INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Committee of
The 401(k) Savings Plan for ACS Government Solutions Group

We have audited the accompanying statements of net assets available for benefits of The 401(k) Savings Plan for ACS Government Solutions Group ("Plan") as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by

Edgar Filing: AFFILIATED COMPUTER SERVICES INC - Form 11-K

management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Connecticut General Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2000 that the information provided to the plan administrator by the trustee is complete and accurate.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note 6, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the plan as of December 31, 2000 and the changes in net assets available for benefits for the year ended December 31, 2000 in conformity with generally accepted accounting principles.

7

The 401(k) Savings Plan for ACS Government Solutions Group
Page two

Our audit of the Plan's financial statements was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule on page 11 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, except for the effects on the Schedule of Assets Held For Investment Purposes of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information as described in the second preceding paragraph, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1. PLAN DESCRIPTION (CONTINUED)
 FUNDING (CONTINUED)

Participating employees may contribute up to fifteen percent of covered compensation through payroll deductions or the maximum amount permitted under applicable Internal Revenue Service provisions. The Company matches each participant's salary reduction contributions equal to 100% of the first 2% and 25% of the next 4% of such participant's compensation. In the prior year, the Company made matching contributions of 25% up to 5% of participant's compensation. The Company may change the rate of matching contributions at any time by notifying participants in sufficient time to adjust their salary reduction contributions prior to the start of the period in which the new matching contribution percentage applies. In addition, the Company may make a discretionary matching contribution to the Plan, based on a percentage of the participant's salary reduction contributions.

ALLOCATION

Each participant's account is credited with the participant's and Company's matching contribution and allocated to each participant's account upon receipt. Investment income or loss is allocated daily based on the ratio of each participant's account balance at the end of each day.

Company discretionary contributions are allocated among the participants on the last day of the Plan year and in the same proportion that the entitled participant's compensation for such Plan year bears to the total compensation of all entitled participants.

PARTICIPANT NOTES RECEIVABLE

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the Participant Notes fund. Loan terms are not to exceed five years, unless for the purpose of acquiring a principal residence, in which case the loan may not be in excess of ten years. The balance in the participant's account secures the loans. The interest rates are determined by the trustee using the prime rate. An interest rate of 7.00% to 10.5% was charged during 2000. Principal and interest is paid ratably through regular payroll deductions. Participant notes receivable are valued at cost which approximates fair values.

TERMINATION

The Company's Board of Directors may terminate the Plan at any time. Upon termination, the Board of Directors may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan. In addition, upon termination of the Plan, participants' vested interest in employer contributions shall be 100%.

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or one of various installment payments available under the Plan.

FORFEITURES

Forfeitures are first used to reinstate previously forfeited account balances of rehired former participants and any remaining forfeitures serve to reduce the employer contributions. The Company reduced its matching contribution by \$218,754 of forfeitures for the year ended December 31, 2000.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, such as fair value. Accordingly, actual results may differ from those estimates.
