Introductory Note

This Current Report on Form 8-K is being filed in connection with the consummation on September 28, 2010 (the Effective Date), at 12:01 a.m., Eastern Daylight Time (the Effective Time), of the merger and certain other transactions contemplated by the Agreement and Plan of Merger, dated as of June 20, 2010 (the Merger Agreement), by and among Biovail Corporation (Biovail), Biovail Americas Corp., a wholly-owned subsidiary of Biovail (BAC), Beach Merger Corp., a wholly-owned subsidiary of BAC (Merger Sub), and Valeant Pharmaceuticals International (Old Valeant).

At the Effective Time, pursuant to the terms and conditions of the Merger Agreement, Merger Sub merged with and into Old Valeant, with Old Valeant surviving as a wholly owned subsidiary of BAC (the Merger). In connection with the Merger, Biovail was renamed Valeant Pharmaceuticals International, Inc. and is hereinafter referred to as the Company.

The descriptions contained in this Current Report on Form 8-K of the Merger Agreement and the transactions contemplated thereby are not complete and are qualified in their entirety by the full and complete text of the Merger Agreement, a copy of which is attached as Exhibit 2.1 to this Current Report on Form 8-K and incorporated herein by reference.

The following transactions occurred in connection with the consummation of the Merger:

A description of the material terms of the Existing Credit Agreement was included in the Company's Report of Foreign Private Issuer on Form 6-K filed with the Securities and Exchange Commission (the SEC) on June 19, 2009. Such description is incorporated herein by reference.

Item 2.01 Completion of Acquisition or Disposition of Assets

At the Effective Time, each outstanding share of Old Valeant common stock, par value \$0.01 per share (Old Valeant Common Stock), (other than shares of Old Valeant Common Stock held by Old Valeant, as treasury stock, New Valeant, BAC or Merger Sub (all of which were canceled)) was converted into the right to receive 1.7809 of the Company's common shares, no par value (the Common Shares), plus cash in lieu of fractional shares. Based on the closing price of the Common Shares on September 27, 2010, Old Valeant stockholders received consideration valued at approximately \$3.6 billion.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On September 27, 2010, Old Valeant secured financing consisting of extensions of credit and commitments aggregating \$2.75 billion under the New Credit Facilities (as defined below). On September 27, 2010, Old Valeant used a portion of the proceeds from the New Credit Facilities to undertake the transactions set forth below.

As of the Effective Date, the New Credit Facilities were guaranteed by the Company and certain of its subsidiaries (other than Old Valeant).

On the Effective Date, Old Valeant issued \$1.2 billion aggregate principal amount of the Senior Notes (as defined below) pursuant to the Senior Notes Indenture (as defined below), a portion of the proceeds of which Old Valeant used on the Effective Date to pay down \$1.0 billion in term loans under the New Credit Facilities. Taking this into account, the aggregate amount of financing obtained was \$2.95 billion (the Merger Financing).

The following transactions took place in connection with the Merger Financing:

The New Credit Facilities

On September 27, 2010, Old Valeant entered into the Credit and Guaranty Agreement (the Credit Agreement) with certain subsidiaries of Old Valeant, as Guarantors, each of the lenders named therein, Goldman Sachs Lending Partners LLC (GSLP), Morgan Stanley Senior Funding, Inc. and Jefferies Finance LLC, as Joint Lead Arrangers, Joint Bookrunners and Syndication Agents, GSLP, as Administrative Agent and Collateral Agent, and each of Bank of America, N.A., DnB NOR Bank ASA, SunTrust Bank and The Bank of Nova Scotia, as Documentation Agent. On September 28, 2010, the Company and certain of its subsidiaries entered into Counterpart Agreements to the Credit Agreement, each in substantially the same form (such Counterpart Agreement entered into by the Company being known as the Counterpart Agreement). The Credit Agreement consists of (1) a four-and-one half-year nonamortizing \$125 million senior secured revolving credit facility (the Revolving Credit Facility), which will include a sublimit for the issuance of standby and commercial letters of credit and a sublimit for swing line loans, (2) a five-year amortizing \$1.0 billion senior secured term loan A facility (the Tranche A Term Loan Facility) and (3) a six-year amortizing \$1.625 billion senior secured term loan B facility, consisting of a \$1.5 billion tranche B term loan facility and a \$125 million delayed draw tranche B term loan facility (the Tranche B Term Loan Facility), and together with the Revolving Credit Facility and the Tranche A Term Loan Facility, the New Credit Facilities).

The loans under the Revolving Credit Facility may be made to, and the letters of credit under the Revolving Credit Facility may be issued on behalf of, Old Valeant, provided that, after the Effective Time, the Credit Agreement may be amended without the consent of the lenders thereunder to permit the Company to borrow loans, and to have letters of credit issued on its behalf, under the Revolving Credit Facility. The loans under the Tranche A Term Loan Facility and the Tranche B Term Loan Facility were made to Old Valeant on September 27, 2010, and were used for

the purposes of (1) refinancing the Old Valeant Existing Credit Facility, the 8.375%

Table of Contents

Notes and the 7.625% Notes (collectively, the Refinancings), (2) funding the Pre-Merger Special Dividend and dividend equivalent payments to holders of certain Old Valeant equity awards and (3) paying fees and expenses incurred in connection with the Refinancings and the New Credit Facilities. The loans under the delayed draw Tranche B Term Loan Facility may be made to Old Valeant and used by the Company, together with cash on hand, for the payment of a special dividend of \$1.00 per common share of the Company that it is anticipated the Company will pay, subject to the discretion of the Board of Directors of the Company, and to compliance with applicable law, on December 31, 2010, or such other date as the Board of Directors of the Company may determine.

The New Credit Facilities provide that Old Valeant has the right at any time to seek commitments to provide additional term loan facilities or additional revolving credit commitments in an aggregate principal amount of up to \$250 million. The lenders under the New Credit Facilities are not under any obligation to provide any such additional term loan facilities or revolving credit commitments.

All borrowings under the New Credit Facilities, including the additional term loan facilities and revolving commitments, are subject to the satisfaction of customary conditions, including the absence of a default or an event of default and the accuracy in all material respects of representations and warranties.

Borrowings under the New Credit Facilities will bear interest at a rate per annum equal to, at Old Valeant's option, either (a) a base rate determined by reference to the higher of (1) the rate of interest quoted in the print edition of The Wall Street Journal, Money Rates Section, as the Prime Rate (currently defined as the base rate on corporate loans posted by at least 75% of the nation's thirty largest banks), (2) the federal funds effective rate plus 1/2 of 1% and (3) a LIBO rate determined by reference to the costs of funds for U.S. dollar deposits for a one-month interest period adjusted for certain additional costs plus 1% or (b) a LIBO rate determined by reference to the costs of funds for U.S. dollar deposits for the interest period relevant to such borrowing adjusted for certain additional costs, in each case plus an applicable margin. For purpose of determining the interest rate payable on loans under the Tranche B Term Loan Facility under clauses (a) and (b) of the immediately preceding sentence, the base rate and LIBO rate will in no event be less than 2.50% and 1.50%, respectively. The applicable margin for borrowings under the Revolving Credit Facility will be 3.00% with respect to base rate borrowings and 4.00% with respect to LIBO rate borrowings. The applicable margin for borrowings under the Tranche A Term Loan Facility will be 3.00% with respect to base rate borrowings and 4.00% with respect to LIBO rate borrowings. The applicable margin for borrowings under the Tranche B Term Loan Facility will be 3.00% with respect to base rate borrowings and 4.00% with respect to LIBO rate borrowings.

In addition to paying interest on outstanding principal under the Revolving Credit Facility, Old Valeant will be required to pay a commitment fee of 0.75% per annum in respect of the unutilized commitments thereunder, payable quarterly in arrears. Old Valeant will also be required to pay letter of credit fees on the maximum amount available to be drawn under all outstanding letters of credit in an amount equal to the applicable margin on LIBO rate borrowings under the Revolving Credit Facility on a per annum basis, payable quarterly in arrears, as well as customary fronting fees for the issuance of letters of credit fees and agency fees.

Prior to the funding of the delayed draw commitments under the Tranche B Term Loan Facility, Old Valeant will be required to pay a commitment fee equal to 0.75% per annum in respect of the unutilized commitments thereunder, payable quarterly in arrears.

Subject to certain exceptions and customary baskets set forth in the Credit Agreement, Old Valeant will be required to make mandatory prepayments of the loans under the Tranche A Term Loan Facility and the Tranche B Term Loan Facility, on a *pro rata* basis, under certain circumstances, including from (1) 100% of net cash proceeds from asset sales outside the ordinary course of business (subject to reinvestment rights), (2) 100% of the net cash proceeds of insurance and condemnation proceeds for property or asset losses (subject to reinvestment rights and net proceeds threshold), (3) 50% (with a step down to 25% based on achievement of a specified leverage ratio) of the net cash proceeds received from certain issuances of equity interests, (4) 100% of the net cash proceeds from the incurrence of debt not otherwise permitted by the terms of the Credit Agreement and (5) 50% of annual excess cash flow (with a step down to 25% based on achievement of a specified leverage ratio), with any excess amounts after the prepayment of the loans under the Tranche A Term Loan Facility and the Tranche B Term Loan Facility to be applied against the outstanding amounts under the Revolving Credit Facility. For so long as any loans under the Tranche A

Term Loan Facility remain outstanding, the lenders under the Tranche B Term Loan Facility will be permitted to waive any mandatory prepayments of the loans under the Tranche B Term Loan Facility.

Table of Contents

Old Valeant will be permitted to voluntarily reduce the unutilized portion of the commitment amount and repay outstanding loans under the New Credit Facilities at any time without premium or penalty, other than customary breakage costs with respect to LIBO rate loans.

The Tranche A Term Loan Facility will mature on the five-year anniversary of the closing date for the New Credit Facilities and will amortize in equal quarterly installments of 10% of the original principal amount per year for each of the first and second years after such closing date and in equal quarterly installments of 20% of the original principal amount per year for each of the third and fourth years after such closing date, with the remaining balance amortizing in equal quarterly installments in the last year. The Tranche B Term Loan Facility will mature on the six-year anniversary of the closing date for the New Credit Facilities and will amortize in an amount equal to 1% of the original principal amount per year payable in quarterly installments, with the remaining balance to be due at the maturity of the Tranche B Term Loan Facility. The Revolving Credit Facility will mature on the four-and-one-half-year anniversary of the closing date for the New Credit Facilities and will not amortize.

Old Valeant's obligations under the New Credit Facilities, as well as certain hedging arrangements and cash management arrangements entered into with lenders under the New Credit Facilities (or affiliates thereof), are guaranteed, as of September 27, 2010, or will be guaranteed, by Old Valeant's existing and future direct and indirect domestic subsidiaries and, after the Effective Time, by the Company and its existing and future direct and indirect subsidiaries (other than Old Valeant), in each case excluding immaterial subsidiaries designated by Old Valeant or the Company from time to time that, individually or in the aggregate, constitute less than (1) 7.5% of the total assets and (2) 7.5% of the total revenues of the Company and its consolidated subsidiaries (including Old Valeant) at the time of designation and, in each case subject to certain exclusions set forth in the credit documentation governing the New Credit Facilities.

Old Valeant's obligations and the obligations of the guarantors under the New Credit Facilities and certain hedging arrangements and cash management arrangements entered into with lenders under the New Credit Facilities (or affiliates thereof) are secured, or will be secured, by first-priority security interests in substantially all tangible and intangible assets of Old Valeant and the guarantors, including 100% of the capital stock of Old Valeant and each domestic subsidiary of Old Valeant, 65% of the capital stock of each foreign subsidiary of Old Valeant that is directly owned by Old Valeant or a guarantor and, after the Effective Time, 100% of the capital stock of Old Valeant and each other subsidiary of the Company (other than Old Valeant's subsidiaries) that is owned by a guarantor, in each case subject to certain exclusions set forth in the credit documentation governing the New Credit Facilities.

The New Credit Facilities contain a number of covenants that, among other things and subject to certain exceptions, restrict Old Valeant's ability and the ability of the Company and its subsidiaries to:

- incur additional indebtedness;
- create liens;
- enter into agreements and other arrangements that include negative pledge clauses;
- pay dividends on capital stock or redeem, repurchase or retire capital stock or subordinated indebtedness;
- create restrictions on the payment of dividends or other distributions by subsidiaries;
- make investments, loans, advances and acquisitions;
- merge, amalgamate or sell assets, including equity interests of the subsidiaries;
- enter into sale and leaseback transactions;
- engage in transactions with affiliates;

enter into new lines of business; and

enter into amendments of or waivers under subordinated indebtedness, organizational documents and certain other material agreements.

The Credit Agreement requires that the Company maintain a minimum interest coverage ratio and a maximum leverage ratio. In addition, the Credit Agreement limits the aggregate amount of capital expenditures permitted to be made during any fiscal year, subject to a limited one-year carryforward of up to a maximum amount of \$27.5 million for the unused capital expenditures capacity in any such fiscal year.

Table of Contents

The Credit Agreement will also contain certain customary affirmative covenants and events of default. If an event of default, as specified in the Credit Agreement, shall occur and be continuing, Old Valeant may be required to repay all amounts outstanding under the New Credit Facilities.

The foregoing summary of the New Credit Facilities is not complete and is qualified in its entirety by the full and complete text of (i) the Credit Agreement and (ii) the Counterpart Agreement, copies of which are attached as Exhibits 10.1 and 10.2, respectively, to this Current Report on Form 8-K and incorporated herein by reference.

The Senior Notes Offering

On the Effective Date, Old Valeant completed its previously announced offering (the Senior Notes Offering) of \$500 million aggregate principal amount of 6.75% Senior Notes due 2017 (the 2017 Notes) and \$700 million aggregate principal amount of 7.00% Senior Notes due 2020 (the 2020 Notes) and, together with the 2017 Notes, the Senior Notes) to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the Securities Act), and outside the United States to non-United States persons pursuant to Regulation S under the Securities Act. The Senior Notes have not been and will not be registered under the Securities Act or any state securities law and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. The Senior Notes are the senior unsecured obligations of Old Valeant and are jointly and severally guaranteed on a senior unsecured basis by the Company and each of the Company's subsidiaries (other than Old Valeant) that is a guarantor under the New Credit Facilities. Certain of the future subsidiaries of Old Valeant and the Company may be required to guarantee the Senior Notes.

A portion of the proceeds of the Senior Notes Offering were used to repay \$1.0 billion of the Term Loan B Facility and the remaining portion will be used for general corporate purposes.

The Senior Notes were issued pursuant to the Indenture, dated as of the Effective Date, among Old Valeant, the Company, The Bank of New York Mellon Trust Company, as trustee, and the Company and the other Guarantors named therein (the Senior Notes Indenture).

Pursuant to the Senior Notes Indenture, the 2017 Notes will mature on October 1, 2017, and the 2020 Notes will mature on October 1, 2020. The 2017 Notes will accrue interest at the rate of 6.75% per year and the 2020 Notes will accrue interest at the rate of 7.00% per year. Interest on the Senior Notes will be payable semi-annually in arrears on each April 1 and October 1, commencing on April 1, 2011.

Old Valeant may redeem all or a portion of the 2017 Notes at any time prior to October 1, 2014, and Old Valeant may redeem all or a portion of the 2020 notes at any time prior to October 1, 2015, in each case at a price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of redemption, plus a make-whole premium. On or after October 1, 2014, Old Valeant may redeem all or a portion of the 2017 Notes, and on or after October 1, 2015, Old Valeant may redeem all or a portion of the 2020 Notes, in each case at the redemption prices applicable to the 2017 Notes or the 2020 Notes, as applicable, as set forth in the Senior Notes Indenture, plus accrued and unpaid interest to the date of redemption of the 2017 Notes or the 2020 Notes, as applicable. In addition, prior to October 1, 2013, Old Valeant may redeem up to 35% of the aggregate principal amount of either the 2017 Notes or the 2020 Notes, in each case with the net proceeds of certain equity offerings.

If Old Valeant or the Company experiences a Change of Control (as defined in the Senior Notes Indenture), unless Old Valeant has exercised its right to redeem all of the 2017 Notes or the 2020 Notes, as applicable, each holder of 2017 Notes or 2020 Notes, as applicable, may require Old Valeant to repurchase such holder's 2017 Notes or 2020 Notes, as applicable, in whole or in part, at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest to the purchase date of the 2017 Notes or 2020 Notes, as applicable.

The Senior Notes Indenture contains covenants that limit the ability of the Company and any of its restricted subsidiaries (as such term is defined in the Senior Notes Indenture) to, among other things:

incur or guarantee additional debt;

make certain investments and other restricted payments;

Table of Contents

create liens;

enter into transactions with affiliates;

engage in mergers, consolidations or amalgamations;

repurchase capital stock, repurchase subordinated debt and make certain investments; and

transfer and sell assets.

If an event of default, as specified in the Senior Notes Indenture, shall occur and be continuing, either the trustee or the holders of a specified percentage of the Senior Notes may accelerate the maturity of all the Senior Notes.

The foregoing summary of the Senior Notes Indenture is not complete and is qualified in its entirety by reference to the full and complete text of the Senior Notes Indenture, a copy of which is attached as Exhibit 4.1 to this Current Report on Form 8-K and incorporated herein by reference.

The Convertible Notes

On September 27, 2010, Old Valeant, the Company and The Bank of New York Mellon Trust Company, N.A., as successor to The Bank of New York Mellon (formerly the Bank of New York) (the Convertible Notes Trustee), entered into the First Supplemental Indenture to be effective at the Effective Time (the First Supplemental Indenture) to the indenture dated as of November 19, 2003 (the Base Indenture), by and between Old Valeant, Ribapharm Inc. and the Convertible Notes Trustee. The First Supplemental Indenture (a) states that, as provided in the Merger Agreement, each of Old Valeant's 4.0% Convertible Notes due 2013 (the Convertible Notes) issued pursuant to the Base Indenture became convertible solely into the number of Common Shares that the holder of such Convertible Note would have received pursuant to the Merger Agreement if such holder had converted such Convertible Note immediately before the Effective Time and (b) provides that the Company fully and unconditionally guarantees, on a subordinated basis, the full and punctual payment when due of all obligations of Old Valeant under the Base Indenture, whether for payment of principal or interest on the Convertible Notes, and all other monetary obligations of Old Valeant under the Convertible Notes. As of the Effective Time, the outstanding principal amount of the Convertible Notes was approximately \$225 million.

The guarantee is the unsecured obligation of the Company, ranking equally in right of payment with all of the Company's existing and future subordinated indebtedness and junior in right of payment to all of the Company's unsubordinated indebtedness. Interest on the Convertible Notes is payable semi-annually on May 15 and November 15 of each year. In addition, Old Valeant has the right to redeem the Convertible Notes, in whole or in part, at their principal amount on or after May 20, 2011. Upon conversion, Old Valeant has the right to satisfy the conversion obligations by delivery, at Old Valeant's option, in Common Shares, in cash or a combination thereof. The Convertible Notes are subordinated unsecured obligations, ranking junior in right of payment to Old Valeant's senior debt. The Base Indenture provides for customary events of default, including the failure by Old Valeant to pay any indebtedness on any debt instrument in excess of \$15 million at final maturity (either at the stated maturity or upon acceleration thereof).

The foregoing summary of the First Supplemental Indenture and the Base Indenture are not complete, and qualified in their entirety by reference to the full and complete text of (i) the First Supplemental Indenture and (ii) the Base Indenture, copies of which are attached as Exhibits 4.2 and 4.3, respectively, to this Current Report on Form 8-K and incorporated herein by reference.

In connection with Old Valeant's offering of the Convertible Notes, Old Valeant entered into convertible note hedge and written call option transactions with respect to its common stock (the Convertible Note Hedge). The Convertible Note Hedge was expected to reduce the potential dilution from conversion of the Convertible Notes. In connection with the Merger, New Valeant agreed to guarantee Old Valeant's obligations under the written call option transactions entered into by Old Valeant as part of the Convertible Note Hedge.
