Motorola, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Motorola, Inc. 401(k) Plan as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Motorola, Inc. 401(k) Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, Line 4(i), schedule of assets (held at end of year) as of December 31, 2006, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**MOTOROLA, INC. 401(k) PLAN**

Notes to Financial Statements

December 31, 2006 and 2005

**(1) Description of Plan**

The following description of the Motorola, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was formerly known as the Motorola, Inc. 401(k) Profit Sharing Plan, but was renamed effective January 1, 2005.

**(a) General**

The Plan is a defined contribution plan sponsored by Motorola, Inc. and certain subsidiaries (the Company) covering substantially all domestic employees. Employees become eligible to contribute to the Plan immediately upon employment. Participants are eligible to receive Company contributions to their account on the first of the month following their first (or a subsequent) employment anniversary, after they have completed an anniversary year in which they worked at least 1,000 hours.

Effective October 1, 2002, the Plan was amended to convert a portion of the Plan to a stock bonus plan and non-leveraged employee stock ownership plan (ESOP). The ESOP portion of the Plan is designed to invest primarily in shares of the Company's common stock. The ESOP portion of the Plan is participant directed, which satisfies diversification requirements. Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Trustee prior to the time that such rights are to be exercised. Dividends paid on the Company's common stock are allocated to the participants account and reinvested in Company common stock or paid directly to participants at the election of the participant. Pass-through dividends amounted to \$67,000 and \$62,000 in 2006 and 2005, respectively.

**(b) Contributions**

Participants may elect to contribute up to 30% of their pre-tax compensation, up to the annual deferral limit set by the Internal Revenue Code (IRC). The annual deferral limits as set by the IRC were \$15,000 and \$14,000 in 2006 and 2005, respectively. The plan also allows for participants age 50 and older to contribute additional tax-deferred contributions. These catch-up contributions are subject to IRS limits of \$5,000 in 2006 and \$4,000 in 2005. Beginning in 2007 the IRS will adjust the dollar amount in increments of \$500.

The Company makes matching contributions to participants equal to \$0.50 for each dollar of participant deferrals up to 6% of pre-tax compensation, not to exceed 3% of pre-tax compensation for the period. If during the Plan year the total matching contribution made on behalf of a participant does not equal the maximum amount of matching contribution required, and the participant satisfies certain specified requirements, the Company shall within 30 days after the Plan year-end, make a lump sum contribution to the participant's account equal to the difference between the required matching contribution and the amount actually made.

Effective January 1, 2005, the Company froze its defined benefit pension plan (Pension Plan). As a result of freezing the Pension Plan, new employees of the Company will not be eligible to participate in the Pension Plan, and will be designated as non-pension eligible. Non-pension eligible participants will receive a matching contribution equal to \$1.00 for each dollar of participant deferrals up to 3%,

**MOTOROLA, INC. 401(k) PLAN**

Notes to Financial Statements

December 31, 2006 and 2005

and \$0.50 for each dollar of participant deferrals between 3% and 5%. There is no change for pension-eligible participants.

**(c) Participant Accounts**

Each participant's account is credited with the participant's elective deferrals, and allocations of Company matching and profit sharing contributions, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**(d) Vesting**

Participants are fully vested in their elective deferrals and related earnings at all times. A participant will be 100% vested in employer contributions and earnings thereon after they have completed an anniversary year in which they worked at least 1,000 hours in a year. However, the participants become 100% vested in their account balances upon reaching normal retirement age, total and permanent disability, death, or Plan termination.

Participants who terminated employment prior to July 1, 2000, but chose to leave their account balances in the Plan are subject to forfeit the unvested portion of employer contributions upon the earlier of their withdrawal from the Plan, or the five year anniversary of their employment termination. Terminated employees who have left their account balances in the Plan and are rehired by the Plan Sponsor within five years are not subject to forfeiture of their unvested employer contributions. For the years ended December 31, 2006 and 2005, all forfeiture amounts of \$247,000 and \$83,000, respectively, were used to offset Company contributions.

The portion of employer contributions not vested upon termination of employment is forfeited and is used to offset Company contributions.

**(e) Benefits**

At the option of the participant, distributions from the Plan may be made in the form of: (a) a lump-sum distribution with the option of receiving shares of Motorola stock or cash, (b) annual distributions from the Plan (available only to retiring participants) or combinations thereof. Participants hired after January 1, 1996 may not elect the Annuity or Annual Distribution options. Partial distributions (with a minimum of \$5,000) are made available to participants, with no more than one distribution in any three-month period. Participants are not required to cash out their entire benefits at age 70 (although this requirement applies to beneficiaries). Additionally, in-service withdrawals are extended to participants who have attained age 59-1/2 for pretax, post-tax, and rollover contributions. Hardship withdrawal of rollover contributions is permitted. Participants who terminate employment with the Company for any reason, and have a vested account balance of \$1,000 or less will have their account balance distributed in the form of a lump-sum distribution.

Participants who have attained the age of 70-1/2 and who are an employee of the Company may withdraw all or any portion of his/her account subject to IRS minimum distribution requirements. A participant may not take more than one withdrawal in any six-month period, and the minimum withdrawal shall be \$200.

**MOTOROLA, INC. 401(k) PLAN**

Notes to Financial Statements

December 31, 2006 and 2005

Participants who are an employee of the Company and who have made a rollover transfer into the Plan may withdraw all or any portion of his/her rollover transfer amounts at any time. A participant may not take more than one withdrawal in any six-month period, and the minimum withdrawal shall be \$200.

**(f) Participant Loans**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less their highest outstanding loan balance in the last 12 months or 50% of their vested account balance. Loan transactions are treated as a transfer to/from the investment fund to the Participant Loan Fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable interest rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Interest rates are based on the prime rate (published in the Wall Street Journal) plus 0.5% unless the plan administrator determines the interest rate is not reasonable. Prior to July 16, 2003, interest rates included a 0.3% loan insurance fee. Loan interest rates ranged from 6.0% to 8.75% and 5.75% to 7.5% in 2006 and 2005, respectively. Principal and interest is paid ratably through payroll deductions. A \$50 processing fee is charged for loans.

**(g) Plan Termination**

Although the Company has not expressed any intent to do so, it may terminate the Plan at any time. It has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting. Certain prior year balances have been reclassified to conform to the current year's presentation.

**(b) Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**(c) Investment Valuation and Income Recognition**

Investments in common stock, corporate debt instruments and government securities are stated at fair value as determined by quoted market prices in an active market. Investments in common/collection trust funds are stated at the established fair values of the underlying assets of the funds, which have been determined based on unit values of the funds. Unit values are determined by the bank sponsoring such funds by dividing the funds' net assets at fair value by its units outstanding at the valuation dates. The fair value of the Plan's interest in the master trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Loans to participants are valued at cost.

**MOTOROLA, INC. 401(k) PLAN**

Notes to Financial Statements

December 31, 2006 and 2005

The resulting increase or decrease in investment values is recorded in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

**(d) Administrative and Other Expenses**

The expenses necessary to administer the Plan are paid out of Plan assets.

**(e) Payment of Benefits**

Benefits are recorded when paid.

**(3) Plan Amendments**

**(a) Amendment 2005 1**

The Company amended the Plan to comply with new legislation and regulations limiting automatic cash-out distributions, effective March 28, 2005. In the event a participant is terminated for any reason and the non-forfeitable amount credited to the participant's accounts as of the Valuation Date immediately preceding the date of distribution does not exceed \$1,000 (previously \$5,000) the amount will be distributed in a lump sum to the terminated employee.

**(b) Amendment 2006 1**

The Company amended the Plan to Comply with the Gulf Opportunity Zone Act of 2005 (GOZA), effective January 1, 2005. Eligible participants may take and repay Qualified Hurricane Distributions as defined in GOZA, and may take loans up to the limits and according to the terms set forth in GOZA.

**(4) Party-in-Interest**

Plan investments are managed by Northern Trust. Northern Trust is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Investments in Motorola, Inc. common stock represented approximately 10% and 14% of plan net assets at December 31, 2006 and 2005, respectively.

The Master Trusts enter into securities lending transactions with broker/dealers for which fees are paid to the Master Trusts. The securities are required to be 100% collateralized by cash, U.S. Government securities, or irrevocable bank letters of credit. Fees earned on securities lending activity are included in interest income. Either party may terminate the lending agreement at anytime and the collateral shall be used for any failure to deliver borrowed securities.

**(7) Federal Income Taxes**

The Plan has received a favorable determination letter dated November 21, 2002 from the Internal Revenue Service regarding the Plan's Federal income tax status. The Plan qualifies under the provisions of Section 401(a) of the Internal Revenue Code (IRC) of 1986, as amended. The trust is exempt from Federal income taxes pursuant to the provisions of Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
