Solicitation will be made by mail and also may be made personally, by telephone or electronic mail by the Company's officers, directors and employees without special compensation for such activities.

REVOCABILITY AND VOTING OF PROXY

A proxy given by a stockholder may be revoked at any time before it is exercised by giving another proxy bearing a later date or by notifying the Company in writing of such revocation or by a vote in person at the Annual Meeting. The execution of a proxy will not affect a stockholder's right to attend the Annual Meeting and vote in person, but attendance at the Annual Meeting will not, by itself, revoke a proxy. Properly executed proxies received by the Company will be voted in accordance with the instructions indicated thereon and if no instructions are indicated, will be voted for the election of the four (4) nominees for director named herein; and for the selection of BDO Seidman, LLP as independent accountants for the Company. The Company knows of no reason why any of the nominees named herein would be unable to serve for the terms indicated. In the event, however, that any such nominee should, prior to the election, become unable to serve as a director, unless the Board of Directors decides to decrease the size of the Board, the proxy will be voted for such substitute nominee as the Board of Directors shall propose.

The Board of Directors knows of no matters to be presented at the meeting other than those set forth in the foregoing Notice of Annual Meeting. The Proxy Card conveys discretionary authority to vote on any other matter not presently known by management that may properly come before the Annual Meeting. If other matters properly come before the meeting, the persons named in the accompanying form of proxy intend to vote the shares subject to such proxies in accordance with their best judgment.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board of Directors of the Company is currently divided into three classes. However, in accordance with a recent amendment to our certificate of incorporation, directors elected at and after this Annual Meeting shall hold office until the first annual meeting of stockholders following their election and until a successor shall have been elected and qualified or until the director's prior death, resignation or removal. That being the case, at this Annual Meeting four (4) directors in Class III will be elected to hold office until the 2009 Annual Meeting and until their successors shall be elected and qualified. Each of the nominees has consented to serve as a director if elected. To be elected, each nominee for director requires a majority of the votes cast.

For purposes of electing directors, a majority of the votes cast means that the number of votes cast for a director exceeds the number of votes cast against that director. The Governance Committee has established procedures under which any director who is not elected (because the number of votes cast against such director's candidacy exceed the number of votes cast in favor of that candidacy) shall offer to tender his or her resignation to the Board of Directors. In such case, the Governance Committee will make a recommendation to the Board of Directors on whether to accept or reject the resignation, or whether other action should be taken. The Board of Directors will act on the Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results.

Abstentions and broker non-votes will not be counted in connection with the election of directors. A properly executed proxy marked "Withhold" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. The following sets forth with respect to the four persons who have been nominated by the Board of Directors for election at this Annual Meeting and the other directors of the Company certain information concerning their positions with the Company and principal outside occupations and other directorships held. Except as otherwise disclosed herein, none of the corporations or organizations listed below is a parent, subsidiary or other affiliate of the Company.

Transactions with Related Persons

One of the members of our Board of Directors, Mr. Ilan Kaufthal, is a Vice Chairman of Bear Stearns & Co. Inc. (Bear Stearns). Pursuant to an engagement letter dated September 19, 2005, as amended October 22, 2006 (the Engagement Letter), Cambrex, upon authorization of the Board of Directors, retained Bear Stearns to act as its exclusive financial advisor in connection with the consideration by the Board of Directors of the Company s strategic alternatives, including the process leading to the signing of the Stock Purchase Agreement with Lonza Group Limited announced on October 24, 2006 with respect to the Company s Bio Companies Businesses, which transaction closed on February 6, 2007 (the Transaction). The Engagement Letter provided for the payment of a customary fee for Bear Stearns services, a substantial portion of which was contingent on successful consummation of the Transaction. In addition, Cambrex agreed to indemnify Bear Stearns against certain liabilities arising out of the engagement. Bear Stearns received \$4,156,336.74 (including \$231,336.74 of out of pocket expenses) in connection with its services in relation to the Transaction.

In selecting Bear Stearns, our Board of Directors considered, among other things, the fact that Bear Stearns is an internationally recognized investment banking firm with substantial experience advising companies in the health care products and services industry and companies in the chemicals and industrial products and services industry, as well as substantial experience providing strategic advisory services. Although Mr. Kaufthal is a Vice Chairman of Bear Stearns, the Board of Directors concluded that Bear Stearns familiarity with the Company and its business segments and the industries in which the Company conducts business made Bear Stearns the logical and appropriate choice as financial advisor. In light of Mr. Kaufthal s dual roles, the Board of Directors also authorized the Company to retain a second bank to render, in addition to Bear Stearns, an opinion to the Board of Directors with respect to the consideration to be received by the Company in any transaction for which Bear Stearns served as the Company s financial advisor. Mr. Kaufthal abstained from the Board of Directors vote related to the approval of the Transaction.

On May 2, 2007, the Company gave Bear Stearns a one-year notice of termination of its engagement. As previously announced, the Company will continue to evaluate strategic opportunities for the Human Health business as they arise and the Company may continue using Bear Stearns as financial advisor to Cambrex with respect to the evaluation of any such opportunities.

Company Policies and Procedures related to Review, Approval and Ratification of Transactions with Related Persons

Pursuant to the Company s *Corporate Governance Guidelines*, the Board expects Cambrex directors, officers and employees to act ethically at all times and to adhere to the Company s *Code of Business Conduct and Ethics*, including

the company's policies on Business Conduct and Ethics and Conflicts of Interest. A conflict of interest occurs when an individual's personal interests interfere in any way (or even appear to interfere) with the interests of the Company. A conflict situation can arise when a director takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest also arise when a director, or a member of his or her family, receives improper personal benefits as a result of his or her position in the Company.

A potential conflict of interest with respect to a proposed transaction is required to be reported to the Company's General Counsel, Chief Executive Officer and the Board's Governance Committee. The Governance Committee will evaluate the circumstances surrounding the potential conflict of interest and recommend action to the full Board, which will consider any such recommendation. The Board is responsible for the ultimate determination as to whether the transaction giving rise to the potential conflict of interest can proceed.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's securities, to file reports of ownership and transactions in the Company's securities with the Securities and Exchange Commission and the New York Stock Exchange. Such directors, executive officers and ten percent stockholders are also required to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms received by it, and on written representation from certain of the Company's directors and executive officers that no other reports were required, the Company believes that during 2007 all Section 16(a) filing requirements applicable to its directors, executive officers and ten percent stockholders were complied with during the 2007 fiscal year.

CORPORATE GOVERNANCE

The Board of Directors is responsible for directing the management of the business and affairs of the Company. The Board holds regular meetings five times each year and holds additional special meetings as required. During 2007 the Board held eight meetings. While there is no formal policy, directors are expected to attend board meetings and meetings of committees on which they serve, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. The Board recognizes that occasional meetings may need to be scheduled on short notice when the participation of a director is not possible and that conflicts may arise that may prevent a director from attending a regularly scheduled meeting. The Board expects, however, that each director will make every reasonable effort to keep absences to a minimum. Although participation by conference telephone or other communications equipment is allowed, personal attendance is encouraged. Each incumbent director attended at least 75% of the aggregate of the total number of Board meetings and committee meetings, as applicable. Eight directors attended the Company's annual meeting of stockholders in April of 2007.

Our Board has affirmatively determined, after considering all of the relevant facts and circumstances, that all of the directors, other than James A. Mack and Ilan Kaufthal, are independent from our management under the standards set forth in the Company's *Independence Standards for Directors*, which was adopted by the Board in January 2004 and is available on the Company's website (www.Cambrex.com). This means that none of the independent directors have any direct or indirect material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. As a result, the Company has a majority of independent directors on our Board as required by the listing standards of the New York Stock Exchange. The Board of Directors has also adopted the *Code of Business Conduct and Ethics*, which is applicable to all directors, officers and employees of the Company, including the Chief Executive Officer, the Chief Financial Officer and the principal accounting officer.

Non-management directors have regularly scheduled executive sessions in which they meet without the presence of members of management. These executive sessions occur before or after each regularly scheduled meeting of our Board and may also occur in conjunction with special meetings. The Lead Director of these executive sessions is John R. Miller.

Shareholder Communications with our Board. The Company is committed to providing stockholders and other interested persons with an open line of communication for bringing issues of concern to the Company's non-management directors. In January 2004, the Board approved the following process by which such communications may be made and for handling any such communications received by the Company:

Any stockholder or interested person may communicate with the Company's non-management directors as a group by sending a communication to the Board of Directors, c/o Corporate Secretary, Cambrex Corporation, One

Meadowlands Plaza, 15th Floor, East Rutherford, New Jersey 07073. All communications will be reviewed by the Company's Corporate Secretary who will send such communications to the non-management directors unless the Corporate Secretary determines that the communication does not relate to the business or affairs of the Company or the function of the Board or its Committees, or relates to insignificant matters that do not warrant the non-management directors' attention or is not otherwise appropriate for delivery to the non-management directors.

The non-management directors who receive such communication will have discretion to determine the handling of such communication, and if appropriate, respond to the person sending the communication, and disclosure, which shall be consistent with the Company's policies and procedures and applicable law regarding the disclosure of information.

The Board has established four standing committees: the Regulatory Affairs Committee, the Governance Committee, the Audit Committee and the Compensation Committee. Printable versions of the charters of such Committees as well as the *Corporate Governance Guidelines* and *Code of Business Conduct and Ethics* are available on our website (www.cambrex.com), under the Governance link of the Investors' section. The Company will also provide any of the foregoing information in print without charge upon written request to the Corporate Secretary, Cambrex Corporation, One Meadowlands Plaza, 15th Floor, East Rutherford, New Jersey 07073.

Regulatory Affairs Committee

The Regulatory Affairs Committee, comprised of three non-management directors, oversees the Company's compliance with Food and Drug Regulations and environmental and safety affairs. The Regulatory Affairs Committee held four meetings during 2007.

Governance Committee

The Governance Committee, comprised of four independent directors as defined by the listing standards of the New York Stock Exchange and the Company's *Independence Standards for Directors*, is responsible for, among other things, (i) reviewing the composition of the Board to assure that the proper skills and experience are represented on the Board, (ii) identifying candidates qualified to become Board members, and recommending to the Board the nominees to stand for election as directors to the Board at Annual Stockholder Meetings and candidates for newly created directorships and vacancies on the Board, (iii) overseeing the annual evaluation of the Board and management and (iv) developing and reviewing corporate governance principles and recommending changes as necessary. The Charter of the Governance Committee has been adopted by the Committee and approved by the Board. The Governance Committee held three meetings in 2007.

Consideration of Director Nominees

Director Qualifications

The Company's *Corporate Governance Guidelines* set forth Board membership criteria. Under these criteria, members of the Board should possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of the stockholders. Their skills and backgrounds should include, among other things, experience in making decisions, a track record of competent judgment, the ability to function rationally and objectively and experience in different businesses and professions. Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively and should be committed to serve on the Board for an extended period of time. Directors should not serve on more than four other boards of public companies in addition to the Cambrex Board. Current positions in excess of these limits may be maintained unless the Board determines that doing so would impair the director's service on the Cambrex Board.

Identifying and Evaluating Nominees for Directors

The Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee considers various candidates for director. Candidates may come to the attention of the

Governance Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Governance Committee, and may be considered at any point during the year. The Governance Committee also considers properly submitted stockholder nominations for candidates for the Board. In addition to the standards and qualifications set out in the Company's *Corporate Governance Guidelines*, the Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee or other expertise and the evaluations of other prospective nominees. There are no differences in the manner in which the Governance Committee evaluates nominees for director based on whether or not the nominee is recommended by a stockholder.

Stockholder Nominees

The Governance Committee will consider nominees recommended by stockholders. Such recommendations for the 2009 Annual Meeting should be sent to the Corporate Secretary of the Company not later than January 23, 2009, and should include such information as specified in the Company's By-Laws. Nominees recommended by stockholders receive the same consideration as any other proposed nominees.

Audit Committee

The Audit Committee consists of four independent directors. The Board has determined that each member of the Audit Committee is (i) independent within the meaning of the Securities and Exchange Commission Rules and the New York Stock Exchange (NYSE) listing standards and the Company's *Independence Standards for Directors* and (ii) satisfies the financial literacy requirements of the NYSE listing standards. Further, the Board has determined that at least one member of the Audit Committee satisfies the financial expertise requirements of the NYSE listing standards. The Board has also determined that Mr. Roy Haley, Audit Committee Chairperson, is an Audit Committee Financial Expert, as that term is defined by current SEC rules. The charter of the Audit Committee has been adopted by the Committee and approved by the Board and is available on the Company's website (www.cambrex.com).

The role of the Audit Committee is to assist the Board in fulfilling its responsibility to oversee (i) the integrity of the Company's financial reporting process; (ii) the Company's systems of internal accounting and financial controls; (iii) the annual independent audit of the Company's financial statements; (iv) the independent auditors' qualifications and independence; and (v) the Company's compliance with legal and regulatory requirements. The Audit Committee's role is one of oversight and it recognizes that the Company's Management is responsible for preparing the Company's financial statements and that the Company's independent auditors are responsible for auditing those financial statements.

The Audit Committee met ten times in 2007. The Audit Committee met individually with Management, with PricewaterhouseCoopers LLP (PwC), the Company's independent public accountants until April 26, 2007, and thereafter with BDO Seidman, LLP (BDO), approved by the shareholders on that date as the Company's independent auditors, and with the Company's internal auditors, as appropriate.

The Audit Committee reviewed and had discussions with Company Management, PwC and BDO regarding the audited financial statements, including a discussion of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee also reviewed and had discussions with BDO regarding the matters required to be discussed by Statement of Auditing Standards No. 61. Further, the Audit Committee received the letter from BDO required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with representatives of BDO their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007.

Compensation Committee

The Compensation Committee (the Committee), comprised of four independent directors, conducts reviews of the Company's general and executive compensation policies and strategies and oversees and evaluates the Company's overall compensation structure and programs. Each member of the Committee (i) meets the independence requirements specified by the New York Stock Exchange listing standards and the Company's *Independence Standards for Directors*, and (ii) is a non-employee director for purposes of Rule 16b-3 of the Securities Exchange Act of 1934 and satisfies the requirements of an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended. Each year the Committee develops a calendar-year annual schedule for the coming year. The Chair reports the Committee's actions and recommendations to the full Board following each Committee meeting. The Committee held eight meetings during 2007.

The Charter of the Compensation Committee has been adopted by the Committee and approved by the Board. The Committee's charter is to work with executive management in developing a compensation philosophy; to evaluate and approve compensation and bonus programs for the Chief Executive Officer, other officers reporting to the Chief Executive Officer, and subsidiary general managers. The Committee also oversees the Company's general employee benefit programs, including the Company's employee equity plans. At its July 2007 meeting the Committee reviewed and discussed its own performance for the prior year in order to benefit from self-evaluation and encourage continuous improvement. For its self-evaluation the Committee referred to materials provided by the Governance Committee. The Committee conducts these reviews annually.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during 2007 were Rosina B. Dixon, David R. Bethune, Leon J. Hendrix, Jr. and John R. Miller, each of whom is a non-employee independent director. No member of the Compensation Committee had any direct or indirect material interest in a transaction of Cambrex or a business relationship with Cambrex, in each case that would require disclosure under item 407 of Regulation S-K or any other rules or regulations of the SEC.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the following Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion of our executive compensation program and compensation decisions made for the fiscal year ended 2007. This discussion relates to the executive officers named in the Summary Compensation Table on page 21. We refer to these officers as the named executive officers .

The following discussion includes statements regarding performance targets with respect to our executive compensation program. These targets and goals are disclosed in the limited context of Cambrex's compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. Cambrex specifically cautions investors not to apply these statements to other contexts.

Objectives of our Executive Compensation Program:

The objectives of our Executive Compensation Program are as follows:

Competitive Compensation Package We seek to attract, motivate and retain high-quality executives with the requisite skills and abilities to enable the Company to achieve superior results. We also look to provide incentive opportunities that are competitive for talent in the labor markets in which Cambrex participates.

Rewarding Performance Our compensation program is intended to be commensurate with the financial goals of Cambrex and the executive's contributions to the accomplishment of those goals.

Aligning the interests of our executives with those of our shareholders A significant portion of our compensation program is in the form of equity-based compensation. This serves to tie the interests of our executives with those of Cambrex's shareholders.

How our Compensation Program was Established

Compensation and Benefits Committee, Consultants, and Management The Compensation Committee determines compensation for the President and Chief Executive Officer and reviews and approves compensation for all senior executives. Compensation recommendations are initiated by the President and Chief Executive Officer for discussion and decision by the Committee. The Committee may, in its discretion, increase or decrease awards and may alter the balance between the cash and restricted stock portions of certain awards. Finally, the Committee also reviews other elements of executive compensation, including retirement benefits, perquisites and change of control arrangements, on a regular basis. Each of these is discussed below.

In assembling up-to-date internal compensation information, Cambrex may seek assistance from the Company's human resources department and internal legal counsel. In addition, the Compensation Committee has the authority to delegate any of its responsibilities to subcommittees of one or more of its members as the Committee may deem appropriate in its sole discretion. On occasion the Compensation Committee seeks the input of outside compensation consultants. Please note that during fiscal year 2007, Cambrex did not seek advice from any outside compensation consultants. Should the Committee decide to retain an outside compensation consultant in the future it will verify the independence of said consultants.

Compensation & Benefit Program Features The Chief Executive Officer and Human Resources are responsible for recommending the elements of our compensation program. The elements and levels of compensation are then reviewed and, if satisfactory, approved by the Compensation Committee. The goal of our compensation program is to promote a pay-for-performance philosophy which aligns itself with the interests of our shareholders. In structuring the

2007 compensation program, the Committee, with the help of our Chief Executive Officer, considered key financial metrics and market executive compensation practices in general and at selected peer companies.

The Company sought to fulfill financial goals in 2007 as they relate to our compensation program through four key compensation elements:

Base Salary

Annual Incentive Award

66.7% 70% of this award is paid in cash, 30% 33.3% is paid in restricted stock.

Restricted Stock granted as part of the Annual Incentive Award vests ratably over three years and becomes saleable only at the end of the third year.

The performance criteria is contingent on the achievement of certain financial metric(s) determined in advance by the Committee.

Long-Term Equity-Based Compensation, which includes

Stock Options Awards vest ratably over four years and the value of which is tied to movements in our stock price.

Restricted Stock Awards these awards are in addition to those granted under the annual incentive awards and cliff vest after three years.

Special Retention Bonus this component of compensation was put in place in order to retain our key executives preceding and following the sale of Cambrex's Biopharma and Bioproducts businesses to Lonza Group Limited.

The Committee believes that this combination of base salary, annual cash bonus and long-term equity compensation is an appropriate and competitive compensation package for our executives based on prevailing market practices. The committee also feels that the use of our Annual Incentive Award, stock options, and restricted stock has tied a significant portion of target compensation to financial performance and retention, which the Compensation Committee believes aligns our compensation program with our key strategic goals.

The Committee does not adhere to a specific formula to determine in advance the ratio between fixed and performance-based compensation, but in general, executive compensation at Cambrex was more heavily weighted to performance-based pay as a percent of total compensation for the named executive officers in fiscal year 2007. Specifically, for fiscal year 2007 and based on the SFAS No. 123(R) grant date fair values of their equity-based compensation awards, performance-based compensation amounted to approximately 59% of total target compensation for the CEO and all other named executive officers.¹ Furthermore, based on actual 2007 performance and based on the SFAS No. 123(R) grant date fair values of their equity-based compensation awards, performance-based compensation amounted to approximately 67% of total compensation for the CEO and all other named executive officers.

Peer Group Comparison Data

The Chief Executive Officer, Human Resources, and Compensation Committee compared Cambrex's executive compensation target amounts to that of a group of select peer companies. This peer group consisted of 10 companies that we believe we compete with for executive talent. The following companies made up our peer group in 2007.

Aeterna Zentaris Inc.
Albany Molecular Research, Inc.
Kendle International Inc.
Mannatech Inc.
Martek Biosciences Corp.
Nutraceutical International Corp.

QLT Inc/BC
Reliv International Inc.
Ribapharm Inc.
Sangstat Medical Corp.
Viropharma Inc.

¹ Please note that we did not factor in individual retention bonuses with respect to this analysis. If we were to include the retention bonus as non performance compensation for fiscal year 2007 and based on the SFAS No. 123(R) grant date fair values of their equity-based compensation awards, performance-based compensation amounted to approximately 30% of total target compensation for the other named executive officers other than the CEO. Furthermore, based on actual 2007 performance and based on the SFAS No. 123(R) grant date fair values of their equity-based compensation awards, performance-based compensation amounted to approximately 38% of total compensation for the four named executive officers.

We analyzed Compensation data from the above peer group to assist in setting compensation target levels for each of the key elements of our program (salary, cash incentive and equity-based compensation) and for the combined total of these elements. We targeted compensation at the 50th percentile range of the total compensation of the selected peer companies. In 2008, we expect to review and revise our peer group as necessary, based on the quickly changing nature of the industry.

The Role of Individual Goals

Our annual incentive awards are based on corporate financial and individual goals. In 2007, the Committee decided that Earnings Before Interest, Taxes, Debt and Amortization (EBITDA) would serve as the primary metric for the annual incentive award. The Compensation Committee decided on EBITDA to focus management on avoiding further declines in this important measure of financial success. As such, there were no individual goals for 2007; 100% was formulated based on EBITDA (see page 17 for performance results). Financial measures and goals are still under consideration by the Committee for Fiscal Year 2008.

Elements of Executive Compensation

Base Salary. In setting annual salaries, the Committee's objective is to reflect individual job responsibilities, value to the Company, individual performance in contributing to improved financial results of the Company and the competitive nature of the labor market in which the Company operates.

During the year the Committee approved the following increases:

Effective fiscal year 2008, Mr. Mack's (Chairman, President, and Chief Executive Officer) base salary was increased from \$500,000 to \$600,000. This decision was based on Mack's many prior years of exemplary service.

Mr. Klosk received a salary increase from \$365,000 to \$400,000 upon his promotion to Chief Operating Officer in February 2007.

Mr. Sargen received a salary increase from \$255,000 to \$300,000 upon his election to Chief Financial Officer in February 2007.

All increases were considered competitive with regard to the executive's performance prior to promotion.

Messrs. Thauer and Russolo did not receive compensation increases during the year.

Messrs Bird and Beshar terminated employment with Cambrex in 2007. Neither executive received any salary increases prior to their leaving.

Annual Incentive Awards. Each year the Committee, in consultation with the President and Chief Executive Officer, sets goals and objectives for the Company's executives. At year-end the attainment of results, measured against the executives' goals and objectives, is reviewed by the Compensation Committee subsequent to review and recommendation from the President and Chief Executive Officer. During the fiscal year, the Compensation Committee considered a number of measures for annual bonus awards, including various financial and individual measures and goals. In the end, in the face of four years of declining EBITDA, the Committee, in consultation with the Audit Committee, determined that improvement in EBITDA without confounding the analysis by special items, particularly those related to divestitures, would be most important to shareholders. Accordingly, the Committee, in consultation with management, approved a plan under which the following performance goals were established:

Performance Level	Percent Improvement in EBITDA	Bonus Compensation Payout Reflected as a Percentage of Base Salary (for all Named Executives)
Threshold	0.8%	10%
Target	7.5%	100%
Maximum	15.0%	200%

In 2007 EBITDA improved by 12.4%, as a result our CEO received a bonus of 150% of his base Salary. All other executive participants received a bonus of 164.5% of Base Salary.

Under the Annual Incentive Award Program for fiscal year 2007, EBITDA was computed using GAAP EBITDA before:

- (i) non-recurring or special charges;
- (ii) cost associated with the evaluation of strategic alternatives;
- (iii) costs of the Rutherford litigation settlement;
- (iv) income and expenses related to the Transition Service Agreement with Lonza and ICIG;
- (v) any expenses in 2007 that will not re-occur in 2008 due to restructuring of the corporate headquarters of Cambrex Corporation;
- (vi) equity compensation expense, and
- (vii) costs for environmental remediation of non-operating sites.

Long-Term Incentive Awards. An integral part of our compensation program is long-term equity-based compensation. The long-term incentive awards made to the named executive officers consist of Restricted Stock and Stock Options.

Equity-based compensation furthers a number of our program objectives. Specifically, these long-term incentive grants:

align the interests of our executives with those of our shareholders, thereby encouraging the creation of shareholder value;

help establish a direct link between compensation amounts and achievement of performance goals; and

allow us to offer a compensation package that is competitive and enhances our ability to attract and retain executive talent.

In July 2007, as is the general practice of Cambrex, the Committee granted restricted stock and stock options to our Named Executive Officers and also a substantial number of key employees at the corporate office and the operating companies. Eligibility for awards is based on an individual's position in the Company and the individual's performance. In determining the number of awards, the Committee also considers management recommendations in light of peer group awards.

For stock options, the exercise price is set based on the mean between the highest and lowest publicly traded share price on the date of the award by the Committee. These awards vest in equal increments over a four year period (i.e., 25% per year). Restricted Stock units cliff vest after three years.

Retention Awards. During 2006 the Company was engaged in a strategic alternatives project designed to divest one or more of the company's business segments. The Board of Directors believed this process to be in the best interests of shareholders in terms of maximizing the value of the company. In order to minimize the uncertainty and disruption such a process would inevitably cause for executives and corporate office employees, the Board, at its April 2006

meeting and on the advice of the Compensation Committee and executive compensation consultants Pearl Meyer & Partners, approved an enhanced severance and retention bonus program for corporate office employees and a retention award program for executives including four of the Named Executive Officers.

In accordance with the 2006 executive program, the four Named Executive Officers would receive the payments listed below if they remained employed with the company until the completion of a transaction for the sale of 35% or more of the enterprise value of the company. (The enterprise value was defined as the aggregate market value of the company's outstanding equity securities on a fully diluted basis plus debt minus cash.)

On October 23, 2006, the company signed a stock purchase agreement with Lonza Group Limited and its affiliated companies under which the Company's Biopharma and Bioproducts companies were sold for

approximately \$460 million. The transaction, constituting more than 35% of the Company's enterprise value, was completed on February 6, 2007, and the retention amounts listed below were paid.

Luke Beshar(1)	\$500,000

(1) Please note that Mr. Beshar's and Mr. Klosk's total First Retention Award was \$600,000; they received \$100,000 of this award in early 2006.

Recognizing that the Company would be a significantly diminished entity following completion of the Lonza transaction and the severance of a number of corporate employees, including Mr. Bird, the Compensation Committee, following the recommendation of management on December 19, 2006, approved a second retention program for corporate office employees and executives including certain of the Named Executive Officers. Under this program the awards listed below were offered to the Named Executive Officers on the condition that they remain with the Company until at least September 30, 2007, or, in the case of Mr. Russolo, until at least December 31, 2007. All Named Executive Officer participants remained and the awards were paid on the indicated dates.

Transaction Bonus for Mr. Mack

In 2008, Mr. Mack received a transaction Bonus of \$1,000,000 in connection with his efforts with respect to Cambrex's sale of its Biopharma and Bioproducts businesses to Lonza Group Limited. Mr. Mack also received a \$250,000 special bonus with respect to his accelerating the reduction of costs at the corporate office. These bonuses were approved by the Board of Directors.

Pension Plan and SERP

The Company's pension plan has been closed to new hires for several years, since January 1, 2003, and as of August 31, 2007, no credit for future service will be permitted. When the plan was frozen, those with at least 10 years of service, and being 55 years of age or older, were granted an additional two years of credited service, except that Messrs. Mack and Thauer, being the only Named Executive Officers within this group, declined to accept the additional service. The foregoing group were also afforded the opportunity to retire at age 62 on an unreduced benefit. The benefit under the plan is 1% of each year's salary plus 0.6% of the amount above the social security wage base for each year. Early retirement is permitted at age 55 with 10 years service, the benefit being reduced by 6% for each year the retiree is below age 65. Similar amounts are calculated for each year of service and are

aggregated to obtain the annual retirement benefit, subject to the limitations imposed by the Employee Retirement Income Security Act of 1974 and related regulations (ERISA). For this purpose, Social Security covered compensation is the 35-year average of the Social Security wage bases ending with the wage base for the year in which the participant reaches age 65.

Although compensation includes the items mentioned above, the Company s qualified non-contributory pension plan (the Qualified Plan) limits the maximum amount of compensation which may be taken into account for the purposes of calculating benefits to the ERISA limit, which was \$225,000 during 2007. Because of such limitation, any compensation received by any of the Named Executive Officers which exceeds this amount will not be taken into account in the calculation of their benefits under the Qualified Plan. As a result, the Company established a Supplemental Non-Qualified Pension Plan (Supplemental Plan), which became effective on January 1, 1994. The Supplemental Plan provides benefits based on compensation levels above the ERISA maximum compensation level. As stated above, employees hired after December 31, 2002, are not eligible to participate in the Retirement Plan or the Supplemental Plan.

Savings Plan

The Savings Plan is a tax-qualified retirement savings plan pursuant to which all Cambrex s U.S. based employees are able to contribute the lesser of up to 50% of their annual salary or the limit prescribed by the Internal Revenue Service to the Savings Plan on a before tax basis. The Company will match 100% of the first 3% of pay that is contributed to the Savings Plan and 50% of the next 3% of pay contributed. All employee contributions to the Savings Plan are fully vested on contribution; the Company match vests in 20% increments over a five year period of employment.

Deferred Compensation Plan

The Company has established a Non-qualified Deferred Compensation Plan for Key Executives, including the Named Executive Officers (the Deferred Plan). Under the Deferred Plan, officers and key employees may elect to defer all or any portion of their pre-tax annual bonus and/or annual base salary (other than the minimum required Social Security contributions plus \$10,000). The deferred amount is invested in Fidelity Mutual Funds available under the Cambrex Savings Plan. The Deferred Plan is not funded by the Company, but the Company has established a Deferred Compensation Trust Fund to protect the account balance in the case of a change of control of the Company. The Plan is administered in compliance with the new rules and guidance under IRC Section 409A.

Perquisites

The Committee provides benefits to the Company s executive officers, including an automobile allowance, a supplemental retirement benefit and the eligibility to participate in the non-qualified deferred compensation plan.

Tax Considerations (Policy Regarding Section 162(m))

The Company s policy on the tax deductibility of compensation is to maximize deductibility to the extent possible without negating all of its discretionary power. To this end the Company has submitted complying plans for stockholder approval. Nevertheless, the Committee has occasionally taken actions that result in non-deductible compensation and it may do so again in the future when the Committee determines that such actions are in the Company s best interests.

(1) Dr. Russolo is not a participant in the Cambrex Pension Plan or the Supplemental Executive Retirement Plan.

(2) Mr. Beshar and Mr. Bird terminated employment on 10/1/2007 and 2/28/2007 respectively.

On February 6, 2007, Cambrex sold its Bio Businesses to Lonza Group Limited. Due to this sale and the freeze of the pension plans as described below, Cambrex has made commitments to Thomas Bird, Luke Beshar, Steven Klosk and Peter Thauer to pay out the pension portion of their change in control agreements. Thomas Bird terminated in February of 2007 and received a payment of \$186,332 under the pension portion of his change in control agreement. Luke Beshar terminated in October of 2007 and is scheduled to receive \$141,845 under the pension portion of his change in control agreement. Cambrex paid Peter Thauer \$294,685 in early 2008 and intends to pay Steven Klosk \$128,281 in later 2008 under the pension portions of their change in control agreements.

All of the above executives participate in Cambrex's Career Average Pay (CAP) pension plan under which these participants accrued annually 1.0% of their annual earnings each year while in employment with Cambrex plus an additional 0.6% for earnings in excess of the covered compensation limit for each year while in employment

with Cambrex until benefit service exceeds 35 years. The non-qualified plan provides benefits which can not be paid from the qualified plan due to IRC limits on pay and benefits. Effective August 31, 2007, both plans ceased to provide future benefit accruals to participants. Normal retirement age under the plans are age 65 and the earlier of either five years of vesting service or five years of participation. Participants can receive a reduced early retirement benefit beginning at age 55 and ten years of eligibility service. Effective April 26, 2007, for most plan participants who have accrued ten years of employment as of April 1, 2007, and who will turn age 55 by December 31, 2007, unreduced retirement benefits begin at age 62 and a lump sum option is available. None of this year's Named Executive Officers qualify for these plan enhancements. Covered earnings include total pay received in each calendar year which is subject to withholding for federal income tax purposes, exclusive of relocation allowances, the imputed value of group life insurance, tuition refunds, foreign service premiums, distributions from a nonqualified deferred compensation plan and any income attributable to stock options or other similar fringe benefits and perquisites. Covered earnings also includes any amount which is contributed or deferred by the employer at the election of the participant and which is not includible in the gross income of the participant by reasons of Sections 125, 132(f)(4) or 402(e)(3) of the IRC Code. Full lump sum payments are not allowed from the qualified plan or non-qualified plan, except for the special 55 and 10 group mentioned above, which does not include any of this year's Named Executive Officers.

The following table shows the Non-Qualified Deferred Compensation amounts earned by the Named Executive Officers during fiscal 2007:

Executive Employment Agreements; Change of Control Entered after the sale of the BioCompanies pursuant to the Stock Purchase Agreement with Lonza Group Limited.

In February 2007, the company entered into employment agreements with Messrs. Sargen and Russolo. These agreements were entered into in order to preserve management stability in the event of a threatened or actual change of control of the Company.

These agreements become effective upon a change of control of the Company (the Effective Date), which is defined as:

- (i) the acquisition by one person or a group of persons of 15% or more of the Company's outstanding common stock or combined voting power;
- (ii) a change in a majority of the incumbent Board of Directors unless approved by the incumbent Board of Directors;
- (iii) a transaction which results in the stockholders of the Company immediately before the transaction not owning at least 50% of the Company's common stock following the transaction;
- (iv) the sale of all or substantially all of the assets of the Company; or
- (v) any other event or series of events determined by the Board of Directors to constitute a change of control.

The phrase "sale of all or substantially all" is defined in the agreements as a sale or other disposition transaction involving assets of the Company, including stock of any of the Company's subsidiaries, in which the value of the assets or stock being sold or otherwise disposed of (as measured by the purchase price being paid) constitutes 35% or more of the enterprise value of the Company, defined as the aggregate market value of the Company's then outstanding stock (on a fully diluted basis) plus aggregate debt minus cash.

Following a change of control, the Company has agreed to employ the covered employees for a period of three years from the Effective Date (the "Employment Period") in a commensurate position at a location not more than 35 miles from the location at the time of such change of control at a monthly base salary equivalent to the employee's highest monthly base salary in the 12 months preceding such change of control. During the employment period, the employee may be terminated for "cause", which is defined as:

- (i) personal dishonesty or breach of fiduciary duty involving personal profit;
- (ii) the commission of a criminal act related to the performance of duties, or the disclosure of confidential information of the Company to a competitor;
- (iii) habitual intoxication by alcohol or drugs during working hours; or
- (iv) conviction of a felony.

During the employment period, the covered employees may terminate employment for "good reason", which is defined as:

- (i) an office relocation of more than 35 miles;
- (ii) a substantial reduction in base salary, benefits or perquisites;
- (iii) a substantial reduction in responsibilities, authorities or functions;
- (iv) a substantial change in work conditions; or
- (v) failure to require a successor to assume the Company's obligations under the agreement.

A good faith determination of "good reason" made by a covered employee will be conclusive. In addition, the employee may make a unilateral determination of termination for "good reason" with or without any change in employment conditions during the 30-day period immediately following the first anniversary of the Effective Date.

If a covered employee is terminated other than for death, disability or cause, or if a covered employee terminates for good reason, the Company shall pay to the employee within 30 days the following:

- (i) the employee's highest unpaid base salary through the date of termination; and
- (ii) a prorated bonus based on the employee's highest bonus earned during the prior two years; and
- (iii) the product of a fraction, the numerator of which is twenty-four less the number of months worked following the first anniversary of the Effective Date and the denominator of which is twelve, multiplied by the employee's highest annualized base salary; and

(iv) the product of a fraction, the numerator of which is twenty-four less the number of months worked following the first anniversary of the Effective Date and the denominator of which is twelve, multiplied by the highest annual bonus earned by the employee during the prior three years; and

(v) all previously deferred compensation plus any interest thereon and any accrued but unused vacation.

In addition, the Company shall continue all benefits to the covered employees for the balance of the Employment Period, and all outstanding equity awards shall vest and become exercisable upon termination of employment for good reason.

The change of control employment agreements also provide for a gross up of any taxes due under section [4999] [280G] of the Internal Revenue Code, and contain non-competition and non-disclosure of confidential information restrictions. In the event that any lump sum cash payment is required to be deferred due to section 409A of the Internal Revenue Code, such payments will accrue interest at the rate of prime plus 1%.

Executive Employment Agreements; Change of Control Entered into prior to the sale of the BioCompanies pursuant to the Stock Purchase Agreement with Lonza Group Limited.

Mr. Klosk entered into an employment agreement prior to the Lonza Group Limited transaction. Mr. Klosk's agreement is substantially similar to that of Messrs. Russolo and Sargen, except where these executives received two years worth of severance and benefits, Mr. Klosk receives three years. In addition, Mr. Klosk's agreement provides that if he were to terminate within 30 days after the first anniversary of a Change of Control, the termination would be considered "for good reason". By agreement dated March 3, 2008, the period during which Mr. Klosk might terminate at his option was extended to June 30, 2008.

Executives with no Employment Agreements

Messrs. Mack and Thauer are not covered by an employment agreement.

Each option will become exercisable six months after the date of grant, subject to acceleration upon a change in control.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF AUDITORS

The Board of Directors, in accordance with the recommendation of the Audit Committee, has selected BDO Seidman, LLP (BDO) to be the Company's independent public accountants for 2008, subject to the ratification of the stockholders.

On March 16, 2007, the Audit Committee of Cambrex Corporation (the Company or Cambrex) selected BDO to be the Company's independent public accountants for 2007, subject to the completion of BDO's client acceptance procedures and ratification by the stockholders which ratification occurred on April 26, 2007 at the Company's Annual Meeting of Stockholders.

During the fiscal years ended December 31, 2006 and December 31, 2005, and through March 16, 2007, neither Cambrex nor anyone on its behalf consulted with BDO regarding any of the matters described in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Previous Independent Registered Public Accounting Firm

On March 16, 2007, the Audit Committee approved the decision to dismiss PricewaterhouseCoopers LLP (PwC) as the Company's independent registered public accounting firm.

During the fiscal years ended December 31, 2006 and December 31, 2005, PwC's reports on the Company's financial statements did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principle.

During the fiscal years ended December 31, 2006 and December 31, 2005 and through March 16, 2007, there were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC, would have caused PwC to make reference thereto in its reports on Cambrex's financial statements for such years.

Except as noted below, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K for the fiscal years ended December 31, 2006 and December 31, 2005 and through March 16, 2007. The following material weakness in internal controls was disclosed by the Company in Item 9A of the Company's Form 10-K for the year ended December 31, 2005 and in the Item 4 sections of each of the Company's Forms 10-Q for 2006:

The Company's management identified a material weakness in its internal controls over the accounting for income taxes. As result of this material weakness, management concluded that the Company's internal controls over financial reporting were not effective.

During 2006 management carried out an evaluation, with the participation of the Company's principal executive officer and principal financial officer, of changes in the Company's internal control over financial reporting, as defined in Exchange Act Rule 13a -15(f). Based on this evaluation, management determined the material weakness had been remediated as of December 31, 2006 by implementing the following corrective actions:

Strengthened procedures whereby the current income tax payable account and deferred income tax asset and liability accounts are reconciled on a regular and timely basis;

Increased level of review and discussion of significant tax matters and supporting documentation with senior finance management;

Hired additional permanent personnel in the tax department; and

Identified interim personnel to augment existing corporate tax staff to ensure there are adequate resources to reconcile all tax-related accounts for each reporting period.

The Company has authorized PwC to respond fully to the inquiries of the successor accountant concerning the subject matter of this material weakness.

The Company has provided a copy of the above disclosure related to PwC and requested that PwC furnish the Company with a letter addressed to the United States Securities and Exchange Commission stating whether or not

PwC agrees with this disclosure and, if not, stating the respects in which it does not agree. A copy of PwC's letter is filed as Exhibit 16.1 to this Proxy Statement.

A representative of BDO is expected to be present at the meeting, will be afforded an opportunity to make a statement if such representative desires to do so and is expected to be available to respond to appropriate questions.

This proposal requires the affirmative vote of holders of a majority of the votes cast at the meeting. Abstentions and broker non-votes will have no effect on this vote.

The Board of Directors recommends a vote FOR the proposal.

Aggregate Audit-Related fees billed for professional services rendered by PwC in connection with assurance and related services reasonably related to the audit and review of the Company's financial statements were \$630,000 for the fiscal year-ended 2006 for financial reporting matters related to the sale of the businesses that comprise the Bioproducts and Biopharma segments.

ALL OTHER FEES

Audit Committee Pre-Approval Policy

In fiscal year 2003, the Audit Committee established a policy (the Policy) for pre-approval of all audit and permissible non-audit services performed by the independent auditors. Under the Policy, the Audit Committee will approve the following Audit and Audit-Related Services prior to each engagement, along with a fee amount: (i) domestic quarterly reviews and the annual financial statement audit; (ii) statutory or financial audits for international subsidiaries or affiliates of the Company; (iii) the attestation engagement for the independent auditor's report on Management's assertion on internal controls for financial reporting; (iv) financial audits of employee benefit plans; and (v) due diligence services pertaining to potential business acquisitions and dispositions. On an annual basis, the Audit Committee will pre-approve a blanket amount to authorize the following Audit and Audit-Related Services: (i) consultations related to accounting, financial reporting or disclosure matters; (ii) assistance with understanding and implementing new accounting and financial reporting guidance; and (iii) assistance with internal control reporting requirements and also Permissible Non-Audit Services, including tax services. Further, management will provide a quarterly update to the Committee detailing actual spending by quarter and year-to-date for any services rendered under such pre-approval. Under the Policy, the Audit Committee has delegated pre-approval authority to the Committee Chairperson for permissible services and fees up to a maximum of \$25,000. The Committee Chairperson will report to the entire Audit Committee any services and fees approved pursuant to such delegation of authority.

During fiscal year 2007, all services rendered were approved pursuant to the Policy. Further, during fiscal years 2007 and 2006, there were no services performed or fees incurred by PwC or BDO where pre-approval was waived pursuant to the statutory de minimis exception.

The Audit Committee has reviewed the billings by PwC and BDO and has determined that they do not affect the auditor's independence.
