Dear Stockholder:

A meeting of the stockholders of Finisar will be held on Tuesday, June 19, 2001, at 10:00 a.m. local time, at the Wyndham Garden Hotel, 1300 Chesapeake Terrace, Sunnyvale, CA. You are cordially invited to attend.

The Notice of Meeting of Stockholders and a proxy statement, which describe the formal business to be conducted at the meeting, follow this letter.

You will note that the accompanying proxy statement is substantially more voluminous than is typical for annual stockholder meetings. The additional volume of information relates to several recently completed acquisitions and one pending acquisition. Although none of these acquisitions require stockholder approval, we are asking you to approve an increase in the authorized number of shares of our common stock. Since a portion of these newly authorized shares will be issued in connection with the one pending acquisition and in exchange for shares of our preferred stock issued in two of the completed acquisitions, SEC rules require us to include in the proxy statement most of the information that would be required if we were actually seeking stockholder approval of the three acquisitions.

Moreover, completing the details of the various acquisition transactions delayed the preparation of the required disclosure for the proxy statement. As a result, the stockholders meeting also has been delayed substantially. We hope to return to more conventional timing and disclosure for our 2001 stockholders meeting which we plan to hold in the fall.

After reading the proxy statement, please promptly mark, sign and return the enclosed proxy card in the prepaid envelope to assure that your shares will be represented. Your shares cannot be voted unless you date, sign, and return the enclosed proxy card or attend the annual meeting in person. Regardless of the number of shares you own, your careful consideration of, and vote on, the matters before our stockholders is important.

A copy of our Annual Report to Stockholders is also enclosed for your information. At the meeting we will review our activities over the past year and our plans for the future. The Board of Directors and Management look forward to seeing you at the meeting.

Very truly yours,

Jerry S. Rawls
*President and Chief Executive
Officer*

The accompanying proxy is solicited by the Board of Directors of Finisar Corporation, a Delaware corporation, for use at its annual meeting of stockholders to be held on June 19, 2001, or any adjournment or postponement of the meeting, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The date of this proxy statement is May 14, 2001, the approximate date on which this proxy statement and the accompanying form of proxy were first sent or given to stockholders.

SOLICITATION AND VOTING OF PROXIES

Finisar will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail, we will request banks and brokers, and other custodians, nominees and fiduciaries, to solicit their customers who hold our stock registered in the names of such persons and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors and others to solicit proxies, personally or by telephone, without additional compensation.

On April 27, 2001, we had outstanding 184,175,794 shares of common stock, par value \$.001 per share, and 1,120,984 shares of Series A Preferred Stock, par value \$.001 per share, all of which are entitled to vote with respect to all matters to be acted upon at the annual meeting. Each holder of common stock of record as of that date is entitled to one vote for each share of common stock held by him or her and each holder of Series A Preferred Stock of record as of that date is entitled to three votes for each share of Series A Preferred Stock held by him or her. Our Bylaws provide that a majority of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Votes for and against, abstentions and "broker non-votes" will each be counted as present for purposes of determining the presence of a quorum.

All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a stockholder specifies by means of his or her proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal. A stockholder giving a proxy has the power to revoke his or her proxy at any time before the time it is exercised by delivering to our Secretary a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person.

Unless otherwise indicated, the address of each of the named individuals is: c/o Finisar Corporation, 1308 Moffett Park Drive, Sunnyvale, CA 94089. Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. All shares of common stock subject to options exercisable within 60 days following January 31, 2001 are deemed to be outstanding and beneficially owned by the person holding those options for the purpose of computing the number of shares beneficially owned and the percentage of ownership of that person. Accordingly, percent ownership is based on 185,592,498 shares of common stock outstanding as of January 31, 2001 plus any shares issuable pursuant to options held by the person or group in question which may be exercised within 60 days following January 31, 2001. Except as indicated in the other footnotes to the table and subject to applicable community property laws, based on information provided by the persons named in the table, these persons have sole voting and investment power with respect to all shares of the common stock shown as beneficially owned by them.

REPORT OF THE AUDIT COMMITTEE

Edgar Filing: FINISAR CORP - Form DEF 14A

The following is the report of the Audit Committee with respect to our audited financial statements for the fiscal year ended April 30, 2000. Except for the final sentence of the second paragraph of this Audit Committee Report, the information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that Finisar specifically incorporates it by reference in such filing.

The Audit Committee has reviewed and discussed Finisar's audited financial statements with management. The Audit Committee has discussed with Ernst & Young LLP, Finisar's independent auditors, the matters required to be discussed by SAS 61 (Codification of Statements on Accounting Standards) which include, among other items, matters related to the conduct of the audit of Finisar's financial statements. The Audit Committee has also received written disclosures and the letter from Ernst & Young LLP required by the Independence Standards Board Standard No. 1 (which relates to the auditors' independence from Finisar and its related entities) and has discussed with Ernst & Young LLP their independence from Finisar. In addition, the Audit Committee has considered whether the provision of non-audit services by Ernst & Young LLP during Finisar's year ended April 30, 2000 is compatible with maintaining the independence of Ernst & Young LLP.

Based on the review and discussions referred to above, the committee recommended to Finisar's Board of Directors that Finisar's audited financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended April 30, 2000.

In connection with his continued employment with Finisar, Dr. Olsen entered into a three-year employment agreement that provides for an annual base salary of \$200,000 and annual bonuses based on performance and the achievement of financial goals. Dr. Olsen was also granted an option to purchase 300,000 shares of Finisar's common stock under Finisar's 1999 stock option plan pursuant to Finisar's standard option agreement and vesting terms. If Dr. Olsen's employment is terminated other than by reason of death or disability or for cause, he will be entitled to receive severance payments equal to twelve months of his base salary and a pro-rated

8

portion of the annual bonus, if any, for the prior fiscal year. The severance payments will be paid in equal, bi-weekly installments over the twelve-month period following the date of termination. In addition, Dr. Olsen entered into a noncompetition agreement under which he agreed, during the three-year period following the closing of the acquisition, not to engage, other than on behalf of Finisar, in any business that competes with the business of Sensors, accept employment with a customer of Sensors with the intent of depriving Sensors of business or request or advise customers or suppliers of Sensors to withdraw or curtail their business with Sensors. The terms of these agreements were negotiated at arm's length in connection with the negotiation of the terms of the acquisition of Sensors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission ("SEC"). Such persons are required by SEC regulations to furnish Finisar with copies of all Section 16(a) forms filed by such person.

Based solely on our review of such forms furnished to us and written representations from certain reporting persons, we believe that all filing requirements applicable to our executive officers, directors and more than 10% stockholders were complied with, except that three statements of changes in beneficial ownership involving three transactions were not timely filed for Jerry Rawls, Frank Levinson, and Mark Farley in conjunction with the sale of stock in a public offering of common stock in April 2000; and three statements of changes in beneficial ownership involving three transactions for Jan Lipson, Mark Farley, and Steve Workman for shares purchased pursuant to our employee stock purchase plan in May 2000 were not timely filed.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Compensation Philosophy

The goals of our compensation policy are to attract, retain and reward executive officers who contribute to our overall success by offering compensation that is competitive in the networking industry, to motivate executives to achieve our business objectives and to align the interests of officers with the long-term interests of stockholders. We currently use salary, bonuses and stock options to meet these goals.

Form of Compensation

We provide our executive officers with a compensation package consisting of base salary, incentive bonuses and participation in benefit plans generally available to other employees. In setting total compensation, the Compensation Committee considers individual and company performance, as well as market information regarding compensation paid by other companies in our industry.

Base Salary. Salaries for executive officers are initially set based on negotiation with individual executive officers at the time of their recruitment and with reference to salaries for comparable positions in the networking industry for individuals of similar education and

background to the executive officers being recruited. We also give consideration to the individual's experience, reputation in his or her field and expected contributions to Finisar. Salaries are generally reviewed annually by the Compensation Committee and are subject to increases based on (i) the Compensation Committee's determination that the individual's level of contribution to Finisar has increased since his or her salary had last been reviewed and (ii) increases in competitive pay levels.

Bonuses. It is our policy that a substantial component of each officer's potential annual compensation take the form of a performance-based bonus. Bonus payments to officers other than the Chief Executive Officer are determined by the Compensation Committee, in consultation with the Chief Executive Officer, based on our financial performance and the achievement of the officer's individual performance objectives. The Chief Executive Officer's bonus is determined by the Compensation Committee, without participation by the Chief Executive Officer, based on the same factors.

Long-term Incentives. Longer term incentives are provided through the 1999 stock option plan, which rewards executives and other employees through the growth in value of our stock. The Compensation Committee believes that employee equity ownership is highly motivating, provides a major incentive for employees to build stockholder value and serves to align the interests of employees with those of stockholders. Grants of stock options to executive officers are based upon each officer's relative position, responsibilities, historical and expected contributions to Finisar, and the officer's existing stock ownership and previous option grants, with primary weight given to the executive officers' relative rank and responsibilities. Initial stock option grants designed to recruit an executive officer to join Finisar may be based on negotiations with the officer and with reference to historical option grants to existing officers. Stock options are granted at an exercise price equal to the market price of our common stock on the date of grant and will provide value to the executive officers only when the price of our common stock increases over the exercise price.

2000 Compensation

Compensation for the Chief Executive Officer and other executive officers for 2000 was set according to our established compensation policy described above. At the end of fiscal 2000, we paid bonuses to our executive officers. These payments were based on our successes in 2000 in the execution of our operating and strategic plan, including substantial growth in revenue and operating income and the successful completion of the initial public offering of our common stock in November 1999, as well as the individual executives' contributions to these successes and the overall performance of Finisar and the individual officers' performance with respect to certain specific operational and strategic objectives.

ELECTION OF DIRECTORS

We have a classified Board of Directors consisting of three Class I directors (Roger C. Ferguson, Larry D. Mitchell and Gregory H. Olsen), two Class II directors (Frank H. Levinson and Richard B. Lieb), and two Class III directors (Michael C. Child and Jerry S. Rawls) who will serve until the annual meetings of stockholders for 2000, 2001 and 2002, respectively, and until their respective successors are duly elected and qualified. At each annual meeting of stockholders, directors are elected for a term of three years to succeed those directors whose terms expire at the annual meeting dates.

The terms of the Class I directors will expire on the date of the upcoming annual meeting. Accordingly, three persons are to be elected to serve as Class I directors of the Board of Directors at the meeting. Management's nominees for election by the stockholders to those three positions are the current Class I members of the Board of Directors: Roger C. Ferguson, Larry D. Mitchell and Gregory H. Olsen. Please see "Information About Finisar Corporation Management" above for information concerning the nominees. If elected, the nominees will serve as directors until our Annual Meeting of Stockholders for 2003 and until their successors are elected and qualified. If any of the nominees declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although we know of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as we may designate.

If a quorum is present and voting, the three nominees for Class I director receiving the highest number of votes will be elected as Class I directors. Abstentions and broker non-votes have no effect on the vote.

The Board of Directors recommends a vote "FOR" the nominees named above.

APPROVAL OF AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Background

Under Delaware law, we may only issue shares of our capital stock to the extent such shares have been authorized for issuance under our Certificate of Incorporation (the "Certificate"). The Certificate currently authorizes the issuance of up to 200,000,000 shares of common stock, \$0.001 par value. As of the record date, 184,175,794 shares of our common stock were issued and outstanding and 13,654,856 unissued shares of common stock were reserved for issuance under our equity compensation plans, leaving 2,169,350 shares of common stock unissued and unreserved. In order to ensure sufficient shares of common stock will be available for future corporate uses, the Board of Directors approved, subject to stockholder approval, an amendment to our Certificate of Incorporation (the "Charter Amendment") to increase the number of shares of common stock authorized for issuance from 200,000,000 to 500,000,000.

The Certificate also authorizes the issuance of up to 5,000,000 shares of preferred stock, \$0.001 par value. The preferred stock may be issued in one or more series having such rights, preferences and privileges as may be designated by our Board of Directors. Pursuant to such Board action, we filed a Certificate of Designation of Preferences and Rights of the Series A Preferred Stock (the "Certificate of Designation") with the Delaware Secretary of State to designate 4,500,000 shares of our preferred stock as Series A Preferred Stock. Each share of Series A Preferred Stock will automatically be converted into three shares of our common stock, subject to adjustment for stock splits, stock dividends, recapitalizations and similar events, upon the effectiveness of an increase in the authorized number of shares of our common stock to not less than the number of shares sufficient to allow the conversion of each share of the Series A Preferred Stock. Pending conversion of the Series A Preferred Stock, a holder of a share of Series A Preferred Stock will have the same rights as a holder of the number of shares of our common stock into which the share of Series A Preferred Stock is convertible with respect to the rights to vote, to receive dividends and to receive distributions on a liquidation or winding up of Finisar. Shares of Series A Preferred Stock were issued in connection with the acquisitions of Shomiti Systems, Inc. ("Shomiti") and Transwave Fiber, Inc. ("Transwave") described below. As of the record date, 1,120,984 shares of our Series A Preferred Stock were issued and outstanding. If the Charter Amendment is approved, outstanding shares of the Series A Preferred Stock will automatically be converted into common stock upon the filing of an amendment to our Certificate with the Delaware Secretary of State.

The shortage in our authorized but unissued shares of common stock is primarily attributable to a three-for-one split of our common stock in April 2000. We issued two shares of our common stock as a stock dividend for each share of common stock outstanding on the record date of March 27, 2000 to effect the stock split. Following the stock dividend, approximately 153,800,000 shares of our common stock were outstanding.

In addition, we recently acquired Sensors, Demeter Technologies, Inc. ("Demeter") and Medusa Technologies, Inc. ("Medusa") and, as described below, issued or reserved for issuance shares of our common stock in connection with those acquisitions. We also acquired Shomiti and Transwave and, as described below, issued our Series A Preferred Stock in connection with those acquisitions. We have also entered into an agreement to acquire Marlow Industries, Inc. ("Marlow") in exchange for shares of our common stock.

In connection with the acquisitions of Sensors and Demeter, our Board agreed to limit the number of options that could be granted under our 1999 stock option plan in order to have a sufficient number of shares of common stock available for issuance in the acquisitions. Our Board also agreed to suspend the automatic annual 5% increase in shares reserved for issuance under the 1999 stock option plan until the number of shares of our common stock authorized for issuance has been increased. In

connection with the acquisitions of Shomiti, Medusa and Transwave, our Board adopted the Finisar Corporation 2001 nonstatutory stock option plan which provides for the grant of nonstatutory options to purchase Series A Preferred Stock. An aggregate of 1,950,000 shares of Series A Preferred Stock are reserved for issuance under the 2001 option plan. The 2001 option plan will primarily be used for the grant of options to employees of Shomiti, Medusa and Transwave following the completion of the acquisitions of these companies. However, we may also grant options under the 2001 stock option plan to our employees if we do not have a sufficient number of shares of common stock available for grant under our 1999 stock option plan.

Completed Acquisitions

Acquisition of Sensors Unlimited, Inc. We completed the acquisition of Sensors Unlimited, Inc. ("Sensors") on October 17, 2000. Sensors is headquartered in Princeton, New Jersey and is a leading supplier of optical components that monitor the performance of dense wavelength division multiplexing, or DWDM, systems. Its technology enables telecommunications companies to optimize the use of existing bandwidth in fiber optic networks.

Pursuant to the merger, we issued 18,962,141 shares of our common stock in exchange for the outstanding shares of Sensors common stock. In addition, we assumed the outstanding options to purchase Sensors common stock and have reserved 381,417 shares of our common stock for issuance upon the exercise of the assumed options. At the closing of the transaction, the assumed Sensors options were converted into options to purchase our common stock and vested to the extent of the greater of (1) 25% of the total number of shares subject to the option or (2) the vested percentage of the Sensors option at the closing of the merger, up to a maximum of 50% of the total number of shares subject to the option. The unvested portion of each assumed option will vest in three approximately equal annual installments on each of the first three anniversaries of the date of closing of the merger, subject to the optionholder's continued service with Finisar or a subsidiary.

At the closing of the merger, certificates representing 9,481,109 shares of our common stock were issued to the former stockholders of Sensors (the "Initial Consideration") and certificates representing 9,481,032 shares of our common stock, or approximately one-half of the shares issued pursuant to the merger, were deposited into escrow with U.S. Bank Trust, National Association (the "Deferred Consideration"). One-third of the shares deposited in escrow will be released on each of the first three anniversaries of October 17, 2000, subject to the achievement of certain development milestones. If the milestones are not achieved, the escrow shares will be cancelled and returned to the status of authorized but unissued shares. Further, one-third of the escrow shares that would otherwise be delivered to the principal stockholders of Sensors on the third anniversary of the closing of the merger will be subject to claims for indemnification by us under the reorganization agreement and the procedures specified in the escrow agreement. Those shares will remain in escrow until all pending claims for indemnification, if any, have been resolved.

In addition to the Initial Consideration and the Deferred Consideration, on each of the first three anniversaries of the closing of the merger, we will issue and deliver to the former stockholders of Sensors, on a pro rata basis, additional shares of our common stock (the "Additional Consideration"). These shares will be valued on the basis of the average closing trading price per share of our common stock on The Nasdaq National Market for the ten trading days preceding the applicable payment date. These shares of our common stock, with an estimated value of \$48 million, will be distributed as follows:

if on the first anniversary of the closing of the merger, at least 75% of the key management and technical employees originally employed by Sensors, or equivalent replacement employees, are then employed by us, we will issue and deliver shares of our common stock having an aggregate value of \$2.375 multiplied by the total number of shares initially deposited in escrow, rounded to the nearest whole share,

if on the second anniversary of the closing of the merger, at least 65% of the key Sensors employees, or equivalent replacement employees, are then employed by us, we will issue and deliver shares of our common stock having an aggregate value of \$1.58333 multiplied by the total number of shares initially deposited in escrow, rounded to the nearest whole share, and

if on the third anniversary of the closing of the merger, at least 50% of the key Sensors employees, or equivalent replacement employees, are then employed by us, and if prior to that date all six development milestones set forth in the reorganization agreement have been achieved, we will issue shares of our common stock having an aggregate value of

Edgar Filing: FINISAR CORP - Form DEF 14A

\$0.79167 multiplied by the total number of shares initially deposited in escrow, rounded to the nearest whole share.

Effective on the closing of the merger, Gregory H. Olsen, the President and Chief Executive Officer of Sensors, was elected as a director of Finisar and appointed to the position of Executive Vice President of Finisar. In connection with the merger and his continued employment with us, Mr. Olsen entered into a three-year employment agreement and noncompetition agreement.

The acquisition of Sensors was structured as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code and has been accounted for under the purchase method of accounting.

Acquisition of Demeter Technologies, Inc. We completed the acquisition of Demeter Technologies, Inc. ("Demeter"), a privately-held company located in El Monte, California, on November 21, 2000. Demeter was founded in June 2000 and is focused on the development of long wavelength Fabry Perot and distributed feedback lasers for data communications and telecommunications applications.

Pursuant to the merger, we issued 6,020,012 shares of our common stock in exchange for the outstanding shares of Demeter capital stock. In addition, we assumed the outstanding options to purchase Demeter's common stock and have reserved 566,573 shares of our common stock for issuance upon the exercise of the assumed options. The Demeter options were converted into options to purchase our common stock and generally vest to the extent of 25% of the total number of shares subject to the option at the end of one year after the date of grant, with the remainder vesting in 36 equal monthly installments, subject to the optionholder's continued service with Finisar or a subsidiary.

At the closing of the merger, certificates representing 601,993 shares of our common stock were deposited into an escrow with U.S. Bank Trust, National Association. The escrow shares will be subject to claims for indemnification by us under the reorganization agreement and the procedures specified in the escrow agreement. These shares will remain in escrow until the later of the first anniversary of the closing of the merger or the date on which all pending claims for indemnification, if any, have been resolved.

The acquisition of Demeter was structured as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code and has been accounted for under the purchase method of accounting.

Acquisition of Medusa Technologies, Inc. We completed the acquisition of Medusa Technologies, Inc. ("Medusa"), a privately-held company located near Austin, Texas, on March 2, 2001. Medusa was established in June 1997 and provides training and testing services focussing on Fibre Channel and other networking technologies. Medusa also provides training services and develops proprietary test and analysis tools and software for internal and third-party use.

Pursuant to the acquisition, we paid approximately \$6.77 million in cash for all outstanding shares of Medusa and assumed the outstanding options to purchase Medusa's common stock. We have reserved 8,012 shares of our common stock for issuance upon the exercise of the assumed options. The assumed options vest monthly at the rate of $\frac{1}{48}$ of the total number of shares originally subject to the assumed option.

At the closing of the acquisition, approximately \$616,000 in cash was deposited into an escrow with U.S. Bank Trust, National Association, and will be subject to claims for indemnification by us under the reorganization agreement and the procedures specified in the escrow agreement. The funds deposited in escrow will remain in escrow until the later of the first anniversary of the closing of the merger or the date on which all pending claims for indemnification, if any, have been resolved.

The acquisition of Medusa has been accounted for under the purchase method of accounting.

Purpose and Effect of the Charter Amendment

The purpose of the proposed Charter Amendment is to authorize additional shares of common stock that will enable the automatic conversion of our Series A Preferred Stock into common stock and that will be available for future issuance in the event the Board of Directors determines that it is necessary or appropriate to declare future stock dividends, stock splits, to raise additional capital through the sale of equity securities, to acquire other companies or their assets, to establish strategic relationships with corporate partners, to provide equity incentives to employees and officers or for other corporate purposes. The availability of additional shares of common stock is particularly important in the event that the Board of Directors needs to undertake any of the foregoing actions on an expedited basis and thus to avoid the time and expense of seeking stockholder approval in connection with the contemplated issuance of common stock. The Board of Directors has no current intention to split the outstanding common stock by declaring a stock dividend. A portion of the additional shares of common stock sought to be authorized by the Charter Amendment will be issued in the pending acquisition of Marlow and upon the conversion of the Series A Preferred Stock issued in the acquisitions of Shomiti and Transwave and upon the exercise of options granted under the 2001 option plan. A portion of the shares will also be used to restore the number of shares reserved under our 1999 stock option plan to the full amount originally reserved for issuance thereunder,

Edgar Filing: FINISAR CORP - Form DEF 14A

including the 5% annual increase that was to have become effective on May 1, 2001. Except for the foregoing, the Board of Directors has no present agreement, arrangement or commitment to issue any of the shares for which approval is sought.

The increase in authorized common stock will not have any immediate effect on the rights of existing stockholders. However, the Board will have the authority to issue authorized common stock without requiring future stockholder approval of such issuances, except as may be required by applicable law and the rules of The Nasdaq National Market. To the extent that additional authorized shares are issued in the future, they may decrease the existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing stockholders. The holders of common stock have no preemptive rights and the Board of Directors has no plans to grant such rights with respect to any such shares.

The increase in the authorized number of shares of common stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control without further action by the stockholders. Shares of authorized and unissued common stock could, within the limits imposed by applicable law, be issued in one or more transactions which would make a change in control of Finisar more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of our company.

The Board of Directors is not currently aware of any attempt to take over or acquire our company. While it may be deemed to have potential anti-takeover effects, the proposed amendment to increase the number of authorized shares of common stock is not prompted by any specific effort or takeover threat currently perceived by management.

16

If the Charter Amendment is approved by the stockholders, Article Fourth, Subsection A of our Certificate will be amended to read as follows:

"A. The total number of shares of all classes of stock which the Corporation will have authority to issue is five hundred five million (505,000,000), consisting of:

1. Five million (5,000,000) shares of preferred stock, par value one-tenth of one cent (\$0.001) per share (the "Preferred Stock"); and
2. Five hundred million (500,000,000) shares of common stock, par value one-tenth of one cent (\$0.001) per share (the "common stock")."

The additional shares of common stock to be authorized pursuant to the proposed amendment will have a par value of \$0.001 per share and be of the same class of common stock as is currently authorized under the Certificate.

Summary of Acquisitions Requiring Additional Shares of Common Stock

We recently acquired Shomiti, based in San Jose, California, and Transwave, based in Fremont, California, and have entered into an agreement to acquire Marlow, a privately-held company based in Dallas, Texas. Under applicable law and the rules of the The Nasdaq National Market, none of the acquisitions require stockholder approval. Accordingly, you are not being asked to vote on or approve any of the acquisitions. However, you are being asked to vote on and approve the Charter Amendment to increase the number of authorized shares of our common stock, and shares of common stock authorized by the Charter Amendment will be issued in the acquisition of Marlow and upon the conversion of the Series A Preferred Stock issued in the acquisitions of Shomiti and Transwave. As described below, our solicitation of stockholder approval of the increase in the number of authorized shares of our common stock is required by the agreements covering the three acquisitions. The information about these acquisitions contained in this proxy statement is provided to enable you to evaluate the proposed uses of a portion of the additional authorized shares.

This summary highlights selected information from this proxy statement and may not contain all of the information that is important to you. To understand the acquisitions more fully, you should carefully review this entire proxy statement and the other available information referred to in "Where You Can Find More Information" on page 82 of this proxy statement. The reorganization agreements for the three acquisitions are attached to this proxy statement as Annexes B, C and D and are incorporated herein by reference. We encourage you to review each of the reorganization agreements, as they are the principal legal documents that govern the acquisitions.

Management's Discussion and Analysis of Financial Condition and Results of Operations of Shomiti

The following discussion contains forward-looking statements that involve risks and uncertainties. Actual results could differ substantially from those anticipated in these forward-looking statements as a result of many factors. The following discussion should be read together with Shomiti's financial statements and related notes thereto included elsewhere in this proxy statement.

Overview. Incorporated in mid 1995, Shomiti received three rounds of venture funding netting approximately \$20 million after deduction of offering costs. Shomiti has spent approximately \$19 million on research and development since its inception. Shomiti first shipped products in mid 1996. For the past two years, Shomiti principally financed its operations through internal cash flow and periodic bank borrowings.

Sales to Shomiti's three largest customers accounted for 36.3% of its revenues for the fiscal year ended September 30, 2000 and 22.5% of its revenues for the three months ended December 31, 2000. Shomiti expects that significant customer concentration will continue for the foreseeable future. However, Shomiti anticipates that its significant customers will change periodically.

Shomiti sells its products through its direct sales force, with the support of its manufacturers' representatives, directly to domestic customers, indirectly through reseller channels to domestic and international customers, and through its OEM partners. The evaluation and qualification cycle prior to the initial sale may span a year or more for OEM partners, while the sales cycle for most of Shomiti's products is usually considerably shorter.

Revenue from hardware product sales is recognized upon transfer of title, which generally occurs upon shipment, provided no significant obligations remain and collectibility is probable. Shomiti provides to certain resellers limited rights of return when specific conditions exist. Revenues from annual maintenance contracts are recognized ratably over the term of the contract.

20

Software license revenues are recognized when persuasive evidence of an arrangement exists, the fee is fixed or determinable, collectibility is probable, and delivery and customer acceptance of the software products, if required under the terms of the contract, have occurred. When contracts contain multiple elements and vendor specific objective evidence exists for all undelivered elements, Shomiti accounts for the delivered elements in accordance with the "Residual Method". Maintenance revenues are recognized ratably over the term of the maintenance contract, which is generally twelve months. In instances where vendor obligations remain, revenues are deferred until the obligation has been satisfied.

Shomiti's cost of revenues consists of materials, salaries and related expenses for manufacturing personnel, manufacturing overhead and warranty expense. Shomiti outsources the majority of its assembly operations, and conducts manufacturing engineering, supply chain management, quality assurance and documentation control at its facilities in San Jose, California. Accordingly, a significant portion of Shomiti's cost of revenues consists of payments to contract manufacturers.

Gross margins are lower for hardware products than software products. Additionally, discounts to OEM partners and resellers adversely affect gross margins. As a result, Shomiti's overall gross margins have fluctuated from period to period as a result of shifts in product mix, the introduction of new products, decreases in average selling prices for older products and customer mix.

Edgar Filing: FINISAR CORP - Form DEF 14A

Research and development expenses consist primarily of salaries and related expenses for design engineers and other technical personnel, the cost of developing prototypes and fees paid to consultants. Shomiti charges all research and development expenses to operations as incurred. Shomiti believes that continued investment in research and development is critical to its long-term success. Accordingly, Shomiti expects that research and development expenses will increase in future periods in absolute dollars, but decrease as a percentage of revenues.

Sales and marketing expenses consist primarily of salaries and commissions paid to Shomiti's direct sales force, marketing and field support activities, commissions to manufacturers' representatives, salaries, and other costs associated with the promotion of its products and hiring and training sales personnel. Shomiti intends to pursue aggressive selling and marketing campaigns and to expand its direct sales organization. Shomiti therefore expects that sales and marketing expenses will increase in future periods in absolute dollars but decrease as a percentage of revenues.

General and administrative expenses consist primarily of salaries and related expenses for administrative, finance and human resources personnel, professional fees and other corporate expenses. Shomiti expects that, in support of its continued growth, general and administrative expenses will continue to increase for the foreseeable future.

Acquisition by Finisar. In November 2000, Finisar entered into an agreement to acquire Shomiti. The transaction closed on March 23, 2001. Under the terms of the agreement, which was amended in February 2001, Shomiti stockholders received approximately 1.3 million shares of Finisar's Series A Preferred Stock (which are convertible into approximately 3.8 million shares of common stock), including shares issuable upon the exercise of options assumed in the transaction. The transaction will be accounted for under the purchase method of accounting.

Comparison of Three Months Ended December 31, 1999 and December 31, 2000.

Revenues. Revenues increased 13% from \$3.0 million in the three months ended December 31, 1999 to \$3.5 million in the three months ended December 31, 2000. The increase was attributed to customer acceptance of Shomiti's products, particularly Shomiti's Gigabit analyzer, introduced in October 1999.

Edgar Filing: FINISAR CORP - Form DEF 14A

Gross Profit. Gross profit increased 3% from \$2.3 million in the three months ended December 31, 1999 to \$2.4 million in the three months ended December 31, 2000. As a percentage of revenues, gross profit decreased from 76% in the three months ended December 31, 1999 to 68% in the three months ended December 31, 2000. This decrease was attributable to a shift in product mix to products with lower margins.

Research and Development Expenses. Research and development expenses increased 28% from \$1.0 million in the three months ended December 31, 1999 to \$1.3 million in the three months ended December 31, 2000. This increase was primarily related to higher compensation expense resulting from an increase in the number of employees and increased expenditures for materials purchased for product development programs. Research and development expenses as a percentage of revenues increased from 34% in the three months ended December 31, 1999 to 38% in the three months ended December 31, 2000.

Sales and Marketing Expenses. Sales and marketing expenses increased 66% from \$1.2 million in the three months ended December 31, 1999 to \$2.0 million in the three months ended December 31, 2000. This increase was primarily due to opening new domestic sales territories. Expenses increased in payroll, commissions to direct sales staff as a result of increased sales, commissions to manufacturers representatives as a result of increased sales, and hiring costs associated with the increased staff. Sales and marketing expenses as a percent of revenues increased from 39% in the three months ended December 31, 1999 to 56% in the three months ended December 31, 2000 as a result of staffing increases in anticipation of future sales opportunities.

General and Administrative Expenses. General and administrative expenses decreased 17% from \$371,000 in the three months ended December 31, 1999 to \$309,000 in the three months ended December 31, 2000. This decrease was related to allocation of hiring costs to research and development

22

and sales and marketing functions. General and administrative expenses decreased as a percent of revenues from 12% in the three months ended December 31, 1999 to 9% in the three months ended December 31, 2000.

Interest Income (Expense), Net. Interest expense, net of interest income, of \$24,000 in the three months ended December 31, 2000, compares to interest expense, net of interest income, of \$44,000 in the three months ended December 31, 1999. The change was attributable to additional cash flow provided by operations.

Comparison of Fiscal Years Ended September 30, 2000 and 1999.

Revenues. Revenues increased 56% from \$8.7 million in fiscal 1999 to \$13.6 million in fiscal 2000. The increase was primarily due the inclusion of a full year of OEM business and the introduction of Shomiti's Gigabit Explorer analyzer product.

Gross Profit. Gross profit increased from \$6.2 million in fiscal 1999 to \$9.9 million in fiscal 2000. As a percentage of revenues, gross profit increased from 71% in fiscal 1999 to 73% in fiscal 2000. The percentage increase was mainly attributed to a shift in product mix to products with greater margins.

Research and Development Expenses. Research and development expenses increased 9% from \$4.3 million in fiscal 1999 to \$4.7 million in fiscal 2000. This increase was primarily related to higher compensation expense resulting from higher manpower levels and increased expenditures for materials purchased for product development programs. Research and development expenses as a percentage of revenues decreased from 49% in fiscal 1999 to 35% in fiscal 2000.

Sales and Marketing Expenses. Sales and marketing expenses increased 26% from \$4.4 million in fiscal 1999 to \$5.5 million in fiscal 2000. This increase was primarily due to commissions paid to manufacturers' representatives as a result of increased sales and increases in the number of direct sales and marketing personnel. Sales and marketing expenses as a percent of revenues decreased from 50% in fiscal 1999 to 40% in fiscal 2000.

General and Administrative Expenses. General and administrative expenses increased 34% from \$1.4 million in fiscal 1999 to \$1.8 million in fiscal 2000. This increase was related to higher compensation expense resulting from higher manpower levels and increased expenses for professional services, primarily legal and accounting services. General and administrative expenses decreased as a percent of revenues from 16% in fiscal 1999 to 14% in fiscal 2000.

Interest Income (Expense), Net. Net interest expense of \$185,000 in fiscal 2000 compares to net interest expense of \$113,000 in the prior year. The increase in interest expense was the result of increased borrowings and reduction of cash balances.

Comparison of Fiscal Years Ended September 30, 1999 and 1998.

Edgar Filing: FINISAR CORP - Form DEF 14A

Revenues. Revenues increased 45% from \$6.0 million in fiscal 1998 to \$8.7 million in fiscal 1999. The increase was primarily due to the increased use of Ethernet LAN systems creating more demand for Shomiti's products.

Gross Profit. Gross profit increased from \$4.2 million in fiscal 1998 to \$6.2 million in fiscal 1999. Gross profit as a percentage of total revenues remained constant at 71% for both years.

Research and Development Expenses. Research and development expenses increased slightly from \$4.0 million in fiscal 1998 to \$4.3 million in fiscal 1999. The 8% increase from fiscal 1998 to fiscal 1999 was primarily related to an increase in the number of research and development personnel and increased expenditures related to prototype development. Research and development expenses decreased as a percentage of revenues from 66% in fiscal 1998 to 49% in fiscal 1999.

23

Sales and Marketing Expenses. Sales and marketing expenses decreased from \$4,446,000 in fiscal 1998 to \$4,357,000 in fiscal 1999. The 2% decrease was primarily due to decreases in direct sales personnel offset by increases in commissions paid to manufacturers' representatives as a result of increased sales. Sales and marketing expenses as a percentage of revenues decreased from 74% in fiscal 1998 to 50% in fiscal 1999.

General and Administrative Expenses. General and administrative expenses increased from \$1,322,000 in fiscal 1998 to \$1,366,000 in fiscal 1999. The 3% increase was primarily related to increased payroll expenses. General and administrative expenses decreased as a percentage of revenues from 22% in fiscal 1998 to 16% in fiscal 1999.

Interest Income (Expense), Net. Interest income of \$26,000 in fiscal 1998 compared to interest expense of \$113,000 in fiscal 1999. The additional interest expense is due to increased borrowings under a capital lease contract.

Quarterly Results of Operations. The following table presents unaudited quarterly statements of operations data for Shomiti for the nine fiscal quarters ended December 31, 2000, and such data expressed as a percentage of revenues. This information reflects all normal non-recurring adjustments that Shomiti considers necessary for a fair presentation of such information in accordance with accounting principles generally accepted in the United States. The results for any quarter are not necessarily indicative of results that may be expected for any future period.

Revenues increased over the last seven quarters as a result of increased unit sales to an expanding customer base.

Gross profit margins remained relatively steady over the last nine quarters. Gross margin increases were generally the result of a greater percentage of software sales in the quarter.

Quarterly increases in operating expenses reflected the continued expansion of Shomiti's operations throughout the nine-quarter period.

A decline in net interest expense as capital lease schedules matured was offset by interest on borrowing to support expanded operations.

Shomiti may experience a delay in generating or recognizing revenues for a number of reasons. Orders at the beginning of each quarter typically do not equal expected revenues for that quarter and are generally cancelable at any time. Accordingly, Shomiti depends on obtaining orders in a quarter for shipment in that quarter to achieve its revenue objectives. In addition, the timing of product releases, purchase orders and product availability could result in significant product shipments at the end of a quarter. Failure to ship these products by the end of a quarter may adversely affect Shomiti's operating results. Furthermore, Shomiti's OEM customer agreements typically provide that the customer may delay scheduled delivery dates and cancel orders within specified time frames without significant penalty.

Most of Shomiti's expenses, such as employee compensation and lease payments for facilities and equipment are relatively fixed in the near term. In addition, Shomiti's expense levels are based in part on its expectations regarding future revenues. As a result, any shortfall in revenues relative to Shomiti's expectations could cause significant changes in its operating results from quarter to quarter. Shomiti's quarterly and annual operating results have fluctuated in the past and are likely to fluctuate significantly in the future due to a variety of factors, some of which are outside of Shomiti's control. Due to the foregoing factors, you should not rely on Shomiti's quarterly revenues and operating results to predict its future performance.

Edgar Filing: FINISAR CORP - Form DEF 14A

Liquidity and Capital Resources. From inception through November 1999, Shomiti financed its operations primarily from proceeds from sales of redeemable preferred stock and, to a lesser extent, from internal cash flow. In November 1999, Shomiti entered into a borrowing facility with Comerica Bank secured by substantially all of its assets. In December 2000, Shomiti and Finisar entered into a borrowing agreement wherein Finisar supplanted Comerica's position and became Shomiti's prime lender.

As of December 31, 2000, Shomiti's principal sources of liquidity were \$322,000 in cash and cash equivalents and proceeds from collection of accounts receivable balances.

Net cash used in operating activities totaled \$946,000 in the three month period ended December 31, 2000, and \$395,000 in the three month period ended December 31, 1999. The use of cash in operating activities in both periods was primarily the result of continuing growth in revenues accompanied by an increase in working capital.

Net cash used in operating activities was \$4.9 million in fiscal 1998, \$4.4 million in fiscal 1999, and \$1.2 million in fiscal 2000. Cash used in operations during fiscal 1998, 1999 and 2000 was primarily a result of losses from operations coupled with growth in accounts receivable as a result of increased sales.

Net cash used in investing activities totaled \$109,000 in the three month period ended December 31, 2000, and consisted entirely of the purchase of property and equipment. Net cash used in investing activities totaled \$183,000 in the three month period ended December 31, 1999, and consisted entirely of purchases of property and equipment.

Net cash used in investing activities was \$887,000 in fiscal 1998, \$164,000 in fiscal 1999 and \$625,000 in fiscal 2000. Net cash used in investing activities in fiscal 1998, fiscal 1999, and fiscal 2000 consisted entirely of purchases of equipment.

25

Net cash provided by financing activities totaled \$1.0 million in the three month period ended December 31, 2000, and consisted primarily of net proceeds from notes payable to Finisar. Net cash provided by financing activities in the three month period ended December 31, 1999, totaled \$850,000 and consisted of bank borrowings of \$1.0 million offset primarily by payments on capital lease obligations.

Net cash provided by financing activities was \$7,535,000 in fiscal 1998 and consisted of proceeds from sales of redeemable convertible preferred stock and additions to principal on capital lease obligations. Net cash used in financing activities was \$308,000 in fiscal 1999, which consisted primarily of payments on principal of capital lease obligations offset by proceeds from issuance of common stock on exercise of options. Net cash provided by financing activities of \$1,007,000 in fiscal 2000 arose from proceeds of notes payable offset by payments to principal of capital lease obligations.

Shomiti had no material commitments for capital expenditures at December 31, 2000.

To date Shomiti's working capital requirements have been met through the sale of private equity and debt securities. Shomiti has sustained significant operating losses in every annual fiscal period since inception and expects to incur substantial quarterly losses at least through June 30, 2001 and possibly longer. Shomiti has insufficient cash to continue operations beyond June 30, 2001 at its projected level of operations. On March 23, 2001 Finisar acquired Shomiti.

Description of the Transaction

On March 23, 2001, under the Amended and Restated Agreement and Plan of Reorganization (the "Shomiti Reorganization Agreement") dated February 7, 2001 among Finisar, Silver Acquisition Corp., our wholly-owned subsidiary ("Silver"), and Shomiti, Silver merged into Shomiti, with Shomiti remaining as the surviving corporation and becoming our wholly-owned subsidiary. The Shomiti Reorganization Agreement is attached as Annex B to this proxy statement. Shares of our Series A Preferred Stock were issued in exchange for all of the issued and outstanding capital stock of Shomiti. Also, we assumed all outstanding options and warrants to purchase capital stock of Shomiti. The merger was completed by filing an agreement of merger with the Secretary of the State of California in accordance with California law.

Consideration Delivered to Shomiti Security Holders

The total number of shares of our Series A Preferred Stock issued in connection with the acquisition of Shomiti (including shares issued upon the exercise of options and warrants issued by Shomiti prior to the merger that were assumed by us) was determined by dividing the Shomiti Total Adjusted Merger Consideration by \$86.11875. The "Shomiti Total Adjusted Merger Consideration" was equal to \$108,800,000 less certain of Shomiti's expenses for the merger. The amount of such expenses was approximately \$375,000. Based on that formula, 1,120,984 shares of our Series A Preferred Stock were issued in exchange for all outstanding capital stock of Shomiti and 139,991 shares of our Series A Preferred Stock

Edgar Filing: FINISAR CORP - Form DEF 14A

have been reserved for issuance upon the exercise of assumed options and warrants. For a description of the Series A Preferred Stock see "Approval of Amendment to our Certificate of Incorporation to Increase the Number of Authorized Shares of Common Stock Background," above.

Trading in Shares of Our Series A Preferred Stock and Our Common Stock by Shomiti Security Holders Following the Merger

The shares of our Series A Preferred Stock issued in the merger and the shares of our common stock issuable on the conversion of such Series A Preferred Stock were not and will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), in reliance on the exemptions from registration contained in Sections 3(a)(9) and 3(a)(10) of the Securities Act. See "Regulatory Approvals for the Transaction Fairness Hearing". The shares of our Series A Preferred Stock and our common stock issuable on the conversion of such Series A Preferred Stock that are issued to persons

26

who are not affiliates of Shomiti or Finisar may be traded without restriction. The shares of our Series A Preferred Stock and our common stock issuable on the conversion of such Series A Preferred Stock that are issued to persons that are affiliates of Shomiti or Finisar may only be traded in compliance with the manner of sale, public information, and volume limitation requirements of Rule 144 promulgated under the Securities Act.

The Series A Preferred Stock has no public market and will not be listed on The Nasdaq National Market or any national securities exchange. The shares of our common stock issuable on conversion of the Series A Preferred Stock will be listed on The Nasdaq National Market.

Reasons for the Transaction

Our Board of Directors identified several potential benefits of the acquisition of Shomiti that it believes will contribute to the success of the combined company and facilitate our strategic objectives. These include:

the expertise of Shomiti in its product area,

the addition of knowledgeable and experienced personnel, and

the increased diversification of customer base and markets that will be created from the combined company.

Vote Required for Approval of the Transaction

No vote was required of our stockholders to approve the merger. However, if our stockholders do not approve the Charter Amendment to increase the number of authorized shares of common stock, there will not be sufficient shares of common stock to permit the automatic conversion of Series A Preferred Stock into shares of our common stock. If that occurs, we are required by the Shomiti Reorganization Agreement to resolicit our stockholders to seek their approval of a smaller increase in the number of authorized shares of common stock. If the resolicitation fails we will be under a continuing obligation to resolicit our stockholders no less frequently than every three months until our stockholders have approved an increase in the number of authorized shares of our common stock sufficient to allow for the automatic conversion of all shares of our Series A Preferred Stock that were issued in the merger into our common stock.

Under applicable law and Shomiti's charter and by-laws, the Shomiti Reorganization Agreement and the merger were required to be approved by the affirmative vote of the holders of a majority of the outstanding shares of Shomiti's common stock and the holders of at least 70% of the outstanding shares of Shomiti's preferred stock entitled to vote. However, under the terms of the Shomiti Reorganization Agreement, we were not obligated to consummate the merger unless it was approved by the affirmative vote of the holders of not less than 95% of the outstanding shares of Shomiti's capital stock. Certain officers, directors and principal shareholders of Shomiti holding approximately 82% of Shomiti's outstanding capital stock entered into a voting agreement in which they agreed to vote for the merger and against the acquisition of Shomiti by any person other than us. The merger was approved by the affirmative votes of the holders of approximately 98% of Shomiti's common stock on an as converted basis.

Past Transactions

Shomiti purchased products in the aggregate amount of approximately \$76,000 from us during the fiscal year ended April 30, 2000. Prior to the closing of the merger we made three loans to Shomiti in the principal amounts of \$500,000, \$2.0 million and \$1.5 million. The \$500,000 and \$2.0 million loans bore interest at 6.5% per annum; the \$1.5 million loan bore interest at 10% per annum. Each loan was payable on demand and

was secured by all accounts receivable and inventory of Shomiti. Following the acquisition of Shomiti, the loans were cancelled.

Accounting Treatment of the Merger

We will treat the merger as a purchase of assets for accounting purposes.

Regulatory Approvals for the Transaction

Fairness Hearing. The shares of our Series A Preferred Stock issued in the merger and on the exercise of the Shomiti options and warrants we assumed were not and will not be registered under the Securities Act in reliance on the exemption from registration contained in Section 3(a)(10) of the Securities Act. The Section 3(a)(10) exemption is available because the California Commissioner issued a permit for the issuance of the shares of our Series A Preferred Stock in connection with the merger following a public hearing (a "Fairness Hearing") on the terms and conditions of the merger held on March 9, 2001.

Hart-Scott-Rodino. In order for the merger to be consummated, the waiting period applicable to the merger under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "Hart Scott Rodino Act"), must have terminated or expired. The parties were notified that early termination of the waiting period was granted.

Additional Terms of the Acquisition

In addition to the terms and conditions of the merger described elsewhere in this section, the Shomiti Reorganization Agreement contains the following additional terms and conditions for the merger:

Fractional Shares. The Shomiti Reorganization Agreement provides that no fractional shares of our Series A Preferred Stock were to be issued in the merger. A Shomiti shareholder that would otherwise have received a fractional share of our Series A Preferred Stock instead received an amount of cash equal to the product of the fraction of the share of our Series A Preferred Stock the holder would have received multiplied by \$86.11875. (See Section 2.3(f) of the Shomiti Reorganization Agreement)

Escrow. At the closing of the merger, 10% of the shares of our Series A Preferred Stock issuable in the merger were deposited in escrow (the "Escrow") with U.S. Bank Trust, National Association, and will be subject to claims for indemnification by us as described under "Indemnification" below. Any shares of our common stock issued on the conversion of the Series A Preferred Stock held in escrow will remain in the Escrow. (See Section 2.4 and Article IX of the Shomiti Reorganization Agreement)

Representations and Warranties. The Shomiti Reorganization Agreement contains representations and warranties of Shomiti to us relating to, among other things, Shomiti's organization, standing and power, capital structure, authority, required filings and consents, financial statements, the absence of undisclosed liabilities, accounts receivable, inventories, the absence of certain changes or events, taxes, tangible assets and real property, intellectual property, bank accounts, contracts, labor difficulties, trade regulation, environmental matters, employee benefit plans, compliance with laws, employees and consultants, litigation, restrictions on business activities, governmental authorization, insurance, interested party transactions, the absence of existing discussions with others, real property holdings, corporate documents and the absence of any misrepresentation. (See Article III of the Shomiti Reorganization Agreement)

In turn, we and Silver made representations and warranties to Shomiti relating to, among other things, our organization, Finisar's capital structure, authority, the absence of conflicts, required filings and consents, our SEC filings, financial statements, the absence of undisclosed liabilities, litigation and the absence of any misrepresentation. (See Article IV of the Shomiti Reorganization Agreement)

Conduct of Business. Shomiti agreed that, unless we otherwise consented, until the earlier of the consummation of the merger or the termination of the Shomiti Reorganization Agreement, Shomiti would:

carry on its business in the usual, regular and ordinary course, in substantially the same manner as previously conducted,
pay its debts and taxes when they became due,

Edgar Filing: FINISAR CORP - Form DEF 14A

pay or perform its other obligations when they became due (subject to good faith disputes with respect to such obligations), and

to the extent consistent with its business:

preserve intact its present business organization,

keep available the services of its present officers and key employees, and

preserve its relationships with customers, suppliers, distributors, licensors, licensees and others having business dealings with Shomiti Systems.

(See Article V of the Shomiti Reorganization Agreement)

Shomiti and we agreed to promptly notify each other of the occurrence of any event if the event would have been likely to result in a breach of any agreement made by Shomiti or us in the Shomiti Reorganization Agreement or if the event would have been likely to cause any representation or warranty of Shomiti or us in the Shomiti Reorganization Agreement to be untrue. (See Section 6.4 of the Shomiti Reorganization Agreement)

No Solicitation. Shomiti agreed that until the earlier of the consummation of the merger or the termination of the Shomiti Reorganization Agreement, Shomiti would not, directly or indirectly:

take any action to solicit, initiate, encourage or support any inquiries or proposals that constitute, or could reasonably be expected to lead to, a proposal or offer for a merger, consolidation, business combination, sale of assets, sale of shares of capital stock or similar transaction involving Shomiti, other than the merger (any of such inquiries or proposals being a "Shomiti Acquisition Proposal"),

engage in negotiations or discussions concerning, or provide any non-public information to any person or entity relating to, any Shomiti Acquisition Proposal, or

agree to, approve or recommend any Shomiti Acquisition Proposal.

(See Section 6.1 of the Shomiti Reorganization Agreement)

Merger Expenses. Finisar and Shomiti each paid its own legal, accounting, financial advisory and consulting fees and other out-of-pocket expenses related to the merger. The Shomiti shareholders bore all of Shomiti's expenses, except that we agreed to pay up to \$100,000 of the accounting fees and expenses of Shomiti (the "Shomiti Accounting Fee Deductible"). As noted above under "Consideration Delivered to Shomiti Security Holders," the amount of expenses to be borne by the Shomiti shareholders that was used to calculate the number of shares of our Series A Preferred Stock issued in connection with the merger was \$375,000. If the amount of expenses that were actually incurred by Shomiti (excluding the Shomiti Accounting Fee Deductible) exceeds \$375,000, we may recover the excess expenses from the Escrow described under "Escrow" above. (See Section 6.18 of the Shomiti Reorganization Agreement)

Conditions to the Closing. The obligation of each party to the Shomiti Reorganization Agreement to complete the merger was subject to the satisfaction on or prior to the closing date of the following conditions, in addition to those set forth elsewhere in this portion of the proxy statement:

all consents and approvals required for the merger had been obtained and all required filings had been made,

there was no court order or other legal or regulatory restraint preventing the consummation of the merger or limiting or restricting our conduct or operation of our business or the business of Shomiti after the merger, nor was any proceeding brought by any governmental entity seeking any of the foregoing pending, nor was there any action taken or any law, regulation or order which would have made the consummation of the merger illegal,

Edgar Filing: FINISAR CORP - Form DEF 14A

we had received an opinion from our counsel, and Shomiti had received an opinion from its counsel, to the effect that the merger will be treated as a tax-free reorganization for federal income tax purposes within the meaning of Section 368(a) of the Internal Revenue Code, and

if required, the shares of our common stock reserved for issuance on the merger had been authorized for listing on The Nasdaq National Market.

In addition, we were not required to complete the merger unless the following conditions had been satisfied:

the representations and warranties of Shomiti in the Shomiti Reorganization Agreement were true and correct on November 21, 2000 and as of the closing date of the merger,

Shomiti had complied with its obligations under the Shomiti Reorganization Agreement and we had received a certificate signed on behalf of Shomiti by its chief executive officer to that effect,

we had received written evidence from Shomiti that the Shomiti Reorganization Agreement had been duly and validly approved by Shomiti's Board of Directors and shareholders,

we had received all authorizations and permits required by state securities laws for the issuance of shares of our Series A Preferred Stock in the merger,

we had received signed employment and noncompetition agreements from specified individuals, and we had received satisfactory assurance that at least 90% of designated Shomiti employees will remain employed by us or the surviving corporation after the merger,

we had received a legal opinion from counsel to Shomiti,

the agreement covering the Escrow had been signed by the representative of Shomiti's security holders and the escrow agent,

we had received from each of the affiliates of Shomiti an executed affiliate agreement,

all outstanding warrants to acquire shares of Shomiti capital stock had been exercised (we waived this condition),

Shomiti had received all consents of third parties required for the merger,

the Shomiti shareholders had approved all "parachute payments" to Shomiti's management or a waiver of rights had been executed by a recipient of a potential "parachute payment",

we had received audited financial statements of Shomiti for its 1999 and 2000 fiscal years, and

Shomiti had terminated certain third party rights pursuant to a warrant agreement, a shareholder rights agreement and a letter agreement.

Shomiti was not required to complete the merger unless the following conditions had been satisfied:

Edgar Filing: FINISAR CORP - Form DEF 14A

the representations and warranties of Finisar and Silver set forth in the Shomiti Reorganization Agreement were true and correct on November 21, 2000 and as of the closing date of the merger,

Finisar and Silver had complied with their obligations under the Shomiti Reorganization Agreement and Shomiti had received a certificate signed on behalf of Finisar and Silver by our chief financial officer to that effect,

Shomiti had received written evidence from Finisar and Silver that the Shomiti Reorganization Agreement had been duly and validly approved by the Boards of Directors of Finisar and Silver,

we had signed employment and noncompetition agreements with respect to the specified individuals,

Shomiti had received a legal opinion from our counsel, and

the agreement covering the Escrow had been signed by Finisar and the escrow agent.

(See Article VII of the Shomiti Reorganization Agreement)

Indemnification. For purposes of indemnification under the Shomiti Reorganization Agreement, Finisar, its officers, directors, employees and attorneys, all of Finisar's subsidiaries and affiliates and the respective officers, directors, employees and attorneys of such entities comprise the "Finisar Group." Each member of the Finisar Group will be entitled to recover from the Escrow any and all losses, damages, costs and expenses (including reasonable legal fees and expenses) that any member of the Finisar Group may sustain or incur that are caused by or arise out of:

any inaccuracy or breach of the covenants, representations or warranties Shomiti made in the Shomiti Reorganization Agreement,

any merger expenses incurred by Shomiti (excluding the Shomiti Accounting Fee Deductible) that exceed the estimate used in calculating the number of shares of our Series A Preferred Stock issued in the merger, or

any breach of the indemnification provisions of the Shomiti Reorganization Agreement or the agreement governing the Escrow.

However, no member of the Finisar Group may recover:

any amounts from the Escrow (other than merger expenses exceeding the estimate as discussed above) except to the extent the aggregate amount of all such losses exceeds \$100,000, and

on account of any claim for indemnification made 12 months or more after the closing date of the merger.

The above limitations on recoveries from the Escrow will not apply in the case of claims:

on account of willful fraud or misrepresentation by Shomiti, any security holder of Shomiti or any of their respective representatives, and

under federal or state securities laws regarding compliance or non-compliance with the anti-fraud provisions thereof.

Edgar Filing: FINISAR CORP - Form DEF 14A

If a claim is asserted for any of these matters, members of the Finisar Group may make claims for up to 24 months following the closing, which will not be subject to the \$100,000 deductible, and may be claimed, on a joint basis against any security holder of Shomiti who:

was an officer or director of Shomiti at the time the Shomiti Reorganization Agreement was signed, or

is a venture capital fund or firm that was affiliated with any such director at the time the Shomiti Reorganization Agreement was signed.

The liability of a Shomiti security holder for these claims may not exceed its portion of the shares of our Series A Preferred Stock issued in the merger or the proceeds, if any, received by the security holder from the disposition of its shares.

(See Article IX of the Shomiti Reorganization Agreement)

Termination of the Shomiti Reorganization Agreement. The Shomiti Reorganization Agreement could have been terminated at any time prior to the consummation of the merger:

by the mutual consent of Finisar and Shomiti,

by either Finisar or Shomiti if the merger was not consummated by April 15, 2001, except that a party could not terminate the agreement if its failure to fulfill its obligations resulted in the failure of the merger to occur,

by either Finisar or Shomiti if a court or other governmental entity had issued a nonappealable final order, decree or ruling or taken any other action having the effect of permanently restraining, enjoining or otherwise prohibiting the merger, unless the party relying on the action had breached its obligations under the agreement to comply with legal requirements for the merger and to obtain necessary consents and approvals for the merger and to refrain from taking action inconsistent with qualification for treatment of the merger as a tax-free reorganization,

by Finisar if the Board of Directors of Shomiti had withdrawn or modified its recommendation of the Shomiti Reorganization Agreement or the merger for approval by the Shomiti shareholders in a manner adverse to us or publicly announced or disclosed to any third party its intention to do so, and

by Finisar or Shomiti if there had been a material breach of any representation, warranty, covenant or agreement on the part of the other party that:

caused a condition to closing of the terminating party not to be satisfied, and

was not cured within ten business days following the receipt by the breaching party of written notice of the breach from the terminating party.

In the event of the termination of the Shomiti Reorganization Agreement, no party (or its officers, directors, shareholders or affiliates) would have been liable to the other, except to the extent set forth below or to the extent that the termination resulted from the willful breach by a party of any of its representations, warranties or covenants in the agreement. The following provisions would have remained in effect and survived any termination of the Shomiti Reorganization Agreement:

each party would bear its own expenses (including the expense of any financial advisor), and

confidentiality provisions in the Shomiti Reorganization Agreement and a related confidentiality agreement.

32

Extension, Waiver and Amendment of the Shomiti Reorganization Agreement. At any time before the merger, Finisar and Shomiti could have agreed to:

extend the time for performing any of the obligations or other acts of the other party;

waive any inaccuracies in the other's representations and warranties; and

waive the other's compliance with any of the agreements or conditions in the Shomiti Reorganization Agreement.

The terms of the Shomiti Reorganization Agreement could have been changed by Finisar and Shomiti at any time before or after Shomiti's shareholders approved the merger. However, any change which by law would have required the approval of Shomiti's shareholders would have required their subsequent approval to be effective.

(See Article VIII of the Shomiti Reorganization Agreement)

Acquisition of Transwave Fiber, Inc.

On May 3, 2001, we acquired Transwave Fiber, Inc. ("Transwave"), a privately-held company located in Fremont, California, by a merger of Transwave into Finisar pursuant to an agreement entered into on November 21, 2000 and amended on February 14 and March 19, 2001. The following is a summary of the terms of the acquisition, which should be read in conjunction with the more detailed description of the acquisition that is set forth below.

The Merger	Transwave merged into Finisar. Shares of Transwave capital stock were converted into shares of our Series A Preferred Stock and we assumed all outstanding options to purchase Transwave common stock. (See "Description of the Transaction")
Finisar Series A Preferred Stock Issued in the Merger	1,052,766 shares of our Series A Preferred Stock were issued or reserved for issuance in exchange for: all of the outstanding shares of Transwave stock, and shares of Transwave stock that would have been issued on the exercise of outstanding Transwave options. (See "Consideration Delivered to Transwave Security Holders")
Terms of the Finisar Series A Preferred Stock	Each share of our Series A Preferred Stock will automatically convert into three shares of our common stock upon the effectiveness of an increase in the authorized number of shares of our common stock sufficient to allow for the conversion. Pending conversion, holders of Series A Preferred Stock issued in the merger will have the following rights: the right to vote on an equal basis with holders of our common stock, the right to receive dividends on an equal basis with holders of our common stock, and equal rights with holders of our common stock on a liquidation of Finisar. (See "Consideration Delivered to Transwave Security Holders")

33

Lock-up Agreement	56 ² / ₃ % of the shares of our Series A Preferred Stock issued in the merger and any shares of our common stock issued on the automatic conversion thereof are subject to a lock-up agreement that restricts the transfer of these shares during the one-year period ending on the first anniversary of the closing of the merger. For certain principal

Edgar Filing: FINISAR CORP - Form DEF 14A

	shareholders of Transwave and the holders of Transwave preferred stock, (a) one-half of the restricted shares will be released from the transfer restrictions on the 180th day following the closing of the merger and (b) all of the restricted shares will be released from the transfer restrictions on the first anniversary of the closing of the merger. For the holders of Transwave common stock (other than the principal shareholders of Transwave), one-half of the restricted shares are not subject to any transfer restrictions and the remaining one-half of the restricted shares will be released from the transfer restrictions on the 180th day following the closing of the merger. (See "Trading in Shares of Our Series A Preferred Stock and Our Common Stock by Transwave Security Holders Following the Merger; Lock-Up Agreement")
Escrow for Performance Shares	One-third of the shares of our Series A Preferred Stock issued in the merger and any shares of our common stock issued upon the automatic conversion thereof (the "Performance Shares") were deposited in an escrow and will be released to the former shareholders of Transwave upon the achievement of certain financial, technical and personnel milestones during the three-year period following the completion of the merger. (See "Additional Terms of the Acquisition Escrow, and Indemnification")
Indemnification Escrow	One-third of the Performance Shares that would otherwise be delivered to certain principal shareholders of Transwave on the third anniversary of the merger will be available for indemnity claims made by us. Thus, if any of the representations and warranties made by Transwave are untrue, and we are damaged as a result, we may, subject to a deductible of \$50,000, assert claims against these shares to compensate us for our damages. (See "Additional Terms of the Acquisition Escrow, and Indemnification")
Voting Agreement	Certain officers, directors and principal shareholders of Transwave holding approximately 64% of Transwave's outstanding capital stock entered into voting agreements in which they agreed to vote for the merger and against the acquisition of Transwave by a person other than us. (See "Vote Required for Approval of the Transaction")
Transwave Shareholder Approval	The merger was required to be approved by the holders of at least 95% of Transwave's outstanding shares. (See "Vote Required for Approval of the Transaction")
Required Regulatory Approval	The California Commissioner must have issued a permit for the issuance of our securities in the merger following a public Fairness Hearing. (See "Regulatory Approval for the Transaction")

34

Tax Consequences	The merger was intended to be a tax-free reorganization under Section 368(a) of the Internal Revenue Code.
Accounting Treatment	The merger will be accounted for as a purchase. (See "Accounting Treatment of the Merger")
Employment of Certain Transwave Employees	Prior to the closing of the merger: certain specified employees of Transwave entered into employment and noncompetition agreements with us, including three employees who are also major shareholders of Transwave, and we received satisfactory assurance that at least 90% of the Transwave employees will remain employed by us after the merger. (See "Additional Terms of the Transaction Conditions to the Closing")

Information Concerning Transwave

Transwave was a privately-held company located in Fremont, California. Established in February 2000, Transwave applied its core competencies in fusion couplers, crystal processing and instrumentation technologies to develop a broad line of passive optical products for data communications and telecommunications applications. Its principal executive offices are located at 43022 Christy Street, Fremont, California 94538. Its telephone number is (510) 668-0658. Transwave has not paid any dividends on its capital stock.

Management's Discussion and Analysis of Financial Condition and Results of Operations of Transwave

Edgar Filing: FINISAR CORP - Form DEF 14A

The following discussion contains forward-looking statements that involve risks and uncertainties. Actual results could differ substantially from those anticipated in these forward-looking statements as a result of many factors. The following discussion should be read together with Transwave's financial statements and related notes thereto included elsewhere in this proxy statement.

Overview. Transwave was founded in February 2000, to develop and manufacture passive optical components and subsystems used in optical communications systems for wide-area networking, or WANs, and metropolitan area networking applications, or MANs. Transwave's development efforts are primarily focused on products that are typically used by original equipment manufacturers to combine (multiplex), split (demultiplex), isolate (allow to pass or add and drop) and/or modify the behavior of one or more wavelengths of light used in wavelength division multiplexing systems. As of December 31, 2000, Transwave had completed development and had begun shipping its first passive optical component. In order to provide a broad line of passive optical solutions to its customers, Transwave plans to introduce a number of follow-on products during the next twelve months.

All of Transwave's products are manufactured in its facilities located in Fremont, California and Shanghai, China.

Research, development and engineering expenses consist primarily of salaries and related expenses for engineers and other technical personnel required to support the development and introduction of new products. Transwave charges all research, development and engineering expenses to operations as incurred. Transwave believes that continued investment in research and development is critical to its long-term success. Accordingly, Transwave expects that research and development expenses will increase in future periods.

Sales and marketing expenses consist primarily of expenses for the promotion of Transwave's products.

35

General and administrative expenses consist primarily of salaries and related expenses for administrative, finance, information systems and human resources personnel, professional fees and other corporate expenses.

Acquisition by Finisar. In November 2000, Transwave entered into an agreement to be acquired by Finisar. Under the terms of the agreement, which was amended in February and March 2001, Transwave shareholders received approximately 1.05 million shares of Finisar's Series A Preferred Stock (which are convertible into approximately 3.2 million shares of common stock), including shares issuable upon exercise of options assumed in the transaction. The transaction will be accounted for under the purchase method of accounting.

Results of Operations for Eleven Months Ended December 31, 2000.

Revenues. Revenues were \$115,290 in the eleven months ended December 31, 2000. This reflects sales of Transwave's initial product primarily to U.S. based customers.

Gross Profit. Gross profit of \$15,044 in the eleven months ended December 31, 2000 represented 13.0% of revenues and includes costs associated with the initial startup of production.

Research and Development Expenses. Research and development expenses were \$626,512 in the eleven months ended December 31, 2000, consisting primarily of compensation and material costs associated with the development of new products.

Sales and Marketing Expenses. Sales and marketing expenses were \$19,494 in the eleven months ended December 31, 2000, consisting primarily of promotional expenses associated with Transwave's sales efforts. These efforts were limited during this period as Transwave was primarily focused on the development of new products.

General and Administrative Expenses. General and administrative expenses were \$324,566 in the eleven months ended December 31, 2000, consisting primarily of compensation expense.

Amortization of Deferred Compensation. The amortization of deferred compensation of \$2,351,100 for the eleven months ended December 31, 2000, is related to a noncash compensation charge of \$1,933,200 recorded to accrete the value of preferred stock issued to employees to its deemed fair value and a noncash compensation charge of \$417,900 recorded in connection with the grant of stock options to employees and consultants representing the difference between the deemed fair value of Transwave's common stock for accounting purposes and the option exercise price for these options.

Interest Income (Expense), Net. Interest income, net of interest expense, of \$9,464 in the eleven months ended December 31, 2000, is derived from interest earned on cash balances.

Edgar Filing: FINISAR CORP - Form DEF 14A

Quarterly Results of Operations. The following table presents unaudited quarterly statements of operations data for the four fiscal quarters ended December 31, 2000. This information reflects all normal non-recurring adjustments that we consider necessary for a fair presentation of such information in accordance with accounting principles generally accepted in the United States. The

36

results for any quarter are not necessarily indicative of results that may be expected for any future period.

Liquidity and Capital Resources. Since inception, Transwave has financed its operations primarily through the sale of convertible preferred stock totaling \$1,420,339 and an unsecured loan from Finisar for \$200,000.

As of December 31, 2000, Transwave's principal source of liquidity was \$214,366 in cash and cash equivalents.

Net cash used by operating activities totaled \$934,185 in the eleven months ended December 31, 2000, and was primarily related to startup costs associated with the development of new products.

Net cash used in investing activities totaled \$518,038 in the eleven months ended December 31, 2000, and consisted of the purchase of equipment and leasehold improvements.

Net cash provided by financing activities in the eleven months ended December 31, 2000, totaled \$1,666,589 and consisted primarily of net proceeds from the sale of convertible preferred stock, net of issuance costs, and an unsecured loan of \$200,000 from Finisar, which is payable on demand with an interest rate of 6.5%.

Transwave had no material commitments for capital expenditures at December 31, 2000.

To date Transwave's working capital requirements have been met through the sale of private equity securities. Transwave has sustained significant operating losses since inception and expects to incur additional quarterly losses at least through the fiscal year ending January 2002, and possibly longer. Transwave has insufficient cash to continue its operations beyond the next three months at its projected level of operations. Transwave's ability to meet obligations in the ordinary course of business is dependent upon the completion of the acquisition by Finisar or successfully raising additional equity or debt financing and, ultimately, upon achieving profitable operations. On May 3, 2001 Finisar acquired Transwave.

Description of Transaction

On May 3, 2001, under the Second Amended and Restated Agreement and Plan of Reorganization (the "Transwave Reorganization Agreement") dated March 19, 2001 among Finisar, Transwave and certain principal shareholders of Transwave, Transwave merged into Finisar. The Transwave Reorganization Agreement is attached as Annex C to this proxy statement. Shares of our Series A Preferred Stock were issued in exchange for all of the issued and outstanding capital stock of Transwave. Also, we assumed all outstanding options to purchase capital stock of Transwave. The merger was completed by filing an agreement of merger with the Secretary of State of the State of California in accordance with California law.

37

Consideration Delivered to Transwave Security Holders

The total number of shares of our Series A Preferred Stock issued in connection with the merger (including shares issued upon the exercise of options issued by Transwave prior to the merger that are assumed by us) was the number of shares equal to the quotient obtained by dividing the Transwave Total Adjusted Merger Consideration by \$85.425. The "Transwave Total Adjusted Merger Consideration" was equal to \$90,000,000 less certain of Transwave's expenses for the merger. The amount of such expenses was approximately \$65,000. Based on that formula, 870,303 shares of our Series A Preferred Stock were issued in exchange for all outstanding capital stock of Transwave and 182,463 shares of our Series A Preferred Stock have been reserved for issuance upon the exercise of assumed options. For a description of the Series A Preferred Stock see "Approval of Amendment to our Certificate of Incorporation to Increase the Number of Authorized Shares of Common Stock Background," above.

Trading in Shares of Our Series A Preferred Stock and Our Common Stock by Transwave Security Holders Following the Merger; Lock-Up Agreement

The shares of our Series A Preferred Stock issued in the merger and the shares of our common stock issuable on the conversion of such Series A Preferred Stock were not and will not be registered under the Securities Act, in reliance on the exemptions from registration contained in Sections 3(a)(9) and 3(a)(10) of the Securities Act. See "Regulatory Approvals for the Transaction Fairness Hearing". The shares of our Series A Preferred Stock and our common stock issuable on the conversion of such Series A Preferred Stock that are issued to persons who are not affiliates of Transwave or Finisar may be traded without restriction. The shares of our Series A Preferred Stock and our common stock issuable on the conversion of such Series A Preferred Stock that are issued to persons that are affiliates of Transwave or Finisar may only be traded in compliance with the manner of sale, public information, and volume limitation requirements of Rule 144 promulgated under the Securities Act.

The Series A Preferred Stock has no public market and will not be listed on The Nasdaq National Market or any national securities exchange. The shares of our common stock issuable on conversion of the Series A Preferred Stock will be listed on The Nasdaq National Market.

Fifty-six and two-thirds percent of the shares of our Series A Preferred Stock issued in the merger and the shares of our common stock issuable on the conversion thereof are subject to a lock-up agreement signed by each Transwave shareholder that restricts the transfer of these shares during the one-year period following the closing of the merger. For the principal shareholders of Transwave and the holders of Transwave preferred stock, (a) one-half of the restricted shares will be released from the transfer restrictions on the 180th day following the closing of the merger and (b) all of the restricted shares will be released from the transfer restrictions on the first anniversary of the closing of the merger. For the holders of Transwave common stock (other than the principal shareholders of Transwave), one-half of the restricted shares will not be subject to any transfer restrictions and the remaining one-half of the restricted shares will be released from the transfer restrictions on the 180th day following the closing of the merger.

Reasons for the Transaction

Our Board of Directors believes there are several potential benefits of the merger that will contribute to the success of the combined company. These include:

the expertise Transwave will bring in its product area,

the addition of knowledgeable and experienced personnel,

increased diversification of customer base and markets for the combined company, and

38

the belief that the merger will facilitate our strategic objectives.

Employee Retention Pool

Edgar Filing: FINISAR CORP - Form DEF 14A

Under the Transwave Reorganization Agreement, we agreed to establish a pool of cash in the aggregate amount of \$1 million for retention of Transwave employees. The pool will be allocated among the Transwave employees in accordance with a schedule agreed upon by Finisar and Transwave.

Vote Required for Approval of the Transaction

No vote was required of our stockholders to approve the merger. However, if our stockholders do not approve the Charter Amendment to increase the number of authorized shares of common stock, there will not be sufficient shares of common stock to permit the automatic conversion of Series A Preferred Stock into shares of our common stock.

Under applicable law and Transwave's charter and by-laws, the Transwave Reorganization Agreement and the merger were required to be approved by the affirmative vote of the holders of a majority of the outstanding shares of Transwave common stock and the holders of a majority of the outstanding shares of Transwave's preferred stock entitled to vote. Each share of Transwave capital stock was entitled to one vote on the merger. However, under the terms of the Transwave Reorganization Agreement, we were not obligated to complete the merger unless it was approved by the affirmative vote of the holders of not less than 95% of the outstanding shares of Transwave's capital stock. Certain officers, directors and principal shareholders of Transwave holding approximately 64% of Transwave's outstanding capital stock entered into a voting agreement in which they agreed to vote for the merger and against the acquisition of Transwave by any person other than us. The merger was approved by the holders of approximately 97% of Transwave's common stock on an as-converted basis.

Past Transactions

Prior to the closing of the merger we made six loans to Transwave in an aggregate principal amount of \$1,030,000. Three of the loans, totaling \$630,000, bore interest at 6.5% per annum and the remaining three loans, totaling \$400,000, bore interest at 10% per annum. Each loan was unsecured and payable on demand. Following the acquisition of Transwave, the loans were cancelled.

Accounting Treatment of the Merger

We will treat the merger as a purchase of assets for accounting purposes.

Regulatory Approval for the Transaction

The shares of our Series A Preferred Stock issued in the merger were not registered under the Securities Act in reliance on the exemption from registration contained in Section 3(a)(10) of the Securities Act. The Section 3(a)(10) exemption is available because the California Commissioner issued a permit for the issuance of the shares of our Series A Preferred Stock in connection with the merger following a Fairness Hearing on the terms and conditions of the merger held on April 13, 2001.

Additional Terms of the Acquisition

In addition to the terms and conditions of the merger described elsewhere in this section, the Transwave Reorganization Agreement contains the following additional terms and conditions for the merger:

Fractional Shares. The Transwave Reorganization Agreement provides that no fractional shares of our Series A Preferred Stock were to be issued in the merger. A Transwave shareholder that would

otherwise have received a fractional share of our Series A Preferred Stock instead received an amount of cash equal to the product of the fraction of the share of our Series A Preferred Stock the holder would have received multiplied by \$85.425. (See Section 2.4(e) of the Transwave Reorganization Agreement)

Escrow. At the closing of the merger, 290,131 shares of our Series A Preferred Stock issuable in the merger were deposited in escrow (the "Escrow") with U.S. Bank Trust, National Association, as escrow agent. The shares will be released to the former shareholders of Transwave on the first three anniversaries of the closing of the merger, subject to the achievement of the milestones described below. In addition, a portion of the shares held in escrow for the benefit of certain principal shareholders of Transwave will be subject to claims for indemnification by us. Any shares of our common stock issued on the conversion of the Series A Preferred Stock held in escrow will remain in the Escrow. The Series A Preferred Stock deposited in Escrow and any shares of our common stock issuable on the conversion thereof are referred to as the "Performance Shares".

Edgar Filing: FINISAR CORP - Form DEF 14A

On the first anniversary of the closing of the merger, one-third of the Performance Shares will be released to the former shareholders of Transwave if certain technical, financial and personnel milestones have been met prior to that date. On the second anniversary of the closing, two-thirds of the Performance Shares (less the number of Performance Shares, if any, previously released) will be released to the former shareholders of Transwave if certain financial, technical and personnel milestones have been met prior to that date. On the third anniversary of the closing the balance of the Performance Shares will be released to the former shareholders of Transwave if certain technical, financial and personnel milestones have been met prior to that date. However, one-third of the Performance Shares that would otherwise be released to certain principal shareholders of Transwave will be subject to claims for indemnity by Finisar, and will not be released to the former Transwave shareholders to the extent they are subject to our indemnity claims. (See Sections 2.5 and 9.2 of the Transwave Reorganization Agreement)

Representations and Warranties. The Transwave Reorganization Agreement contains representations and warranties of Transwave to us relating to, among other things, Transwave's organization, standing and power, capital structure, authority, required filings and consents, financial statements, the absence of undisclosed liabilities, accounts receivable, inventories, the absence of certain changes or events, taxes, tangible assets and real property, intellectual property, bank accounts, contracts, labor difficulties, trade regulation, environmental matters, employee benefit plans, compliance with laws, employees and consultants, litigation, restrictions on business activities, governmental authorization, insurance, interested party transactions, the absence of existing discussions with others, real property holdings, corporate documents and the absence of any misrepresentation. (See Article III of the Transwave Reorganization Agreement)

In turn, we made representations and warranties to Transwave relating to, among other things, our organization, capital structure, authority, the absence of conflicts, required filings and consents, our SEC filings, financial statements, the absence of undisclosed liabilities, litigation and the absence of any misrepresentation. (See Article IV of the Transwave Reorganization Agreement)

40

Conduct of Business. Transwave agreed that, unless we otherwise consented, until the earlier of the consummation of the merger or the termination of the Transwave Reorganization Agreement, Transwave would:

carry on its business in the usual, regular and ordinary course, in substantially the same manner as previously conducted,

pay its debts and taxes when they became due,

pay or perform its other obligations when they became due (subject to good faith disputes with respect to such obligations), and

to the extent consistent with its business:

preserve intact its present business organization,

keep available the services of its present officers and key employees, and

preserve its relationships with customers, suppliers, distributors, licensors, licensees and others having business dealings with Transwave.

(See Article V of the Transwave Reorganization Agreement)

No Solicitation. Transwave agreed that, until the earlier of the consummation of the merger or the termination of the Transwave Reorganization Agreement, Transwave would not, directly or indirectly:

take any action to solicit, initiate, encourage or support any inquiries or proposals that constitute, or could reasonably be expected to lead to, a proposal or offer for a merger, consolidation, business combination, sale of assets, sale of shares of capital stock or similar transaction involving Transwave, other than the merger with us (any of such inquiries or proposals being a "Transwave Acquisition Proposal"),

engage in negotiations or discussions concerning, or provide any non-public information to any person or entity relating to, any Transwave Acquisition Proposal, or

agree to, approve or recommend any Transwave Acquisition Proposal.

(See Section 6.1 of the Transwave Reorganization Agreement)

Merger Expenses. Finisar and Transwave each paid its own legal, accounting, financial advisory and consulting fees and other out-of-pocket expenses related to the merger. The Transwave shareholders will bear all of Transwave's transaction expenses. As noted above under "Consideration Delivered to Transwave Security Holders," the amount of the expenses to be borne by the Transwave shareholders that was used to calculate the number of shares of our Series A Preferred Stock issued in connection with the merger was \$65,000. If the amount of expenses that were actually incurred by Transwave exceeds \$65,000, we may recover the excess expenses from the Escrow described under "Escrow" above. (See Section 6.15 of the Transwave Reorganization Agreement)

Conditions to the Closing. The obligation of each party to the Transwave Reorganization Agreement to complete the merger was subject to the satisfaction on or prior to the closing date of the following conditions, in addition to those set forth elsewhere in this portion of the proxy statement:

all consents and approvals required for the merger had been obtained and all required filings had been made, and

there was no court order or other legal or regulatory restraint preventing the consummation of the merger or limiting or restricting our conduct or operation of our business or the business of Transwave after the merger, nor was any proceeding brought by any governmental entity seeking

41

any of the foregoing pending, nor was there any action taken or any law, regulation or order which would have made the consummation of the merger illegal.

In addition, we were not required to complete the merger unless the following conditions had been satisfied:

the representations and warranties of Transwave and certain principal shareholders of Transwave set forth in the Transwave Reorganization Agreement were true and correct on November 21, 2000 and as of the closing date of the merger,

Transwave had complied with its obligations under the Transwave Reorganization Agreement and we had received a certificate signed on behalf of Transwave by its chief executive officer to that effect,

we had received written evidence from Transwave that the Transwave Reorganization Agreement had been duly and validly approved by Transwave's Board of Directors and shareholders,

we had received all authorizations and permits required by state securities laws for the issuance of shares of our Series A Preferred Stock in the merger,

we had received signed employment and noncompetition agreements from specified individuals, and we had received satisfactory assurance that at least 90% of the Transwave employees will remain employed by us or the surviving corporation after the merger,

we had received a legal opinion from counsel to Transwave,

Edgar Filing: FINISAR CORP - Form DEF 14A

the agreement covering the Escrow had been signed by the representative of Transwave's security holders and the escrow agent,

we had received from each of the affiliates of Transwave an executed affiliate agreement,

each of the shareholders of Transwave had signed a lock-up agreement,

all of the outstanding capital stock of Transwave Optics Apparatus (Shanghai) Co. Ltd. ("Transwave Shanghai") had been transferred to Transwave and Transwave Shanghai had received an acknowledgement from the Shanghai Foreign Investment Commission confirming that all of the outstanding shares of Transwave Shanghai had been fully paid for, and

Transwave had obtained a new business license that reflects the ownership of Transwave Shanghai's capital stock by Transwave.

Transwave was not required to complete the merger unless the following conditions had been satisfied:

our representations and warranties set forth in the Transwave Reorganization Agreement were true and correct on November 21, 2000 and as of the closing date of the merger,

we had complied with our obligations under the Transwave Reorganization Agreement and Transwave had received a certificate signed on our behalf by our chief financial officer to that effect,

Transwave had received written evidence from Finisar that the Transwave Reorganization Agreement had been duly and validly approved by the Board of Directors of Finisar,

we had signed employment and noncompetition agreements with respect to the specified individuals,

Transwave had received a legal opinion from our counsel, and

the agreement covering the Escrow had been signed by Finisar and the escrow agent.

(See Article VII of the Transwave Reorganization Agreement)

Indemnification. For purposes of indemnification under the Transwave Reorganization Agreement, Finisar, its officers, directors, employees and attorneys, all of Finisar's subsidiaries and affiliates and the respective officers, directors, employees and attorneys of such entities comprise the "Finisar Group." Each member of the Finisar Group will be entitled to recover up to one-third of the Performance Shares that would otherwise be released to certain principal shareholders of Transwave on the third anniversary of the closing of the merger for any and all losses, damages, costs and expenses (including reasonable legal fees and expenses) which any member of the Finisar Group may sustain or incur that are caused by or arise out of:

any inaccuracy or breach of the covenants, representations or warranties Transwave made in the Transwave Reorganization Agreement,

Edgar Filing: FINISAR CORP - Form DEF 14A

any merger expenses incurred by Transwave that exceed the estimate used in calculating the number of shares of our Series A Preferred Stock issued in the merger, or

any breach of the indemnification provisions of the Transwave Reorganization Agreement or the agreement governing the Escrow.

However, no member of the Finisar Group may recover:

any amounts from the Escrow (other than merger expenses exceeding the estimate as discussed above) except to the extent the aggregate amount of all such losses exceeds \$50,000, and

on account of any claim for indemnification made 12 months or more after the closing date of the merger.

The liability of any indemnifying Transwave shareholder may not exceed the value of one-third of the Performance Shares that would otherwise be released to the shareholder on the third anniversary of the closing of the merger, assuming the relevant financial, technical and personnel milestones have been met for such delivery.

Regardless of any other provision of the Transwave Reorganization Agreement, there is no limit on the amount of liability or the indemnification period for claims of indemnification by a member of the Finisar Group against Transwave or any shareholder of Transwave or their respective representatives, to the extent the shareholder knowingly participated in fraud, intentional misrepresentation and/or noncompliance with the anti-fraud provisions under federal or state securities laws.

(See Article IX of the Transwave Reorganization Agreement)

Termination of the Transwave Reorganization Agreement. The Transwave Reorganization Agreement could have been terminated at any time prior to the consummation of the merger:

by the mutual consent of Finisar and Transwave,

by either Finisar or Transwave if the merger was not consummated by April 30, 2001, except that a party could not terminate the agreement if its failure to fulfill its obligations resulted in the failure of the merger to occur,

by either Finisar or Transwave if a court or other governmental entity had issued a nonappealable final order, decree or ruling or taken any other action having the effect of permanently restraining, enjoining or otherwise prohibiting the merger, unless the party relying on the action had breached its obligations under the agreement to comply with legal requirements for the merger and to obtain necessary consents and approvals for the merger and to refrain from taking action inconsistent with qualification for treatment of the merger as a tax-free reorganization,

by Finisar if the Board of Directors of Transwave had withdrawn or modified its recommendation of the Transwave Reorganization Agreement or the merger for approval by the

Transwave shareholders in a manner adverse to us or publicly announced or disclosed to any third party its intention to do so, and

by Finisar or Transwave if there had been a material breach of any representation, warranty, covenant or agreement on the part of the other party that:

Edgar Filing: FINISAR CORP - Form DEF 14A

caused a condition to closing of the terminating party not to be satisfied, and

was not cured within ten business days following the receipt by the breaching party of written notice of the breach from the terminating party.

In the event of the termination of the Transwave Reorganization Agreement, no party (or its officers, directors, shareholders or affiliates) would have been liable to the other, except to the extent set forth below or to the extent that the termination resulted from the willful breach by a party of any of its representations, warranties or covenants set forth in the agreement. The following provisions would have remained in effect and survived any termination of the Transwave Reorganization Agreement:

each party would bear its own expenses (including the expense of any financial advisor), and

confidentiality provisions in the Transwave Reorganization Agreement and the confidentiality and non-competition provisions in a related confidentiality agreement.

Extension, Waiver and Amendment of the Transwave Reorganization Agreement. At any time before the merger, Finisar and Transwave could have agreed to:

extend the time for performing any of the obligations or other acts of the other party;

waive any inaccuracies in the other's representations and warranties; and

waive the other's compliance with any of the agreements or conditions in the Transwave Reorganization Agreement.

The terms of the Transwave Reorganization Agreement could have been changed by Finisar and Transwave at any time before or after Transwave's shareholders approved the merger. However, any change which by law would have required the approval of Transwave's shareholders would have required their subsequent approval to be effective.

(See Article VIII of the Transwave Reorganization Agreement)

for 18 months following the merger. If any of the representations and warranties made by Marlow are untrue, and we are damaged as a result, we may, subject to a deductible of \$250,000, assert claims against the shares held in the escrow to compensate us for our damages. (See "Additional Terms of the Acquisition Escrow, and Indemnification")

Information Concerning Marlow

Marlow was established in 1973 and designs and manufactures thermoelectric coolers that provide customized thermal-management solutions by stabilizing the temperature of high-tech equipment for the aerospace, military, medical, telecommunications, industrial and consumer products industries. Marlow is one of the world's largest manufacturers of thermoelectric coolers. Its principal executive offices are located at 10451 Vista Park Road, Dallas, Texas 75238. Its telephone number is (214) 340-4900. Marlow has never declared or paid cash dividends on shares of its common stock. In December 1995 the Board of Directors of Marlow approved a 10-for-1 stock split on all of Marlow's common stock. To effectuate such stock split, the Board of Directors of Marlow declared a dividend of nine shares of Marlow common stock for each share of Marlow common stock outstanding. The stock dividend likewise applied to all outstanding options to purchase Marlow common stock.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion contains forward-looking statements that involve risks and uncertainties. Marlow's actual results could differ substantially from those anticipated in these forward-looking statements as a result of many factors. The following discussion should be read together with Marlow's consolidated financial statements and related notes thereto included elsewhere in this proxy statement.

Overview. Marlow is a world leader in the design and manufacture of thermoelectric coolers, or TECs. Marlow's products are used primarily in telecommunications applications, as well as for defense, space, photonics and commercial cooling system (medical and industrial) applications. Marlow focuses on highly engineered, customized TECs, which fully leverage Marlow's considerable technical capabilities.

Marlow is a full service, quality based, thermoelectric company founded in 1973. Marlow initially focused on the design and manufacture of TECs for defense and space applications. In recent years, a majority of Marlow's revenues have been derived from sales of TECs for telecommunications and other commercial applications. The rapid growth of revenues in telecommunications applications can be attributed to

Edgar Filing: FINISAR CORP - Form DEF 14A

the expansion of telecommunications and its use of fiber optics to transmit voice, data, and internet traffic. Marlow has funded most of its growth with internal cash flow and periodic bank borrowings.

Marlow's net sales are derived from the design, engineering and manufacture of thermoelectric modules and subsystems. Sales to Marlow's largest customer accounted for 22% in the fiscal year ending January 28, 2001, 11% of its net sales for the fiscal year ending January 30, 2000, and 12% in the fiscal year ending January 31, 1999.

46

Marlow sells its products through its direct sales force, supplemented with distributors and sales representatives in parts of Europe and Asia. Marlow is structured such that a Customer Focused Business Team exists for each market telecommunications; defense, space and photonics; and commercial cooling systems to ensure that resources are directed to fully satisfy Marlow's customers.

Marlow has two international sales offices, one in England to support European customers and one in Japan to support Asian customers. All of Marlow's products are manufactured in its facility located in Dallas, Texas. The cost of Marlow's net sales consists of materials, labor and related expenses for manufacturing personnel, and manufacturing overhead. Marlow experienced significant growth in the demand for its products, particularly in telecommunications applications, starting in the fourth quarter of fiscal 2000 and continuing through the first quarter of fiscal 2002. As Marlow added capacity, its gross margins initially declined in the first two quarters of fiscal 2000, but began to improve in the third quarter.

Research, development and engineering expenses consist primarily of salaries and related expenses for material scientists, engineers and other technical personnel required to support thermoelectric material research, development of new manufacturing processes and the development of new products. Marlow charges all research, development and engineering expenses to operations as incurred. Marlow believes that continued investment in research and development is critical to its long-term success. Accordingly, Marlow expects that its research and development expenses will increase in future periods.

Selling expenses consist primarily of salaries and related expenses for personnel engaged in sales, marketing and customer service activities as well as other costs associated with the promotion of Marlow's products.

Administrative expenses consist primarily of salaries and related expenses for administrative, finance, information systems and human resources personnel, professional fees and other corporate expenses.

Pending Acquisition. In February 2001, Marlow entered into an agreement to be acquired by Finisar. Under the terms of the agreement, Marlow stockholders will be entitled to receive \$30 million in cash and up to approximately 12.9 million shares of Finisar common stock, including shares issuable upon the exercise of options to be assumed in the transaction. The acquisition is subject to approval by Marlow's shareholders, the approval by Finisar stockholders of an increase in the number of authorized shares of Finisar common stock, receipt of governmental approvals and other customary conditions. In addition, should the average trading price of Finisar common stock during the 10-day period ending one day prior to the closing date for the transaction be less than \$16.00, Marlow will have the right to terminate the agreement and not proceed with the acquisition. Subject to the foregoing, the transaction is expected to close during the quarter ending July 31, 2001.

47

Results of Operations. The following table sets forth certain statement of operations data as a percentage of net sales for the periods indicated:

	Fiscal Year Ended January		
	1999	2000	2001
Net Sales	100.0%	100.0%	100.0%

Total Operating Expenses	24.5	25.1	22.0
Operating Income	6.7	8.7	9.3
Interest income (expense), net	(1.4)	(0.7)	(0.5)
Other income (expense), net	(0.0)	(0.0)	(0.0)
Income before income taxes	5.3	8.0	8.8
Provision for income taxes	1.4	2.4	2.6
Net income	3.9%	5.6%	6.2%

Fiscal Year Ended January 30, 2000 Compared to Fiscal Year Ended January 28, 2001.

Net Sales. Net sales increased 53.5% from \$32.7 million in fiscal 2000 to \$50.2 million in fiscal 2001. The majority of the increase was in products sold to the telecommunications market where sales increased 123% during the period. Sales of TECs in the defense, space and photonics market increased 15% year to year. Sales of TECs in the commercial cooling systems market decreased 6% during fiscal 2001 as compared to the prior year's period due primarily to a decision to withdraw from lower margin consumer product applications when capacity was constrained due to demand from customers in the telecommunications market.

Sales to a principal customer in the telecommunications market representing 10% or more of total net sales during fiscal 2000 and fiscal 2001 were \$3.8 million or 11% and \$11.0 million or 22%, respectively.

Gross Profit. Gross profit increased 41.4% from \$11.1 million in fiscal 2000 to \$15.7 million in fiscal 2001. As a percentage of net sales, gross profit decreased from 33.8% in fiscal 2000 to 31.3% in fiscal 2001. Gross profit increased in actual dollars due to increased sales, primarily to telecommunications customers; however, the lower gross margin percent reflects the initial cost of adding additional capacity to meet the increased demand for Marlow's products, primarily in the telecommunications market.

Research, Development and Engineering Expenses. Research, development and engineering expenses increased 33.3% from \$2.4 million in fiscal 2000 to \$3.2 million in fiscal 2001 primarily due to increased spending in materials research and increased engineering support. Research and development expenses as a percentage of net sales decreased from 7.2% in fiscal 2000 to 6.3% in fiscal 2001.

Selling Expenses. Selling expenses increased 36.7% from \$3.0 million in fiscal 2000 to \$4.1 million in fiscal 2001. This increase was due to higher compensation expenses resulting from higher personnel levels. Selling expenses as a percentage of net sales decreased from 9.3% in fiscal 2000 to 8.1% in fiscal 2001.

48

Administrative Expenses. Administrative expenses increased 35.7% from \$2.8 million in fiscal 2000 to \$3.8 million in fiscal 2001 primarily due to increased personnel to support Marlow's growth and the associated compensation expense. Administrative expenses decreased as a percent of net sales from 8.6% in fiscal 2000 to 7.6% in fiscal 2001.

Interest Income (Expense), Net. Net interest expense was \$0.2 million in both fiscal 2000 and fiscal 2001.

Provision for Income Taxes. The provision for income taxes increased from \$0.8 million in fiscal 2000 to \$1.3 million in fiscal 2001. The effective tax rate increased slightly from 29.7% to 29.9%. The effective tax rate differs from the statutory rate primarily due to the exemption of a portion of Marlow's foreign sales corporation (FSC) income from federal income tax, the benefits of certain research and development tax credits, and the benefit of the exercise of non-qualified stock options, offset somewhat by non-deductible meal and entertainment expenses. See Note 6 to Marlow's financial statements.

Edgar Filing: FINISAR CORP - Form DEF 14A

Fiscal Year Ended January 30, 2000 Compared to Fiscal Year Ended January 31, 1999.

Net Sales. Net sales increased 14.7% from \$28.5 million in fiscal 1999 to \$32.7 million in fiscal 2000. This was primarily due to an increase in sales of TECs in the telecommunications market due to increased use of Marlow's products by large telecommunications equipment companies. Sales of TECs in the defense, space and photonics market also increased as a result of several contracts moving into production. Sales of TECs in the commercial cooling systems market was essentially flat.

Sales to Marlow's largest customer were \$3.5 million or 12% of net sales during fiscal 1999 and \$3.8 million or 11% of net sales during fiscal 2000.

Gross Profit. Gross profit increased from \$8.9 million in fiscal 1999 to \$11.1 million in fiscal 2000. As a percentage of net sales, gross profit increased from 31.2% in fiscal 1999 to 33.8% in fiscal 2000 due to increased sales over which to spread Marlow's fixed manufacturing costs and a favorable product mix.

Research, Development and Engineering Expenses. Research, development and engineering expenses increased 20% from \$2.0 million in fiscal 1999 to \$2.4 million in fiscal 2000, as Marlow continued to invest in materials research and expand engineering resources. Research, development and engineering expenses as a percentage of net sales increased from 6.9% in fiscal 1999 to 7.2% in fiscal 2000.

Selling Expenses. Selling expenses increased 11.1% from \$2.7 million in fiscal 1999 to \$3.0 million in fiscal 2000. The increase was attributed to Marlow's continued growth in the telecommunications market and the opening of Marlow's Asian sales office. Selling expenses as a percent of net sales decreased from 9.4% in fiscal 1999 to 9.3% in fiscal 2000.

Administrative Expenses. Administrative expenses increased 21.7% from \$2.3 million in fiscal 1999 to \$2.8 million in fiscal 2000. Most of the increase was associated with salaries and related expenses to support Marlow's growth. Administrative expenses increased as a percent of net sales from 8.2% in fiscal 1999 to 8.6% in fiscal 2000.

Interest Income (Expense), Net. Net interest expense of \$0.2 million in fiscal 2000 decreased slightly compared to a net interest expense of \$0.4 in fiscal 1999. Marlow's average borrowing decreased due to increased cash flow from operations.

Provision for Income Taxes. The provision for income taxes increased from \$0.4 million in fiscal 1999 to \$0.8 million in fiscal 2000 reflecting an effective tax rate of 27.0% and 29.7%, respectively. The effective tax rate differs from the statutory rate primarily due to the exemption of a portion of

49

Marlow's foreign sales corporation (FSC) income from federal taxation and the benefit of certain research and development tax credits, offset somewhat by non-deductible meal and entertainment expenses. The increase in the effective tax rate is a result of decreased FSC income as a percent of total income. See Note 6 to Marlow's financial statements.

Quarterly Results of Operations. The following table presents unaudited quarterly statements of operations data for Marlow for the eight quarters ended January 28, 2001, and such data expressed as a percentage of net sales. This information reflects all normal non-recurring adjustments that Marlow considers necessary for a fair presentation of such information in accordance with accounting principles generally accepted in the United States. The results for any quarter are not necessarily indicative of results that may be expected for any future period.

Net sales increased over the last eight quarters as a result of increased TEC unit sales, primarily in the telecommunications market.

Edgar Filing: FINISAR CORP - Form DEF 14A

Gross profit margins were generally lower over the four quarters ending October 29, 2000, as a result of the costs associated with the expansion of manufacturing capacity to support the growth in demand for Marlow's TECs in the telecommunications market. Margins returned to historical levels in the quarter ending January 28, 2001.

Quarterly increases in operating expenses reflected the continued expansion of Marlow's operations throughout the eight-quarter period. Income from operations was adversely affected beginning in the quarter ended January 31, 2000 through the quarter ended April 30, 2000, by decreased gross profit margins. Income from operations in the two most recent quarters ending January 28, 2001 were closer to historical levels.

Net interest expense was relatively constant throughout the eight quarters with slight fluctuations as Marlow used its line of credit to satisfy working capital requirements when needed.

Marlow may experience a delay in generating net sales in the future for a number of reasons. Booked orders at the beginning of each quarter typically do not equal expected net sales for that quarter in Marlow's commercial cooling systems market. In view of current market volatility, orders for Marlow's products in the telecommunications market may be rescheduled or cancelled outside of a thirty-day window. Normally, the customer will pay cancellation charges, but those charges may not replace the lost net sales.

Most of Marlow's expenses, such as employee compensation and lease payments for facilities and equipment, are relatively fixed in the near term. In addition, Marlow's expense levels are based in part on its expectations regarding future net sales. As a result, any shortfall in net sales relative to Marlow's expectations could cause significant changes in its operating results from quarter to quarter. Marlow's quarterly and annual operating results have fluctuated in the past and are likely to continue to fluctuate significantly in the future due to a variety of factors, some of which are outside of Marlow's control. Due to the foregoing factors, you should not rely on Marlow's quarterly net sales and operating results to predict its future performance.

Liquidity and Capital Resources. Since its inception, Marlow has financed its operations primarily through internal cash flow and periodic bank borrowings for equipment financing and a revolving line of credit.

As of January 28, 2001, Marlow's principal sources of liquidity were \$0.9 million in cash, cash equivalents and short-term investments, and a \$3.5 million revolving loan facility that matures on June 30, 2001. Borrowings under the facility are collateralized by substantially all of Marlow's assets and bear interest at the bank's prime rate. Borrowings of \$0.5 million out of the \$3.5 million available existed at January 28, 2001.

Net cash provided by operating activities was \$3.4 million in fiscal 1999, \$3.1 million in fiscal 2000 and \$2.5 million in fiscal 2001. Cash provided by operations during fiscal 1999, 2000 and 2001 was primarily a result of continued growth in net sales and net income offset in part by an increase in working capital to fund that growth.

Net cash used in investing activities was \$1.0 million in fiscal 1999, \$1.2 million in fiscal 2000 and \$5.2 million in fiscal 2001, and consisted primarily of purchases of equipment to increase Marlow's manufacturing capacity.

Net cash used by financing activities was \$2.3 million in fiscal 1999 and \$0.6 million in fiscal 2000. Net cash provided by financing activities was \$1.8 million in fiscal 2001. Net cash used by financing activities in fiscal 1999 and in fiscal 2000 primarily consisted of payments on existing debt and the line

of credit. Net cash provided by financing activities in fiscal 2001 consisted of additional long term debt, net borrowings on the line of credit and proceeds from the exercise of stock options.

Marlow had commitments of approximately \$4.4 million for capital expenditures at January 28, 2001.

Marlow believes that its existing balances of cash, cash equivalents and short-term investments, together with its available credit facilities and cash flow expected to be generated from future operations, will be sufficient to meet its cash needs for working capital and capital expenditures for at least the next 12 months.

Effect of New Accounting Statements. In June 1998, the Financial and Accounting Standards Board ("FASB") issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," which establishes accounting and reporting standards for derivative instruments and hedging activities. It requires that an entity recognize all derivatives in the balance sheet and measure those instruments at fair value. Marlow does not have any derivatives therefore, SFAS No. 133 does not have a material impact on Marlow's financial position or disclosures. SFAS No. 133, as amended by SFAS No. 137 and SFAS No. 138, is effective beginning in the fiscal year ending February 2, 2002.

Edgar Filing: FINISAR CORP - Form DEF 14A

In December 1999, the Commission staff issued SAB 101 "Revenue Recognition in Financial Statements". SAB 101 provides guidance on applying generally accepted accounting principles to revenue recognition issues in financial statements. In addition, the Emerging Issues Task Force ("EITF") issued a consensus in EITF 99-19 "Reporting Gross Revenue as a Principal versus Net as an Agent". SAB 101 and the EITF 99-19 is effective in Marlow's fourth quarter of the fiscal year ended January 28, 2001. Marlow does not expect any impact from the adoption of SAB 101.

In May 2000, the EITF issued EITF 00-10 "Accounting for Shipping and Handling Fees and Costs". This pronouncement provides accounting guidance for the income statement classification for shipping and handling fees and costs by companies that record revenue based on the gross amount billed to customers. EITF 00-10 issued a consensus that all amounts billed to a customer in a sale transaction related to shipping and handling, if any, represent net sales earned for the goods provided and should be classified as revenue. EITF 00-10 is effective in Marlow's fourth quarter of the fiscal year ended January 28, 2001.

In 1999 the FASB issued an exposure draft for a proposed statement accounting for business combinations and intangible assets. This exposure draft, among other things, eliminates the pooling of interest business combinations, eliminates the amortization of goodwill and provides for assessing the carrying value of goodwill on an impairment approach. The final version of the proposed statement is currently expected to be released in the second or third calendar quarter of 2001. The provisions of this proposed standard would be effective for fiscal quarters beginning after the issuance of a final statement. The adoption of this standard, as it is proposed, will not have any impact on Marlow's financial statements but could be applicable for the pending acquisition accounting.

Description of the Transaction

Under the Agreement and Plan of Reorganization (the "Marlow Reorganization Agreement") dated February 20, 2001 by and between Finisar, Marble Acquisition Corp., our wholly-owned subsidiary ("Marble"), Marlow, The Marlow Co., Ltd. and Raymond Marlow as the Shareholders' Representative, Marble will be merged into Marlow, with Marlow remaining as the surviving corporation and becoming our wholly-owned subsidiary. The Marlow Reorganization Agreement is attached as Annex D to this proxy statement. We will deliver \$30,000,000 in cash and issue shares of our common stock in exchange for all of the issued and outstanding capital stock of Marlow. Also, we will assume all outstanding options to purchase capital stock of Marlow. The merger will be completed

53

by filing articles of merger with the Secretary of State of the State of Texas in accordance with Texas law.

Consideration to be Offered to Marlow Security Holders

We will deliver \$30,000,000 in cash and issue shares and options to purchase shares of our common stock in connection with the merger. The total number of shares of our common stock to be issued in connection with the acquisition of Marlow (including shares issuable upon the exercise of options that are assumed by us) is the number of shares equal to the quotient obtained by dividing the difference between (a) \$270,000,000 and (b) the sum of (i) certain of Marlow's transaction expenses for the merger and (ii) \$4,045,970 of a retention pool for employees, by the Finisar Average Share Price. Marlow has estimated that the amount of such transaction expenses for the merger will be approximately \$8,715,000. The "Finisar Average Share Price" is the greater of (x) \$20.00 or (y) the average closing sale price of our common stock for the ten consecutive trading days ending four business days prior to the closing of the merger as reported on The Nasdaq National Market. Based on Marlow's estimate of its transaction expenses for the merger and assuming that the Finisar Average Share Price will be \$20.00, approximately 12.9 million shares of our common stock will be issued in connection with the merger, including shares issuable upon the exercise of assumed options.

Trading in Shares of Our Common Stock by Marlow Security Holders Following the Merger

The shares of our common stock issuable in the merger will not be registered under the Securities Act, in reliance on the exemption from registration contained in Section 3(a)(10) of the Securities Act. See "Regulatory Approvals for the Transaction Fairness Hearing". The shares of our common stock that are issued to persons who are not affiliates of Marlow or Finisar may be traded without restriction. The shares of our common stock that are issued to persons that are affiliates of Marlow or Finisar may only be traded in compliance with the manner of sale, public information, and volume limitation requirements of Rule 144 promulgated under the Securities Act.

Marlow will not be required to close the merger unless the shares of our common stock that are issued in the merger have been approved for quotation on The Nasdaq National Market, subject to official notice of issuance.

Reasons for the Transaction

Edgar Filing: FINISAR CORP - Form DEF 14A

Our Board of Directors identified several potential benefits of the acquisition of Marlow that it believes will contribute to the success of the combined company and facilitate our strategic objectives. These include:

the expertise of Marlow in its product area,

the addition of knowledgeable and experienced personnel, and

the increased diversification of customer base and markets that will be created from the combined company.

Employee Retention Pool

Under the Marlow Reorganization Agreement, we have agreed to establish a pool of cash in the aggregate amount of \$4,045,970 for the retention of Marlow employees. A portion of the amount allocated to each eligible employee will be payable to the employee at the effective time of the merger, provided he or she accepts continued employment with Marble, except that the amounts allocated to two employees will be paid in full at the effective time of the merger. With the exception of these two individuals, eligible employees will vest in the remaining amount allocated to them in equal installments, which shall be paid on the first and second anniversaries of the closing date of the merger,

54

subject to their continued employment by Finisar or one of its subsidiaries. However, any unpaid portion of an employee's share of the retention pool will become vested and payable upon the involuntary termination of his or her employment following the closing of the merger.

Vote Required for Approval of the Transaction

No vote is required of our stockholders to approve the merger. However, if our stockholders do not approve the Charter Amendment to increase the number of authorized shares of common stock, there will not be sufficient shares of common stock to consummate the merger. We are required by the Marlow Reorganization Agreement to use commercially reasonable efforts to mail this proxy statement to you as promptly as practicable for a meeting of our stockholders to increase the number of authorized shares of our common stock to a number that will be sufficient to allow us to consummate the merger. It is a condition to the closing of the merger that our stockholders approve an increase in the number of authorized shares of our common stock. Certain officers and directors of Finisar have entered into voting agreements pursuant to which they have agreed to vote shares of Finisar common stock owned by them and their affiliates in favor of the Charter Amendment. The shares of Finisar common stock subject to the voting agreements represents approximately 32% of Finisar's outstanding voting power.

Under applicable law and Marlow's charter and by-laws, the Marlow Reorganization Agreement and the merger must be approved by the affirmative votes of the holders of two-thirds of the outstanding shares of Marlow's common stock entitled to vote. The principal shareholder of Marlow, which holds approximately 65% of Marlow's outstanding capital stock, has agreed to vote for the merger and against the acquisition of Marlow by any person other than us.

Accounting Treatment of the Merger

We will treat the merger as a purchase of assets for accounting purposes.

Regulatory Approvals for the Transaction

Fairness Hearing. The shares of our common stock to be issued in the merger will not be registered under the Securities Act in reliance on the exemption from registration contained in Section 3(a)(10) of the Securities Act. The exemption is available because the California Commissioner issued a permit for the issuance of the shares of our common stock to be issued in connection with the merger (including shares issued following the merger upon the exercise of options previously issued by Marlow that remain outstanding after the merger) following a Fairness Hearing on the terms and conditions of the merger held on April 27, 2001.

Hart-Scott-Rodino. In order for the merger to be consummated, the waiting period applicable to the merger under the Hart-Scott-Rodino Act must have been terminated or expired. The parties have been notified that early termination of the waiting period has been granted.

Additional Terms of the Acquisition

Edgar Filing: FINISAR CORP - Form DEF 14A

In addition to the terms and conditions of the merger described elsewhere in this section, the Marlow Reorganization Agreement contains the following additional terms and conditions for the merger:

Fractional Shares. The Marlow Reorganization Agreement provides that no fractional shares of our common stock will be issued in the merger. A Marlow shareholder that would otherwise receive a fractional share of our common stock will instead receive an amount of cash equal to the product of the fraction of the share of our common stock the holder would receive and the Finisar Average Share Price. (See Section 2.3(d) of the Marlow Reorganization Agreement)

55

Escrow. At the closing of the merger, shares of our common stock equal to 10% of the Marlow Merger Consideration will be deposited in escrow (the "Escrow") with U.S. Bank Trust, National Association, as escrow agent in accordance with and subject to the provisions of an escrow agreement, and will be subject to claims for indemnification by us as described under "Indemnification" below. (See Section 2.4 and Article IX of the Marlow Reorganization Agreement)

Representations and Warranties. The Marlow Reorganization Agreement contains representations and warranties of Marlow to us relating to, among other things, Marlow's organization, standing and power, capital structure, authority, required filings and consents, financial statements, the absence of undisclosed liabilities, accounts receivable, inventories, the absence of certain changes or events, taxes, tangible assets and real property, intellectual property, bank accounts, contracts, labor difficulties, trade regulation, environmental matters, employee benefit plans, compliance with laws, employees and consultants, litigation, restrictions on business activities, governmental authorization, insurance, interested party transactions, the absence of existing discussions with others, real property holdings, corporate documents and the absence of any misrepresentation. (See Article III of the Marlow Reorganization Agreement)

In turn, we and Marble made representations and warranties to Marlow relating to, among other things, our organization, Finisar's capital structure, authority, the absence of conflicts, required filings and consents, our SEC filings, financial statements, the absence of undisclosed liabilities, the absence of certain changes or events, litigation, investment intent, financing, taxes and the absence of any misrepresentation. (See Article IV of the Marlow Reorganization Agreement)

Conduct of Business. Unless we otherwise consent, until the earlier of the consummation of the merger or the termination of the Marlow Reorganization Agreement, Marlow has agreed to:

carry on its business in the usual, regular and ordinary course, in substantially the same manner as previously conducted,

pay its debts and taxes when they are due,

pay or perform its other obligations when they are due (subject to good faith disputes with respect to such obligations), and

to the extent consistent with its business, use all commercially reasonable efforts consistent with past practices and policies to:

preserve intact its present business organization,

keep available the services of its present officers and key employees, and

preserve its relationships with customers, suppliers, distributors, licensors, licensees and others having business dealings with Marlow.

(See Article V of the Marlow Reorganization Agreement)

No Solicitation. Until the earlier of the consummation of the merger or the termination of the Marlow Reorganization Agreement, Marlow has agreed not to, directly or indirectly:

take any action to solicit, initiate, encourage or support any inquiries or proposals that constitute, or could reasonably be expected to lead to, a proposal or offer for a merger, consolidation, business combination, sale of assets, sale of shares of capital stock or similar transaction involving Marlow, other than the merger (any of such inquiries or proposals being a "Marlow Acquisition Proposal"),

engage in negotiations or discussions concerning, or provide any non-public information to any person or entity relating to, any Marlow Acquisition Proposal, or

56

agree to, approve or recommend any Marlow Acquisition Proposal.

(See Section 6.1 of the Marlow Reorganization Agreement)

Merger Expenses. Finisar and Marlow will each pay its own legal, accounting, financial advisory and consulting fees and other out-of-pocket expenses related to the merger. If the merger is completed, the Marlow shareholders will bear all of Marlow's transaction expenses (as defined in the Marlow Reorganization Agreement). As noted above under "Consideration to be Offered to Marlow Security Holders," an estimate of the expenses to be borne by the Marlow shareholders will be used to calculate the number of shares of our common stock to be issued in connection with the merger. If the amount of expenses that are actually incurred by Marlow exceeds the estimate, we may recover the excess expenses from the Escrow described under "Escrow" above. (See Section 6.18 of the Marlow Reorganization Agreement)

Conditions to the Closing. The obligation of each party to the Marlow Reorganization Agreement to complete the merger is subject to the satisfaction on or prior to the closing date of the following conditions, in addition to those set forth elsewhere in this portion of the proxy statement:

all consents and approvals required for the merger shall have been obtained and all required filings shall have been made,

there shall be no court order or other legal or regulatory restraint preventing the consummation of the merger or limiting or restricting our conduct or operation of our business or the business of Marlow after the merger, nor shall any proceeding brought by any governmental entity seeking any of the foregoing be pending, nor shall there be any action taken or any law, regulation or order which makes the consummation of the merger illegal,

we shall have received an opinion from our counsel, and Marlow shall have received an opinion from its counsel, to the effect that the merger will be treated as a tax-free reorganization for federal income tax purposes within the meaning of Section 368(a) of the Internal Revenue Code,

the Commissioner shall have issued a permit following the Fairness Hearing, and

our stockholders shall have approved the Charter Amendment.

In addition, we will not be required to complete the merger unless the following conditions have been satisfied:

the representations and warranties of Marlow and its principal shareholder set forth in the Marlow Reorganization Agreement shall be true and correct on February 20, 2001 and as of the closing date of the merger,

Marlow shall have complied with its obligations under the Marlow Reorganization Agreement and we shall have received a certificate signed on behalf of Marlow by its chief executive officer to that effect,

Edgar Filing: FINISAR CORP - Form DEF 14A

we shall have received written evidence from Marlow that the Marlow Reorganization Agreement has been duly and validly approved by Marlow's Board of Directors and shareholders,

we shall have received all authorizations and permits required by state securities laws for the issuance of shares of our common stock in the merger,

we shall have received signed noncompetition agreements, employment agreements and a signed consulting agreement from specified individuals, and we have received satisfactory assurance that at least 24 of 27 specified Marlow employees will remain employed by us or the surviving corporation after the merger,

57

we shall have received a legal opinion from counsel to Marlow,

the agreement covering the Escrow shall have been signed by the representative of Marlow's security holders and the escrow agent,

we shall have received from each of the affiliates of Marlow an executed affiliate agreement,

holders of no more than 5% of the outstanding shares of Marlow common stock shall have perfected their dissenters rights,

Marlow shall have received all consents of third parties required for the merger,

each of the directors and officers of Marlow shall have resigned as a director and/or officer, as applicable, and

the vesting schedules of certain outstanding options of Marlow shall have been modified as required by the Marlow Reorganization Agreement.

Marlow will not be required to complete the merger unless the following conditions have been satisfied:

the representations and warranties of Finisar and Marble set forth in the Marlow Reorganization Agreement shall be true and correct on February 20, 2001 and as of the closing date of the merger,

Finisar and Marble shall have complied with their obligations under the Marlow Reorganization Agreement and Marlow shall have received a certificate signed on behalf of Finisar and Marble by our chief financial officer to that effect,

Marlow shall have received written evidence from Finisar and Marble that the Marlow Reorganization Agreement has been duly and validly approved by the Boards of Directors of Finisar and Marble,

we shall have signed the noncompetition agreements, employment agreements and a consulting agreement with respect to the specified individuals,

we shall have signed the affiliate agreements with respect to the affiliates of Marlow,

Edgar Filing: FINISAR CORP - Form DEF 14A

shares of our common stock to be issued in connection with the merger, including shares to be held in escrow, shall have been approved for quotation on The Nasdaq National Market, subject to official notice of issuance, if such approval is required,

we shall be in compliance with the provisions of Rule 144(c) of the Securities Act,

Marlow shall have received a legal opinion from our counsel, and

the agreement covering the Escrow shall have been signed by Finisar and the escrow agent.

(See Article VII of the Marlow Reorganization Agreement)

58

Indemnification. For purposes of indemnification under the Marlow Reorganization Agreement, Finisar, its officers, directors, employees and attorneys, all of Finisar's subsidiaries and affiliates and the respective officers, directors, employees and attorneys of such entities comprise the "Finisar Group." Each member of the Finisar Group will be entitled to recover from the Escrow any and all losses, damages, costs and expenses (including reasonable legal fees and expenses) which any member of the Finisar Group may sustain or incur that are caused by or arise out of:

any inaccuracy or breach of the covenants, representations or warranties of Marlow or the Principal Shareholder made in the Marlow Reorganization Agreement,

any merger expenses incurred by Marlow that exceed the estimate used in calculating the number of shares of our common stock to be issued in the merger, or

any breach of the indemnification provisions of the Marlow Reorganization Agreement or the agreement governing the Escrow.

However, no member of the Finisar Group may recover:

any amounts from the Escrow (other than merger expenses exceeding the estimate as discussed above) except to the extent the aggregate amount of all such losses exceeds \$250,000, and

on account of any claim for indemnification made 18 months or more after the closing date of the merger.

The above limitations on recoveries from the Escrow will not apply in the case of claims on account of willful fraud or intentional misrepresentation by Marlow, any security holder of Marlow or any of their respective representatives. If a claim is asserted for these matters, members of the Finisar Group may make claims that will not be subject to the \$250,000 deductible as the indemnification provisions shall not limit, in any manner, any remedy at law or in equity to which any member of the Finisar Group may be entitled against Marlow or any security holder of Marlow or their respective representatives.

(See Article IX of the Marlow Reorganization Agreement)

Termination of the Marlow Reorganization Agreement. The Marlow Reorganization Agreement may be terminated at any time prior to the consummation of the merger:

by the mutual consent of Finisar and Marlow,

Edgar Filing: FINISAR CORP - Form DEF 14A

by either Finisar or Marlow if the merger is not consummated by July 31, 2001, except that a party may not terminate the agreement if its failure to fulfill its obligations has resulted in the failure of the merger to occur,

by either Finisar or Marlow if a court or other governmental entity has issued a nonappealable final order, decree or ruling or taken any other action having the effect of permanently restraining, enjoining or otherwise prohibiting the merger, unless the party relying on the action has breached its obligations under the agreement to comply with legal requirements for the merger and to obtain necessary consents and approvals for the merger and to refrain from taking action inconsistent with qualification for treatment of the merger as a tax-free reorganization,

by Finisar if the Board of Directors of Marlow has withdrawn or modified its recommendation of the Marlow Reorganization Agreement or the merger for approval by the Marlow shareholders in a manner adverse to us or publicly announced or disclosed to any third party its intention to do so, or if the shareholders of Marlow do not approve the merger or the Marlow Reorganization Agreement,

59

by Marlow if our Board of Directors has withdrawn or modified its recommendation of the Charter Amendment or publicly announced or disclosed to any third party its intention to do so, or if the Charter Amendment is not approved at the Annual Meeting,

by Marlow if the average closing sale price of our common stock for the ten consecutive trading days ending one business day prior to the closing date is less than \$16.00 per share, or

by Finisar or Marlow if there has been a material breach of any representation, warranty, covenant or agreement on the part of the other party that:

causes a condition to closing of the terminating party not to be satisfied, and

is not cured within fifteen business days following the receipt by the breaching party of written notice of the breach from the terminating party.

In the event of the termination of the Marlow Reorganization Agreement, no party (or its officers, directors, shareholders or affiliates) will be liable to the other, except to the extent set forth below or to the extent that the termination results from the willful or intentional breach by a party of any of its representations, warranties or covenants set forth in the agreement. The following provisions will remain in effect and survive any termination of the Marlow Reorganization Agreement:

each party will bear its own expenses (including the expense of any financial advisor), and

confidentiality and non-solicitation provisions in the Marlow Reorganization Agreement and a related confidentiality agreement.

In the event the Charter Amendment is not approved, Marlow is not in breach of any of its material obligations under the Marlow Reorganization Agreement and Marlow terminates the Marlow Reorganization Agreement as a result of such failure, we will be required to pay Marlow a termination fee of \$4,500,000 in cash within 30 days following such termination. In the event the Marlow shareholders do not approve the merger, we are not in breach of any of our material obligations under the Marlow Reorganization Agreement and we terminate the Marlow Reorganization Agreement as a result of such failure, Marlow will be required to pay us a termination fee of \$4,500,000 in cash within 30 days following such termination.

Since the date on which the Marlow Reorganization Agreement was signed, our common stock has traded at a price below \$16.00 per share, although it is currently trading at a price above \$16.00 per share. If the average trading price for our common stock does not remain above

Edgar Filing: FINISAR CORP - Form DEF 14A

\$16.00 per share for the ten trading days ending one business day prior to the date on which the other closing conditions are satisfied or waived, Marlow could elect to exercise its right to terminate the Marlow Reorganization Agreement and not proceed with the merger.

Extension, Waiver and Amendment of the Marlow Reorganization Agreement. At any time before the merger, Finisar and Marlow may agree to:

extend the time for performing any of the obligations or other acts of the other party;

waive any inaccuracies in the other's representations and warranties; and

waive the other's compliance with any of the agreements or conditions in the Marlow Reorganization Agreement.

The terms of the Marlow Reorganization Agreement may be changed by Finisar and Marlow at any time before or after Marlow's shareholders approve the merger. However, any change which by law requires the approval of Marlow's shareholders will require their subsequent approval to be effective.

(See Article VIII of the Marlow Reorganization Agreement)

NOTES TO FINISAR, SHOMITI, TRANSWAVE AND MARLOW

UNAUDITED PRO FORMA CONDENSED FINANCIAL STATEMENTS

(A) On November 21, 2000 Finisar and Shomiti entered into an Agreement and Plan of Reorganization pursuant to which Finisar acquired Shomiti. On February 7, 2001 the agreement was amended to provide for the issuance of convertible Series A preferred stock which will be automatically converted into common stock on a three-for-one basis upon the approval of additional authorized common shares by the stockholders of Finisar. The transaction closed on March 23, 2001. Shomiti is headquartered in San Jose, California. Shomiti was founded in July 1995 and designs products which measure the performance of Ethernet networks in order to enhance their quality of service.

Pursuant to the reorganization agreement, Finisar issued 1,120,984 shares of its convertible Series A preferred stock (convertible into 3,362,952 shares of common stock) in exchange for the outstanding shares of Shomiti common and preferred stock. In addition, Finisar assumed options to purchase Shomiti common stock and reserved 139,991 shares of Finisar convertible Series A preferred stock for issuance upon the exercise of the assumed options. The assumed options generally vest to the extent of 25% of the total number of shares subject to the option at the date of grant, with the remainder vesting in 48 equal monthly installments, subject to the optionholder's continued service with Finisar or a subsidiary.

At the closing of the transaction, certificates representing 125,902 shares of Finisar convertible Series A preferred stock were deposited into escrow. The escrow shares will be subject to claims for indemnification by Finisar under the reorganization agreement and the procedures specified in the escrow agreement. Those shares will remain in escrow until all pending claims for indemnification, if any, have been resolved.

Finisar's cost to acquire Shomiti is calculated to be \$113.0 million using a Finisar common stock price of \$30.03, which is the average of the closing market prices of Finisar's common stock for a period from three days before through three days after February 7, 2001, the day the transaction was amended. The fair value of the assumed stock options of \$11.3 million, as well as estimated direct transaction expenses of \$0.7 million, have been included as a part of the estimated total purchase cost. Shomiti currently operates as a wholly-owned subsidiary of Finisar.

The cost to acquire Shomiti has been allocated to the assets acquired and liabilities assumed according to their respective fair values, with the excess purchase price being allocated to goodwill. The fair value of the acquired assets and liabilities is based upon an independent valuation.

The estimated total purchase cost of Shomiti is as follows (in thousands):

Value of securities issued on an as-if-converted basis	\$ 100,989
Assumption of Shomiti common stock options on an as-if-converted basis	11,313
Estimated transaction costs and expenses	650
	<u>\$ 112,952</u>

The preliminary purchase price allocation as of December 31, 2000 is as follows (in thousands):

An independent valuation specialist performed an allocation of the total purchase price of Shomiti to its individual assets. The purchase price was allocated to Shomiti's tangible assets, specific intangible assets such as assembled workforce, customer base, tradename and developed technology and to in-process research and development.

The acquired developed technology, which is comprised of products that are already technologically feasible, mainly includes the Surveyor software suite including Surveyor, Remote, Expert, Packet Blaster, and Multi-QOS; the Explorer analyzer family including the 10/100, Gigabit, and THG systems and modules; and a series of probes which include multiple models for the Century Tap, Fiber Tap, and Voyager. The products are used for monitoring, measuring, analyzing and troubleshooting network quality of service (QOS) for extended enterprise ethernet local area networks (LANs) and VoIP (Voice Over Internet Protocol) communications. Finisar will amortize the acquired developed technology of approximately \$36.6 million on a straight-line basis over an average estimated remaining useful life of five years.

The acquired assembled workforce is comprised of all the skilled employees of Shomiti and includes the estimated cost to replace existing employees, including recruiting and training costs and loss of productivity costs. Finisar will amortize the value assigned to the assembled workforce of approximately \$1.4 million on a straight-line basis over an average estimated useful life of three years.

The acquired customer base is based on historical costs incurred and is comprised of Shomiti management's estimation of resources that have been devoted to the development of the relationships with key customers. Finisar will amortize the value assigned to customer relationships of approximately \$3.5 million on a straight-line basis over an average estimated useful life of three years.

The acquired tradename is recognized for the intrinsic value of the Shomiti name and products in the marketplace. Finisar will amortize the value assigned to the tradename of approximately \$2.3 million on a straight-line basis over an average estimated useful life of five years.

Deferred compensation expense is recognized for the intrinsic value on the date of closing of the unvested Finisar options exchanged for options held by Shomiti's employees. The \$1.8 million of deferred compensation will be amortized over the remaining vesting period of approximately four years.

Goodwill, which represents the excess of the purchase price of an investment in an acquired business over the fair value of the underlying net identifiable assets and deferred compensation, will be amortized on a straight-line basis over its estimated remaining useful life of five years.

In-process research and development represents that portion of the purchase price of an acquisition related to the research and development activities which: (i) have not demonstrated their technological feasibility, and (ii) have no alternative future uses. Accordingly, Finisar recognized an expense of \$4.6 million during the quarter ended April 30, 2001 in conjunction with the completion of this acquisition.

(B) On November 21, 2000 Finisar and Transwave entered into an Agreement and Plan of Reorganization pursuant to which Finisar acquired Transwave. On February 14, 2001 the agreement was amended to provide for the issuance of convertible Series A preferred stock which will be automatically converted into common stock on a three-for-one basis upon the approval of additional authorized common shares by the stockholders of Finisar. The agreement was further amended on March 19, 2001. The transaction closed on May 3, 2001. Transwave is headquartered in Fremont, California with operations in Shanghai, China. Transwave was founded in February 2000 and is focused on the development of a line of passive optical components for data communications and telecommunications applications.

Pursuant to the reorganization agreement, Finisar issued 870,303 shares of its convertible Series A preferred stock (convertible into 2,610,909 shares of common stock) in exchange for the outstanding shares of Transwave common and preferred stock. In addition, Finisar assumed options to purchase Transwave common stock and reserved 182,463 shares of Finisar convertible Series A preferred stock for issuance upon the exercise of the assumed options. The assumed options generally vest to the extent of 20% of the total number of shares subject to the option at the closing of the merger, with the remainder vesting in 4 equal annual installments, subject to the optionholder's continued service with Finisar or a subsidiary.

At the closing of the transaction, certificates representing 580,172 shares of Finisar convertible Series A preferred stock were issued to the former stockholders of Transwave (the "Initial Consideration") and certificates representing 290,131 shares of convertible Series A preferred stock, or approximately one-third of the shares issued pursuant to the transaction, were deposited into escrow (the "Deferred Consideration"). One-third of the shares deposited in escrow will be released on each of the first three anniversaries of the closing date subject to the achievement of certain financial, development and personnel milestones. If the milestones are not achieved, the escrow shares will be cancelled and returned to the status of authorized but unissued shares. Further, a portion of the escrowed shares will be subject to claims for indemnification by Finisar under the agreement and the procedures specified in the escrow agreement. Those shares will remain in escrow until all pending claims for indemnification have been resolved.

Only the Initial Consideration has been recorded for accounting purposes since the payment of the Deferred Consideration is contingent upon future events that are not assured of occurring beyond a reasonable doubt. The Deferred Consideration, if any, will be recorded as additional purchase cost at the then current market price of the common stock when the milestones are attained. Accordingly, Finisar's initial cost to acquire Transwave is calculated to be \$49.6 million using a Finisar common stock price of \$21.74, which is the average of the closing market prices of Finisar's common stock for a period from three days before through three days after February 14, 2001, the day the transaction was amended. The fair value of the assumed stock options of \$11.3 million, as well as estimated direct transaction expenses of \$0.5 million, have been included as a part of the total purchase cost. Transwave will operate as a wholly-owned subsidiary of Finisar.

The cost to acquire Transwave has been allocated to the assets acquired and liabilities assumed according to their respective fair values, with the excess purchase price being allocated to goodwill. The fair value of the acquired assets and liabilities is based upon an independent valuation.

The estimated total initial purchase cost of Transwave is as follows (in thousands):

Value of securities issued on an as-if-converted basis	\$	37,839
Assumption of Transwave common stock options on an as-if-converted basis		11,279
Estimated transaction costs and expenses		500

Total preliminary purchase price allocation	\$ 49,618		\$ 9,242

An independent valuation specialist performed a preliminary allocation of the total purchase price of Transwave to its individual assets. The purchase price was allocated to Transwave's tangible assets, specific intangible assets such as assembled workforce, customer base and developed technology and to in-process research and development.

The acquired developed technology, which is comprised of products that are already technologically feasible, mainly includes wave plates used to prevent background reflections and enhance the performance of lasers and a broadband light source for testing wavelength division multiplexing ("WDM") systems. Finisar will amortize the acquired developed technology of approximately \$13.3 million on a straight-line basis over an average estimated remaining useful life of five years.

The acquired assembled workforce is comprised of all the skilled employees of Transwave and includes the estimated cost to replace existing employees, including recruiting and training costs and loss of productivity costs. Finisar will amortize the value assigned to the assembled workforce of approximately \$1.0 million on a straight-line basis over an average estimated useful life of three years.

The acquired customer base is based on historical costs incurred and is comprised of Transwave management's estimation of resources that have been devoted to the development of the relationships with key customers. Finisar will amortize the value assigned to customer relationships of approximately \$0.1 million on a straight-line basis over an average estimated useful life of three years.

Deferred compensation expense is recognized for the intrinsic value on the date of closing of the unvested Finisar options exchanged for options held by Transwave's employees. The \$1.3 million of deferred compensation will be amortized over the remaining vesting period of approximately four years.

Goodwill, which represents the excess of the purchase price of an investment in an acquired business over the fair value of the underlying net identifiable assets and deferred compensation, will be amortized on a straight-line basis over its estimated remaining useful life of five years.

In-process research and development represents that portion of the purchase price of an acquisition related to the research and development activities which: (i) have not demonstrated their technological feasibility, and (ii) have no alternative future uses. Accordingly, Finisar expects to recognize an expense of \$2.5 million during the quarter ending July 31, 2001 in conjunction with the completion of this acquisition.

(C) On February 20, 2001 Finisar and Marlow entered into an Agreement and Plan of Reorganization pursuant to which Finisar will acquire Marlow. The transaction is expected to close in the quarter ending July 31, 2001. Marlow is headquartered in Dallas, Texas. Marlow was founded in January 1973 and is focused on the design and manufacture of thermoelectric coolers for a variety of telecommunications applications as well as for defense, space, photonics and medical applications.

Pursuant to the agreement, Finisar will issue up to 11,628,475 shares of its common stock in exchange for the outstanding shares of Marlow common stock upon the approval of additional authorized common stock by the stockholders of Finisar. In addition, Finisar will assume options to purchase Marlow common stock and will reserve up to 1,233,525 shares of Finisar common stock for issuance upon the exercise of the assumed options. The assumed options will generally vest to the extent of 50% of the total number of shares subject to the option at the date of grant, with the remainder vesting in equal annual increments over the following three years, subject to the optionholder's continued service with Finisar or a subsidiary.

At the closing of the transaction, certificates representing up to approximately 1,436,200 shares of Finisar common stock will be deposited into escrow. The escrow shares will be subject to claims for indemnification by Finisar under the reorganization agreement and the procedures specified in the escrow agreement. Those shares will remain in escrow until all pending claims for indemnification, if any, have been resolved.

Finisar's estimated cost to acquire Marlow is calculated to be \$270.3 million using a Finisar common stock price of \$18.00, which is the average of the closing market prices of Finisar's common stock for a period from three days before through three days after February 20, 2001, the day the transaction was announced. The fair value of the assumed stock options of \$21.8 million, as well as estimated direct transaction expenses of \$9.2 million, have been included as a part of the total purchase cost. Marlow will operate as a wholly-owned subsidiary of Finisar.

Edgar Filing: FINISAR CORP - Form DEF 14A

The cost to acquire Marlow will be allocated to the assets acquired and liabilities assumed according to their respective fair values, with the excess purchase price being allocated to goodwill. The fair value of the acquired assets and liabilities will be based upon an independent valuation.

The estimated total purchase cost of Marlow is as follows (in thousands):

Value of securities issued	\$ 209,313
Assumption of Marlow common stock options	21,796
Cash	30,000
Estimated transaction costs and expenses	9,215
	\$ 270,324

74

The preliminary purchase price allocation as of January 28, 2001 is as follows (in thousands):

	<u>Amount</u>	<u>Useful Life in Years</u>	<u>Annual Amortization</u>
Net tangible assets of Marlow	\$ 11,480		
Intangible assets acquired:			
Developed technology	58,835	5	\$ 11,767

Deferred compensation	3,391	3	1,130
	\$ 270,324		\$ 51,613

An independent valuation specialist performed a preliminary allocation of the total purchase price of Marlow to its individual assets. The purchase price was allocated to Marlow's tangible assets, specific intangible assets such as assembled workforce, customer base, patents and developed technology and to in-process research and development.

The acquired developed technology, which is comprised of products that are already technologically feasible, mainly includes thermoelectric coolers and subassemblies used in the telecommunications industry to provide temperature stabilization and control to telecommunication lasers that generate and amplify optical signals for fiber optic systems, or in various applications for defense, space and photonics markets or in medical, industrial or commercial applications such as DNA replication/sequencing. Finisar will amortize the acquired developed technology of approximately \$58.8 million on a straight-line basis over an average estimated remaining useful life of five years.

The acquired assembled workforce is comprised of all the skilled employees of Marlow and includes the estimated cost to replace existing employees, including recruiting and training costs and loss of productivity costs. Finisar will amortize the value assigned to the assembled workforce of approximately \$5.5 million on a straight-line basis over an average estimated useful life of three years.

The acquired customer base is based on historical costs incurred and is comprised of Marlow management's estimation of resources that have been devoted to the development of the relationships with key customers. Finisar will amortize the value assigned to customer relationships of approximately \$3.1 million on a straight-line basis over an average estimated useful life of three years.

The acquired patents are comprised of system and device patents, process patents and new materials patents related to thermoelectric coolers. Finisar will amortize the acquired patents of approximately \$13.9 million on a straight-line basis over an average estimated remaining useful life of five years.

Deferred compensation expense is recognized for the intrinsic value on the date of closing of the unvested Finisar options exchanged for options held by Marlow's employees. The \$3.4 million of deferred compensation will be amortized over the remaining vesting period of approximately three years.

75

Goodwill, which represents the excess of the purchase price of an investment in an acquired business over the fair value of the underlying net identifiable assets and deferred compensation, will be amortized on a straight-line basis over its estimated remaining useful life of five years.

In-process research and development represents that portion of the purchase price of an acquisition related to the research and development activities which: (i) have not demonstrated their technological feasibility, and (ii) have no alternative future uses. Accordingly, the Company expects to recognize an expense of \$2.3 million during the quarter ending July 31, 2001 in conjunction with the completion of this acquisition.

(D) The pro forma combined provision for income taxes does not represent the amounts that would have resulted had Finisar, Shomiti, Transwave and Marlow filed consolidated income tax returns during the periods presented.

(E) The pro forma basic and diluted net earnings per share for the year ended April 30, 2000 and for the nine months ended January 31, 2001 are based on the weighted average number of shares of Finisar common stock outstanding and up to 11,628,475 common shares to be issued by Finisar in the Marlow transaction.

The 1,120,984 shares of convertible Series A preferred stock issued by Finisar in the Shomiti transaction and the initial 580,172 shares of Series A preferred stock issued by Finisar in the Transwave transaction have been excluded as they are anti-dilutive.

(F) Intercorporate loans and intercorporate sales.

Risk Factors Related to the Acquisitions

You should carefully consider the risks described below regarding the acquisitions and our business following the acquisitions, together with all of the other information included in or annexed to this proxy statement, before making a decision about how to vote on the proposal to increase the number of authorized shares of common stock.

Some of the information in this proxy statement, including the risk factors in this section, contains forward-looking statements that involve risks and uncertainties. These statements relate to future events or our future financial performance. In many cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," or "continue," or the negative of these terms and other comparable terminology. These statements are only predictions. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of a number of factors, including, but not limited to, the risks faced by us following completion of the Acquisitions.

We believe it is important to communicate our expectations to investors. However, there may be events in the future that we are not able to predict accurately or over which we have no control. The risk factors listed below, as well as any cautionary language in this proxy statement, provide examples of risks, uncertainties, and events that may cause our actual results to differ materially from the expectations we describe in our forward-looking statements. Before making your decision regarding the proposal to increase the number of authorized shares of our common stock, you should be aware that the occurrence of the events described in these risk factors and elsewhere in this proxy statement could have a material adverse effect on our business, operating results, and financial condition. If our business is harmed, the trading price of our common stock could decline, and our stockholders may lose all or part of their investment.

Risks Related to the Acquisitions

We cannot assure you that we will be successful in overcoming problems encountered in connection with these acquisitions, and our inability to do so could significantly harm our business.

Our ability to integrate successfully the businesses of Marlow, as well as Sensors, Demeter, Medusa, Shomiti and Transwave, with each other and with our own business is uncertain.

Edgar Filing: FINISAR CORP - Form DEF 14A

After the acquisitions, our business and the businesses of Sensors, Demeter, Medusa, Shomiti, Transwave and Marlow (the "Acquired Companies"), each of which had previously operated independently of each other, will need to be integrated. The integration of the six businesses will be complex, time consuming and could be expensive. The integration will require significant efforts from each company, including the coordination of their research and development and sales and marketing efforts. Our experience in acquiring other businesses and technologies is limited. We may find it difficult to integrate these operations. The combined company will have a large number of employees in dispersed locations in California, New Jersey, Texas, England, China and Japan, which will increase the difficulty of integrating operations. Current personnel may leave us or one or more of the Acquired Companies because of the business combinations or the mergers. The challenges involved in this integration include, but are not limited to, the following:

retaining existing customers of each company,

retaining and integrating management and other key employees of each company,

coordinating research and development activities to enhance introduction of new products and technologies,

integrating purchasing and procurement operations in multiple locations,

77

combining product offerings and product lines effectively and quickly,

integrating sales and marketing efforts so that customers can understand and do business easily with the combined company,

coordinating manufacturing operations in a rapid and efficient manner, and

transitioning all facilities to common accounting and information technology systems.

It is not certain that we and the Acquired Companies can be successfully integrated in a timely manner or at all or that any of the anticipated benefits will be realized. Risks from unsuccessful integration of the Acquired Companies include:

the impairment of relationships with employees, customers, and suppliers,

the potential disruption of the combined company's ongoing business and distraction of its management,

delay in introducing new product offerings by the combined company, and

unanticipated expenses related to integration of the companies.

The combined company may not succeed in addressing these risks. Further we cannot assure you that the growth rate of the combined company will equal the historical growth rates that we have experienced.

The acquisitions may fail to achieve beneficial synergies.

Our management and the managements of the Acquired Companies have entered into the acquisitions with the expectation that they will result in beneficial synergies between and among the companies' businesses. Achieving these anticipated synergies and the potential benefits underlying their reasons for entering into the acquisitions will depend on a number of factors, some of which include:

our ability to timely develop new products and integrate the products and sales efforts of the combined company,

the risk that our customers or the customers of any one or more of the Acquired Companies may defer purchasing decisions,

the risk that it may be more difficult to retain key management, marketing, and technical personnel after the acquisitions, and

competitive conditions and cyclicalities in the market.

Even if the companies are able to integrate operations, there can be no assurance that the anticipated synergies will be achieved. The failure to achieve such synergies could have a material adverse effect on the business, results of operations, and financial condition of the combined company.

Demeter, Shomiti and Transwave have experienced financial losses and may require significant financial support from us.

Demeter, Shomiti and Transwave have all suffered losses from operations in recent periods. Demeter and Transwave were formed only recently and do not have a long history of operations. Following the acquisitions, these companies may experience further losses, which would affect our financial results, reduce our earnings per share, and require funding by us to sustain their operations if losses continue at historic levels for these companies, the acquisitions may require us to use a significant portion of our cash balances.

78

The combined company's reported financial results will suffer as a result of purchase accounting treatment and the impact of amortization of goodwill and other intangibles, and restructuring charges relating to the acquisitions.

We will account for the acquisitions as purchases of the Acquired Companies under the purchase method of accounting. Under purchase accounting, we will record the fair value of the following as the cost of acquiring the Acquired Companies:

the consideration given to the holders of shares of stock of each of the Acquired Companies in exchange for the stock of the Acquired Companies,

the consideration given in exchange for outstanding options to purchase common stock of the Acquired Companies and the warrants of Shomiti that we assumed, and

the amount of direct transaction costs.

We will allocate these costs to the individual assets and liabilities of the companies being acquired, including various identifiable intangible assets such as acquired technology, acquired trademarks and trade names and acquired workforce, and to in-process research and development, based on their respective fair values. Intangible assets, including goodwill, will be generally amortized over a three- to five-year period.

We may incur restructuring costs in order to achieve desired synergies after the acquisitions that would adversely impact future financial results. These restructuring costs could be a result of, but not limited to, the following:

write-downs of goodwill and other purchased intangibles, and

asset write-offs associated with manufacturing and facility consolidations.

Uncertainty related to the acquisitions could harm the combined company.

In response to the acquisitions, our customers and suppliers and customers and suppliers of one or more of the Acquired Companies may delay or defer product purchase or other decisions. Any delay or deferral in product purchase or other decisions by customers or suppliers could have a material adverse effect on the business of the relevant company, regardless of whether the acquisitions have been or are ultimately completed. Similarly, current and prospective employees of Finisar and the Acquired Companies may experience uncertainty about their future roles with us and until our strategies with regard to the integration of operations of Finisar and the Acquired Companies are announced or executed. This may adversely affect the ability of us and the Acquired Companies to attract and retain key management, sales, marketing, and technical personnel.

The acquisitions could adversely affect combined financial results and dilute the percentage ownership of our existing stockholders.

We and the Acquired Companies are expected to incur direct transaction costs of approximately \$38 million in connection with the acquisitions. If the benefits of the acquisitions do not exceed the costs associated with the acquisitions, including any dilution to our stockholders resulting from the issuance of shares in connection with the acquisitions, the combined company's financial results, including earnings per share, could be adversely affected.

We have issued stock in order to complete the acquisitions of Sensors, Demeter, Shomiti and Transwave and expect to issue stock to complete the acquisition of Marlow. The issuance of stock to consummate these recent and future acquisitions dilutes existing stockholders' percentage ownership. In addition, we could incur substantial debt or assume contingent liabilities in the course of these acquisitions.

79

Failure to complete the proposed acquisition of Marlow could have a negative impact on our stock price, future business and operations, or financial results.

If the proposed acquisition of Marlow is not completed for any reason, we may be subject to a number of material risks, including the following:

some of our costs related to the proposed acquisition, such as legal, accounting and financial advisor fees, must be paid even if the proposed acquisition is not completed, and

there may be substantial disruption to our businesses and distraction of our workforce and management team.

Quantitative and Qualitative Disclosures About Market Risk

The exposure of Finisar to market risk for changes in interest rates relates to its investment portfolio. Finisar places its investments with high credit issuers in short-term securities with maturities ranging from overnight up to 36 months. The average maturity of the portfolio will not exceed 18 months. The portfolio includes only marketable securities with active secondary or resale markets to ensure portfolio liquidity. Vote Required and Board of Directors' Recommendation

The affirmative vote of a majority of the voting power of our outstanding capital stock is required for approval of this proposal. Abstentions and broker non-votes will be counted as present for purposes of determining if a quorum is present. Abstentions and broker non-votes will have the same effect as a negative vote on this proposal.

The Board of Directors unanimously recommends that the stockholders vote FOR approval of the amendment to the Certificate of Incorporation to increase the number of authorized shares of common stock from 200,000,000 to 500,000,000 shares.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has selected Ernst & Young LLP as independent auditors to audit our consolidated financial statements for the fiscal year ending April 30, 2001. Ernst & Young LLP has acted in such capacity since its appointment in fiscal year 1999. A representative of Ernst & Young LLP is expected to be present at the annual meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Audit Fees

The aggregate fees billed for professional services rendered for the audit of our annual financial statements for our fiscal year ended April 30, 2000 and the reviews of the financial statements included in our Forms 10-Q that we filed with the Securities and Exchange Commission for that fiscal year were \$149,690.

All Other Fees

All other fees were \$572,500, including audit related fees of \$564,000 and nonaudit services of \$8,500. Audit related services generally include business acquisitions, accounting consulting and SEC registration statements.

80

Vote Required and Board of Directors' Recommendation

The affirmative vote of a majority of the votes cast affirmatively or negatively at the annual meeting of stockholders at which a quorum representing a majority of all outstanding shares of our common stock is present and voting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Neither abstentions nor broker non-votes will have any effect on the outcome of the proposal.

The Board of Directors unanimously recommends a vote "FOR" the appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending April 30, 2001.

STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

We have an advance notice provision under our bylaws for stockholder business to be presented at meetings of stockholders. Such provision states that in order for stockholder business to be properly brought before a meeting by a stockholder, such stockholder must have given timely notice thereof in writing to our Secretary. To be timely a stockholder proposal must be received at our principal executive offices not less than 120 calendar days in advance of the one year anniversary of the date our proxy statement was released to stockholders in connection with the previous year's annual meeting of stockholders; except that (i) if no annual meeting was held in the previous year, (ii) if the date of the annual meeting has been changed by more than thirty calendar days from the date contemplated at the time of the previous year's proxy statement or (iii) in the event of a special meeting, then notice must be received not later than the close of business on the tenth day following the day on which notice of the date of the meeting was mailed or public disclosure of the meeting date was made.

Since we did not hold an annual meeting of stockholders last year, proposals of stockholders intended to be presented at the next annual meeting of the stockholders of Finisar must be received by us at our offices at 1308 Moffett Park Drive, Sunnyvale, California 94089 no later than the close of business on the tenth business day following public disclosure of the meeting date and satisfy the conditions established by the SEC for stockholder proposals to be included in our proxy statement for that meeting.

REPORT OF ERNST & YOUNG LLP, INDEPENDENT AUDITORS

The Board of Directors and Stockholders
Finisar Corporation

We have audited the accompanying consolidated balance sheets of Finisar Corporation as of April 30, 1999 and 2000, and the related consolidated statements of operations, convertible redeemable preferred stock, redeemable preferred stock and changes in stockholders' equity (deficit), and cash flows for each of the three years in the period ended April 30, 2000. These financial statements are the responsibility of Finisar Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Finisar Corporation at April 30, 1999 and 2000, and the consolidated results of its operations and its cash flows for each of the three years in the period ended April 30, 2000, in conformity with accounting principles generally accepted in the United States.

FINISAR CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Information as of January 31, 2001 and for the nine month periods ended January 31, 2001 and 2000 is unaudited)

1. Summary of Significant Accounting Policies

Description Of Business

Finisar Corporation was incorporated in the state of California on April 17, 1987. In November 1999, Finisar Corporation reincorporated in the state of Delaware. Finisar Corporation designs, manufactures, and markets fiber optic subsystems and network performance test systems for high-speed data communications. The Consolidated Financial Statements include the accounts of Finisar Corporation and its wholly-owned subsidiaries (collectively "Finisar" or the "Company"). Intercompany accounts and transactions have been eliminated in consolidation.

Interim Financial Information

The interim financial information at January 31, 2001 and for the nine months ended January 31, 2001 and 2000 is unaudited but, in the opinion of management, has been prepared on the same basis as the annual financial statements and includes all adjustments (consisting only of normal recurring adjustments) that Finisar considers necessary for a fair presentation of its financial position at such date and its operating results and cash flows for those periods. Results for the interim periods are not necessarily indicative of the results to be expected for the entire year, or any future period.

Fiscal Periods

In fiscal 2000, the Company began to maintain its financial records on the basis of a fiscal year ending on April 30, with fiscal quarters ending on the Sunday closest to the end of the period (thirteen-week periods). For ease of reference, all references to period end dates have been presented as though the period ended on the last day of the calendar month. The first three quarters of fiscal 2000 ended on August 1, 1999, October 31, 1999 and January 30, 2000, respectively and the first two quarters of fiscal 2001 ended on July 30, 2000, October 29, 2000 and January 28, 2001, respectively.

Use Of Estimates

Edgar Filing: FINISAR CORP - Form DEF 14A

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Revenue and Warranty Recognition

Revenue is recognized at the time of product shipment, net of allowances for estimated returns. Warranty expenses are also estimated and provided for at the time of shipment.

Concentrations Of Credit Risk

Financial instruments which potentially subject Finisar to concentrations of credit risk include cash, cash equivalents, short-term investments and accounts receivable. Finisar places its cash, cash equivalents and short-term investments with high-credit quality financial institutions. Such investments are generally in excess of FDIC insurance limits. Concentrations of credit risk, with respect to accounts receivable, exist to the extent of amounts presented in the financial statements. Accounts receivable

F 10

from two customers represented 33.8% and 16.0% of the total at April 30, 1999, two customers represented 24.7% and 12.5% of the total balance at April 30, 2000 and two customers represented 29.1% and 14.0% of the total balance at January 31, 2001, respectively. Generally, Finisar does not require collateral or other security to support customer receivables. Finisar performs periodic credit evaluations of its customers and maintains an allowance for potential credit losses based on historical experience and other information available to management. Losses to date have been within management's expectations.

Current Vulnerabilities Due To Certain Concentrations

Finisar sells products primarily to customers located in North America. During fiscal 1998, 1999 and 2000, revenues from two customers represented 43.9% and 14.6%, 25.1% and 24.1%, and 24.5% and 24.0% of net revenues, respectively. During the nine months ended January 31, 2000, revenues from two customers represented 29.1% and 21.5% of net revenues and during the nine months ended January 31, 2001 revenues from three customers represented 21.6%, 19.7% and 10.0% of net revenues.

Research And Development

Research and development expenditures are charged to operations as incurred.

Cash And Cash Equivalents

Finisar's cash equivalents consist of money market funds and highly liquid short-term investments with qualified financial institutions. Finisar considers all highly liquid investments with an original maturity from the date of purchase of three months or less to be cash equivalents.

Short-Term Investments

Short-term investments consist of interest bearing securities with maturities greater than 90 days. The Company has adopted the provisions of Statement of Financial Accounting Standards No. 115, "Accounting for Certain Investments in Debt and Equity Securities" ("SFAS 115"). Under SFAS 115, the Company has classified its short-term investments as available-for-sale.

Available-for-sale securities are stated at market value and unrealized holding gains and losses, net of the related tax effect, are excluded from earnings and are reported as a separate component of stockholders' equity until realized. A decline in the market value of the security below cost that is deemed other than temporary is charged to earnings, resulting in the establishment of a new cost basis for the security. At January 31, 2001, the Company's marketable investment securities consisted of highly liquid investments in both taxable and tax free municipal obligations with various maturity dates through September 29, 2003. The difference between market value and cost of these securities at January 31, 2001 was a gain of \$1,506,947 or \$899,755 on an after-tax basis and at April 30, 2000 was a loss of \$302,608 or \$182,065 on an after tax basis.

Inventories

Inventories are stated at the lower of cost (determined on a first-in, first-out basis) or market.

Property, Equipment and Improvements

Property, equipment and improvements are stated at cost, net of accumulated depreciation and amortization. Property, equipment and improvements are depreciated on a straight-line basis over the estimated useful lives of the assets, generally five years for equipment and 25 years for buildings.

Goodwill and other intangible assets

Goodwill and other intangible assets result from acquisitions accounted for under the purchase method. Amortization of goodwill and other intangibles is provided on the straight-line basis over the respective estimated useful lives of the assets. As January 31, 2001, goodwill and other intangible assets were being amortized over periods ranging from three to five years. In accordance with Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of" ("FAS 121"), the Company periodically evaluates whether changes have occurred that would require revision of the remaining estimated useful life of the assigned intangible assets or render the intangibles not recoverable. If such circumstances arise, the Company uses an estimate of the undiscounted value of expected future operating cash flows to determine whether the intangible assets are impaired.

Stock-Based Compensation

Finisar accounts for employee stock option grants in accordance with Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB Opinion No. 25") and has adopted the disclosure-only alternative of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123").

Net Income (Loss) Per Share

Basic and diluted net income per share are presented in accordance with SFAS No. 128, "Earnings Per Share" ("SFAS 128"), for all periods presented. Pursuant to Securities and Exchange Commission Staff Accounting Bulletin No. 98, common shares and convertible preferred shares issued or granted for nominal consideration prior to the effective date of Finisar's initial public offering are required to be included in the calculation of basic and diluted net income per share as if they had been outstanding for all periods presented. To date, Finisar has not had any issuances or grants for nominal consideration.

Effective April 12, 2000, the Company's Board of Directors approved a three-for-one stock split in the form of a stock dividend. Accordingly, all share and per-share data for all prior periods presented have been restated to reflect this event.

Basic net income (loss) per share has been computed using the weighted-average number of shares of common stock outstanding during the period. Diluted net income (loss) per share has been computed using the weighted-average number of shares of common stock and dilutive potential common shares from options (under the treasury stock method) and convertible redeemable preferred stock (on an if-converted basis) outstanding during the period.

The following table presents the calculation of basic and diluted net income (loss) per share (in thousands, except per share amounts):

Comprehensive Income

Financial Accounting Standards Board Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" ("SFAS 130") establishes rules for reporting and display of comprehensive income and its components. SFAS 130 requires unrealized gains or losses on the Company's available-for-sale securities to be included in comprehensive income. The amount of the change in net unrealized gain on available-for-sale securities in the nine months ended January 31, 2001 was \$1,857,722 or \$1,081,821 on an after-tax basis. The amount of the change in net realized loss

on available-for-sale securities in fiscal 2000 was \$302,608 or \$182,065 on an after tax basis. Prior to fiscal 2000, net income equaled comprehensive income.

Segment Reporting

Statement of Financial Accounting Standards No. 131, "Disclosures about Segments of an Enterprise and Related Information" ("SFAS 131") establishes standards for the way that public business enterprises report information about operating segments in annual financial statements and requires that those enterprises report selected information about operating segments in interim financial reports. SFAS 131 also establishes standards for related disclosures about products and services, geographic areas, and major customers. The Company has determined that it operates only in one segment.

Effect Of New Accounting Statements

In June 1998, the FASB issued Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"). Finisar is required to adopt SFAS 133 for the fiscal year ending April 30, 2002. SFAS 133 establishes methods of accounting for derivative financial instruments and hedging activities. Because Finisar currently holds no derivative financial instruments as defined by SFAS 133 and does not currently engage in hedging activities, adoption of SFAS 133 is not expected to have a material effect on Finisar's financial condition or results of operations.

In March 1998, the American Institute of Certified Public Accountants issued SOP 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use" ("SOP 98-1"). SOP 98-1 requires that entities capitalize certain costs related to internal use software once certain criteria have been met. Finisar has implemented SOP 98-1 for the year ending April 30, 2000. Adoption of SOP 98-1 did not have a material effect on Finisar's financial condition or results of operations in fiscal 2000.

In December 1999, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 101, "Revenue Recognition in Financial Statements" ("SAB 101"). The bulletin summarizes some of the commission's views in applying accounting principles generally accepted in the United States to revenue recognition in financial statements. Due to the complex nature of the implementation of SAB 101, the SEC has deferred the implementation of SAB 101 which, for the Company, will be effective in the fourth quarter of fiscal 2001 with retroactive application to the beginning of the fiscal year. Although the Company has not fully assessed the impact, the Company believes the adoption of SAB 101 will not have a significant impact on its consolidated financial position, results of operations, or cash flows.

The holders of outstanding convertible redeemable preferred stock, voted as a single class, and were entitled to appoint one director of Finisar. In all other matters, each holder of convertible redeemable preferred stock had voting rights based on the number of shares of common stock into which the preferred stock was convertible.

The holders of outstanding convertible redeemable preferred stock were entitled to receive upon liquidation and in certain other circumstances (a merger, acquisition, or similar event), an amount per share of \$2.1932 plus all accrued but unpaid dividends (including any unpaid interest on such amounts). Any remaining assets would be distributed on a pro rata basis among the holders of all common stock and preferred stock (on an if-converted basis).

1999 Employee Stock Purchase Plan

Finisar's 1999 Employee Stock Purchase Plan was adopted by the board of directors and approved by the stockholders in September 1999. A total of 750,000 shares of common stock are reserved for issuance under the plan, cumulatively increased by 750,000 shares on May 1, 2001 and each May 1 thereafter through May 1, 2010. Employees, including officers and employee directors, are eligible to participate in the plan if they are employed by Finisar for more than 20 hours per week and more than five months in any calendar year. The plan will be implemented during sequential 12-month offering periods, generally commencing on or about December 1 of each year. However, the first such offering period commenced on the effective date of the initial public offering and will terminate on November 30, 2000. In addition, a six-month offering period will generally commence on June 1 of each year. The employee stock purchase plan permits eligible employees to purchase Finisar common stock through payroll deductions, which may not exceed 20% of the employee's total compensation. Stock may be purchased under the plan at a price equal to 85% of the fair market value of Finisar common stock on either the first or the last day of the offering period, whichever is lower.

Stock Option Plans

As discussed in Note 1 and as permitted under Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"), Finisar has elected to follow APB Opinion No. 25 and related interpretations in accounting for stock-based awards to employees.

During fiscal 1989 and 1999, Finisar adopted the 1989 and 1999 Stock Option Plans (the "Plans"). Under the Plans, options to purchase common stock may be granted at an exercise price of not less than 85% of the fair value of a share of common stock on the date of grant (110% of the fair value in certain instances) as determined by the board of directors. For purposes of determining the fair market value of the common stock, the board of directors has considered a number of factors including appraisals by independent third parties, the price paid for convertible redeemable preferred stock in arms'-length transactions and the illiquid nature of the common stock. Options generally vest over five years and

Edgar Filing: FINISAR CORP - Form DEF 14A

have a maximum term of 10 years. All options granted under the Plans are immediately exercisable. As of April 30, 2000, 10,747,361 shares issued upon exercise of options are subject to repurchase.

Finisar's 1999 Stock Option Plan was amended by the board of directors and approved by the stockholders in September 1999. The amendment increased the aggregate maximum number of shares that may be issued under the Plan on May 1, 2001 and each May 1 thereafter by a number of shares equal to 5% of the number of shares of Finisar's common stock issued and outstanding as of the

F 19

immediately preceding April 30, subject to certain restrictions on the aggregate maximum number of shares that may be issued pursuant to incentive stock options.

A summary of activity under the Plans is as follows:

Restricted Shares Issued for Promissory Notes

During fiscal 1999, employees exercised options for 7,938,924 shares of common stock in exchange for promissory notes in the aggregate principal amount of \$1,520,788. During fiscal 2000, employees exercised options for 2,792,523 shares of common stock in exchange for promissory notes in the aggregate principal amount of \$1,632,413. The notes are full recourse, are secured by the shares and bear interest at a rate of 6% per annum. The shares are restricted and are subject to a right of repurchase at the original exercise price in favor of Finisar. This repurchase right lapses in accordance with the original vesting schedule of the option, which is generally five years.

Deferred Stock Compensation

In connection with the grant of certain stock options to employees, Finisar recorded deferred stock compensation of \$2.4 million during fiscal 1999 and \$13.0 million during fiscal 2000 prior to the Company's initial public offering, representing the difference between the deemed value of our common stock for accounting purposes and the option exercise price of these options at the date of grant. The deferred compensation incurred prior to the Company's initial public offering is being amortized to income over a five year vesting period using the graded vesting method. In addition, the Company recorded an additional \$22.0 million in deferred compensation in conjunction with the assumption of certain stock options in the acquisition of Sensors Unlimited, Inc., and Demeter Technologies, Inc. Deferred stock compensation is presented as a reduction of stockholders' equity. The amortization expense relates to options awarded to employees in all operating expense categories. The following table summarizes the amount of deferred stock compensation expense which Finisar has recorded and the amortization it has recorded and expects to record in future periods for transactions which have been consummated as of January 31, 2001. Amounts to be recorded in future periods could

decrease if options for which accrued but unvested compensation has been recorded are forfeited (in thousands):

Accounting for Stock-Based Compensation

Pro forma information regarding net income is required by SFAS 123 as if Finisar had accounted for its employee stock options granted subsequent to April 30, 1995 under the fair value method of SFAS 123. The fair value for Finisar's stock option grants prior to the Company's initial public offering were estimated at the date of grant using the minimum value option valuation model. The fair value of stock options grants subsequent to the initial public offering were valued using Black-Scholes valuation model based on the actual stock closing price on the day previous to the date of grant. The option valuation models were developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions. Because Finisar's stock-based awards have characteristics significantly different from those of traded options and because changes in the subjective input

Edgar Filing: FINISAR CORP - Form DEF 14A

assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its stock-based awards. The fair value of these options was estimated at the date of grant using the following weighted-average assumptions for fiscal years 1998, 1999 and 2000: risk-free interest rates of 6% for 1998, 5.5% for 1999 and 6% for 2000; a dividend yield of 0%; a volatility factor of .91 for 2000; and a weighted-average expected life of the option of four years.

F 22

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options' vesting period. Finisar Corporation's pro forma information is as follows (in thousands, except per share amounts):

10. Pending Litigation

In April 1999, Methode (formerly Methode Electronics), a manufacturer of electronic component devices, filed a lawsuit against Finisar and another manufacturer, Hewlett-Packard Co., in the United States District Court for the Northern District of Illinois alleging that the Company's optoelectronic products infringe four patents held by Methode. The original complaint sought monetary damages and injunctive relief. In July 1999, the Company and Hewlett-Packard filed a motion, which was opposed by Methode, to transfer the case to the United States District Court for the Northern District of California. In August 1999, the Court granted our motion. Methode has amended its complaint to add Agilent Technologies, Inc. as an additional defendant, to allege infringement of a fifth Methode patent and to allege that Finisar breached its obligations under a license and supply agreement with Methode by failing to provide Methode with unspecified information regarding new technology related to the products licensed under the agreement. The amended complaint seeks compensatory damages of at least \$224.3 million plus interest for the alleged breach of contract. In addition, Methode has also notified Finisar that it intends to file another amended complaint alleging infringement of a sixth Methode patent. On June 5, 2000, Methode transferred the patents at issue in the litigation, as well as a number of other patents, to an affiliated company, Stratos Lightwave LLC, and on June 21, 2000, Stratos Lightwave LLC transferred the same patents to Stratos Lightwave, Inc. Methode has made a motion to add Stratos Lightwave, Inc. to the lawsuit as an additional plaintiff.

In September 2000, Methode and Stratos Lightwave filed an additional lawsuit against the Company, alleging infringement of a sixth patent, which issued in August, 2000. This patent is a reissue of a previous patent that is the parent of four of five patents that are the subject of the original lawsuit filed by Methode against Finisar.

In January 2001, Methode and Stratos Lightwave filed a third lawsuit against the Company in the United States District Court for the Northern District of California, alleging that the Company's optoelectronic products infringe a seventh patent, which issued in July 1998.

F 25

Based on consultation with counsel, it is the Company's position that the Methode patents are invalid, unenforceable and/or not infringed by Finisar's products. The United States Patent and Trademark Office has determined that all of the claims asserted by Methode in one of the patents are invalid, although this determination is not final and is subject to further administrative review. The Company also believes, based on consultation with counsel, that the breach of contract claim included in the amended complaint is without merit and that, in any event, the amended complaint grossly overstates the amount of damages that Methode could possibly have suffered as a result of any such breach. The Company believes that it has strong defenses against Methode's lawsuit. In addition, the Company filed a counterclaim against Methode and Stratos Lightwave asserting, among other things, that one of Finisar's founders, Frank H. Levinson, is the primary inventor of the technology that is the subject of all seven patents, that Methode improperly obtained the patents based on the Company's disclosure of the technology to Methode and that the Company is the rightful owner or co-owner of the patents. Portions of the Company's counterclaim, based on principles of state law, were dismissed in May 2000 on grounds of federal preemption; however, the Company's basic claims of ownership of the patents remain subject to our pending counterclaims.

Finisar intends to defend Methode's lawsuits and pursue the counterclaims vigorously. However, the lawsuits are in the preliminary stage, and their outcome cannot be predicted with certainty. The litigation process is inherently uncertain. Patent litigation is particularly complex and can extend for a protracted time, which can substantially increase the cost of such litigation. In connection with the Methode lawsuits, the Company has incurred, and expects to continue to incur, substantial legal fees and expenses. The Methode litigation has also diverted, and is expected to continue to divert, the efforts and attention of some of the Company's key management and technical personnel. As a result, the Company's defense of these lawsuits, regardless of their eventual outcome, has been, and will likely continue to be, costly and time consuming. Should the outcome of the lawsuit be adverse to the Company, the Company could be required to pay significant monetary damages to Methode and could be enjoined from selling those products found to infringe Methode's patents unless and until the Company is able to negotiate a license from Methode. In the event the Company obtains a license from Methode, the Company would likely be required to make royalty payments with

respect to sales of products covered by the license. Any such payments would increase the Company's cost of revenues and reduce the Company's gross profit. If the Company is required to pay significant monetary damages, are enjoined from selling any of its products or are required to make substantial royalty payments pursuant to any such license agreement, the Company's business would be significantly harmed.

11. Acquisitions (Unaudited)

Sensors Unlimited, Inc.

On August 16, 2000 Finisar and Sensors Unlimited, Inc. ("Sensors") entered into an Agreement and Plan of Reorganization pursuant to which Finisar effectively acquired Sensors. The transaction closed on October 17, 2000. Sensors is headquartered in Princeton, New Jersey and is a leading supplier of optical components that monitor the performance of dense wavelength division multiplexing, or DWDM, systems. Finisar designated September 30, 2000 as the acquisition date for accounting

F 26

purposes and, accordingly, the accompanying financial statements include the results of operations of Sensors subsequent to September 30, 2000.

Pursuant to the reorganization agreement, Finisar issued 18,962,141 shares of common stock in exchange for the outstanding shares of Sensors common stock. In addition, Finisar assumed options to purchase Sensors common stock and reserved 381,417 shares of Finisar common stock for issuance upon the exercise of the assumed options. At the closing of the merger transaction, the assumed Sensors options converted into Finisar options and vested to the extent of the greater of (i) 25% of the total number of shares subject to the option or (ii) the vested percentage of the Sensors option at the closing of the merger transaction, up to a maximum of 50% of the total number of shares subject to the option. The unvested portion of each assumed option will vest in three approximately equal annual installments on each of the first three anniversaries of the date of closing of the transaction, subject to the option holder's continued service with Finisar or a subsidiary.

At the closing of the transaction, certificates representing 9,481,109 shares of Finisar common stock were issued to the former stockholders of Sensors (the "Initial Consideration") and 9,481,032 shares of common stock, or approximately one-half of the shares issued pursuant to the transaction, were deposited into escrow with U.S. Bank Trust, National Association (the "Deferred Consideration"). One-third of the shares deposited in escrow will be released on each of the first three anniversaries of October 17, 2000, the closing date, subject to the achievement of certain development milestones. If the milestones are not achieved, the escrow shares will be cancelled and returned to the status of authorized but unissued shares. Further, one-third of the escrow shares that would otherwise be delivered to the principal shareholders of Sensors on the third anniversary of the closing of the transaction will be subject to claims for indemnification by Finisar under the reorganization agreement and the procedures specified in the escrow agreement. Those shares will remain in escrow until all pending claims for indemnification have been resolved.

In addition to the Initial Consideration and Deferred Consideration, on each of the first three anniversaries of the closing of the transaction, Finisar will issue and deliver to the former shareholders of Sensors, on a pro rata basis, additional shares of Finisar common stock (valued on the basis of the average closing trading price per share of such stock on the Nasdaq National Market for the ten trading days preceding the applicable payment date) (the "Additional Consideration"). These shares of Finisar common stock, with an estimated value of \$48 million, will be distributed as follows:

If on the first anniversary of the closing of the transaction, at least 75% of the key management and technical employees originally employed by Sensors, or equivalent replacement employees, are then employed by Finisar, Finisar will issue and deliver Finisar shares having an aggregate value of \$2.375 multiplied by the total number of shares initially deposited in escrow, rounded to the nearest whole share;

If on the second anniversary of the closing of the transaction, at least 65% of the key Sensors employees, or equivalent replacement employees, are then employed by Finisar, Finisar will issue and deliver Finisar shares having an aggregate value of \$1.58333 multiplied by the total number of escrow shares, rounded to the nearest whole share; and

F 27

Edgar Filing: FINISAR CORP - Form DEF 14A

If on the third anniversary of the closing of the transaction, at least 50% of the key Sensors employees, or equivalent replacement employees, are then employed by Finisar, and if prior to that date all six development milestones set forth in the Agreement have been achieved, Finisar will issue Finisar shares having an aggregate value of \$0.79167 multiplied by the total number of escrow shares, rounded to the nearest whole share.

Only the Initial Consideration has been recorded for accounting purposes since the payment of the Deferred Consideration and Additional Consideration is contingent upon future events that are not assured of occurring beyond a reasonable doubt. The Deferred Consideration, if any, will be recorded as additional purchase cost at the then current market price of the common stock when the milestones are attained. The Additional Consideration, if any, will be recorded as additional purchase cost at the then current market price of common stock on the first, second and third anniversaries of the closing of the transaction. Accordingly, Finisar's initial cost to acquire Sensors is calculated to be \$355.0 million using a Finisar common stock price of \$33.47, which is the average of the closing market prices of Finisar's common stock for a period from three days before through three days after August 16, 2000, the day the transaction was announced. The fair value of the assumed stock options of \$12.7 million, as well as estimated direct transaction expenses of \$25.0 million, have been included as a part of the total purchase cost. Sensors currently operates as a wholly-owned subsidiary of Finisar.

The cost to acquire Sensors has been allocated to the assets acquired and liabilities assumed according to their respective fair values, with the excess purchase price being allocated to goodwill. The fair value of the acquired assets and liabilities is based upon an independent valuation.

The estimated total initial purchase cost of Sensors is as follows (in thousands):

Value of securities issued	\$ 317,342
Assumption of Sensors common stock options	12,675
Estimated transaction costs and expenses	25,025
	<u>\$ 355,042</u>

F 28

The preliminary purchase price allocation is as follows (in thousands):

	Amount	Useful life in Years	Annual Amortization
Net tangible assets of Sensors	\$ 353		
Intangible assets acquired:			
Developed technology	54,825	5	\$ 10,965
In-process research and development	22,764	N/A	N/A
Assembled workforce	1,539	3	513
Customer base	1,901	3	634
Tradename	3,722	5	744
Goodwill	288,380	5	57,676
Deferred income tax	(27,186)	3-5	(6,308)
Deferred compensation	8,744	3	2,915
	<u>\$ 355,042</u>		<u>\$ 67,139</u>

An independent valuation specialist performed an allocation of the total purchase price of Sensors to its individual assets. The purchase price was allocated to Sensors' tangible assets, specific intangible assets such as assembled workforce, customer base, tradename, and developed technology and to in-process research and development.

The acquired developed technology, which is comprised of products that are already technologically feasible, mainly includes optical components that monitor the performance of dense wavelength division multiplexing networks. Sensors' technology enables telecommunications companies to optimize the use of existing bandwidth in fiber optic networks. Finisar will amortize the acquired developed technology of approximately \$54.8 million on a straight-line basis over an average estimated remaining useful life of five years.

Edgar Filing: FINISAR CORP - Form DEF 14A

The acquired assembled workforce is comprised of all the skilled employees of Sensors and includes the estimated cost to replace existing employees, including recruiting and training costs and loss of productivity costs. Finisar will amortize the value assigned to the assembled workforce of approximately \$1.5 million on a straight-line basis over an average estimated useful life of three years.

The acquired customer base is based on historical costs incurred and is comprised of Sensors management's estimation of resources that have been devoted to the development of the relationships with key customers. Finisar will amortize the value assigned to customer relationships of approximately \$1.9 million on a straight-line basis over an average estimated useful life of three years.

The acquired tradename is recognized for the intrinsic value of the Sensors name and products in the marketplace. Finisar will amortize the value assigned to the tradename of approximately \$3.7 million on a straight-line basis over an average estimated useful life of five years.

Deferred compensation is recognized for the intrinsic value on the date of closing of the unvested Finisar options exchanged for options held by Sensors' employees. The \$8.7 million of deferred compensation will be amortized over the remaining vesting period of approximately three years.

F 29

Goodwill, which represents the excess of the purchase price of an investment in an acquired business over the fair value of the underlying net identifiable assets and deferred compensation, will be amortized on a straight-line basis over its estimated remaining useful life of five years.

In-process research and development represents that portion of the purchase price of an acquisition related to the research and development activities which: (i) have not demonstrated their technological feasibility, and (ii) have no alternative future uses. Accordingly, the Company recognized an expense of \$22.8 million during the quarter ended October 31, 2000 in conjunction with the completion of this acquisition.

Demeter Technologies, Inc.

On November 21, 2000, the Company completed the acquisition of Demeter Technologies, Inc., a privately-held company located in El Monte, California ("Demeter"). Demeter was founded in June 2000 and is focused on the development of long wavelength Fabry Perot and distributed feedback lasers for data communications and telecommunications applications. Finisar designated November 1, 2000 as the acquisition date for accounting purposes and, accordingly, the accompanying financial statements include the results of operations of Demeter subsequent to November 1, 2000.

Pursuant to the reorganization agreement, the Company issued 6,020,012 shares of common stock in exchange for the outstanding shares of Demeter capital stock. In addition, Finisar assumed options to purchase Demeter common stock and reserved 566,573 shares of Finisar common stock for issuance upon the exercise of the assumed options. The assumed options generally vest to the extent of 25% of the total number of shares subject to the option at the end of one year after the date of grant, with the remainder vesting in 36 equal monthly installments, subject to the optionholder's continued service with Finisar or a subsidiary.

At the closing of the transaction, certificates representing 601,993 shares of Finisar common stock were deposited into escrow with the U.S. Bank Trust, National Association. The escrow shares will be subject to claims for indemnification by Finisar under the reorganization agreement and the procedures specified in the escrow agreement. Those shares will remain in escrow until all pending claims for indemnification, if any, have been resolved.

Finisar's cost to acquire Demeter is calculated to be \$187.3 million using a Finisar common stock price of \$28.05, which is the average of the closing market prices of Finisar's common stock for a period from three days before through three days after November 21, 2000, the day the transaction was announced. The fair value of the assumed stock options of \$15.4 million, as well as estimated direct transaction expenses of \$3.0 million, have been included as a part of the total purchase cost. Demeter currently operates as a wholly-owned subsidiary of Finisar.

The costs to acquire Demeter have been allocated to the assets acquired and liabilities assumed according to their respective fair values, with the excess purchase price being allocated to goodwill. The fair value of the acquired assets and liabilities is based upon an independent valuation.

F 30

The estimated total purchase cost of Demeter is as follows (in thousands):

Edgar Filing: FINISAR CORP - Form DEF 14A

Value of securities issued	\$ 168,882
Assumption of Demeter common stock options	15,438
Estimated transaction costs and expenses	3,000
	<u>\$ 187,320</u>

The preliminary purchase price allocation is as follows (in thousands):

	<u>Amount</u>	<u>Useful Life in Years</u>	<u>Annual Amortization</u>
Net tangible assets of Demeter	\$ 3,217		
Intangible assets acquired:			
Developed technology	30,231	5	\$ 6,046

Deferred compensation	13,301	4	3,325
	<u>\$ 187,320</u>		<u>\$ 36,046</u>

An independent valuation specialist performed an allocation of the total purchase price of Demeter to its individual assets. The purchase price was allocated to Demeter's tangible assets, specific intangible assets such as assembled workforce, customer base and developed technology and to in-process research and development.

The acquired developed technology, which is comprised of products that are already technologically feasible, mainly includes long wavelength Fabry Perot and distributed feedback lasers for data communications and telecommunications applications. Finisar will amortize the acquired developed technology of approximately \$30.2 million on a straight-line basis over an average estimated remaining useful life of five years.

The acquired assembled workforce is comprised of all the skilled employees of Demeter and includes the estimated cost to replace existing employees, including recruiting and training costs and loss of productivity costs. Finisar will amortize the value assigned to the assembled workforce of approximately \$0.4 million on a straight-line basis over an average estimated useful life of three years.

The acquired customer base is based on historical costs incurred and is comprised of Demeter management's estimation of resources that have been devoted to the development of the relationships with key customers. Finisar will amortize the value assigned to customer relationships of approximately \$0.2 million on a straight-line basis over an average estimated useful life of three years.

F 31

Deferred compensation is recognized for the intrinsic value on the date of closing of the unvested Finisar options exchanged for options held by Demeter's employees. The \$13.3 million of deferred compensation will be amortized over the remaining vesting period of approximately four years.

Goodwill, which represents the excess of the purchase price of an investment in an acquired business over the fair value of the underlying net identifiable assets and deferred compensation, will be amortized on a straight-line basis over its estimated remaining useful life of five years.

In-process research and development represents that portion of the purchase price of an acquisition related to the research and development activities which: (i) have not demonstrated their technological feasibility, and (ii) have no alternative future uses. Accordingly, the Company recognized an expense of \$6.0 million during the quarter ended January 31, 2001 in conjunction with the completion of this acquisition.

12. Other Pending Acquisitions (unaudited)

Transwave Fiber, Inc.

On November 21, 2000, the Company entered into an agreement to acquire Transwave Fiber, Inc. ("Transwave"), a privately-held company located in Fremont, California. Established in February 2000, Transwave has applied its core competencies in fusion couplers, crystal processing and instrumentation technologies to develop a broad line of passive optical products for data communications and telecommunications applications.

SENSORS UNLIMITED, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1999 AND 1998

1. The Company and Summary of Significant Accounting Policies

The Company

Sensors Unlimited, Inc. (the "Company") was established in 1991 to capitalize on advances in III-V compound materials technology for telecommunications and imaging applications in the 1.0 micrometer 1.2 micrometer infrared spectrum. The Company performs applied research and development and manufacturing of state-of-the-art Indium Gallium Arsenide (InGaAs) photodetector arrays and cameras. The Company is recognized as a leader in the field of detector arrays for wavelength division multiplexing channel monitors, cameras and imaging products. The arrays are used in dense wavelength division multiplexing (DWDM) fiber optic systems addressing the demand for bandwidth on the Internet.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue

Revenue derived from sales of products is recognized upon shipment, passage of title and when all significant obligations of the Company have been satisfied. Revenue derived from research and development contracts is recognized in the same period as the professional services are rendered, related costs are incurred and significant contract terms have been satisfied.

Revenue from research and development contracts that include performance milestones is recognized in accordance with the terms of the respective contracts. Revenue from achievement of milestone events is recognized when all parties concur that the scientific results stipulated in the agreement have been met. Unbilled costs represent revenues provided in excess of amounts billed. Deferred revenue represents billings in

excess of costs and earnings and customer advances.

Allowance for Doubtful Accounts

The Company provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables as well as historical collection information. In determining the amount of the allowance, management is required to make certain estimates and assumptions regarding the timing and amount of collection.

F 41

Inventory

Inventory is stated at the lower of cost (moving average method) or market. The following is a summary of inventory at December 31, 1999 and 1998

	1999	1998
Raw materials and spare parts	\$ 652,476	\$ 400,669
Finished goods	103,617	70,512
	756,093	471,181
Inventory reserve	(60,000)	(40,000)
	\$ 696,093	\$ 431,181

Property and Equipment

Property and equipment are stated at cost and are depreciated using the straight-line method over the estimated useful lives of the respective assets, which range from three to seven years.

The Company reviews the recoverability of its long-lived assets when events or changes in circumstances arise in order to identify business conditions which may indicate a possible impairment. The Company believes that there have been no such events or changes in circumstances. The assessment for potential impairment is based primarily on the Company's ability to recover the unamortized balance of its long-lived assets from expected future cash flows from its operations on an undiscounted basis.

Income Taxes

The Company has elected to be treated as an "S" corporation for Federal income tax purposes. The stockholders are liable for income taxes on the Company's taxable income, as it passes through to the stockholders' individual income tax returns. During 1999 and 1998, the Company has provided for state income taxes at statutory rates. Effective January 1, 2000, the Company has elected to be taxed as an "S" corporation in the State of New Jersey and will pay a reduced (2%) state corporate income tax on its taxable income. Deferred state income taxes for differences in timing in reporting income for financial statement and tax purposes are not significant.

During 1999 and 1998, the Company utilized approximately \$94,000 and \$58,000, respectively, of state net operating loss carryforwards to offset taxable income. At December 31, 1999, all state net operating loss carryforwards have been utilized.

Subsequent to the year-ended December 31, 1999, the Company anticipates making distributions to stockholders to cover their income taxes relating to 1999 Company earnings.

Stock-based Compensation

The Financial Accounting Standards Board has issued Statement No. 123, "Accounting for Stock-Based Compensation," which requires companies to measure employee stock compensation plans based on the fair value method using an option pricing model or to continue to apply APB No. 25,

F 42

"Accounting for Stock Issued to Employees," and provide pro forma footnote disclosures under the fair value method. The Company continues to apply APB No. 25 and provides pro forma footnote disclosures.

Net Income Per Share

Basic net income per share is computed by dividing income attributable to common stockholders by the weighted average number of common shares outstanding. Concentrations

In 1999 and 1998, approximately 32% and 52%, respectively, of revenues were derived under contracts with agencies within the U. S. Government. In addition, approximately 6% of 1999 revenues and 9% of 1998 revenues were derived from export sales.

The proceeds are restricted for use by the Company solely for the purchase of equipment related to the Company's business and to finance the construction of additional space within the Company's place of business (see Note 5). The line of credit terminates on April 15, 2000, and is expected to be converted into a promissory note payable. As of December 31, 1999, there were no amounts outstanding under the line of credit.

Pursuant to a subordinated convertible promissory note dated March 5, 1997, the Company borrowed \$800,000 from its president, and primary stockholder, and utilized the proceeds to repay a note payable due April 30, 1997 to a bank. The subordinated convertible promissory note was convertible into the Company's common stock on a mandatory basis upon the consummation of an initial equity financing by the Company, such number of shares being equal to the outstanding principal and interest under the note outstanding divided by the price per share paid in connection with the initial equity financing. The note was also convertible at the option of the holder at any time into shares of Company common stock, cash or any combination thereof. During 1999, the Company repaid the balance on the subordinate convertible promissory note. On August 6, 1999, the credit agreement was amended to allow borrowings in amounts up to \$300,000.

On March 6, 1997, a bank extended a \$300,000 line of credit to the Company, secured by substantially all Company assets and guaranteed by the Company's president. On August 6, 1999, the line of credit was increased to \$1,000,000, and was amended to bear interest at the bank's base rate, as defined, plus 1% (9.5% as of December 31, 1999). The note has an annual interest rate of 11.0% and requires 60 monthly installments of \$1,631 which commenced May 1, 1995. The principal balance outstanding was \$6,376 and \$24,165 as of December 31, 1999 and 1998, respectively.

2001	43,816

	\$ 155,351

4. Stock Option Plan

The Company established the 1993 Stock Option Plan ("1993 Plan") to offer employees and consultants to the Company, incentive to enhance the long-term objectives of the Company. The 1993 Plan includes both incentive and nonqualified stock options. 230,000 shares of the Company's common stock have been reserved for issuance under the 1993 Plan. Options are issued at the discretion of the Board of Directors and at such amounts that the Board of Directors has determined is the fair value at the date of grant. Options vest 25% on the first anniversary of the grant and then ratably over 36 months following the first anniversary.

During 1997, the Company established the 1997 Stock Option Plan ("1997 Plan") to attract and retain personnel, to provide additional incentive to employees, nonemployee members of the Board and consultants of the Company. The 1997 Plan includes both incentive and nonqualified stock options. 150,000 shares of the Company's common stock has been reserved for issuance under the 1997 Plan. A committee appointed by the Board of Directors determines option grants, their related fair value at the date of grant, the related exercise prices and the vesting period.

Edgar Filing: FINISAR CORP - Form DEF 14A

In accordance with Statement of Financial Accounting Standards No. 123, "Accounting for Stock Based Compensation" (FAS 123), the fair value of option grants is estimated on the date of grant using the Black-Scholes option-pricing model for proforma footnote purposes with the following assumptions used for grants in all years-dividend yield of 0%, risk-free interest rate of 6% and expected option life

F 45

of 10 years. The weighted average fair value of options granted during 1999 and 1998 was \$2.23 and \$0.74, respectively. The activity and options outstanding under the Plans are as follows

	Number of Shares	Weighted Average Exercise Price

Granted	27,500	1.65

Subsequent to December 31, 1999, the Company granted stock options to purchase 99,000 shares of the Company's common stock at an exercise price of \$5.00, the estimated fair value at the date of grant.

As permitted by FAS 123, the Company has chosen to continue accounting for stock options at their intrinsic value. Accordingly, no compensation expense has been recognized for its stock option compensation plans. Had the fair value method of accounting been applied to the Company's stock option plans, the tax-effected impact would be as follows

	1999	1998

Net income adjusted	\$ 3,040,071	\$ 5,793

This proforma impact only takes into account options granted since January 1, 1995 and is likely to increase in future years as additional options are granted and amortized over the vesting period.

5. Commitments

In January 1996, the Company signed a Patent and Technical information License Agreement with a third party research provider. The Agreement grants the Company a nonexclusive, worldwide license relating to certain technology for a period of twelve years. The Company is obligated to pay to the third party research provider a royalty equal to specified percentages of net product sales, as defined. Royalty rates are as follows

Net Product Sales	Rate

\$1,000,000 - \$3,000,000	8%
\$3,000,000 - \$5,000,000	6%
\$5,000,000 - \$10,000,000	4%
In excess of \$10,000,000	3%

Royalty expense under this agreement was approximately \$23,000 and \$25,000 in 1999 and 1998, respectively.

The Company rents office space under a noncancellable lease agreement that expires January 1, 2001. The future minimum lease obligations under the agreement are as follows

2000	\$ 173,000
------	------------

During 1999 and 1998, rent expense approximated \$173,000 and \$136,000, respectively.

On November 4, 1999, the Company entered into an \$800,000 agreement with a contractor for the construction of additional space within the Company's place of business to be completed in 2000. During 1999, the Company paid a \$160,000 down payment on the construction which is included in other assets as of December 31, 1999.

DEMETER TECHNOLOGIES, INC.

NOTES TO FINANCIAL STATEMENTS

October 31, 2000

1. Summary of Significant Accounting Policies

Description of Business

Demeter Technologies, Inc. (the Company) was incorporated in the state of Delaware on June 22, 2000 to engage in the development of long wavelength Fabry Perot (FP) and Distributed Feedback (DFB) lasers for datacom and telecommunications applications.

In June, 2000, the founders of the Company were issued 4,000,000 shares of common stock in exchange for cash of \$400,000. In August, 2000, the Company issued 14,000,701 shares of Series A convertible preferred stock at \$0.5714 per share (see Note 6). Each preferred stockholder paid approximately one half in cash and one half was recorded as a subscription receivable. Concurrently with the Series A convertible preferred stock, the Company issued a warrant for 4,500,000 shares of Series A convertible preferred stock (see Note 6) to American Xtal Technologies, Inc. (AXT) in exchange primarily for technology related to FP lasers. AXT also leases certain facilities and equipment to the Company (see Note 5). The president of the Company is the brother of the president of AXT.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with original maturity from the date of purchase of three months or less to be cash equivalents.

Short-Term Investments

In accordance with the Financial Accounting Standards Board's Statement of Financial Accounting Standards No. 115, "Accounting for Certain Investments in Debt and Equity Securities," the Company has classified its short-term investments as available-for-sale. Available-for-sale securities are stated at market value and unrealized holding gains and losses, net of the related tax effect, are excluded from earnings and are reported as a separate component of stockholders' equity until realized. A decline in the market value of the security below cost that is deemed other than temporary is charged to earnings, resulting in the establishment of a new cost basis for the security. The cost of short-term investments sold is based on specific identification. The fair value of short-term investments is based on quoted market prices. The difference between market value and cost of these securities at October 31, 2000 was an unrealized gain of \$33,919.

Inventories

Inventories are stated at the lower of cost (determined on a first-in, first-out basis) or market.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation and amortization. Property and equipment are depreciated on a straight-line basis over the estimated useful lives of the assets, generally two to seven years.

F 61

Revenue Recognition

Revenue is recognized at the time of product shipment and no significant obligations remain, net of allowance for estimated returns. Warranty expenses are also estimated and provided for at the time of shipment.

Advertising Costs

Advertising costs are expensed as incurred. Advertising costs were not material for the period ending October 31, 2000.

Concentration of Credit Risk

Edgar Filing: FINISAR CORP - Form DEF 14A

Financial instruments which potentially subject the Company to concentrations of credit risk include cash, cash equivalents, short-term investments, and accounts receivable. The Company places its cash, cash equivalents, and short-term investments with high-credit quality financial institutions. Such investments are generally in excess of FDIC insurance limits. Concentrations of credit risk, with respect to accounts receivable, exist to the extent of amounts presented in the financial statements. Accounts receivable from two customers represented 66% and 21% of the total balance at October 31, 2000. Generally, the Company does not require collateral or other security to support customer receivables. The Company performs periodic credit evaluations of its customers and maintains an allowance for potential credit losses based on historical experience and other information available to management. Losses to date have been within management's expectations.

Current Vulnerabilities Due to Certain Concentrations

During the period from inception (June 22, 2000) to October 31, 2000, revenues from two customers represented 50% and 31% of total revenues.

Research and Development

Research and development expenditures are charged to operations as incurred.

Stock-Based Compensation

The Company accounts for employee stock options and common stock purchase right grants in accordance with Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" (APB 25) and has adopted the disclosure-only alternative of Statement of Accounting Standards No. 123, "Accounting for Stock-Based Compensation" (SFAS 123).

Comprehensive Income (Loss)

Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" (SFAS 130) requires unrealized gains or losses on the Company's available-for-sale investments to be included in other comprehensive income. The net unrealized gain on available-for-sale securities for the period from inception (June 22, 2000) to October 31, 2000 was \$33,919.

F 62

2. Short-Term Investments

As of October 31, 2000, short-term investments consist of certificates of deposit with a fair value of \$3,371,655 and an amortized cost of \$3,337,736. The average maturity of the short-term investments was approximately two months and the weighted-average effective interest rate was 6%.

3. Inventories

Inventories consist of the following:

	October 31, 2000
Raw materials	\$ 188,380
Work in-process	18,560
Finished goods	26,086
	<u>\$ 233,026</u>

4. Property, Equipment, and Improvements

Property and equipment consists of the following:

October 31,
2000

Computers, machinery, and equipment	\$ 304,894
Furniture and fixtures	32,065
Software	36,799
Construction in progress	241,447
	615,205
Less accumulated depreciation and amortization	6,655
Property and equipment, net	\$ 608,550

Construction in progress consists of leasehold improvements not placed into service. No depreciation or amortization was recorded on these assets.

5. Operating Lease Commitments

The Company leases its facilities and equipment under various agreements with AXT expiring August 2003 and August 2002, respectively. Rent expense was approximately \$117,000 for the period ended October 31, 2000. The Company has the option to extend the term of its operating leases for three additional years for leased facilities and for two additional years for leased equipment. The Company also has an option to purchase certain of the equipment for the depreciated value of the

F 63

equipment owned by AXT and at the buy-out value of the equipment leased by AXT. At October 31, 2000, minimum rental payments under operating leases are as follows:

Year ended October 31,	
2001	\$ 488,428
2002	426,813
2003	152,535
	\$ 1,067,776

AXT is currently constructing improvements at the leased facilities. AXT is funding the entire cost of such improvements; however, the Company is obligated to reimburse AXT on demand for any portion of such cost of improvements which exceeds \$1,150,000. In addition, the Company shall pay AXT additional monthly rent equal to the total amount of AXT's depreciation costs of such improvements plus the interest cost to AXT on any funds borrowed for such purpose or the interest cost on any funds used to build such improvements (based on 10% per annum simple interest, regardless of how AXT finances such improvements), calculated on a monthly basis; the Company shall continue to pay such additional rent monthly until AXT has recovered from the Company the entire building costs of such improvements (up to \$1,150,000).

6. Stockholders' Equity

Common Stock and Preferred Stock

Following the Company's incorporation in June 2000, the Company is authorized to issue 80,000,000 shares consisting of 40,000,000 shares of common stock, par value \$0.001 per share and 40,000,000 shares of preferred stock, par value \$0.001. The board of directors has the authority to issue the undesignated preferred stock in one or more series and to fix the rights, preferences, privileges, and restrictions thereof.

Series A Convertible Preferred Stock

On August 10, 2000, the Company designated 20,000,000 shares as Series A convertible preferred stock, and in August 2000, the Company issued 14,000,701 shares of Series A convertible preferred stock at \$0.5714 per share, resulting in cash proceeds of approximately \$4,000,000 and a receivable of \$4,000,000.

The holders of shares of Series A preferred stock are entitled to receive dividends, out of assets legally available therefore, prior and in preference to any declaration or payment of any dividend (payable other than in common stock or other securities and rights convertible into or entitling the holders thereof to receive, directly or indirectly, additional shares of common stock) on the common stock, at the rate of 8% of the liquidation preference per share per annum for the Series A preferred stock, payable when, as, and if declared by the board of directors. Such dividends will not be cumulative. No dividends have been declared.

Each share of Series A convertible preferred stock is convertible, at the option of the holder, at any time, into common stock at the current conversion rate (currently one-for-one). Conversion is

F 64

automatic upon the closing of an underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, which results in a price per share of not less than five times the then applicable conversion price and gross offering proceeds of not less than \$10,000,000 or upon the approval of the holders of at least a majority of the outstanding shares of the preferred stock. The preferred stock has voting rights on an as-if-converted to common stock basis.

Series A convertible preferred stockholders are entitled to receive, upon liquidation, an amount per share equal to the issuance price, plus all declared but unpaid dividends. Thereafter, the remaining assets and funds, if any, shall be distributed pro rata among the common stockholders and Series A convertible preferred stockholders on an as-if-converted basis.

Warrants and Related Purchased Technology

On August 10, 2000, the Company granted a warrant to AXT to purchase up to 4,500,000 shares of the Company's Series A convertible preferred stock at \$0.5714 per share. The warrant may be exercised in whole or in part at any time, and will expire the later of (i) August 10, 2005 and (ii) the closing of a qualified public offering or the sale of substantially all of the assets of the Company or the merger or consolidation with a public company. The value of the warrant was estimated using the Black-Scholes option pricing model with the following assumptions: weighted-average, risk-free interest rate of 5%, estimated life of 5 years, volatility of 0.8%, and no dividend yield. The warrant was primarily issued for access to certain technology related to FP lasers. The Company has recorded the \$1,710,000 estimated fair value of the warrant as a contra-equity amount and is being amortized to income over the 5-year estimated life of the warrant.

2000 Stock Plan

In September 2000, the Company adopted the 2000 Stock Plan (the Plan) which provides for the issuance of common stock options and common stock purchase rights to employees and consultants of the Company of up to 3,000,000 shares of the Company's common stock. The Plan permits the Company to (i) grant incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, and (ii) nonstatutory stock options, which are not intended to qualify as incentive stock options. Options generally vest 25% upon completion of one year of service and $\frac{1}{48}$ per month thereafter. Options expire after 10 years.

During the period from inception (June 22, 2000) to October 31, 2000, the Company granted options for 1,137,000 shares of common stock at an exercise price of \$0.25 per share. None of these options were exercised or canceled during the period from inception (June 22, 2000) to October 31, 2000 and none of the options were exercisable as of October 31, 2000. The weighted-average deemed fair value of the options granted during the period from inception (June 22, 2000) to October 31, 2000 was \$7.64 per share. The Company also reserved for issuance 1,048,000 options at an exercise price of \$0.25 per share to certain individuals, not yet employees with the Company, with vesting commencing the first day of employment with the Company. The weighted-average remaining contractual life of the options outstanding as of October 31, 2000 was 9.8 years. As of October 31, 2000, 815,000 shares of common stock were available for future grants.

F 65

Deferred Stock Compensation

In connection with the grant of stock options to employees, the Company recorded deferred stock compensation of \$7,900,000 for the period from inception (June 22, 2000) through October 31, 2000, representing the difference between the deemed fair value of the Company's common stock for accounting purposes and the option exercise price of these options at the date of grant. Deferred stock compensation is presented as a reduction of stockholders' equity, with graded amortization recorded over the four-year vesting period. The amortization expense relates to options awarded to employees in all operating expense categories. The Company will recognize additional deferred compensation for the options reserved for issuance to certain individuals who have not yet commenced employment with the Company.

Accounting for Stock-Based Compensation

Pro forma information regarding net income is required by SFAS 123 as if the Company had accounted for its employee stock options granted under the fair value method of SFAS 123. The fair value for the Company's stock option grants was estimated at the date of grant using the minimum value option valuation model. The minimum value option valuation model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions. Because the Company's stock-based awards have characteristics significantly different from those of traded options and because changes in the subject input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessary provide a reliable single measure of the fair value of its stock-based awards. The fair value of these options was estimated at the date of grant using the minimum value method option pricing model with the following weighted-average assumptions: risk-free interest rates of 5%; no dividend yield; and a weighted-average expected life of the option of five years.

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options' vesting period. For the period from inception (June 22, 2000) to October 31, 2000 the pro forma net loss was \$(1,795,333).

7. Income Taxes

There is no provision for U.S. federal, U.S. state or foreign income taxes as the Company has incurred operating losses since inception for all jurisdictions.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

Significant components of the Company's deferred tax assets are as follows:

	October 31, 2000
Deferred tax assets:	
Net operating loss carryforwards	\$ 300,000
Other	200,000
Total deferred tax assets	500,000
Valuation allowance	(500,000)
Net deferred tax assets	\$

Edgar Filing: FINISAR CORP - Form DEF 14A

Realization of the deferred tax assets is dependent upon future earnings, if any, the timing and amount of which are uncertain. Accordingly, the net deferred tax assets have been fully offset by a valuation allowance.

As of October 31, 2000, the Company has net operating loss carryforwards for federal income tax purposes of approximately \$800,000, which expire in 2020. The Company also had net operating loss carryforwards for state income tax purposes of approximately \$800,000 expiring in 2008. Utilization of the Company's net operating loss may be subject to a substantial annual limitation due to the ownership change limitations provided by the Internal Revenue Code and similar state provisions. Such an annual limitation could result in the expiration of the net operating loss before utilization.

8. Segments and Geographic Information

The Company operates in one reportable segment, the design, manufacture, and marketing of lasers for datacom and telecommunications applications. During the period from inception (June 22, 2000) to October 31, 2000, 10%, 50% and 40% of the Company's revenues were from United States, Taiwan, and UK based entities, respectively.

9. Subsequent Events

On November 21, 2000, all of the stockholders' of the Company sold their ownership interest to Finisar Corporation (Finisar). Finisar will record the transaction using the purchase method of accounting. Pursuant to the Agreement and Plan of Reorganization, Finisar issued 6,020,012 shares of its common stock in exchange for the outstanding shares of Demeter common and preferred stock and the outstanding warrant. In addition, Finisar assumed options to purchase the Company's common stock and reserved 566,573 shares of Finisar common stock for issuance upon the exercise of the assumed options.

INTRODUCTION TO PRO FORMA FINANCIAL INFORMATION

The Unaudited Pro Forma Condensed Statement of Operations for the year ended April 30, 2000 and the nine months ended January 31, 2001 and the Unaudited Pro Forma Condensed Balance Sheet as of January 31, 2001 are based on the historical financial statements of Finisar Corporation ("Finisar"), Sensors Unlimited, Inc. ("Sensors"), Demeter Technologies, Inc. ("Demeter") and Medusa Technologies Inc. ("Medusa"), after giving effect to the acquisition of Sensors, Demeter and Medusa under the purchase method of accounting and the assumptions and adjustments described in the accompanying Notes to the Unaudited Pro Forma Condensed Financial Statements. The Unaudited Pro Forma Condensed Statements of Operations are presented as if the combinations had taken place on May 1, 1999.

Edgar Filing: FINISAR CORP - Form DEF 14A

The Unaudited Pro Forma Condensed Statement of Operations for the nine months ended January 31, 2001 combines the historical nine months ended January 31, 2001 for Finisar (which includes four months of operations of Sensors and three months of operations of Demeter), the historical five months ended September 30, 2000 for Sensors, the historical period from June 22, 2000 (the date of incorporation) to October 31, 2000 for Demeter and the historical nine months ended January 31, 2000 for Medusa. The Unaudited Pro Forma Condensed Statement of Operations for the year ended April 30, 2000 combines the historical year ended April 30, 2000 for Finisar, the twelve months ended March 31, 2000 for Sensors, the twelve months ended April 30, 2000 for Medusa and, since Demeter was not incorporated until after April 30, 2000, only amortization of the purchase price adjustments for the twelve months ended April 30, 2000 for Demeter. Since the acquisitions of Sensors and Demeter occurred prior to January 31, 2001, the Unaudited Pro Forma Condensed Balance Sheet is presented to give effect to the acquisition of Medusa as if it occurred on January 31, 2001 and combines the balance sheet of Finisar as of January 31, 2001, which includes the purchases of Sensors and Demeter, with the balance sheet of Medusa as of January 31, 2001.

The Unaudited Pro Forma Condensed Financial Statements should be read in conjunction with the historical financial statements of Finisar, Sensors and Demeter included elsewhere in this proxy statement. The pro forma information does not purport to be indicative of the results that would have been reported if the above transaction had been in effect for the period presented or which may result in the future.

NOTES TO FINISAR, SENSORS, DEMETER AND MEDUSA

UNAUDITED PRO FORMA CONDENSED FINANCIAL STATEMENTS

(A) On August 16, 2000 Finisar and Sensors entered into an Agreement and Plan of Reorganization pursuant to which Finisar acquired Sensors. The transaction closed on October 17, 2000. Sensors is headquartered in Princeton, New Jersey and is a leading supplier of optical

Edgar Filing: FINISAR CORP - Form DEF 14A

components that monitor the performance of dense wavelength division multiplexing or DWDM, systems. Finisar designated September 30, 2000 as the acquisition date for accounting purposes.

Pursuant to the reorganization agreement, Finisar issued 18,962,141 shares of its common stock in exchange for the outstanding shares of Sensors common stock. In addition, Finisar assumed options to purchase Sensors common stock and reserved 381,417 shares of Finisar common stock for issuance upon the exercise of the assumed options. At the closing of the merger transaction, the assumed Sensor options converted into Finisar options vested to the extent of the greater of (i) 25% of the total number of shares subject to the option or (ii) the vested percentage of the Sensors option at the closing of the transaction, up to a maximum of 50% of the total number of shares subject to the option. The unvested portion of each assumed option will vest in three approximately equal annual installments on each of the first three anniversaries of the date of closing of the transaction, subject to the option holder's continued service with Finisar or a subsidiary.

At the closing of the transaction, certificates representing 9,481,109 shares of Finisar common stock were issued to the former stockholders of Sensors (the "Initial Consideration") and 9,481,032 shares of common stock, or approximately one-half of the shares issued pursuant to the transaction, were deposited into escrow with U.S. Bank Trust, National Association (the "Deferred Consideration"). One-third of the shares deposited in escrow will be released on each of the first three anniversaries of October 17, 2000, the closing date, subject to the achievement of certain development milestones. If the milestones are not achieved, the escrow shares will be cancelled and returned to the status of authorized but unissued shares. Further, one-third of the escrow shares that would otherwise be delivered to the principal shareholders of Sensors on the third anniversary of the closing of the transaction will be subject to claims for indemnification by Finisar under the reorganization agreement and the procedures specified in the escrow agreement. Those shares will remain in escrow until all pending claims for indemnification have been resolved.

In addition to the Initial Consideration and Deferred Consideration, on each of the first three anniversaries of the closing of the transaction, Finisar will issue and deliver to the former shareholders of Sensors, on a pro rata basis, additional shares of Finisar common stock (valued on the basis of the average closing trading price per share of such stock on the Nasdaq National Market for the ten trading days preceding the applicable payment date) (the "Additional Consideration"). These shares of Finisar common stock, with an estimated value of \$48 million, will be distributed as follows:

- (1) If on the first anniversary of the closing of the transaction, at least 75% of the key management and technical employees originally employed by Sensors, or equivalent replacement employees, are then employed by Finisar, Finisar will issue and deliver Finisar shares having an aggregate value of \$2.375 multiplied by the total number of shares initially deposited in escrow, rounded to the nearest whole share;
- (2) If on the second anniversary of the closing of the transaction, at least 65% of the key Sensors employees, or equivalent replacement employees, are then employed by Finisar, Finisar will issue and deliver Finisar shares having an aggregate value of \$1.58333 multiplied by the total number of escrow shares, rounded to the nearest whole share; and
- (3) If on the third anniversary of the closing of the transaction, at least 50% of the key Sensors employees, or equivalent replacement employees, are then employed by Finisar, and if prior to that date all six development milestones set forth in the agreement have been achieved,

F 74

Finisar will issue Finisar shares having an aggregate value of \$0.79167 multiplied by the total number of escrow shares, rounded to the nearest whole share.

Only the Initial Consideration has been recorded for accounting purposes since the payment of the Deferred and Additional Consideration is contingent upon future events that are not assured of occurring beyond a reasonable doubt. The Deferred Consideration, if any, will be recorded as additional purchase cost at the then current market price of the common stock when the milestones are attained. The Additional Consideration, if any, will be recorded as additional purchase cost at the then current market price of common stock on the first, second and third anniversaries of the closing of the transaction. Accordingly, Finisar's initial cost to acquire Sensors is calculated to be \$355.0 million using a Finisar common stock price of \$33.47, which is the average of the closing market prices of Finisar's common stock for a period from three days before through three days after August 16, 2000, the day the transaction was announced. The fair value of the assumed stock options of \$12.7 million, as well as estimated direct transaction expenses of \$25.0 million, have been included as a part of the total initial purchase cost. Sensors currently operates as a wholly-owned subsidiary of Finisar.

Edgar Filing: FINISAR CORP - Form DEF 14A

The cost to acquire Sensors has been allocated to the assets acquired and liabilities assumed according to their respective fair values, with the excess purchase price being allocated to goodwill. The fair value of the acquired assets and liabilities is based upon an independent valuation.

The estimated total initial purchase cost of Sensors is as follows (in thousands):

Value of securities issued	\$ 317,342
Assumption of Sensors common stock options	12,675
Estimated transaction costs and expenses	25,025
	<u>\$ 355,042</u>

The preliminary purchase price allocation is as follows (in thousands):

	<u>Amount</u>	<u>Useful Life in Years</u>	<u>Annual Amortization</u>
Net tangible assets of Sensors	\$ 353		
Intangible assets acquired:			
Developed technology	54,825	5	\$ 10,965
In-process research and development	22,764	N/A	N/A
Assembled workforce	1,539	3	513
Customer base	1,901	3	634
Tradenname	3,722	5	744
Goodwill	288,380	5	57,676
Deferred income tax	(27,186)	3-5	(6,308)
Deferred compensation	8,744	3	2,915
	<u>\$ 355,042</u>		<u>\$ 67,139</u>

An independent valuation specialist performed an allocation of the total purchase price of Sensors to its individual assets. The purchase price was allocated to Sensors' tangible assets, specific intangible assets such as assembled workforce, customer base, tradenname, and developed technology and to in-process research and development.

F 75

The acquired developed technology, which is comprised of products that are already technologically feasible, mainly includes optical components that monitor the performance of dense wavelength division multiplexing networks. Sensors' technology enables telecommunications companies to optimize the use of existing bandwidth in fiber optic networks. Finisar will amortize the acquired developed technology of approximately \$54.8 million on a straight-line basis over an average estimated remaining useful life of five years.

The acquired assembled workforce is comprised of all the skilled employees of Sensors and includes the estimated cost to replace existing employees, including recruiting and training costs and loss of productivity costs. Finisar will amortize the value assigned to the assembled workforce of approximately \$1.5 million on a straight-line basis over an average estimated useful life of three years.

The acquired customer base is based on historical costs incurred and is comprised of Sensors management's estimation of resources that have been devoted to the development of the relationships with key customers. Finisar will amortize the value assigned to customer relationships of approximately \$1.9 million on a straight-line basis over an average estimated useful life of three years.

The acquired tradenname is recognized for the intrinsic value of the Sensors name and products in the marketplace. Finisar will amortize the value assigned to the tradenname of approximately \$3.7 million on a straight-line basis over an average estimated useful life of five years.

Deferred compensation expense is recognized for the intrinsic value on the date of closing of the unvested Finisar options exchanged for options held by Sensors' employees. The \$8.7 million of deferred compensation will be amortized over the remaining vesting period of approximately three years.

Edgar Filing: FINISAR CORP - Form DEF 14A

Goodwill, which represents the excess of the purchase price of an investment in an acquired business over the fair value of the underlying net identifiable assets and deferred compensation, will be amortized on a straight-line basis over its estimated remaining useful life of five years.

In-process research and development represents that portion of the purchase price of an acquisition related to the research and development activities which: (i) have not demonstrated their technological feasibility, and (ii) have no alternative future uses. Accordingly, Finisar recognized an expense of \$22.8 million during the quarter ended October 31, 2000 in conjunction with the completion of this acquisition.

(B) On November 21, 2000 Finisar completed the acquisition of Demeter, a privately-held company located in El Monte, California. Demeter Technologies was founded in June 2000 and is focused on the development of long wavelength Fabry Perot and distributed feedback lasers for data communications and telecommunications applications. Finisar designated November 1, 2000 as the acquisition date for accounting purposes.

Pursuant to the reorganization agreement, Finisar issued 6,020,012 shares of its common stock in exchange for the outstanding shares of Demeter capital stock. In addition, Finisar assumed options to purchase Demeter common stock and reserved 566,573 shares of Finisar common stock for issuance upon the exercise of the assumed options. The assumed options generally vest to the extent of 25% of the total number of shares subject to the option at the end of one year after the date of grant, with the remainder vesting in 36 equal monthly installments, subject to the optionholder's continued service with Finisar or a subsidiary.

At the closing of the transaction, certificates representing 601,993 shares of Finisar common stock were deposited into escrow with the U.S. Bank Trust, National Association. The escrow shares will be

F 76

subject to claims for indemnification by Finisar under the reorganization agreement and the procedures specified in the escrow agreement. Those shares will remain in escrow until all pending claims for indemnification, if any, have been resolved.

Finisar's cost to acquire Demeter is calculated to be \$187.3 million using a Finisar common stock price of \$28.05, which is the average of the closing market prices of Finisar's common stock for a period from three days before through three days after November 21, 2000, the day the transaction was announced. The fair value of the assumed stock options of \$15.4 million, as well as estimated direct transaction expenses of \$3.0 million, have been included as a part of the total purchase cost. Demeter currently operates as a wholly-owned subsidiary of Finisar.

The cost to acquire Demeter has been allocated to the assets acquired and liabilities assumed according to their respective fair values, with the excess purchase price being allocated to goodwill. The fair value of the acquired assets and liabilities is based upon an independent valuation.

The estimated total purchase cost of Demeter is as follows (in thousands):

Value of securities issued	\$ 168,882
Assumption of Demeter common stock options	15,438
Estimated transaction costs and expenses	3,000
	\$ 187,320

The preliminary purchase price allocation is as follows (in thousands):

Edgar Filing: FINISAR CORP - Form DEF 14A

	Amount	Useful Life in Years	Annual Amortization
Total preliminary purchase price allocation	\$ 187,320		\$ 36,046

An independent valuation specialist performed an allocation of the total purchase price of Demeter to its individual assets. The purchase price was allocated to Demeter's tangible assets, specific intangible assets such as assembled workforce, customer base and developed technology and to in-process research and development.

The acquired developed technology, which is comprised of products that are already technologically feasible, mainly includes long wavelength Fabry Perot and distributed feedback lasers for data communications and telecommunications applications. Finisar will amortize the acquired developed technology of approximately \$30.2 million on a straight-line basis over an average estimated remaining useful life of five years.

F 77

The acquired assembled workforce is comprised of all the skilled employees of Demeter and includes the estimated cost to replace existing employees, including recruiting and training costs and loss of productivity costs. Finisar will amortize the value assigned to the assembled workforce of approximately \$0.4 million on a straight-line basis over an average estimated useful life of three years.

The acquired customer base is based on historical costs incurred and is comprised of Demeter management's estimation of resources that have been devoted to the development of the relationships with key customers. Finisar will amortize the value assigned to customer relationships of approximately \$0.2 million on a straight-line basis over an average estimated useful life of three years.

Deferred compensation expense is recognized for the intrinsic value on the date of closing of the unvested Finisar options exchanged for options held by Demeter's employees. The \$13.3 million of deferred compensation will be amortized over the remaining vesting period of approximately four years.

Goodwill, which represents the excess of the purchase price of an investment in an acquired business over the fair value of the underlying net identifiable assets and deferred compensation, will be amortized on a straight-line basis over its estimated remaining useful life of five years.

In-process research and development represents that portion of the purchase price of an acquisition related to the research and development activities which: (i) have not demonstrated their technological feasibility, and (ii) have no alternative future uses. Accordingly, Finisar recognized an expense of \$6.0 million during the quarter ended January 31, 2001 in conjunction with the completion of this acquisition.

(C) On March 2, 2001 Finisar completed the acquisition of Medusa, a privately-held company located in Georgetown, Texas. Medusa was founded in June 1997 and is a provider of training and testing services focusing on Fibre Channel and other networking technologies. Medusa currently operates as a wholly-owned subsidiary of Finisar.

Pursuant to the reorganization agreement, Finisar assumed options to purchase Medusa common stock and reserved 8,012 shares to Finisar common stock for issuance upon the exercise of the assumed options. The assumed options generally vest to the extent of 25% of the total number of shares subject to the option at the date of grant, with the remainder vesting in 48 equal monthly installments, subject to the optionholder's continued service with Finisar or a subsidiary.

At the closing of the transaction, \$616,000 was deposited into escrow with the U.S. Bank Trust, National Association. The escrow cash will be subject to claims for indemnification by Finisar under the reorganization agreement and the procedures specified in the escrow agreement. The cash will remain in escrow until all pending claims for indemnification, if any, have been resolved.

The cost to acquire Medusa has been allocated to the assets acquired and liabilities assumed according to their respective fair values, with the excess purchase price being allocated to goodwill. The fair value of the acquired assets and liabilities is based upon an independent valuation.

The estimated total purchase cost of Medusa is as follows (in thousands):

Cash including estimated transaction costs and expenses	\$ 7,000
---	----------

Assumption of Medusa common stock options	96
	<u> </u>
	\$ 7,096
	<u> </u>

F 78

The preliminary purchase price allocation as of January 31, 2001 is as follows (in thousands):

	Amount	Useful Life in Years	Annual Amortization
Net tangible assets of Medusa	\$ 633		
Intangible assets acquired:			
Developed technology	870	5	\$ 174
Assembled workforce	490	3	163
Customer base	160	3	53
Tradename	360	5	72
Goodwill	5,296	5	1,059
Deferred income tax	(778)	3-5	(192)
Deferred compensation	65	4	16
	<u> </u>		<u> </u>
Total preliminary purchase price allocation	\$ 7,096		\$ 1,345
	<u> </u>		<u> </u>

An independent valuation specialist performed an allocation of the total purchase price of Medusa to its individual assets. The purchase price was allocated to Medusa tangible assets, specific intangible assets such as assembled workforce, customer base, tradename and to developed technology and to in-process research and development.

The acquired developed technology, which is comprised of products that are already technologically feasible, mainly relates to a mechanism (some times called an engine) for extracting information from data collected by a Finisar Fibre Channel analyzer and generates protocol statistics. These statistics present the information in visual format which is easier to understand. This product can be used by developers, integrators, and system administrators to determine operational characteristics and adherence to the standard of Fibre Channel products. Finisar will amortize the acquired developed technology of approximately \$0.9 million on a straight-line basis over an average estimated remaining useful life of five years.

The acquired assembled workforce is comprised of all the skilled employees of Medusa and includes the estimated cost to replace existing employees, including recruiting and training costs and loss of productivity costs. Finisar will amortize the value assigned to the assembled workforce of approximately \$0.5 million on a straight-line basis over an average estimated useful life of three years.

The acquired customer base is based on historical costs incurred and is comprised of Medusa management's estimation of resources that have been devoted to the development of the relationships with key customers. Finisar will amortize the value assigned to customer relationships of approximately \$0.2 million on a straight-line basis over an average estimated useful life of three years.

The acquired tradename is recognized for the intrinsic value of the Medusa name and products in the marketplace. Finisar will amortize the value assigned to the tradename of approximately \$0.4 million on a straight-line basis over an average estimated remaining useful life of five years.

Deferred compensation expense is recognized for the intrinsic value on the date of closing of the unvested Finisar options exchanged for options held by Medusa's employees. The \$0.1 million of deferred compensation will be amortized over the remaining vesting period of approximately four years.

Goodwill, which represents the excess of the purchase price of an investment in an acquired business over the fair value of the underlying net identifiable assets and deferred compensation, will be amortized on a straight-line basis over its estimated useful life of five years.

(D) Historically, Sensors elected to be treated as an "S" corporation for Federal income tax purposes; therefore the Sensors stockholders were liable for income taxes on Sensors' taxable income. The pro forma provision for income taxes includes estimated income taxes on Sensor's income at a tax rate of 30%.

(E) The pro forma combined provision for income taxes does not represent the amounts that would have resulted had Finisar, Sensors, Demeter and Medusa filed consolidated income tax returns during the periods presented.

(F) The pro forma basic and diluted net earnings per share for the year ended April 30, 2000 are based on the weighted average number of shares of Finisar common stock outstanding, the initial 9,481,109 shares issued by Finisar in the Sensors transaction and the 6,020,012 shares issued by Finisar in the Demeter transaction. The pro forma basic and diluted net earnings per share for the nine months ended January 31, 2001 are based on the weighted average number of shares of Finisar common stock outstanding, 5,313,589 shares (representing the difference between the shares issued by Finisar in the Sensors transaction and the amount already included in the weighted average number of shares of Finisar common stock outstanding) for the Sensors transaction and 4,079,495 shares (representing the difference between the shares issued by Finisar in the Demeter transaction and the amount already included in the weighted average number of shares of Finisar common stock outstanding) for the Demeter transaction.

SHOMITI SYSTEMS, INC.**NOTES TO FINANCIAL STATEMENTS****(Information as of October 1, 1999 and for the years ended****October 1, 1999 and October 2, 1998 is unaudited)****1. Summary of Significant Accounting Policies****Description of Business**

Shomiti Systems, Inc. (the "Company") was incorporated in California on July 13, 1995. The Company designs, develops, markets and supports silicon accelerated local area network ("LAN") management hardware and software products for effective analysis, monitoring and management of Fast Ethernet, switched Ethernet, and other fast LANs. The Company's hardware products are manufactured by an independent third party.

Basis of Presentation

The Company has incurred losses from operations totaling \$2,283,000, and \$3,950,000 (unaudited) for the years ended September 30, 2000, and October 1, 1999, respectively, and had an accumulated deficit of \$18,036,000 at September 30, 2000. Subsequent to September 30, 2000, (see Note 10) the Company received proceeds of \$4,000,000 on the issuance of promissory notes payable to Finisar Corporation in order to fund working capital. Such amount is due and payable on demand by Finisar Corporation. The Company was also in default at September 30, 2000, with certain financial covenants in its Revolving Credit and Security Agreement with Comerica Bank. In November 2000, proceeds from the borrowings were used to repay the Revolving Credit and Security Agreement in full. Based on management's financial projections, the Company will require additional cash from similar or other private placements of debt or equity to meet the Company's projected working capital and other cash requirements for fiscal 2001. On March 23, 2001, the Company was acquired by Finisar Corporation (see Note 10).

Unaudited Financial Information

The financial information at October 1, 1999 and for the fiscal years ended October 1, 1999 and October 2, 1998 is unaudited but, in the opinion of management, has been prepared on the same basis as the audited financial statements and includes all adjustments (consisting only of normal recurring adjustments) that the Company considers necessary for a fair presentation of its financial position at such date and its operating results and cash flows for those fiscal years.

Accounting period

During fiscal 2000, the Company changed its fiscal year from the 52 or 53 week accounting period ending on the Friday that is nearest to the last day of September to the 52 or 53 week accounting period ending on the Saturday that is nearest to the last day of September. Accordingly, fiscal 2000 comprises the period from October 2, 1999 to September 30, 2000. Fiscal 1999 comprises the 52 week period ended on October 1,

1999. Fiscal 1998 comprises the 52 week period ended on October 2, 1998. The change in accounting period resulted in an increase in net revenues and net income in fiscal 2000 of approximately \$370,000 and \$302,000, respectively.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts

F 87

reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash equivalents

The Company considers all highly liquid investments with an original maturity from the date of purchase of three months or less to be cash equivalents. At September 30, 2000 and October 1, 1999, cash equivalents include \$152,399 and \$951,381 (unaudited) of money market funds, the fair value of which approximates the carrying value.

Restricted cash

At September 30, 2000, \$250,000 of cash was restricted from withdrawal and held by a bank as a certificate of deposit to guarantee the Company's property lease agreements.

Fair value of financial instruments

The Company's financial instruments, including cash and cash equivalents, accounts receivable, accounts payable and accrued expenses, are carried at cost, which approximates fair value because of the short-term nature of those instruments. The carrying value of the Company's borrowings approximate their fair value given their market rates of interest and maturity schedules. The Company does not hold or issue financial instruments for trading purposes.

Concentrations of credit risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash and cash equivalents and accounts receivable which are generally not collateralized. The Company places its cash and cash equivalents with financial institutions and money market funds. With respect to accounts receivable, the Company performs ongoing credit evaluations of its customers' financial condition and maintains an allowance for doubtful accounts based upon the expected collectibility of total accounts receivable. To date, the Company has not experienced material losses resulting from uncollectible receivables.

Export sales, principally to Europe and Asia, are generally transacted in U.S. dollars and represent 7% and 11% of sales in fiscal 2000. One customer represented 14% of gross accounts receivable at September 30, 2000 and represented 21% of sales for the fiscal year then ended.

Revenue recognition

Revenue from hardware product sales is recognized upon transfer of title, which generally occurs upon shipment, provided no significant obligations remain and collectibility is probable. The Company provides to certain resellers limited rights of return when specific conditions exist. Reserves for estimated warranty repairs and product returns are recorded when revenue is recognized. Such reserves are estimated based on historical rates of returns and allowances and other related factors. Revenues from annual maintenance contracts are recognized ratably over the term of the contract.

F 88

The Company recognizes software license revenue in accordance with American Institute of Certified Public Accountants ("AICPA") Statement of Position ("SOP") 97-2, *Software Revenue Recognition*, and SOP 98-9, *Modification of SOP 97-2, Software Revenue Recognition with Respect to Certain Transactions*. Software license revenues are recognized when persuasive evidence of an arrangement exists, the fee is fixed or determinable, collectibility is probable, and delivery and customer acceptance of the software products, if required under the terms of

the contract, have occurred. When contracts contain multiple elements and vendor specific objective evidence exists for all undelivered elements, the Company accounts for the delivered elements in accordance with the "Residual Method" prescribed by SOP 98-9. Maintenance revenues are recognized ratably over the term of the maintenance contract, which is generally twelve months. Maintenance contracts include the right to unspecified upgrades on a when-and-if available basis, and ongoing support. In instances where vendor obligations remain, revenues are deferred until the obligation has been satisfied.

Inventories

Inventories, which are principally comprised of finished goods, are stated at the lower of cost (determined on a first-in, first-out basis) or market.

Property and equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets, generally three years. Leasehold improvements are amortized over the shorter of their estimated useful lives or the remaining lease term. The cost of equipment acquired under capital leases is amortized over its useful life or the lease term, whichever is shorter. Repair and maintenance costs are charged to expense as incurred.

Research and development costs

Expenditures for research and development are charged to operations as incurred.

Software development costs are capitalized after technological feasibility has been established. Development costs incurred during the period between achievement of technological feasibility, which the Company defines as the establishment of a working model, until the general availability of such software to customers, has been short and software development costs qualifying for capitalization have been insignificant. Accordingly, the Company has not capitalized any software development costs as of September 30, 2000.

Stock-based compensation

The Company accounts for stock-based employee arrangements in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and complies with the disclosure provisions of Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation." Accordingly, the Company recognizes no compensation expense for stock options granted to employees with an exercise price equal or in excess

F 89

of the fair value of the shares on the date of grant. The Company accounts for stock issued to non-employees in accordance with the provisions of SFAS No. 123 and Emerging Issues Task Force Issue No. 96-18, "Accounting for Equity Investments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling Goods, or Services." Stock awards are valued using the Black-Scholes option pricing model and are expensed over the period of service provided.

Comprehensive income

To date, the Company has not engaged in any transactions that are required to be reported in comprehensive income (loss) as compared to its reported net income (loss). Accordingly, net loss is equal to comprehensive loss for all periods presented.

Income taxes

Deferred income tax assets and liabilities are computed for differences between the financial statements and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

Advertising

The Company expenses advertising costs as they are incurred. Advertising expenses have not been material.

Long-lived assets

In accordance with Statement of Financial Accounting Standard No. 121, "Accounting for the Impairment of Long-Lived Assets to be Disposed of" ("FAS 121"), the Company identifies and records impairment losses, as circumstances dictate, on long-lived assets used in operations when events and circumstances indicate that the assets might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. No such impairments have been identified with respect to the Company's long-lived assets, which consist primarily of computer equipment, furniture and leasehold improvements.

Internal use software

The American Institute of Certified Public Accountants Statement of Position 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use" ("SOP 98-1") requires the capitalization of certain costs associated with internal-use software, and defines the characteristics of internal use software. Capitalized internal-use software development costs associated with the Company's information systems are included in property and equipment and are amortized on a straight-line basis over the estimated useful lives of the related software applications of up to three years.

F 90

Segment information

The Company follows Statement of Financial Accounting Standard No. 131, "Disclosures about Segments of an Enterprise and Related Information" ("FAS 131"). FAS 131 establishes standards for reporting financial information about operating segments in financial statements, as well as additional disclosures about products and services, geographic areas, and major customers. The Company operates in one operating segment, and has operations primarily in the United States, Europe and Asia (see "Concentrations of Credit Risk" above).

Net loss per share

Basic and diluted net loss per share are presented in conformity with the Statement of Financial Accounting Standard No. 128, "Earnings Per Share" ("SFAS No. 128") for all periods presented. In accordance with SFAS No. 128, basic and diluted net loss per share has been computed by dividing net loss available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted net loss per share is computed giving effect to all dilutive potential common stock, including options, common stock and preferred shares. Options and preferred shares were not included in the computation of diluted net loss per share in the periods reported because the effect would be antidilutive. Weighted average antidilutive securities which are excluded in the diluted net loss per share calculation for the periods are as follows:

	Year ended September 30, 2000	Year ended October 1, 1999 (unaudited)	Year ended October 2, 1998 (unaudited)

Recent accounting pronouncements

In June 1998, the Financial Accounting Standards Board released Statement of Financial Accounting Standard No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("FAS 133"). FAS 133 establishes the accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts (collectively referred to as derivatives) and for hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the statement of financial position and measure those instruments at fair value.

Edgar Filing: FINISAR CORP - Form DEF 14A

In July 1999, FAS No. 137, Accounting for Derivative Instruments and Hedging Activities - Deferral of the Effective Date of FASB Statement 133 ("FAS 137") was issued. FAS 137 deferred the effective date of FAS 133 until the first fiscal quarter of fiscal years beginning after June 15, 2000. The Company will adopt FAS 133 effective October 1, 2000. The Company does not expect the adoption of

F 91

FAS 133 to have a material impact to its financial position or results of operations since the Company currently does not invest in derivative instruments or engage in hedging activities.

In December 1999, the staff of the Securities and Exchange Commission issued Staff Accounting Bulletin No. 101 ("SAB 101"). SAB 101 summarizes certain areas of the staff's views in applying generally accepted accounting principles to revenue recognition in financial statements. The Company will be required to adopt SAB 101 in its fiscal quarter beginning July 1, 2001. The Company believes that its current revenue recognition policy complies with SAB 101.

In March 2000, the Financial Accounting Standards Board issued Interpretation No. 44, Accounting for Certain Transactions Involving Stock Compensation - an Interpretation of APB Opinion No. 25, ("FIN 44"). FIN 44 clarifies the application of APB Opinion No. 25 and, among other issues clarifies the following: the definition of an employee for purposes of applying APB Opinion No. 25; the criteria for determining whether a plan qualifies as a non-compensatory plan; the accounting consequence of various modifications to the terms of the previously fixed stock options or awards; and the accounting for an exchange of stock compensation awards in a business combination. FIN 44 is effective July 1, 2000, but certain conclusions in FIN 44 cover specific events that occurred after either December 15, 1998 or January 12, 2000. The application of FIN 44 has not had a material impact on the Company's financial position or results of operations.

3. Notes payable

In November 1999, the Company entered into a Revolving Credit and Security Agreement with Comerica Bank that was further modified in April 2000 (together, the "Comerica Agreement"). Interest on borrowings under the Comerica Agreement was set at the bank's prime rate plus 0.5% per annum and at September 30, 2000, \$1,275,000 was outstanding under this agreement.

As set out in the Comerica Agreement, the Company was required to maintain certain financial ratios and covenants. At September 30, 2000, the Company was not in compliance with these financial ratios and covenants. In November 2000, the Company repaid borrowings under the Comerica Agreements in full and the agreement was subsequently terminated.

Also as part of the Revolving Credit and Security Agreement, Comerica may, at its sole discretion permit advances of up to \$250,000, regardless of the Borrowing Base. Such amounts may be repaid and reborrowed prior to the Revolving Credit Maturity Date. On November 12, 1999, an advance of \$146,000 was made to the Company. This advance matured on November 30, 2000 and was repaid in full by the Company. Interest on this advance was set at the bank's prime rate plus 1%. At September 30, 2000, \$146,000 was outstanding pursuant to this advance.

4. Mandatorily Redeemable Convertible Preferred Stock

The Company has authorized 7,615,000 shares of mandatorily redeemable convertible preferred stock ("Preferred Stock"), of which 2,315,000 shares were designated as Series A, 1,900,000 shares were designated as Series B, and 3,400,000 shares were designated as Series C.

The rights, privileges and restrictions of Series A, B and C Preferred Stock are set forth in the Company's amended and restated Certificate of Incorporation and are summarized as follows:

Dividends

The holders of Series A, Series B and Series C Preferred Stock are entitled to receive noncumulative dividends at the per annum rate of \$0.05, \$0.235 and \$0.478, respectively, when and if

F 93

declared by the Board of Directors. The Company shall make no distribution to holders of common stock until Series A, Series B and Series C dividends have been paid. No dividends were declared through September 30, 2000.

Liquidation

In the event of any liquidation, dissolution or winding up of the Company, the holders of Series A, Series B and Series C Preferred Stock are entitled to a distribution in preference to holders of common stock equal to \$0.50 per share, \$2.285 per share and \$4.78 per share, respectively, plus all declared and unpaid dividends. If the assets and funds distributed among the holders of the Series A, Series B and Series C Preferred Stock are insufficient to permit the payment to such holders of the full preferential amount, then all the Company's assets and funds shall be distributed among the holders of the Series A, Series B and Series C Preferred Stock in proportion to the full preferential amount each such holder is otherwise entitled to receive. After payment has been made to the holders of Series A, Series B and Series C Preferred Stock of the full preferential amounts, the remaining assets will be distributed ratably among the holders of Series A, Series B Series C Preferred Stock and common stock based on the number of shares of common stock into which the outstanding preferred shares are convertible, up to a maximum distribution of \$2.50, \$6.855 and \$12.68 per share for Series A, Series B and Series C Preferred Stock, respectively.

Preferential rights

The holders of Series C Preferred Stock have an additional preference over the holders of Series A, Series B Preferred Stock and common stock in the event that a liquidation, dissolution or winding up of the Company includes a material contingency payment that exceeds fifty percent of the aggregate assets and/or proceeds available for distribution to the then holders of the outstanding shares of Preferred and Common Stock without regard to the contingency ("Gross Proceeds"). At the time that assets and/or proceeds are first distributed ("First Distribution"), such assets are first distributed to the holders of Series C Preferred Stock in an amount equal to what they would have been entitled if the Gross Proceeds were distributed at such a time, up to a maximum of \$12.68 per share. If the First Distribution fails to provide what the Series C shareholders would have received had there been no material contingency, then the entire First Distribution is distributed to the holders of Series C Preferred Stock up to a maximum of \$12.68 per share. Any such payments to the holders of Series C Preferred Stock are deducted from amounts, if any, which may be payable to the holders of Series C Preferred Stock from the contingent payment.

Redemption

At the option of the holders of Series A, Series B and Series C Preferred Stock, the Company must redeem in whole all of the then outstanding preferred shares. The redemption requires a minimum two-thirds approval of the holders of Series A, Series B and Series C Preferred Stock, which must be obtained during the period of January 1, 2002 until no later than December 31, 2003. The redemption prices for the Series A, Series B and Series C Preferred Stock are \$0.50, \$2.285 and \$4.78 per share, respectively, and must be paid in three equal annual installments, with the first payment

F 94

being due no later than 120 days following receipt by the Company of the shareholder's redemption call. Accretion related to the Preferred Stock of \$98,000 (unaudited), \$99,000 (unaudited) and \$99,000 has been recorded in the fiscal years 1998, 1999 and 2000 to bring the carrying value of Preferred Stock to its redemption value.

Conversion

Shares of Series A, Series B and Series C Preferred Stock are convertible, at the option of the holder, into common stock on a 1-for-1 basis subject to adjustment based on a formula for certain future issues of common stock or common stock equivalents. Conversion of Series A, Series B and Series C Preferred Stock into common stock is at the option of the holders, and is automatic upon the closing of an underwritten public offering of the Company's common stock at a price no less than \$10.00 per share and in which the aggregate net proceeds exceed \$15,000,000. The Company has reserved 7,121,000 shares of common stock for such conversion. The holders of Series A, Series B and Series C Preferred Stock are entitled to a number of votes equal to the number of shares of common stock into which the Series A, Series B and Series C Preferred Stock are convertible.

5. Warrants

In connection with certain capital leases, the Company issued warrants to purchase shares of Preferred Stock to the lessors as follows:

	Date Issued	Shares	Exercise Price
Series A	September 1995	15,000	\$ 0.50
Series B	April 1996	15,316	\$ 2.285
Series C	April 1997	12,363	\$ 4.78
Series C	May 1998	7,061	4.78

The warrants are exercisable for ten years after date of issuance or five years after the Company's initial public offering, whichever is longer. No warrants had been exercised as of September 30, 2000. The value of the warrants on the date of grant was not material to the financial statements.

In January 1999, the Company entered into a distribution agreement with a distributor. Under the agreement, the Company is required to issue warrants to purchase up to 990,000 shares of common stock at an exercise price to be determined, subject to certain sales targets being met. As of September 30, 2000, the distributor had not met any of the sales targets and no warrants have been issued.

In June 2000, the Company issued 5,000 warrants to Comerica Bank to purchase shares of Series C preferred stock at an exercise price of \$4.78 per share. These warrants are due to expire on June 28, 2007. As of September 30, 2000, none of these warrants had been exercised. The value of the warrants on the date of grant was not material to the financial statements.

F 95

6. Common Stock and Stock Options**Common Stock**

The company has authorized 30,000,000 shares of common stock.

Edgar Filing: FINISAR CORP - Form DEF 14A

In August 1995, the Board of Directors and shareholders adopted the 1995 Stock Plan (the "Plan"). Under the Plan, as amended, incentive stock options and nonqualified stock options to purchase up to 3,583,334 shares of common stock may be granted to employees and consultants of the Company. The exercise price of incentive stock options must not be less than the fair value at the date of grant and may be granted to employees only. The exercise price of nonqualified options must not be less than 85% of fair value at the date of grant and may be granted to employees and consultants. Options generally vest ratably over four years and expire ten years from the date of grant. As of September 30, 2000, the Company has 1,114,445 options available for grant under the Plan.

Transactions under the Plan are summarized as follows (in thousands, except per share amounts):

Deferred Stock Compensation

In connection with the grant of stock options to employees, the Company recorded deferred stock compensation of \$836,000 for the year ended September 30, 2000, representing the difference between the deemed fair value of the Company's common stock for accounting purposes

Edgar Filing: FINISAR CORP - Form DEF 14A

and the option exercise price of these options at the date of grant. Deferred stock compensation is presented as a reduction of shareholders' equity. Deferred compensation is being amortized to income over a four year vesting period using the graded vesting method. The Company has recorded \$94,000 as a charge to general and administrative expense on the income statement for the year ended September 30, 2000.

Fair value disclosure

Had compensation cost for the Company's stock-based compensation plan been determined on fair value at the grant dates for the awards using the minimum value method prescribed by SFAS No. 123, the Company's pro forma net loss would not be materially different from the historical amount reported. Therefore, such pro forma information is not separately presented herein. Future pro forma net income (loss) may be materially different from actual amounts reported.

7. 401(k) Plan

Effective July 1, 1996, the Company adopted the Shomiti Systems Incorporated 401(k) Plan that qualifies as a deferred salary arrangement under Section 401 of the Internal Revenue Code. Under the 401(k) Plan, participating employees may defer a portion of their pretax earnings not to exceed \$10,000 for the calendar year ended December 31, 2000. The Company, at its discretion, may make contributions for the benefit of eligible employees. In the fiscal year ended September 30, 2000, the Company made no contributions to the 401(k) Plan.

F 97

8. Income Taxes

Due to operating losses and the inability to recognize the benefits therefrom, there is no provision for income taxes for the years ended September 30, 2000, October 1, 1999 and October 2, 1998.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's deferred tax assets are as follows (in thousands):

	September 30, 2000	October 1, 1999 (unaudited)
Deferred tax assets:		
Net operating losses	6,600	5,900
Research credit carryforwards	800	600
Capitalized research and development expenses	500	300
Other individually immaterial items	500	500
	<u>8,400</u>	<u>7,300</u>
Total deferred tax assets	8,400	7,300
	<u>(8,400)</u>	<u>(7,300)</u>
Valuation allowance	(8,400)	(7,300)
	<u></u>	<u></u>
Net deferred tax assets	<u></u>	<u></u>

Realization of deferred tax assets is dependent upon future earnings, if any, the timing and amount of which are uncertain. Accordingly, the net deferred tax assets have been fully offset by a valuation allowance. The valuation allowance increased by \$1,100,000, \$2,300,000 and \$1,000,000 during 2000, 1999 and 1998, respectively.

As of September 30, 2000, the Company had net operating loss carryforwards for federal income tax purposes of approximately \$17,900,000 which expire at various dates beginning in 2010 through 2020, if not utilized.

Utilization of the Company's net operating losses and credits may be subject to substantial annual limitation due to the ownership change limitations provided by the Internal Revenue Code of 1986 and similar state provisions. Such an annual limitation could result in the expiration

of the net operating losses and credit carryforwards before utilization.

9. Lease Commitments

The Company has entered into master lease agreements with two leasing companies for the acquisition of equipment. These agreements provide for reimbursement to the Company of up to a total of \$2,350,000 for qualified equipment purchases. During fiscal 2000, the Company did not receive any reimbursements under these agreements. The lease terms range from 36 months to 42 months and require the Company to pay sales taxes, property taxes, insurance and maintenance costs. The Company paid interest of \$110,043 in fiscal 2000 under these agreements.

F 98

The Company leases its facility under a noncancelable operating lease, which expires in April 2002. Rent expense was \$395,232, \$396,000 (unaudited) and \$388,000 (unaudited) for fiscal 2000, 1999 and 1998, respectively.

Future minimum lease payments under noncancelable leases at September 30, 2000 were as follows (in thousands):

Fiscal Year Ending	Capital	Operating
2001	\$ 205	\$ 425
2002	17	243
2003	266	
Total minimum lease payments	488	\$ 668
Less: Amount representing interest	(25)	
Present value of capital lease obligations	463	
Less: Current portion	(181)	
Long-term portion of capital lease obligations	\$ 282	

10. Contingency

In late January 2001, Shomiti received a letter from Acterna Corporation advising Shomiti that Acterna is the owner of United States patent 5,878,030 (the "'030 Patent"), which generally relates to a test access port for facilitating the attachment of a local area network analyzer to the data transmission path of a local area network. In the letter, Acterna asserted that certain of Shomiti's products infringe the '030 Patent. On March 9, 2001, Shomiti's attorneys at that time responded that, based on their review, they did not believe that Shomiti's products infringed any of the claims in the '030 Patent. On March 19, 2001, Acterna re-asserted its belief that certain of Shomiti's products infringe the '030 Patent and indicated a willingness to resolve the matter through a one-time payment in the range of \$1.5 million. The parties have continued to engage in discussions and have requested additional information from each other.

Shomiti believes that it has strong defenses against Acterna's claims and intends to vigorously defend its position. However, the matter is in a preliminary stage and its outcome cannot be predicted with certainty. If a lawsuit is filed, the litigation process is inherently uncertain. Patent litigation is particularly complex and can extend for a protracted time, which can substantially increase the cost of such litigation. Litigation can also divert the efforts and attention of key management and technical personnel. In order to avoid the uncertainty of litigation and the time and expense associated with litigation, the parties may decide to explore a resolution of the claim through a license from Acterna. There can be no assurance that Shomiti would be able to negotiate a license with Acterna or that the terms of such a license, including any payments that would be required under the license, would be acceptable to Shomiti. In the event Shomiti obtains a license from Acterna, the royalty payments thereunder would increase Shomiti's cost of revenues and decrease Shomiti's gross profit. If Shomiti is required to pay significant monetary damages, is enjoined from selling any of its products or is required

F 99

to make substantial royalty payments pursuant to any such license agreement, its business would be significantly harmed.

11. Subsequent Events

The Company borrowed under promissory notes payable the principal sums of \$500,000, \$2,000,000 and \$1,500,000 in October 2000, November 2000 and January 2001, respectively, from Finisar Corporation ("Finisar"). Interest on these borrowings accrues at rates ranging from 6.5% and 10% per annum, and the borrowings together with accrued interest are due on demand. The promissory notes payable are secured by all accounts receivable and inventory.

On February 7, 2001, the Company entered into an Amended and Restated Agreement and Plan of Reorganization with Finisar, whereby Finisar will acquire all of the outstanding shares of stock and assume all stock options of the Company. The acquisition closed on March 23, 2001.

TRANSWAVE FIBER, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2000

1. Summary of Significant Accounting Policies

Description of Business

Transwave Fiber, Inc. (the Company) was incorporated in the state of California on February 7, 2000 and specializes in providing solutions to long haul and metropolitan area networks with a focus on manufacturing fiber optical components.

Basis of Presentation

These consolidated financial statements include the financial statements of the Company and its wholly owned subsidiary registered in The People's Republic of China (the PRC) and were prepared in accordance with accounting principles generally accepted in the United States. Intercompany balances and transactions have been eliminated on consolidation.

As of December 31, 2000, the Company had an accumulated deficit of approximately \$3,297,770. The Company expects to continue to generate losses until it successfully completes development and market introduction of its complete product line. The Company's ability to meet obligations in the ordinary course of business is dependent on its ability to raise additional financing to meet its business plan objectives and, ultimately, to fund its operations from revenues. The Company is in the process of being acquired by Finisar Corporation (see Note 9). Should the disposal not be consummated, management believes that it will be able to obtain additional funding required in the year ended December 31, 2001 through the sale of debt or equity securities to existing and new investors.

Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with original maturity from the date of purchase of three months or less to be cash equivalents.

Inventories

Inventories are stated at the lower of cost (determined on a first-in, first-out basis) or market.

Equipment and Improvements

Equipment and improvements are stated at cost, net of accumulated depreciation. Equipment and improvements are depreciated on a straight-line basis over the estimated useful lives of the assets, generally five to seven years.

Revenue Recognition

Revenue is recognized at the time of product shipment and no significant obligations remain, net of allowance for estimated returns.

F 113

Advertising Costs

Advertising costs are expensed as incurred. Advertising costs were not material for the period ended December 31, 2000.

Concentration of Credit Risk

Financial instruments which potentially subject the Company to concentrations of credit risk include cash, cash equivalents, and accounts receivable. The Company places its cash and cash equivalents with high-credit quality financial institutions. Such investments are generally in excess of FDIC insurance limits. Concentrations of credit risk, with respect to accounts receivable, exist to the extent of amounts presented in the consolidated financial statements. Accounts receivable from two customers represented 65% and 35% of the total balance at December 31, 2000. Generally, the Company does not require collateral or other security to support customer receivables. The Company performs periodic credit evaluations of its customers and maintains an allowance for potential credit losses based on historical experience and other information available to management. The Company has not experienced any loss from collection of customer receivables for the period from inception (February 7, 2000) to December 31, 2000.

Current Vulnerabilities Due to Certain Concentrations

During the period from inception (February 7, 2000) to December 31, 2000, revenues from two customers represented 67% and 33% of total revenues.

Research and Development

Research and development expenditures are charged to operations as incurred.

Stock-Based Compensation

The Company accounts for employee stock options in accordance with Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" (APB 25) and has adopted the disclosure-only alternative of Statement of Accounting Standards No. 123, "Accounting for Stock-Based Compensation" (SFAS 123).

Net Loss per Share

The Company computes net loss per share in accordance with Statement of Financial Accounting Standards No. 128 "Earnings Per Share" (SFAS 128). SFAS 128 requires the presentation of basic earnings (loss) per share and diluted earnings (loss) per share, if more dilutive, for all periods presented. In accordance with SFAS 128, basic net loss per share has been computed using the weighted-average number of shares of common stock outstanding during the period. Diluted net loss per share has not been presented separately as, given our net loss position, the result would be anti-dilutive.

Had the Company been in a net income position, diluted earnings per share would have been presented separately and would have included the shares used in the computation of basic net loss per

F 114

Edgar Filing: FINISAR CORP - Form DEF 14A

share as well as the effect of stock options (under the treasury method) and convertible preferred stock (on an if-converted basis) outstanding during the period.

F 115

6. Shareholders' Equity

Common Stock and Preferred Stock

Edgar Filing: FINISAR CORP - Form DEF 14A

Following the Company's incorporation in February 2000, the Company is authorized to issue 27,754,000 shares consisting of 19,772,000 shares of common stock and 7,982,000 shares of preferred stock, 7,442,000 of which has been designated as Series A preferred stock and 540,000 has been designated as Series B preferred stock.

On June 30, 2000, the shareholders of the Company approved a two-for-one stock split of its common stock and its Series A convertible preferred stock. Accordingly, all share and per share data has been restated to reflect this event.

Series A and Series B Convertible Preferred Stock

The holders of shares of Series A and Series B convertible preferred stock are entitled to receive dividends, out of assets legally available, prior and in preference to any declaration or payment of any dividend (payable other than in common stock or other securities and rights convertible into or entitling the holders thereof to receive, directly or indirectly, additional shares of common stock) on the common stock, at the rate of \$0.006 and \$0.05 per share per annum for the Series A and Series B convertible preferred stock, respectively, payable when, as, and if declared by the board of directors. Such dividends will not be cumulative. No dividends have been declared.

Each share of Series A and Series B convertible preferred stock is convertible, at the option of the holder, at any time, into common stock at the current conversion rate (currently one-for-one). Conversion is automatic upon the closing of an underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, which results in a price per share of not less than \$8.00 and gross offering proceeds of not less than \$20,000,000 or upon the approval of the holders of at least a majority of the outstanding shares of the convertible preferred stock. The convertible preferred stock has voting rights on an as-if-converted to common stock basis.

Series A and Series B convertible preferred shareholders are entitled to receive, upon liquidation, an amount per share equal to the issuance price (\$0.125 for holders of Series A and \$1.00 for holders of Series B), plus all declared but unpaid dividends. Thereafter, the remaining assets and funds, if any, shall be distributed pro rata among the common shareholders and Series A and Series B convertible preferred shareholders on an as-if-converted basis.

In connection with the issuance of the Series B preferred stock to employees, the Company recorded a noncash stock compensation charge of \$1,933,200 for the period to accrete the value of the preferred stock to its fair value. This noncash stock compensation charge was recognized at the date of issuance which was the period in which the shares became eligible for conversion.

2000 Stock Option Plan

In June 2000, the Company adopted a 2000 Stock Option Plan (the Plan) which provides for the issuance of common stock options to employees and consultants of the Company of up to 3,790,000 shares of the Company's common stock as of December 31, 2000. The Plan permits the Company to (i) grant incentive stock options within the meaning of Section 422 of the Internal Revenue Code of

F 116

1986, and (ii) nonstatutory stock options, which are not intended to qualify as incentive stock options. Options expire after 10 years from the grant date.

During the period from inception (February 7, 2000) to December 31, 2000, the Company granted options for 3,653,400 shares of common stock at an exercise price of \$0.025 per share. On the grant date, 250,000 of these options for shares of common stock were exercised. The remaining 3,403,400 options were neither exercised nor canceled through December 31, 2000. None of the outstanding options as of December 31, 2000 become exercisable until the occurrence of the completion of Finisar Corporation's merger with the Company (the Closing) (see Note 9). The weighted-average deemed fair value of the options granted during the period from inception (February 7, 2000) to December 31, 2000 was \$4.37 per share. The weighted-average remaining contractual life of the options outstanding as of December 31, 2000 was 9.7 years. As of December 31, 2000, options for 136,600 shares of common stock were available for future grants.

On January 29, 2001, 70,000 options for shares of common stock were canceled due to an employee's termination of employment and 70,000 stock options were granted to another employee at an exercise price of \$0.025 per share and will be vested upon the occurrence of the Closing.

Deferred Stock Compensation

In connection with the grant of stock options to employees, the Company recorded deferred stock compensation of \$6,815,075 for the period from inception (February 7, 2000) through December 31, 2000, representing the difference between the deemed fair value of the Company's common stock for accounting purposes and the option exercise price of these options at the date of grant. Deferred stock compensation is presented as a reduction of shareholders' equity. The Company has recorded \$233,100 as a charge to the income statement. The remaining

Edgar Filing: FINISAR CORP - Form DEF 14A

deferred stock compensation of \$6,581,975 relates to options which become exercisable only on or after the completion of Finisar Corporation's merger with the Company. Therefore, recognition and final measurement of compensation expense is deferred until at least the merger is consummated.

The Company recorded deferred stock compensation of \$9,134,688 in connection with stock options granted to certain consultants (nonemployees) for their services rendered to the Company, representing the fair value of the Company's stock options granted to these consultants using the Black-Scholes option valuation model which is based on the following weighted-average assumptions: risk-free interest rate of 6% per annum; no dividend yield; expected volatility of 91%; and a weighted-average expected life of the option of 10 years. Deferred stock compensation is recorded at the earlier of the date at which a commitment for performance by these consultants to earn the stock options is reached or the date at which these consultants' performance is complete, and is charged to income statement when their services are rendered. Accordingly, \$184,800 was charged to the income statement as services were considered to have been rendered prior to December 31, 2000. The remaining deferred compensation of \$8,949,888 related to options which become exercisable only on or after the completion of Finisar Corporation's merger with the Company. Therefore, recognition and final measurement of compensation expense is deferred until at least the merger is consummated.

F 117

Accounting for Stock-Based Compensation

Pro forma information regarding net income is required by SFAS 123 as if the Company had accounted for its employee stock options granted under the fair value method of SFAS 123. The fair value for the Company's stock options granted was estimated at the date of grant using the minimum value option valuation model. The minimum value option valuation model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions. Because the Company's stock-based awards have characteristics significantly different from those of traded options and because changes in the subject input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its stock-based awards. The fair value of these options was estimated at the date of grant using the minimum value method option pricing model with the following weighted-average assumptions: risk-free interest rate of 5% per annum; no dividend yield; and a weighted-average expected life of the option of one year.

For purposes of pro forma disclosures, the effect of applying the fair value method to the Company's employee stock options awards did not result in a pro forma net loss that was materially different from historical amounts reported. Therefore, such pro forma information is not separately presented herein. Future pro forma net income (loss) may be materially different from actual amounts reported.

Shares Reserved

Common stock subject to future issuance is as follows:

	December 31, 2000
Exercise of outstanding options	3,403,400
Common stock available for grant under stock option plan	136,600
Conversion of Series A convertible preferred stock	7,442,000
Conversion of Series B convertible preferred stock	540,000
	11,522,000

7. Income Taxes

There is no provision for U.S. federal, U.S. state or foreign income taxes as the Company has incurred operating losses since inception for all jurisdictions.

There is no provision for the PRC corporate income tax for the Company's subsidiary because it has no accessible income. The loss of this subsidiary attributable to the Company's loss for the period was \$166,493.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

Significant components of the Company's deferred tax assets are as follows:

	December 31, 2000
Deferred tax assets:	
Net operating loss carryforwards	\$ 368,000
Other	11,000
Total deferred tax assets	379,000
Valuation allowance	(379,000)
Net deferred tax assets	\$

Realization of the deferred tax assets is dependent upon future earnings, if any, the timing and amount of which are uncertain. Accordingly, the net deferred tax assets have been fully offset by a valuation allowance.

As of December 31, 2000, the Company has net operating loss carryforwards for federal income tax purposes of approximately \$920,000, which expire in 2020. Utilization of the Company's net operating loss may be subject to a substantial annual limitation due to the ownership change limitations provided by the Internal Revenue Code and similar state provisions. Such an annual limitation could result in the expiration of the net operating loss before utilization.

8. Segments and Geographic Information

The Company operates in one reportable segment, the design, manufacture, and marketing of fiber optical components. During the period from inception (February 7, 2000) to December 31, 2000, 100% of the Company's revenues were from the United States.

9. Subsequent Events

On January 31, 2001, the Company entered into another unsecured loan agreement with Finisar Corporation for the amount of \$130,000, which bears interest at 6.5% per annum and is payable on demand. During the period from inception through December 31, 2000, the Company sold products to Finisar Corporation representing 67% of the Company's revenue. As at December 31, 2000, Finisar Corporation represented 65% of the Company's accounts receivable balance.

On November 20, 2000, the Company and certain of the shareholders of the Company entered into a definitive agreement to sell their ownership interest to Finisar Corporation.

Under the terms of the agreement, the Company's shareholders will be entitled to receive up to approximately 3.2 million shares of Finisar Corporation's common stock including shares issuable upon exercise of options to be assumed in the transaction. Of the shares issued in the transaction, $\frac{1}{3}$ will be deposited in an escrow and will be released to the Company's shareholders upon the achievement of certain financial and technical milestones during a three-year period following the completion of the merger. The transaction will be accounted for under the purchase method of accounting. The transaction is expected to close during April 2001 and is subject to approval by the Company's shareholders and other customary conditions.

On February 14, 2001 and March 19, 2001 the agreement was amended to provide for the issuance of shares of the Finisar Corporation's Series A Preferred Stock to the shareholders of the Company. The Series A Preferred Stock is convertible into the same number of shares of common stock that would have been issued under the original agreement and will be automatically converted into common stock upon the approval of additional authorized common shares by the stockholders of Finisar Corporation.

The transaction closed on May 3, 2001 (unaudited).

MARLOW INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

JANUARY 28, 2001, JANUARY 30, 2000, AND JANUARY 31, 1999

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization

Marlow Industries, Inc. (the "Company") was incorporated in 1973 for the purpose of designing, developing, manufacturing, and marketing products based on thermoelectric technology. The Company's headquarters are located in Dallas, Texas, but it distributes its products worldwide.

The Company's products are used in telecommunication, defense, medical equipment, and commercial cooling applications. The products use thermoelectric technology to cool electronic components and in other temperature stabilization applications. The Company's sales are generally to large multinational businesses. The majority of the Company's sales are in the United States.

In fiscal years 2001, 2000 and 1999 approximately 22%, 11% and 12%, respectively, of the Company's net sales was derived from a single customer.

Principles of Consolidation

Edgar Filing: FINISAR CORP - Form DEF 14A

The statements include the accounts of the Company and its wholly owned subsidiaries, Marlow Industries International, Inc., a Foreign Sales Corporation (FSC), CMC Leasing Company, and Marlow Industries Asia, Inc. All significant intercompany accounts and transactions have been eliminated.

Basis of Presentation

The Company's fiscal year ends on the Sunday nearest to January 31. Fiscal years 2001, 2000 and 1999 include 52 weeks. Fiscal year 2001 ended on January 28, 2001, fiscal year 2000 ended on January 30, 2000 and fiscal year 1999 ended on January 31, 1999. The Company's policy relating to reporting periods does not have a significant effect on comparability of the fiscal period results.

Use of Estimates

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined using the last-in first-out (LIFO) method on substantially all inventories. Cost of other inventories, approximately \$31,000, \$85,000 and \$42,000 at January 28, 2001, January 30, 2000 and January 31, 1999, respectively, is determined using the first-in, first-out (FIFO) method. The cost of the Company's inventories includes material, labor and overhead.

F 127

Deferred Acquisition Costs

The Company has capitalized in Deferred acquisition costs approximately \$569,000 of legal fees incurred as of January 28, 2001, relating to the anticipated merger with Finisar Corporation ("Finisar") (see Note 11). Under the terms of the agreement, these costs are to be paid from the proceeds of the transaction. However, in the event that the Company terminates the agreement, these costs must be expensed at that time.

Revenue Recognition

The Company recognizes revenue as products are shipped or engineering services are completed.

Depreciation

Depreciation of property and equipment is provided over the estimated useful lives of the respective assets ranging from 4-20 years using the straight-line method.

Accounting for the Impairment of Long-Lived Assets

Long-lived assets and certain identifiable intangibles held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company was not subject to any such events or changes in circumstances as of January 28, 2001.

Income Taxes

The Company uses the liability approach of accounting for income taxes pursuant to Statement of Financial Accounting Standards (SFAS) No. 109, *Accounting for Income Taxes*. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss

Edgar Filing: FINISAR CORP - Form DEF 14A

and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Research, Development, and Engineering

Research, development, and engineering costs are expensed as incurred. Engineering costs were \$1,964,218, \$1,441,431 and \$1,224,518 in 2001, 2000 and 1999, respectively.

New Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board (FASB) issued SFAS No. 133 "Accounting for Derivative Instruments and Hedging Activities," which establishes accounting and reporting standards for derivative instruments and hedging activities. It requires that an entity recognize all derivatives in the statement of financial position and measure those instruments at fair value. In 1999, the FASB issued SFAS No. 137 "Accounting for Derivative Instruments and Hedging

F 128

Activities Deferral of the Effective Date of FASB Statement No. 133 an amendment of FASB Statement No. 133," which defers the effective date of SFAS No. 133 for one year. The Company must implement SFAS No. 133 for fiscal year 2002. The Company currently does not hold any derivative instruments. Thus, this pronouncement will have no material effect on the financial statements.

In December 1999, the Securities and Exchange Commission (SEC) issued Staff Accounting Bulletin No. 101, "Revenue Recognition in Financial Statements" ("SAB No. 101"). SAB No. 101 provides guidance on applying GAAP to revenue recognition issues in the financial statements. The Company has adopted the provisions of SAB No. 101. The adoption of SAB No. 101 did not have a material impact on the results of operations.

In May 2000, the Emerging Issues Task Force ("EITF") issued EITF No. 00-10 "Accounting for Shipping and Handling Fees and Costs." This pronouncement provides accounting guidance for the income statement classification for shipping and handling fees and costs by companies that record revenue based on the gross amount billed to customers. EITF No. 00-10 requires that all amounts billed to a customer in a sale transaction related to shipping and handling, if any, represent net sales earned for the goods provided and should be classified as revenue. This EITF was effective in the fourth quarter of fiscal year 2001. Adoption of this pronouncement had no material impact on the consolidated financial statements.

In 1999, the FASB issued an exposure draft for a proposed SFAS accounting for business combinations and intangible assets. This exposure draft, among other things, eliminates the pooling of interests business combinations, eliminates the amortization of goodwill, and provides for assessing the carrying value of goodwill on an impairment approach. The final version of the proposed SFAS is currently expected to be released in the second or third calendar quarter of 2001. The provisions of this proposed standard would be effective for fiscal quarters beginning after the issuance of a final SFAS. The adoption of this standard, as it is proposed, will not have any impact on the Company's financial statements but could be applicable for the pending acquisition accounting (See Note 11).

2. INVENTORIES:

A summary of inventories follows:

	January 28, 2001	January 30, 2000
Finished goods	\$ 1,153,548	\$ 485,630
Work-in-process	4,055,575	2,855,415

	\$ 6,229,653	\$ 3,565,012

Edgar Filing: FINISAR CORP - Form DEF 14A

During 2000 and 1999, certain inventory quantities carried at LIFO were reduced. This reduction resulted in a liquidation of LIFO inventory quantities carried at different costs prevailing in prior years

F 129

as compared with the cost of 2000 and 1999 purchases, the effect of which was immaterial to the financial statements.

3. PROPERTY AND EQUIPMENT:

A summary of property and equipment, at cost, follows:

	January 28, 2001	January 30, 2000

4. DEBT:

Revolving Line of Credit

The Company has a line of credit with a bank, in the amount of \$3,500,000, with outstanding balances of \$450,000 and \$0 as of January 28, 2001 and January 30, 2000, respectively. The line is renewable annually and contains several restrictive covenants, the most significant of which requires the Company to maintain minimum net worth and working capital levels, restricts the payment of cash dividends, and limits the incurrence of additional indebtedness. At January 28, 2001 the Company was in compliance with all covenants of the agreement. The agreement provides for interest payable monthly at the bank's prime rate, which was 9.0% as of January 28, 2001. The effective rate was 10.7% during fiscal year ended January 28, 2001. In addition, the Company must pay a commitment fee, which is calculated as 0.25% of the unused portion of the line of credit on a daily basis. All accounts receivable, inventories, and a second lien on the Company's building are pledged as collateral under this agreement.

F 130

Long-Term Debt

A summary of long-term debt follows:

The foreign portion of the provision for income taxes was not material for the fiscal years ended January 28, 2001, January 30, 2000 and January 31, 1999.

F 132

The Company's effective tax rates were 29.9%, 29.7% and 27% for the years ended January 28, 2001, January 30, 2000 and January 31, 1999. The difference between the federal income tax rate of 34% and the Company's effective tax rate is as follows:

7. STOCKHOLDERS' EQUITY:

Stock Options

Stock options for 87,000 shares have been granted to employees and directors at prices equal to estimated market values on the grant date, and are outstanding at January 28, 2001. Certain options were subject to vesting at January 28, 2001. Options are scheduled to expire as follows:

Shares	Option Price	Expire
5,000	\$ 4.38	2002
1,000	\$ 4.38	2003
8,000	\$ 5.03	2006
3,700	\$ 6.26	2008

Edgar Filing: FINISAR CORP - Form DEF 14A

Shares	Option Price	Expire
1,200	\$ 6.87	2010
15,000	\$ 7.40	2010
23,300	\$ 7.40	2012
6,500	\$ 8.96	2012
23,300	\$ 11.53	2012

The Company follows the intrinsic value based method of accounting prescribed in APB Opinion No. 25 and makes pro forma disclosures of net income as if the fair value based method had been applied. Because the Company does not have a readily available market for its common shares, the Company grants options at exercise prices equal to the book value per share at the date of the grant. Management believes that value is the best estimate of fair value. Had compensation cost for the stock options outstanding as of January 28, 2001, been determined consistent with the fair value-based method of SFAS No. 123, the Company's net income, basic earnings per share, and diluted earnings per share for fiscal year 2001 would have been reduced to \$2,994,413, \$4.21, and \$3.94, respectively, on a pro forma basis. There would have been no effect on the reported amounts of net income or earnings per share for fiscal year 2000 had the provisions of SFAS No. 123 been applied. Had compensation cost for the stock options outstanding as of January 31, 1999, been determined consistent with the SFAS No. 123, the Company's net income, basic earnings per share, and diluted earnings per share would have been reduced to \$1,067,213, \$1.51, and \$1.44, respectively, on a pro forma basis.

F 133

A summary of the status of the Company's stock options at January 28, 2001, January 30, 2000 and January 31, 1999, and changes during the years then ended is presented in the table and narrative below:

	2001		2000		1999	
	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price
Outstanding at beginning of year	67,000	\$ 4.18	70,000	\$ 4.15	58,500	\$ 3.37
Granted	54,500	9.34			15,000	7.40
Exercised	(34,500)	2.34	(3,000)	3.40	(1,200)	5.24
Forfeited					(2,300)	5.05
Outstanding at end of year	87,000	\$ 8.14	67,000	\$ 4.18	70,000	\$ 4.15
Exercisable at end of year	65,900	\$ 7.75	67,000	\$ 4.18	70,000	\$ 4.15

The fair value of each option grant is estimated on the date of grant as required by SFAS No. 123. For the options granted in fiscal years 2001 and 1999, the fair value of each share was determined using a risk free rate of return based on a 12-year life. The method of accounting under SFAS No. 123 has not been applied to options granted prior to February 1, 1995; therefore, the resulting pro forma compensation expense may not be representative of that to be expected in future years.

8. NET INCOME PER COMMON SHARE:

Basic earnings per common share is based on the weighted average number of common shares outstanding during the year. Diluted earnings per share is based on the weighted average number of common shares and stock options outstanding during the year less assumed treasury stock purchases with assumed proceeds from the exercise of options. Stock options used in the calculation of diluted earnings per share were 49,925, 37,594 and 31,844 in fiscal years 2001, 2000 and 1999, respectively.

9. EMPLOYEE PROFIT SHARING PLAN:

The Company provides a defined contribution benefit plan to certain qualified employees, to which the Company may make discretionary contributions. The Company contributed and expensed approximately \$309,000, \$201,000 and \$175,000 under the provision of this plan during fiscal years 2001, 2000 and 1999.

10. RELATED PARTIES:

During 1985, the Company purchased a split-dollar life insurance policy for an officer of the Company and remitted all premium payments related to the policy. The Company has a receivable from the officer related to the premiums paid on behalf of the officer which totaled approximately \$174,000, \$166,000 and \$158,000 at January 28, 2001, January 30, 2000 and January 31, 1999, respectively.

F 134

11. SUBSEQUENT EVENT:

On February 20, 2001, the Company entered into a definitive merger agreement with Finisar Corporation ("Finisar"). FINISAR CORPORATION

**CHARTER OF THE AUDIT COMMITTEE OF THE
BOARD OF DIRECTORS**

I.

STATEMENT OF POLICY

This Charter specifies the scope of the responsibilities of the Audit Committee of the Board of Directors of Finisar Corporation (the "Company"), and how the Committee carries out those responsibilities, including the structure, processes, and membership requirements. The primary function of the Committee is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing and reporting to the Board upon (i) the financial reports and other financial information provided by the Company to any governmental body or to the public, (ii) the Company's systems of internal and external controls regarding finance, accounting, legal compliance and ethics that management and the Board have established and (iii) the Company's auditing, accounting and financial reporting processes in general. Consistent with this function, the Committee should encourage continuous improvement of, and should foster adherence to, the Company's financial policies, procedures and practices at all levels. Management is responsible for preparing the Company's financial statements and the independent auditors are responsible for auditing those financial statements. The Committee's primary duties and responsibilities are to:

Serve as an independent and objective party to monitor the Company's financial reporting process and internal control systems.

Review and appraise the audit efforts and independence of the Company's auditors.

Provide an open avenue of communication among the independent auditors, financial and senior management, and the Board.

The Committee will primarily fulfill these responsibilities, and others as may be prescribed by the Board from time to time, by carrying out the activities enumerated in Section IV of this Charter.

II.

ORGANIZATION AND MEMBERSHIP REQUIREMENTS

The Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be independent directors, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. A member of the Committee shall be considered independent if, among other things, such Director:

is not an employee or officer of the Company or its affiliates and has not been employed by the Company or its affiliates within the past three years;

is not a member of the immediate family of an executive officer of the Company or its affiliates who currently serves in that role or did so during the past three years;

has not accepted more than \$60,000 in compensation from the Company during the previous fiscal year (excluding compensation and the related benefits for Board service, retirement plan benefits or non-discretionary compensation);

has not been a partner, controlling shareholder or an executive officer of any for-profit business to which the Company made, or from which it received, payments (other than those which arise solely from investments in the Company's securities) that exceed 5% of the Company's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the past three years; and

is not an executive of another entity on whose Compensation Committee any of the Company's current executives serves.

All members of the Committee must be able to read and understand fundamental financial statements, including a balance sheet, income statement, and cash flow statement or will be able to do so within a reasonable time after their appointment. In addition, at least one member must have past employment experience in finance or accounting, professional certification in accounting, or other comparable experience or background resulting in the individual's financial sophistication, including being or having been a chief executive, chief financial, or other senior officer with financial oversight responsibilities.

The members of the Committee shall be elected by the Board and shall serve until their successors shall be duly elected and qualified. Unless a chairman is elected by the full Board, the members of the Committee may designate a chairman by majority vote of the full Committee membership.

III.

MEETINGS

The Committee shall meet at least annually with management and the independent auditors in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately. In addition, the Committee should meet with the independent auditors and management on a quarterly basis to review the Company's financial statements consistent with Section IV.A.5. below.

(iii) each issued and outstanding share of Shomiti Series C Preferred Stock shall be converted into the right to receive the sum of (A) the number of shares of Finisar Preferred Stock determined by dividing the Total Series C Liquidation Shares by the Total Series C Preferred Number, plus (B) the Per Share Second Tier Distribution, plus (C) the Per Share Third Tier Distribution, plus (D) the Per Share Fourth Tier Distribution; and

(iv) each issued and outstanding share of Shomiti Common Stock shall be converted into the right to receive the sum of (A) the Per Share Second Tier Distribution, plus (B) the Per Share Third Tier Distribution, plus (C) the Per Share Fourth Tier Distribution, plus (D) the Per Share Residual Distribution.

The number of shares of Finisar Preferred Stock into which each share of Shomiti Capital Stock shall be converted, as specified above, shall be referred to as the "Series A Exchange Ratio," the "Series B Exchange Ratio," the "Series C Exchange Ratio," and the "Common Stock Exchange Ratio," respectively, and collectively, the "Exchange Ratios." The Exchange Ratios shall be adjusted for any stock split, stock dividend or similar transaction effected between the date hereof and the Effective Time.

(d) *Shomiti Stock Options.* At the Effective Time, all then outstanding options to purchase Shomiti Common Stock (the "Shomiti Options") issued under Shomiti's 1995 Stock Plan (the

B 9

"Shomiti Option Plan") not exercised as of the Effective Time will be assumed by Finisar and converted into Assumed Options in accordance with Section 6.12.

(e) *Warrant Exchange.* If any outstanding warrant to purchase shares of Shomiti Capital Stock (a "Shomiti Warrant") shall remain unexpired and unexercised at the Effective Time, without further action by the holder thereof, any such Shomiti Warrant (i) will be assumed by Finisar in connection with the Merger, (ii) shall continue to have, and be subject to, the same terms and conditions as were applicable to such Shomiti Warrant immediately prior to the Effective Time (including, but not limited to, any repurchase rights or vesting provisions), except that (A) such Shomiti Warrant shall be exercisable for that number of whole shares of Finisar Preferred Stock that the holder of the Shomiti Warrant would have received had the Shomiti Warrant been fully exercisable and exercised immediately prior to the Effective Time, and (B) the per share exercise price for the shares of Finisar Common Stock issuable upon exercise of such assumed Shomiti Warrant shall be equal to the quotient determined by dividing the exercise price per share of Shomiti Capital Stock at which such Shomiti Warrant was exercisable immediately prior to the Effective Time by the Exchange Ratio for such class of Shomiti Capital Stock as determined pursuant to Section 2.2(c), above, rounded up to the nearest whole cent).

Section 2.3 *Exchange of Certificates.* The procedures for exchanging outstanding shares of Shomiti Capital Stock for Finisar Preferred Stock pursuant to the Merger are as follows:

(a) *Exchange Agent.* At the Effective Time, Finisar shall cause to be deposited with an exchange agent designated by Finisar (the "Exchange Agent"), for the benefit of the holders of shares of Shomiti Capital Stock, for exchange in accordance with this Section 2.3 through the Exchange Agent, certificates representing the shares of Finisar Preferred Stock issuable pursuant to Section 2.2 less the number of shares of Finisar Preferred Stock issuable and deliverable to the Escrow Agent pursuant to Section 2.4 (such shares of Finisar Preferred Stock deposited with the Exchange Agent, together with any dividends or distributions with respect thereto, being hereinafter referred to as the "Exchange Fund"), in exchange for outstanding shares of Shomiti Capital Stock.

(b) *Exchange Procedures.* At the Closing or within ten (10) days thereafter, the Exchange Agent shall mail to each holder of record of a certificate or certificates which immediately prior to the Effective Time represented outstanding shares of Shomiti Capital Stock

(each a "Certificate," and collectively, the "Certificates") whose shares were converted pursuant to Section 2.2 into the right to receive shares of Finisar Preferred Stock (i) a letter of transmittal, which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates to the Exchange Agent and shall be in such form and have such other provisions as Finisar and Shomiti may reasonably specify, and (ii) instructions for use in effecting the surrender of the Certificates in exchange for certificates representing shares of Finisar Preferred Stock. Upon surrender of a Certificate for cancellation to the Exchange Agent or to such other agent or agents as may be appointed by Finisar, together with a duly executed letter of transmittal, the holder of such Certificate shall be entitled to receive in exchange therefor a certificate representing the number of whole shares of Finisar Preferred Stock which such holder has the right to receive pursuant to Section 2.2(c) and cash in lieu of fractional shares in accordance with Section 2.3(f), and the Certificate so surrendered shall immediately be cancelled. In the event of a transfer of ownership of Shomiti Capital Stock which is not registered in the transfer records of Shomiti, a certificate representing the shares of Finisar Preferred Stock to which the holder is entitled may be issued to a transferee if the Certificate representing such Shomiti Capital Stock is presented to the Exchange Agent accompanied by all documents required to evidence and effect such transfer and by evidence that any applicable stock transfer taxes have been paid. Until surrendered as contemplated by this Section 2.3, each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the

B 10

certificate representing shares of Finisar Preferred Stock and cash in lieu of any fractional shares of Finisar Preferred Stock as contemplated by this Section 2.3.

(c) *Shomiti Restricted Stock.* Notwithstanding the foregoing, if any unvested shares of Shomiti Capital Stock subject to a right of repurchase by Shomiti ("Shomiti Restricted Stock") remain outstanding immediately prior to the Effective Time, subject to the surrender of the Certificate or Certificates representing such shares of the Shomiti Restricted Stock in accordance with the foregoing terms of this Section 2.3, the portion of the Finisar Preferred Stock payable in exchange for such shares of Shomiti Restricted Stock shall be held by the Secretary of Finisar until the expiration of the right of repurchase to which such shares of Shomiti Restricted Stock were subject and Finisar shall cause the Secretary of Finisar to pay such amounts to the former holder of Shomiti Restricted Stock from time to time and at such time as such right of repurchase expires pursuant to, and in accordance with, the terms and conditions of the agreement(s) between such former holder and Shomiti.

(d) *Distributions with Respect to Unexchanged Shares.* No dividends or other distributions declared or made after the Effective Time with respect to Finisar Capital Stock with a record date after the Effective Time shall be paid to the holder of any unsundered Certificate with respect to the shares of Finisar Preferred Stock represented thereby and no cash payment in lieu of fractional shares payable to any such holder pursuant to subsection (f) below shall be paid until the holder of record of such Certificate shall surrender such Certificate. Subject to the effect of applicable laws, following surrender of any such Certificate, there shall be paid to the record holder of the certificates representing whole shares of Finisar Preferred Stock issued in exchange therefor, without interest, (i) at the time of such surrender, the amount of any cash payable in lieu of a fractional share of Finisar Preferred Stock to which such holder is entitled pursuant to subsection (f) below and the amount of dividends or other distributions with a record date after the Effective Time previously paid with respect to such whole shares of Finisar Preferred Stock, and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to surrender and a payment date subsequent to surrender payable with respect to such whole shares of Finisar Preferred Stock.

(e) *No Further Ownership Rights in Shomiti Capital Stock.* All shares of Finisar Preferred Stock and cash issued and paid upon the surrender for exchange of shares of Shomiti Capital Stock in accordance with the terms hereof (including any cash paid pursuant to subsection (d) or (f) of this Section 2.3) shall be deemed to have been issued and paid in full satisfaction of all rights pertaining to such shares of Shomiti Capital Stock, and there shall be no further registration of transfers on the stock transfer books of the Surviving Corporation of the shares of Shomiti Capital Stock which were outstanding immediately prior to the Effective Time. If, after the Effective Time, Certificates are presented to the Surviving Corporation for any reason, they shall be canceled and exchanged as provided in this Section 2.3.

(f) *No Fractional Shares.* No certificate or scrip representing fractional shares of Finisar Preferred Stock shall be issued upon the surrender for exchange of Certificates, and such fractional share interests will not entitle the owner thereof to vote or to any rights of a stockholder of Finisar. Notwithstanding any other provision of this Agreement, each holder of shares of Shomiti Capital Stock exchanged pursuant to the Merger who would otherwise have been entitled to receive a fraction of a share of Finisar Preferred Stock (after taking into account all Certificates delivered by such holder) shall receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of Finisar Capital Stock multiplied by the product of the Finisar Share Price and the Finisar Series A Conversion Rate.

(g) *Termination of Exchange Fund.* Any portion of the Exchange Fund which remains undistributed to the stockholders of Shomiti after one year after the Effective Time shall be

delivered to Finisar, upon demand, and any stockholders of Shomiti who have not previously complied with this Section 2.3 shall thereafter look only to Finisar for payment of their claim for Finisar Capital Stock, any cash in lieu of fractional shares of Finisar Capital Stock, and any dividends or distributions with respect to Finisar Capital Stock.

(h) *No Liability.* Neither Finisar nor Shomiti shall be liable to any holder of shares of Shomiti Capital Stock or Finisar Capital Stock, as the case may be, for such shares (or dividends or distributions with respect thereto) delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

(i) *Lost Certificates.* In the event any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such Certificate to be lost, stolen or destroyed, Finisar shall issue in exchange for such lost, stolen or destroyed Certificate the shares of Finisar Capital Stock issuable in exchange therefore pursuant to the provisions of this Article II, together with cash, if any, in lieu of fractional shares in accordance with Section 2.3(f) hereof. The Board of Directors of Finisar may in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed Certificate to provide to Finisar an indemnity agreement against any claim that may be made against Finisar with respect to the Certificate alleged to have been lost, stolen or destroyed.

Section 2.4 *Escrow.*

(a) At the Closing, or as soon as practicable after the Effective Time, Finisar shall cause to be deposited into escrow (the "Escrow") certificates representing the number of shares of Finisar Preferred Stock equal to ten percent (10%) of the shares of Finisar Preferred Stock issuable in the Merger (the "Escrow Shares"). The Escrow Shares shall be held by U.S. Bank Trust, National Association, or such other financial institution as Finisar and Shomiti shall mutually determine (the "Escrow Agent") in accordance with and subject to the provisions of an Escrow Agreement substantially in the form of *Exhibit A* hereto (the "Escrow Agreement"). The Escrow Shares shall be deemed to have been contributed only by holders of issued and outstanding Shomiti Capital Stock immediately prior to the Effective Time ("Shomiti Shareholders"), and the portion of the Escrow Shares contributed on behalf of each Shomiti Shareholder shall be the proportion that the aggregate number of vested shares of Finisar Preferred Stock which such Shomiti Shareholder would otherwise be entitled to receive bears to all vested shares of Finisar Preferred Stock entitled to be received by the Shomiti Shareholders at the Effective Time. For the avoidance of doubt, the Escrow Shares so deposited shall be shares of Finisar Preferred Stock which are vested and are not subject to a repurchase option, risk of forfeiture or other condition under any applicable agreement between the holder thereof and Shomiti or Finisar.

(b) Within ten (10) days following the twelve-month anniversary of the Closing Date, the Escrow Shares shall be released from the escrow subject to the provisions of Article IX of this Agreement relating to claims of indemnification. Subject to the provisions of Section 9.2(d), the sole recourse for indemnification claims under Article IX shall be limited to the Escrow Shares.

Section 2.5 *Dissenters' Rights.* In the event the Merger becomes effective without the approval of the holders of 100% of the outstanding shares of Shomiti Capital Stock, any shares of Shomiti Capital Stock held by shareholders who properly exercise and perfect the dissenters' rights set forth in Chapter 13 of the GCL ("Dissenting Shares") shall not be converted pursuant to Section 2.2, but shall instead be converted into the right to receive such consideration as may be determined to be due with respect to such Dissenting Shares pursuant to the provisions of the GCL. Finisar shall have the right to control all negotiations and proceedings with respect to the determination of the fair value of the Shomiti Capital Stock. Shomiti agrees that, without the prior written consent of Finisar or as required under the GCL, it will not voluntarily make any payment with respect to, or determine or offer to determine, the fair value of the Shomiti Capital Stock. Each holder of Dissenting Shares (a "Dissenting

Shareholder") who, pursuant to the provisions of the GCL, becomes entitled to payment of the fair value of Shomiti Capital Stock shall receive payment therefor (but only after the fair value therefor shall have been agreed upon or finally determined pursuant to the provisions of the GCL). In the event that any holder of Shomiti Capital Stock fails to make an effective demand for payment or otherwise loses his, her or its status as a Dissenting Shareholder, Finisar shall, as of the later of the Effective Time or the occurrence of such event, and subject to compliance by such Dissenting Shareholder with the requirements of Section 2.3, issue and deliver, upon surrender by such Dissenting Shareholder of his, her or its Certificate(s), the shares of Finisar Capital Stock and cash, including any cash payment in lieu of fractional shares, in each case without interest thereon, to which such Dissenting Shareholder would have been entitled under Section 2.3.

Section 2.6 *Contingent Payment.* To the extent the party identified (and under the agreement described) in *Schedule 2.6* hereof shall continue to have any potential rights to purchase shares of Finisar Preferred Stock (the "Third Party Finisar Shares Rights") as of the Effective Time, upon the lapse or termination thereof, Finisar shall cause to be issued to each of the Shomiti Shareholders that number of shares of Finisar Preferred Stock representing the entire lapsed or terminated portion of the Third Party Finisar Shares Rights in accordance with the Shomiti Shareholder's respective contribution to the Escrow on a pro rata basis.

Section 2.7 *Conversion of Finisar Preferred Stock.*

(a) Prior to the Closing, Finisar shall file a Certificate of Designation to its Certificate of Incorporation in the form attached hereto as *Exhibit G* for the purpose of establishing and designating the rights and preferences of the Finisar Preferred Stock to be issued pursuant to Section 2.2 hereof, including the automatic conversion of the Finisar Preferred Stock into Finisar Common Stock immediately upon the filing of a certificate of amendment to Finisar's Certificate of Incorporation (the "Certificate of Amendment") to increase the authorized shares of Finisar Common Stock to a number of shares sufficient to create a reserve of Finisar Common Stock to allow for the conversion of the Finisar Preferred Stock to be issued in the Merger into Finisar Common Stock on a three-for-one basis, subject to adjustment for stock splits, combinations, stock dividends and the like (the "Automatic Conversion").

(b) Finisar agrees not to issue any securities having rights to convert into Finisar Common Stock that are superior to the conversion rights of the Finisar Preferred Stock until the earlier of the effectiveness of the Automatic Conversion.

(c) Prior to the filing of the Certificate of Amendment, Finisar shall take all corporate action, subject to stockholder approval of an increase in the authorized shares of Finisar Common Stock, necessary to reserve a sufficient number of shares of Finisar Common Stock for issuance and delivery upon the conversion of the Finisar Preferred Stock issuable in the Merger.

Section 2.8 *Finisar Stockholder Approval.* Finisar shall hold a meeting of its stockholders as soon as practicable, and in any event shall exercise its best efforts to hold such meeting by May 31, 2001, to solicit the approval of a proposal to amend its Certificate of Incorporation to increase the authorized shares of Finisar Common Stock to 1,000,000,000. If Finisar is unable to obtain stockholder approval of such proposal, Finisar shall modify the proposal to reduce the size of the increase such that the proposal would likely be approved by the Finisar stockholders and shall re-solicit the Finisar stockholders for the approval of such proposal, as modified, as soon as practicable thereafter. If Finisar is unable to obtain stockholder approval of the proposal, as modified, Finisar shall be under a continuing obligation to re-solicit approval of its stockholders no less frequently than every three (3) months until the Finisar stockholders shall have approved an increase in the authorized number of shares of Finisar Common Stock sufficient to create a reserve of Finisar Common Stock to allow for the conversion of all shares of the Finisar Preferred Stock issued in the Merger into Finisar Common Stock. Finisar shall file the Certificate of Amendment no later than two (2) business days following stockholder approval of the increase.

Section 2.9 *Representations, Warranties, Covenants and Agreements.* Solely for the purposes of Articles III, IV, V, VI and VII hereof, the Shomiti Disclosure Schedule and the Finisar Disclosure Schedule (as each is defined herein), the representations and warranties, covenants, agreements and all other provisions contained therein shall be deemed to have been made and entered into as of November 21, 2000 and the phrases "the date hereof" and "the date of this Agreement" therein shall mean November 21, 2000; provided, however, that the representations in Section 4.2(a) hereof are made as of December 31, 2000 (except for those which specifically refer to September 30, 2000).

ARTICLE III

REPRESENTATIONS AND WARRANTIES OF SHOMITI

Shomiti hereby represents and warrants to Finisar that the statements contained in this Article III are true and correct, except as set forth in the disclosure schedule provided to Finisar on or before the date of this Agreement (the "Shomiti Disclosure Schedule"). The Shomiti Disclosure Schedule shall be arranged in paragraphs corresponding to the numbered and lettered paragraphs contained in this Article III and shall qualify only the corresponding Section in this Article III and any other Section hereof where it is reasonably clear, upon a reading of such disclosure without any independent knowledge on the part of the reader regarding the matter disclosed (after review of the entire Shomiti Disclosure Schedule), that the disclosure would apply to such other Section.

Section 3.1 *Organization, Standing and Power.* Shomiti is a corporation duly organized, validly existing and in good standing under the laws of the State of California, has all requisite corporate power to own, lease and operate its properties and to carry on its business as currently being conducted and is duly qualified to transact business and is in good standing in each jurisdiction in which the nature of its operations requires such qualification, except where the failure to so qualify has not and will not have a Material Adverse Effect (as defined in Section 10.2(a)) on

Shomiti as it currently conducts its business or currently proposes to conduct its business. Shomiti has delivered true and correct copies of the Articles of Incorporation and Bylaws of Shomiti, each as amended to date, to Finisar. Shomiti is not in violation of any of the provisions of its Articles of Incorporation, Bylaws or other charter documents. Shomiti does not directly or indirectly own any equity or similar interest in, or any interest convertible or exchangeable or exercisable for any equity or similar interest in, any corporation, partnership, joint venture or other business association or entity.

Section 3.2 *Shomiti Capital Structure.*

(a) The authorized capital stock of Shomiti consists of 30,000,000 shares of Shomiti Common Stock and 7,615,000 shares of Shomiti Preferred Stock, of which 2,315,000 shares have been designated Series A Preferred Stock, 1,900,000 shares have been designated Series B Preferred Stock and 3,400,000 shares have been designated Series C Preferred Stock. As of the date hereof, 4,153,509 shares of Shomiti Common Stock, 2,300,000 shares of Shomiti Series A Preferred Stock, 1,659,944 shares of Shomiti Series B Preferred Stock and 3,160,607 shares of Shomiti Series C Preferred Stock are issued and outstanding and held of record by those persons set forth in the Shomiti Disclosure Schedule. All such outstanding shares of Shomiti Capital Stock have been duly authorized and validly issued, are fully paid and nonassessable, have been issued in compliance with all applicable federal and state securities laws, and are not subject to any preemptive rights or rights of first refusal created by statute, the charter documents of Shomiti or any agreement to which Shomiti is a party or by which it is bound. As of the date hereof, 3,583,334 shares of Shomiti Common Stock are reserved for issuance under the Shomiti Option Plan, of which an aggregate of 1,635,750 shares are subject to outstanding options held by those persons set forth in the Shomiti Disclosure Schedule. As of the date hereof, 990,000 shares of Common Stock, 21,038 shares of Series A Preferred Stock, 15,316 shares of Series B Preferred Stock and 24,405 shares of Series C Preferred Stock are reserved for issuance upon the exercise of the Shomiti Warrants.

B 14

(b) Except as set forth in this Section 3.2, there are (i) no equity securities of any class of Shomiti, or any securities exchangeable into or exercisable for such equity securities, issued, reserved for issuance, or outstanding and (ii) no outstanding subscriptions, options, warrants, puts, calls, rights, or other commitments or agreements of any character to which Shomiti is a party or by which it is bound obligating Shomiti to issue, deliver, sell, repurchase or redeem, or cause to be issued, delivered, sold, repurchased or redeemed, any equity securities of Shomiti or obligating Shomiti to grant, extend, accelerate the vesting of, change the exercise price of, or otherwise amend or enter into any such option, warrant, call, right, commitment or agreement. There are no contracts, commitments or agreements relating to voting, purchase or sale of Shomiti's capital stock (i) between or among Shomiti and any of its shareholders or (ii) to Shomiti's knowledge, between or among any of Shomiti's shareholders.

Section 3.3 *Authority; Required Filings and Consents.*

(a) Shomiti has all requisite corporate power and authority to execute and deliver this Agreement and all other documents required to be executed and delivered by Shomiti hereunder, including the Agreement of Merger (collectively, the "Transaction Documents"), and to consummate the transactions contemplated hereby and thereby. The execution and delivery of this Agreement and the other Transaction Documents to which Shomiti is or will be a party and the consummation of the transactions contemplated hereby and thereby have been duly authorized by all necessary corporate action on the part of Shomiti, subject only to the approval of the Merger by Shomiti's shareholders as required by the GCL. This Agreement and the other Transaction Documents to which Shomiti is a party have been or will be duly executed and delivered by Shomiti and constitute or will constitute the valid and binding obligations of Shomiti, enforceable against Shomiti in accordance with their respective terms, except as such enforceability may be limited by (i) bankruptcy, insolvency, moratorium or other similar laws affecting or relating to creditors' rights generally, and (ii) general principles of equity.

(b) The execution and delivery by Shomiti of this Agreement and the other Transaction Documents to which it is or will be a party do not, and the consummation of the transactions contemplated hereby and thereby will not, (i) conflict with, or result in any violation or breach of any provision of, the Articles of Incorporation or Bylaws of Shomiti, (ii) result in any violation or breach of or constitute (with or without notice or lapse of time, or both) a default under, or give rise to a right of termination, cancellation or acceleration of any obligation or loss of any material benefit under, any note, mortgage, indenture, lease, contract or other agreement or obligation to which Shomiti is a party or by which Shomiti or any of its properties or assets may be bound, or (iii) conflict with or violate any material permit, concession, franchise, license, judgment, order, decree, statute, law, ordinance, rule or regulation applicable to Shomiti or any of its properties or assets.

(c) No consent, approval, order or authorization of, or registration, declaration or filing with, any court, administrative agency or commission or other governmental authority or instrumentality ("Governmental Entity") is required by or with respect to Shomiti or its shareholders in connection with the execution and delivery of this Agreement or the consummation of the transactions contemplated hereby, except for (i) the filing of a pre-merger notification and report form by the Company under the Hart-Scott-Rodino Antitrust

Edgar Filing: FINISAR CORP - Form DEF 14A

Improvements Act of 1976, as amended (the "HSR Act"), (ii) the filing of the Agreement of Merger and Officer's Certificates with the California Secretary of State in accordance with the GCL, (iii) such consents, approvals, orders, authorizations, registrations, declarations and filings as may be required under applicable federal and state securities laws, and (iv) such other consents, authorizations, filings, approvals and registrations which, if not obtained or made, would not have a Material Adverse Effect on Shomiti and would not prevent or materially alter or delay any of the transactions contemplated by this Agreement.

B 15

Section 3.4 *Financial Statements*. Shomiti has delivered to Finisar (i) its quarterly unaudited financial statements for each of the years ended October 1, 1999 and September 30, 2000, and (ii) its monthly unaudited financial statements for the fiscal year ended September 30, 2000 (the "Balance Sheet Date") (collectively, the "Shomiti Financial Statements"). The Shomiti Financial Statements were prepared in accordance with generally accepted accounting principles ("GAAP") applied on a consistent basis throughout the periods involved, except that the Shomiti Financial Statements do not contain footnotes or a statement of cash flows. The Shomiti Financial Statements present fairly in all material respects the financial position of Shomiti as of the respective dates and the results of its operations for the periods indicated, subject to normal year-end audit adjustments. Shomiti maintains, and until the Effective Time will continue to maintain, a standard system of accounting established and administered in accordance with GAAP. Shomiti shall deliver to Finisar audited financial statements for each of such fiscal years prior to the Closing Date and otherwise in accordance with Section 6.20 hereof.

Section 3.5 *Absence of Undisclosed Liabilities*. Shomiti does not have any liabilities, either accrued or contingent (whether or not required to be reflected in financial statements in accordance with GAAP), and whether due or to become due, other than (i) liabilities reflected or provided for on the balance sheet as of the Balance Sheet Date (the "Shomiti Balance Sheet") contained in the Shomiti Financial Statements, (ii) liabilities contemplated by this Agreement or described in the Shomiti Disclosure Schedule, and (iii) normal or recurring liabilities incurred since the Balance Sheet Date in the ordinary course of business consistent with past practices.

Section 3.6 *Accounts Receivable*. The accounts receivable shown on the Shomiti Balance Sheet arose in the ordinary course of business and have been collected or are collectible in the book amounts thereof, less an amount not in excess of the allowance for doubtful accounts and returns provided for in the Shomiti Balance Sheet. The accounts receivable of Shomiti arising after the Balance Sheet Date and prior to the Closing Date arose, or will arise, in the ordinary course of business and have been collected or will be collectible in the book amounts thereof, less allowances for doubtful accounts and returns determined in accordance with GAAP and the past practices of Shomiti. None of such accounts receivable is subject to any claim of offset or recoupment or counterclaim, and Shomiti has no knowledge of any specific facts that would be likely to give rise to any such claim. No amount of such accounts receivable is contingent upon the performance by Shomiti of any obligation and no agreement for deduction or discount has been made with respect to any such accounts receivable.

Section 3.7 *Inventories*. The inventories shown on the Shomiti Balance Sheet or thereafter acquired by Shomiti consist of items of a quantity and quality usable or salable in the ordinary course of business. Since the Balance Sheet Date, Shomiti has continued to replenish inventories in a normal and customary manner consistent with past practices. Shomiti has not received notice that it will experience in the foreseeable future any difficulty in obtaining, in the desired quantity and quality and at a reasonable price and upon reasonable terms and conditions, the supplies or component products required for the manufacture, assembly or production of its products. The value at which inventories are carried reflect the inventory valuation policy of Shomiti, which is consistent with its past practice and in accordance with GAAP. Due provision has been made on the books of Shomiti, consistent with past practices, to provide for all slow-moving, obsolete, or unusable inventories at their estimated useful or scrap values, and such inventory reserves are adequate to provide for such slow-moving, obsolete or unusable inventory and inventory shrinkage.

Section 3.8 *Absence of Certain Changes or Events*. Since the Balance Sheet Date, Shomiti has conducted its business in the ordinary course and in a manner consistent with past practices and, since such date, Shomiti has not:

- (a) suffered any event or occurrence that has had a Material Adverse Effect on Shomiti;

B 16

- (b) suffered any damage, destruction or loss, whether covered by insurance or not, having a Material Adverse Effect on Shomiti;

- (c) granted any material increase in the compensation payable or to become payable by Shomiti to its officers or employees;

- (d) declared, set aside or paid any dividend or made any other distribution on or in respect of the shares of its capital stock or declared any direct or indirect redemption, retirement, purchase or other acquisition of such shares;

Edgar Filing: FINISAR CORP - Form DEF 14A

(e) issued any shares of its capital stock or any warrants, rights, or options for, or entered into any commitment relating to such capital stock, other than options to purchase Shomiti Common Stock under the Shomiti Option Plan and shares of Shomiti Common Stock issued upon exercise of options outstanding under the Shomiti Option Plan as of the date of this Agreement;

(f) made any change in the accounting methods or practices it follows, whether for general financial or tax purposes, or any change in depreciation or amortization policies or rates;

(g) sold, leased, abandoned or otherwise disposed of any real property, machinery, equipment or other operating property other than in the ordinary course of business;

(h) sold, assigned, transferred, licensed or otherwise disposed of any patent, trademark, trade name, brand name, copyright (or pending application for any patent, trademark or copyright), invention, work of authorship, process, know-how, formula or trade secret or interest thereunder or other material intangible asset;

(i) entered into any material commitment or transaction (including, without limitation, any borrowing or capital expenditure) other than in the ordinary course of business;

(j) incurred any material liability, except in the ordinary course of business and consistent with past practice;

(k) permitted or allowed any of its property or assets to be subjected to any mortgage, deed of trust, pledge, lien, security interest or other encumbrance of any kind, except for liens for current taxes not yet due and purchase money security interests incurred in the ordinary course of business;

(l) made any capital expenditure or commitment for additions to property, plant or equipment individually in excess of \$10,000, or, in the aggregate, in excess of \$50,000;

(m) paid, loaned or advanced any amount to, or sold, transferred or leased any properties or assets to, or entered into any agreement or arrangement with, any of its officers, directors or shareholders or any affiliate of any of the foregoing, other than employee compensation and benefits and reimbursement of employment related business expenses incurred in the ordinary course of business;

(n) agreed to take any action described in this Section 3.8 or which would constitute a breach of any of the representations or warranties of Shomiti contained in this Agreement; or

(o) taken any other action that would have required the consent of Finisar pursuant to Section 5.1 of this Agreement (and which has not been obtained) had such action occurred after the date of this Agreement.

Section 3.9 *Taxes.*

(a) For purposes of this Agreement, a "Tax" or, collectively, "Taxes," means any and all federal, state and local taxes of any country, assessments and other governmental charges, duties, impositions and liabilities, including taxes based upon or measured by gross receipts, income,

B 17

profits, sales, use and occupation, and value added, ad valorem, transfer, franchise, withholding, payroll, recapture, employment, excise and property taxes, together with all interest, penalties and additions imposed with respect to such amounts and any obligations under any agreements or arrangements with any other person with respect to such amounts and including any liability for taxes of a predecessor entity.

(b) Shomiti has prepared and timely filed all returns, estimates, information statements and reports required to be filed by it with any taxing authority ("Returns") relating to any and all Taxes concerning or attributable to Shomiti or its operations, such Returns are true and correct in all material respects and have been completed in all material respects in accordance with applicable law, and Shomiti has disclosed on its Returns all positions taken therein that could give rise to a substantial understatement penalty within the meaning of Section 6662 of the Code (or any predecessor provision or comparable provision of state, local or foreign law).

(c) Shomiti, as of the Closing Date, (i) will have paid all Taxes it is required to pay prior to the Closing Date and (ii) will have withheld with respect to its employees all Taxes required to be withheld.

Edgar Filing: FINISAR CORP - Form DEF 14A

(d) Shomiti has not been delinquent in the payment of any Tax. There is no Tax deficiency outstanding or assessed or proposed against Shomiti that is not reflected as a liability on the Shomiti Balance Sheet or set forth on the Shomiti Disclosure Schedule, nor has Shomiti executed any agreements or waivers extending any statute of limitations on or extending the period for the assessment or collection of any Tax.

(e) The amount of Shomiti's liability for unpaid Taxes (whether actual or contingent) for all periods through the date hereof and the Closing Date does not and will not, in the aggregate, exceed the amount of the current liability accruals for Taxes (excluding reserves for deferred Taxes) reflected on the Shomiti Balance Sheet (other than Taxes which have accrued after the date of such Shomiti Balance Sheet).

Finisar and Sub, jointly and severally, represent and warrant to Shomiti that the statements contained in this Article IV are true and correct except as set forth in the disclosure schedule delivered by Finisar to Shomiti on or before the date of this Agreement (the "Finisar Disclosure Schedule"). The Finisar Disclosure Schedule shall be arranged in paragraphs corresponding to the numbered and lettered paragraphs contained in this Article IV and shall qualify only the corresponding Section in this Article IV and any other Section hereof where it is reasonably clear upon a reading of such disclosure without any independent knowledge on the part of the reader regarding the matter disclosed (after review of the entire Finisar Disclosure Schedule), that the disclosure would apply to such Section.

Section 4.1 *Organization.* Each of Finisar and Sub is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation, has all requisite corporate power to own, lease and operate its property and to carry on its business as now being conducted and is duly qualified to transact business and is in good standing as a foreign corporation in each jurisdiction in which the failure to be so qualified would have a Material Adverse Effect on Finisar as its business is currently conducted or currently proposed to be conducted.

Section 4.2 *Finisar Capital Structure.*

(a) The authorized capital stock of Finisar consists of 200,000,000 shares of Finisar Common Stock and 5,000,000 shares of Preferred Stock, \$0.001 par value ("Finisar Preferred Stock"). As of September 30, 2000, 160,165,469 shares of Finisar Common Stock were issued and outstanding, all of which had been duly authorized and validly issued and were fully paid and nonassessable. As of September 30, 2000, 8,480,471 shares of Finisar Common stock were reserved for issuance pursuant to stock options granted and outstanding under Finisar's stock option plans and rights outstanding under Finisar's employee stock purchase plan. No material change in such capitalization has occurred between September 30, 2000 and the date of this Agreement. As of the date hereof, no shares of Finisar Preferred Stock are issued or outstanding. All of the outstanding shares of capital stock of Sub have been duly authorized and validly issued and are fully paid and nonassessable, and all such shares are owned by Finisar, free and clear of all Liens, agreements, limitations on voting rights, charges or other encumbrances of any nature. As of December 31, 2000, 185,500,768 shares of Finisar Common Stock were issued and outstanding and an aggregate of 12,148,851 shares of Finisar Common Stock were subject to outstanding options or purchase rights under Finisar's employee stock option plans, employee stock purchase plan and options assumed in connection with Finisar's acquisitions of Sensors Unlimited, Inc. and Demeter Technologies, Inc.

(c) The shares of Finisar Preferred Stock to be issued pursuant to the Merger, when issued in accordance with the terms of this Agreement, and the shares of Finisar Common Stock issuable upon conversion of the Finisar Preferred Stock, when issued in accordance with the terms of the Certificate of Designation, will be duly authorized, validly issued, fully paid and nonassessable. contemplated by, and in accordance with, Section 6.9 of this Agreement, the offer, sale and issuance of the Finisar Preferred Stock and the Finisar Common Stock issuable upon conversion of the Finisar Preferred Stock (the "Conversion Stock") and the subsequent resale of the Finisar Preferred Stock and Conversion Stock by the Shomiti securityholders will be exempt from the registration requirements of Section 5 of the Securities Act.

Section 4.3 *Authority; No Conflict; Required Filings and Consents.*

(a) Finisar and Sub have all requisite corporate power and authority to execute and deliver this Agreement and the other Transaction Documents to which they are or will be parties and to consummate the transactions contemplated hereby and thereby. The execution and delivery of this Agreement and the other Transaction Documents to which Finisar or Sub is or will be a party and the consummation of the transactions contemplated hereby and thereby have been duly authorized by all necessary corporate action on the part of Finisar and Sub, respectively. This Agreement and the other Transaction Documents to which Finisar and/or Sub are parties have been or will be duly executed and delivered by Finisar and/or Sub and constitute or will constitute the valid and binding obligations of Finisar and/or Sub, enforceable against Finisar and/or Sub, as the case may be, in accordance with their respective terms, except as such enforceability may be limited by (i) bankruptcy laws and other similar laws affecting creditors' rights generally and (ii) general principles of equity.

(b) The execution and delivery by Finisar and Sub of this Agreement and the other Transaction Documents to which they are or will be parties do not, and the consummation of the transactions contemplated hereby and thereby will not, (i) conflict with, or result in any violation or breach of any provision of the Certificate of Incorporation or Bylaws of Finisar or Sub, (ii) result in any violation or breach of, or constitute (with or without notice or lapse of time, or both) a default under, or give rise to a right of termination, cancellation or acceleration of any material obligation or loss of any material benefit under, any note, mortgage, indenture, lease, contract or other agreement, instrument or obligation to which Finisar or Sub is a party or by which either of them or any of their properties or assets may be bound, or (iii) conflict with or violate any permit, concession, franchise, license, judgment, order, decree, statute, law, ordinance, rule or regulation applicable to Finisar or Sub or any of its or their properties or assets, except in the case of (ii) and (iii) for any such conflicts, violations, defaults, terminations, cancellations or accelerations which are not reasonably likely to have a Material Adverse Effect on Finisar.

(c) No consent, approval, order or authorization of, or registration, declaration or filing with, any Governmental Entity is required by or with respect to Finisar, Sub or any of their respective Subsidiaries in connection with the execution and delivery of this Agreement or the consummation of the transactions contemplated hereby, except for (i) the filing of a pre-merger notification and report form under the HSR Act, (ii) the filing of the application for, and receipt of, the Permit (as defined in Section 6.8), (iii) the filing of the Certificate of Designation with the Delaware Secretary of State in accordance with the Delaware General Corporation Law, (iv) the filing of the Agreement of Merger and Officer's Certificates with the California Secretary of State in accordance with the GCL, (v) if required, the filing of a report on Form 8-K with the Securities and Exchange Commission (the "SEC"), (vi) the filing of a registration statement on Form S-8 with the SEC, (vii) such consents, approvals, orders, authorizations, registrations, declarations and filings as may be required under applicable federal and state securities laws, and (viii) such other consents, authorizations, filings, approvals and registrations which, if not obtained or made, would not prevent or materially alter or delay any of the transactions contemplated by this Agreement or be reasonably likely to have a Material Adverse Effect on Finisar.

B 29

Section 4.4 *SEC Filings; Financial Statements.*

(a) Finisar has timely filed and made available to Shomiti all forms, reports and documents required to be filed by Finisar (or voluntarily filed) with the SEC since November 11, 1999 (the effective date of Finisar's initial public offering), other than registration

statements on Form S-8 (collectively, the "Finisar SEC Reports"). Each of the Finisar SEC Reports (i) at the time it was filed, complied in all material respects with the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as the case may be, and (ii) did not at the time it was filed (or if amended or superseded by a filing prior to the date of this Agreement, then on the date of such filing) contain any untrue statement of a material fact or omit to state a material fact required to be stated in such Finisar SEC Report or necessary in order to make the statements in such Finisar SEC Report, in the light of the circumstances under which they were made, not misleading.

(b) Each of the consolidated financial statements (including, in each case, any related notes) contained in the Finisar SEC Reports, including any Finisar SEC Reports filed after the date of this Agreement until the Closing, complied or will comply as to form in all material respects with the applicable published rules and regulations of the SEC with respect thereto, was or will be prepared in accordance with GAAP applied on a consistent basis throughout the periods involved (except as may be indicated in the notes to such financial statements or, in the case of unaudited statements, as permitted by Form 10-Q promulgated by the SEC) and presented fairly or will present fairly, in all material respects, the consolidated financial position of Finisar and its Subsidiaries as of the respective dates, and the consolidated results of its operations and cash flows for the periods indicated, except that the unaudited interim financial statements were or are subject to normal and recurring year-end adjustments which were not or are not expected to be material in amount. The audited consolidated balance sheet of Finisar as of July 31, 2000 is referred to herein as the "Finisar Balance Sheet."

Section 4.5 *Absence of Undisclosed Liabilities.* Finisar and its Subsidiaries do not have any liabilities, either accrued or contingent (whether or not required to be reflected in financial statements in accordance with GAAP), and whether due or to become due, which individually or in the aggregate would be reasonably likely to have a Material Adverse Effect on Finisar, other than (i) liabilities reflected or provided for on the Finisar Balance Sheet, (ii) liabilities specifically contemplated by this Agreement, or described in the Finisar Disclosure Schedule or Finisar SEC Reports, and (iii) normal or recurring liabilities incurred since July 31, 2000 in the ordinary course of business consistent with past practices.

Section 4.6 *Litigation.* Except as described in the Finisar SEC Reports, there is no action, suit or proceeding, claim, arbitration or investigation against Finisar pending or, to Finisar's knowledge, threatened, or as to which Finisar has received any written notice of assertion, which is reasonably likely to have a Material Adverse Effect on Finisar or a material adverse effect on the ability of Finisar to consummate the transactions contemplated by this Agreement.

Section 4.7 *No Misrepresentation.* No representation or warranty by Finisar or Sub in this Agreement, or any statement, certificate or schedule furnished or to be furnished by or on behalf of Finisar or Sub pursuant to this Agreement, when taken together, contains or shall contain any untrue statement of a material fact or omits or shall omit to state a material fact required to be stated therein or necessary in order to make such statements, in light of the circumstances under which they were made, not misleading.

(l) Enter into or amend any agreements or amendments to existing agreements pursuant to which any third party is granted exclusive marketing or distribution rights with respect to any Shomiti Product;

(m) Amend or terminate any contract, agreement or license to which it is a party, except in the ordinary course of business;

ARTICLE VI

ADDITIONAL AGREEMENTS

Section 6.1 *No Solicitation*.

(a) During the period from the date of this Agreement until the earlier of the termination of this Agreement or the Effective Time, Shomiti shall not, directly or indirectly, through any officer, director, employee, representative or agent (each a "Representative"), (i) take any action to solicit, initiate, encourage or support any inquiries or proposals that constitute, or could reasonably be expected to lead to, a proposal or offer for a merger, consolidation, business combination, sale of assets, sale of shares of capital stock (including without limitation by way of a tender offer) or similar transactions involving Shomiti, other than the transactions contemplated or expressly permitted by this Agreement (any of the foregoing inquiries or proposals being referred to in this Agreement as a "Shomiti Acquisition Proposal"), (ii) engage in negotiations or discussions concerning, or provide any non-public information to any person or entity relating to, any Shomiti Acquisition Proposal, or (iii) agree to, approve or recommend any Shomiti Acquisition Proposal.

(b) Shomiti shall notify Finisar no later than twenty-four (24) hours after receipt by Shomiti (or its advisors) of any Shomiti Acquisition Proposal or any request for nonpublic information in connection with a Shomiti Acquisition Proposal or for access to the properties, books or records of Shomiti by any person or entity that informs Shomiti that it is considering making, or has made, a Shomiti Acquisition Proposal. Such notice shall be made orally and in writing and shall indicate in reasonable detail the identity of the offeror of such Shomiti Acquisition Proposal and Shomiti shall keep Finisar apprised of the status of any such Shomiti Acquisition Proposal; provided, however, that this provision shall not in any way be deemed to limit the obligations of Shomiti or its Representatives set forth in Section 6.1(a).

(c) During the period from the date of this Agreement until the earlier of the termination of this Agreement or the Effective Time, Finisar shall not, directly or indirectly, through any officer, director, employee, representative or agent, (i) make any inquiries or proposals that constitute, or could reasonably be expected to lead to, a proposal or offer for a merger, consolidation, business combination, purchase of substantial assets, purchase of shares of capital stock (including, without limitation, by way of a tender offer) or similar transactions involving any other entity engaged primarily in a business substantially similar to that of Shomiti (any of the foregoing inquiries or proposals being referred to in this Agreement as a "Finisar Acquisition Proposal"), (ii) engage in negotiations or discussions concerning, or provide any non-public information to any person or entity relating to, any Finisar Acquisition Proposal, or (iii) agree to, approve or recommend any Finisar Acquisition Proposal.

Section 6.2 *Consents*. Each of Finisar and Shomiti shall use all reasonable efforts to obtain all necessary consents, waivers and approvals under any of Finisar's or Shomiti's material agreements, contracts, licenses or leases as may be necessary or advisable to consummate the Merger and the other transactions contemplated by this Agreement.

Section 6.3 *Access to Information*. Upon reasonable notice, Shomiti shall afford to the officers, employees, accountants, counsel and other representatives of Finisar, reasonable access, during normal business hours during the period prior to the Effective Time, to all its properties, books, contracts, commitments and records and, during such period, Shomiti shall furnish promptly or make available to Finisar or its representatives all other information concerning its business, properties and personnel as such other party may reasonably request. Unless otherwise required by law, the parties will treat any such information which is nonpublic in confidence in accordance with the Nondisclosure Agreement effective as of August 23, 2000 (the "Confidentiality Agreement") between Finisar and Shomiti, which Confidentiality Agreement shall continue in full force and effect in accordance with its terms. No

B 33

information or knowledge obtained in any investigation pursuant to this Section 6.3 shall affect or be deemed to modify any representation or warranty contained in this Agreement or the conditions to the obligations of the parties to consummate the Merger.

Section 6.4 *Notification of Certain Matters.* Shomiti shall give prompt notice to Finisar, and Finisar shall give prompt notice to Shomiti, of the occurrence (or non-occurrence) of any event of which Shomiti or Finisar, respectively, has knowledge, the occurrence (or non-occurrence) of which would be likely to cause any representation or warranty contained in this Agreement to be untrue or inaccurate in any material respect and of the occurrence of any material failure of either party to comply with or satisfy any covenant, condition or agreement to be complied with or satisfied by it hereunder, *provided, however*, that (i) delivery of any notice pursuant to this Section 6.4 shall not limit or otherwise affect the remedies available to either party hereunder and (ii) shall not constitute an admission by the party delivering such notice that any such representation or warranty has been breached. No disclosure by Shomiti pursuant to this Section 6.4, however, shall be deemed to amend or supplement the Shomiti Disclosure Schedule or prevent or cure any misrepresentations, breach of warranty or breach of contract.

Section 6.5 *Legal Conditions to Merger.* Each of Finisar and Shomiti will take all reasonable actions necessary to comply promptly with all legal requirements which may be imposed on itself with respect to the Merger (which actions shall include, without limitation, furnishing all information in connection with approvals of or filings with any Governmental Entity) and will promptly cooperate with and furnish information to each other in connection with any such requirements imposed upon either of them or any of their Subsidiaries in connection with the Merger. Each of Finisar and Shomiti will take all reasonable actions necessary to obtain (and will cooperate with each other in obtaining) any consent, authorization, order or approval of, or any exemption by, any Governmental Entity or other third party, required to be obtained or made by Shomiti, Finisar or any of their Subsidiaries in connection with the Merger or the taking of any action contemplated thereby or by this Agreement and to enable the Closing to occur as promptly as practicable.

Section 6.6 *Public Disclosure.* Finisar and Shomiti shall consult with each other before issuing any press release or otherwise making any public statement with respect to the Merger or this Agreement and shall not issue any such press release or make any such public statement prior to such consultation, except as may be required by law or by the rules or regulations of the SEC or the NNM.

Section 6.7 *Tax-Free Reorganization.* Finisar and Shomiti each intend that the Merger shall qualify for treatment as a reorganization within the meaning of Section 368(a) of the Code. Finisar and Shomiti each agree to refrain from taking any action inconsistent with such intended treatment. Finisar and Shomiti agree to make reasonable representations as requested by counsel to Finisar and Shomiti with respect to the rendering of the opinions required pursuant to Section 7.1(f).

Section 6.8 *NNM Quotation.* Finisar agrees to continue the quotation of Finisar Common Stock on the NNM during the term of this Agreement. Finisar shall use its best efforts to cause the shares of Finisar Common Stock to be issued upon the conversion of the Finisar Preferred Stock and such other shares required to be reserved for issuance in connection with the Merger to be approved for quotation on the NNM, subject to official notice of issuance, prior to the Closing Date.

Section 6.9 *Securities Law Matters.*

(a) As soon as practicable following the execution of this Agreement, Finisar, with the full cooperation of Shomiti, will file a request for a hearing (the "Hearing") before the Commissioner of Corporations of the State of California to consider the terms, conditions and fairness of the transactions contemplated by this Agreement pursuant to Section 25142 of the California Corporations Code, together with an application for a permit relating to the transactions contemplated by this Agreement and the Agreement of Merger (the "Permit"). Shomiti shall

B 34

promptly furnish to Finisar all required data and information relating to Shomiti in connection with such request and application and such other notices and documents as may be required in connection with the Hearing. Finisar and Shomiti shall use their commercially reasonable efforts to cause the Hearing to take place and the Permit to be issued at the earliest practicable date.

(b) Finisar shall prepare and file with appropriate state securities or "Blue Sky" authorities all applications for qualification or approval (or notices required to perfect exemptions from such compliance) as may be required in connection with the Merger. Shomiti shall use its commercially reasonable efforts to assist Finisar as may be necessary to comply with all appropriate state securities or Blue Sky laws which may be applicable in connection with the Merger.

(c) In connection with the Hearing, Shomiti shall prepare, with the full cooperation of Finisar, a disclosure document (the "Consent Solicitation Statement") describing this Agreement and the transactions contemplated hereby and thereby for the purpose of soliciting the approval of Shomiti's shareholders. Finisar shall provide such information about itself as Shomiti shall reasonably request. The information supplied by Shomiti for inclusion in the Consent Solicitation Statement shall not, on the date the solicitation statement is

Edgar Filing: FINISAR CORP - Form DEF 14A

first mailed to Shomiti Shareholders or at the Effective Time, contain any statement which, at such time, is false or misleading with respect to any material fact, or omit to state any material fact necessary in order to make the statements made therein, in light of the circumstances under which they are made, not misleading, or omit to state any material fact necessary to correct any statement in any earlier communication which has become false or misleading. Notwithstanding the foregoing, Shomiti makes no representation, warranty or covenant with respect to any information supplied by Finisar or Sub which is contained in any of the foregoing documents. The information supplied by Finisar for inclusion in the Consent Solicitation Statement shall not, on the date the Consent Solicitation Statement is first mailed to Shomiti's shareholders, nor at the Effective Time, contain any statement which, at such time, is false or misleading with respect to any material fact, or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which it is made, not false or misleading; or omit to state any material fact necessary to correct any statement in any earlier communication which has become false or misleading. Notwithstanding the foregoing, Finisar and Sub make no representation, warranty or covenant with respect to any information supplied by Shomiti which is contained in any of the foregoing documents.

(d) The Consent Solicitation Statement shall constitute a disclosure document for the offer and issuance of shares of Finisar Common Stock to be received by the holders of Shomiti Common Stock in the Merger. Finisar and Shomiti shall each use reasonable commercial efforts to cause the Consent Solicitation Statement to comply with applicable federal and state securities laws requirements. Each of Finisar and Shomiti agrees to provide promptly to the other such information concerning its business and financial statements and affairs as, in the reasonable judgment of the providing party or its counsel, may be required or appropriate for inclusion in the Consent Solicitation Statement or in any amendments or supplements thereto, and to cause its counsel and auditors to cooperate with the other's counsel and auditors in the preparation of the Consent Solicitation Statement. Shomiti will promptly advise Finisar, and Finisar will promptly advise Shomiti, in writing if at any time prior to the Effective Time either Shomiti or Finisar shall obtain knowledge of any facts that might make it necessary or appropriate to amend or supplement the solicitation statement in order to make the statements contained or incorporated by reference therein not misleading or to comply with applicable law. The Consent Solicitation Statement shall contain the unanimous recommendation of the Board of Directors of Shomiti that the shareholders of Shomiti approve the Merger and this Agreement and the unanimous conclusion of the Board of Directors that the terms and conditions of the Merger are fair and reasonable to the shareholders of Shomiti. Anything to the contrary contained herein notwithstanding, Shomiti shall not include in the solicitation statement any information with respect to Finisar or its affiliates or associates, the form and content of which information shall not have been approved by Finisar prior to such inclusion.

B 35

(e) Upon receipt of the Permit, Shomiti shall, as promptly as possible but not later than three (3) business days following the effectiveness of the Permit, submit this Agreement and the transactions contemplated hereby to the shareholders of Shomiti for approval and adoption as provided by California law and its Articles of Incorporation and Bylaws. Shomiti shall use its best efforts to solicit and obtain the consent of the shareholders of Shomiti sufficient to approve the Merger and this Agreement and to enable the Closing to occur as promptly as practicable. Shomiti shall ensure that the meeting of the shareholders of Shomiti called for the purpose of approving the Merger and this Agreement, or the solicitation of written consents of the shareholders of Shomiti without a meeting, is conducted, and that all proxies solicited by Shomiti in connection with any such meeting are solicited, in compliance with applicable law and the Shomiti charter documents. Shomiti's obligation to call, give notice of, convene and hold the shareholders' meeting, or to solicit the written consent of its shareholders without a meeting, in accordance with this Section 6.9(e) shall not be limited to or otherwise affected by the commencement, disclosure, announcement or submission to Shomiti of any Shomiti Acquisition Proposal.

(f) *Schedule 6.9 (f)* sets forth those persons who, in Shomiti's reasonable judgment are or may be "affiliates" of Shomiti within the meaning of Rule 145 (each such person a "Shomiti Affiliate"). Shomiti shall provide Finisar such information and documents as Finisar shall reasonably request for purposes of reviewing such list. Shomiti shall deliver or cause to be delivered to Finisar, promptly following the execution of this Agreement (and in any case prior to the Closing) from each of the Shomiti Affiliates, an executed Affiliate Agreement in the form attached hereto as *Exhibit B*. Finisar shall be entitled to place appropriate legends on the certificates evidencing any Finisar Common Stock to be received by such Shomiti Affiliates pursuant to the terms of this Agreement, and to issue appropriate stop transfer instructions to the transfer agent for Finisar Common Stock, consistent with the terms of such Affiliate Agreements.

(g) After the issuance of the Permit, each share of Finisar Preferred Stock to be issued hereunder shall be issued without any legend restricting the transfer of such shares except as relates to restrictions on the transfer of shares by the Shomiti Affiliates and affiliates of Finisar pursuant to Rule 144 itself or Rule 145 of the Securities Act, as applicable.

Section 6.10 *HSR Act*. Finisar and Shomiti shall promptly prepare and file Notification and Report Forms under the HSR Act with the Federal Trade Commission (the "FTC") and the Antitrust Division of the Department of Justice (the "Antitrust Division"), and respond as promptly as practicable to all inquiries received from the FTC or the Antitrust Division for additional information or documentation.

Section 6.11 *Employment Matters.*

(a) Effective on the Closing Date, William Shaw, Timothy Bean and David Langlais (the "Key Employees") will become employees of the Surviving Corporation pursuant to the terms of Employment Agreements substantially in the form *Exhibit C* hereto (collectively, the "Employment Agreements").

(b) Effective on the Closing Date, Shomiti shall use its best efforts to cause the Key Employees to enter into Noncompetition Agreements substantially in the form of *Exhibit D* hereto (collectively, the "Noncompetition Agreements").

(c) Prior to the Closing Date, Shomiti shall use its best efforts to cause the agreements referenced in *Schedule 6.11(c)* hereto and entered into by certain employees and Shomiti prior to the date hereof to be amended, effective as of the Closing Date, in accordance with the terms set forth for each such employee in such *Schedule 6.11(c)*. Such agreements, as amended, shall be referred to herein as the "Amended Employee Agreements."

B 36

(d) Prior to the Closing Date, Finisar will make offers of "at will" employment (on behalf of the Surviving Corporation) to all employees of Shomiti recommended by the Chief Executive Officer of Shomiti and set forth on *Schedule 6.11(d)* hereto, such offers to be conditioned upon the consummation of the Merger. All Shomiti employees whose employment will not be continued by the Surviving Corporation will be terminated by Shomiti prior to the Closing Date.

Section 6.12 *Stock Options.*

(a) At the Effective Time, each outstanding Shomiti Option which has not been exercised prior to the Closing, whether vested or unvested, shall be assumed by Finisar and converted into an option (an "Assumed Option") to acquire, on the same terms and conditions as were applicable under the Shomiti Option (except as otherwise provided below), such number of shares of Finisar Preferred Stock which the holder of such Shomiti Option would have been entitled to receive pursuant to the Merger pursuant to Section 2.2(c) had such holder exercised such option in full immediately prior to the Effective Time (rounded down to the nearest whole share), at a price per share (rounded up to the nearest whole cent) equal to (i) the aggregate exercise price of the Shomiti Common Stock purchasable pursuant to such Shomiti Option immediately prior to the Effective Time divided by (ii) the number of full shares of Finisar Preferred Stock purchasable pursuant to the Assumed Option.

(b) Shomiti agrees to take all actions necessary or advisable to cause all Shomiti Options to remain unchanged, including, without limitation, the vesting schedule of each Assumed Option as set forth in the option agreement for each Shomiti Option, and, except to the extent set forth in *Schedule 6.12(b)* hereto, no Shomiti Option shall be accelerated in contemplation of or as a consequence of the Merger.

(c) As soon as practicable after the Effective Time, Finisar shall deliver to the holders of Shomiti Options an appropriate notice setting forth such holders' rights pursuant thereto and the grants pursuant thereto shall continue in effect on the same terms and conditions (subject to the adjustments required by Section 6.12(a) after giving effect to the Merger). Finisar shall, to the extent required by and subject to the provisions of the Shomiti Option Plan, take such actions as may be appropriate under the Code and the regulations thereunder to cause the Assumed Options representing assumed Shomiti Options which qualified as incentive stock options immediately prior the Effective Time continue to qualify as incentive stock options after the Effective Time, to the extent permitted under the Code and the regulations thereunder.

(d) Finisar shall take all corporate action necessary to reserve for issuance a sufficient number of shares of Finisar Capital Stock for delivery upon exercise of the Assumed Options. As soon as practicable after the Effective Time, Finisar shall file a registration statement on Form S-8 (or any successor or other appropriate forms), with respect to the shares of Finisar Common Stock subject to the Assumed Options and shall use its best efforts to maintain the effectiveness of such registration statement or registration statements (and maintain the current status of the prospectus or prospectuses in connection therewith) for so long as any Assumed Options remain outstanding. With respect to those individuals who, subsequent to the Merger, will be subject to the reporting requirements under Section 16(a) of the Exchange Act, where applicable, Finisar shall administer the Assumed Options in a manner that complies with Rule 16b-3 promulgated under the Exchange Act.

(e) In addition to the Shomiti Options assumed by Finisar in the Merger, Finisar shall grant to all Shomiti employees who remain employed at the Closing new options, under a new employee stock option plan that is substantially similar to Finisar's existing employee stock option plan, to purchase shares of Finisar Preferred Stock in the amounts set forth on *Schedule 6.12(e)* hereto.

Section 6.13 *Employee Benefits*. As of the Effective Time, all Shomiti employees who continue as employees of Finisar or Shomiti ("Continuing Employees") shall be eligible to participate in those benefit plans maintained for employees of Finisar on the same terms applicable to employees of Finisar. Each Continuing Employee shall be given credit, for purposes of any service requirements for participation or vesting, for his or her continuous period of service with Shomiti.

Section 6.14 *Termination of Shomiti 401(k) Plan*. Shomiti agrees to terminate its 401(k) Plan. Prior to the Closing Date, Shomiti shall provide to Finisar executed resolutions by Shomiti's Board of Directors authorizing the termination of the 401(k) Plan and an executed amendment to the 401(k) Plan intended to assure compliance with all applicable requirements of the Code and regulations thereunder so that the tax-qualified status of Shomiti's 401(k) Plan shall be maintained at the time of termination (the form and substance of such resolutions and amendment shall be subject to review and approval of Finisar).

Section 6.15 *Forms 5500*. Shomiti agrees to file an accurate and complete Form 5500 Annual Return of Employee Benefit Plan ("Form 5500"), under the Department of Labor delinquent filer program, if available, for each benefit plan (including without limitation its 401(k) Plan) for which Shomiti has not filed a Form 5500. Prior to the Closing Date, Shomiti shall provide Finisar with documentation evidencing that each Form 5500 required to be filed has been filed, including copies of each such Form 5500 and all related correspondence to any governmental agency.

Section 6.16 *Brokers or Finders*. Each of Finisar and Shomiti represents, as to itself, its Subsidiaries and its Affiliates, that no agent, broker, investment banker, financial advisor or other firm or person is or will be entitled to any broker's or finder's fee or any other commission or similar fee in connection with any of the transactions contemplated by this Agreement, and each of Finisar and Shomiti agrees to indemnify and hold the other harmless from and against any and all claims, liabilities or obligations with respect to any other fees, commissions or expenses asserted by any person on the basis of any act or statement alleged to have been made by such party or its Affiliate.

Section 6.17 *Additional Agreements; Reasonable Efforts*. Subject to the terms and conditions of this Agreement, each of the parties agrees to use all reasonable efforts to take, or cause to be taken, all action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the transactions contemplated by this Agreement, including cooperating fully with the other party, including by provision of information. In case at any time after the Effective Time any further action is necessary or desirable to carry out the purposes of this Agreement or to vest the Surviving Corporation with full title to all properties, assets, rights, approvals, immunities and franchises of either of the Constituent Corporations, the proper officers and directors of each party to this Agreement shall take all such necessary action.

Section 6.18 *Expenses*. The parties shall each pay their own legal, accounting, financial advisory and consulting fees and other out-of-pocket expenses related to the negotiation, preparation and carrying out of this Agreement and the transactions herein contemplated. In the event the Merger is consummated, except for accounting fees and expenses of up to a maximum amount of \$100,000 (the "Shomiti Accounting Fee Deductible"), all legal, accounting, financial advisory and consulting fees and expenses incurred by Shomiti (whether paid or accrued) relating to the negotiation, preparation and carrying out of this Agreement and the transactions contemplated hereby, and obtaining all authorizations, consents, orders or approvals of, or declarations or filings with, all Governmental Entities in connection with such transactions (the "Shomiti Transaction Expenses") shall be borne by the former Shomiti Shareholders, as hereinafter provided. *Schedule 6.18* hereto sets forth Shomiti's current estimate of the total Shomiti Transaction Expenses which Shomiti expects to incur (the "Estimated Shomiti Transaction Expenses"). Shomiti shall provide an updated schedule of Estimated Shomiti Transaction Expenses not later than two (2) business days prior to the Closing (the "Shomiti Closing Transaction Expense Schedule"). The parties acknowledge that the Total Adjusted Merger

Consideration and each of the Exchange Ratios will be established on the basis of the Shomiti Closing Transaction Expense Schedule. In the event the Shomiti Transaction Expenses actually incurred by Shomiti exceed the amount shown on the Shomiti Closing Transaction Expense Schedule, Finisar shall be entitled to assert a claim against the Escrow Shares pursuant to Article IX hereof in order to recover all such additional expenses; provided, however, that in no event shall the Shomiti Shareholders be responsible for payment of the Shomiti Accounting Fee Deductible.

Section 6.19 *Warrant Exercise*. Shomiti shall exercise commercially reasonable efforts to cause all Shomiti Warrants that are outstanding as of the date hereof to be exercised, and Shomiti shall cause all Shomiti Warrants issued between the date hereof and the Closing Date, that would be outstanding at or immediately prior to the Effective Time to be exercised in full, by means of a cash exercise for shares of Shomiti Capital Stock prior to the Effective Time, and shall cause the cash exercise price therefor to be paid to Shomiti.

Section 6.20 *Audited Financial Statements.* Shomiti shall deliver to Finisar, at least five (5) business days prior to the Closing Date, its audited financial statements for the years ended October 1, 1999 and September 30, 2000, which shall have been prepared in accordance with GAAP applied on a consistent basis throughout the periods involved and present fairly in all material respects the financial position of Shomiti and the results of its operations and cash flows as of the dates and for the periods indicated therein.

Section 6.21 *Termination of Rights.* Shomiti shall use commercially reasonable efforts to cause the rights of the third parties (i) identified and set forth in Sections 2, 3 and 4 of the agreement described in *Schedule 6.21(i)* hereto, (ii) under the rights agreement described in *Schedule 6.21(ii)* hereto and (iii) under the letter agreement described in *Schedule 6.21(iii)* hereof, to be terminated, effective upon the consummation of the Merger.

In rendering such opinions, counsel may rely upon reasonable representations and certificates of Finisar, Sub, Shomiti and their respective directors and officers.

ARTICLE VIII

TERMINATION AND AMENDMENT

Section 8.1 Termination. This Agreement may be terminated at any time prior to the Effective Time (with respect to Sections 8.1(b) through 8.1(e), by written notice by the terminating party to the other party):

(a) by the mutual written consent of Finisar and Shomiti;

(b) by either Finisar or Shomiti if the Merger shall not have been consummated by April 15, 2001; provided, however, that the right to terminate this Agreement under this Section 8.1(b) shall not be available to any party whose failure to fulfill any obligation under

this Agreement has been the cause of or resulted in the failure of the Merger to occur on or before such date; and provided further, that if as of such date the waiting period (and any extension thereof) applicable to the Merger under the HSR Act shall not have been terminated or shall not have expired, Finisar or Shomiti may, by written notice to the other, elect to extend such date for up to an additional sixty (60) days;

(c) by either Finisar or Shomiti if a court of competent jurisdiction or other Governmental Entity shall have issued a nonappealable final order, decree or ruling or taken any other action, in each case having the effect of permanently restraining, enjoining or otherwise prohibiting the Merger, except, if the party relying on such order, decree or ruling or other action has not complied with its obligations under Sections 6.5 or 6.7 of this Agreement;

B 42

(d) by Finisar if the Board of Directors of Shomiti shall have withdrawn or modified its recommendation of this Agreement or the Merger for approval by the shareholders of Shomiti in a manner adverse to Finisar or shall have publicly announced or disclosed to any third party its intention to do any of the foregoing; or

(e) by Finisar or Shomiti, if there has been a material breach of any representation, warranty, covenant or agreement on the part of the other party set forth in this Agreement, which breach (i) causes the conditions set forth in Section 7.2(a) or (b) (in the case of termination by Finisar) or 7.3(a) or (b) (in the case of termination by Shomiti) not to be satisfied and (ii) shall not have been cured within ten (10) business days following receipt by the breaching party of written notice of such breach from the other party.

Section 8.2 *Effect of Termination.* In the event of termination of this Agreement as provided in Section 8.1, there shall be no liability or obligation on the part of Finisar, Shomiti, Sub or their respective officers, directors, shareholders or Affiliates, except to the extent that such termination results from the willful breach by a party of any of its representations, warranties or covenants set forth in this Agreement; provided that the provisions of Sections 6.16 and 6.18 of this Agreement and the confidentiality provisions set forth herein and in the Confidentiality Agreement shall remain in full force and effect and survive any termination of this Agreement.

Section 8.3 *Amendment.* This Agreement may be amended by the parties hereto, by action taken or authorized by their respective Boards of Directors, at any time before or after approval of the matters presented in connection with the Merger by the shareholders of Shomiti, but, after any such approval, no amendment shall be made which by law requires further approval by such shareholders without such further approval. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto.

Section 8.4 *Extension; Waiver.* At any time prior to the Effective Time, the parties hereto, by action taken or authorized by their respective Boards of Directors, may, to the extent legally allowed, (i) extend the time for the performance of any of the obligations or other acts of the other parties hereto, (ii) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant hereto and (iii) waive compliance with any of the agreements or conditions contained herein. Any agreement on the part of a party hereto to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such party.

ARTICLE IX

ESCROW AND INDEMNIFICATION

Section 9.1 *Survival of Representations and Warranties.* If the Merger occurs, all of the representations and warranties contained in this Agreement shall survive the Closing Date. No action may be brought by a member of the Finisar Group (as defined in Section 9.2) with respect to a breach of a representation or warranty under this Agreement or the transactions contemplated hereby (i) unless an Indemnification Claim is made under Section 9.3 on or before the date that is twelve (12) months following the Closing Date (the "Termination Date") or (ii) except for claims under Section 9.2(d), as allowed by law.

Section 9.2 *Indemnification by Shareholders.*

(a) Subject to the terms and conditions contained herein, Finisar, its officers, directors, employees and attorneys, all Subsidiaries and Affiliates of Finisar, and the respective officers, directors, employees and attorneys of such entities (all such persons and entities being collectively referred to as the "Finisar Group") shall be entitled to recover from the Escrow any and all losses, damages, costs and expenses (including reasonable legal fees and expenses) which any member of the Finisar Group may sustain or incur which are caused by or arise out of (i) any inaccuracy in or

B 43

breach of any of the representations, warranties or covenants made by Shomiti in this Agreement, including the Shomiti Disclosure Schedule, (ii) any Shomiti Transaction Expenses (exclusive of the Shomiti Accounting Fee Deductible) in excess of the amount set forth on the Shomiti Closing Transaction Expense Schedule and not reflected in the calculation of the applicable Exchange Ratio, or (iii) any breach of this Article IX or the Escrow Agreement (collectively, "Finisar Losses").

(b) No member of the Finisar Group shall be entitled to recover any Finisar Losses except to the extent the aggregate amount of all Finisar Losses under all claims exceeds \$100,000 (the "Deductible Amount"); provided, however, that Finisar Losses under Section 9.2(a)(ii) shall be recoverable in full without regard to the Deductible Amount.

(c) The right of a member of the Finisar Group to recover a Finisar Loss under this Article IX is subject to the condition that the Shareholders' Representative (as defined in Section 9.6) shall have received written notice of an Indemnification Claim (as defined in Section 9.3) for such Finisar Loss on or before the Termination Date.

(d) The provisions of Section 9.2(b) above and 9.5 below shall not limit, in any manner, any remedy at law or in equity to which any member of the Finisar Group shall be entitled against Shomiti or, on a joint (but not several) basis, any securityholder of Shomiti who is currently an officer or director of Shomiti or any securityholder of Shomiti that is a venture capital fund or firm that is affiliated with any such director of Shomiti as a result of willful fraud or intentional misrepresentation by Shomiti, any securityholder of Shomiti or any of their respective representatives, or any rights that Finisar may have under federal or state securities laws regarding compliance or non-compliance with the anti-fraud provisions thereof; provided, however, that liability with respect thereto shall be limited to twenty-four (24) months following the Closing Date; and provided, further, however, that in no event shall any such securityholder of Shomiti have any liability in excess of the portion of the Total Merger Shares received by such securityholder in connection with the Merger or the proceeds, if any, received by such securityholder in connection with the disposition of such Merger consideration. Notwithstanding the foregoing, nothing in this Agreement shall limit the liability in amount, indemnification period or otherwise of Shomiti or any securityholder or any of their respective representatives to the extent such securityholder knowingly participated in such fraud, intentional misrepresentation, and/or noncompliance with the anti-fraud provisions under federal or state securities laws.

(e) The amount of Finisar Losses shall be computed after giving effect to the receipt of any insurance proceeds (without any adverse effect on the premiums paid for such insurance) and tax benefits with respect thereto.

Section 9.3 *Procedures for Recovery.*

(a) As used in this Article IX, the term "Indemnitee" means the member or members of the Finisar Group seeking recovery from the Escrow.

(b) A claim for recovery from the Escrow (an "Indemnification Claim") shall be made by Indemnitee by delivery of a written notice signed by an executive officer of Finisar to the Shareholders' Representative and the Escrow Agent requesting recovery and specifying in reasonable detail the basis on which recovery is sought (and shall include relevant documentation related to the Indemnification Claim), the amount of the asserted Finisar Losses and, in the case of a Third Party Claim (as defined in Section 9.4), containing (by attachment or otherwise) such other information as Indemnitee shall have concerning such Third Party Claim.

(c) If the Indemnification Claim involves a Third Party Claim, the procedures set forth in Section 9.4 hereof shall be observed by Indemnitee and the Shareholders' Representative.

Section 9.4 *Defense of Third Party Claims.* Should any claim be made or suit or proceeding be instituted against an Indemnitee which, if prosecuted successfully, would be a matter for which such Indemnitee is entitled to recovery under this Article IX (including, without limitation, any claim by the Internal Revenue Service or the United States Department of Labor) (a "Third Party Claim"), the obligations and liabilities of the parties hereunder with respect to such Third Party Claim shall be subject to the following terms and conditions:

(a) Such Indemnitee shall give the Shareholders' Representative and the Escrow Agent written notice of any such Third Party Claim within thirty (30) days after receipt by Indemnitee of notice thereof, and the Shareholders' Representative may, subject to the prior written consent of Finisar, undertake control of the defense thereof by counsel of his own choosing reasonably acceptable to Indemnitee. Indemnitee may participate in the defense through its own counsel at its own expense. If, however, Shareholders' Representative fails or refuses to undertake the defense of such Third Party Claim within fifteen (15) days after written notice of such claim has been delivered to the Representative by Indemnitee, Indemnitee shall have the right to undertake the defense, compromise

and, subject to Section 9.5, settlement of such Third Party Claim with counsel of its own choosing. In the circumstances described in the preceding sentence, Indemnitee shall, within fifteen (15) days of its assumption of the defense of such Third Party Claim, make an Indemnification Claim as specified in Section 9.3(b), which shall be deemed an Indemnification Claim that is not a Third Party Claim for the purposes of the procedures set forth herein. Failure of Indemnitee to furnish written notice to the Shareholders' Representative or the Escrow Agent shall not release the Shomiti Shareholders from their obligations hereunder, except to the extent they are prejudiced by such failure.

(b) Indemnitee and the Shareholders' Representative shall cooperate with each other in all reasonable respects in connection with the defense of any Third Party Claim, including making available records relating to such claim and furnishing employees of Indemnitee as may be reasonably necessary for the preparation of the defense of any such Third Party Claim or for testimony as witness in any proceeding relating to such claim.

(c) No settlement by Indemnitee of a Third Party Claim shall be made without the prior written consent by or on behalf of the Shareholders' Representative, which consent shall not be unreasonably withheld or delayed. If the Shareholders' Representative has assumed the defense of a Third Party Claim as contemplated by this Section 9.4, no settlement of such Third Party Claim may be made by the Shareholders' Representative without the prior written consent by or on behalf of Indemnitee, which consent shall not be unreasonably withheld or delayed. In the event that the Shareholders' Representative has consented to the specific terms of any such settlement, including, but not limited to, the dollar amount of such settlement, neither the Shomiti Shareholders nor the Shareholders' Representative shall have any power or authority to object under the objection procedures set forth in the Escrow Agreement or any provision of this Agreement to the amount of any claim by Finisar for indemnity to the extent it is consistent with the specific terms of such settlement to which the Shareholders' Representative has consented.

Section 9.5 *Manner of Recovery.*

(a) The Escrow Shares deposited into Escrow pursuant to the Escrow Agreement in accordance with the provisions of Section 2.4 shall provide a fund against which members of the Finisar Group may assert claims under this Article IX. Except as specifically provided in Section 9.2(d), the sole recourse of any member of the Finisar Group for claims with respect to this Agreement or the transactions contemplated hereby is to the Escrow Shares.

(b) Each claim asserted pursuant to this Article IX shall be made only in accordance with the procedures set forth herein and in the Escrow Agreement, subject to the provisions of Section 9.2(d) hereof.

B 45

Section 9.6 *Appointment of Shareholders' Representative.* For purposes of this Agreement, the Shomiti Shareholders consent to the appointment of William Nieto as the representative and attorney-in-fact for and on behalf of the Shomiti Shareholders (the "Shareholders' Representative"), and to the taking by the Shareholders' Representative of any and all actions and the making of any decisions required or permitted to be taken by him under this Agreement or the Escrow Agreement, including, without limitation, the exercise of the power to (i) execute the Escrow Agreement on behalf of the Shomiti Shareholders, (ii) authorize delivery to Finisar of Escrow Shares in satisfaction of Indemnification Claims, (iii) agree to, negotiate, enter into settlements and compromises of and comply with orders of courts and awards of arbitrators with respect to such Indemnification Claims, (iv) resolve any Indemnification Claims and (v) take all actions necessary in the judgment of the Shareholders' Representative for the accomplishment of the foregoing and all of the other terms, conditions and limitations of this Agreement and the Escrow Agreement. Accordingly, the Shareholders' Representative has unlimited authority and power to act on behalf of each shareholder of Shomiti with respect to the disposition, settlement or other handling of all Indemnification Claims. With respect to any interest in the Escrow, each shareholder of Shomiti will be bound by all actions taken by the Shareholders' Representative in connection with all Indemnification Claims, and Finisar shall be entitled to rely on any action or decision of the Shareholders' Representative. The Shareholders' Representative will incur no liability with respect to any action taken or suffered by him in reliance upon any notice, direction, instruction, consent, statement or other document believed by him to be genuine and to have been signed by the proper person (and shall have no responsibility to determine the authenticity thereof), nor for any other action or inaction, except his own willful misconduct or bad faith. In all questions arising under this Agreement or the Escrow Agreement, the Shareholders' Representative may rely on the advice of counsel, and the Shareholders' Representative will not be liable to anyone for anything done, omitted or suffered in good faith by the Shareholders' Representative based on such advice. Except as expressly provided herein, the Shareholders' Representative will not be required to take any action involving any expense (including consultation of his legal counsel) unless the payment of such expense is made or provided for in a manner satisfactory to him. AGREEMENT AND PLAN OF REORGANIZATION

THIS SECOND AMENDED AND RESTATED AGREEMENT AND PLAN OF REORGANIZATION (the "Agreement") is made and entered into as of March 19, 2001, by and among Finisar Corporation, a Delaware corporation ("Finisar"), Transwave Fiber, Inc., a California corporation ("Transwave"), and Forrest Duan, Pin He and Yan Zhou, certain major shareholders of Transwave (the "Principal Shareholders").

RECITALS

WHEREAS, the Boards of Directors of Finisar and Transwave deem it advisable and in the best interests of each corporation and its respective shareholders that Finisar and Transwave combine in order to advance the long-term business interests of Finisar and Transwave;

WHEREAS, Finisar, Transwave and the Principal Shareholders entered into an Agreement and Plan of Reorganization dated November 20, 2000 (the "Original Reorganization Agreement");

WHEREAS, Finisar, Transwave and the Principal Shareholders amended the Original Reorganization Agreement by entering into an Amended and Restated Agreement and Plan of Reorganization dated February 14, 2001 (the "Amended Reorganization Agreement");

WHEREAS, Finisar, Transwave and the Principal Shareholders desire to further amend and restate the Amended Reorganization Agreement;

WHEREAS, the combination of Finisar and Transwave shall be effected by the terms of this Agreement through a transaction (the "Merger") in which Transwave will merge with and into Finisar and the shareholders of Transwave will become shareholders of Finisar; and

WHEREAS, for federal income tax purposes, it is intended that the Merger shall qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended (the "Code").

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants and agreements set forth below, the parties agree as follows:

ARTICLE I

THE MERGER

Section 1.1 *Effective Time of the Merger.* Subject to the provisions of this Agreement, an Agreement and Plan of Merger (the "Agreement of Merger") in such form as is required by the relevant provisions of the California General Corporation Law ("GCL") shall be duly prepared, executed and acknowledged by Transwave and by Finisar as the Surviving Corporation (as defined in Section 1.3(a)) and delivered to the California Secretary of State for filing, along with certificates of officers (the "Officers' Certificates") of the Constituent Corporations (as defined in Section 1.3(a)), as soon as practicable on or after the Closing Date (as defined in Section 1.2). The Merger shall become effective upon the filing of the Agreement of Merger and the Officers' Certificates with the California Secretary of State (the "Effective Time").

Section 1.2 *Closing.* The closing of the Merger (the "Closing") will take place at 1:00 p.m., Pacific Time, on a date to be specified by Finisar and Transwave (the "Closing Date"), which shall be no later than the second business day after satisfaction of the latest to occur of the conditions set forth in Sections 7.1, 7.2(b) (other than the delivery of the officers' certificate referred to therein) and 7.3(b) (other than the delivery of the officers' certificate referred to therein), provided that the other closing conditions set forth in Article VII have been met or waived as provided in Article VII at or prior to

C 5

the Closing, at the offices of Gray Cary Ware & Freidenrich LLP, 400 Hamilton Avenue, Palo Alto, CA 94301 unless another date or place is agreed to in writing by Finisar and Transwave.

Section 1.3 *Effects of the Merger.*

(a) At the Effective Time (i) the separate existence of Transwave shall cease, and Transwave shall be merged with and into Finisar (the "Surviving Corporation"), (ii) the Certificate of Incorporation of Finisar shall be the Certificate of Incorporation of the Surviving Corporation, and (iii) the Bylaws of Finisar as in effect immediately prior to the Effective Time shall be the Bylaws of the Surviving Corporation. (Finisar and Transwave are sometimes referred to herein as the "Constituent Corporations.")

(b) At and after the Effective Time, the Surviving Corporation shall possess all the rights, privileges, powers and franchises of a public as well as of a private nature, and be subject to all the restrictions, disabilities and duties of each of the Constituent Corporations; and all and singular rights, privileges, powers and franchises of each of the Constituent Corporations, and all property, real, personal and mixed, and all debts due to either of the Constituent Corporations on whatever account, as well as for stock

subscriptions and all other things in action or belonging to each of the Constituent Corporations, shall be vested in the Surviving Corporation, and all property, rights, privileges, powers and franchises, and all and every other interest shall be thereafter as effectually the property of the Surviving Corporation as they were of the Constituent Corporations, and the title to any real estate vested by deed or otherwise, in either of the Constituent Corporations, shall not revert or be in any way impaired but all rights of creditors and all liens upon any property of either of the Constituent Corporations shall be preserved unimpaired, and all debts, liabilities and duties of the Constituent Corporations shall thereafter attach to the Surviving Corporation, and may be enforced against it to the same extent as if such debts and liabilities had been incurred by it.

Section 1.4 *Directors and Officers*. The initial directors and officers of the Surviving Corporation shall be the directors and officers of Finisar, each of whom will hold office in accordance with the Certificate of Incorporation and Bylaws of the Surviving Corporation, in each case until their respective successors are duly elected or appointed.

Section 2.2 *Conversion of Capital Stock.* As of the Effective Time, by virtue of the Merger and without any action on the part of the holder of any shares of capital stock of Transwave or capital stock of Finisar:

(a) *Capital Stock of Finisar.* Each issued and outstanding share of the capital stock of Finisar shall remain outstanding and shall not be affected by the Merger.

(b) *Exchange Ratio for Transwave Capital Stock.* Subject to Sections 2.4 and 2.5, each issued and outstanding share of Transwave Common Stock and Transwave Preferred Stock shall be converted into the right to receive that number of fully paid and nonassessable shares of Finisar Preferred Stock determined by dividing the Total Stock Consideration by the sum of (A) the Outstanding Transwave Shares and (B) the number of shares subject to Transwave Options (the "Exchange Ratio"). The Exchange Ratio is subject to adjustment, as provided in Section 6.15. All such shares of Transwave capital stock, when so converted, shall no longer be outstanding and shall automatically be cancelled and retired and shall cease to exist, and each holder of a certificate representing any such shares shall cease to have any rights with respect thereto, except the right to receive the shares of Finisar Preferred Stock and any cash in lieu of fractional shares of Finisar Preferred Stock to be issued or paid in consideration therefor upon the surrender of such certificate in accordance with Section 2.4, without interest. The Transwave Common Stock and Transwave Preferred Stock is sometimes referred to herein as Transwave Capital Stock.

(c) *Transwave Stock Options.* At the Effective Time, all then outstanding options to purchase Transwave Common Stock (the "Transwave Options") issued under Transwave's 2000 Stock Option Plan (the "Transwave Option Plan") not exercised as of the Effective Time will be assumed by Finisar and converted into Assumed Options in accordance with Section 6.10.

Section 2.3 *Criteria For Determining Achievement of Milestones.* The achievement of each of the Milestones shall be determined on the basis of the criteria set forth in the Transwave Operating Plan.

C 7

Section 2.4 *Exchange of Certificates.* The procedures for exchanging outstanding shares of Transwave Capital Stock for Finisar Preferred Stock pursuant to the Merger are as follows:

(a) *Exchange Agent.* At the Effective Time, Finisar shall cause to be deposited with an exchange agent designated by Finisar (the "Exchange Agent"), for the benefit of the holders of shares of Transwave Capital Stock, for exchange in accordance with this Section 2.4, through the Exchange Agent, (i) certificates representing the Finisar Preferred Stock issuable and payable to the holders of Transwave Capital Stock pursuant to Section 2.2 and (ii) certificates representing the Performance Shares, issuable and deliverable to the Escrow Agent pursuant to Section 2.5 (such shares of Finisar Preferred Stock deposited with the Exchange Agent, together with any dividends or distributions with respect thereto, being hereinafter referred to as the "Exchange Fund"), in exchange for outstanding shares of Transwave Capital Stock.

(b) *Exchange Procedures.* At the Closing or within ten (10) days thereafter, Finisar shall provide to each holder of record of a certificate or certificates which immediately prior to the Effective Time represented outstanding shares of Transwave Capital Stock (each a "Certificate," and collectively, the "Certificates") whose shares were converted pursuant to Section 2.2 into the right to receive shares of Finisar Preferred Stock (i) a letter of transmittal, which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates to the Exchange Agent and shall be in such form and have such other provisions as Finisar and Transwave may reasonably specify, and (ii) instructions for use in effecting the surrender of the Certificates in exchange for certificates representing shares of Finisar Preferred Stock. Upon surrender of a Certificate for cancellation to the Exchange Agent or to such other agent or agents as may be appointed by Finisar, together with a duly executed letter of transmittal, the holder of such Certificate shall be entitled to receive in exchange therefor a certificate representing the number of whole Firm Merger Shares and Restricted Shares which such holder has the right to receive pursuant to the provisions of Section 2.2(b). Certificates representing the number of whole Performance Shares which such holder has the right to receive shall be

placed in escrow pursuant to Section 2.5. The Certificate so surrendered shall immediately be canceled. In the event of a transfer of ownership of Transwave Capital Stock which is not registered in the transfer records of Transwave, a certificate representing the shares of Finisar Preferred Stock to which the holder is entitled may be issued to a transferee if the Certificate representing such Transwave Capital Stock is presented to the Exchange Agent accompanied by all documents required to evidence and effect such transfer and by evidence that any applicable stock transfer taxes have been paid. Until surrendered as contemplated by this Section 2.4, each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the certificates representing shares of Finisar Preferred Stock and cash in lieu of any fractional shares of Finisar Preferred Stock as contemplated by this Section 2.4.

(c) *Distributions with Respect to Unexchanged Shares.* No dividends or other distributions declared or made after the Effective Time with respect to Finisar Preferred Stock with a record date after the Effective Time shall be paid to the holder of any unsurrendered Certificate with respect to the shares of Finisar Preferred Stock represented thereby and no cash payment in lieu of fractional shares payable to any such holder pursuant to subsection (e) below shall be paid until the holder of record of such Certificate shall surrender such Certificate. Subject to the effect of applicable laws, following surrender of any such Certificate, there shall be paid to the record holder of the certificates representing whole shares of Finisar Preferred Stock issued in exchange therefor, without interest, (i) the amount of any cash payable in lieu of a fractional share of Finisar Preferred Stock to which such holder is entitled pursuant to subsection (e) below and the amount of dividends or other distributions with a record date after the Effective Time previously paid with respect to such whole shares of Finisar Preferred Stock, and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective

C 8

Time but prior to surrender and a payment date subsequent to surrender payable with respect to such whole shares of Finisar Preferred Stock.

(d) *No Further Ownership Rights in Transwave Capital Stock.* All shares of Finisar Preferred Stock issued and paid upon the surrender for exchange of shares of Transwave Capital Stock in accordance with the terms hereof (and any cash paid pursuant to subsection (e) of this Section 2.4) shall be deemed to have been issued and paid in full satisfaction of all rights pertaining to such shares of Transwave Capital Stock, and there shall be no further registration of transfers on the stock transfer books of the Surviving Corporation of the shares of Transwave Capital Stock which were outstanding immediately prior to the Effective Time. If, after the Effective Time, Certificates are presented to the Surviving Corporation for any reason, they shall be canceled and exchanged as provided in this Section 2.4.

(e) *No Fractional Shares.* No certificate or scrip representing fractional shares of Finisar Preferred Stock shall be issued upon the surrender for exchange of Certificates, and such fractional share interests will not entitle the owner thereof to vote or to any rights of a shareholder of Finisar. Notwithstanding any other provision of this Agreement, each holder of shares of Transwave Preferred Stock exchanged pursuant to the Merger who would otherwise have been entitled to receive a fraction of a share of Finisar Preferred Stock (after taking into account all Certificates delivered by such holder) shall receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of Finisar Preferred Stock multiplied by the product of the Finisar Share Price and the Finisar Series A Conversion Rate.

(f) *Termination of Exchange Fund.* Any portion of the Exchange Fund which remains undistributed to the shareholders of Transwave after one year after the Effective Time shall be delivered to Finisar, upon demand, and any shareholders of Transwave who have not previously complied with this Section 2.4 shall thereafter look only to Finisar for payment of their claim for Finisar Capital Stock, any cash in lieu of fractional shares of Finisar Capital Stock, and any dividends or distributions with respect to Finisar Capital Stock.

(g) *No Liability.* Neither Finisar nor Transwave shall be liable to any holder of shares of Transwave Capital Stock or Finisar Capital Stock, as the case may be, for such shares (or dividends or distributions with respect thereto) delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

(h) *Lost Certificates.* In the event any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such Certificate to be lost, stolen or destroyed, Finisar shall issue in exchange for such lost, stolen or destroyed Certificate the shares of Finisar Capital Stock issuable in exchange therefor pursuant to the provisions of this Article II, together with cash, if any, in lieu of fractional shares in accordance with Section 2.4(e) hereof. The Board of Directors of Finisar may in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed Certificate to provide to Finisar an indemnity agreement against any claim that may be made against Finisar with respect to the Certificate alleged to have been lost, stolen or destroyed.

Section 2.5 *Escrow.*

(a) At the Closing, the Exchange Agent will deposit into escrow (the "Escrow") certificates representing the Performance Shares issued in the Merger (the "Escrow Shares"). The Escrow Shares shall be held by U.S. Bank Trust, National Association or such other financial institution as Finisar and Transwave shall mutually determine (the "Escrow Agent") in accordance with and subject to the provisions of an Escrow Agreement substantially in the form of *Exhibit B* hereto (the "Escrow Agreement").

C 9

(b) Within ten (10) days following the first anniversary of the Closing Date (or at such later date as determined pursuant to the Transwave Operating Plan), one-third of the Escrow Shares shall be released from the Escrow and delivered to the persons who held shares of Transwave Capital Stock immediately prior to the Effective Time, on a pro rata basis, if the First-Year Milestones have been achieved prior to such date. Within ten (10) days following the second anniversary of the Closing Date, (or at such later date as determined pursuant to the Transwave Operating Plan), two-thirds of the Escrow Shares (less the number of Escrow Shares, if any, previously released) shall be released from the Escrow and delivered to the former shareholders of Transwave, on a pro rata basis, if the Second-Year Milestones have been achieved prior to such date. Within ten (10) days following the third anniversary of the Closing Date, the balance of the Escrow Shares shall be released from the Escrow and delivered to the former shareholders of Transwave, on a pro rata basis, if the Third-Year Milestones have been achieved prior to such date.

(c) Notwithstanding the foregoing, the portion of the Escrow Shares specified in Section 9.2(b) shall be subject to claims of indemnification under Article IX of this Agreement and the procedures specified in the Escrow Agreement. Subject to the provisions of Section 9.2(d), the sole recourse for indemnification claims under Article IX shall be limited to such portion of the Escrow Shares.

Section 2.6 *Restricted Shares.* The Restricted Shares shall be subject to a lock-up agreement which restricts the transfer of the Restricted Shares during the period ending on the first anniversary of the Closing Date. As to those Restricted Shares issued to the Principal Shareholders and the holders of Transwave Preferred Stock, (a) one-half of such Restricted Shares shall be released from the transfer restrictions on the one-hundred-eightieth day following the Closing Date and (b) all of the Restricted Shares shall be released from the transfer restrictions on the first anniversary of the Closing Date. As to those Restricted Shares issued to the holders of Transwave Common Stock (other than Principal Shareholders), one-half of the Restricted Shares shall not be subject to any transfer restrictions and one-half of the Restricted Shares shall be released from the transfer restrictions on the one-hundred-eightieth day following the Closing Date. As a condition to the delivery of the Restricted Shares, each shareholder must execute and deliver a Lock-Up Agreement in substantially the form attached hereto as *Exhibit C-1* or *Exhibit C-2*, as appropriate.

Section 2.7 *Dissenters' Rights.* In the event the Merger becomes effective without the approval of the holders of 100% of the outstanding shares of Transwave Common Stock, any shares of Transwave Common Stock held by shareholders who properly exercise and perfect the dissenters' rights set forth in Chapter 13 of the GCL ("Dissenting Shares") shall not be converted pursuant to Section 2.2, but shall instead be converted into the right to receive such consideration as may be determined to be due with respect to such Dissenting Shares pursuant to the provisions of the GCL. Finisar shall have the right to control all negotiations and proceedings with respect to the determination of the fair value of the Transwave Common Stock. Transwave agrees that, without the prior written consent of Finisar or as required under the GCL, it will not voluntarily make any payment with respect to, or determine or offer to determine, the fair value of the Transwave Common Stock. Each holder of Dissenting Shares (a "Dissenting Shareholder") who, pursuant to the provisions of the GCL, becomes entitled to payment of the fair value of Transwave Common Stock shall receive payment therefor (but only after the fair value therefor shall have been agreed upon or finally determined pursuant to the provisions of the GCL). In the event that any holder of Transwave Common Stock fails to make an effective demand for payment or otherwise loses his, her or its status as a Dissenting Shareholder, Finisar shall, as of the later of the Effective Time or the occurrence of such event, issue and deliver, upon surrender by such Dissenting Shareholder of his, her or its Certificate(s), the shares of Finisar Capital Stock and cash, including any cash payment in lieu of fractional shares, in each case without interest thereon, to which such Dissenting Shareholder would have been entitled under Section 2.2.

C 10

Section 2.8 *Conversion of Finisar Preferred Stock.* Prior to the Closing, Finisar shall file a Certificate of Designation to its Certificate of Incorporation in substantially the form attached hereto as *Exhibit I* for the purpose of establishing and designating the rights and preferences of the Finisar Preferred Stock to be issued pursuant to Section 2.2 hereof, including the automatic conversion of the Finisar Preferred Stock into Finisar Common Stock immediately upon the filing of a certificate of amendment to Finisar's Certificate of Incorporation to increase the authorized shares of Finisar Common Stock to a number of shares sufficient to create a reserve of Finisar Common Stock to allow for the conversion of the Finisar Preferred Stock to be issued in the Merger into Finisar Common Stock on a three-for-one basis, subject to adjustment for stock splits, combinations, stock dividends and the like (the "Automatic Conversion").

Section 2.9 *Representations, Warranties, Covenants and Agreements.* Solely for the purposes of Articles III, IV, V, VI, and VII hereof, the Transwave Disclosure Schedule and the Finisar Disclosure Schedule (as each is defined herein), the representations and warranties, covenants, agreements and all other provisions contained therein shall be deemed to have been made and entered into as of November 20, 2000 and the phrases "the date hereof" and "the date of this Agreement" therein shall mean November 20, 2000.

C 11

ARTICLE III

REPRESENTATIONS AND WARRANTIES OF TRANSWAVE

Except as disclosed in the disclosure schedule provided to Finisar on or before the date of this Agreement (the "Transwave Disclosure Schedule"), Transwave and each of the Principal Shareholders, jointly and severally, represent and warrant to Finisar as follows:

Section 3.1 *Organization, Standing and Power.* Transwave is a corporation duly organized, validly existing and in good standing under the laws of the State of California, has all requisite corporate power to own, lease and operate its properties and to carry on its business as currently being conducted and as currently proposed to be conducted, and is duly qualified to transact business and is in good standing in each jurisdiction in which the nature of its operations requires such qualification, except where the failure to so qualify has not and will not have a Material Adverse Effect (as defined in Section 10.2(a)) on Transwave. Transwave has delivered true and correct copies of the Articles of Incorporation and Bylaws of Transwave, each as amended to date, to Finisar. Transwave is not in violation of any of the provisions of its Articles of Incorporation, Bylaws or other charter documents. Except as set forth in the Transwave Disclosure Schedule, Transwave does not directly or indirectly own any equity or similar interest in, or any interest convertible or exchangeable or exercisable for any equity or similar interest in, any corporation, partnership, joint venture or other business association or entity. Copies of the charter documents of each of the entities listed on the Transwave Disclosure Schedule in which Transwave owns an equity interest, each as amended to date, have been provided to Finisar.

Section 3.2 *Transwave Capital Structure.*

(a) The authorized capital stock of Transwave consists of 19,772,000 shares of Transwave Common Stock and 7,982,000 shares of Transwave Preferred Stock, consisting of 7,442,000 shares of Series A Preferred Stock and 540,000 shares of Series B Preferred Stock. As of the date hereof, 8,250,000 shares of Transwave Common Stock, 7,442,000 shares of Transwave Series A Preferred Stock and 540,000 shares of Transwave Series B Preferred Stock are issued and outstanding and held of record by those persons set forth in the Transwave Disclosure Schedule. All such outstanding shares of Transwave Capital Stock have been duly authorized and validly issued, are fully paid and nonassessable, have been issued in compliance, in all material respects, with all applicable federal and state securities laws, and are not subject to any preemptive rights or rights of first refusal created by statute, the charter documents of Transwave or any agreement to which Transwave is a party or by which it is bound. As of the date hereof, 3,540,000 shares of Transwave Common Stock are reserved for issuance under the Transwave Option Plan, of which an aggregate of 3,403,400 shares are subject to outstanding options held by those persons set forth in the Transwave Disclosure Schedule.

(b) Except as set forth in this Section 3.2 or the Transwave Disclosure Schedule, there are (i) no equity securities of any class of Transwave, or any securities exchangeable into or exercisable for such equity securities, issued, reserved for issuance, or outstanding and (ii) no outstanding subscriptions, options, warrants, puts, calls, rights, or other commitments or agreements of any character to which Transwave is a party or by which it is bound obligating Transwave to issue, deliver, sell, repurchase or redeem, or cause to be issued, delivered, sold, repurchased or redeemed, any equity securities of Transwave or obligating Transwave to grant, extend, accelerate the vesting of, change the exercise price of, or otherwise amend or enter into any such option, warrant, call, right, commitment or agreement. There are no contracts, commitments or agreements relating to voting, purchase or sale of Transwave's capital stock (i) between or among Transwave and any of its shareholders or (ii) to Transwave's knowledge, between or among any of Transwave's shareholders.

C 12

Section 3.3 *Authority; Required Filings and Consents.*

(a) Transwave has all requisite corporate power and authority to execute and deliver this Agreement and all other documents required to be executed and delivered by Transwave hereunder, including the Agreement of Merger (collectively, the "Transaction Documents"), and to consummate the transactions contemplated hereby and thereby. The execution and delivery of this Agreement and the other Transaction Documents to which Transwave is or will be a party and the consummation of the transactions contemplated

hereby and thereby have been duly authorized by all necessary corporate action on the part of Transwave, subject only to the approval of the Merger by Transwave's shareholders as required by the GCL. This Agreement and the other Transaction Documents to which Transwave is a party have been or will be duly executed and delivered by Transwave and constitute or will constitute the valid and binding obligations of Transwave, enforceable against Transwave in accordance with their respective terms, except as such enforceability may be limited by (i) bankruptcy, insolvency, moratorium or other similar laws affecting or relating to creditors' rights generally, and (ii) general principles of equity.

(b) The execution and delivery by Transwave of this Agreement and the other Transaction Documents to which it is or will be a party do not, and the consummation of the transactions contemplated hereby and thereby will not, (i) conflict with, or result in any violation or breach of any provision of, the Articles of Incorporation or Bylaws of Transwave, (ii) result in any violation or breach of or constitute (with or without notice or lapse of time, or both) a default under, or give rise to a right of termination, cancellation or acceleration of any material obligation or loss of any material benefit under, any note, mortgage, indenture, lease, contract or other agreement or obligation to which Transwave is a party or by which Transwave or any of its properties or assets may be bound, or (iii) conflict with or violate any material permit, concession, franchise, license, judgment, order, decree, statute, law, ordinance, rule or regulation applicable to Transwave or any of its properties or assets.

(c) No consent, approval, order or authorization of, or registration, declaration or filing with, any court, administrative agency or commission or other governmental authority or instrumentality ("Governmental Entity") is required by or with respect to Transwave in connection with the execution and delivery of this Agreement or the consummation of the transactions contemplated hereby, except for (i) the filing of the Agreement of Merger and Officer's Certificates with the California Secretary of State in accordance with the GCL, (ii) such consents, approvals, orders, authorizations, registrations, declarations and filings as may be required under applicable federal and state securities laws, and (iii) such other consents, authorizations, filings, approvals and registrations which, if not obtained or made, would not have a Material Adverse Effect on Transwave and would not prevent or materially alter or delay any of the transactions contemplated by this Agreement.

Section 3.4 *Financial Statements.* Transwave has delivered to Finisar its unaudited financial statements, including statements of operations and cash flows for the nine-month period ended September 30, 2000 and a balance sheet as of September 30, 2000 (the "Balance Sheet Date") (collectively, the "Transwave Financial Statements"). The Transwave Financial Statements were prepared in accordance with generally accepted accounting principles ("GAAP") applied on a consistent basis throughout the periods involved, except that the unaudited Transwave Financial Statements do not contain footnotes. The Transwave Financial Statements present fairly in all material respects the financial position of Transwave as of the respective dates and the results of its operations and cash flows for the periods indicated, subject, in the case of unaudited financial statements, to normal year-end audit adjustments. Transwave maintains, and until the Effective Time will continue to maintain, a standard system of accounting established and administered in accordance with GAAP.

C 13

Section 3.5 *Absence of Undisclosed Liabilities.* Transwave does not have any liabilities, either accrued or contingent (whether or not required to be reflected in financial statements in accordance with GAAP), and whether due or to become due, other than (i) liabilities reflected or provided for on the balance sheet as of the Balance Sheet Date (the "Transwave Balance Sheet") contained in the Transwave Financial Statements, (ii) liabilities contemplated by this Agreement or described in the Transwave Disclosure Schedule, and (iii) normal or recurring liabilities incurred since the Balance Sheet Date in the ordinary course of business consistent with past practices.

Section 3.6 *Accounts Receivable.* The accounts receivable shown on the Transwave Balance Sheet arose in the ordinary course of business and have been collected or are collectible in the book amounts thereof, less an amount not in excess of the allowance for doubtful accounts and returns provided for in the Transwave Balance Sheet. The accounts receivable of Transwave arising after the Balance Sheet Date and prior to the Closing Date arose, or will arise, in the ordinary course of business and have been collected or will be collectible in the book amounts thereof, less allowances for doubtful accounts and returns determined in accordance with GAAP and the past practices of Transwave. None of such accounts receivable is subject to any claim of offset or recoupment or counterclaim, and Transwave has no knowledge of any specific facts that would be likely to give rise to any such claim. No amount of such accounts receivable is contingent upon the performance by Transwave of any obligation and no agreement for deduction or discount has been made with respect to any such accounts receivable.

Section 3.7 *Inventories.* The inventories shown on the Transwave Balance Sheet or thereafter acquired by Transwave consist of items of a quantity and quality usable or salable in the ordinary course of business. Since the Balance Sheet Date, Transwave has continued to replenish inventories in a normal and customary manner consistent with past practices. Transwave has not received notice that it will experience in the foreseeable future any difficulty in obtaining, in the desired quantity and quality and at a reasonable price and upon reasonable terms and conditions, the supplies or component products required for the manufacture, assembly or production of its products. The value at which inventories are carried reflect the inventory valuation policy of Transwave, which is consistent with its past practice and in accordance with GAAP. Due provision has been made on the books of Transwave, consistent with past practices, to provide for all slow-moving, obsolete, or unusable inventories at their estimated useful or scrap values, and such inventory reserves are adequate to provide for such slow-moving,

obsolete or unusable inventory and inventory shrinkage.

Section 3.8 *Absence of Certain Changes or Events*. Since the Balance Sheet Date, Transwave has conducted its business in the ordinary course and in a manner consistent with past practices and, since such date, Transwave has not:

- (b) suffered any damage, destruction or loss, whether covered by insurance or not, having a material adverse effect on its properties or business;
- (c) granted any material increase in the compensation payable or to become payable by Transwave to its officers or employees;
- (d) declared, set aside or paid any dividend or made any other distribution on or in respect of the shares of its capital stock or declared any direct or indirect redemption, retirement, purchase or other acquisition of such shares;
- (e) issued any shares of its capital stock or any warrants, rights, or options for, or entered into any commitment relating to such capital stock, other than shares of Transwave Common Stock issued upon exercise of options outstanding under the Transwave Option Plans as of the date of this Agreement;

- (h) sold, assigned, transferred, licensed or otherwise disposed of any patent, trademark, trade name, brand name, copyright (or pending application for any patent, trademark or copyright), invention, work of authorship, process, know-how, formula or trade secret or interest thereunder or other material intangible asset;
- (i) entered into any material commitment or transaction (including, without limitation, any borrowing or capital expenditure) other than in the ordinary course of business;
- (j) incurred any material liability, except in the ordinary course of business and consistent with past practice;
- (k) permitted or allowed any of its property or assets to be subjected to any mortgage, deed of trust, pledge, lien, security interest or other encumbrance of any kind, except for liens for current taxes not yet due and purchase money security interests incurred in the ordinary course of business;
- (l) made any capital expenditure or commitment for additions to property, plant or equipment individually in excess of \$10,000, or, in the aggregate, in excess of \$50,000;
- (m) paid, loaned or advanced any amount to, or sold, transferred or leased any properties or assets to, or entered into any agreement or arrangement with, any of its officers, directors or shareholders or any affiliate of any of the foregoing, other than employee compensation and benefits and reimbursement of employment related business expenses incurred in the ordinary course of business;
- (n) agreed to take any action described in this Section 3.8 or which would constitute a breach of any of the representations or warranties of Transwave contained in this Agreement; or
- (o) taken any other action that would have required the consent of Finisar pursuant to Section 5.1 of this Agreement (and which has not been obtained) had such action occurred after the date of this Agreement.

Section 3.9 *Taxes*.

Edgar Filing: FINISAR CORP - Form DEF 14A

(a) For purposes of this Agreement, a "Tax" or, collectively, "Taxes," means any and all federal, state and local taxes of any country, assessments and other governmental charges, duties, impositions and liabilities, including taxes based upon or measured by gross receipts, income, profits, sales, use and occupation, and value added, ad valorem, transfer, franchise, withholding, payroll, recapture, employment, excise and property taxes, together with all interest, penalties and additions imposed with respect to such amounts and any obligations under any agreements or arrangements with any other person with respect to such amounts and including any liability for taxes of a predecessor entity.

C 15

(c) Transwave, as of the Closing Date, (i) will have paid all Taxes it is required to pay prior to the Closing Date and (ii) will have withheld with respect to its employees all Taxes required to be withheld.

(d) Transwave has not been delinquent in the payment of any Tax. There is no Tax deficiency outstanding or assessed or proposed against Transwave that is not reflected as a liability on the Transwave Balance Sheet or set forth on the Transwave Disclosure Schedule, nor has Transwave executed any agreements or waivers extending any statute of limitations on or extending the period for the assessment or collection of any Tax.

(e) The amount of Transwave's liability for unpaid Taxes (whether actual or contingent) for all periods through the date hereof and the Closing Date does not and will not, in the aggregate, exceed the amount of the current liability accruals for Taxes (excluding reserves for deferred Taxes) reflected on the Transwave Balance Sheet (other than Taxes which have accrued after the date of such Transwave Balance Sheet).

(f) Transwave is not a party to any tax-sharing agreement or similar arrangement with any other party, and Transwave has not assumed or agreed to pay any Tax obligations of, or with respect to any transaction relating to, any other person or agreed to indemnify any other person with respect to any Tax.

(g) Transwave's Returns have never been audited by a government or taxing authority, nor is any such audit in process or pending, and Transwave has not been notified of any request for such an audit or other examination.

(i) Transwave has made available to Finisar copies of all Returns filed for all periods since its inception.

(j) Transwave has never filed any consent agreement under Section 341(f) of the Code or agreed to have Section 341(f)(4) apply to any disposition of assets owned by Transwave.

(k) Transwave is not a party to any contract, agreement, plan or arrangement, including but not limited to the provisions of this Agreement, covering any employee or former employee of Transwave that, individually or collectively, could give rise to the payment of any amount that would not be deductible pursuant to Sections 280G, 404 or 162(m) of the Code by Transwave or Sub as an expense under applicable law.

(l) Transwave has not constituted either a "distributing corporation" or a "controlled corporation" in a distribution of stock qualifying for tax-free treatment under Section 355 of the Code (i) in the two years prior to the date of this Agreement or (ii) in a distribution which could otherwise constitute part of a "plan" or "series of related transactions" (within the meaning of Section 355(e) of the Code) in conjunction with the Merger.

(m) Transwave has not agreed to make, nor is it required to make, any adjustment under Section 481 of the Code by reason of any change in accounting method.

(n) None of Transwave's assets is treated as "tax-exempt use property," within the meaning of Section 168(h) of the Code.

(o) Transwave is not, nor has it been, a "reporting corporation" subject to the information reporting and record maintenance requirements of Section 6038A of the Code and the regulations thereunder.

C 16

(p) Transwave has never been a party to any joint venture, partnership or other agreement that could be treated as a partnership for Tax purposes.

(q) There are (and immediately following the Effective Time there will be) no liens, pledges, charges, claims, restrictions on transfer, mortgages, security interests or other encumbrances of any sort (collectively, "Liens") on the assets of Transwave relating to or attributable to Taxes, other than Liens for Taxes not yet due and payable.

Section 3.10 *Tangible Assets and Real Property.*

(a) Transwave owns or leases all tangible assets and properties which are material to the conduct of its business as currently conducted or which are reflected on the Transwave Balance Sheet or acquired since the Balance Sheet Date (the "Material Tangible Assets"). The Material Tangible Assets are in good operating condition and repair. Transwave has good and marketable title to all Material Tangible Assets that it owns (except properties, interests in properties and assets sold or otherwise disposed of since the Transwave Balance Sheet Date in the ordinary course of business), free and clear of all Liens, except for Liens for current taxes not yet due and payable. Assuming the due execution and delivery thereof by the other parties thereto, all leases of Material Tangible Assets to which Transwave is a party are in full force and effect and valid, binding and enforceable in accordance with their respective terms, except as such enforceability may be limited by (i) bankruptcy, insolvency, moratorium or other similar laws affecting or relating to creditors' rights generally, and (ii) general principles of equity. The Transwave Disclosure Schedule sets forth a true and correct list of all such leases, and true and correct copies of all such leases have been provided to Finisar.

(b) Transwave owns no real property. The Transwave Disclosure Schedule sets forth a true and complete list of all real property leased by Transwave. Assuming the due execution and delivery thereof by the other parties thereto, all such real property leases are in full force and effect and valid, binding and enforceable in accordance with their respective terms, except as such enforceability may be limited by (i) bankruptcy, insolvency, moratorium or other similar laws affecting or relating to creditors' rights generally, and (ii) general principles of equity. True and correct copies all such of real property leases have been provided to Finisar.

Section 3.11 *Intellectual Property.*

(a) Transwave owns, or is licensed or otherwise possesses legally enforceable rights to use, all patents, trademarks, trade names, service marks, copyrights and mask works, and any applications for and registrations of such patents, trademarks, trade names, service marks, copyrights and mask works and all processes, formulas, methods, schematics, technology, know-how, computer software programs or applications and tangible or intangible proprietary information or material that are necessary to conduct the business of Transwave as currently being conducted, or as currently proposed to be conducted (all of which are referred to as the "Transwave Intellectual Property Rights"), free and clear of all Liens. The foregoing representation as it relates to Licensed Intellectual Property (as defined below) is limited to Transwave's interest pursuant to licenses from third parties, each of which is in full force and effect, is valid, binding and enforceable and grants Transwave such rights to such intellectual property as are necessary to the business of Transwave as currently conducted or currently proposed to be conducted.

(b) The Transwave Disclosure Schedule contains an accurate and complete list of (i) all patents, patent applications, trademarks, trade names, service marks and registered copyrights and applications therefor included in the Transwave Intellectual Property Rights, including the jurisdictions in which each such Transwave Intellectual Property Right has been issued or registered or in which any such application for such issuance or registration has been filed, (ii) all licenses, sublicenses, distribution agreements, options, rights (including marketing rights), and other

Edgar Filing: FINISAR CORP - Form DEF 14A

software used in the conduct of Transwave's business), (iv) all joint development agreements to which Transwave is a party, and (v) all agreements with Governmental Entities or other third parties pursuant to which Transwave has obtained funding for research and development activities.

(c) The execution and delivery of this Agreement, compliance with its terms and the consummation of the transactions contemplated hereby do not and will not conflict with, or result in any violation or breach of, or default (with or without notice or lapse of time or both) or give rise to any right, license or Lien relating to any Transwave Intellectual Property Rights, or right of termination, cancellation or acceleration of any Transwave Intellectual Property Rights, or the loss or encumbrance of any Transwave Intellectual Property Rights or material benefit related thereto, or result in or require the creation, imposition or extension of any Lien upon any Transwave Intellectual Property Rights or otherwise impair the right of Transwave or its customers to use the Transwave Intellectual Property Rights in the same manner as such Transwave Intellectual Property Rights are currently being used by Transwave or the customers of Transwave.

(d) All patents and registered trademarks, service marks and copyrights issued to Transwave which relate to any Transwave Product are valid and subsisting. The manufacturing, marketing, licensing or sale of any Transwave Product does not infringe any patent, trademark, trade name, service mark, copyright, mask work right, trade secret or other proprietary right of any third party. Transwave (i) has not received notice that it has been sued in any suit, action or proceeding which involves a claim of infringement of any patent, trademark, trade name, service mark, copyright, mask work right, trade secret or other proprietary right of any third party and (ii) has no knowledge of any claim challenging or questioning the validity or effectiveness of any license or agreement relating to any Transwave Intellectual Property Rights or Licensed Intellectual Property. There is no outstanding order, writ, injunction, decree, judgment or stipulation by or with any court, administrative agency or arbitration panel regarding patent, copyright, trade secret, trademark, trade name, mask work right or other claims relating to the Transwave Intellectual Property Rights to which Transwave is a party or by which it is bound.

(e) All designs, drawings, specifications, source code, object code, documentation, flow charts and diagrams incorporated, embodied or reflected in any Transwave Product at any stage of its development were written, developed and created solely and exclusively by (i) employees of Transwave without the assistance of any third party or (ii) third parties who assigned ownership of their rights with respect thereto to Transwave by means of valid and enforceable agreements, which are listed and described in the Transwave Disclosure Schedule and copies of which have been provided to Finisar. Transwave has at all times used commercially reasonable efforts to protect its trade secrets. None of the trade secrets of Transwave have been published or disclosed by Transwave or, to the knowledge of Transwave, by any other person, to any person except pursuant to licenses or contracts requiring such other persons to keep such trade secrets confidential.

(f) Transwave is not, and, to the knowledge of Transwave, no other party to any licensing, sublicensing, distributorship or other similar arrangements with Transwave relating to the Transwave Intellectual Property Rights is, in breach of or default under any material obligations under such arrangements.

C 18

(g) To the knowledge of Transwave, no person is infringing on or otherwise violating any right of Transwave with respect to any Transwave Intellectual Property Rights.

(h) Transwave has not assigned, sold or otherwise transferred ownership of, or granted an exclusive license or right to use, any patent, patent application, trademark, mask work right or service mark.

(i) Neither Transwave nor any of its officers or employees has any patents issued or patent applications pending for any device, process, method, design or invention of any kind now used or needed by Transwave in the furtherance of its business operations as currently being conducted or as currently proposed to be conducted by Transwave, which patents or applications have not been assigned to Transwave with such assignment duly recorded in the United States Patent Office or with the applicable foreign Governmental Entity.

(j) Each person currently or formerly employed by Transwave (including consultants and independent contractors, if any) that has or had access to confidential information of Transwave has executed and delivered to Transwave a confidentiality and non-disclosure agreement in one of the forms previously provided to Finisar. Neither the execution or delivery of any such agreement by any such person, nor the carrying on by any such person, as an employee, consultant or independent contractor, of Transwave's business as currently conducted and as currently proposed to be conducted, has or will conflict with or result in a breach of the terms, conditions or provisions of, or constitute a default under, any contract, covenant or instrument under which any of such persons is obligated.

Edgar Filing: FINISAR CORP - Form DEF 14A

Section 3.12 *Bank Accounts*. The Transwave Disclosure Schedule sets forth the names and locations of all banks and other financial institutions at which Transwave maintains accounts of any nature, the type of accounts maintained at each such institution and the names of all persons authorized to draw thereon or make withdrawals therefrom.

Section 3.13 *Contracts*.

(a) Transwave is not a party or subject to any agreement, obligation or commitment, written or oral:

(i) that calls for any fixed or contingent payment or expenditure or any related series of fixed or contingent payments or expenditures by or to Transwave totaling more than \$25,000 in any twelve-month period;

(ii) with agents, advisors, salesmen, sales representatives, independent contractors or consultants that are not cancelable by it on no more than thirty (30) days' notice and without liability, penalty or premium;

(iii) that restricts Transwave from carrying on anywhere in the world its business or any portion thereof as currently conducted;

information in connection with approvals of or filings with any Governmental Entity) and will promptly cooperate with and furnish information to each other in connection with any such requirements imposed upon either of them or any of their Subsidiaries in connection with the Merger. Each of Finisar and Transwave will take all reasonable actions necessary to obtain (and will cooperate with each other in obtaining) any consent, authorization, order or approval of, or any exemption by, any Governmental Entity or other third party, required to be obtained or made by Transwave, Finisar or any of their Subsidiaries in connection with the Merger or the taking of any action contemplated thereby or by this Agreement and to enable the Closing to occur as promptly as practicable.

Section 6.5 *Public Disclosure.* Finisar and Transwave shall consult with each other before issuing any press release or otherwise making any public statement with respect to the Merger or this Agreement and shall not issue any such press release or make any such public statement prior to such consultation, except as may be required by law or by the rules or regulations of the SEC or the NNM.

Section 6.6 *Tax-Free Reorganization.* Finisar and Transwave each intend that the Merger shall qualify for treatment as a reorganization within the meaning of Section 368(a) of the Code. Finisar and Transwave each agree to refrain from taking any action inconsistent with such intended treatment.

Section 6.7 *Nasdaq Quotation.* Finisar agrees to continue the quotation of Finisar Common Stock on the NNM during the term of this Agreement. Finisar shall use its best efforts to cause the shares of Finisar Common Stock to be issued upon the conversion of the Finisar Preferred Stock and such other shares required to be reserved in connection with the Merger to be approved for quotation on the NNM, subject to official notice of issuance, prior to the Closing Date.

Section 6.8 *Securities Law Matters.*

(a) As soon as practicable following the execution of this Agreement, Finisar will file a request for a hearing (the "Hearing") before the Commissioner of Corporations of the State of California to consider the terms, conditions and fairness of the transactions contemplated by this Agreement pursuant to Section 25142 of the California Corporations Code, together with an application for a permit relating to the transactions contemplated by this Agreement and the Agreement of Merger (the "Permit"). Transwave and the Principal Shareholders shall promptly furnish to Finisar all data and information relating to Transwave and the Principal Shareholders as may be necessary in connection with such request and application and such other notices and documents as may be required in connection with the Hearing. Finisar, Transwave and the Principal Shareholders shall use their respective best efforts to cause the Hearing to take place and the Permit to be issued at the earliest practicable date.

(b) Finisar shall prepare and file with appropriate state securities or "Blue Sky" authorities all applications for qualification or approval (or notices required to perfect exemptions from such

C 30

compliance) as may be required in connection with the Merger. Transwave and the Principal Shareholders shall use their respective best efforts to assist Finisar as may be necessary to comply with all appropriate state securities or Blue Sky laws which may be applicable in connection with the Merger.

(c) In connection with the Hearing, Transwave shall prepare, with the cooperation of Finisar, a Consent Solicitation Statement describing this Agreement and the transactions contemplated hereby and thereby for the purpose of soliciting the approval of Transwave Shareholders. Finisar shall provide such information about itself as Transwave shall reasonably request. The information supplied by Transwave for inclusion in the Consent Solicitation Statement shall not, on the date the solicitation statement is first mailed to Transwave Shareholders or at the Effective Time, contain any statement which, at such time, is false or misleading with respect to any material fact, or omit to state any material fact necessary in order to make the statements made therein, in light of the circumstances under which they are made, not misleading, or omit to state any material fact necessary to correct any statement in any earlier communication which has become false or misleading. Notwithstanding the foregoing, Transwave makes no representation, warranty or covenant with respect to any information supplied by Finisar or Sub which is contained in any of the foregoing documents. The information supplied by Finisar for inclusion in the solicitation statement shall not, on the date the solicitation statement is first mailed to Transwave's shareholders, nor at the Effective Time, contain any statement which, at such time, is false or misleading with respect to any material fact, or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which it is made, not false or misleading; or omit to state any material fact necessary to correct any statement in any earlier communication which has become false or misleading. Notwithstanding the foregoing, Finisar and Sub make no representation, warranty or covenant with respect to any information supplied by Transwave which is contained in any of the foregoing documents.

(d) The Consent Solicitation Statement shall constitute a disclosure document for the offer and issuance of shares of Finisar Common Stock to be received by the holders of Transwave Common Stock in the Merger. Finisar and Transwave shall each use reasonable commercial efforts to cause the Consent Solicitation Statement to comply with applicable federal and state securities laws requirements. Each of Finisar and Transwave agrees to provide promptly to the other such information concerning its business and financial statements and affairs as, in the reasonable judgment of the providing party or its counsel, may be required or appropriate for inclusion in the solicitation statement or in any amendments or supplements thereto, and to cause its counsel and auditors to cooperate with the other's counsel and auditors in the preparation of the solicitation statement. Transwave will promptly advise Finisar, and Finisar will promptly advise Transwave, in writing if at any time prior to the Effective Time either Transwave or Finisar shall obtain knowledge of any facts that might make it necessary or appropriate to amend or supplement the solicitation statement in order to make the statements contained or incorporated by reference therein not misleading or to comply with applicable law. The solicitation statement shall contain the unanimous recommendation of the Board of Directors of Transwave that the Transwave shareholders approve the Merger and this Agreement and the unanimous conclusion of the Board of Directors that the terms and conditions of the Merger are fair and reasonable to the shareholders of Transwave. Anything to the contrary contained herein notwithstanding, Transwave shall not include in the solicitation statement any information with respect to Finisar or its affiliates or associates, the form and content of which information shall not have been approved by Finisar prior to such inclusion.

(e) Upon receipt of the Permit, Transwave shall, as promptly as possible but not later than three (3) days following the effectiveness of the Permit, submit this Agreement and the transactions contemplated hereby to the Transwave shareholders for approval and adoption as

C 31

provided by California law and its Articles of Incorporation and Bylaws. Transwave shall use its best efforts to solicit and obtain the consent of the Transwave shareholders sufficient to approve the Merger and this Agreement and to enable the Closing to occur as promptly as practicable and, in any event, on or before April 15, 2001. Transwave shall ensure that the meeting of the Transwave shareholders called for the purpose of approving the Merger and this Agreement, or the solicitation of written consents of the Transwave shareholders without a meeting, is conducted, and that all proxies solicited by Transwave in connection with any such meeting are solicited, in compliance with applicable law and the Transwave charter documents. Transwave's obligation to call, give notice of, convene and hold the shareholders' meeting, or to solicit the written consent of its shareholders without a meeting, in accordance with this Section 6.8(e) shall not be limited to or otherwise affected by the commencement, disclosure, announcement or submission to Transwave of any Transwave Acquisition Proposal.

(f) *Schedule 6.8(f)* sets forth those persons who, in Transwave's reasonable judgment are or may be "affiliates" of Transwave within the meaning of Rule 145 (each such person a "Transwave Affiliate"). Transwave shall provide Finisar such information and documents as Finisar shall reasonably request for purposes of reviewing such list. Transwave shall deliver or cause to be delivered to Finisar, promptly following the execution of this Agreement (and in any case prior to the Closing) from each of the Transwave Affiliates, an executed Affiliate Agreement in the form attached hereto as *Exhibit D*. Finisar shall be entitled to place appropriate legends on the certificates evidencing any Finisar Capital Stock to be received by such Transwave Affiliates pursuant to the terms of this Agreement, and to issue appropriate stop transfer instructions to the transfer agent for Finisar Capital Stock, consistent with the terms of such Affiliate Agreements.

Section 6.9 *Employment Matters.*

(a) Effective on the Closing Date, each of Dr. Senlu Xu, Lillian Chen and Jianren Xu (the "Key Employees") will become employees of the Surviving Corporation pursuant to the terms of Employment Agreements substantially in the form of *Exhibit E* hereto (collectively, the "Employment Agreements").

(b) Prior to the Closing Date, Finisar will make offers of "at will" employment (on behalf of the Surviving Corporation) to all employees of Transwave recommended by the Chief Executive Officer of Transwave and set forth on *Schedule 6.9(b)* hereto, such offers to be conditioned upon the consummation of the Merger. All Transwave employees whose employment will not be continued by the Surviving Corporation will be terminated by Transwave prior to the Closing Date.

Section 6.10 *Stock Options.*

(a) At the Effective Time, each outstanding Transwave Option which has not been exercised prior to the Closing, whether vested or unvested, shall be assumed by Finisar and converted into an option (an "Assumed Option") to acquire, on the same terms and conditions as were applicable under the Transwave Option (except as otherwise provided below), such number of shares of Finisar Preferred Stock which the holder of such Transwave Option would have been entitled to receive pursuant to the Merger at the

Exchange Ratio (assuming the issuance of all Performance Shares) had such holder exercised such option in full immediately prior to the Effective Time (rounded down to the nearest whole share), at a price per share (rounded up to the nearest whole cent) equal to (i) the aggregate exercise price of the Transwave Common Stock purchasable pursuant to such Transwave Option immediately prior to the Effective Time divided by (ii) the number of full shares of Finisar Preferred Stock purchasable pursuant to the Assumed Option. The vesting schedule of each Assumed Option shall be structured such that each Assumed Option shall be as set forth in the option agreement for each Transwave Option and shall not be accelerated in contemplation of or as a consequence of the Merger.

C 32

(b) Each Assumed Option shall be evidenced by a written assumption agreement reflecting the terms set forth in Section 6.10(a) and delivered to the former holders of Transwave Options promptly following the Effective Time. Finisar shall, to the extent required by and subject to the provisions of the Transwave Option Plan, take such actions as may be appropriate under the Code and the regulations thereunder to cause the Assumed Options representing assumed Transwave Options which qualified as incentive stock options immediately prior the Effective Time continue to qualify as incentive stock options after the Effective Time, to the extent permitted under the Code and the regulations thereunder.

(c) Finisar shall take all corporate action necessary to reserve for issuance a sufficient number of shares of Finisar Capital Stock for delivery upon exercise of the Assumed Options. As soon as practicable after the Effective Time, Finisar shall file a registration statement on Form S-8 (or any successor or other appropriate forms), with respect to the shares of Finisar Common Stock subject to the Assumed Options and shall use its best efforts to maintain the effectiveness of such registration statement or registration statements (and maintain the current status of the prospectus or prospectuses in connection therewith) for so long as any Assumed Options remain outstanding. With respect to those individuals who, subsequent to the Merger, will be subject to the reporting requirements under Section 16(a) of the Exchange Act, where applicable, Finisar shall administer the Assumed Options in a manner that complies with Rule 16b-3 promulgated under the Exchange Act.

(d) In addition to the Transwave Options assumed by Finisar in the Merger, Finisar shall grant to all Transwave employees who remain employed at the Closing new options, under a new employee stock option plan that is substantially similar to Finisar's existing employee stock option plan, to purchase shares of Finisar Preferred Stock in the amounts set forth on *Schedule 6.10(d)* hereto divided by three.

Section 6.11 *Finisar Plans.* All Transwave employees who remain employees of Finisar, Transwave or any other Subsidiary of Finisar following the Effective Time shall be entitled to participate in all employee benefit plans and programs (the "Finisar Plans") that are available to other Finisar employees holding comparable positions. To the extent permitted by the Finisar Plans, each participant shall be given full credit for such participant's period of continuous service with Transwave prior to the Effective Time. To the extent permitted by law, Finisar shall amend the Finisar Plans, as necessary, to provide for such participation. In the case of medical and health insurance coverage, Finisar shall cause the Surviving Corporation to continue to insure Transwave employees under Transwave's existing insurance plans or provide them with the opportunity to participate in Finisar Plans providing generally comparable medical and health insurance coverage.

Section 6.12 *Employee Retention Pool.* Finisar shall establish a pool of cash in the aggregate amount of \$1,000,000 (the "Retention Pool") for retention of Transwave employees. The Retention Pool shall be allocated among the Transwave employees in accordance with a schedule to be mutually agreed upon by Finisar and Transwave prior to the Closing Date.

Section 6.13 *Brokers or Finders.* Each of Finisar and Transwave represents, as to itself, its Subsidiaries and its Affiliates, that no agent, broker, investment banker, financial advisor or other firm or person is or will be entitled to any broker's or finder's fee or any other commission or similar fee in connection with any of the transactions contemplated by this Agreement, and each of Finisar and Transwave agrees to indemnify and hold the other harmless from and against any and all claims, liabilities or obligations with respect to any other fees, commissions or expenses asserted by any person on the basis of any act or statement alleged to have been made by such party or its Affiliate.

C 33

Section 6.14 *Additional Agreements; Reasonable Efforts.* Subject to the terms and conditions of this Agreement, each of the parties agrees to use all reasonable efforts to take, or cause to be taken, all action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the transactions contemplated by this Agreement, including cooperating fully with the other party, including by provision of information. In case at any time after the Effective Time any further action is necessary or desirable to carry out the purposes of this Agreement or to vest the Surviving Corporation with full title to all properties, assets, rights, approvals, immunities and franchises of either of the Constituent Corporations, the proper officers and directors of each party to this Agreement shall take all such necessary action.

Section 6.15 *Expenses*. The parties shall each pay their own legal, accounting, financial advisory and consulting fees and other out-of-pocket expenses related to the negotiation, preparation and carrying out of this Agreement and the transactions herein contemplated. In the event the Merger is consummated all legal, accounting, financial advisory and consulting fees and expenses incurred by Transwave (whether paid or accrued) relating to the negotiation, preparation and carrying out of this Agreement and the transactions contemplated hereby, and obtaining all authorizations, consents, orders or approvals of, or declarations or filings with, all Governmental Entities in connection with such transactions (the "Transwave Transaction Expenses") shall be borne by the former security holders of Transwave, as hereinafter provided. *Schedule 6.15* hereto sets forth Transwave's current estimate of the total Transwave Transaction Expenses which Transwave expects to incur (the "Estimated Transwave Transaction Expenses"). Transwave shall provide an updated schedule of Estimated Transwave Transaction Expenses not later than two (2) business days prior to the Closing (the "Closing Transwave Transaction Expense Schedule"). In the event that the amount of the Transwave Transaction Expenses as set forth on the Closing Transwave Transaction Expense Schedule exceeds the Estimated Transwave Transaction Expenses, the Exchange Ratios shall be adjusted proportionately so that such excess Transwave Transaction Expenses are borne by the former security holders of Transwave in the form of a reduction in the aggregate amount of the Merger consideration. In the event the Transwave Transaction Expenses actually incurred by Transwave exceed the amount shown on the Closing Transwave Transaction Expense Schedule, Finisar shall be entitled to assert a claim against the Escrow Shares pursuant to Article IX hereof in order to recover all such additional expenses.

ARTICLE VII

(c) No temporary restraining order, preliminary or permanent injunction or other order issued by any court of competent jurisdiction or other legal or regulatory restraint or prohibition preventing the consummation of the Merger or limiting or restricting Finisar's conduct or operation of the business of Finisar or Transwave after the Merger shall have been issued, nor shall any proceeding brought by any Governmental Entity seeking any of the foregoing be pending; nor shall there be any action taken, or any statute, rule, regulation or order enacted, entered,

For purposes of this subsection 7.2(a), the following events or occurrences shall not be deemed to be events or occurrences having a Material Adverse Effect on Transwave: (i) increases in the trading price of Finisar Common Stock,

TERMINATION AND AMENDMENT

Section 8.1 *Termination*. This Agreement may be terminated at any time prior to the Effective Time (with respect to Sections 8.1(b) through 8.1(e), by written notice by the terminating party to the other party):

(a) by the mutual written consent of Finisar and Transwave;

(b) by either Finisar or Transwave if the Merger shall not have been consummated by April 30, 2001; provided, however, that the right to terminate this Agreement under this Section 8.1(b) shall not be available to any party whose failure to fulfill any obligation under this Agreement has been the cause of or resulted in the failure of the Merger to occur on or before such date;

(c) by either Finisar or Transwave if a court of competent jurisdiction or other Governmental Entity shall have issued a nonappealable final order, decree or ruling or taken any other action, in each case having the effect of permanently restraining, enjoining or otherwise prohibiting the Merger, except, if the party relying on such order, decree or ruling or other action has not complied with its obligations under Section 6.4 or 6.6 of this Agreement;

(d) by Finisar if the Board of Directors of Transwave shall have withdrawn or modified its recommendation of this Agreement or the Merger for approval by the Transwave shareholders in a manner adverse to Finisar or shall have publicly announced or disclosed to any third party its intention to do any of the foregoing; or

(e) by Finisar or Transwave, if there has been a material breach of any representation, warranty, covenant or agreement on the part of the other party set forth in this Agreement, which breach (i) causes the conditions set forth in Section 7.2(a) or (b) (in the case of termination by Finisar) or 7.3(a) or (b) (in the case of termination by Transwave) not to be satisfied and (ii) shall not have been cured within ten (10) business days following receipt by the breaching party of written notice of such breach from the other party.

Section 8.2 *Effect of Termination*. In the event of termination of this Agreement as provided in Section 8.1, there shall be no liability or obligation on the part of Finisar or Transwave or their respective officers, directors, shareholders or Affiliates, except to the extent that such termination results from the willful breach by a party of any of its representations, warranties or covenants set forth in this Agreement; provided that the provisions of Sections 6.13 and 6.15 of this Agreement, the confidentiality provisions set forth herein and in the Confidentiality Agreement and the non-competition provisions set forth in the Confidentiality Agreement shall remain in full force and effect and survive any termination of this Agreement.

Section 8.3 *Amendment*. This Agreement may be amended by the parties hereto, by action taken or authorized by their respective Boards of Directors, at any time before or after approval of the matters presented in connection with the Merger by the shareholders of Transwave, but, after any such approval, no amendment shall be made which by law requires further approval by such shareholders

C 37

without such further approval. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto.

Section 8.4 *Extension; Waiver*. At any time prior to the Effective Time, the parties hereto, by action taken or authorized by their respective Boards of Directors, may, to the extent legally allowed, (i) extend the time for the performance of any of the obligations or other acts of the other parties hereto, (ii) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant hereto and (iii) waive compliance with any of the agreements or conditions contained herein. Any agreement on the part of a party hereto to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such party.

ARTICLE IX

ESCROW AND INDEMNIFICATION

Section 9.1 *Survival of Representations and Warranties*. If the Merger occurs, all of the representations and warranties contained in this Agreement shall survive the Closing Date. No action may be brought with respect to this Agreement or the transactions contemplated hereby unless (i) an Indemnification Claim is made under Section 9.3 on or before the date that is twelve (12) months following the Closing Date (the "Termination Date") or (ii) except for claims under Section 9.2(d), as allowed by law.

Section 9.2 *Indemnification by Principal Shareholders*.

(a) Subject to the terms and conditions contained herein, each of the Principal Shareholders shall indemnify, defend and hold harmless Finisar, its officers, directors, employees and attorneys, all Subsidiaries and Affiliates of Finisar, and the respective officers, directors, employees and attorneys of such entities (all such persons and entities being collectively referred to as the "Finisar Group") from, against, for and in respect of any and all losses, damages, costs and expenses (including reasonable legal fees and expenses) which any member of the Finisar Group may sustain or incur which are caused by or arise out of (i) any inaccuracy in or breach of any of the representations, warranties or covenants made by Transwave or the Principal Shareholders in this Agreement, including the Transwave Disclosure Schedule, (ii) any Transwave Transaction Expenses in excess of the amount set forth on the Closing Transwave Transaction Expense Schedule and reflected in the calculation of the Total Consideration, or (iii) any breach by the Principal Shareholders of this Article IX or the Escrow Agreement (collectively, "Finisar Losses").

(b) No Principal Shareholder shall be required to indemnify any member of the Finisar Group for any Finisar Losses until the aggregate amount of all Finisar Losses under all claims shall exceed \$50,000.00 (the "Deductible Amount"); provided, however, that Finisar Losses under Section 9.2(a)(ii) shall be recoverable in full without regard to the Deductible Amount. Except as specifically provided in Section 9.2(d), the maximum aggregate liability of any individual Principal Shareholder pursuant to Section 9.2(a) shall in no event exceed the value of the one-third of the Escrow Shares that otherwise would have been deliverable to such Principal Shareholder on the third anniversary of the Closing Date pursuant to Section 2.5 hereof (assuming all of the Milestones have been achieved by the third anniversary of the Closing Date), and the indemnification payment to be made on behalf of each such Principal Shareholder shall be withheld only from such portion of the Escrow Shares.

(c) The obligation of the Principal Shareholders to indemnify members of the Finisar Group for a Finisar Loss under this Article IX is subject to the condition that the Shareholders' Representative (as defined in Section 9.6) shall have received written notice of an Indemnification Claim (as defined in Section 9.3) for such Finisar Loss on or before the Termination Date.

C 38

(d) The provisions of Section 9.2(b) above and 9.5 below shall not limit, in any manner, (i) any remedy at law or in equity to which any member of the Finisar Group shall be entitled against Transwave or any shareholder of Transwave as a result of willful fraud or intentional misrepresentation by Transwave, any shareholder of Transwave or any of their respective representatives, or (ii) any rights that Finisar may have under federal or state securities laws.

(e) The amount of Finisar Losses shall be computed after giving effect to the receipt of any insurance proceeds and tax benefits with respect thereto.

Section 9.3 Procedures for Indemnification.

(a) As used in this Article IX, the term "Indemnatee" means the member or members of the Finisar Group seeking indemnification hereunder.

(b) A claim for indemnification hereunder (an "Indemnification Claim") shall be made by Indemnatee by delivery of a written notice to the Representative and the Escrow Agent requesting indemnification and specifying in reasonable detail the basis on which indemnification is sought (and shall include relevant documentation related to the Indemnification Claim), the amount of the asserted Finisar Losses and, in the case of a Third Party Claim (as defined in Section 9.4), containing (by attachment or otherwise) such other information as Indemnatee shall have concerning such Third Party Claim.

(c) If the Indemnification Claim involves a Third Party Claim, the procedures set forth in Section 9.4 hereof shall be observed by Indemnatee and the Representative.

Section 9.4 Defense of Third Party Claims. Should any claim be made or suit or proceeding be instituted against an Indemnatee which, if prosecuted successfully, would be a matter for which such Indemnatee is entitled to indemnification under this Article IX (a "Third Party Claim"), the obligations and liabilities of the parties hereunder with respect to such Third Party Claim shall be subject to the following terms and conditions:

(a) Indemnatee shall give the Representative and the Escrow Agent written notice of any such Third Party Claim promptly after receipt by Indemnatee of notice thereof, and the Representative may, subject to the prior written consent of Finisar, undertake control of the defense thereof by counsel of his own choosing reasonably acceptable to Indemnatee. Indemnatee may participate in the defense through its own counsel at its own expense. If, however, the Representative fails or refuses to undertake the defense of such Third Party Claim within fifteen (15) days after written notice of such claim has been delivered to the Representative by Indemnatee, Indemnatee shall have the right to undertake the defense, compromise and, subject to Section 9.5, settlement of such Third Party Claim with counsel of its own choosing. In the circumstances described in the preceding sentence, Indemnatee shall, promptly upon its assumption of the defense of such Third Party Claim, make an Indemnification Claim as specified in Section 9.3(b), which shall be deemed an Indemnification Claim that is not a Third Party Claim for the purposes of the procedures set forth herein. Failure of Indemnatee to furnish written notice to the Representative or the Escrow Agent of a Third Party Claim shall not release the Principal Shareholders from their obligations hereunder, except to the extent they are prejudiced by such failure.

(b) Indemnatee and the Representative shall cooperate with each other in all reasonable respects in connection with the defense of any Third Party Claim, including making available records relating to such claim and furnishing employees of Indemnatee as may be reasonably necessary for the preparation of the defense of any such Third Party Claim or for testimony as witness in any proceeding relating to such claim.

(c) Unless the Representative has failed to fulfill its obligations under this Article IX, no settlement by Indemnatee of a Third Party Claim shall be made without the prior written consent

by or on behalf of the Representative, which consent shall not be unreasonably withheld or delayed. If the Representative has assumed the defense of a Third Party Claim as contemplated by this Section 9.4, no settlement of such Third Party Claim may be made by the Representative (or the individual Principal Shareholder as the case may be) without the prior written consent by or on behalf of Indemnatee, which consent shall not be unreasonably withheld or delayed.

Section 9.5 Manner of Indemnification.

(a) The portion of the Escrow Shares specified in Section 9.2(b), deposited into Escrow pursuant to the Escrow Agreement in accordance with the provisions of Section 2.5, shall provide a fund against which members of the Finisar Group may assert claims of indemnification under this Article IX. Except as specifically provided in Section 9.2(d), the sole recourse of any member of the Finisar Group for such indemnification claims is to the portion of the Escrow Shares specified in Section 9.2(b).

(b) Each claim for indemnification asserted against the Principal Shareholders pursuant to this Article IX shall be made only in accordance with the procedures set forth in the Escrow Agreement, subject to the provisions of Section 9.2(d) hereof.

Section 9.6 Appointment of Shareholders' Representative. For purposes of this Agreement, the Principal Shareholders hereby consent to the appointment of Forrest Duan as the representative and attorney-in-fact for and on behalf of the Principal Shareholders (the "Shareholders' Representative"), and to the taking by the Shareholders' Representative of any and all actions and the making of any decisions required or permitted to be taken by him under this Agreement or the Escrow Agreement, including, without limitation, the exercise of the power to (i) execute the Escrow Agreement on behalf of the Principal Shareholders, (ii) authorize delivery to Finisar of Escrow Shares in satisfaction of Indemnification Claims, (iii) agree to, negotiate, enter into settlements and compromises of and comply with orders of courts and awards of arbitrators with respect to such Indemnification Claims, (iv) resolve any Indemnification Claims and (v) take all actions necessary in the judgment of the Shareholders' Representative for the accomplishment of the foregoing and all of the other terms, conditions and limitations of this Agreement and the Escrow Agreement. Accordingly, the Shareholders' Representative has unlimited authority and power to act on behalf of each Principal Shareholder with respect to this Agreement and the Escrow Agreement and the disposition, settlement or other handling of all Indemnification Claims, rights or obligations arising from and taken pursuant to this Agreement. The Principal Shareholders will be bound by all actions taken by the Shareholders' Representative in connection with this Agreement, and Finisar shall be entitled to rely on any action or decision of the Shareholders' Representative. The Shareholders' Representative will incur no liability with respect to any action taken or suffered by him in reliance upon any notice, direction, instruction, consent, statement or other document believed by him to be genuine and to have been signed by the proper person (and shall have no responsibility to determine the authenticity thereof), nor for any other action or inaction, except his own willful misconduct or bad faith. In all questions arising under this Agreement or the Escrow Agreement, the Representative may rely on the advice of counsel, and the Shareholders' Representative will not be liable to anyone for anything done, omitted or suffered in good faith by the Shareholders' Representative based on such advice. Except as expressly provided herein, the Shareholders' Representative will not be required to take any action involving any expense unless the payment of such expense is made or provided for in a manner satisfactory to him. At any time during the term of the Escrow Agreement, holders of a majority of the Escrow Shares subject to Indemnification Claims under this Article IX may, by written consent, appoint a new representative as the Shareholders' Representative by sending notice and a copy of the written consent appointing such new representative signed by holders of a majority of the Escrow Shares to Finisar and the Escrow Agent. AGREEMENT AND PLAN OF REORGANIZATION

THIS AGREEMENT AND PLAN OF REORGANIZATION (the "Agreement") is made and entered into as of February 20, 2001, by and among Finisar Corporation, a Delaware corporation ("Finisar"), Marble Acquisition Corp., a Texas corporation and wholly-owned subsidiary of Finisar ("Sub"), Marlow Industries, Inc., a Texas corporation ("Marlow"), The Marlow Co., Ltd., a Texas limited partnership and principal shareholder of Marlow (the "Principal Shareholder"), and Raymond Marlow (the "Shareholders' Representative").

RECITALS

WHEREAS, the Boards of Directors of Finisar, Sub and Marlow deem it advisable and in the best interests of each corporation and its respective shareholders that Finisar and Marlow combine in order to advance the long-term business interests of Finisar and Marlow;

WHEREAS, the combination of Finisar and Marlow shall be effected by the terms of this Agreement through a transaction (the "Merger") in which Sub will merge with and into Marlow, Marlow will become a wholly-owned subsidiary of Finisar and the shareholders of Marlow will become stockholders of Finisar; and

WHEREAS, for federal income tax purposes, it is intended that the Merger shall qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended (the "Code").

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants and agreements set forth below, the parties agree as follows:

ARTICLE I

THE MERGER

Section 1.1 *Effective Time of the Merger.* Subject to the provisions of this Agreement, Articles of Merger (the "Articles of Merger") in such form as is required by the relevant provisions of the Texas Business Corporation Act (the "BCA") shall be duly prepared, executed and acknowledged by Sub and by Marlow as the Surviving Corporation (as defined in Section 1.3(a)) and delivered to the Texas Secretary of State for filing as soon as practicable on or after the Closing Date (as defined in Section 1.2). The Merger shall become effective at such time as the Secretary of State of the State of Texas issues a certificate of merger after the filing of the Articles of Merger with the Secretary of State of the State of Texas (the "Effective Time").

Section 1.2 *Closing.* The closing of the Merger (the "Closing") will take place at 11:00 a.m., Pacific Time, on a date to be specified by Finisar and Marlow (the "Closing Date"), which shall be no later than the second business day after satisfaction of the latest to occur of the conditions set forth in Sections 7.1, 7.2(b) (other than the delivery of the officers' certificate referred to therein) and 7.3(b) (other than the delivery of the officers' certificate referred to therein), provided that the other closing conditions set forth in Article VII have been met or waived as provided in Article VII at or prior to the Closing, at the offices of Gray Cary Ware & Freidenrich LLP, 400 Hamilton Avenue, Palo Alto, CA 94301 unless another date or place is agreed to in writing by Finisar and Marlow.

Section 1.3 *Effects of the Merger.*

(a) At the Effective Time (i) the separate existence of Sub shall cease, and Sub shall be merged with and into Marlow (the "Surviving Corporation"), (ii) the Articles of Incorporation of Marlow shall be amended so that Article IV of such Articles of Incorporation shall read as follows: "The total number of shares of all classes which this corporation shall have authority to issue shall be 1,000, all of which shall consist of Common Stock, \$0.001 par value per share" and, as so

D 5

amended, such Articles of Incorporation shall be the Articles of Incorporation of the Surviving Corporation, and (iii) the Bylaws of Sub as in effect immediately prior to the Effective Time shall be the Bylaws of the Surviving Corporation. Sub and Marlow are sometimes referred to herein as the "Constituent Corporations."

(b) At and after the Effective Time, the Merger shall have the effects set forth in this Agreement, the Articles of Merger and the applicable provisions of the BCA. Without limiting the generality of the foregoing, at and after the Effective Time, the Surviving Corporation shall possess all the rights, privileges, powers and franchises of a public as well as of a private nature, and be subject to all the restrictions, disabilities and duties of each of the Constituent Corporations; and all and singular rights, privileges, powers and franchises of each of the Constituent Corporations, and all property, real, personal and mixed, and all debts due to either of the Constituent Corporations on whatever account, as well as for stock subscriptions and all other things in action or belonging to each of the Constituent Corporations, shall be vested in the Surviving Corporation, and all property, rights, privileges, powers and franchises, and all and every other interest shall be thereafter as effectually the property of the Surviving Corporation as they were of the Constituent Corporations, and the title to any real estate vested by deed or otherwise, in either of the Constituent Corporations, shall not revert or be in any way impaired but all rights of creditors and all liens upon any property of either of the Constituent Corporations shall be preserved unimpaired, and all debts, liabilities and duties of the Constituent Corporations shall thereafter attach to the Surviving Corporation, and may be enforced against it to the same extent as if such debts and liabilities had been incurred by it.

Section 1.4 *Directors and Officers.* The directors and officers of Sub immediately prior to the Effective Time shall be the initial directors and officers of the Surviving Corporation, each of whom will hold office in accordance with the Articles of Incorporation and Bylaws of the Surviving Corporation, in each case until their respective successors are duly elected or appointed.

Until surrendered as contemplated by this Section 2.3, each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the certificate representing shares of Finisar Common Stock, a portion of the Total Cash Consideration and cash in lieu of any fractional shares of Finisar Common Stock as contemplated by this Section 2.3.

(b) *Distributions with Respect to Unexchanged Shares.* No dividends or other distributions declared or made after the Effective Time with respect to Finisar Common Stock with a record date after the Effective Time shall be paid to the holder of any unsundered Certificate with respect to the shares of Finisar Common Stock represented thereby and no portion of the Total Cash Consideration or cash payment in lieu of fractional shares payable to any such holder pursuant to subsection (d) below shall be paid until the holder of record of such Certificate shall surrender such Certificate. Subject to the effect of applicable laws, following surrender of any such Certificate, there shall be paid to the record holder of the certificates representing whole shares of Finisar Common Stock issued in exchange therefor, without interest, (i) at the time of such surrender, any portion of the Total Cash Consideration to which such holder is entitled and the amount of any cash payable in lieu of a fractional share of Finisar Common Stock to which such holder is entitled pursuant to subsection (d) below and the amount of dividends or other distributions with a record date after the Effective Time previously paid with respect to such whole shares of Finisar Common Stock, and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to surrender and a payment date subsequent to surrender payable with respect to such whole shares of Finisar Common Stock.

(c) *No Further Ownership Rights in Marlow Common Stock.* All shares of Finisar Common Stock and cash issued and paid upon the surrender for exchange of shares of Marlow Common Stock in accordance with the terms hereof (including any cash paid pursuant to subsection (b) or (d) of this Section 2.3) shall be deemed to have been issued and paid in full satisfaction of all rights pertaining to such shares of Marlow Common Stock, and there shall be no further registration of transfers on the stock transfer books of the Surviving Corporation of the shares of Marlow Common Stock which were outstanding immediately prior to the Effective Time. If, after the Effective Time, Certificates are presented to the Surviving Corporation for any reason, they shall be canceled and exchanged as provided in this Section 2.3.

(d) *No Fractional Shares.* No certificate or scrip representing fractional shares of Finisar Common Stock shall be issued upon the surrender for exchange of Certificates, and such fractional share interests will not entitle the owner thereof to vote or to any rights of a shareholder of Finisar. Notwithstanding any other provision of this Agreement, each holder of shares of Marlow Common Stock exchanged pursuant to the Merger who would otherwise have been entitled to receive a fraction of a share of Finisar Common Stock (after taking into account all Certificates delivered by such holder) shall receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of Finisar Common Stock multiplied by the Finisar Share Price.

(e) *No Liability.* Neither Finisar nor Marlow shall be liable to any holder of shares of Marlow Common Stock or Finisar Common Stock, as the case may be, for such shares (or dividends or distributions with respect thereto) delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

(f) *Lost Certificates.* In the event any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such Certificate to be lost, stolen or destroyed, Finisar shall issue in exchange for such lost, stolen or destroyed Certificate the shares of Finisar Common Stock and any portion of the Total Cash Consideration issuable in exchange therefor pursuant to the provisions of this Article II, together with cash, if any, in lieu of fractional shares in accordance with Section 2.3(d) hereof. The Board of Directors of Finisar may in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed Certificate to provide to Finisar an indemnity agreement against any claim that may be made against Finisar with respect to the Certificate alleged to have been lost, stolen or destroyed.

Section 2.4 *Escrow.*

(a) At the Closing, or as soon as practicable after the Effective Time, Finisar shall cause to be deducted from the number of shares of Finisar Common Stock deliverable to the Shareholders and shall cause to be deposited into escrow (the "Escrow") certificates representing the number of shares of Finisar Common Stock having a value equal to ten percent (10%) of the Total Merger Consideration based on the Finisar Share Price (the "Escrow Shares") (which amounts shall be apportioned from each Shareholder pro rata with respect to each Shareholder's proportionate interest in Marlow). The Escrow Shares shall be held by U.S. Bank Trust, National Association, or such other financial institution as Finisar and Marlow shall mutually determine (the "Escrow Agent") in accordance with and subject to the provisions of an Escrow Agreement substantially in the form of *Exhibit A* hereto (the "Escrow Agreement"). The Escrow Shares so deposited shall be shares of Finisar Common Stock which are vested and are not subject to a repurchase option, risk of forfeiture or other condition under any applicable agreement with Marlow or Finisar.

(b) Within ten (10) days following the eighteen-month anniversary of the Closing Date, the Escrow Shares shall be released from the escrow subject to the provisions of Article IX of this Agreement relating to claims of indemnification.

D 9

Section 2.5 *Dissenters' Rights.* In the event the Merger becomes effective without the approval of the holders of 100% of the outstanding shares of Marlow Common Stock, any shares of Marlow Common Stock held by shareholders who properly exercise and perfect, pursuant to Section 5.12 of the BCA, the dissenters' rights set forth in Section 5.11 of the BCA ("Dissenting Shares") shall not be converted pursuant to Section 2.2, but shall instead be converted into the right to receive payment of fair value as may be determined to be due with respect to such Dissenting Shares pursuant to the provisions of the BCA. Finisar shall have the right to control all negotiations and proceedings with respect to the determination of the fair value of the Dissenting Shares. Marlow agrees that, without the prior written consent of Finisar or as required under the BCA, it will not voluntarily make any payment with respect to, or determine or offer to determine, the fair value of the Dissenting Shares. Each holder of Dissenting Shares (a "Dissenting Shareholder") who, pursuant to the provisions of the BCA, becomes entitled to payment of the fair value of Dissenting Shares shall receive payment therefor (but only after the fair value therefor shall have been agreed upon or finally determined pursuant to the provisions of the BCA). In the event that any holder of Marlow Common Stock fails to make an effective exercise and perfection of dissenters' rights or demand for payment or otherwise loses his, her or its status as a Dissenting Shareholder, Finisar shall, as of the later of the Effective Time or the occurrence of such event, issue and deliver, upon surrender by such Dissenting Shareholder of his, her or its Certificate(s), the shares of Finisar Common Stock and cash, including any cash payment in lieu of fractional shares, in each case without interest thereon, to which such Dissenting Shareholder would have been entitled under Section 2.2.

Section 3.3 *Authority; Required Filings and Consents.*

(a) Marlow has all requisite corporate power and authority to execute and deliver this Agreement and all other documents required to be executed and delivered by Marlow hereunder, including the Articles of Merger (collectively, the "Transaction Documents"), and to consummate the transactions contemplated hereby and thereby, subject only to the approval of the Merger by Marlow's shareholders as required by the BCA. The execution and delivery of this Agreement and the other Transaction Documents to which Marlow is or will be a party and the consummation of the transactions contemplated hereby and thereby have been duly authorized by all necessary corporate action on the part of Marlow, subject only to the approval of the Merger by Marlow's shareholders as required by the BCA. D 11

(b) The execution and delivery by Marlow of this Agreement and the other Transaction Documents to which it is or will be a party do not, and the consummation of the transactions contemplated hereby and thereby will not, (i) conflict with, or result in any violation or breach of any provision of, the Articles of Incorporation or Bylaws of Marlow, (ii) result in any violation or breach of or constitute (with or without notice or lapse of time, or both) a default under, or give rise to a right of termination, cancellation or acceleration of any material obligation or loss of any material benefit under, any note, mortgage, indenture, lease, contract or other agreement or obligation to which Marlow is a party or by which Marlow or any of its properties or assets may be bound, or (iii) conflict with or violate any material permit, concession, franchise, license, judgment, order, decree, statute, law, ordinance, rule or regulation applicable to Marlow or any of its properties or assets.

(c) No consent, approval, order or authorization of, or registration, declaration or filing with, any court, administrative agency or commission or other governmental authority or instrumentality ("Governmental Entity") is required by or with respect to Marlow in connection with the execution and delivery of this Agreement or the consummation of the transactions contemplated hereby, except for (i) the filing of a pre-merger notification and report form by the Company under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Act") and any filings pursuant to applicable requirements under the laws of the United Kingdom or Japan (the "Foreign Law Notifications"), (ii) the filing of the Articles of Merger with the Texas Secretary of State, (iii) such consents, approvals, orders, authorizations, registrations, declarations and filings as may be required under applicable federal and state securities laws, (iv) such amendments and filings as may be required under applicable law in connection with the branch registrations of Marlow or its subsidiaries in the United Kingdom and Japan, and (v) such other consents, authorizations, filings, approvals and registrations which, if not obtained or made, would not have a Material Adverse Effect on Marlow and would not prevent or materially alter or delay any of the transactions contemplated by this Agreement.

Section 3.4 *Financial Statements*. Marlow has delivered to Finisar (i) the audited consolidated balance sheets of Marlow and Marlow Subsidiaries as of January 31, 1999 and January 30, 2000, and the related audited consolidated statements of income, stockholders' equity and cash flows for the fiscal years ended January 31, 1999 and January 30, 2000, and (ii) its unaudited balance sheet as of December 31, 2000 (the "Balance Sheet Date") and unaudited consolidated statements of income for the eleven-month period ended December 31, 2000 (collectively, the "Marlow Financial Statements"). The Marlow Financial Statements were prepared in accordance with generally accepted accounting principles ("GAAP") applied on a consistent basis throughout the periods involved, except that the unaudited Marlow Financial Statements do not contain footnotes and are subject to normal year-end adjustments. The Marlow Financial Statements present fairly in all material respects the financial position of Marlow as of the respective dates and the results of its operations and cash flows for the periods indicated. Marlow maintains, and until the Effective Time will continue to maintain, a standard system of accounting established and administered in accordance with GAAP.

Section 3.5 *Absence of Undisclosed Liabilities*. Marlow and the Marlow Subsidiaries do not have any liabilities, either accrued or contingent (which is required to be reflected in financial statements in accordance with GAAP), and whether due or to become due, other than (i) liabilities reflected or provided for on the balance sheet as of the Balance Sheet Date (the "Marlow Balance Sheet"), (ii) liabilities contemplated by this Agreement or described in the Marlow Disclosure Schedule, and (iii) normal or recurring liabilities incurred since the Balance Sheet Date in the ordinary course of business consistent with past practices.

The accounts receivable of Marlow and the Marlow Subsidiaries arising after the Balance Sheet Date and prior to the Closing Date arose, or will arise, in the ordinary course of business and have been collected or will be collectible in the book amounts thereof, less allowances for doubtful accounts and returns determined in accordance with GAAP and the past practices of Marlow. None of such accounts receivable is subject to any pending claim of offset or recoupment or counterclaim, and neither Marlow nor the Marlow Subsidiaries have knowledge of any specific facts that would be likely to give rise to any such claim. No amount of such accounts receivable is contingent upon the performance by Marlow or the Marlow Subsidiaries of any obligation and no agreement for deduction or discount has been made with respect to any such accounts receivable.

Section 3.7 *Inventories.* The inventories shown on the Marlow Balance Sheet or thereafter acquired by Marlow or the Marlow Subsidiaries consist of items of a quantity and quality usable or salable in the ordinary course of business. Since the Balance Sheet Date, Marlow and the Marlow Subsidiaries have continued to replenish inventories in a normal and customary manner consistent with past practices. Neither Marlow nor the Marlow Subsidiaries have received notice that they will experience in the foreseeable future any difficulty in obtaining, in the desired quantity and quality and at a reasonable price and upon reasonable terms and conditions, the supplies or component products required for the manufacture, assembly or production of its products. The value at which inventories are carried reflect the inventory valuation policy of Marlow, which is consistent with its past practice and in accordance with GAAP. Due provision has been made on the books of Marlow and the Marlow Subsidiaries, consistent with past practices, to provide for all slow-moving, obsolete, or unusable inventories at their estimated useful or scrap values, and such inventory reserves are adequate to provide for such slow-moving, obsolete or unusable inventory and inventory shrinkage.

Section 3.8 *Absence of Certain Changes or Events.* Since the Balance Sheet Date, Marlow and the Marlow Subsidiaries have conducted their business in the ordinary course and in a manner consistent with past practices and, since such date, neither Marlow nor the Marlow Subsidiaries have:

Section 3.9 *Taxes.*

(a) Marlow and the Marlow Subsidiaries have prepared and timely filed (taking into account any extension of time within which to file) all returns, estimates, information statements and reports required to be filed with any taxing authority ("Returns") by, or with respect to, Marlow and the Marlow Subsidiaries in accordance with all applicable laws, and, such Returns are true and correct in all material respects.

(b) Marlow and the Marlow Subsidiaries, as of the Closing Date, will have paid all Taxes shown as due and payable on the Returns that have been filed (other than Taxes which are being contested in good faith and for which adequate reserves are reflected on the Marlow Financial Statements). (e) Neither Marlow nor any of the Marlow Subsidiaries is liable for any Tax imposed on any entity other than Marlow and any Marlow Subsidiary, except as the result of the application of

D 14

Treas. Reg. Sections 1.1502-6 (and any comparable provision of the tax laws of any state, local or foreign jurisdiction) to the affiliated group of which Marlow is the common parent.

(f) Since January 31, 1995, neither Marlow nor any of the Marlow Subsidiaries has been or is the subject of an audit nor has been notified of any request (in writing) for an audit by any taxing authority. There are not, to the knowledge of Marlow, any unresolved questions or claims concerning Marlow's or any of its Subsidiaries' Tax Liability.

(g) Neither Marlow nor the Marlow Subsidiaries have ever been a member of an affiliated group of corporations filing a consolidated federal income tax return other than returns which include only Marlow and any of the Marlow Subsidiaries.

(h) Marlow has made available to Finisar copies of all Returns filed for all taxable periods since January 31, 1995.

(i) Neither Marlow nor the Marlow Subsidiaries have ever filed any consent agreement under Section 341(f) of the Code or agreed to have Section 341(f)(4) apply to any disposition of assets owned by Marlow or its Subsidiaries.

(j) There are (and immediately before the Effective Time there will be) no liens, pledges, charges, claims, restrictions on transfer, mortgages, security interests or other encumbrances of any sort (collectively, "Liens") on the assets of Marlow or the Marlow Subsidiaries for Taxes, other than Liens for Taxes not yet due and payable.

Edgar Filing: FINISAR CORP - Form DEF 14A

(l) Neither Marlow nor the Marlow Subsidiaries are a party to any tax sharing agreement or similar agreement with any other party, and neither Marlow nor the Marlow Subsidiaries have assumed or agreed to pay any Tax obligations of, or with respect to any transaction relating to, any other person or agreed to indemnify any other person with respect to any Tax.

(m) Neither Marlow nor the Marlow Subsidiaries have constituted either a "distributing corporation" or a "controlled corporation" in a distribution of stock qualifying for tax-free treatment under Section 355 of the Code (i) in the two years prior to the date of this Agreement or (ii) in a distribution which could otherwise constitute part of a "plan" or "series of related transactions" (within the meaning of Section 355(e) of the Code) in conjunction with the Merger.

For purposes of this Agreement, a "Tax" or, collectively, "Taxes," means any and all federal, state and local taxes of any country, assessments and other governmental charges, duties, impositions and liabilities, including taxes based upon or measured by gross receipts, income, profits, sales, use and occupation, and value added, ad valorem, transfer, franchise, withholding, payroll, recapture, employment, excise and property taxes, together with all interest, penalties and additions imposed with respect to such amounts and any obligations under any agreements or arrangements with any other person with respect to such amounts and including any liability for taxes of a predecessor entity.

(a) Marlow and the Marlow Subsidiaries own or lease all tangible assets and properties which are material to the conduct of its business as currently conducted or which are reflected on the Marlow Balance Sheet or acquired since the Balance Sheet Date (the "Material Tangible Assets").

D 15

The Material Tangible Assets are in good operating condition and repair, except for ordinary wear and tear. Marlow or its Subsidiaries have good and indefeasible title to all Material Tangible Assets that they own (except properties, interests in properties and assets sold or otherwise disposed of since the Marlow Balance Sheet Date in the ordinary course of business), free and clear of liens, claims and encumbrances other than (i) liens, mortgages, pledges, security interests or other encumbrances securing indebtedness shown on Marlow's Financial Statements and which are described in Section 3.10(a) of the Marlow Disclosure Schedule, (ii) liens for current taxes, payments of which are not yet delinquent, (iii) liens in respect of pledges or deposits under workers' compensation laws or similar legislation, carriers', warehousemen's, mechanics', laborers' and materialmen's and similar liens, if the obligations secured by such liens are not then delinquent, (iv) liens relating to accounts payable incurred in the ordinary course of business and consistent with past practice (collectively, the "Permitted Liens"). Assuming the due execution and delivery thereof by the other parties thereto, all leases of Material Tangible Assets to which Marlow and the Marlow Subsidiaries are a party are in full force and effect and valid, binding and enforceable in accordance with their respective terms, except as such enforceability may be limited by (i) bankruptcy, insolvency, moratorium or other similar laws affecting or relating to creditors' rights generally, and (ii) general principles of equity. The Marlow Disclosure Schedule sets forth a true and correct list of all such leases, and true and correct copies of all such leases have been provided to Finisar.

(b) Neither Marlow nor the Marlow Subsidiaries own real property. Section 3.10(a) of the Marlow Disclosure Schedule sets forth a true and complete list of all real property leased by Marlow or its Subsidiaries. Assuming the due execution and delivery thereof by the other parties thereto, all such real property leases are in full force and effect and valid, binding and enforceable in accordance with their respective terms, except as such enforceability may be limited by (i) bankruptcy, insolvency, moratorium or other similar laws affecting or relating to creditors' rights generally, and (ii) general principles of equity, and have not been amended to date. True and correct copies all such of real property leases and any amendments thereto have been provided to Finisar.

Section 3.11 *Intellectual Property.*

(a) Marlow and the Marlow Subsidiaries own, license or otherwise possess legally enforceable rights to use, all patents, trademarks, trade names, service marks, copyrights and mask works, and any applications for and registrations of such patents, trademarks, trade names, service marks, domain names, copyrights and mask works and all processes, formulas, methods, schematics, technology, know-how, computer software programs or applications and tangible or intangible proprietary information or material that are necessary to conduct the business of Marlow and the Marlow Subsidiaries as currently being conducted, or as currently proposed to be conducted (all of which are referred to as the "Marlow Intellectual Property Rights"), free and clear of all Liens and without a duty to account to third parties, except for Licensed Intellectual Property (as defined below) for which license fees might be due to the licensor. The foregoing representation as it relates to Licensed Intellectual Property (as defined below) is limited to Marlow's and the Marlow Subsidiaries' interest pursuant to licenses from third parties, each of which: grants Marlow and the Marlow Subsidiaries such rights to such intellectual property as are necessary to the business of Marlow and the Marlow Subsidiaries as currently conducted or currently proposed to be conducted, and, to Marlow's knowledge, is in full force and effect and is valid, binding and enforceable.

(b) Section 3.11(b) of the Marlow Disclosure Schedule contains an accurate and complete list of (i) all patents, patent applications, invention disclosures, trademarks, trade names, service marks and registered copyrights and applications therefor included in the Marlow Intellectual Property Rights, including the jurisdictions in which each such Marlow Intellectual Property Right has been issued or registered or in which any such application for such issuance or registration has been filed, (ii) all licenses, sublicenses, distribution agreements, options, rights (including marketing rights), and other agreements to which Marlow or the Marlow Subsidiaries are a party and pursuant to which any person is authorized to use any Marlow Intellectual Property Rights or has the right to manufacture, reproduce, market or exploit any product of Marlow or the Marlow Subsidiaries (a "Marlow Product") or any adaptation, translation, improvement or derivative work based on any Marlow Product or any portion thereof, (iii) all licenses, sublicenses and other agreements to which Marlow or the Marlow Subsidiaries are a party and pursuant to which Marlow or the Marlow Subsidiaries are authorized to use any third party technology, trade secret, know-how, process, patent, trademark or copyright, including software ("Licensed Intellectual Property"), which is used in the manufacture of, incorporated in or forms a part of any Marlow Product (other than licenses for standard off-the-shelf software used in the conduct of Marlow's business), (iv) all joint development agreements and consultation agreements to which Marlow or the Marlow Subsidiaries is a party, and (v) all agreements with Governmental Entities or other third parties pursuant to which Marlow or the Marlow Subsidiaries have obtained funding for research and development activities.

(c) The execution and delivery of this Agreement, compliance with its terms and the consummation of the transactions contemplated hereby do not and will not conflict with, or result in any violation or breach of, or default (with or without notice or lapse of time or both) or give rise to any right, license or Lien relating to any Marlow Intellectual Property Rights or Licensed Intellectual Property, or right of termination, cancellation or acceleration of any Marlow Intellectual Property Rights or Licensed Intellectual Property, or the loss or encumbrance of any Marlow Intellectual Property Rights or Licensed Intellectual Property or material benefit related thereto, or result in or require the creation, imposition or extension of any Lien upon any Marlow Intellectual Property Rights or Licensed Intellectual Property or otherwise impair the right of Marlow, the Marlow Subsidiaries or their customers to use the Marlow Intellectual Property Rights or Licensed Intellectual Property in the same manner as such Marlow Intellectual Property Rights or Licensed Intellectual Property are currently being used by Marlow, the Marlow Subsidiaries or their customers.

(d) All patents and trademarks, service marks and copyrights issued to Marlow or the Marlow Subsidiaries which relate to any Marlow Product as set forth in the Marlow Disclosure Schedule are valid and subsisting. The manufacturing, marketing, licensing or sale of any Marlow Product does not infringe any patent, trademark, trade name, service mark, copyright, mask work right, trade secret or other proprietary right of any third party. Neither Marlow nor the Marlow Subsidiaries (i) have received notice that they have been sued in any suit, action or proceeding which involves a claim of infringement of any patent, trademark, trade name, service mark, copyright, mask work right, trade secret or other proprietary right of any third party and (ii) have knowledge of any claim challenging or questioning the validity or effectiveness of any license or agreement relating to any Marlow Intellectual Property Rights or Licensed Intellectual Property. There is no outstanding order, writ, injunction, decree, judgment or stipulation by or with any court, administrative agency or arbitration panel regarding patent, copyright, trade secret, trademark, trade name, mask work right or other claims relating to the Marlow Intellectual Property Rights to which Marlow or the Marlow Subsidiaries are a party or by which they are bound.

ARTICLE VI

ADDITIONAL AGREEMENTS

Section 6.1 *No Solicitation*.

(a) During the period from the date of this Agreement until the earlier of the termination of this Agreement or the Effective Time, Marlow shall not, directly or indirectly, through any officer, director, employee, representative or agent, (i) take any action to solicit, initiate, encourage or support any inquiries or proposals that constitute, or could reasonably be expected to lead to, a proposal or offer for a merger, consolidation, business combination, sale of assets, sale of shares of capital stock (including without limitation by way of a tender offer) or similar transactions involving Marlow, other than the transactions contemplated or expressly permitted by this Agreement (any of the foregoing inquiries or proposals being referred to in this Agreement as a "Marlow Acquisition Proposal"), (ii) engage in negotiations or discussions concerning, or provide any non-public information to any person or entity relating to, any Marlow Acquisition Proposal, or (iii) agree to, approve or recommend any Marlow Acquisition Proposal.

(b) Marlow shall notify Finisar no later than twenty-four (24) hours after receipt by Marlow (or its advisors) of any Marlow Acquisition Proposal or any request for nonpublic information in connection with a Marlow Acquisition Proposal or for access to the properties, books or records of Marlow by any person or entity that informs Marlow that it is considering making, or has made, a Marlow Acquisition Proposal. Such notice shall be made orally and in writing and shall indicate in reasonable detail the identity of the offeror and the terms and conditions of such proposal, inquiry or contact.

(c) During the period from the date of this Agreement until the earlier of the termination of this Agreement or the Effective Time, the Principal Shareholder and the Shareholders' Representative each agree that they will not, directly or indirectly, through any agent or otherwise, take any action to solicit, initiate, seek, encourage or support any inquiry, proposal or offer from, furnish any information to, or participate in any negotiations with, any corporation, partnership, person or other entity or group (other than Finisar) regarding any Marlow Acquisition Proposal. If

D 30

a Marlow Acquisition Proposal is received by, or such information is requested from, the Principal Shareholder or the Shareholders' Representative, they shall promptly notify Finisar of such fact and specify the information requested and the name of the person

making such proposal and/or requesting such information.

Section 6.2 *Consents*. Each of Finisar and Marlow shall use all reasonable efforts to obtain all necessary consents, waivers and approvals under any of Finisar's or Marlow's material agreements, contracts, licenses or leases as may be necessary or advisable to consummate the Merger and the other transactions contemplated by this Agreement.

Section 6.3 *Access to Information*. Upon reasonable notice, Marlow shall afford to the officers, employees, accountants, counsel and other representatives of Finisar, reasonable access, during normal business hours during the period prior to the Effective Time, to all its properties, books, contracts, commitments and records and, during such period, Marlow shall furnish promptly to Finisar or its representatives all other information concerning its business, properties and personnel as such other party may reasonably request. Unless otherwise required by law, the parties will treat any such information which is nonpublic in confidence in accordance with the Nondisclosure Agreement dated September 25, 2000 (the "Confidentiality Agreement") between Finisar and Marlow, which Confidentiality Agreement shall continue in full force and effect in accordance with its terms. No information or knowledge obtained in any investigation pursuant to this Section 6.3 shall affect or be deemed to modify any representation or warranty contained in this Agreement or the conditions to the obligations of the parties to consummate the Merger.

Section 6.4 *Legal Conditions to Merger*. Each of Finisar and Marlow will take all reasonable actions necessary to comply promptly with all legal requirements which may be imposed on itself with respect to the Merger (which actions shall include, without limitation, furnishing all information in connection with approvals of or filings with any Governmental Entity) and will promptly cooperate with and furnish information to each other in connection with any such requirements imposed upon either of them or any of their Subsidiaries in connection with the Merger. Each of Finisar and Marlow will take all reasonable actions necessary to obtain (and will cooperate with each other in obtaining) any consent, authorization, order or approval of, or any exemption by, any Governmental Entity or other third party, required to be obtained or made by Marlow, Finisar or any of their Subsidiaries in connection with the Merger or the taking of any action contemplated thereby or by this Agreement and to enable the Closing to occur as promptly as practicable.

Section 6.5 *Public Disclosure*. Finisar and Marlow shall consult with each other before issuing any press release or otherwise making any public statement with respect to the Merger or this Agreement and shall not issue any such press release or make any such public statement prior to such consultation, except as may be required by law or by the rules or regulations of the SEC or the NNM; provided, however, that Finisar shall use its commercially reasonable efforts to give Marlow advance notice of any disclosure relating to the Merger or this Agreement required by law or by the rules or regulations of the SEC, NNM or other regulatory agency as soon as practicable after the decision to make such disclosure has been made.

Section 6.6 *Tax-Free Reorganization*. Finisar and Marlow each intend that the Merger shall qualify for treatment as a reorganization within the meaning of Section 368(a) of the Code. Finisar and Marlow each agree to refrain from taking any action inconsistent with such intended treatment. Finisar and Marlow agree to make reasonable representations as requested by counsel to Finisar and Marlow with respect to the rendering of the opinions required pursuant to Section 7.1(e).

Section 6.7 *Nasdaq Quotation*. Finisar agrees to continue the quotation of Finisar Common Stock on the NNM during the term of this Agreement. Finisar shall use its best efforts to cause the

D 31

shares of Finisar Common Stock to be issued in the Merger to be approved for quotation on the NNM, subject to official notice of issuance, prior to the Closing Date.

Section 6.8 *Securities Law Matters*.

(a) As soon as practicable following the execution of this Agreement, but in any event not later than ten (10) business days after the execution of this Agreement, Finisar will file a request for a hearing (the "Hearing") before the Commissioner of Corporations of the State of California to consider the terms, conditions and fairness of the transactions contemplated by this Agreement pursuant to Section 25142 of the California Corporations Code, together with an application for a permit relating to the transactions contemplated by this Agreement and the Articles of Merger (the "Permit"). Marlow and the Principal Shareholder shall promptly furnish to Finisar all data and information relating to Marlow and the Principal Shareholder as may be necessary in connection with such request and application and such other notices and documents as may be required in connection with the Hearing. Finisar, Marlow and the Principal Shareholder shall use their respective best efforts to cause the Hearing to take place and the Permit to be issued at the earliest practicable date.

(b) Finisar shall prepare and file with appropriate state securities or "Blue Sky" authorities all applications for qualification or approval (or notices required to perfect exemptions from such compliance) as may be required in connection with the Merger. Marlow

Edgar Filing: FINISAR CORP - Form DEF 14A

and the Principal Shareholder shall use their respective best efforts to assist Finisar as may be necessary to comply with all appropriate state securities or Blue Sky laws which may be applicable in connection with the Merger.

(c) In connection with the Hearing, the parties will cooperate in preparing an information statement describing this Agreement and the transactions contemplated hereby and thereby for the purpose of soliciting the approval of Marlow Shareholders (the "Information Statement"). The information supplied by Marlow for inclusion in the Information Statement shall not, on the date the Information Statement is first mailed to Marlow Shareholders or at the Effective Time, contain any statement which, at such time, is false or misleading with respect to any material fact, or omit to state any material fact necessary in order to make the statements made therein, in light of the circumstances under which they are made, not misleading, or omit to state any material fact necessary to correct any statement in any earlier communication which has become false or misleading. Notwithstanding the foregoing, Marlow makes no representation, warranty or covenant with respect to any information supplied by Finisar or Sub which is contained in any of the foregoing documents. The information supplied by Finisar for inclusion in the Information Statement shall not, on the date the Information Statement is first mailed to Marlow's shareholders, nor at the Effective Time, contain any statement which, at such time, is false or misleading with respect to any material fact, or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which it is made, not false or misleading; or omit to state any material fact necessary to correct any statement in any earlier communication which has become false or misleading. Notwithstanding the foregoing, Finisar and Sub make no representation, warranty or covenant with respect to any information supplied by Marlow which is contained in any of the foregoing documents.

(d) The Information Statement shall constitute a disclosure document for the offer and issuance of shares of Finisar Common Stock to be received by the holders of Marlow Common Stock in the Merger. Finisar and Marlow shall each use reasonable commercial efforts to cause the Information Statement to comply with applicable federal and state securities laws requirements. Each of Finisar and Marlow agrees to provide promptly to the other such information concerning its business and financial statements and affairs as, in the reasonable judgment of the providing party or its counsel, may be required or appropriate for inclusion in the Information Statement or

D 32

in any amendments or supplements thereto, and to cause its counsel and auditors to cooperate with the other's counsel and auditors in the preparation of the Information Statement. Marlow will promptly advise Finisar, and Finisar will promptly advise Marlow, in writing if at any time prior to the Effective Time either Marlow or Finisar shall obtain knowledge of any facts that might make it necessary or appropriate to amend or supplement the Information Statement in order to make the statements contained or incorporated by reference therein not misleading or to comply with applicable law. The Information Statement shall contain the unanimous recommendation of the Board of Directors of Marlow that the Marlow shareholders approve the Merger and this Agreement and the unanimous conclusion of the Board of Directors that the terms and conditions of the Merger are fair and reasonable to the shareholders of Marlow. Anything to the contrary contained herein notwithstanding, neither Finisar nor Marlow shall include in the Information Statement any information with respect to the other party or its affiliates or associates, the form and content of which information shall not have been approved by such other party prior to such inclusion.

(e) Upon receipt of the Permit, Marlow shall, as promptly as reasonably practicable submit this Agreement and the transactions contemplated hereby to the Marlow shareholders at a special meeting (the "Marlow Shareholder Meeting") for approval and adoption as provided by Texas law and its Articles of Incorporation and Bylaws. Marlow shall use its commercially reasonable efforts to obtain the approval of the Marlow shareholders sufficient to approve the Merger and this Agreement and to enable the Closing to occur as soon as reasonably practicable after the date hereof. Marlow shall ensure that the Marlow Shareholder Meeting is conducted, and that all proxies solicited by Marlow in connection with the Marlow Shareholder Meeting are solicited, in compliance with applicable law and the Marlow charter documents. Marlow's obligation to call, give notice of, convene and hold the Marlow Shareholder Meeting in accordance with this Section 6.8(e) shall not be limited to or otherwise affected by the commencement, disclosure, announcement or submission to Marlow of any Marlow Acquisition Proposal.

(f) *Schedule 6.8(f)* sets forth those persons who, in Marlow's reasonable judgment are or may be "affiliates" of Marlow within the meaning of Rule 145 (each such person a "Marlow Affiliate"). Marlow shall provide Finisar such information and documents as Finisar shall reasonably request for purposes of reviewing such list. Marlow shall deliver or cause to be delivered to Finisar, promptly following the execution of this Agreement (and in any case prior to the Closing) from each of the Marlow Affiliates, an executed Affiliate Agreement in the form attached hereto as *Exhibit B*. Finisar shall be entitled to place appropriate legends on the certificates evidencing any Finisar Common Stock to be received by such Marlow Affiliates pursuant to the terms of this Agreement, and to issue appropriate stop transfer instructions to the transfer agent for Finisar Common Stock, consistent with the terms of such Affiliate Agreements.

Edgar Filing: FINISAR CORP - Form DEF 14A

Section 6.9 *HSR Act*. Finisar and Marlow have prepared and filed Notification and Report Forms under the HSR Act with the Federal Trade Commission (the "FTC") and the Antitrust Division of the Department of Justice (the "Antitrust Division"). Finisar and Marlow shall respond as promptly as practicable to all inquiries received from the FTC or the Antitrust Division for additional information or documentation.

Section 6.10 *Employment Matters*.

(a) At the Effective Time, the employees listed on *Schedule 6.10(a)* hereto will become employees of the Surviving Corporation pursuant to the terms of Employment Agreements substantially in the form of *Exhibit C* hereto (collectively, the "Employment Agreements").

D 33

(b) Prior to the Closing Date, Finisar will make offers of "at will" employment (on behalf of the Surviving Corporation) to all employees of Marlow recommended by the Chief Executive Officer of Marlow and set forth on *Schedule 6.10(b)* hereto, such offers to be conditioned upon the consummation of the Merger. Not later than five (5) business days prior to the Closing Date, Marlow shall provide an update of employees to be offered "at will" employment, which will show terminations and new hires since the date of the original *Schedule 6.10(b)*. Finisar shall have two (2) business days to review the list of the newly hired employees and make a determination as to whether to make offers of "at will" employment to such employees. All Marlow employees whose employment will not be continued by the Surviving Corporation will be terminated by Marlow prior to the Closing Date. It is contemplated that Marlow employees will remain at their current job location. If a Marlow employee requests a transfer to another location, the management of Finisar and Marlow will consider the requests on a case-by-case basis, consistent with the goal of maintaining effective operations at Marlow's facility.

(c) At the Effective Time, the Shareholders' Representative will become a consultant to Finisar pursuant to the terms of a Consulting Agreement substantially in the form of *Exhibit D* hereto (the "Consulting Agreement").

Section 6.11 *Stock Options*.

(a) Not later than five (5) days prior to the Closing Date, (i) Marlow shall obtain the written consent of each holder of a Marlow Option (other than Raymond Marlow, Elizabeth Marlow, Marshall Doke, Frances Mattingly and John Nelson) to the modification of the vesting terms of such options such that 50% of the unvested portion of such Marlow Option will become vested on the Closing Date and the remaining 50% of the unvested portion of such Marlow Option will vest in equal annual increments over the following three years; provided, however, that each such Marlow Option (other than those of the persons set forth above) will vest in full upon the Involuntary Termination of the optionee's employment following the Effective Time. At the Effective Time, each outstanding Marlow Option which has not been exercised prior to the Closing, whether vested or unvested, shall be assumed by Finisar and converted into an option (an "Assumed Option") to acquire, on the same terms and conditions as were applicable under the Marlow Option (except as otherwise provided below), such number of shares of Finisar Common Stock which the holder of such Marlow Option would have been entitled to receive pursuant to the Merger had such holder exercised such option in full immediately prior to the Effective Time (rounded down to the nearest whole share), at a price per share (rounded up to the nearest whole cent) equal to (i) the aggregate exercise price of the Marlow Common Stock purchasable pursuant to such Marlow Option immediately prior to the Effective Time divided by (ii) the number of full shares of Finisar Common Stock purchasable pursuant to the Assumed Option.

(b) Each Assumed Option shall be evidenced by a written assumption agreement reflecting the terms set forth in Section 6.11(a) and delivered to the former holders of Marlow Options promptly following the Effective Time. Finisar shall, to the extent required by and subject to the provisions of the Marlow Option Plan, take such actions as may be appropriate under the Code and the regulations thereunder to cause the Assumed Options representing assumed Marlow Options which qualified as incentive stock options immediately prior the Effective Time continue to qualify as incentive stock options after the Effective Time, to the extent permitted under the Code and the regulations thereunder.

(c) Finisar shall take all corporate action necessary to reserve for issuance a sufficient number of shares of Finisar Common Stock for delivery upon exercise of the Assumed Options. As soon as practicable after the Effective Time, Finisar shall file a registration statement on Form S-8 (or any successor or other appropriate forms), with respect to the shares of Finisar Common Stock subject to the Assumed Options and shall use its best efforts to maintain the effectiveness of such

D 34

registration statement or registration statements (and maintain the current status of the prospectus or prospectuses in connection therewith) for so long as any Assumed Options remain outstanding. With respect to those individuals who, subsequent to the Merger, will be subject to the reporting requirements under Section 16(a) of the Exchange Act, where applicable, Finisar shall administer the Assumed Options in a manner that complies with Rule 16b-3 promulgated under the Exchange Act.

(d) In addition to the Marlow Options assumed by Finisar in the Merger, Finisar shall grant new options, under Finisar's employee stock option plan, to purchase shares of Finisar Common Stock to the Marlow employees and in such individual amounts as set forth on *Schedule 6.11(d)* hereto. These options will be subject to Finisar's option plan and standard form of option agreement and will vest in accordance with such documents.

Section 6.12 *Employee Stock Purchase Plan.* Employees of Marlow as of the Effective Time shall be permitted to participate in the Finisar Employee Stock Purchase Plan commencing on the first enrollment date following the Effective Time, subject to compliance with the eligibility provisions of such plan.

Section 6.13 *Finisar Plans.* All Marlow employees who remain employees of Finisar, Marlow or any other Subsidiary of Finisar following the Effective Time shall be entitled to participate in all employee benefit plans and programs (the "Finisar Plans") that are available to other Finisar employees holding comparable positions. To the extent permitted by the Finisar Plans, each participant shall be given full credit for such participant's service with Marlow prior to the Effective Time for purposes of eligibility and vesting. To the extent permitted by law, Finisar shall amend the Finisar Plans, as necessary, to provide for such participation and vesting. Finisar shall cause the Surviving Corporation to (i) continue Marlow's short term disability plan until December 31, 2001, (ii) continue Marlow's supplemental (employer-paid) executive life insurance coverages until the expiration of six (6) months after the Effective Time, and (ii) either continue Marlow's group health coverage (and existing employee premiums, copays and deductibles), or provide substantially similar coverage (with no increase in employee premiums, copays and deductibles) through August 2001.

Section 6.14 *Employee Retention Pool.* Finisar shall establish a pool of cash in the aggregate amount of \$5,457,280 (the "Retention Pool") for retention of Marlow employees. The Retention Pool shall be allocated among the employees listed on *Schedule 6.14* hereto. A portion of the amount allocated to each eligible employee will vest at the Effective Time as set forth in *Schedule 6.14* provided such eligible employee accepts continued employment with the Surviving Corporation, and will be payable at the Effective Time; provided, however, that the full amount allocated to John Nelson and Frances Mattingly will be payable immediately at the Effective Time. The portion of the Retention Pool payable at the Effective Time shall be paid by the delivery of checks drawn on a checking account maintained by Marlow, and a schedule of such payments shall be delivered to Finisar at least five (5) business days prior to the Closing Date. Eligible employees (except John Nelson and Frances Mattingly) will vest in the remaining amount allocated to them in equal installments which shall be paid on the first and second anniversaries of the Closing Date, subject to their continued employment by Finisar or a Subsidiary of Finisar; provided, however, that any unpaid portion of an employee's share of the Retention Pool will become vested and payable upon the Involuntary Termination of the employee's employment following the Effective Date. All payments of cash from the Retention Pool will be net of applicable withholding requirements.

Section 6.15 *Marlow 401(k) Plan.* Marlow agrees to terminate its 401(k) plan immediately prior to the Effective Time, unless Finisar, in its sole and absolute discretion, agrees to sponsor and maintain such plan by providing Marlow with written notice of such election at least three (3) days before the Closing Date. Unless Finisar provides such notice, Marlow shall deliver to Finisar evidence that Marlow's 401(k) plan has been terminated pursuant to resolutions of Marlow's Board of Directors (the

form and substance of which resolutions shall be subject to review and approval of Finisar), effective as of the day immediately preceding the Closing Date.

Section 6.16 *Brokers or Finders.* Each of Finisar and Marlow represents, as to itself, its Subsidiaries and its affiliates, that no agent, broker, investment banker, financial advisor or other firm or person is or will be entitled to any broker's or finder's fee or any other commission or similar fee in connection with any of the transactions contemplated by this Agreement, except Broadview International, financial advisor to Finisar, to which Finisar has agreed to pay fees and expenses in connection with financial advisory services, and Chase Securities Inc., financial advisor to Marlow, to which Marlow has agreed to pay fees and expenses in connection with financial advisory services, and each of Finisar and Marlow agrees to indemnify and hold the other harmless from and against any and all claims, liabilities or obligations with respect to any other fees, commissions or expenses asserted by any person on the basis of any act or statement alleged to have been made by such party or its affiliate.

Section 6.17 *Additional Agreements; Reasonable Efforts.* Subject to the terms and conditions of this Agreement, each of the parties agrees to use all reasonable efforts to take, or cause to be taken, all action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the transactions contemplated by this Agreement, including cooperating fully

with the other party, including by provision of information. In case at any time after the Effective Time any further action is necessary or desirable to carry out the purposes of this Agreement or to vest the Surviving Corporation with full title to all properties, assets, rights, approvals, immunities and franchises of either of the Constituent Corporations, the proper officers and directors of each party to this Agreement shall take all such necessary action.

Section 6.18 *Expenses*. The parties shall each pay their own legal, accounting, financial advisory and consulting fees and other out-of-pocket expenses related to the negotiation, preparation and carrying out of this Agreement and the transactions herein contemplated. In the event the Merger is consummated all legal, accounting, financial advisory and consulting fees and expenses incurred by Marlow or its shareholders (whether paid or accrued) relating to the negotiation, preparation and carrying out of this Agreement and the transactions contemplated hereby, and obtaining all authorizations, consents, orders or approvals of, or declarations or filings with, all Governmental Entities in connection with such transactions (the "Marlow Transaction Expenses") shall be borne by the former security holders of Marlow, as hereinafter provided; provided, however, that filing fees and other fees payable to Governmental Entities by Finisar shall not be deemed to be Marlow Transaction Expenses. *Schedule 6.18* hereto sets forth Marlow's current estimate of the total Marlow Transaction Expenses which Marlow expects to incur (the "Marlow Estimated Transaction Expenses"). Marlow shall provide an updated schedule of Marlow Estimated Transaction Expenses not later than four (4) business days prior to the Closing (the "Marlow Closing Transaction Expense Schedule"). The amount of Marlow Transaction Expenses set forth on the Marlow Closing Transaction Expense Schedule shall be used to calculate the Total Stock Consideration as defined in Section 2.1(m). In the event the Marlow Transaction Expenses actually incurred by Marlow exceed the amount shown on the Marlow Closing Transaction Expense Schedule, Finisar shall be entitled to assert a claim against the Escrow Shares pursuant to Article IX hereof in order to recover all such additional expenses.

Section 6.19 *Financial Statements*. Marlow shall deliver to Finisar on or before February 28, 2001, its unaudited financial statements for the fiscal year ended January 28, 2001, and shall deliver its audited financial statements for the fiscal year ended January 28, 2001 as soon as practicable thereafter, which shall have been prepared in accordance with GAAP applied on a consistent basis throughout the periods involved and present fairly in all material respects the financial position of Marlow and the Marlow Subsidiaries and the results of their operations and cash flows as of the dates and for the periods indicated therein.

D 36

Section 6.20 *Items to be Transferred*. At the Closing, Marlow agrees to transfer, convey and assign to the Shareholders' Representative any and all of Marlow's right, title and interest to each of the items listed in *Schedule 6.20* hereto pursuant to transfer agreements in the form mutually agreed to by Marlow, Finisar and the Shareholders' Representative. Marlow agrees, at any time and from time to time after the Closing Date, to execute and deliver such instruments of transfer and conveyance and do all such further acts and things as may be reasonably requested by the Shareholders' Representative, to transfer, convey and assign to the Shareholders' Representative or to vest in the Shareholders' Representative all such right, title and interest in the items listed on *Schedule 6.20* hereto.

Section 6.21 *Indemnification of Officers and Directors*.

(a) The Articles of Incorporation and Bylaws of the Surviving Corporation shall contain at the Effective Time the provisions with respect to indemnification and exculpation of present and former officers and directors of Marlow (the "Indemnified Personnel") set forth in the Articles of Incorporation of the Surviving Corporation as in effect immediately prior to the Effective Time and the Bylaws of Sub as in effect immediately prior to the Effective Time, respectively, which provisions shall not be amended, repealed or otherwise modified for a period of six (6) years after the Effective Time in any manner that would adversely affect the rights thereunder of persons who at any time prior to the Effective Time were identified as prospective indemnitees under the Articles of Incorporation or Bylaws of Marlow in respect of actions or omissions occurring at or prior to the Effective Time (including, without limitation, the transactions contemplated by this Agreement), unless such modification is required by applicable law. Finisar shall cause the Surviving Corporation to fulfill such indemnification and exculpation obligations.

(b) From and after the Effective Time, Finisar shall cause the Surviving Corporation to indemnify, defend and hold harmless, to the extent not covered by insurance, the Indemnified Personnel against all losses, expenses, claims, damages, liabilities or amounts that are paid in settlement of (with the approval of Finisar and the Surviving Corporation), or otherwise in connection with, any claim, action, suit, proceeding or investigation (a "Personnel Indemnity Claim"), arising out of actions or omissions occurring at or prior to the Effective Time based on the fact that such person is or was such a director, officer or employee, in each case to the fullest extent a corporation is permitted under Texas law, as same may hereafter be amended (but, in the case of any amendment, only to the extent that such amendment permits broader rights than such law permitted prior to such amendment and only to the extent such amendment is not retroactively applicable) to indemnify its own directors, officers or employees, as the case may be, if the Indemnified Personnel acted in good faith and in a manner Indemnified Personnel believed to be in the best interests of Marlow, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such action or omission was unlawful. Nothing contained herein shall make Finisar, Sub, Marlow or the Surviving Corporation an insurer, a co-insurer or an excess insurer in respect of any insurance

policies that may provide coverage for Personnel Indemnity Claims, nor shall this Section relieve the obligations of any insurer in respect thereto. Without limiting the foregoing, in the event any Personnel Indemnity Claim is brought against any Indemnified Personnel (whether arising before or after the Effective Time), (i) the Indemnified Personnel may retain counsel satisfactory to such Indemnified Personnel and reasonably satisfactory to Finisar, and Surviving Corporation shall pay all reasonable fees and expenses of such counsel for the Indemnified Personnel promptly as statements therefor are received and otherwise advance to such Indemnified Personnel upon request reimbursement of reasonable documented expenses incurred, in either case to the fullest extent and in the manner permitted by Texas law; and (ii) Surviving Corporation will use all reasonable efforts to assist in the defense of any Personnel Indemnity Claim, provided that Surviving Corporation shall not be liable for any settlement effected without its prior written consent (which consent shall not be unreasonably withheld). Any Indemnified Personnel wishing to claim indemnification under this Section 6.21,

D 37

upon learning of any Personnel Indemnity Claim, shall promptly notify Surviving Corporation (but the failure so to notify shall not relieve a party from any liability which it may have under this Section 6.21 except to the extent such failure materially prejudices such party), and shall to the extent required by Surviving Corporation's Bylaws in effect at the Effective Time and Texas law deliver to Surviving Corporation the undertaking contemplated by such Bylaws and Texas law. The Indemnified Personnel as a group may retain only one law firm to represent them with respect to each such matter unless there is, under applicable standards of professional conduct, a conflict on any significant issue between the positions of any two or more Indemnified Personnel. Surviving Corporation agrees that all rights to indemnification, including provisions relating to advances of expenses incurred in defense of any action or suit, existing in favor of the Indemnified Personnel with respect to matters occurring through the Effective Time, shall survive the Merger and shall continue in full force and effect for a period of not less than six years from the Effective Time; provided, however, that all rights to indemnification in respect of any Personnel Indemnity Claim asserted or made within such period shall continue until the disposition of any such Personnel Indemnity Claim.

(c) Notwithstanding any contrary provision of this Agreement, on or before the Closing Date, Marlow shall purchase insurance coverage extending for a period of six (6) years, covering those persons who, as of immediately prior to the Effective Time, are covered by Marlow's existing directors' and officers' liability insurance coverage, on terms no less favorable to such persons as currently provided (covering past or future claims with respect to periods prior to and including the Closing Date); provided, however, that any such amounts paid by Marlow therefore shall be included as Marlow Transaction Expenses.

(d) Neither Finisar nor any of its affiliates shall be obligated to guarantee the payment or performance of the Surviving Corporation's obligations under this Section 6.21, so long as the Surviving Corporation honors such obligations to the extent of Marlow's net worth at the Closing Date. In no event, however, shall Finisar or any such affiliate have any liability or obligation to any Indemnified Personnel arising from Marlow's breach of, or inability to perform its obligations under, this Section 6.21.

(e) This Section 6.21 is intended to be for the benefit of, and shall be enforceable by, the Indemnified Personnel referred to herein, their heirs and personal representatives and shall be binding on Finisar and the Surviving Corporation and their respective successors and assigns.

Section 6.22 *Proxy Statement and Meeting of Finisar Stockholders; Voting Agreement.*

(a) As promptly as practicable after the execution of this Agreement, Finisar shall prepare and file with the Commission preliminary proxy materials which shall constitute the proxy statement (the "Proxy Statement") of Finisar with respect to a meeting of its stockholders (the "Stockholders Meeting") called for the purpose of amending the Certificate of Incorporation of Finisar to increase the number of authorized shares of Finisar Common Stock sufficient to enable Finisar to satisfy its obligations under Section 2.2(b) of this Agreement (the "Finisar Charter Amendment"). Finisar shall use commercially reasonable efforts to cause the Proxy Statement to become effective and to be mailed to its stockholders as soon as practicable thereafter with the Stockholders Meeting to be held not more than 35 days after the mailing of the Proxy Statement. The Proxy Statement shall contain the unanimous recommendation of the Board of Directors of Finisar that the stockholders of Finisar vote to approve and adopt the Finisar Charter Amendment and such recommendation shall not be withdrawn. The Stockholders Meeting shall be held in compliance with the Delaware General Corporation Law and the applicable provisions of Finisar's Certificate of Incorporation and Bylaws.

(b) Unless this Agreement is terminated in accordance with Section 8.1, by execution of this Agreement in the space provided on the signature page, each of Jerry S. Rawls, Frank H.

Levinson, Gregory H. Olsen and Mark J. Farley, on their own behalf and on behalf of each of their affiliates under their control, hereby agrees to enter into a voting agreement in the form of *Exhibit F* hereto concurrent with the execution of this Agreement or as soon as practicable thereafter, that requires all shares of Finisar Common Stock currently or hereafter beneficially owned or controlled by such persons to be voted in favor of the Finisar Charter Amendment at the Stockholders Meeting.

Section 6.23 *No Contractual Restrictions on Finisar Common Stock.* The parties acknowledge and agree that no Marlow Shareholder (or such Shareholder's respective transferees, successors or assigns (collectively, "Assignee") will be subject to any contractual requirement that would (i) prevent the Finisar Common Stock to be received as consideration for the Merger from being offered, sold, assigned, pledged, hypothecated, transferred or otherwise disposed of directly or indirectly (provided that such Shareholder has complied with applicable federal and state securities laws) or (ii) prevent such Shareholder or Assignee from engaging in any put, call, short-sale, hedge, straddle, collar or similar transactions with respect to any of the Finisar Common Stock to be received as consideration for the Merger intended to reduce such Shareholder's or Assignee's risk of owning such Finisar Common Stock. Notwithstanding the foregoing provisions of this Section 6.23, the Marlow Shareholders who serve as employees of Finisar after the Effective Time will be subject to Finisar's insider trading policy.

Section 6.24 *Specific Performance.* The parties acknowledge and agree that each of the parties hereto shall be entitled to specific performance for any breach of the other parties' obligations under this Agreement, provided that the party seeking specific performance is not in breach of or in default under its obligations under this Agreement.

ARTICLE VII

(d) No temporary restraining order, preliminary or permanent injunction or other order issued by any court of competent jurisdiction or other legal or regulatory restraint or prohibition preventing the consummation of the Merger or limiting or restricting Finisar's conduct or operation of the business of Finisar or Marlow after the Merger shall have been issued, nor shall any proceeding brought by any Governmental Entity seeking any of the foregoing be pending; nor shall there be any action taken, or any statute, rule, regulation or order enacted, entered, enforced or deemed applicable to the Merger which makes the consummation of the Merger illegal.

In rendering such opinions, counsel may rely upon reasonable representations and certificates of Finisar, Sub, Marlow and their respective directors, officers and shareholders.

For purposes of this Section 7.2(a), the following events, occurrences or conditions shall not be deemed to be events, occurrences or conditions having a Material Adverse Effect on Marlow or a material adverse effect upon the consummation of the transactions contemplated hereby: (i) any event, occurrence or condition resulting from or relating to the announcement, disclosure or pendency of the Merger or other transactions contemplated by this Agreement, or (ii) any event, occurrence or condition resulting from or relating to the taking of any action contemplated by this Agreement.

ARTICLE VIII

TERMINATION AND AMENDMENT

Section 8.1 *Termination.* This Agreement may be terminated at any time prior to the Effective Time (with respect to Sections 8.1(b) through 8.1(g), by written notice by the terminating party to the other party):

- (a) by the mutual written consent of Finisar and Marlow;

(b) by either Finisar or Marlow if the Merger shall not have been consummated by July 31, 2001; provided, however, that the right to terminate this Agreement under this Section 8.1(b) shall not be available to any party whose failure to fulfill any obligation under this Agreement has been the cause of or resulted in the failure of the Merger to occur on or before such date; and provided further, that if as of such date the waiting period (and any extension thereof) applicable to the Merger under the HSR Act shall not have been terminated or shall not have expired, Finisar or Marlow may, by written notice to the other, elect to extend such date for up to an additional sixty (60) days;

(c) by either Finisar or Marlow if a court of competent jurisdiction or other Governmental Entity shall have issued a nonappealable final order, decree or ruling or taken any other action, in each case having the effect of permanently restraining, enjoining or otherwise prohibiting the Merger, except, if the party relying on such order, decree or ruling or other action has not complied with its obligations under Section 6.4 or 6.6 of this Agreement;

(d) by Finisar if (i) the Board of Directors of Marlow shall have withdrawn or modified its recommendation of this Agreement or the Merger for approval by the Marlow shareholders in a manner adverse to Finisar or shall have publicly announced or disclosed to any third party its intention to do any of the foregoing or (ii) the shareholders of Marlow shall not have approved the Merger and this Agreement at the Marlow Shareholder Meeting;

D 42

(e) by Marlow if (i) the Board of Directors of Finisar shall have withdrawn or modified its recommendation of the Finisar Charter Amendment for approval by the Finisar stockholders or shall have publicly announced or disclosed to any third party its intention to do any of the foregoing or (ii) the stockholders of Finisar shall not have approved the Finisar Charter Amendment at the Stockholders Meeting;

(f) by Marlow, if (i) all the conditions set forth in Sections 7.1, 7.2 and 7.3 (other than the delivery of the officers' certificates referred to in Sections 7.2(b) and 7.3(b)) have been satisfied (or if permitted, waived in writing), and (ii) the average closing sale price of Finisar Common Stock for the ten (10) consecutive trading days ending one business day prior to the Closing Date is less than \$16.00; or

(g) by Finisar or Marlow, if there has been a material breach of any representation, warranty, covenant or agreement on the part of the other party set forth in this Agreement, which breach (i) causes the conditions set forth in Section 7.2(a) or (b) (in the case of termination by Finisar) or 7.3(a) or (b) (in the case of termination by Marlow) not to be satisfied and (ii) shall not have been cured within fifteen (15) business days following receipt by the breaching party of written notice of such breach from the other party.

Section 8.2 *Effect of Termination.* In the event of termination of this Agreement as provided in Section 8.1, there shall be no liability or obligation on the part of Finisar, Marlow, Sub or their respective officers, directors, shareholders or affiliates (including the Principal Shareholder and the Shareholders' Representative), except to the extent that such termination results from the willful or intentional breach by a party of any of its representations, warranties or covenants set forth in this Agreement; provided that the provisions of Sections 6.16 and 6.18 of this Agreement, the confidentiality provisions set forth herein and in the Confidentiality Agreement and the non-solicitation provisions set forth in the Confidentiality Agreement shall remain in full force and effect and survive any termination of this Agreement.

Section 8.3 *Termination Fee.*

(a) In the event that (i) the Finisar stockholders do not approve the Finisar Charter Amendment, (ii) this Agreement is terminated as a result of Finisar's failure to obtain such approval and (iii) immediately prior to such termination, Marlow was not in breach of any of its material obligations hereunder (which breach shall not have been cured within ten (10) business days following receipt by Marlow of notice of such breach), then Finisar shall pay to Marlow a termination fee of \$4,500,000 in cash, payable within thirty (30) days following the termination of this Agreement.

(b) In the event that (i) the Marlow shareholders do not approve the Merger, (ii) this Agreement is terminated as a result of Marlow's failure to obtain such approval and (iii) immediately prior to such termination, Finisar was not in breach of any of its material obligations hereunder (which breach shall not have been cured within ten (10) business days following receipt by Finisar of notice of such breach), then Marlow shall pay to Finisar a termination fee of \$4,500,000 in cash, payable within thirty (30) days following the termination of this Agreement.

Section 8.4 *Amendment.* This Agreement may be amended by the parties hereto, by action taken or authorized by their respective Boards of Directors, at any time before or after approval of the matters presented in connection with the Merger by the shareholders of Marlow, but, after any such approval, no amendment shall be made which by law requires further approval by such shareholders without such further approval.

This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto.

D 43

Section 8.5 *Extension; Waiver.* At any time prior to the Effective Time, the parties hereto, by action taken or authorized by their respective Boards of Directors, may, to the extent legally allowed, (i) extend the time for the performance of any of the obligations or other acts of the other parties hereto, (ii) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant hereto and (iii) waive compliance with any of the agreements or conditions contained herein. Any agreement on the part of a party hereto to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such party.

ARTICLE IX

ESCROW AND INDEMNIFICATION

Section 9.1 *Survival of Representations and Warranties.* If the Merger occurs, all of the representations and warranties contained in this Agreement shall survive the Closing Date; provided, however, that there shall not be deemed to be any inaccuracy in or breach of such representations and warranties, if such representations and warranties are true and accurate as of the Closing Date or such other date that may be specific in a particular representation or warranty; and provided further that no action may be brought with respect to a breach of a representation or warranty under this Agreement or the transactions contemplated hereby (i) unless an Indemnification Claim is made under Section 9.3 on or before the date that is eighteen (18) months following the Closing Date (the "Termination Date") or (ii) except for claims under Section 9.2(d), as allowed by law.

Section 9.2 *Indemnification by Shareholders.*

(a) Subject to the terms and conditions contained herein, after the Effective Time Finisar, its officers, directors, employees and attorneys, all Subsidiaries and affiliates of Finisar, and the respective officers, directors, employees and attorneys of such entities (all such persons and entities being collectively referred to as the "Finisar Group") shall be entitled to recover from the Escrow any and all losses, damages, costs and expenses (including reasonable legal fees and expenses) which any member of the Finisar Group may sustain or incur which are caused by or arise out of (i) any inaccuracy in or breach of any of the representations, warranties or covenants made by Marlow or the Principal Shareholder in this Agreement (without giving effect to any qualification as to knowledge or materiality contained therein), including the Marlow Disclosure Schedule, (ii) any Marlow Transaction Expenses in excess of the amount set forth on the Marlow Closing Transaction Expense Schedule and reflected in the calculation of the Total Stock Consideration, or (iii) any breach of this Article IX or the Escrow Agreement (collectively, "Finisar Losses").

(b) No member of the Finisar Group shall be entitled to recover any Finisar Losses until the aggregate amount of all Finisar Losses under all claims shall exceed \$250,000 (the "Deductible Amount"), in which event such member shall only be entitled to recover for such amounts as shall exceed \$250,000; provided, however, that Finisar Losses under Section 9.2(a)(ii) shall be recoverable in full without regard to the Deductible Amount.

(c) The right of a member of the Finisar Group to recover a Finisar Loss under this Article IX is subject to the condition that the Shareholders' Representative shall have received written notice of an Indemnification Claim (as defined in Section 9.3) for such Finisar Loss on or before the Termination Date.

(d) The provisions of Section 9.2(b) above and 9.5 below shall not limit, in any manner, any remedy at law or in equity to which any member of the Finisar Group shall be entitled against Marlow or any shareholder of Marlow as a result of willful fraud or intentional misrepresentation by Marlow, any shareholder of Marlow or any of their respective representatives.

D 44

The amount of Finisar Losses shall be computed after giving effect to the receipt of any insurance proceeds (without any adverse effect on the premiums paid for such insurance) and tax benefits with respect thereto.

Section 9.3 *Procedures for Indemnification.*

Edgar Filing: FINISAR CORP - Form DEF 14A

(a) As used in this Article IX, the term "Indemnitee" means the member or members of the Finisar Group seeking indemnification hereunder.

(b) A claim for indemnification under this Article IX (an "Indemnification Claim") shall be made by Indemnitee by delivery of a written notice to the Shareholders' Representative and the Escrow Agent requesting indemnification and specifying in reasonable detail the basis on which indemnification is sought (and shall include relevant documentation related to the Indemnification Claim), the amount of the asserted Finisar Losses and, in the case of a Third Party Claim (as defined in Section 9.4), containing (by attachment or otherwise) such other information as Indemnitee shall have concerning such Third Party Claim.

(c) If the Indemnification Claim involves a Third Party Claim, the procedures set forth in Section 9.4 hereof shall be observed by Indemnitee and the Shareholders' Representative.

Section 9.4 *Defense of Third Party Claims.* Should any claim be made or suit or proceeding be instituted against an Indemnitee which, if prosecuted successfully, would be a matter for which such Indemnitee is entitled to indemnification under this Article IX (a "Third Party Claim"), the obligations and liabilities of the parties hereunder with respect to such Third Party Claim shall be subject to the following terms and conditions:

(a) Indemnitee shall give the Shareholders' Representative and the Escrow Agent written notice of any such Third Party Claim promptly after receipt by Indemnitee of notice thereof, and the Shareholders' Representative may undertake control of the defense thereof by counsel of his own choosing reasonably acceptable to Indemnitee. Indemnitee may participate in the defense through its own counsel at its own expense. If, however, the Shareholders' Representative fails or refuses to undertake the defense of such Third Party Claim within twenty (20) days after written notice of such claim has been delivered to the Shareholders' Representative by Indemnitee, Indemnitee shall have the right to undertake the defense, compromise and, subject to Section 9.5, settlement of such Third Party Claim with counsel of its own choosing. In the circumstances described in the preceding sentence, Indemnitee shall, promptly upon its assumption of the defense of such Third Party Claim, make an Indemnification Claim as specified in Section 9.3(b), which shall be deemed an Indemnification Claim that is not a Third Party Claim for the purposes of the procedures set forth herein. Failure of Indemnitee to furnish written notice to the Shareholders' Representative or the Escrow Agent of a Third Party Claim shall not release the Shareholders' Representative or Escrow Agent from their obligations hereunder, except to the extent they are prejudiced by such failure.

(b) Indemnitee and the Shareholders' Representative shall cooperate with each other in all reasonable respects in connection with the defense of any Third Party Claim, including making available records relating to such claim and furnishing employees of Indemnitee as may be reasonably necessary for the preparation of the defense of any such Third Party Claim or for testimony as witness in any proceeding relating to such claim.

(c) Unless the Shareholders' Representative has failed to fulfill his obligations under this Article IX, no settlement by Indemnitee of a Third Party Claim shall be made without the prior written consent by or on behalf of the Shareholders' Representative, which consent shall not be unreasonably withheld or delayed. If the Shareholders' Representative has assumed the defense of a Third Party Claim as contemplated by this Section 9.4, no settlement of such Third Party Claim may be made by the Shareholders' Representative unless the Shareholder's Representative obtains

D 45

the prior written consent by or on behalf of Indemnitee, which consent shall not be unreasonably withheld or delayed.

Section 9.5 *Manner of Indemnification.*

(a) The Escrow Shares deposited into Escrow pursuant to the Escrow Agreement in accordance with the provisions of Section 2.4 shall provide a fund against which members of the Finisar Group may assert claims of indemnification under this Article IX. Except as specifically provided in Section 9.2(d), all Finisar Losses for which any member of the Finisar Group is entitled to indemnification under this Article IX shall be satisfied solely by the Escrow Shares in accordance with this Article IX and the Escrow Agreement, and the remedies of the Finisar Group specifically provided for by this Article IX and the Escrow Agreement shall be the sole and exclusive remedies of the Finisar Group for (i) any inaccuracy in or breach of the representations, warranties and covenants made by Marlow, the Principal Shareholder or the Shareholders' Representative in this Agreement, including the Marlow Disclosure Schedule, or in any certificate furnished or delivered pursuant hereto, or (ii) any Finisar Loss relating to, resulting from or arising out of any transaction or matter relating in any manner whatsoever to the operation of Marlow prior to the Closing, this Agreement or to any document furnished or delivered pursuant hereto. **Without limiting the generality of the foregoing, except with respect to such remedies specifically set forth herein and except as specifically provided in Section 9.2(d), each of Finisar and Sub hereby**

irrevocably releases, waives, and agrees not to sue Marlow and its shareholders, officers, directors, affiliates, employees, heirs, devisees, executors, personal representatives, agents or representatives, ("Marlow's Related Parties") for any and all claims, causes of action, rights of contribution, cost recovery, losses, liabilities, suits, costs, fees, judgments or expenses which may now exist or which may hereafter arise, **REGARDLESS OF WHETHER CAUSED IN WHOLE OR IN PART BY THE SOLE, CONTRIBUTORY, PASSIVE OR PARTIAL NEGLIGENCE OR STRICT LIABILITY OF ANY OF MARLOW'S RELATED PARTIES**, in connection with (i) any material, waste or substance the use, collection, handling, presence, recycling, generation, treatment, storage, disposal, release or transportation of which is or may become regulated or controlled by any Governmental Authority or the improper management or disposal of which may affect human health or safety or the environment, or (ii) the failure to comply by Marlow or any of its predecessors or any of their current or former real or personal property with applicable laws, regulations, orders or directives pertaining directly or indirectly to human health or safety or the environment, including without limitation, Environmental Laws.

(b) Each claim for indemnification asserted pursuant to this Article IX shall be made only in accordance with the procedures set forth in the Escrow Agreement, subject to the provisions of Section 9.2(d) hereof.

Section 9.6 *Appointment of Shareholders' Representative*. By virtue of their approval of this Agreement, the Shareholders will be deemed to have irrevocably constituted and appointed, effective as of the Closing, the Shareholders' Representative as the representative and attorney-in-fact for and on behalf of the Shareholders, and to the taking by the Shareholders' Representative of any and all actions and the making of any decisions required or permitted to be taken by him under this Agreement or the Escrow Agreement, including, without limitation, the exercise of the power to (i) execute the Escrow Agreement, (ii) authorize delivery to Finisar of Escrow Shares in satisfaction of Indemnification Claims, (iii) agree to, negotiate, enter into settlements and compromises of and comply with orders of courts and awards of arbitrators with respect to such Indemnification Claims, (iv) resolve any Indemnification Claims and (v) take all actions necessary in the judgment of the Shareholders' Representative for the accomplishment of the foregoing and all of the other terms, conditions and limitations of this Agreement and the Escrow Agreement. rights or obligations arising from and taken pursuant to this Agreement. The Shareholders will be bound by all actions taken by the Shareholders' Representative in connection with this Agreement, and Finisar shall be entitled to rely on any action or decision of the Shareholders' Representative. The Shareholders' Representative will incur no liability with respect to any action taken or suffered by him in reliance upon any notice, direction, instruction, consent, statement or other document believed by him to be genuine and to have been signed by the proper person (and shall have no responsibility to determine the authenticity thereof), nor for any other action or inaction, except his own willful misconduct or bad faith. In all questions arising under this Agreement or the Escrow Agreement, the Shareholders' Representative may rely on the advice of counsel, and the Shareholders' Representative will not be liable to anyone for anything done, omitted or suffered in good faith by the Shareholders' Representative based on such advice. Except as expressly provided herein, the Shareholders' Representative will not be required to take any action involving any expense unless the payment of such expense is made or provided for in a manner satisfactory to him. At any time during the term of the Escrow Agreement, holders of a majority of the Escrow Shares subject to Indemnification Claims under this Article IX may, by written consent, appoint a new representative as the Shareholders' Representative by sending notice and a copy of the written consent appointing such new representative signed by holders of a majority of the Escrow Shares to Finisar and the Escrow Agent. Such appointment will be effective upon the later of the date indicated in the consent or the date such consent is received by Finisar and the Escrow Agent.

Neither the execution of this Agreement by the Principal Shareholder nor the consummation of the transactions contemplated hereby will result in a breach or violation of the terms of any agreement by which the Principal Shareholder is bound or of any decree, judgment, order, law or regulation now in effect of any court or other governmental body applicable to the Principal Shareholder.

(c) between the date hereof and the Closing Date, the Principal Shareholder will not, and will not permit any entity under the Principal Shareholder's control to, deposit any shares of Marlow capital stock held by the Principal Shareholder or such entity in a voting trust or subject any shares of Marlow's capital stock held by the Principal Shareholder or such entity to any arrangement or agreement with respect to the voting of such shares of capital stock, other than agreements entered into with Finisar, unless the trustee of such trust agrees in writing to be bound by the terms of this Agreement.

Section 10.3 *Transfer Restrictions.* The Principal Shareholder acknowledges and agrees that Marlow shall decline and shall cause its transfer agent to decline to transfer any shares of Marlow Securities if such transfer would violate the terms of Sections 10.1 and 10.2 above.
