2. Items Concerning Functions such as Execution of Duties, Audit and Supervision, Designation, and Remuneration Determination

In addition to the director and corporate auditor systems, the Company has a corporate governance structure that incorporates its own internal auditing system.

With a Board consisting of 17 Directors, none of which are Outside Directors, the

Company pursues practical and efficient management decision-making. Important matters are ratified by the Board of Directors and Executive Committee, which, in principle, are based on full participation of the Company's Directors. The Company has also established committees to address important management themes with the aim of complementing the business operation structure and facilitating swift and effective decision-making while, at the same time, realizing a mutual supervisory function for such matters as compliance and ethics. In Addition, to further enhance the Company's system for the execution of duties and manage the business more flexibly and effectively, the Company introduced the Executive Officer System from April 1, 2008.

The Corporate Auditors of which there are five, including three Outside Corporate Auditors, in accordance with audit policies and allocation of responsibilities, conducts strict audits through attending Board of Directors meetings, Executive Committee meetings and other meetings of various committees, listening to operating reports from Directors and others, inspecting documents of important resolutions, and investigating the Company's business situation and assets, to fulfill its monitoring function of the Board of Directors in the performance of its duties. On March 31, 2010, the Company gave prior notification to secure independent director(s)/auditor(s) eligibility for three Outside Corporate Auditors, as follows:

As for Tadashi Ohe, since there are no particular personal or economic relationships such as advisory contracts etc., between the Company and Tadashi Ohe, the judgment criteria regarding independent director(s)/auditor(s) attributes do not apply. Tadashi Ohe is engaged as lawyer that has in an impartial and objective manner provided his legal expert opinion in accordance with his conscience at director meetings etc.

Kazunori Watanabe is a certified public accountant engaged in the business of corporate accounting and committee activity of the Japanese Institute of Certified Public Accountants for many years that is expected to carry out sufficient management monitor functions from an objective and impartial standpoint.

As for Kuniyoshi Kitamura, although he was employed by a life insurance company holding the Company shares and said company is also one of many parties that the Company does business with, since a conflict of interest with general shareholders is unlikely to occur due to the percentage of shareholding and amount of trading between the two companies, the judgment criteria regarding independent director(s)/auditor(s) attributes do not apply. As a businessperson with know-how being in charge of the investigative arm of a life insurance company, and a person with experience working in broad fields such as sales and corporate planning, Kuniyoshi Kitamura is expected to use his good and balanced sense of judgment.

Furthermore, based on internal audit rules, the Corporate Audit Center (internal auditing) conducts audits covering such areas as internal control systems, and provides assessments and proposals. The various relevant administrative divisions also work with the Corporate Audit Center to audit such areas as product quality, environmental issues, information security and physical security.

Regarding external audits, with the aim of monitoring the independency of the accounting firm, the Company introduced a prior approval system by the Board of Corporate Auditors for contents of auditing and other service contracts and relevant fees. Based on policies and procedures of the prior approval for both auditing and non-auditing services, each contract is closely reviewed for prior approval

To raise the effectiveness of these activities, the related administrative department, which had been part of the General Affairs Headquarters, was made an independent unit—the Corporate Ethics and Compliance Administration Office—under the direct control of the Company's president.
