \$5 billion	.3750

The annual complex-level fee, payable monthly, which is additive to the fund-level fee, for all Nuveen sponsored funds in the U.S., is based on the aggregate amount of total fund assets managed as stated in the table below. As of October 31, 2005, the complex-level fee rate was .1905%.

COMPLEX-LEVEL ASSETS(1)	COMPLEX-LEVEL FEE RATE
For the first \$55 billion	.2000%
For the next \$1 billion	.1800
For the next \$1 billion	.1600
For the next \$3 billion	.1425
For the next \$3 billion	.1325

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

For the next \$3 billion	.1250
For the next \$5 billion	.1200
For the next \$5 billion	.1175
For the next \$15 billion	.1150
For Managed Assets over \$91 billion(2)	.1400

- (1) The complex-level fee component of the management fee for the funds is calculated based upon the aggregate Managed Assets ("Managed Assets" means the average daily net assets of each fund including assets attributable to all types of leverage used by the Nuveen funds) of Nuveen-sponsored funds in the U.S.

- (2) With respect to the complex-wide Managed Assets over \$91 billion, the fee rate or rates that will apply to such assets will be determined at a later date. In the unlikely event that complex-wide Managed Assets reach \$91 billion prior to a determination of the complex-level fee rate or rates to be applied to Managed Assets in excess of \$91 billion, the complex-level fee rate for such complex-wide Managed Assets shall be .1400% until such time as a different rate or rates is determined.

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. The Funds pay no compensation directly to their Directors who are affiliated with the Adviser or to their Officers, all of whom receive remuneration for their services to the Funds from the Adviser or its affiliates. The Board of Directors has adopted a deferred compensation plan for independent Directors that enables Directors to elect to defer receipt of all or a portion of the annual compensation they are entitled to receive from certain Nuveen advised funds. Under the plan, deferred amounts are treated as though equal dollar amounts had been invested in shares of select Nuveen advised Funds.

Notes to
FINANCIAL STATEMENTS (continued)

6. ANNOUNCEMENT REGARDING PARENT COMPANY OF ADVISER

In early April, 2005, The St. Paul Travelers Companies, Inc. ("St. Paul Travelers"), which owned 79% of Nuveen, (A) completed a public offering of a substantial portion of its equity stake in Nuveen, (B) sold Nuveen \$200 million of its Nuveen shares, (C) entered into an agreement with Nuveen to sell an additional \$400 million of its Nuveen shares on a "forward" basis with payment for and settlement of these shares delayed for several months, and (D) entered into agreements with two unaffiliated investment banking firms to sell an amount equal to most or all of its remaining Nuveen shares for current payment but for future settlement. Transactions (C) and (D) above were settled in late July, which effectively reduced St. Paul Travelers' controlling stake in Nuveen and was deemed an "assignment" (as defined in the 1940 Act) of the investment management agreements between the Funds and the Adviser, which resulted in the automatic termination of each agreement under the 1940 Act. In anticipation of such deemed assignment, the Board of Directors had approved new ongoing investment management agreements for each Fund and the submission of those agreements for approval by each respective Fund's shareholders, which shareholder approval was received prior to the settlement of transactions (C) and (D). The new ongoing management agreements took effect upon such settlement.

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

7. SUBSEQUENT EVENT - DISTRIBUTIONS TO SHAREHOLDERS

The Funds declared dividend distributions from their tax-exempt net investment income which were paid on December 1, 2005, to shareholders of record on November 15, 2005, as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Dividend per share	\$.0390	\$.0440

- (1) Mr. Schwertfeger is an "interested person" of the Funds, as defined in the Investment Company Act of 1940, because he is an officer and board member of the Adviser.
- (2) Board members serve an indefinite term until his/her successor is elected. The year first elected or appointed represents the year in which the board member was first elected or appointed to any fund in the Nuveen Complex.
- (3) Nuveen Advisory Corp. and Nuveen Institutional Advisory Corp. were reorganized into Nuveen Asset Management, effective January 1, 2005.
- (4) Officers serve one year terms through July of each year. The year first elected or appointed represents the year in which the Officer was first elected or appointed to any fund in the Nuveen Complex.

ANNUAL INVESTMENT
MANAGEMENT AGREEMENT
APPROVAL PROCESS

At a meeting held on May 10-12, 2005, the Board of Trustees of the Funds, including the independent Trustees, unanimously approved the Investment Management Agreement between each Fund and NAM.

THE APPROVAL PROCESS

To assist the Board in its evaluation of an advisory contract with NAM, the independent Trustees received a report in adequate time in advance of their

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

meeting which outlined, among other things, the services provided by NAM; the organization of NAM, including the responsibilities of various departments and key personnel; the Fund's past performance as well as the Fund's performance compared to funds of similar investment objectives compiled by an independent third party (a "Peer Group"); the profitability of NAM and certain industry profitability analyses for advisers to unaffiliated investment companies; the expenses of NAM in providing the various services; the management fees of NAM, including comparisons of such fees with the management fees of comparable funds in its Peer Group as well as comparisons of NAM's management fees with the fees NAM assesses to other types of investment products or accounts, if any; the soft dollar practices of NAM; and the expenses of each Fund, including comparisons of the Fund's expense ratios (after any fee waivers) with the expense ratios of its Peer Group. This information supplements that received by the Board throughout the year regarding Fund performance, expense ratios, portfolio composition, trade execution and sales activity.

In addition to the foregoing materials, independent legal counsel to the independent Trustees provided, in advance of the meeting, a legal memorandum outlining, among other things, the duties of the Trustees under the 1940 Act as well as the general principles of relevant state law in reviewing and approving advisory contracts; the requirements of the 1940 Act in such matters; an adviser's fiduciary duty with respect to advisory agreements and compensation; the standards used by courts in determining whether investment company boards of directors have fulfilled their duties and factors to be considered by the board in voting on advisory agreements.

At the Board meeting, NAM made a presentation to and responded to questions from the Board. After the presentations and after reviewing the written materials, the independent Trustees met privately with their legal counsel to review the Board's duties in reviewing advisory contracts and consider the renewal of the advisory contracts. It is with this background that the Trustees considered each Investment Management Agreement with NAM. The independent Trustees, in consultation with independent counsel, reviewed the factors set out in judicial decisions and SEC directives relating to the renewal of advisory contracts. As outlined in more detail below, the Trustees considered all factors they believed relevant with respect to each Fund, including the following: (a) the nature, extent and quality of the services to be provided by NAM; (b) the investment performance of the Fund and NAM; (c) the costs of the services to be provided and profits to be realized by NAM and its affiliates from the relationship with the Fund; (d) the extent to which economies of scale would be realized as the Fund grows; and (e) whether fee levels reflect these economies of scale for the benefit of Fund investors.

A. NATURE, EXTENT AND QUALITY OF SERVICES

In evaluating the nature, extent and quality of NAM's services, the Trustees reviewed information concerning the types of services that NAM or its affiliates provide and are expected to provide to the Nuveen Funds; narrative and statistical information concerning the Fund's performance record and how such performance compares to the Fund's Peer Group; information describing NAM's organization and its various departments, the experience and responsibilities of key personnel, and available resources. In the discussion of key personnel, the Trustees received materials regarding the changes or additions in personnel of NAM. The Trustees further noted the willingness of the personnel of NAM to engage in open, candid discussions with the Board. The Trustees further considered the quality of NAM's investment process in making portfolio management decisions, including any refinements or improvements to the portfolio management processes, enhancements to technology and systems that are available to portfolio managers, and any additions of new personnel which may strengthen or expand the research and investment capabilities of NAM. In their review of the advisory contracts for the fixed income funds, such as the Funds, the Trustees also noted that Nuveen won the Lipper Award for Best Fund Family: Fixed Income-Large Asset Class, for 2004. Given the Trustees' experience with the

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

Funds, other Nuveen funds and NAM, the Trustees noted that they were familiar with and continue to have a good understanding of the organization, operations and personnel of NAM.

46

In addition to advisory services, the independent Trustees considered the quality of the administrative or non-advisory services provided. In this regard, NAM provides the Funds with such administrative and other services (exclusive of, and in addition to, any such services provided by others for the Funds) and officers and other personnel as are necessary for the operations of the respective Fund. In addition to investment management services, NAM and its affiliates provide each Fund with a wide range of services, including: preparing shareholder reports; providing daily accounting; providing quarterly financial statements; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; providing legal support (such as helping to prepare registration statements, amendments thereto and proxy statements and responding to regulatory inquiries); and performing other Fund administrative tasks necessary for the operation of the respective Fund (such as tax reporting and fulfilling regulatory filing requirements). In addition, in evaluating the administrative services, the Trustees considered, in particular, NAM's policies and procedures for assuring compliance with applicable laws and regulations in light of the new SEC regulations governing compliance. The Trustees noted NAM's focus on compliance and its compliance systems. In their review, the Trustees considered, among other things, the additions of experienced personnel to NAM's compliance group and modifications and other enhancements to NAM's computer systems. In addition to the foregoing, the Trustees also noted that NAM outsources certain services that cannot be replicated without significant costs or at the same level of expertise. Such outsourcing has been a beneficial and efficient use of resources by keeping expenses low while obtaining quality services.

In addition to the above, in reviewing the variety of additional services that NAM or its affiliates must provide to closed-end funds, such as the Funds, the independent Trustees determined that Nuveen's commitment to supporting the secondary market for the common shares of its closed-end funds is particularly noteworthy. In this regard, the Trustees noted Nuveen's efforts to sponsor numerous forums for analysts and specialists regarding the various Nuveen closed-end funds, its creation of a new senior position dedicated to providing secondary market support services and enhancing communications with investors and analysts, and its advertising and media relations efforts designed to raise investor and analyst awareness of the closed-end funds.

With respect to services provided to municipal funds, including the Funds, the Trustees also noted, among other things, the enhancements NAM implemented to its municipal portfolio management processes (e.g., the increased use of benchmarks to guide and assess the performance of its portfolio managers); the implementation of a risk management program; and the various initiatives being undertaken to enhance or modify NAM's computer systems as necessary to support the innovations of the municipal investment team (such as, the ability to assess certain historical data in order to create customized benchmarks, perform attribution analysis and facilitate the use of derivatives as hedging instruments). With respect to certain of the Nuveen funds with a less seasoned portfolio, the Trustees also noted the hedging program implemented for such funds and the team responsible for developing, implementing and monitoring the hedging procedures. The hedging program was designed to help maintain the applicable fund's duration with certain benchmarks.

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

Based on their review, the Trustees concluded that, overall, they were satisfied with the nature, extent and quality of services provided (and expected to be provided) to the Funds under the Investment Management Agreements.

B. THE INVESTMENT PERFORMANCE OF THE FUND AND ADVISER

As previously noted, the Board received a myriad of performance information regarding each Fund and its Peer Group. Among other things, the Board received materials reflecting a Fund's historic performance and the Fund's performance compared to its Peer Group. In evaluating the performance information, in certain limited instances, the Trustees noted that the closest Peer Group for a Fund still would not adequately reflect such Fund's investment objectives and strategies, thereby limiting the usefulness of the comparisons of such Fund's performance with that of the Peer Group.

As noted above, the performance data included, among other things, the respective Fund's performance relative to its peers. More specifically, a Fund's one-, three- and five-year total returns (as applicable) for the periods ending December 31, 2004 were evaluated relative to the unaffiliated funds in its respective Peer Group (including the returns of individual peers as well as the Peer Group average) as well as additional performance information with respect to all funds in the Peer Group. Based on their review, the Trustees determined that the respective Fund's absolute and relative investment performance over time had been satisfactory.

C. FEES, EXPENSES AND PROFITABILITY

1. FEES AND EXPENSES

In evaluating the management fees and expenses that a Fund is expected to bear, the Trustees considered the respective Fund's current management fee structure and the Fund's expected expense ratios in absolute terms as well as compared with the fees and expense ratios of the unaffiliated funds in its Peer Group. The Trustees reviewed the financial information of NAM, including its respective revenues, expenses and profitability. In reviewing fees, the Trustees, among other things, reviewed comparisons of the Fund's gross management fees (fees after fund-level and complex-wide level breakpoints but before reimbursement and fee waivers), net management fees (after breakpoints and reimbursements and fee waivers) and total expense ratios (before and after waivers) with those of the unaffiliated funds in the Peer Group and peer averages. In this regard, the Trustees noted that the relative ranking of the Nuveen funds on fees and expenses was aided by the significant level of fee reductions provided by the fund-level and complex-wide breakpoint schedules, and the fee waivers and reimbursements provided by Nuveen for certain funds launched since 1999. The complex-wide breakpoint schedule was instituted in 2004 and is described in further detail below in Section D entitled "Economies of Scale and Whether Fee Levels Reflect these Economies of Scale." In their review of the fee and expense information provided, including, in particular, the expense ratios of the unaffiliated funds in the respective Peer Group, the Trustees determined that each Fund's net total expense ratio was within an acceptable range compared to such peers.

47

ANNUAL INVESTMENT MANAGEMENT
AGREEMENT APPROVAL PROCESS (continued)

2. COMPARISONS WITH THE FEES OF OTHER CLIENTS

The Trustees further compared the fees of NAM to the fees NAM assessed for other types of clients investing in municipal funds (such as municipal managed accounts). With respect to such separately managed accounts, the

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

advisory fees for such accounts are generally lower than those charged to the comparable Funds. The Trustees noted, however, the additional services that are provided and the costs incurred by Nuveen in managing and operating registered investment companies, such as the Funds, compared to individually managed separate accounts. For instance, as described above, NAM and its affiliates provide numerous services to the Funds including, but not limited to, preparing shareholder reports; providing daily accounting; preparing quarterly financial statements; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; providing legal support; and administering all other aspects of the Fund's operations. Further, the Trustees noted the increased compliance requirements for funds in light of new SEC regulations and other legislation. These services are generally not required to the same extent, if at all, for separate accounts. In addition to the differences in services, the Trustees also considered, among other things, the differences in product distribution, investment policies, investor profiles and account sizes. Accordingly, the Trustees believe that the nature and number of services provided to operate a Fund merit the higher fees than those to separate managed accounts.

3. PROFITABILITY OF NAM

In conjunction with its review of fees, the Trustees also considered NAM's profitability. The Trustees reviewed NAM's revenues, expenses and profitability margins (on both a pre-tax and after-tax basis). In reviewing profitability, the Trustees recognized that one of the most difficult issues in determining profitability is establishing a method of allocating expenses. Accordingly, the Trustees reviewed NAM's assumptions and methodology of allocating expenses. In this regard, the methods of allocation used appeared reasonable but the Board noted the inherent limitations in allocating costs among various advisory products. The Trustees also recognized that individual fund or product line profitability of other advisers is generally not publicly available. Further, profitability may be affected by numerous factors including the types of funds managed, expense allocations, business mix, etc. and therefore comparability of profitability is somewhat limited. Nevertheless, to the extent available, the Trustees considered NAM's profit margin compared to the profitability of various publicly-traded investment management companies and/or investment management companies that publicly disclose some or all of their financial results compiled by three independent third-party service providers. The Trustees also reviewed the revenues, expenses and profit margins of various unaffiliated advisory firms with similar amounts of assets under management for the last year prepared by NAM. Based on their review, the Trustees were satisfied that NAM's level of profitability from its relationship with each Fund was reasonable in light of the services provided.

In evaluating the reasonableness of the compensation, the Trustees also considered any other revenues paid to NAM as well as any indirect benefits (such as soft dollar arrangements, if any) NAM and its affiliates are expected to receive that are directly attributable to their management of the Funds, if any. See Section E below for additional information. Based on their review of the overall fee arrangements of the applicable Fund, the Trustees determined that the advisory fees and expenses of the respective Fund were reasonable.

D. ECONOMIES OF SCALE AND WHETHER FEE LEVELS REFLECT THESE ECONOMIES OF SCALE
In reviewing the compensation, the Trustees have long understood the benefits of economies of scale as the assets of a fund grow and have sought to ensure that shareholders share in these benefits. One method for shareholders to share in economies of scale is to include breakpoints in the advisory fee schedules that reduce fees as fund assets grow. Accordingly, the Trustees received and reviewed the schedules of advisory fees for each Fund, including fund-level breakpoints thereto. In addition, after lengthy negotiations with management, the Board in

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

May, 2004 approved a complex-wide fee arrangement pursuant to which fees of the funds in the Nuveen complex, including the Funds, are reduced as the assets in the fund complex reach certain levels. The complex-wide fee arrangement was introduced on August 1, 2004 and the Trustees reviewed data regarding the reductions of fees for the Nuveen funds for the period of August 1, 2004 to December 31, 2004. In evaluating the complex-wide fee arrangement, the Trustees considered, among other things, the historic and expected fee savings to shareholders as assets grow, the amount of fee reductions at various asset levels, and that the arrangement would extend to all funds in the Nuveen complex. The Trustees also considered the impact, if any, the complex-wide fee arrangement may have on the level of services provided. Based on their review, the Trustees concluded that the breakpoint schedule and complex-wide fee arrangement currently were acceptable and desirable in providing benefits from economies of scale to shareholders.

48

E. INDIRECT BENEFITS

In evaluating fees, the Trustees also considered any indirect benefits or profits NAM or its affiliates may receive as a result of its relationship with each Fund. In this regard, the Trustees considered any benefits from soft dollar arrangements. The Trustees noted that although NAM manages a large amount of assets, it has very little, if any, brokerage to allocate. This is due to the fact that NAM typically manages the portfolios of the municipal funds in the Nuveen complex and municipal bonds generally trade on a principal basis. Accordingly, NAM does not currently have any soft dollar arrangements and does not pay excess brokerage commissions (or spreads on principal transactions) in order to receive research services. In addition to soft dollar arrangements, the Trustees also considered any other revenues, if any, received by NAM or its affiliates. In this regard, the Trustees considered revenues received by Nuveen for serving as agent for broker-dealers at its preferred trading desk and for acting as co-manager in the initial public offering of new closed-end exchange-traded funds.

F. OTHER CONSIDERATIONS

Nuveen, until recently, was a majority-owned subsidiary of St. Paul Travelers Companies, Inc. ("St. Paul"). As noted, St. Paul earlier this year announced its intention to divest its equity stake in Nuveen. Nuveen is the parent of NAM. Pursuant to a series of transactions, St. Paul had begun to reduce its interest in Nuveen which will ultimately result in a change of control of Nuveen and therefore NAM. As mandated by the 1940 Act, such a change in control would result in an assignment of the Investment Management Agreements with NAM and the automatic termination of such agreements. Accordingly, the Board also considered the approval of a New Investment Management Agreement with each Fund in light of, and which would take effect upon, the anticipated change of control. More specifically, the Board considered for each Fund a New Investment Management Agreement on substantially identical terms to the existing Investment Management Agreement, to take effect after the change of control has occurred and the contract has been approved by Fund shareholders. In its review, the Board considered whether the various transactions necessary to divest St. Paul's interest will have an impact on the various factors they considered in approving NAM, such as the scope and quality of services to be provided following the change of control. In reviewing the St. Paul transactions, the Board considered, among other things, the impact, if any, on the operations and organizational structure of NAM; the possible benefits and costs of the transactions to the respective Fund; the potential implications of any arrangements used by Nuveen to finance certain of the transactions; the ability of NAM to perform its duties after the transactions; whether a fee structure or expense ratio would change; any changes to the current practices of the respective Fund; any changes to the

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

terms of the advisory agreement; and any anticipated changes to the respective operations of NAM. Based on its review, the Board determined that St. Paul's divestiture would not affect the nature and quality of services provided by NAM, the terms of the respective Investment Management Agreement, including the fees thereunder, and would not materially affect the organization or operations of NAM. Accordingly, the Board determined that their analysis of the various factors regarding their approval of NAM would continue to apply after the change of control.

G. APPROVAL

The Trustees did not identify any single factor discussed previously as all-important or controlling. The Trustees, including a majority of independent Trustees, concluded that the terms of the Investment Management Agreements were fair and reasonable, that NAM's fees are reasonable in light of the services provided to each Fund, that the renewal of the NAM Investment Management Agreements should be approved and that the new, post-change of control NAM Investment Managements Agreement be approved and recommended to shareholders.

49

Reinvest Automatically
EASILY AND CONVENIENTLY

Sidebar text: NUVEEN MAKES REINVESTING EASY. A PHONE CALL IS ALL IT TAKES TO SET UP YOUR REINVESTMENT ACCOUNT.

NUVEEN EXCHANGE-TRADED CLOSED-END FUNDS
DIVIDEND REINVESTMENT PLAN

Your Nuveen Exchange-Traded Closed-End Fund allows you to conveniently reinvest dividends and/or capital gains distributions in additional fund shares.

By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow through the power of tax-free compounding. Just like dividends or distributions in cash, there may be times when income or capital gains taxes may be payable on dividends or distributions that are reinvested.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

EASY AND CONVENIENT

To make recordkeeping easy and convenient, each month you'll receive a statement showing your total dividends and distributions, the date of investment, the shares acquired and the price per share, and the total number of shares you own.

HOW SHARES ARE PURCHASED

The shares you acquire by reinvesting will either be purchased on the open market or newly issued by the Fund. If the shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at the then-current market price. If the shares are trading at less than net asset value, shares for your account will be purchased on the open market. Dividends and distributions received to purchase shares in the open market will normally be invested shortly after the dividend payment date. No interest will be paid on dividends and distributions awaiting reinvestment. Because the market price of the shares may increase before purchases are completed, the average purchase

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

price per share may exceed the market price at the time of valuation, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. A pro rata portion of any applicable brokerage commissions on open market purchases will be paid by Plan participants. These commissions usually will be lower than those charged on individual transactions.

FLEXIBLE

You may change your distribution option or withdraw from the Plan at any time, should your needs or situation change. Should you withdraw, you can receive a certificate for all whole shares credited to your reinvestment account and cash payment for fractional shares, or cash payment for all reinvestment account shares, less brokerage commissions and a \$2.50 service fee.

You can reinvest whether your shares are registered in your name, or in the name of a brokerage firm, bank, or other nominee. Ask your investment advisor if his or her firm will participate on your behalf. Participants whose shares are registered in the name of one firm may not be able to transfer the shares to another firm and continue to participate in the Plan.

The Fund reserves the right to amend or terminate the Plan at any time. Although the Fund reserves the right to amend the Plan to include a service charge payable by the participants, there is no direct service charge to participants in the Plan at this time.

CALL TODAY TO START REINVESTING DIVIDENDS AND/OR DISTRIBUTIONS

For more information on the Nuveen Automatic Reinvestment Plan or to enroll in or withdraw from the Plan, speak with your financial advisor or call us at (800) 257-8787.

50

Other Useful INFORMATION

In April, 2005, The St. Paul Travelers Companies, Inc. ("St. Paul Travelers") sold the majority of its controlling equity interest in Nuveen Investments, Inc. ("Nuveen") to the general public. Nuveen is the parent of Nuveen Asset Management ("NAM"), which is each Fund's investment manager. This sale was deemed to be an "assignment" of the investment management agreement between each Fund and NAM and, if applicable, of the sub-advisory agreement between NAM and the Fund's sub-adviser. As required by law, the shareholders of each Fund were asked to approve a new investment management agreement and, if applicable, a new subadvisory agreement that reflected this change in ownership. The shareholders of each Fund voted this approval at a Shareholders' Meeting on July 26, 2005. There were no changes to the investment objectives or management of any Fund as a result of these actions.

QUARTERLY PORTFOLIO OF INVESTMENTS AND PROXY VOTING INFORMATION

Each Fund's (i) quarterly portfolio of investments, (ii) information regarding how the Funds voted proxies relating to portfolio securities held during the 12-month period ended June 30, 2005, and (iii) a description of the policies and procedures that the Funds used to determine how to vote proxies relating to portfolio securities are available without charge, upon request, by calling Nuveen Investments toll-free at (800) 257-8787 or on Nuveen's website at www.nuveen.com.

You may also obtain this and other Fund information directly from the Securities and Exchange Commission ("SEC"). The SEC may charge a copying fee for this

Edgar Filing: NUVEEN MUNICIPAL INCOME FUND INC - Form N-CSR

information. Visit the SEC on-line at <http://www.sec.gov> or in person at the SEC's Public Reference Room in Washington, D.C. Call the SEC at 1-202-942-8090 for room hours and operation. You may also request Fund information by sending an e-mail request to publicinfo@sec.gov or by writing to the SEC's Public References Section at 450 Fifth Street NW, Washington, D.C. 20549.

CEO CERTIFICATION DISCLOSURE

Each Fund's Chief Executive Officer has submitted to the New York Stock Exchange the annual CEO certification as required by Section 303A.12(a) of t
