PROXY STATEMENT

For Annual General Meeting of Members
To Be Held on April 22, 2004

GENERAL

This proxy statement is furnished to members of Noble Corporation (the Company) in connection with the solicitation by our board of directors of proxies for use at the annual general meeting of members to be held at the time and place and for the purposes set forth in the accompanying notice. The approximate date of mailing of this proxy statement and the accompanying proxy or voting instruction card is March 18, 2004.

Proxies and Voting Instructions

If you hold ordinary shares, par value \$.10 per share, of the Company (Ordinary Shares) in your name, you can submit your proxy in three convenient ways:

Telephone Call toll free 1-866-205-9019 (24 hours a day, seven days a week) and follow the instructions given. You will need to give the Control Number set forth on your proxy card accompanying this proxy statement. This method of submitting your proxy is available for residents of the United States and Canada only, and is available until 5:00 p.m., Eastern Time, on Wednesday, April 21, 2004.

Internet Visit <http://proxyvotenow.com/ne>. Enter the Company Number and Control Number from your proxy card and follow the instructions given. This method of submitting your proxy will be available until 5:00 p.m., Eastern Time, on Wednesday, April 21, 2004.

Proxy Card Complete, sign and date your proxy card and mail it in the postage paid envelope provided. Proxy cards must be received by us before voting begins at the annual general meeting.

If you hold Ordinary Shares through someone else, such as a bank, broker or other nominee, you may get material from them asking you how you want to vote your shares. You should check to see if they offer telephone or Internet voting.

You may revoke your proxy at any time prior to its exercise by:

Giving written notice of the revocation to our corporate secretary;

Appearing and voting in person at the annual general meeting; or

Properly submitting a later-dated proxy by telephone, via the Internet or by delivering a later-dated proxy card to our corporate secretary.

If you attend the annual general meeting in person without voting, this will not automatically revoke your proxy. If you revoke your proxy during the meeting, this will not affect any vote previously taken. If you hold Ordinary Shares through someone else, such as a bank, broker or other nominee, and you desire to revoke your proxy, you should follow the instructions provided by your nominee.

If you were a participant in the Noble Drilling Corporation 401(k) Savings Plan on the record date for the meeting, you should receive a voting instruction card. You can provide instructions to the plan trustee as to how to vote Ordinary Shares held in the plan by calling the telephone number or visiting the Internet site as set forth above, or by completing, signing and dating the voting instruction card and mailing it in the postage paid envelope.

Voting Procedures and Tabulation

The Company will appoint one or more inspectors of election to act at the annual general meeting and to make a written report thereof. Prior to the annual general meeting, the inspectors will sign an oath to perform their duties in an impartial manner and according to the best of their ability. The inspectors will ascertain the number of Ordinary Shares outstanding and the voting power of each, determine the Ordinary Shares represented at the annual general meeting and the validity of proxies and ballots, count all votes and ballots, and perform certain other duties as required by law. The determination of the inspectors as to the validity of proxies will be final and binding.

Abstentions and broker non-votes (i.e., proxies submitted by brokers that do not indicate a vote for a proposal because they do not have discretionary voting authority and have not received instructions as to how to vote on the proposal) are counted as present in determining whether the quorum requirement for the annual general meeting is satisfied. For purposes of determining the outcome of any matter to be voted upon as to which the broker has indicated on the proxy that the broker does not have discretionary authority to vote, these shares will be treated as not present at the meeting and not entitled to vote with respect to that matter, even though those shares are considered to be present at the meeting for quorum purposes and may be entitled to vote on other matters. Abstentions, on the other hand, are considered to be present at the meeting and entitled to vote on the matter abstained from.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded entirely from the vote and will have no effect. Broker non-votes and other limited proxies will have no effect on the outcome of the election of directors.

With regard to the proposal to approve the appointment of independent auditors for 2004, which requires the affirmative vote of a majority of the Ordinary Shares present at the meeting and entitled to vote thereon, an abstention will have the same effect as a vote against the proposal. Broker non-votes and other limited proxies will have no effect on the outcome of the vote with respect to this proposal.

VOTING SECURITIES

Our only outstanding voting securities are our Ordinary Shares. Only holders of record of Ordinary Shares at the close of business on March 4, 2004, the record date for the annual general meeting, are entitled to notice of and to vote at the annual general meeting. On the record date for the annual general meeting, there were 134,515,639 Ordinary Shares outstanding and entitled to be voted at the annual general meeting. A majority of such shares, present in person or represented by proxy, is necessary to constitute a quorum. Each Ordinary Share is entitled to one vote. Under Cayman Islands law, the holders of our Ordinary Shares do not have appraisal rights with respect to matters to be voted upon at the annual general meeting.

ADDITIONAL INFORMATION REGARDING THE BOARD OF DIRECTORS

Board Independence

The board of directors has determined that each of the seven non-management directors of the Company qualifies as an independent director under the NYSE corporate governance rules and that each member of the audit committee qualifies as independent under Rule 10A-3 under the United States Securities Exchange Act of 1934 (the Exchange Act). These seven independent, non-management directors comprise in full the membership of each committee described below under Board Committees and Meetings.

In accordance with the Company's corporate governance guidelines, the non-management directors have chosen a lead director to preside at regularly scheduled executive sessions of the Board held without management present. Mr. Little currently serves in that role.

For additional information regarding the determination of independence of directors, see Certain Transactions below in this section.

Board Committees and Meetings

The Company has standing audit, compensation, nominating and corporate governance, and finance committees of the board of directors. Each of these committees operates under a written charter that has been adopted by the respective committee and by the Board. The charters are published under the governance section of the Noble website at www.noblecorp.com.

The current members of the committees, number of meetings held by each committee during 2003, and a description of the functions performed by each committee are set forth below:

Audit Committee (five meetings). The current members of the audit committee are Jack E. Little, Chairman, Lawrence J. Chazen, Mary P. Ricciardello and William A. Sears. Each of the members (except Ms. Ricciardello, who became a committee member after she joined the Board in October 2003) attended all meetings of the audit committee. The primary responsibilities of the audit committee are to select and retain the Company's auditors (including review and approval of the terms of engagement and fees), to review with the auditors the Company's financial reports (and other financial information) provided to the SEC and the investing public, to prepare and publish an annual report for inclusion in this proxy statement, and to assist the board of directors with oversight of the following: integrity of the Company's financial statements; compliance by the Company with standards of business ethics and legal and regulatory requirements; qualifications and independence of the Company's independent auditors; and performance of the Company's independent auditors and internal auditors. A copy of the charter of the audit committee is attached as Annex A to this proxy statement. The board of directors has determined that Ms. Ricciardello is an audit committee financial expert as that term is defined under the applicable SEC rules and regulations. The audit committee's report relating to 2003 begins on page 19 of this proxy statement.

Compensation Committee (six meetings). The current members of the compensation committee are Michael A. Cawley, Chairman, Luke R. Corbett and Marc E. Leland. Each of the members attended all meetings of the compensation committee. The primary responsibilities of the compensation committee are to discharge our board of director's responsibilities relating to compensation of directors and executive officers, to assist the board of directors in reviewing and administering compensation, benefits, incentive and share-based compensation plans, and to produce an annual report on executive compensation. The compensation committee's report relating to 2003 begins on page 11 of this proxy statement.

Nominating and Corporate Governance Committee (four meetings). The current members of the nominating and corporate governance committee are Lawrence J. Chazen, Chairman, Michael A. Cawley and Mary P. Ricciardello. Each of the members (except Ms. Ricciardello, who became a committee member after she joined the Board in October 2003) attended all meetings of the nominating and corporate governance committee. The primary responsibility of the nominating and corporate governance committee is to assist the board of directors in reviewing, evaluating, selecting and recommending director nominees when one or more directors are to be appointed, elected or re-elected to the Board. The nominating and corporate governance committee is also responsible for overseeing, developing and recommending to the board of directors a set of principles, policies and practices relating to corporate governance.

Members entitled to vote for the election of directors may recommend candidates for nomination in accordance with the policy and procedures set forth in article 57 of the Company's articles of association. Recommended nominees must satisfy the age qualifications set forth in article 54 of the Company's articles of association. A copy of articles 54 and 57 is included in Annex B attached to this proxy statement. The nominating and corporate governance committee believes that directors should possess the highest personal and professional ethics, character, integrity and values; an inquisitive and objective perspective; practical wisdom; and mature judgment. Directors must be willing to devote sufficient time to discharging their duties and responsibilities effectively, and they should be committed to serving on

the Board for an extended period of time. The nominating and corporate governance committee endeavors to have a Board representing diverse experience in policy-making positions in areas that are relevant to the Company's lines of business and areas of operations worldwide.

The nominating and corporate governance committee's process for identifying candidates includes seeking recommendations from one or more of the following: current and retired directors and executive officers of the Company; a firm or firms that specialize in identifying director candidates (which firm may

earn a fee for its services paid by the Company); persons known to directors of the Company in accounting, legal and other professional service organizations or educational institutions; and, subject to compliance with applicable procedures, members of the Company. The nominating and corporate governance committee's process for evaluating candidates includes investigation of the person's specific experiences and skills, time availability in light of commitments, potential conflicts of interest, and independence from management and the Company. Candidates recommended by a member are evaluated in the same manner as are other candidates. We did not receive any recommendations from members of the Company for director nominees for the 2004 annual general meeting.

Finance Committee (four meetings). The current members of the finance committee are Marc E. Leland, Chairman, Luke R. Corbett and William A. Sears. Each of the members attended all meetings of the finance committee. The primary responsibility of the finance committee is to assist our board of directors in fulfilling its oversight function with respect to our financial affairs and policies, including capital requirements and structure, share repurchase programs, dividend policy, and long-range financial strategic planning.

Under the Company's policy on director attendance at annual general meetings of members, all directors are expected to attend each annual general meeting, and any director who should become unable to attend the 2004 annual general meeting is responsible for notifying the Chairman of the Board in advance of the meeting. At the date of this proxy statement, we know of no director who will not attend the 2004 annual general meeting. In 2003, all directors attended the annual general meeting of members.

In 2003, the board of directors held five meetings. All persons serving the Company as director on the meeting dates attended all of the 2003 Board meetings.

Compensation Committee Interlocks and Insider Participation. Messrs. Cawley, Corbett and Leland, the current members of the compensation committee, were the only persons who served on the committee during 2003. For additional information regarding Mr. Corbett, see "Certain Transactions" below in this section.

Member Communications with Directors

The board of directors has approved the following process for members and other security holders of the Company to send communications to the Board. To contact all directors on the Board, all directors on a Board committee, an individual director, or the non-management directors of the Board as a group, the member or other security holder can:

mail Noble Corporation, Attention: Corporate Secretary, 13135 South Dairy Ashford, Suite 800, Sugar Land, Texas 77478;

e-mail nobleboard@noblecorp.com; or

telephone the NobleLine (toll-free and anonymous, available 24 hours a day, seven days a week) at 877-285-4162.

All communications received in the mail are opened by the office of the Company's Secretary for the purpose of determining whether the contents represent a message to the Board. All communications received electronically are processed under the oversight of the Board by the Company's director of internal audit and/or general counsel. Complaints or concerns relating to the Company's accounting, internal accounting controls, or auditing matters are referred to the audit committee of the Board. Complaints or concerns relating to other corporate matters, which are not addressed to a specific director, are referred to the appropriate functional manager within the Company for review and response. A summary of the incoming contact and the manager's response is reported to the Board. Complaints or concerns relating to corporate matters other than the specific items referred to the audit committee as described above,

which are addressed to a specific director, committee of the Board, or group of directors, are promptly relayed to such persons.

Director Education

We provide our directors with information and materials that are designed to assist them in performing their duties as directors. We provide director manuals, periodic presentations on new developments in relevant areas, such as legal and accounting matters, as well as opportunities to attend director education programs at the Company's expense. Our director manual contains important information about the Company and the responsibilities of our directors, including: our memorandum and articles of association; guidelines for assignments regarding standing committees of the Board; the charter for each of our Board committees; a summary of laws and regulations regarding compliance with insider reporting and trading; our Code of Business Conduct and Ethics; corporate directors' guidebooks published by such organizations as the American Bar Association Section of Business Law, National Association of Corporate Directors, and American Society of Corporate Secretaries; a statement of the Noble paradigms that govern how we conduct our business; and our safety policy and quality policy and objectives.

Compensation of Directors

The compensation committee of the Board sets the compensation of our directors. In determining the appropriate level of compensation for our directors, the compensation committee considers the commitment required from our directors in performing their duties on behalf of the Company, as well as comparative information the committee obtains from the compensation consulting firm of Towers Perrin and from other sources. Set forth below is a description of the compensation of our directors.

Annual Retainer and Other Fees and Expenses. We pay our non-employee directors an annual retainer of \$35,000, of which \$7,000 is paid in Ordinary Shares pursuant to the Equity Compensation Plan for Non-Employee Directors. Under this plan, non-employee directors may elect to receive up to all of the balance in Ordinary Shares or cash. Non-employee directors make elections on a quarterly basis. The number of Ordinary Shares to be issued under the plan in any particular quarter is determined using the average closing sales price of Ordinary Shares for the last 15 trading days of the previous quarter.

We also pay our non-employee directors a Board meeting fee of \$2,000 and a committee meeting fee of \$1,500. The chairman of a standing Board committee receives an additional \$1,000 per committee meeting. We pay each director who is also one of our officers a fee of \$100 for each Board meeting attended. We also reimburse directors for travel, lodging and related expenses they may incur in attending Board and committee meetings.

Non-Employee Director Stock Options. The 1992 Nonqualified Stock Option Plan for Non-Employee Directors (the 1992 Plan) was approved and ratified by stockholders of Noble Drilling Corporation at its 1993 annual meeting of stockholders and amended with stockholder approval in 2001 and 2002. Under the 1992 Plan, non-employee directors receive a one-time grant of an option to purchase 10,000 Ordinary Shares of the Company. Thereafter, on the next business day after each annual general meeting of members of the Company, such directors receive an annual grant of an option to purchase 7,500 Ordinary Shares of the Company. The options are granted at fair market value on the grant date and are exercisable from time to time over a period commencing one year from the grant date and ending on the expiration of 10 years from the grant date, unless terminated sooner as described in the 1992 Plan.

Employment Agreements

The Company has entered into employment agreements with each named executive officer listed in the Summary Compensation Table appearing on page 14 of this proxy statement. These employment agreements become effective upon a change of control of the Company (within the meaning set forth in the agreements) or a termination of employment in connection with or in anticipation of a change of control, and remain effective for three years thereafter.

The agreements provide that if the officer's employment is terminated within three years after a change of control or prior to but in anticipation of a change of control, either (1) by us for reasons other than death, disability or cause (as defined in the agreement) or (2) by the officer for good reason (which term includes a diminution of responsibilities or compensation, or a determination by the officer to leave during the 30-day period immediately

following the first anniversary of the change of control), the officer will receive: (a) any unpaid portion of his current salary and prorated portion of his highest bonus paid either in the last three years before the change of control or for the last completed fiscal year after the change of control (the Highest Bonus); (b) a lump sum payment equal to three times the sum of his annual base salary (based on the highest monthly salary paid in the 12 months prior to the change of control) and his Highest Bonus; (c) benefits to him and his family at least equal to those which would have been provided had the employment not been terminated for a three-year period; (d) any compensation previously deferred by the officer (together with any accrued interest or earnings thereon) and any accrued vacation pay; and (e) a lump sum amount equal to the excess of (i) the actuarial equivalent of the benefit under the qualified defined benefit retirement plan of the Company and its affiliated companies in which the officer is eligible to participate had the officer's employment continued for three years after termination over (ii) the actuarial equivalent of the officer's actual benefit under such plans. The agreements also require the Company to make an additional payment in an amount such that after the payment of all income and excise taxes, the officer will be in the same after-tax position as if no excise tax under Section 4999 (the so-called Parachute Payment excise tax) of the U.S. Internal Revenue Code of 1986, if any, had been imposed.

Certain Transactions

Subsidiaries of the Company received an aggregate of approximately \$62.5 million in 2003 from Kerr-McGee Corporation (or its subsidiaries) for contract drilling services performed by the Company's subsidiaries in the ordinary course of business. The drilling contracts for such services were negotiated and entered into under competitive marketplace conditions. The Company believes that these transactions during 2003 were on terms that were reasonable and in the best interests of the Company.

In making its determination that Mr. Corbett qualifies as an independent director, the Board considered these transactions and determined that they did not disqualify Mr. Corbett for reasons including the competitive marketplace conditions and the arm's-length nature under which the drilling contracts were entered.

SECURITY OWNERSHIP OF MANAGEMENT

The following table sets forth as of March 4, 2004 the beneficial ownership of Ordinary Shares by each of our directors, each named executive officer of the Company listed in the Summary Compensation Table appearing on page 14 of this proxy statement, and all of our directors and executive officers as a group.

EXECUTIVE COMPENSATION

The following report of the compensation committee on executive compensation and the information herein under Executive Compensation Performance Graph shall not be deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules, except for the required disclosure herein, or to the liabilities of Section 18 of the Exchange Act, and such information shall not be deemed to be incorporated by reference into any filing made by the Company under the Securities Act of 1933 or the Exchange Act.

Report of the Compensation Committee On Executive Compensation

To the Members of
Noble Corporation:

The Compensation Committee is responsible for determining the compensation of executive officers, including the compensation of the Chief Executive Officer, and for assisting the board of directors in reviewing and administering the compensation programs, benefits, incentive and equity-based compensation plans that make it possible for Noble to remain a leader in the drilling industry.

Comprised of all independent, non-management directors of the Company, the Committee met six times in 2003. Additionally, the Chairman of the Committee met on several occasions with members of senior management and independent compensation consultants.

The Committee has retained the services of an independent management and compensation consulting firm in making its determinations and recommendations in regard to executive compensation. In that the Committee has used the consulting services of one firm for a number of years, the Committee determined it was appropriate to retain the services of an additional independent compensation consultant to perform a review of the Company's compensation program and policies and in February 2003, the Committee did so and their report was presented to the Committee in April 2003.

Compensation Philosophy and Objectives

Noble's executive compensation program reflects the Company's philosophy that executives' compensation should be structured to closely align their interests with the interests of our members (shareholders). The program is designed around stock-based incentive and performance-based pay and, in order to promote an atmosphere of teamwork, fairness and motivation, these concepts extend beyond the executive officers to other employees throughout the Company. The primary objectives of the Company's total compensation package are to emphasize operating performance criteria that enhance member (shareholder) value and to establish and maintain a competitive executive compensation program that enables the Company to attract, retain and motivate high caliber executives who will assure the long-term success of the Company.

Compensation surveys of external competitiveness are used in assessing reasonableness of compensation. Company and individual performance are also considered in determining individual pay levels. The primary comparative data utilized reflects the markets in which Noble competes for business and talent, including companies within the drilling and energy services industries and selected companies from general industry having similar revenue size, number of employees and market capitalization and which, in our opinion, provide comparable references.

Compensation Program Overview

The elements of the Company's executive compensation program consist of (a) base salaries, (b) cash incentive payments under the Short Term Incentive Plan, (c) stock options, (d) performance-based restricted stock awards and (e) employee benefits. In 2003, the Company did not make grants of stock options or awards of restricted stock to any employee.

Base Salaries

The base salaries for executive officers are reviewed annually by the Committee against competitive company information provided by outside compensation consultants and, based on the competitive market and the executive's

experience, leadership, achievement of specified business objectives and contribution to the Company's success, may be periodically adjusted. In January 2004, the Company conducted a review of the base salaries of executive officers and approved merit increases, based on various factors including scope of responsibility, overall performance and competitive market data. The most recent previous adjustment of executive compensation by the Committee was in October 2001.

Annual Incentives

Noble's Short Term Incentive Plan (STIP) is a goal-driven plan that gives participants, including executive officers, the opportunity to earn annual cash bonuses in relation to specified target award levels defined as a percentage of the participants' base salaries. The target award levels range from 10 percent of base salary for the lowest eligible participant to 75 percent for the Chief Executive Officer. Depending on actual performance, STIP awards can range from zero to 150 percent of base salary for the CEO or up to 110 percent of base salary for other executive officers.

The Committee sets performance goals annually for the STIP. Bonus awards are calculated by multiplying the target bonus by a multiplier, which is calculated by measuring actual performance against the performance goals. Corporate and division personnel have different performance goals. The Noble corporate employees (including the CEO) performance goals for 2003 were total member/shareholder return and actual net income as measured against budget. Division goal for 2003 were weighted with respect to five criteria: safety results, net income, cash flow from operations, optimizing operating performance and claims management.

Fifty percent of the bonus calculation for all employees is based on achievement of the corporate performance. For each corporate employee, the balance of the bonus calculation depends on the overall performance of all of the divisions against the division goal. For each division employee, the balance of the calculation depends on the performance of the employee's division against its division goals.

The Company has paid a bonus under the terms of the STIP in eight of the 27 years that the STIP has been in effect.

Long-Term Incentive Compensation

The Company awarded no equity-based compensation to executive officers or employees during 2003. It has been a longstanding objective of the Company to reward executive officers and key employees with equity compensation, in keeping with the overall compensation philosophy to further instill member (shareholder) perspective and values in the actions of employees and executive officers. Historically, stock option grants and, from time to time, awards of restricted stock have been awarded to employees who demonstrate superior performance in their current position, as well as the likelihood of high-level performance in the future.

Chief Executive Officer Compensation

The CEO's salary is reviewed annually, consistent with the Company's salary administration policy for all shore-based employees. The CEO participates in the same compensation plans that are provided to other executives, management and employees within the Company. Adjustments are considered by the Committee based upon the Company's financial and stock performance and the achievement of certain business objectives. In regard to the CEO, the Committee also considers the overall achievements made during his tenure, as well as his experience, leadership and guidance provided to the Company. Effective February 1, 2004, the CEO's annual salary was increased to \$900,000. The CEO's salary was last increased in October 2001. The CEO currently receives 14 percent of his base salary in the form of Ordinary Shares as a result of the CEO's request to have certain previous base salary increases paid in the form of the Company's equity.

In accordance with the terms of the STIP, the CEO was awarded a bonus of \$550,000 in 2004, relative to 2003 performance. The total amount reflected \$436,000, determined solely by reference to the pre-established formula under the STIP, and a supplemental amount of \$114,000 based on the Committee's assessment of the CEO's contribution in connection with the Company's financial and operational achievements in 2003.

As evidenced in the performance graph appearing on page 17 of the proxy statement, Noble significantly outperformed its competitor group.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the tax deductibility to public companies for compensation in excess of \$1 million per person per year, unless such compensation meets certain specific requirements. The Committee's intent is to structure compensation awards that will be deductible without limitation where doing so will further the purposes of Noble's executive compensation programs. The Committee also considers it important to retain flexibility to design compensation programs, even where compensation payable under such programs may not be fully deductible, if such programs effectively recognize a full range of criteria important to Noble's success and result in a gain to Noble that would outweigh the limited negative tax effect.

(1) Benefit amounts under the Noble Drilling Salaried Employees Retirement Plan (and unfunded, nonqualified excess benefit plan) are based on an employee's vested percentage, average monthly compensation and number of years of benefit service (maximum 30 years). The average monthly compensation is defined in the plan

generally to mean the participant's average monthly rate of compensation from the Company for the five successive calendar years that give the highest average monthly rate of compensation for the participant. Plan compensation is defined (with certain exceptions) to mean basic compensation, bonuses, commissions and overtime pay, exclusive of extraordinary compensation but prior to reduction for any compensation deferred under a cash or deferred arrangement qualifying under Sections 401(k) or 125 of the Internal Revenue Code of 1986, as amended. Accordingly, the amounts reported in the Summary Compensation Table included elsewhere herein under the table caption "Annual Compensation" approximate plan compensation for 2003.

- (2) Retirement benefits shown above are calculated using 1.6 percent of final average pay multiplied by years of service. This slightly overstates the benefit since that part of the final average pay that is below the Social Security covered compensation level should be multiplied by 1.0 percent instead of 1.6 percent. Covered compensation is the average of the Social Security Wage Bases during the 35-year period ending with the year the employee reaches Social Security Retirement Age. The amount of benefit shown is not subject to deductions for Social Security.

As of December 31, 2003, the named executive officers had the following approximate credited years of service for retirement purposes: Mr. Day 26; Mr. Jackson 3; Mr. Adkins 9; and Ms. Robertson 15.

The following table sets forth information regarding securities authorized for issuance under our equity compensation plans as of December 31, 2003.

Set forth below is a brief description of the material features of the equity compensation plans of the Company that have not been approved by members and for which information is included in the above table.

Noble Drilling Corporation 401(k) Savings Restoration Plan. The Noble Drilling Corporation 401(k) Savings Restoration Plan is a nonqualified, unfunded employee benefit plan under which certain highly compensated employees of the Company may elect to defer compensation in excess of amounts deferrable under the Company's 401(k) Plan, and receive employer matching contributions (which are made in Ordinary Shares). The employer matching amount is limited in the same manner as are employer matching contributions under the Noble Drilling Corporation 401(k) Savings Plan. At the discretion of the Company, eligible participants may also receive direct payment of compensation through Ordinary Shares as additional awards under this plan. Mr. Day's salary increases awarded in 2000 and 2001 are currently paid in Ordinary Shares pursuant to this feature of the plan. The plan limits the total number of Ordinary Shares issuable under the plan to 200,000. No options are issuable under the plan, and there is no exercise price applicable to shares delivered under the plan.

Noble Corporation Equity Compensation Plan for Non-Employee Directors. For a description of this plan, see Additional Information Regarding the Board of Directors' Compensation of Directors' Annual Retainer and Other Fees and Expenses. No options are issuable under the plan, and there is no exercise price applicable to shares delivered under the plan.

Performance Graph

The following graph sets forth the cumulative total member (shareholder) return for the Ordinary Shares of the Company, the Standard & Poor's 500 Stock Index, and the Dow Jones Oil Drilling, Equipment & Services Index for the years indicated as prescribed by the SEC's rules. We have changed our disclosure in this year's graph to compare performance against the Dow Jones Oil Drilling, Equipment & Services Index, which is a published industry index and the one we plan to use in the future. We made this change in order to compare the Company's total member (shareholder) return performance against this broader-based index of approximately 111 companies rather than the Company-selected peer group of seven industry participants (the Competitor Group) we used in last year's proxy statement and prior years.

In accordance with the SEC's rules, the graph also sets forth a comparison of performance against the Competitor Group. The companies in the Competitor Group are: Atwood Oceanics, Inc., Diamond Offshore Drilling, Inc., ENSCO International Incorporated, GlobalSantaFe Corporation, Pride International, Inc., Rowan Companies, Inc. and Transocean Inc.

Supplemental Performance Graph

The Company has elected to include in this proxy statement the following supplemental performance graph, which compares the cumulative total member (shareholder) return for the Ordinary Shares and the three indexes in the above graph over the period indicated below.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than 10 percent of our Ordinary Shares, to file with the SEC initial reports of ownership and reports of changes in ownership of such shares. Directors, officers and beneficial owners of more than 10 percent of our Ordinary Shares are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the year ended December 31, 2003, our directors, officers and beneficial owners of more than 10 percent of our Ordinary Shares complied with all applicable Section 16(a) filing requirements.

AUDITORS

The audit committee of the Board has appointed PricewaterhouseCoopers LLP to audit our financial statements for the year ending December 31, 2004, subject to the approval of members. PricewaterhouseCoopers LLP has audited our financial statements since 1994. Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual general meeting to respond to appropriate questions from members, and they will be given the opportunity to make a statement should they desire to do so. **The Board recommends that members vote FOR the appointment of independent auditors for 2004.**

Report of the Audit Committee

To the Members of
Noble Corporation:

The board of directors (the Board) of Noble Corporation (Noble) maintains an audit committee composed of four non-management directors. The Board has determined that the audit committee's current membership satisfies the rules of the United States Securities and Exchange Commission (SEC) and New York Stock Exchange (NYSE) that govern audit committees, including the requirements for audit committee member independence set out in Section 303A.02 of the NYSE's corporate governance rules and Rule 10A-3 under the Securities Exchange Act of 1934.

The audit committee oversees Noble's financial process on behalf of the entire Board. Management has the primary responsibility for Noble's financial statements and the reporting process, including the systems of internal controls. The primary responsibilities of the audit committee are to select and retain Noble's auditors (including review and approval of the terms of engagement and fees), to review with the auditors the company's financial reports (and other financial information) provided to the SEC and the investing public, to prepare and publish this report, and to assist the board of directors with oversight of the following:

integrity of the company's financial statements,

compliance by the company with standards of business ethics and legal and regulatory requirements,

qualifications and independence of the company's independent auditors and

performance of the company's independent auditors and internal auditors.

In fulfilling its oversight responsibilities, the audit committee reviewed and discussed the audited financial statements with management of Noble.

The audit committee reviewed and discussed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61. In addition, the audit committee has discussed with Noble's independent auditors the auditors' independence from management and Noble, including the matters in the written disclosures below and the letter from the independent auditors required by the Independence Standards Board, Standard No. 1.

The audit committee discussed with the independent auditors the overall scope and plans for their audit. The audit committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of Noble's internal controls and the overall quality of Noble's financial reporting. The audit committee held five meetings during 2003 and met again on January 29, 2004.

Fees Paid to Independent Auditors

The following table sets forth the fees paid to PricewaterhouseCoopers LLP for services rendered during each of the two years in the period ended December 31, 2003:

	<u>2003</u>	<u>2002</u>
Audit Fees (1)	\$ 917,300	\$ 821,300
Audit-Related Fees (2)	189,904	467,627
Tax Fees (3)	1,328,157	1,142,199
All Other Fees (4)	0	309,762
	<u> </u>	<u> </u>
Total	<u>\$2,435,361</u>	<u>\$2,740,888</u>

-
- (1) Represents fees for professional services rendered for the audit of Noble's annual financial statements for 2003 and 2002 and the reviews of the financial statements included in Noble's quarterly reports on Form 10-Q for each of those years.
- (2) Represents fees for professional services rendered for benefit plan audits, certain international projects, accounting consultations, and enterprise-wide risk management project and forensic services for 2003 and 2002.
- (3) Represents fees for professional services rendered for tax compliance and advisory services, Noble's internal corporate restructuring in 2002, and statutory tax reports for Mexico for 2003 and 2002.
- (4) Represents fees for professional services rendered for 2003 and 2002 for all services to Noble and its subsidiaries other than audit, audit-related and tax services.

Pre-Approval Policies and Procedures

Effective January 2003, the audit committee established a policy to pre-approve all audit, audit-related, tax and other fees for services proposed to be rendered by the Company's independent auditor prior to engagement of the auditor for that service. Consideration and approval of such services for 2003 generally occurred in the regularly scheduled quarterly meetings of the audit committee.

On January 29, 2004, the audit committee adopted a pre-approval policy framework for audit and non-audit services for 2004. In connection with the adoption of this policy framework, the audit committee also identified specific types of non-audit services (within the categories of audit-related services and tax services) that do not require further pre-approval. Requests or applications to provide services that do require further, separate approval by the audit committee are required to be submitted to the audit committee by both the independent auditor and the chief

accounting officer, chief financial officer or controller of the Company, and must include a joint statement that, in their view, the nature or type of service is not a prohibited non-audit service under the SEC's rules on auditor independence.

Summary

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors (and the Board has approved) that the audited financial statements be included in Noble's annual report on Form 10-K for the year ended December 31, 2003 for filing with the SEC. The audit committee also determined that the provision of services other than audit services rendered by PricewaterhouseCoopers LLP was compatible with maintaining PricewaterhouseCoopers LLP's independence.

**AMENDED AND RESTATED
CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

This Amended and Restated Charter (this Charter) of the Audit Committee (the Audit Committee or the Committee) of the Board of Directors (the Board) of Noble Corporation (the Corporation) shall, effective as of July 24, 2003, amend and restate the Amended and Restated Charter of the Audit Committee, which was effective January 31, 2002.

I. PURPOSE

The primary purpose of the Audit Committee is to:

Assist with Board oversight of

the integrity of the Corporation's financial statements,

the Corporation's compliance with standards of business ethics and legal and regulatory requirements,

the qualifications and independence of the Corporation's independent auditors and

the performance of the Corporation's independent auditors and internal auditors; and

Prepare reports of the Committee that are required by the rules of the Securities and Exchange Commission (SEC) to be included in the proxy statement for the Corporation's annual general meeting of members.

Consistent with this purpose, the Committee should encourage continuous improvements in the Corporation's policies, procedures and practices and compliance at all levels.

The Committee assists the Board and Management in assuring appropriate corporate governance, functioning in an oversight role, recognizing that the Corporation's management is responsible for preparing the Corporation's financial statements, and the independent auditors are responsible for auditing those statements. The Committee is not providing any expert or special assurance as to the Corporation's financial statements or any professional certification as to the independent auditor's work.

II. COMPOSITION

The Audit Committee shall consist of a minimum of three directors, each of whom shall be appointed by the Board at each annual meeting of the Board following the annual general meeting of the members of the Corporation. Each member of the Audit Committee shall serve until the next such annual meeting of the Board, or until his or her successor shall be duly appointed. Unless a Chairperson of the Committee is selected by the full Board, the members of the Committee may designate a Chairperson by majority vote of the entire Committee. The Committee and each of the Committee members shall satisfy the independence and financial and accounting expertise requirements applicable to the Committee and its members that are established from time to time by the SEC or the New York Stock Exchange, or in accordance with the Sarbanes-Oxley Act of 2002 or other applicable laws.

III. RESPONSIBILITIES

The following shall be recurring responsibilities of the Audit Committee in fulfilling its purposes. These responsibilities are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate.

1. The Committee has the sole authority and responsibility to select, retain and terminate the Corporation's independent auditors. In carrying out this responsibility, the Committee should obtain and review a report from the Corporation's independent auditors at least annually regarding

the auditors' internal quality control procedures;

A-1

any material issues raised by the most recent internal quality-control review or peer review of the independent auditors, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the auditors; and

any steps taken to deal with any such issues.

2. Evaluate the independence of the independent auditors, taking into account the opinions of the Corporation's management and internal auditors. In this regard, the Committee shall obtain periodically from the independent auditors a formal written statement delineating all relationships between the independent auditors and the Corporation. In addition, the Committee shall engage in active dialogue with the independent auditors on all matters that could affect the independence of the auditors. The Committee shall have the sole authority and responsibility to approve non-audit engagements and the fees for such engagements.

3. Confer with the Corporation's independent auditors concerning the scope of their audit of the financial statements of the Corporation; review and approve the terms of engagement and fees of the independent auditors; provide sufficient opportunity for the independent auditors to meet with the members of the Committee without members of management present; direct the attention of the independent auditors to specific matters or areas deemed by the Committee to be of special significance to the Corporation; and authorize such auditors to perform such supplemental reviews or audits as the Committee may deem necessary or appropriate.

4. Review the adequacy of the Corporation's system of internal controls including the reliability of its financial reporting systems; confer with the Corporation's independent auditors with respect to their assessment of the adequacy of such controls and systems; and review management's response to any material weakness in the Corporation's internal controls which may be identified.

5. Review the Corporation's significant accounting principles and policies and significant changes thereto; review proposed and implemented changes in accounting standards and principles which have or may have a material impact on the Corporation's financial statements; review significant management judgments and accounting estimates used in financial statement preparation, including alternative accounting treatments; and review the accounting for significant corporate transactions.

6. Review with the independent auditors any disagreements with management or difficulties they may have encountered in performing their audits of the financial statements of the Corporation.

7. Review with management and the independent auditors the audited financial statements to be included in the Corporation's Annual Report on Form 10-K, including the Corporation's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operation, and review and consider with the independent auditors the matters required to be discussed by Statement of Auditing Standards (SAS) No. 61 (as updated by SAS No. 89 and SAS No. 90), including deficiencies in internal controls, fraud, illegal acts, management judgments and estimates, audit adjustments, audit difficulties, and the independent auditors' judgments about the quality of the Corporation's accounting practices, prior to the Corporation's filing of the Form 10-K with the SEC.

8. Review with the independent auditors and management the Corporation's interim financial results to be included in each quarterly report on Form 10-Q, including the Corporation's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operation, and any matters required to be discussed by SAS No. 100, prior to the Corporation's filing of the related Form 10-Q with the SEC.

9. Discuss with management the Corporation's earnings press releases, as well as financial information and earnings guidance provided to the investing public, analysts and rating agencies. This may be done generally (i.e., discussion of

the types of information to be disclosed and the type of presentation to be made); the Audit Committee need not discuss in advance each earnings release or each instance in which the Corporation may provide earnings guidance.

A-2

ANNEX A

10. Confer separately, periodically, with the director of internal audit, management and the independent auditors as requested by any of them or by the Committee, and at least annually, and review reports they may present with respect to the functioning, quality and adequacy of programs for compliance with the Corporation's policies and procedures regarding business ethics, compliance with applicable laws and regulations (such as environmental laws and regulations), financial controls and internal auditing, including information regarding violations or probable violations of such policies; and if appropriate conduct further investigations of such violations or probable violations and/or report the foregoing to the Board with such recommendations as the Committee may deem appropriate.

11. Review with the director of internal audit, at least annually, the activities, budget, staffing and structure of the internal auditing function of the Corporation, and any recommendations of the Committee with respect to improving the performance or strengthening of that function.

12. Prepare reports of the Committee that are required by the rules of the SEC to be included in the proxy statement for the Corporation's annual general meeting of members, as well as any other reports required by the SEC or the New York Stock Exchange.

13. Discuss with management the Corporation's policies with respect to risk assessment and risk management.

14. Set clear policies regarding the hiring by the Corporation of employees or former employees of the independent auditors.

15. Review and reassess the adequacy of this Charter annually.

16. Establish procedures for (i) the receipt, retention, and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters.

17. Review annually the performance of the Committee.

IV. MEETINGS

The Audit Committee shall meet at a minimum of three times annually.

V. REPORTING

The proceedings of all meetings of the Audit Committee will be documented in the minutes, which will be approved by the Committee and presented at meetings of the full Board.

VI. RETENTION OF ADVISORS

The Committee shall have the authority to engage independent legal counsel and other advisors as it deems necessary to carry out its duties. The Corporation shall provide appropriate funding to engage any such advisors as well as to engage the Corporation's independent auditors.
