Chairman's
LETTER TO SHAREHOLDERS

Once again, I am pleased to report that over the twelve-month period covered by this report your Fund continued to provide you with attractive monthly tax-free income. For more details about the management strategy and performance of your Fund, please read the Portfolio Managers' Comments, the Dividend and Share Price Information, and the Performance Overview sections of this report.

Municipal bonds can be an important building block in a well balanced investment portfolio. In addition to providing attractive tax-free monthly income, a municipal bond investment like your Fund may help you achieve and benefit from greater portfolio diversification. Portfolio diversification is a recognized way to try to reduce some of the risk that comes with investing. I encourage you to contact your personal financial advisor who can help explain this important investment strategy.

"PORTFOLIO DIVERSIFICATION IS A RECOGNIZED WAY TO TRY TO REDUCE SOME OF THE RISK THAT COMES WITH INVESTING."

Nuveen Investments is pleased to offer you choices when it comes to receiving your fund reports. As an alternative to mailed print copies, you can also sign up to receive future Fund reports and other Fund information by e-mail and the Internet. Not only will you receive the information faster, but this may also help lower your Fund's expenses. The inside front cover of this report contains information on how you can sign up.

Nuveen Investments Select Tax-Free Income Portfolios
(NXP, NXQ, NXR, NXC, NXN)

Portfolio Managers' COMMENTS

Portfolio managers Tom Spalding, Scott Romans, and Paul Brennan review the economic and municipal market environments, key investment strategies, and annual performance of the Nuveen Select Tax-Free Income Portfolios. With 31 years of investment experience, Tom has managed the three national Portfolios since 1999. Scott, who joined Nuveen in 2000, and Paul, who has 15 years of investment experience, have managed NXC and NXN, respectively, since 2003.

WHAT FACTORS AFFECTED THE U.S. ECONOMY AND MUNICIPAL MARKET DURING THE ANNUAL REPORTING PERIOD ENDED MARCH 31, 2006?

During this reporting period, we saw an increase in interest rates across the yield curve, although short-term rates rose at a much faster pace than longer-term rates. Between April 1, 2005 and March 31, 2006, the Federal Reserve announced eight increases of 0.25% each in the fed funds rate, raising this short-term target by 200 basis points (from 2.75% to 4.75%). In all, the Fed has implemented fifteen .25% hikes in the fed funds rate since June 2004. However, yields in the longer part of the curve proved to be more resistant to increases. The yield on the benchmark 10-year U.S. Treasury note ended March 2006 at 4.85%, up from 4.50% twelve months earlier, while the yield on the Bond Buyer 25 Revenue Bond Index, a widely followed measure of longer-term municipal market rates, was 5.14% at the end of March 2006, an increase of just 11 basis points from the beginning of April 2005. As interest rates increased, bond valuations generally declined, and the yield curve flattened as shorter-term rates approached the levels of longer-term rates.

Even with rising interest rates, increased energy prices, and a housing market that gave some indications of softening, the economy remained resilient, with a healthy pattern of growth. After expanding at a rate of 3.3% in the second quarter of 2005, the U.S. gross domestic product (GDP) grew by 4.1% in the third quarter before slowing to 1.7% in the fourth quarter (all GDP numbers are annualized). In the first quarter of 2006, the GDP rebounded to 4.8%, fueled by the return of consumer and federal spending and increased business investment in equipment. The overall employment picture remained positive, with national

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

unemployment at 4.7% in March 2006, down from 5.1% in March 2005. Despite a slight increase in inflation expectations, the year-over-year increase in the Consumer Price Index as of March 2006 remained relatively benign, at 3.4%. However, for the first three months of 2006, inflation rose at the slightly faster pace of 4.3% annualized, compared with 3.4% for all of 2005.

4

Over the 12 months ended March 2006, municipal bond supply nationwide remained relatively strong, as \$403.6 billion in new securities came to market, down 1.5% from the previous 12 months. However, following record levels of issuance in calendar year 2005, we saw a dramatic drop-off in supply during the first three months of 2006, when municipal issuance totaled \$69.6 billion, a decrease of 29% from the same period in 2005. During the first quarter of 2006, the transportation and education sectors and general purpose bonds experienced the largest drops in issuance. A major factor in 2006's decline was the sharp reduction in pre-refunding volume, which was off 55% from last year's levels. Although interest rates remained favorable for refundings, most borrowers already had ample opportunities to come to the market during 2005. Overall, demand for municipal bonds remained strong and diversified during this period.

HOW ABOUT ECONOMIC AND MARKET CONDITIONS IN CALIFORNIA AND NEW YORK DURING THIS PERIOD?

During this reporting period, California's economy experienced significant improvement in the employment sector. Gains in construction, natural resources, and tourism led the way, overshadowing small job losses in the information services sector. As of March 2006, California's unemployment rate was 4.8%, down from 5.5% in March 2005. Although the state continued to work toward the political consensus necessary to address the balanced budget issue and other fiscal problems of the past few years, California's recent economic expansion has led to strong growth in both personal and corporate income, which in turn has generated higher tax revenues.

In July 2005, both Moody's and Fitch upgraded their ratings on California's general obligation debt--to A2 from A3 and to A from A-, respectively. Standard and Poor's maintained its California GO rating at A. In announcing the upgrades, the rating agencies cited the improvements in state revenues. For the 12 months ended March 31, 2006, municipal issuance in California totaled \$56.9 billion, a decrease of 10% from the previous 12 months. During the first three months of 2006, supply in the state continued to decline, with \$9.1 billion in new issuance, down 23% from January-March 2005. California continued to rank as the largest state issuer in the nation for both time periods.

5

New York also continued to recover economically, with employment growth in financial services, healthcare and education, and natural resources. However, the state's manufacturing sector continued to lose jobs. Although more diversified than it was a decade ago, the New York economy remained highly dependent on the financial services sector, making it more susceptible to economic cycles. In March 2006, unemployment in New York stood at 4.7%, down from 4.8% in March 2005.

As of March 2006, New York State general obligation bonds were rated Aa3 by

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

Moody's, AA by S&P, and AA- by Fitch; all three rating agencies maintained a stable outlook for the state. In February 2006, S&P upgraded the credit rating on New York personal income tax (PIT) bonds to AAA from AA. S&P's upgrade of the PIT credits, which are issued by public authorities such as New York Dormitory Authority, New York Urban Development Corporation, New York Housing Finance Authority, and New York Thruway Authority, affected billions of dollars of debt and served as an indication of the state's improving financial status. New York City's credit rating was upgraded by Moody's (A1 from A2) and S&P (A+ from A) in April and May 2005, respectively, representing the highest ratings ever given New York City by these agencies. During the reporting period ended March 31, 2006, municipal issuance in New York totaled \$42.5 billion, a decrease of 3% from the previous 12 months. The first three months of 2006 saw state supply drop off more precipitously, with \$6.1 billion in new issuance, down 38% from the first quarter of 2005. For the annual period, New York ranked second only to California in terms of municipal issuance.

WHAT KEY STRATEGIES WERE USED TO MANAGE THE NUVEEN SELECT PORTFOLIOS DURING THE 12 MONTHS ENDED MARCH 31, 2006?

As interest rates rose and the yield curve flattened, one of our key strategies continued to be careful duration¹ management. Our purchase activity during this period focused on the varying duration needs of the Portfolios. For the three national Portfolios, we sought to purchase attractively priced bonds with more than 15 years to maturity, and we looked for bonds that mature in 10 to 20 years for NXN. For NXC, we continued to see a substantial number of advance refundings² in the California market. While these refundings benefited NXC's performance during this period, they also had a shortening effect on the Portfolio's duration. Our purchase activity in this Portfolio therefore emphasized longer bonds maturing in 20 to 30 years.

- 1 Duration is a measure of a bond's price sensitivity as interest rates change, with longer duration bonds displaying more sensitivity to these changes than bonds with shorter durations.
- 2 Advance refundings, also known as pre-refundings or refinancings, occur when an issuer sells new bonds and uses the proceeds to fund principal and interest payments of older existing bonds. This process often results in lower borrowing costs for bond issuers.

6

To help us maintain the Portfolios' durations within a preferred strategic range, we were also selectively selling holdings with shorter durations, including bonds priced to short call dates and, in NXN, bonds that were currently callable and short-dated pre-refunded bonds. Selling these shorter duration bonds and reinvesting further out on the yield curve also helped to improve the Portfolios' overall call protection profiles.

In NXN, rising yields during this period also provided some opportunities to sell a few of our holdings that were purchased when yields were lower and replace them with similar, newer credits that yielded comparatively more. This process allowed us to maintain NXN's current portfolio characteristics while strengthening its income stream. It also enabled us to realize some capital losses that can be used to offset any capital gains realized in 2006 or carried forward to offset future realized gains.

In looking for potential purchase candidates during this period, we kept an

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

opportunistic eye toward all types of issuance that we believed could add value to the Portfolios. In general, portfolio activity was relatively light, due in part to the overall decline in municipal supply, especially during the last three months of this period. Much of the new supply was highly rated and/or insured, and the majority of our new purchases during this time were higher-rated credits.

In the national Portfolios, we added some zero coupon bonds, purchased at times when we believed these credits were attractively priced. Zero coupon bonds feature very long durations and were helpful as part of our duration management strategies in extending the Portfolios' average maturities and durations. In addition, zeros' long durations helped to place them among the best performing sectors of the market during this period. In general, we looked to states with stronger issuance, including New York, Texas, Illinois, Massachusetts, and New Jersey, for opportunities to add value to our National Portfolios. Overall, the Portfolios remained well diversified geographically. We should also note that, during this period, we reached a settlement agreement with United Airlines, which emerged from bankruptcy in February 2006.

7

In NXN, we participated in one of the larger issues of the period, the \$950 million Long Island Power Authority (LIPA) offering in March 2006. The LIPA bonds were issued in two series, the first of which refinanced bonds issued by LIPA in 1998 and the second of which will be used to reimburse LIPA's treasury for capital improvements. We purchased a significant amount of these insured bonds for NXN, both to replace the 1998 LIPA bonds that were advance refunded and to add to our position in these credits.

While we continued to emphasize maintaining the Portfolios' weightings of bonds rated BBB or lower and nonrated bonds, tighter supply meant fewer opportunities to find additional lower-rated issues that we believed represented value for shareholders. One area where we did find opportunities to purchase lower-rated bonds was the tobacco sector. In NXN, we participated in the \$1.4 billion issuance of BBB rated tobacco bonds by TSASC, Inc. New York in February 2006, and in NXC, we added BBB rated tobacco bonds issued by Sonoma County. Although the Sonoma County bonds had lower coupons and shorter maturities than we had strategically targeted for NXC during this period, we believed that this was offset by the attractive structures and return potential offered by these credits. In NXC, we also further diversified our exposure to the lower end of the credit spectrum by purchasing BBB+ bonds issued for Daughters of Charity Health System and A3 rated credits issued for Cedars-Sinai Medical Center.

- The Lehman Brothers Municipal Bond Index is an unleveraged, unmanaged national index containing a broad range of investment-grade municipal bonds. The Lehman Brothers Tax-Exempt Bond Indexes for California and New York are also unleveraged and unmanaged and comprise a broad range of municipal bonds issued in California and New York, respectively. Results for the Lehman indexes do not reflect any expenses.

- 4 Each of the Lipper Municipal Debt Funds averages shown in this report are calculated using the returns of all exchange-traded closed-end funds in their respective categories for each period as follows: Lipper General and Insured Unleveraged category, 1 year, 8; 5 years, 8; and 10 years, 8; Lipper California category, 1 year, 26; 5 years, 16; and 10 years, 13; and Lipper New York category, 1 year, 20; 5 years, 10; and 10 years, 7. Portfolio and Lipper returns assume reinvestment of dividends.

9

For the 12 months ended March 31, 2006, the total returns on net asset value (NAV) for all five Select Portfolios outperformed the returns on their respective Lehman Brothers benchmarks. NXQ and NXR performed in line with the Lipper General and Insured Unleveraged peer group for this period, while NXP trailed this average. Both NXC and NXN underperformed the average returns for their respective Lipper California and New York peer groups. The strong performances of the Lipper peer groups for California and New York are due in part to the fact that the majority of the funds that make up these groups are leveraged. This strategy provides opportunities for enhanced returns accompanied by additional risk exposure. NXC and NXN are not leveraged, which hurt their performance relative to their peer groups over this period.

During this reporting period, positive contributors to the Portfolios' returns included yield curve and duration positioning, allocations to lower-rated credits, and pre-refunding activity. NXC's holdings of California general obligation debt were also positively impacted by Moody's and Fitch's upgrades of these bonds in July 2005. In addition, the credit quality and value of NXN was enhanced by Moody's and S&P's upgrades of New York City GO bonds in April and May 2005, respectively, as well as S&P's upgrade of New York personal income tax (PIT) bonds in February 2006. In addition, security-specific issues--including security selection, credit spreads, and the timing and amount of advance refundings--accounted for some of the Portfolios' performances during this period.

As the yield curve continued to flatten over the course of this period, yield curve and duration positioning played important roles in the Portfolios' performances. On the whole, short and intermediate bonds were the most impacted by the changes in the yield curve during this period. As a result, these bonds generally underperformed longer bonds as well as the municipal market as a whole, with credits having the longest durations posting the best returns for this period. Our efforts to position the Portfolios more advantageously along the yield curve, or--more specifically--greater exposure to those parts of the yield curve that performed well and less exposure to the parts of the curve that underperformed, helped their performances during this period.

With bonds rated BBB or lower and nonrated bonds generally outperforming other credit quality sectors during this period, all of these Portfolios benefited from their allocations of lower-quality credits. The performance of this sector was largely the result of investor demand for the higher yields typically associated with lower-quality bonds, which drove

10

up their value and kept credit spreads narrow. As of March 31, 2006, bonds rated BBB or lower and nonrated bonds accounted for 5% of NXR's portfolio, 6% of NXN, 10% of NXC, and 11% of NXP and NXQ.

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

Among the lower-rated holdings making contributions to the Portfolios' total returns for this period were healthcare (including hospitals) and tobacco credits. At period end, the national Portfolios each held between 3% and 6% of their portfolios in unenhanced, uninsured tobacco bonds, while NXC and NXN had allocations of approximately 2% to these credits.

We continued to see a number of advance refundings during this period, which benefited the Portfolios through price appreciation and enhanced credit quality. Both NXQ and NXR had positions (\$4.5 million and \$6.7 million, respectively) in tobacco credits issued by the Iowa Tobacco Settlement Authority that were pre-refunded. Approximately 7% of NXC was advance-refunded during this period, including a \$2 million position in A2 rated power supply revenue bonds issued for the California Department of Water Resources.

While advance refundings generally enhanced performance for this period, the rising interest rate environment--especially at the short end of the yield curve--meant that the Portfolios' holdings of older, previously pre-refunded bonds tended to underperform the general municipal market, due primarily to the shorter effective maturities of these bonds. This was especially true in NXP, which had the largest allocation of pre-refunded bonds among the three national Portfolios.

HOW WERE THE PORTFOLIOS POSITIONED IN TERMS OF CREDIT QUALITY AND BOND CALLS AS OF MARCH 31, 2006?

We continued to believe that maintaining strong credit quality was an important requirement. As of March 31, 2006, these five Portfolios continued to offer excellent credit quality, with allocations of bonds rated AAA/U.S. guaranteed and AA ranging from 69% in NXC to 74% in NXP, 78% in NXQ and NXR to 92% in NXN.

As of March 31, 2006, potential call exposure for these Portfolios for the period April 2006 through the end of 2007 ranged from 3% in NXN to 6% in NXC, 8% in NXP, 9% in NXQ, and 12% in NXR. We continued to work to manage the call structure of all of these Portfolios. The number of actual bond calls will depend largely on future market interest rates.

11

Dividend and Share Price INFORMATION

During the 12-month reporting period ended March 31, 2006, the Portfolios' income streams were impacted as proceeds from older, higher-yielding bonds that matured or were called or pre-refunded were reinvested into bonds generally offering lower yields. This resulted in one monthly dividend reduction in NXQ, NXR, NXC, and NXN during this period. The dividend of NXP remained stable throughout the reporting period.

Due to capital gains generated by normal portfolio activity, shareholders of these Portfolios received capital gains and net ordinary income distributions at the end of December 2005, as follows:

	LONG-TERM CAPITAL GAINS (PER SHARE)	ORDINARY INCOME (PER SHARE)
NXP	\$0.0006	--

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

NXQ	\$0.0148	--
NXR	\$0.0029	--
NXC	\$0.0528	\$0.0079
NXN	\$0.0655	--

All of these Portfolios seek to pay stable dividends at rates that reflect each Portfolio's past results and projected future performance. During certain periods, each Portfolio may pay dividends at a rate that may be more or less than the amount of net investment income actually earned by the Portfolio during the period. If a Portfolio has cumulatively earned more than it has paid in dividends, it holds the excess in reserve as undistributed net investment income (UNII) as part of the Portfolio's NAV. Conversely, if a Portfolio has cumulatively paid dividends in excess of its earnings, the excess constitutes negative UNII that is likewise reflected in the Portfolio's NAV. Each Portfolio will, over time, pay all of its net investment income as dividends to shareholders. As of March 31, 2006, each of the Funds in this report, with the exception of NXP, had a negative UNII balance for financial statement purposes and a positive UNII balance for tax purposes. As of March 31, 2006, NXPhad a positive UNII balance for both financial statement and tax purposes.

12

At the end of the reporting period on March 31, 2006, the share prices of the Nuveen Select Portfolios were trading at discounts to their NAVs as shown in the accompanying chart:

	3/31/06 DISCOUNT	12-MONTH AVERAGE DISCOUNT

NUVEEN NEW YORK SELECT TAX-FREE INCOME PORTFOLIO

We have audited the accompanying statements of assets and liabilities, including the portfolios of investments, of Nuveen Select Tax-Free Income Portfolio, Nuveen Select Tax-Free Income Portfolio 2, Nuveen Select Tax-Free Income Portfolio 3, Nuveen California Select Tax-Free Income Portfolio, and Nuveen New York Select Tax-Free Income Portfolio, as of March 31, 2006, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Funds' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2006, by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial positions of Nuveen Select Tax-Free Income Portfolio, Nuveen Select Tax-Free Income Portfolio 2, Nuveen Select Tax-Free Income Portfolio 3, Nuveen California Select Tax-Free Income Portfolio, and Nuveen New York Select Tax-Free Income Portfolio at March 31, 2006, the results of their operations for the year then ended, changes in their net assets for each of the two years in the period then ended, and their financial highlights for each of the five years in the period then ended in conformity with U.S. generally accepted accounting principles.

(1) Optional Call Provisions (not covered by the report of independent registered public accounting firm): Dates (month and year) and prices of the earliest optional call or redemption. There may be other call provisions at varying prices at later dates. Certain mortgage-backed securities may be subject to periodic

principal paydowns.

- (2) Ratings (not covered by the report of independent registered public accounting firm): Using the higher of Standard & Poor's or Moody's rating. Ratings below BBB by Standard & Poor's Group or Baa by Moody's Investor Service, Inc. are considered to be below investment grade.
- (3) Backed by an escrow or trust containing sufficient U.S. Government or U.S. Government agency securities which ensure the timely payment of principal and interest. Such investments are normally considered to be equivalent to AAA rated securities.
- (4) Investment has a maturity of more than one year, but has variable rate and demand features which qualify it as a short-term investment. The rate disclosed is that in effect at the end of the reporting period. This rate changes periodically based on market conditions or a specified market index.
- (5) Non-income producing.
- (6) On December 9, 2002, UAL Corporation ("UAL"), the holding company of United Air Lines, Inc. filed for federal bankruptcy protection. The Adviser determined that it was likely that United would not remain current on their interest payment obligations with respect to the bonds previously held and thus the Fund had stopped accruing interest on its UAL bonds. On February 1, 2006, UAL emerged from federal bankruptcy with the acceptance of its reorganization plan by the bankruptcy court. Under the settlement agreement established to meet UAL's unsecured bond obligations, the bondholders, including the Fund, received three distributions of UAL common stock over the subsequent months, and the bankruptcy court dismissed all unsecured claims of bondholders, including those of the Fund. Subsequent to fiscal year-end, the Fund liquidated its UAL common stock holdings.

N/R Not rated.

(ETM) Escrowed to maturity.

- (1) Optional Call Provisions (not covered by the report of independent registered public accounting firm): Dates (month and year) and prices of the earliest optional call or redemption. There may be other call provisions at varying prices at later dates. Certain mortgage-backed securities may be subject to periodic principal paydowns.
- (2) Ratings (not covered by the report of independent registered public accounting firm): Using the higher of Standard & Poor's or Moody's rating. Ratings below BBB by Standard & Poor's Group or Baa by Moody's Investor Service, Inc. are considered to be below investment grade.
- (3) Backed by an escrow or trust containing sufficient U.S. Government or U.S. Government agency securities which ensure the timely payment of principal and interest. Such investments are normally considered to be equivalent to AAA rated securities.
- (4) Investment has a maturity of more than one year, but has variable rate and demand features which qualify it as a short-term investment. The rate disclosed is that in effect at the end of the reporting period. This rate changes periodically based on market conditions or a specified market index.

on their interest payment obligations with respect to the bonds previously held and thus the Fund had stopped accruing interest on its UAL bonds. On February 1, 2006, UAL emerged from federal bankruptcy with the acceptance of its reorganization plan by the bankruptcy court. Under the settlement agreement established to meet UAL's unsecured bond obligations, the bondholders, including the Fund, received three distributions of UAL common stock over the subsequent months, and the bankruptcy court dismissed all unsecured claims of bondholders, including those of the Fund. Subsequent to fiscal year-end, the Fund liquidated its UAL common stock holdings.

grade.

(3) Backed by an escrow or trust containing sufficient U.S. Government or U.S. Government agency securities which ensure the timely payment of principal and interest. Such investments are normally considered to be equivalent to AAA rated securities.

(4) Non-income producing.

(5) On December 9, 2002, UAL Corporation ("UAL"), the holding company of United Air Lines, Inc. filed for federal bankruptcy protection. The Adviser determined that it was likely that United would not remain current on their interest payment obligations with respect to the bonds previously held and thus the Fund had stopped accruing interest on its UAL bonds. On February 1, 2006, UAL emerged from federal bankruptcy with the acceptance of its reorganization plan by the bankruptcy court. Under the settlement agreement established to meet UAL's unsecured bond obligations, the bondholders, including the Fund, received three distributions of UAL common stock over the subsequent months, and the bankruptcy court dismissed all unsecured claims of bondholders, including those of the Fund. Subsequent to fiscal year-end, the Fund liquidated its UAL common stock holdings.

Notes to FINANCIAL STATEMENTS

1. GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

The funds (the "Funds") covered in this report and their corresponding New York Stock Exchange symbols are Nuveen Select Tax-Free Income Portfolio (NXP), Nuveen Select Tax-Free Income Portfolio 2 (NXQ), Nuveen Select Tax-Free Income Portfolio 3 (NXR), Nuveen California Select Tax-Free Income Portfolio (NXC) and Nuveen New York Select Tax-Free Income Portfolio (NXN). The Funds are registered under the Investment Company Act of 1940, as amended, as closed-end, diversified management investment companies.

Each Fund seeks to provide stable dividends consistent with the preservation of capital, exempt from regular federal and designated state income taxes, where applicable, by investing primarily in a diversified portfolio of municipal obligations.

The following is a summary of significant accounting policies followed by the Funds in the preparation of their financial statements in accordance with U.S. generally accepted accounting principles.

Investment Valuation

The prices of municipal bonds in each Fund's investment portfolio are provided by a pricing service approved by the Fund's Board of Trustees. When market price quotes are not readily available (which is usually the case for municipal securities), the pricing service or, in the absence of a pricing service for a particular security, the Board of Trustees of the Funds, or its designee, may establish fair market value using a wide variety of market data including yields or prices of municipal bonds of comparable quality, type of issue, coupon, maturity and rating, market quotes or indications of value from securities dealers, evaluations of anticipated cash flows or collateral, general market conditions and other information and analysis, including the obligor credit characteristics considered relevant by the pricing service or the Board of Trustees' designee. Exchange-listed securities are generally valued at the last sales price on the securities exchange on which such securities are primarily

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

traded. Securities traded on a securities exchange for which there are no transactions on a given day or securities not listed on a securities exchange are valued at the mean of the closing bid and asked prices. Securities traded on Nasdaq are valued at the Nasdaq Official Closing Price. Temporary investments in securities that have variable rate and demand features qualifying them as short-term investments are valued at amortized cost, which approximates market value.

Investment Transactions

Investment transactions are recorded on a trade date basis. Realized gains and losses from transactions are determined on the specific identification method. Investments purchased on a when-issued or delayed delivery basis may have extended settlement periods. Any investments so purchased are subject to market fluctuation during this period. The Funds have instructed the custodian to segregate assets with a current value at least equal to the amount of the when-issued and delayed delivery purchase commitments. At March 31, 2006, Select Tax-Free 2 (NXQ) had an outstanding when-issued/delayed delivery purchase commitment of \$966,200. There were no such outstanding purchase commitments in any of the other Funds.

50

Investment Income

Interest income, which includes the amortization of premiums and accretion of discounts for financial reporting purposes, is recorded on an accrual basis. Investment income also includes paydown gains and losses, if any. Dividend income, if any, is recorded on the ex-dividend date.

Income Taxes

Each Fund is a separate taxpayer for federal income tax purposes. Each Fund intends to distribute substantially all net investment income and net capital gains to shareholders and to otherwise comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies. Therefore, no federal income tax provision is required. Furthermore, each Fund intends to satisfy conditions which will enable interest from municipal securities, which is exempt from regular federal and applicable state income taxes, if any, to retain such tax-exempt status when distributed to shareholders of the Funds. All monthly tax-exempt income dividends paid during the fiscal year ended March 31, 2006, have been designated Exempt Interest Dividends. Net realized capital gains and ordinary income distributions paid by the Funds are subject to federal taxation.

Dividends and Distributions to Shareholders

Dividends from tax-exempt net investment income are declared monthly. Net realized capital gains and/or market discount from investment transactions, if any, are distributed to shareholders not less frequently than annually. Furthermore, capital gains are distributed only to the extent they exceed available capital loss carryforwards.

Distributions to shareholders of tax-exempt net investment income, net realized capital gains and/or market discount, if any, are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles.

Derivative Financial Instruments

The Funds are not authorized to invest in derivative financial instruments.

Custodian Fee Credit

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

Each Fund has an arrangement with the custodian bank whereby certain custodian fees and expenses are reduced by credits earned on each Fund's cash on deposit with the bank. Such deposit arrangements are an alternative to overnight investments.

Indemnifications

Under the Funds' organizational documents, their Officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, in the normal course of business, the Funds enter into contracts that provide general indemnifications to other parties. The Funds' maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results may differ from those estimates.

Notes to
FINANCIAL STATEMENTS (continued)

5. MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Each Fund's management fee is separated into two components - a complex-level component, based on the aggregate amount of all fund assets managed by Nuveen Asset Management (the "Adviser"), a wholly owned subsidiary of Nuveen Investments, Inc., and a specific fund-level component, based only on the amount of assets within each individual fund. This pricing structure enables Nuveen

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

fund shareholders to benefit from growth in the assets within each individual fund as well as from growth in the amount of complex-wide assets managed by the Adviser.

The annual fund-level fee, payable monthly, for each Fund is based upon the average daily net assets of each Fund as follows:

AVERAGE DAILY NET ASSETS	SELECT TAX-FREE (NXP) FUND-LEVEL FEE RATE	SELECT TAX-FREE 2 (NXQ)	SELECT TAX-FREE 3 (NXR)	CALIFORNIA SELECT TAX-FREE (NXC)	NEW YORK SELECT TAX-FREE (NXN)
		FUND-LEVEL FEE RATE			
For the first \$125 million	.0500%				.1000%
For the next \$125 million	.0375				.0875
For the next \$250 million	.0250				.0750
For the next \$500 million	.0125				.0625

The annual complex-level fee, payable monthly, which is additive to the fund-level fee, for all Nuveen sponsored funds in the U.S., is based on the aggregate amount of total fund assets managed as stated in the table below. As of March 31, 2006, the complex-level fee rate was .1887%.

COMPLEX-LEVEL ASSETS (1)	COMPLEX-LEVEL FEE RATE
For the first \$55 billion	.2000%
For the next \$1 billion	.1800
For the next \$1 billion	.1600
For the next \$3 billion	.1425
For the next \$3 billion	.1325
For the next \$3 billion	.1250
For the next \$5 billion	.1200
For the next \$5 billion	.1175
For the next \$15 billion	.1150
For Managed Assets over \$91 billion (2)	.1400

- (1) The complex-level fee component of the management fee for the funds is calculated based upon the aggregate Managed Assets ("Managed Assets" means the average daily net assets of each fund including assets attributable to all types of leverage used by the Nuveen funds) of Nuveen-sponsored funds in the U.S.
- (2) With respect to the complex-wide Managed Assets over \$91 billion, the fee rate or rates that will apply to such assets will be determined at a later date. In the unlikely event that complex-wide Managed Assets reach \$91 billion prior to a determination of the complex-level fee rate or rates to be applied to Managed Assets in excess of \$91 billion, the complex-level fee rate for such complex-wide Managed Assets shall be .1400% until such time as a different rate or rates is determined.

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. The Funds pay no compensation directly to those of its Trustees who are affiliated with the Adviser or to their officers, all of whom receive remuneration for their services to the Funds from the Adviser or its affiliates. The Board of Trustees has adopted a deferred compensation plan for independent Trustees that enables Trustees to elect to defer receipt of all or a portion of the annual

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

compensation they are entitled to receive from certain Nuveen advised Funds. Under the plan, deferred amounts are treated as though equal dollar amounts had been invested in shares of select Nuveen advised Funds.

Reinvest Automatically
EASILY AND CONVENIENTLY

Sidebar text: NUVEEN MAKES REINVESTING EASY. A PHONE CALL IS ALL IT TAKES TO SET UP YOUR REINVESTMENT ACCOUNT.

NUVEEN EXCHANGE-TRADED CLOSED-END FUNDS
DIVIDEND REINVESTMENT PLAN

Your Nuveen Exchange-Traded Closed-End Fund allows you to conveniently reinvest dividends and/or capital gains distributions in additional fund shares.

By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow through the power of tax-free compounding. Just like dividends or distributions in cash, there may be times when income or capital gains taxes may be payable on dividends or distributions that are reinvested.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

EASY AND CONVENIENT

To make recordkeeping easy and convenient, each month you'll receive a statement showing your total dividends and distributions, the date of investment, the shares acquired and the price per share, and the total number of shares you own.

HOW SHARES ARE PURCHASED

The shares you acquire by reinvesting will either be purchased on the open market or newly issued by the Fund. If the shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at the then-current market price. If the shares are trading at less than net asset value, shares for your account will be purchased on the open market. Dividends and distributions received to purchase shares in the open market will normally be invested shortly after the dividend payment date. No interest will be paid on dividends and distributions awaiting reinvestment. Because the market price of the shares may increase before purchases are completed, the average purchase price per share may exceed the market price at the time of valuation, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. A pro rata portion of any applicable brokerage commissions on open market purchases will be paid by Plan participants. These commissions usually will be lower than those charged on

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

individual transactions.

FLEXIBLE

You may change your distribution option or withdraw from the Plan at any time, should your needs or situation change. Should you withdraw, you can receive a certificate for all whole shares credited to your reinvestment account and cash payment for fractional shares, or cash payment for all reinvestment account shares, less brokerage commissions and a \$2.50 service fee.

You can reinvest whether your shares are registered in your name, or in the name of a brokerage firm, bank, or other nominee. Ask your investment advisor if his or her firm will participate on your behalf. Participants whose shares are registered in the name of one firm may not be able to transfer the shares to another firm and continue to participate in the Plan.

The Fund reserves the right to amend or terminate the Plan at any time. Although the Fund reserves the right to amend the Plan to include a service charge payable by the participants, there is no direct service charge to participants in the Plan at this time.

GLOSSARY OF TERMS USED IN THIS REPORT

AVERAGE ANNUAL TOTAL RETURN: This is a commonly used method to express an investment's performance over a particular, usually multi-year time period. It expresses the return that would have been necessary each year to equal the investment's actual cumulative performance (including change in NAV or market price and reinvested dividends and capital gains distributions, if any) over the time period being considered.

AVERAGE EFFECTIVE MATURITY: The average of all the maturities of the bonds in a Fund's portfolio, computed by weighting each maturity date (the date the security comes due) by the market value of the security. This figure does not account for the likelihood of prepayments or the exercise of call provisions.

MODIFIED DURATION: Duration is a measure of the expected period over which a bond's principal and interest will be paid and consequently is a measure of the sensitivity of a bond's or bond Fund's value to changes when market interest rates change. Generally, the longer a bond's or Fund's duration, the more the price of the bond or Fund will change as interest rates change.

MARKET YIELD (ALSO KNOWN AS DIVIDEND YIELD OR CURRENT YIELD): An investment's current annualized dividend divided by its current market price.

NET ASSET VALUE (NAV): A Fund's common share NAV per share is calculated by subtracting the liabilities of the Fund (including any MuniPreferred shares issued in order to leverage the Fund) from its total assets and then dividing the remainder by the number of shares outstanding. Fund NAVs are calculated at the end of each business day.

TAXABLE-EQUIVALENT YIELD: The yield necessary from a fully taxable investment to equal, on an after-tax basis, the yield of a municipal bond investment.

ITEM 2. CODE OF ETHICS.

As of the end of the period covered by this report, the registrant has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. There were no amendments to or waivers from the Code during the period covered by this report. The registrant has posted the code of ethics on its website at www.nuveen.com/etf. (To view the code, click on the Investor Resources drop down menu box, click on Fund Governance and then click on Code of Conduct.)

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The registrant's Board of Directors or Trustees determined that the registrant has at least one "audit committee financial expert" (as defined in Item 3 of Form N-CSR) serving on its Audit Committee. The registrant's audit committee financial expert is Jack B. Evans, Chairman of the Audit Committee, who is "independent" for purposes of Item 3 of Form N-CSR.

Mr. Evans was formerly President and Chief Operating Officer of SCI Financial Group, Inc., a full service registered broker-dealer and registered investment adviser ("SCI"). As part of his role as President and Chief Operating Officer, Mr. Evans actively supervised the Chief Financial Officer (the "CFO") and actively supervised the CFO's preparation of financial statements and other filings with various regulatory authorities. In such capacity, Mr. Evans was actively involved in the preparation of SCI's financial statements and the resolution of issues raised in connection therewith. Mr. Evans has also served on the audit committee of various reporting companies. At such companies, Mr. Evans was involved in the oversight of audits, audit plans, and the preparation of financial statements. Mr. Evans also formerly chaired the audit committee of the Federal Reserve Bank of Chicago.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Nuveen Select Tax-Free Income Portfolio

The following tables show the amount of fees that Ernst & Young LLP, the Fund's auditor, billed to the Fund during the Fund's last two full fiscal years. For engagements with Ernst & Young LLP the Audit Committee approved in advance all audit services and non-audit services that Ernst & Young LLP provided to the Fund, except for those non-audit services that were subject to the pre-approval exception under Rule 2-01 of Regulation S-X (the "pre-approval exception"). The pre-approval exception for services provided directly to the Fund waives the pre-approval requirement for services other than audit, review or attest services if: (A) the aggregate amount of all such services provided constitutes no more than 5% of the total amount of revenues paid by the Fund to its accountant during the fiscal year in which the services are provided; (B) the Fund did not recognize the services as non-audit services at the time of the

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

engagement; and (C) the services are promptly brought to the Audit Committee's attention, and the Committee (or its delegate) approves the services before the audit is completed.

The Audit Committee has delegated certain pre-approval responsibilities to its Chairman (or, in his absence, any other member of the Audit Committee).

SERVICES THAT THE FUND'S AUDITOR BILLED TO THE FUND

Percentage approved pursuant to pre-approval exception	0%	0%	
March 31, 2005	\$ 11,296	\$ 0	
Percentage approved pursuant to pre-approval exception	0%	0%	

The above "All Other Fees" are fees paid to audit firms to perform agreed upon procedures required by the rating agencies to rate fund preferred shares. The above "Tax Fees" were billed for professional services for tax advice, tax compliance, and tax planning.

SERVICES THAT THE FUND'S AUDITOR BILLED TO THE ADVISER AND AFFILIATED FUND SERVICE PROVIDERS

The following tables show the amount of fees billed by Ernst & Young LLP to Nuveen Asset Management ("NAM" or the "Adviser"), and any entity controlling, controlled by or under common control with NAM ("Control Affiliate") that provides ongoing services to the Fund ("Affiliated Fund Service Provider"), for engagements directly related to the Fund's operations and financial reporting, during the Fund's last two full fiscal years.

The tables also show the percentage of fees subject to the pre-approval exception. The pre-approval exception for services provided to the Adviser and any Affiliated Fund Service Provider (other than audit, review or attest services) waives the pre-approval requirement if: (A) the aggregate amount of all such services provided constitutes no more than 5% of the total amount of revenues paid to Ernst & Young LLP by the Fund, the Adviser and Affiliated Fund Service Providers during the fiscal year in which the services are provided that would have to be pre-approved by the Audit Committee; (B) the Fund did not recognize the services as non-audit services at the time of the engagement; and (C) the services are promptly brought to the Audit Committee's attention, and the Committee (or its delegate) approves the services before the Fund's audit is completed.

The above "Tax Fees" are primarily fees billed to the Adviser for Nuveen Closed-End Funds tax return preparation.

(1) "Tax Fees Billed to Adviser and Affiliated Fund Service Providers" for the year ended 3/31/05 have been revised and primarily reflect fees billed to the Adviser for Nuveen Closed-End Funds tax return preparation.

NON-AUDIT SERVICES

The following table shows the amount of fees that Ernst & Young LLP billed during the Fund's last two full fiscal years for non-audit services. For engagements entered into on or after May 6, 2003, the Audit Committee is required to pre-approve non-audit services that Ernst & Young LLP provides to the Adviser and any Affiliated Fund Services Provider, if the engagement related directly to the Fund's operations and financial reporting (except for those subject to the de minimis exception described above). The Audit Committee requested and received information from Ernst & Young LLP about any non-audit services that Ernst & Young LLP rendered during the Fund's last fiscal year to the Adviser and any Affiliated Fund Service Provider. The Committee considered this information in evaluating Ernst & Young LLP's independence.

FISCAL YEAR ENDED	TOTAL NON-AUDIT FEES BILLED TO ADVISER AND AFFILIATED FUND SERVICE PROVIDERS (ENGAGEMENTS RELATED DIRECTLY TO THE OPERATIONS AND FINANCIAL REPORTING OF THE FUND)	TOTAL NON- AUDIT FEES BILLED TO AFFILIATED FUND SERVICE PROVIDERS (ENGAGEMENTS RELATED DIRECTLY TO THE OPERATIONS AND FINANCIAL REPORTING OF THE FUND)
March 31, 2006	\$ 410	\$ 275,000
March 31, 2005	\$ 417	\$ 282,575

The above "Non-Audit Fees billed to Adviser" for both fiscal year ends include "Tax Fees" billed to Adviser in their respectable amounts from the previous table.

Audit Committee Pre-Approval Policies and Procedures. Generally, the Audit Committee must approve (i) all non-audit services to be performed for the Fund by the Fund's independent accountants and (ii) all audit and non-audit services to be performed by the Fund's independent accountants for the Affiliated Fund Service Providers with respect to operations and financial reporting of the Fund. Regarding tax and research projects conducted by the independent accountants for the Fund and Affiliated Fund Service Providers (with respect to operations and financial reports of the Fund) such engagements will be (i) pre-approved by the Audit Committee if they are expected to be for amounts greater than \$10,000; (ii) reported to the Audit Committee chairman for his verbal approval prior to engagement if they are expected to be for amounts under \$10,000 but greater than \$5,000; and (iii) reported to the Audit Committee at the next Audit Committee meeting if they are expected to be for an amount under \$5,000.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant's Board of Directors or Trustees has a separately designated Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (15 U.S.C. 78c(a)(58)(A)). The members of the audit committee are Robert P. Bremner, Lawrence H. Brown, Jack B. Evans, William J. Schneider and Eugene S. Sunshine.

ITEM 6. SCHEDULE OF INVESTMENTS.

See Portfolio of Investments in Item 1.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The registrant invests its assets primarily in municipal bonds and cash management securities. On rare occasions the registrant may acquire, directly or through a special purpose vehicle, equity securities of a municipal bond issuer whose bonds the registrant already owns when such bonds have deteriorated or are expected shortly to deteriorate significantly in credit quality. The purpose of acquiring equity securities generally will be to acquire control of the municipal bond issuer and to seek to prevent the credit deterioration or facilitate the liquidation or other workout of the distressed issuer's credit problem. In the course of exercising control of a distressed municipal issuer, NAM may pursue the registrant's interests in a variety of ways, which may entail negotiating and executing consents, agreements and other arrangements, and otherwise influencing the management of the issuer. NAM does not consider such activities proxy voting for purposes of Rule 206(4)-6 under the 1940 Act, but nevertheless provides reports to the registrant's Board of Trustees on its control activities on a quarterly basis.

In the rare event that a municipal issuer were to issue a proxy or that the registrant were to receive a proxy issued by a cash management security, NAM would either engage an independent third party to determine how the proxy should be voted or vote the proxy with the consent, or based on the instructions, of the registrant's Board of Trustees or its representative. A member of NAM's legal department would oversee the administration of the voting, and ensure that records were maintained in accordance with Rule 206(4)-6, reports were filed with the SEC on Form N-PX, and the results provided to the registrant's Board of Trustees and made available to shareholders as required by applicable rules.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Edgar Filing: NUVEEN SELECT TAX FREE INCOME PORTFOLIO - Form N-CSR

THE PORTFOLIO MANAGER

The following individual has primary responsibility for the day-to-day implementation of the Registrant's investment strategies:

NAME	FUND
Thomas Spalding	Nuveen Select Tax-Free Income Portfolio

Other Accounts Managed. In addition to managing the registrant, the portfolio manager is also primarily responsible for the day-to-day portfolio management of the following accounts:

PORTFOLIO MANAGER	TYPE OF ACCOUNT	NUMBER OF ACCOUNTS	ASSETS
Thomas Spalding	Registered Investment Company	13	\$11,519 million
	Other Pooled Investment Vehicles	-0-	\$0
	Other Accounts	5	\$10 million

* Assets are as of March 31, 2006. None of the assets in these accounts are subject to an advisory fee based on performance.

Compensation. The portfolio manager's compensation consists of three basic elements--base salary, cash bonus and long-term incentive compensation. The compensation strategy is to annually compare overall compensation, including these three elements, to the market in order to create a compensation structure that is competitive and consistent with similar financial services companies. As discussed below, several factors are considered in determining the portfolio manager's total compensation. In any year these factors may include, among others, the effectiveness of the investment strategies recommended by the portfolio manager's investment team, the investment performance of the accounts managed by the portfolio manager, and the overall performance of Nuveen Investments, Inc. (the parent company of NAM). Although investment performance is a factor in determining the portfolio manager's compensation, it is not necessarily a decisive factor. The portfolio manager's performance is evaluated in part by comparing manager's performance against a specified investment benchmark. This fund-specific benchmark is a customized subset of the S&P/Investortools Municipal Bond index, an index comprised of bonds held by managed municipal bond fund customers of Standard & Poor's Securities Pricing, Inc. that are priced daily and whose fund holdings aggregate at least \$2 million. As of May 31, 2006, the S&P/Investortools Municipal Bond index was comprised of 46,877 securities with an aggregate current market value of \$879 billion.

Base salary. The portfolio manager is paid a base salary that is set at a level determined by NAM in accordance with its overall compensation strategy discussed above. NAM is not under any current contractual obligation to increase a portfolio manager's base salary.

Cash bonus. The portfolio manager is also eligible to receive an annual cash bonus. The level of this bonus is based upon evaluations and determinations made by the portfolio manager's supervisors, along with reviews submitted by his peers. These reviews and evaluations often take into account a number of factors, including the effectiveness of the investment strategies recommended to NAM's investment team, the performance of the accounts for which he serves as portfolio manager relative to any benchmarks established for those accounts, his effectiveness in communicating investment performance to stockholders and their representatives, and his contribution to NAM's investment process and to the execution of investment strategies. The cash bonus component is also impacted by the overall performance of Nuveen Investments, Inc. in achieving its business

objectives.

Long-term incentive compensation. The portfolio manager is eligible to receive bonus compensation in the form of equity-based awards issued in securities issued by Nuveen Investments, Inc. The amount of such compensation is dependent upon the same factors articulated for cash bonus awards but also factors in his long-term potential with the firm.

Material Conflicts of Interest. The portfolio manager's simultaneous management of the Fund and the other accounts noted above may present actual or apparent conflicts of interest with respect to the allocation and aggregation of securities orders placed on behalf of the Registrant and the other account. NAM, however, believes that such potential conflicts are mitigated by the fact that NAM has adopted several policies that address potential conflicts of interest, including best execution and trade allocation policies that are designed to ensure (1) that portfolio management is seeking the best price for portfolio securities under the circumstances, (2) fair and equitable allocation of investment opportunities among accounts over time and (3) compliance with applicable regulatory requirements. All accounts are to be treated in a non-preferential manner, such that allocations are not based upon account performance, fee structure or preference of the portfolio manager. In addition, NAM has adopted a Code of Conduct that sets forth policies regarding conflicts of interest.

Beneficial Ownership of Securities. As of the March 31, 2006, the portfolio manager beneficially owned the following dollar range of equity securities issued by the Registrant and other Nuveen Funds managed by NAM's municipal investment team.

NAME OF PORTFOLIO MANAGER FUND		DOLLAR RANGE OF EQUITY SECURITIES BENEFICIALLY OWNED IN FUND	DOLLAR EQUITY BENEF IN TH NUVEE BY NA INVES

PORTFOLIO MANAGER BIO:

Thomas Spalding, CFA is Vice President and Senior Investment Officer of Nuveen Investments. He has direct investment responsibility for the National Long Term funds. He joined Nuveen in 1975 as assistant portfolio manager and has been the portfolio manager of the Nuveen Municipal Value Fund, Nuveen's first closed-end exchange traded fund, since its inception in 1987. Currently, he manages investments for 14 Nuveen-sponsored investment companies.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

Not applicable.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

During this reporting period, the registrant's Board of Trustees implemented a

change to the procedures by which shareholders may recommend nominees to the registrant's board of trustees by amending the registrant's by-laws to include a provision specifying the date by which shareholder nominations for election as trustee at a subsequent meeting must be submitted to the registrant. Shareholders must deliver or mail notice to the registrant not less than forty-five days nor more than sixty days prior to the first anniversary date of the date on which the registrant first mailed its proxy materials for the prior year's annual meeting; provided, however, if and only if the annual meeting is not scheduled to be held within a period that commences thirty days before the first anniversary date of the annual meeting for the preceding year and ends thirty days after such anniversary date (an annual meeting date outside such period being referred to as an "Other Annual Meeting Date" hereafter), the shareholder notice must be given no later than the close of business on the date forty-five days prior to such Other Annual Meeting Date or the tenth business day following the date such Other Annual Meeting Date is first publicly announced or disclosed. The shareholder's notice must be in writing and set forth the name, age, date of birth, business address, residence address and nationality of the person(s) being nominated and the class or series, number of all shares of the registrant owned of record or beneficially by each such person(s), any other information regarding such person required by Item 401 of Regulation S-K or Item 22 of Rule 14a-101 (Schedule 14A) under the Securities Exchange Act of 1934, as amended, any other information regarding the person(s) to be nominated that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitation of proxies for election of trustees, and whether such shareholder believes any nominee is or will be an "interested person" (as that term is defined in the Investment Company Act of 1940, as amended) of the registrant or sufficient information to enable the registrant to make that determination and the written and signed consent of the person(s) to be nominated.

ITEM 11. CONTROLS AND PROCEDURES.

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of this report that includes the disclosure required by this paragraph, based on their evaluation of the controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (17 CFR 240.13a-15(b) or 240.15d-15(b)).
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

File the exhibits listed below as part of this Form. Letter or number the exhibits in the sequence indicated.

(a)(1) Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 2, to the extent that the registrant intends to satisfy the Item 2 requirements through filing of an exhibit: Not applicable because the code is posted on registrant's website at www.nuveen.com/etf and there were no amendments during the period covered by this report. Governance and then Code of Conduct.)

(a)(2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the 1940 Act (17 CFR 270.30a-2(a)) in the exact form set forth below: Ex-99.CERT Attached hereto.

(a)(3) Any written solicitation to purchase securities under Rule 23c-1 under the 1940 Act (17 CFR 270.23c-1) sent or given during the period covered by the report by or on behalf of the registrant to 10 or more persons. Not applicable.

(b) If the report is filed under Section 13(a) or 15(d) of the Exchange Act, provide the certifications required by Rule 30a-2(b) under the 1940 Act (17 CFR 270.30a-2(b)); Rule 13a-14(b) or Rule 15d-14(b) under the Exchange Act (17 CFR 240.13a-14(b) or 240.15d-14(b)), and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350) as an exhibit. A certification furnished pursuant to this paragraph will not be deemed "filed" for purposes of Section 18 of the Exchange Act (15 U.S.C. 78r), or otherwise subject to the liability of that section. Such certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference. Ex-99.906 CERT attached hereto.
