ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS.

Effective July 31, 2003, National Auto Credit, Inc. ("NAC") consummated a Stock Purchase Agreement whereby NAC acquired all outstanding capital stock of The Campus Group, four affiliated companies providing satellite videoconferencing, multi-media production services and corporate meeting services, from Mr. Steven Campus and certain family trusts for an aggregate purchase price of \$15.5 million. The Campus Group, headquartered in Tuckahoe, New York, specializes in the full service design, creative development, production, post production editing and transmission, via broadcast satellite videoconferencing, webcasting and traditional on-site presentations, of corporate communication, education and training video and other services for use at corporate events.

In exchange for the acquisition of all of the outstanding capital stock of The Campus Group, NAC (i) paid \$2.8 million at closing from NAC's available cash balances, (ii) issued to Mr. Campus and certain family trusts promissory notes

Edgar Filing: NATIONAL AUTO CREDIT INC /DE - Form 8-K/A

of \$9.9 million, and (iii) issued to a family trust a convertible promissory note of \$2.8 million. Of the \$9.9 million in promissory notes issued by NAC, \$6.5 million of the promissory notes ("Base Notes") bear interest at 5% per annum and are repayable in quarterly installments according to a formula based upon the future cash flows realized from The Campus Group over a period not to exceed seven years. The remaining \$3.4 million in promissory notes ("Trailing Notes") issued by NAC bear interest at 5% per annum and are repayable in quarterly installments, commencing upon the retirement of the Base Notes, according to a formula based upon the future cash flows realized from The Campus Group over a period not to exceed three years subsequent to the retirement of the Base Notes. The \$2.8 million convertible promissory note (i) bears interest at 5% per annum, payable quarterly in cash or accumulating as principal at the election of NAC, (ii) requires principal payments commence upon the retirement of the \$9.9 million of promissory notes and is then repayable in quarterly installments according to a formula based upon the future cash flows realized from The Campus Group over a period not to exceed three years and (iii) is convertible at the option of the holder into shares of NAC common stock at a base conversion price of \$1.50 per share. The holder may not convert the convertible promissory note into NAC common stock prior to repayment of the promissory notes. The promissory notes are secured by the capital stock of the companies comprising The Campus Group.

As part of The Campus Group acquisition, Mr. Campus has agreed to serve as President of each of the four acquired companies with an initial term of three years which are automatically extended until such time as the promissory notes and convertible promissory note are retired. Mr. Campus, subject to certain limitations, will have control over day-to-day operations of the Campus Group. Under the terms of the employment agreement, Mr. Campus will be entitled to base compensation of \$100,000 per year and a performance bonus based upon the operating results of the acquired companies

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors
Campus Group Companies, Inc. and Affiliates
Tuckahoe, New York

We have audited the accompanying combined balance sheets of Campus Group Companies, Inc. and Affiliates (the "Companies") as of December 31, 2002 and 2001 and the related combined statements of operations and retained earnings, cash flows and stockholders' equity for the three years in the period ended January 31, 2002. These financial statements are the responsibility of the Companies' management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provided a reasonable basis for our opinion.

Edgar Filing: NATIONAL AUTO CREDIT INC /DE - Form 8-K/A

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Campus Group Companies, Inc. and Affiliates as of December 31, 2002 and 2001 and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2002 in conformity with generally accepted accounting principles generally accepted in the United States of America.

As discussed in Note 8 to the financial statements, on July 31, 2003, all of the Companies stock was acquired by National Auto Credit, Inc.

ORGANIZATION: The accompanying combined financial statements include the

accounts of Campus Group Companies, Inc. ("CGC") and its affiliates, Audience Response Systems, Inc., ("ARS") Interactive Communications Network, Inc ("ICN") and Multi Video Services, Inc. ("MVS") (collectively referred to as the "Companies"). The principal business activities of the Companies are the satellite videoconferencing, multi-media production services and corporate meeting services. The Companies' clients are located throughout the United States and Canada.

The Companies have elected to be treated as S Corporations for federal and state income tax purposes. Accordingly, there is no provision for federal income taxes as such earnings will flow through directly to the stockholders, and applicable state and local franchise taxes are payable at reduced rates. The Companies' principal offices are located in New York with supporting offices in Indiana and several other states.

PRINCIPLES OF COMBINATION: The Companies have been combined on the basis of common ownership by a sole stockholder and/or certain affiliated family trusts. All intercompany accounts and transactions have been eliminated in combination. While CGC, ARS, ICN and MVS may have different fiscal periods, for tax purposes, all financial statements have been combined on a calendar-year basis for the period ending December 31st.

ESTIMATES: The preparation of financial statements and the accompanying notes thereto, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the respective reporting periods. Actual results could differ from those estimates.

CASH EQUIVALENTS: All highly liquid investments, such as commercial paper and debt instruments with initial maturities of three months or less are considered to be cash equivalents. Cash equivalents are stated at cost, which approximates the market value.

NOTE 1 - PRINCIPAL BUSINESS ACTIVITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REVENUES: The Companies recognize income from video production and editing activities when the video is complete and delivered. The Companies recognize income from video conferencing and meeting planning and support services when the event is broadcasted or the meeting is held. The Companies do not have licensing or other arrangements that result in additional revenues following the delivery of the video, the broadcast of a conference or the conclusion of a meeting event. Costs accumulated in the production of the video, pre-broadcast and meeting planning services are deferred until the sale and delivery are complete. Deferred video production and pre-broadcast and meeting planning services costs are included in deferred production costs, a component of other current assets.

COST OF REVENUES: Cost of revenues consists of direct expenses specifically

Edgar Filing: NATIONAL AUTO CREDIT INC /DE - Form 8-K/A

associated with client service revenues. The cost of revenues includes direct salaries and benefits, purchased products or services for clients, support services, shipping and delivery costs.

ACCOUNTS RECEIVABLE: Accounts receivable are recorded at the invoiced amount and do not bear interest. The allowance for doubtful accounts is the Companies best estimate of the amount of probable credit losses in the Companies existing accounts receivable. The Companies determine the allowance based on analysis of historical bad debts, client concentrations, client credit-worthiness and current economic trends. The Companies review their allowance for doubtful accounts quarterly. Past-due balances over 90 days and specified other balances are reviewed individually for collectibility. All other balances are reviewed on an aggregate basis. Account balances are written off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. The Companies do not have any off-balance sheet credit exposure related to its clients.

PROPERTY AND EQUIPMENT: Property and equipment is stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range from three to five years for furniture and equipment. Leasehold improvements are amortized using the straight-line method over the shorter of the lease term or the estimated useful lives of the related improvements.

NOTE 1 - PRINCIPAL BUSINESS ACTIVITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NEW ACCOUNTING PRONCEMENTS: In July, 2002 the FASB issued SFAS 146, Accounting for Costs Associated with Exit or Disposal Activities. SFAS 146 requires companies to recognize costs associated with exit or disposal activities when they are incurred, rather than at the date of a commitment to an exit or disposal plan. Examples of costs covered by the standard included lease termination costs and certain employee severance costs that are associated with a restructuring, discontinued operation, plant closing, or other exit or disposal activity. Previous accounting guidance was provided by EITF Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring. SFAS 146 replaces Issue 94-3 and is required to be applied prospectively to exit or disposal activities initiated after December 2002. SFAS 146 was adopted by the Companies effective February 1, 2003. At the time of adoption, there was no material impact to the Companies financial statements.

In December 2002, the FASB issued SFAS No. 148, Accounting for Stock-Based Compensation--Transition and Disclosure. SFAS 148 provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS 148 requires prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on the reported results. The provisions of SFAS 148 are effective for financial statements for fiscal

years ending after December 15, 2002. SFAS 148 was adopted by the Companies effective February 1, 2003. At the time of adoption, there was no material impact to the Companies financial statements.

Effective July 31, 2003, National Auto Credit, Inc.
