**PROXY STATEMENT
2011 ANNUAL MEETING OF SHAREHOLDERS**

June 7, 2011

General

The enclosed proxy is solicited on behalf of the board of directors of American Railcar Industries, Inc. (the Company, ARI, we, us or our) for use at the Annual Meeting of Shareholders to be held on June 7, 2011 (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at Brown Rudnick LLP, Seven Times Square, New York, New York 10036. This proxy statement, the accompanying Notice of Annual Meeting, the proxy card and the annual report to shareholders were first mailed or delivered on or about May 3, 2011.

Record Date, Stock Ownership and Voting

Only shareholders of record at the close of business on April 29, 2011 will be entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. As of that date, there were outstanding and entitled to vote 21,352,297 shares of our common stock, par value \$0.01 per share (which we refer to as our Common Stock). Each shareholder is entitled to one vote for each share of Common Stock on each matter properly brought before the meeting. Shares represented by the enclosed proxy, if properly executed and returned to the Company prior to the meeting, will be voted at the Annual Meeting and at any adjournment or postponement thereof in the manner specified, or, if not specified, for the election of the nine nominees for director, for the advisory resolution regarding our executive compensation and for the advisory resolution regarding the frequency of holding an advisory resolution vote regarding our executive compensation. If any other matters shall properly come before the Meeting, the enclosed proxy will be voted by the proxies in accordance with their best judgment.

The presence, in person or by proxy, of the holders of record of a majority of the shares of Common Stock outstanding and entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, a vote of a majority of the votes properly cast will adjourn the Meeting.

The proxy card provides space for a shareholder to vote for or against, or to abstain with respect to, each candidate for election. To be elected, a candidate must receive the affirmative vote of at least a majority of the votes cast for or against the candidate's election. Similarly, the proxy card provides space for a shareholder to vote for or against, or to abstain with respect to, the advisory resolution regarding our executive compensation and to vote for one year, two years, three years or to abstain with respect to, the advisory resolution regarding the frequency of holding an advisory vote regarding our executive compensation. Votes cast by proxy or in person at the Annual Meeting will be tabulated by an inspector of elections appointed by the Company for the Annual Meeting. The inspector of elections will treat both abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on the matter) as shares of Common Stock that are present and entitled to vote for purposes of determining a quorum. Broker non-votes are not considered as shares voting or as votes cast with respect to any matter presented at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote for the election of directors. Broker non-votes will have no effect on the resolution regarding our executive compensation, but abstentions will be tantamount to a vote against such resolution.

Revocability of Proxies

The proxy may be revoked at any time before it is exercised by filing with the Secretary of the Company a written revocation, by executing a proxy bearing a later date or by attending the Annual Meeting and voting in person. Our executive office is located at 100 Clark Street, St. Charles, Missouri 63301.

Prior to joining Icahn Associates Corporation, from 1997 to 2002, Mr. Gary served as a managing director of Kaufhof Warenhaus AG, a department store company and a subsidiary of the Metro Group. Since 2007, Mr. Gary has also served as a director of WestPoint and Motricity. Since March 2010, Mr. Gary has served as a director of Tropicana. Mr. Gary is married to Mr. Carl Icahn's wife's daughter. With respect to each company mentioned above, except Kaufhof Warenhaus AG, Mr. Carl Icahn, directly or indirectly, either (i) controls such company or (ii) has an interest in such company through the ownership of securities. Mr. Gary received his B.S. with senior honors from Georgetown University as well as a certificate of executive development from Columbia Graduate School of Business.

The Board has concluded that Mr. Gary should serve as a director because of his significant business and financial experience and leadership roles in various companies, as discussed above.

Samuel Merksamer. Mr. Merksamer will stand for election at the 2011 annual meeting of shareholders and, if elected, will begin serving on our board of directors. Mr. Merksamer has served as an investment analyst at Icahn Capital LP, a subsidiary of IELP since May 2008. Prior to joining Icahn Capital LP, Mr. Merksamer worked as an analyst for Airlie Opportunity Capital Management from 2003 to 2008. He currently serves as a director for Dynegy, Federal-Mogul, Viskase and PSC. During that time, Mr. Mongillo also served as a director of WestPoint. Prior to joining Icahn Capital, Mr. Mongillo worked at Bear Stearns for 10 years, most recently as a senior managing director overseeing the leveraged finance group's efforts in the healthcare, real estate, gaming, lodging, leisure, restaurant and education sectors. With respect to each company mentioned above, except Bear Stearns, Mr. Carl Icahn, directly or indirectly, either (i) controls such company or (ii) has an interest in

such company through the ownership of securities. Mr. Mongillo received a B.A. from Trinity College and an M.B.A from the Amos Tuck School of Business Administration at Dartmouth College.

CORPORATE GOVERNANCE

Board of Directors Meetings and Committees

Our board of directors held six meetings and one independent director meeting during the year ended December 31, 2010.

Table of Contents

During 2010, each director attended at least 75% of the meetings of the board of directors and each committee on which he served.

All of our directors are informed of the annual meeting of shareholders and are encouraged to attend. No member of our board of directors attended the 2010 annual meeting of shareholders.

Our board of directors has a standing audit committee and a standing compensation committee. We have in the past and may in the future establish special committees under the direction of the board of directors when necessary to address specific issues.

Director Independence and Controlled Company Status

Our Common Stock is listed on the Global Select market of the NASDAQ Stock Market LLC, or NASDAQ, and NASDAQ's requirements relating to director independence apply to us. Our board of directors has determined that three of our current directors, Messrs. Pontious, Laisure and First, each of whom is also a nominee for director at the Annual Meeting, are independent under these requirements. Each of Mr. Intrieri, Mr. Gary, Mr. Brett Icahn and Mr. Merksamer are employed by and/or otherwise affiliated with Mr. Carl Icahn or entities controlled by Mr. Carl Icahn, and Mr. Unger was our president and chief executive officer until April 1, 2009 and continued to serve us under a consulting agreement until April 1, 2010. Our board of directors considered several factors in determining that Messrs. Pontious, Laisure and First are independent. As to Mr. First, the directors' analysis included consideration of (i) his current directorship of WestPoint, which is an affiliate of Mr. Carl Icahn, (ii) his past employment, from November 1990 to January 1993, as chief financial officer of Icahn Holding Corporation, an affiliate of Mr. Carl Icahn and (iii) his prior directorships of various public and private companies affiliated with Mr. Carl Icahn. The board of directors did not assign any particular weight or importance to any one of these factors but rather considered them as a whole. After considering all of these factors, our board of directors concluded that none of Messrs. Pontious, Laisure and First had any relationship that would interfere with their exercise of independent judgment in carrying out the responsibilities of a director, and that each of them satisfied NASDAQ's independence requirements.

During 2010 and through the date of this proxy statement, Mr. Carl Icahn, our principal beneficial shareholder (through IELP) and the chairman of our board of directors, controlled more than 50% of the voting power of our Common Stock. See Security Ownership of Certain Beneficial Owners and Management, below, for further details regarding Mr. Carl Icahn's beneficial ownership of, and control over, shares of our Common Stock. Consequently, we are a controlled company under applicable NASDAQ rules. Under these rules, a controlled company may elect not to comply with certain NASDAQ corporate governance requirements, including requirements that: (i) a majority of the board of directors consist of independent directors; (ii) director nominees be selected or recommended for selection by a majority of the independent directors or by a nominating committee composed solely of independent directors; and (iii) compensation of officers be determined or recommended to the board of directors by a majority of its independent directors or by a compensation committee that is composed entirely of independent directors.

We have elected to use these exemptions. As a result, (i) we do not have a majority of independent directors, (ii) we do not have a nominating committee or a nominating committee charter, and (iii) our compensation committee does not satisfy NASDAQ's corporate governance requirements applicable to compensation committees of non-controlled companies and does not have a charter.

Board of Directors Leadership Structure

Our leadership structure separates the positions of chairman of the board of directors and chief executive officer. Mr. Carl Icahn serves as the chairman of our board of directors and Mr. James Cowan serves as our president and chief executive officer. The division of responsibilities between the chairman and the chief executive officer is clearly defined. Mr. Carl Icahn is responsible for leading the meetings of the board of directors. Mr. Carl Icahn does not participate in our day-to-day business operations. Mr. Cowan reports to our board of directors, including Mr. Carl Icahn, and is responsible for our day-to-day operations including, but not limited to, oversight of our business operations and management team. We believe that this leadership structure is appropriate as it enhances our corporate governance and company oversight by clearly delineating responsibilities between the chairman of our board of directors and our chief executive officer. Additionally, Mr. James Unger serves as vice chairman of our board of directors. Mr. Unger, who prior to becoming vice chairman of our board of directors served as both a director and as our president and chief executive officer, further facilitates the board of directors in its oversight of our business

operations.

Board of Directors Role in Risk Oversight

Our board of directors, primarily through the audit and compensation committees, oversees our risk management practices. Our directors are entitled to rely on management and the advice of our outside advisors and auditors, but must at all times have a reasonable basis for such reliance. Our directors rely on the chief executive officer and chief financial officer to supervise the day-to-day risk management. Our chief executive officer and chief financial officer, together with management representatives of the relevant functional areas (for example, internal audit, operational management, human resources, etc.), review and assess the operations of our business as well as operating management's identification, assessment and mitigation of the material risks affecting our operations. These risks include strategic, financial, competitive, operational and compliance risks. Our chief executive officer and chief financial officer each provide reports concerning these risks directly to the board of directors or its committees, as appropriate.

Director Nominations

Other than the qualities noted under *Director Qualification Standards* above, we do not maintain a formal policy with respect to the review of potential nominees to our board of directors. All of the members of our board of directors participate in the review of potential nominees to our board of directors for the qualities noted under *Director Qualification Standards* above. The board has determined that, given the importance of the director nomination process, the entire board of directors should participate in the evaluation of potential board members. As a result of his control of a majority of our outstanding Common Stock, Mr. Carl Icahn may control the election of all of the members of our board of directors. Our board of directors has therefore deemed it appropriate not to form a standing nominating committee because the influence exercisable by Mr. Carl Icahn in the nomination and election process would make a separate process superfluous in light of Mr. Carl Icahn's and the board's review of potential nominees.

The board of directors may consider candidates recommended by shareholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. In general, persons recommended by shareholders will be considered on the same basis as candidates from other sources. If a shareholder wishes to recommend a candidate for director for election at the 2012 Annual Meeting of Shareholders, it must follow the procedures described below in *Shareholder Proposals and Recommendations for Director*.

Shareholder Communications with Directors

Shareholders may contact the board of directors of the Company by writing to them c/o Investor Relations, American Railcar Industries, Inc., 100 Clark Street, St. Charles, Missouri 63301. All communications addressed to the board of directors will be delivered to the board of directors. If shareholders desire, they may contact individual members of the board of directors, our independent directors as a group or a particular committee of the board of directors by appropriately addressing their correspondence to the same address. In each case, such correspondence will be delivered to the appropriate director(s).

Audit Committee

Our audit committee meets formally at least once every quarter and more often if necessary. Our board of directors has adopted a written charter for our audit committee. That charter conforms to applicable rules and regulations of the Securities and Exchange Commission (SEC) and NASDAQ. A copy of the audit committee charter is publicly available on our web site at www.americanrailcar.com under the heading *Investor Relations* and the sub-heading *Corporate Governance*.

Messrs. First, Pontious and Laisure are currently the members of our audit committee. Our board of directors has determined that Mr. First qualifies as an audit committee financial expert, as that term is defined by applicable SEC rules, and that he satisfies NASDAQ's financial sophistication standards. Our board of directors has also determined that Messrs. First, Laisure and Pontious are independent under applicable SEC and NASDAQ rules.

Our audit committee held four meetings during the fiscal year ended December 31, 2010.

Our audit committee is responsible for oversight of the qualifications, independence, appointment, retention, compensation and performance of the Company's independent registered public accounting firm and for assisting the board of directors in monitoring the Company's financial reporting process, accounting functions and internal controls. It also is responsible for oversight of whistle-blowing procedures, approving transactions with related persons and certain other compliance matters.

Table of Contents

Independent Registered Public Accounting Firm

We engaged Grant Thornton LLP (Grant Thornton) as our independent registered public accounting firm during the fiscal years ended December 31, 2010 and 2009. The decision to engage Grant Thornton during those years was unanimously approved by our audit committee. The audit committee intends to appoint Grant Thornton to audit our consolidated financial statements for the fiscal year ended December 31, 2011, subject to satisfactory negotiations regarding fees and services. A representative of Grant Thornton is expected to be present, in person or telephonically, at our annual meeting, and he or she will have the opportunity to make a statement, if he or she desires, and will be available to respond to appropriate questions.

Fees Billed by Independent Registered Public Accounting Firm

Audit Fees. We incurred \$819,347 in audit fees and expenses for the fiscal year ended December 31, 2010 and \$836,404 in audit fees and expenses for the fiscal year ended December 31, 2009 from Grant Thornton. We include in the category of audit fees those fees billed by our independent registered public accounting firm for professional services rendered for the audit of our consolidated financial statements, the quarterly reviews associated with the filing of our 10-Q reports with the SEC, fees associated with testing our internal controls over financial reporting and other related services that are normally provided in connection with such statutory and regulatory filings.

Audit-Related Fees. We incurred \$24,537 in fees from Grant Thornton for audit-related services for the fiscal year ended December 31, 2010. Audit-related services primarily included due diligence in connection to a joint venture agreement, regulatory communication and a stock based compensation exchange. We incurred no fees from Grant Thornton for audit-related services for the fiscal year ended December 31, 2009.

Tax Fees. We did not incur any fees from Grant Thornton for tax compliance, tax advice or tax planning services in the fiscal years ended December 31, 2010 and 2009.

All Other Fees. We did not incur any other fees from Grant Thornton in the fiscal years ended December 31, 2010 and 2009.

The audit committee has considered whether the provision of non-audit services by its independent registered public accounting firm is compatible with maintaining auditor independence and has determined that the provision of such services is compatible.

Audit Committee Policy on Pre-Approval of Services

The audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year. The audit committee may also pre-approve particular services on a case-by-case basis.

Audit Committee Report

In connection with the issuance of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, the audit committee:

1. Reviewed and discussed with management the Company's audited financial statements as of December 31, 2010 and 2009 and for the years ended December 31, 2010, 2009 and 2008;
2. Discussed with Grant Thornton the matters required to be discussed by the Auditing Standards Board Statement of Auditing Standards (SAS) No. 61, as amended;
3. Requested and obtained from Grant Thornton the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Grant Thornton's communications with the audit committee concerning independence, and has discussed with Grant Thornton its independence; and

Based on the review and discussions referred to in paragraphs numbered (1) – (3) above, the audit committee recommended to our board of directors that the audited financial statements as of December 31, 2010 and 2009 and for the years ended December 31, 2010, 2009 and 2008 be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010 for filing with the Securities and Exchange Commission.

Respectfully submitted by the Audit Committee,

Harold First, Chairman

J. Mike Laisure

James C. Pontious

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis**

Our compensation committee has the ongoing responsibility for establishing, implementing and monitoring our executive compensation programs. The compensation committee currently consists of two members, Mr. Intrieri and Mr. Brett Icahn, both of whom are employees of companies controlled by our chairman and principal beneficial shareholder, Mr. Carl Icahn.

The compensation committee, at its discretion, has consulted and expects to continue to consult with Mr. Carl Icahn and members of the staff of various entities controlled by Mr. Carl Icahn, including staff at IELP and Icahn Sourcing LLC, with expertise in compensation and benefits. These staff members research compensation standards and practices in a range of businesses including businesses comparable to ours. The committee also consults with our chief executive officer regarding compensation matters.

The following Compensation Discussion and Analysis describes the material elements of compensation for our named executive officers. Our named executive officers are determined in accordance with SEC rules. Under these rules, Messrs. Cowan, Davies and Lullman were our named executive officers for our fiscal year ended December 31, 2010.

Executive Compensation Philosophy. The compensation committee believes that compensation paid to executive officers should assist the Company in attracting, motivating and retaining superior talent. Our compensation programs are intended to motivate the named executive officers to achieve our business objectives and to align their financial interests with those of our shareholders. Based on this philosophy, the compensation of our named executive officers has included a combination of salary, cash incentive compensation, stock-based compensation and other employment benefits. In addition, we have in the past, and may in the future, enter into employment agreements with our named

executive officers.

Table of Contents

Base Salary. The compensation committee reviews base salaries for our executive officers, subject to the terms of applicable employment agreements. The base salaries of Messrs. Cowan and Davies were established pursuant to employment agreements negotiated at arm's length with each of those officers. These employment agreements provide for a minimum annual base salary of \$350,000 for Mr. Cowan and \$185,000 for Mr. Davies. Mr. Cowan's current annual base salary remains \$350,000. Mr. Davies' annual base salary was increased on April 1, 2009 to \$205,000 and again on April 1, 2011 to his current salary of \$225,000. As explained further below, Mr. Lullman's employment agreement is no longer in effect. Mr. Lullman's annual base salary is currently \$260,000. Our compensation committee believes that these salaries represent reasonable and fair salaries for the positions and responsibilities for each of our named executive officers.

Management Incentive Plan. We have established a management incentive plan for certain employees, including our named executive officers, under which targets are determined on an annual basis equal to a percentage of the employee's base salary. This plan was established to provide additional incentive-based compensation to eligible participants for their contribution to the achievement of our objectives, to encourage and stimulate superior performance and to assist in attracting and retaining highly qualified key employees. Under this plan and consistent with applicable employment agreements, Mr. Cowan's 2010 target incentive compensation was 60% of his base salary, Mr. Davies' 2010 target incentive compensation was 50% of his base salary and Mr. Lullman's 2010 target incentive compensation was 50% of his base salary. Under our management incentive plan, achievement of individual and company goals, including financial, strategic, corporate, divisional and other goals is taken into account in determining the incentive compensation. For 2010, the actual incentive compensation to be earned by each of these executives was based 20% on the achievement by the Company of an annual EBITDA based financial target and 80% on the discretion of the compensation committee. Under our management incentive plan, if less than 80% of the financial target is achieved, then 20% of the incentive compensation (the portion based on the achievement of the financial target) is zero. The compensation committee retained sole discretion over all matters relating to the 2010 target incentive compensation, including, without limitation, the decision to pay incentive compensation, the amount of incentive compensation, if any, the ability to increase or decrease any incentive compensation and make changes to any performance measures or targets and discretion over the payment of partial incentive compensation in the event of employment termination.

The management incentive plan 2010 EBITDA based target was \$10.0 million. This target was based upon our internal budgets as approved by our board of directors in February 2010, which were derived from the projected business environment for the upcoming year and approved by our compensation committee. Management and the compensation committee believed this target would be challenging to achieve based upon then current levels of projected demand for new railcars. Based on our 2010 results, the EBITDA target was not achieved and thus, 20% of the potential incentive compensation was not eligible to be paid. For the remaining 80% discretionary portion, the compensation committee reviewed the Company's overall achievements and the named executive officers' individual achievements as measured against the applicable performance criteria under our management incentive plan. The compensation committee also took into account the recommendations of Mr. Cowan, our president and chief executive officer, as to the performance of our other named executive officers. After the compensation committee's review, it elected not to award any of the 80% discretionary portion of the potential incentive compensation to our named executive officers for 2010.

Stock-Based Compensation. The compensation committee believes that stock-based compensation causes our executives to have an ongoing stake in our long-term success. Our 2005 Equity Incentive Plan was designed, in part, to optimize our profitability and growth over a longer term. These long-term grants to executive officers are based on job responsibilities and potential for individual contribution. When it makes grants, the compensation committee exercises judgment and discretion in view of its general policies. Stock-based compensation grants have historically been made after the board of directors' approval of the annual budget, after finalization of the prior year's financial results and in conjunction with the determination of employee and named executive officer compensation for the upcoming year. The board of directors and compensation committee prefer this timing so that compensation may be aligned with individual and financial performance. The combination of annual cash incentive compensation and stock-based compensation is intended to benefit shareholders by enabling us to better attract and retain top talent in a

marketplace where such incentives are prevalent. As described below, in 2006, we granted certain of our named executive officers stock options under our 2005 Equity Incentive Plan and in 2007, 2008, 2009 and 2010 we granted certain of our named executive officers stock appreciation rights under our 2005 Equity Incentive Plan.

Stock Options. Stock options provide for financial gain derived from the potential appreciation in stock price from the date that the option is granted until the date that the option is exercised. In connection with the initial public offering of our Common Stock in January 2006, we granted a total of 484,876 options to purchase shares of our Common Stock under our 2005 Equity Incentive Plan, including options to purchase 249,160 shares to Mr. Cowan, options to purchase 21,429 shares to Mr. Davies and options to purchase 42,857 shares to Mr. Lullman. These options had an exercise price of \$21.00 per share, which was our initial public offering price. The options vested in three equal annual installments on January 19, 2007, January 19, 2008 and January 19, 2009 and had a five year term. The unexercised options expired on January 19, 2011, including 219,160 options for Mr. Cowan, 14,286 options for Mr. Davies and 33,333 options for Mr. Lullman.

These options were approved prior to grant by our board of directors.

Table of Contents

The grant of options to Messrs. Cowan, Davies and Lullman was intended to provide long-term incentive to reward those officers for growth in the price of our Common Stock and to further align the interests of our named executive officers with those of our shareholders.

Stock Appreciation Rights. Stock appreciation rights (SARs) provide for financial gain derived from the potential appreciation in our stock price from the date that SARs are granted until the date that SARs are exercised. Unless otherwise specified, all SARs we have granted have a seven year term, settle in cash, were approved by our compensation committee on the date of grant and have a fair market value equal to the closing price of our Common Stock on the date of grant.

On April 4, 2007, we granted a total of 275,300 SARs under our 2005 Equity Incentive Plan, including 15,000 SARs to Mr. Cowan, 10,500 SARs to Mr. Davies and 15,000 SARs to Mr. Lullman. The SARs have an exercise price of \$29.49 per SAR. The SARs vest in four equal annual installments on the first, second, third and fourth anniversaries of the grant date. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs. During 2010, we offered our employees the option to exchange these SARs on a two-for-one basis. The majority of these SARs and all of these SARs held by our named executive officers, were exchanged on May 14, 2010, as discussed below.

On April 28, 2008, we granted a total of 269,900 SARs under our 2005 Equity Incentive Plan, including 15,000 SARs to Mr. Cowan, 10,500 SARs to Mr. Davies and 15,000 SARs to Mr. Lullman. These SARs have an exercise price of \$20.88 per SAR. One half of the named executives' SARs vest in 25% increments on the first, second, third and fourth anniversaries of the grant date. The remaining one half of such SARs similarly vest in 25% increments on the first, second, third and fourth anniversaries of the grant date, but only if the closing price of our Common Stock achieves a specified price target during the preceding calendar year for twenty trading days during any sixty day trading day period. If our Common Stock does not achieve the specified price target during any such calendar year, the applicable portion of these performance-based SARs will be canceled. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs. The specified price targets were not met for the calendar years ended December 31, 2008, 2009 and 2010. As such, 1,875 SARs granted to Mr. Cowan, 1,312 SARs granted to Mr. Davies and 1,875 SARs granted to Mr. Lullman canceled for the calendar year ended December 31, 2008. For the calendar year ended December 31, 2009, 1,875 SARs granted to Mr. Cowan, 1,313 SARs granted to Mr. Davies and 1,875 SARs granted to Mr. Lullman canceled. For the calendar year ended December 31, 2010, 1,875 SARs granted to Mr. Cowan, 1,312 SARs granted to Mr. Davies and 1,875 SARs granted to Mr. Lullman canceled.

On September 12, 2008, we granted 4,500 SARs under our 2005 Equity Incentive Plan to Mr. Davies. These SARs were granted to align his compensation with our other named executive officers following his appointment as our Senior Vice President, Chief Financial Officer and Treasurer on June 16, 2008. These SARs have an exercise price of \$16.46 per SAR. One half of the SARs issued to Mr. Davies vest in 25% increments on the first, second, third and fourth anniversaries of the grant date. The remaining one half of such SARs similarly vest in 25% increments on the first, second, third and fourth anniversaries of the grant date, but only if the closing price of our Common Stock achieves a specified price target during the preceding calendar year for twenty trading days during any sixty day trading day period. If our Common Stock does not achieve the specified price target during any such calendar year, the applicable portion of these performance-based SARs will be canceled. Mr. Davies must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs. These SARs were approved on September 11, 2008 by our compensation committee. The specified price targets were not met for the calendar years ended December 31, 2008, 2009 and 2010. As such, 562, 563 and 562 SARs granted to Mr. Davies canceled for the calendar years ended December 31, 2008, 2009 and 2010, respectively.

On March 3, 2009, we granted a total of 306,100 SARs under our 2005 Equity Incentive Plan, including 50,000 SARs to Mr. Cowan, 18,000 SARs to Mr. Davies and 15,000 SARs to Mr. Lullman. The SARs have an exercise price of \$6.71 per SAR. One half of the named executives' SARs vest in 25% increments on the first, second, third and fourth anniversaries of the grant date. The remaining one half of such SARs similarly vest in 25% increments on the first, second, third and fourth anniversaries of the grant date, but only if the closing price of our Common Stock achieves a specified price target during the applicable preceding twelve month period for twenty trading days during any sixty

day trading day period. If our Common Stock does not achieve the specified price target during any such twelve month period, the applicable portion of these performance-based SARs will be canceled. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs. The specified price target was met for the twelve month periods ended March 3, 2010 and 2011.

Table of Contents

On March 31, 2010, we granted a total of 141,650 SARs under our 2005 Equity Incentive Plan, including 24,950 SARs to Mr. Cowan, 12,150 SARs to Mr. Davies and 4,950 SARs to Mr. Lullman. The SARs have an exercise price of \$12.16 per SAR. The SARs vest in three equal annual installments on the first, second and third anniversaries of the grant date. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs.

On May 14, 2010, we exchanged a total of 190,200 SARs granted in 2007 for 95,100 SARs granted under our 2005 Equity Incentive Plan, including exchanges of 15,000 SARs granted in 2007 for 7,500 SARs to Mr. Cowan, 10,500 SARs granted in 2007 for 5,250 SARs to Mr. Davies and 15,000 SARs granted in 2007 for 7,500 SARs to Mr. Lullman. These newly granted SARs have an exercise price of \$14.12 per SAR. The SARs vest in three equal annual installments on the first, second and third anniversaries of the grant date. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs.

The grants of SARs to Messrs. Cowan, Davies and Lullman were intended to provide long-term incentive in addition to the incentive provided by the stock options to reward those officers for appreciation in the price of our Common Stock and to further align the interests of our named executive officers with those of our shareholders.

Other Employment Benefits. Our named executive officers are provided with a limited number of perquisites. In the case of country club or athletic club dues paid on behalf of certain named executive officers, we believe that these perquisites assist such officers in maintaining a presence in the community and with business development activities.

The Company provides the following, all of which is quantified in the table below entitled All Other Compensation :

Automobile allowances

Country club or athletic club dues

Premiums on insurance policies

Our named executive officers have been and will continue to be entitled to various other forms of compensation. These forms of compensation include but are not limited to the perquisites identified above, tax reimbursements, increases in actuarial estimated pension benefit value, matching contributions on elective deferrals to our 401(k) plan and other compensation amounts.

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the chief executive officer or to any of the other four most highly compensated executive officers of a publicly held corporation will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). In general, stock options and SARs granted under our 2005 Equity Incentive Plan are intended to qualify under and comply with the performance based compensation exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives pursuant to such stock options and SARs. The compensation committee intends to review periodically the potential impacts of Section 162(m) on structuring and administering our compensation programs.

Compensation Committee Report

The compensation committee reviewed and discussed the above Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Respectfully submitted by the Compensation Committee,

Employment Agreements. In order to attract and retain qualified executives, from time to time we have entered into employment agreements with our named executive officers. The employment agreements described below were in place for all or part of our fiscal year ended December 31, 2010.

James Cowan. In December 2005, we entered into an employment agreement with Mr. Cowan to serve as our executive vice president and chief operating officer through December 31, 2008, unless earlier terminated pursuant to the agreement. That employment agreement expired based upon its terms on December 31, 2008. Mr. Cowan was appointed as our president and chief executive officer effective April 1, 2009, and served us on an at-will basis through May 8, 2009, when we entered into a new employment agreement with Mr. Cowan to serve as our president and chief executive officer. The term of Mr. Cowan's new employment agreement was effective May 1, 2009 and will continue through May 1, 2012, unless earlier terminated pursuant to the agreement.

Under the terms of the previous agreement, Mr. Cowan was entitled to receive a base salary at an annual rate of \$300,000. Effective January 1, 2008, the compensation committee granted a 4% raise in the base salaries of all named executive officers. Accordingly, Mr. Cowan's base salary for 2008 was \$312,000. In conjunction with his appointment as our president and chief executive officer on April 1, 2009, Mr. Cowan became entitled to receive a base salary at an annual rate of \$350,000. This base salary continued under the new employment agreement.

Under the terms of the previous agreement, Mr. Cowan was also entitled to annual incentive compensation for each calendar year of employment ending on or after December 31, 2006 of up to 50% of his then applicable base salary, provided certain performance targets established by our compensation committee were achieved. Effective May 1, 2009, under the terms of his new agreement, Mr. Cowan became eligible for annual incentive compensation for each calendar year of employment ending on or after December 31, 2009 of up to 60% of his then applicable base salary, provided certain performance targets established by our compensation committee are achieved.

In addition to the compensation described above and pursuant to the terms of his previous employment agreement, we granted Mr. Cowan options to purchase 249,160 shares of Common Stock in connection with our initial public offering. The exercise price of the options was \$21.00, the fair market value of our Common Stock at the time of grant. On January 19, 2011, 219,160 of these stock options expired unexercised.

Mr. Cowan's new employment agreement provides that he is eligible to participate in all health care, group term life insurance, group long-term disability insurance, 401(k) participation, vacation and other similar benefits we offer our senior executives. In addition, he will be reimbursed for the reasonable use of an automobile and for the payment of reasonable country club dues (excluding initiation fees) on terms consistent with our other senior executives.

Mr. Cowan's new employment agreement provides that he is entitled to terminate the agreement upon 30 days' written notice. We may terminate Mr. Cowan's employment at any time, with or without cause (as defined in the agreement). If Mr. Cowan's employment terminates due to death or disability, he is entitled to receive earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination, incentive compensation earned and due with respect to a completed calendar year but not paid as of the date of termination, and a pro-rated portion of his incentive compensation payable for any incomplete calendar year.

Mr. Cowan's new employment agreement provides that, if Mr. Cowan is terminated without cause (as defined in the agreement), he is entitled to receive earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination, incentive compensation earned and due with respect to a completed calendar year but not paid as of the date of termination, a pro-rated portion of his incentive compensation payable for any incomplete calendar year and, in addition, a continuation of the payment of the base salary he would have earned through May 1, 2012 (the expiration date of the agreement) had he continued to be employed by us through such date. If Mr. Cowan resigns or if we terminate Mr. Cowan for cause (as defined in the agreements), he is entitled to receive earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination.

Mr. Cowan's new employment agreement contains non-competition and non-solicitation provisions that prohibit Mr. Cowan from directly or indirectly competing with us during the term of his employment and generally for the longer of a one-year period thereafter or as long as we pay Mr. Cowan his base salary following termination. Mr. Cowan's employment agreement also contains provisions requiring him to protect confidential information during his employment and at all times thereafter.

Table of Contents

Except as otherwise noted, the material terms of Mr. Cowan's new employment agreement are substantially similar to the provisions under Mr. Cowan's prior employment agreement.

Dale C. Davies. Mr. Davies was appointed as our senior vice president, chief financial officer and treasurer on June 16, 2008. Mr. Davies served us on an at-will basis through September 12, 2008, when we entered into an employment agreement with Mr. Davies to serve as our senior vice president, chief financial officer and treasurer. The term of Mr. Davies' employment agreement was effective as of September 1, 2008 and will continue through September 1, 2011, unless earlier terminated pursuant to the agreement.

Under the terms of the agreement, Mr. Davies is entitled to a base salary at an annual rate of \$185,000 per year. Mr. Davies' base salary for 2010 was \$205,000. Effective April 1, 2011, the compensation committee approved an increase to Mr. Davies' base salary to \$225,000. Mr. Davies is also entitled to annual incentive compensation for each calendar year of employment ending on or after December 31, 2008 of up to 50% of his then applicable base salary, provided certain objective performance targets established by our compensation committee are achieved.

Mr. Davies is entitled to receive health care, group term life insurance, group long-term disability insurance, 401(k) participation, vacation and other similar employee benefits we generally provide to our senior employees. In addition, he will be reimbursed for the reasonable use of an automobile on terms consistent with other senior employees.

The agreement shall terminate and Mr. Davies' employment shall end upon his death or disability, if Mr. Davies resigns for good reason (as defined in the agreement) or if we discharge Mr. Davies with or without cause (as defined in the agreement), which we may do at any time.

If Mr. Davies' employment is terminated due to death or disability, he is entitled to receive earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination, incentive compensation earned and due with respect to a completed calendar year but not paid as of the date of termination, and a pro-rated portion of his incentive compensation payable for any incomplete calendar year.

If Mr. Davies is terminated without cause (as defined in the agreement) or if he terminates the agreement for good reason (as defined in the agreement), he is entitled to receive (i) earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination, (ii) incentive compensation earned and due with respect to a completed calendar year but not paid as of the date of termination, (iii) a pro-rated portion of his incentive compensation payable for any incomplete calendar year and (iv) a continuation of the payment of the base salary he would have earned through September 1, 2011 had he continued to be employed by us through such date. We are entitled to an offset of the continuation payments under clause (iv) above on account of any remuneration or other benefit attributable to any subsequent employment that Mr. Davies may obtain.

Mr. Davies' employment agreement contains non-competition and non-solicitation provisions that prohibit Mr. Davies from directly or indirectly competing with us during the term of his employment and generally for the longer of a one-year period thereafter or as long as we pay Mr. Davies his base salary following termination. Mr. Davies' employment agreement also contains provisions requiring him to protect confidential information during his employment and at all times thereafter.

Alan C. Lullman. In March 2007, we entered into an employment agreement with Mr. Lullman to serve as senior vice president, sales, marketing and services. The term of Mr. Lullman's employment agreement began on January 1, 2007 and continued through December 31, 2009 when it expired pursuant to its terms. Currently, we employ Mr. Lullman as senior vice president, sales on an at-will basis.

Our compensation committee chose to grant SARs to these officers to align their interests with those of our shareholders and give them a vested interest in the long term success of the company. No other timing constraints were used or applied when issuing stock-based compensation.

to which we are or will be a participant;

in which the amount involved exceeded or will exceed \$120,000; and

Our bylaws provide that transactions between us and any of our directors or officers are subject to full disclosure and approval in good faith by the majority of the disinterested members of our board of directors, approval of shareholders holding two-thirds of the voting power of the shares entitled to vote, other than shares held by the interested director(s), approval by the unanimous affirmative vote of the holders of all outstanding shares, whether or not entitled to vote, or the determination that the contract or agreement, and the person asserting the validity of the contract or agreement, is fair and reasonable to us as of the time it is authorized, approved or ratified, or as otherwise provided by law. Interested directors are not counted in determining the existence of a quorum at any meeting of the board of directors which shall authorize or ratify any such transaction.

TRANSACTIONS WITH MR. CARL ICAHN AND ENTITIES AFFILIATED WITH MR. CARL ICAHN**Overview**

Our company was formed in 1988 as a company beneficially owned by Mr. Carl Icahn. Mr. Carl Icahn is our principal beneficial shareholder (through IELP) and is the chairman of our board of directors. We grew our company through

the transfer of certain assets to us from ACF Industries, Incorporated (now known as ACF Industries, LLC), a company also beneficially owned by Mr. Carl Icahn. Since our formation, we have entered into agreements relating to the acquisition of assets from and disposition of assets to entities controlled by Mr. Carl Icahn, the provision of goods and services to us by entities controlled by Mr. Carl Icahn, the provision of goods and services by us to entities affiliated with Mr. Carl Icahn and other matters involving entities controlled by Mr. Carl Icahn. We have received substantial benefit from these agreements and we expect that in the future we will continue to conduct business with entities affiliated with or controlled by Mr. Carl Icahn. In addition, we receive other benefits from our affiliation with Mr. Carl Icahn and companies controlled by Mr. Carl Icahn, such as our participation in buying groups and other arrangements with entities controlled by Mr. Carl Icahn.

We describe below the material arrangements and other relationships that we are, or have been, a party to with Mr. Carl Icahn and entities affiliated with Mr. Carl Icahn since January 1, 2010. All of the arrangements and relationships described below that are required to be disclosed pursuant to Item 404 of Regulation S-K and that took effect since our January 2006 initial public offering and our admission to NASDAQ have been approved by the independent members of our audit committee, in accordance with applicable listing standards of NASDAQ and our audit committee charter.

CERTAIN TRANSACTIONS WITH ACF INDUSTRIES LLC

1994 ACF Asset Transfer

On October 1, 1994, under an asset transfer agreement with ACF, we acquired properties and assets used in ACF's railcar components manufacturing business and its railcar servicing business at specified locations, and certain intellectual property rights associated with the transferred assets and businesses, as well as specified assets used in the manufacture and sale of industrial size mixing bowls. We refer to this transaction as the 1994 ACF asset transfer.

Pursuant to the 1994 ACF asset transfer, ACF retained and agreed to indemnify us for certain liabilities and obligations relating to ACF's conduct of business and ownership of the assets at these locations prior to their transfer to us, including liabilities relating to employee benefit plans, workers compensation, environmental contamination and third-party litigation. See Note 19 - Related Party Transactions to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2007.

Also in connection with the 1994 ACF asset transfer, we entered into several administrative and operating agreements with ACF, effective as of October 1, 1994. Those that remained in effect as of January 1, 2010, are described below. During 2010, we incurred \$2.0 million of expenses related to transactions with ACF.

Manufacturing Services Agreement. Under the manufacturing services agreement entered into in 1994 and amended in 2005, ACF agreed to manufacture and distribute, at our instruction, various railcar components. In consideration for these services, we agreed to pay ACF based on agreed upon rates. We believe that payments to ACF under this arrangement are comparable to the cost we would have paid to an independent third party to manufacture such components. This agreement automatically renews on an annual basis unless we provide six months prior written notice of termination. There is no right of termination for ACF under this agreement. In the year ended December 31, 2010, we purchased \$1.1 million of railcar components from ACF under this agreement.

License Agreement from ACF. Under a license agreement with ACF, ACF granted us a non-exclusive, perpetual, royalty-free license to the patents and other intellectual property owned by it, which could be used by us in the conduct of our business, but did not exclusively relate to our business, including the 12 patents and one patent application, now issued as a patent, listed in that agreement. Of these patents, ten patents have expired and the remaining three patents have expiration dates ranging from 2012 to 2013. These remaining patents primarily relate to certain railcar components. Under this agreement, we could not use the licensed patents for the production of railcar components for third parties without the consent of ACF. In 1997, ACF transferred the patents covered by this license to us. This license is not assignable by either party, without the prior consent of the other, except in connection with the sale of substantially all of either party's business.

License Agreement to ACF. Under a license agreement with ACF, we granted ACF a non-exclusive, perpetual, royalty-free license to the intellectual property exclusively relating to our business that was transferred to us in the 1994 ACF asset transfer. There are no restrictions on ACF's use of the information licensed under this agreement. This license is not assignable by either party, without the prior consent of the other, except in connection with the sale of substantially all of either party's business.

Asset Purchase Agreement

On January 29, 2010, ARI entered into an agreement to purchase certain assets from ACF for approximately \$0.9 million that will allow the Company to manufacture railcar components previously purchased from ACF.

The purchase price of approximately \$0.9 million was determined using various factors, including but not limited to, independent appraisals that assessed fair market value for the purchased assets, each asset's remaining useful life and the replacement cost of each asset.

Table of Contents**CERTAIN TRANSACTIONS WITH AMERICAN RAILCAR LEASING LLC****Manufacturing Operations and Railcar Services**

ARL is a railcar leasing company controlled by Mr. Carl Icahn, our principal beneficial shareholder and the chairman of our board of directors. Mr. James Unger, our former president and chief executive officer and the current vice chairman of our board of directors, has been a director of ARL since 2004. We sell railcars and railcar components to ARL and its subsidiaries. We believe that since ARL's formation in 2004, we have been the only supplier of railcars to ARL, although ARL is not precluded from purchasing railcars from others.

In 2010, our revenues from manufacturing operations included \$81.9 million from transactions with ARL. In 2010, our revenues from railcar services included \$15.0 million from transactions with ARL. As of December 31, 2010, our backlog included \$1.2 million in railcar orders by ARL. These orders are on substantially the same terms as we provide to our other customers. We have entered into various agreements with ARL from time to time, including the following agreements that were effective during 2010.

ARL Railcar Orders. From time to time, we manufacture and sell railcars to ARL under long-term agreements as well as on a purchase order basis. Profit margins on sales to related parties approximate the margins on sales to other large customers. ARL also has acted as an agent for us to source railcar leasing customers. In connection therewith, ARL has assigned orders to us for railcars to be manufactured and leased by us. We are currently negotiating the terms of our agency relationship with ARL. Any such agreement, including payments that we may agree to make to ARL for these services, will be on an arm's length basis and subject to the approval of our audit committee.

ARL Fleet Services Agreement. Effective as of January 1, 2008, we entered into a fleet services agreement with ARL which replaced the April 2005 railcar servicing agreement. The new agreement reflects a reduced level of fleet management services, relating primarily to logistics management services, for which ARL pays a fixed monthly fee. Additionally, under the agreement, we provide railcar repair and maintenance services to ARL at a charge for labor, components and materials. The agreement extended through December 31, 2010 and automatically renews for additional one year periods unless either party gives at least sixty days' prior notice of termination. There is no termination fee if we elect to terminate the new agreement. This agreement was replaced by a new agreement.

On April 15, 2011 ARI entered into an agreement with ARL to provide railcar repair, engineering, administrative and other services, on an as needed basis, for ARL's lease fleet at mutually agreed upon prices (the Railcar Services Agreement). The Railcar Services Agreement is effective April 16, 2011 with a term of three years and will automatically renew for additional one year periods unless either party provides at least sixty days' written prior notice of termination. There is no termination fee if the Company elects to terminate the agreement prior to the end of the term.

ARI/ARL Rent and Building Services Extension Agreement. Effective December 31, 2007, we entered into a rent and building services agreement with ARL. Under this agreement, ARL provided us with the use of our headquarters space. ARL leased this space from an affiliate of James J. Unger, our former president and chief executive officer and the current vice chairman of our board of directors. See Certain transactions involving James J. Unger. In 2010, we incurred \$0.6 million of expense to affiliates under this leasing arrangement. This agreement terminated on December 31, 2010 by mutual agreement.

ARL Trademark License Agreement. Effective June 30, 2005, we entered into a trademark license agreement with ARL. Under this agreement, we are entitled to an annual fee of \$1,000 and, in return, we have granted a nonexclusive, perpetual, worldwide license to ARL to use our common law trademarks American Railcar and the diamond shape of our ARI logo. ARL may only use the licensed trademarks in connection with its railcar leasing business.

CERTAIN TRANSACTIONS INVOLVING MR. CARL ICAHN AND OTHER RELATED ENTITIES**Registration Rights**

We entered into a registration rights agreement, effective upon the completion of our initial public offering, with certain of our existing shareholders, including shareholders controlled by Mr. Carl Icahn. The shareholders that are party to the registration rights agreement will have the right to require us, subject to certain terms and conditions, to register their shares of our Common Stock under the Securities Act at any time following expiration of the lock-up period applicable to them. These shareholders collectively will have an aggregate of five demand registration rights, three of which relate solely to registration on a short-form registration statement, such as a Form S-3. In addition, if

we propose to register any additional shares of our capital stock under the Securities Act, these shareholders will be entitled to customary piggyback registration rights, which will entitle them to include their shares of Common Stock in a registration of our securities for sale by us or by other security holders. The registration rights granted under the registration rights agreement are subject to customary exceptions and qualifications and compliance with certain registration procedures. Approximately 11.3 million shares of our Common Stock are entitled to the benefits of these registration rights.

Transactions with Icahn Sourcing LLC

Icahn Sourcing LLC (Icahn Sourcing) is an entity formed and controlled by Mr. Carl Icahn in order to leverage the potential buying power of a group of entities with which Mr. Carl Icahn either owns or otherwise has a relationship in negotiating with a wide range of suppliers of goods, services and property. We are a member of the buying group and, as such, are afforded the opportunity to purchase goods, services and property from vendors with whom Icahn Sourcing has negotiated rates and terms. Icahn Sourcing does not guarantee that we will purchase any goods, services or property from any such vendors, and we are under no obligations to do so. We do not pay Icahn Sourcing any fees or other amounts with respect to the buying group arrangement. We have purchased a variety of goods and services as a member of the buying group at prices and on terms that we believe are more favorable than those which would be achieved on a stand-alone basis.

CERTAIN TRANSACTIONS INVOLVING JAMES J. UNGER

Consulting Arrangement

James J. Unger resigned as our president and chief executive officer effective April 1, 2009. Mr. Unger began serving as a consultant on that same date. In this role, Mr. Unger, among other things, assisted Mr. Cowan, our new chief executive officer, with the leadership transition, worked to maintain key customer relationships, participated in customer contract negotiations and assisted with potential strategic transactions. Mr. Unger also, among other things, maintained his roles with our joint ventures and continued to represent us as a member of various railcar industry groups. Mr. Unger remains on our board of directors and, effective April 1, 2009, assumed the role of vice chairman of the board. In exchange for these services, Mr. Unger received an annual consulting fee of \$135,000, and a director fee of \$65,000 that are each payable quarterly, in advance, and an automobile allowance. In his role as a consultant, Mr. Unger reported to and served at the discretion of our board of directors. Mr. Unger's consulting agreement terminated as of April 1, 2010. He remains in the role as vice chairman of the board and in this capacity will continue to receive a director fee of \$65,000 and an automobile allowance.

Facilities Leasing Arrangements

Our headquarters facility and our Corbitt manufacturing facility in St. Charles, Missouri are owned by St. Charles Properties, an entity controlled by James J. Unger, our former president and chief executive officer and the current vice chairman of our board of directors. We have leased our Corbitt manufacturing facility directly from St. Charles Properties since 2005. As described below, from 2005 through 2010, ARL leased the facility containing our headquarters directly from St. Charles Properties, and we leased our headquarters through our rent and building services agreement with ARL. Under our rent and building services agreement with ARL, we paid ARL \$0.6 million per year, which represented the estimate of our proportionate share of ARL's costs for the space that we used under the lease, including rent and building services. Under the terms of the lease, we were required to pay monthly rent and a portion of the property tax and insurance expenses levied upon the property. ARL was also required to repair and maintain the facility at its costs and expense. This lease expired on December 31, 2010.

On October 29, 2010, we entered into a lease agreement, commencing January 1, 2011, with a term of eleven years and total base rent of \$6.4 million, over the term of the agreement, with St. Charles Properties for our headquarters facility. We are required to pay monthly rent and a portion of all tax increases assessed or levied upon the property and increases to the cost of the utilities and other services used.

Our Corbitt manufacturing facility lease expired on February 28, 2011 and we renewed the lease for one successive five-year term. Rent was payable monthly in the amount of \$29,763 during 2010. The monthly rent for the renewal period is \$30,332 per month. We are required to pay all tax increases assessed or levied upon the property and the cost of the utilities we use, as well as repair and maintain the facility at our expense.

In 2010, we incurred \$1.0 million of costs under these two leasing arrangements.

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

Our audit committee, which is comprised of independent members of our board of directors, is responsible under its charter for reviewing and approving related person transactions, as those terms are defined by the SEC, for potential conflict of interest situations on an ongoing basis, unless such duty has been delegated to another committee of the board of directors consisting solely of independent directors.

Our audit committee generally does not pre-approve matters involving executive compensation, related party transactions not required to be disclosed under Item 404 of Regulation S-K, or agreements involving the purchase or sale of inventory, goods or services that are entered into in the ordinary course of business under various of our manufacturing and services agreements with ACF and ARL, each of which are companies affiliated with Mr. Carl Icahn, our principal beneficial shareholder (through IELP) and the chairman of our board of directors (though proposed material amendments to such agreements would warrant consideration for possible pre-approval by our audit committee).

At each audit committee meeting, management reports any related person transactions under consideration. After review, the audit committee approves or disapproves such transactions. In reviewing, approving or ratifying related person transactions, the audit committee is responsible for obtaining the material facts of the related person transaction, reviewing whether the related person transaction is on terms no less favorable to us than terms generally available to us from an unaffiliated third party under the same or similar circumstances, and considering such factors as it deems appropriate.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, and the North Dakota Publicly Traded Corporations Act (the PTCA) both afford our stockholders the right to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with applicable rules.

Our executive compensation programs are designed to help us attract and retain superior executive talent, while providing competitive and differentiated levels of pay based on corporate and individual performance that reinforce the alignment of the interests of the members of our executive management team with those of our shareholders. Please read Compensation Discussion and Analysis beginning on page 16 for details about our executive compensation programs, including information about the 2010 compensation of our named executive officers and the compensation committee report beginning on page 19.

We are asking our shareholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives you as a shareholder the opportunity to express your views on our named executive officers' compensation. This vote is not intended to address any specific element of our compensation programs, but rather to address our overall approach to the compensation of our named executive officers described in this proxy statement. To that end we will ask our shareholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2011 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, narrative disclosure and the report of the compensation committee of the board of directors.

Vote Required

The affirmative vote of a majority of shares present, in person or represented by proxy, and voting on this proposal is required to approve on an advisory basis the executive compensation as disclosed in this proxy statement. Abstentions and broker non-votes are included in the number of shares present or represented for purposes of quorum, but are not considered as shares voting or as votes cast with respect to any matter presented at the Annual Meeting. As a result, abstentions and broker non-votes will not have any effect on the proposal to approve executive compensation as disclosed in this proxy statement.

Your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of our named executive officers. Because your vote is advisory, it will not be binding upon the Company, the compensation committee or our board of directors. The board of directors and the compensation committee will, however, take into account the outcome of the say-on-pay vote when considering future compensation arrangements.

The Board of Directors unanimously recommends that you vote FOR this proposal.

PROPOSAL NO. 3

**ADVISORY VOTE ON THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON EXECUTIVE
COMPENSATION**

The Dodd-Frank Act also enables our shareholders to indicate how frequently we should seek an advisory vote regarding the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, and as described in Proposal No. 2 included on page 33 of this proxy statement. By voting on this Proposal No. 3, shareholders may indicate whether they would prefer an advisory vote on named executive officer compensation every one, two, or three years. You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or you may abstain from voting when you vote in response to this proposal.

Your vote on this Proposal is advisory and will not be binding upon the Company, the compensation committee or our board of directors. We understand that our shareholders may have different views as to what is the best approach for the Company, and we look forward to hearing from our shareholders on this Proposal. However, the PCTA requires us to hold an advisory vote on executive compensation every year and, so long as we remain subject to the PCTA, we intend to hold an advisory vote on executive compensation on an annual basis.

Vote Required

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by shareholders. Abstentions and broker non-votes are included in the number of shares present or represented for purposes of quorum, but are not considered as shares voting or as votes cast with respect to any matter presented at the Annual Meeting. As a result, abstentions and broker non-votes will not have any effect on the proposal regarding the frequency of holding an advisory vote on executive compensation.

The Board of Directors unanimously recommends that you vote FOR the option of once every year as the frequency with which shareholders are provided an advisory vote on executive compensation.

OTHER MATTERS

Shareholder Proposals and Nominations for Director

A request by a shareholder that the Company include in its proxy materials for its 2012 Annual Meeting of Shareholders such shareholder's nomination of a candidate for election to the Company's board of directors or such shareholder's proposal of any other business to be brought before the annual meeting must be received by the Company no later than December 31, 2011. These nominations and proposals must also meet the other requirements of the rules of the SEC and the Company's By-laws relating to shareholder nominations and proposals.

A shareholder who wishes to nominate a candidate for election to the Company's board of directors or make a proposal for other business to be brought before the Company's 2011 Annual Meeting of Shareholders without requiring the Company to include such nomination or proposal in its proxy materials, must give timely notice thereof in writing to: c/o Secretary, American Railcar Industries, Inc., 100 Clark Street, St. Charles, Missouri 63301.

To be timely, a shareholder's notice must be delivered to or mailed and received at the principal executive offices of the Company no earlier than February 10, 2012 and no later than the later of (i) March 10, 2012 and (ii) twenty-five days after the Company has made a public announcement of its 2012 Annual Meeting of Shareholders in accordance with the North Dakota Publicly Traded Corporations Act. If a shareholder who wishes to make a nomination or present a proposal fails to notify the Company by this date, the proxies that management solicits for the meeting will have discretionary authority to vote on the shareholder's nomination or proposal if it is properly brought before the meeting. If a shareholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the SEC. If the date of the Company's 2012 Annual Meeting is changed by more than five (5) days from the anniversary date of the 2011 Annual Meeting, then a shareholder nomination and proposal to be timely must be received no later than ninety (90) days prior to the date of the 2012 Annual Meeting of Shareholders.

Shareholder notices must contain specified information and conform to certain requirements set forth in the Company's Bylaws. Notices regarding nominations of a candidate for election to the Company's board of directors should state

whether or not the person(s) making the recommendation are qualified shareholders under the North Dakota Publicly Traded Corporations Act and should comply with applicable provisions of the Company's Bylaws.

Table of Contents

All shareholder nominations and proposals must satisfy any applicable requirements of the Company's Bylaws, rules of the SEC and North Dakota corporate law, including the North Dakota Publicly Traded Corporations Act. The board of directors may refuse to acknowledge the nomination or proposal not made in compliance with applicable laws and regulations and the Company's Bylaws.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10 percent of our Common Stock to file initial reports of their ownership and changes in ownership of our Common Stock with the SEC. To the best of our knowledge, based solely on a review of reports furnished to us and written representations from reporting persons, each person who was required to file such reports complied with the applicable filing requirements during 2010.

Only one proxy statement is being delivered to multiple shareholders sharing an address, unless we have received contrary instructions from one or more of the shareholders. We will undertake to deliver promptly upon written or oral request a separate copy of the proxy statement to a shareholder at a shared address to which a single copy of the proxy statement was delivered.
