PROXY STATEMENT

This proxy statement provides information in connection with the solicitation of proxies by the Board of Directors (the Board) of Harman International Industries, Incorporated (the Company) for use at the Company's 2005 Annual Meeting of Stockholders or any postponement or adjournment thereof (the Meeting). This proxy statement also provides information you will need in order to consider and to act upon the matter specified in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the enclosed proxy card are being mailed to stockholders on or about September 12, 2005.

Holders of record of the Company's common stock (Common Stock) as of the close of business on September 8, 2005 are entitled to vote at the Meeting. Each stockholder of record as of that date is entitled to one vote for each share of Common Stock held. On September 8, 2005, there were 65,935,492 shares of Common Stock outstanding.

You cannot vote your shares of Common Stock unless you are present at the Meeting or you have previously given your proxy. You can vote by proxy in one of three convenient ways:

in writing: sign, date and return the proxy card in the enclosed envelope;

by telephone: within the U.S. or Canada, call the toll-free telephone number shown on your proxy card and follow the instructions; or

by Internet: visit the website shown on your proxy card and follow the instructions.

You may revoke your proxy at any time prior to the vote at the Meeting by:

delivering a written notice revoking your proxy to the Company's Secretary at the address above;

delivering a new proxy bearing a date after the date of the proxy being revoked; or

voting in person at the Meeting.

All properly executed proxies, unless revoked as described above, will be voted at the Meeting in accordance with your directions on the proxy. With respect to the election of directors, if you vote by proxy you may vote for both nominees, withhold your vote for both nominees, or withhold your vote as to a specific nominee. If a properly executed proxy gives no specific instructions, the shares of Common Stock represented by your proxy will be voted:

FOR the election of each of the two director nominees to serve until the Company's 2008 Annual Meeting of Stockholders; and

at the discretion of the proxy holders with regard to any other matter that is properly presented at the Meeting.

If you own shares of Common Stock held in street name, and you do not instruct your broker how to vote your shares using the instructions your broker provides you, your broker may choose not to vote your shares. To be sure your shares are voted in the manner you desire, you should instruct your broker how to vote your shares.

A majority of the outstanding shares of Common Stock must be present, in person or by proxy, to constitute a quorum at the Meeting. Directors will be elected by the vote of a plurality of the shares of Common Stock voted at the Meeting. If you withhold authority to vote for any director nominee, your shares will not be counted in the vote for that nominee.

The Company will pay the cost of preparing and mailing this proxy statement and the enclosed proxy card. Employees of the Company may solicit proxies personally and by telephone. The Company's employees will receive no compensation for soliciting proxies other than their regular salaries. The Company may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of these proxy materials to their principals and to request authority for the execution of proxies. The Company may reimburse such persons for their expenses in so doing.

**PROPOSAL FOR
ELECTION OF DIRECTORS**

At the Meeting, two directors will be elected to serve a three-year term expiring at the 2008 Annual Meeting of Stockholders. This section contains information relating to the two director nominees and the directors whose terms of office extend beyond the Meeting. The nominees for election are Sidney Harman and Shirley Mount Hufstedler, each of whom is currently a director. The Board expects that the nominees will be available for election at the time of the Meeting. If, for any reason, a nominee should become unavailable for election, the shares of Common Stock voted FOR that nominee by proxy will be voted for a substitute nominee designated by the Board, unless the Board reduces the number of directors.

The nominees for director will be elected by the affirmative vote of a plurality of the shares of Common Stock voted in person or by proxy at the Meeting.

The Board recommends a vote FOR election of each of the nominees.

THE BOARD, ITS COMMITTEES AND ITS COMPENSATION

The Board of Directors

The Board currently consists of seven directors. Four of the directors are independent directors and three directors are members of the Company's senior management. Each of the Company's non-management directors meets the qualifications for independence under the listing standards of the New York Stock Exchange.

Corporate Governance

The Board and senior management believe that one of their primary responsibilities is to promote a culture of ethical behavior throughout the Company by setting examples and by displaying a sustained commitment to instilling and maintaining deeply ingrained principles of honesty and decency. Consistent with these principles the Company has, among other things, adopted:

written charters for our Audit Committee, Compensation and Option Committee and Nominating and Governance Committee;

Corporate Governance Guidelines that describe the principles under which the Board operates; and

a Code of Ethics for Senior Executive and Financial Officers and Directors and a Code of Business Conduct applicable to all employees.

The committee charters, corporate governance guidelines and ethics codes are available on the Company's website (www.harman.com) in the Corporate Governance section of the Investor Information page. Copies of these documents are also available upon written request to the Company's Secretary. The Company will post information regarding any amendment to, or waiver from, its Code of Ethics for Senior Executive and Financial Officers and Directors on its website under the Corporate Governance section of the Investor Information page.

The Board will periodically review its corporate governance policies and practices. Based on these reviews, the Board expects to adopt changes to policies and practices that are in the best interests of the Company and as appropriate to comply with any new requirements of the Securities and Exchange Commission or the New York Stock Exchange.

Director Independence

As part of the Company's Corporate Governance Guidelines, the Board has established a policy requiring a majority of the members of the Board to be independent. The Board has also adopted a policy establishing independence standards to assist the Board in determining the independence of the non-management directors. Those standards reflect, among other things, the requirements under the listing standards of the New York Stock Exchange. The independence standards for non-management directors are attached to this proxy statement as *Appendix A*.

The Board has determined that each of the non-management directors, Ms. Hufstедler, Ms. Korologos, Mr. Meyer and Mr. Weiss, is independent of the Company and its management within the meaning of the New York Stock Exchange listing standards and satisfies the Company's independence standards.

Communications with the Board

Stockholders and other interested parties may communicate with the Board, the non-management directors or specific directors by mail addressed to: Board of Directors, c/o Harman International Industries, Incorporated, 8500 Balboa Boulevard, Northridge, California 91329, Attn: General Counsel. The mailing envelope should also clearly indicate whether the communication is intended for the Board, the non-management directors or a specific director. The General Counsel or the Internal Auditor will review all these communications and will, within a reasonable period of time after receiving the communications, forward all communications to the appropriate director or directors, other than those communications that are merely solicitations for products or services or relate to matters that are of a type that are clearly improper or irrelevant to the functioning of the Board or the business and affairs of the Company.

Board Meetings

The Board held three meetings during fiscal year 2005. Each director attended at least 75% of the Board meetings and at least 75% of the meetings of committees on which he or she served in fiscal year 2005.

The Board has established a policy that the non-management directors meet in executive session, without members of the Company's management present, at each regularly scheduled meeting of the full Board. These executive sessions are chaired by the non-management directors on a rotating basis.

Annual Meetings of Stockholders

As part of the Company's Corporate Governance Guidelines, the Board has adopted a policy that each director is expected to make reasonable efforts to attend stockholders meetings. All Board members attended the Company's annual stockholders meeting in November 2004.

Audit Committee

The Audit Committee consists of Ms. Hufstedler (Chairwoman), Ms. Korologos, Mr. Meyer and Mr. Weiss. During fiscal year 2005, the Audit Committee held three meetings. The Board has determined that each of the members of the Audit Committee is independent under the New York Stock Exchange listing standards and each is financially literate and experienced in financial matters. The Board has also determined that Ms. Hufstedler is an audit committee financial expert within the meaning of applicable Commission regulations. In making its determination, the Board considered Ms. Hufstedler's knowledge of, and experience with, financial and accounting matters gained through serving as Chair of the Company's Audit Committee and as a member of boards and audit committees of other public companies, as well as her experience in such matters as a practicing attorney, as judge in both California state courts and the U.S. Court of Appeals, and as Secretary of Education.

The Audit Committee assists the Board in its oversight of the Company's financial reporting, focusing on the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent auditor and the performance of the Company's internal audit function and independent auditor. The Audit Committee's primary responsibilities include:

acting as the direct contact with the Company's independent auditor, who is ultimately accountable to the Audit Committee and the Board;

appointing the independent auditor, setting the terms of compensation and retention for the independent auditor and overseeing the work of the independent auditor;

pre-approving all audit and non-audit services provided to the Company by the independent auditor, except for items exempt from pre-approval requirements under applicable law; and

acting in respect of all other matters as to which Audit Committee action is required by law or New York Stock Exchange listing standards.

The Audit Committee's responsibilities and key practices are more fully described in its written charter. A report of the Audit Committee appears on page 23 of this proxy statement.

Compensation and Option Committee

The Compensation and Option Committee, consisting of Ms. Hufstedler (Chairwoman) and Mr. Weiss, held three meetings during fiscal year 2005. Each of the members of the Compensation and Option Committee is independent under the New York Stock Exchange listing standards.

The Compensation and Option Committee assists the Board in overseeing executive compensation and administers the Company's executive bonus, option and incentive, deferred compensation and retirement plans. The Compensation and Option Committee's primary responsibilities include:

evaluating the performance of and establishing compensation for the Company's Executive Chairman and Chief Executive Officer;

establishing compensation levels for the Company's directors and executive officers and reviewing executive compensation matters generally;

making recommendations to the Board with respect to approval and adoption of all cash and equity based incentive plans; and

approving awards of options, restricted stock and other equity rights to executive officers.

The Compensation and Option Committee's responsibilities and key practices are discussed more fully in its charter. A report of the Compensation and Option Committee appears on page 11 of this proxy statement.

Nominating and Governance Committee

The Nominating and Governance Committee, consisting of Ms. Korologos (Chairwoman), Ms. Hufstedler, Mr. Meyer and Mr. Weiss, held two meetings in fiscal year 2005. Each of the members of the Nominating and Governance Committee is independent under the New York Stock Exchange listing standards.

The Nominating and Governance Committee assists the Board in carrying out its oversight responsibilities relating to the composition of the Board and certain corporate governance matters. The Nominating and Governance Committee's primary responsibilities include considering and making recommendations to the Board with respect to:

nominees for election to the Board consistent with criteria approved by the Board or the Nominating and Governance Committee, including director candidates submitted by the Company's stockholders; and

the Company's codes of conduct and corporate governance policies, and overseeing the evaluation of the performance of the Board and the Company's management against these policies.

The Nominating and Governance Committee's responsibilities and key practices are more fully described in its charter.

Director Nominees. The Nominating and Governance Committee utilizes a variety of methods for identifying and evaluating director nominees. The Committee may consider candidates recommended by the Company's directors, members of management, professional search firms or stockholders. These candidates may be considered at any point during the year.

Qualifications. In evaluating nominees for election as a director, the Nominating and Governance Committee considers a number of factors, including the following:

personal and professional qualities, characteristics, attributes, accomplishments and reputation in the business community and otherwise;

reputation in a particular field or area of expertise;

current knowledge and contacts in the markets in which the Company does business and in the Company's industry and other industries relevant to the Company's business;

the ability and willingness to participate fully in board activities, including attendance at, and active participation in, meetings of the board and its committees;

the skills and personality of the nominee and how the Committee perceives the nominee will fit with the existing directors and other nominees in maintaining a board that is collegial and responsive to the needs of the Company and its stockholders;

the willingness to represent the best interests of all of the Company's stockholders and not just one particular constituency; and

diversity of viewpoints, background and experience, compared to those of existing directors and other nominees.

The Nominating and Governance Committee will also consider other criteria for director candidates included in the Company's Corporate Governance Guidelines or as may be established from time to time by the Board.

Stockholder Recommendations. The Nominating and Governance Committee will evaluate any director candidates recommended by a stockholder in the same manner as candidates otherwise identified by the Nominating and Governance Committee. The Company has never received any recommendations for director candidates from stockholders. In considering director candidates recommended by stockholders, the Nominating and Governance Committee also takes into account such factors as it considers relevant, including the length of time that the submitting stockholder has been a stockholder of the Company and the aggregate amount of the submitting stockholder's investment in the Company.

Stockholders may recommend candidates at any time, but to be considered by the Nominating and Governance Committee for inclusion in the Company's proxy statement for the next annual meeting of stockholders, recommendations must be submitted in writing no later than 120 days before the first anniversary of the date of the proxy statement sent to stockholders in connection with the previous year's annual meeting. A stockholder's notice must contain the following:

the name of the stockholder recommending the director candidate for consideration, the name of the director candidate, and the written consent of the stockholder and the director candidate to be publicly identified;

a written statement by the director candidate agreeing to be named in the Company's proxy materials and serve as a member of the Board if nominated and elected;

a written statement by the stockholder and the director candidate agreeing to make available to the Nominating and Governance Committee all information reasonably requested in connection with the Nominating and Governance Committee's consideration of the director candidate; and

the director candidate's name, age, business and residential address, principal occupation or employment, number of shares of the Company's common stock and other securities beneficially owned, a resume or similar document detailing personal and professional experiences and accomplishments, and all other information relating to the director candidate that would be required to be disclosed in a proxy statement or other filing made in connection with the solicitation of proxies for the election of directors, the Commission regulations and the New York Stock Exchange listing requirements.

The stockholder's notice must be signed by the stockholder recommending the director candidate for consideration and sent to the following address: Harman International Industries, Incorporated, 8500 Balboa Boulevard, Northridge, California 91329, Attn: Secretary (Nominating and Governance Committee Communication/ Director Candidate Recommendation).

Director Compensation

Cash Compensation. Non-management directors receive an annual fee of \$40,000, plus \$1,500 for each committee meeting attended on a day other than the day of a Board meeting. The Company does not pay fees to directors who are officers of the Company or its subsidiaries. The Company reimburses all directors for expenses incurred in attending Board and committee meetings.

Equity-Based Compensation. The Stock Option and Incentive Plan provides that each non-management director who served during the prior fiscal year and continues to serve on the Board will receive an option to purchase 6,000 shares of Common Stock after each Annual Meeting of Stockholders. Each non-management director is also eligible for an additional option to purchase 1,500 shares of Common Stock if the Company achieves a return on consolidated equity for the prior fiscal year of at least 9% but less than 13%, or an additional option to purchase 3,000 shares of Common Stock if the Company achieves a return on consolidated equity of 13% or more. The exercise price of the options is the fair market value of the shares of Common Stock on the date of the grant. Each option vests at a rate of 20% per year and expires 10 years after the date of grant. For services rendered in fiscal year 2005, each non-management director will receive an option to purchase 6,000 shares of Common Stock under the Stock Option and Incentive Plan and will receive an option to purchase 3,000 shares of Common Stock as a result of the Company achieving the required return on consolidated equity outlined above. The number of shares provided to non-management directors reflects an adjustment to this Plan in connection with a two-for-one stock split effective in November 2003.

REPORT OF THE COMPENSATION AND OPTION COMMITTEE

Executive Compensation Generally

We oversee the Company's executive compensation program. Our Committee is comprised solely of independent directors, chaired by Ms. Hufstedler. Our Committee's charter authorizes us to retain outside advisors with respect to compensation matters, and we do consult with outside advisors from time to time in our decision-making.

We think that the three key elements of the Company's executive compensation program are:

base salaries determined in light of competitive pay practices, historical pay rates and performance evaluations;

cash bonus awards tied to annual results of operations; and

stock options and other equity awards to directly link the longer-term financial interests of management with stockholder interests.

The Company also has in place for senior management retirement, welfare benefit and change-in-control arrangements which we believe are generally within the mainstream of similar benefits provided by comparable companies.

Salary. We establish base salaries for senior management in light of historical practice, competitive pay data and performance reviews. We assess competitive pay rates by reference to market data, and review company and individual performance at the end of each fiscal year.

We reviewed the Company's results of operations for fiscal year 2004 and competitive pay practices data in setting base pay for senior management for fiscal year 2005. Some of the data were obtained from surveys furnished by outside compensation consulting firms concerning practices among comparable companies in the electrical and electronics industries. Consistent with the Company's historical practice, we sought to establish base salaries for fiscal year 2005 at the 50th-75th percentile of base salaries for the survey group of companies. In the future, we may apply different parameters, generally, or in a particular case.

Annual Incentive Compensation. The Company provides cash bonuses to executive officers, including executives in the cash compensation table appearing later in the Company's proxy statement. We believe that these bonuses qualify as performance-based compensation for tax purposes, and therefore are fully deductible. Under the Company's bonus plan, we establish a return on stockholders' equity target for each fiscal year and awards payable if that target is reached. These targets for fiscal year 2005 were exceeded.

Equity Based Compensation. The Company's equity incentive plan authorizes the award of options, restricted stock or other equity-linked awards to full-time employees we select. The Company has historically awarded stock options to senior managers, including the five executives included in the cash compensation table on page 13, but not substantial amounts of restricted stock or other equity-linked awards. The Company records the cost of options as expense in its financial statements. The level of awards for recent years has been based on our assessment of competitive practice, prior performance and overall cost to the Company, as well as our assessment of the value of potential awards under traditional option valuation techniques. In the last few years, the value of these awards has ultimately proven to be substantial as a result of the increase in market prices for the Company's stock. While we expect to consider this in making future awards, our current thinking is that the Company and its stockholders have benefited

proportionately with management as a result of the increases in long-term stockholder value and that options continue to be an appropriate means to align stockholder and management interests. We are, of course, aware of the views expressed in some quarters that options may no longer be an appropriate type of management incentive. While we do not concur with that view, we will continue to monitor the evolution of approaches to long-term incentive compensation.

Although the Company has not established formal share ownership requirements, management is generally expected to retain a substantial equity stake in the Company, whether directly or through equity-linked awards. The Company's historical practice has been based on the view that it is appropriate to permit equity appreciation to be used to satisfy tax and other obligations related to prior equity awards and recognizes the need for some flexibility in light of the very substantial increase in equity values over the past several years and, in certain instances, the substantial periods in which certain of our senior managers have worked at the Company.

Compensation of Executive Chairman and Chief Executive Officer

During fiscal year 2005, Dr. Harman, the Company's Executive Chairman, was paid a base salary of \$1,037,500 and Mr. Girod, the Company's CEO, was paid a base salary of \$1,004,167. Their salaries were based mainly on their leadership in creating a corporate environment consistent with the Board's governance objectives, the Company's accelerated growth in sales, earnings and overall results during fiscal year 2004, its historical practices and competitive pay data we reviewed. Cash bonus awards were \$2,000,000 for Dr. Harman and \$1,900,000 for Mr. Girod as a result of the Company's strong financial and operational performance.

In September 2004, we authorized option grants to each of Dr. Harman and Mr. Girod to purchase 100,000 shares of Common Stock at an exercise price of \$98.62 per share, the market value of the Common Stock on the date of the grant. The award levels were substantively consistent with those for prior years. Each option vests at a rate of 20% per year, commencing on the first anniversary of the grant date, and expires 10 years after the date of grant.

Deferred Compensation Plan

The Company's Deferred Compensation Plan provides supplemental retirement benefits for executive officers designated by the Deferred Compensation Plan's administrative committee. The Compensation and Option Committee administers this Plan. Prior to the beginning of each fiscal year, each plan participant may elect to defer up to 100% of his or her annual base salary and bonus on a pre-tax basis to a deferral account. These amounts are always fully vested, subject to a 10% penalty on any unscheduled withdrawals. The Company may decide to make contributions on a pre-tax basis to a plan participant's account, subject to a vesting schedule. In the event of a change in control of the Company, any unvested amounts vest immediately and the Company indemnifies the plan participant for any expense incurred in enforcing his or her rights under the Deferred Compensation Plan.

Plan participants specify that portion of their accounts to be deemed invested in designated benchmark funds. The Company credits earnings to the accounts based on the rate of return of the designated funds. Upon retirement or termination of employment other than due to death, plan participants may receive their account balances in the form of a lump-sum payment or in annual installments. In the event of death prior to the commencement of benefits or during payment of installments, the balances in a plan participant's vested accounts as of the date of death are payable to the plan participant's beneficiaries.

Supplemental Executive Retirement Plan

The Company's Supplemental Executive Retirement Plan (Supplemental Plan) provides supplemental retirement, termination and death benefits to certain executive officers and key employees designated by the Board. The Compensation and Option Committee administers the Supplemental Plan. Each of the named executive officers, other than Dr. Geiger, has been designated as a participant in the Supplemental Plan. Dr. Harman has 25 years, Mr. Girod 18 years, Mr. Meredith 20 years and Mr. Palin 17 years of service credited under the Supplemental Plan. All Supplemental Plan benefits are subject to deductions for Social Security and federal, state and local taxes.

Retirement Benefit. Retirement benefits are based on the average of the participant's highest cash compensation (base salary and bonus) during any five consecutive years of employment by the Company (Average Cash Compensation). Participants retiring at age 65 or older receive an annual retirement benefit equal to either (a) 3% of Average Cash Compensation per year of service up to a maximum of 50%, or (b) 2% of Average Cash Compensation per year of service up to a maximum of 30%, as designated by the Company. Each of Dr. Harman, Mr. Girod and Mr. Meredith has been designated as a participant entitled to receive an annual retirement benefit of up to 50% of Average Cash Compensation, and Mr. Palin has been designated as a participant entitled to receive an annual retirement benefit of up to 30% of Average Cash Compensation. If a participant's employment is terminated for any reason other than death within three years after a change in control of the Company, the participant vests with the maximum designated retirement benefit regardless of age or years of service and the Company indemnifies the participant for any expense incurred in enforcing the participant's rights in the retirement benefit under the Supplemental Plan. Unless another form of payment is approved by the administrative committee for the Supplemental Plan, benefits are payable monthly in the form of a life annuity. If the participant dies after benefits have commenced but prior to receiving 10 years of benefits, they are paid to the participant's beneficiary for the remainder of that period.

The following table sets forth the annual maximum retirement benefits that would be received under the Supplemental Plan at the specified Average Cash Compensation levels after the specified years of service:

| Remuneration | Years of Service | | | | |
|--------------|------------------|---------|-----------|-----------|-----------|
| | 3 | 6 | 9 | 12 | 15 |
| 1,000,000 | 100,000 | 200,000 | 300,000 | 400,000 | 500,000 |

Termination Benefit. A participant who retires or whose employment is terminated prior to age 65 with at least 15 years of service, and who is not otherwise entitled to benefits under the Supplemental Plan, is entitled to an annual termination benefit equal to either (a) 30% of Average Cash Compensation, increased by 4% for each year of service over 15 years, up to a maximum of 50%, or (b) 15% of Average Cash Compensation, increased by 3% for each year of service over 15 years, up to a maximum of 30%, as designated by the Company. Each of the participating named executive officers has been designated as a participant entitled to receive an annual termination benefit of up to 50% of Average Cash Compensation. The termination benefit commences upon the later of termination of the participant's employment, other than due to death, or the participant reaching age 55. Termination benefits are payable in the same manner as retirement benefits.

The following table sets forth the annual maximum termination benefits that would be received under the Supplemental Plan at the specified Average Cash Compensation levels after the specified years of service:

Death Benefit. A pre-retirement death benefit equal to two or three times the highest annual cash compensation achieved by a participant during his or her employment with the Company is paid to the beneficiaries of a participant who dies prior to the commencement of benefits under the Supplemental Plan. Each of the participating named executive officers has been designated as a participant entitled to receive a death benefit equal to three times his highest annual cash compensation. The benefit is paid to the participant's designated beneficiary in a single lump sum or, at the request of the beneficiary and with the consent of the administrative committee, the benefit may be paid in another form providing the actuarial equivalent of the lump-sum payment. Any death benefit payable to Dr. Harman's designated beneficiary will be paid in five equal annual installments, providing the actuarial equivalent of the lump-sum payment otherwise due.

2002 Key Executive Officers Bonus Plan

Under the Company's 2002 Key Executive Officers Bonus Plan, each of the named executive officers other than Mr. Palin is eligible to receive cash awards each fiscal year that a predetermined return on stockholder equity goal is met. This Plan is administered by the Compensation and Option Committee, which establishes the target bonuses and the stockholder equity goal each fiscal year. In the event of a change in control of the Company, each plan participant is entitled to the award amount for that fiscal year without proration or any other deduction, provided that he or she is employed by the Company at the time of the change in control or, if the plan participant is no longer employed by the Company, the plan participant's employment is terminated after commencement of discussions that resulted in a change of control of the Company but within 180 days prior to the change in control.

Severance and Employment Agreements

The Company has entered into severance agreements with each of Dr. Harman, Mr. Girod, and Mr. Meredith. The severance agreements also provide that the Company will pay the executive officer an additional amount for excise taxes, subject to a limitation based on the overall cost of the severance agreements, including any additional payment for excise taxes. Unless the executive officer or the Company notifies the other by September 30 that it does not wish the agreement to be extended, each severance agreement is automatically extended on the following January 1 for an additional year.

STOCK PRICE PERFORMANCE GRAPH

The following graph compares changes in cumulative total returns (assuming reinvestment of cash dividends) on shares of the Common Stock for the five-year period ending June 30, 2005 against the S&P Composite-500 Stock Index, the S&P 500 Consumer Discretionary Index and a Company-selected peer group comprised of Boston Acoustics, Inc., Emerson Radio, Koss Corp., Pioneer Corporation (ADRs), Sensory Science Corporation (through July 2001 only), and Sony Corp. (American shares). The stock price performance graph assumes an initial investment of \$100 at the market close on June 30, 2000. Dates on the chart represent the last trading day of the indicated fiscal year. The stock price performance shown on the graph below is not necessarily indicative of future performance of the shares of Common Stock.

The disclosure in this year's graph was changed to include the S&P 500 Consumer Discretionary Index, a published industry index of approximately 89 companies. The Company made this change in order to compare the Company's total stockholder return performance against a broader-based index rather than against the smaller peer group of six companies. The Company plans to use the S&P 500 Consumer Discretionary Index in place of the peer group in future years. In accordance with the Commission's rules, both the S&P 500 Consumer Discretionary Index and the peer group are included in the graph below.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership with the Commission. Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's directors and executive officers, the Company believes that all Section 16(a) filing requirements applicable to its directors and executive officers were complied with during fiscal year 2005, except that each of Dr. Geiger, Mr. Girod, Dr. Harman, and Mr. Meredith inadvertently filed one late Form 4 relating to an option grant on September 3, 2004; Dr. Geiger inadvertently filed two late Form 4s relating to sales of Common Stock on October 2, 2004 and December 10, 2004; Mr. Palin inadvertently filed one late Form 4 relating to a sale of Common Stock on November 9, 2004; and Gregory Stapleton, a former director and executive officer, inadvertently filed one late Form 4 relating to a sale of Common Stock on October 7, 2004.

STOCKHOLDER PROPOSALS FOR 2006 ANNUAL MEETING OF STOCKHOLDERS

In order to be included in the Company's proxy materials for the 2006 Annual Meeting of Stockholders, a stockholder proposal must be received in writing by the Company at 1101 Pennsylvania Avenue, N.W., Suite 1010, Washington, D.C. 20004 by May 12, 2006, and otherwise comply with all requirements of the Commission for stockholder proposals. In addition, the Company's By-Laws provide that any stockholder who desires to bring a proposal before an annual meeting must give timely written notice of the proposal to the Company's Secretary. To be timely, the notice must be delivered to the above address not less than 60 nor more than 90 days before the first anniversary of the date on which the Company first mailed its proxy materials for the immediately preceding annual meeting. Stockholder proposals for the 2006 Annual Meeting must be received not later than July 10, 2006. However, the Company's By-Laws also provide that if an annual meeting is called for a date that is not within 30 days before or after the anniversary of the prior year's annual meeting, then stockholder proposals for that annual meeting must be received no later than the close of business on the 10th day following the day on which public announcement is first made of the date of the upcoming annual meeting. The notice must also describe the stockholder proposal in reasonable detail and provide certain other information required by the By-Laws. A copy of the By-Laws is available upon request from the Company's Secretary.

Notice of a stockholder's intent to make a nomination for director at the 2006 Annual Meeting of Stockholders must be received by the Secretary of the Company 90 days in advance of the annual meeting. The notice must include certain information regarding the nominees as required by the By-Laws. Stockholders may also submit recommendations for director candidates to the Nominating and Governance Committee by following the procedures described on page 9 of this proxy statement.
