BOOKS-A-MILLION, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. Basis of Presentation

The unaudited condensed consolidated financial statements include the accounts of Books-A-Million, Inc. and its subsidiaries (collectively, the Company). The Company consists of Books-A-Million, Inc. and its four wholly owned subsidiaries, American Wholesale Book Company, Inc., Booksamillion.com, Inc., BAM Card Services, LLC and Alabama Florence Realty Holdings 2010 LLC. All inter-company balances and transactions have been eliminated in consolidation. For a discussion of the Company's business segments, see Note 7.

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for interim financial information and are presented pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Accordingly, certain financial information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. These unaudited condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements and the notes thereto contained in the Company's Annual Report on Form 10-K for the fiscal year ended January 29, 2011. In the opinion of management, the unaudited condensed consolidated financial statements included herein contain all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of our financial position as of July 30, 2011 and January 29, 2011 and the results of our operations and cash flows for the periods presented. Quarterly results of operations are not necessarily indicative of annual results.

The Company's business, like that of many retailers, is seasonal, with a large portion of sales and operating profit realized during the fourth fiscal quarter, which includes the holiday selling season.

Certain insignificant reclassifications to amounts included in this report for prior periods were necessary to conform to the presentation of the thirteen and twenty-six weeks ended July 30, 2011.

Stock-Based Compensation

The Company's pre-tax compensation cost for stock-based employee compensation was \$0.4 million, or \$0.3 million net of taxes, for each of the thirteen weeks ended July 30, 2011 and July 31, 2010. The Company's pre-tax compensation cost for stock-based employee compensation was \$0.8 million, or \$0.6 million net of taxes, and \$0.7 million, or \$0.5 million net of taxes, for the twenty-six weeks ended July 30, 2011 and July 31, 2010, respectively.

Stock Option Plan

A summary of the status of the Company's Amended and Restated Stock Option Plan (the Stock Option Plan) is as follows (*shares in thousands*):

	Twenty-Six Weeks Ended July 30, 2011	
	Shares	Weighted Average Exercise Price
Options outstanding at beginning of period	35	\$ 5.56
Options granted		N/A

\$6.13 \$9.62	22	2.74	\$ 7.34	22	\$ 7.32
Totals	35	2.09	\$ 5.56	35	\$ 5.56

The aggregate intrinsic value for outstanding and exercisable options under the Stock Option Plan at July 30, 2011 was approximately \$(0.1) million.

2005 Incentive Award Plan

On May 20, 2010, the stockholders of the Company approved an additional 800,000 shares available for issuance under the Books-A-Million, Inc. 2005 Incentive Award Plan, as amended (the 2005 Plan). An aggregate of 2,000,000 shares of common stock may be awarded under the 2005 Plan, as amended. From June 1, 2005 through July 30, 2011, equity awards under the 2005 Plan have consisted solely of awards of restricted stock. As of July 30, 2011, the number of shares of common stock currently reserved under the 2005 Plan for outstanding stock-based awards was 785,624 shares.

Restricted Stock Table

A combined summary of the status of restricted stock grants to employees and directors under the 2005 Plan and the Incentive Plan is as follows (*shares in thousands*):

	Twenty-Six Weeks Ended July 30, 2011	
	Shares	Weighted Average Grant Date Fair Value
Shares at beginning of period	396	\$ 7.19
Shares granted	252	5.16
Shares vested	(12)	6.78
Shares forfeited	(7)	6.15
Shares at end of period	629	\$ 6.40

The Company's unvested restricted stock receives all dividends and retains voting rights for the granted shares.

Other Information

As of July 30, 2011, the Company had approximately \$2.0 million of total unrecognized compensation cost related to non-vested awards granted under its various share-based plans, which it expects to recognize over the following fiscal years:

Fiscal Year	Stock-Based Compensation Expense
2012	\$ 843,000
2013	815,000
2014	369,000
2015	4,000
Total	\$ 2,031,000

There were no options exercised during the twenty-six week period ended July 30, 2011. The Company received cash from options exercised during the twenty-six week period ended July 31, 2010 of approximately \$4,700.

The Company maintains an employee stock purchase plan (the Amended and Restated Employee Stock Purchase Plan) under which shares of the Company's common stock are reserved for purchase by employees at 85% of the fair market value of the common stock at the lower of the market value for the Company's stock as of the beginning of the fiscal year or the end of the fiscal year. On May 20, 2010, the stockholders of the Company approved a second amendment to the Amended and Restated Employee Stock Purchase Plan to increase the number of shares available for issuance under the plan by 200,000 shares of common stock. An aggregate of 600,000 shares are available for issuance to participants of the Amended and Restated Employee Stock Purchase Plan. The Company received cash proceeds from issuances of stock under the Amended and Restated Employee Stock Purchase Plan during each of the twenty-six weeks ended July 30, 2011 and July 31, 2010 of \$0.1 million. The impact of these cash receipts is included in financing activities in the accompanying condensed consolidated statements of cash flows.

2. Recent Accounting Pronouncements

In August 2010, the Financial Accounting Standards Board (the FASB) issued an exposure draft, *Leases*, (the Exposure Draft), which would replace the existing guidance in Accounting Standards Codification (ASC) 840, *Leases*. Under the Exposure Draft, a lessee's rights and obligations under leases, including existing and new arrangements, would be recognized as assets and liabilities, respectively, on the balance sheet. The comment period for the Exposure Draft ended on December 15, 2010. In July 2011, the FASB announced that they would extend the comment period. If the proposed guidance becomes effective on the terms currently proposed by the FASB, it will likely have a significant impact on our consolidated financial statements. However, as the final standard has not yet been issued, we are unable to determine at this time the impact this proposed change in accounting may have on our consolidated financial statements.

In May 2011, the Financial Accounting Standards Board (the FASB) issued authoritative guidance relating to fair value measurement and disclosure requirements. The new guidance is intended to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. This authoritative guidance limits the highest-and-best-use measure to nonfinancial assets, permits certain financial assets and liabilities with offsetting positions in market or counterparty credit risks to be measured at a net basis, and provides guidance on the applicability of premiums and discounts. This authoritative guidance also expands the disclosures on Level 3 inputs by requiring quantitative disclosure of the unobservable inputs and assumptions, as well as description of the valuation processes and the sensitivity of the fair value to changes in unobservable inputs. The new guidance is effective for interim and annual periods beginning after

December 15, 2011. Early adoption is not permitted. We do not anticipate that the adoption of this guidance will have a significant impact on our existing fair value measurements or disclosures.

3. Net Income (Loss) Per Common Share

Basic net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of common shares outstanding for the period. Diluted net income (loss) per common share reflects the potential dilution, using the treasury stock method, which could occur if stock options are exercised. Diluted net income (loss) per common share has been computed based on the weighted average number of shares outstanding, including the effect of outstanding stock options, if dilutive, in each of the thirteen and twenty-six week periods set forth below. The difference between basic and diluted net income (loss) per share is solely attributable to stock options. A reconciliation of the weighted average shares for basic and diluted net income (loss) per common share is as follows:

	Thirteen Weeks Ended	
	July 30,	July 31, 2010
(in thousands)	2011	
Weighted average shares outstanding:		
Basic	15,737	15,723
Dilutive effect of stock options outstanding		6
Diluted	15,737	15,729

	Twenty-Six Weeks Ended	
	July 30,	July 31, 2010
(in thousands)	2011	
Weighted average shares outstanding:		
Basic	15,692	15,742
Dilutive effect of stock options outstanding		7
Diluted	15,692	15,749

For the thirteen week periods ended July 30, 2011 and July 31, 2010, options for approximately 22,000 and 6,000, respectively, of our shares were outstanding but were excluded from the computation of diluted weighted-average common shares because the options' exercise price was greater than the average market price of the common shares and their effect would have been anti-dilutive. For the twenty-six week periods ended July 30, 2011 and July 31, 2010, options for approximately 22,000 and 6,000, respectively, of our shares were outstanding but were excluded from the computation of diluted weighted-average common shares because the options' exercise price was greater than the average market price of the common shares and their effect would have been anti-dilutive.

The Company's unvested restricted shares are entitled to receive nonforfeitable dividends, and thus, are participating securities requiring the two class method of computing net income (loss) per share. The weighted average shares outstanding and net income (loss) per share for the thirteen and twenty-six weeks ended July 30, 2011 and July 31, 2010 were computed using the two class method.

4. Related Party Transactions

Charles C. Anderson, Chairman Emeritus and a former director of the Company, Terry C. Anderson, a director of the Company, and Clyde B. Anderson, a director and officer of the Company, have controlling ownership interests in other entities with which the Company conducts business. Significant transactions between the Company and these various other entities (related parties) are summarized in the following paragraphs.

Table of Contents

**BOOKS-A-MILLION, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)**

The Company purchases a substantial portion of its magazines, as well as certain of its seasonal music from a subsidiary of Anderson Media Corporation (Anderson Media), an affiliate of the Company through common ownership. During the twenty-six weeks ended July 30, 2011 and July 31, 2010, purchases of these items from Anderson Media totaled \$9.0 million and \$10.4 million, respectively. Amounts payable to Anderson Media at July 30, 2011 and July 31, 2010 were \$2.9 million and \$0.7 million, respectively. Amounts receivable from Anderson Media as of July 30, 2011 and July 31, 2010 were \$0.1 million and \$0.3 million, respectively. The Company purchases certain of its collectibles, gifts and books from Anderson Press, Inc. (Anderson Press), an affiliate of the Company through common ownership. During each of the twenty-six weeks ended July 30, 2011 and July 31, 2010, such purchases from Anderson Press totaled \$0.6 million. The Company utilizes import sourcing and consolidation services from Anco Far East Importers, LTD (Anco Far East), an affiliate of the Company through common ownership. The total amount paid to Anco Far East was \$0.5 million and \$1.1 million during the twenty-six weeks ended July 30, 2011 and July 31, 2010, respectively. These amounts paid to Anco Far East included the actual cost of the product as well as fees for sourcing and consolidation services. All costs other than the sourcing and consolidation service fees were passed through from other vendors. Anco Far East fees, net of the passed-through costs, were \$37,000 and \$76,000 during the twenty-six weeks ended July 30, 2011 and July 31, 2010, respectively.

The Company leases its principal executive offices from a trust, which was established for the benefit of the grandchildren of Charles C. Anderson. The Company's lease on the building expires in February 2013. During each of the twenty-six week periods ended July 30, 2011 and July 31, 2010, the Company paid rent of \$0.1 million to the trust under this lease. Anderson & Anderson LLC (A&A), an affiliate of the Company through common ownership, also leases three buildings to the Company. During each of the twenty-six weeks ended July 30, 2011 and July 31, 2010, the Company paid A&A a total of \$0.2 million in connection with such leases. Total minimum future rental payments under all of these leases are \$1.9 million at July 30, 2011.

The Company subleases certain property to Hibbett Sports, Inc. (Hibbett), a sporting goods retailer in the United States. The Company's sublease on the property with Hibbett expires in June 2013. One of the Company's directors, Albert C. Johnson, and Terry Finley, President and Chief Operating Officer of Books-A-Million, Inc., are members of Hibbett's Board of Directors. During each of the twenty-six weeks ended July 30, 2011 and July 31, 2010, the Company received \$0.1 million in rent payments from Hibbett. Total minimum future rental payments under this lease are \$0.3 million at July 30, 2011.

The Company, A&A, Anderson Promotional Events, Inc. and Anderson Press (collectively the Co-ownership Group) co-own two airplanes that are used by the Company in its business. The Company owns a 26.0% interest in each of these airplanes. During the twenty-six week periods ended July 30, 2011 and July 31, 2010, the Company was billed \$0.5 million and \$0.3 million, respectively, by the Co-Ownership Group under a cost sharing arrangement for the Company's use of the two airplanes. The expenses the Company pays for airplane use covers all of the variable costs attributable to the Company's use of the planes and a portion of the fixed costs.

The Company and Anderson Private Capital Partners I, L.P. (APCP) each have an equity interest in Yogurt Mountain Holding, LLC (Yogurt Mountain). The Company also participates with APCP in a line of credit agreement with Yogurt Mountain in connection with its investment. See Note 13, Equity Method Investment, for additional information regarding the Company's investment in Yogurt Mountain. As of July 30, 2011 and January 29, 2011, Yogurt Mountain had \$1.0 million and \$0.8 million, respectively, in borrowings due to the Company.

5. Commitments and Contingencies

The Company is a party to various legal proceedings incidental to its business. In the opinion of management, after consultation with legal counsel, the ultimate liability, if any, with respect to those proceedings is not presently expected to materially affect the financial position, results of operations or cash flows of the Company.

From time to time, the Company enters into certain types of agreements that require the Company to indemnify parties against third party claims. Generally, these agreements relate to: (a) agreements with vendors and suppliers, under which the Company may provide customary indemnification to its vendors and suppliers in respect of actions they take at the Company's request or otherwise on its behalf, (b) agreements with vendors who publish books or manufacture merchandise specifically for the Company to indemnify the vendors against trademark and copyright infringement claims concerning the books published or merchandise manufactured on behalf of the Company, (c) real estate leases, under which the Company may agree to indemnify the lessors for claims arising from the Company's use of the property, and (d) agreements with the Company's directors, officers and employees, under which the Company may agree to indemnify such persons for liabilities arising out of their relationship with the Company. The Company maintains a Directors and Officers Liability Insurance Policy, which, subject to the policy's conditions, provides coverage for indemnification amounts payable by the Company with respect to its directors and officers up to specified limits and subject to certain deductibles.

The nature and terms of these types of indemnities vary. The events or circumstances that would require the Company to perform under these indemnities are transaction and circumstance specific. The overall maximum amount of obligations cannot be reasonably estimated. Historically, the Company has not incurred significant costs related to performance under these types of indemnities. No liabilities have been recorded for these obligations on the Company's balance sheet at July 30, 2011 or January 29, 2011, as such potential liabilities are considered de minimis.

6. Inventories

The Company currently utilizes the last-in, first-out (LIFO) method of accounting for inventories. The cumulative difference between replacement and current cost of inventory over stated LIFO value is \$3.4 million as of July 30, 2011 and as of January 29, 2011. The estimated replacement cost of inventory is the current first-in, first-out (FIFO) value.

Inventory balances at July 30, 2011 and January 29, 2011 were as follows (in thousands):

	July 30, 2011	January 29, 2011
Inventories (at FIFO)	\$ 195,851	\$ 200,238
LIFO reserve	(3,472)	(3,424)
Net inventories	\$ 192,379	\$ 196,814

7. Business Segments

The Company has two reportable operating segments: retail trade and electronic commerce trade. These reportable operating segments reflect the manner in which the business is managed and how the Company allocates resources and assesses performance internally.

Our chief operating decision maker is our Chairman and Chief Executive Officer. The Company is primarily a retailer of book merchandise. The Company's two reportable operating segments are two distinct business units, one a traditional retailer of book merchandise and the other a seller of book merchandise primarily over the Internet. The electronic commerce trade segment is managed separately due to divergent technology and marketing requirements. The retail trade segment also includes the Company's distribution center operations, which predominantly supplies merchandise to our retail stores. Through the distribution center operations the Company also sells books to outside parties on a wholesale basis. These sales are not material.

The Company evaluates the performance of the retail trade and electronic commerce trade segments based on profit and loss from operations before interest and income taxes. Certain intersegment cost allocations have been made based upon consolidated and segment revenues. Shipping income related to Internet sales is included in net sales, and shipping expense is included in cost of sales.

Both the retail trade and electronic commerce trade reportable operating segments derive revenues primarily from the sale of book merchandise through sales in our retail stores and over the Internet, respectively.

9. Debt and Lines of Credit

The Company's primary sources of liquidity are cash flows from operations, including credit terms from vendors, and borrowings under its credit facility. On March 21, 2011, the Company entered into a credit agreement (the "Credit Agreement") for a new revolving credit facility (the "New Facility") with Bank of America, N.A. ("Bank of America"), as Administrative Agent, Swing Line Lender and Issuing Bank, and a group of participating financial institutions under which the Company may borrow up to the maximum principal amount of \$150.0 million, which may be increased to \$200.0 million under certain circumstances, and which will mature on March 21, 2016. Interest on borrowings under the New Facility is determined based upon the LIBOR rate plus an applicable margin (as defined in the New Facility). The Credit Agreement replaces the \$100.0 million credit facility (the "Prior Facility"), which was scheduled to expire in July 2011. Pursuant to the Credit Agreement, the participating financial institutions have agreed to make revolving loans to the Company and to issue, up to a \$35.0 million sublimit, letters of credit for the Company. Under the Credit Agreement, Bank of America, in its capacity as Swing Line Lender, has also agreed to make same day advances to the Company in the form of swing line loans up to a \$15.0 million sublimit. The obligations of the Company under the Credit Agreement are secured by the inventories, accounts receivable and certain other personal property of the Company, pursuant to the terms of a security agreement with Bank of America and the other lenders. Additionally, the Credit Agreement contains certain non-financial covenants. The Company was in compliance with these covenants at July 30, 2011.

As of July 30, 2011, there were outstanding borrowings under the New Facility of \$13.9 million, which bears interest at variable rates (2.16% as of July 30, 2011). The Company had no borrowings outstanding under the Prior Facility as of January 29, 2011. The face amount of letters of credit issued under the New Facility as of July 30, 2011 was \$7.9 million. The face amount of letters of credit issued under the Prior Facility as of January 29, 2011 was \$2.1 million. The maximum and average outstanding borrowings under the New Facility (excluding the face amount of letters of credit issued thereunder) during the twenty-six weeks ended July 30, 2011 were \$34.0 million and \$15.6 million, respectively.

During fiscal 1996 and fiscal 1995, the Company acquired and constructed certain warehouse and distribution facilities with the proceeds of loans made pursuant to an industrial development revenue bond (the "Bond"). As of July 30, 2011 and January 29, 2011, there was \$5.9 million outstanding, under the Bond, which bears interest at variable rates. The interest rate on the Bond was 1.3% and 1.4% at July 30, 2011 and January 29, 2011, respectively. The Bond has a maturity date of December 1, 2019, with a purchase provision obligating the Company to repurchase the Bond, unless extended by the bondholder. Pursuant to an Amended and Restated Bond Agreement dated June 30, 2011, the Company's subsidiary, American Wholesale Book Company, Inc., and Wells Fargo Bank, National Association ("Wells Fargo") have agreed, among other things, (i) to extend the period during which Wells Fargo will hold the Bond until March 13, 2016, (ii) to replace the Original Guaranty with a new Continuing Guaranty executed by the Company and certain of its subsidiaries, including Booksamillion.com, Inc. and BAM Card Services, LLC, which obligation provides a maximum liability of \$5,880,000 for the Company and its affiliates, jointly and severally (the "New Guaranty"), and (iii) that American Wholesale will maintain a standby letter of credit equal at all times to at least the outstanding principal amount of the Bond, which shall have an initial stated amount of \$5,880,000, for the benefit of Wells Fargo.

Net interest expense for the thirteen weeks ended July 30, 2011 and July 31, 2010 was \$0.4 million and \$0.2 million, respectively. Net interest expense on all Company indebtedness for the twenty-six weeks ended July 30, 2011 and July 31, 2010 was \$0.6 million and \$0.3 million, respectively.

10. Income Taxes

The Company and its subsidiaries are subject to United States federal income tax as well as income tax of multiple state jurisdictions. The Company is no longer subject to U.S. federal income tax examinations by tax authorities for fiscal years prior to fiscal 2007. The Company is currently under IRS examination for fiscal 2009 and 2010. With respect to state and local jurisdictions, with limited exceptions, the Company and its subsidiaries are no longer subject

to income tax audits for fiscal years prior to fiscal 2007.

As of July 30, 2011, the gross amount of unrecognized tax benefits was \$0.9 million, all of which would affect the effective tax rate if recognized. The amount of unrecognized tax benefits, including interest and penalties, that would no longer need to be accrued due to the passage of various statutes of limitations in the next 12 months is \$0.5 million. The Company recognizes accrued interest and penalties related to unrecognized tax benefits in income tax expense. The Company had approximately \$0.8 million in interest and penalties related to unrecognized tax benefits accrued as of July 30, 2011 and January 29, 2011. The Company's total liability for unrecognized tax benefits, including interest and penalties, as of July 30, 2011 and January 29, 2011, was \$1.7 million.

The Company's effective tax rate, including the impact of its equity method investment, for the twenty-six weeks ended July 30, 2011 was 23.6%, versus an effective tax rate of 37.8% for the twenty-six weeks ended July 31, 2010. The decrease in our effective tax rate over last year was driven by an increase in state net operating losses and a lower federal tax rate in the current year.

11. Fair Value Measurements

The carrying amounts of other financial instruments reported on the balance sheet for current assets and current liabilities approximate their fair values because of the short maturity of these instruments.

At July 30, 2011, there was \$13.9 million outstanding under our revolving line of credit agreement and \$5.9 million outstanding under the Bond. The borrowings under our revolving line of credit agreement and the Bond approximate fair value at July 30, 2011.

12. Revenue Recognition

The Company sells gift cards to its customers in its retail stores. The gift cards do not have an expiration date. Income is recognized from gift cards when: (1) the gift card is redeemed by the customer; or (2) the likelihood of the gift card being redeemed by the customer is remote (gift card breakage) and there is no legal obligation to remit the value of the unredeemed gift cards to the relevant jurisdictions. The gift card breakage rate is determined based upon historical redemption patterns. Based on this historical information, the likelihood of a gift card remaining unredeemed can be determined after 24 months of card inactivity. At that time, breakage income is recognized for those cards for which the likelihood of redemption is deemed to be remote and for which there is no legal obligation to remit the value of such unredeemed gift cards to the relevant jurisdictions. Breakage income for the thirteen weeks ended July 30, 2011 and July 31, 2010 was \$0.2 million and \$0.3 million, respectively. Breakage income for each of the twenty-six weeks ended July 30, 2011 and July 31, 2010 was \$0.4 million.

13. Equity Method Investment

The Company holds an equity method investment, which consists of a 40.0% equity interest in Yogurt Mountain Holding, LLC ("Yogurt Mountain"). Yogurt Mountain was formed for the purpose of developing and operating retail yogurt stores and franchising retail yogurt stores to third party franchisees. In March 2010, the Company acquired the equity interest in Yogurt Mountain for \$3.0 million. Yogurt Mountain is a separate and distinct legal entity from the Company and its subsidiaries, and has separate assets, liabilities, and operations. The other shareholder interests in Yogurt Mountain of 40.0% and 20.0% are owned by APCP and Kahn Family Holdings, LLC, respectively.

In connection with the equity method investment, the Company entered a line of credit agreement (the "Line of Credit") with Yogurt Mountain pursuant to which the Company has committed to provide up to \$1.5 million to Yogurt Mountain under a non-revolving line of credit through March 2015, currently bearing interest at 11.0%. Yogurt Mountain must pay an annual commitment fee of 0.25% on the unused portion of the commitment. The proceeds from the Line of Credit must be used by Yogurt Mountain for the purpose of new store growth capital requirements. There was \$1.0 million and \$0.8 million in outstanding borrowings by Yogurt Mountain under the Line of Credit as of July 30, 2011 and January 29, 2011, respectively.

14. Subsequent Events

On September 6, 2011, the Company assumed the leases of 14 former Borders locations for \$934,000. The Company will take possession of the leases in the third quarter and will have the stores open before the holiday season.

General

We were founded in 1917 and currently operate 232 retail bookstores, including 196 superstores, concentrated primarily in the southeastern United States.

Our growth strategy consists of expanding product offerings and retail opportunities and opening stores in new and existing market areas. In addition to opening new stores, management intends to continue its practice of reviewing the profitability trends and prospects of existing stores and closing or relocating under-performing stores or converting stores to different formats.

Comparable store sales are determined each fiscal quarter during the year based on all stores that have been open at least 12 full months as of the first day of the fiscal quarter. Any stores closed during a fiscal quarter are excluded from comparable store sales as of the first day of the quarter in which they close. Remodeled and relocated stores are also included as comparable stores. The factors affecting the future trend of comparable store sales include, among others, overall demand for products the Company sells, the Company's marketing programs, pricing strategies, store operations and competition.

The Company's business, like that of many retailers, is seasonal, with a large portion of sales and operating profit realized during the fourth fiscal quarter, which includes the holiday selling season.

The decrease in net sales for the retail trade segment for the thirteen weeks ended July 30, 2011 compared to the thirteen weeks ended July 31, 2010 resulted from lower comparable store sales. Comparable store sales for the thirteen weeks ended July 30, 2011 decreased \$13.9 million, or 12.9%, to \$93.6 million when compared with the same thirteen week period for the prior year. The decrease in comparable store sales for the thirteen week period ended July 30, 2011 was due to a weak bestseller publishing lineup compared to the prior year and the increasing transition of certain book categories to an electronic format. During the thirteen weeks ended July 30, 2011, we opened four new stores and we closed one superstore. The 24.3% increase in net sales for the electronic commerce trade segment was due to sales of Nook E-Reader devices, partially offset by lower sales of non-Nook products on the Company's website. The decrease in net sales for the retail trade segment for the twenty-six weeks ended July 30, 2011 compared to the twenty-six weeks ended July 31, 2010 was due to a comparable store sales decline of 13.1%, or \$27.8 million. The decrease in comparable store sales for the twenty-six week period ended July 30, 2011 was due to a weak book lineup compared to the prior year and the continued transition of certain book categories to an electronic format. During the twenty-six weeks ended July 30, 2011, we opened four traditional locations and closed three superstores. The increase in net sales for the electronic commerce trade segment for the twenty-six week period ended July 30, 2011 compared to the twenty six week period ended July 31, 2010 was due to sales of Nook E-Reader devices partially offset by lower sales of non-Nook merchandise.

Gross profit decreased \$6.5 million, or 17.7%, to \$30.0 million in the thirteen weeks ended July 30, 2011, when compared with \$36.5 million in the same thirteen week period for the prior year. Gross profit as a percentage of net sales for the thirteen weeks ended July 30, 2011 and July 31, 2010 was 28.2% and 30.4%, respectively. Gross profit for the twenty-six week period ended July 30, 2011 decreased \$13.1 million or 18.3%, from the same period in the prior year. Gross profit as a percentage of net sales for the twenty-six weeks ended July 30, 2011 and July 31, 2010 was 27.8% and 30.2%, respectively. The decrease in gross profit as a percentage of net sales for the thirteen and twenty-six week periods ended July 30, 2011 was due to lower magazine subscription income, higher markdowns and the deleveraging of fixed rents in a lower sales environment.

Operating, selling and administrative expenses were \$29.3 million in the thirteen weeks ended July 30, 2011, compared to \$29.5 million in the same period last year. The decrease in operating, selling and administrative expenses compared to the same thirteen week period last year is due to lower retail and corporate salaries, advertising costs and credit card fees, partially offset by higher health care costs, costs associated with new stores and remodels and professional fees. Salary costs and advertising costs were lower due to planned savings based on lower sales levels. Credit card fees are lower than the prior year due to decreased sales levels. Professional fees were higher due to legal fees associated with our attempt in the second quarter of fiscal 2012 to acquire stores from Borders. Operating, selling and administrative expenses as a percentage of net sales for the thirteen weeks ended July 30, 2011 increased to 27.5%

from 24.6% from the same period last year. Operating, selling and administrative expenses as a percentage of net sales for the twenty-six weeks ended July 30, 2011 increased to 27.9% from 24.4% from the same period last year. The increase in operating, selling and administrative expenses as a percentage of net sales for the thirteen and twenty-six week periods ended July 30, 2011 was due to lower net sales during the periods, costs associated with store closings, new stores and remodels and higher professional fees, partially offset by lower retail and corporate salaries.

Table of Contents

Depreciation and amortization expenses remained flat at \$0.4 million in the thirteen week period ended July 30, 2011 compared to the thirteen week period ended July 31, 2010. Depreciation and amortization expenses as a percentage of net sales for the thirteen weeks ended July 30, 2011 were 3.7%, which is 0.6% higher than the same period last year. In the twenty-six week period ended July 30, 2011, depreciation and amortization expenses increased 7.8% to \$7.9 million from \$7.3 million in the same period last year due to capital expenditures. Depreciation and amortization expense as a percentage of net sales for the twenty-six weeks ended July 30, 2011 was 3.8%, which is 0.7% higher than the same period last year.

The following table sets forth operating income/loss data by segment for the periods presented:

Segment Information (*dollars in thousands*)

	Thirteen Weeks Ended				Twenty-Six Weeks Ended

The operating loss for the retail trade segment for the thirteen week period ended July 30, 2011 compared to operating income for the same period in the prior year was due to the impact of lower sales and margin. The operating loss for the retail trade segment for the twenty-six week period ended July 30, 2011 compared to operating income for the same period in the prior year was due to the impact of lower sales and margin and higher operating, selling and administrative expenses, partially offset by lower occupancy costs. The operating loss of the electronic commerce trade segment increased for the thirteen week and twenty-six week periods ended July 30, 2011 due to lower margin.

Net interest expense was \$0.4 million, or 0.3% of net sales, for the thirteen weeks ended July 30, 2011, compared to \$0.2 million, or 0.1% of net sales, in the same period last year and was \$0.6 million, or 0.3% of net sales, in the twenty-six week period ended July 30, 2011, compared to \$0.3 million, or 0.1% of net sales in the twenty-six week period ended July 31, 2010. The increase in net interest expense was due to higher interest rates and higher average borrowing.

Liquidity and Capital Resources

Our primary sources of liquidity are cash flows from operations, including credit terms from vendors, and borrowings under our credit facility. On March 21, 2011, the Company entered into a credit agreement (the "Credit Agreement") for a new revolving credit facility (the "New Facility") with Bank of America, N.A. ("Bank of America"), as Administrative Agent, Swing Line Lender and Issuing Bank, and a group of participating financial institutions under which the Company may borrow up to the maximum principal amount of \$150.0 million, which may be increased to \$200.0 million under certain circumstances, and which will mature on March 21, 2016. Interest on borrowings under the New Facility is determined based upon the LIBOR rate plus an applicable margin (as defined in the New Facility). The Credit Agreement replaces the \$100.0 million credit facility (the "Prior Facility"), which was scheduled to expire in July 2011. As of July 30, 2011, there were outstanding borrowings under the New Facility of \$13.9 million, which bears interest at variable rates (2.16% as of July 30, 2011). The Company had no borrowings outstanding under the Prior Facility as of January 29, 2011. The face amount of letters of credit issued under the New Facility as of July 30, 2011 was \$7.9 million. The face amount of letters of credit issued under the Prior Facility as of January 29, 2011 was \$2.1 million. The maximum and average outstanding borrowings under the New Facility (including the face amount of letters of credit issued thereunder) during fiscal 2012 were \$41.9 million and \$23.5 million, respectively.

Table of Contents

During fiscal 1996 and fiscal 1995, the Company acquired and constructed certain warehouse and distribution facilities with the proceeds of loans made pursuant to an industrial development revenue bond (the *Bond*). As of July 30, 2011 and January 29, 2011, there was \$5.9 million outstanding, under the Bond, which bears interest at variable rates. The interest rate on the Bond was 1.3% and 1.4% at July 30, 2011 and January 29, 2011, respectively. The Bond has a maturity date of December 1, 2019, with a purchase provision obligating the Company to repurchase the Bond, unless extended by the bondholder. Pursuant to an Amended and Restated Bond Agreement dated June 30, 2011, the Company's subsidiary, American Wholesale Book Company, Inc., and Wells Fargo Bank, National Association (Wells Fargo) have agreed, among other things, (i) to extend the period during which Wells Fargo will hold the Bond until March 13, 2016, (ii) to replace the Original Guaranty with a new Continuing Guaranty executed by the Company and certain of its subsidiaries, including Booksamillion.com, Inc. and BAM Card Services, LLC, which obligation provides a maximum liability of \$5,880,000 for the Company and its affiliates, jointly and severally (the *New Guaranty*), and (iii) that American Wholesale will maintain a standby letter of credit equal at all times to at least the outstanding principal amount of the Bond, which shall have an initial stated amount of \$5,880,000, for the benefit of Wells Fargo.

Financial Position

Inventory balances were \$192.4 million as of July 30, 2011, compared to \$196.8 million as of January 29, 2011. The inventory decrease was due to management of inventory levels based on lower sales levels. Trade and related party accounts payable balances were \$80.7 million as of July 30, 2011, compared to \$91.6 million as of January 29, 2011. The decrease in trade and related party accounts payable was due to the timing of payments and lower inventory levels. Accrued expenses were \$31.5 million as of July 30, 2011, compared to \$37.4 million as of January 29, 2011. The decrease in accrued expenses was due to a reduction in the gift card liability, lower employee benefits accruals and lower deferral of club card income. The reduction of the gift card liability and employee benefits accruals traditionally occurs in the first half of the year due to usage of gift cards and payment of bonuses.

Future Commitments

The following table lists the aggregate maturities of various classes of obligations and expiration amounts of various classes of commitments of the Company at July 30, 2011 (in thousands):

<i>(in thousands)</i>	Payments Due Under Contractual Obligations(2)						Thereafter
	Total	FY 2012	FY 2013	FY 2014	FY 2015	FY 2016	
Short-term borrowings(1)	\$ 13,940	\$ 13,940	\$	\$	\$	\$	\$
Long-term debt industrial revenue bond	5,880						5,880
Subtotal of debt	19,820	13,940					5,880
Interest	335	37	76	74	74	74	
Operating leases(3)	139,793	17,563	29,634	25,010	21,643	16,297	29,646
Total of obligations	\$ 159,948	\$ 31,540	\$ 29,710	\$ 25,084	\$ 21,717	\$ 16,371	\$ 35,526

(1) Short-term borrowings represent borrowings under the \$150.0 million credit facility that are due in 12 months or less.

(2) This table excludes any amounts related to the payment of the \$1.7 million of income tax uncertainties, as the Company cannot make a reasonable estimate of the periods of cash settlements with the respective taxing authorities.

(3) Excludes obligations under store leases for insurance, taxes and other maintenance costs.

Guarantees

From time to time, we enter into certain types of agreements that require us to indemnify parties against third-party claims. Generally, these agreements relate to: (a) agreements with vendors and suppliers, under which we may provide customary indemnification to our vendors and suppliers in respect of actions they take at our request or otherwise on our behalf, (b) agreements with vendors who publish books or manufacture merchandise specifically for us to indemnify the vendors against trademark and copyright infringement claims concerning the books published or merchandise manufactured on our behalf, (c) real estate leases, under which we may agree to indemnify the lessors for claims arising from our use of the property, and (d) agreements with our directors, officers and employees, under which we may agree to indemnify such persons for liabilities arising out of their relationship with us. We maintain a Directors and Officers Liability Insurance Policy, which, subject to the policy's conditions, provides coverage for indemnification amounts payable by us with respect to our directors and officers up to specified limits and subject to certain deductibles.

Table of Contents

The nature and terms of these types of indemnities vary. The events or circumstances that would require the Company to perform under these indemnities are transaction and circumstance specific. The overall maximum amount of obligations cannot be reasonably estimated. Historically, the Company has not incurred significant costs related to performance under these types of indemnities. No liabilities have been recorded for these obligations on the Company's balance sheet at July 30, 2011 or January 29, 2011, as such potential liabilities are currently considered de minimis.

Cash Flows

Operating activities used cash of \$10.3 million and provided cash of \$7.2 million in the twenty-six week periods ended July 30, 2011 and July 31, 2010, respectively, and included the following effects:

Cash provided by inventories in the twenty-six week period ended July 30, 2011 was \$4.4 million and cash used by inventories in the twenty-six week period ended July 31, 2010 was \$1.6 million. The change versus the prior year was due to tighter inventory management.

Cash used for trade and related party accounts payable in the twenty-six week period ended July 30, 2011 was \$10.9 million and cash provided by trade and related party accounts payable in the twenty-six week period ended July 31, 2010 was \$4.7 million. The change from the prior year is primarily the result of the reduction of inventory and the timing of capital expenditures compared to the prior years.

Depreciation and amortization expenses were \$7.9 million and \$7.3 million in the twenty-six week periods ended July 30, 2011 and July 31, 2010, respectively. The increase versus the prior year was due to the timing of capital expenditures.

Cash used for accrued expenses, deferred rent and accrued income taxes was \$6.8 million and \$7.2 million in the twenty-six week periods ended July 30, 2011 and July 31, 2010, respectively. The change from last year results from the timing of payments primarily associated with income and real estate taxes.

Cash provided by accounts and related party receivables was \$1.6 million and cash used for accounts and related party receivables was \$0.9 million in the twenty-six week periods ended July 30, 2011 and July 31, 2010, respectively. The change from the prior year was due to collections associated with a construction allowance receivable, amounts due for magazine commissions and payments from customers.

Cash used in investing activities reflected a \$6.0 million and \$11.3 million net use of cash for the twenty-six week periods ended July 30, 2011 and July 31, 2010, respectively. Cash was used in the twenty-six week period ended July 30, 2011 to fund capital expenditures for renovations, opening of new stores and investments in management information systems.

Financing activities provided cash of \$13.3 million and \$2.6 million in the twenty-six week periods ended July 30, 2011 and July 31, 2010, respectively. Financing activities provided cash in the twenty-six week period ended July 30, 2011 from \$13.9 million of net borrowings under our credit facility and \$0.1 million in proceeds from the sale of common stock under the Employee Stock Purchase Plan, offset by dividend payments of \$0.8 million.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

We are subject to market risk from interest rate fluctuations on the New Facility and debt related to the Bond, which bear an interest rate that varies with LIBOR. We have cash and cash equivalents at financial institutions that are in excess of federally insured limits per institution. With the current financial environment and the instability of financial institutions, we cannot be assured that we will not experience losses on our deposits.

To illustrate the sensitivity of the results of operations to changes in interest rates on our debt, we estimate that an 11.5% increase or decrease in LIBOR rates would have changed interest expense by \$16,000 for the thirteen weeks ended July 30, 2011 based on average debt of \$25.3 million during such period. The average debt under the New Facility and the Bond was \$19.4 million and \$5.9 million, respectively, for the thirteen weeks ended July 30, 2011. For the twenty-six week period ended July 30, 2011, our average debt under the New Facility and the Prior Facility and the Bond was \$21.5 million. Similar changes in interest rates during this twenty-six week period would have resulted in additional interest expense of \$26,000. This fluctuation rate is based on the maximum LIBOR plus the current spread fluctuation in the last three years, which was experienced in fiscal year 2010.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We are committed to maintaining disclosure controls and procedures designed to ensure that information required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended (the Exchange Act), is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chairman and Chief Executive Officer, Executive Vice President and Chief Administrative Officer, Chief Financial Officer and the Board of Directors, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures and implementing controls and procedures based on the application of management's judgment.

As required by Rule 13a-15 under the Exchange Act, management, with the participation of our Chairman and Chief Executive Officer, Executive Vice President and Chief Administrative Officer and Chief Financial Officer (Principal Financial Officer), has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Exchange Act Rule 13a-15(e)) as of the end of the period covered by this report. Based upon their evaluation and subject to the foregoing, the Chairman and Chief Executive Officer, Executive Vice President and Chief Administrative Officer and the Chief Financial Officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

We regularly review our system of internal control over financial reporting and make changes to our processes and systems to improve controls and increase efficiency, while ensuring that we maintain an effective internal control environment. Changes may include such activities as implementing new, more efficient systems, consolidating activities and migrating processes.

There were no changes in our internal control over financial reporting that occurred during the period covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We are party to various legal proceedings incidental to our business. In the opinion of management, after consultation with legal counsel, the ultimate liability, if any, with respect to those proceedings is not presently expected to materially affect our financial position, results of operations, or cash flows.
