Company Press Release

CNOOC Signed Supplemental Development Agreement

(Hong Kong, September 6, 2002) - CNOOC Limited (the "Company", SEHK: 883; NYSE: CEO) announced today that its parent company, China National Offshore Oil Corporation ("CNOOC") had signed a supplemental development agreement regarding the CFD 11-1/11-2 oil fields in 04/36 Block in Bohai Bay, with Kerr-McGee China Petroleum Limited, a subsidiary of Kerr-McGee Corp. (NYSE: KMG) and Sino-American Energy Corp., a wholly owned subsidiary of Ultra Petroleum Corp. (AMEX: UPL). The agreement marks concurrence on major issues of the oilfield development among the parties.

The CFD 11-1/11-2 oil fields are about 90 kilometers offshore southeast of Tanggu. The contract covers an area of 91 square kilometers. These two oil fields were discovered at the end of 1999 and in the middle of 2001, respectively. Under the agreement, the Company and its partners will draw up an overall development plan for the development of these two fields.

The CFD 11-1/11-2 oil fields will be developed in two phases. The first phase of the project, consisting of a central platform, one wellhead platform, a single point mooring system and an FPSO unit, is expected to come on-line in the second half of 2004. The second phase will include an additional wellhead platform.

Subject to final government approval, the Company will have a 51% working interest in these two oil fields. Kerr-McGee, as the operator, will have a 40.1% working interest and Sino-American Energy will have an 8.9% working interest.

"The discovery and development of the CFD11-1/11-2 oil fields is the result of the mutual cooperation between the Company and its partners. It also demonstrates the exploration and development potential in Bohai Bay," commented Mr. Zhou Shouwei, President and Executive Director of the Company. "The Bohai area is the focus of our exploration and development program and a major part of our production growth."

Notes to Editors:

CNOOC LIMITED - BACKGROUND

Incorporated in Hong Kong in August 1999, the Company is the dominant producer of crude oil and natural gas offshore China. The Company is also one of the largest independent crude oil and gas exploration and production companies in the world. As of December 31, 2001, its net proved reserves were 1.8 billion barrels-of-oil equivalents and its net production totaled 261,379 BOE per day.

The Company has interests in 45 crude oil and gas properties in four major producing areas: Bohai Bay, Western South China Sea, Eastern South China Sea and East China Sea. The Company is a major oil and gas company in China with slightly over 1,000 employees. The Company has become the largest offshore producer in Indonesia after the acquisition of Indonesian assets.
