NETGEAR, INC.

**PROXY STATEMENT FOR THE
2007 ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION

The Board of Directors of NETGEAR, Inc., a Delaware corporation, is soliciting the enclosed proxy from you. The proxy will be used at our 2007 Annual Meeting of Stockholders to be held at 10:00 a.m. local time on Tuesday, May 15, 2007 at our executive offices located at 4500 Great America Parkway, Santa Clara, California 95054.

This proxy statement contains important information regarding our annual meeting. Specifically, it identifies the proposals on which you are being asked to vote, provides information you may find useful in determining how to vote and describes the voting procedures.

We use several abbreviations in this proxy statement. We may refer to our Company as **NETGEAR**, **we**, **us** or **our**. The term **proxy materials** includes this proxy statement, as well as the enclosed proxy card and our Annual Report on Form 10-K for the year ended December 31, 2006.

We are sending the proxy materials on or about April 16, 2007 to all of our stockholders as of the record date, March 30, 2007. Stockholders who owned NETGEAR common stock at the close of business on March 30, 2007 are entitled to attend and vote at the annual meeting. On the record date, we had approximately 34,431,103 shares of our common stock issued and outstanding. We had 27 stockholders of record as of the record date and our common stock was held by approximately 9,300 beneficial owners.

Voting Procedures

As a stockholder, you have the right to vote on certain business matters affecting us. The two proposals that will be presented at the annual meeting, and upon which you are being asked to vote, are discussed in the sections entitled **Proposal One** and **Proposal Two**. Each share of NETGEAR common stock you own entitles you to one vote. The enclosed proxy card indicates the number of shares you own. You can vote by returning the enclosed proxy card and proxy in the envelope provided, or by attending the annual meeting and voting in person at the annual meeting.

Methods of Voting

Voting by Mail. By signing and returning the proxy card according to the enclosed instructions, you are enabling our Chairman and Chief Executive Officer, Patrick C.S. Lo, and our Chief Accounting Officer, Christine M. Gorjanc, who are named on the proxy card as **proxies and attorneys-in-fact**, to vote your shares as proxy holders at the meeting in the manner you indicate. We encourage you to sign and return the proxy card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting.

Your shares will be voted in accordance with the instructions you indicate on the proxy card. If you submit the proxy card, but do not indicate your voting instructions, your shares will be voted as follows:

FOR the election of the director nominees identified in Proposal One; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditors for the fiscal year ending December 31, 2007.

To reduce the expenses of delivering duplicate voting materials to our stockholders who may have more than one NETGEAR stock account, we are delivering only one set of the proxy statement and the annual report on Form 10-K for the year ended December 31, 2006 to certain stockholders who share an address unless otherwise requested. A separate proxy card is included in the voting materials for each of these stockholders. If you share an address with another stockholder and have received only one set of voting materials, you may write or call us to

Table of Contents

request a separate copy of these materials at no cost to you. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by writing our Company Secretary at NETGEAR, Inc., 4500 Great America Parkway, Santa Clara, California 95054, or calling our Company Secretary at (408) 907-8000. **You may receive a copy of the exhibits to NETGEAR's Annual Report on Form 10-K for the year ended December 31, 2006 by sending a written request to NETGEAR, Inc., 4500 Great America Parkway, Santa Clara, California 95054, Attn: Corporate Secretary.**

Voting in Person at the Meeting. If you plan to attend the annual meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name, but if you wish to vote at the meeting, you will need to bring with you to the annual meeting a legal proxy from your broker or other nominee authorizing you to vote these shares.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the annual meeting. In order to do this, you may either:

sign and return another proxy bearing a later date;

provide written notice of the revocation to Albert Y. Liu, our Vice President, Legal and Corporate Development and Company Secretary, at NETGEAR, Inc., 4500 Great America Parkway, Santa Clara, California 95054, prior to the time we take the vote at the annual meeting; or

attend the meeting and vote in person.

Quorum Requirement

A quorum, which is a majority of our outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting or if you submit a properly executed proxy card.

Votes Required for Each Proposal

The vote required and method of calculation for the proposals to be considered at the annual meeting are as follows:

Proposal One Election of Directors. The eight director nominees receiving the highest number of votes, in person or by proxy, will be elected as directors. You may vote (i) for all nominees, (ii) withhold for all nominees or (iii) withhold for certain nominees by striking a line through the name(s) of such nominees on your proxy card.

Proposal Two Ratification of PricewaterhouseCoopers LLP as Independent Auditors. Ratification of PricewaterhouseCoopers LLP as our independent auditors will require the affirmative vote of a majority of the shares present at the annual meeting, in person or by proxy. You may vote for, against, or abstain from voting on the proposal to ratify PricewaterhouseCoopers LLP as our independent auditors.

Abstentions and Broker Non-Votes

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the

annual meeting. Consequently, if you abstain from voting on the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent accountants, your abstention will have the same effect as a vote against that proposal.

Table of Contents

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, who are the beneficial owners of the shares, brokers have discretion to vote these shares on routine matters but not on non-routine matters. Thus, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares FOR routine matters but expressly instructing that the broker is NOT voting on non-routine matters. A broker non-vote occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of votes cast for or against a proposal. Your broker will have discretionary authority to vote your shares on Proposals One (Election of Directors) and Two (Ratification of Appointment of Independent Auditors), which are routine matters.

Proxy Solicitation Costs

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing and mailing of proxy materials. We expect our Vice President, Legal and Corporate Development and Company Secretary, Albert Y. Liu, to tabulate the proxies and act as inspector of the election.

Deadline for Receipt of Stockholder Proposals for 2008 Annual Meeting

As a stockholder, you may be entitled to present proposals for action at a forthcoming meeting if you comply with the requirements of the proxy rules established by the Securities and Exchange Commission. Proposals by our stockholders intended to be presented for consideration at our 2008 Annual Meeting of Stockholders must be received by us no later than December 18, 2007 (120 calendar days prior to the anniversary of the mailing date of this proxy statement), in order that they may be included in the proxy statement and form of proxy related to that meeting. The submission of the stockholder proposal does not guarantee that it will be included in our 2008 proxy statement.

The Securities and Exchange Commission rules establish a different deadline with respect to discretionary voting for stockholder proposals that are not intended to be included in a company's proxy statement. The attached proxy card grants the proxy holders discretionary authority to vote on any matter raised at the annual meeting. The discretionary vote deadline for our 2008 annual meeting is March 2, 2008, which is 45 calendar days prior to the anniversary of the mailing date of this proxy statement. If a stockholder gives notice of a proposal after the discretionary vote deadline, our proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at our 2008 annual meeting.

In addition, our bylaws establish an advance notice procedure with regard to specified matters, including stockholder proposals and director nominations, which are proposed to be properly brought before an Annual Meeting of Stockholders. To be timely, a stockholder's notice shall be delivered no less than 120 days prior to the date of annual meeting specified in the proxy statement provided to stockholders in connection with the preceding year's annual meeting, which is January 24, 2008 in connection with our 2008 Annual Meeting of Stockholders. In the event that no annual meeting was held in the previous year or the date of the annual meeting is changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, notice by the stockholder must be received not later than the tenth business day following the day notice of the date of the meeting was mailed or public disclosure was made, whichever occurs first. A stockholder's notice shall include: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and address of the stockholder proposing such business, (iii) the class and number of shares of our stock which are beneficially owned by the stockholder, (iv) any material interest of the stockholder in such business and (v) any other information required by the Securities Exchange Act of 1934, as amended (the 1934 Act). In addition, if a stockholder wishes to nominate a candidate for director, the stockholder's notice shall also include the following information for the candidate: (i) name, age, business address and residence address, (ii) principal occupation or

employment of such nominee, (iii) class and number of shares of our stock beneficially owned by such nominee, (iv) description of all arrangements between the stockholder and the nominee and (v) any other information required by the 1934 Act (including the candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if elected). A copy of the full text of our bylaws is available from our Corporate Secretary upon written request. Proposals should be sent to our Corporate Secretary, c/o NETGEAR, Inc., 4500 Great America Parkway, Santa Clara, California 95054.

Nomination of Director Candidates

The Nominating and Corporate Governance Committee considers candidates for board membership suggested by members of our Board of Directors, management and stockholders. It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to our Board of Directors from stockholders by submitting: the candidate's name; home and business contact information; detailed biographical data and qualifications; information regarding any relationships between the candidate and NETGEAR within the last three years; and evidence of the nominating person's ownership or beneficial ownership of NETGEAR stock and amount of stock holdings. The Nominating and Corporate Governance Committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by our Board of Directors, individual board members or management. See Election of Directors Policy for Director Recommendations and Nominations for additional information.

In addition, a stockholder may nominate a person directly for election to our Board of Directors at an annual meeting of our stockholders provided they meet the requirements set forth in our bylaws and the rules and regulations of the Securities and Exchange Commission related to stockholder proposals. The process for properly submitting a stockholder proposal, including a proposal to nominate a person for election to our Board of Directors at an annual meeting, is described above in the section entitled Deadline for Receipt of Stockholder Proposals for 2008 Annual Meeting.

Stockholder Communications to Directors

Stockholders may communicate directly with our Board of Directors by writing to them c/o NETGEAR, Inc., 4500 Great America Parkway, Santa Clara, California 95054. Unless the communication is marked confidential, our Company Secretary will monitor these communications and provide appropriate summaries of all received messages to the Chairperson of our Nominating and Corporate Governance Committee. Any stockholder communication marked confidential will be logged as received, but will not be reviewed by the Company Secretary. Such confidential correspondence will be immediately forwarded to the Chairperson of the Nominating and Corporate Governance Committee for appropriate action. Where the nature of a communication concerns questionable accounting or auditing matters directed directly to the Audit Committee, our Company Secretary will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in the Company's stockholder communications log.

A copy of our current amended and restated Audit Committee charter is available on the investor relations section of our website at www.netgear.com. Our Audit Committee currently consists of Messrs. Godwin, Lacy, Jr. and Parker. Our Board of Directors has determined that each of Messrs. Godwin, Lacy, Jr., and Parker is an audit committee financial expert, as defined in the rules of the Securities and Exchange Commission. Our Board of Directors has determined that Messrs. Godwin, Lacy, Jr., and Parker are independent, as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the 1934 Act. Mr. Godwin serves as chairman of our Audit Committee.

Compensation Committee

Our Board of Directors first adopted a written charter for the Compensation Committee in August 2000. A copy of our current amended and restated Compensation Committee charter is available on the investor relations section of our website at www.netgear.com. Our Compensation Committee currently consists of Messrs. Faison, Graham, Rossmann and Ms. Shimer, each of whom is a non-management member of our Board of Directors. Mr. Faison serves as chairman of our Compensation Committee.

Nominating and Corporate Governance Committee

Our Board of Directors formed a Nominating and Corporate Governance Committee and adopted its written charter in April 2004. A copy of our current Nominating and Corporate Governance Committee charter is available on the investor relations section of our website at www.netgear.com. Our Nominating and Corporate Governance Committee currently consists of Messrs. Godwin, Graham and Lacy, Jr. None of the current members of the Nominating and Corporate Governance Committee is an employee of NETGEAR and each is independent under the listing requirements of the Nasdaq Stock Market. Mr. Lacy, Jr. serves as chairman of the Nominating and Corporate Governance Committee.

Policy for Director Recommendations and Nominations

The Nominating and Corporate Governance Committee considers candidates for board membership suggested by members of our Board of Directors, management and stockholders. It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to our Board of Directors from stockholders by submitting: the candidate's name; home and business contact information; detailed biographical data and qualifications; information regarding any relationships between the candidate and NETGEAR within the last three years; and evidence of the nominating person's ownership or beneficial ownership of NETGEAR stock and amount of stock holdings. The Nominating and Corporate Governance Committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by our Board of Directors, individual board members or management.

In addition, a stockholder may nominate a person directly for election to our Board of Directors at an annual meeting of our stockholders provided they meet the requirements set forth in our bylaws and the rules and regulations of the Securities and Exchange Commission related to stockholder proposals. The process for properly submitting a stockholder proposal, including a proposal to nominate a person for election to our Board of Directors at an annual meeting, is described above in the section entitled "General Information - Deadline for Receipt of Stockholder Proposals for 2008 Annual Meeting."

Where the Nominating and Corporate Governance Committee has either identified a prospective nominee or determines that an additional or replacement director is required, the Nominating and Corporate Governance Committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the board or management. In its evaluation of director candidates, including the

members of our Board of Directors eligible for re-election, the Nominating and Corporate Governance Committee considers a number of factors, including the following:

the current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board; and

such factors as judgment, independence, character and integrity, age, area of expertise, diversity of experience, length of service, and potential conflicts of interest.

In connection with its evaluation, the Nominating and Corporate Governance Committee determines whether it will interview potential nominees. After completing the evaluation and review, the Nominating and Corporate Governance Committee approves the nominees for election to our Board of Directors.

Corporate Governance Policies and Practices

We maintain a corporate governance page on our company website at www.netgear.com. This website includes, among other items, profiles of all of our directors and officers, charters of each committee of the Board, our code of ethics, the information regarding our whistleblower policy, and our director and officer stock ownership guidelines.

Our policies and practices reflect corporate governance initiatives that are compliant with the listing requirements of the Nasdaq Stock Market and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

A majority of the members of the Board are independent directors, as defined by the Nasdaq Marketplace rules. Independent directors do not receive consulting, legal or other fees from us other than Board and Committee compensation.

Mr. Lacy has served as the lead independent outside director since April 2006.

The independent directors of the Board meet regularly without the presence of management.

The Board has adopted a code of ethics that is applicable to all of our employees, officers and directors. This code is intended to deter wrongdoing and promote ethical conduct. Directors, officers and employees are required to complete annual surveys relating to their knowledge of any violation of legal requirements or the code of ethics. We will post any amendments to, or waivers from, our code of ethics on our website.

Directors stand for re-election every year.

The Audit, Compensation and Nominating and Corporate Governance Committees each consist entirely of independent directors.

The charters of the Board committees clearly establish their respective roles and responsibilities.

At least annually, the Board reviews our business initiatives, capital projects and budget matters.

The Audit Committee reviews and approves all related party transactions.

The Board has implemented a process of periodic self-evaluation of the Board and its Committees.

As part of our Whistleblower Policy, we have made a whistleblower hotline available to all employees for anonymous reporting of financial or other concerns. The Audit Committee receives directly, without management participation, all hotline activity reports, including complaints on accounting, internal controls or auditing matters.

Directors are encouraged to attend our annual meeting. While their attendance is not required, at the 2006 Annual Meeting of Stockholders, all of our directors who was a director at that time was in attendance.

Directors and officers are encouraged to hold and own common stock of the company to further align their interests and actions with the interest of our stockholders, pursuant to our director and officer stock ownership guidelines.

The guidelines require our directors to own a minimum of 5,000 shares of NETGEAR common stock, and our executive officers to own NETGEAR common stock with a value equal to a multiple of the officer's salary level. Under the guidelines, our Chief Executive Officer is expected to eventually own approximately five times his annual base salary. Directors and officers have a five year period in which to achieve the required compliance level.

Table of Contents

Before selecting and prior to determining to continue its engagement for 2007 with PricewaterhouseCoopers LLP, the Audit Committee carefully considered PricewaterhouseCoopers LLP's qualifications as independent auditors. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the Securities and Exchange Commission's rules on auditor independence, including the nature and extent of non-audit services, to ensure that the auditors' independence will not be impaired. The Audit Committee pre-approves all audit and non-audit services provided by PricewaterhouseCoopers LLP, or subsequently approves non-audit services in those circumstances where a subsequent approval is necessary and permissible. All of the services provided by PricewaterhouseCoopers LLP described under Audit-Related Fees, Tax Compliance Fees, Tax Consulting Fees and All Other Fees were pre-approved by the Audit Committee. The Audit Committee of our Board of Directors has determined that the provision of non-audit related services by PricewaterhouseCoopers LLP is compatible with maintaining the independence of PricewaterhouseCoopers LLP as our independent auditors.

Vote Required and Board of Directors' Recommendation

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent auditors is not required by our bylaws or other applicable legal requirement. However, our Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, our Audit Committee and Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote by a majority of shares present in person or by proxy at the annual meeting and entitled to vote is required to approve this proposal. **Our Board of Directors has unanimously approved this proposal and recommends that stockholders vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as independent auditors.**

The number of shares subject to options that each beneficial owner has the right to acquire within 60 days of March 2, 2007 is listed separately under the column entitled "Number of Shares Underlying Options Beneficially Owned." These shares are not deemed outstanding for purposes of computing the percentage

ownership of any other person.

Percentage of beneficial ownership is based upon 34,397,804 shares of our common stock outstanding as of March 2, 2007 and the shares of common stock subject to options held by the beneficial owner that are currently exercisable within 60 days of March 2, 2007. COMPENSATION DISCUSSION AND ANALYSIS

General Compensation Philosophy

We compete in an aggressive and dynamic industry and, as a result, our Board of Directors believes that finding, motivating and retaining quality employees, particularly senior managers, sales personnel and technical personnel, are important factors to our future success.

Our compensation programs aim to address a number of objectives, including attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating management to achieve returns for our stockholders. Our programs are geared for short and long-term performance with the goal of increasing stockholder value over the long term. Executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we are mindful of the effect executive compensation and incentive programs have on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team, in attaining key operating objectives, such as growth of sales, growth of operating earnings and earnings per share, growth or maintenance of market share, long-term competitive advantage, and ultimately, in attaining an increased market price for our common stock. We believe that the performance of our executives in managing the Company, considered in

light of general economic conditions, our company and industry, and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, as we expect the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company by our executives.

Designing a Competitive Compensation Package

Recruitment and retention of our executive management require a competitive compensation package. Our Compensation Committee's (the Committee) approach emphasizes fixing total compensation for executives, which consists of base salary and benefits, annual cash incentive and long-term incentive awards, at approximately the median of our peer group (the Peer Group). The Peer Group consists of 13 publicly traded companies from the

Table of Contents

computer peripheral and communications equipment industries and of comparable size to us: 3Com Corp., Avocent Corp., Brocade Communications Systems, Inc., Digi International, Inc., Emulex Corp., Extreme Networks, Inc., Foundry Networks, Inc., Juniper Networks, Inc., Keytronic Corp., McData Corp., MRV Communications, inc., Network Equipment Technologies, Inc. and Radisys Corp. Statistical analysis is used to adjust all market compensation data to reflect the current annual revenues of the Company given the variation in size of the companies from which compensation data is collected. Each element of compensation as well as total compensation are quantified and reviewed to determine the Company's competitiveness compared to the market. Precise comparisons of some forms of compensation are not possible due to lack of data or different valuation approaches for compensation that is contingent, of uncertain duration or not dollar or share-based. Therefore, certain comparisons are based on observations generally rather than comparison survey data. When data is not current through the most recent year, estimates are made to update values.

The Committee engages Compensation Strategies, Inc., an independent third party compensation consulting firm, to assist in selecting the Peer Group and gathering general industry compensation data. The consultant reports directly to the Committee but has been authorized by the Committee to work with certain executive officers of the Company. The consultant conducts regular reviews of total compensation of the Company's executive group. The consultant also provides advice with respect to other executive and board compensation issues that might arise during the year.

In determining the appropriate individual compensation levels for executives, the Committee considers the Peer Group compensation data as well as the individual's tenure, experience, skills, and individual and Company performance. Compensation levels for all executives, except our CEO, are developed by the Committee in consultation with our CEO and the compensation consultant. The Committee engages in an active dialogue with our CEO concerning the Company's strategic objectives and performance targets. The Committee reviews the appropriateness of the financial measures used in the incentive plans and the degree of difficulty in achieving specific performance targets. The Committee also reviews with our CEO the individual responsibilities, abilities and objectives achieved in the prior year for each of the executive officers. In the case of the CEO, the Committee develops its own recommendation in executive session without the CEO, or any other member of management, present. The Committee then presents its recommendation for executive compensation to the independent members of the Board for final review and approval.

Fixed Compensation

Principal elements of fixed compensation consist of base salary and benefits (e.g., 401(k) plan, health, life and disability insurance and employee stock purchase plan). We target the value of fixed compensation generally at the median of the Peer Group to facilitate a competitive recruitment and retention strategy. As a result, base salary for senior executives is generally set at approximately the 50th percentile of the Peer Group with individual variations based on job scope, tenure, retention risk and other factors relevant to the Committee. Increases in base salary reflect assessed performance, providing a performance link to this element of fixed compensation. Base salaries are generally reviewed by the Committee and approved annually by the independent members of the Board in the first quarter of the year. For 2006, base salary for the named executive officers were set at approximately the median of the Peer Group, resulting in percentage salary increases for the Company's named executive officers ranging from 2.3% to 25.0% effective as of January 1, 2006. For 2007, base salary for the named executive officers were again set at approximately the median of the Peer Group, resulting in percentage salary increases for the Company's named executive officers ranging from 6.3% to 12.2% effective as of January 1, 2007.

We provide various employee benefit programs to our executive officers, including health, life and disability insurance, a 401(k) plan and the opportunity to purchase our common stock through payroll deductions at a discounted price through our 2003 Employee Stock Purchase Plan. These benefit programs are generally available to all our employees.

Table of Contents

Incentive Compensation

Our executive incentive compensation is linked directly to our sales and earnings growth and long-term total return to stockholders. Our incentive compensation awards include annual cash incentives tied to the current year's performance and equity awards that generally vest over four years to reward long-term performance.

Annual Incentive Plan. All of our employees, including our executive officers, participate in an annual incentive plan. Each commissioned employee, including our sales executives, participates under an annual sales commission plan and is eligible to receive a cash commission based upon the achievement of certain yearly sales goals and objectives and of individual objectives, in each case established at the beginning of the calendar year. Each non-commissioned employee, including our non-sales executives, participates under our annual bonus plan and is eligible to receive a cash bonus primarily based upon the level of annual operating income achieved by the Company and the achievement of individual objectives, in each case established at the beginning of the calendar year. Bonuses under the annual bonus plan are paid only after the filing of our annual report on Form 10-K for that calendar year is completed, which is generally in the first quarter of the following year.

Under his 2006 annual sales commission plan, Mr. Soares was eligible to receive a sales commission based upon a modified measure of profit contribution achieved by the Company as measured on a quarterly basis, with a target objective in part derived from the Company's 2006 annual operating plan that is approved by our Board at the beginning of 2006. The commission plan also provides for the ability of Mr. Soares to earn up to three to five times the commission rate for overachieving above the target measure of profit contribution. There is no cap on the amount of commission that may be earned under the plan. The amount of the earned commission is calculated and paid on a quarterly basis. Based on the Company's performance in 2006, Mr. Soares received an earned commission of \$168,873.

Under the 2006 annual bonus plan, each participating executive officer was eligible to receive an incentive bonus of between 17.5% and 100% of his or her base salary based upon the level of annual operating income achieved by the Company, provided however, that a minimum operating income threshold must be achieved before any bonus is earned. The bonus target is set at 40% of base salary and is based upon us achieving the annual operating income target under our 2006 annual operating plan reviewed and approved by our Board of Directors at the beginning of 2006. The Company believes that the target performance goal was set at an appropriate level based on market and industry expectations and that it was realistic and achievable. In addition, once the eligible bonus is determined based upon the level of annual operating income achieved, 40% of such bonus is then conditional upon the executive's achievement of his or her individual annual objectives. In 2006, based on the Company's level of annual operating income achieved, the eligible incentive bonus for executives under the 2006 annual bonus plan was approximately 36.2% of base salary. After further taking into account the achievement of individual annual objectives and the adjustment of the target bonus level to bring it closer to the 50th percentile of the market, the independent members of our Board approved additional amounts for the named executive officers above the base 36.2% bonus rate in the amount of \$61,688 for Patrick C.S. Lo, \$7,418 for Christine M. Gorjanc, and \$8,438 for Michael F. Falcon. In total, the Board approved the following bonuses: Patrick C.S. Lo, \$252,000, Jonathan R. Mather, \$97,562, Christine M. Gorjanc, \$90,000, Charles T. Olson, \$87,000, and Michael F. Falcon, \$90,000. The bonuses were paid in the first quarter of 2007, immediately after the filing of the Company's 2006 Form 10-K annual report with the Securities and Exchange Commission. In addition, the independent members of our Board approved a special bonus of \$378,000 for Mr. Lo payable on December 31, 2007, provided that Mr. Lo is still employed with us at that time.

Based on the Committee's review of the competitive market data, under the 2007 annual bonus plan, the Chief Executive Officer has a bonus target of 80% of his base salary and each other participating executive officer has a bonus target of 50% of his or her base salary, in order to bring the target annual incentive levels closer to the

50th percentile of the market. The 2007 bonus target is based upon us achieving the annual operating income target under our 2007 annual operating plan reviewed and approved by our Board of Directors at the beginning of 2007. The Company believes that the target performance goal has been set for 2007 at an appropriate level based on market and industry expectations and that it is realistic and achievable for 2007.

Equity Awards. We provide long-term incentives through our 2003 Stock Plan (2003 Plan) and our 2006 Long Term Incentive Plan (2006 Plan). Equity grants are periodically granted under the 2003 Plan and the 2006 Plan to provide additional incentive to executives and other employees to maximize long-term total return to our

Table of Contents

stockholders. We generally provide an initial grant upon employment commencement and subsequent smaller annual refresh grants. We may grant a mixture of equity grants, including stock options, restricted stock and restricted stock units. We believe that equity grants are a particularly strong incentive, because they increase in value to our employees as the fair market value of our common stock increases. In the case of restricted stock and restricted stock units which have immediate underlying value, such awards also provide a retention benefit over the vesting period of the awards.

With respect to the size of the equity awards granted to our executive officers, the Compensation Committee considers the executive's position, the executive's individual performance, the number of equity awards held (if any), the extent to which those equity awards are vested and any other factors that our Board of Directors may deem relevant. The Compensation Committee makes a formal recommendation to the independent members of the Board of Directors of any proposed awards for their review and approval. Equity awards for our executive officers are only granted during a Board meeting, which meetings are scheduled a year in advance to minimize the discretionary selection of grant dates.

As part of the annual compensation review in the first quarter, we generally provide annual refresh equity awards to our executive officers for that year. In 2006, annual refresh equity grants to named executive officers were delayed until after the affirmative approval by our stockholders of the new 2006 Plan at our annual meeting in May 2006. The named executive officers received a combination of option and restricted stock unit awards, as detailed in the Grants of Plan-Based Awards table below. Ms. Gorjanc received an additional grant in October 2006 related to her promotion to Chief Accounting Officer. In the first quarter of 2007, we provided annual refresh option and restricted stock unit awards to our named executive officers at a level that targeted their total compensation to be at the median of the Peer Group.

We have also adopted stock ownership guidelines for our executive officers to own and hold common stock of the Company to further align their interests and actions with the interests of our stockholders. Under the guidelines, our Chief Executive Officer is expected to eventually own approximately five times his annual base salary. Other executive officers are expected to achieve ownership levels equal to approximately one to three times base salary. Executive officers have a five year period in which to achieve the required compliance level. Shares owned directly by the executive, unvested restricted stock units, and shares held in a Section 401(k) or deferred compensation account are counted toward the guidelines. All of our current named executive officers are in compliance with the guidelines.

Setting the Pay Mix

The Committee emphasizes performance-based compensation, at risk and dependent directly on results, for our executive team. Comparing the major elements of total compensation, on average base salary comprises approximately 33%, annual incentive compensation approximately 17%, and long-term incentive compensation approximately 50% of the pay mix. Total cash compensation (i.e., base salary and annual cash incentive) is targeted at the 50th percentile of the Peer Group for the executive population. Cash above this percentile will generally result from above-target performance in the annual incentive plan or a special bonus for extraordinary performance or for retention purposes. The value of long-term incentive compensation is also targeted at the 50th percentile of the Peer Group, resulting in a total compensation package at the median level.

Executive Severance and Change of Control Benefits

The Company does not have a formal executive severance or change in control plan. The severance and change of control benefits that each named executive officer is eligible for is governed by his or her employment agreement with us. For a more detailed description of these severance and change of control benefits, please see *Executive Compensation – Potential Payments Upon Termination or Change In Control*.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the federal income tax deductibility of compensation paid to our chief executive officer and to each of the other four most highly-compensated executive officers. NETGEAR may deduct such compensation only to the extent that during any fiscal year the compensation paid to such

Table of Contents

individual does not exceed \$1 million or meet certain specified conditions (including stockholder approval). NETGEAR has adopted a policy that, where reasonably practicable, NETGEAR will seek to qualify variable compensation paid to its executive officers for an exemption from the deductibility limitations of 162(m).

A description of our 2003 Plan and our 2006 Plan follows the table below. Cash awards under our annual incentive plan are reflected in the Summary Compensation Table under Non-Equity Incentive Plan Compensation for each of our named executive officers. - (1) 25% of the shares subject to these options will vest twelve months after the grant date, and 1/48 of the shares subject to these options shall vest each month thereafter, subject to the optionee continuing to be a service provider on such dates.
- (2) These restricted stock unit awards will vest in four equal annual installments on the first four anniversaries of the grant date, subject to the recipient continuing to be a service provider on such dates. Upon vesting, each restricted stock unit will entitle the recipient to receive one share of common stock of the Company.
- (3) Payouts are pursuant to the terms of the Company's 2006 annual bonus plan. The maximum payout that may be earned is dependent upon the Company's level of operating income achieved during 2006. In addition, once the eligible payout is determined, 40% of such payout is then conditional upon the executive's achievement of his or her individual annual objectives. As a result, the payout under the bonus plan may be \$0.
- (4) This payout is pursuant to Mr. Soares' annual sales commission plan.
- (5) Subject to the separation agreement signed with Mr. Mather on April 26, 2006, all of his vested and unexercised options were amended so that they are exercisable until December 31, 2007. This modification resulted in a

charge equal to the incremental fair value after taking effect of the change in terms being taken as an expense in the second quarter of 2006.

- (6) Except for the amounts for Mr. Mather, these amounts represent the full grant date value calculated utilizing the provisions of SFAS 123R without regard to vesting. See Note 7 of the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2006 regarding assumptions underlying valuation of equity awards. Regardless of the value placed on a stock option by SFAS 123R on the grant date, the actual value of the option will depend on the market value of the Company's common stock at the date in the future when the option is exercised.

2003 Stock Plan

The 2003 Plan was adopted in April 2003. The 2003 Plan provides for the granting of stock options to employees and consultants of the Company. Options granted under the 2003 Plan may be either incentive stock options or nonqualified stock options. ISOs may be granted only to Company employees (including officers and directors who are also employees). NSOs may be granted to Company employees, directors and consultants. The Company has reserved 750,000 shares of Common Stock plus any shares which were reserved but not issued under the 2000 Stock Option Plan (which was terminated as to new grants in May 2003) (the 2000 Plan) as of the date of the approval of the 2003 Plan. The number of shares which were reserved but not issued under the 2000 Plan that were transferred to the Company's 2003 Plan were 615,290, which when combined with the shares reserved for the Company's 2003 Plan give a total of 1,365,290 shares reserved under the Company's 2003 Plan as of the date of transfer. Any options cancelled under either the 2000 Plan or the 2003 Plan are returned to the pool available for grant. As of December 31, 2006, 143,209 shares were reserved for future grants under the Company's 2003 Plan.

Options under the 2003 Plan may be granted for periods of up to ten years and at prices no less than the estimated fair value of the common stock on the date of grant as determined by the closing sales price for such stock as quoted on any established stock exchange or a national market system, provided, however, that (i) the exercise price of an ISO and NSO shall not be less than the estimated fair value of the shares on the date of grant and (ii) the exercise price of an ISO and NSO granted to a 10% shareholder shall not be less than 110% of the estimated fair value of the shares on the date of grant. To date, options granted generally vest over four years, with the first tranche vesting at the end of twelve months and the remaining shares underlying the option vesting monthly over the remaining three years. In fiscal 2005, certain options granted under the 2003 Plan immediately vested and were exercisable on the date of grant, and the shares underlying such options were subject to a resale restriction which expires at a rate of 25% per year.

2006 Long Term Incentive Plan

In April 2006, the Company adopted the 2006 Plan, which was approved by the Company's stockholders at the 2006 Annual Meeting of Stockholders on May 23, 2006. The 2006 Plan provides for the granting of stock options, stock appreciation rights, restricted stock, performance awards and other stock awards, to eligible directors, employees and consultants of the Company. The Company has reserved 2,500,000 shares of Common Stock for issuance under the 2006 Plan. Any options cancelled under the 2006 Plan are returned to the pool available for grant. As of December 31, 2006, 1,458,710 shares were reserved for future grants under the 2006 Plan.

Options granted under the 2006 Plan may be either incentive stock options or nonqualified stock options. ISOs may be granted only to Company employees (including officers and directors who are also employees). NSOs may be granted to Company employees, directors and consultants. Options may be granted for periods of up to ten years and at prices no less than the estimated fair value of the common stock on the date of grant as determined by the closing sales price for such stock as quoted on any established stock exchange or a national market system, provided, however, that (i) the exercise price of an ISO and NSO shall not be less than the estimated fair value of the shares on the date of

grant and (ii) the exercise price of an ISO and NSO granted to a 10% shareholder shall not be less than 110% of the estimated fair value of the shares on the date of grant. Options granted under the 2006 Plan generally vest over four years, with the first tranche vesting at the end of twelve months and the remaining shares underlying the option vesting monthly over the remaining three years.

Table of Contents

Stock appreciation rights may be granted under the 2006 Plan subject to the terms specified by the plan administrator, provided that the term of any such right may not exceed ten (10) years from the date of grant. The exercise price generally cannot be less than the fair market value of the Company's common stock on the date the stock appreciation right is granted.

Restricted stock awards may be granted under the 2006 Plan subject to the terms specified by the plan administrator. The period over which any restricted award may fully vest is generally no less than three (3) years. Restricted stock awards are nonvested stock awards that may include grants of restricted stock or grants of restricted stock units. Restricted stock awards are independent of option grants and are generally subject to forfeiture if employment terminates prior to the release of the restrictions. During that period, ownership of the shares cannot be transferred. Restricted stock has the same voting rights as other common stock and is considered to be currently issued and outstanding. Restricted stock units do not have the voting rights of common stock, and the shares underlying the restricted stock units are not considered issued and outstanding. The Company expenses the cost of the restricted stock awards, which is determined to be the fair market value of the shares at the date of grant, ratably over the period during which the restrictions lapse.

Performance awards may be in the form of performance shares or performance units. A performance share means an award denominated in shares of Company common stock and a performance unit means an award denominated in units having a dollar value or other currency, as determined by the Committee. The plan administrator will determine the number of performance awards that will be granted and will establish the performance goals and other conditions for payment of such performance awards. The period of measuring the achievement of performance goals will be a minimum of twelve (12) months.

Other stock-based awards may be granted under the 2006 Plan subject to the terms specified by the plan administrator. Other stock-based awards may include dividend equivalents, restricted stock awards, or amounts which are equivalent to all or a portion of any federal, state, local, domestic or foreign taxes relating to an award, and may be payable in shares, cash, other securities or any other form of property as the plan administrator may determine.

In the event of a change in control of the Company, all awards under the 2006 Plan vest in full and all outstanding performance shares and performance units will be paid out upon transfer.

Potential Payments Upon Termination or Change in Control

We have entered into employment agreements with the following of our current named executive officers. Each agreement may be terminated by either us or the executive officer at any time with or without cause. In addition, the employment agreements provide for annual salary and bonus amounts and severance benefits, as may be adjusted from time to time by our Board of Directors. In the event of a change of control, all equity awards issued under our 2006 Plan, including those issued to our executive officers, will become fully vested and exercisable. We have no tax gross-up agreements with any executive for change in control arrangements.

On December 3, 1999, we entered into an employment agreement with Patrick C.S. Lo, our Chairman and Chief Executive Officer. This agreement provides that if within one year following a change of control of NETGEAR, Mr. Lo is terminated without cause or resigns for good reason, he is entitled to full acceleration of any unvested portion of his stock options, and severance payments at his final base salary rate for a period of one year after his termination or resignation. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding any statement to the contrary in any of our previous or future filings with the Securities and Exchange Commission, this report of the Audit Committee of our Board of Directors shall not be deemed filed with the Commission or soliciting material under the 1934 Act, and shall not be incorporated by reference into any such filings.

The Audit Committee, which currently consists of A. Timothy Godwin, Linwood A. Lacy, Jr. and George G. C. Parker, evaluates audit performance, manages relations with our independent auditors and evaluates policies and procedures relating to internal accounting functions and controls. Our Board of Directors first adopted a written charter for the Audit Committee in September 2000 and most recently amended it in February 2004, which details the responsibilities of the Audit Committee. This report relates to the activities undertaken by the Audit Committee in fulfilling such responsibilities.

The Audit Committee members are not professional auditors or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditors. The Audit Committee oversees NETGEAR's financial reporting process on behalf of our Board of Directors. NETGEAR's management has the primary responsibility for the financial statements and reporting process, including NETGEAR's systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2006. This review included a discussion of the quality and the acceptability of NETGEAR's financial reporting and controls, including the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with NETGEAR's independent auditors, who are responsible for expressing an opinion on the conformity of NETGEAR's audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of NETGEAR's financial reporting and such other matters required to be discussed with the Audit Committee under generally accepted auditing standards in the United States including Statement on Auditing Standards No. 61. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Statement No. 1. The Audit Committee discussed with the independent auditors such auditors' independence from management and NETGEAR, including the matters in such auditors' written disclosures required by Independence Standards Board Statement No. 1.

The Audit Committee further discussed with NETGEAR's independent auditors the overall scope and plans for their audits. The Audit Committee meets periodically with the independent auditors, with and without management present, to discuss the results of the independent auditors' examinations and evaluations of NETGEAR's internal controls, and the overall quality of NETGEAR's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors and our Board of Directors approved that the audited financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations be included in the Annual Report on Form 10-K for the year ended December 31, 2006, as filed with the Securities and Exchange Commission on March 1, 2007.

Respectfully submitted by:

THE AUDIT COMMITTEE

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the National Association of Securities Dealers, Inc. Executive officers, directors and greater than 10% stockholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms that we have received, or written representations from reporting persons, we believe that during 2005, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% stockholders were met, except Mr. Patrick C.S. Lo filed one Form 4 reporting one transaction late.

We have entered into certain compensation and severance arrangements which are described under Executive Compensation Potential Payments Upon Termination or Change in Control.
