Pascal Claessens, Wim De Geetere, and Christoph Gesqueire ("Selling Shareholders"). A.N.E. is a Belgian limited liability company that provides information technology services to the business and government of all sizes in Belgium. The services provided by A.N.E. include mission-critical network infrastructure support, information assurance services, and design, development and implementation of enterprise information systems.

As set forth in the Share Purchase Agreement, the initial consideration paid by TechTeam Global NV/SA was E850,000. Of the initial consideration, E750,000 was paid to the Selling Shareholders of A.N.E., and the remaining E100,000 was placed in a holdback for a period of one year after closing for a working capital adjustment, if necessary, and to cover any potential claims for breach of representation and warranties. If there was no change in A.N.E.'s working capital from March 31, 2004 to May 13, 2004 and there are no claims for breach of representation and warranties, the holdback will be paid to the Selling Shareholders. If A.N.E. meets certain operating income targets over a three-year period, the purchase price paid to the Selling Shareholders of A.N.E. will increase an additional E150,000. The funds used to consummate the acquisition were from the Company's cash reserves. See also the Press Release announcing the acquisition issued on May 14, 2004, and attached hereto as Exhibit 99.
