On April 4, 2006, following the recommendations of the Compensation Committee, the Board of Directors of the Company (the Board) at a meeting of the Board authorized and approved proposed salary adjustments, bonuses, and incentive stock option grants to its directors, officers, and employees. The Board authorized and approved 1,475,000 incentive stock option grants for the purchase of common shares at a price of \$1.37 per share to the Company's directors, officers, and employees. Options granted under the proposed incentive stock option grant would be exercised in accordance with the Company's Stock Option Plan, previously filed with the Company's Form SB-2 on August 17, 2005 and incorporated herein by reference. Accordingly, the stock options will vest one (1) year after being granted and will terminate five (5) years after vesting. All such stock option grants to the Company's directors, executives and employees described above and authorized and approved by the Board are subject to stockholder approval at the next annual meeting of the stockholders

The Company believes that the offer and sale of the stock option grants to its directors, executives, and employees above will be exempt from the registration requirements of the Securities Act of 1933, as amended (the Securities Act), by virtue of the exemptions from registration provided by Regulation D. Each U.S. investor has represented and warranted to the Company that such investor was an accredited investor as that term is defined in Rule 501 of Regulation D. The subscribers were afforded an opportunity for effective access to files and records of the Company that contained the relevant information needed to make its investment decision, including the Company's financial statements and reports filed pursuant to the Securities Exchange Act of 1934, as amended. The Company reasonably believed that the subscribers, immediately prior to offering the Shares, had such knowledge and experience in financial and business matters that it was capable of evaluating the merits and risks of their investment.
