PROXY STATEMENT

General Matters

The accompanying proxy is SOLICITED BY THE BOARD OF DIRECTORS of Archer-Daniels-Midland Company (the Company) for the Annual Meeting of Stockholders of the Company to be held at the JAMES R. RANDALL RESEARCH CENTER, 1001 BRUSH COLLEGE ROAD, DECATUR, ILLINOIS, on Thursday, November 3, 2005 at 11:00 A.M. This Proxy Statement and the enclosed form of proxy are first being mailed to Stockholders on or about September 22, 2005.

The cost of solicitation of proxies will be borne by the Company. Georgeson Shareholder Communications Inc. has been retained by the Company to assist in solicitation of proxies at a fee of \$21,000, plus reasonable out-of-pocket expenses. Solicitation other than by mail may be made by officers or by other employees of the Company or by employees of Georgeson Shareholder Communications Inc. by personal, telephone, mail or internet solicitation, the cost of which is expected to be nominal. The Company will reimburse brokerage firms and other securities custodians for their reasonable expenses in forwarding proxy materials to their principals.

As a matter of policy, the Company keeps confidential proxies, ballots and voting tabulations that identify individual Stockholders. Such documents are available for examination only by the inspectors of election, the Company's transfer agent and certain employees who are associated with processing proxy cards and tabulating the vote. The vote of any Stockholder is not disclosed except in a contested proxy solicitation or as may be necessary to meet legal requirements.

Only holders of shares of Common Stock of record at the close of business on September 16, 2005 will be entitled to notice of and to vote at the meeting and at all adjournments thereof. At the close of business on September 16, 2005, the Company had 653,235,293 outstanding shares of Common Stock, each share being entitled to one vote.

Admittance to the Annual Meeting will be limited to Stockholders. If you are a Stockholder of record and plan to attend, please detach the admission ticket from the top of your proxy card and bring it with you to the Annual Meeting. The number of people admitted will be determined by how the shares are registered, as indicated on the admission ticket. If you are a Stockholder whose shares are held by a broker, bank or other nominee, please request an admission ticket by writing to our principal executive offices at: Archer-Daniels-Midland Company, Shareholder Relations, 4666 Faries Parkway, Decatur, IL 62526-5666. Evidence of your stock ownership, which you can obtain from your broker, bank or nominee, must accompany your letter. Stockholders who are not pre-registered will only be admitted to the meeting upon verification of stock ownership. The number of tickets sent will be determined by the manner in which shares are registered. If your request is received by October 20, 2005, an admission ticket will be mailed to you. All other admission tickets can be obtained at the registration table located at the James R. Randall Research Center lobby beginning at 9:30 A.M. on the day of the Annual Meeting.

Shares represented by proxies in the form enclosed, properly executed, will be voted. Proxies may be revoked at any time prior to being voted by delivering written notice or a proxy bearing a later date to the Secretary of the Company or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

With the exception of the election of directors, the affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote is required for approval of each proposal presented in the Proxy Statement. A plurality of the votes of outstanding shares of Common Stock of the Company present in person or represented by proxy at the meeting and entitled to vote on the election of directors is required for the election of directors. For the election of directors, withheld votes do not affect whether a nominee has received sufficient votes to be elected. For purposes of determining whether the Stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting and have the same effect as negative votes. Broker non-votes are counted toward a quorum, but are not counted for any purpose in determining whether a matter has been approved.

Accordingly, the Company has adopted a policy regarding ownership of shares of Company Common Stock by senior management. Such policy calls for members of Company senior management to own shares of Common Stock with a fair market value within a range of one to three times that individual's base salary, depending on such individual's level of responsibility with the Company.

Independence of Directors

The listing standards of the New York Stock Exchange (NYSE) require companies listed on the NYSE to have a majority of independent directors. Subject to certain exceptions and transition provisions, the NYSE standards generally provide that a director will not be independent if (1) the director or a member of the director's immediate family is, or in the past three years has been, an executive officer of the Company or, in the case of the director, an employee of the Company; (2) the director or a member of the director's immediate family has received more than \$100,000 per year in direct compensation from the Company other than for service as a director, provided that compensation received by an immediate family member for service as an employee of the Company is not, under the NYSE standards, considered in determining independence; (3) the director is employed by the Company's

independent auditors, a member of the director's immediate family is employed by the Company's independent auditors in a specified capacity, or the director or a member of the director's immediate family was within the last three years (but is no longer) an employee of the Company's independent auditors and personally worked on the Company's audit; (4) the director or a member of the director's immediate family is, or in the past three years has been, employed as an executive officer of a company where an executive officer of the Company serves on the compensation committee; or (5) the director is a current employee of, or a member of the director's immediate family is an executive officer of, a company that makes payments to, or receives payments from, the Company in an amount which, in any twelve-month period during the past three years, exceeds the greater of \$1 million or two percent of such other company's consolidated gross revenues.

The Company's Bylaws also provide that a majority of the Board of Directors be comprised of independent directors. Under the Company's Bylaws, an independent director means a director who (a) is not a current employee or a former member of senior management of the Company or an affiliate of the Company, (b) is not employed by a provider of professional services to the Company, (c) does not have any business relationship with the Company, either personally or through a company of which the director is an officer or a controlling shareholder, that is material to the Company or to the director, (d) does not have a close family relationship, by blood, marriage or otherwise with any member of senior management of the Company or an affiliate of the Company, (e) is not an officer of a company of which the Company's chairman or chief executive is also a board member, (f) is not personally receiving compensation from the Company in any capacity other than as a director, and (g) does not personally receive or is not an employee of a foundation, university, or other institution that receives grants or endowments from the Company, that are material to the Company or to either the recipient and/or the foundation, university or institution.

The Board of Directors has reviewed business and charitable relationships between the Company and each non-employee Director and Director nominee to determine compliance with the NYSE and Bylaw standards described above and to evaluate whether there are any other facts or circumstances that might impair a Director's or nominee's independence. Based on that review, the Board has determined that seven of its nine current members are independent. Mr. Andreas is not independent under the NYSE or Bylaw standards because of his employment with the Company. Mr. Mulrone is not independent under the Company's Bylaw standards because he is the senior partner of a law firm that provides professional services to the Company.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that govern the structure and functioning of the Board and set out the Board's policies on governance issues. The Guidelines, along with the written charters of each of the committees of the Board, are posted on the Company's internet site, www.admworld.com, and are available free of charge on written request to Secretary, Archer-Daniels-Midland Company, 4666 Faries Parkway, Decatur, Illinois, 62526-5666.

Executive Sessions

In accordance with the Company's Corporate Governance Guidelines, the non-management Directors meet in executive session at least annually. If the non-management Directors include any Directors who are not independent pursuant to the Board's determination of independence, at least one executive session includes only independent Directors. The Vice Chairman of the Board, or in his or her absence, the Chairman of the Nominating/ Corporate Governance Committee, presides at such meetings.

Board Meetings and Attendance at Annual Meetings of Stockholders

During the last fiscal year, the Board of Directors of the Company held five regularly scheduled meetings. All incumbent Directors attended 75% or more of the combined total meetings of the Board and the committees on which they served during the last fiscal year. The Company expects all nominees to

serve as a Director to attend the Annual Meeting of Stockholders. All Director nominees standing for election at the Company's last Annual Meeting of Stockholders held on November 4, 2004 attended that meeting.

Information Concerning Committees and Meetings

The Board's committee structure consists of Audit, Compensation/ Succession, Nominating/ Corporate Governance, and Executive Committees. Each of such Committees operates pursuant to a written charter adopted by the Board.

The Audit Committee consists of Mr. Joslin, Chairperson, Messrs. Moore, O'Neill and Westbrook, and Ms. Carter. The Audit Committee met eleven times during the fiscal year. All of the members of the Audit Committee were determined by the Board to be independent directors, as that term is defined in the Company's Bylaws and in the applicable listing standards of the NYSE. No Director may serve as a member of the Audit Committee if such Director serves on the audit committees of more than two other public companies unless the Board determines that such service would not impair such Director's ability to serve effectively on the Audit Committee. The Audit Committee reviews the (1) overall plan of the annual independent audit, (2) financial statements, (3) scope of audit procedures, (4) performance of the Company's independent auditors and internal auditors, (5) auditors' evaluation of internal controls, and (6) matters of legal compliance.

The Compensation/ Succession Committee consists of Mr. Webb, Chairperson, Ms. Carter, and Messrs. Boeckmann and Moore. The Compensation/ Succession Committee met five times during the fiscal year. All of the members of the Compensation/ Succession Committee were determined by the Board to be independent directors, as that term is defined in the Company's Bylaws and in the applicable listing standards of the NYSE. The Compensation/ Succession Committee (1) establishes and administers a compensation policy for senior management, (2) reviews and approves the compensation policy for all employees of the Company and its subsidiaries other than senior management, (3) reviews and monitors the Company's financial performance as it affects the compensation policies of the Company or the administration of such policies, (4) establishes and reviews a compensation policy for non-employee Directors, and (5) reviews and monitors the Company's succession plans. All of its actions are either reported to the Board or submitted to the Board for ratification.

The Nominating/ Corporate Governance Committee consists of Ms. Carter, Chairperson, and Messrs. Joslin, O'Neill, Webb and Westbrook. The Nominating/ Corporate Governance Committee met four times during the fiscal year. All of the members of the Nominating/ Corporate Governance Committee were determined by the Board to be independent directors, as that term is defined in the Company's Bylaws and in the applicable listing standards of the NYSE. The Nominating/ Corporate Governance Committee (1) identifies individuals qualified to become members of the Board, including evaluating individuals appropriately suggested by Stockholders in accordance with the Bylaws of the Company, (2) recommends individuals to the Board for nomination as members of the Board and Board committees, (3) develops and recommends to the Board a set of corporate governance principles applicable to the Company, and (4) leads the evaluation of the Directors, the Board and Board Committees. In assessing an individual's qualifications to become a member of the Board, the Nominating/ Corporate Governance Committee may consider various factors including education, experience, judgment, independence, integrity, availability and such other factors as the Nominating/ Corporate Governance Committee deems appropriate. The Nominating/ Corporate Governance Committee strives to recommend candidates that compliment the current members of the Board and other proposed nominees so as to further the objective of having a Board that reflects a diversity of background and experience with the necessary skills to effectively perform the functions of the Board and its committees. The Nominating/ Corporate Governance Committee will consider nominees recommended by a Stockholder provided the Stockholder submits the nominee's name in a written notice delivered to the Secretary of the Company at the principal executive offices of the Company not less than sixty nor more than ninety days prior to the anniversary date of the immediately preceding Annual Meeting of Stockholders; provided that, in the event that the Annual Meeting is called for a date that is not within thirty days before or after

such anniversary date, the notice must be so received not later than the close of business on the tenth day following the day on which such notice of the date of the Annual Meeting was mailed or public disclosure of the date of the Annual Meeting was made, whichever first occurs (different notice delivery requirements may apply if the number of Directors to be elected at an Annual Meeting is being increased, and there is no public announcement by the Company naming all of the nominees or specifying the size of the increased Board at least one hundred days prior to the first anniversary of the preceding year's Annual Meeting). Any such notice must set forth the information required by Section 1.4(c) of the Company's Bylaws, and must be accompanied by the written consent of the proposed nominee to being named as a nominee and to serve as a Director if elected. All candidates, regardless of the source of their recommendation, are evaluated using the same criteria.

The Executive Committee consists of Mr. Andreas, Chairperson, Ms. Carter and Messrs. Mulrone and Webb. The Executive Committee did not meet during the fiscal year. The Executive Committee acts on behalf of the Board to determine matters which, in the judgment of the Chairman of the Board, do not warrant convening a special meeting of the Board but should not be postponed until the next scheduled meeting of the Board. The Executive Committee exercises all the power and authority of the Board in the management and direction of the business and affairs of the Company except for those matters which are expressly delegated to another Committee of the Board and matters which, under applicable law, or the Company's Certificate of Incorporation or Bylaws, cannot be delegated by the Board.

Communications with Directors

The Company has approved procedures for Stockholders to send communications to individual Directors or the non-employee Directors as a group. All such communications should be in writing and addressed to the applicable Director or Directors in care of the Secretary, Archer-Daniels-Midland Company, P.O. Box 1470, Decatur, Illinois, 62525-1820. All correspondence will be forwarded to the intended recipient(s).

Code of Conduct

The Board of Directors has adopted a Business Code of Conduct and Ethics that sets forth standards regarding, among other things, honest and ethical conduct, compliance with law, and full, fair, accurate and timely disclosure in reports and documents that the Company files with the Securities and Exchange Commission and in other public communications. The Business Code of Conduct and Ethics applies to all employees, officers and directors of the Company, including the Company's principal executive officer, principal financial officer and principal accounting officer. The Business Code of Conduct and Ethics is available on the Company's internet site, www.admworld.com and is available free of charge on written request to Secretary, Archer-Daniels-Midland Company, 4666 Faries Parkway, Decatur, Illinois 62526-5666. Any amendments to certain provisions of the Business Code of Conduct and Ethics or waivers of such provisions granted to certain executive officers will be promptly disclosed on this internet site.

The pension amount is based on the final average monthly compensation (average of the 60 consecutive months of the last 180 months which produce the highest average). For purposes of the Retirement Plan, the term compensation is defined as base compensation (Salary as shown in the Summary Compensation Table) paid during the Retirement Plan year. The pension amount is calculated as follows: final average monthly compensation times 36% plus 16.5% of final average compensation in excess of Social Security covered compensation for the first 30 years of service plus 0.5% of final average compensation for each year in excess of 30 years of service and additional early retirement reduction when the pension commences prior to age 65. The Retirement Plan does not include a Social Security offset. The normal retirement age under the Retirement Plan is age 65 with 5 years of service. The 5 year average compensation for purposes of the Retirement Plan of each of the five highest paid Executive Officers of the Company and the number of years of service rounded to the nearest year and credited to each of them under the Retirement Plan was as follows: G. A. Andreas \$2,720,667 (32 years); P. B. Mulhollem \$1,305,944 (13 years); D. J. Smith \$667,563 (24 years); W. H. Camp \$625,588 (28 years); and J. D. Rice \$662,696 (29 years).

Various provisions of the Internal Revenue Code of 1986, as amended, limit the amount of benefits payable under a qualified pension plan. When these limits operate to reduce a pension benefit payable under the Retirement Plan, the Company will provide additional amounts so that the total annual pension will be as provided in the Retirement Plan.

Report of the Compensation/ Succession Committee

The Committee reviews and establishes the compensation of the officers of the Company, approves annual compensation to any employee in the amount of \$250,000 or more, approves awards to employees pursuant to the incentive compensation plans of the Company, and approves modifications in the employee benefit plans with respect to the benefits salaried employees receive under such plans. The Committee is comprised of four independent directors. The actions of the Committee are reported to the Board of Directors and, where appropriate, submitted to the Board of Directors for ratification.

The objective of the Company's compensation program is to provide annual and long-term incentive compensation to the officers and other employees of the Company that is competitive with that for comparable employment, responsibilities and performance. The Committee defines competitiveness as the fiftieth percentile level of compensation offered by a peer group of companies selected by the Committee. The Committee, whose members are investors and business leaders, familiarize themselves with these compensation packages through periodic consultations with compensation experts from nationally-recognized firms and by reviewing publicly-filed documents. In addition, in the case of all individuals except the Chief Executive, the Committee considers the recommendations of management and the individual's supervisor(s) in establishing each such person's compensation. The non-management directors evaluate the performance of the Chief Executive which is considered by the Committee in establishing the compensation for the Chief Executive. The Company does not pay cash bonuses except in limited situations. No officer of the Company receives a cash bonus. The reportable compensation of all employees is adjusted to reflect the personal use, if any, of Company property.

During fiscal year 2004, based upon a study of the compensation program of the Company conducted by the Committee with the assistance of an outside compensation expert, the Committee adopted a new long-term incentive compensation program designed to address a deficiency in long-term incentive compensation and better align the interests of the officers and participating employees with the Stockholders by linking awards largely to the future performance of the Company. Under this program, officers and certain employees of the Company have the opportunity to receive annual incentive compensation awards in the form of stock options and restricted stock. The stock option awards are based upon each participant reaching annual individual performance objectives as determined by the person's supervisor(s) or, in the case of the Chief Executive, by the non-management directors. The restricted stock awards are based on the Company achieving target levels of total business return, based on change in equity value calculated as a multiple of EBITDA (earnings before interest, taxes, depreciation and amortization) less debt, plus dividends, measured on a three-year rolling average. The amount of these awards is based on a combination of the participant's position within the Company and base salary. The stock options are granted at the market price on the date granted, vest over five years and are exercisable over a period of ten years. The awards of restricted stock have time-based restrictions for a period of three years.

The compensation for the Chief Executive was established by the Committee considering all of the factors previously described in this Report. The Committee proposed and the Board of Directors approved an annual salary for the Chief Executive of \$2,960,000, granted stock options to him for 474,430 shares of Company stock and awarded 500,000 shares of restricted stock pursuant to the long-term incentive compensation program.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation paid in excess of \$1,000,000 annually to each of the Company's Chief Executive and four other most highly-compensated executive officers except for qualifying performance-based compensation. A portion of the compensation paid to certain of the Company's executive officers will be subject to the deduction limitation. In order to retain the flexibility to compensate its executive officers in a competitive environment in accordance with the principles discussed above, the Committee believes that it would be inadvisable to adopt a strict policy of compliance with the performance-based compensation exception to Section 162(m). The awards of stock options and restricted stock pursuant to the long-term incentive compensation program qualify as performance-based compensation and is fully-deductible. The Committee will continue to consider future opportunities for compliance with this exception to Section 162(m) that it feels are in the best interests of the Company and its stockholders. The Committee believes that the amount of any expected loss of a tax deduction under Section 162(m) will be insignificant to the Company's overall tax position.

The Audit Committee provides assistance to the Board of Directors in fulfilling its oversight responsibility to the stockholders relating to the Company's financial statements and the financial reporting process, preparation of the financial reports and other financial information provided by the Company to any governmental or regulatory body, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the Board. The Audit Committee assures that the corporate information gathering and reporting systems developed by management represent a good faith attempt to provide senior management and the Board of Directors with information regarding material acts, events and conditions within the Company. In addition, the Audit Committee is directly responsible for the appointment, compensation and oversight of the independent auditors. The Audit Committee is comprised of five (5) independent directors, all of whom are financially literate and three of whom, R. S. Joslin, the Chairman of the Audit Committee, P. J. Moore, and T. F. O'Neill have been determined by the Board of Directors to be financial experts as that term has been defined by the Securities and Exchange Commission.

Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, the development and selection of the critical accounting estimates, and the clarity of disclosures in the financial statements. Also, the Audit Committee discussed with management education regarding compliance with the policies and procedures of the Company as well as federal and state laws.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles and the effectiveness of the Company's internal control over financial reporting, their judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by Independence Standards Board Standard No. 1. The Audit Committee adopted an Audit and Non-audit Services Pre-Approval Policy and considered the compatibility of non-audit services with the independent auditors' independence. The Audit Committee recommended to the Board of Directors (and the Board has approved) a hiring policy related to current and former employees of the independent auditor. The Audit Committee appointed Ernst & Young LLP as independent auditor for the fiscal year ending June 30, 2006.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's accounting and financial controls, and the overall quality of the Company's financial reporting. The Audit Committee held eleven meetings during fiscal year 2005.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 30, 2005 for filing with the Securities and Exchange Commission.

**Report on Impacts of Genetically Engineered Products
2005**

Archer Daniels Midland

RESOLVED: Shareholders request that an independent committee of the Board review Company policies and procedures for monitoring genetically engineered (GE) products and report (at reasonable cost and omitting proprietary information) to shareholders within six months of the annual meeting on the results of the review, including:

the scope of the Company's food products derived from or containing GE ingredients;

a contingency plan for sourcing non-GE food ingredients should circumstances so require.

Supporting Statement

Disclosure of material information is a fundamental principle of our capital markets. Investors, their confidence in corporate bookkeeping shaken, are starting to scrutinize other possible off-balance sheet liabilities, such as risks associated with activities harmful to human health and the environment, that can impact long-term shareholder value.

SEC reporting requirements include disclosure of trends and uncertainties that the company reasonably expects will have a material impact on revenues. Company directors and officers must proactively identify and assess trends or uncertainties that may adversely impact their revenues and disclose the information to shareholders.

Between 2001 and 2004, approximately 15,000 hectares (150 square kilometers) in four US states were planted with an unapproved variety of GE seed corn, resulting in about 133 million kilograms of the unapproved corn in the food chain. (New Scientist 3/23/05; Nature 3/22/05)

StarLink corn, not approved for human consumption, has been detected in US Food Aid (12/04) as well as in a U.S. corn shipment to Japan (12/02). StarLink first contaminated U.S. corn supplies in September 2000, triggering a recall of 300 products.

Producers of GE-seeds are merely encouraged to have voluntary safety consultations with the FDA. The FDA does not issue assurances as to the safety of these products.

According to *Safety of Genetically Engineered Foods: Approaches to Assessing Unintended Health Effects* (National Academy of Sciences [NAS] 7/2004): ...there remain sizable gaps in our ability to identify compositional changes that result from genetic modification of organisms intended for food; to determine the biological relevance of such changes to human health; to devise appropriate scientific methods to predict and assess unintended adverse effects on human health. (p. 15)

USDA (APHIS) does not have the authority under current regulations to impose conditions on the use of biotech crops once they have been deregulated and cannot require biotech developers to monitor those crops' impact on the environment post-approval. (*Issues in the Regulation of Genetically Engineered Plants and Animals*, Pew Initiative on Food and Biotechnology (April, 2004))

Weed resistance to herbicides used widely by farmers who plant genetically engineered herbicide resistant crops, is increasing. (Agriculture Research Service 8/24/04)

Gone to Seed (Union of Concerned Scientists) reports that genetically engineered DNA is contaminating the U.S. traditional seed stocks, of corn, soybeans and canola ... if left unchecked could disrupt agricultural trade, unfairly burden the organic foods industry, and allow hazardous materials into the food supply.

Resistance to GE foods continues in markets such as the European Union.

We believe such a report will disclose information material to the company's future.

Recommendation of the Board of Directors Against the Proposal

The United States Food and Drug Administration (the FDA) is the federal agency primarily responsible for insuring the safety of food and food ingredients. These products are also regulated by the United States Department of Agriculture (USDA) and the Environmental Protection Agency (EPA). The FDA, USDA and EPA have analyzed biotechnology based upon sound scientific principles. The Board is not aware that the FDA, USDA, EPA or any other regulatory agency has found or believes that food and food ingredients developed by these techniques, as a class, present any different or greater safety concerns than food and food ingredients developed from traditional sources.

The Board does not believe the report requested by the Stockholder proposal can be accurately prepared, given the current practices of multi-vendor sourcing prevalent in the United States food distribution system. The Company produces and markets thousands of different products, and uses large volumes of various raw materials. We believe it would be difficult and costly, if not impossible in the absence of federal laws and regulations, for the Company to require its numerous suppliers to identify crops and raw materials derived from modern biotechnology. The Company also believes that the report would necessarily include confidential information about its products, and the publication of the information would put the Company at a competitive disadvantage. Further, while the Company is able to obtain limited quantities of non-genetically engineered crops, we believe it would be impractical and financially irresponsible for a company of Archer-Daniels-Midland Company's size and complexity to discontinue merchandising and processing genetically modified crops.

Archer-Daniels-Midland Company believes that issues relating to biotechnology should be resolved uniformly by the FDA, USDA and other appropriate governmental regulatory agencies. These regulatory agencies can evaluate all aspects of the issues in a balanced and fully-informed manner, and on the basis of sound science.

Accordingly, the Board of Directors recommends that Stockholders vote AGAINST this Stockholder proposal. Proxies solicited by the Board of Directors will be so voted unless Stockholders specify a different choice.

Deadline for Submission of Stockholder Proposals

Proposals of Stockholders intended to be presented at the next Annual Meeting and desired to be included in the Company's Proxy Statement for that meeting must be received by the Secretary, Archer-Daniels-Midland Company, 4666 Faries Parkway, Decatur, Illinois, 62526-5666, no later than May 25, 2006, in order to be included in such Proxy Statement. Generally, if written notice of any Stockholder proposal intended to be presented at the next Annual Meeting, and not included in the Company's Proxy Statement for that meeting, is not delivered to the Secretary at the above address between August 5, 2006 and September 4, 2006 (or, if the next Annual Meeting is called for a date that is not within the period from October 4, 2006 to December 3, 2006, if such notice is not so delivered by the close of business on the tenth day following the earlier of the date on which notice of the date of such Annual Meeting is mailed or public disclosure of the date of such Annual Meeting is made), or if such notice does not contain the information required by Section 1.4(c) of the Company's Bylaws, the chair of the Annual Meeting may declare that such Stockholder proposal be disregarded.

Stockholders with the Same Address

Individual Stockholders sharing an address with one or more other Company Stockholders may elect to household the mailing of the Proxy Statement and the Company's annual report. This means that only one annual report and Proxy Statement will be sent to that address unless one or more Stockholders at that address specifically elect to receive separate mailings. Stockholders who participate in householding will continue to receive separate proxy cards. Also, householding will not affect dividend check mailings. The Company will promptly send a separate annual report and Proxy Statement to a Stockholder at a shared address on request. Stockholders with a shared address may also request the Company to send separate

annual reports and Proxy Statements in the future, or to send a single copy in the future if the Company is currently sending multiple copies to the same address.

Requests related to householding should be made by writing Shareholder Relations, Archer-Daniels-Midland Company, P.O. Box 1470, Decatur, Illinois 62525 or by calling the Company's Shareholder Relations at 217/424-5656. If you are a Stockholder whose shares are held by a bank, broker or other nominee, you can request information about householding from your bank, broker or other nominee.

Other Matters

It is not contemplated or expected that any business other than that pertaining to the subjects referred to in this Proxy Statement will be brought up for action at the meeting, but in the event that other business does properly come before the meeting calling for a Stockholders' vote, the named proxies will vote thereon according to their best judgment in the interest of the Company.
