PROXY STATEMENT

INTRODUCTION

Voting Procedures. This proxy statement (the *Proxy Statement*) is furnished in connection with the solicitation of proxies by the Global Board of Directors of MasterCard Incorporated (the *Company*) for use at the 2005 Annual Meeting of Stockholders of the Company to be held on Monday, May 9, 2005 at 11:00 a.m. (local time), or any adjournment thereof (the *Annual Meeting*). The Company expects to mail this Proxy Statement and the accompanying proxy card on or about March 25, 2005 to the holders of record as of the close of business on March 18, 2005 (the *Record Date*) of the Company's class A redeemable and class B convertible common stock (the *Stockholders*).

If a Stockholder attends the Annual Meeting in person or sends a representative to the meeting with a signed and notarized proxy, that Stockholder may vote or its representative may vote on its behalf. Stockholders unable to attend the Annual Meeting can ensure that their votes are cast at the meeting by signing and dating the enclosed proxy card and returning it in the envelope provided or by authorizing the individuals named on the proxy card to vote their shares by calling the toll-free telephone number or by using the Internet as described in the instructions included with the proxy card. When a proxy card is returned properly signed and dated or a Stockholder's vote is authorized by telephone or Internet, the vote of the Stockholder will be cast in accordance with the instructions on the proxy card or authorized by telephone or Internet. If a Stockholder does not return a signed proxy card, authorize its vote by telephone or Internet or attend the meeting in person or by representative and vote, no vote will be cast on behalf of that Stockholder. The enclosed proxy card indicates on its face the number of shares of class A redeemable common stock and class B convertible common stock registered in the name of each Stockholder at the close of business on March 18, 2005.

Stockholders are urged to mark the box on the proxy card to indicate how their vote is to be cast. If a Stockholder returns a signed proxy card but does not indicate on the proxy card how it wishes to vote on a proposal, the vote represented by the proxy card will be cast **FOR** such proposal.

Pursuant to Section 212(c) of the Delaware General Corporation Law, Stockholders may validly grant proxies over the Internet. Your Internet vote authorizes the named proxies on the proxy card to vote your shares in the same manner as if you had returned your proxy card. In order to vote over the Internet, visit the Company's Internet voting website at <http://proxy.georgeson.com> and, when prompted, enter the *Company Number* and *Control Number* that have been assigned to you and indicated on your proxy card. By then following the instructions on your computer screen you will be able to complete the voting process.

Any Stockholder who executes and returns a proxy card or authorizes its vote by telephone or by Internet may revoke the proxy at any time before it is voted by:

notifying in writing Noah J. Hanft, Secretary of MasterCard Incorporated, at 2000 Purchase Street, Purchase, New York 10577;

executing and returning a subsequent proxy;

subsequently authorizing the individuals named on its proxy card to vote its interests by calling the toll-free telephone number or by using the Internet as described in the instructions included with its proxy card; or

appearing in person or by representative with a signed proxy and voting at the Annual Meeting.

Table of Contents

Attendance in person or by representative at the Annual Meeting will not in and of itself constitute revocation of a proxy. **If you intend to attend the Annual Meeting in person, kindly notify the Secretary of the Company in writing at the address set forth below under Introduction Solicitation of Proxies. Failure to notify the Secretary will not disqualify you from attending the Annual Meeting in person.**

General. Unless contrary instructions are indicated on the proxy, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted as follows:

FOR the election of the nominees for director named below;

FOR the approval of the MasterCard International Incorporated Senior Executive Annual Incentive Compensation Plan; and

FOR the approval of the MasterCard International Incorporated Senior Executive Incentive Plan.

In the event a Stockholder specifies a different choice on the proxy, that Stockholder's shares will be voted in accordance with the specification so made.

The Company's 2004 Annual Report (the Annual Report), which includes the Company's Form 10-K for the year ended December 31, 2004 as filed with the Securities and Exchange Commission (the SEC), has been distributed to Stockholders in connection with this solicitation. A copy of the Company's Form 10-K for the year ended December 31, 2004 also will be available through the Company's website at <http://www.mastercardintl.com>. **A copy of the Company's Annual Report will be furnished upon request by writing to the Secretary of the Company at the address set forth below under Introduction Solicitation of Proxies.**

Solicitation of Proxies. The Company will bear the costs of solicitation of proxies, including the cost of preparing, printing and mailing this proxy statement. In addition to the solicitation of proxies by use of the mail, proxies may be solicited from Stockholders by directors, officers, employees and agents of the Company in person or by telephone, facsimile or other appropriate means of communication. The Company has engaged Georgeson Shareholder Communications Inc. to solicit proxies on behalf of the Company. The anticipated cost of Georgeson Shareholder's services is estimated to be approximately \$30,000.00 plus reimbursement of reasonable out-of-pocket expenses. No additional compensation, except for reimbursement of reasonable out-of-pocket expenses, will be paid to directors, officers and employees of the Company in connection with the solicitation. Any questions or requests for assistance regarding this proxy statement and related proxy materials may be directed to:

Householding. The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as householding, permits the Company to realize significant cost savings and reduces the amount of duplicate information Stockholders receive. In accordance with notices sent to Stockholders sharing a single address,

Table of Contents

the Company is sending only one Annual Report and proxy statement to that address unless the Company has received contrary instructions from a Stockholder at that address. Any Stockholders who object to or wish to begin householding, may notify the Secretary of the Company orally or in writing at the telephone number or address, as applicable, set forth above. The Company will send an individual copy of the Annual Report and proxy statement to any stockholder who revokes its consent to householding within 30 days of the Company's receipt of such revocation.

The Voting Stock. The Company has two classes of voting stock outstanding: class A redeemable common stock and class B convertible common stock (together, the Common Stock). As of the Record Date, 84,000,000 shares of class A redeemable common stock and 16,000,000 shares of class B convertible common stock were outstanding. With respect to each matter to be voted on at the Annual Meeting, the class A redeemable common stock and the class B convertible common stock vote together as a single class, and each share of Common Stock entitles the holder thereof to one vote. However, no single Stockholder, together with its affiliates, may exercise voting power in excess of 7% of the outstanding shares of capital stock entitled to be voted in any election of directors. A majority of the votes cast at the Annual Meeting is required for the election of directors and the approval of the MasterCard International Incorporated Senior Executive Annual Incentive Compensation Plan and the MasterCard International Incorporated Senior Executive Incentive Plan.

Voting Requirements. The presence in person or by proxy at the Annual Meeting of the holders of a majority of the shares of Common Stock outstanding and entitled to vote on the Record Date shall constitute a quorum.

Election of Directors. You may vote for or withhold with respect to any or all director nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Approval of the MasterCard International Incorporated Senior Executive Annual Incentive Compensation Plan and the MasterCard International Incorporated Senior Executive Incentive Plan. You may vote for, against or abstain with respect to the adoption of either of these proposals. The affirmative vote of a majority of the votes cast must be voted for each proposal in order for the relevant plan to be adopted. Because an abstention is not treated as a vote for or against, it will have no effect on the outcome of the vote for either proposal.

Stockholders Entitled to Vote. Only Stockholders of record on the Record Date are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof.

None of the directors or officers of the Company beneficially owns any of the voting power with respect to the shares of Common Stock to be voted at the Annual Meeting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act 1934, as amended, requires the Company's directors, executive officers and holders of more than 10% of Common Stock to file with the Securities and Exchange Commission reports regarding their ownership and change in ownership of Common Stock. According to the Company's bylaws, only principal members of MasterCard International Incorporated (MasterCard International) may own shares of Common Stock; consequently, no executive officers or directors of the Company own shares of the Common Stock. In 2004, each of the following officers or directors filed a late report on Form 3 that disclosed that they did not own any Common Stock because of an administrative oversight by the Company: Bernd M. Fieseler, Iwao Iijima, Michel Lucas, Dato Tan Teong Hean, Lisa Wagner, Alexander Labak and W. Roy Dunbar.

Table of Contents

**PROPOSAL 1
ELECTION OF DIRECTORS**

The bylaws of the Company provide that during the three-year transition period beginning July 1, 2002 (the Transition Period):

one-third of the members of the Company's Global Board of Directors will be representatives of the Company's European stockholders;

one-third of the members of the Company's Global Board of Directors will be representatives of the Company's U.S. stockholders;

the President and Chief Executive Officer of the Company will be a director; and

the remaining directors will be apportioned among the representatives of stockholders from the Company's other regions in accordance with the percentage of Common Stock owned by the stockholders of those regions.

After the Transition Period, the President and Chief Executive Officer will continue to be a director and all other directors will be apportioned among the representatives of stockholders from the Company's regions according to each region's respective share of the Company's outstanding Common Stock. The Company expects to implement this revision to the Global Board of Directors structure, as required by the bylaws, at its 2006 Annual Meeting of Stockholders, which is its first Annual Meeting following the conclusion of the Transition Period.

The bylaws of the Company also provide that no more than two representatives from any member of MasterCard International, including its affiliates and affiliate members, may serve on the Global Board of Directors. In addition, the Company's amended and restated certificate of incorporation provides that no more than one-third of the Global Board of Directors may be representatives of stockholders from a single region.

Nomination of Directors. The Company is a private share corporation whose stockholders are financial and other institutions that are principal members of MasterCard International, a Delaware non-stock corporation and the Company's principal operating subsidiary. Pursuant to the Company's bylaws, the Company's directors must be selected from officers of member institutions of MasterCard International or must be individuals who are uniquely qualified to provide guidance as to the Company's affairs, subject to certain limitations described in the bylaws. No director may serve on the Company's Global Board of Directors if such director is also a director, officer, employee or consultant of any institution that is represented on the global board of directors or U.S. regional board of directors of a competitor of the Company. These bylaw requirements constitute the minimum qualifications that must be met by nominees to the Global Board of Directors. The Company's directors are generally officers or representatives of the Company's stockholders.

Candidates for nomination to the Global Board of Directors are selected by the Nominating and Corporate Governance Committee (the Committee), based upon proposals made by each of the Company's regional boards, which are composed of representatives of the Company's stockholders, and upon consultation with the Company's management (including the President and Chief Executive Officer). The Committee also considers director candidates recommended by individual stockholders. The Company has regional boards covering six geographical regions: United States, Canada, Europe, Asia/ Pacific, Latin America and the Caribbean, and South Asia, Middle East/ Africa. In making nominations, the bylaws of the Company require the Committee to seek, consistent with the qualifications required of directors described herein, to give the stockholders in each geographic region of the Company reasonable representation, taking into account, among other things, the number of shares of Common Stock owned by the stockholders in each region.

The Committee also selects its own candidates for nomination to the Global Board of Directors. The President and Chief Executive Officer consults with the Committee and individual stockholders from time to time about candidates for nomination to the Global Board of Directors.

Table of Contents

In selecting nominees, the Committee typically considers the following factors, among others:

the experience and qualifications of the individual nominee, particularly in connection with the bankcard industry;

the seniority and decision-making authority of the nominee within his or her institution;

the region with which the nominee is associated;

whether the nominee is an officer of or otherwise represents a financial institution that is principally a card issuing or merchant acquiring member of MasterCard International;

the size of the financial institution of which the nominee is an officer or representative, the extent of such institution's business with the Company (in terms of revenues, issuing volumes and/or acquiring volumes), and the degree of such institution's relative dedication to the Company's brands;

whether the financial institution of which the nominee is an officer or representative is of particular strategic importance to the Company;

the overall composition and diversity of the Global Board of Directors; and

the requirements of the Company's bylaws described above.

Because the size of stockholders and their dedication to the Company are important factors considered by the Committee, it is possible that a director associated with a stockholder whose business with the Company declines relative to others may not be proposed for reelection by the Committee. Similarly, officers of stockholders that make large and growing contributions to the Company's revenues and transaction volumes are more likely to be considered for nomination to the Global Board of Directors. When considering the qualifications of a nominee, the Committee may take into account other factors such as strength of character, maturity of judgment, career specialization and the extent of international experience. The Committee also seeks individuals who may satisfy the definition of an audit committee financial expert under the rules of the SEC. For additional information on the nomination process, see the Company's Corporate Governance Guidelines which are located on its website at <http://www.mastercardintl.com>.

To nominate individuals for the 2006 Annual Meeting, stockholders may submit recommendations for nomination in writing to the Secretary of the Company at the address set forth above under Introduction Solicitation of Proxies by the first deadline set forth herein for submitting proposals for the 2006 Annual Meeting. The Secretary will forward all bona fide recommendations received by such date to the Committee for its consideration. Stockholder recommendations should include: (i) a statement from the proposed nominee consenting to be named in the proxy statement and proxy card if selected and to serve on the Global Board of Directors if elected; (ii) a summary of the proposed nominee's biographical data, including a description of the nominee's qualifications under the guidelines described herein; (iii) a statement whether the proposed nominee has a material interest in any proceedings involving the Company; (iv) a description of the proposed nominee's relationship with the stockholder, if any; and (v) information regarding whether the stockholder or the proposed nominee (or their affiliates) have any plans or proposals for the Company, including any plans or proposals to advance special interests not shared by the stockholders at large. The Committee may request such additional information from the nominee or the stockholder as it deems appropriate.

At the 2005 Annual Meeting, 18 directors—six representatives of U.S. Stockholders, six representatives of European Stockholders, three representatives of Stockholders from the Asia/Pacific region, one representative of Canadian Stockholders, one representative of Stockholders from the Latin America and Caribbean region, and the President and Chief Executive Officer of the Company—are to be elected, each to serve until the Annual Meeting in 2006 or until his successor is elected and qualified. The directors elected will also constitute the board of directors of

MasterCard International pursuant to that company's bylaws.

The 18 nominees for director are William F. Aldinger, Silvio Barzi, Donald L. Boudreau, Augusto M. Escalante, Richard D. Fairbank, Baldomero Falcones Jaquotot, Bernd M. Fieseler, Iwao Iijima, Michel

Table of Contents

Lucas, Norman C. McLuskie, Siddharth N. Mehta, Robert W. Pearce, Michael T. Pratt, Robert W. Selander, Dato Tan Teong Hean, Jac Verhaegen, Lance L. Weaver and Robert B. Willumstad.

The 18 nominees receiving the greatest number of votes cast by the Stockholders will be elected as directors of the Company. Votes withheld will be disregarded and will have no effect on the vote for directors. Except as stated in the following sentence, the persons specified on the enclosed proxy card intend to vote for the nominees listed below, each of whom has consented to being named in this Proxy Statement and to serving if elected. In the event that any nominee would be unable to serve, the persons designated as proxies reserve full discretion to vote for another person.

The Global Board of Directors unanimously recommends a vote FOR all nominees.

Nominees for Election to the Global Board of Directors. Each of the following nominees for election to the Global Board of Directors of the Company has been approved by the Committee. Table of Contents**PROPOSAL 2****APPROVAL OF THE MASTERCARD INTERNATIONAL INCORPORATED SENIOR EXECUTIVE ANNUAL INCENTIVE COMPENSATION PLAN****General**

The Compensation Committee of the Company's Global Board of Directors (the Compensation Committee) adopted the MasterCard International Incorporated Senior Executive Annual Incentive Compensation Plan (the Annual Plan) on March 16, 2005, and directed that the Annual Plan be submitted to a vote of Stockholders at the Annual Meeting.

Stockholders are asked to approve the adoption of the Annual Plan so that payments made under the Annual Plan that qualify as performance-based for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), may be deductible by the Company for United States income tax purposes without regard to the \$1 million limitation set forth in Section 162(m) if other requirements for deductibility are met. If Stockholders do not approve adoption of the Annual Plan, the Annual Plan provides that the Annual Plan will terminate without payment of any awards.

Summary of the Annual Plan

The following summary is qualified in its entirety by reference to the Annual Plan, a copy of which is attached to this Proxy Statement as Appendix A.

Purpose. The purpose of the Annual Plan is to reward senior executives of the Company for successfully achieving performance goals that are in direct support of the Company's corporate and business unit/regional goals.

Awards. The Annual Plan authorizes grants of bonus awards payable only in cash. The maximum award payable to any participant with respect to any calendar year of the Company cannot exceed \$6,000,000. The amounts that will be paid under the Annual Plan are not currently determinable.

The following table shows the bonuses payable under the Annual Plan that would have been allocated to each of the following for the last completed fiscal year if the plan had been in effect: (1) the Company's officers named below in Executive Compensation Summary Compensation; (2) all current executive officer participants as a group; (3) all current directors who are not executive officers as a group; and (4) all employees, including all current officers who are not executive officers, as a group. Specific amounts that will be paid under the Annual Plan are not determinable at this time.

absent deferral under the MasterCard International Incorporated Deferral Plan, not subject to any trust or other segregation of assets.

Administration. The Plan is administered by the Compensation Committee, which may delegate its duties and powers in whole or in part to any subcommittee thereof. The Compensation Committee (or, if not the Compensation Committee, then the subcommittee) is expected to consist solely of outside directors within the meaning of Section 162(m). References in this summary to the Compensation Committee are intended to include a subcommittee where relevant.

Eligible Participants. An executive officer that is a member of the Company's Policy Committee is eligible to be selected by the Compensation Committee to receive awards under the Annual Plan. As of the date of this vote, there are seven executive officers serving on the Company's Policy Committee including the officers listed above.

Payment and Deferral. Absent an election to defer, payments of awards are made no later than 2.5 months after the end of the applicable performance period. Awards under the Annual Plan are eligible for deferral by the participant under the MasterCard International Incorporated Deferral Plan.

Determination of Performance and Limitations on Discretion. Prior to the payment of any award to a participant, the Annual Plan requires the Compensation Committee to certify in writing the level of performance attained for the performance period to which the award relates. The Compensation Committee will have no discretion to increase the amount of a participant's maximum award that would otherwise be payable to the participant upon the achievement of specified levels of the performance targets established by the Compensation Committee. However, the Compensation Committee may exercise negative discretion to make an award to any participant for a performance period in an amount that is less than the maximum award.

Performance Targets. The Annual Plan requires the Compensation Committee to establish performance targets for each performance period for which incentive compensation is payable under the Annual Plan. Performance periods generally will be one calendar year, but may be as short as 90 days. Performance targets for each performance period must be established while the outcome for that period is substantially uncertain, and are required to be established before or within certain time frames early in the performance period as defined in the Annual Plan and applicable regulations under Section 162(m).

The performance targets will be based upon one or more of the following objective business criteria:

Revenue

Earnings (including earnings before interest, taxes, depreciation and amortization; earnings before interest and taxes; and earnings before or after taxes)

Operating income

Net income

Profit margins

Earnings per share

Return on assets

Return on equity

Return on invested capital

Economic value-added

Stock price

Gross dollar volume

Total shareholder return

Market share

Table of Contents

Book value

Expense management

Cash flow

These targets may relate to the Company, its affiliated employers, subsidiaries, or one or more of its divisions, regions, or units, or a combinations of such factors. The performance target results must be calculated without regard to extraordinary, unusual and/or non-recurring items that decrease earnings or other performance target results, and with regard to such extraordinary, unusual and/or non-recurring items that increase earnings or other performance target results.

Change of Status. A participant in the Annual Plan who is terminated, demoted, transferred or otherwise ceases to be an executive officer at any time prior to the date an award is paid with respect to a performance period is not eligible to receive any award with respect to such performance period. However, in the case of death of a participant prior to the date an award is paid in respect of a performance period, the participant will receive a target award. In the case of disability of a participant, termination by the Company without cause, or termination by the participant with good reason before an award is paid, the participant will receive a portion of the target award, prorated based on the portion of the performance period that elapsed prior to such disability or termination of employment.

Term. The Annual Plan, if approved, is effective as of January 1, 2005, with respect to awards granted on or after January 1, 2005.

Amendment. The Global Board of Directors may amend, modify, suspend or terminate the Annual Plan at any time, provided that any amendment or modification must comply with all applicable laws and applicable requirements to maintain the exemption for performance-based compensation under Section 162(m) of the Code.

Federal Income and Employment Tax Consequences

Under federal tax law currently in effect:

Participants in the Annual Plan will recognize in the year of payment ordinary income equal to the cash payment of an award, subject to applicable income and employment tax withholding by the Company. Absent a deferral election, under current guidance, awards under the Annual Plan will not be subject to Section 409A of the Code (Section 409A), which imposes restrictions on non-qualified deferred compensation arrangements. Moreover, in the event of a deferral, the MasterCard International Incorporated Deferral Plan will be operated in good faith compliance with Section 409A during 2005 and will be amended to comply with Section 409A, in the time and manner required under guidance issued under Section 409A. In the event of a deferral election, employment tax withholding by the Company will occur in the year the award would be paid, absent the deferral election, not at actual payment.

The Company expects that it will be entitled to claim a deduction for United States income tax purposes equal to the amount of ordinary income recognized by the participant without regard to the \$1 million per year limit under Section 162(m) if the Annual Plan is approved by Stockholders and otherwise satisfies the requirements of Section 162(m) and other relevant provisions of the Code. Section 162(m) limits the deductibility of compensation paid to each of certain highly paid corporate executives to no more than \$1 million per year except for qualified performance-based compensation defined in applicable tax regulations. Generally, the executives subject to this limit consist of individuals who, on the last day of the taxable year, are the chief executive officer or any of the four highest compensated officers (other than the President and Chief Executive Officer).

The Global Board of Directors unanimously recommends a vote FOR the MasterCard International Senior Executive Annual Incentive Compensation Plan.

PROPOSAL 3
APPROVAL OF THE MASTERCARD INTERNATIONAL INCORPORATED SENIOR EXECUTIVE INCENTIVE PLAN

General

The MasterCard International Executive Incentive Plan (the "EIP") was first effective as of January 1999. The Compensation Committee approved the adoption of an amended version of the EIP, the MasterCard International Senior Executive Incentive Plan (the "Long-Term Plan"), applicable to certain senior executives of the Company, on March 16, 2005, and directed that the Long-Term Plan be submitted to a vote of Stockholders at the Annual Meeting.

Stockholders are asked to approve the adoption of the Long-Term Plan so that payments made to senior executives of the Company under the SEIP that qualify as performance-based for purposes of Section 162(m) of the Code may be deductible by the Company for United States income tax purposes without regard to the \$1 million limitation set forth in Section 162(m) if other requirements for deductibility are met. If stockholders do not approve adoption of the Long-Term Plan, the Long-Term Plan provides that the Long-Term Plan will terminate without payment of any awards.

Summary of the Long-Term Plan

The following summary is qualified in its entirety by reference to the Long-Term Plan, a copy of which is attached to this Proxy Statement as Appendix B.

Purpose. The purpose of the Long-Term Plan is to support the Company's strategic commitment to attract, retain, and motivate senior executives of the Company and its affiliated employers by providing a long-term incentive opportunity that is based on the Company's and/or affiliated employer's achievement of their long-term performance goals.

Awards. The Long-Term Plan authorizes grants of bonus awards payable only in cash. The maximum target award payable to any participant with respect to any three-year performance period cannot exceed \$8,000,000. In the case of superior performance, the maximum cash payment to any participant for any three-year performance award cannot exceed \$16,000,000. The amounts that will be paid under the Long-Term Plan are not currently determinable. The maximum bonus awards payable under the Long-Term Plan early in 2008 to the Company's officers named below in Executive Compensation Summary Compensation is \$18,750,000 and to all executive officers as a group is \$25,150,000. Rights of participants in the Long-Term Plan are no greater than the right of a general unsecured creditor of the Company.

Administration. The Plan is administered by the Compensation Committee, which may delegate its duties and powers in whole or in part to any subcommittee thereof. The Compensation Committee (or, if not the Compensation Committee, then the subcommittee) is expected to consist solely of outside directors within the meaning of Section 162(m). References in this summary to the Compensation Committee are intended to include a subcommittee where relevant.

Eligible Participants. An executive officer who is designated a member of the Company's Policy Committee is eligible to be selected for participation in the Long-Term Plan. As of the date of this vote, there are seven executive officers serving on the Company's Policy Committee. The Compensation Committee or the President and Chief Executive Officer may designate other employees as eligible for participation in the Long-Term Plan.

Vesting. Unless otherwise provided in the grant made under the Long-Term Plan, to the extent a participant completes 1,000 hours of service in each year, awards vest over five years, with 26²/3 percent vesting at the end of each of the first, second, and third years, and 20 percent vesting at the end of the fifth year. See *Change of Status* below, for information on vesting upon termination and change-in-control.

Payment and Deferral. Absent an election to defer, payment with respect to the 80 percent of an award that vests over three years is made after certification of the performance results at the conclusion of the performance period. Payment of the final 20 percent of the award that vests after five years is made within

Table of Contents

60 days of vesting. In the event of a voluntary termination other than by reason of disability, payment is not made until the end of a 120-day non-competition period. In the event of termination by reason of death, disability, termination by the Company without cause, termination by the executive with good reason, retirement (if such a provision is approved by the Internal Revenue Service), or a change-in-control, payments are made following the termination or change-in-control. Awards under the Long-Term Plan are also eligible for deferral by the participant under the MasterCard International Incorporated Deferral Plan.

Determination of Performance and Limitations on Discretion. Prior to the payment of any award to a participant, the Long-Term Plan requires the Compensation Committee to certify in writing the level of performance attained for the performance period to which the award relates. The Compensation Committee may exercise negative discretion to make an award to any participant for a performance period in an amount that is less than the maximum bonus award payable on attainment of the level of performance certified.

Performance Targets. The Long-Term Plan requires the Compensation Committee to establish performance targets for each performance period for which incentive compensation is payable under the Long-Term Plan. Performance periods generally will be three calendar years, but may be as short as 90 days. Performance targets for each performance period must be established while the outcome for that period is substantially uncertain, and are required to be established before or within certain time frames early in the performance period as defined in the Long-Term Plan and applicable regulations under Section 162(m). Unless otherwise provided, performance targets will be established at threshold, target, and superior levels, with \$50 per unit payable on threshold performance, \$100 per unit payable on target performance, and \$200 per unit payable on superior performance. The Long-Term Plan permits awards to be valued based on interpolation in the event the performance achieved is between performance levels.

The performance targets will be based upon one or more of the following objective business criteria:

Revenue

Earnings (including earnings before interest, taxes, depreciation and amortization; earnings before interest and taxes; and earnings before or after taxes)

Operating income

Net income

Profit margins

Earnings per share

Return on assets

calculated without regard to extraordinary, unusual and/or non-recurring items that decrease earnings or other performance target results, and with regard to such extraordinary, unusual and/or non-recurring items that increase earnings or other performance target results.

Change of Status. Upon termination of a participant's employment, the participant generally will forfeit unvested awards and will receive payment only for vested awards. Vested awards are forfeited if a participant is terminated for cause or terminates voluntarily other than by reason of disability and violates a non-competition provision during the 120 days after termination. Upon termination of employment by reason of death, disability, or retirement, unvested awards immediately vest. Upon a change-in-control, awards of participants who are parties to a change-in-control agreement immediately vest.

Term. The Long-Term Plan, if approved, is effective as of January 1, 2005, with respect to awards granted on or after January 1, 2005.

Amendment. The Long-Term Plan may be amended or terminated by the Global Board of Directors or the Compensation Committee at any time, for any reason and in any respect; provided, however, that no such amendment or termination of the Long-Term Plan will affect adversely any award previously granted without the written consent of the award recipient.

Federal Income and Employment Tax Consequences

Under federal tax law currently in effect:

Participants in the Long-Term Plan will recognize in the year of payment ordinary income equal to the cash payment of an award, subject to applicable income and employment tax withholding by the Company. Both the Long-Term Plan and, in the event of a deferral, the MasterCard International Incorporated Deferral Plan, will be operated in good faith compliance with Section 409A during 2005 and will be amended to comply with section 409A, in the time and manner required under guidance issued under Section 409A. In the event of a deferral election, employment tax withholding by the Company will occur in the year the award would be paid, absent the deferral election, not at actual payment.

The Company expects that it will be entitled to claim a deduction for United States income tax purposes equal to the amount of ordinary income recognized by the participant without regard to the \$1 million per year limit under Section 162(m) if the Long-Term Plan is approved by Stockholders and otherwise satisfies the requirements of Section 162(m) and other relevant provisions of the Code. Section 162(m) limits the deductibility of compensation paid to each of certain highly paid corporate executives to no more than \$1 million per year except for qualified performance-based compensation defined in applicable tax regulation. Generally, the executives subject to this limit consist of individuals who, on the last day of the taxable year, are the chief executive officer or any of the four highest compensated officers (other than the chief executive officer).

The Global Board of Directors unanimously recommends a vote FOR the MasterCard International Incorporated Senior Executive Incentive Plan.

Table of Contents**COMMITTEES OF THE GLOBAL BOARD OF DIRECTORS**

The Audit, Compensation and Nominating and Corporate Governance Committees of the Global Board of Directors are described below.

Audit. The Audit Committee assists the Global Board of Directors in fulfilling its oversight responsibilities. Among other things, it reviews the activities, results and effectiveness of internal and external auditors, and appoints and confirms the independence of the external auditors. The Audit Committee also reviews the Company's key risks and controls and its quarterly and annual financial statements. The Audit Committee operates under a written charter, a copy of which is attached hereto as Appendix C. The members of the Audit Committee are Messrs. McLuskie (Chairman), Falcones, Boudreau, Fieseler, and Pearce. The Audit Committee held seven meetings during 2004. No member of the Audit Committee simultaneously serves on the audit committees of more than three public companies.

In 2003 the Global Board of Directors, acting upon the recommendation of the Audit Committee, determined that Mr. Boudreau's experience and qualifications satisfied the definition of "audit committee financial expert" under the SEC rules. As described more fully below, the Global Board of Directors has not determined Mr. Boudreau to be independent under the rules of the New York Stock Exchange, the American Stock Exchange or NASDAQ.

Compensation. The Compensation Committee establishes the compensation policies and criteria of the President and Chief Executive Officer and other executive officers of the Company. The members of the Compensation Committee are Messrs. Boudreau (Chairman), Falcones, Aldinger, Pearce and Weaver. The Compensation Committee held four meetings and acted by written consent once during 2004.

Nominating and Corporate Governance. The Nominating and Corporate Governance Committee considers and nominates individuals to serve as directors of the Company and performs the other functions set forth in its charter, which is available to Stockholders through our website at <http://www.mastercardintl.com>. The members of the Nominating and Corporate Governance Committee are Messrs. Falcones (Chairman), Boudreau, Tan, Verhaegen, Weaver and Willumstad. The Nominating and Corporate Governance Committee held eight meetings during 2004.

The Common Stock is not listed on any securities exchange or quoted on any dealer quotation system. Accordingly, neither the Global Board of Directors nor any Committee thereof is required to be comprised of a majority of (or in the case of Committees, composed exclusively of) independent directors, as defined in the SEC rules or the rules of the New York Stock Exchange, the American Stock Exchange or NASDAQ. The Global Board of Directors has not determined whether any directors of the Company are independent under these rules. Under the Company's bylaws, voting directors other than the President and Chief Executive Officer are representatives of the Company's stockholders, and generally serve as senior officers of these institutions. In turn, the Company's stockholders are principal members of MasterCard International and, in this capacity, constitute the Company's principal customers. Because the Company's private share structure, as embodied in its bylaws, provides for extensive representation of the Company's customers on the Global Board of Directors, the Company has not considered it appropriate to apply the independence standards applicable to public listed companies to its Global Board of Directors. Accordingly, Stockholders should not consider the Company's directors (including directors serving on the Audit and Nominating and Corporate Governance Committees) to be independent under the rules of the New York Stock Exchange, the American Stock Exchange or NASDAQ.

ATTENDANCE AT MEETINGS

Attendance at Meetings by Directors. The Global Board of Directors held four meetings during 2004. During 2004, each director, except for Messrs. Pratt, Aldinger and Willumstad, attended 75 percent or more of the aggregate of (a) the total number of meetings of the Global Board held during the period when he was a director and (b) the total number of meetings held by all Committees of the Global Board on which he served during the period when he was a director. The number of meetings held by each Committee during 2004 is set forth above.

Table of Contents

Executive Sessions. The Global Board of Directors holds regularly scheduled meetings in executive session without management present. The non-executive Chairman of the Global Board of Directors ordinarily presides at such sessions.

Attendance at Annual Meetings. Historically, stockholders have participated in the Annual Meetings of the Company solely by proxy, and have not attended in person. For this reason, the Global Board of Directors has not established a policy encouraging directors to attend Annual Meetings. One member of the Global Board of Directors attended the 2004 Annual Meeting, and there were no stockholders present in person at that meeting.

STOCKHOLDER COMMUNICATIONS WITH THE GLOBAL BOARD OF DIRECTORS

Stockholders and other third parties may send confidential communications directly to the Global Board of Directors by providing such communications in writing to the Secretary of the Company at the address set forth above under Introduction Solicitation of Proxies. The Secretary, who is also the General Counsel of the Company, is responsible for keeping a docket of all communications received from stockholders of the Company and other third parties summarizing the nature of each communication. The docket must be disclosed to the Global Board of Directors at its next regularly scheduled meeting. Communications regarding accounting, internal accounting controls and auditing matters, including violations of the Company's Supplemental Code of Ethics, are transmitted by the Secretary to the Audit Committee in accordance with the Company's Whistleblower Procedures. The Company's Whistleblower Procedures can be found on its website at <http://www.mastercardintl.com>. Communications (or a reasonable summary thereof) regarding director nominations and corporate governance matters are transmitted by the Secretary to the Nominating and Corporate Governance Committee. All other communications (or a reasonable summary thereof) are transmitted by the Secretary to the Audit Committee, which determines which communications are to be transmitted to the Global Board of Directors or to another Committee of the Global Board. If warranted, the Global Board of Directors or any of its Committees may take appropriate action in connection with a stockholder or third party communication.

- (1) The performance units were granted under the Company's Executive Incentive Plan. Each performance unit has a target value equal to \$100. The actual value of each unit will be calculated based on the Company's performance over a three-year period based on a combination of qualitative and quantitative measures that include: improving profitable share with key members in key markets; improving customer focused strategy; achieving corporate financial targets (including attaining a predetermined level of earnings before interest, taxes, depreciation and amortization (EBITDA), operating expense and return on equity (ROE)) and enhancing organizational capabilities. Each unit will be valued at target (\$100) if, on a weighted-average basis, target performance is achieved for all of the performance measures. Each unit will be valued at threshold (\$50) if, on a weighted-average basis, threshold performance is achieved. Each unit will be valued at maximum (\$200) if, on a weighted-average basis, superior performance is achieved. The units will have no value if performance is below threshold. Determinations as to the achievement of performance levels will be made by the Compensation Committee in its sole discretion. The Compensation Committee will determine the unit value based on interpolation in the event that performance between threshold and target or target and superior is achieved. The values above are meant to be a framework and not an absolute, and the Compensation Committee may make negative adjustments to the unit value of the performance units awarded to reflect additional or amended performance measures or criteria or the impact of a significant event, occurrence or charge to earnings.

The performance units described in the preceding table vest in annual increments according to the following schedule if the participant completes 1,000 hours of service and is employed by the Company on the last day of the respective twelve-month cycle:

Twelve-Month Cycle Ending on the Following Anniversary of the Date of Grant	% of Performance Units Vested
1st Anniversary	26 ² /3%
2nd Anniversary	26 ² /3%
3rd Anniversary	26 ² /3%
4th Anniversary	0%
5th Anniversary	20%

Table of Contents

Upon completion of the three-year performance period, participants will receive a payout equal to 80% of the award earned. The remaining 20% of the award will be paid upon completion of two additional years of service, (i.e., five years of service in total). Special provisions apply upon certain terminations of employment.

Retirement Benefits***MasterCard Accumulation Plan (MAP)***

Employees who participate in the MAP earn benefits under the MAP as soon as they become an employee of the Company. Benefits generally vest after four years of service. For each plan year after January 1, 2000, participants are credited with a percentage of their compensation for the plan year in accordance with the table below:

Completed Years of Service at December 31 of Prior Plan Year	Pay Credit for Current Plan Year
0 4	4.50%
5 9	5.75%
10 14	8.00%
15 19	10.00%
20 29	12.00%

Eligible employees age 50 or older on or prior to December 31, 2000 are eligible for the greater of the pay credit schedule referenced above or the following pay credit schedule:

Age on Birthday in Current Plan Year	Minimum Pay Credit for Current Plan Year
50 54	9.00%
55 59	12.00%
60+	14.00%

Compensation is defined as base pay plus annual incentive compensation. These accounts also receive investment credits based on the yield on 30-Year Treasury securities. When a participant terminates employment, the vested amount credited to the participant's account is paid in a lump sum or converted into an annuity.

Supplemental Retirement Benefits

Supplemental retirement benefits are provided to all Named Executive Officers and certain other participants under various funded and unfunded nonqualified plans. These benefits are provided to certain employees whose benefits are limited by compensation or amount under applicable federal tax laws and regulations.

Supplemental Executive Retirement Plan (SERP)

Designated employees, including all Named Executive Officers, may also receive an annual benefit at retirement equal to a designated percentage (100% for Mr. Selander and 80% for each of the other Named Executive Officers) of the participant's final 48-month average base salary, reduced by the hypothetical prior employer plan benefit and the amount of all benefits received under the MAP, nonqualified arrangements and social security. The SERP benefits for each Named Executive Officer are in the table below under the caption Estimated Annual Retirement Benefits Payable to Certain Executive Officers.

Annuity Bonus Plan

Annual contributions and reimbursement for tax obligations in connection with the plan are reported and separately reflected in the table in Summary Compensation for each of the Named Executive Officers.

The following table shows the estimated annual retirement benefits, including supplemental retirement benefits, if any, under the plans applicable to the individuals, which would be payable to each Named Executive Officer assuming retirement at age 65 at his February 1, 2005 base salary with payments made for life:

MasterCard Shared Profit and Savings Plan

Most Company employees are eligible to participate in the savings (401(k)) component of the MasterCard Shared Profit and Savings Plan. Employees who participate in the plan may contribute from 2% to 6% of base pay on a tax-deferred basis or after-tax basis. Employees may also contribute supplemental tax-deferred and after-tax amounts from 1% to 5%. Internal Revenue Service limits apply to all tax-deferred contributions. Employees who earn \$90,000 or less in base pay can contribute from 2% to 25% of their base pay to the plan, subject to the Internal Revenue Service limits, on a tax-deferred and/or after-tax basis.

The Company matches 100% of employee contributions up to 6% of base pay. Employees must contribute to the savings (401(k)) component of the plan to receive this matching contribution. Matching contributions are 100% vested after four years of service under a graded vesting schedule. Loans and certain types of withdrawals are permitted.

In addition, the Company may make a profit-sharing contribution in the range of 0-10% of base pay. The target contribution is 7%, and the 2004 contribution was 10%.

Employment Agreements and Change-in-Control Agreements***Employment Agreements***

The Company is party to an employment agreement with each of the Named Executive Officers.

Mr. Selander

Under the terms of Mr. Selander's employment agreement, Mr. Selander's employment will automatically terminate if he: (i) retires; (ii) dies; or (iii) becomes disabled. In addition, both he and the Company can terminate the agreement for any reason upon 90 days' prior written notice. During the employment term, Mr. Selander is eligible to participate in the Company's total rewards plans and arrangements on a level commensurate with his position. The agreement provides that if Mr. Selander's employment is terminated

either by the Company other than for cause or by him for certain specified reasons, in addition to any earned, but unpaid base salary and vested entitlements under any Company plans, he would be entitled to:

A pro rata portion of his target bonus;

Severance pay in the form of base salary continuation and his average annual incentive bonus, received over the prior three years, for a period of 36 months, subject to recalculation to be payable over the period until he is eligible to retire (without any increase in the amount payable);

Continued participation in the Company's health, life insurance and disability plans and Company payment of COBRA premiums;

Immediate SERP vesting and an additional SERP benefit equal to the amount of benefits he would have accrued under any Company tax-qualified pension and savings plans until he is eligible to retire;

Continued vesting of any long-term incentive awards; and

Outplacement assistance.

For terminations by reason of death or disability, Mr. Selander would be entitled to his target annual bonus (pro-rated in the case of disability).

Mr. Selander would be subject to non-competition and non-solicitation covenants for a minimum period of 12 months, up to the full length of the severance period.

On February 28, 2005, the Company entered into an addendum agreement with Mr. Selander, which modified his employment agreement. The addendum agreement provides for a retention payment of \$10,000,000 (ten million) to Mr. Selander provided that he remains employed by the Company in good standing until a date to be established by the Global Board of Directors no earlier than April 9, 2010, but no later than April 9, 2011 (the Retention Date), meets certain performance standards and provides requested assistance in identifying his successor and transitioning his responsibilities to such person. Under certain circumstances Mr. Selander may be entitled to a pro rata portion of the retention payment if his employment is terminated prior to the Retention Date. Mr. Selander's receipt of the retention payment is further conditioned upon his agreement to generally applicable 36-month non-compete and non-solicitation covenants, subject to shorter periods if he is terminated for cause or if he resigns as a result of a change in the strategic direction of the Company to which he objects, and his execution of a release of liability in favor of the Company.

Messrs. Heuer, McElhatton, Thom and Hanft

Under the terms of Messrs. Heuer's, McElhatton's, Thom's and Hanft's agreements, the applicable executive's employment will automatically terminate if he: (i) dies; or (ii) becomes disabled. In addition, both the executive and the Company can terminate the agreement for any reason upon 90 days' prior written notice. During the employment term, the executive is eligible to participate in the Company's total rewards plans and arrangements on a level commensurate with his position. The agreement provides that if the executive's employment is terminated prior to retirement (March 31, 2005 for Mr. McElhatton and age 65 for Messrs. Heuer, Thom and Hanft) either by the Company other than for cause or by the applicable executive for certain specified reasons, in addition to any earned, but unpaid base salary and vested entitlements under any Company plans, the applicable executives would be entitled to:

For terminations by reason of death, disability or retirement, and voluntary terminations, the executive would be entitled to unpaid base salary, vested entitlements under any Company plans, a pro rata portion of his target bonus, and relocation assistance.

The executive would be subject to non-competition and non-solicitation covenants for a minimum period of 12 months, up to the full length of the severance period.

Change-in-Control Agreements

The Company has approved a Change-in-Control Agreement (CIC Agreement) for certain of its executive officers, including all of the Named Executive Officers. Under the CIC Agreement, if an executive officer's employment is terminated without cause or for good reason (as defined in the CIC Agreement) during the six-month period preceding or the two-year period following a change in control of the Company, the executive will be entitled to the following:

A severance payment equal to two times the average base salary and bonus (three times in the case of the President and Chief Executive Officer), payable through March 31, 2005 for Mr. McElhatton and over a 24-month period for Messrs. Heuer, Thom and Hanft (36 months in the case of the President and Chief Executive Officer), subject to recalculation to be payable over the period until the executive is eligible to retire (without any increase in the amount payable);

Continued coverage under the executive's individual long-term disability plan for the applicable period referenced above;

Accelerated vesting of performance units including special grants awarded prior to the change-in-control under the Executive Incentive Plan, with payout at 125% of target;

Compensation of Directors

In the year ended December 31, 2004, directors who were not employees of the Company were paid an annual retainer of \$45,000. The Chairman of the Global Board of Directors received an annual retainer of \$50,000. Non-employee directors also received an annual retainer of \$5,000 for serving as a chairperson of a standing committee; a \$1,500 meeting fee for attendance at board meetings; a \$1,000 meeting fee for attendance at committee

meetings and a \$500 meeting fee for telephonic meetings. In addition, customary expenses for attending board and committee meetings were reimbursed.

Table of Contents

Under the MasterCard Deferral Plan, up to 100% of non-employee director's meeting fees and annual retainer may be deferred and invested among several investment return options. In general, deferred amounts are not paid until after the director retires from the board. The amounts are then paid, at the director's option, either in a lump sum or in five or ten annual installments.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee has ever served as an officer or employee of the Company. Mr. Boudreau is a former executive officer of Chase Manhattan Bank USA, N.A, an affiliate of one of the Company's stockholders with which it has a business relationship more fully described below under Certain Relationships and Related Transactions. For a description of JP Morgan Chase & Co.'s stockholdings in the Company, see Security Ownership of Certain Beneficial Owners and Management. All members of the Compensation Committee are officers or former officers of stockholders of the Company, which are principal members of MasterCard International and significant customers of the Company.

The Compensation Committee is comprised of five members of the Global Board of Directors, each of whom is an outside director, as defined under Section 162 (m) of the Code.

The Compensation Committee regularly reviews the Company's executive compensation policies and practices and will continue to do so in response to new rules and evolving best practices. The Compensation Committee has retained its own outside compensation consultant to provide advice and assistance. During 2004, the Compensation Committee met four times and held executive sessions, without management present, at each meeting.

More information about the Compensation Committee can be found above under Committees of the Global Board of Directors Compensation and the Compensation Committee's charter is available on the Company's website at <http://www.mastercardintl.com>.

The purpose of this report is to summarize the philosophical principles, specific program elements and other factors considered by the Compensation Committee in making decisions about executive compensation.

Compensation Philosophy

The Compensation Committee's compensation decisions are based on the following core principles.

Executive officer goals should be linked with shareholder interests. The Company's compensation and reward systems serve as a tool for reinforcing the link between rewards and the achievement of business results consistent with the organization's expected values and behaviors.

Pay should be performance-based. The Company provides a total compensation program consisting of fixed and variable pay, with an emphasis on variable pay to reward short- and long-term performance versus established goals and objectives.

Compensation opportunities must be competitive to attract and retain talented employees. Each year, the Compensation Committee assesses the competitiveness of total compensation levels for executives as more fully described below.

Program Elements

The Company's executive compensation program consists of base salary, annual incentive and long-term incentive compensation. The Compensation Committee's philosophy generally is to target compensation levels to be between the median and 75th percentile of the blended peer groups for the executive officers as described below. For purposes of establishing a competitive market for the Named Executive Officers, the Company considers companies representative of the types of organizations from which it recruits and to which it loses executive talent, e.g., a custom group of companies composed of major financial services companies, comparable financial services companies and premier brand value companies, as well as, where appropriate, a broader group of financial services and general industry companies. The blended peer group is generally consistent with that used to measure performance as illustrated in the Performance Graph.

Base Salary. Base salaries for executive officers are generally positioned between the median and 75th percentile of the competitive market. All salaried employees are eligible for annual merit increases based primarily on both fulfillment of their job responsibilities and the competitive market for their position. Base salaries are held constant for senior level incumbents for at least three years, subject to market movement and/or changing job responsibilities.

Table of Contents

Annual Incentive. The Company provides its executives with an opportunity to earn cash incentive awards through the Annual Incentive Compensation Plan (AICP). The Company generally positions target annual incentive opportunities between the median and 75th percentile of the competitive market. Each Named Executive Officer s target AICP opportunity is determined based on competitive market practices and internal equity considerations.

The AICP is funded based on overall corporate performance (the corporate score could result in incentive pool funding of 0% or 50% to 150% of the target incentive pool). Funding is allocated to each division based on corporate and business unit/region performance. For the President and Chief Executive Officer, the funding is determined based 100% on the achievement of corporate goals. For the other Named Executive Officers, the funding is determined based 75% on the achievement of corporate goals and 25% on the achievement of business unit/regional performance. Actual awards are based on corporate, business unit/region and individual performance against goals.

For fiscal year 2004, corporate performance was based on improving performance with key customers in key markets, improving customer-focused strategy, achieving EBITDA, operating expense and ROE corporate financial targets and enhancing organizational capabilities. Business unit/region performance was based on the achievement of goals defined in each group s annual business plan that were directly linked to corporate objectives. Based on the Company s fiscal year 2004 performance, the AICP was funded between target and maximum. Business unit/region performance results were also between target and maximum.

Long-Term Incentive. Executives participate in the EIP, a performance unit plan tied to three-year corporate performance. Generally, units are awarded annually and target opportunities are positioned between the median and 75th percentile of the competitive markets described above. The award vests over a five-year period (80 percent ratably over three years and 20 percent after five years), with 80 percent paid after certification of the performance results at the conclusion of the performance period. Payment of the final 20 percent of the award which vests after five years is generally made within 60 days of vesting.

For awards made in 2004 (covering the 2004-2006 performance period), the ultimate value of the units will be determined based upon the level of performance achieved against the following measures: improving performance with key customers in key markets; improving customer focused strategy; achieving EBITDA, operating expense and ROE corporate financial targets and enhancing organizational capabilities. See Executive Compensation Long-Term Incentive Plan Awards In Fiscal Year 2004 for a detailed description of the EIP and the number of units awarded to the Named Executive Officers in 2004.

Based on the Company s performance over the 2002-2004 performance period, performance units were valued between target and maximum levels. Performance was measured against a combination of qualitative and quantitative measures that included: improving profitable share with key members in key markets; improving customer focused strategy; achieving corporate financial targets (including attaining a predetermined level of EBITDA), enhancing organizational capabilities and the integration of Europay International S.A (Europay). You can find more information about the long-term incentive grants and payouts described in this report under Executive Compensation Long-Term Incentive Plan Awards In Fiscal Year 2004 and Executive Compensation Summary Compensation of this Proxy Statement.

CEO Compensation and Performance

Mr. Selander s fiscal year 2004 compensation consisted of base salary, an annual incentive award, a long-term incentive award and the third and final payment of a special award for services related to the conversion and integration of Europay awarded in 2002. The Compensation Committee determined the level for each of these elements using methods consistent with those used for other Named Executive Officers.

For 2004, Mr. Selander s base salary remained constant; the Committee approved a \$100,000 increase effective February 2005. He received an AICP award of \$2,500,000 based on performance against corporate goals. He also received a grant of 41,000 units under the EIP for the 2004-2006 performance period and a payout for the 2002-2004 performance period that reflected above target, but below maximum, performance.

Table of Contents

In addition, he received the third payment of a special award of \$333,333 based on MasterCard's sustained performance and progress to date on its post-integration of Europay objectives.

Deductibility of Executive Compensation

Section 162(m) of the Code requires that public companies meet specific criteria in order to deduct, for federal income tax purposes, compensation over \$1 million paid to the Named Executive Officers. The Company is currently covered by the transition rules for newly public companies under Section 162(m) and will receive a deduction for all compensation paid to those executive officers in fiscal year 2004. As described under Proposal 2 Approval of MasterCard International Incorporated Senior Executive Annual Incentive Compensation Plan and Proposal 3 Approval of MasterCard International Incorporated Senior Executive Incentive Plan, the Compensation Committee is requesting in this Proxy Statement that Stockholders approve annual and long-term incentive plans similar to the AICP and the EIP. The new plans will permit the payment of compensation that will be deductible once the transition period is over. However, the Compensation Committee believes that its primary responsibility is to provide a compensation program that attracts, retains and rewards the executive talent needed for the Company's success. Consequently, in any year the Compensation Committee may authorize compensation in excess of \$1,000,000 that is not performance-based under Section 162(m). The Compensation Committee recognizes that the loss of a tax deduction may be unavoidable in these circumstances.

In addition, the Committee and/or the Chief Executive Officer may designate any other employee as eligible to participate in the Plan.

4. PERFORMANCE UNIT AWARDS

(a) Subject to the provisions of this Plan, the eligible employees to whom a grant of one or more Performance Units is awarded shall be determined by the CEO of the Company with approval by the Committee and evidenced by a certificate or written agreement provided to each such Participant. Subject to Sections 6 and 7 of the Plan, each Performance Unit grant shall entitle a Participant to receive a cash payment equal to the Unit Value, as adjusted under Section 5(a) below, of such Performance Unit. Unit Value shall be determined in accordance with Section 5.

Where the Committee specifies in the grant, the Committee will determine the Unit Value based on interpolation in the event that performance between Performance Levels is achieved (i.e., between Threshold and Target or Target and Superior), and where the Committee

Table of Contents

does not so specify, the Unit Value will be based on the highest Performance Level achieved. The grant may provide for interpolation as to certain Performance Measures, but not as to others. The Unit Value of all or any subset of the Performance Units awarded actually paid to a given Participant may be less than the Unit Value determined by the applicable Performance Measure formula, at the discretion of the Committee.

(b) The Committee shall certify that it has determined the Performance Level achieved for a Performance Period and has determined Unit Value, including any adjustments under Section 5(a) above, during the 60-day period following the Determination Date. Except as otherwise provided by the Committee, the Determination Date shall be the last day of the Performance Period to which a Performance Unit relates; provided that, if a Participant terminates employment prior to the end of the Performance Period due to death or Disability, termination by the Company without Cause, or termination by the participant with good reason, the Determination Date with respect to any Performance Units relating to such Performance Period shall be deemed to be the last day of employment and the Performance Level achieved with respect to any such Performance Units shall be deemed to be Target. In the event the Company receives approval from the Internal Revenue Service that such a provision will not adversely affect the qualification as performance-based compensation under Section 162(m) of the Code of grants under the Plan to Participants who do not terminate during a Performance Period due to Retirement, if a Participant terminates employment prior to the end of the Performance Period due to Retirement after performance of six months of services in the Performance Period, the Determination Date with respect to any Performance Units relating to such Performance Period shall be deemed to be the last day of employment and the Performance Level achieved with respect to any such Performance Units shall be deemed to be Target.

6. VESTING

(a) Each Performance Unit shall vest subject to such terms and conditions as the Committee may, in its sole discretion, determine; provided that, unless otherwise provided by the Committee at the time of award, Performance Units which relate to a three-year Performance Period shall vest in annual increments according to the following schedule, but only to the extent that the Participant completes 1,000 hours of service in each Twelve-Month Cycle and is employed on the last day of the respective Twelve-Month Cycle:

Twelve-Month Cycle Ending on the Following Anniversary of the Date of Grant	% of Performance Units Vested
1st Anniversary	26 ² /3%

are parties to a Change-in-Control agreement with the Company or an Affiliated Employer shall be eligible for immediate vesting in all unvested awards.

(c) Notwithstanding the foregoing, if a Participant ceases to be employed during a Twelve-Month Cycle within a Vesting Period, but is rehired either during the same Twelve-Month Cycle or during a subsequent

B-4

Table of Contents

Twelve-Month Cycle in the same Vesting Period, the Participant shall be eligible to vest in the previously forfeited Performance Units under that award that relate to the Twelve-Month Cycle of rehiring and subsequent Twelve-Month Cycles if the Participant otherwise meets the terms and conditions specified in the award and completes 1,000 hours of service in and is employed on the last day of the Twelve-Month Cycle; provided, however, that, in order to vest in the Performance Units relating to the final Twelve-Month Cycle in the Vesting Period, the Participant must also have been employed on the first day of that final Twelve-Month Cycle.

(d) Notwithstanding the foregoing Section 6(a), (i) upon a Participant's termination of employment for Cause or (ii) upon a Participant's violation of the noncompetition provisions set forth in Section 7(c) below, all vested but unpaid Performance Units held by the Participant shall be forfeited in full, without any right to payment from the Company. The Committee in its sole discretion shall determine whether a termination was for Cause.

7. PAYMENT

(a) Except as otherwise determined by the Committee at the time of grant of a Performance Unit, or as otherwise elected by the Participant pursuant to Section 7(d) below, within 60 days after the Committee's certification of the Unit Value in accordance with Section 5, Participant shall receive a cash payment in respect of each vested Performance Unit equal to such Unit Value for the completed Performance Period.

(b) Except as otherwise determined by the Committee at the time of grant of a Performance Unit, or as otherwise elected by the Participant pursuant to Section 7(d) below, (i) if Participant remains employed such that he or she vests in Performance Units for a Twelve-Month Cycle in the portion of the Vesting Period that extends beyond the Performance Period (the Post-Performance Period) the Participant shall receive, within 60 days after the end of the Vesting Period, an additional cash payment in respect of each Performance Unit which has not yet been paid pursuant to paragraph (a) above equal to the Unit Value. If a Participant terminates employment due to death or Disability, termination by the Company without Cause, termination by the Participant for good reason, or Retirement during the Post-Performance Period, subject to Section 7(c) below, the Participant shall receive, within 60 days of the termination, or if longer, within 60 days of the Committee's certification of Performance Level and determination of Unit Value under Section 5(b), an additional cash payment in respect of each Performance Unit which has not yet been paid pursuant to paragraph (a) above equal to the Unit Value. In the event of a Change-in-Control during the Post-Performance Period, the Participant shall receive, within 60 days of the Change in Control, or, if longer, within 60 days of the Committee's certification of Performance Level and determination of Unit Value under Section 5(b), an additional cash payment in respect of each Performance Unit which has not yet been paid pursuant to paragraph (a) above equal to the Unit Value.

(c) In the event a Participant voluntarily terminates employment other than by reason of Disability, no payment otherwise due under Section 7(a) or (b) above shall be made before 120 days after such voluntary termination. In the event that, during the 120 days following such voluntary termination, the Participant directly or indirectly engages or invests in any business or activity that is directly or indirectly in competition with any business or activity engaged in by the Company or an Affiliated Employer, including, but not limited to, any credit, charge, chip, or debit card business or processor, the Participant's Performance Units shall not be paid and, pursuant to Section 6(d)(ii) above, shall be forfeited in full. For purposes of the preceding sentence, the Participant shall be deemed to be engaged in any business in which any person for whom he shall perform services is engaged. Notwithstanding the foregoing, nothing herein shall prohibit the Participant from having a beneficial ownership interest of less than 3% of the outstanding amount of any class of securities of any enterprise (but without otherwise participating in the activities of such enterprise) if such securities are listed on a national securities exchange or quoted on an inter-dealer quotation system. The Participant shall not be treated as engaged or invested in any business in competition with that of the Company or an Affiliated Employer if the Participant performs services or engages in business or activities for a MasterCard member, provided that the MasterCard member is not a party to a brand dedication agreement with VISA USA, VISA International, American Express, JCB, Discover, Diners Club, Carte Blanche or any other competitor of the Company or an Affiliated Employer, the term of which is two years or more. In the event that, during the

120 days following such voluntary termination, the Participant does not engage in or invest in any such competitive business or activity, and certifies to that effect on forms provided by the Company, the Participant's otherwise vested Performance Units shall be paid.

(d) Payments of Performance Units under Sections 7(a) and 7(b) above are eligible for deferral under the terms and conditions of the MasterCard International Incorporated Deferral Plan, as amended from time to time. In the event a Participant who has made a Deferred Performance Units Election under the MasterCard International Incorporated Deferral Plan voluntarily terminates employment, Sections 6(d)(ii) and 7(c) will apply to those payments that, in the absence of the Deferred Performance Units Election, would have been paid in the 120 days following termination.

(e) The maximum cash payment for all awards payable for any three-year performance period, at a Target Performance Level under section 5 above, shall be \$8,000,000. In the case of Superior Performance Level, the maximum cash payment for all awards for a three-year Performance Period shall be twice that amount. In the case of a longer or shorter Performance Period, correlative adjustments shall be made to the maximum cash payment.

The Plan was adopted effective January 1, 2005, so as to allow the Company to provide members of the Company's Policy Committee with performance-based compensation that complies with section 162(m) of the Code. The terms provided herein shall apply to Performance Units awarded under the Plan on and after January 1, 2005. Amendments to the Plan generally shall be effective on their adoption, subject to shareholder approval required by Section 11.

9. ADMINISTRATION

(a) The Plan shall be administered by the Committee, which may delegate its duties and powers in whole or in part to any subcommittee thereof; it is expected that the Committee, or if not the Committee, then the subcommittee, shall consist solely of at least two individuals who are intended to qualify as outside directors within the meaning of Section 162(m) of the Code (or any successor section thereto); provided, however, that the failure of the subcommittee to be so constituted shall not impair the validity of any grant made by such subcommittee. The Committee shall determine, in its sole discretion, any question arising in connection with the interpretation or application of the provisions of the Plan and its decisions or actions in respect thereof shall be conclusive and binding upon any and all Participants and their beneficiaries, successors and assigns, and all other persons. All resolutions or actions taken by the Committee shall be by affirmative vote or action of a majority of the members of the Committee.

(b) Members of the Committee or its delegates shall be fully protected in relying in good faith upon the advice of counsel and shall incur no liability with respect to the Plan except for their own gross negligence or willful misconduct in the performance of their duties. The Company shall defend, indemnify and hold harmless each member of the Committee or its delegates against any and all claims, liabilities and costs (including attorney fees) arising in connection with their administration of the Plan except for such member's own gross negligence or willful misconduct.

10. GENERAL PROVISIONS

(a) Nothing in this Plan or in any instrument executed pursuant hereto shall confer upon any person any right to continue in the employment or other service of the Company or an Affiliated Employer, or shall affect the right of the Company or an Affiliated Employer to terminate the employment or other service of any person at any time with or without cause.

(b) The grant of Performance Units shall not confer upon a Participant any of the rights of a stockholder of the Company or an Affiliated Employer, and no shares of stock shall be issued pursuant to Performance Units. Table of Contents

(c) In the event a Participant is employed or resides in a country with laws that prescribe certain requirements for long-term incentives to qualify for advantageous tax treatment, the Committee may at its discretion modify the terms of an award to be made under the Plan and procure assumption of any of the Company's obligations hereunder by an affiliate company, in a manner consistent or inconsistent with the terms of the Plan, for the purpose of qualifying the award under such laws of such country; provided, however, that to the extent possible, the overall terms and conditions of such an award should not be made more favorable to the recipient than would be permitted if the award had been granted under this Plan as herein set forth.

(d) Participants shall be solely responsible for the payment of any taxes due in connection with the Plan; provided, however, that the Company shall make such provisions as it may deem appropriate for the withholding of any taxes which the Company determines it or an Affiliated Employer is required to withhold in connection with any award under the Plan.

(e) By accepting any benefits under the Plan, each Participant, and each person claiming under or through him, shall be conclusively deemed to have indicated his acceptance and ratification of, and consent to, all provisions of the Plan and any action or decision under the Plan by the Company, an Affiliated Employer, their agents and employees, and the Committee.

(f) The validity, construction, interpretation and administration of the Plan and any awards under the Plan and of any determinations or decisions made thereunder, and the rights of all persons having or claiming to have any interest herein or thereunder, shall be governed by, and determined exclusively in accordance with, the laws of New York (determined without regard to its conflict of laws provisions).

(g) This Plan shall be binding upon and inure to the benefit of the Company, its affiliated companies and their successors or assigns, and all Participants and their beneficiaries, successors, and assigns and all other persons claiming under or through any of them.

(h) The value of Performance Unit awards shall not be treated as compensation and/or salary for purposes of calculating a Participant's benefits under any of the Company's or an Affiliated Employer's other benefit plans, policies or programs.

(i) The use of the masculine gender shall also include within its meaning the feminine. The use of the singular shall include within its meaning the plural and vice versa.

In the event that the Plan is not so approved, no awards of Performance Unit shall be payable under the Plan, and the Plan shall terminate and shall be null and void in its entirety.

12. AMENDMENT AND TERMINATION

This Plan may be amended or terminated by the Board or the Committee at any time, for any reason and in any respect; provided, however, that no such amendment or termination of this Plan shall affect adversely any award of Performance Units theretofore granted without the written consent of the holder thereof. Notwithstanding the foregoing:

(a) The methodology for determining Performance Units and Unit Value may be changed, on a prospective basis, at any time.

(b) Upon termination of the Plan, the Board or the Committee may provide for the immediate termination of all outstanding Performance Units in exchange for a cash payment equal to the then value of the Performance Units that are outstanding, vested (pursuant to Section 6), and as to which the Committee has certified the Performance Level in accordance with section 5(b). Except in the case of a termination of the Plan as a consequence of a Change of Control, payments for vested awards on termination of the Plan shall not be made before the Committee has certified the Performance Level in accordance with section 5(b).
