There can be no assurance as to the timing of the closing of the merger, or whether the merger will close at all, or that the expected synergies and cost savings will be realized. Factors that could cause results to differ from expectations include the level of market demand for the products of the companies, competitive pressures, economic conditions in the U.S. and other countries where the companies operate, working capital needs, information technology spending, the ability to achieve reductions in costs, price fluctuations of raw materials and the potential unavailability thereof, foreign currency fluctuations, technological obsolescence, environmental matters, industry competition and other specific factors discussed in Belden's Annual Report on Form 10-K filed with the SEC on March 14, 2003 and CDT's Annual Report on Form 10-K filed with the SEC on October 29, 2003. Belden and CDT assume no responsibility to update any forward-looking statements as a result of new information or future developments.
