Golden Telecom, Inc. filed a Form 8-K dated December 15, 2003 with regard to the acquisition of the 100% of the issued and outstanding shares of capital stock of OAO Comincom without the required financial information. Accordingly, Golden Telecom, Inc. is filing this Form 8-K/A to include that financial information.

ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS.

In August 2003, Golden Telecom, Inc. ("GTI" or the "Company") finalized the acquisition of 100% of OOO Sibchallenge Telecom ("Sibchallenge"), an alternative wireline operator in Krasnoyarsk, Russia. Sibchallenge owns 100% of the ownership interest in ZAO Tel, an Internet services provider, also based in Krasnoyarsk. The total purchase price of approximately \$15.4 million consisted of cash consideration of \$15.0 million and \$0.4 million in estimated direct transaction costs, including an investment banking fee of \$0.3 million paid to Belongers Limited, an affiliate of Alfa Telecom Limited, a shareholder of the Company. The purchase price was determined through arms' length negotiations

## Edgar Filing: GOLDEN TELECOM INC - Form 8-K/A

between the Company and the previous shareholders of Sibchallenge. The Company began consolidating Sibchallenge upon the date of closure.

In August 2003, GTI and wholly-owned subsidiaries of GTI entered into share exchange agreements with Nye Telenor East Invest AS ("Telenor") to acquire 100% of the issued and outstanding shares of capital stock of OAO Comincom ("Comincom") held by Telenor. Comincom is an Open Joint Stock Company incorporated under the laws of the Russian Federation. Upon closure, December 1, 2003, Telenor was issued GTI common stock such that Telenor held 19.5% of the outstanding common shares on the date of closing. For purposes of these condensed pro forma consolidated financial statements, the assumed closing date is September 30, 2003 resulting in 6,972,139 shares of GTI common stock assumed issued in conjunction with this transaction. The purchase price was determined through arms' length negotiation between the Company and Telenor. For purposes of this transaction, the 6,972,139 million shares were valued at \$28.31 per share. The estimated total purchase price of approximately \$199.3 million consisted of approximately \$197.4 million in GTI common stock and direct transaction costs of approximately \$1.9 million. Pursuant to a Shareholders' Agreement, Telenor is represented on the Company's Board of Directors. The Company began to consolidate the financial position and results of operations of Comincom upon the date of closure. The Company was advised by JP Morgan PLC. On December 1, 2003, GTI finalized the acquisition of Comincom. The estimated actual total gross consideration is approximately \$193.5 million, excluding direct transaction costs.

The acquisition of 100% of Comincom further strengthens the Company's position in the key Moscow and St. Petersburg communications markets, and positions the Company to realize future operating and cost synergies. Comincom provides telecommunications services, principally to major hotels, business offices and mobile communication companies through its telecommunications network in Russia, including Moscow, St. Petersburg, Voronezh, Samara and several other major population centers. The Company intends to use the assets of Comincom in the manner in which they were previously used.

### ITEM 7. FINANCIAL STATEMENTS AND EXHIBITS.

#### (a) Financial Statements of business acquired:

The balance sheets as of December 31, 2002 and 2001, and the related statements of income, stockholders' equity, and cash flow for each of the two years in the period ended December 31, 2002 of OAO Comincom are incorporated herein by reference from the Company's Definitive Proxy Statement dated October 31, 2003 (Commission File No. 0-27423).

#### (b) Pro forma financial statements:

The accompanying unaudited condensed pro forma consolidated financial statements give effect to the acquisition by GTI of 100% of Sibchallenge for approximately \$15.4 million in cash consideration, including direct transaction costs of \$0.4 million. In addition, the accompanying unaudited condensed

## Edgar Filing: GOLDEN TELECOM INC - Form 8-K/A

pro forma consolidated financial statements also give effect to the acquisition by GTI of 100% of Comincom and the related issuance of GTI's common shares and no cash consideration, except for direct transaction costs. The final purchase price allocation will be calculated based on the transaction value and the fair values of Comincom's identifiable assets and liabilities at the date of closure. Therefore, the actual goodwill amount, as well as other balance sheet items, could differ from the preliminary unaudited condensed pro forma consolidated financial statements presented herein, and in turn affect items in the preliminary condensed pro forma consolidated statement of operations, such as intangible asset amortization and income taxes.

The accompanying unaudited condensed pro forma consolidated balance sheet as of September 30, 2003 and accompanying unaudited condensed pro forma consolidated statements of operations for the year ended December 31, 2002 and for the nine month period ended September 30, 2003 were prepared based on the Company's interpretation of guidance issued by the United States Securities and Exchange Commission ("SEC") (specifically Section 11.02 of Regulation S-X). The unaudited condensed pro forma consolidated income statements for the year ended December 31, 2002 and for the nine month period ended September 30, 2003 give effect to the acquisitions as if the transactions had occurred on January 1, 2002. The unaudited condensed pro forma balance sheet as of September 30, 2003 gives effect to the Comincom acquisition as if the transaction had occurred on September 30, 2003.

GTI has presented these unaudited condensed pro forma consolidated financial statements for illustrative purposes only. The unaudited condensed pro forma consolidated financial statements are not necessarily indicative of the actual results of operations or financial position that would have occurred had the acquisitions occurred on the dates indicated, nor are they necessarily indicative of future operating results or financial position. No account has been taken within the unaudited condensed pro forma consolidated financial statements to any synergy or any severance and restructuring costs that may, or may be expected to, occur following the acquisition. The unaudited condensed pro forma consolidated financial statements are only a summary and should be read in conjunction with the historical consolidated financial statements and related notes of GTI and Comincom and other information included or incorporated by reference in this current report.

The estimated total purchase price of Comincom of approximately \$199.3 million consists of approximately \$197.4 million in GTI's common stock, representing 6,972,139 newly issued shares and estimated direct transactions costs of approximately \$1.9 million. The estimated value of the common stock was determined based on the average closing price of the Company's common stock for the five consecutive trading day's between September 26, 2003 and October 2, 2003 in accordance with the guidance set forth in Emerging Issues Task Force Technical Bulletin ("EITF") 99-12, "Determination of the Measurement Date for the Market Price of Acquirer Securities Issued in a Purchase Business Combination" ("EITF 99-12").

### NOTE 5 ALLOCATION OF PURCHASE PRICE

#### ACQUISITION OF COMINCOM

The acquisition of 100% of Comincom will be accounted for as a purchase business combination in accordance with US GAAP. As the transaction will reflect the acquisition of 100% interest in Comincom, the Company will record the net assets of Comincom at 100% of their estimated fair values.

The estimated total purchase price of approximately \$199.3 million consists of approximately \$197.4 million of GTI's common stock, representing an estimated 6,972,139 shares and estimated direct transaction costs of approximately \$1.9 million. Under US GAAP, securities issued in a purchase business combination should be valued at market prices for a reasonable period before and after the measurement date in determining the fair value of the securities issued. For the purposes of these unaudited pro forma consolidated financial statements, the purchase consideration has been estimated using a closing date of the transaction, the measurement date, of September 30, 2003. Accordingly, the GTI shares issued in consideration are valued based on the average closing price of the Company's common stock for the five consecutive trading days between September 26, 2003 and October 2, 2003, which was \$28.31 per share.

The purchase allocation will be finalized upon closure of the acquisition by GTI of 100% of the outstanding shares of capital stock of Comincom and completion of the valuation of certain tangible and intangible assets. The final purchase price allocation will be calculated based on the transaction value and the fair values of Comincom's identifiable assets and liabilities at the date of closure. Therefore, the actual goodwill amount, as well as other balance sheet items, could differ from the preliminary unaudited condensed pro forma consolidated financial statements presented herein, and in turn affect items in the preliminary condensed pro forma consolidated statement of operations, such as intangible asset amortization and income taxes. The excess purchase price over the fair value of the net tangible and intangible assets acquired of approximately \$82.5 million has been assigned to goodwill and is not deductible for tax purposes. In accordance with the Financial Accounting Standards Board's Statement on Financial Accounting Standard ("SFAS") No. 141, "Business Combinations" and SFAS No. 142 "Goodwill and Other Intangible Assets", the Company will not amortize the goodwill recorded in connection with the acquisition of 100% of Comincom. The goodwill will be tested for impairment at least annually. The impact of a one dollar change in the average closing price used to value the shares of common stock for the purpose of this transaction would result in an increase or decrease in goodwill of approximately \$7.0 million.

### ACQUISITION OF SIBCHALLENGE

The acquisition of 100% of Sibchallenge was accounted for as a purchase business combination in accordance with US GAAP. As the transaction reflects the acquisition of 100% of interest in Sibchallenge, the Company recorded the net assets of Sibchallenge at 100% of their estimated fair values.
